

City Commission Calls \$845,000 Bond Election for Public Utilities

TEN THOUSAND INSURGENTS NOW PLAN MARCH ON MEXICAN CAPITAL ADVANCING FROM TWO DIRECTIONS

INSURGENT TROOPS HAVE LEFT VERA CRUZ THREATEN JUAREZ

President Obregon Accompanied By His Staff Leaves Mexican Capital To Review Troops

(By The Associated Press) VERA CRUZ, Dec. 10.—Insurgent troops have left Vera Cruz under orders for an advance toward Mexico City. At various points along the inter-oceanic railway they will be joined by other contingents and united forces will then proceed toward the capital advancing in two directions. It is estimated about ten thousand troops are available for this movement.

Juarez Threatened.
CHIHUAHUA CITY, Dec. 10.—Military authorities have ordered patrols throughout northern end of the state to investigate the report that General Nicolas Rodriguez has crossed the Rio Grande with a body of men and was threatening Juarez. He is old revolutionary character and was last heard from in El Paso where he was arrested charged with violating neutrality laws.

President Leaves Capital.
MEXICO CITY, Dec. 10.—President Obregon, accompanied by his staff left Mexico City Sunday night for purpose of reviewing division of troops with which general Amaro is preparing to advance upon rebels in Jalisco. This was officially announced at the Castle.

Allow Members Leave.
MEXICO CITY, Dec. 10.—Pursuant to the policy of permitting its opponents to show their hands the Obregon government, it was announced Sunday night is allowing members of the chamber of deputies and political leaders favorable to the presidential candidacy of Adolfo De La Huerta to leave Mexico City. Notwithstanding the departure of some members it is stated that a senate majority is still complete thus permitting the continuance of consideration of the United States and Mexican claims conventions.

BOARD CONTINUES RATE SUSPENSION

Interstate Commerce Commission Will Look Further Into the Matter According to Advice Received Here

Word has been received in Sanford that the suspension of the special rates and charges of shipments of fruits and vegetables under refrigeration, has been continued by the Interstate Commerce Commission pending a further investigation into the matter.

As a result of a hearing at Orlando in August growers and shippers testimony by a member of the commission, a decision was given out that the increase in rates would not be effective until December 8. The latest report now is that the rates are to be further suspended until January 7.

The joint rate and charge increase amounted to approximately \$16 more on the car, according to W. A. Leffler, manager of Chase & Co. This rate and charge is deemed unreasonable by the growers and shippers, Mr. Leffler said, and it is hoped that the Interstate Commerce Commission will see fit to declare the increase suspended indefinitely.

Watch for Your Name

If it appears on the want ad page of The Herald today, you will receive two free tickets to the performance at The Mifane Theatre tonight. You may be the lucky one. Read thoroughly the little want ads.

Three Greatest Needs of Sanford

- BY DR. J. F. DENTON.

 2. Health talks from our doctors once a month in our public schools.
 3. Walking clubs for old and young daily from 8 to 10 p. m.

SANFORD VISITORS HAVE THRILLS IN A BURNING VESSEL

Trio Escape From Davy Jones' Locker After Thrills Which Rival Three Men in a Boat

R. S. Ward, of the General Leather Company and owner of the yacht, South Wind III, Fred G. Stone, deputy commissioner of Newark's department of streets and Jesse R. Salmon, chairman of the Republican committee of Essex county, N. J., arrived in Sanford on the Osceola Sunday.

They were met at the boat by Mrs. J. B. Calder who drove them in her car around the city. After a trip to Orlando the party took the 5 o'clock boat to Jacksonville at the DeLand landing.

An interesting account of some of the experiences of this party is found in the Times-Union as follows:

"It was on the night of November 13 that their good ship South Wind III, headed for Florida and within two miles of being outside the 12 mile limit, off Pamlico Sound N. C., began backing. Some gasoline said to have been carelessly left by the captain, who has since been discharged, was ignited and the stern of the 72-foot vessel was in flames before anyone knew it.

Engines Damaged.
The explosion, however, aroused all on board and the fire was finally subdued, but not until the last chemical gun had been used on it. The engines having been damaged refused to turn and the yacht was at the mercy of the waves for 24 hours. Distress signals were hoisted in vain. Fortunately, the heroic efforts were at last rewarded and one of the engines was persuaded to limp along, and under its power the yacht managed to make the port of Beaufort, N. C.

At this point the South Wind III was taken in tow and brought to Jacksonville, where she is at the shipyards of the Gibbs Gas Engine Company for a set of new engines."

Stone refused to discuss the report of his dismissal from office since his departure from Newark, although he admitted he had been advised of such action.

The visitors expect to continue south as soon as their yacht is ready and will spend the winter in Florida.

Former Governor Walton Appeals To Supreme Court

(By The Associated Press) WASHINGTON, Dec. 10.—Appeal of former Governor Walton of Oklahoma from dismissal of his injunction suit to prevent Oklahoma house of representatives from proceeding with his impeachment case was filed today in Supreme Court. It is uncertain when the case will be reached.

Shoots His Wife and Daughter Then Himself

(By The Associated Press) DALLAS, Texas, Dec. 10.—Peyton Pierce shot and killed his wife and his 13-year-old daughter and probably fatally shot himself at family home. Officers said that Pierce brought girl from home at 9 o'clock, led her to mother's bedroom, where he locked doors and fired fatal shot. He is not expected to live.

Premier Baldwin Not To Resign His Office

(By The Associated Press) LONDON, Dec. 10.—Prime Minister Baldwin conferred with the King today. Following the conference central news said he did not tender his resignation and that he would inform cabinet tomorrow that he was prepared to retain the reins of government until parliament meets next month.

NICKELS TAKEN TO THE BARTOW JAIL

Sheriff Takes Automatic Revolver Away From Prisoner—Precautionary Measures Ordered By Officials

More developments in the case of Aubrey Lee Nickels who has been granted a rehearing by the supreme court despite the fact that a warrant for his execution had already been issued by Governor Hardee, were disclosed today by George A. DeCottes, state's attorney, who prosecuted Nickels in his first trial at DeLand more than a year ago.

The latest developments as given out today by Mr. DeCottes are to the effect that the sheriff of Volusia county acting upon advice to take extreme means of precaution for safeguarding Nickels had him removed early Saturday morning from the Volusia county jail and carried to Bartow where he was lodged in the Polk county jail.

In company with Deputy Sheriffs, Ed. Stone and M. L. Carlton, Nickels was carried in an automobile to the Polk county jail. Taking further precautions to keep Nickels from making his getaway on this trip, the deputies compelled him to sit between them on the front seat securely handcuffed.

When the party arrived in Bartow, Sheriff Logan, before he took the prisoner in charge, searched Nickels and found in his right hand coat pocket a loaded .32 calibre revolver. When asked where he obtained the gun and who gave it to him, Nickels is said to have refused to disclose the identity of the person but added that he obtained it in Jacksonville.

Nickels, it is further said, begged the officers not to let the matter get into the papers because it would hurt his case, which is now being reconsidered by the Supreme Court.

Mr. DeCottes said today that entirely too much sentiment had been raised in behalf of Nickels when the true facts of the case have gone unpublished. He stated that Nickels' crime was one of worst ever committed in this state and that he should be made to pay the extreme penalty.

Amnesty Is Promised War-Time Violators

(By The Associated Press) WASHINGTON, Dec. 10.—Representative Berger, socialist, Wisconsin, after a conference today with President Coolidge said that he had reasons to believe that all of 32 imprisoned violators of war time laws would be granted amnesty before Christmas by pyresident.

President Nominates Hall For Postmaster

(By The Associated Press) WASHINGTON, Dec. 10.—The name of Joseph P. Hall was Monday submitted by President Coolidge to Congress for postmaster at Sanford and Harrison W. Lowe for Daytona.

Four Investigations Into Cause of Wreck

(By The Associated Press) FORSYTH, N. Y., Dec. 10.—Investigations were launched today into wreck near here yesterday of New York Central Twentieth Century Limited when nine persons were killed and number of passengers injured, five seriously, attending physicians said no change in conditions of seriously hurt.

CATCHES LARGEST BASS

Victor Check is the proud owner of a solid silver Jamaica Bay sea fishing rod which was given him by a sporting goods store at New Smyrna for catching the largest bass there this season. Mr. Check states that the bass was caught with artificial bait.

ALLOWS CAMERAMEN ENTER VATICAN

His Holiness Pope Pius XI does not seem to have aged any since his election to the high office. After many months of negotiations, cameramen are allowed to enter the holy palace and take pictures.

JENNINGS WILL ASK MARTIN TO DEBATE ISSUES

ORGANIZE "JENNINGS FOR GOVERNOR" CLUBS
LAW ENFORCEMENT

Is Big Issue Declare Friends of Jennings—Spirited Meeting Held in Jacksonville—Would Have Debate With Martin

JACKSONVILLE, Fla., Dec. 10.—(Special)—Challenge to joint debate on the issues and records involved in the race for governor will be shortly issued to John W. Martin by Frank E. Jennings, the latter announced Saturday night at a conference of his supporters held in the civic luncheon room of the Seminole Hotel, at which there was formed a "Jennings for Governor Club."

Statement of his purpose was made by Mr. Jennings, as the climax of a spirited talk in which he outlined the present situation in Florida politics as he sees it. Mr. Jennings also said he would meet on the stump any other aspirant for the office of governor whose candidacy may become of serious proportions but that the race is now absolutely between himself and ex-mayor Martin, of this city.

The meeting at which Mr. Jennings expressed his intention to pursue vigorous tactics in the future conduct of his campaign was an enthusiastic one, attended by about fifty representative citizens, mostly from Jacksonville and Duval county. Col. Walter P. Corbett called the gathering to order and explained that it was the result of invitations extended to some of their personal friends by gentlemen active in behalf of Mr. Jennings, for a conference to consider ways and means to advance his candidacy.

Frank C. Groover was chosen as chairman of the meeting and Capt. Harvey R. Payne was elected secretary. Brief addresses were made by Col. Corbett, Mr. Groover, Capt. Payne, A. W. Cockrell Jr. Arthur T. Williams, Sr., Edgar W. Waybright, Jefferson Thomas, and others, of this city. Each of these speakers expressed great confidence in the ability of Mr. Jennings to carry Duval county and urged immediate organization to bring out the underlying strength of his candidacy in and around Jacksonville.

BUDGET PROVIDES A BIG REDUCTION COST GOVERNMENT

Annual Report is Made To Congress Today—Estimates Made on Basis of Existing Revenue Laws

(By The Associated Press) WASHINGTON, Dec. 10.—A reduction of \$275,000,000 in the operating expenses of the federal government during the next fiscal year is proposed in the annual budget transmitted to Congress today by President Coolidge. Total expenditures are estimated at \$3,298,080,444 and receipts leaving a surplus of \$395,681,634.

These estimates are on the basis of existing revenue laws, however, and should Congress reduce taxes by the more than \$300,000,000 recommended by the administration much of the projected balance would be wiped out.

Appropriations requested for the year beginning next July 1 aggregate \$3,018,000,016, or \$280,365,022 less than those for the current fiscal year. President Coolidge said this reduction was in response to Executive instructions in the preparation of estimates by the various departments and federal agencies.

"This was essential to a continuation of the policy of strict and drastic economy," he said. "That is the administration's undebatable policy. It has been adhered to unwaveringly in the past and we shall hew to the line in the future."

The cost of national defense next year is placed at \$544,531,238, a reduction of \$35,000,000, as compared with this year. Military pensions, retirement pay, World War allowances and the like will take \$656,300,606 out of the Treasury as against \$703,111,578 this year.

Fixed charges on account of the public debt are placed at \$1,372,277,975, which includes \$890,000,000 of interest and \$482,277,975 for retirement of securities. The interest payment shows a reduction of \$50,000,000 as compared with that for the current year.

Of the total of \$311,000,000 of expenditures by the Navy Department, \$35,000,000 is proposed for ship construction, \$15,000,000 for the air service and \$1,000,000 for the scrapping of naval vessels. The largest single item is the pay of the navy, \$118,000,000.

Out of the War Department total of \$314,000,000, \$12,735,000 is proposed for the air service; \$28,000,000 for the National Guard and \$3,800,000 for the National Guard and \$3,800,000. Continued on page 8.

VOTERS WILL DECIDE ISSUE ON JANUARY 11; MEANS MUNICIPAL OWNERSHIP PUBLIC UTILITIES

METHODISTS CLOSE CONFERENCE WITH MONDAY'S MEETING

Assignments Scheduled For Monday Meetings of Southern Methodist-ism Ever Held in State.

BRADENTOWN, Dec. 10.—The Florida Methodist Conference closes Monday after one of the greatest conferences ever held in the history of Southern Methodism.

Saturday and Sunday's meeting were taken up with various reports. With blackboard reports of all districts of the Florida conference having been completed, and with the presiding elders of the conference making a report of the evangelist progress in each district, evidence is now in the hands of the delegates of the Florida annual conference showing the greatest growth in the history of the church in this state.

Thirty-five revivals have been carried on by district evangelists. In what is known as mission territory of the conference, and the response of these meetings, shows 704 people added to the church on profession of faith. And during the twelve-month period, twelve new churches have been organized in the several districts.

Throughout the entire conference, including both the organized and unorganized church territory, 3,789 members have been added to the church on profession of faith. This is an increase of 560 over the year 1922. More members have been received into the membership of the Florida conference by church letters, being moved from other states, than have been added on profession of faith. It is pointed out by conference members that the new membership of the Florida conference is enough to build a city with a population larger than that of Bradentown, the entertaining city of the present conference.

The addition in membership means that the official roll of the conference will be enlarged another year by twenty-five or thirty and, that if the same ratio is maintained, it will be but a few years before the official conference delegation will be twice its present size. Bishop Ainsworth is emphatic that the growth of the Methodist church in Florida is beyond measurement.

FIRST WELL HAS BEEN COMPLETED BY SANFORD FIRM

Has Depth of 160 Feet And Flow With 85-Pound Pressure—Others To Be Completed Soon

The first of five wells to be drilled by the city as a special precaution against fire, was completed Saturday by Mahoney-Walker. The wells which is located at Third street and Sanford avenue, is about 160 feet and has a 6-inch case 80 feet deep.

The flow of water obtained has a pressure of approximately 85 pounds, City Manager Williams said today. Another well will be located at Second and Elm streets and the three others will be placed at various intervals throughout the fire district. The locations of the wells have not been definitely determined as yet, it is said, but will be within a few days.

Mahoney-Walker will have another well drilled at work by tomorrow Mr. Williams said, and the remaining four wells are expected to be finished in a few days. The contract between the city and the firm calls for a charge of \$2 per foot for drilling and \$1.30 per foot for the casing.

CALL FOR ELECTION BE PUBLISHED WEDNESDAY

Sentiment Overwhelming in Favor of Issue—To Build New Water Works and Acquire Gas and Electric Plants

The City Commission at its meeting Monday afternoon voted to hold an election on January 11 for the purpose of deciding upon a bond issue of \$845,000 for the construction of new water, light and gas plants for Sanford.

According to law it is said, each one of the projects has to be voted upon separately. The ordinance drawn up by George A. DeCottes, city attorney, which the Commission passed upon favorably, apportions the issue as follows: Water works plant \$375,000; electric light plant \$310,000 and gas plant, \$160,000.

The proposed bond issue was passed upon favorably at a mass meeting of citizens called last Monday night by the City-Commission for the purpose of ascertaining how the voters felt in regard to the purchase of the utility plants. It was the unanimous decision of the meeting that immediate steps should be taken by the City Commission to obtain these plants.

In approving the bond issue as provided by the ordinances drawn and which will be published on Wednesday, the City Commission has now left the matter for a final decision by the citizens. The election will be held on January 11 and should it pass, the bonds will then be disposed of as soon as possible and negotiations for the building of the plants will begin at once.

The recent fire which destroyed the entire plant of the Holy Cross Episcopal Church and residence of Mr. Beck demonstrated the inability of the present water system to afford necessary fire protection for the city.

The sentiment of the people of Sanford, as expressed at the mass meeting held last Monday night, favors the building of a new water works system, it being contended that the present plant owned by the Southern Utilities is of little value to the city.

SLIGHT EASING UP ORANGE SHIPMENTS

General Manager of Florida Citrus Exchange States Little Change in Shipments During Week

"Though there was a slight easing up in orange shipments the past week, there was practically no other change in either the orange or grapefruit marketing situation," says George A. Scott, general sales manager of the Florida Citrus Exchange in his weekly market review.

"It is evident that the accumulated stocks on hand in all markets," says Mr. Scott, "is more than equal to the demand. Prices on both oranges and grapefruit in Southern sections are still in the buyers' favor to such an extent that they are practically in control of the situation. This situation will probably continue just so long as the buyers are able to have a multitude of conflicting quotations presented to them daily. Northern markets are not showing absorbing ability that would be expected with the present low prices. This condition indicates that the dealers are evidently accumulating stocks."

"Practically all auction markets reported a weaker feeling at the close of the week. Far western cities report lack of buying power, owing to continued heavy shipments on commission, which further reflects on a most lamentable condition. Tangerine shipments are materially increasing and if continued must inevitably result in a lower market."

Orlando—Contract let for construction of new Methodist Sunday School building.

Vero—\$15,238 contract let for construction of new court house.

PROCEEDINGS OF THE SEMINOLE COUNTY COMMISSIONERS

Honorable Board of County Commissioners in and for Seminole County Florida met in regular session at 10 o'clock A. M. Present: Chairman, John Meisch, and Commissioners: G. L. Bledsoe, C. W. Entzinger, B. F. Wheeler, and E. Curlett, with V. E. Douglas, Deputy Clerk and C. M. Wood, Sheriff, in attendance.

Minutes of the last regular meeting were read and approved.

Motion of Com. G. L. Bledsoe, 2nd by Com. C. W. Entzinger the following Resolution was duly adopted: BE IT RESOLVED, That authority is hereby given, granted and conveyed unto the Seaboard Air Line Company, a corporation and its successors and assigns, to build, construct, maintain, operate and conduct a railroad along, through and upon that portion of certain public highways of Seminole County, Florida, more particularly described as follows:

The East 50 feet of Elm Street from the South line of the Northwest Quarter of the Northeast Quarter of Section 11, Township 21 South, Range 31 East, North one and three-quarters miles to the center of Section 55, Township 20 South, Range 31 East.

Be It Further Resolved, That the property rights and privileges hereinbefore granted and conveyed unto the Seaboard Air Line Railway Company and its successors and assigns, shall constitute a franchise in perpetuity for building, constructing, maintaining, operating and conducting said railroad over, along and upon the right of way aforesaid, and

Be It Further Resolved, That the tracks to be laid over, along and upon said right of way by the Seaboard Air Line Railway Company, its successors and assigns, shall be laid with rail suitable for the operation of said railroad in such manner as not to impair the usefulness of said highway for the passage of vehicles, and said rail shall be laid so as to conform to the established grade of that portion of the public highways of Seminole County, Florida, hereinbefore granted unto the said Seaboard Air Line Railway Company, its successors and assigns, as a right of way as same now exists, and

Be It Further Resolved, That the Seaboard Air Line Railway Company, its successors and assigns, in consideration of the franchise and privileges hereby granted, shall at all times make and keep in good repair the highway, crossings, ditches, bridges and culverts wherever same shall cross said right of way hereinbefore granted, and upon failure to do, the same shall be placed in proper condition by the County of Seminole, and the cost and expense thereof shall be paid by the Seaboard Air Line Railway Company, its successors and assigns, and

Be It Further Resolved, That the franchise above granted shall take effect from and after the date of the signing of a contract between the said Seaboard Air Line Railway Company, its successors or assigns, and the County of Seminole, based upon and in accordance with the provisions of this resolution above set out, the said Seaboard Air Line Railway Company, its successors or assigns, being hereby required to signify the acceptance or rejection of the franchise hereinbefore granted within thirty days from the date hereof, and to agree to hold the County of Seminole harmless from any and all damages that may accrue to any abutting property owners by reason of the use and occupation of that portion of the public highway of Seminole County, Florida, hereinbefore granted unto it, and if accepted, shall begin the construction of the said railroad within two months from the date hereof and shall complete the construction of said railroad over and upon said right of way as rapidly as possible.

Be It Further Resolved, That, subject to the conditions hereinafter set forth, authority is hereby given, granted and conveyed unto the Seaboard Air Line Railway Company, a corporation, its successors and assigns, to build, construct, maintain, operate and conduct a railroad along, through and upon that portion of certain public highways of Seminole County, Florida, more particularly described as follows:

The East 50 feet of Kelem Street from the center of Section 35, Township 20 South, Range 31 East, North one mile to the center of Section 26, same township, same range and also the South 50 feet of Palm Avenue from the center of Section 36, Township 20 South, Range 31 East, East one mile to the center of Section 25, same township, same range and also

The West 30 feet of Stone Street from the center of Section 25, Township 20 South, Range 31 East, South one and one-half miles to the South line of Section 36 Township 20 South, Range 31 East.

Be It Further Resolved, That the property rights and privileges last hereinbefore granted and conveyed

unto the Seaboard Air Line Railway Company and its successors and assigns, shall constitute a franchise in perpetuity for building, constructing, maintaining, operating and conducting said railroad over, along and upon the right of way aforesaid, and

Be It Further Resolved, That the tracks to be laid over, along and upon said right of way by the Seaboard Air Line Railway Company, its successors and assigns, shall be laid with rail suitable for the operation of said railroad in such manner as not to impair the usefulness of said highway for the passage of vehicles, and said rail shall be laid so as to conform to the established grade for that portion of highways of Seminole County, Florida, last hereinbefore granted unto the said Seaboard Air Line Railway Company, its successors and assigns, as a right of way as same now exists, and

Be It Further Resolved, That the franchise last herein granted shall take effect from and after the date of the signing of a contract between the said Seaboard Air Line Railway Company, its successors or assigns, and the County of Seminole based upon and in accordance with the provisions of this resolution applicable thereto, and should said Seaboard Air Line Railway Company, its successors and assigns, fail within thirty days after the date hereof to signify the acceptance or rejection of the franchise last hereinabove granted, and fail within such time to agree to hold the County of Seminole harmless from any and all damages that may accrue to any abutting property owners by reason of the use and occupation of those portions of the public highways of Seminole County, Florida last hereinabove granted to it, then, in all or either of such events, the County of Seminole shall have the right, at its option, to cancel and annul the franchise last hereinabove granted. It is a further condition of the franchise last herein granted that said Railway Company, its successors or assigns, shall have the right, at its or their option, to construct, maintain operate and conduct said railroad in sections of such lengths as may from time to time be advisable, and as rapidly as the development of the territory may justify the construction of any such section or sections.

Passed and adopted this 4th day of December A. D. 1923. Motion of Com. G. L. Bledsoe, 2nd by Com. C. W. Entzinger and carried, Chairman John Meisch, is hereby authorized to sign a contract with the Seaboard Air Line Railway Company, as provided in the above resolution, on behalf of Seminole County.

Mr. Inez Meredith, appeared before the Board in reference to work on the new road as laid out from Forest City to Palm Springs, and the matter was referred to Com. C. W. Entzinger.

Mr. H. C. DuBose, appeared before the Board, in behalf of Mr. W. F. Geiger, and on motion of Com. G. L. Bledsoe, 2nd by Com. B. F. Wheeler, and carried, the Clerk of this Board is instructed to draw warrant in the sum of \$25,000 to Miss Virginia Smith for Mrs. Geiger, and Mrs. DuBose is requested to take the matter up with Mrs. Geiger's brothers.

Mr. Forrest Lake, et al., appeared before the Board in reference to work on the Osceola Road and presented petition signed by a number of people in that district.

Mr. E. H. Kilbee, Mrs. Raulefson, et al., appeared before the Board in reference to travel over the Titusville Ferry, and requested that this Board place a toll of 50c on this ferry, proceeds from same to be used on the road.

On motion of Com. C. W. Entzinger, 2nd by Com. B. F. Wheeler, and carried, Com. E. Curlett is hereby instructed to have a toll of 50c placed on the Titusville Ferry, same to begin on Wednesday, December 6th, 1923, and the proceeds from said toll are to be turned into the County Treasury, same to be used for the maintenance of the road on a 50-50 basis with Volusia County and also that a resolution heretofore adopted in reference to this ferry, be and the same is rescinded.

Motion of Com. C. W. Entzinger, 2nd by Com. E. Curlett, and carried, the Clerk of this Board is instructed to advertise for bids for the placing of 8 inches of marl on the Osceola road, for a distance of approximately 1.82 miles. bids to be received at the next regular meeting of this board. Notary Public Bonds of Virgil L.

Smith, R. G. Phillips, and Tunis P. Lewis, were approved by the Board. Mr. R. R. Roberts, appeared before the Board in reference to a road from his place out to the main road, matter was referred to Com. E. Curlett.

The following Banks in Seminole County, Florida, having filed their applications asking to be designated as County Depositories for Seminole County, for the year beginning January 1st, 1924, and ending December 31st, 1924, and on motion of Com. C. W. Entzinger and by Com. G. L. Bledsoe, and carried, the following named banks are hereby designated as County Depositories for Seminole County for the year 1924, subject to their qualifying as required by law: Seminole County Bank of Sanford; First National Bank of Sanford, Peoples Bank of Sanford, and Bank of Oviedo, Oviedo, Fla.

CHANGE OF LIFE Florida Lady Was in a Miserable Condition, But Says She Found Cardui Helpful, and Got Well. Altha, Fla.—In explaining how she found Cardui so helpful during change of life, Mrs. Ella M. Bailey, of Route 2, this place, said: "I became so weakened it was an effort for me to get around. I knew what was the matter, but I felt like I couldn't give up. "I just dragged, and I certainly was nervous. I was so restless I could not sit down long—yet so weak I couldn't get about. It is a most miserable and such a helpless feeling. "I would get depressed and out of heart. "I began to feel, after awhile, there was no use to try to get well. This is all wrong, for it makes a person worse. "I had heard of Cardui, and thought it might strengthen me. A neighbor had used it with good results. "I took one bottle (of Cardui), then I saw I wasn't so nervous, so kept it up. "Gradually the nervousness left me. I began to eat and sleep better. Was soon well, and all right. Cardui did wonders for me, and I certainly do recommend it." Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others. Sold everywhere. Try it. NC-146

BIBLE THOUGHT FOR TODAY

Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven.—Matthew 7:21.

Sing me, O singer, a song of life! Cried an eager youth, to me: And I sang of a life without alloy, Beyond our years—till the heart of the boy Caught the golden beauty, and love and joy Of the great eternity.

—Edward Rowland Sill.

Sanford, welcome tourists!

The best way to get them to stop is to show them they are wanted.

One way to avoid the income tax is to neglect your advertising budget.

Thomas L. Masson says that New York has a heart of reinforced concrete.

Now that the football season is over, students have nothing to do until Christmas vacation.

Football teams are not alone among the classics. The annual fricas in Mexico is just as traditional as the Army-Navy game.

The only reason some fellows play mah jong is because they can say 'ehou' without being reproved by the older sister.

Grantland Rice says that in golf the most difficult shot is the fourth putt. It is fortunate we don't have to play out of the cup.

Premier Stanley Baldwin says that the prosperity and peace of the world depends in no small extent on the steady growth of Anglo-American sentiment.

"The coming twelve months certainly look like a Coolidge year" says the New York Tribune. It seems to have overlooked the Democratic party.

The Sanford Herald says every day hundreds of tourists "pass through" Sanford. That's not encouraging news. Do something so they shall not pass.—Key, West Citizen.

Now that the news cycle has moved around to Grover Cleveland Bergdoll and Mexican revolutions it probably will not be long before Harry K. Thaw is in the limelight again.

This is the time of year that sport pages are covered with All-State eleven, explanations and apologies. It is probable that no All-State eleven could be picked which could not be trimmed by some other All-State eleven.

Outsiders are watching Sanford. They know that the possibilities here are unexcelled in any other city in Florida. It will only be a matter of time until capitalists will be flocking to Sanford looking for investments.

Walk down First Street and look in the store windows, observing carefully the red and green color schemes and the thousand and one odds and ends which would make such acceptable gifts, if you don't believe Christmas is coming.

Sanford is talking about the need of modern apartment houses. That sounds stified and perhaps things have really come to the point in the Celery City where space is too valuable for every family to have a separate house.—Times-Union.

Prompt service makes friends. Many merchants have built up large businesses by having clerks who make it a point to wait on the customers promptly. There is nothing that is more disgusting to a purchaser than to enter a store and after standing around for several minutes fail to be waited on due to lack of interest of the clerks.

Judge Warlow Says Something

That much of the present-day lawlessness is due to bribery of officials by bootleggers and smugglers, is the astonishing information given to the Kiwanis Club at Orlando Friday by Judge T. P. Warlow, who spoke before that body on the subject of law enforcement.

Judge Warlow added that "Every man who purchases imported whiskey makes himself an accessory to crime." No doubt there were members present at the luncheon who did not agree with all of the Judge's remarks but it was evident, from press reports, that most of them not only believed these statements but that they are ready and willing to lend support as law-abiding citizens to the better observance and enforcement of the law.

Every law abiding citizen of Florida will rejoice in the fact that the state has such men as Judge Warlow, who evidently is not afraid to "speak up in meeting" and tell some things that are not at all pleasing to the lawless element.

The judge in his address also said: Orange county has always had a good reputation for obedience to law and authority, and compared with pre-Volstead days, when terms of criminal court were completed in three or four days, one to two weeks is consumed now and liquor law violations are on the increase.

For every bottle of whiskey that is bought, a large proportion of the purchase price is used for bribery of officers, national, state, county and city, and as a result, the activities of the officers are lessened, and bootlegging made less dangerous for all concerned. But the evil does not end here, it is far reaching in effect and in some instances, has reached the courts.

Last week The Herald published an editorial "Upholding Respect for the Law" in which the Manufacturers Record was quoted as urging the commercial clubs of the country to make it a requisite of membership for applicants to pledge themselves not only to observe the laws of the land but to do their best to see that the officers do their duty.

More citizens like Judge Warlow who are not afraid to tell the plain unvarnished truth about things are needed.

Thrift As An Advertising Result

One out of every four persons in the United States has a savings account, which is best evidence of the fact that advertising brings big results.

In 1912 only one out of every eight persons had a savings account. Bankers and far-sighted business men got together and during the past ten years have waged a campaign of thrift education. This advertising was written and distributed in an effort to show the people that the basis of real prosperity and happiness is thrift.

S. W. Straus, president of the American Thrift Society says: In round numbers there are thirty million savings bank depositors in the United States today whose deposits amount to more than \$17,000,000,000. Ten years ago the savings accounts in banks and trust companies numbered 12,000,000 and amounted to \$8,000,000,000.

Perhaps the most significant feature of these figures, compiled by the savings bank division of the American Bankers Association, is the increase of 141 percent in the number of savings accounts.

They mean that in 1912 one out of every eight persons in the United States, so to speak, was the possessor of a savings bank account. Today one person out of four has money in a savings bank.

Thus we are able to see in concrete form some of the values of the campaign of thrift education that have been in operation in this country during the last 10 years or more.

Among children the progress has been even more rapid. Ten years ago the schools' savings bank of the country were practically a negligible quantity. Today 2,000,000 school children have school savings bank deposits of \$10,000,000.

These accomplishments cannot be valued intrinsically. The \$10,000,000 saved by school children in pennies, nickels and dimes must be appraised from the standpoint of future generations turned to thrift; of splendid citizenship, clean lives, happy homes and a sound social order.

It is gratifying to note the progress of savings in this country. There is still much to be accomplished. Substantially there are 50,000,000 people in the United States today who are not savings bank depositors, but who could be if they were so educated and inspired.

America is in the midst of great prosperity and the outlook is promising. The writer recently returned from abroad where he saw many evidences of unemployment, unrest and unwholesome economic conditions. If the people of the United States could only see Europe today they would appreciate more deeply than is now the case how fortunate they are. Perhaps it would serve as a lesson to teach them how diligently they should save their money and safeguard their future by constant practices of thrift.

Sanford people who get ahead are the people who save. It makes little difference how much one makes if he spends it all. The amount saved each week from the pay envelope is what counts.

Every person who neglects to open a savings account is passing up one of his best opportunities. A few years ago there was a slogan "Thrift will win the war." Today the slogan may well be adopted, "Thrift will bring prosperity." It has brought prosperity for millions. Let it bring prosperity to you.

I HOPE to find my country in the right; however, I will stand by her, right or wrong.—J. J. Crittenden.

My Favorite Stories

By Irvin S. Cobb

An American tourist, while on a fishing trip in Glengary county, Ontario, happened upon a decrepit spinning wheel in the home of a venerable Scot. Priding himself upon being somewhat of an antiquary, the American fancied the wheel and asked the owner to name his price. The old man slowly filled and lighted his pipe while the visitor waited expectantly.

"I'm thinkin'," said the Scot at length, "that you no ken you auld bit o' junkie is verra dear tae men. My gran'mither, when she was but a lassie in Dumfermline, wur-ried her bonny fingers nigh tae th' bone tae buy it an' when she lay deirin' she said ne her eldest dochter, ma mither: 'Kirsty, I wudna thocht ye shud ever part w' it.'"

The tourist, quickly contrite apologized. "I'm no blamin' ye," went on the Glengarran. "It's not for a stranger tae know that every night I have sat an' smoked me auld pipe w' ma eyes on th' wheel, thinkin' o' ma mither bendin' over it at wur-ck, an' her nither before her, till I can see th' heather an' th' hills like when I was a laddie in Dumfermline. Th' auld wheel is as a pairt o' mysel', an' tae let it go wad be like tearin' my heart out."

"I repeat that I am very, very sorry," said the thoroughly repentant Yankee. "Had I known of these sacred associations I would never have made the offer."

"Ah, weel, let it pass," said the old man with a sigh, "but after what I've been tellin' ye can see I wudna be justified in lettin' it go for less than six dollars an' a half."

Taunting the farmers in the western section of Kansas about the scarcity of water on their land has been commonly practiced for years. A party of autoists was passing through this section of the country bound for the Pacific coast. One of the drivers, in need of replenishment for his radiator, stopped a farmer along the road, who was hauling several barrels of water on his wagon.

After negotiations with the farmer for the much needed water, the auto-mobilists inquired: "My friend, tell me, how far do you have to haul this water?" "Oh, only 'bout 10 miles," the farmer dryly answered.

"Land sake!" exclaimed the stranger. "Why don't you dig a well?" "What's the use?" drawled the farmer. "It's 'bout as fur one way as 'tis the other."

How Savings Add Up

The figures show how small regular savings can make you financially independent. They are based on the condition that a set amount be deposited in a bank each week or month, drawing 4 percent interest compounded twice a year:

Table with columns: By depositing, in 1 year, in 3 years, in 5 years, in 10 years, in 20 years, in 30 years. Rows show weekly and monthly deposits of \$1.00, \$5.00, \$10.00, \$25.00, and \$50.00.

The Scouts Reation to Dame Fortune

(Contributed)

What the Polytechnic School of San Louis Obispo, California, published the article "The Boy and His Fortune" they stated the facts when they said:

"He is the person who is going to carry on what you have started. He is to sit right where you are sitting and attend to those things you think are so important, when you are gone."

You may adopt all the policies you please, but how they will be carried on depends upon him.

Even if you make leagues and treaties, he will have to manage them. He is going to sit at your desk in the Senate, and occupy your place on the Supreme Bench.

He will assume control of your cities, states and nation. He is going to move in and take over your prisons, churches, schools, universities and corporations.

All your work is going to be judged and praised or condemned by him. Your reputation and your future are in his hands.

All your work is for him, and the fate of the nation and of humanity is in his hands. So it might be as well to pay him some attention."

TOM SIMS SAYS

There's Ford, but he isn't a dark horse, Henry's score horses.

Sometimes our radio sounds as if dishpans were being broadcast.

Better a dark horse before a nomination than a white elephant later.

What if your boss hears about the new serum to make men tireless?

The new serum to make men tireless could be tried out on Congress.

The college girls are forming red-head clubs but you never will hear of a shiny nose club.

Man captured in McKenzie, Tenn., had \$9100, but was not on his way to buy a ton of coal.

Here's exciting radio news. Dishpans are being used for antenna. Now more girls will see them.

Imagine the surprise in Cincinnati when an explosion turned out to be a bomb instead of a still.

A million dollars may be spent fighting New Jersey mosquitos which is less than a penny each.

New York man ate 53 hot dogs. This is dangerous. He will be barking and chasing cats next.

Texas man says he killed a deer with his knife, and we say prohibition isn't enforced in Texas.

Waynesville (Pa.) boy stole a train to go to a football game. He was owned on the ten-mile line.

The most fascinating thing about popular songs is trying to guess where the music was stolen.

News from Paris. They stop the phone service if you get mad at central. One way to abolish phones.

Terrible news from London. Doctor has a serum to make men tireless. These serums make us tired.

Big windstorm did a lot of damage in Houma, La. Oh, that reminds us, Congress is in session.

Presidential aspirants are worrying over a dark horse appearing and giving them the hoarse laugh.

Friday—The benefit Ribault card party will be given at the home of Mrs. A. M. DeForest Friday at 3 o'clock.

Mrs. John McNamara leave Monday for Savannah, where she will spend the holidays as the guest of her parents.

Mrs. Bu Turner Houser has returned from Columbia, S. C., where she was the guest of her daughter, Mrs. George Richard Hartley.

Miss Zoe Munson is spending this week and next, as the guest of Mrs. Woodward Barnwell at her home in St. Petersburg.

Mr. and Mrs. L. B. Bragg announce the birth of a daughter, Wednesday, at Fernald-Laughton Hospital. The little lassie has been named Doris Ellen.

Miss Elizabeth Garrison and her friends, Misses Exie and Zelma Farr of Stetson University are spending the week-end at the home of Mrs. Garrison.

Mrs. Cecil Butt and young son, of Orlando, who have been the guests of her mother, Mrs. L. G. Stringfellow for several days, returned to their home Sunday.

Mrs. James Williams, of South Carolina, who has been the guest of her sister, Mrs. G. W. Abiley, left Monday for Miami, where she will spend the winter.

CHILDRENS HOME SHOWER.

On Tuesday afternoon will be the annual shower for the Children's Home at Jacksonville, and it is hoped that each and every member will respond to this call and donate as much as possible. There are so many children that are in need, and we with our comforts and pleasures should not forget them. Let's all make this the banner shower from the Woman's Club. Clothing, toys, or money are all acceptable. If you can't come to the meeting Tuesday, please send in your donation.

Following the shower will be the usual social meeting with Mrs. E. P. Morse as hostess. Please phone in your reservations Monday.

OFFICERS ELECTED.

The T. E. L. Class of the First Baptist Church held an enthusiastic meeting Sunday night and the following officers were elected:

Mrs. Wheelless, teacher; Mrs. Beck, president; Mrs. King, vice-president; Mrs. Durecy, third vice-president; Mrs. Badger, secretary-treasurer; Mrs. Kelley, reporter.

There were 23 present with three new members.

The Spanish Fandango

"Way Down South," in the land of cotton, they always have time for a fashion pageant. This time the town of Hopeville, Ga., entertained. Miss Ethel Harrison is shown as a Spanish girl.

CECELIAN MUSIC CLUB.

The Cecilian Recital in Studio of Mrs. Munson last Saturday afternoon was enjoyed by a large audience of pupils and patrons and friends.

Some leading facts brought out were, that for 1,000 years after the birth of Christ, the leading music work of the world was under the shadow of the church. The 500 years following brings us to the most interesting and romantic period of the art, when people lived a kind of story book, like, when chivalry was at its height and noble knights, men of wealth, even kings, wrote poems and composed melodies, wandering from place to place singing under balconies to some fair maiden, or in the courts of great castles.

In Southern France were the Troubadours, whose songs were of love in praise of some fair lady. The Troubadours lived in Northern France. They wrote of old legends and myths and the deeds of some famous hero.

A troubadour who could neither play or compose employed a jongler—a class which could also dance and were carobats or magicians—from this source comes our word juggler.

The melodies of the Troubadours were different from Church melodies, and are believed by some to be the basis of Folk-Song.

The Meistersingers of Germany were of the trades people and workmen. These were a great event in musical history. They were formed into classes from the beginners to the mastersingers. Big festivals were held and although the Meistersingers went out of existence in 1823, the spirit of the work still exists all over the musical world in festival and music conventions.

Nezzie Stone read a paper on Stephen Foster, and played in piano transcriptions several of his most loved melodies.

Mrs. Maxwell concluded the program with a group of readings from Kipling, graciously responding to several encores.

The Juniors' selection given were:

1. Tarentele — Gurlitt — Marjorie Hoskins.
2. Staccato Etude—Hilles—Esmett Fox.
3. May Bells—Morley—Sara Maxwell.
4. Reverie—Milo Diezo—Harriet Rossiter.
5. Folk Song transcriptions—Stephen Foster—Nezzie Stone.
6. Dance Characteristic—Bartlett—Pauline Muirhead.
7. In a Boat—Homer Morris—Bernice Allen.
8. "Good Night"—Nevin—Georgia Mobley.
9. Sailor Boy's Dream—La Hatch—Bryan Fox.
10. Humoresque—Dvorak—Margaret Garner.
11. Giants—James Rogers—Margaret Garner.
12. Dervish Dance—Hoerath—Mary Crippen.
13. Hunting Song—Gurlitt—Katherine Schirard.

Reo Truck 1922, special long body, very good. Sanford Motor Co., Dodge Dealers. Phone 3.

NEW LIBRARIAN.

Mrs. B. Lawrence Brown, who has been serving in the cataloging department of the Albertson library for the last few months, leaves tomorrow for Sanford, where she has been appointed librarian of the Sanford public library. Mrs. Brown is well qualified for the position, as she was librarian of the Carnegie library at Anniston, Ala., for two years and an assistant in the circulation of the New York public library for several years, and took a course in library science at Northampton, Mass. Mrs. Brown has enjoyed her stay in Orlando, and will be greatly missed both in the library and by the many friends she has made while here.—Orlando Sentinel.

DUPLICATE BRIDGE CLUB.

On Saturday, Mrs. F. E. Roumillat was the gracious hostess, when she entertained at bridge-luncheon, at her home on Palmetto avenue.

The rooms were most festive in their decorations of red roses, holly wreaths and other Christmas suggestions. The place ards were also in keeping with the decorations.

At 1 o'clock Mrs. Roumillat served a tempting four-course luncheon. The afternoon was pleasantly spent with a number of games of Duplicate bridge. The prizes for high score, dainty card table covers, were won by Mrs. R. A. Newman, and Mrs. W. C. Hill. The cut prize, a hand-made great towel, was awarded Mrs. John McNamara.

Those enjoying this delightful affair were Mrs. Sam Paleston, Mrs. A. P. Connelly, Mrs. S. E. Barrett, Mrs. Frank Miller, Mrs. E. M. Galloway, Mrs. George Knight, Mrs. D. L. Thrasher, Mrs. F. J. Gonzalez, Mrs. W. C. Hill, Mrs. John McNamara, and Mrs. Cecil Butt.

CHANUKAH FESTIVAL.

The annual Chanukah festival was celebrated at the home of Mr. and Mrs. J. Berson in a most fitting manner. After the eight candles were kindled by Mr. Berson with a short prayer, Mr. A. Roffeld briefly stated what Chanukah is. Chanukah is the festival of the preservation and the perpetuation of the spirit of the Jew. The Maccabees did not so much battle for the possession of the land, though that was threatened, as for the preservation of the Jewish which was endangered by the foe.

Chanukah is the antithesis of cowardice. It is symbolical of the qualities that make for the highest citizenship. It stands for service. It is a high ideal to aspire to. What is life without an ideal? Just drab existence. The Maccabean heroes stand forth as exemplars to the entire world—Jewish and non-Jewish.

After the short talk Mrs. S. Robbins followed with a selection of songs which was greatly enjoyed by everybody. Miss L. Stein of Orlando gave a few songs especially for the occasion and it was appreciated by all present.

The guests included Mr. and Mrs. S. Robbins, Mr. and Mrs. Henry Bandel, Mr. A. Roffeld and mother, Miss Franklyn of New York, Mrs. Litke of

A new and easy way to buy a Ford. You can start with only \$5.00.

Orlando, Mr. and Mrs. S. Wittenstein of Orlando, Mr. S. Levinson of Orlando, the Moskowitz brothers of Orlando, Mr. and Mrs. N. Stein and two charming daughters of Orlando. Delicious salads, sandwiches of all kinds, fruit, bonbons, and punch were served throughout the evening. The party ended at a late hour and was greatly enjoyed by all.

EPWORTH LEAGUE PLANS.

The Epworth League of Tampa will have the privilege of entertaining the 1924 session of the Florida Epworth League assembly, the place of meeting was definitely settled at a meeting of the Florida conference league cabinet, held in Tampa Saturday. Other places extending invitations for the meeting were Jacksonville, Orlando, Tallahassee, and Clearwater.

Attending the cabinet session were Angus Williams, president; W. F. Wolfe, Jr., treasurer; Miss Juanita Kennedy, intermediate superintendent; Rev. F. E. Steinmeyer, treasurer of the Epworth League board; Prof. Lavens Thomas, life work superintendent; Rev. James E. Ellis, general board representative and the following district secretaries: Ola Lewis and Anna Dickinson, Jacksonville district; Mrs. R. R. Orcutt, Orlando district.

She gets just the degree of heat she wants for canning.

Can the kitchen be cool when the stove is hot?

YOU have to have plenty of heat for cooking. But in hot weather you want the range going only when you are actually using it. What is equally important, you will find that the heat in a Florence Oil Range goes into the cooking, as the flame is close up under the cooking, and not into the metal of the stove or out into the room.

Make this test: Go to a store where the Florence is sold—department, furniture, or hardware store. Ask the salesman to light it. When it is going full force, feel the metal of the stove; and notice how cool it is right beside the range.

A blue gas-like flame
To start the Florence Range, just touch a match to the Asbestos Kindler. In a few moments there is an intensely hot blue flame, close up under

the pot. You can regulate the heat to any degree and cook any dish that you can on a gas or coal range.

The vapor from kerosene is what burns. It is not a wick flame, such as you see in the ordinary oil lamp. Kerosene is a cheap fuel.

A spotless kitchen

With the Florence Range there is no soot, no ashes, no shaking or carrying of heavy fuel. The Florence itself is a beauty with its porcelain enamel, black frame and nickel trimmings.

The Florence oven, sold separately, is a marvel of efficiency. The "baker's arch" and patented heat distributor assure even cooking. A few minutes' examination of the Florence Range will show you how much it will mean in your household. Drop in at the store and see for yourself.

The Big Burners
The heat in the Florence burners is close up under the cooking where it is not wasted.

Part Applied for Florence Leveler
Attached to each leg of the stove, this device enables you to set the stove level on an uneven floor.

SANFORD PLAYER PLACED ON ALL-STATE SCHOLASTIC TEAM FOR 1923

Sport Writer Picks First and Second Teams—Coach Woods of West Palm Beach Places Sanford Boys on Second Team

FIRST ALL-STATE SCHOLASTIC FOOTBALL TEAM FOR 1923

Player	Position	School
B. McWhorter	Right End	Bartow
Rezun	Right Tackle	Miami
Prescott	Right Guard	Lakeland
Carr	Center	Lakeland
B. McLendon	Left Guard	Lakeland
Bryan	Left Tackle	Duval
Wallace	Left End	Duval
Bach	Quarterback	Sanford
Burnett	Right Half Back	Bartow
Hamm	Left Half	Lakeland
Domingo	Fullback	Hillsborough

SECOND ALL-STATE SCHOLASTIC FOOTBALL

Player	Position	School
Staley	Right End	Hillsborough
M. Moye	Right Tackle	Sanford
Whitfield	Right Guard	Sanford
Warman	Center	Miami
Meisch	Left Guard	Sanford
Hicks	Left Tackle	Lakeland
Stanley	Left End	Hillsborough
Truby	Quarterback	Gainesville
Newland	Right	Hillsborough
Tinker	Left Half	Orlando
Beagle	Fullback	Bartow

R. L. SHIPP
In picking an All-State scholastic football team this year I find that I have a real problem before me. The 1923 season has been a most interesting one and has been marked by many surprising incidents, peculiar to the football realm.

Excepting the three leading teams, Lakeland, Hillsborough and Duval, the rest have about broken even during their season. Reversals in form during short periods of times have been very noticeable. This was especially in the front by the following incident. Lakeland beats Sanford 45 to 0, Sanford beats Miami 7 to 0 and Miami gives Gainesville a neat trouncing by the score of 16 to 13. Now all of this seems very funny due to the fact that Gainesville who was beaten by Miami, was the only team in the state to hold the Lakeland Dreadnaughts to no touchdowns, the Dreadnaughts

emerging with the scant victory of 3 to 0. The same thing applies to the players. Every player has had his "shining light" days and every one

If it were possible to make any better bread or pastry than is turned out by this establishment you can feel quite satisfied in your own mind that we would be making a better article. This, however, is a human impossibility. We bake a perfect bread and perfect pastry.

ROUTH BAKERY
SANFORDMAID BREAD

has had his cloudy days. So in picking my All-State team I was compelled to pick mostly from the good records that these players hold.

Probably many times during the past football season you have read thrilling accounts of a football game in the scholastic realms of Florida in which some player was starred brilliantly and no doubt you wonder why his name doesn't appear on this list. I also saw accounts in which many players whom I have not on my list were starred but in comparing the records of every game I was compelled to pick a list of players who have shown up well during the entire season.

In picking B. McWhorter for right end it was not an easy thing to do. I had the pleasure of seeing him play in Sanford when the Summerlin boys beat the Celery Peds. Mac went in as a sub in this game and showed a most wonderful fighting ability. Even after Burnett had kicked the field goal giving them a scant margin over the locals, McWhorter started another fight for score. He was not one of the kind who thinks the game is safe just because you have a little lead over the other fellow. I had a hard job choosing between McWhorter and Wil Hams of Fort Myers but as I saw Mac in action I concluded to pick him.

Take advantage of the new Ford Weekly Purchase Plan today, and get started toward the ownership of a Ford car.

GONZALES GROCERY
108 E. First Street

After going down the line a bit I met with the hard task of selecting the quarter. I fully realize that many in the State are of the opinion that Bowyer of Lakeland but I am sure that if "hat many" had seen the Sanford quarter, Bach, in action that they would have had a decided change of opinion. Bowyer has had the opportunity of playing on the most prominent teams in the state during the past two years and has been brought to the front more. But having seen Bach in action so many times and hearing the acclaimed opinion that he was the "greatest marvel" Sanford has ever witnessed and as Sanford is a big place in the state, I decided that he must be a marvel to the State also. As yet, Bach has not been named by sportswriters of the State as an All-State player but I feel sure yet.

The rest of the team was selected on their merits only. I am very glad to be able to place a Sanford player on the All-State scholastic team and I think the one I name fully deserves to be named.

Coach H. M. Woods of West Palm Beach placed Whitfield, r. g. and Moye, r. t. is selecting his second team.

COMMISSION IN SESSION.

The City Commission is in session this afternoon considering many important matters. Manager H. Rosebrough of the Southern Utilities Company is expected to file a written report as to reason for poor water service during the recent fire which destroyed the Holy Cross Episcopal Church plant. The Commission will also call a bond election as requested by the citizens of Sanford at a recent mass meeting.

Pests

Until recently one could get a Government bulletin on the eradication of all pests except crooked stock salesmen. Now, even this deficiency has been filled. The Treasury Department has mailed thousands of circulars to all classes of investors throughout the United States cautioning them to "consult their bankers" before embarking upon the wreck-strewn sea of promiscuous investment. Uncle Sam gives valuable advice. Bankers have sources of information and opportunities for investigation not available to the average individual.

Skinner Coke Heaters Economical Frost Protection

Low in original cost; fueled with coke, cheap and easily handled, these heaters are perfect frost insurance at small expense.

In use they raise the temperature evenly, surely, without danger of scorching and maintain this protecting heat unattended from seven to nine hours. Additional coke thrown on the embers of the initial charge will continue the protection. This re-charging is simple and can be done with great rapidity.

Hundreds of groves and truck farms in Florida and other states are protected by Skinner heaters. We will be glad to give you names of experienced growers near you who have adopted this protection after full investigation.

Fill out the coupon for additional information.

HIALEAH

Miami's Fastest Growing Suburban City

Unleashed Wealth of Miami's Immediate Back Country Is Attracting the Attention of the World

Establishment of the South Dade Drainage District, and the effective work done by it, have put Miami in a class by itself, and Hialeah is reaping the inevitable benefit.

Immediately surrounding and adjacent to Hialeah are the rich acres which are freely predicted as the "sugar-bowl of the nation" and the gardens of a hungry world. Small and large farms, grove development, dairies and poultry ranches attest the correctness of this prediction. Although a comparatively new development, farming in all of its phases has passed the experimental stages in this Miami back country, and the successes scored are so numerous as to be convincing to any who make an investigation.

Hialeah is the city center for this interesting producing country, because of the positive demand for educational and civic facilities to meet the needs of the army of new settlers starting toward the west of Miami.

Such conditions should make your investment in Hialeah especially desirable.
