Roosevelt To Name Board In Rail Row

Fact Finding Group Will Investigate Dispute Between Rails And Labor

Strike Threat Is Postponed

Cooling Off Period Of 60 Days Seen By President's Act

HYDE PARK, N. Y., Sept. 10.—(AP)—President Roosevelt today ordered the creation of a fact-finding board to investigate the dispute between most of America's railway's and their employees. A dispute which threatens a nation-wide railroad strike tieup at a time when vital defense materials are moving over the lines.

The personnel of the five-man board is to be announced later, the President said. The 900,000 employees of the 14 non-operating unions had set 8:00 P. M. tomorrow for the time of the strike and the 350,000 workers of the five operating brotherhoods had voted to go out on Monday.

The creation of the board means a probable postponement of the strike threat for 60 days.

WASHINGTON, Sept. 10.—(AP)—White House officials announced today that President Roosevelt's radio address on the strike affairs at 8:00 P. M. (E. S. T.) tomorrow will run about 25 minutes instead of the original hour as it was originally planned.

State Department disclosure of the third attack on an American merchant ship within three weeks reported today by the United States war-relief capital last night and brought the United States face to face with perhaps its gravest international problem since the World War.

How the nation proposes to meet this problem may be outlined by President Roosevelt Thursday night in his important broadcast from Monday night because of the death of his mother.

On the basis of previous utterances by Roosevelt, it was believed the United States fleet is under orders to meet force with Britain if Germany attempts to cut Britain's Atlantic lifeline. The President, as commander-in-chief of the nation's armed forces, may redefine the Navy's sea responsibility tomorrow.

Latest disclosure of an attack on an American operated ship coincided with warnings by British Prime Minister Churchill that Adolf Hitler might force an attack on the United States, and a statement in Washington that Britain had been promised further American naval aid.

The State Department revealed that the merchantman, *Bessa*, flying the Panamanian flag but operated by a New York company, was torpedoed and sunk southwest of Iceland Aug. 17 with a loss of 24 persons, including one American.

Three survivors were picked up by an American naval vessel Sept. 1. Identity of the attacker was not announced, but Secretary of State Hull said he thought there was no question about it. He said he preferred not to discuss that phase of the situation until more complete facts were available.

The *Bessa* announcement followed by 12 hours news that an unidentified plane had bombed and sank the American freighter *Steel Defender* at the entrance to the Gulf of Suez in the Red Sea last Friday—the day after the United States destroyer *Greer* and a German submarine clashed off the southwest coast of Iceland.

All hands aboard the *Steel Defender* were rescued after they sank to life boats.

Six Persons Take Exams For Drivers' Licenses; Six Fail

Queen Of Tennis

Ending a quest of 14 years, Mrs. Sarah Palfrey Cooke, 28, won the women's national tennis championship at Forest Hills, L. I., vanquishing Pauline Betz of Los Angeles 7-5, 6-2. The petite Boston girl's victory gave the East its first court champion since 1908.

Only six persons have taken the examination for drivers' licenses in Sanford to date and none of these was recommended as qualified for a permit, Judge R. W. Ware said today.

Unfamiliarity with the rules of operating a motor vehicle was blamed by Judge Ware for failure of the persons to pass the examination.

At the same time the driver's license bureau at the Court House announced that 1100 licenses had been issued, a figure described as far below the number normally issued by this time. At least 3,000 licenses should have been issued to date, Judge Ware commented.

Those who do not obtain their licenses in September must take the examination, which is administered each Tuesday by J. M. Richburg of DeLama, member of the Florida Highway Patrol. Persons who do not have a license at present also must take the examination, regardless of when they obtain their permits, Judge Ware explained.

So that there will not be a last minute rush which would overtax the facilities of the license bureau, Judge Ware made a strong appeal to drivers to get their permits as soon as possible.

In the drivers' license test, applicants must know about other things the section of Florida law which requires the operator of a motor vehicle involved in an accident.

At the same time the driver's license bureau at the Court House announced that 1100 licenses had been issued, a figure described as far below the number normally issued by this time. At least 3,000 licenses should have been issued to date, Judge Ware commented.

Nazi Plan To Bomb Quebec Is Said Foiled

Bismark Said To Have Carried Bombers To Last Atlantic Run

SANFORD, Conn., Sept. 10.—(AP)—Robert C. Deming, Assistant State Defense Administrator, today quoted British sources as saying that the German battleship *Bismark*, which was sunk in the North Atlantic, carried two planes which were intended to bomb Quebec and Montreal, then land in the United States to support the invasion.

Does this bring the war to our shore or does it mean Deming asked the Connecticut Conference of Social Workers.

TOKYO, Sept. 10.—(AP)—A general slackening of the newspaper clamor against American foreign policy moves was noted concurrently today with the disclosure that U. S. Ambassador Joseph G. Glavin had conferred with the Japanese Foreign Minister about a dozen times with in the past week.

This softening of press criticism of the United States indicated some sort of rapprochement might be forthcoming between the United States and Japan.

LONDON, Sept. 10.—(AP)—Great Britain today announced an agreement with the United States to prevent base-load materials from being used in competition with the products of U. S. industry.

OSLO, German-Occupied Norway, Sept. 10.—(AP)—A state of civil siege for Oslo and surrounding districts was decreed today by the Germans because of "criminal disturbance of labor peace."

The theaters and movies are closed; dancing is banned; the sale of alcohol is forbidden; all public places must be turned over to the Nazis; and meetings are prohibited.

Violators face a court martial.

American Legion To Have Dinner Meeting

The Campbell-Lesing Post of the American Legion will have dinner meeting on Monday, Sept. 15 at 7:00 P. M. Communion will be observed.

Chatanooga Bans Public Gatherings

CHATTAHOOGA, Tenn., Sept. 10.—The health department proclaimed Tuesday night a strict ban on all types of public gatherings in a drastic step to curb the infantile paralysis epidemic which it said had shown no signs of abatement.

Furniture For Memorial Library To Sanford's Founder Arrives

A huge orange moving van pulled up in front of the Sanford Atlantic National Bank Building this morning, and workmen began removing a load of furniture and books insured for \$2500 which had been sent by Mrs. C. Sanford Dow, daughter of General Henry B. Sanford, from her home in Derby, Conn., for the proposed memorial library to Sanford's founder.

Gathered to watch and supervise the unloading of the Florentine furnishings was a handful of spectators and members of the Sanford Memorial Library Association.

Heading the group was Mrs. Fred T. Williams, chairman, who described the furniture as "a wonderful start for our memorial library."

Cleveland Tells Of Necessity For New Fire Pumper

Fire Insurance Rates Cut Through Better Fire Protection

Fire Chief Mark N. Cleveland stated today that in order to meet the State Defense Council's requirements for fire stations, new equipment and manpower must be added to the Sanford Fire, Chief Cleveland and the Sanford County Defense Board have ordered the City to purchase a new pumper and four new men.

The new pumper is described as a "three-in-one" quadruple or a hose, ladder and pump combination. The ladder will make fire fighting and rescue work much simpler since one man can handle it, while the old style ladder requires several people to manage.

The three pumps now owned by the station are 18, 18 and 20 years old, and, though kept in good condition, they are not to be compared with modern equipment, he stated.

"The general public doesn't realize the responsibility on each man of the force," said Chief Cleveland. He explained that it takes one to two years to train a man and that the Sanford firemen have classes and study hours each day; consequently, voluntary fireman would not be a solution to the problem. "The Sanford force needs at least four full time men."

"At present the Sanford force gives very little aid to surrounding towns, but with this auxiliary equipment it can give more assistance," he said.

Recently the fire insurance rate has been reduced 15 to 20 percent of the rate in past years, due to the efforts of the Sanford Fire Department, Mr. Cleveland declared.

PARALYSIS MEETING

The Seminole County chapter of the National Foundation for Infantile Paralysis will meet at the Valdes Hotel today at 2:00 P. M. Dr. L. G. Doss, secretary, announced today.

NAMED ON BOARD

TALLAHASSEE, Sept. 10.—(AP)—Governor Holland Tuesday named J. H. Yarborough of Miami and John R. Scully of Sarasota to the State Board of Veterans' Examiners. Yarborough succeeds John H. Wells of Palm Beach and Scully succeeds J. J. Vanz of Bonifay.

Bloody Leningrad Fight Enters Prolonged Siege

Army Orders 1,000 New Flying Fortresses

America's mightiest weapon of the air, has ordered 1,000 of the new planes which are much more powerful than the older type. It is to be built by the Boeing plant in Everett, Wash. where it was developed by the Boeing plant. The new B-29 is to be built by the Boeing plant in Everett, Wash. where it was developed by the Boeing plant.

The Russian military dispatches acknowledged today that the bloody struggle before Leningrad is increasing in violence hour by hour even as the Russians declared officially that the "impending rout of all the German armies can already be discerned."

High German quarters were expressing earlier forecasts that Leningrad and its 1,000,000 Red Army defenders were doomed to quick surrender and indicated that Adolf Hitler's invasion forces now might decide to shell and starve the old czarist capital into submission.

An authorized Nazi spokesman conceded, too, that Leningrad still had an outlet through the German Finnish siege ring—across Lake Ladoga—but insisted that 1,000,000 of the Red Army troops were entrapped in the old czarist capital and were doomed to early surrender or death.

Previously, Adolf Hitler's High Command had asserted that Leningrad was completely surrounded.

The Russians meanwhile reported that their army had repulsed a German infantry division in a powerful frontal attack in the Gomel sector and were inflicting thousands of casualties. Gomel is about halfway between the Soviet Smolensk where the Russians saw that the bloody expenditure of a strong Nazi spearhead from the 150-mile zone had dealt a heavy blow to the Nazis.

The Soviet counter-offensive in the sector is said to be continuing full blast.

The Red Army's biggest victory of the war, on the central front where shattered remnants of a 100,000 man Nazi force are reported in disorganized retreat, drew from an official Soviet spokesman today the declaration that "the impending rout of all the German armies can already be discerned."

In confident and expansive mood, S. A. Lorzovsky, assistant foreign commissioner who serves as liaison with the foreign press, said this vast operation, plus the mounting counterattacks by the Russians before Moscow and the determined stand of Leningrad's defenders are "signs of growing Red Army resistance."

"Our confidence in final victory is growing," he added.

The Soviet information bureau, reporting on yesterday's fighting, fell back on its usual brief statement that stubborn battles still raged along the entire front.

It emphasized the fury of the air war with the announcement that on Sunday 71 German planes were destroyed in combat and on the ground against 21 Russian losses. Two Nazi reconnaissance planes were reported downed near Moscow in daylight yesterday.

The victorious Soviet forces on the central front, under the personal direction of Marshal Timoshenko, who declared in his pursuit of survivors of the German forces. Here the Russians were reported officially to have reconquered 150 square miles of territory and 60 villages in two days.

Hain and cold which already has set in on the northern front, Lorzovsky said, "is only a contributory factor" to the defeat of the Germans.

"The main thing is," he added, "that the might of the Red Army, the unity of the Soviet people, reserves of manpower and industry, are great potentials not only for resistance but also for counter-blows."

Citizens To Decide On Charter Changes Tuesday

Statement By Commission

The 1941 Legislature of the State of Florida passed Chapter 21-22, which provides for the qualified electors of the City of Sanford, for a change in the present method of electing a Mayor and City Commission.

The City Commission will be elected by the qualified electors of the City of Sanford, for a term of three years, each and the election of a Mayor by the City Commission, as now provided by the City Charter.

Here is the text of the resolution, as provided for a vital change in the present method of electing the Mayor and City Commissioners, and the Mayor and City Commissioners feel that the question to be determined is one of vital importance to the City and urge the people to give the question their serious consideration and express their wishes thereon in said election and hope that all of the qualified electors will express their views in the election so that the question may not be determined by a small number of the voters.

PHRASING OF THE QUESTION has met with some criticism, since it is felt that the two questions should not be included in one. Here is the question which will appear on the ballot Tuesday.

"If you favor the Mayor and the members of the City Commission of the City of Sanford, Florida, being elected by the qualified voters of the City of Sanford, Florida, for a term of two years in accordance with the provisions of an act passed by the Legislature of the State of Florida in 1941, place an 'X' mark in front of the words 'Against the election.'"

In order that the largest possible number of voters will come to the polls and express their opinion, the City Commission has issued a statement in which it urged everyone to vote.

Tuesday's action automatically sets in motion the provisions of the railway labor act, under which the President is required to appoint a fact-finding board which must report to him within 30 days.

September 15 Named School Teachers Are As Date For Strike Warned Of Contracts

WASHINGTON, Sept. 10.—(AP)—E. F. Whitney, president of the Brotherhood of Railroad Trainmen announced Tuesday night that 6:00 A. M., on Sept. 15 had been set as the time and date for the strike of the five operating railroad brotherhoods.

The leaders of the 19 railroad unions, operating and non-operating, were authorized by the membership last Friday to call a strike. At that time the non-operating unions, embracing 900,000 members set Sept. 11 as the strike date.

Tuesday's action automatically sets in motion the provisions of the railway labor act, under which the President is required to appoint a fact-finding board which must report to him within 30 days.

Myron C. Taylor Arrives In Rome

ROME, Sept. 10.—(AP)—Myron C. Taylor, President Roosevelt's personal representative to the Vatican, arrived in Rome Tuesday night with a verbal message for the pope from the President.

His audience is expected to take place Thursday morning. Asked what message he was bringing, Taylor said: "I am the message."

He explained that he had come only for the one audience with the pope and would start back to the United States in about 10 days.

Russians Still Control Outlet

Big Victory Is Also Claimed On Central Front Near Gomel

The Russian military dispatches acknowledged today that the bloody struggle before Leningrad is increasing in violence hour by hour even as the Russians declared officially that the "impending rout of all the German armies can already be discerned."

High German quarters were expressing earlier forecasts that Leningrad and its 1,000,000 Red Army defenders were doomed to quick surrender and indicated that Adolf Hitler's invasion forces now might decide to shell and starve the old czarist capital into submission.

An authorized Nazi spokesman conceded, too, that Leningrad still had an outlet through the German Finnish siege ring—across Lake Ladoga—but insisted that 1,000,000 of the Red Army troops were entrapped in the old czarist capital and were doomed to early surrender or death.

Previously, Adolf Hitler's High Command had asserted that Leningrad was completely surrounded.

The Russians meanwhile reported that their army had repulsed a German infantry division in a powerful frontal attack in the Gomel sector and were inflicting thousands of casualties. Gomel is about halfway between the Soviet Smolensk where the Russians saw that the bloody expenditure of a strong Nazi spearhead from the 150-mile zone had dealt a heavy blow to the Nazis.

The Soviet counter-offensive in the sector is said to be continuing full blast.

The Red Army's biggest victory of the war, on the central front where shattered remnants of a 100,000 man Nazi force are reported in disorganized retreat, drew from an official Soviet spokesman today the declaration that "the impending rout of all the German armies can already be discerned."

Florida Boy Gets \$2000 Scholarship

GAINESVILLE, Sept. 10.—(AP)—For the third time in five years a Florida boy will enter the University of Florida this week with a \$2000 scholarship from the United States Sugar Corporation. Clarence E. Britton, president.

Some Applicants For Board Disqualified

TALLAHASSEE, Sept. 10.—(AP)—The parole commission examining committee was authorized Tuesday to disqualify some applicants for the new State board on the basis of information on their applications and results of written examinations.

Those who are left after elimination of the ones who are "clearly unqualified for the positions" will take the final examination.

Written examinations were given Monday to 282 applicants for places on the three-member parole commission.

MONEY FOR TEACHERS

TALLAHASSEE, Sept. 10.—(AP)—Enough money is on hand to make the Florida school year's first monthly teachers' salary payment of \$1,418,837, Comptroller Leo reported to the State cabinet Tuesday. The payment is due Sept. 14.

PROJECT APPROVED

JACKSONVILLE, Sept. 10.—(AP)—State WPA Administrator Harkness approved Tuesday a project for construction of additional facilities at the Army's Berlin Field near Valparaiso and auxiliary fields in Oklawaha, Santa Rosa and Walton counties.

Editors Impressed By Everglades Area

CLEWISTON, Sept. 10.—(Special)—The amazing extent to which the Everglades area is being developed in the Glades area is evidenced by the receipt of hundreds of marked copies of papers published from Maine to California featuring articles and editorials on the subject, state General Manager Jay W. Moran of the United States Sugar Corporation, who together with Clarence R. Bittling was host to the National Editorial group during its visit here last Spring.

Practically all of them urge that Florida be given a larger quota and advocate the development of the sugar industry in the Glades as a national defense more.

Military Discipline

The point made by the two Orlando Air Base officers at the local Rotary Club luncheon Monday is well taken. What's the use of the government spending millions of dollars to teach carefully selected officers how to handle men in an emergency if every two-by-four politician in the country is allowed to interfere every time a disciplinary problem arises?

Major Brabson mentioned General Ben Lear, of "yoo-hoo" fame, one of the best trained and most thoroughly competent officers in the entire Army who was condemned by congressmen and ridiculed in public because he micted out what seemed like comparatively mild punishment for a breach of military discipline. He also mentioned Private Habinyak who got his sentence reduced by congressional interference after spitting on the floor and stubbornly refusing to obey orders.

We all know that there are contemptible individuals exist in this world. We know they exist in America, in Sanford, and that some of them find their way into the Army. But no matter how worthless and incorrigible a youth may become, to his own mother he is still a paragon of virtue, misunderstood by the world at large and given only to occasional acts of impulsiveness. This she writes to her congressman and he cries out to high heaven against the outrage, without ever taking the trouble to investigate, just to gain a few votes in the next election.

Major Brabson told about one boy who was thrown into the guard house for being drunk and disorderly shortly after arriving at camp. His father was a rather prominent banker who immediately made a protest to Washington and an investigation was promptly begun. Although the boy was ordered released from the guard house, further inquiry revealed that he had long been the black sheep of his family, and during the previous ten years had been involved in a number of escapades ranging from rape to attempted murder.

What the public has got to remember is that the guard house is to the army what the city jail is to civilian life. Nobody would think of trying to run a city without a jail or without policemen. The public recognizes well enough that there are certain incorrigible individuals who have to be lodged there from time to time for their own welfare as well as the public's. The same type of persons have to be handled in the same way in the Army.

About 98 percent of the boys in the Army get along all right without ever seeing the inside of the guard house. They are fine clean upstanding young men who do what they are told and try to do their job well. But the other two percent are the ones who are constantly causing trouble, writing their mothers how they are mistreated and seeking congressional interference. They ask for punishment in the first place and then when they get it they set up an awful howl.

The Army has a tough job in raising and training over a million men in a year's time. How well they can do it may decide in large measure the future security of our country. If certain men are going to be allowed to defy proper authority every time they wish, this country will be as defenseless against attack as if it didn't have an Army at all. In the light of the present emergency the public would do well to let the problem of military discipline be handled by men who know something about it.

Accurate Facsimile

Mark Twain often received photographs from men whose friends had made them believe that they looked like him. Discovering that his house was beginning to run over with pictures of these aspirants to fame, Mark determined to relieve himself of the burden of answering the heavy correspondence, and so had his printer strike off a few hundred copies of the following letter:

"My dear Sir, I thank you very much for your letter and the photograph. In my opinion you are more like me than any other of my numerous doubles. I may even say that you resemble me more closely than I do myself. In fact I intend to use your picture to shave by. Yours thankfully, S. Clemens."—Christian Science Monitor.

SANFORD'S REPUTATION for unity is growing and with this civic co-operation has come progress and promise of greater progress ahead. Recently Jos Hendricks commented in his Washington letter as follows: "One of the best examples of all out cooperation that I know of is St. Augustine. Though St. Augustine hasn't benefitted to a large extent from the defense program, the results of the YEARS of local cooperation and effort has paid large dividends. Their harbor project is a good example of this, though they have benefitted through many more improvements, and more are coming. Sanford now has better local cooperation than any time since it has been in Congress, and I believe the local people there will be able to see the results of this program in time to come."

THE BANKS OF this country are doing an important job on behalf of national defense. Secretary of the Treasury Morgenthau recently testified to that in a radio speech. Discussing the sale of defense bonds, the secretary said: "I should like to tell the bankers of America that I appreciate what they have done. The results could not possibly have been so successful if the bankers had not put their shoulders to the wheel."—St. Augustine Record.

TOO LATE TO CLASSEP

While Fall does not officially begin until Sept. 21, for most of the summer it was a hot, dry, and sunny season. The children of America, however, are so much more today than with the children of those and other countries. They are not very different from American parents. They are kindly, hard working, peace loving folk. They were proud of their clean, progressive communities. They loved their homes and their children and asked only to be allowed to live in peace, to work as they chose, and to educate their children to become good citizens.

When destruction descended upon them, they were surprised to find that they were not alone. They continued to go on as usual with Hitler and were careful to do nothing that might be termed an "unfriendly act." United and alert, these small democratic nations, together with the aid of their more powerful allies, might have defeated Hitler, but they were not prepared to do so. They were not prepared to do so. They were not prepared to do so.

An American machine gunner looks on as a German machine gunner is killed in action in Sicily. The machine gunner was killed by a British and American machine gunner who captured the machine gun and destroyed it.

Florida Man Was On Torpedoed Ship

LONDON, Sept. 10.—(AP)—The vessel on which four American recruits for the U. S. Army were killed recently was trailed for more than a day by the attacking submarine, one of the seven survivors disclosed here Tuesday night. The survivor, Jim Jordan, of Pasadena, Calif., also disclosed for the first time the names of four who lost their lives. They were: Harry Hay, Tallahassee, Fla.; William Bishop, Cleveland; Frank Kravynski, whose address was unknown to Jordan, and a youth whose last name was Cox, from New York City.

Jacksonville Schools May Run Double Shift

JACKSONVILLE, Sept. 10.—(AP)—County Superintendent of Schools W. Daniel Boyd said Tuesday that Duval county's 43 schools for white children and 37 for negroes will be so crowded that it may be necessary to operate "double shifts." He said classes might be held in some crowded schools from 8:00 A. M. to noon for one set of pupils and again from 12:30 P. M. to 4:30 P. M. for another set of pupils.

Godwin, Left Guard, Injured At Florida

GAINESVILLE, Sept. 10.—(Special)—Coach Tom Job gave his Florida Gators a quarter-hour scrimmage Friday afternoon in preparation for the first full-length rough session of the season scheduled for today. "First possible severe injury of course a fare. Propaganda and falsehood have become the tools of the enemy to lead us into a state and fear their fellow man. Fear and terror reign supreme. Death and death have been added to the curriculum. Surrender has not helped them, for now they become a battleground where the bombs and bullets of conquest and defender are a menace day and night.

Parents of Dutch, Belgian, Norwegian and Danish children are not very different from American parents. They are kindly, hard working, peace loving folk. They were proud of their clean, progressive communities. They loved their homes and their children and asked only to be allowed to live in peace, to work as they chose, and to educate their children to become good citizens.

Inflation Is Seen By Treasury Head

BOSTON, Sept. 10.—(AP)—Declaring the nation faces inflation now and "must deal with it at once," Secretary of the Treasury Morgenthau Tuesday asked called upon laborers, farmers and business men to curb their desires for higher wages and profits in the interest of the nation's welfare. The public must be taxed more, spend less, save faster and submit to increased regulations, he added in a long, promised announcement of his views on inflation delivered before the advertising club of Boston.

The children of America, however, are so much more today than with the children of those and other countries. They are not very different from American parents. They are kindly, hard working, peace loving folk. They were proud of their clean, progressive communities. They loved their homes and their children and asked only to be allowed to live in peace, to work as they chose, and to educate their children to become good citizens.

When destruction descended upon them, they were surprised to find that they were not alone. They continued to go on as usual with Hitler and were careful to do nothing that might be termed an "unfriendly act." United and alert, these small democratic nations, together with the aid of their more powerful allies, might have defeated Hitler, but they were not prepared to do so. They were not prepared to do so. They were not prepared to do so.

Six Take Exams For Driver's Licenses

(Continued From Page One) Sixteen persons took the written test for driver's licenses at the Department of Public Safety, Tallahassee, today. Drivers also are required to know that: "The driver of any vehicle involved in an accident resulting in injury to or death of any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible and every effort shall remain at the scene until the return to and in some of the accident until he has fulfilled the requirements of Section 9."

WASHINGTON, Sept. 10.—(AP)—The supply priorities and allocation board Tuesday night refused to grant priorities on steel plates for construction of a 1500-mile petroleum pipeline from Texas oil fields to the New York refining area. "This means," a SPAB spokesman said, "there will be no immediate construction of the pipeline—at least not a line to be finished by the Spring of 1942."

WASHINGTON, Sept. 10.—(AP)—The supply priorities and allocation board Tuesday night refused to grant priorities on steel plates for construction of a 1500-mile petroleum pipeline from Texas oil fields to the New York refining area. "This means," a SPAB spokesman said, "there will be no immediate construction of the pipeline—at least not a line to be finished by the Spring of 1942."

Pipeline Work Halts Due To Steel Lack

WASHINGTON, Sept. 10.—(AP)—The supply priorities and allocation board Tuesday night refused to grant priorities on steel plates for construction of a 1500-mile petroleum pipeline from Texas oil fields to the New York refining area. "This means," a SPAB spokesman said, "there will be no immediate construction of the pipeline—at least not a line to be finished by the Spring of 1942."

Betty Jameson Is Defeated In First Round Of Tourney

BROOKLINE, Mass., Sept. 10.—Betty Jameson of White Plains, N. Y., a comparative unknown, unleashed a withering blast of sub-par golf late Tuesday and conquered defending champion Betty Jameson of San Antonio, Texas, in the first round of the forty-fifth women's national championship.

Miss Younger completed her conquest of the slow-moving Texan by having the eighteenth hole for a lumpy triumph before a small gallery.

It marked the first match-play defeat for 22-year-old Miss Jameson since the third round of the 1938 tournament at Buffalo, N. Y., when she succumbed to Mrs. Estelle Lawson Page of Greensboro, N. C.

Lakeland Seeks To Rebuild Its Team

By Jack Sords

LAKELAND, Sept. 10.—(Special)—Coach Zollie Maynard and Clifton Murrell, seeking to patch up a football team wrecked by graduation, are experimenting with a backfield composed of two reserve lettermen from last year, a former "B" team player and a baseball player who is making his first try for a place on the football squad.

The lettermen are Joe Bill Harper and Ellis High, the ex-"B" team performer is Howard Gray, and the ball player is Raymond Bowden.

St. Cloud Gridders Hold Rough Workout

ST. CLOUD, Sept. 10.—(Special)—In an effort to locate a couple of tackles and a new tailback to replace Bill Raulerson, Coach Tom Gannarelli has been sending his St. Cloud Bulldogs through rough workouts this week.

Oris Lee, tackle, became the first casualty of the season when he suffered a severely sprained arm in yesterday's practice session.

Coach Gannarelli has 20 aspirants working out daily and expects this number to be raised to 25 or 30 with the formal opening of the school term on Friday.

DeLand Red-Hats Break Into Win Column Of Loop

DELAND, Sept. 10.—(Special)—DeLand's Red-Hats broke into the win column in the Florida State League playoff finals here Tuesday night by trimming the Leesburg Anvils 3 to 1.

Although the teams collected six hits each, the Red-Hats hit timely in the third inning to score all of their runs. The Anvils showed across their rally in the seventh frame. Leesburg was charged with one error and DeLand two.

The victory gave DeLand one win in three starts, the Anvils leading by 2 to 1 in the four-out-of-seven series. Score: DeLand 600 000 000—1 4 2; Leesburg 000 000 000—1 4 2. Willingham and Pavlich; Harper and Madjeski.

U. S. FLIER MISSING

LONDON, Sept. 10.—(AP)—Sergeant W. R. Malkemus of Knoxville, Tenn., a member of the R. A. F., is missing from a recent flight, a reliable source said Tuesday night. Details were unavailable.

ARCHITECTS ENGAGED

TALLAHASSEE, Sept. 10.—(AP)—The State cabinet Tuesday signed a contract engaging the St. Petersburg firm of Hedley and Atkinson to do the architectural work on a new south wing to the capitol.

Joe Louis Is Moved Closer To Service

CHICAGO, Sept. 10.—(AP)—Draft officials moved Joe Louis, world heavyweight champion, closer to the Army Tuesday. Local selective service board No. 84 announced he had been reclassified in class 1-A, available for immediate military service.

Norway Faces Crisis As Nazis Execute 2

Situation Said Acute In Several Cities Of Occupied Area; Workers Sentenced

R. A. F. Attacks Northern Italy

Russians Claim New Advances On Central Battlefield

BERLIN, Sept. 11.—(AP)—German planes observed Leningrad with pamphlets urging civilians not to defend the city, and the Germans said the Russians must decide whether Leningrad will be taken as a fairly intact city or as a heap of debris.

By Associated Press
German-occupied Norway, seething against Nazi rule, faced a crisis today as Nazi authorities clamped down with the first firing-squad executions there and the state of civil siege which was proclaimed in Oslo, the capital, was expected to be extended to other areas.

Sweden, still neutral, reports also in other cities, where iron measures probably will be enforced.

Joseph Terboven, German high commissioner for Norway, asserted that the measures were necessary to crush plans for a general strike of Norwegian workers set for today.

German troops ringed Oslo following the execution last night of two Norwegian labor leaders. Other alleged plotters were sentenced by military courts to terms ranging from 10 years to life imprisonment.

In the war in the air, R. A. F. bombers rained fire on Italian cities for the first time since last winter.

On the Russo-German front, Soviet military dispatches reported that the Red Army had scored new advances as deep as 12 miles on the central front, where the head-long Russian counter-offensive had driven three wedges into the German lines.

The Red Army around Leningrad was shooting from all barrels last night and the Germans backed down measurably from their earlier claims that the city was imminently doomed.

The Germans suspected they might not try to overrun Leningrad after all, but probably would attempt instead to reduce it slowly by gunfire and starvation.

It was admitted by German informants, in effect, that any frontal assault on the city would, under present circumstances, amount to a bloodbath.

Mid-Winter Rodeo Planned At Arcadia

ARCADIA, Sept. 11.—(Special)—It has been announced by the Duval County Chamber of Commerce that a mid-winter rodeo will be held at Arcadia, Fla., on Dec. 21, 22 and 23.

Premier Returns

Protest Against Union Dues Hike Sees Miners Quit

Three New Collieries Compelled To Close By Striking Miners

HAZELTON, Pa., Sept. 11.—(AP)—A motorcade of several thousand aroused anthracite miners from the Panther creek valley roared through the Hazleton district today, closing three more collieries in a swift extension of a walkout in protest against an increase in union dues and assessments.

The miners, disregarding orders from the general union committee to return to work, are protesting an increase in monthly dues from \$1 to \$1.50 and an annual assessment from \$2 to \$6.

Joy-Riding Must End, Senate Group Told

WASHINGTON, Sept. 11.—(AP)—A special Senate investigation of the eastern gasoline situation was called temporarily Wednesday after the committee conducting it had heard testimony that joyriding and non-essential motoring must be curtailed for the next few months.

Time Of Lindbergh's Address Is Changed

NEW YORK, Sept. 11.—(AP)—The American First Committee announced Wednesday that Charles A. Lindbergh's radio address at a Des Moines rally tonight would be carried over the Mutual network at 10:30 P. M. (E.S.T.) instead of 9:00.

Americans May Use Belligerent Vessels

WASHINGTON, Sept. 11.—(AP)—The State Department has authorized consuls in Great Britain to grant permission to Americans stranded there to return home on other than American ships, Secretary Hull disclosed Wednesday.

Third Annual "Backyard" Regatta To Be Held Sunday, September 21

Dwight Smith, president of the Sanford Outboard Association, today announced plans for the third annual "backyard" regatta to be held on Lake Monticello Sunday, Sept. 21, beginning at 2:00 P. M.

Senate Group Insists No Oil Lack Prevails

Investigating Committee Slaps Ickes And Recommends All Curbs Removed

WASHINGTON, Sept. 11.—(AP)—The special Senate investigating committee reported today there was no actual shortage of gasoline or any other petroleum products in the east and recommended an immediate removal of existing restrictions.

Accusing Secretary of Interior Ickes and his aides of "over enthusiasm" in creating "unnecessary alarm" among the public, the special committee asserted "shortage, as we see it, is a shortage of surplus—and not a shortage of products or a lack of facilities to transport them."

Air Freighter Takes Alaskan Supplies

SACRAMENTO, Calif., Sept. 11.—(AP)—Big aerial freighters soon will be racing vital defense supplies to America's outposts in Alaska, on a regular schedule over a 2000-mile route.

Army Foresees 2,000 Deaths In Maneuvers

WASHINGTON, Sept. 11.—(AP)—The War Department estimated today that there would be 230 tonight and 70,000 other casualties among approximately 752,000 troops who will take part in the record peace-time field maneuvers in September and November.

Beardall Named To Rear Admiral's Rank

WASHINGTON, Sept. 11.—(AP)—The Navy announced Wednesday that the president has approved the promotion of 12 naval captains to the grade of rear admiral and of 147 commanders to captain.

REPORTS INCOME

NEW YORK, Sept. 11.—(AP)—Western Union Telegraph Company reported Wednesday net income for July of \$603,950 compared with \$63,423 in July, 1940, and net income for the first seven months of 1941 of \$4,030,958 compared with \$1,883,248 in the like 1940 period.

Industrial Needs Will Be Studied

WASHINGTON, Sept. 11.—(AP)—The Supply Priorities and Allocation Board instructed its executive director, Donald M. Nelson, Wednesday to work out a complete schedule of the nation's military and civilian requirements in an effort to solve the problems of shortage of materials and of expansion of production facilities.

CORRECTION

It was stated in yesterday's Herald in the last paragraph of the story on new fire station equipment that the insurance rate has been reduced 15 to 20 percent. This is incorrect; by keeping down the fire losses, the force has been able to maintain the present fire insurance rate.

Type Of Freighter Sunk In Red Sea

The 5,687-ton Steel Mariner (above) closely resembled American freighter Steel Seafarer, which was sunk in the Red Sea by an unidentified plane which dropped an aerial bomb. It was the second U. S. merchantman to be sent to the bottom since start of the European war. All members of the crew were saved. The ship was carrying supplies to British in the Middle East.

Perfect Score Is Shot By Wolfe In Gun Club Meeting

Plans Are Made For Return Match With Daytona Beach

Ray Williams and Jasper Wolfe, consistent high scorers at the weekly matches of the Seminole Gun Club, again took the honors yesterday at the lakefront range when they came in perfect and near perfect marks.

Mr. Wolfe had a 100 in the timed free and a 97 in the match firing, while Mr. Williams had 99 in the timed free.

J. V. Jones shot 43 and Ned Smith 90 in the slow fire matches. Sam Gardner also took part in the slow fire shoot.

Match scores were as follows:
N. Wolfe 99 100 98 297
R. Williams 95 99 95 291
J. Jones 43
S. Gardner 90

Roosevelt's Envoy Confers With Pope

VATICAN CITY, Sept. 11.—(AP)—Myron C. Taylor, President Roosevelt's personal emissary, began an important exchange of views between the President and the Vatican Wednesday in two interested private audiences with Pope Pius XII and Luigi Cardinal Maglione, papal secretary of state.

Army Morale Is Good, Peterson Tells Club

FORT MYERS, Sept. 11.—(Special)—Congressman Peterson told the Lions Club Wednesday night that the morale of the Army is good.

Advertising Bill Must Be Paid, Watson Says

TALLAHASSEE, Sept. 11.—(AP)—Attorney General Watson told the Florida Citrus Commission Wednesday that Comptroller Lee must pay a \$10,796 bill for the preparation of a citrus advertising booklet by an out-of-state concern, but the comptroller said he wouldn't make the payment.

Cattlemen Asked To Seek R. A. F. Cadet

BARTOW, Sept. 11.—(Special)—All cattlemen within 50 miles of the Lakeland area were "urgently requested" by Davy Turner, of Bradley Junction, president of the Florida State Cattlemen's Association, Wednesday to seek an immediate and thorough search of their pastures, especially swamps and heavy growth in the pastures, in an effort to find Richard A. G. Cleave, British air cadet who has been missing for over a week.

Public May Use Dow Books At The Municipal Library

The collection of books from the library of Mrs. C. Sanford Dow which arrived here yesterday was placed in the Sanford Public Library today, Mrs. E. H. Moughlin, librarian, announced.

There are about 40 books in all Mrs. Dow has bequeathed that only the books be put on general circulation. Among these fiction works is Eric Knight's "Best Seller," "The Masses All."

The remaining non-fiction books which may be read and studied in the library include two sets of good reference books, "The Grand Century Set of Encyclopaedia Britannica and The History of Literature," published by the Art Institute, Publishing Co. and edited by Julian Harland, and "The Standard Library of Natural History" in five volumes, published by The University Society.

Also included are a number of books on current events, the most important being "The Historical Background of the War in Ethiopia and its Results in Italy."

For students there are several books written in French, "La Merveilleuse Histoire de l'Inde" by J. Hoppert and "Dix-huit ans de la vie de l'Inde" by E. de la Motte.

In the field of art there are several books including "Good and Beautiful of France" by E. Wilson. The latter is a popular study of the most important French cathedrals and their architecture, beautifully illustrated.

Among the autobiographies of the war in Ethiopia are "The Life of Mother Mary of Jesus" by P. Sain, "The Life and Letters of Janet Esquire Stuart" by Maudie Monahan, are all biographies.

Mr. Moughlin said that Mrs. Dow has spent a good deal of time in India and for several years she has been sending copies of illustrated magazines from India to the Sanford library.

Geneva Hears Drone Of Airplane Motors

GENEVA, Switzerland, Sept. 11.—(AP)—The steady drone of airplane motors was heard over Geneva for more than an hour beginning shortly before last midnight. It was impossible to tell the direction the planes were taking, but appeared to be coming from the east.

Number In Prison Drops In August

TALLAHASSEE, Sept. 11.—(AP)—Florida's prison system had a net profit of 16 prisoners during August.

Cattlemen Asked To Seek R. A. F. Cadet

BARTOW, Sept. 11.—(Special)—All cattlemen within 50 miles of the Lakeland area were "urgently requested" by Davy Turner, of Bradley Junction, president of the Florida State Cattlemen's Association, Wednesday to seek an immediate and thorough search of their pastures, especially swamps and heavy growth in the pastures, in an effort to find Richard A. G. Cleave, British air cadet who has been missing for over a week.

LOCAL WEATHER

Florida—Mostly cloudy tonight and Friday with occasional showers; not quite so warm as the extreme north portion.

Roosevelt Is Expected To Get 'Em Told

Secretary Declares Radio Address Will Leave No Questions On Policy In Doubt

President Goes On Air At Nine

Day Is Spent In Conference With Other Important Officials

WASHINGTON, Sept. 11.—(AP)—President Roosevelt's radio address on foreign policy tonight was described by the White House today as one which will be "all covering, and will leave no unanswered questions."

Stephen Early, press secretary, declared the speech "will mean what it says and will be written in English—English that will need no translation."

President Roosevelt returned Wednesday night from Hyde Park and the funeral of his mother to plunge immediately into activity reflecting deep concern over the impact of the war on this country.

Secretary of State Hull met the President at the railroad station and drove with him to the White House. The secretaries of war and navy also were called to the executive mansion for conferences Wednesday night, in advance of Roosevelt's important radio report to the nation today, which was expanded from its original scope.

Roosevelt's address will follow closely upon the sinking of the Sessa, 300 miles this side of Iceland, the bombing and sinking of the S. S. Steel Seafarer in the Red Sea and last week's observations of the United States taking steps taken to safeguard American ships and lives upon the sea—possibly including orders to the Atlantic fleet to seek on sight any Axis vessels found in the area between the United States and Iceland.

Roosevelt announced that his speech, originally scheduled for 15 minutes, had been increased to 25. The news of both the Sessa and the Steel Seafarer had been received since the original plan was made.

The President had finished writing the speech before he left his home at Hyde Park, but it was, of course, still open to revision. Judge Samuel J. Rosen, who has advised the President on the content of many of his important speeches, was a passenger on the train.

Charles F. Chase, Brother Of Joshua Chase, Dies At 79

Charles Frederick Chase of Lake Mohawk Rpartis N. J. died last night at the age of 79, it was learned here today.

He was the brother of Joshua C. Chase of Winter Park, the late Sydney O. Chase of Sanford and the late Randall Chase of the city of Hillsdale, Philadelphia, Penna. He was the uncle of Randall Chase and Sydney O. Chase, Jr., of Sanford; and Franklin W. Chase of Germantown, Pa.

Mr. Chase was born in Germantown, Philadelphia, Penna., on Sept. 9, 1862. Immediate survivors, in addition to his brother and nephews, are his wife, Edith Fowler Chase; two sons, Charles A. Chase and Walter F. Chase; two grandchildren, and his sister, Mrs. C. B. Adamson, Germantown, Philadelphia.

Funeral services will be held Saturday at Sparta, N. J.

RESUME COAL OUTPUT

BIRMINGHAM, Ala., Sept. 11.—(AP)—Production in Alabama coal mines was back to normal Wednesday night after working at the Tennessee Coal, Iron and Railroad Co.'s Wylam and Edgewater shafts reported for days. T. C. L. management said the night shift at Wylam resumed work after members of the United Mine Workers of America returned at Edgewater earlier in the day. Approximately 1,000 men are employed at the two shafts.
