

Spending Habits Must Be Changed

The answer to unemployment, of course, is jobs. And a healthy business community provides jobs.

That is the rationale behind the intent of President Ford and his advisers to ask Congress for a cut in corporate income taxes, as outlined by Treasury Secretary William Simon to the House Ways and Means Committee.

Congress, despite an influx of new members elected last year during a national "anti-establishment" mood, is receptive if not enthusiastic. The lawmakers are well aware that unless business regains its health, more and more of their constituents will be out of work.

As conceded by Simon, however, convincing the American people that business tax cuts are in their own best interest will require "an enormous educational job." Dismayed over reports of massive oil company profits and caught up in a wave of consumerism, the public generally is unsympathetic to corporate woes.

But inflation has made the profit picture illusory. Uncertainty has made business officials cautious and investors wary.

Investment funds and profits — the stuff upon which expansion plans are built — fall far short of the trillions of dollars estimated as necessary to reach a national goal of 16 million new jobs over the next decade.

Reduced corporate taxes would boost corporate profits and entice more corporate investors. Capital is the force that creates new factories, plant additions and demand for new machines and facilities.

The capitalistic United States now trails most other nations in percentage of dollar production invested for growth and expansion.

Government shares the blame. A series of deficits in the federal budget has forced heavy federal borrowing, depriving business of lending sources and boosting interest rates. The private spending that can be translated into jobs has been stifled.

Government can take corrective measures with a constructive approach to business-tax reform and by adopting new spending habits. The ultimate message to be conveyed to the recently skeptical public is that living standards can rise only to the extent that business grows and prospers.

No Ethnic Test

When it came to light that Saudi Arabia wanted the U.S. Army to exclude Jewish soldiers from military aid teams sent to that country, the Defense Department faced a dilemma. What is more important — our relations with the Arabs, or the principle that a man's religion has nothing to do with his status in our armed services?

The steering committee of generals which has been studying the problem has made the correct judgment — the only one consistent with what is right by American standards. The Army should assign personnel to overseas posts on the basis of their qualifications to do a job — not on the basis of any religious or ethnic prejudices in the host country.

The generals would leave the door open for Americans to decline assignment to a post in a foreign country where they would be the object of prejudice or otherwise have a valid reason to ask for alternate duty. The option, however, should remain on our side.

Citizens of some countries may have their reasons for seeing something objectionable in the religion, race or ethnic heritage of people who represent the United States of America. That is their problem, not ours. If we compromise on the principle of equal opportunity in our armed services in order to cater to those prejudices, our military missions abroad would not be representing the United States but misrepresenting it.

BERRY'S WORLD

Ask me how I'm doing it, my assistiveness training program

Around

The Clock

It used to be (and not so many years ago) that one living in a small community could be proud of the fact that he attended the same school, starting with Grade 1, throughout his pre-college days. At the worst, you'd go through Grade 9 in the same building before transferring to High School, which consisted of Grades 10, 11 and 12. Back then you knew everyone in every class, because you all stayed together, right from the first through 12th grades — and you were proud when even a small number made it through the graduation exercises, proud that you'd been able to stick together through thick and thin.

First, she'll attend Pinecrest Elementary this fall, then next year she'll be switched to Goldboro Elementary where she'll remain for two years, if we continue to live in the same school district. Then it's on to Lakeview Middle School for three more years of learning before transferring again — this time to Crooms High where she'll stay for just one school year.

The decision by the federal Consumer Products Safety Commission not to issue a ban on aerosol products using fluorocarbons at this time was probably the most realistic one it could make, given the present state of our knowledge of the upper atmosphere and the complicated chemical processes that take place there.

When we can't forecast the weather accurately beyond three days, he asks, how can we honestly determine what fluorocarbons will do to the ozone layer in the next 40 years? The British meteorologist, who has frequently lashed out at fellow scientists who give the public "environmental liturgies" on the basis of data that is incomplete or ill-advised evidence, came to this conclusion recently under the auspices of the chemical industry, which has no small stake in the controversy.

Helsinki Accord: Nothing Or Everything Analysis

By JAMES R. PEIPERT
Associated Press Writer
HELSINKI, Finland (AP) — The European security declaration to be signed in Helsinki this week by the leaders of 35 nations, including President Ford, can mean all things to all people, very little to anybody at all.

regulations among nations and does with widely divergent ideologies and interests. Like so many consensus efforts the 100-page document is so strewn with qualifiers that it can be interpreted to back, or at least not exclude, almost any national aim.

the document and its scheduled signing Friday. The Soviets, who have pushed for a European Security Conference off and on since 1964 and were the prime movers behind the July 30-Aug. 1 super-summit, have been billing it with almost evangelical fervor as salvation for a continent ravaged by two world wars this century and countless national conflicts during the past millennium.

Premier Tries To End Clashes In Portugal

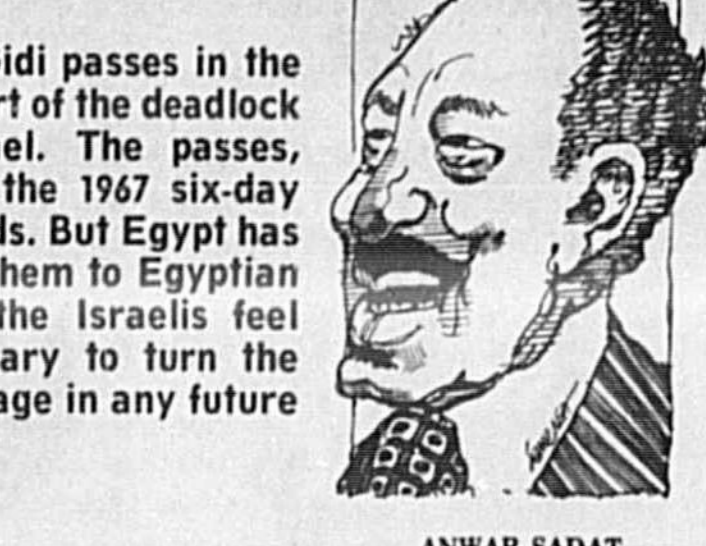

LISBON, Portugal (AP) — President Amaro Gonalves was believed ready to announce a new cabinet today following a bloody weekend clash between Socialists and militant Communists.

move too fast with their revolution, and those remarks appear to have been intended to allay fears abroad that the military was about to allow a Communist takeover.

YITZHAK RABIN

The strategic Mitla and Gidi passes in the Sinai desert are at the heart of the deadlock between Egypt and Israel. The passes, taken by the Israelis in the 1967 six-day war, remain in Israeli hands. But Egypt has called on Israel to return them to Egyptian control, a demand that the Israelis feel would allow their adversary to turn the passes to strategic advantage in any future war.

ANWAR SADAT

Today, Peres said that Egyptian President Anwar Sadat "perhaps believes he can further harm American-Israeli relations by trying to force Washington to squeeze a bit more out of Israel."

American Tourists Urged To Leave Laos

VIENTIANE, Laos (AP) — The U.S. Embassy in Laos said today that continued Pathet Lao occupation of a U.S. support facility has created serious problems and urged American tourists to avoid the country.

One American woman, Rosemary Conway, has been held by Lao authorities since June 4 without charge and another American was recently released after 14 days in jail, also without charge.

American tourists are young world travelers who don't register with the embassy and we don't know they're here until they're in trouble.

Local Observers Cautious

generally show a decline at the end of a year and an increase at the beginning of another.

The 1975 estimates for Sanford show 25,135 residents, according to University figures, while Seminole County has an estimated population of 190,000.

It is too much to ask. But one thing is for certain. The boom has swept perhaps leveled off. We are still in far better shape than other areas of similar size," Horner said.

AREA DEATHS

CHARLES LEE
Funeral services for Charles Henry Lee, 43, Lake City, who died Saturday were held today at Hickory Baptist Church, Lake City, with Masonic services at the graveside in Forest Lawn Cemetery.

WEATHER

Yesterday's high 92. Over-night low 68. Rainfall was 3.75 inches.

"The next event, folks, is a bareback endurance ride without reins."

Joan Little Trial Raises Queries

Joan Little has come a long way the wrong way. Until a year ago a troublesome, dead-ended delinquent serving 7 to 10 years for breaking and entering, her fortunes were remarkably altered on a hot August evening when she killed her jailer with an ice pick.

To a degree, the support for the suddenly famous young woman (she's 20) is to be expected. Though she admits killing the jailer, she pleads self-defense — he was trying to rape her, she says.

Finally, concerning the ice pick, the Alligood defense offers a point of mere concrete implication: If Ms. Little did merely defend herself against rape, why was it necessary to stab the man 11 times until he expired?

Presumably these wonders and more will be adequately aired as the Little trial progresses. But Alligood's people feel the facts will receive little attention outside the courtroom. Says one of the dead man's family: "If we could raise \$200,000, and if we could get all kinds of famous people in here on his (Alligood's) behalf, we might get the country to listen. Joan Little has proven this: You can get people in the country to believe anything if you tell them enough."

So it is there may be a greater issue on trial here in Raleigh. And that is whether justice is done as well as kind. One hopes so. If Ms. Little is innocent it must be because she did nothing legally wrong, not because she has a louder voice than the man she killed.

Once many into the breach, dear friends!
I've reached the happyland of the I in the I's.
I've found the sustains a G in the G's.
I've found the sustains a G in the G's.
I've found the sustains a G in the G's.

President Could Put Lid On Canning

WASHINGTON (AP) — Consumer advocate Ralph Nader says a little attention from President Ford would encourage manufacturers to turn out canning jar lids to ease the shortage plaguing many of the nation's estimated 20 million home canners. All that is needed to increase manufacturer's interest in expanding jar lid production is to "just have President Ford go on television and say this is a crisis, we can't let this food rot," according to Nader.

He said another effective strategy would be to permit more imports of jar lids from Japan, which he said has expressed an interest in the business.

Nader's suggestions were made in testimony before a House commodities and services subcommittee which has been looking into the causes of the shortage.

The Federal Trade Commission also is investigating the shortage.

The probe will center on the four regions in which the shortage is most severe — the Pacific Northwest, the Midwest, the Southeast and the East Coast, according to Robert E. Liedquist, acting director of the FTC's Bureau of Competition.

Liedquist said it is possible that the current shortage of canning lids could be caused by anticompetitive activity unlike the scarcity in 1974 which was caused by a lack of materials. Any such anticompetitive activity would be designed to encourage consumers to purchase more expensive sets of jars, lids and rings, or it could lead to higher prices later for lids.

Nader urged that the FTC not discount the possibility of industry collusion is causing the scarcity.

He said that two companies, the Ball Co. and Kerr Co., dominate 90 per cent of the market.

The Agriculture Department has estimated that six million new gardens were planted last year and another six million will be planted in 1975.

The jar lid shortage is a problem for those who can year after year. Although the jars may be used again, the lids must be replaced with each use.

Liedquist warned that the FTC probe would be thorough and expeditious. Rep. Charles J. Carney, D-Ohio, accepted the promise but promised that the subcommittee will ask for frequent if not weekly reports.

Doctor Warns: Keep Kids From Chemicals

By ABIGAIL VAN BUREN

Dear Abby

Readers, please place all detergents, bleaches, cleaning fluid, paint, polish, rat poison, drain cleaner and pills (including aspirin and iodine) under lock and key today!

DEAR ABBY: In 1926, we were married. Four years later, we got divorced. Neither of us married anybody else.

Seven years later we got married again. Next year will be 56 years since our first marriage. Do we have the right to celebrate our 50th wedding anniversary? Or do we have to wait another seven years to make up for the time we were divorced?

EAST OF EDEN

DEAR EAST: Go ahead and celebrate your 50th. Who's counting?

CONFIDENTIAL TO ANYONE WHO IS INTERESTED IN MONEY: If you're looking for ways to budget your money, save it, spend it wisely, invest it, leave it to your family or take it with you — I recommend Sylvia Porter's new "MONEY BOOK." It's not cheap, but it's worth the money!

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 8776, L.A., Calif. 90048. Enclose stamped, self-addressed envelope, please.

Have to write letters? Send 10¢ to Abby: Box No. 8776, L.A., Calif. 90048. Enclose stamped, self-addressed envelope, please.

ARNOLD E. KATZ, M.D. IOWA CITY, IOWA

DEAR DR. KATZ: Worried? If only one letter makes my column today, this will be it.

Thanksgiving in 1821 when the pilgrims feasted outdoors at Plymouth Rock.

A typical picnic scene in France was depicted in the painting, "Sunday On Grand Jatte Island" by Georges Seurat in the late 1800s. The painting shows women dressed in their fine ruffled-busted dresses with matching bonnets and parasols, reclining near the river's edge. The men, handsomely dressed, are enjoying their pipes or rowing a boat in which a young lady is seated.

In later years, many of the picnics in France became charity benefits at which an attendance fee was charged and formal evening dress and entertainment consisting of theatrical plays, ballets and comedy skits.

The Industrial Revolution of the late 1800s brought many people back to the urban areas. Seeking to keep in touch with nature, they often packed up and headed to the country for a day of picnicking and relaxing.

For the wealthy of this period, the picnic was a very social affair at which the women would exchange recipes, news and jokes and perhaps make matches for their daughters.

Many a young lass met her future husband at the box lunch picnic social, which had its beginning during this period. The young lady would prepare a box lunch for which was auctioned off to the highest bidder. They would then share the lunch and perhaps visit the various booths at the fair.

Picnics as we know them today came into existence during the 20th century. Every outing where food was taken — from the seashore to a stadium — soon became a picnic. Band concerts provided an opportunity for families to prepare a meal and eat together in the open.

As basketball became popular during the 1920s, many picnickers improvised a cooler version of the game — water balloon basketball and also participated in three-legged races and sack races.

Senator Vogt Weds

In a ceremony performed June 28 at Capehart Chapel, Patrick AFB, State Sen. John Vogt (D-Cocoa Beach) and the former Antonia Maria (Tonia) Dosal of Tallahassee were married by Dr. Robert M. McMillan, chaplain of the Florida Senate.

Given in marriage by Paul III, a good friend of the couple, the bride wore a formal gown of pale pink and a wide brimmed hat. Attendants were Mrs. Frank Johns of Tallahassee, matron of honor; Charles Meikle of Cocoa Beach, best man; and James Brownell of Melbourne Beach and Rick Stotter of Cocoa Beach, ushers.

Also in attendance were the bride's and bridegroom's children from former marriages, D'anna Lynn Dosal, Suzanne Rene Dosal, Leeanne Vogt and Lisa Vogt. Mother of the bride, Mrs. Rafael Fernandez of Miami, and mother of the bridegroom, Mrs. Mildred Hicks of Lakeland, were both present.

A reception followed the ceremony at the Cocoa-Rockledge Garden Club, attended by about 300 guests. Those from Seminole County included Seminole County School Board member Pat Tolson and Richard Tolson; Lake

Senator and Mrs. John Vogt

Mary City Councilman Virginia Mercer and Percy Mercer; Mr. and Mrs. George Brown of Lake Mary; and Mrs. Tom Binford of Maitland.

Legislative guests included Senator and Mrs. Edgar Dunn of Daytona Beach; Senator and Mrs. Harry Johnston of West Palm Beach; Representative and Mrs. Bill Nelson of Melbourne; Representative and Mrs. Dave Barrett of Indian Harbour Beach.

The couple will make their home in Central Brevard County.

Picnic Pioneers Started Enduring Tradition

The Herald Services

If you attended a "picnic" back in 1872, as the French called this outdoor party, you'd be dressed in your Sunday best. Back then, picnics were formal. The idea, however, was what today's picnic is all about — "pick up a trifle and come outdoors!"

The picnic is said to have originated in ancient Greece when men of letters held reunions where each guest contributed food. We don't know many details about early picnics, though, except what we can learn from paintings and books of the various periods.

The first American picnic dates back to the first

Thanksgiving in 1821 when the pilgrims feasted outdoors at Plymouth Rock.

A typical picnic scene in France was depicted in the painting, "Sunday On Grand Jatte Island" by Georges Seurat in the late 1800s. The painting shows women dressed in their fine ruffled-busted dresses with matching bonnets and parasols, reclining near the river's edge. The men, handsomely dressed, are enjoying their pipes or rowing a boat in which a young lady is seated.

In later years, many of the picnics in France became charity benefits at which an attendance fee was charged and formal evening dress and entertainment consisting of theatrical plays, ballets and comedy skits.

Cleaning House? Here's How To Do It

The Herald Services

Running a house can be a big job. So can cleaning it. Here are some cleaning tips — gathered from experts — that should help. The list covers common "trouble spots."

Ceramic tile — Wipe with a clean, damp sponge or cloth. If soap, grease or dirt has caused a cloudy film or slight discoloration of the tile, mix one teaspoon of washing soda in a quart of water and wipe clean. Chrome fixtures — Wipe with soft, damp cloth and polish with a dry cloth. If sticky, wash with a mild soap or detergent. For gummy kitchen lighting fixtures, use a little kerosene on a damp cloth or baking soda on a dry one. (Never use harsh metal polishes or cleaning powders. They can wear off the plating.)

Copper spots on utensils — Rub with: (a) copper cleaner, (b) hot vinegar and salt, (c) buttermilk, or (d) lemon juice and salt.

Dustpan — Wax the dustpan or spray it with a non-stick coating, and dust and dirt will slide right off.

Formica counter tops — Clean with a solution of vinegar and water. For stubborn stains, rub with a solution of a dampened cloth. Porcelain enamel cleaner may also be used. (Never use steel wool!)

Lamp shades — Dust shades frequently, as you would other furniture, using a soft cloth.

Rug and carpet care — Vacuum clean rugs and carpets often to remove coarse particles. These particles can cause a rug to wear, or accumulate and be ground into the fabric. (If frequent vacuuming will not harm a rug of any fabric.)

Celebration Marks Her 91st Birthday

Looking chipper and feeling fine on her 91st birthday, celebrated July 24, was Mrs. Bertha Skates of Sanford.

Mrs. Skates, who has lived in Sanford for the past 16 years, lives with her son, Raymond Skates, at 822 Rosalia Dr. A family luncheon party was held Thursday at the home of another son, Leonard Skates, who lives at 2000 Oak Ave.

Mrs. Skates has five children, sons, Allen, who lives in Orlando, and Ernest, who came from Chattanooga, Tenn., to be with his mother on her birthday. The other two sons were in the Navy during World War II. Mrs. Skates was awarded the Disney Award in 1973 and 1974, as well as the Bristol Myers Community Action Award. It was sponsored by Lyman High and the Orlando Recreation Department.

Phils' Ozark Ready To Run Down Pirates

By THE ASSOCIATED PRESS

Now that Cincinnati seems to have locked up the West Division, the question is who'll volunteer to try and stop Pittsburgh in the East?

Thank you, Danny Ozark. "Somebody has to and we'll do our best." Philadelphia's fiery manager said as he looked forward to tonight's opener of a three-game series in Pittsburgh against the front-running Pirates.

The Pirates, steamrolling Montreal 4-1 and 5-1 in a doubleheader Sunday, got a bit of unexpected help from St. Louis, which dumped the Phillies 9-6 and dropped them 5½ games out of first place.

In the rest of the National League, Los Angeles beat Cincinnati 5-3, San Diego defeated Atlanta 3-1, San Francisco downed Houston 5-3 and, in another uphill, Chicago split with New York, winning the opener 4-2 before the Mets took the 10-inning rematch 4-1.

St. Simmons' mammoth seventh-inning home run carried the Cardinals past Philadelphia. It was his third hit of the game and made a winner of 39-year-old Bob Gibson.

WILLIE STARGELL
BOB GIBSON

The one-time fireballing right-hander hadn't won a game since June 27 and he won this one in only his second relief role since 1963.

Pirates 4-5, Expos 1-3
Willie Stargell borrowed a light bat from pitcher John Candelaria and slugged a three-run homer in the eighth.

Bosox Bounce Yanks Twice To Stretch Lead

By THE ASSOCIATED PRESS

Break up the Red Sox!

The boys from Boston are running away with the American League East and they don't expect to be caught from behind.

"I don't think we can blow it," said Manager Darrell Johnson. "These boys just love to play baseball and they play the hell out of it."

"Lose? No chance," said rookie outfielder Fred Lynn. "Well, there's always a possibility but the chances are really slim."

"If we stay healthy, no one is going to catch us," added pitcher Bill Lee. "We have the best ballclub."

The reason for all the optimism was a 1-0, 6-0 sweep of the New York Yankees Sunday, a twin-killing that lifted the Red Sox games ahead of second-place Baltimore in the East Division. Lee and Roger Metz pitched six-hitters as Boston won for the 17th time in the last 20 games.

Elsewhere in the American League, Oakland swept a doubleheader from Chicago 10-1, 7-1. Baltimore took two games from Milwaukee 7-4 and 11-6 in 10 innings, California coasted by Minnesota 6-1. Kansas City shaded Texas 2-1 and Detroit split with Cleveland, winning 8-7 and losing 7-5.

Lee, 13-6, outduelled Catfish Hunter, 11-10, in the first game. Lynn reached first on an error by shortstop Jim Mason in the ninth inning, stole second and scored on Rick Miller's single for the game's only run.

Boston had an easier time of it in the nightcap as Jim Rice rapped four hits and drove in two runs, and Carl Yastrzemski hit his 12th home run of the year.

A's 10-7, White Sox 1-1
Vida Blue, 14-4, and Stan Bahnsen, 7-4, pitched eight-inning and Reggie Jackson and Joe Rudi homered in each game as Oakland upped its lead in the AL West to 9½ games.

Orioles 7-11, Brewers 4-6
Baltimore rallied for six runs in the ninth to tie the second game and five more in the 10th to win it. Doug DeCinces' two-run triple and Al Bumbry's two-run homer keyed the rally in the ninth.

Royals 2, Rangers 1
Steve Busby, 13-8, bested Gaylord Perry, 9-15, as Kansas City won its fifth straight game, four of them under new manager Whitey Herzog.

Tigers 8-2, Indians 7-8
Detroit rallied from a 7-2 deficit to take the opener. Aurelio Rodriguez' tie-breaking triple in the ninth inning. Cleveland came back in the nightcap behind Fritz Peterson, 8-7, who won for the first time in two months.

'76 Hopes Boosted Americans Cop Boxing Titles

MIAMI (AP) — The United States, behind Ray Leonard, has boosted its 1976 Olympic boxing hopes by claiming seven of 11 titles here in the finals of the 12-nation North American boxing championships.

Canadian claimed three titles Saturday with the eleventh division, light-flyweight, going to Dennis Francisco-Lizano of Costa Rica by decision over Nicaragua's Nestor Obregon. Leonard, of Palmer Park, Md., remained unbeaten in international competition by taking the light welterweight title with a technical knockout over Michael Bieri of Canada in 1:27 of the second round.

Heavyweight Michael Dokes of Akron, Ohio, scored a technical knockout over Gilbert Accu of Costa Rica after 1:27 of the first round.

Also with Tommy's were middleweight Tony Brooks of San Diego, Calif., after 1:08 of the first round when Nathaniel Knowles of the Bahamas suffered a broken jaw, and welterweight Clinton Jackson of Evergreen, Ala., over Jamaica's Michael McCallum after 2:40 of the first round.

Winning by decisions were featherweight Davey Armstrong of Tacoma, Wash., over Poland with three golds, five silvers and one bronze. Canada's shining career fourth place.

Two Canadian open records were cracked Sunday for a total of 12 in the three-day meet.

Weiskopf Nicks Nicklaus In Canadian Open Playoff

PHILADELPHIA (AP) — "I knew I had to pull myself up by the scuff of the neck," said Carol Mann.

That isn't exactly an easy trick for a 6-foot-3 gal like Miss Mann, but she did the trick.

After bogeying the first hole Sunday, she rolled in three birdie putts, and didn't falter again until she had the \$40,000 George Washington Classic locked up with a final round 70 for a 210.

Another three strokes back at 213 were Jo Ann Prentice and Kathy Whitworth, both recent Women's Golf Hall of Fame inductees. Miss Prentice finished with a 71, and Miss Whitworth a 74.

Miss Mann said the key to her victory was at the 15th hole, where she was in a bunker on the second shot, and her closest competitor, Miss McAllister, was on the green 18 feet from a birdie on the par four hole.

fourth time he's been second there.

"I thought I got over it in a couple of weeks," he said. "But I didn't. It really took it out of me. I haven't played much since then and I haven't played very well. The disappointment is the reason."

"It's a great thrill, it means a lot to win a national championship."

Weiskopf, who scored a dramatic birdie on the first extra hole, benefited from two Nicklaus' lapses and a little putting lesson Jack gave him early in the week.

Nicklaus, playing well in front of Weiskopf, appeared to have his first Canadian national championship in his pocket when he stood on the 18th tee. But, not knowing that Weiskopf was in trouble and on his way to a bogey on the 18th, Jack pulled-booked his drive into a lake on the left of the 18th and eventually made bogey. That cut his lead to a single stroke.

Weiskopf, a close friend who will play as Nicklaus' partner in the National Team championship later in the year, ramed in an 18-foot birdie putt on the 17th to tie and chipped up close to make par on the 18th.

They finished the regulation 72 holes in a drizzling rain tied at 274, six-under-par on the 6,628 yard Royal Montreal Golf Club course. Nicklaus, who had shared the lead at the end of the first three rounds, had a closing 68, two under par. Weiskopf shot 67.

On the first playoff hole, Weiskopf lifted his seven iron approach shot over water to within two feet of the cup. Nicklaus responded with a seven iron to about 6-8 feet. Both had distinct birdie possibilities.

But Jack missed.

Nicklaus earned \$22,800 for second.

Mann Captures Golf Classic

PHILADELPHIA (AP) — "I knew I had to pull myself up by the scuff of the neck," said Carol Mann.

That isn't exactly an easy trick for a 6-foot-3 gal like Miss Mann, but she did the trick.

After bogeying the first hole Sunday, she rolled in three birdie putts, and didn't falter again until she had the \$40,000 George Washington Classic locked up with a final round 70 for a 210.

DODGERS: Why They May Draw 3 Million Fans

LOS ANGELES—The scoreboard that hovers over the left bleachers in Dodger Stadium flashes a message: HAPPY BIRTHDAY GREETINGS... MERRILYN GROPER WEST LA... IAN HOVEY... DETROIT... Later, in the same game, the scoreboard lights up another greeting: WELCOME TO ANDERS MANSON... STOCKHOLM, SWEDEN... Within a week, Marilyn Groper in West Los Angeles, Ian Hovey in Michigan and Anders Manson in Sweden will receive, gratis, a 5 x 7 glossy photograph of the scoreboard which flickered those personalized messages.

WALTER O'MALLEY field level, "is the best place to play baseball."

Muffled Field Goal Turns Into Express TD

JACKSONVILLE, Fla. (AP)—Charles Durkin is doing well enough as a kicking specialist for the Jacksonville Jaguars, with three out of four. He's also kicking the World Football League in passing percentage after the exhibition season. Durkin picked up a fumbled snap on center on a fieldgoal attempt and passed to running back Ron Lamb for nine yards and the first touchdown Saturday night as the Express whipped the Hawaiians 19-7.

Bradshaw: Best Yet To Come?

LATROBE, Pa. (AP)—Terry Bradshaw, emerged as a cool, confident quarterback in the Pittsburgh Steelers' 1974 Super Bowl drive. And the feeling in the Steelers' training camp is that it was nothing more than a prelude for the best Bradshaw has to offer. "He walked into this training camp and took over the offense the second division. Happy Hill Farm's Brian Boru, like a 2-year-old, was Braulio Beza's fourth winner of the Express coach. "He'll see a lot of more of our regulars when he sees us in Hawaii."

Dearly Precious Wins Rich Stakes For Filies

By THE ASSOCIATED PRESS Dearly Precious was so anxious to claim the \$125,000 Sorority Stakes at Monmouth, she nearly left her jockey behind. The winner, owned by Richard E. Bailey, took charge on the turn Saturday and fought off several challengers to win the \$125,000 Sorority Stakes. She was a little rank at the start, but she was given his outright race Saturday following a dispute with the club.

Murphy Upsets Balent

CHARLESTON, W. Va. (AP)—No. 2 seed Jennifer Balent of Fort Lauderdale, Fla., was upset by Jennifer Murphy of Lexington, Va., in the first round of the National Girls' 16 Tennis Championships. Miss Murphy celebrated her 14th birthday with the 1-6, 6-4, 4-6 Sunday victory.

U.S. Wins Swimming Crown In Colombia

COLL, Colombia (AP)—They pulled the plug on the second swim to eight victories in 15 events. The East German team and when it was all over, only the United States and East Germany could hold their heads above water. The powerful American and East German contingents overwhelmed the field and their only competition was against each other. "We have come back and I think we have proven this," said Filip Darr, coach of the American women swimmers who won three gold, five silver and five bronze medals.

Superdome Still A Thorny Topic

EDITOR'S NOTE — The Superdome project refused to bear arguments. By the time bids were received early in 1971, construction estimates had soared. The lowest bid was \$93.5 million, without the interest costs, the inflation and the "extras" that eventually drove the cost to \$183 million.

Oswald: "North has a perfect Blackwood response to South's spade opening. He plans to bid seven if South shows three, six if he shows two and five if he shows one."
Jim: "Suppose he shows no aces?"
Oswald: "North should get a new partner. South is obviously bad luck for him."
Ask the Jacobys
A letter from St. Paul reads in part: "I opened one club. My partner responded one spade. What should I rebid with: ♠ Q 4 ♥ W X X ♦ A X X ♣ A K 10 X X?"
The correct rebid is a raise to two spades. You only have three spades, but your alternate bids are all unsatisfactory. If your partner has four spades and a bad hand two spades should be a reasonable contract. If he has a good hand and only four spades he will probably find some other bid that jumps to the spade game. In particular you should avoid a one notrump rebid with that worthless doubleton in hearts.

Pelley Cites Fund Squeeze School Pact Costs Soaring

HARRY PELLEY
Superintendent of Schools

School board spokesman Harry Pelley yesterday charged it will cost an additional seven to eight million dollars to implement the entire 75-page contract proposed by the Seminole Education Association (SEA).

"I would cost in excess of \$4-million just to implement a starting salary of \$10,000," Pelley said as the two negotiating teams agreed for discussions on teacher salaries.

STEVE ROSENTHAL
Assistant Superintendent

"I'm sure there are lots of counties that are worse off than we are. We've taken a conservative stance over the years for times just like these."
—Assistant Superintendent Roger Harris

million, up from last year's \$34-million. Harris and Pelley both are eager to reach an agreement with the association on teacher salaries.

"Until you know what the salaries are going to be, you can't make an intelligent budget," Harris said.

Meanwhile Pelley told Rosenthal that "from now on, everything we take up involves money."

But, Rosenthal said discussing money before taking up working conditions is "out of order" because a teacher should discuss conditions before salary.

Both teams had previously agreed to discuss salary first, and Pelley held SEA to that agreement. "That pie is only so big," Pelley said. "Where do we allocate the money?"

Rosenthal said salaries in Seminole compared to other Florida counties "couldn't get much lower."

"Most counties started at \$2,000 or more last year," he said.

Pelley, who says he's been bargaining in "extra good faith," stressed the fact that the board must have the budget. He hopes for a salary agreement by Friday.

"We're running out of time," Pelley said.

"You see Friday as the end," Rosenthal answered. "I don't because Oct. 1 is the budget submission date for the county."

County Commission Chairman Sid Vihlen Jr., when notified the report had been presented, said, "Until the commissioners are officially informed of the grand jury's findings by the court, we can have no comment. We have attempted to cooperate with the investigation in every manner."

Herring, in an interview before this morning's activity, said that he felt "because of the magnitude of this particular investigation, the expense involved to the taxpayers will not be heavy."

Herring said he felt the grand jury had been at-
tending to the report when it was reported that Pelley had refused comment on who might have been mentioned in the report.

Herring met briefly with County Attorney Tom Freeman, Sheriff Polk and Judge Hosemann before holding an impromptu news conference.

The report covered a number of pages and was completed at 11 a.m., when Herring met with grand jury members privately in his office.

Shortly after 11, Chief Investigator Jack Fullenwider left Herring's office to notify Judge Hosemann that the report was ready.

County Commission Chairman Sid Vihlen Jr., when notified the report had been presented, said, "Until the commissioners are officially informed of the grand jury's findings by the court, we can have no comment. We have attempted to cooperate with the investigation in every manner."

'Buyer' Budget Sought

County finance officials are preparing a budget proposal for county commissioners to consider establishing a central purchasing agent, effective Oct. 1 — the first step in creating a county-wide purchasing department.

In a work session yesterday, commissioners requested proposed budget be drawn by the Office of Management Assistance and Evaluation (OMAE), the Deputy Clerk Ashby Jones and Bob Ellis interim administrative assistant.

Four commissioners — Chairman Sid Vihlen Jr., Harry Kwiatkowski, Mike Hartaway and Dick Williams — agreed to the hiring of a professional purchasing agent, with the responsibility to help design an overall purchasing department for the county.

Once the agent is employed Vihlen recommended the agent work with the OMAE staff on the development of the purchasing department. Creation of a central purchasing office is one of the recommendations of Management Consultant E. H. Underwood.

Jones said if a purchasing system is created an encumbrance bookkeeping system — which would allow each department to know immediately the amount of money in the department's budget.

Jones and Vihlen have been working on recommendations for the commission's consideration for several weeks. Vihlen said the idea of a central purchasing system has been discussed for several years.

Girl Scouts Win Ecology Grant

ANITA BRITTAN, left, member of the board of Directors of the Citrus Council of Girl Scouts, points out the proposed location of the Scouts' ecological studies building to Seminole County Bicentennial Chairman Jack Horner while Council Assistant Executive Director Libby Blanton looks on. The building is being funded by a \$14,000 bicentennial grant announced over the weekend.

Charges Cut To Misdemeanor O'Malley Resigns, Bargains

"I know that Tom feels he is innocent and he wants to fight. But the pressures are such that his life is now at stake."
—Ray O'Malley

Governor, who had been authorized by Gov. Reubin Askew to receive the resignation.

Both would not read the letter of resignation to reporters, but said Williams or Askew could make it public if they desired.

The resignation apparently cited ill health as the reason behind O'Malley's decision to quit the office.

"I think his health is very precarious, that's what I am advised by his doctors," Booth said.

Both the special prosecutors, State Atty. Edward Austin and Asst. State Atty. Robert Willis, discussed the plea bargaining agreement with Leon County Judge Hal McClamma as Williams waited in the capitol for O'Malley's resignation.

Williams said a short time later he had accepted the resignation to Askew, who was due back in the capitol later in the day.

O'Malley, who is ill in a Miami hospital, said he gave up his fight to hold the office only because of his health.

"My health has continued to deteriorate the past few months due to a heart condition which made it necessary for me to undergo open heart surgery last year," he said.

O'Malley also said that he had to consider the effect of legal fees on his family finances. The comments came in a statement released to reporters in the capitol.

"I have two children in college and one in high school and financially, I'm not able to bear the high legal costs involved in the pending litigation and impeachment trial," he said.

Askew's office later released a copy of the resignation, which simply said O'Malley was leaving the office immediately "in order that you may proceed to the appointment of a successor."

Williams signed the sheet denoting acceptance of the O'Malley letter.

Sources said McClamma would call a hearing later. It was reported that two felony charges against O'Malley were to be dropped and a guilty plea was to be entered for the secondly ill former commissioner on a misdemeanor charge.

Askew planned to return to Tallahassee today, a few days early, Williams said, but added he did not know if the change was connected with O'Malley.

The governor has been vacationing in North Carolina since July 15 and planned to go to Pensacola later this week for his mother's birthday.

Detectives Searching For Clues In Theft Of Stocks Worth \$99,600

By BOB LLOYD
Herald Staff Writer

Sheriff's detectives today were scouring south Seminole County for clues that might lead to the burglars who took a small safe containing gold jewelry and \$99,600 in stock certificates from an Altamonte Springs residence.

Deputies reported the 111 Pine Tree Lane home of James A. Wesley was entered via a window and yeggs ransacked several rooms and an office before hauling away the safe.

Deputy L.M. Ford said the stock certificates for 2,896 shares in 11 firms were reported to be non-negotiable.

Sheriff's detective George Haggood said Steven A. Stone, Marla Ave., Longwood, was wounded in the lower right back near the spine, while canoeing on the Wekiva with his two brothers.

Rory Stone, 15, summoned deputies and county fire department emergency units after the boating accident at a quarter mile south north of SR 46.

Deputy B. L. Thompson reported that 14-year-old Scott Stone was also in the canoe with Steven and Rory when a dog unbalanced the canoe and it capsized throwing the occupants into the river. When the canoe capsized, a .22 caliber pistol in the canoe fired and Steven was wounded, Haggood said.

Haggood said when Steven Stone was taken to Seminole Memorial Hospital by ambulance and open profanity.

Randall E. Osborn, 21, Longwood Route One, was held on \$11,100 bond on charges of driving under influence of narcotics, possession of a controlled substance, possession of paraphernalia, reckless driving and open profanity, according to county jail records.

Deputies reported the man was armed with a pistol and pointed it at the faces of the two apartment residents and threatened to blow their heads off.

Deputies conducted a search of the area after the incident and said they apprehended the juvenile at a post office stand on Lake Howell Road near a convenience store. Deputies reported the youth, who was turned over to state Division of Juvenile Justice.

Juvenile Held

Sheriff's deputies arrested a 17-year-old Maitland juvenile boy early today after a search in the Lake Howell Road area for a gunman who allegedly entered three autos at Foxcroft Apartments and was chased through a pool area by two residents.

Deputies reported the man was armed with a pistol and pointed it at the faces of the two apartment residents and threatened to blow their heads off.

Deputies conducted a search of the area after the incident and said they apprehended the juvenile at a post office stand on Lake Howell Road near a convenience store. Deputies reported the youth, who was turned over to state Division of Juvenile Justice.
