NUMBER 279

## BOMB THROWING STARTS IN THE RUHR SECTION; NO ONE WAS INJURED

BOMB WAS THROWN IN  
FRONT OF HOTEL WHERE  
FRENCH OFFICERS STAY

### LIGHT SUPPLY CUT

By Employees of the Municipal  
Plant at Essen as a  
Protest

(By The Associated Press)  
DUSSELDORF, Feb. 17.—Bomb  
throwing and serious cases of sabo-  
tage occurred in the Ruhr valley dur-  
ing the night. A bomb was thrown in  
a street in Essen near the Kaiserhof  
hotel, the French engineer headquar-  
ters where Chief Engineer Coste and  
thirty or forty other civil engineers  
are lodged. No injuries resulted.

ESSEN, Feb. 17.—Employees of the  
municipal electric works have decid-  
ed to cut off Essen's supply of elec-  
tricity as a result of the imposition of  
a fine of five million marks on Direc-  
tor Buszmann of the local plant.

PARIS, Feb. 17.—France is ready,  
under an agreement with Belgium, to  
set her printing presses at work turn-  
ing out German marks for use in the  
Ruhr if the German government starts  
a financial blockade of the occupied  
region. The Associated Press was in-  
formed last night on good authority.  
The original plan to issue an en-  
tirely new currency guaranteed by the  
resources of the Ruhr has been aban-  
doned because of the numerous com-  
plications that would arise with two  
kinds of money in circulation, when  
the final settlement comes.

There have been plenty of marks to  
meet all requirements in the Ruhr  
thus far and the French officials are  
confident that the Germans will not  
oblige them to resort to the printing  
of marks on their own account, but  
if they do, the French declare they  
will proceed to issue all the currency  
needed and will require the German  
government to honor it when the Ruhr  
occupation is terminated.

French bankers say they are puz-  
zled by large purchases of marks in  
London and New York in an apparent  
effort to raise the value of the mark  
but they do not believe this operation  
can have any permanent effect, with  
the presses in Berlin turning out new  
notes at an ever-increasing rate.

ESSEN, Feb. 17.—Essen was the  
storm center yesterday in the Ruhr,  
where the friction between the French  
and Germans has increased because of  
Thursday night's shooting of the two  
French soldiers, by security police,  
in a cafe brawl.

In retaliation for this shooting,  
General Fournier ordered a battalion  
of French infantry to occupy the Ger-  
man police barracks. The chief of po-  
lice was arrested, all the files and  
documents at police headquarters  
were taken by the French and the dis-  
arming of the police was begun.

The shooting of the French soldiers  
occurred when eight of them, off duty,  
entered a cafe. The waiters refused to  
serve them because of the boycott  
against the French, started last Mon-  
day night, and immediately the firing  
began.

The director of the Essen electric  
light plant, Herr Bussman, was sen-  
tenced by the French court martial,  
at Bredey yesterday to pay a fine of  
5,000,000 marks for alleged inter-  
ference with the French on Monday  
after the taking over by the French  
of the Kaiserhof hotel, which is the  
headquarters of General Coste, head  
of the industrial commission in the  
Ruhr. The director facilitated the cut-  
ting off of the hotel lights, when the  
boycott started with the waiters re-  
fusing to serve the French.

Oberburgomaster Havenstein of Ob-  
erhausen, who was arrested for dis-  
regarding French orders, also was  
tried by the Bredey court martial.  
He was convicted and sentenced to  
two years imprisonment.

General Fournier has notified the  
burgomaster's office that all allied  
soldiers as well as the allied civilians  
are entitled to make purchases in the  
stores of Essen, and to be served in  
restaurants and cafes, and that any  
keepers of such places who refuse to  
sell, will run the risk of their places  
Germans claim that the food situation  
around Bechem is serious.

The Daily Herald, 15c per week.

## RESOLUTIONS PASSED BY CALIFORNIANS

THANKS COUNTIES AND NEWS-  
PAPERS, ESPECIALLY THE  
SANFORD HERALD

Resolutions passed by California  
party at DeLand where they officially  
disbanded.

On this occasion of the first of-  
ficial visit of California to Florida, we  
the party of citrus growers and oth-  
ers, who have come across the United  
States to see what this commonwealth  
was doing in the way of producing  
citrus fruits and winter vegetables,  
desire to go on record as follows:

1.—We wish to state unqualifiedly  
that we are surprised at the volume  
and the quality of agricultural prod-  
ucts that we saw on exhibition at the  
South Florida Fair in Tampa, and in  
the counties which we visited.

2.—We wish to compliment Florida  
upon its ideal winter climate which we  
found living up to its establish rep-  
utation.

3.—We wish to thank all who have  
in any way contributed to the success  
of our trip to Florida. It is impos-  
sible for us to recall the names of all  
the cities, towns and individuals who  
welcomed us in true Southern style,  
but we thank all whose names we do  
not mention as well as those who are  
here recorded.

4.—We are grateful to Mr. E. A.  
Street and Captain E. A. Wright, who  
arranged the trip, to the railroad of-  
ficials, the Florida Citrus Exchange,  
the American Fruit Growers, Inc., the  
Fruit Mens Club, of Orlando, Mr. W.  
M. Tarpley, to the various organiza-  
tions, state, city and county that have  
welcomed us all along the line of our  
tour. Particularly we are grateful to  
the citizens of Hillsboro, Manatee,  
Polk, Orange, Seminole, Lake and Vol-  
usia counties for all they have done  
for us.

5.—We wish to thank Con. O. Lee,  
press agent and newspaper corres-  
pondent, who accompanied us all  
throughout our trip and who rendered  
valuable services in the way of  
publicity and information all the  
time.

6.—We wish to thank the newspa-  
pers for the publicity they have given  
us and for the accuracy with which  
they reported our doings and address-  
es. Particularly we were impressed  
with the special edition of the San-  
ford Herald printed in our honor by  
R. J. Hooley, the enterprising editor of  
that paper.

7.—We only hope that this visit may  
be the beginning of many more be-  
tween the two great citrus growing  
states of America and that we may  
help by mutual exchange of thought  
and experiences to lead the way to a  
solution of the problems that confront  
all citrus fruit growers in the United  
States.

8.—And in furtherance of this, our  
unanimous opinion, we instruct the  
chairman and secretary of our party  
to send copies of this, our declara-  
tion, to the newspapers of Florida and  
California.

GEORGE C. ROEDING,  
Chmn. California Party.

## First Car of Celery From Chuluota Section Shipped This Week

The first car of celery from the  
Chuluota section was shipped on  
Thursday of this week going out from  
the L. A. Brumley farm and was said  
to be of very fine quality. Mr. Brum-  
ley and his son William, have a large  
force of men at work on the old ranch  
lands on the Econlochatchee creek  
for many months breaking up lands  
and tilling them and getting them in  
shape and Mr. Brumley, who is one  
of the pioneer growers of Celery ave-  
nue says that his new farms will be  
among the finest in the state. He will  
have about fifty acres in tomatoes  
this season and expects to go in for  
big celery as well as spring crops.  
This opens up another fine part of  
Seminole county and brings into cul-  
tivation some of the lands that were  
thought to be only good for grazing  
cattle many years ago.

## BAND CONCERT SUNDAY AFTERNOON CENTRAL PARK

Following is the program for the band concert at Central  
Park Sunday rendered by the Sanford Concert Band under the  
efficient leadership of Edgar A. Ball. Clip this out and take it  
with you:

March—Hostrauer..... A. Paris Chambers  
Selection—Daughter of the Regiment..... Donizetti  
Reverie—Traumerel..... R. Schumann  
Waltzes from Militaire..... Waldteufel

### INTERMISSION

Patrol Japanese—Fou-Ss-Ka..... Theo. Tobani  
Serenade—Hearts and Flowers..... E. L. McCoy  
Overture—Prince of India..... Karl King  
Excerpts from Ballet Les Million D'Arlequin..... R. Drigo  
Star Spangled Banner..... Key

## CONGRESSIONAL APPROVAL BRITISH DEBT SETTLEMENT COMPLETED LAST NIGHT

Similar Debts Against Other Nations Must Have  
Approval of Congress

(By The Associated Press)  
WASHINGTON, Feb. 17.—Con-  
gressional approval of the British  
debt funding settlement virtually was  
completed last night, when the senate  
passed the house funding bill. The  
vote was 70 to 13.

The bill was returned to the house  
for adjustment of amendments not  
relating to the plan for adjusting of  
the debt, amounting to \$4,601,000,000  
over a period of 62 years at reduced  
interest, but providing that similar  
debts against other nations must  
have the approval of congress in-  
stead of the president. Forty-six Re-  
publicans and twenty-four Democrats  
voted for passage. Democrat sup-  
porters included Senator Fletcher.

The vote was not reached until af-  
ter 7 o'clock, and after a continuous  
session of eight hours, and a total of  
four days of debate. The bill was  
passed a week ago today by the house  
after one day's discussion and goes to  
conference with a certainty of enact-  
ment before congress adjourns. Chair-  
man McChamber of the finance com-  
mittee, Senator Smoot, Utah, a mem-  
ber of the finance committee and of  
the debt commission, also Senator  
Williams, were appointed as the con-  
ferrees for the senate.

Only two important amendments  
are in the dispute between the senate  
and the house. There are the amend-  
ment of Senator Robinson, Arkansas,  
providing for approval by congress  
instead of the president, of funding  
agreements with other nations, and  
one by Senator Harris, Georgia, pro-  
viding for appointment of three Dem-  
ocrats on the allied debt commission.  
Both were adopted by the senate with-  
out record votes. The Robinson  
amendment was accepted by adminis-  
tration leaders but they opposed that  
of Senator Harris and said it would  
be dropped out in conference if it  
threatened to delay enactment of the  
legislation.

The attack, in final debate yester-  
day, as well as in previous discussion,  
centered on the reduced interest pro-  
vided in the British settlement. This  
is three per cent for the first ten  
years, and 3 1/2 thereafter. Opponents  
rallied finally upon the amendment of  
Senator Hitchcock, Nebraska, propos-  
ing that Great Britain should pay the  
same rate paid by the United States  
upon its securities, averaged each  
year.

This was rejected 61 to 21, and ended  
the interest fight, Senators Reed,  
Missouri, and McKellar, Tenn., prom-  
inent among the opposition, refrain-  
ing from offering similar amend-  
ments. Senator Reed said the vote on  
the Hitchcock amendment made it ap-  
parent that the senate intended to  
swallow the bill as it stood. Four-  
teen Democrats and seven Republi-  
cans supported the Hitchcock amend-  
ment.

## Destructive Blaze Burns 75 Box Cars

(By The Associated Press)  
LAKELAND, Feb. 17.—Fire that  
raged throughout last night at the At-  
lantic Coast Line railroad yards here  
destroyed 75 empty box cars. The fire  
is thought to have started from en-  
gine sparks igniting the straw in a  
box car. The nearest hydrant being a  
half mile from the blaze, the firemen  
were unable to extinguish the blaze  
until 3:30 this morning.

## CELERY MARKETS

POTOMAC YARDS: Total 28 cars:  
New York, 12; Rochester, 3; Wash-  
ington, 2; Baltimore, 2; Pittsburgh,

Telegraphic Reports from Important  
Markets  
DETROIT: 10, clear. 2 Califor-  
nia arrived, 7 cars on track including  
broken. Supplies moderate, demand  
light, movement slow, market dull.  
Florida 10 inch crates Golden Self-  
blanching 4-6 doz stalks in the rough  
\$2.75-\$3.00, few \$3.25, French strain  
3-6 doz stalks \$2.50-\$2.75.

MINNEAPOLIS: 2, cloudy. 1 Califor-  
nia arrived, 3 cars on track in-  
cluding brokep. Supplies liberal, de-  
mand and movement moderate, mar-  
ket steady. California crates Golden  
Heart in the rough \$5.50-\$7.00, accord-  
ing to height and quality, few high  
as \$7.50.

BOSTON: 8, clear. 1 California  
arrived, 3 unbroken and 5 broken cars  
on track. Supplies limited, closing  
prices Friday, opening Saturday, prac-  
tically no movement. No sales re-  
ported.

PHILADELPHIA: 10, cloudy. No  
car lot arrivals, 7 cars on track, no  
fresh offerings. No sales reported.

CHICAGO: 11, snowing. 3 Califor-  
nia, 4 Florida arrived, 61 cars on  
track including broken. Supplies lib-  
eral, demand and movement moderate,  
market steady. Florida 10 inch  
crates Golden Self-Blanching 4-6 doz.  
stalks \$2.75-\$3.00; 8 doz stalks \$2.00-  
\$2.25; 10 doz stalks \$1.25, French  
Strain 4-6 doz stalks \$2.50-\$2.75; 8  
doz stalks \$2.00; 10 doz stalks \$1.00;  
California crates Golden Heart in the  
rough, Northern district \$5.00-\$5.50;  
Southern District, \$4.00-\$5.00. San  
Diego district, mostly around \$6.00.

## SOME JOB- CLEANING UP WASHINGTON

PROHIBITION OFFICIALS AGAIN  
ATTEMPT THE IMPOSSIBLE  
(By The Associated Press)  
WASHINGTON, Feb. 17.—Police  
prohibition officers launched their  
second city wide liquor cleanup since  
the beginning of February, today.  
Armed with fifty warrants they be-  
gan before noon a series of raids that  
reached into every section of the cap-  
ital and which filled rapidly all the  
available detention space at several  
stations.

## SANFORD GROWERS CELERY CROP SHOULD BE HELD BACK DURING THE COLD WEATHER

### FARM OUTLOOK ENCOURAGING SAYS REPORT

HEAVY SHIPMENTS OF VEGE-  
TABLES GOING FROM FLO-  
RIDA

(By The Associated Press)  
ATLANTA, Feb. 17.—The general  
farm outlook for the southeastern  
states is much more encouraging than  
at any time last year but there are  
areas in very bad shape from every  
standpoint, the bureau of agricul-  
tural economics of the United States  
department of agriculture declared in  
its mid-month crop report for the  
southeast. Idle land in the worst weath-  
er infected section, the report asser-  
ted, will run from ten to twenty per  
cent during the coming season. The  
movement of labor from farms to in-  
dustrial centers continues, the review  
said, and farmers are unable to meet  
competitive prices. The movement of  
hogs is brisk, except in Florida, where  
the cattle ranges are also reported  
poor. Florida reports heavy move-  
ments of cabbage, celery, lettuce and  
preparations going forward for mel-  
ons. Florida is expected to plant cot-  
ton earlier this year.

As in the series of sixty raids con-  
ducted February 2, the evidence was  
given revenue agents and police by J.  
L. Asher, revenue agent from Ken-  
tucky. Asher travelled the round of  
the capital underworld, this time in  
the guise of a wandering minstrel,  
playing his way into the hearts of his  
victims on a violin.

### WATERWAYS LEAGUE GETS MANY MEMBERS IN CAMPAIGN HERE

Not until the support of the people  
of the state has been assured will  
the Florida Waterways Traffic League  
proceed with its plans for developing  
the state's waterways, officers of  
the organization have announced.

### MRS. RAIZEN TAKES STAND IN OWN DEFENSE

(By The Associated Press)  
NEW YORK, Feb. 17.—Mrs. Lillian  
S. Raizen—sighing, weeping, collaps-  
ing, yesterday spent four hours on  
the witness stand at her trial on a  
charge of having murdered Dr. Abra-  
ham Glickstein in Brooklyn a year  
ago.

She told a halting story of a wom-  
an's betrayal, a woman's anguish, a  
woman's plea for the wedding ring, a  
woman's shot—a halting tale drawn  
from trembling lips at the terse com-  
mand of the court to "stop crying"  
and "speak so the jury can hear."

In tears, too, were Charles Raizen,  
the defendant's husband, who testi-  
fied for her yesterday and members  
of the Glickstein family, seated among  
the spectators. Several times Su-  
preme Court Justice Cropsey was  
forced to adjourn court until the de-  
fendant could refrain her composure.

When she was testifying as to her  
knowledge of the shooting and dur-  
ing her cross-examination, Mrs. Raiz-  
en pressed a handkerchief so tightly  
to her lips that her words were in-  
audible.

"Talk louder—you can talk louder  
if you want to," almost shouted the  
judge. "If you want the jury to hear  
your story, you had better talk and  
stop crying," he repeated in a few  
minutes.

At the conclusion of her cross-ex-  
amination, Mrs. Raizen, who had been  
lifted into the witness stand, her head  
swaying, was lifted from it.

### LOOK OUT FOR FROST TONIGHT

(By The Associated Press)  
WASHINGTON, Feb. 17.—Without  
relaxing appreciably its grip on the  
east and middle west the cold snap  
will reach out tonight to take within  
its grasp the southernmost tip of  
continental United States. Frost as  
far south as extreme Southern Flor-  
ida is the forecast by the weather bu-  
reau.

### THIS SECTION HAS THE CEL- ERY AND DON'T HAVE TO SHIP ALL AT ONCE GET TOGETHER

The Growers and Business Men  
With Chamber of Commerce  
Could Help the Situation

Sanford celery is of the finest, San-  
ford has plenty of it left, the weather  
is cold and fine and the celery can  
be kept in the field for some time to  
come. The price is not bad at present  
considering that the peak of the  
movement is almost on now but the  
price should be some better and the  
only way to make it better and to sta-  
bilize the market for the balance of  
the season is for the growers and the  
shippers to get together and decide  
about holding back the bulk of the  
crop if the cold weather is to prevail.  
Sanford celery just now is of the  
finest quality but it is running short  
to the acre and for that reason the  
growers realize that if the price goes  
too high a slump is bound to follow  
and they think that if an established  
price could be made now and the big  
movement held back from time to time  
that a staple price could be maintain-  
ed all during the remainder of the  
season. It is something worth while  
thinking about. The Herald gives it  
today for what it is worth.

### WATERWAYS LEAGUE GETS MANY MEMBERS IN CAMPAIGN HERE

Not until the support of the people  
of the state has been assured will  
the Florida Waterways Traffic League  
proceed with its plans for developing  
the state's waterways, officers of  
the organization have announced.

### MRS. RAIZEN TAKES STAND IN OWN DEFENSE

(By The Associated Press)  
NEW YORK, Feb. 17.—Mrs. Lillian  
S. Raizen—sighing, weeping, collaps-  
ing, yesterday spent four hours on  
the witness stand at her trial on a  
charge of having murdered Dr. Abra-  
ham Glickstein in Brooklyn a year  
ago.

She told a halting story of a wom-  
an's betrayal, a woman's anguish, a  
woman's plea for the wedding ring, a  
woman's shot—a halting tale drawn  
from trembling lips at the terse com-  
mand of the court to "stop crying"  
and "speak so the jury can hear."

In tears, too, were Charles Raizen,  
the defendant's husband, who testi-  
fied for her yesterday and members  
of the Glickstein family, seated among  
the spectators. Several times Su-  
preme Court Justice Cropsey was  
forced to adjourn court until the de-  
fendant could refrain her composure.

When she was testifying as to her  
knowledge of the shooting and dur-  
ing her cross-examination, Mrs. Raiz-  
en pressed a handkerchief so tightly  
to her lips that her words were in-  
audible.

"Talk louder—you can talk louder  
if you want to," almost shouted the  
judge. "If you want the jury to hear  
your story, you had better talk and  
stop crying," he repeated in a few  
minutes.

At the conclusion of her cross-ex-  
amination, Mrs. Raizen, who had been  
lifted into the witness stand, her head  
swaying, was lifted from it.

### LOOK OUT FOR FROST TONIGHT

(By The Associated Press)  
WASHINGTON, Feb. 17.—Without  
relaxing appreciably its grip on the  
east and middle west the cold snap  
will reach out tonight to take within  
its grasp the southernmost tip of  
continental United States. Frost as  
far south as extreme Southern Flor-  
ida is the forecast by the weather bu-  
reau.

### Cold Weather At Jacksonville

(By The Associated Press)  
JACKSONVILLE, Feb. 17.—This  
city and Northern Florida experienc-  
ed another drop in temperature, the  
mercury going dangerously near the  
killing frost point to 34 degrees, reg-  
istering the most severe cold of the  
winter. Light frost was prevalent,  
last night.

### Better Let Them Scrap Next Time

(By The Associated Press)  
WASHINGTON, Feb. 17.—The con-  
sideration of the Farm Credits leg-  
islation in the house today began amid  
stormy scenes. Representatives Win-  
go and Jones almost came to blows  
over the division of time allowed for  
debate, several members intervening  
to prevent a fight.

### Seminole County Showed Up Well at Sub-Tropical Fair

Seminole county showed up well at  
the Subtropical Fair at Orlando and  
Chuluota, Oviedo, Geneva, Longwood,  
and Altamonte and other sections of  
the county showed up even better  
than the Sanford section. A list of  
all the prize winners will be given in  
Monday's Daily Herald and next Fri-  
day's Weekly Herald.

### Sanford is Different From Other Cities Under Ten Thousand

#### Big Companies Would Finance Sanford Projects Regardless of Population

Sanford was named the City Substantial by our live wire secretary of the Chamber of Commerce, R. W. Peatman. He made no mistake when he gave it that substantial slogan. It means so much to the city in every way and describes it exactly. It is substantial because it has the substantial backing of real farming lands behind it and the backing of the citizens of Sanford who have put their own money into every project that has

ever been started here. But if they do want to go out and get some money they can get it as the following letter from L. R. Crandall, of the Fuller Construction Co., to F. P. Forster, president of the First National Bank, would indicate:

**GEORGE A. FULLER COMPANY**  
Building and Industrial  
Construction  
Sanford, Florida,  
Feb. 10th, 1923.

Dear Mr. Holly:  
While talking to Mr. Forster this morning, I related an incident that happened to me in the North which showed the feeling of the Northern financiers toward Sanford and he asked that I give him the information that he might hand it to you and possibly you would like to give a short

story on it. The incident is as follows:  
While talking to a certain large financing concern in the north about the possibilities of financing work in Florida, they told me that they were sufficiently satisfied with the state to finance good established commercial work in cities of ten thousand or above. I told him that we felt a little stronger than that as we were already helping to finance in a city under ten thousand, and when he asked what place it was, I told him it was Sanford. His reply was, "Oh, well we too feel that Sanford is an exception and are ready to help finance some of their projects."

Very truly yours,  
L. R. CRANDALL, Mgr.  
George A. Fuller Co.

### FLYING RECORD ECLIPSED

(By The Associated Press)  
ISTRES, France, Feb. 16.—Sadi Lecote, the French aviator, flying a 300-horsepower Nieuport, yesterday maintained a speed of 337.57 kilometers an hour for four kilometers. This eclipses the record made by Brig. Gen. Wm. Mitchell, assistant chief of the American war forces, who flew 224.05 miles an hour at Selfridge field Michigan, on October 18, last.

**HEMSTITCHING AND PIGOTING**  
Attachments. Fits any sewing machine. Price \$2.00. Checks 10c extra. Light's Mail Order House, Box 127, Birmingham, Ala. 277-6tp

The Herald delivered six times a week for 15c.

### Daily Fashion Hint

**SWINGING, YOUTHFUL LINES**  
The delightful lines are only one of the reasons why this frock is so attractive. One must consider also the material and color—Havana brown meteor crepe. It is trimmed with a fancy braid, which is stitched about the edges of the panels, the deep collar and the short sleeves. A sash of self-material confines the waist. Medium size requires 3 1/2 yards 40-inch material, with 5 yards of braid.  
Pictorial Review Dress No. 1769. Sizes, 34 to 44 inches bust. Price, 35 cents.

The Herald delivered six times a week for 15c.

**DISCHARGED**  
(By The Associated Press)  
DETROIT, Mich., Feb. 16.—James Hartwell was discharged from custody yesterday following habereas corpus hearing in recorder's court. Judge Edward J. Jeffries found that no effort had been made to obtain proper papers for Hartwell's extradition for alleged participation in a race track swindle at Miami, Fla., a year ago.

**DESTROYER RAMMED**  
(By The Associated Press)  
NORFOLK, Va., Feb. 16.—The destroyer Farquhar was rammied by a battleship while engaged in battle practice off Panama at noon yesterday, according to a wireless message received there at noon. The dispatch said the destroyer was in a sinking condition and was being conveyed by the U. S. S. Arctic.

When you wear our glasses you don't have to be perpetually worried about their falling off. You can go right on with your usual housework because we make them to fit and to give perfect service.

### SANFORD GREET'S FAR WEST PARTY

Newspaper Gets Out Special Edition For Californians

Sanford outclassed the reception given the California party by any other city on the trip through Florida. A special edition was published in their honor by Bob Holly, editor of the Herald, with streamer on the front page and double column editorial.

The day was spent in viewing the celery fields, of which there are almost 3,000 acres at Sanford. The shipping season is not at its height. The party showed much interest in pre-cooling plant controlled by the Celery Growers' Association, affiliated with Citrus Exchange. This chills the carinated stalks so that they require but one icing to destination at New York or Chicago.

The party interviewed the only Japanese farmer in Florida, I. Toyama, who has 20 acres. He has been here nine years and has one Jap helper, T. Ninami.

The trip tomorrow will be by inland waterways to DeLand, where the program will end so far as California party as a whole is concerned. Some will visit Miami and the east coast, others will return by Washington and New York.—Tampa Times.

### RETURN TO CLASSES

(By The Associated Press)  
HAVANA, Feb. 16.—Students at the University of Havana have returned to their class rooms yesterday after being on strike since January 11 to enforce their demands for administrative and pedagogical reforms. The order by the students' federation to end the strike followed suspension by the university authorities, pending investigation and report on nine professors against whom charges were preferred by the students, the acceptance of a students' assembly as a means of satisfying student demands for a voice in the conduct of the university, and the appointment of a mixed faculty and student board to carry out reforms in the code under which the university is conducted.

The Daily Herald, 15c per week.

# Big 7 Days Clearance Sale

Begins Saturday Morning, February 17  
and Closes Saturday Night, February 24

We expect to make this the greatest bargain sale ever offered in the City of Sanford, on as complete a stock of First Class Merchandise, as we will offer at such low prices. Several thousand dollars worth of new merchandise recently arrived, all of which will be included in the sale at reduced prices. All who visit our store and make their purchases during the sale will surely profit by the deal.

Foreign Advertising Representative: THE AMERICAN PRESS ASSOCIATION

What is the matter with the Clermont Press? The editor must be on a fishing trip.

William Jennings Bryan is to become a Boy Scout. We remember when he was the "Boy Orator of the Platte."

If you must knock, then let it be for some constructive purpose. It is not fair to kick the other fellow unless you are smarter than he.

Sanford is spreading out in every direction and the man who buys Sanford suburban property now will make a fine investment that will bear fruit in the next few years. Remember this will be a city of ten thousand in another year—if we build the houses to hold them.

A shoe cobbler in Chicago married the wife of a dentist and fell heir to the dental tools. He started "practicing dentistry," and is now in jail for having broken one man's jaw and gave another one infection. Moral: It pays to stick to the last and you should know your dentist.

The Herald likes compliments and we never get too old to enjoy them. The fact that the California party in their resolutions published elsewhere in this paper specially mentioned the welcome accorded them by the Sanford Herald, makes us feel like all our work was not in vain. We also wish to state that those California people know good newspaper work when they see it.

We want to congratulate the little group of folks from Sanford who came over and gave "The Return of Miles O'Rourke" last Saturday night. Had it been other than Saturday the crowd probably would have been larger but it was a pretty fair crowd at that. And the Schirad boys with their cornet and saxophone were splendid. Also Mr. and Mrs. W. H. Holland must receive their share of credit, even though they be home folks. Mrs. Holland at the piano deserved much better instrument and Mr. Holland's vocal solos were very much enjoyed.—Leesburg Commercial.

We noted our nifty "Tam O'Shanter Band" at the Subtropical Fair yesterday. Together with the winning county exhibit and the ladies band Seminole county was there with the big mitt. And all of Orlando is congratulating Seminole on coming to the fair year after year and taking first or taking second or taking nothing at all, but coming just the same. Well, you can't beat Seminole. We have the goods and we intend to show them and we hope next year to have a big exhibit at Tampa and Orlando and other fairs where we can get a big showing of the greatest vegetable center in the world.

A negro driver of a Sanford truck was on the Orlando-Sanford road yesterday and he made a half dozen cars take the ditch because he either was deaf or would not give them the road when they wanted to pass him, and they were forced to run outside of the road at places where it was dangerous. If any of the drivers of the other cars had been armed there would have been a business house here without a negro driver today for he would have been killed yesterday. It is such stuff on the part of negro drivers that takes away their rights to drive a car or truck in Miami and other places and it is only a question of time when negroes will not be allowed to drive cars and trucks in Sanford. And the negroes themselves are responsible for this attitude.

SPARE THE ALLIGATOR

The newspapers throughout the state are awakening to the fact that it is only a question of time until one of Florida's natural curiosities (if it can properly be denominated as such) will be extinct, or so nearly so that they will be a curiosity indeed. We refer to the indiscriminate slaughter of alligators. There was a time, perhaps, when the promiscuous slaughter of these, now comparatively harmless creatures, was justifiable, but that time is no more. The damage they do is negligible, if they do any damage at all, and we have yet to hear of one attacking a man. Most every person who comes to Florida wants to see a wild 'Gator, but there are numbers of people who have spent months, and perhaps years, in central Florida, who have never seen one in its native haunts. They are not pretty to look upon, we will admit, but most persons have an inherent desire to see something unusual; and the winter visitor who is compelled to return to his northern home without having seen one goes back disappointed. But unless a sentiment against their slaughter is created it won't be long until they will only be seen in museums and farms where a remnant of the once mighty horde has been preserved by man.—Euclid Lake Region.

Yes, where Capt. Lund of the Orceola formerly had to push the gators away from the prow of the ship he has to put on double glasses now to even see one for his tourist passengers. We certainly want a few gators on the St. Johns river all the time.

AS BABSON SEES FLORIDA

Progress is absolutely dependent upon organization and advertising, each highly important on the general scheme, both proved factors in making this a better world in which to live.

No one appreciates this fact more than Roger W. Babson, nationally known statistician and advertising expert, who in strikingly simple truths points the only way Florida can commercialize on the golden harvest of her soil. He knows whereof he speaks. He has the vision of development. It is his talent.

Land is the basis of everything. It feeds us, affords us every necessity and luxury of life; and when Florida turns her millions of idle acres with the plow to feel the touch of the warm sunshine and to be swept by the soft winds of two seas, scatters the

seeds of a greater agriculture, and organizes and advertises to dispose of the harvests, other blessings will follow in natural sequence.

Great emphasis has been placed upon the "tourist crop." Fine and proper. A modern Garden of Paradise, a cradle of beauty set in the breath of the Gulf Stream, caressed by a weather incomparable, Florida is a natural refuge for those who seek refuge from the storms of the winter. It is a crop worth cultivating.

But there are crops richer and far more enduring, crops of the soil, and as sure as two and two makes four the development of these will develop the tourist and other crops.

Mr. Babson in his vision recognizes this and repeats the advice that is not entirely unfamiliar to Florida, yet coming from such an eminent authority it takes on a new significance.

"It is not enough that the melon growers of the state get together," he says, "or the tomato growers or any other body of growers. All those who raise crops for export out of the strong central organization which state should be compelled to join a would have charge of marketing the crops. It should be highly organized and just as completely in control of the situation as the United States Steel corporation."

Railroads, manufacturers, laborers and others organize to protect themselves against the designs of others. Why not the farmers? If organization of groups is advantageous, why not organization of the essential producers? There is no sensible argument against organization, whether by railroads or agriculturalists, propaganda against the latter notwithstanding. Organization for protection not monopoly. That's the real of the farming interests.

Organization is the strength of the United Steel Corporation. It is the backbone of the railroads and the fundamental principle of every association and union in the world. It could, and must, be the power of agriculture.

Mr. Babson puts it: "We may depend on the Lord for the raising of the crops, but we must depend upon the Lord to create a market for them." This is another way of saying that the Lord takes care of those who take care of themselves.

More than ninety-five per cent of the soil in Florida is still virgin. The riches of centuries are buried in its potential furrows. Opportunity abounds in every idle field—that is if organization is back of the man who

tills it. Ours is a heritage of land. It is the only real and lasting heritage. Advertising is the full-grown germ of organization. When two or more men join hands in a common cause, to further enrich themselves and increase their resources, the thought of advertising is one of the first to present itself. The law of advertising is just as firmly established as the law of gravitation. One is proved as many times as the other. It is Mr. Babson's privilege to witness more of these advertising demonstrations than the average man. That is why he is an authority.

Sir Isaac Newton first demonstrated the law of gravitation with an apple. He could have demonstrated it with a granite boulder just as well. The principle is unchanged.

So with advertising. Florida can confine her faith to tourists or she can believe advertising will plant a field of tomatoes as easily as it will cause a resident of New York state to purchase a ticket for some point in this state. And the same advertising that will plant the field of tomatoes will draw tourists in even greater numbers than a limited appeal, because many worthwhile tourists will become worthwhile settlers.—Jacksonville Journal.

Budget Bureau Wants Additional Money

(By The Associated Press) WASHINGTON, Feb. 16.—An additional appropriation of \$78,000,000 to cover repayments on taxes illegally collected, was asked of congress today by the budget bureau.

U SELL YOUR REAL ESTATE WHEN U LIST IT WITH US. Public is Excited Over Lot Drawing, Want to Know More

About The Big Lot Sale and the Basket of Money

Mr. R. J. Holly, Sanford, Fla., My Dear Mr. Holly: So many people are asking me about that long green and those gold coins I am going to give away—the rules of drawing, etc., that I am afraid if Mr. Lake should suddenly ask me what our Sunday school lesson was about when we meet tomorrow morning in the theatre in the "Scrap Iron Class" I would say "Gold Coin and Long Green." So lest I should get suddenly balled up, I'll write down the rules of distributing this precious currency and have your paper print same, then all will know just what it is and how it's done.

Here are the rules:

Free to every adult white holder of a ticket who must also be registered and only hold one ticket on the free for all draw, though successful ticket will be placed back in the box and have a chance at each succeeding draw as though it had not been drawn. Holder of stub to successful ticket must be present in person and claim ticket when drawn to receive the cash which the ticket draws, otherwise another ticket will be drawn until present holder claims same.

When two lots are sold, and when each succeeding two lots are sold there will be a free for all draw as above, successful holder of stub to receive a new crisp one dollar bill—ticket to be placed back in box ready for next draw. See how it works?

When ten lots are sold and when each succeeding ten lots are sold there is a free for all draw from the same box as above and subject to same rules as set forth in the outset. There will be a free for all draw as above, successful holder of stub will receive a bright ten dollar gold coin, ticket placed back in box ready for next draw. Interesting, isn't it?

Now this is for purchasers only. When twenty lots are sold, and when each succeeding twenty lots are sold, there will be a draw from purchasers' tickets—each purchaser is entitled to one ticket in this draw for each lot purchased. The holder of successful ticket as drawn whether present or absent, will receive a crisp twenty dollar bill. This successful draw will eliminate this particular ticket from further drawing though holder may continue to participate with any other tickets owned by reason of purchase of other lots.

When fifty lots are sold and again when the entire number of lots are sold there will be a draw from the purchasers' box same as the twenty dollar draws. The holder of the successful stubs will receive a crisp fifty dollar bill which will eliminate this particular ticket from further participation same as on the twenty dol-

lar draws. Mighty interesting, isn't it? Well, I guess that's strewing the Gold and Long Green—don't you think? Just think everyone present has a chance at every crisp dollar bill given away—Everyone present has a chance at every ten dollar gold piece given away.

Every purchaser has a chance on each lot purchased of a crisp \$20 bill given away. Every purchaser has a chance on each lot purchased of a crisp fifty dollar bill except only the elimination that comes by reason of drawing a crisp twenty or a crisp fifty dollar bill. Now I say that's interesting.

J. E. SPURLING.

INTERESTING, IF TRUE

(By The Associated Press) LUXOR, Egypt, Feb. 16.—Sarcophagus of Pharaoh Tutankhamun was found when the inner chamber of his tomb was opened by the British archaeologists this afternoon.

NOTICE

Notice is hereby given that a special meeting of the stockholders of the Bank of Oviedo will be held at the banking house of said Bank of Oviedo, Florida, on the 29th day of March, A. D. 1923, at three o'clock p. m., for the purpose of considering the following matter: To increase the capital stock of said Bank from Fifteen Thousand Dollars (\$15,000.00) to Thirty Thousand Dollars (\$30,000.00), and to arrange for the issuance thereof and the payment therefor, and to consider such other matters and transact such other business as may properly come before said meeting.

SANFORD HAS FINE RECORD ALONG SIDE OF DUVAL TIGERS WHO HAVE WON 2 OUT OF 5

Land and Sanford Only Victories for Jax This Season and Sanford Evened Things Up Later

The Duval basketball team, one of the teams that the state always looks forward to as a state championship contender has not had such a good record so far and from the past records Duval is to be a contender for state honors, then Sanford has already won.

To date Duval has won but two out of their five games played and one of those games won with Sanford, Celery Feds later evening things by defeating them here. Sanford lost but two games this season, with Duval, the other with Orlean and Sanford has taken care of these teams in the return game.

JACKSONVILLE, Feb. 17.—The Duval Tigers are in Tampa where tonight they meet the Terriers of Hillsborough High in a basketball game that promises to be one of intense rivalry with a close score the probable result.

The match is the second of the season for the Tigers on the road and their sixth for the schedule. Thus far the Red and White wearers haven't set up any records, winning but two of the five games played but the tintet has been improving rapidly and hopes for bigger things.

Tonight's clash with the Terriers will doubtless see the Tigers up against a stubborn outfit. Coach Marshall has been working diligently all week to round out the most formidable combination and hopes to see his athletes register a victory over the West Coast machine.

The Terriers will be out for revenge in the coming melee as they have several old scores they would like to settle with Duval. The Tigers gave the Terriers a sound drubbing here last season and split a brace of games in Tampa, making it two out of three.

DUTCH REUTHER REVEALS TERMS OF ROBIN PACT

COLUMBIA, S. C., Feb. 17.—Efforts to obtain franchises in the South Atlantic Association of baseball clubs for Macon, Ga., as one point and for East Point and College Park, Ga., jointly as the other, are being made by Ed. Jacobs, of Macon, it became known here yesterday.

W. H. Walsh, president of the South Atlantic Association who is in Columbia conferring with Fred L. Koosa of the Columbia club, announced that Mr. Jacobs did not officially represent the baseball association or its president and was acting on his own initiative in the interests of Macon.

Mr. Jacobs of Macon communicated with me on the wire," said Mr. Walsh in discussing dispatches stating the franchisees had been offered to East Point and College Park and to Macon. Mr. Jacobs said that he would like to obtain a franchise for Macon and wanted to know what were the chances.

LYNCH OFFERED BIG SUM TO BOX CHARLIE LEDOUX

NEW YORK, Feb. 17.—As his two most pressing rivals, Carl Tremaine and Johnny Curtin, make ready to lambast each other in the Garden ring, Joe Lynch, bantamweight champion of the world, finds urgent business in Paris and London. It may be just the blowing of the orade wind and it may be truth, but enormous Edward Meade, manager of the champion, announces that he and Joe are likely to do some business over the water in a few weeks. They have been offered \$40,000 for a fight with Charlie Ledoux, former European bantam champion, in Paris and another with Tommy Harrison, former English champion, in London. Meade is holding out for \$50,000.

PALMS—This is a good time to plant them in your parkway, your lawn, etc. It will help to beautify your home and likewise your town. Fine young plants at reasonable prices, 716 W. First Street. 275-6tp

ROBIN HOOD The impression made by May Valentine's "Robin Hood" has come as a surprise, and the business is satisfactory in all cities played this season. Moreover, theatre devotees have welcomed warmly an adequate musical production in a first class theatre at pre-war prices. The continuance of public favor with the offering may be most significant if interpreted as a demand for normalcy in ticket tariffs rather than the absurdly high prices in vogue since the war. "Robin Hood" will be at the Princess Theatre Tuesday, February 20th.

FOR THE MOVIE FAN

"Clarence" proved to be one of the best pictures seen at the Princess in many a night.

And this same picture will be shown again tonight and maybe it will be your last chance to see Wallace Reid.

Mr. and Mrs. Ernest Krupp are invited to see the pictures without charge tonight. Osborne will be looking for you, Mr. Krupp; bring the family.

"Robin Hood"—not a picture—but a real honest-to-goodness comic opera—holds the cards for Tuesday night. This will prove to be one of the best attractions Sanford will see this season.

It has been very seldom in the past that Sanford has had the chance to see opera so all the Sanford theatre-goers should take advantage of this.

Seat sale is on now—get your tickets at "Robin Hood" at Roumillat & Anderson's.

CREWS OF SINKING SHIPS SHOW GREAT DARING AND NERVE

NEW YORK, Feb. 17.—The daring of the crews of the ships seeking to aid sinking and distressed vessels was shown today as ice-coated transatlantic boats brought to port stories of severe storms and suffering.

Four dauntless craft, fighting heavy seas, searched the Atlantic for 500 miles off the Virginia capes, for the Italian freighter Moncenasio, reported sinking yesterday with her crew of 36.

The steamer Carplaka, New Orleans to Havre; the tanker John Worthington from Houston to England, and two coast guard cutters sought the Moncenasio but reported at dusk that they had found no trace of her. Wireless reports from the Moncenasio were reported to have ended with a frantic "SOS" yesterday afternoon and it was believed by mariners that she had gone down.

The schooner Friendship with a cargo of lumber for New York, was located in a sinking condition off Oregon inlet, 90 miles south of Virginia Beach, by the coast guard cutter Manning. The Manning reported that the seas were unusually heavy.

The British auxiliary schooner Dorina, which, after many trials escaped from the severe storms off the New England coast last month, was abandoned off the New Jersey coast and her crew rescued by the Lamport, and Holt steamer Marras arrived last evening with the Dorina's crew aboard. The Dorina was a rum runner between Bahamas and Canada.

Coast guard cutters continued their search for a two masted schooner reported adrift off Fire Island yesterday. The schooner, it was reported, apparently had been abandoned. She had not been found late Friday.

The steamer Araguaya from Bermuda, her bridge wrecked and forward deck badly damaged, arrived yesterday. Her commander said they had been battered by northwest gales for several days.

Two French Soldiers Wounded at Essen

(By The Associated Press) ESSEN, Feb. 16.—Two French soldiers were wounded here last night by German sentry police who were in a cafe altercation. Tension, which is already high, has been increased by the shooting and the French tanks moved into the city. The shooting arose from soldiers demanding drinks in a cafe being refused a drink of water. The row started when the police appeared and the French claim killed the first shot.

# NEW ENGLAND WORKING OVERTIME

## BABSON POINTS OUT GOOD MARKETS IN NORTHEAST

WELLESLEY HILLS, Mass., Feb. 16.—Roger W. Babson, at the beginning of each year, makes a personal inspection throughout the United States, comparing actual conditions with those reflected by the statistics. His trip covering some 30 states and 28 leading cities is not yet completed, his findings in New England a preliminary statement give a picture, shows that section of the country in good condition.

The business depression which has been moving like a storm wave across the United States during the past two years, says Mr. Babson, "started in 1919 in Connecticut. To be exact, Bridgeport, Connecticut was the first city to really suffer. During 1922 New England was under the shadow of unemployment was prevalent throughout the states of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut. Before other sections—with the possible exception of the South—experience a business depression, New England was in the lead of a business depression. In accordance with the Law of Action and Reaction, New England would be the first to recover. Improved conditions, therefore, made their appearance late in 1921. If it had been for the textile strikes of last year, 1922 would have been a very bad year for most of this section. However, to the textile strikes which were not settled until the latter part of the year—New England's business was held back. Conditions are now reasonably satisfactory and the six states are all doing well. Maine, also suffering from an unfortunate potato crop—is enjoying an increased demand for pulp, paper and other products; New Hampshire's lumber mills are working full capacity; the woolen and most of the other industries of Massachusetts are in good shape; Rhode Island is very busy and Connecticut is coming back as fast as can be expected. Of course, Connecticut war work is gone—and it is gone forever—but the manufacture of hardware is growing. Owing to the great era of suburban building due to the automobile—the demand for Connecticut hardware should be very great for some years to come. It is the only New England state which is not showing much activity.

Readers desiring to sell goods or find employment in New England should visit such cities as Springfield, Worcester and Fall River, Massachusetts; Manchester, New Hampshire; and Portland, Maine. The cities of Lynn and Brockton show some improvement over last year, but have not yet come fully back—Boston is still fairly quiet and evidence is not as active as Springfield and Worcester. All New England cities are profiting from the good economic conditions of today. New England is the home of investors. When stocks and bonds are high, New England feels poor. Today, however, with a strong stock market and a good bond market people feel like spending money. This is true that not only are the wages of New England buying merchandise but the well-to-do are also spending money. To quote Mr. Babson: "In some sections I shall sell Ford's and in other sections more cars in 1923; but in New England I expect to sell more of both grades of cars."

Land is still reasonable in price throughout these six states. People coming from other sections of the country are astonished at the low figures quoted on the finest suburban land, especially within ten miles of town. Good land for building, with conveniences—such as water, gas, electricity can be bought for 12 cents a foot and the choicest lots can be secured at twenty cents. This is true that the suburban development of New England should be very great during the next few years. Consequently there will be a keen demand for building materials, and both skill and common labor. New England is becoming the great summer resort ground of the United States—as people go to Florida and California in the winter, they visit New England in the summer.

The growth of the Summer Business Conferences which we hold every year at Wellesley, reflects this tendency. Each year, for three years, the Institute has been obliged to enlarge a new and larger auditorium to care of the visiting business men come between July 25th and August 10th from all parts of the country. Northfield and the other conference centers have had a similar experience and we all are looking forward to 1923 being our biggest year—for high grade summer resorts.

When studying New England conditions, it is most interesting to compare the sources of weather in these states—Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut. They are almost

void of natural resources. They have to coal or iron, no copper or other metals. The fields of New England are not fertile—I remember my grandfather, who was a farmer in Gloucester, saying that all his possessions were 'rocks and bushes and a 'till religion.' Great stone walls on very farm are evidence that the early settlers certainly had rocks to contend with. Statistics show the real assets of New England to be her industry, thrift, honesty and a desire to be of service. It has been these intangible—but all-important—forces which have made New England. These six states stand, today, a monument to what can be accomplished without natural resources if people are only actuated by the right motives.

"Improved conditions in New England strongly suggest that the trouble today with some of the duller sections of our country is that they lack industry, thrift, honesty and a desire to be of service. Activity in the northeast is largely responsible for the high figure registered this week by the Babson chart. It now stands at 3 percent above normal. When you consider that this figure combines all sections of the country and all lines of industry—and knowing as you do how dull are certain sections and certain lines—the part played by New England in bringing up this figure is most evident."

Editor's Note.—This is the first of a series of articles which will report Mr. Babson's findings on various sections of the United States.

### Eighth Biennial Regional Convention Laymen's Movement

Southern Presbyterian Church For Florida, Georgia and Alabama

The regional convention of the eighth biennial convention of the Laymen's Missionary Movement, Southern Presbyterian church, for the states of Florida, Alabama and Georgia will be held in Jacksonville, Fla., Feb. 20-21.

Announcement was made December 1st by radio from seven great broadcasting stations from Houston, Texas; to Washington, D. C., that this association will put on its eighth biennial general convention during February. This will be done in a bigger way than ever before, with the same program and in the main the same speakers in six regional centers on successive dates as follows: Houston, Tex., February 13-14; Little Rock, Ark., Feb. 15-16; Jacksonville, Fla., Feb. 20-21; Charlotte, N. C., Feb. 22-23; Richmond, Va., Feb. 27-28; and Huntington, W. Va., Mar. 1-2. In 1921 at the seventh biennial convention, held in five centers, there were 5,621 registered delegates, and it is expected that about 7,000 will attend this year.

The subject considered will be the "World Evangelization," and some of the strongest religious speakers of America, both laymen and ministers, will be on the program. There will also be addresses by a number of missionaries from the foreign countries into which the Southern Presbyterian church has extended its work.

In each center there will be a parallel convention of the Woman's Auxiliary of the Presbyterian church, with separate day sessions, but the men and women uniting in great mass assemblies at the two night sessions. Mrs. W. C. Winsborough, of St. Louis, Mo., superintendent of the Woman's Auxiliary, will address the woman's convention on her recent trip to Mexico. Mrs. F. L. Mayer, chairman of the woman's advisory committee and synodical president of South Carolina, will be one of the speakers.

Among the great speakers who will appear at one or more centers, some of them at all six, will be Dr. J. Campbell White of New York, Rev. Wm. Evans, D. D., of Chicago; Mr. Fred C. McMillan, of Des Moines, Iowa; Rev. Motte Martin of Congo Free State, Africa; Dr. Nelson Bell of Tsing Kiang Pu, China; Rev. H. D. McCallie, Mepke; Rev. R. T. Coit, Soon Chun, Dr. R. M. Wilson, Kwang Ju, Korea; and Rev. J. W. Hassell, Maraguma, Japan; Dr. M. E. Melvin, general secretary Assembly's Stewardship committee, Chattanooga, Tenn., will conduct conference at noon luncheon hour with officers of the church on "What the Presbyterian progressive program has done for the Southern Presbyterian church." Many leading ministers and laymen of the Southern Presbyterian church will be on the program.

The Southern Presbyterian church is one of the leading denominations in America in per capita gifts to missions and other benevolent work, and the interest that has made these gifts possible has in no small measure been aroused by these conventions held every two years, since 1909, by the Laymen's Missionary Movement.

The Presbyterian church of this city is preparing to send a delegation of ten representative men of their congregation and the Baraca class will also send a carload of young men—Sherman Moore will take the Baracas in his car—while Mr. A. T. Rossiter, Mr. H. C. Dubose and Mr. H. J. Lehman are the committee in charge of the delegation from the Brotherhood.

So far Japan has been too polite to ask France when she expects to get out of the Ruhr. The Herald delivered six times a week for 15c.

### Daily Fashion Hint

### A DISTINCTIVE STYLE

No radical change in the silhouette, but outstanding originality in the design, is the message of this Paris frock. The blouse of wool Jersey stitched in caraway pattern, fastens straight down the front and has short, flowing sleeves. A pointed collar adds to the smart lines of the V-shaped neck. The skirt is a four-piece model, gathered at the back and laid in box plaits at the sides. Medium size requires, for the blouse, 2 1/2 yards 44-inch, and for the skirt 2 1/2 yards of 44- or 54-inch material. Pictorial Review Blouse No. 1389. Skirt No. 9993, sizes 24 to 34 inches waist. Price, 30c.

The Herald delivered six times a week for 15c.

## UPSALA AND GRAPEVILLE

Alfred Ericson and Andrew Bartleson have quite a job of orange pruning for Captain Bell.

Will Henderson has work in town in the new buildings going up.

Mrs. G. Hirschi was made very ill from some canned milk last Saturday, being poisoned, so Dr. Robson was called out. Her sister, Mrs. Goodenough and little son, have been in South Florida and attended the Tampa fair. Mrs. Hilmer Lundquist and daughter, Melva, returned Sunday from Winter Garden where they spent the week-end with her father, Mr. Lotson on his eighty-sixth birthday, not sixty-six as the printer got it.

We hear that Billy Hill of Sanford has purchased the Cook place in Grapeville and will improve it by building a residence and putting out a grove. This formerly belonged to Henry Lee and was a part of the old Thompson place. The road-way is being cleared now.

The place opposite, the Geo. Clark place, is also for sale. Mrs. August Swanson is helping care for the little new arrival at the home of Mr. and Mrs. H. Haakins this week.

A letter from Miss Ruth Bergquist says that her mother is better of the grippe and that her folks are moving to Pierce, Fla. They attended the fair at Tampa Monday.

Rev. J. S. Clark will preach for us Sunday at 3:30 after Sunday school.

We were not able to be at any of the services last Sunday. Mr. and Mrs. Forrest West and Mr. and Mrs. Jones and Leonard E. West attended the fair at Orlando Thursday.

Mr. and Mrs. Elmer Lundquist and children and Mr. and Mrs. Barney Beck and Charles and Minnie and Barnwell were among those attending the fair.

Mr. and Mrs. Albert Cruse and family moved from the Bee kplace this last week to be nearer his work.

The Herald delivered six times a week for 15c.

Much that passes for philosophy is no more than a good digestion.

Daily Herald on sale at Joe's Smoke House, Mobley's Drug Store and Hunt's Pharmacy.

We give unquestionable Sanford references. We are what we claim, Sewing Machine Experts, cleaning, repairing, overhauling family machines. Here a while longer. The Roberts Co., Ferndale Apts. Phone 231-175-176.

# Women Know What They Want--and Get It

A woman buys many different food products, dozens of fabrics and articles of apparel, shoes, things for the home, toilet preparations—quite probably in a year she makes a thousand purchases. Personally to judge the quality of each, she would need to be a chemist, an engineer, a metallurgist and a good many other things.

So, given the choice, of course she buys the goods she knows in preference to those she does not know. And she is going to have that choice for a good many years. She is boss.

Manufacturers who want to work for her must realize this:—They must put in their application at once; convince her of their intention and ability to give her merchandise of known value; and then live up to the standard.

For she is a just but ruthless boss. She neither forgets nor forgives. She rewards loyal service with loyalty, but her condemnation of broken faith is final.

Her favor is the sunlight of success; her indifference, the outer darkness.

Published by The Sanford Daily Herald in co-operation with The American Association of Advertising Agencies
