WAVE Orderlies Pioneering Job Of Air Hostesses

By MARGARET BECHTEL AP Newsfeature. Olathe, Kan.—Wave flight orderlies are pioneering the air hostesses job of the future...

Anna F. Dumais, a 1/2 (782 Providence St.) Woonsocket, R. I. who will give WAVES special training for work aboard the B-24 at Feltner River, Md., says, "Most commercial hostesses fly the 20 to 300 miles between stops and around 600 a trip. Even TWA Strato-liners make two mid-continent flights and carry two stewardesses the entire distance, changing crews at Kansas City."

BIBLE VERSE FOR TODAY

THESE WHO ARE SOUGHT AS RULERS ALWAYS HAVE FIRST LEARNED TO RULE THEMSELVES. IT MAY BE A HARD SAYING, BUT IF WE SHALL ALSO REIGN.—II Timothy 2:12.

Old Woman With Dogs

(From The Atlantic Monthly) Time, you one-way wind With a man-made, mellow name, I am gnarled and horned, as you are not, Wasted, lone, and lame. But I've three things you've not yet got: I keep these spaniels none may claim, All of three dead boys, that I fear, One to howl me through the bells, And make me think of a child's fear, Fought round to courage, and laughter clear, One to beg me out of doors, To acres I must walk for three, To thickets quick with a child's wonder, And for the late lamp's chilly legend, One who whimpers not, nor snores, But solemn-eyed and constant dwells, With his old jaws warm on my knee, SARA LUDLOW HOLMES.

Mrs. Roosevelt says that the major burden of caring for the distressed peoples of the world rests upon the United States. Why?

If the consumers of the country don't organize themselves into a union pretty soon, we're afraid the only raise they'll get will be in prices.

Zoot-suiters are being blamed for the riots with sailors in Honolulu. A little compulsory military training might be the best cure for that.

Foreign statesmen are demanding that the secrets of the atomic bomb be turned over to an effective United Nations organization. Okay, but let's get the effective United Nations organization first.

An atom, as you know, is the smallest part of a molecule, and a molecule is the smallest part of a compound, but from what we have been hearing about it lately you'd think the atom was just about the biggest thing in the world.

The manufacturer was asked what part his company had played in the war effort.

"See that big tank over there?" he asked, pointing to a monster with terrific firing power. "Well, we make the clips that hold the bullets together."—Columbia. It takes all kinds of people to fight a war.

We like one statement in the Governor's speech—that he has asked the Federal Bureau of Prisons to study the state prison system and recommend improvements. This study, if made, may bring some good results—that is, if the state officials pay any attention to it. The Taxman's Warning: If public opinion pays attention to it, the officials will have to react upon the United States.

That "all men everywhere may be admitted to decent housing and comfortable clothing" was the hope held out this week by President Truman in an address to the Foreign Trade Convention. The question is, he adds, whether suitable arrangements can be made for the exchange and distribution of goods and services. And of course, there remains the question of whether the people everywhere are willing to work to that end.

The American Iron and Steel Institute tries to explain why it cannot grant a \$2 day wage increase to DOD workers who are already making \$11.15 an hour. One solution is to generally raise the price of steel. In 1932, when the price of steel was 10 cents a ton, the price of steel was 10 cents a ton. In 1945, when the price of steel is 10 cents a ton, the price of steel is 10 cents a ton.

Uncertain Future

These are times of peace, but also times of uncertainty and dread. For thoughts of the atom bomb, with which this nation and its allies used so effectively in the recent war, will not fade from memory. If atomic power can win for one national or racial group, then in time it can win for another. Such secrets cannot be hidden indefinitely for any of us.

Experts say we who possess the bomb cannot count surely on more than five years of exclusive ownership. After that it will come presumably into the hands of many human groups, national and international. And what then?

It is no wonder that millions of people view the future with fear, and rue the day that such a weapon was ever made and turned to human use. The obvious need now is to organize the civilized world and put it all on the same basis for offense and defense, so that no group may feel driven to fight other groups, and vast and costly defenses will not be needed. Otherwise what assurance can there be that the Human Race with all its promise will not destroy itself within a generation?

This may be the most important problem in the world. The one reassuring fact is that leading scientists and statesmen of our nation and the world are engaged in preliminary efforts to avoid the peril.

Problem Of The Straits

The Bosphorus and Dardanelles are being discussed by the American and British governments. These two straits, which connect the Black Sea and the Mediterranean, are in Turkish territory; but Russia has always wanted to own them either alone or jointly with other nations. Without control of these waters the Soviets can be cut off entirely from the Mediterranean.

It was to open the Dardanelles to maritime routes for Russia that the British fought their luckless battle at Gallipoli in 1915. Possession of Constantinople which Russia is supposed to have hankered after ever since Peter the Great, would be worth little if control of the straits did not go with it.

Why Do Plays Fail?

A new play by the author of a smash hit, staged by George S. Kaufman and starring Fay Bainter. This looks like the formula for a dramatic success. Yet "The Next Half Hour" by Mary Chase, Pulitzer prize winner and author of the immensely popular play, "Harvey", lasted but eight performances in New York. To make the failure more startling, its trial showing in Washington had brought in \$26,781.

Why should it fail? Why should some unknown production draw big crowds? Anyone knowing the answer can command any sum he wants, from Broadway producers. He will also keep these producers' hair from getting gray before its time.

Newest Fashions Will Include Hips

CHICAGO, Ill., Nov. 15 (AP)—Out of Chicago comes a fashion prediction that will have the plumper members of the fair sex singing "hip-hip-hooray." And we do mean "hip-hip."

A Chicago Designer, Edward Evans, presents a costume which not only emphasizes the hips—it emphasizes them at knee level. This creation—or you might call it a concoction—is actually a rather slim-skirted plain black dress, the hemline hits you about three and a half inches below the knees. So far, so good. But here's where the hips come in. The dress has superimposed upon it an exaggerated tunic, reminiscent mostly of George Washington's tailcoat. The tunic flares wildly at each side and is about three-quarter length.

This fashion forecast was presented at a lecture by Miss Ruth Hatfield, fashion director of Chicago Fashion Industries. Miss Hatfield predicts that the clothes of the future will be completely gracious and feminine, but still practical.

What, we might ask, is so practical about a flaring tunic? Well, you might answer, that's one way to have your cake and eat it, too. For with an enormous tunic spreading out all around you, you might just as well have your just desserts—and go ahead and have hips. Even if you didn't have them, nobody would suspect.

Russian Manchurian Forces Withdrawing

CHUNGKING, Nov. 16 (AP)—Russian forces withdrawing from Manchuria have turned over postal and telegraphic service in the capital city of Chungking to the authorities of the Chinese Central Government. An official Chinese dispatch says the transfer was made under a previous agreement with the Russians, who expect to be out of Manchuria by Dec. 1.

But elsewhere the Chinese national forces are having considerable trouble. Less than 12 hours after some units had been sent to American transports at Tientsin, Chinese Communists struck to prevent Chiang Kai-Shek's men from moving into Shantung province. Associated Press Correspondent Richard Bergholz says that the Shantung province capital of Tz'u-mo is under siege by the Communists. A major factor in keeping the city from the Reds is a large force of armed Japanese.

MIAMI FANS RIOT

MIAMI, Nov. 16 (AP)—Police were called to intervene when some three thousand boxing fans protested a judges' vote which gave Cotton King of Miami a round decision over Tommy Mine of New York City. First the fans broke out as the crowd rushed into the ring, and police went into action. The rioting of the national anthem and the start of another boxing event, slated to end the next night. The disturbance finally abated when police threatened to use force.

STUDENTS PURSE STOLE

MIAMI, Nov. 16 (AP)—Police recovered a stolen purse for a young student at St. Patrick's School in Miami, but the owner was rather embarrassed at claiming it. You see, the clue which led police to the rightful owner was a note reading "How do you go about getting expelled from St. Pat's?"

GAINS 15 LBS. ON RETONGA CAN WORK ALL DAY AGAIN

Farmer Could Work Only 30 Minutes Without Resting And Feared He Would Have To Give Up. Feels Fine Now.

"Thanks to Retonga I have regained 15 lbs. and I can work all day again," gratefully declares Mr. J.E. North, well-known truck-farmer of Orange City, Florida, in praising this noted heretofore stomachic and Vitamin B-1 medicine. "This past winter and spring it looked like I would have to give up," continued Mr. North. "My appetite was so poor, it was an effort to eat only a few bites at a time. My nerves were badly on edge and arms, shoulders and legs ached day and night. I had to take harsh laxatives every few days. I could sleep but little and I lost several pounds, too."

Finally, I got feeling so weak and nervous I could work only 20 or 30 minutes and then have to lay down and rest. I told my wife it looked like I would have to give up. "Retonga relieved all this distress after everything else I had tried had failed. My appetite, fine, I have regained my weight and all that nervous, sluggish elimination, pains in my limbs have been relieved. I can work all day and still feel good when night comes. I am always telling somebody what Retonga did for me."

"I'm not interested in a golden goose... I just want to do business with the HILL HARDWARE."

Auxiliary Meets With Mrs. Shafer

The Theodore Roosevelt Auxiliary No. 2 of the W.S.W.V. met at the home of the state treasurer, Mrs. Mae Shafer, 113 Elm Avenue Nov. 14 with the president, Mrs. Ella Langdon, presiding.

The auxiliary pledged to donate an amount of money to the Pine Hospital at Christmas and also to the Children's Home in Jacksonville, Mrs. L. M. Himes, new auxiliary, was initiated into the auxiliary and the names presented by transfer were Mrs. W. E. Randall and Mrs. Bertie David.

Mrs. state president, Mrs. Langdon, received and presented a gift by the chapter members. She urged that cushion covers be donated to the Lake City Hospital and she stressed the importance of all eligible women becoming members of the organization.

She stated that a trophy would be awarded at the end of the year to the auxiliary showing the largest increase in membership. Mrs. Dreggots said that the national project is to place a Clara Barton memorial in Washington, D. C. and to build a fund sufficient to educate worthy students in the profession of nursing.

Other visitors included: Mrs. Mae Puffin and Mrs. Julia DeLand. The members enjoyed a social hour at the close of the business meeting. Approximately 30 members were present.

The Eastern Star Group meets on Thursday

The Order of the Eastern Star met Nov. 15 at the Masonic Hall for a regular business meeting and program with Mrs. Lottie Nix, Worthy Matron, presiding.

The melodies of "Semper Parvula" were sung under the direction of Miss Ollie Reese Whittle some several selections. The theme of the program was "Friendship" and as candles were being lighted Mrs. J. C. Moore sang "The Bell of St. Mary" accompanied by Mrs. Vivian Welch.

Mrs. Earl Varn, chairman of book book publication, reported that the book would probably be ready for distribution at the first meeting of the chapter on Nov. 21.

The Lee home was decorated with Fall flowers and the refreshments served were in keeping with the Thanksgiving motif.

Those present were: Miss Jeanette Lang, Mrs. P. W. Moore, Mrs. near, Mrs. W. L. Stouffville, Mrs. S. Duggan, Mrs. A. L. Harris, Mrs. G. C. Gibbs, Mrs. Edith Vickery, and Mrs. C. A. Antler, son Jr.

TERRACE TALK

The real advantage which truth has, consists in this: that when an opinion is true, it may be extended over a vast area of time, but it will generally be found persons to believe it, until some one of the reappearance falls on a man when from favorable circumstances it occurs, new opinion and it has made such a head as to withstand all subsequent attempts to suppress it.

The Naval Air Station is busy with activity. The new aircraft carrier, the USS Yorktown, is being repaired and will be delivered by the homecoming group of Sempron High school students Sunday night. A banquet will be given at 8:00 P. M. for the crew members of the USS Yorktown. The NAS has been awarded the NAS honor award for the year.

The Theodore Roosevelt Auxiliary No. 2 of the W.S.W.V. met at the home of the state treasurer, Mrs. Mae Shafer, 113 Elm Avenue Nov. 14 with the president, Mrs. Ella Langdon, presiding.

The auxiliary pledged to donate an amount of money to the Pine Hospital at Christmas and also to the Children's Home in Jacksonville, Mrs. L. M. Himes, new auxiliary, was initiated into the auxiliary and the names presented by transfer were Mrs. W. E. Randall and Mrs. Bertie David.

Mrs. state president, Mrs. Langdon, received and presented a gift by the chapter members. She urged that cushion covers be donated to the Lake City Hospital and she stressed the importance of all eligible women becoming members of the organization.

She stated that a trophy would be awarded at the end of the year to the auxiliary showing the largest increase in membership. Mrs. Dreggots said that the national project is to place a Clara Barton memorial in Washington, D. C. and to build a fund sufficient to educate worthy students in the profession of nursing.

Other visitors included: Mrs. Mae Puffin and Mrs. Julia DeLand. The members enjoyed a social hour at the close of the business meeting. Approximately 30 members were present.

The Eastern Star Group meets on Thursday

The Order of the Eastern Star met Nov. 15 at the Masonic Hall for a regular business meeting and program with Mrs. Lottie Nix, Worthy Matron, presiding.

The melodies of "Semper Parvula" were sung under the direction of Miss Ollie Reese Whittle some several selections. The theme of the program was "Friendship" and as candles were being lighted Mrs. J. C. Moore sang "The Bell of St. Mary" accompanied by Mrs. Vivian Welch.

Mrs. Earl Varn, chairman of book book publication, reported that the book would probably be ready for distribution at the first meeting of the chapter on Nov. 21.

The Lee home was decorated with Fall flowers and the refreshments served were in keeping with the Thanksgiving motif.

Those present were: Miss Jeanette Lang, Mrs. P. W. Moore, Mrs. near, Mrs. W. L. Stouffville, Mrs. S. Duggan, Mrs. A. L. Harris, Mrs. G. C. Gibbs, Mrs. Edith Vickery, and Mrs. C. A. Antler, son Jr.

TRAIN HI-JACKED

NEW YORK, Nov. 16, (AP)—Some thirty hi-jackers have pulled a new stunt in Virginia. Three men stopped a slow freight train 15 miles south of Washington today by breaking an air hose connection. Then they broke into a box car and removed 15 cases of whisky. They got away, too.

CHICAGO DELEGATION DEPARTS

CHICAGO, Nov. 16, (AP)—A delegation of three men has left Chicago for London to submit Chicago's bid to become the permanent capital of the United Nations organization. The group will be joined in New York City by a fourth member, as it is done by a fifth. Delegates in this city are expected to begin an arduous crossing by air today.

Cordell Hull May Testify Before Group

Investigator Claims Navy Knew Of Jap Signal System Before Pearl Harbor

WASHINGTON, Nov. 19, (AP)—Many hitherto secret details of the events leading up to Pearl Harbor may be forthcoming soon from former Secretary of State Cordell Hull. The assistant counsel of the Pearl Harbor investigating committee, Jule Hanford, has disclosed that Hull has been asked to testify, and will do so if his health permits.

During today's committee questioning of Rear Admiral T. B. Inglis, Senator Homer Ferguson of Michigan made the assertion that the Navy had learned of a Japanese signal system in Hawaii on the day before Pearl Harbor. Ferguson said he would prove his statement later on. He declared that the Navy had translated the message of a Japanese spy giving the details of a system of signal lights to be displayed from east-coast of Oahu Island, giving information on the movements of fleet units. A message had been worked out for use through the medium of classified advertisements to be broadcast from Hawaii radio station. Admiral Inglis testified that the broadcast had been intercepted by the Navy, and that the best available information was that they never had been used for signaling.

The committee also reviewed with Inglis his summary of the Japanese version of the attack, as gathered by subordinates of General MacArthur in Japan. It was established that with one exception, the Japanese side of the story tallied pretty closely with the facts as set forth by the Navy. The exception had to do with a rumor that two Japanese planes were shot down before Pearl Harbor as heard before the main attack was launched. No proof has been found for this rumor, and the only microfilm in Japanese and references to the two planes were stricken from the testimony.

Senator Ferguson challenged the Navy's statement that the Japanese fleet was given its final signal to attack Pearl Harbor by a coded message that read: "Climb Mount Nitaka." Admiral Inglis testified that the committee had been told that apparently pulled the trigger for the Pearl Harbor attack. But Senator Ferguson brought out in questioning that this message was not included in the Japanese fleet's operation order.

Admiral Inglis said that information about the Mount Nitaka message was obtained from a Japanese pilot.

Captain Schirard Is Retired From Active Army Duty

Capt. Bernard Schirard, infantryman, has recently been discharged from the Army after receiving extensive instruction and after having instructed officer candidates for approximately five years in the latest Army tactics.

After entering the Army in November, 1940 with the National Guard, Capt. Schirard was assigned duty at Camp Blanding for one year. He was later assigned to Fort Benning, Ga. with the 134th Infantry for one year and a half where he worked with the demolition troops which performed for and instructed students.

He was then transferred to the 90th Infantry at Fort Benning which was alerted to go overseas but instead was moved to Camp Robinson, Ark. which was a training center. While there he was Battalion Executive officer. The 90th was further transferred to Camp Parris, Texas, where he remained for two years as Battalion Executive officer for the 97th Division, Regimental Executive Officer.

Capt. Schirard was then hospitalized at Camp Parris, Texas, because of a foot operation and was given a medical retirement Oct. 1 to be effective at the expiration of one year which will be in January, 1946. He was graduated from the University of Florida in 1934 and formerly employed by the American Fruit Growers.

Celery Feds Tounce New Smyrna By Score Of 20-13

By Julian Stenstrom
Seminole High's fighting gridiron eleven, started by the second play of Brooklyn, Cullum and Anderson, moved into a tie for the East Central Florida Conference lead last Friday night when they blasted out a 20 to 13 win over the strong New Smyrna Beach High School Baracudas before better than 4000 fans at the High School Athletic Field.

The Feds were forced to come from behind as the Baracudas opened scoring early in the first period when Shafer went around his left end and carried the ball to the Sanford 31 yard line. Wilcox carried the pigskin to the Fed 20. On the next play Shafer passed to Wilcox who was brought down on the Fed one yard line. Mier, the 245 pound Baracuda fullback, then plunged over for the first score of the game. Mier attempted to convert from placement but his kick was low.

Late in the initial period the Fed machine began to click. Brooklyn, Cullum and Anderson alternated in carrying the ball repeatedly into the Baracuda secondary. The Feds reached the New Smyrna five yard line and Anderson plowed into the center of the line and was brought down on the one yard stripe as the quarter ended.

On the first play of the second stanza, Anderson plunged over for the first Fed touchdown and the score was tied. However, on the conversion, the pass from center was low and Clark, who had intended to kick, picked up the bad pass and skirted around his left end to score the extra point and send Sanford into the locker.

Shortly after play was resumed Eugene B. Smith is Serving On Tulagi

Eugene B. Smith, S 2/c of Sanford, took part in Pacific operations of the escort carrier USS Tulagi, which now is engaged in the high priority post-war task of bringing high point veterans of the Army, Navy and Marine Corps home for discharge and return to civilian life.

The Tulagi is one of some 250 carriers and transport vessels that have been assigned to the Navy's "Magic Carpet" fleet, operating between the Orient and various United States ports, bringing prospective discharges over the long road home across the Pacific.

Gun Club And Guard To Compete In Shoot
Members of the Seminole Gun Club and of Company "C" of the Florida State Guard will compete in a turkey prize shoot at the target range east of the Hotel Kayfair next Wednesday from 2:00 to 5:00 P. M. It was announced by Byrd J. Goode, gun club president.

The shooting will be at targets, not at turkeys, said Mr. Byrd with a grin.

In the second half, Cullum got loose around his own right and traveled 47 yards for the second Sanford touchdown. Clark kicked the Feds, still not content with the extra point from placement, their eighth point lead, again put their eleven into action again when Cullum returned a New Smyrna punt to the Fed 43 yard line. Anderson smashed over left tackle to the Baracuda 47 for another first down. Brooklyn went off right tackle before being brought down on the 27 yard line. Anderson went over the left side of the line for a first down on the eight. Brooklyn lost three yards when he was nailed in the Fed backfield. Anderson carried to the eight and on the follow-up play plowed the remaining distance for the third Sanford score. Clark's attempted conversion was blocked.

The Baracuda came back midway in the final period again to take the offensive spotlight. Anderson intercepted one of Mier's passes but a Fed fumble was recovered by New Smyrna on the Sanford 47. Several plays later Mier fumbled and the Baracuda Mier fumbled and tossed a 48 sphere in his outstretched arms for a touchdown. It was far the most brilliant play of the entire on the field. Mier kicked the extra point from placement.

Cullum, Brooklyn and Anderson all displayed their usual fine style of play during the game but at the same time the play of Shafer, Wilcox and Mier must receive the highest recognition. Mier, the 245 pound Smyrna fullback, received a great ovation when he left the field for a short rest in the final period. The Fed forward line did very well, particularly during offensive play.

OPAs Officials Meet Tuesday In Orlando
Roy M. Coffey, district director of the OPA has announced that a meeting of the OPA and rating boards of Apopka, Winter Park, Winter Garden, Orlando and Sanford will be held in Orlando at 8:00 o'clock tomorrow afternoon.

Mr. Coffey stated that the future of the OPA and rating program in this district will largely depend upon the corrections and policies that will be decided during this meeting.

Victory Bond Sanford Bids Sales Hiked For Higgins Three Percent Boat Industry Representative To Meet Tonight In Jacksonville With Company Officials

High School Sells \$13,000 In Bonds During Grid Tilt With New Smyrna

Seminole County's largest "Victory" bond drive gained about three percent of its quota last week, ending approximately \$13,000. The drive was announced today by Edward P. Lane, publicity director of the drive. The county quota is \$774,000.

A bond premiere show at the Rita Theater, featuring a fashion show put on by the Yowell Company with the latest glitzy fashion creations worn by Sanford's most beautiful girls, plus vaudeville acts and music by the Sanford Naval Air Station Orchestra, will take place on the evening of Wednesday, Nov. 28th.

An auction bond sale of football trophies conducted during the half of the Sanford-New Smyrna football game Friday evening by Julian Stenstrom, announcer, and Herman E. Morris, principal of Seminole High School brought a total of \$13,000 or enough to pay for four convalescent hospital units for veterans. In addition to this the High School had already raised \$2,000 on the cost of one unit.

Arthur Yowell, local merchant, was the biggest bidder, and he bid \$5,000 for a football donated by Lieut. Comdr. Lawrence Wagnard, member of the Navy's 1941 football team, with autographs of the players and of the late Col. Cecil Larson, famous Navy coach. In addition, Mr. Yowell bid \$1,000 for a pair of Herman's "Footies" and \$1,000 for a pair of shoes in which he had the Celery Feds to victory many times last year, and another \$1,000 for a painting by Frank Robinson. Fed next last year, now serving in the Seminoles High School.

Another high bidder was L. J. Owen of the Coca-Cola Company who bid \$5,000 for a football autographed by the Celery Fed team and \$1,000 for a pair of shoes worn by the Feds great 1944 back, Bill Fleming, brought a bid of \$1,000 from John Levy.

Admittance to the bond premiere show will be by purchase of bonds only. Bonds may be purchased at the banks, post office, Rita Theater or bond booth at Yowell's.

PROCLAMATION
STATE OF FLORIDA
EXECUTIVE DEPARTMENT
WHEREAS, peace with its many blessings, has brought us a sense of responsibility that challenges the crusading spirit of civilization, the control of tuberculosis, the great scourge of humanity and

WHEREAS, Florida has a very personal interest in this fight since more deaths are caused by tuberculosis in the State than by industry, automobiles, disasters or any other cause and

WHEREAS, a Christmas Seal Sale period will be observed throughout the nation from November 19 to December 25

NOW THEREFORE I, Millard F. Caldwell, by virtue of authority vested in me as Governor of the State of Florida, proclaim the 19th day of November, 1945, as

CHRISTMAS SEAL SALE DAY
in Florida and urge that all citizens concentrate on the task of reducing the tuberculosis death rate in Florida by supporting with the seal and energy at our command the sale of tuberculosis Christmas seals from that date until Christmas.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Florida at Tallahassee, the Capital, this fourth day of November, A. D. 1945.
Millard F. Caldwell (Signed)
GOVERNOR

J. A. STONEBURG DIES
Friends of Mr. and Mrs. J. Ed Stoneburg of Miami, formerly of Sanford, will regret to learn of the death early yesterday morning of Mr. Stoneburg's father, J. A. Stoneburg. Private services will be held this evening in Miami.

Sanford is to have its chance as a possible site for the Higgins boatbuilding yard in Jacksonville, following an AFL strike which announced the New tri-axle plant for sale. Florida's labor situation has attracted the company's attention favorably.

W. T. Wolfe, expert traffic consultant, who is thoroughly conversant with the advantages of Sanford as a fresh water, rail and truck shipping point, will meet tonight in Jacksonville with a delegation of officials of the Higgins industries, and will represent the Seminole County Chamber of Commerce in outlining Sanford's advantages as a location for a boatbuilding plant.

This announcement was made this morning by Edward Higgins, chamber manager.

Baby Feds Tangle With Deland Squad Tomorrow Evening

Seminole High's Baby Celery Feds will tangle tomorrow night with the Deland High School Baby Bulldogs at the high school athletic field in the third conference game for the locals this season.

Coach Kettles will announce the starting lineup tomorrow. The Feds have failed to register a victory in their first two starts, being defeated by Daytona Beach and Deland. The Bulldogs are dropping a 7 to 8 decision to the Bulldogs last week in Deland.

Officials have also announced that a small admission fee will be charged.

Virginia Chapman Is Elected To Society
LAKELAND, (Special) Nov. 19.—Eight students at Florida Southwestern College, including Miss Virginia Chapman, daughter of Mr. and Mrs. W. P. Chapman, of 208 W. 19th Street, have been elected to membership in the Kappa Delta Pi, national professional honor society in education.

Others elected were Misses Molly Jensen, Lakeland; Dagmar Nansfield, Great Neck, N. Y.; Phyllis McFarland, Orlando; Betty Lawrence, Miami; Mary Clara Eby, Winter Garden; Irene Louise White, Plant City; Mary Jeanne Martin, Mulberry.

Election to membership is based on general scholastic standing, aptitude in education, and personal traits which promise success in education.

HOUSING PROBLEM
CHICAGO, (AP)—Mrs. Helen Centers got a place to live, but she had to do it the hard way. She bought a lot in suburban Harvey and a vacant five-room house on a farm two miles away. She obtained permission from the state and county to transport the structure, arranged with the utilities company to raise telephone and electric wires along the route, called in the house hunters and in due time her home-hunting worries were ended.

JACK RAY OUT
MAXWELL FIELD, Ala., Nov. 17, (Special) Aviation Cadet Jack M. Ray, son of Mr. and Mrs. P. L. Ray, of 803 First Street, Sanford, received an honorable discharge from the Army Air Forces having faithfully served since June of 1942.

Cadet Ray entered the Army at Fort McPherson, Ga., as a private and was assigned the duty of aerial engineer on B-24 bombers. To become qualified for this position, he was sent to Ft. Weyer, Jobber Field, Miss., and Maxwell Field, Ala., for training. He was decorated from the Army at Drew Field, Tampa.

Engineer Favors Independent FEC At ICC Hearing Says Company Will Participate In Coming Prosperity

WEST PALM BEACH, Nov. 19, (AP)—Testimony continues at the Interstate Commerce Commission hearing on the Florida East Coast Railroad company's proposed new rates for freight.

The S. A. Lynch group of junior bondholders have been in the hearing spotlight today.

Working through a maze of figures, the Lynch group, improvement schedules and future estimates—W. A. Gordon, New York consulting engineer said he had reached the conclusion that the best five years will be a prosperous period with high national income and heavier than normal railway traffic. He believes that the Florida East Coast should participate in the general prosperity.

Gordon says he bases his conclusions on independent ownership of the Florida East Coast. Gordon also concluded that earnings for 1945 should be sufficient to produce a net income available for interests, and before reduction of income taxes, of between \$4 and \$5,000,000.

Health Program Given Congress By President

WASHINGTON, Nov. 19, (AP)—President Truman has laid before Congress a five-point national health program, and has asked it to accept the proposition that the health of the nation is a national concern.

The program outlined in the President's message includes a compulsory health insurance system, but Mr. Truman declared, this does not mean socialized medicine. Patients would remain free to choose their own doctors, and doctors would be free to accept or reject patients.

The five points also include federal aid for the construction of hospitals, and creation of a system of public health services, federal aid for professional education, and disability insurance.

FHA Facilities Now Available To Owners
Pre-war financing facilities under the FHA program are again available to Sanford home owners, and improvements were removed and all limitations on the use of materials for such purposes were lifted on Oct. 15. This means, Mr. Parrish declared, that qualified lending institutions now can resume making loans under the peacetime regulations of FHA's Title I operations. Such loans may be for a maximum amount of \$2,500 and run for a maximum term of three years, repayable in monthly installments.

ALLOWANCES INCREASE
NEW YORK, Nov. 19, (AP)—The Veterans Administration has announced a sharp increase in readjustment allowances paid to veterans of World War II. Those are the allowances paid to assist veterans in readjusting from the armed services to civilian occupations. Payments for the week which ended Oct. 27 totaled \$3,626,000 and went to 155,000 veterans. This was a sharp increase over the preceding week.

Delegates To Meet As Car Strike Looms

Chicago Operators Walkout; Cox Hits Labor Legislation; Printers On Strike

WASHINGTON, Nov. 19, (AP)—The threat of a strike of unprecedented proportions looms in the motor city of Detroit today, the center of the nation's gravest labor dispute as 200 delegates from General Motors plants throughout the country gather for a momentous conference. The delegates have come to hear the United Auto Workers' six-member strategy board describe the progress of negotiations with General Motors over the 30 percent wage increase demand. At issue is fear that the conference will endorse a call for a mass walk-out in all General Motors plants.

Elsewhere in the nation the total number of workers idle because of strikes has risen to almost 300,000, with the biggest share of the increase caused by the telephone walk-out in the Chicago area where 87,000 operators left their work this morning. A union spokesman said that by midnight at least half of Chicago's telephone service will be paralyzed. The workers are demanding a \$600 a week wage increase.

Shipping at Philadelphia has been tied up by a strike for the second time in two months when 700 tugboat workers, whose union is affiliated with the United Mine Workers, have left their jobs.

A new effort has been made in New York to avert a nationwide strike against Montgomery Ward. A spokesman for the CIO union retail, wholesale and department store employees says the union is offering to withdraw demands for a closed shop and dues check-off. The workers are willing to submit 21 other demands for arbitration.

Georgia's representative, E. E. Cox, has charged the House Rules Committee with being on what he calls a sit-down strike against labor legislation for the duration of the labor management conference. That conference, Cox declared, is nothing but a pretense. The legislator himself is a member of the rules committee and he wants it to take up a bill that would impose strong penalties on strikers violating no-strike contracts.

Three newspapers in Seattle, Washington, have been affected by a strike of F. L. Typographical workers. The strike was called after the printers turned down a wage compromise offered by the Post Intelligence the Times and the Star. The Post-Intelligence, the only morning paper of the three, got out one edition before the walkout began. The strikers are asking for an increase of \$2.93 per day. The management offered \$1.65.
