Truman Plans Talk Praising Gov. Lehman

President Will Make
Radio Address To-
Morrow Night On
New York Campaign

ABOARD TRUMAN TRAIN EN-
ROUTE TO WASHINGTON, Nov. 4.—(AP)—President Truman drafted today a strong endorsement of Democratic candidates in New York's hot Senate and major races as he pulled back to Washington from a "bi-partisan" swing into the Midwest.

Mr. Truman talked over with presidential press secretary Charles C. Ross, and Democratic National Chairman, Bill Boyle, a political address he will make by radio tomorrow night to New York voters. In it, he will appeal for the election of former Governor Herbert H. Lehman over Senator J. Lee Rankin (R) New York in the special Senate race and call for the re-election of Democratic Mayor William O. Dwyer of New York City.

Mr. Truman will speak for about five minutes around 9:25 P. M. (EST), from the White House on a radio program originating in New York. Meantime, he got a chance to talk to Illinois political leaders about Senate Majority Leader Luce's campaign for reelection to the Senate next year.

Joseph Arvey, chairman of the Cook County Democratic central committee, said he told Mr. Truman Luce claims "look good." Former Republican representative, Everett Dickson is opposing Luce.

Arvey, former Mayor Edward J. Kelly, Senator Paul Douglas (D) Illinois, and State Chairman George Kelle boarded the presidential train at Chicago shortly after 4 A. M. and talked with Mr. Truman for about 30 minutes.

Housing Authority Holds Meeting On Housing Project

Official notice of approval by the Public Housing Administration of a 125-unit, two-year low-rent housing project for Sanford was given at a meeting of the Sanford Housing Authority, with George Williams, executive director and secretary, announced today.

Edward Higgins presided yesterday at a meeting of the Board of Commissioners of the Sanford Housing Authority, with George Williams, executive director and secretary, announced today.

Refrigerated Service To New York Begins

Fred V. Bell, representative of the Refrigerated Steamship Line, announced today that the line will on Nov. 11 resume service between Jacksonville and New York which had been discontinued during war time.

With two new ships, the Yague and the Claps, bi-weekly service will be resumed by the line from Jacksonville to New York and will offer refrigerated facilities. Local growers can take advantage of the new service by trucking produce to Jacksonville, he stated.

RADIO PROGRAM
Songs by Harry Belafonte and Willard Connolly will be featured by Dick Aiken, singer, with Mr. Wester accompanying on the Monday morning program, 8:30 o'clock on Station WFLA.

Aiken announced this morning. One of the songs, "Evermore" was composed in part during war time by Mr. Wester while on night duty in Guadalcanal while serving with the Army.

Meets Naval Operations Chief

Navy Secretary Francis Matthews (left) congratulates Vice Admiral Forrest P. Sherman in Washington after he was named Chief of Naval Operations by President Truman. Sherman, who succeeded Admiral Louis E. Denfeld, told newsmen that he wants "a fighting Navy at an instant of a fighting Navy" (International Semaphores)

Ching Arranges Talk On Strikes With John Lewis

By ASSOCIATED PRESS
The government's chief labor mediator, Cyrus S. Ching, today arranged a meeting with John L. Lewis.

This is the first step in new government efforts to end the 47-day old coal strike. The time of the meeting was uncertain.

Ching headed from New York, where he had talked aimed at ending the 35-day old steel strike, to Washington for conferences aimed at bringing Lewis and coal operators together next week for new negotiations.

Lewis, a short time earlier, offered to negotiate separately with mine operators in Indiana and Illinois or with those in Illinois alone for possible settlement in either or both of those states.

There was no immediate reaction from mine operators.

A similar offer for separate Indiana talks was rejected by mine operators in that state earlier this week.

Civic Clubs Go To Yacht Club Nov. 14

Movement of civic clubs from the Tourist Center to the Yacht Club Building on Seminole Boulevard will be initiated by the Rotary Club on Nov. 14, City Manager Clifford McKelhin announced today.

Other clubs will meet at the new location during the week of following days, Nov. 15, Kiwanis, Nov. 16 and Jaycees, Nov. 17.

The Coast Guard Florida has retained office space in the building which has recently been repaired. Tables, benches and chairs on the sun porch will accommodate 71 diners, and additional seating space is available on the other side of the double doors in the main room. Gas heating facilities will soon be installed, said Mr. McKelhin.

Kitchen facilities are available for preparing dinners and for washing dishes. There is a new gas hot water heater, a gas-made Monday night at the American Legion supper meeting.

James O. Gallows, commander of Campbell-Lossing Post 88 announced this morning. The supper will start at 7:30 P. M.

Captain Karl F. Louche has announced that he will award \$5 to the person turning in the most correct answers to the Legion membership card.

Peace Treaty With Japan Is Seen For 1950

MacArthur Reported
As Gratified Over
Progress Made On
Major Differences

MANILA, Nov. 4.—(AP)—Occupation sources in Japan say General Douglas MacArthur expects a peace treaty with Japan to be signed in Tokyo early next year.

This source, who can not be named, said the Allied occupation chief was highly gratified at the progress made since British Foreign Secretary Bryan and U. S. Secretary of State Acheson reportedly asked agreement on all major points during economic discussions in Washington.

Communist China and Russia may be present at the time the victors World War II Allies lay down their terms for defeated Japan's re-entry into world affairs, but only if they agree to British American plans already developed, this source said.

Any attempt by the Soviets and the Chinese Reds to insist on veto power at the peace conference will be rejected, this official said.

Major points of the proposed treaty, said this source, include the cessation of hostilities, ending the war will be simple. It will concern only details growing out of the conflict such as damages, reparations, terms for future relations with other nations and provisions for maintaining democratic reforms instituted under MacArthur's leadership during the occupation.

After conclusion of the treaty, this source said Japan will be invited to assure her self of security in the Communist menaced western Pacific by entering into a pact prevailing her with military defenses.

Details of the defense pact have not been completed, Japan will have a voice in selecting from a list of proposed arms and equipment.

First, entrance into United Nations with that body guaranteeing the territorial integrity of Japan in view of her continuing role as a peaceful nation.

Second, and considered most likely, a pact granting in American Air and Navy bases on long-term lease which include the present strength and position of occupation forces would hardly be changed except for the abolition of Allied occupation headquarters.

The occupation force of 100,000 American divisions plus most of the fifth air force presently in Japan might be sufficient to prevent encroachment by a foreign power.

Third, possible inclusion of British Commonwealth participation in defense of Japan. This source considered the least likely because of heavy British commitments elsewhere.

MacArthur has made the strong case possible argument to the level of the Department of State in circles that the peace treaty is certain.

U.S. Acts To Bar War Goods From Russia

Communist China And
Latin America Nations
Are Hit In
New Regulations

WASHINGTON, Nov. 4.—(AP)—The government barred trade controls on shipment of strategic goods to practically the whole world today to prevent re-shipping to the Soviet bloc.

Communist China and Latin America particularly were covered by the new rules.

Officials told a reporter the step was taken more with the idea of averting future shipment difficulties than because of any present current in the re-shipping to Russian-dominated areas.

Heretofore the Commerce Department has applied these trade controls only to Europe and adjacent areas, mostly along the southern rim of the Mediterranean.

The new action extends the control powers to exports to any place in the world except Canada, which has always been in a relatively free trade status, even in wartime.

By trade controls, the Department means for the most part of goods that might contribute to the "war potential" of the Soviet bloc.

Export of military material is strictly controlled, but because for these are banned by the State Department.

The Commerce Department handles export licenses for goods covered by today's new rules.

This gives it a chance to "screen" proposed shipments. Thus it can deny shipment privileges where it suspects goods, apparently destined for some non-Communist area, in fact to be re-shipped to Soviet-dominated regions.

Direct shipments of strategic goods to the Soviet Union have been under virtual ban since March 1948.

In announcing the present extension, the department also streamlined its lists of commodities covered by the control. The aim is to end licensing for goods now controlled non-shipment and also plentiful domestic supply.

Jacobson To Open New Sanford Store

Women recently started a drive for a new department store which will be opened by Edward Jacobson, about 21 1/2 blocks from the location of Towne's First Street.

New fixtures will be installed and the store will feature men's, women's and children's ready-to-wear clothes and shoes.

The building in which the store is located was purchased by Mr. Jacobson three years ago from J. T. Coxson.

Mr. and Mrs. Jacobson have been in business in Sanford for the past 20 years and currently are in the Department Store at Fourth Street and Sanford Avenue.

'Voice' Employee VA To Pay GI And U.N. Clerk Stabbed To Death

Medical Examiner
Says It Is Murder
And Suicide Case

NEW YORK, Nov. 4.—(AP)—An attractive woman employee of the "Voice of America" and a Chinese clerk from the United Nations were found stabbed to death today in a Manhattan rooming house.

The body of the woman, 44-year-old, Hungarian-born Mahane Halka-Ka Zolyak, was found sprawled on a bed beside the body of Wei Huan Kuo, 28, a clerk in the U. N. documents and sales division.

The woman, and by associates to be married but separated from her husband, had been stabbed once in the chest and wrist once in the back.

Kuo's body, also only one stab wound, lay on the floor. A small hunting knife that had fallen into a death in the kitchen had been found on the bed between the bodies.

The deaths occurred in the rooming house at the Hotel Belmont, 135 and Broadway, Police said. The man and woman were rooming together in the hotel "Sheep Ranch" a few hours earlier.

Mrs. Zolyak was a graduate of New York's Hunter College and had attended George Washington University in Washington, D. C.

She was naturalized at Washington in 1947.

Kuo held a B. A. degree from China University, Peking, Peking, and had been in the U. S. since becoming a \$2500 a year clerk at New York.

The bodies were discovered by the hotel's bell captain, Louis Torres, who went to the 13th floor to find out why the telephone was off its hook.

There was no sign of a struggle in the room except that the telephone, which had been on a table between the two beds, was on the floor.

Two crashes, one on Nov. 4, 1949, an Air Force C-54 "Flying Fortress" crashed in a flat on the 13th floor, killing a man, a woman and a crewman.

A report said the worker was severely injured. The dead crewman's name is being withheld pending notification of next-of-kin.

WINDGOLF FIRE
ATLANTA, Nov. 4.—(AP)—Nine of the 168 damage suits filed in connection with the Windgolf Hotel catastrophe of December, 1948, were heard yesterday by Fulton Superior Judge Virgil Moore.

The cases, all fatalities, were heard with a jury.

The average award, 50 percent of \$368,280 for the heirs of 19 of the 110 who lost their lives in the hotel.

Keith Shoots Father To Save Wife And Child

Elder Keith Stopped
In Mad Rage As He
Goes After Family
With Sharp Hatchet

Edwin O. Keith, 71, shot and killed his father, Edwin O. Keith, Sr., last night shortly after 8:00 o'clock when the elder man, apparently out of his mind, suddenly seized a hatchet and attempted to attack his son's wife and child with a hatchet.

Also in danger of attack in the living room of their home at 1103 West Third Street was a sister-in-law of the older Keith, Mrs. Bea Keith and her son of Orlando.

Mr. Keith's father-in-law, Dr. S. Russell Finch, received a call at 10:15 p. m. last night from a woman who reported that a man had been shot. He notified Police Chief Roy L. Williams who with Capt. Roy L. Wentz went to the scene of the shooting after notifying Sheriff P. A. Mearns.

Sheriff Mearns summoned a coroner's jury which with Justice of the Peace W. E. Watson, viewed the body. Justice Keith was allowed to remain at the scene pending action on the case by State Attorney Murray Overstreet.

Saying that the coroner's jury was a 12-man jury, Judge J. H. McLaughlin, Charles E. Baker, Judge Thomas and J. E. Baker.

Sheriff Mearns reported that the 58-year-old father had been shot under the right armpit by a 45-caliber automatic. The pistol, found lying near the dead man, was a hatchet.

Edwin Keith, Jr., an employee of the post office, was ready to shoot the father when he saw the man shoot his wife and child. He was a member of the family and was shot in the back of the head.

Edwin Keith, Jr. came home from work at 10:30 p. m. and found his wife and child shot. He was an employee of the post office and was shot in the back of the head.

Edwin Keith, Jr. was employed by the B. I. Perkins Co. in 1949. (Continued on Page Six)

State Association Of Supervisors To Meet Here Nov. 12

The Florida State Association of Supervisors of Registration will hold a business meeting in Sanford on Saturday, Nov. 12, it was announced today by Mrs. W. J. McLaughlin, secretary of the association.

The meeting will convene in the afternoon at 10:00 A. M. with the president, John C. Delle, supervisor of Hillsborough county, presiding. All officers and committee chairmen have been notified to attend.

Officers in attendance will be Richard W. Evans, attorney general and secretary; Howard S. Bailey, R. A. Green, secretary of the State Board of Supervisors; and Harry McDonald of Tampa, attorney for the association.

Important matters that will be discussed include the new changes which were made in the election laws during the 1949 legislative session and the legal profession.

NO FROST HERE
LAKELAND, Nov. 4.—(AP)—Light weather and scattered light frost in northern section of Florida tonight or early tomorrow was forecast today by the Federal State Forecast Warning Service.

The forecast: "Clear skies and slightly cooler with light frost in the coldest low ground locations Saturday morning ranging from 35 to 40 degrees and scattered light frost in north portions of Gainesville and upper east coast district. Continued rather cool central and southern districts.

"Saturday: fair and slightly warmer. Outlook slightly warmer Sunday morning. No frost danger through Monday morning.

Tampa Civil Rights Case Goes To Jury This Afternoon

Policemen Charged
With Beating Negro
Woman With Hose

TAMPA, Nov. 4.—(AP)—Two widely conflicting pictures were painted for a federal jury today as government and defense attorneys argued their versions of the civil rights case against two Palm Beach policemen.

Mulberry Police Chief William C. Brock and Sheriff's Deputy Paul Jennings are charged with beating and abusing Louise Lee (Vicki) Houston, Mulberry negro woman, following her husband's attack on a white section foreman.

This morning the jury heard L. I. Boone, special assistant to the U. S. attorney general, and then Joseph Gallen, one of the defense attorneys. Both attorneys discussed at length the FBI pictures showing Vicki Houston's shoulders and throat.

Boone told the jury the marks on the negro woman could not have been caused by a mill file as testified yesterday by D. W. Walker, section foreman attacked by William Houston, the alleged victim's husband.

Boone asserted a steel instrument would have torn and lacerated the skin and that the file was a deadly weapon which would have left the victim severely injured.

Thomas W. Brydan Dies In Sarasota

Thomas W. Brydan, 64, a resident of Sarasota for the past 22 years, and formerly a resident of Sanford, died here at the Sarasota hospital. While here Mr. Brydan was a produce merchant and lived on South Cameron Avenue.

Mr. Brydan had been associated for 20 years with the Royal Company, Sarasota celery growers, and prior to that was with Palmer Farms. During the war he was a member of the ration board and chairman of its gas panel. A graduate of the University of Toronto, he was later a member of the American Institute of Electrical Engineers and a member of the Moose Lodge of Sanford.

He is survived by his widow and one daughter, Miss Mary Brydan, both of Sarasota.

NO HURRICANE

MIAMI, Nov. 4.—(AP)—A small tropical storm in the Caribbean Sea gave up the ghost today. "This last grand of the hurricane season" as forecasters described it apparently moved over Honduras and dissipated.

BETS ON WINSTON

LONDON, Nov. 4.—(AP)—One of London's biggest bookies made Winston Churchill a 6 to 4 favorite today to be the next Prime Minister of Britain.

His second choice for the 1950 election is Prime Minister Clement Attlee at 5 to 3.

Florida Is One Of 11 States With Increase In Farm Income

By GORDON BROWN
AP Special Washington Service
WASHINGTON, Nov. 4.—(AP)—At the three-quarter mark, Arkansas, Louisiana, Mississippi, and Florida remain among the few states in which cash receipts of farmers this year are ahead of 1948.

For the country as a whole a marketing of crops and livestock department for 1949.

Actual figures for the first nine months of 1949 show income of \$1,035,947,000 for the nation's farmers, compared with \$967,775,000 in the similar 1948 period.

As of Oct. 1, all but 11 states showed a drop from receipts the first nine months of 1948, a department report showed today.

Contrary to this trend, however, Arkansas, Louisiana and Mississippi, along with Delaware, Florida, North Carolina, Alabama, New Mexico, Arizona, Washington and Oregon, show an increase.

Up to Oct. 1 of this year Arkansas farmers have received \$254,776,000 for crop and livestock, compared with \$240,074,000 for the first nine months of 1948.

PENTHOUSE SUIT

MIAMI, Nov. 4.—(AP)—A suit to allow Betty Takson to continue living in a luxurious penthouse apartment atop the North Biscayne Hotel on Normandy has been filed against millionaire hotel owner Harold A. Clark.

The suit, filed in circuit court yesterday, alleged that Clark told the girl she could have the penthouse for one year beginning Oct. 10, 1949, but on Oct. 25 he ordered her to move out.

SHREVEPORT, La., Nov. 4.—(AP)

An Air Force C-54 "Flying Fortress" crashed in a flat on the 13th floor, killing a man, a woman and a crewman.

A report said the worker was severely injured. The dead crewman's name is being withheld pending notification of next-of-kin.

BUSINESS SCHOOL

Emerson C. Klontz, a business education specialist, who recently came to Sanford from Sebring, announced today that he will conduct classes in business subjects in the Sun Room of the Montezuma Hotel beginning Nov. 14. Mr. Klontz states that it is his purpose to develop these classes into a small permanent school of business.

Children's Home Needs Funds, Clothes

JACKSONVILLE, Nov. 4 (Special)—The Children's Home Society of Florida is in desperate need of funds and children's wearables of every kind and size, for children from wee babies to boys and girls 16 years of age, according to Marcus C. Fagg, generally known as "Daddy" Fagg, who has served as State Superintendent for over 30 years.

In a special Thanksgiving Day appeal being sent out to friends and contributors, civic clubs, women's organizations, churches, lodges and other groups, "Daddy" Fagg is imploring everyone to send in every available dollar, and every garment that can be spared or purchased.

The money should be sent to the Society's long-time Treasurer, E. V. Covington, 1647 Osceola Street, Jacksonville. All wearables should be sent to the Children's receiving Home, 2560 Riverside Avenue, Jacksonville—or to the Rose Keller Home, 800 South Pennsylvania Street, Lakeland—or the West Florida Receiving Home, 12th Avenue and Blount Street, Pensacola.

Never have we faced greater need of money and wearables during the 47 years of our service to over 55,000 children of every creed and belief, is "Daddy" Fagg's statement.

GROWS HIS OWN

LOS ANGELES—(AP)—Dr. H. Nakaya, of Japan, "grows" artificial snowflakes. What's more, he found a use for them—helping the weather man. A professor of meteorology at Hakkaido University, Dr. Nakaya said he was the first to create the fake crystals. He made the first one 19 years ago he said, by varying temperature, pressure, humidity and wind velocity in a specially built chamber.

He's been experimenting ever since. He believes that by comparing natural and artificial flakes, he will soon be able to tell the temperature and humidity of the area in which natural flakes are formed. This would help weather men understand the formation of storm clouds, and the structure of storm clouds.

Dr. Nakaya is on a lecture tour of the United States and Canada. His sponsor is the International Committee of Snow and Ice Flakes.

Subject: "Adam and Fallen Man."
Wednesday service 8:00 P. M.
Reading Room Tuesdays and Fridays 3:00 to 5:00 P. M.

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, November 6.

The Golden Text is: "Awake thou that sleepest, and arise from the dead, and Christ shall give thee light" (Eph. 5:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Behold, the Lord's hand is not shortened, that it cannot save; neither his ear heavy, that it cannot hear: but your iniquities have separated between you and your God, and you have hid his face from you, that he will not hear" (Isa. 59:1, 2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "It is true that a knowledge of evil would make man mortal. . . . But it is true that God, good, made the tree of life to be the tree of death to His own creation? Has evil the reality of good? Evil is unreal because it is a lie,—false in every statement" (1827:14-15, 17).

Fellowship 6:30 P. M.
Wednesday Nov. 9, Golden Age Group meets at Church at 3:00 P. M.
Business Women meet with Mrs. H. Cochran at 8:00 P. M.
Junior Choir will sing at 11:00 A. M. Service Sunday.

NEW GOALIE
BOSTON—(AP)—The Boston Bruins are the only team in the National Hockey League using a rookie goal tender this season. Jack Gelineau, for three seasons the star netminder for McGill University in Canada, has stepped into the nets for the Bruins with the league's best ball toters.

GOSPEL TENT SERVICES
West Ninth Street and French Avenue
Sunday Services 3:00 P. M. and 7:30 P. M.
Revival Services each night except Saturday 7:45 P. M.
Evangelist Carroll N. Blakelee preaching healing for all sick in soul or body.
Everyone invited to attend.

GOT FOOLED
CLEVELAND—(AP)—Cleveland's football coach Paul Brown has quite a reputation as a shrewd talent trader. But Buffalo's Bills have picked up two of his castoffs who now rank among All-American Conference leaders in carrying the ball. Ollie Cline, a Cleveland rookie last year, and Chet Matryn, released by the Browns before the 1948 season, are ranked right up top in the league's best ball toters.

BARCELONA—(AP)—The Barcelona Soccer Club claims the organization of the biggest banquet ever given in any place in modern times. On the occasion of the 50th anniversary of the Club's founding in 1900 the directors plan a banquet for 12,000 persons in the National Palace of Montjuich Park.

Cup last season and in one of the most powerful sport societies in Spain. It has more than 2,000 members. The Royal Madrid Club, however, surpasses that number. It has 42,000 members.

Meet The Doe Family

OF CENTER CITY, U. S. A.

Perhaps this family is planning to move to a locality far from its own locale. HOW BEST CAN IT KNOW ITS FUTURE TOWN?

IT IS THROUGH ITS NEWSPAPER

The SANFORD HERALD receives countless letters requesting that a paper be sent to some prospective resident. It may be Tennessee, it may be Salt Lake City. The important thing is these letters do come in. This indicates that people want to read a town's newspaper in order to get a clearer picture of the town of which they may soon be a part.

Below, are two recent letters from our files which demonstrate the interest out of towners have in Sanford. We print them here exactly as they were received.

Knoxville, Tennessee
October 25, 1949

The Sanford Herald
Sanford, Florida
Gentlemen:

Kindly give me your rate on your newspaper. I am enclosing 10 cents for which please send me one current issue.

Thanking you for the above information, I am

Yours very truly,
(Mrs.) Annie G. Poyntz

Address:
1760 Yale Avenue
(Side Entrance Apt.)
Knoxville, 10, Tennessee.

Montclair, N. J.
Oct. 25, 1949

The Sanford Herald,
111 Magnolia Ave.
Sanford, Fla.
Gentlemen:

Please find enclosed check for \$1.00 in payment of one month's subscription to The Sanford Herald. We expect to move to your locality in the near future.

Yours very truly
Carroll D. Blackburn
7 Niagara Rd.
Montclair, New Jersey.

IN GRANDMA'S DAY

In grandma's day the spinning wheel and the old hand loom were familiar sights. Long before this time, when great-grandmother was young, the girls of the family were taught to spin yarn and weave cloth, and many of the simple garments of those days were the products of their delicate hands.

The spinning wheel and hand loom have gone the way of the wooden plow, the ox cart, and the grandfather's clock. They exist today mainly as relics of a colorful past.

New inventions and new methods are constantly replacing old ones. Human life sweeps on in a world of change. The only abiding things are the things of the mind and spirit; faith, hope, and love are the great eternal.

Man needs a spiritual anchorage in a changing world. And the Church points him to God, who is the same yesterday, today, and forever. He is man's rock and refuge in every age.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TODAY'S BIBLE VERSE

Samson could put the Philistines to flight, but came never conquer himself. The Philistines took him, and put out his eyes.—Ju. 16:21.

Marshal Tito of little Yugoslavia promises Russia a fight to the finish if that country is invaded. Well, Finland licked her once.

General Collins, Army chief of staff, says the Russian tanks are better than American tanks. He ought to know, but frankly we don't believe it.

The Census Bureau estimates that the population of Florida has increased 597,000 since 1940. That's an increase of over 31 percent. Florida grows!

Erick Rios Bricous, the Bolivian pilot who crashed with the Eastern Air liner killing 55 persons last week, suffered a relapse when a "friend" visiting him in the hospital told him the extent of the tragedy. How often do our best friends with the finest intentions in the world make the road back more difficult on a kindly visit to the sick!

The Herald is looking for hunting and fishing pictures taken in Seminole County for its Tourist Edition which will be issued in the latter part of this year. If you have any recent snapshots or other pictures of duck, bass, trout, quail, etc. in the woods, on the water, or in the field, bring them in and help us help the tourists down the winter.

It is seldom that a greater tragedy can happen to any man than that he be required to take the life of his own father. Yet it is the sort of thing that can happen to anyone. As a man grows older the chances of mental injuries increase. A swollen or broken blood vessel causing pressure on the brain can turn the gentlest person into a dangerous fiend. When that happens desperate measures may be necessary to save the lives of young or healthy persons whose opportunities are still before them. It is an awful decision to have to make and one which goes out to those who have to make it.

Two Polk county policemen were arrested in Tampa last week for violating the civil rights of a colored woman. It was only necessary for the defense to show that the woman might have been beaten by her "common law" husband to cast a shadow of doubt in the jury's mind over the State's contention that she was beaten by police. The doubt was established by nothing for the jury to see to acquit them. You can't convict a man unless he is proven beyond any reasonable doubt. And yet there are those who think that a federal anti-lynching law should result in the arrest of police officers for preventing a lynching which takes place in their community.

Tomorrow is another important election in Sanford's history. We have for a city commissioner in the next three years, and three candidates running. It is a very important election. It is a chance to elect a man who will represent the people of Sanford in the city government. It is a chance to elect a man who will represent the people of Sanford in the city government.

It is a chance to elect a man who will represent the people of Sanford in the city government. It is a chance to elect a man who will represent the people of Sanford in the city government. It is a chance to elect a man who will represent the people of Sanford in the city government.

The Price Of Gold

There are persistent rumors that there is being planned an increase in the price of gold, devaluation of the United States dollar, in other words, the rumors are constantly denied by Treasury Secretary John Snyder and other government officials concerned, and Dr. Edwin G. Nourse, who has resigned as chairman of the President's Council of Economic Advisers and presumably is now completely free to speak his mind, has said that to the best of his knowledge "linking with the dollar" is not contemplated in high government quarters. In the light of these denials, it is pertinent to ask just who is interested in getting the price of gold raised.

The argument has been advanced that devaluation of the dollar would provide the government with a huge paper hoard of gold at Fort Knox, out of which a new dollar note could be made to Great Britain at no cost to the taxpayer. The premise that the government can lend money without getting it from the taxpayer is too stupid for discussion. A devaluation of the dollar would destroy any gains which Great Britain may have obtained from devaluation of the pound, and would likewise negate the efforts of several other European nations to help straighten out the economic tangle by devaluing their own currencies. Devaluation of the dollar would throw new confusion into the economic world, and put Europe right back where it was before devaluation of the pound.

It might not be justifiable to conclude that the agitation for a rise in the gold price comes from people who profit from the economic dependency of Europe, and want that dependency continued. But it does seem that only special groups would profit. If there are sound reasons why the gold price should be advanced for the good of the world, those reasons should be brought forward. So far they do not appear.

Native Born

Although our country has properly been called a melting pot of peoples, for at least a century the native born have constituted 85 percent or more of our population, according to Dr. Louis I. Dublin, chief of statistical bureau of the Metropolitan Life Insurance Company. At present, about 93 percent of our people are native born, he pointed out.

"The foreign born population has been shrinking rapidly since the 1930 Census," Dr. Dublin notes. At that time, the foreign born numbered a little more than 14,200,000; by 1945, this had diminished to an estimated 10,400,000.

"The numbers and proportion of children of foreign parentage also have been declining. In 1940 only about one fifth of the native white population was of foreign or mixed parentage. If to this is added the proportion of foreign born, the total still comes to less than three tenths of the population."

The foreign born are largely concentrated in the north-eastern part of the country. Dr. Dublin observed, with nearly half of them in the four states of New York, Pennsylvania, Massachusetts, and New Jersey. The proportion of foreign born is lowest in the South Atlantic and South Central regions, where the native born exceeds 98 percent of the total, he said.

Hard Pioneering

Agricultural pioneering in Africa is not easy. This is one conclusion to be drawn from the first annual report of the British Agricultural Development Corporation, which cultivated bushland in East Africa. The object is to grow peanuts as a source of edible oil.

It was found that the time estimated for clearing an acre of the bushland was only a fourth of what actually was required, and that the actual cost was ten times the estimated. It was planned that 150,000 acres would be under cultivation by the time the government-sponsored Overseas Food Corporation took over last March, but not before the end of this year is it expected that even 100,000 acres will be planted. The corporation has already spent most of its appropriation, and has completed only a fraction of the work the funds were to cover.

Critics of the socialist government say the report reflects faulty planning and improvident operation.

Puzzled Teacher

Deciphers Foreign Student's Themes

GAINESVILLE, Nov. 7.—(Special)—The alligator pear in shape resembles at the rear and his face resembles at the buttocks. This puzzling sentence describing an alligator pear is one that recently greeted Dr. James Wilson, assistant professor of English, as he checked through a batch of freshman English papers at the University of Florida.

Annual Stetson

Homecoming Will Honor Past Stars

DELAND, Nov. 7.—(Special)—Ten classes will have reunions and former athletes will be honored at the annual Homecoming of John B. Stetson University, here, the long week-end of Nov. 11, 12 and 13.

THE WORLD TODAY

By DEWITT MACKENZIE, AP Foreign Affairs Analyst

This is the 32nd anniversary of the Bolshevik revolution that overthrew the Czarist government and established Red regimes which in the succeeding generation has extended its domination to almost a third of the globe.

It is one of history's most amazing conquests. Not only has Soviet Russia created the huge Red bloc of nations which owe allegiance to Moscow, but agents have penetrated even the unaffiliated parts of the world to establish Bolshevik cells which pledge their fealty to Moscow.

The chief weapons employed in this "World Revolution" have been ideological persuasion and outright force. Of these the strong-arm method has been responsible for most of the success. World War II of course assisted greatly, since numerous countries both in Asia and Europe were occupied by Soviet troops, thereby establishing immediate Russian control.

Britain's Socialist Prime Minister Attlee adds another weapon which mustn't be overlooked. He says Russia is using its United Nations veto as an "instrument of power politics and for furthering the imperialistic aims" of the Soviet Union. Attlee made this charge in a speech in which he also cited Czechoslovakia's plight as an example of Russian methods.

The Prime Minister gave Czechoslovakia as "a shining example of Democratic practice between the wars" which has now been "reduced to the status of such countries as Bulgaria, Poland and Rumania, which have never had much more than a facade of Democracy."

Czechoslovakia does indeed provide an excellent example of how Bolshevism works. She cannot of course be put in the same class with some of the Balkan states which still are primitive in many respects. The Czechoslovakia which

30 Million Seedlings Readied For Planting

TALLAHASSEE, Nov. 7.—(Special)—Approximately 30 million tree seedlings will be available from the Florida Forest Service nurseries for planting by landowners this winter. This record production, an increase of 50 percent over last year, was reported today by R. A. Boininghausen, management chief for the state agency.

Boininghausen said the crop far exceeds expectations and includes 29,192,000 slash pine seedlings, 222,600 longleaf pine seedlings and 8,400 cork oak seedlings. The trees are sold for reforestation purposes at the cost of production and shipment. Three pulp and paper mills are buying about 4,000,000 of them for free distribution to farmers and other landowners through the county agents. Some free distribution is also made by the State forest service for school forestry projects and for Arbor Day plantings by the schools.

In addition to the seedlings grown by the state forest service, the St. Regis Paper Co. operates 30 MILLION SEEDLINGS INC. LONDON, Nov. 7.—(Special)—The British foreign office today called the appointment of Soviet Marshal Konstantin Rokossovsky as Polish defense minister a "further and most important development in bringing about the subservience of Poland to the Soviet Union."

The Yorkshire multi-millionaire said his group will make only six to 10 films in the six months ending June, 1950. And, he added, unless the government lowers its 40 per cent tax on movie tickets he will pull out.

Already, the organization has sold two of its studios to the British Broadcasting Corporation for use in television. In his annual statement, Rank

Britain's Top Movie Producer May Quit

LONDON, Nov. 7.—(Special)—J. Arthur Rank, biggest operator in Britain's ailing movie industry, reported heavy financial losses, and threatened to quit making films entirely.

With the foregoing background, it is easy to understand why the United States government last Friday imposed rigid controls on shipment of strategic goods to the whole world, excepting Canada, to prevent re-shipments to the Soviet bloc. The strategic goods concerned are largely industrial items which might contribute to the Soviet "war potential."

ROSES ROSES

Ready For Delivery No. 1 50c Each DICKERSON'S Gray Shadens Nursery

its own nursery near Pensacola. Last year, over 5,000,000 seedlings were produced for planting on company land and distribution to landowners in West Florida.

What Causes Your Cough?

W. V. Biting Touchton Drug Co. Smoking, nervousness, allergy, are all causes of an annoying cough. But a cough may also be an indication of a more serious ailment such as sinusitis, tuberculosis, chronic bronchitis, heart trouble, lung abscess, lung or chest tumor.

Coughing spells are weakening and embarrassing. When you have a cough that persists for more than a couple of weeks you should see a doctor. Finding and curing the cause of your cough is the only way to overcome it.

A doctor's prescription is the most effective medicine. Have it compounded of quality drugs by a pharmacist with an established reputation in his profession.

This is the start of a series of editorial advertisements appearing in this paper each week.

Miss Allison Lee Has Halloween Party

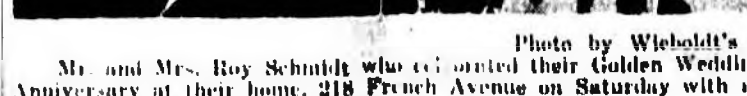

Little Miss Allison Lee entertained recently with a Halloween party at her home on Park Avenue. Forming a Halloween atmosphere were orange and black streamers and jack-o-lanterns and the dining table was covered with favors for the guests. During the evening a sucker hunt was conducted, games and apple bobbing were enjoyed and following a costume parade prizes were awarded to Kay Vaughn as Little Bo Peep, Mary Pat Wight for her hula costume and dance and to Frank

RITA'S BABE

LAUSANNE, Switzerland, Nov. 7.—(AP)—Rita Hayworth, the movie star who became a princess by marrying Aly Khan, has come to Lausanne for the birth of her baby expected in the next few weeks.

Parents, Teachers To Convene On Tuesday

The 20th annual convention of the Florida Congress of Parents and Teachers, Inc. will begin tomorrow at 8:00 P. M. at the Orlando Senior High School auditorium with Mrs. J. Floyd Griffin, president, as presiding officer. Guests to delegates will be extended by Mayor William Boardman, Mrs. C. C. Clark of Natchez, Miss., national vice president from Region VI, Judson H. Walker, superintendent of Public Instruction of Orange County, Mrs. Ralph Miller, President Orange County Council, Mrs. L. H. Gibbs, general convention chairman.

Schmidts Celebrate Golden Wedding

Mr. and Mrs. Roy Schmidt celebrated their Golden Wedding Anniversary at their home, 218 French Avenue, on Saturday with an open house Saturday between the hours of 8:00 and 8:30 P. M.

The rooms of the Schmidt were beautifully decorated for the occasion with quantities of gladioluses and other flowers in shades of gold and bronze. The dining room table was overlaid with a handmade linen cloth, a wedding present of the couple, and decorated with gold leaves. The wedding date was also embossed in gold lettering.

Mr. and Mrs. Schmidt were married in Mt. Vernon, Ill. on Nov. 8, 1889. They moved to Sanford in 1920 to their residence on French Avenue where they have lived since. Mr. Schmidt for many years was a paint contractor and operated an automobile refinishing business in the shop located at the rear of his home.

Approximately 100 persons called during the appointed hours and Mr. and Mrs. Schmidt received many lovely gifts from their friends as mementos of the occasion.

Church Unity

ATLANTA, Nov. 7.—A Presbyterian lay leader urged today that all branches of the Presbyterian Church unite under a banner of Christian service. Addressing the closing session of a Presbyterian convention, H. Lee Harris of St. Louis, president of Missouri Valley College, declared: "I crave a reunion of all who proudly call themselves Presbyterians in one great family."

BIRTH ANNOUNCEMENT

Mr. and Mrs. Lewis Rotundo announced the birth of a son, Lewis Charles, on Oct. 28 at Fernald Loughton Memorial Hospital.

Eng. and Mrs. W. H. (Bob) Mero

announced today the birth of a daughter, Patricia Rharon, on Nov. 4 at the Naval Air Station Hospital in Jacksonville. Eng. Mero is a fighter pilot and is now on a six weeks cruise with the aircraft carrier Midway.

Celery Feds Top FMA 13-0 In Slow Game

Andersen Scores On First Period Dash. Stenstrom Takes A Wild Pass For T.D.

The Celery Feds eased by a fair FMA eleven last Friday night by a 13-0 score that could just as well have been the other way around except for breaks good and bad.

Lineup: FMA Stanford, Amerman I.E., Harkin I.T., Watkins I.T., Crisley I.G., White I.G., Myers C., Swann C., Epstein G., Swann G., Grandall H.T., Lanning H.T., Swann H.T., Galloway H.T., Griffin H.E., E. B. Smith H.E., Levin Q.R., Marrs Q.R., Forman L.H., Thomas L.H., Rainey R.H., Russ R.H., Berkowitz R.H., Anderson R.H.

Robinson's All-Stars End Tour With 2 Wins

JACKSONVILLE, Nov. 7.—(AP)—Jackie Robinson's All-Stars finished their barnstorming baseball tour today with double victories over the Jacksonville Eagles 18-5 and 15-2. The afternoon game was played at Savannah, Ga., and the night game here.

Robinson, left, led the way to Jacksonville's five hits and one double and he had a home run, a double and a single. Larry Brown of the Cleveland Indians played his first at-bat because of an arm injury but he got into a scoring position.

NEW YORK—Adils (.6125) nosed out favored Flying Missiles to win the \$50,000 aided Empire City gold cup event at Jamaica.

NEW YORK—Adils (.6125) nosed out favored Flying Missiles to win the \$50,000 aided Empire City gold cup event at Jamaica.

Redskin Mentor Loses Contract After 7 Games

'Billick' Whelchel Is Relieved After 3 Wins, 3 Losses, Tie

WASHINGTON, Nov. 7.—(AP)—The five year contract between the Washington Redskins football team and coach John E. "Billick" Whelchel was canceled today "by mutual consent."

Whelchel, a former football player, had been at the helm only seven games. His team had won three games, lost three and tied one.

The Redskins' front office issued only a two sentence announcement of the contract cancellation. It said nothing about what, if any, financial settlement was made with Whelchel whose salary reportedly was between \$15,000 and \$20,000 a year.

Tech Meets Alabama, Tulane Goes To Vanderbilt For Top SEC Tilts

Associated Press Sports Writer This is the Southeastern Conference's annual tradition round when friends of 50 years become foes for an afternoon of football.

Georgia Tech-Alabama in Birmingham, and Tulane-Vanderbilt in Nashville Saturday afternoon likely will decide the conference's two teams at season's end.

The reputation of the Tech-Alabama game has been made since the season started. Recommendations for Tulane and Vandy have gone steadily down.

Alabama opened the season with losses to Tulane and Vandy, came to life against Duke, tied Tennessee, and whipped Mississippi State and Georgia.

A MEMBER of the Mexican Army team, Captain Ruben Uriza riding Hotey clears a jump on his way to win the Dakota Trophy at the sixtieth National Horse Show being held in New York.

Tech Meets Alabama, Tulane Goes To Vanderbilt For Top SEC Tilts

is showing its first signs since before the war of getting itself back into respectable football company.

Kentucky ended a four-week out-of-league schedule Saturday with a 21-1 triumph over unbuttoned Xavier. Florida finally looked like the dark horse it was supposed to be in whipping Georgia 28-7.

Cleveland Browns Lead All-America Pro Grid League

NEW YORK, Nov. 7.—(AP)—The Cleveland Browns, usually resting up for the playoffs at this time of the year, once again are undisciplined leaders of the All-America football conference today but the shooting isn't over.

Cleveland, champion every year since the league was organized in 1946, broke its stalemate with the New York Yankees for the top rung yesterday by trouncing the Chicago Hornets, 35-2, while the Yanks were upset, 17-14, by the Buffalo Bills.

Both contenders have three games remaining, including a date in the Yankee Stadium two weeks hence that probably will settle the issue.

Meanwhile, the Philadelphia Eagles and the Los Angeles Rams staged an expected "preview" of the National League championship in the Quaker city.

Florida Gridders Prepare For Tough Week-End Invader

JACKSONVILLE, Nov. 7.—(AP)—It will take plenty of football to give Florida colleges more than two victories in their five games with out-of-state teams this week.

The favored University of Miami Hurricanes buckled down to hard work today in preparation for their meeting with the University of South Carolina in the Orange Bowl Friday night.

Coach Andy Gustafson sent his squad through an hour limbering up drill yesterday and warned the Hurricanes they will face the fastest backs so far encountered.

Gustafson may use sophomore end Leo Martin from Pittsburgh on offense against the Gamecocks. Martin's defensive play has been outstanding all season.

Bowl Bid Refused By Tiny College In First Season

ERIE, Pa., Nov. 7.—(AP)—Little Gannon College, which does its football practicing on a city lot, turned down one bowl bid today but confidently expects the mailman to bring more.

Gannon is the only undefeated, unranked and unrecruited college team in the nation.

As a matter of fact, Gannon is undefeated, untied, etc. in all its history. That's because this is the first football team ever fielded by the 10-year-old Catholic men's school.

The bowl bid came from the Stoney Mountain Bowl in Bristol, Tenn. The game was slated for Thanksgiving Day.

Gators Chances For Miami Win Are Pretty Slim

HOT AND COLD Florida Eleven Outclassed By Kentucky, 'Bama

GAINESVILLE, Fla., Nov. 7.—(AP)—After that convincing upset win over Georgia, what kind of football season will Florida have?

To date there are four victories, one tie and two defeats. The three remaining games are with Kentucky, Miami and Alabama.

Florida has little chance of stopping a Kentucky team headed for the Southeastern Conference title.

That means the Gators must twice more rise to the heights they hit in whipping Georgia, 28-7, Saturday. For it will take that kind of football to beat up outstanding sophomore teams like Miami and 'Bama.

And it will take two more wins for this Florida team to live up to the hopes of fans.

Chuck Hunsinger and Jimmy Kynes couldn't ever play any better than they did in leading Florida out of the Georgia woods.

Hunsinger scored three touchdowns, he ran for 174 yards in 18 plays. He took full advantage of good blocking. When he ran out of blockers he kept dodging tacklers or running over them.

Kynes, an outstanding Florida lineman in every game this year, was even better against Georgia. He played most of the way and did a spectacular job on offense and defense. Tackle Frank Dempsey was another tower of strength in Florida's bolstered line.

Loren Broadus stood out as a defensive back. His strength did well as Hunsinger's running mate. Florida Coach Ray Wolf—carried off the rack Ray Wolf—praised his players—had special praise for those starts and for every victor. Georgia Coach Wally Butts rebuffed Wolf's words.

Midget Footballers Score In Toy Bowl

BERMINGHAM, Ala., Nov. 7.—(AP)—Birmingham's pint-sized Knights, today scored one of the most decisive victories in Toy Bowl history, defeating Miami Tinytime gridlers, 27 to 6, before 10,000.

Both teams used the "T," but the local youngsters appeared to have a superior unit. The Knights ground out 210 yards rushing in Miami's 77.

26 College Grid Elevens Remain Unbeaten, Untied

NEW YORK, Nov. 7.—(AP)—Twenty-six college grid teams remained today on the winning list of unbeaten and untied.

Nine squads failed to keep their heads above water the past week-end. The chief casualty was Baylor, which had placed sixth in the Associated Press' weekly national-wide poll, after winning six straight, the Bears bowed to Texas 20-0.

Xavier (Ohio) had its streak snapped as scores accumulated to Kentucky, 27-7. Lawrence (W.Va.) neither evened its winning record, bowed to Michigan, 19-6.

In addition to Baylor three others with a 2-0 record were eliminated. Wheaton College (Ill.) was dumped by Valparaiso, 21-13. Union (N.Y.) was held to a tie by Middlebury, 14-14, and W. Va. State was defeated by Virginia State, 27-7.

Orange Brings \$5 A Box Over 1948's \$2.88

LAKELAND, Nov. 7.—(AP)—Lakeland, Fla., paid almost as much for the million boxes of oranges Florida has shipped this season as they did for the 2,500,000 moved by this time last year.

Section markets have been just about \$4 a box. Last year it was \$2.88 to this.

By the same token, although last week's average was down 78 cents a box from the week before, it still was a dollar better than a year ago.

Sports in Brief

DEL. MAR. Calif.—Rex Mays, one of the country's leading auto racers, was killed in an AAA 100-mile race after a collision.

NEW YORK—Cap Michael Turbidity won the \$1,000 international special in the National Horse Show at Madison Square Garden.

LONDON—Promoter Jack Solomon announced that world light heavyweight champion Freddie Mills will defend his title against Joey Maxim of Cleveland, Ohio, in a 15-round bout in London's Earl's Court Stadium on Jan. 24.

NEW YORK—Adils (.6125) nosed out favored Flying Missiles to win the \$50,000 aided Empire City gold cup event at Jamaica.

STRAWHAWN WINS

MONTGOMERY, Ala., Nov. 7.—(AP)—Sammy Byrd of Detroit, and Frank Stranahan of Toledo, O., two of the nation's leading golfers, had little trouble yesterday in winning an exhibition match here from Johnny Morris of Nashville, Tenn., and Sunday Horner of Montgomery, 5 and 3.

Byrd's 67 score over the par 72 Montgomery country club layout and Stranahan's 68 completely overshadowed Horner's 70 and Morris' 74.

Stranahan added a course record over the last nine holes when he shot a six under par 30 with six birdies and three par holes.

Proceeds from the match went to help finance an operation for Byrd's seven-year-old niece, who hasn't been able to talk since she was two years old.

Pompano Market In Jax Opens For Business This Week

JACKSONVILLE, Nov. 7.—(Special)—The annual Pompano Market for the season, which is expected to be one of the largest in the history of the market, officially opens this week.

The market, which is held at the Pompano Market building, is expected to be one of the largest in the history of the market. It is held on the first week of the season, and is expected to be one of the largest in the history of the market.

The Florida City Market reports farmers are reaping tomatoes as fast as they can. The weather in that area is cool and unsettled. The Wauchula State Market advised the cucumber volume dropped to less than half from Monday to Wednesday of last week due to cold weather checking production. A total of 31,498 field crates averaged \$1.09 as compared to \$2,188 units averaged \$2.04 for the same period last season.

The Pompano Market reports a few tomatoes on that market during the past week, but cool weather has slowed the maturing of that crop. No appreciable volume in anticipated until the weather market also had a light movement of pole beans, cucumbers and squash.

Seminole Schools

(Continued from Page One) The committee in brief was as follows: Dr. A. B. Sias of Winter Garden, English Department said, "Good faculty and good equipment... an excellent attitude by teachers and students alike... courses should have more life to them... need added speech development courses."

Mrs. Lila Pardee, Orlando High School, Science Department, pointed out "Most space is needed for biology and general science classes... more tables, chairs and better lighting... more living specimens, microscopes and dissecting materials needed."

S. E. Hand of the State Department of Education, Mathematics, said, "You have well qualified teachers teaching a broad and varied program with over 300 students enrolled in mathematics courses on an elective basis... must adapt your courses better to the needs of your students."

Mrs. Lamb, Seminole High School, Social Studies Department, suggested, "You must use of your period materials, but... need more field trips and larger class rooms."

Dr. Witherspoon, Florida State University, Language Department, added, "I recommend that consideration be given to Latin-American history in connection with the Spanish courses... that more life be given the Latin classes... less drill work that tends to bore the students... add advanced Latin and Spanish courses to the curriculum."

Mr. Chester Crowder, Principal of the Euclid High School, Book Department, declared, "Investigation shows more than half of the student body is enrolled in business courses... need more typewriters... need more business reference books."

Mrs. Tinley, Claymont High School, Home Making Department, pointed out, "Home making courses are... extremely important to the young women of this area... need more development in food courses."

T. L. Jones, principal of the Euclid High School, Agriculture Department, said, "You have one of the most complete agriculture programs and farms in the entire school system... need more development in food courses."

T. F. Wiedentack of Winter Garden, President Education Department, declared, "Your athletic program is good and Coach Kettles has been most cooperative in helping this committee on its reports that can be played in later life such as golf, tennis and swimming... classes are too large."

William Colvin, Principal of the New England High School, Art Department, said, "A fine art department, but you need a permanent instructor... the music department is very satisfactory... the meeting other than faculty and committee members were... Mr. Lawton, County Superintendent of Schools, W. M. Hoverson of the School Board and Mrs. Baker, president of the P. T. A."

The school trustees, Mr. Lawton asserted, "serve without any compensation, but give their time and thought freely and should be supported in their efforts to make and keep out school buildings and equipment a credit to the County."

FEROCEST PERSONALITY in this year's "Who's New" at the Bronx Zoo in New York is the "dinosaur" shown above, a ferocious looking reptile which resembles a pre-historic monster. An iguana lizard, he is found in Central and South America. His skin is a colorful bright green with bars of black on the tail. The iguana measures six-foot long. (International)

Lewis' Fine

(Continued from Page One) facilities for negroes are never equal to those provided white persons. "The negro school is usually an inferior school," Sweatt's appeal papers said.

Texas opposed a Supreme Court review of the case. It said the state has recently established a University for negroes at Houston and plans a \$250,000 law school building there.

Texas also told the court that Sweatt had testified he would not attend a separate law school for negroes, no matter how equal it might be with educational facilities provided for white students.

The second segregation case on which the tribunal agreed to hear arguments this term involves the decision by a special three-judge federal court in Oklahoma City, Feb. 19, 1950, that it is not allowed to attend classes at the University of Oklahoma on a completely non-segregated basis.

The special court ruled that McLaurin receives educational opportunities equal to those of the white students. It decided that "it is within the power of the state to segregate and distinguish between its citizens and to classify them."

In other actions today the court refused to consider an attack by railroad strikers. It also refused to consider an appeal by a group of negro fishermen an injunction against asserted discrimination in railroad job assignments.

Today's defeat by Lewis was second at the hands of the high court. It means that because of unusual agreement by the court to try a second term will be paid into the federal treasury.

In 1946 Goldsborough fined Lewis \$10,000 and the union \$25,000 on charges of conspiracy in growing of a coal strike. On appeal to the Supreme Court, the union's fine was cut to \$700,000, but the Lewis penalty was not changed. In the second attempt action in 1948, Goldsborough simply doubled both fines.

The 1948 walkout began when Lewis accused the coal operators of "dishonoring" their union contract by not agreeing to his demands for a \$100-a-month pension for retired miners.

Seminole HI

Yes, all last week, all over S. H. 8 everyone awaited "Evaluation Day." This means that our high school, Seminole HI, is to be evaluated by a group of men and women selected by the state school board, to see just how well our high school functions.

The group arrived here Thursday morning. They remained at S. H. 8 through Saturday. We were very happy to have them with us and we do hope that they felt at home with us and will make our high school their home any time during the year.

The group includes Mr. Sam Hand, Mr. Chester Crowder, Mrs. Tinley, Mr. E. J. Jones, Mrs. Margaret Fitch, Mr. W. R. Moore, Mr. M. J. Perret, Mrs. Lila Pardee, Mr. Richard Branch, Mr. Jewell Stone, Mr. A. H. Blus, Mrs. Dorothy Cloden, Mr. Harris W. Dean, Mr. Bob Cowan, Mr. Ralph Witherspoon and Mr. T. F. Wiedentack.

The evaluation committee made up of all types of classroom teachers, superintendents and supervisors from our different schools, colleges and other state educational branches. The Seminole HI student body and faculty are very happy to be able to help and cooperate in any way with this group.

In chapel Thursday the Student Council presented a number of its splendid programs. The program was made up of many exciting and interesting things. As our guest speaker for the program, Rabbi Shapiro from Miami University spoke from Miami to the Far East and his struggle for peace and democracy. He flew from Miami to Sanford just to be able to address our faculty and student body.

He is a very much interesting in American action studies in the Far East and his struggle for peace and democracy. He flew from Miami to Sanford just to be able to address our faculty and student body.

Also on the program we had the S. H. 8 Glee Club to entertain. This is the glee club's first appearance. It was a waste of time! It was a pleasure to be there and hear Rabbi Shapiro speak.

The Student Council is sponsoring a school magazine sale Nov. 17. The Curtis Magazine Company is the company which promotes this big magazine sale throughout the country. So come on all you guys and girls and let's sell the magazine! It's money for the school and your entertainment!

The Celery Fed school newspaper was sold at S. H. 8 today for ten cents a copy. This was the school's first selling of the Celery Fed this year. Any and everything in the way of school news etc. was in the Fed.

Bridges Blast

(Continued from Page One) Sept. 10 and it will begin on. At a trustees' meeting two weeks ago, attended by Van Horn even though he had submitted his resignation, Lewis was reported to have tried to rescind the resolution.

But Bridges, reportedly, stood by his original position, that the trustees might be legally liable for funds spent in the absence of a contract which required operators to pay the royalties.

Lewis and Bridges are said to have exchanged sharp words over the Senator's stand, but the resolution was rescinded.

The operators have selected Judge Charles I. Dawson of Louisa, Va., as successor to Van Horn, effective on Nov. 3.

One suit already has been filed against the trustees by George H. Livingston, a former mine union officer at Uniontown, Pa. He alleged the funds were being misapplied. Bridges and Lewis denied the Livingston charges and asked for a bill of particulars.

Van Horn said that he, although a trustee, has been unable to get an accounting of the spending of the funds.

Meanwhile in Chicago a union spokesman said the United Mine Workers are shooting for strike-ending agreements with individual coal operators. But, several operators mentioned as likely candidates for such agreements in Chicago said they would have none of it.

Shortly after Lewis told reporters that he won't have anything to say until after his meeting this afternoon with the UMW 300-man policy committee, the word about possible individual settlement with Illinois and Indiana operators, who also have mines in the east was leaked around.

The union source who asked that his identity be kept secret declared that the Midwest operators had been least strident in opposing union demands during the West Virginia talks which broke off last month.

Three operators who also asked anonymity, Lewis said, had a chance of any major westward producer settling separately with the union. One said the union is waging a running campaign against Lewis here and that the union is seeking a seven-hour day and an increase of 50 cents in daily wages as well as a cut in welfare fund contributions from 20 to 40 cents a ton. The UMW has not announced its demands publicly.

U. S. C. CONVENTION NEW ORLEANS, Nov. 7.—(AP)—More than 1,200 delegates were expected to register today for the 56th general convention of the United Daughters of the Confederacy.

It was necessary to have a first micrograph. Nevertheless, it is a fine paper and wonderful example of what can and has been done by a few hard working students, with the aid against them, most of the way. You members of the Celery Fed staff are to be commended on your fine job!

WANDONE'S MEDITATIONS

POKES KIN GINLY BE WHUT DEY WANTS TO BE IN DIS WORK... AN' HITS A PITY, TOO!

Catholic Church

(Continued from Page One) laws. "We therefore avail ourselves of this occasion to x x to illuminate the conscience of Catholic jurists by setting forth a number of fundamental principles:

"1. In each sentence, the principle stands that the judge cannot purely and simply refuse responsibility for his decision in order to make it fall upon the laws and its authors. These certainly have the main responsibility for the effect of the law. But the judge, who by his sentence applies it to the particular case, x x is responsible for those effects.

"2. The judge can never, through his decision, force anyone to commit an intrinsically immoral act, that is to say, contrary to the nature to the laws of God or of the Church.

"3. He cannot in any case formally recognize and approve the unjust law (which, anyway, would never constitute the foundation of a judgment valid in conscience and before God). He, therefore, cannot pronounce a penal sentence which may be equivalent to a similar approval. His responsibility would be even greater if his sentence should cause a public scandal.

"4. Nevertheless, not all application of an unjust law is equivalent to its recognition or approval. In this case the judge can—and sometimes perhaps must—let the unjust law take its course in the event that his sole means to prevent greater evils.

"He can inflict a penalty for violation of a bad law if it is such a nature that he who is punished is reasonably willing to take it in order to avoid that evil or to assure a good of even greater importance which he is willing to accept, or if the judge knows or believes that the transgressor for superior motives."

"The Pope went on: "In times of persecution," said the Pope, "Priests and laymen often permit themselves to be condemned without offering resistance, even by Catholic judges to fines or deprivation of personal liberty x x When, in this way, it is possible to preserve for the people an honest judiciary and to avert for the Church and the faithful far more fearful calamities."

James Moughton (Continued from Page One) as chaplain. Admitted to Monroe Chapter in 1916 he served it as high orator in 1919 as treasurer in 1921-22.

Mr. Moughton was a charter member of Taylor Commandery which was chartered July 10, 1921, and which he served as commander in 1923. He was elected orator in December, 1923, installed in 1924 and served every year since then.

Red Anniversary

(Continued from Page One) eno to capitalism in the world. Such a war, he asserted, a being prepared now by imperialists.

In London, a Foreign Office spokesman commented acidly on this. He said the best answer to Malenkov's charge of imperialism was the appointment of Marshal Konstantin K. Rokossovsky, one of Russia top commanders, as Polish minister of national defense. This, the British said, showed "the Soviet's concern for small nations."

Vasilevsky took up Malenkov's claim, accusing the West of pursuing "a policy of aggression and unleashing new wars." He called upon the Russians to "fight still harder for the further growth of the might of our state."

He also played heavily on the Soviet theme that the West is facing an economic crisis. "Under capitalism, industrial production is again being reduced, the standard of living of wide masses of the people is being sharply lowered, mass unemployment and poverty are growing, irreconcilable economic and political contradictions are growing and becoming more and more acute," Vasilevsky said.

"The imperialists seek to solve these contradictions by a further attack on the living rights of the working people, by enslaving and putting into bondage the freedom-loving peoples, by a policy of aggression and the unleashing of a new war."

The imperialists and warmongers are using all the dark forces of contemporary bourgeois society, fascist provocateurs, spies, their loyal lackeys — the right wing Socialists and the right Tito scoundrel.

(Premier Marshal Tito of Yugoslavia, denounced as a Communist heretic, has sent greetings to the "Soviet people," but did not mention the leadership in a message to Moscow on the anniversary of the October revolution. The raiser under the stars differed from the one in use in the West and the October revolution now is celebrated Nov. 7).

BELGRADE, Yugoslavia, Nov. 7.—(AP)—Yugoslavia hailed the people of the Soviet Union—but not their leaders—today on the 32nd anniversary of the Russian revolution.

Herba, newspaper of Premier Marshal Tito's government, and the rest of the press ordered this fact.

The leadership of Russia, said Herba, "desparizers and trouble makers, indulgences and the powerful development of other socialist countries."

The Soviet policy toward Yugoslavia, Herba continued, harmed the cause of Communism at a time when "American imperialism" was preparing "to start a new war in order to establish world domination."

James Moughton (Continued from Page One) as chaplain. Admitted to Monroe Chapter in 1916 he served it as high orator in 1919 as treasurer in 1921-22.

AUSTRIAN CABINET

VIENNA, Austria, Nov. 7.—(AP)—Austria's two biggest political parties agreed today on a coalition to govern this country for the next four years.

The Conservative People's Party, dominant partner in the two-party coalition, will have 20 seats in the new cabinet. The Socialists will have five. Minor parties—the Communists and the extreme right-wing League of Independents—will not be represented.

OUTRAGEOUS

BALTIMORE, Nov. 7.—(AP)—Judge Robert France today called the "perfectly outrageous" and "banned from his court room a group of bobby soxers who had come to listen to a rape trial."

Some 20 to 30 young girls and boys had taken over front benches as the trial of several youths ranging between 16 and 18 years of age was about to begin.

PHILIPPINE VOTE

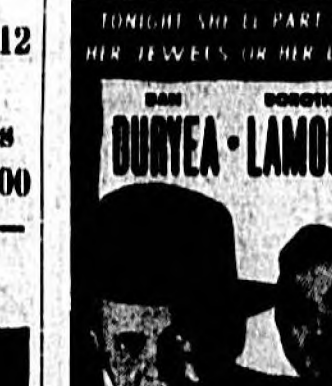

MANILA, Nov. 7.—(AP)—Three candidates made their final bids today in the Philippine republic's second presidential election. President Elphido Quirino is favored to win a four-year term in the executive mansion—Malacanang Palace—in his own right. His Liberal Party is expected to retain control of the Congress.

MUSICAL QUIZ

Charles Morrison, Rotary song leader, with Harry Westcott, the piano, scored another "big hit" with his musical quiz and "quiz" with his atomic quiz "scientist" before the pupils of Mt. Dora High School at the Mt. Dora Municipal Auditorium Friday afternoon. Mr. Morrison started off with his atomic quiz, broke it off and tore up his notes, then to the delight of the students launched his musical program.

Partly cloudy through Wednes-
day, some likelihood of local
showers on southwest coast and
keys. Warmer this afternoon
and tonight and in north portion
Wednesday. Moderate easterly
winds.

Accord Signed With Republic By CIO Chief

U. S. Steel Is Only One Of Big Four Companies Which Is Still Strikebound

WASHINGTON, Nov. 8.—(AP)—Government officials said today the steel strike has been "broken" for all practical purposes now that three major producers have signed peace accords with the CIO steel workers. It was reported in steel industry circles that the Great Lakes Steel Corp. also is preparing an offer to the union. However, it was said this offer may not be submitted for several days. Presumably, any U. S. Steel offer would be prepared generally after the agreements reached by Bethlehem, Republic and J. & L.

CHICAGO, Nov. 8.—(AP)—John L. Lewis abruptly called off today's meeting with his United Mine Workers policy committee without explanation. The union chief went to the committee to discuss the "engagement" and that he will not be able to meet with the 200-man group until 10 A.M. tomorrow. A meeting had been scheduled for 5:30 P. M. today.

WASHINGTON, Nov. 8.—(AP)—Republic Steel Corporation settled with its striking workers today on a compromise welfare plan.

The agreement leaves only the industry's giant, U. S. Steel Corporation, strikebound among the big four steelmakers. Government mediators took it as the sign of a swelling tide that could wash out labor troubles in both steel and coal.

Mediation officials have held all along that when steel settles, peace in the coal fields will not be far away.

The Republic agreement put new pressure behind mediation efforts in the coal mine stoppage.

Home Is Attacked In Letter Writing Coal Controversy

WILLIAMSON, W. Va., Nov. 8.—(AP)—"More will come," Mrs. Heuda Brown telegraphed the Huntington-Advertiser after receiving her home had been attacked in retaliation for her letter criticizing the soft coal strike and the mine union leaders.

Mrs. Brown, wife of a coal leader, wrote the paper last week saying she was "sick of strikes."

She also had harsh words for John L. Lewis, president of the United Mine workers. He's "far too old and power-mad to control anything as important as man's destiny," she wrote in her 700-word letter.

Sunday night the Browns' home was stoned and windows were broken by a person or persons unidentified.

And yesterday, Chester Brown, 46, the husband, was advised by friends not to report for cleanup work at the mine where he is employed. The cleanup work has been going on from time to time during the strike to speed up the reopening when the strike is settled.

Mrs. Brown informed the paper of the attack in this telegram: "Effect of letter first page Sunday home wrecked. Infant escapes injury. More will come."

The Browns' one-year-old grandson was sleeping in a crib near one of the shattered windows. He was not hurt.

Deputy Sheriff Riley Varney said he had verified the incident, but added there had been no official complaint. In the absence of such a complaint and identification of the stone thrower, he said that no warrant could be served.

QUIRINO LEADS
MANILA, Nov. 8.—(AP)—President Elpidio Quirino held a slight lead over his two opponents following yesterday's bloody election in the Philippines.

Quirino was leading in most of the provinces with Dr. Jose B. Laurel, former puppet president under the Japanese, and Benigno S. Aquino, Jr., in building in Manila. Jose Avelino, said party candidate was trailing.

COLD STICK-UP
MIAMI, Nov. 8.—(AP)—Two ice company employes spent a five-hour day in a cold stick-up today while a note of \$100 was being made containing \$100.

Refuses To Comment

UNITED MINE Workers president John L. Lewis is questioned by a reporter in Washington shortly after the U.M.W. leader and Federal Mediation Director Cyrus Cheng conferred for two hours on the coal strike. Lewis refused to comment on the meeting. (International)

Judson B. Walker Talks To Rotary On Good Schools

Orange County Superintendent Outlines Rules For Success

Judson B. Walker, Superintendent of Orange county schools, told the Rotary Club at the Tourist Center yesterday that the three greatest deterrents to personal success are indecision, doubt and fear.

"Most of the things which go to make up good public schools are to be found in the local community," he continued. "To often we wait for the pouring out of funds from the state or federal government to give us good schools, but money can't do it. Good schools are to be found in your local superintendent, your school principals, your faculty, your Parent-Teachers Associations, and the support which they are given by the general public."

Speaking in place of Earl Kipp, former Sanford school principal, who heads of Orlando schools, who was unable to be present on account of the illness of his father, Superintendent Walker was introduced by Sam Martins of the Florida (Continued on Page Two)

Record Number Of Children Set To Boost Record Christmas Sales

By SAM DAWSON
NEW YORK, Nov. 8.—(AP)—Santa Claus is set to put a \$300 million bite on dad for toys this Christmas. There are a record number of children to unwrap the presents, and a record number of fathers to buy the toys and help wear them out.

The shops will offer more lower-priced toys, but plenty of luxury priced ones, too. American toy manufacturers think they'll top last year's unit sales volume, but that slightly lowered prices may keep the dollar sales volume down to last year's \$400 million. Santa Claus may be paroled a few days in communities where incense have been hit by strikes or lay-offs. But for the country as a whole, there should be as many, or more, fond parents, uncles and aunts, trying out the toys on store counters, and buying.

They'll have a wide choice. Almost every problem currently afflicting parents is solved in the designs for new playthings. For instance, department store toy counters now set up for the sales

Crommelin Is Let Off With Reprimand

Navy Captain Who Pre- cipitated Probe Of Armed Services Is Restored To Duty

WASHINGTON, Nov. 8.—(AP)—Capt. John G. Crommelin, whose release of confidential Navy correspondence touched off the congressional investigation of military policy, got off today with only a sharp reprimand. He was restored to active duty.

Admiral Forrest P. Sherman, the new Naval Chief of Operations, dispensed of Crommelin's case by writing him a letter of reprimand. The letter said Crommelin had violated Navy regulations.

Crommelin, 48-year-old aviation hero of World War II, had been under suspension while the Navy considered whether to court-martial him.

Sherman, in putting him back on active duty, assigned him as aviation officer on the staff of the western sea frontier commander.

On Oct. 3, Crommelin slipped to newspapermen copies of a letter from Vice Admiral Gerald L. Bogan to Secretary of the Navy Francis P. Matthews.

Bogan's letter spoke of dissatisfaction among Navy men over military policies that had been built up by the Air Force. Bogan said that morale, particularly among younger officers, was being hurt.

The publication of the letter brought on the inquiry by the House Armed Services Committee into the quarreling among the armed services.

After the hearing closed, President Truman, on recommendation of Secretary of the Navy Mark A. Hall, ordered Admiral Louis B. Denfeld as Chief of Naval Operations.

Denfeld, in testimony to the House committee, had been sharply criticized of present defense policies. But Matthews said the matter was not a reprimand for his testimony; that he had decided earlier Denfeld would have to go. Sherman was brought from the Mediterranean command and put in Denfeld's old spot.

One of the matters he inherited from Denfeld was the case of Crommelin who had admitted making public the Bogan letter and had been suspended by Denfeld. Matthews also had instructed Denfeld to take "appropriate action" against Crommelin.

Sherman's office announced: "After a careful review of all the circumstances attending the case of Capt. Crommelin, the committee has decided to reprimand him."

CONVICT CAUGHT
TALLAHASSEE, Nov. 8.—(AP)—The Florida Highway Patrol today reported recapture of two of nine convicts who broke out of a state road camp barracks near Perry Sunday evening.

The two, James Manuel Pettit and Robert Carl, were taken to custody near Teococ, Ga. Three others who fled with them in a stolen car "got another car and kept on going," the patrol said.

H. S. "BRY" RELEASED
LONDON, Nov. 8.—(AP)—Harold Meryn of the United States embassy, accused of spying in Prague, has been freed from prison and ordered out of the country, the official Czechoslovak news agency reported tonight.

Meryn was arrested Oct. 21 by Czech security police. The Czech news agency Cateka in a broadcast from Prague, said Meryn had asked the president of the republic "to be released from prison by way of pardon."

TRIANGLE HOLLIDAY
LOS ANGELES, Nov. 8.—(AP)—A woman testified in a custody and support case that her husband and his sweetheart gave her a loaded gun and sleeping tablets with which to commit suicide.

The court yesterday awarded the woman, Mrs. Helen Pifer, 29, custody of her two children, and ordered her husband, Dan Pifer, 40, to pay \$100 monthly pending a divorce trial.

BUILDING PERMIT
TAMPA, Nov. 8.—(AP)—Neil E. Angel recently secured a permit to erect a \$7,000 concrete block home on Locust Avenue in the Magnolia Heights section. The Dawson Construction Co. has charge of the building work.

CATTLEMAN MEET
TAMPA, Nov. 8.—(AP)—The Florida State Cattleman's Association began its annual convention here today, but the opening business session was postponed to routine affairs.

Most of the big dinners are slated for tomorrow business session. Talks by Governor Warren and P. B. Molin, executive secretary of the National Livestock Association, are scheduled, and officers will be elected then.

Defense Chiefs Tour Fort Benning

COMMANDING OFFICER AT Fort Benning, Georgia, Maj. Gen. Withers (right) explains the use of an M-15 medium tank and other sights on the Army post to visiting Chiefs of Staff and Service Secretaries (shown in center) are: Admiral Forrest P. Sherman, Chief of Naval Operations; Gen. Hoyt Vandenberg, Air Force Chief of Staff; Defense Secretary Louis Johnson and General Brehm. (International)

WASHINGTON, Nov. 8.—(AP)—A Senate House group organized a campaign today to block the Armed Services from shifting defense industries inland from the great lakes and coastal states.

Calling itself the unofficial "National Defense Committee," the group urges congressional action next year to include the defenses of Alaska and the coastal regions. It argues that the way to safeguard war production facilities is to set up adequate defenses for them where they are, not to move them out of reach.

Senator Magnuson (D-Wash.) is chairman of the Senate group and delegate Bartlett of Alaska is leader on the House side.

They have made a report to 62 senators and 281 representatives in the coastal and great lakes regions saying their own indications these areas are not adequately defended.

Even more damning, the report said, "in the recent evidence that the armed forces are tacitly admitting they are making efforts to move industries from the areas to inland locations for security reasons."

The armed forces consider these areas vulnerable, the report added, because they are within bombing range of potential enemies.

Defense committees are being formed, the report said, "to give a more definite and uniform picture of the coastal and Great Lakes regions and would handicap the free competition which has been the source of our military production superiority over other nations in the past."

The group will open the drive next year to require the armed forces to "fortify" and develop Alaska as the key to the Pacific coast defenses, and to do what ever is necessary also to prepare the Atlantic coast against attack.

Malko Is Indicted For Kidnaping In Seminole Holdup

Frank Palermo Is Also
Charged With Being
Accessory To Crime

AN indictment charging both Malkovich, alias Red Malko, with kidnaping Peggy Thompson on June 4 when he used her as a shield in getting out of the Seminole Club following an attempted robbery, was returned by the Grand Jury yesterday afternoon.

Malkovich, also charged with being an accessory to armed robbery in connection with the attempted hold up, pleaded not guilty to this information. He was represented by G. W. Spencer, Judge M. B. Smith set the date of Malkovich's trial at 9:30 A. M. Nov. 17. Frank Palermo, also charged with being an accessory to the robbery, pleaded not guilty and will be tried on the same date.

Michael Salvi, alleged to have been one of the group that was involved in the robbery, pleaded guilty on July 16 to the offense of armed robbery, said O. P. Hendon, clerk of the court, salvi did not appear in court yesterday.

An indictment was returned against Joe Turner Dixon, 17, in an old youth charging murder in the first degree in connection with the fatal shooting of Carol English at a fishing camp near Lake Jessup. The case has been set for trial for Monday morning at 10 o'clock.

The court determined that Dixon was innocent and not able to pay an attorney and therefore appointed Karlisle Householder to defend him.

The case of Henry Grubb, charged with breaking and entering a filling station and a garage in Ovieta with intent to commit robbery, is set for trial.

MANON MEET
MOTION pictures will be shown at the Masonic Hall at 8:00 o'clock Wednesday night in the interest of the Masonic endowment procurement fund. All Masons and members of the Eastern Star are invited to attend.

COTTON CROP
WASHINGTON, Nov. 8.—(AP)—The Agriculture Department, in its semi-final report of the year, today estimated the cotton crop at 15,584,000 bales of 500 pounds gross weight.

This is 78,000 bales more than the 15,446,000 forecast a month ago. It compares with 14,888,000 last year and a ten-year (1937-47) average of 11,806,000.

Plans Studied To Block Army Defense Move

Armed Services Want Industries Shifted From Coast And Great Lakes Area

WASHINGTON, Nov. 8.—(AP)—A Senate House group organized a campaign today to block the Armed Services from shifting defense industries inland from the great lakes and coastal states.

Calling itself the unofficial "National Defense Committee," the group urges congressional action next year to include the defenses of Alaska and the coastal regions. It argues that the way to safeguard war production facilities is to set up adequate defenses for them where they are, not to move them out of reach.

Senator Magnuson (D-Wash.) is chairman of the Senate group and delegate Bartlett of Alaska is leader on the House side.

They have made a report to 62 senators and 281 representatives in the coastal and great lakes regions saying their own indications these areas are not adequately defended.

Even more damning, the report said, "in the recent evidence that the armed forces are tacitly admitting they are making efforts to move industries from the areas to inland locations for security reasons."

The armed forces consider these areas vulnerable, the report added, because they are within bombing range of potential enemies.

GALLUP POLL FAVORS
LEHMAN OVER DULLES

NEW YORK, Nov. 8.—(AP)—A Gallup poll of 1,000 people in a contest for the 1941 election in New York, held by the U. S. senate election today.

Lehman, Democrat, held a slight edge over Dulles, Republican, in the first major test of the poll since its opening on Oct. 10. The poll is the first of a series of polls to be held by the American Institute of Public Opinion and its new poll has a number of refinements aimed at preventing a mistake like last year's.

LEGION COMMITTEE
All members of the American Legion's Committee are requested to meet at the Legion hall at 8:00 o'clock Wednesday night, Commander James Q. Galloway announced today.

TERMINAL TALK
The radio committee of the Business and Professional Men's Club will sponsor a radio talk by J. Bradley Odham on "Sanford's Terminal Facilities" Wednesday night at 8:00 o'clock over WTRR. It was announced today by Miss Gladys Farley, chairman of the radio committee.

**BOSTON VOTERS GO TO POLLS TO
Decide Fate Of Mayor Curley**

HUNTON, Nov. 8.—(AP)—Secretary of Labor Maurice J. Tobin, former Boston mayor and Massachusetts governor, today threw his support behind City Clerk John D. Hynes in Boston's mayoral election. Hynes is seeking to unseat the veteran Mayor James M. Curley who is bidding for a fifth term on the eve of his 75th birthday.

By JAMES F. KING
BOSTON, Nov. 8.—(AP)—Mayor James Michael Curley, who calls himself an "unbossed" political boss, goes before the voters of this old city again today in a bid for a fifth term on the eve of his 75th birthday.

Winding up a noisy campaign, the veteran Curley found himself meeting a stiff challenge from a city clerk he says was once his stenographer and three other youngsters.

Curley was seeking, too, vindication for the voters for a conviction for mail fraud that sent him to a federal penitentiary for five months in 1947 at the height of his political power.

Record Number Of New York Voters Weigh Fair Deal

Britons Warned Against Use Of Gas In Next War

NERVE GAS REVEALED
WHICH CAUSES DEATH
WITH CONVULSIONS

LONDON, Nov. 8.—(AP)—The home office warned Britons today that a "nerve gas," which causes death in convulsions, may be used against them if another war breaks out.

It said the gas, in liquid form, will penetrate both clothing and skin, and thus will kill even if the victim is wearing a gas mask.

The warning was contained in a training manual on chemical warfare published for Britain's new permanent Civil Defense Corps.

It said the gas gives off a vapor with practically no smell. It does not cause either irritation or blistering. The first warning a victim gets is when "his vision begins to dim and he has trouble focusing his eyes. This is followed by running of the nose and tightness of the chest."

"If later doses are absorbed," the manual said, "the symptoms will be followed by twitching and convulsions of the limbs and then possibly death."

The manual said the fatal convulsions may begin in five minutes to six hours, depending on the dose.

The manual said gas attacks in a future war probably would be made by aircraft dropping gas bombs or releasing them overhead in the form of spray.

In addition to nerve gas, it said gas, blisters and choking gases of World War one probably would be used.

"New gases have been discovered, and the fact that gas was not used during the last war might well increase the possibility of its future use," it says in the hope of achieving the surprise upon which the success of any gas attack largely depends. The manual said it is in Washington, Max General Anthony McAuliffe, chief of the Army Chemical Warfare Service, and we are aware of a number of going on, which are asked for, and some of the British manual.

He added that it was against the (Continued on Page Four)

Florida Is Called Dumping Place For Diseased Cattle

TALLAHASSEE, Nov. 8.—(AP)—A report from state health officials says Florida is a "dumping ground" for diseased cattle. Dr. C. C. Campbell of the State Health Department said today.

In many cases, he reported, "the health status of imported animals is not checked and the accompanying health certificates."

Dr. Campbell and some dealers who on time from one animal to another, in the more expensive checks will appear to be free from disease whether it actually is or not.

The veterinary board made experimental tests on groups of imported cattle certified free from tuberculosis and found to present other related problems.

Humans drinking milk or eating meat from diseased animals are in danger of contracting tuberculosis.

To help control the flow of diseased cattle into the state, the board called for bookkeeping entering records on the program by vaccination of calves and adults must pass a Florida test.

In addition, the board is making tuberculosis tests of cattle owners with it.

Thirteen field veterinarians make the rounds of the state every three years making spot checks for tuberculosis. If more than one out of five percent of the cattle in a county are tubercular, the county is not re-certified. So far, no county in the state has been refused re-certification.

There is no cure for either tuberculosis or brucellosis in cattle, although animals occasionally recover from brucellosis spontaneously.

When the diseases are detected by state veterinarians, the animals infected are condemned. The federal and state governments partially reimburse the owner for his loss.

Dr. Campbell reported a "very slight increase" in positive tuberculosis tests among cattle since 1935. He said it might be because more animals have been tested lately.

The number of cattle found infected with brucellosis also has increased sharply because more tests are being made.
