

EDWARD FINNEY TESTIMONY NOT YET COMPLETED

Assistant Secretary of the Interior Is Kept on Stand in Trial of Government's Suit to Cancel Oil Leases

LOS ANGELES, Oct. 29.—The testimony of Edward Finney, assistant secretary of the interior, remained uncompleted today in the trial of the government suit to cancel the Elk Hill naval oil reserve leases which it alleges Albert B. Fall, former secretary of the interior, awarded the Pan-American Company in furtherance of conspiracy with E. L. Doheny, head of the Pan-American interests.

Resumption of the trial of the government suit to cancel the \$100,000,000 leases and contracts to the Edward L. Doheny concern, in negotiations for which Doheny is accused by the government of giving \$100,000 to Fall, yesterday led to the work in the interior department concerning the leases.

Owen J. Roberts, government counsel, questioned Finney in an effort to show that Fall acted unilaterally and alone in negotiation of these leases. He knew generally of and participated in preparation of contracts previous to Dec. 11, 1922, when the Pan-American supplemental contract on Elk Hills and Pearl Harbor development work was let.

"The only lease I know of which I did not participate in was the Sinclair lease in Wyoming," Finney testified, referring to the Teapot Dome lease which is subject to another government suit for cancellation.

"Did you have anything to do with the leases of Dec. 11, 1922?" Roberts questioned, referring to the Pan-American lease.

"None whatever," the witness replied.

Finney then underwent a stiff cross examination by Frank J. Hogan of the defense, the tendency being directed at an attempt to show that Finney and not Fall was the active figure in the lease negotiations.

This same book is autographed and endorsed by governors, mayors, and many other prominent persons, including George B. Christian, secretary to the late President Harding, and Josephus Daniels, ex-secretary of the navy.

Brazie has represented Sanford for the past three seasons, and local Chamber of Commerce officials believe that they have done wisely to sign a fourth contract with him for the boosting of the "Celery City."

When his car leaves Sanford tomorrow it will carry a Sanford banner and a "City Substantial" sign conspicuously displayed.

Mr. Brazie will also be supplied with literature setting forth the many attractions that Sanford has to offer both tourists and business men.

HUNDREDS PAY FINAL TRIBUTE TO J. E. INGRAHAM

Funeral Services East Coast Rail Official Most Impressive Held in Ancient City

ST. AUGUSTINE, Oct. 29.—Hundreds joined in paying the final tribute of respect to the late James E. Ingraham, vice president of the Florida East Coast Railway, and president of the Model Land Company, and other companies of the Fletcher system, when services were held Tuesday afternoon at 3 o'clock in Trinity Episcopal church, and many who sought admittance stood outside the church, the edifice being filled to overflowing.

Impressive ceremonies were conducted by Rev. L. Fitz-James Hendry, rector. The vested choir, under the direction of Fred A. Hendrich, with Mrs. W. M. Hutson at the organ, sang four of the favorite hymns of the deceased, these being "Oh Mother Dear Jerusalem," "Lead Kindly Light," "Sun of My Soul," and "Hark! Hark! My Soul."

Floral offerings were numerous and beautiful, and came from every part of Florida, also from friends far distant, while sympathy was also conveyed by telegram, letter, or in person, there being scores of out-of-town people at the services.

Burial was in Evergreen cemetery. Central offices of the Florida East Coast Railway Company here were closed at the order of General Manager H. N. Bodenbaugh from 2:30 to 3:30 p. m. Tuesday and the local shops were closed at 2:30 for the remainder of the afternoon to permit employees to attend the funeral. A large number of stores, offices and other places of business were closed from 2:45 to 4:30.

Flags at Half Mast. The flags at Anderson Circle and the City Building have been at half mast since Sunday, and the whole city has joined in the mourning of a great and good man, a splendid citizen, unselfish, generous, loyal and public-spirited.

St. Augustine knows it has lost one of its best friends in the passing of this noted railroad man and developer, and the people are frank in showing the depth of their sorrow and regret.

Among the 60-odd honorary pall bearers was S. O. Chase, of Sanford, Frank P. Forster, of Sanford, is a brother-in-law of the deceased.

Mr. Mellon declared no definite amount has been fixed for his district and that he hoped to raise more funds. He declared that none of the contributions exceeded \$5,000 and that he knew of no "slush fund" being raised in Pennsylvania.

Cyrus H. K. Curtis, president of the Curtis Publishing Co., of Philadelphia, was questioned by Attorney Walsh regarding advertisements placed in newspapers by the company giving publicity to articles attacking Senator La Follette appearing in the Country Gentleman and the Saturday Evening Post.

The publisher testified that the company had spent \$60,000 in advertising political articles, of the amount he said \$10,000 was spent advertising an article by Samuel G. Blythe, on La Follette in the Saturday Evening Post, and \$10,451 was spent in advertising an article entitled "How Government Ownership Would Affect the Railroad," which appeared in the Country Gentleman.

CHICAGO, Oct. 29. Expenditures by railroad brotherhoods in behalf of the LaFollette-Walsh ticket will form one phase of the inquiry into campaign costs which are to be conducted here by the senate committee under the direction of William E. Borah, counsel for Republican National Committee. Wednesday La Follette announced the summoning of Warren S. Stone, of the Locomotive Engineers' organization and L. E. Shepherd, president of the conductors' organization in the support of his charge that a huge fund was raised to aid the LaFollette cause. Borah and his colleague Shepleton are due here late today.

High School Plans To Stage "Tag Day"

In order to assist the athletic association of the Sanford High School to tide over the remainder of the season, the high school authorities of the season, the high school authorities will be away playing at St. Augustine.

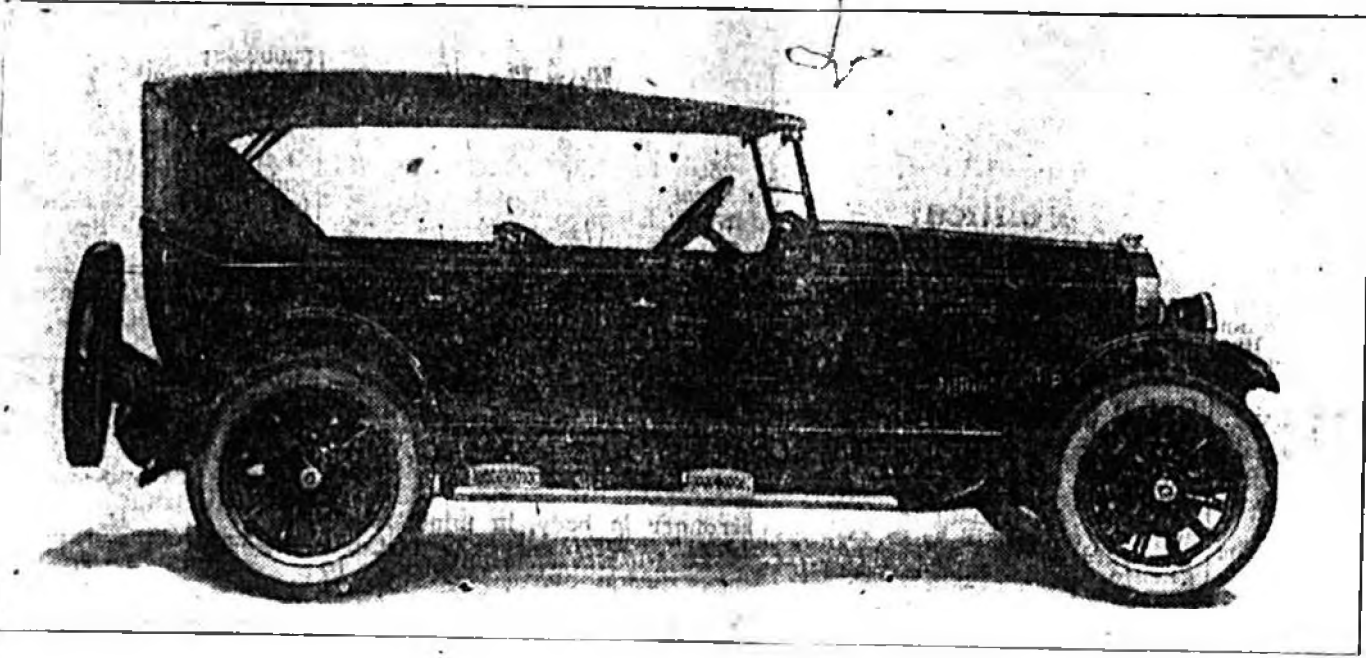

Football equipment and other necessary expenditures have just about drained the association's resources, it is said, and the athletic directors are hoping that the citizens of Sanford will have a greater appreciation of their team after last Saturday's splendid performance, and will meet them half way in raising the funds necessary for the continuance of the football schedule.

On Saturday the feminine boosters of the high school will swarm the streets and solicit contributions both large and small, but preferably large, and each loyal contributor will be decorated with a tag in token of his or her generosity.

Not Good Unless Voted on or Before Nov. 8.

THERE IS STILL TIME FOR YOU TO WIN. MANY THOUSAND VOTES CAN BE OBTAINED IN 4 WEEKS

The ninth week of The Herald's subscription contest has begun. After next Saturday night there will remain only three weeks—18 working days during which contestants may secure subscriptions to this paper, and by so doing, obtain votes.

The young lady who has the greatest number of votes to her credit on the night of November 22, will be declared the winner of the Buick touring car which is to be given away by The Herald at that time.

Subscriptions get votes. Votes will win prizes.

Don't be satisfied with clipping the coupons of the paper each day. They will be a great help to you but will not bring you sufficient votes to make possible for you to win. The securing of subscriptions is the only way to make a big score, and a score will most certainly be needed, judging by the way some contestants are working.

DON'T WAIT UNTIL THE LAST WEEK

Subscriptions will be hard to secure during the last week of the contest. By that time the entire county will have been thoroughly covered and it will be no easy matter to get subscriptions.

And the voting power of subscriptions will be so great during the last period of the campaign as now.

Far sighted contestants are doing all they can to pile up a big lead while it is possible to do so.

The fight will be a hot one at the end. There won't be enough hours in the days during the last period. It will be a contest such as has never been seen in this part of the state. To win the grand prize as a contestant, no matter how confident she may be at this time, will have to redouble her efforts, or she will be defeated by some other worker who just now may appear less formidable.

CHECK IN EVERY DAY

Don't wait until the end of a period to check. Do it every day. Help the newspaper get the paper started immediately so that subscribers will receive the paper promptly.

There are only two more periods. After Saturday of this week there are but eighteen working days. You cannot afford to let one of them slip.

OLD SUBSCRIPTIONS COUNT AS WELL AS NEW ONES

Contestants are reminded of the fact that renewals of old subscriptions count for just as many votes as new subscriptions. By seeing all the people who are now subscribers to The Herald, and by securing advance payment of their subscriptions, contestants can easily pile up a big number of votes.

There are a good many subscribers to this paper who will be glad to help you, if you but ask them.

And there are a good many people living in Seminole county who have not yet been asked to subscribe. A subscription to the weekly issue will help if any person doesn't want to pay \$7 for the daily.

Make these last four weeks busy weeks and win that valuable Buick. You can do it, if you really want to.

U. S. Civil Service Commission to Give Examination Here

The Civil Service of the United States announces that examinations for a fourth class postmaster will take place in this city on Nov. 22. The announcement is as follows:

"The United States Civil Service Commission has announced an examination to be held at Sanford on Nov. 22, 1924 at a point of which it is expected to be a certificate to fill a certain vacancy in the position of a fourth class postmaster at Longwood and other vacancies as they may occur at that office, unless it should be decided to place a permanent service in that office."

"Applicants must have reached their twenty-first birthday on the date of the examination, with the exception that in a State where women are declared by statute to be at full age for all purposes eighteen years, women eighteen years of age on the date of examination will be admitted."

"Applicants must be citizens of the territory, and have the good character for which the examination is announced."

"The examination is open to all citizens of the United States, who are citizens with the requirements of application blanks, Form 1-1, and full information concerning the requirements of the examination can be secured from the postmaster at the place of vacancy, or from the United States Civil Service Commission, Washington, D. C."

"Applications should be properly executed and filed with the Commission at Washington, D. C., at the earliest practical date."

This oil range has focused heat!

THE heat given by the burn- ers of the Florence Oil Range is concentrated right on one spot —right on the bottom of the pot. This focused heat saves your time, for everything cooks quickly when the heat stays where you want it. It is cheap, for fuel is not wasted when the heat is focused on the center of the pot — cheap fuel, too, kerosene, and only used when actually cooking. You get the best results, for you can have any degree of heat

you need—from intense to sim- mering —always focused—regu- lated by the turn of a lever. As soon you are ready to begin cooking, the Florence is ready for you. Just turn the levers and light the burners. The Florence burns a gas-like flame—it is not a wick flame such as you see in an ordinary oil lamp. The famous Florence Oven, with the "baker's arch" and patented heat spreader, assures even baking. Ask at the store to see the

Cut-away view of the Florence burner, showing how the heat is focused right on the cooking spot.

Florence Oil Range—you will be pleased by its shining beauty and usefulness. See it in action—ask yourself if you can do without this oil range with its focused heat.

LOOKING BACK WITH BEN

Oh, do you remember last winter, Ben Bolt, When the mercury slid away down; When it seemed that your nose would be frozen, Ben Bolt, Eye you go to your office down town—

FOR DAVIS AND BRYAN

In order to vote for JOHN W. DAVIS for President and CHARLES W. BRYAN for Vice-President, you must vote for the six Democratic Presidential Electors.

Let's keep pushing Sanford ahead!

One of the speediest things in the world is gossip.

Wonder why Coolidge should pick out Henry Ford to give that bucket of sap to?

Husbands attention! Saturday, November 8, is National Forget-me-not Day.

The sum of a man's income tax doesn't necessarily indicate the amount of his wealth.

It is almost impossible to get adequate information regarding the lower East Coast roads out of news papers in that section.

We know a certain promising young man who has been promising to turn over a new leaf for years.

Even in Sanford it is getting so you have to have a chauffeur take your car back to your own garage in order to find a place to park.

Let everyone do something to help toward the passage of the income and inheritance tax amendment.

Those men who list their achievements in dollars and cents entirely cannot call themselves assets to their community.

Some cities have so many traffic regulations that automobile drivers become confused trying to remember them, and run over the traffic cop.

Talk is not always cheap. Calvin Coolidge is accused of charging two hundred and fifty dollars for a short memorial address in Bridgeport.

Right now if you were to ask the average boy which he'd rather be the president of the United States or a football player like "Red" Grange, he would choose the latter. And who wouldn't?

We read that the golf course at Brimcliff Lodge has been so illuminated by lights that golfers have no difficulty in playing at night. Local dubs will doubtless, however, continue to play in the daytime.

Anyone who is in doubt as to what a coach means to a football team should watch the Columbia eleven. Columbia for nearly twenty years a disgusting spectacle on the gridiron, suddenly took new life under the guidance of Percy Haughton, and is now rated as one of the best of the eastern teams. It will be interesting to note the result of the game of Haughton's sudden death.

In Case Of A Deadlock

Although many columns have appeared in the newspapers of the country during the past few months on what will happen in the event the Electoral College is unable to make a choice among the three tickets to be presented to it, there still seems to be considerable doubt in the minds of some as to just what would be the necessary procedure.

The event of a deadlock in the Electoral College is provided for by the Twelfth Amendment to the constitution, which says in part:

"If no person have such a majority (in the Electoral College), then from the persons having the highest numbers, not exceeding three, on the list of those voted for as President, the House of Representatives shall choose immediately, by ballot, the President." But in choosing the President, the votes shall be taken by States, the representation from each State having one vote; a quorum for this purpose shall consist of a member or members from two-thirds of the States, and a majority of all the States shall be necessary to a choice.

This amendment would seem adequate to provide for the selection of a president, and would, under ordinary circumstances, avail little. There seems to be as much likelihood of a tie-up in the House and Senate, if these bodies were to attempt the selection of a president and vice-president, as there seems to be of a deadlock in the Electoral College.

There is some uncertainty as to just what will happen in the event the House is unable to choose a president and the Senate cannot name a vice-president. It has been said that the nation would be cast about for a time without a pilot, but this is extremely unlikely inasmuch as President Coolidge by his own resignation could turn the helm over to Secretary Hughes, who would then act as president until one should be duly elected.

According to the Presidential Succession Act:

"In case of removal, death, resignation, or inability of both the President and Vice-President of the United States, the Secretary of State, or if there be none, or in case of his removal, death, resignation, or inability, then the Secretary of the Treasury, or if there be none—, shall act as President until the disability of the President or Vice-President is removed or a President shall be elected; Provided, That whenever the powers and duties of the office of President of the United States shall devolve upon any of the persons named, herein, if Congress be not in session, or if it would not meet in accordance with law within twenty days thereafter, it shall be the duty of the person upon whom said powers and duties shall devolve to issue a proclamation convening Congress in extraordinary session, giving twenty days notice of the time of meeting.

Thus it is seen that in case the Electoral College should become deadlocked over the selection of a president, and the House should then be unable to choose a president, and the Senate a vice-president, Secretary Hughes would become on March 4 a temporary president whose first duty would be to call an extraordinary session of Congress. This session might then arbitrarily set any day for another general election, but until a president be duly chosen in such general election, Secretary Hughes would act in full capacity.

More Attention To Detail

"Take care of the pennies and the dollars will take care of themselves." To that quotation might be added, "Take care of the days and the years will take care of themselves." The small bits of which anything is composed must be perfect if the whole is to be perfect.

Nothing is greater than the sum of its parts; though it may be many times greater than any of its parts taken separately. Your body is composed of flesh, blood, bone, skin, nerves and many other things which alone or by themselves are well high useless; still if any of these parts of the body become diseased, the body is not perfect and so, is no greater than the sum of its parts.

This is a principle that applies to all walks of life. The great musician, or chess player, or artist takes special care of each chord, or each move, or each stroke of the brush, and the result is a masterpiece. It is the little courtesies that win a lady's heart.

Your New Year's resolutions on how you are going to better yourself the following year will improve you very little. It is how you better yourself this very day, this very hour, that really gets you anywhere.

Tomorrow is something that never comes. It seems so close, and yet we never catch up with it. But today is something that we always have with us and, if we are ever to do anything, today is the day to do it.

The average life is only a few thousand days, and then that is the end of this world. We are given these days to prepare ourselves for the life that is to come, just as children are given their days of childhood and education and fairy tales to prepare their bodies and minds and imaginations to meet life's issues when they have to face them.

VOTE THE AMENDMENT

TAMPA TRIBUNE

It is highly important that Florida has already received a large vote by polled Nov. 4th favoring the state constitutional amendment on account of the proposed amendment which proposes to forever prohibit the levying of income and inheritance taxes. The resolution adopted by both houses of the Legislature is now before the people, and from opinions heard in all parts of the state, there should be no serious opposition to the measure. It is recommended by the political parties in the state as a wise provision against double taxation and approved by nearly all the newspapers and prominent men.

As Brisbane Sees It

Whale, or Shark? Ford Does Think? 3 to 1 on California. Politics—Last Call. BY ARTHUR BRISBANE (Copyright 1924)

LAST WEEK of the campaign, ladies and gentlemen of the United States. One week from today you vote, and say, "Thank heaven, that's over, let's hope for prosperous, peaceful times."

A week from tomorrow or next day you will know who, if anybody is elected. It is possible to make one certain prediction. The votes cast will elect Coolidge, or they will not elect anybody. Mr. Davis cannot possibly be elected, nor can Mr. La Follette. Both of them know that and every politician knows it.

IF THE VOTE for Mr. Coolidge is not sufficient to elect him, then nobody will be elected, and the election will go into the House of Representatives. No candidate has a majority there. The Senate will elect a Vice-President. Then for weeks, perhaps months, the parties in the House of Representatives will vote, dicker and try to wear out each other's patience.

How much that process would help the country, each voter will decide for himself. It wouldn't help much.

THE ODDS are 3 to 1 that President Coolidge will carry California by 75,000. Californians report a change in public sentiment there, due largely to President Coolidge's emphatic confirmation of the policy of Asiatic exclusion, and his statement that the League of Nations will not be allowed to write the immigration laws of the United States.

CALIFORNIANS looking across the Pacific toward Asia know that for them the one necessity in the development of their magnificent empire, is the right to control immigration. With freedom from Asiatic immigration, California will be a nation of at least thirty millions of white people. With the immigration laws broken down it would be a land of fifty million Asiatics, and no white people.

FORD GETS things done. He leads troops, cars and trucks on his way to Rio Grande on the border of our country. A Presidential rule from the coast will first meet "The Hot Satan" and will in a few days have the Ford plant in Brownsville, South America.

Another Ford ship "Theuda" will carry cargoes from Ford plant in Detroit to Jacksonville, Florida, New Orleans and Houston, Texas. Ford is to be thanked for showing the people of the country who ought to be elected and CAN be elected.

THE GOVERNMENT, which has a budget of billions for the year, is finding it difficult to find a few dollars for building the canal that this country needs. One canal would cut the Gulf and the Mississippi Valley via Panama. Another canal for ships under the Isthmus country with the Atlantic. Every big American city a separate should be our motto.

THE REVEREND Mr. Stratton, firm believer, suggests that a shark, not a whale, may have swallowed Jonah. The Bible doesn't say "a whale." It only says "a great fish." A shark has been known to swallow a deer while the deer subsequently being found in the shark's stomach. If a deer why not Jonah, asks the Reverend Dr. Stratton.

BUT WHAT about the shark's gastric juice and its effect on Jonah's skin? In Jonah, chapter 1, 17th verse, it says "And Jonah was in the belly of the fish three days and three nights." There is the real miracle. Why was he not digested? Is answered "There is an answer. It says: "Now, the Lord had PREPARED a great fish to swallow up Jonah. It was evidently a fish, especially prepared. It might have had a stomach as big as a dining room with special ventilation arranged through the fish's pills. Dr. Stratton is right in his statement that everything is possible.

THE "National Security League" apparently a rather timid, chummy-slavery organization, wanted Enoch Sam to refuse admittance to Countess Karolyi, wife of the former President of Hungary. A little commotion ensued in some where, and the Countess was allowed to land here.

The "security" of this country, of one hundred and twelve millions, is not a dubious and uncertain if it can't stand the arrival of a well educated, intelligent woman whose husband sought to establish in Hungary the kind of government that we have here.

A MAN eighty-six years old runs away with a girl of fourteen, his own step-child. That's in Kentucky. In Chicago a girl of sixteen is accused of leading a band of robbers. In modern foolishness and crime the cradle and the grave seem mixed up.

The Chicago girl is a sordid, imitation young Circé, luring men to places where they might be conveniently robbed by her band.

## EPINARD'S OWNER NATIONAL GUARD PRAISES AMERICA TEAM IS BEATEN IN PARIS SPEECH BY ROLLINS 3-0

Monsieur Wertheimer Lauds Sportsmanship of American Followers of Race Track; Declares Has no Complaint

PARIS, Oct. 30.—Pierre Wertheimer, owner of the noted French race horse, Epinard, returned to Paris Wednesday evening from his American visit and declared that "the breaks went against us, as they say in the United States."

"I would have given a lot to have won at least one race," M. Wertheimer continued, "but I've no kick coming. Everybody was pulling so hard for Epinard to win that I would have liked to have given the American public the satisfaction of cashing in once on my horse."

"But it's all in the game. I was treated royally by every one connected with the turf and really got almost as much attention as the Prince of Wales. They are all good sports."

M. Wertheimer said that he had no fault to find with any one connected with his stable. He said that Jockey Haynes would continue riding for him and that Gene Leigh would remain as his trainer. The fact that he put kummer on Epinard at Laurel, he said, was no reflection of Haynes' handling of the chestnut.

Epinard's owner disposed of the numerous reports printed in the French and English press that the horse would go to stud in England by declaring "he will remain in France."

## PROTEST WILL BE MADE BY ROLLINS AGAINST COLLEGE

Action of Piedmont Football Authorities In Cancelling Game Wednesday to be Protested at Next Conference

WINTER PARK, Oct. 30.—Officials of Rollins College announced last night that formal protest against the cancellation of the game with Piedmont College would be made at a special meeting next Saturday of the Florida Intercollegiate Association, to be held at the University of Florida.

The game between the Tars and Piedmont College originally was scheduled for Oct. 22 but was postponed at the request of the Georgia institution until yesterday, officials said. Notification of the cancellation of the game was received from Piedmont College yesterday and a game with the Sanford eleven was arranged hastily.

According to officials of the college, the Piedmont telegraphic communication stated that officials of Stetson University had played a part in the cancellation of the game between Piedmont and Rollins. No information regarding the part of Stetson had in the cancellation of the game was given, it was announced.

Rollins College officials announced that the Piedmont College will be asked for \$1,000 damages, and that the affair will be brought before the Florida association meeting Saturday.

Several Florida colleges have recently cancelled arrangements for games with Stetson, officials said, because it was alleged that Stetson would not conform to the Florida association eligibility rules.

Wilson, captain of the team, picked out the holes during the entire game and rebounded his efforts during this period. His leadership combined with the punch of the Tars filled up three first downs. Move and Wade of Sanford, Boardman, Potter, LeFores, Hill and Walden, Colado and Zehler, for Rollins, go down in today's record as fighters of the first rank.

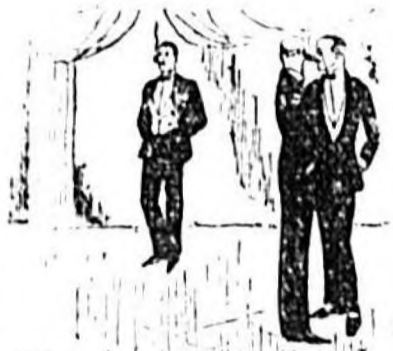

The 1st game of the Rollins schedule is with the strong Nowberry eleven of South Carolina on Nov. 6.

## Bradford Takes Over Coral Gables Office

It was announced this morning by S. W. Bradford that he has purchased the entire lot of office furniture of the Coral Gables Company office in the Milane Theater building and that he now has one of the most up-to-date tailoring parlors in the south.

In the transaction, it was further revealed, Mr. Bradford was also made division manager for the Coral Gables interests in this city which, he states, will not conflict with his tailoring business.

There will be quite a number of field men under Mr. Bradford, working for the development company, it was announced.

## Pipe Organ Club Has Meeting on Monday Afternoon

The Pipe Organ Club met Monday afternoon at the home of Miss Margaret Davis on West First St. There was an unusually large number present and each responded to roll call with a lovely gift for the Christmas Bazaar. The club welcomed a new member, Mrs. Bolz and were delighted to have a visitor, Mrs. Hansley present.

During the social hour Mrs. Schelle Maines gave several piano selections and Mrs. A. M. Phillips accompanied by Miss Davis rendered two solos. The hostess served a delicious salad course at the conclusion of the program. The next meeting will be with Mrs. Ruby Cooper at 612 Palmetto Avenue.

## Social Department Of Woman's Club Has Second Fall Meeting

The second meeting of the social department of the Woman's Club was held amidst a scene of wild flowers in purple and gold, placed in floor baskets and large bowls.

Mrs. Endor Curlett proved a charming hostess, caring for each guest with such ease that made the occasion even more enjoyable. The tallies were of dainty gold and lavender flowers.

During the afternoon bridge was played. Miss Katherine Wilke held high score and was given a large potted Boston fern. Low score was held by Mrs. Clyde Derby, and a framed picture was given the holder.

At the conclusion of the game the hostess, assisted by Mrs. Roland Reed served a refreshing fruit salad with coffee.

Among the out-of-town guests were Mrs. George Morse, of Honduras, Mrs. George A. DeCottes, Jr., and Miss Louisa D. Cottes, of Jacksonville.

## Sulphur Is Best To Clear Skin

Any breaking out of skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Centho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

W. B. Young, of Oviedo, spent Wednesday morning in Sanford on business.

Mrs. S. V. R. Carpenter, and Misses Hattie, Daisy and Grace Carpenter left for their home in Miami Wednesday. While in Sanford they were the guests of the Montezuma Hotel.

Mrs. George R. Hartley, of Calumnia S. C. arrived in Sanford the first of the week to spend a short time with her parents, Mr. and Mrs. Turner Houser. Mrs. Hartley has a large number of friends who will remember her as Miss Estelita Houser.

## Truth Seekers Hold Regular Meeting

The monthly meeting of the Truth Seekers Class of the Methodist Sunday School was held at the attractive home of Mrs. G. B. Elliott on E. Fourth Street Monday afternoon.

The lower floor was a veritable garden of autumn flower in Hallowe'en colors. Carrying out the spirit further black cats and witches were used.

After the devotional and business hour the charming hostesses, Mrs. Elliott, Mrs. Washburn, Mrs. Rutledge, Mrs. Lundquist, Mrs. Telford and Mrs. Bailey, served delicious refreshments.

There were 53 members and visitors present at this most enjoyable meeting.

Good water is essential to good health and can be had by phoning phone 59, Silver Lake Springs Co. Adv.

## Music Publisher Has New Naturalization Plan

Leo Feist, Pioneer in Popular Song Field, Would Make Citizens by Melody

Naturalization of music is the plan of America's foremost music publisher, Leo Feist. Mr. Feist's theory is that immigrants entering this country get their first idea of the English language from the songs which the children sing in the streets, and in the native cafes dear to the heart of every foreigner.

"It is rather a hazy of mine that we publish songs that will give newly arrived aliens a start on our American life," he explains. "I have had any number of naturalized Americans tell me that the first intimate touch they had of American life was hearing our songs sung from the house-tops and on the sidewalks."

"I have heard criticisms from time to time of the slang used in some of our popular songs. But after all, slang is a great part of American life. It is what one might call our folk language."

"Parents have told me of how they received their first idea of the American language when their children after school hours sang the popular songs of the day. I dare say there is not a foreigner in all these United States who did not know the phrase 'Over There.' It is not that the phrase meant so much but that it was given to them in melodic form."

"As a matter of fact, most of the foreigners who come to our door are people to whom melody can mean more than all the naturalization classes in the world. In fact, I am interested in a plan to have an orchestra in every naturalization class so that the swing of our American life will get right under the newcomers' skin."
