ANNOUNCING... Installation of the Latest Designed Machinery in Block Making Industry
CHAPMAN & PEZOLD
Commercial & Myrtle Avenue

TO THE HOME BUILDER—
During the past two years the Block Making Industry has made great strides in the "Know How" of making blocks for your home—We are making a conscientious effort to keep abreast these advancements.

"Be Sure the blocks you buy are the best Obtainable"

Hollywood

By BOB THOMAS

HOLLYWOOD May 3 (AP)—Two budding film feuds which promised to enliven the Hollywood scene have died a burning. The first was between Gene Kelly and Van Heflin, who heckled each other through "The Three Musketeers." To their disappointment, no one would take their verbal tussles seriously. Now Clark Gable and Walter Pidgeon are having a kidding match on "Command Decision." Clark drew me aside and whispered: "Don't you think Pidgeon is a little too old for his role?" Some parties even think their "feud" is on the square, but the two old friends are just having some sport. At least it was still in fun at this deadline.

Marta Toren, Sweden's latest gift to the shores, is here to stay. Homesickness sent her back to her native land after "Cahaba," but she says she is over it now, and intends to stay in the U. S. Ronald Colman leaves on the 10th for New York and England "if there isn't a railroad strike." He says it will be his first return to the homeland in 15 years. He's scheduled to make appearances there and in Belgium for his Oscar-winning, "A Double Life." Alan Ladd's next film will be a Tiffany Thayer yarn in which he plays a Chicago reporter in love with a murdered woman on a story he covers. At the end of the picture, he joins her.

Dick Powell says his auditor reports he'll be able to save a mere \$5,200 out of his earnings this year. That's pretty slim pickings, considering the small fortune that Dick is paid annually.

Dore Schary and Darryl Zanuck, who must be the world's most honored producers, will get more awards when the anti-defamation league of final birth meets here this week. For "Crossfire" and "Gentleman's Agreement," of course.

Barry Fitzgerald says he'll get a vacation between "Tattooed Milouse" and "Diamond in the Haystack," which he may make in fire with Bing Crosby. He says he has cooled on his motorcycle hobby. "Los Angeles traffic is getting too bad," he says. (Get out?)

Juan Leslie is still listed on the contract list of the optimistic Warner Brothers, who still hope to win her back. Betty Field heads back to her Stamford, Conn., home after finishing "The Great Gatsby." George Brent says he'll limit his screen work to one film a year at Republic after a time to brooding horses. "Homewinning" (HGM) is a fine vehicle for the kindly talents of Clark Gable. Cast as a society doctor who finds his integrity in the war, he is handed a film which compares in scope, if not

Radio Waves Aid In Exploring Of Molecule, Atom

WASHINGTON May 3 (AP)—The tiny radio waves which are the "eyes" of radar are now helping science explore the minute worlds of the molecule and atom. Harvard Scientist Dr. E. Bright Wilson told the American Physical Society today that researchers at many laboratories are working with these "microwaves," some of them as little as 1/2 inch long—about 20,000 times shorter than those used by broadcasting stations.

In radar, use the waves strike an object, such as a ship, and are reflected back. The operator of the radar set sees an image representing the ship on his radar scope. In the investigation of matter, chemical substances under study are first converted to gases. Then, microwaves are beamed against the gas.

Molecules of different sizes and shapes will "pick up" only their own special radio waves. Thus, from noting the different wavelengths "absorbed" by the gas, researchers are able to get a more accurate picture of the structure of the molecules in test material.

They're even working toward getting further information on nuclei—the very hearts of atoms. It has been found that the nuclei of many atoms have electrical properties affected to some degree by the tiny microwaves. "Already," Wilson said, "measurements have been made at (various laboratories) of the distances between the atoms of various molecules as accurately as a good surveyor customarily measures distances between points on the surface of the earth."

ELKS FIRE
CHARLOTTE, N. C. May 3 (AP)—The Charlotte Elks Club near the heart of the city was destroyed by fire Saturday night. Estimated damage at \$200,000. Fire Chief Hendrix Palmer said it was one of the fastest fires he ever had seen. Its origin was undetermined. Nobody was injured.

MATCH 'EM UP
A new twist in refurbishing the home is matching window drapes and fiberglass base lampshades of the same fabric patterns. The lampshades consist of printed fabrics laminated on the fiberglass base so that the shade exactly matches corresponding drapery materials. The shades are moisture-resistant, mildew-proof and snag-resistant.

13 Hero Medals Are Awarded By Carnegie

PITTSBURGH May 3 (AP)—Thirteen bronze medals were awarded heroes in 10 states Saturday by the Carnegie Hero Fund Commission, two of the awards being made posthumously.

In one case a pension of \$900 a year was granted to the widow of one of the heroes and in other cases cash awards totalling \$3,750 were made. The top award, an \$80-a-month pension went to the widow of Carlton G. Sprayberry, Heflin, Alabama. Sprayberry lost his life July 3, 1947, in a futile attempt to save the life of G. William Smith.

Smith was overcome while cleaning a well at Chula Vista, Ala. Sprayberry went to his aid, but was nearly overcome and asked to be raised. Although semi-conscious, he rallied in five minutes and re-entered the well in another attempt to aid his friend. However, he fell on top of Smith and both men were suffocated.

Eight of the thirteen awards involved cases of drowning. Of the 13 awards, two each, went to New York, Indiana, and Ohio. Single awards were made in Maryland, New Jersey, Virginia, Georgia, Alabama, Illinois and Pennsylvania.

NO BAD HABIT
Sometimes eating between meals is a good habit, advise nutritionists of the U. S. Department of Agriculture. Growing children, active workers and underweights often need more food than they can take comfortably at a meal. A light fill-in at a mid-point between meals will protect against weariness. A glass of milk, sandwich, a hard-cooked egg or fruit after school is recommended to give children energy for active play without spoiling the appetite.

Ice Cream, Milk Said To Be Best Vitamin B-2 Source

Associated Press Science Reporter
AMER. IOWA—Ice cream and milk are good bets to be sure of getting the growth vitamin, B-2. They are better sources for humans than green peas or almonds, workers in the Nutrition Laboratory at Iowa State College report.

Nutritionists know pretty well just how much of the different vitamins are contained in different foods. But just as important is the question of how much of those vitamins the human body is able to take out of the foods and use. Dr. Gladys Everson and associates at Iowa State have just finished such tests with Vitamin B-2, or riboflavin. Women students were the guinea pigs of the test. For several weeks they ate exact test diets. First, the diet had pure riboflavin along with the given amounts of fats, proteins, and carbohydrates.

Then in other studies, they ate the same amount of fats, proteins, and carbohydrates, but had the 13 awards, two each, went to New York, Indiana, and Ohio. Single awards were made in Maryland, New Jersey, Virginia, Georgia, Alabama, Illinois and Pennsylvania.

Dr. Everson now is trying to learn why. The difference may be due to differences in digestibility. Ice cream, a liquid dairy product, may be more easily and completely digested. Or the difference may be due to the way that the B-2 is chemically bound in the foods.

Archduke Otto Says Hour Of Decision Here

America Must Choose Between Freedom & Slavery, Between Stalin And Christ

"Our generation will have to decide whether the world of the future will enjoy the liberties of you freedom-loving Americans, or whether it will be one vast concentration camp," Archduke Otto told members of the newly organized Sanford Executive Club at the Mayfair Inn last night.

"Christianity as practiced seven days a week is the greatest force in the world for combatting the spreading of Communism," he continued. "We of this world will have to choose between Stalin and Christ. There is no middle ground. And I hope and pray that when the time comes to stand up and be counted, we shall not be found wanting."

Archduke Otto was introduced by Warren D. Hanson of Winter Haven, a director of the Executive Clubs of Florida, who said that the speaker was a direct lineal descendant of the thousand year old Hapsburg dynasty of Austria, a great grand nephew of Emperor Franz-Joseph who ruled over Austria-Hungary for nearly 70 years until his death during the first World War, and a son of Emperor Charles and Empress Zita of Austria.

Mr. Hanson also outlined the purpose of the Executive Club, tracing its origin back to a meeting in Kansas City over 50 years ago, and said that there are now 22 such clubs in Florida. He also introduced Rev. and Mrs. Arthur Stovall of the Winter Haven club, D. Neale Ferguson and his daughter, Mrs. A. C. Sline, members of the Orlando Executive Club, and Theo. R. Moss of the Mayfair Inn.

Archduke Otto said that the (Continued on Page Two)

1 Killed, 2 Hurt, 9 Escape Injury As Superfort Crashes

PUERTENFELDRUCK, Germany, May 4 (AP)—An American B-29 crashed here shortly before midnight last night, killing one crew member and injuring two others. Nine other U. S. airmen escaped injury. The \$300,000 plane burst into flames and was destroyed.

The ship was part of a squadron taking off for a training flight in the Mediterranean area. The accident occurred about a mile and a half from the takeoff point. The other ships continued on their way.

Prompt action by base crew members was credited with saving most of the big plane's complement. They were at the scene less than two minutes after the crash, pulling men out of the flames.

There was no immediate explanation as to the cause of the crash. The third in a tentative series of flights scheduled to return about the middle of this month to Smoky Hill, Kansas, field, where the bombers are based.

MISS TRAMMELL DIES
CHATTANOOGUE, May 4 (AP)—Miss Pearl Trammell, sister of the late U. S. Senator Park Trammell of Florida, died at her home here yesterday.

Miss Trammell was the oldest employe in point of service at the state hospital here. She served as a supervising nurse for more than 40 years.

Funeral services will be held here Wednesday. Burial will be in Tallahassee.

HITLER'S JAW?
NUERNBERG, Germany, May 4 (AP)—Hitler's dentist said today he is sure the Russians have der Fuehrer's jaw.

Rev. W. P. Yesley Dies Suddenly

Rev. W. P. Yesley, pastor of the First Christian Church, died suddenly from a heart attack in Orlando this morning shortly after 11:00 o'clock. Rev. Yesley was in a conference with Dr. Paul Carpenter of the Central Christian Church, discussing plans for a state-wide intermediate camp for the Christian Church at the time he was stricken with coronary thrombosis. He died in Dr. Carpenter's automobile while on the way to an Orlando hospital. The Erickson Funeral Home is in charge of funeral arrangements, and plans for the burial will be announced later.

Railway Mediator Says Tieup Likely As Meetings Fail

Report Follows 4 Days Of Fruitless Talks Of Union, Carriers

CHICAGO, May 4 (AP)—Mediation efforts to avert the nationwide rail strike called for May 11 collapsed today. "We are going to Washington to report our failure to President Truman," Frank Douglas, chairman of the National (Railway) Mediation Board, told reporters.

CHICAGO, May 4 (AP)—Federal mediators conferred again today with management officials in attempts to avert a nationwide railroad strike which one mediator said appears likely.

Frank Douglas, chairman of the National (Railway) Mediation Board, said he planned to meet this afternoon with representatives of three operating brotherhoods. They have set a week from today for the start of their strike. He met with a committee representing the nation's 132 class one railroads this morning.

"It looks very much like there might be a strike," Douglas said after yesterday's meetings. "The picture does not look good."

His comment followed four days of apparently unsuccessful meetings with the unions and carriers. However, he said the board planned further sessions today in a final attempt to settle the wage (Continued on Page Six)

Louis B. Mayer Is On Public Payroll

WASHINGTON, May 4 (AP)—Movie Maker Louis B. Mayer, one of the nation's highest paid people, is on the public payroll—\$2 a day.

The man whose income, according to the latest treasury report, hits \$501,271 annually is toiling away as a witness in a U. S. district court trial.

In addition to his \$2 salary, Mayer is entitled to another \$3 a day for board and room, plus five cents a mile traveling expenses.

The court definitely won't foot one of Mayer's bills.

He took one look at the crowded dingy witness room, and decided it was not for the likes of Louis B. Mayer.

So he hired a shiny limousine, with shiny chauffeur. He uses the limousine as his private witness room.

Each day the limousine has been parked in front of the court-house, in a no parking zone near a fire plug. From time to time Mayer emerges to see how things are going in the world outside.

COSTA RICAN HEAD
SAN JOSE, Costa Rica, May 4 (AP)—Costa Rica's revolutionary president is going to step out of office.

Santos Leon Herrera, who has been president since rebel chief Juan Figueres deposed the administration of President Teodoro Picado Michalski, announced last night his intention to quit.

An agreement among Costa Rica's political leaders provides that a revolutionary committee will appoint a group of notables to write a new constitution.

House Okays Southern Plan For Education

Resolution Permits Operation Of Regional Schools If Congress Approves

WASHINGTON, May 4 (AP)—A compact to permit Southern states to operate regional universities won House approval today. A joint resolution giving Congress consent to the arrangement passed by a vote of 235 to 45. It now goes to the Senate.

Rep. Marcantonio (AL-NY) said the action means "Congress is putting the stamp of approval on segregation."

Rep. Reed (R-Ill) and Walters (D-Pa) spoke in behalf of the resolution. "It is simply an advancement of a plan that has been used by other states for many years," Reed said. "It is a fair, logical way for the Southern states to improve their institutions of higher learning."

Marcantonio said the National Association for the Advancement of Colored People asked him to oppose the measure because it would enable the Southern states to continue segregation.

The Southern states plan to take over Meharry Medical College at Nashville, Tenn., to provide medical training to negroes if the compact clears Congress.

Bolt of Lightning Causes \$1,000,000 Damages By Blaze

DYERSBURG, Tenn., May 4 (AP)—Fire destroyed the power plant here early today and left the city of 15,000 persons without electricity or water for several hours. Damage was estimated at almost \$1,000,000.

The fire, started by a bolt of lightning, was brought under control after more than two hours by firemen using all available water. No one was hurt.

Mayor Page Hart said "We'll be all right by noon on water." The Navy base at Millington, Tenn., sent two generators during the night, he said, and water was being pumped. A power line, he said, was being extended to a Tennessee Valley Authority connection at Newbern, Tenn.

National Guardsmen stood by during the pre-dawn hours to fight any additional fires and to prevent any looting under cover of darkness.

The guardsmen also brought some food kitchens to ease the food situation. Hart said he had been worried because so many Dyersburg residents had depended on electricity for cooking.

Greeks To Try Markos Vafiades In Athens

ATHENS, May 4 (AP)—The Greek government intends to try guerrilla leader Markos Vafiades, in absentia, on charges that he was the "moral author" of the assassination Saturday of a cabinet minister.

Constantin Rentsis, the minister of public order, announced the government's intention last night after a broadcast from the secret rebel radio reportedly praised the man who assassinated Justice Minister Christos Ladias.

The broadcast also invited Communists to make similar attempts on the lives of Rentsis, Premier Themistokles Sophoulis and Deputy Premier Constantin Tsaldaris. No date for the trial of Vafiades was given.

DEER MOVED
The three deer at the Sanford Zoo have been transferred from their former quarters back of the Legion Hut, and the range of would-be hunters with 22 calibre rifles, and are now comfortably sharing a screened enclosure in the zoo proper with peacocks and other birds. Peace seems to prevail, although the peacocks seem to feel that they have been imposed on socially. At any rate, Zoo Superintendent Richard has noted no friction or strife.

Over Half Million Floridians Indicate Record Vote At Polls

By ASSOCIATED PRESS

More than a half-million Floridians are voting today on a long slate of state and county officers. With perfect weather prevailing, 600,000 or more Democrats are expected to cast their ballots at 1,535 polling places. They opened at sunup and will close at 7 P. M.

MIAMI, May 4 (AP)—Voters stood in line at the polls when they opened here at 7 A. M. today and indications pointed to a possible record turnout in Dade county for a primary election.

With perfect weather in prospect, political observers were of the belief that a total vote of 1,250,000 as predicted by supervisor Carl Holmer, may be recorded in Dade by the time the polls close.

Balloting in Dade was off to a fast start. In a sampling of 10 precincts at 9 A. M. slightly more than eight per cent of voters registered in those precincts already had voted.

Some voters were having trouble completing the record size ballot within the five minutes required by law.

The liquor situation in the Dade area was somewhat confused. Liquor stores and bars were open for business as usual in Miami, Hialeah and unincorporated areas of the county, while city ordinances in Miami Beach, Miami Springs and Opa Locka prohibited the places until the polls close.

TAMPA, May 4 (AP)—Election officials said today Hillsborough county was casting its heaviest vote in history.

They predicted more than 50,000 persons of the nearly 67,000 registered voters would vote.

James A. Wright Is Installed As Head Of Legion

Mrs. C. E. Hunter Is Seated As Leader Of Post Auxiliary

James A. Wright was installed last evening as commander of Campbell Legion Post 53 of the American Legion and Mrs. C. E. Hunter as president of the Post Auxiliary at a meeting held at the Legion Hut.

Commander Wright's installation and that of the other officers was presided over by Sixth District Commander George W. McGowan, assisted by Norman White, district sergeant at arms.

Mrs. Hunter was installed by Mrs. Norman White, Sixth District Auxiliary president. All of the installation officers came from Kissimmee.

James J. Singletary, retiring commander, was commended for his work for the Legion by Post Commander Henry Wolcott of Campbell-Loring Post and now of the Oviedo post, and was presented with a past president's pin. Past Commander Singletary reported that every member of the post had cooperated with him in the work; otherwise it would have been impossible to carry on. He predicted that under Commander Wright, Post 53 will have its best year yet.

Miss Edna Chittenden, retiring Auxiliary president, was commended for her work by District President White, and given a past president's pin. Miss Chittenden declared that she was proud to receive the pin, and said, "Some of us loved served in the war and that is why we are members of the Auxiliary." She thanked the members of the Post and Auxiliary for their co-operation, and presented a corsage to President Hunter.

Other Legion officers installed in the post were John Sauls, succeeded Ben Young as first vice-commander; James Q. Galloway, succeeded John Sauls as second vice-commander.

POLISH RESEARCH
WARSAW, Poland, May 4 (AP)—A group of Polish scientists announced today an institute for atomic research will be built in Poland within the next 10 months. The announcement said they expect to get machinery from Switzerland.

LAMBS HERE
Mr. and Mrs. Charles Lamb (former of Sanford and now of Miami), attended the political rally at the Court House, Saturday evening, greeted old friends and commented on the growth and improvements in Sanford since they left here.

Stronger UN Urged With Or Without Reds

Hays, Judd Speak For Going Ahead With Soviet If She Cooperates On Peace

WASHINGTON, May 4 (AP)—Congress members of both major parties joined today in urging a stronger United Nations to promote peace, with or without Russia.

Reps. Hays (D-ARK) and Judd (R-MINN) called for the United States to take the lead in overhauling the U. N. charter. They spoke out firmly for going ahead with Russia if she will cooperate, but without Russia if she refuses to go along.

Hays said "We do not want to junk the United Nations—we want to save it. We want Russia as a participant in an agency for peace, but at Russia's expense every move toward perfecting the U. N. we must take steps without her. These steps would not be anti-Russian; they would be pro-peace."

Judd said he believes three fourths of the peoples of the world would join in an effort to revise the U. N., so it can be a real instrument to preserve peace and freedom.

Election Returns To Be Broadcast By WTRR Tonight

Election returns received by telephone tonight from the 16 precincts throughout Seminole County and tabulated by The Sanford Herald, will be broadcast immediately by Radio Station WTRR. During the baseball game between the Sanford Giants and Palatka Yankees in the latter city, the returns will be broadcast between innings, but after the game the returns will be announced continuously.

The ballot office will also furnish prompt returns to the Associated Press, the United Press and the Orlando Sentinel. On account of length of the ballot on the Democratic Primary, precinct clerks throughout the county have been requested to telephone results to The Herald office immediately after the county is completed.

Due to the broadcasting arrangements between The Sanford Herald and Radio Station WTRR, it is not considered necessary to project by stereophonic the results on the opposite building on Magnolia Avenue as in former years.

A check of Precincts No. 1 and 2 in Sanford this morning revealed that the total vote cast was 1,923 out of a total registration of 5,479. Precinct No. 1 had 636 and No. 2 1,287 of the total. Voting of colored registrants was light in Precinct No. 1, this morning and fairly heavy in Precinct No. 2.

CONTRACT AWARDED
The Tyler Construction Co. of Kentucky has been awarded a contract to resurface Highway No. 46 from Lake Jessup to the Titusville bridge over the St. Johns River at a cost of \$80,000. The State Road Department recently informed M. B. "T Bone" Smith.

Ohio GOP Voters Tell Stassen How Many Taft Votes He May Have

By ASSOCIATED PRESS

Ohio Republicans gave Harold E. Stassen his answer today to how many of the state's presidential nominating votes he can take away from Senator Robert A. Taft.

The Minnesota is seeking 23 of the 53 delegates Taft's home state will send to the Philadelphia convention next month. Stassen supporters claim up to 19. But Taft's backers said the former Minnesota governor would be lucky to get six—the senator himself gave Stassen only one at most.

Stassen closed his Ohio campaign with a speech at Cleveland calling for higher farm price supports—a step Taft opposes.

Taft wound up his campaign in his home city of Cincinnati with a declaration that he would join anyone in a fight against Communism—even Fascist nations, "because Fascism now is no threat to our freedom."

Communism also was the subject of another GOP presidential aspirant, Governor Thomas E. Dewey, who takes on Stassen in Oregon's May 31 primary.

Campaigning for support in that contest Dewey last night attacked proposals—which Stassen has backed—to outlaw the Com-

Arab Stronghold Is Claimed Taken By Jewish Forces

House Group OK's Newsmen Law For Printing "Leaks"

JERUSALEM, May 4 (AP)—Jews claimed today the capture of an Arab village which had barred the way to Lydda airport. Arab fighters were reported attacking the Jewish settlement of Kfar Etzion south of Jerusalem. Arabs said Jews fired upon a convoy of the British-occupied Arab legion there yesterday.

Other skirmishes developed elsewhere in Palestine, where the end of the British mandate is now but 11 days away.

A United Nations Truce Commission made up of the French, British and United States consuls general is believed to have gone to Amman, capital of Trans-Jordan, to confer with King Abdullah and the secretary-general of the Arab League, Raouf Azzam Pasha. Consulate sources declined to discuss their whereabouts. Abdullah has said he personally will lead the regular forces of Trans-Jordan, Iraq, Syria and Lebanon against Palestine Jews.

The Arab attack on Kfar Etzion was well under way by noon, according to sparse reports received in Jerusalem.

Jews last night attacked the fifth general hospital on Mt. Scopus, held by Arab legion units. An Arab spokesman said the attack was retaliatory and only three Jews were killed.

Urgent Zvai Leumi, Jewish underground force now allied with Hagannah, the Jewish militia, announced (Continued on Page Six)

House Group OK's Newsmen Law For Printing "Leaks"

Leader Hoffman Affects The Press

WASHINGTON, May 4 (AP)—A bill that would permit the jailing of newsmen who print leaks of confidential information given to congressional committees was approved today by the House Rules Committee.

It still must be passed by the House and the Senate and be approved by the President before becoming effective.

The measure would require all executive departments to provide congressional committees on demand whatever information the committees decide they need.

The committees would decide by majority vote whether the information, or part of it, should be made public.

Upon a committee decision that the information should be held confidential it would be a misdemeanor for anyone to divulge it or publish it. The maximum punishment for a violation would be one year in jail and a \$1,000 fine.

The penalty would apply not only to newsmen but to committee members or employes or any other individual obtaining knowledge of the information and disclosing it "in any manner whatsoever not provided by law."

Chairman Hoffman (R-Mich) of the House Expenditures Committee, which drafted the legislation, admitted to the Rules Committee that the press would be affected by it.

Rep. Clarence Brown (R-Ohio), a rules committee member and a newspaper publisher, suggested that the penalty provision be amended. Brown said it raised a question of the constitutional rights of the press.

He told newsmen later he will offer an amendment when the bill reaches the House floor to exempt bona-fide reporters from the penalty provisions. His amendment, he said, would make the punishment applicable to committee members or employes who "leak" information to reporters.

Hoffman contended that if a newspaperman obtains and publishes information deemed confidential, "there's no reason why he shouldn't be punished."

The press, Hoffman said, "has no alternative right and privilege" (Continued on Page Six)

UN Truce Commission Is Believed To Be Seeking Conference With King Abdullah

JERUSALEM, May 4 (AP)—Jews claimed today the capture of an Arab village which had barred the way to Lydda airport. Arab fighters were reported attacking the Jewish settlement of Kfar Etzion south of Jerusalem. Arabs said Jews fired upon a convoy of the British-occupied Arab legion there yesterday.

Other skirmishes developed elsewhere in Palestine, where the end of the British mandate is now but 11 days away.

A United Nations Truce Commission made up of the French, British and United States consuls general is believed to have gone to Amman, capital of Trans-Jordan, to confer with King Abdullah and the secretary-general of the Arab League, Raouf Azzam Pasha. Consulate sources declined to discuss their whereabouts. Abdullah has said he personally will lead the regular forces of Trans-Jordan, Iraq, Syria and Lebanon against Palestine Jews.

The Arab attack on Kfar Etzion was well under way by noon, according to sparse reports received in Jerusalem.

Jews last night attacked the fifth general hospital on Mt. Scopus, held by Arab legion units. An Arab spokesman said the attack was retaliatory and only three Jews were killed.

Seminole County's Champion Speller Is 35th In Contest

Velora Moon, Oviedo school girl and Seminole County's champion speller, placed 35th, and Carole David of Geneva, 15th among 45 contestants at the Miami Herald's Spelling Bee in Miami, Friday. Sara Torrey, 13, of Miami won the contest.

Velora Moon, principal of the Sanford Grammar School, who conducted the contest locally and who with Mr. and Mrs. G. S. Moon and Mrs. Henry Wolcott, accompanied the two Seminole County girls to Miami, reported today that they had a fine trip in Mr. Moon's new car, also that the girls each were given \$2 spending money and provided with hotel accommodations overnight by the contest directors.

Velora Moon has also received 410 cash and a medal, and by winning the contest conducted in Seminole County, brought the Miami Herald gold trophy to the Oviedo School for one year. The high standing of Carole David at Miami put Seminole in the top bracket among the 23 counties competing in the Spelling Bee, said Mr. Steele.

He declared that he is well pleased with the success of the contest, and expressed thanks to Jack Katigan for putting in so much time and effort in promoting preliminary broadcasts of local school spelling contests. He also thanked Principal Herman E. Morris for putting on a pre-contest spelling bee at Seminole High School last Tuesday.

ITALIAN REDS
ROME, May 4 (AP)—Communist and pro-Communist newspapers accused the Christian Democrats today of trying to maneuver President Enrico De Nicola into declining a new term. Parliament elects a new president May 10.

At the same time, the quasi-official Christian Democrat organ Il Popolo and the independent, anti-Communist Messaggero, usually a well-informed paper, said De Nicola had decided not to be a candidate for reasons of health.

DAN'S DAUGHTER
FORT PIERCE, May 4 (AP)—A daughter, Frances Lela, weight seven pounds four ounces, was born in Fort Pierce Memorial Hospital at 6:20 A. M. today to Mrs. and Mrs. Dan McCarty, the former of whom is the gubernatorial candidate.

McCarty was present for the occasion, having cancelled a scheduled address in Miami Monday night and rushed home.

This is the McCarty's third child, the others being Danny, 6, and Mike, one.

TUESDAY, MAY 4, 1948

BIBLE VERSE TODAY

THE GREAT MOMENT OF YOUR LIFE IS NEITHER YESTERDAY NOR TOMORROW. TODAY ONLY IS YOURS. YESTERDAY IS PAST AND TOMORROW MAY NEVER COME. —Matt. 26:18: My time is at hand.

Seminole County candidates certainly showed some of our local merchants how to reach the public anyway.

For a nation which is getting out of Palestine by May 15, Britain certainly is bringing in a lot of new troops.

There is scarcely a day that goes by that some new business isn't opened in this city. Sanford grows!

Florida Republican candidates for the GOP convention are all said to favor Harold Stassen for President. They could do a lot worse.

Construction permits in the South during the first four months of 1948 totalled \$800,000,000 nearly twice as much as for the same period last year, and the second highest in the entire history of the South.

Senator Glenn Taylor of Idaho was arrested in Alabama the other night for trying to enter a hall through a door plainly marked "Negroes."

The House Armed Services committee has voted to draft young men from 19 years of age to 25 in order to build up the nation's armed strength.

The deep issue, clear against the confederates, is the right of a people to run their own affairs. It is the Tenth Amendment to the Constitution, which is part of the Bill of Rights.

It is entirely possible, medical authorities believe, to eliminate almost altogether, not only tuberculosis, but practically all other communicable diseases from the face of the earth.

Negroes who like to carry knives should be made to realize what a dangerous practice this can be. A group of negroes at a Sipes Avenue juke joint last Saturday night started carrying each other up, with one so badly injured that he died in the hospital a few hours later.

Military Unity

Senator Wayne Morse of Oregon has introduced a bill for more drastic reorganization of the top administration of the military services, in the interests of unity and team work.

His proposal is to abolish the departments of Army, Navy and Air, which now have independent status, although technically subordinate to the Department of Defense.

The attempt to achieve unity by superimposing the Department of Defense over three independent service departments probably has not yet had a fair trial.

The matter needs further study, and perhaps new action by Congress. A spirit of co-operation instead of competition might help also.

Unsafe Insane Fourth

Do you remember the old-time, noisy Fourth of July? Children got up at unholy hours, 3 A. M. or earlier if their parents would let them, and fired off torpedoes and cannon-crackers all day, the louder the better.

These days are gone and one man was in large part responsible. He was Dan F. Pfahl, a Cleveland councilman. The Ladies Home Journal did more than any other institution to bring home to communities the dangers of the old Fourth.

In 1908 Pfahl fathered an ordinance banning the sale of fireworks in the city. Other civilized communities copied the idea, and now the old noisy Fourth is a thing of the past in most areas.

This was one good old custom that was not so good. It is a shame that the old-time, noisy Fourth of July is no more.

Happy Trailerites

Statistics compiled by the Trailer Coach Manufacturers Association are said to prove that the divorce rate among those who live in trailers is fifty per cent under that of those who live in more spacious permanent quarters.

One advantage quoted is the lower cost of living in a trailer, said to be as much as \$100 a month less than that in a permanent dwelling. This would leave a pleasant margin for avoidance of friction over finances.

Life in a trailer partakes somewhat of the flavor of early pioneer living. In the early small settlements everyone lived simply and on the same level.

A Common Possession

The 100th anniversary of this week of The Associated Press offered the opportunity to Lord Rothermere, publisher of "The London Daily Mail" and other British newspapers, to say at an appropriate time some forthright words on the freedom of the press in a threatened world.

It is, of course, an inherited belief of our nation that "words react on reason." From a pamphlet of Milton to the day of The Associated Press, from the Declaration of Independence to the Gettysburg Address, the English-speaking man has spoken and printed his cherished tongue to preserve his free institutions.

This country joins—and acts—with Lord Rothermere in his belief that the dissemination of untainted news is more than ever of vital importance now. Newspapers in Britain, Lord Rothermere said, are handicapped in this effort by a shortage of newsprint.

The human mind cannot be burned, nor bayoneted, nor wounded, nor misused, Emerson wrote in a New England of a century ago. It is in this faith, after a great war, that the Western World works today, at a time when the control of the press in certain countries is but one part of a harnessed faith that the only way of national advancement is upon the necks of other nations.

THE WORLD TODAY

By DEWITT MACKENZIE AP Foreign Affairs Analyst

President Truman says the present year "may well determine the world's future."

The chief executive expressed this striking view yesterday in a message of greeting to the AFL-unionists in Washington. He didn't say what impelled him to such a belief but left it to us to figure out for ourselves.

Naturally our first thought is that the remaining eight months may well bring us to the crisis in the cold-war between Russia and the Democracies.

That is, the cold war either will have developed into a shooting war or we shall have substantiation for our belief that another global conflict isn't inevitable.

Can Italy and France—both strategic states in the Democratic bloc—overcome the double handicap of fierce economic depression and the assault of powerful Communist parties which take their orders from Moscow?

Can England pull herself out of her economic tailspin and reestablish the military strength essential to this sentinel of Western Democracy? Present indications are that the answer to both these questions is in the affirmative.

Can Russia be held along the line which she has established against Central Europe or will she be able to surge westward? Any further great movement toward the English Channel might easily be fatal to world peace.

Can the United States, with the Western European nations in conjunction with the Marshall Plan, be the real thing or just a flash in the pan. In short we shall know whether the Democracies have the courage of their convictions.

Can the United States, with the strategic states in the Democratic bloc—overcome the double handicap of fierce economic depression and the assault of powerful Communist parties which take their orders from Moscow?

Can the United States, with the strategic states in the Democratic bloc—overcome the double handicap of fierce economic depression and the assault of powerful Communist parties which take their orders from Moscow?

Archduke Otto

(Continued from Page One)

threat of a new world war is now since 1939, and each new aggression committed by Soviet Russia makes more apparent the danger of war.

"During the last war," he declared, "we blamed our leaders for not having read, or if they read, for not believing, a similar book by Adolf Hitler, 'Mein Kampf,' in which he told while still a small time rabble-rouser, exactly what he proposed to do with us.

In his book, the Archduke continued, Stalin explained to his followers in Russia that in wartime it might be necessary to make certain alignments and certain agreements of a temporary nature, but he assured his followers that these alignments and agreements would be promptly forgotten and abandoned just as soon as the war was over.

"It is not hard to see," he continued, "why the great conferences of Yalta and Potsdam could have failed."

"In 1942," Archduke Otto continued, "at the very time when the United States was sending Russia large quantities of war materials under your lend-lease arrangements, Stalin published in all Soviet newspapers a letter in which he said that the war with Germany was but the prelude to the world war which would begin with the other capitalist nations of the west."

"In the three years since the war ended," said Otto, "we can see how well Stalin has carried out his promises to the Russian masses. He was at the very point of invading Greece and Turkey last year when your State Department received information to this effect, and the Truman Doctrine and the Marshall Plan were immediately implemented, with such shock to Stalin that he retired to his summer palace on the Black Sea for a rest cure.

And when he returned, due to a slight paralysis of his left arm, it was rumored he had suffered a stroke. "But the Russian plan to strike and strike again, never to let the West regain its breath" has been continued ever since.

Communism-fomented labor strife in Italy and Greece, guerrilla warfare in Burma, constant agitation in Berlin have all been but a part of the grand Russian strategy to demoralize the western powers.

He went on to outline how the Russians shifted their center of action from Europe to Asia, how they took over in Burma the moment the British got out, how they maneuvered the Americans in Korea into losing the battle of Korea, and in the same way are now in the process of winning the battle of Germany.

The power of Russia as a military opponent was fully emphasized by the speaker when he said that Russian armament factories are now producing more than twice as much as they were in 1941 at the peak of their wartime production, that they have 140 fully manned divisions ready for action, that they have an air force of 16,500 modern and well equipped planes, and they have built up their submarine force until it far surpasses anything Germany ever had.

Both state and local candidates brought flocks of persons to polls in autos.

MONTICELLO May 4 (AP)—The Capps district of Jefferson county was the second precinct in Florida to report in today's primary. Its seven votes were cast and counted shortly after 9 A. M. Jefferson has 12 precincts.

national issues are concerned," he said. "We can't even vote for a governor—the president appoints one!"

Also stymied on voting are Dr. Ruth's wife, the former Angela Greer of Hartford, Conn., and their 23-year-old son Roy L. Jr., who served three and one-half years with the Army.

Dr. Ruth said that since the war the whites have become the largest group in Hawaii, with the once dominant Japanese second.

Although he heads the Methodist Churches of Hawaii he is not a delegate to the big legislative conference here. Only a conference may name a delegate and his churches are part of a mission.

However, he does hold membership in the Southern California Arizona Conference and plans to attend its meeting at Long Beach, Cal., late in June.

He also has another resolution before the conference asking fellow-Methodist leaders to oppose legalized gambling in Hawaii, particularly pari-mutuel betting on races.

He is confident that the general conference will support his stand on both issues.

Arthur G. for comptroller, Frank 3, Lee 4; for treasurer, Larson 7; for superintendent of public instruction, Bailey 7; for commissioner of agriculture, Mayo 5; McClellan 2; for railroad commissioner, Green 7.

Florida Poll

(Continued from Page One)

registered would vote at voting machines before the polls closed.

Several precincts reported that by 11 A. M. more than 25 percent of those registered had voted.

Clear skies and gentle breezes helped bring out the vote.

Both state and local candidates brought flocks of persons to polls in autos.

There was voting, too, in Alabama, Delaware, Florida and Indiana, but only in Alabama was any major political issue involved.

Democrats there selected 25 convention delegates from a field of 84 candidates—29 of whom have said they will quit the convention if President Truman's Civil Rights Program is written into the Party's platform.

The Florida primaries pick a 20-vote Democratic delegation and 10-vote GOP delegation plus candidates for six house seats, the governorship and state tickets.

Indiana voters selected nominees for the state's 11 house seats as well as delegates to state conventions which later will name National Convention slates.

Delaware's 10 Democratic delegates are expected to support President Truman for the party nomination. Missouri's 34-vote delegation was named yesterday with those instructions.

A Republican faction in Georgia also named a convention slate yesterday, and left it unstructured. An opposition GOP group in the same state will meet later.

In another election yesterday, the lightest Maryland turnout in years chose six nominees for the congressional races in November. Two Republican and three Democratic incumbents were re-nominated. A fourth Democrat was defeated.

Davis Home Scene Of Circle 5 Meet

TUESDAY
Daughters of Wesley Class of the First Methodist Church will meet at 8:00 P. M. in the class room. Hostesses will be Mrs. E. P. Laney, Mrs. W. M. Black, Mrs. P. N. Whitehurst, Mrs. L. C. Leonard, Mrs. W. C. Hill and Mrs. G. W. Bailey.

WEDNESDAY
The regular luncheon and business meeting of the Sanford Woman's Club will be held at 12:30 P. M. at the club house on Oak Avenue.

THURSDAY
The P. T. A. of the Southside school will meet at 3:15 P. M. at the school auditorium. The board will meet at 2:00 P. M. and officers for the new year will be installed. All mothers of pupils attending the first grade in September are cordially invited to attend.

A joint meeting of the Presbyterian Business Woman's Circle No. 1 and Business Woman's Circle of the First Methodist Church will be held at 6:30 P. M. at the Methodist Church. A covered dish supper will also be held.

The T. E. L. Class of the First Baptist Church will meet at 8:00 P. M. at the home of Mrs. E. M. Carroll, 1601 French Avenue.

The West Side Primary School P. T. A. will meet at the school at 3:00 P. M.

Seminole Chapter No. 2, O.E.S. will meet at the Masonic Hall at 8:00 P. M.

Circle No. 5 of the First Methodist Church, Mrs. J. C. Davis, chairman, met yesterday afternoon at the Davis home on Magnolia Avenue with Miss Ella Bolton as co-hostess. Mrs. Davis presided over the meeting with the devotional from the eighteenth chapter of Matthew being given by Mrs. Nellie Vaughn.

Mrs. Davis reported on the success of the recent rummage sale and welcomed three new members, Mrs. A. I. Esterson, Mrs. E. F. Farrell and Mrs. H. B. Matlock.

The meeting refreshments were served to Mrs. J. P. Thurmond, Mrs. John J. Carver, Mrs. Vaughn, Mrs. Esterson, Mrs. H. B. McCall, Mrs. Farrell, Mrs. W. D. Forbes, Mrs. Brodie Williams, Mrs. Zula Lord, Mrs. Mammie Williams, Mrs. C. H. Wing, Mrs. Davis, Mrs. Marsh, Miss Bolton, Mrs. J. O. Laney and Mrs. W. E. Smith.

Personals

Mr. and Mrs. G. G. Kasey of Atlanta, Ga. are guests this week of Mr. and Mrs. J. M. Cameron.

Mr. and Mrs. J. W. Hall have left to spend some time with relatives in Hopkinsville and Paducah, Ky.

Carl A. Takach has left for an extended tour through Ohio, Pennsylvania, Virginia, North Carolina and Georgia.

Mrs. R. D. Vaughn plans to leave this week for San Jose, Calif. to visit her daughter and son-in-law, Mr. and Mrs. John Boniface, and grandson, John Boniface, Jr.

Mrs. Cecelia Roberts and small daughter, Frances of Louisville, Pa. are spending two weeks in Sanford with her mother, Mrs. Pauline Milligan, and her sister, Mrs. Ralph Geiger.

Mr. and Mrs. John L. Miller left on Saturday for Lake Wales where Mr. Miller will direct the music for a two weeks' revival being held at the West Side Baptist Church in that city.

Mrs. S. M. Richard has returned from Greensboro, Calif. where she visited with her son and daughter-in-law, Mr. and Mrs. S. M. Richard, Jr. and her grandson, Stephen. Her son and his family returned with her to Sanford where they plan to make their future home.

Mr. and Mrs. Richard Brown and son, Richard, Jr., have arrived from Columbia, S. C. to spend some time with Mrs. Brown's parents, Mr. and Mrs. B. L. Perkins. Mr. Brown plans to spend about a week in Sanford before leaving for Miami where they plan to make their home. He will be joined by his family in several weeks.

Mrs. T. O. Brown, Jr. returned on Sunday from Winter Haven where she visited her daughter, Mrs. R. K. Harmon and her family. While in Winter Haven she assisted her sister with a large sale honoring her son, R. K. Harmon, Jr. and his fiancée. Also attending the engagement party were Mrs. Brown's sister-in-law, Mrs. C. F. Moore and daughter, Judy of Dunstis, and her mother-in-law, Mrs. T. G. Brown, Sr. of Orlando.

Den 5 Honored With "Bunkhouse Party"

The Club of Den Five were the guests of Mr. and Mrs. Herman E. Morris at a "Bunk House" party on Friday night at the Morris home at 1234 Locust Avenue. Pictures were taken of the group following the monthly Pack meeting. During the meeting Gold Bear awards were given to Melville Binson and John Bowen. Billy Parks received the Lion award, gold and silver, and his Webelos.

On Saturday morning breakfast was cooked over the outdoor fireplace and achievement tests were conducted under the direction of the den chief, Bobby Morris, a "Star Ranking Scout."

Those enjoying the event were Melville Binson, Larry Burney, Kenie Morris, Wayne McCoy, Roger Garner, Bobby Bihimer, Rodman Brumley, John Bowen, Billy Parks, Hobby Morris and Mr. and Mrs. Morris.

Rural Common Sense

By RUD JOHNSON

With our American democratic way of life being challenged by communism and other ideas that are wholly foreign to Americans, we wouldn't it be a good idea for Americans to recognize more often the advantages and rights they enjoy under democracy?

For example, rural people may contribute to the strength of democracy by comparing their farm work to that of farmers in countries where communism prevails. Here, a farmer owns his land or is buying it, chooses his crops, grows them as he wills, and harvests and sells them.

In communist countries, it's different. The farmer works on a "collective farm" -- a farm assigned to him by the government and he is instructed to produce certain crops. He is told what is expected of him, and he is advised that he had better do the job as the government wants it done. At harvest he is allowed to keep so much for himself and he is obligated to put the rest in the collective harvest to be disposed of as the ruling powers decide.

There is little that is individualistic about his farming other than the work he performs and, often, he is told how to do it.

The American farmer enjoys the results of research by the world's leading scientists who are continually trying to help him succeed. No other country has as great agricultural research institutions as the United States and none has done as much to help the farmer. Research work by American scientists made it possible for American farmers to achieve the greatest production in history during World War II.

The American agricultural system is a free system; the communist system is controlled and dictated.

Besides his right to farm as he pleases, the American farmer, of course, has many other rights which he should esteem and zealously guard. He is free to speak his mind, to worship God, to vote for whom he pleases, to associate freely with his fellows without fear that he is being spied upon, and to enjoy the fruits of his labors.

Perhaps we take our rights and privileges too much for granted. We have the best form of government in the world, and we can contribute to its strength by showing a greater recognition of its benefits.

Hints To Housewives

By Isabelle S. Thursty

SPRING FLEAVE

The new flared skirts, so prominent in this spring's fashions, require special care in making at home if they are to hang well and avoid sag and puckers, clothing specialists of the U. S. Department of Agriculture and the New Jersey Extension Service say. Because the gores of flared skirts are cut almost on the bias, they cut edge easily stretches out of shape and that spoils the hang and fit of the skirt.

Avoiding that stretch is necessary throughout the process of making. One rule to remember is to wash from the bottom up to save pull on the fabric.

Use weights as well as pins to hold the paper pattern in place for cutting, and cut from the bottom up with long strokes of sharp shears. Handle the fabric as little as possible in cutting to avoid stretching.

When pinning the pieces of the skirt together, pin bottom and top first, then match the notches exactly and pin at this point. Finally, ease the pieces together for the rest of the seam line. Place pins perpendicular to the cut edge rather than parallel for smoother finishing.

Blaste from bottom up, using the exact seam allowance given in the pattern directions.

After fitting the skirt, stretch seams from the bottom up. If one piece is cut on more of a bias than another, lay it on the bottom where it will get less pull during the stitching.

The much finishing of seams may spoil the smooth hang of the flare. Therefore finish simply by "pickling" and edge stitching, unless the fabric is very fragile. The extra line of stitching at each edge helps prevent stretching and breaking. Press seams open, and in pressing, take care not to pull or stretch. Instead of pushing the iron up and down, rub the seam with it, and lift it from place to place.

Finish the skirt all but the hem, and then hang it up a couple of days to let it take on its normal shape before marking the hem. If the skirt is very full, the hem wave or a gift certificate to a should be no deeper than two inches to prevent bulkiness.

TASTY FISH SAUCE

Even if your local market does not have much variety of low priced seafood, it's easy to give the old familiar haddock, cod or flounder a pliant new flavor by flavoring the sauces. Take your cue from Scandinavia, for instance, and cook fish fillets in a sweet and sour sauce. Brown 2 large onions in margarine. Add 2 tablespoons flour and cook 3 minutes; add one 12 oz. bottle beer or tomato juice, 2 lbs. brown sugar, 5 peppercorns, 2 cloves, 1 teaspoon Worcestershire sauce. Cook over low heat, stir until thickened. Add 3 lbs. fish fillets; cover and cook until fish is done. Add 1 tablespoon vinegar; cook 2 minutes longer. Remove fish to platter. Strain sauce and serve separately; serves 4.

Fernand Gravel and Luise Rainer, twice winner of the coveted Academy Award, as they appear in the RKO screen Wednesday in "The Great Waltz." Metro-Musical masterpiece reprint. The song and dance-filled production tells the gay story of a love that was stolen during a Viennese soiree.

Mother's Day Gifts

Plentiful, Pretty

AP Newsfeatures Beauty Editor

Cosmetic specialties are crowded with Mother's Day gifts. Everything from new items such as electric face pattern to old-fashioned lavender lotions are being advertised for you to make a choice of presents that depends on mother's type of face, complexion, and hair.

Most of the lotions, face massagers, and hair conditioners will give you a soft, smooth, and glowing complexion. On the other hand, they won't make you look like a young girl.

In the matter of perfume, take into account the mother's personality, height, weight, color, and age. If she is small and thin, give her a dainty, spicy scent. Bigger women can take a full dose of the exotic, perhaps. But they should not use an overpowering scent which will suggest that everything is in greater proportion than it really is.

A gentle, gray-haired mother can wear the lightly scented floral, iris, rose, lily of the valley, and lavender.

If your Mom is gadget conscious, give her one of the intriguing and practical perfume dispensers or an atomizer or a lovely set of crystal perfume bottles. Mirrored trays to hold her collection of perfume or her makeup is another attractive gift to help make her dressing table.

Good comb and brush sets will delight the mother who has never owned a really first-grade hair brush.

These are travel kits, galore, and with vacation time coming up, if your budget can afford a fitted travel case for Mom, one of the simulated or genuine leather ones labeled from You to Mother will be a sure fire hit. A good set of hairpins or hair clips, favorite cosmetics are and more make them in the gift case if you can. Most cosmetics manufacturers make travel kits in various sizes, fitted with all the essentials the traveling Mom will need.

Other gifts to please her? A permanent wave gift certificate, a permanent set of nail brushes, perfume, cologne, hair permanent or a gift certificate to a beauty parlor.

Legion Head

Commander from Post 100

Commander from Post 100, the American Legion, is James A. Wright, J. J. Simpson, Ben Young, J. J. Rosco, R. W. Deane, Joel S. Field, R. A. Galt, John L. Sauls, John H. Paine, James Q. Galloway, C. W. Johnson, and Chester Miller.

District Commander McGowan announced that the Florida Department had an estimated 125,000 members, and passed on that of 15,000,000 veterans in the country only about 100,000 are Legion members. Much work will be done during the coming year by the American Legion in promoting work among boys and girls, programs of Sons of the Legion, Boys State, oratorical contests and school awards.

First Vice Commander John Galt was presented with 1948 Legion flag by District Commander J. J. Wright. Commander Wright declared that he fully realized

Gray Hairs Need Worry You No More

W.M. DENNA LIQUID HAIR COLORER

Will cover gray hair in 10 to 20 minutes so that you would not know it ever was gray. It is liquid. One application with a tooth brush or wash-brush it. No Pain. No Mess.

ANYONE CAN PUT IT ON. You get a natural color. No one will suspect your hair has been dyed. Leaves it soft and lustrous. No dead color, no streaks, no spots, just a uniform color.

WILL NOT TURN REDDISH. It will not rub off. It stays on several months. Shampooing, sun bathing, permanent waving, curling or straightening iron—nothing takes it off. You can cover any gray, no matter how stubborn, or how caused. It also takes at the roots. Black Stays Black. All colors stay put.

WONDERFUL FOR TOUCHING UP. You can put it on just where needed. Can be used over dyes, or where powdered henna have been used. Women and men use W.M. DENNA to advantage.

DOES NOT INTERFERE WITH PERMANENT WAVING. Full directions in each box in English and Spanish. CAUTION: "Use as directed on label." Colors: Black, Dark Brown, Medium Brown, Light Brown, Dark, Blond, Auburn. Price per box \$2.50 (plus Federal Tax). Out at all stores. Save for future reference.

Seminole Hi

By BOBBY PARK

Tampa, Florida, a little city about 120 miles south of Sanford, was greatly honored Monday evening by the dramatic entrance into their little village of the one and only Seminole High School Glee Club. Sound the trumpets, roll the drums, the Seminole High School Glee Club has returned forth to capture more laurels of victory for dear old S.H.S. The S.H.S. Glee Club merrily rolled away from the home-camp after second period Monday morning. "Best of good luck" (a phrase that is appearing in more Sallies than in any one old Cracker's sound dog) goes to the S.H.S. Glee Club on their trip to Tampa.

Saturday afternoon the S.H.S. baseball team made the victory that resulted in the winning of the East Florida Baseball Trophy. The trophy, a trophy, a trophy should be very proud, now stands in the school trophy case in the main entrance hall. The trophy'll never lack company for the shelves of the case as jammed with trophies for every conceivable competition.

Monday the Salmagundis came pouring over the school as high tide over a sand castle. Almost instantly there appeared from mysterious nooks and crannies a hundred or so fountain pens in various stages of disrepair whose leaky points scratched furiously over the slick pages of the Sallies as the students tried to sign everyone Sally while seeing that their own was properly autographed. Undoubtedly this is the Sally the '48 Graduating Class has ever published.

The students of S.H.S. were very favorably impressed by the speech the Archduke Otto of Austria made during the 6th period Monday. Unfortunately the Glee Club was away on their mission and were unable to hear the speech. Seminole High is the second high school in Florida to whom the Archduke has spoken.

The students certainly appreciate the privilege they had of hearing him speak. He gave many of the students his autograph.

The fair citizens of Seminole County and surrounding counties may enjoy the delightful Spring Art and Music Festival by attending it on May 14 at 7:00 o'clock. An splendid art exhibit is being prepared and the music program will be one of the outstanding events of its kind during the school year.

WOMAN'S CLUB MEET

The Sanford Woman's Club will have its regular luncheon and business meeting at the club house at 12:30 P. M. on Wednesday. Reports will be given by Mrs. O. P. Herndon and Mrs. Fred T. Williams on the convention held in St. Petersburg, Apr. 21, 22 and 23.

Azaleas Nip Sanford In 13 To 11 Tilt Last Night

Revamped Palatkans Rap 3 Home Runs; Locals Will Meet Pirates Tomorrow

The Sanford Giants went down before 11 well grouped Palatka base knockers, which scored a 13 to 11 victory for the rejuvenated Azaleas at the Municipal Park last night.

Johnny Tomcuff, acting skipper for the contest, sent Alex Balais to the hill to open the game, but Doyle Murrah received credit for the victory.

The Azaleas are in the process of being revamped. Ray Ryan has been ousted as skipper for the organization, and it is likely that the '47 field general will be appointed to handle the Palatka destiny in the Florida State League.

Three home runs resulted in the Palatka victory. Eleven Duncanson rapped a sphere far over the left field wall in the opening frame with Tommy Talt, resting on first base. Sammy Lane banged a ball over the right field in front in the sixth inning with runs on the sacks and Al Pietto rapped a ball over the right center field fence with two bases aboard on the seventh. Pietto's three run uprising proved to be the margin needed for the A's victory.

Sanford outdid the Palatkans 15 to 21, but were unable to score the blows when they would account for needed runs.

Manager Grolier closed four Sanford hurlers to the bill in an attempt to cut off the Palatka uprising, but the efforts proved useless, after Pietto rapped the three run four ply poke in the seventh.

Three Sanford bats assisted the invaders in their efforts and six base tickets materially aided the Tomcuffmen.

Dukey Karson, Sanford backstop, rapped the Sanford back with three base knocks in five trips to the plate.

Tomcuff's team leads the Azaleas Bowl in Palatka for a contest with the Azaleas. Tomorrow evening the Giants return to the local ball yard for an engagement with the Leesburg Pirates.

Manager Grolier will send Art Duncanson to the hill to face the A's tonight and will hold Eddie Littlewood for tomorrow night's encounter.

Stan Musial Is Opening Brightest Year Since Going To Cards In '41

By JOE REICHLER
Associated Press Sports Writer

This may be Stan Musial's greatest year since he came up to the major leagues with the St. Louis Cardinals near the end of the 1941 season.

In his first 14 games, the 27-year-old native of Donora, Pa., has built up a robust .383 batting average. But that is not the entire story.

Stan's 14 hits include four doubles, three triples and two home runs. All figures are high up among the leaders. He has driven in 14 runs, almost one third of the Cardinals' total. Only Walker Cooper of the New York Giants and Hank Sawyer of the Cincinnati Reds, with 15 each, have batted in more.

Quite a difference from his showing last year at a corresponding date, when he was hitting in pique 167 and had driven in only four runs.

The pride of Donora singled in his first two times at bat yesterday, the second blow sealing in Red Schoendienst with St. Louis' first run. The Cards added two more to defeat the Chicago Cubs, 3-1. In the only day game in the National League, the triumph showed the Cards into third place, past Brooklyn, and only a game and a half behind the pace-setting Pittsburgh Pirates.

Dave Koza hurled a masterful four-hit 5.0 shutout for the Giants over the Reds before 28,424 fans in a night game in Cincinnati. It was his second win in two starts. The Giants collected 13 hits off Johnny Vandenberg, Howard Fox and Ken Raffensberger.

The victory put the Giants in a virtual tie with the Pittsburgh Pirates for first place in the National League. The Pirates, however, hold a percentage and four lead with eight victories and four defeats to a record of 9-5 for the Giants.

No other National League games were scheduled. Rain washed out the only scheduled American League game with Washington and Philadelphia.

Trippi Finds There Is No One To Accept Protest Of Contest

ATHENS, Ga., May 4. (AP)—Baseball coach Charley Trippi is not protesting forfeit of a Georgia game to Tennessee, he announced, because there is nobody to protest to.

Prekness, Belmont Entries Still Fear Citation, Coaltown

NEW YORK, May 4. (AP)—Those owners whose horses ducked Citation and Coaltown in the Kentucky Derby to await the Prekness and Belmont stakes have found little room for comfort in the last few days.

This seems to be the general attitude. "If My Request was the stand-out entry of the East and couldn't get close to Citation and Coaltown, how are our stay-at-homes going to fare against the Colman one-two punch?"

The Prekness in two Saturday days and the Belmont in Saturday and Sunday is expected to be a race of three-year-olds plenty of rival to decide.

Ben Whitaker's My Request, the Wood Memorial hero who was unbeaten this year until he ran up against the Calumet twins at Louisville, is expected to try again.

C. V. Whitney's Mount Murex, a comparatively new development, is another likely challenger. Trainer S. E. Wetzel has been pointing Mount Murex, second in the Wood and an impressive victor at Jamaica Saturday, for the Baltimore special.

As for the Better Sells, Gay Parilla, Salmagundis, River Lanes, Big Dial, etc., the prospect of facing Citation and Coaltown is a rather frightening thing.

The Belmont, of course, is a longer race -- a mile and a half. It affords a horse of the plodder type -- like Jacobson and Hat's Big Dial -- a chance.

But Big Dial found Citation more than he could handle in the Flamingo stakes at Hialeah last winter.

G-F League Is Scene Of Wild Hitting Games

Thomasville still leads the Georgia-Florida League today, despite losing to Albany last night, 5-4, as second place Tallahassee scored a 21-1 decision over Moultrie.

Moultrie got off to a 3-0 lead but the Pirates wiped that out with four runs in the bottom of the fourth, then exploded for nine runs in the fifth, and then scored a run in the sixth, and seven in the eighth. Eleven errors, six by Moultrie, contributed to the night's scoring.

The Tigers, who took the league's top spot with a twin victory Saturday night over Moultrie, battled Albany on even terms until the Cards scored the winning run in the eighth. Thomasville led 2-0, then 3-2, and then scored a run in the bottom of the sixth to square matters at 4-4.

In other games, Waycross, beat Americus, 12-6, and Valdosta downed Cordele, 5-2, in a hurling duel.

Stocker, who went all the way for Valdosta, gave up only six hits. The Dodgers got seven off Sheffield and Hagie, Cordele hurlers. It was Cordele's fourth straight loss.

Waycross pounded out 15 hits and had all six runs scored at the end of the sixth inning. Americus was charged with six errors, and Waycross won.

Five of the eight starting pitchers went the route last night. July of Tallahassee gave up seven hits; Cyrus of Albany allowed eight; Henderson of Thomasville gave up nine. Young of Waycross, was rapped for 11 hits but posted in on the Bears' early margin.

Georgia-Florida League
Cordele 410 620 100-2-4-7
Valdosta 102 620 00-5-7-1

Tampa Takes Over 4th Place In F.I.L.

By JIM FOWLER
Associated Press Staff Writer

The Tampa Smokers edged into second place and St. Petersburg unsated Miami for fourth place in the Florida International League last night.

Tampa's Jack Sinton provided the clincher for the Smokers' 10-1 victory over the West Palm Beach Indians when his home run in the fourth inning brought in three runs. The victory was Tampa's fifth straight.

The St. Petersburg Saints moved up a notch in the standings when Bob Kline's single brought home Fred Bell ending a 13-inning duel which lasted three hours. It gave the Saints a 6-5 margin over the Fort Lauderdale Braves.

Going into the top half of the 13th Bell singled, Manager Lou Finney, who hit six for six, singled and Kline's knock was the winner.

The league leading Havana Cubans sprayed hits all over the ball park and when the smoke had cleared, they had shutout the Miami Fourstars, 17-0. All but three of the Cubans managed to get at least one safe hit off of three Miami pitchers.

Frank Gallardo poked out two home runs and brought in two runs. Carlos Perez hit four safe blows for five times at bat. Don Gonzales got three for five and Mel Torres three for six.

Havana's E. Gonzalez held the tourists to three scattered hits. Miami Beach knocked the Lakeside Pilots out of second place position in a hit and run exhibition which ended with the Flamingos on the better end of a 17-5 score.

The Flamingos, smarting under three straight defeats by the Smokers, managed to break a five-game losing streak for his club by holding Charleston to six hits. He held the Reds hitless for six innings, but they scored a run in the fourth on errors. The Reds made five miscues all told, but collected their eighth hit at opportune time to win.

batlers, and only Joe Clark, with two hits, gave him any trouble. The loss dropped the Peps from third to fifth place.

Bill Baskin, who reported Sunday, started for Gadsden but went out in the 7th due to wildness and errors on the part of his teammates with Jimmy McClure finishing.

The two pilot hurlers gave up only eight hits but Vicksburg combined one hit with three walks and two errors for four runs in a big 7th inning to break a 4-1 tie.

Jacksonville Tars Launch New Battle For Sally Lead

By the Associated Press

The Jacksonville Tars invaded Greenville tonight to launch a new battle to retain the South Atlantic League leadership. The Tars took the lead away from the Spinners last week by sweeping a four-game series.

In last night's finale with Augusta, the Tars called on outfielder Roy Peeler for mound duty and the venture worked. The Tigers, who had won the first two games and batted 12 innings to a 5-5 deadlock, went down before Peeler's relief hurling, 13-11.

The Spinners, meanwhile, were having an easy time losing Savannah, 19-4. Macon edged Columbia, 5-3, in the only other game. A twin bill featuring Columbus at Charleston was rained out.

The Tars' pitching staff, worn out from battling Greenville last week and from unexpected resistance at Augusta, gave up ten runs before Peeler took over in the seventh. At that time, the Tars led, 11-10, but three hurlers had already been used.

He gave up one run in the three innings, which tied the score, but the Tars scored twice in the ninth to gain the victory. Augusta had a 15-13 edge in the hitting and got off to a 5-0 lead.

Monduff scattered ten hits among the Savannah hitters and coasted in on the 14-hit attack of his teammates. The Spinners filled up the margin steadily and then topped it off with a seventh-inning which ended with the Flamingos on the better end of a 17-5 score.

Manager Don Osborne of the visiting Macon Peaches broke a five-game losing streak for his club by holding Charleston to six hits. He held the Reds hitless for six innings, but they scored a run in the fourth on errors. The Peaches made five miscues all told, but collected their eighth hit at opportune time to win.

Earle Sande Faces Narcotics Charge

NEW YORK May 4. (AP)—Earl Sande, the famous jockey of the '20s and early '30s who now owns and trains his own horses, faced federal grand jury action today on a charge of illegal possession of narcotics.

The charge was made, U. S. Attorney J. Vincent Keogh said, after one of Sande's horses was found to have been drugged when it won a race at Jamaica April 21, 1944.

CLEAN-UP WORK
GAINESVILLE—More than 500 Alachua County rural negro families cleaned up their homes and grounds in a recent clean-up campaign, according to Leontine Williams, negro home agent.

PLAN BETTER PASTURES
WEST PALM BEACH—Palm Beach County cattlemen are making plans for an extensive pasture improvement program which will begin in the summer and continue until mid-fall, according to County Agent M. U. Mounts.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK May 4. (AP)—Dan Ferris, who likes to look back on the good old days when there was a first-rate outdoor track meet every week, isn't quite sure that it wasn't a mistake when the national championships were shifted to July from their old September dates. . . . It was done for the benefit of the collegians, of course, so they could compete at the end of their Spring season without training all summer. . . . "But it probably deprives a lot of kids of the chance to develop during the summer competition," Ferris says. . . . "There's not much chance to revive late-season outdoor footracing unless the promoters of the big indoor meets can be persuaded to sink some of their profits into such a project, but Dan thinks there's a chance in the late Spring. . . . "We could hold them on Wednesday nights, for instance, and not interfere with dual meets," he explains. "In Sweden and Finland they have mid-week meets at night, never on weekends, and they draw up to 40,000 spectators. We might be the same thing. . . . Sure, he who wants to be the first to try it?"

Distance Leads Enchantment
A few ardent followers of Illinois sandlot baseball were slightly disturbed when the Illinois state league began bringing in umpires from Massachusetts, New Jersey and Ohio instead of recruiting locally trained blind men. . . . Finally someone asked President Howard V. Millard how come. . . . "I want them to think twice before going home," Millard explained. "Then if they do decide to go, we'll be sure they won't come back."

One-Minute Sports Page
During Spring training manager Ted Lyons of the White Sox predicted that his former employe, Thurman Tucker, would wind up as Cleveland's regular center fielder—which is battling 1,000 in the prediction league. . . . Ascot Park, the 3/4 mile track at Akron, O., which specializes in "specials," will add another for its June meeting. This is the "scent big four," an event limited to four year olds and patterned after the Santa Anita maturity stakes. . . . Cookie Lavagetto, cut off the Dodger roster in Philadelphia, probably set a record of some sort when he visited the press box to say goodbye to the writers before leaving town. . . . Andy Gustafson has made a big bit as an after dinner speaker in Miami, but not with some of his U. of Miami footballers. . . . Word is that some kids, weary of Andy's rugged Spring drills, are departing for schools with scholarships and more abundant living.

Considerable cloudiness through Thursday, little change in temperature. Gentle to moderate variable winds mostly south to south-westerly.

IT'S McCARTY - WARREN FOR GOVERNOR

Stenstrom Polls Heavy Vote For County Judge

Odham Defeats Lyles For Legislature; Mero And Hickson Will Run It Off

Most of Seminole County's office holders were re-elected yesterday when the largest turnout in the history of this county went to the polls to pass judgment on their public servants. In those races where there were more than two candidates and a runoff is indicated, the incumbents were among the two high men. The Herald's unofficial tabulation revealed today.

Taft Claims Ohio Victory Over Stassen

Senator Robert A. Taft's lead today stood at 15-8 over Harold E. Stassen in Ohio's GOP presidential race.

Odham Wins

J. Braxley Odham, young Sanford business man, Jaycee leader and war veteran, won yesterday over his opponent, J. R. Lyles, veteran railroad and legislator, by a county vote of 3,087 to 1,773, and will therefore return to the Florida Legislature as representative of Seminole County for another two year term.

Truman Still Hopes To Bar Rail Walkout

WASHINGTON, May 5. (AP)—The White House said today that President Truman still hopes for a settlement to avert the threatened railroad strike.

Dan McCarty Carries Seminole Over Warren

Leaders In Florida Are Also Leaders In Seminole Vote; English Is Third

Final complete, but unofficial returns in Seminole County for governor:

Dan McCarty	1882
Fuller Warren	1398
Colin English	732
W. A. Shands	630
Tom Watson	524

Dan Is The Man

Dan McCarty, 36 year old citrus grower and cattleman of Fort Pierce, is the man right now, and is pulling up a big vote through out Florida to give Jacksonville's Fuller Warren a tight race in the gubernatorial competition.

Nip And Tuck Race Develops Between Two Leaders With Colin English 3rd

JACKSONVILLE, May 5.—(AP)—1137 precincts out of 1537 in Florida this afternoon reported the following results in the governor's race:

Fuller Warren	129,519
Dan McCarty	127,065
Colin English	67,588
W. A. Shands	49,774
Tom Watson	40,870

Official tabulations at 12:30 P. M. from 1034 of the state's 1,537 precincts gave Warren 121,053 and McCarty 118,953.

William E Howard Negro Boy Scout Camp Is Dedicated

The William E. Howard Camp for negro boy scouts, located near Mankham on Twin Lake, was dedicated Sunday with about 1,000 present, including a number of white visitors.

Anderson Declares Farm Prices Will Decline In Future

PHILADELPHIA, May 5. (AP)—Secretary of Agriculture Anderson said today that farm prices probably will decline a third in the next few years even under favorable conditions.

U. N. TRUCE MEET JERUSALEM

Jerusalem, May 5.—(AP)—Reliable sources said a United Nations Truce Commission is meeting Arab leaders today, possibly in Jericho, on an Arab-Jewish truce to spare all Jerusalem from destruction.

Polls Heavy Vote

O. Douglas Stenstrom, veteran of the Pacific campaign of World War II, and graduate of the University of Florida and Stetson Law School with AB and LL.B. degrees respectively, polled so large a vote throughout Seminole County in the race for County Judge, that he nearly yielded the necessity of a runoff in the second primary on May 25th.

Judge Herlong Has Substantial Lead In Race For Congressman

JACKSONVILLE, May 5. (AP)—Two veteran state cabinet members won renomination in yesterday's Democratic primary.
