'60 Census Forms Are Mailed Out

WASHINGTON (UPI) — Americans throughout the nation will begin to get down facts and figures about themselves and their homes this week in the first do-it-yourself phase of the 1960 census.

Blank forms in record vital statistics are being mailed to about 80 million households in hopes of spurring mass participation in the population count.

Carlton, Bryant Bring Campaign To County

With preliminary handshaking over, serious campaigning for the governor will begin in Seminole County Friday when Sen. Doyle Carlton Jr. comes in for a nine-stop tour to wind up at a meeting at 8 p. m. in Ft. Mellon Park.
Farris Bryant will be in the county Saturday and will hold an informal public meeting at 2:30 p. m. in the Civic Center.
Both men will arrive here after releasing two important statements of their views—Carlton on the lunch counter sit-down campaign by Negroes and Bryant on state taxes.
Carlton sent out telegrams Wednesday commending on the lunch counter events which caused tension in the state during recent weeks and prompted a television speech by Gov. Collins. The telegram said:
"Asked to review his stand here on the lunch counter sit-downs which have heightened inter-racial tensions in Florida during recent weeks, governor candidate Doyle E. Carlton Jr. reported his contention that the situation can best be solved at the community level."
"Carlton said he felt private business owners have been unfairly projected into the center of the sit-down problem.
"I believe the individual business proprietor has the right to acknowledge and respect the customs of his community. Yet his current position is such that it is he who is being exploited by being cast in the role of social mediator through no choice of his own, his actual right of economic survival is jeopardized."
"Under Florida law, there is no doubt of his right to serve the clientele of his choice."
Carlton urged demonstrating Negroes to slack off the pace of their public demonstrations.
"I do not question the desire of anyone to improve his community standing—but I do most emphatically criticize the continuance of a method that would of itself create breaches of the peace."
"Any form of agitation which precipitates disorder and violence is wrong. Reason—not wrath—must guide us in this present situation."
A release by Bryant's headquarters at Ocala quoted the former House Speaker as saying "no new tax sources are necessary in Florida" and criticizing "hidden taxes" which he said include "151 different hidden taxes on a loaf of bread before its sale by a grocer."
Bryant also pointed out reasons for "reduction in state taxes in some areas, including repeal of the intangible tax increase, because it deters new investment in Florida and penalizes retired people by taxing thrift."
The Ocala candidate suggested revision of the inventory tax system and a sweeping study of the entire tax program, including personal property tax, by a joint citizen-professional committee. He called this the fourth plank in his campaign platform.
Ernest Southard, chairman of the Carlton campaign in Seminole County, announced that the senator will begin his tour of the county at 8 a. m. to 8:45 a. m. get-together Friday at the Sanford Farmers Market and will

visit Lake Mary, Longwood, Altamonte Springs, his South Seminoole headquarters, Slavia, Oviedo, Chulohota, Geneva and downtown Sanford.
"We invite all of the voters in this area to meet Sen. Carlton and hear him speak in behalf of his candidacy at Ft. Mellon Park," Southard said.
Mrs. Carlton was honored in Sanford and Oviedo today at women's meetings, where she was the guest of local residents.
The Bryant for Governor group has planned an informal reception at the Civic Center in connection with his public meeting and it will be accompanied by his wife, Julia.
After the 2:30 p. m. question and answer period there, Bryant will visit throughout the county, his headquarters said.

United Press International reported a pledge by Jacksonville Mayor Haydon Burns to work toward a permanent state flood control program as he campaigned Wednesday.
Burns' comments came after he flew over the Central Florida flood area before returning to his Jacksonville campaign headquarters.
"Future flood conditions," he said, "will be controlled only by sound engineering—providing canals, dikes, reversible pumps and reservoirs so that a portion of the rainy season's excessive and disastrous flood waters may be stored for good use later in the dry season."
Ted David of Hollywood proposed repeal of the state inventory tax in a speech at DeLand. David suggested replacing lost

inventory tax revenues by extension of the sales tax to include banks, a forest products tax on timberland and a severance tax on minerals.
Fred O. Dickinson of West Palm Beach said Florida needs a governor who will work for bigger school appropriations.
Speaking in Miami, Dickinson said Florida ranks 37th among states in spending per pupil and "has been falling farther and farther behind in recent years."
John McCarly of Fort Pierce expressed confidence that he can persuade the legislature to fairly reapportion itself.
"I know," he said in a Bradenton speech, "that if the governor is not bogged with previous commitments that he can get what he wants in the first, or 'honeymoon' session of the Legislature."

House Passes Five Point Civil Rights Measure
WASHINGTON (UPI) — Continuing to override southern opposition, the House finally passed a five-point civil rights bill which features a new federal system for protecting Negro voters.
The measure now goes to the Senate which has been deadlocked on its own civil rights legislation for more than five weeks. The Senate was expected to pass the House bill pretty much as it now stands but southern foes were out to wage a stubborn battle against it.
Senate Republican Leader Everett M. Dirksen of Illinois had predicted Senate approval of the controversial bill within one or three weeks.
The five-foot bill would provide new federal protection for Negro voting rights and school integration orders. It contains most of the Eisenhower administration's civil rights program, including a plan for court-appointed voting referees.
Rep. Richard H. Poff (R-Va.) said he would make an 11-hour attempt to attach an amendment to the bill.
The House wound up two weeks of debate on the bill Wednesday and was ready for a final vote when Rep. John Bell Williams (D-Miss.) demanded that the measure be read in its engrossed form, with all amendments in place.
That automatically delayed a final vote to give clerks time to put the bill in its final, formal shape.
Williams, one of the most outspoken opponents, said he blocked the vote in order to give Southern senators more time to analyze and prepare their attack.
Other opponents of the bill plan indicated the likely margin for passage of the bill. By a vote of 285-124, the House reaffirmed its earlier approval of the plan, designed to assure voting rights to Negroes who had been denied them by local officials.
Other provisions in the package bill would:
—Require local officials to preserve election records for two years and permit federal inspection of them.
—Make it a federal crime to obstruct school integration orders by force or threats. Poff's amendment would make sure this provision would not prohibit persons from writing letters to newspaper editors.
—Add federal penalties for crossing state lines to avoid prosecution for bombing or threats to bomb any building or vehicle.
—Provide schooling for servicemen's children when local schools are closed in integration disputes.

SALT LAKE CITY (UPI) — Police ordered between 500 and 600 persons from a four-square block area here early today when a truck carrying radioactive castings hit a train at an intersection. However, it was soon determined the radioactivity was so low as to be not dangerous. The residents returned to their homes in about 20 minutes.

Missing Plane Found; All Safe

CAIRO (UPI) — A missing sea-plane with eight Americans and one other passenger aboard apparently has been found with all safe, the United Arab Republic air force said today.
The American Catalina was reported missing Tuesday night. It was believed to have crashed seven members of the family of Laverne, Calif., a producer of travel films. The eighth American was identified as Ramona Shear, an employee of Kendall.
A spokesman said that a plane had been found on Saudi Arabian territory near the Gulf of Aden after making a forced landing. He confirmed that the passengers were all safe.

Collins Calls Disaster Relief Meet Saturday

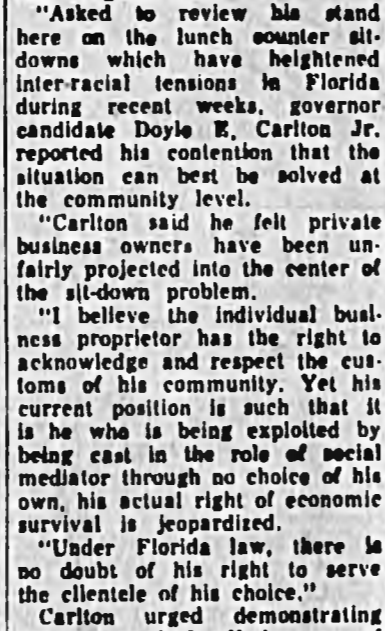

TAMPA (UPI) — Gov. LeRoy Collins Wednesday called a conference on disaster relief to meet here Saturday, following an announcement by President Eisenhower designating 12 flooded Central Florida counties a major disaster area.
The governor said both state and federal agency representatives would be present to give information on types of assistance available.
All local government officials from flooded counties were invited to attend.
Seminole County officials will meet at 10 a. m. Friday to discuss what kind of report to present Gov. Collins Saturday.
Representatives of the County Commission, Red Cross, Civil Defense, road and agricultural department will attend the meeting which will be held in the courthouse.
County Agent Cecil Tucker and Engineer Robert Davis will attend the meeting in Tampa Saturday.

The President's disaster area designation covered Hernando, Sumter, Lake, Orange, Seminole, Brevard, Osceola, Polk, Hillsborough, Pinellas, Marion and Pasco counties.
Eisenhower authorized the use of federal funds if necessary to supplement state and local money in relief work.
But a wide range of non-financial help is involved too, Collins noted. He said help from some 50 federal agencies was made available by the president's action.

The conference, Collins predicted, "will save an enormous amount of time and prevent the further spread of much inaccurate and misleading information now circulating."
The President's Washington announcement followed a request from Collins.
"I would like to point out," he said, "that history demonstrates that the threats which weigh on our country have always come from that same direction."
Khrushchev said the Soviet people "never went back on their word," and the history of the last war, in which the people of France had great losses and in which our people had even greater losses and more victims, forces us to take part in a common effort in order that the end result of war is avoided.
"It is true that our visit in brief," Khrushchev added, "but in account, and insofar as our meetings and talks yesterday have proved it to me, we have the same feelings, the same aspirations, the same worries about those things which concern the necessity of safeguarding peace and friendship between peoples."

Drag-Race Ends In Accident

Two Sanford men escaped injury in a two-car smash-up on Hwy. 17-92 early this morning when they both were drag-racing, the Florida Highway Patrol reported.
The two men, Willie Green and Garvie Collier are both being held in the county jail charged with reckless driving and leaving the scene of an accident, according to Trooper Bill Stringfield.
Stringfield said both men were racing "at about 100 miles per hour" north on Hwy. 17-92. He added that about one mile south of Sanford, Green turned off the highway and Collier's car slammed into the vehicle.
Neither of the drivers was hurt. Estimated damage to Collier's car was \$600 and \$100 to Green's car, Stringfield said.

17 Held Hostage In Jail Riot

NASHVILLE, Tenn. (UPI) — Two desperate convicts—one of them insane—offered the lives of 17 hostages today in exchange for freedom from the Tennessee state prison.
The two convicts, armed with pistols, seized more than 70 hostages Wednesday and barricaded themselves in a deputy warden's office on the first floor of the prison clothing factory.
When they learned police armed with riot guns were on the way, the desperadoes freed the prison inmates they had been holding. They threatened to put the remaining hostages, including three women, "up against that wall and shoot them" unless given a chance to escape.
One hostage was released later when he became ill.
Warden Lynn Bomar stubbornly refused to bargain with the convicts despite the threats. No one in the terror-filled prison within a prison had eaten since noon Wednesday.
One of the convicts, Texas badman Robert Rivers, 25, was reported ready to surrender, but a prison official said life-terminer Raymond Farra, 25, told him, "I came in to die, and I'm going to die."

Charles Cottle, a prison psychologist, said Rivers was willing to sign an agreement to surrender but that Farra was not.
"The bitch is Farra," Cottle said. Farra is the insane one. He's been declared insane."
Prison records showed that although Farra has normal intelligence, he is insane. "It is our feeling that this institution should be relieved of this man," the records stated. "Recommendation: Maximum security, use extreme care to keep him from committing homicide or suicide or both. He is dangerous."
Bomar cautioned 200 police

Officers Named By Track Group

Jerry Collins is new chairman of the board at the Sanford-Orlando Kennel Club, Inc. Collins, who holds operating control of the greyhound track on a long-term contract, was unanimously elected by the board of directors at its annual meeting at Longwood. He also retains the title of general manager.
Other officers of the board are Mrs. K. Anderson Nichols of Lake Forest, Ill., president, and Mary Kelly of Fairfield, Conn., vice president and treasurer.
Jack Ledoux was appointed to the post of manager by Collins following the meeting.
"Mr. Ledoux, who has been assistant manager for the past five years, will now have complete charge of operations at the Sanford-Orlando track," Collins announced.
"He is moving to Central Florida permanently with his family this summer and will devote fulltime to this important position. The operation of the track has almost tripled in size the last five years and we are pleased to have Ledoux's services here year-around."
Collins said there would be no change in his lease contract which still has 25 years to run. Collins, his son, Jack, and Ledoux are partners in this multi-million dollar deal which was made in August, 1955.

A Quote Attributed To Wrong Speakers

The Herald's report of the meeting of the Voters League of District 5 was printed Wednesday with a line of type out of place which made a statement by one candidate appear attributed to two others.
The line included the names of James Avery and Otis Four-aker, candidates for the District 3 county commission seat. It was at the top of a mistakenly repeated paragraph which previously had quoted incumbent Lawrence Swafford, who made the statement about what the present commission has sought to accomplish.
Avery said he would like it made clear that he does not believe that the present commission "has had a planned program, except for zoning."

Symington Enters Race For Demo Nomination

WASHINGTON (UPI) — Sen. Stuart Symington formally entered the contest for the Democratic presidential nomination today. He said the next President "must provide the free world with responsible and decisive leadership."
The Missouri senator, 58, secretary of the Air Force in the Truman administration, announced in a one-page statement that he was a candidate for the nomination.
His statement appealed for unity in the Democratic Party, since embroiled in family quarrels, and described his goal as the achievement of national unity.

His announcement came as no surprise. He long has been acting like a candidate and admitting that he would like to be president.
He also has been viewed as a possible compromise nominee in the Democratic National Convention deadlocks.
Other avowed candidates for the Democratic nomination are Sen. John F. Kennedy (Mass.), Sen. Hubert H. Humphrey (Minn.) and Sen. Wayne L. Morse (Ore.). Sen. Democratic Leader Lyndon B. Johnson also is expected to be in the lineup by convention time.
Symington is presumed to be former President Harry S. Tru-

man's favorite for the nomination, although Truman has not yet made an endorsement.
Symington's statement contained no reference to his Democratic rivals and no direct challenge to the Eisenhower administration. His seven years in the Senate have marked him as a critic of the administration's defense policy and more recently of its farm program.
Promising details later, he said his campaign would stress these policies:
—A positive program for peace through negotiation from a position of relative strength...
—A "public investment program" in education, health, slum clearance, highways, water control and "more realistic benefits" for the aged and disabled.
—Reversal of the "trend toward the elimination of the family size farmer" and help to provide him with "a standard of living comparable to other Americans."
—Guaranteeing all citizens equal rights and equal opportunity.
Symington said much of the cost of those programs could be met from savings realized from eliminating waste in government. Pickup 8th pgh: A national

DeBary Days

Sanford merchants are planning two big DeBary Days for the last week of April. It was announced today by B. L. Perkins Jr., president of the Seminole County Chamber of Commerce.
Members of the Merchants Division will be asked to stage special sales and the event will conclude with a special Variety Show being organized by Charlie Morrison, public relations director of the chamber.
The dates for the special events are April 23 and 25, with the show scheduled for the 29th at the Civic Center.
DeBary Days are intended to promote good will with the neighboring town and to show Sanford's and Seminole County's appreciation for participation in public and business affairs.
Chester Reardon will act in an advisory capacity to the Sanford committee and will handle details of DeBary's participation.

Living In Outer Space Could Create Added Laundry Problems

By BOCK WEST
WASHINGTON (UPI) — Every now and then, science inhales a few whiffs of publicity and begins racing wildly ahead of reality. The latest example to come to my attention is a booklet "published in the interest of better interplanetary relations" by the Aviation Division of ACP Industries, Inc.

Avion is mixed up in some way with the U.S. missile program and the booklet is entitled "What Every Space Traveler Should Know." From what I hear about the missile program, the booklet would appear to be a trifle premature. But since imagination is the stuff that made this country great, I'm glad to see we still have some way-out thinkers.

As far as I know, no Russian has been thinking in terms of tourist travel in space. If one did, he probably would be arrested.

The Avion booklet is crammed with all sorts of tips that would accomplish nothing but find useful in planning visits to other planets.

For instance, if Mars is your destination, it advises that you pack two wash-and-wear space suits, one winterweight and the other summerweight. Temperatures there range from 770 above zero on the sunny side and 350 degrees below in the shade.

"Be sure," the booklet cautions, "to turn off the stove when you leave the house because, should you be traveling faster than precise escape velocity at an orbital point above the earth, you will continue on out into infinity."

If you plan to stay for a year on Mars, you are reminded that a year there lasts for 686 days. This could create quite a laundry problem.

Spaceship passengers will have to pack carefully to avoid paying extra for overweight luggage. A suitcase that weighs 70 pounds at home will push the scales on Jupiter up to 185 pounds. A 46-pound souvenir picked up on Mars will weigh 120 pounds when you return.

Martians also will pose a problem. The delivery time for a "wish you were here postcard" will be approximately 58 days from Mars, 1,342 days from Saturn, 2,981 days from Uranus and 4,447 days from Pluto.

The booklet suggests several points of interest that space tourists won't want to miss — the rings around Saturn, the volcanoes on Mercury, the canals of Mars. For honeymooners, it recommends a stopover at Jupiter, which has 12 moons.

Or, if they have time for a short wedding trip, what could be more romantic than a stroll on the moon under a full earth?

ASSIGNMENT WASHINGTON by Ed Koterba

BETHESDA, Md.—Maybe if it weren't for living in the suburbs, the road wouldn't have been the frustration.

The way I heard the forecast over the car radio, it was "Snow continuing through the night and ending in late morning, followed by rain."

Four times I had those chains put on and taken off by the garage man in the span of a few days, and it cost me the original price of the chains for labor.

For a man in the suburbs, it's often a question of whether he should take a chance plowing through the wayide roads on bare rubber or make it safely with tire chains only to joggle his teeth loose clanking on steel across bare downtown streets.

The snow already started to fly and I made my decision. I'd put those chains on myself with a sawtoothed staple invention, the wire tire clamp.

Next morning the man on the radio said six inches had fallen overnight. This meant the chains—or-snowtire regulation was in effect in the city. The announcer was a bit excited. He said it this way: "You must have snow chains on tires."

I shoveled my way to the car, crawled under the left rear and attached the wire clamp to the tire. It really was simple. All you do is attach the end links of the chain to the clamp, string the chain out behind the wheel, get into the car, move forward one full revolution of the wheel and the chain follows along and wraps itself around the tire. Then all you do is hook the ends together and that's that.

It went all right, except while putting on the chains in six inches of snow I had lost sight of them and they were twisted, and now they were wrapped around the axle.

The next try, I discovered the chain was upside down, with the grips gripping the tire instead of the snow.

On the third attempt, I couldn't get my head in far enough under to hook the inside links because of a block of ice under the fender.

I whacked at the ice with an axe and noted the aroused expressions of the neighbors who seemed to be seeing a snowy form chopping away at his car.

When again I got under the car on my back, I saw mud dust dressed in my eye. It was then I realized that God had overlooked something when he built the human being. What we need for maneuvering in tight spots like this is a second elbow in the forearm that bends the other way.

What made things worse was that the chains must have chucked. They were one link too short.

At high noon the sun came out, but I was numb all over — numb thumbs, numb back, numb nose. And what seemed strangest of all, I had numb knees. Only thing I felt was like crying.

But the chains were finally in place. I changed clothes, hobbled back to the car, swung out onto the main thoroughfare a block from our house, and — you guessed it — the streets were clear.

TOLATE TO CLASSIFY Russell Kay

Marvin Holloway, executive head of the Peninsula Motor Club, wants Florida to "grow up."

He is leading the fight to abolish the antiquated obnoxious fee system, eliminate speed traps and restore Florida's good name.

While we spend millions of dollars in our effort to lure tourists to Florida and the Developer's best community in doing its best to make friends for the state, a few shortsighted communities, eager for the fast buck, still insist on harassing motorists, maintaining speed traps and kicking our guests out in a high handed manner.

In some areas local police and constables are turned loose on unsuspecting motorists, their earnings dependent on how many streets they make, while the local authorities blast over the amount of money they collect in the form of bonds and fines.

Out-of-uniform deputies in unmarked cars hide behind sign boards and jump out like tarantulas on unsuspecting motorists. Ridiculous speed limits and rigid rights give the motorist no chance.

Under the fee system the local law enforcement officer and often the court receive a large portion of every fine. Local merchants resent the fact that with all the traffic passing their establishments few stop and they condemn the speed trap as a means of getting some of the tourist dollars.

Commenting on the situation as it exists today in several Florida areas, the Executive of the Peninsula Motor Club terms the practice nothing short of a license to steal or putting a gun in the hands of a salesman and telling him to go out and get the orders.

The Peninsula Motor Club, affiliated with the AAA, succeeded in getting a bill through the Legislature abolishing the fee system in sheriff's departments, but six counties gained exemption from the ban and it does not extend to constables or municipalities. The exempt counties are Jefferson, Franklin, Sumter, Hamilton, Gadsden and Lafayette.

An example of how the system works: A motorist caught in a speed trap was informed by the arresting officer that he must post a \$25 bond or go to jail. He posted the bond protesting his innocence and was informed he could appear in court the following week. He returned a week later, driving 200 miles. Again he pleaded innocent on the court informed him that he would have to return three weeks later for a jury trial and might be fined anywhere from \$20 to \$300. Discouraged in his effort to find any justice he pleaded guilty and was fined \$25 and costs. The judge gave him an opportunity to explain, he made no effort to find out whether the man was

Mrs. Roosevelt's Aid Could Boost Kennedy's Chances

BY LYLE C. WILSON
WASHINGTON (UPI) — Mrs. Eleanor Roosevelt has been a strangely silent of late on the subject of Sen. John F. Kennedy's plunge for the Democratic presidential nomination.

Now up pops word from Wisconsin that Franklin D. Roosevelt, Jr. is an operator in the Kennedy presidential primary campaign. W. H. Lawrence reported to the New York Times from Milwaukee that Junior was "striving for a political comeback on the coattails of Kennedy's presidential candidacy."

If it can be assumed that Mrs. Roosevelt approves of this political activity by her third son, there is a second assumption which must follow in logical order. This second assumption is that Mrs. Roosevelt has withdrawn her firm and dangerous opposition to the nomination of Kennedy for president of the United States.

If so, Kennedy should be thankful for that. Mrs. R. is a smartly resourceful politician, perhaps the ablest in the Democratic Party. Her opposition could be deadly. Neither rumor nor gossip established Mrs. R.'s attitude toward the young senator.

The Saturday Evening Post

WORRY CLINIC by Dr. G. W. Crane

Henry is a typical example of a sales prospect who holds out on the salesman. He Henry has been manufacturing "excuses" to avoid marriage, though he consciously feels the romantic urge for a wife. Salesmen must learn to tell the difference between an "excuse" and a logical "reason."

"Excuses" hide a hidden emotional complex, whether in men or women.

So what is behind Henry's apparent fear of matrimony, though he consciously keeps professing interest in remarriage? What is the secret bugaboo that he hasn't put into words?

Well, I had the Foundation mail him an application which contains a list of pertinent questions.

And Henry was sent the names of several talented local clergymen from whom he could pick the one he wished to consult as a counselor, for all applicants must have a local counselor who also checks with their three character references.

Later, after Henry was duly registered, he was given the name of what seemed to be a very congenial man, aged 38.

But Henry objected that he feared the age difference was too great.

Actually, after you are grown, your calendar age makes little difference. For the important thing is whether you are congenial in hobbies, outlook and interests.

However, we introduced Henry to another woman of similar religion, ideals and hobbies, but her age was 47.

Again Henry stalled around, though he dated her a number of times and they proved congenial otherwise.

"Dr. Crane," he telephoned me, "my grown daughter doesn't think I should marry again."

"So I hesitate to propose to this woman. Don't you think I better wait while longer before I decide?"

Actually, Henry is like the typical prospect of a good salesman who starts offering "excuses" instead of logical "reasons."

And that usually means the prospect has some secret motive or idea that hasn't been brought out into the open.

Henry was wealthy, successful and in need of a wife. When we

LAKE MARY COWPUNCHERS of the junior set joined David Wester for a cowboy and cowgirl birthday party Saturday, at the home of his parents, Mr. and Mrs. Birger Wester, of Lake Mary. Nine year old David, loaded down with birthday presents, was joined by Patricia Ann Best, Susan Brooklyn, Kay Wiederhold, Emily McMenamin, Patty Riley, Linda Conarty, Craig Keogh, Terry Morrison, Wayne Boman, Charles Dunn and Zero, the German shepherd dog.

David Celebrates Ninth Birthday

The Wester grounds in Lake Mary went really Western last week when David Wester and his pals and gals from the third grade at school celebrated his ninth birthday with a big Western party.

They all dressed for the occasion in cowboy and cowgirl outfits, even packing six guns.

Two special guests, Terry Morrison and Bruce Schirrad, city slickers from Sanford, came out for the event. Terry stayed to spend the night with David. Others present were: Pat Best, Susan Brooklyn, Linda Carmidy, Kay Wiederhold, Emily "Buttons" McMenamin, Patty Mar Riley, Lynn Smith, Charles Dunn, Craig Keogh, Wayne Boman, and Doug and Mike Daugherty.

The cowboys and girls chased over the ten acres but no Indians were sighted during the afternoon. Some of the group tried walking on tin cans held by rope which is quite a stunt, but most of them preferred running uncontrolled. Later they were rounded up for refreshments. Gayly decorated cupcakes, made by David's sisters, Joy and Sonja, topped with little clown faces, chocolate and vanilla

ice cream cones, peanutt, nougat candy bars, and soft drinks, were served to the guests by the sisters.

One unusual event of the afternoon's activities was a ride to the "Go-Go" machine that David received for Christmas. This little car is quite a racer, doing all of ten miles an hour on a straight track. Each one had a chance to drive it. Besides Mr. and Mrs. Birger Wester, David's parents, his uncle, Harry Wester, was present to help round up the stragglers. Harry played "Happy Birthday" on the piano while the group sang to the honoree before he opened his presents.

Past Matrons Club Honors Birthdays Of Three Members

The Past Matrons Club, Order of Eastern Star, Seminole chapter No. 2, met at the home of Mrs. R. W. Turner for the monthly meeting. Mrs. R. L. Griffin and Mrs. J. P. Holtzclaw served as co-hostesses.

The club president, Mrs. J. H. Anderson, presided at the business meeting, followed by a social hour and games. Prizes were awarded to Mrs. Jack Burnsey and Mrs. F. L. Crosby.

The birthdays of three of the members present were observed in the regular way, honoring Mrs. Griffin, Mrs. James Huff and Mrs. C. L. Howson.

Refreshments were served by the hostesses to Mrs. Crosby, Mrs. Burnsey, Mrs. Anderson, Mrs. Huff, Mrs. Howson, Mrs. R. P. Crenshaw, Mrs. J. E. Courier, Mrs. B. C. Moore, Mrs. F. H. Wight, Mrs. W. E. Ralnes, Mrs. L. T. Shepard, Mrs. May B. Maxwell, Mrs. Gertrude Athow and Mrs. Alice Clink.

Chuluota Personal

By BETTE GOLDMAN

Friends and parishioners of the First Baptist Church of Chuluota will be glad to learn of the return of Rev. Charles Swaggerty and family.

Rev. Swaggerty, his wife and children Carol, Gordon and Mrs. have moved into their own home on First Street after a brief residence in Pineland.

Mr. and Mrs. Elmo Hardin of Seventh Street have just enjoyed a month long visit from their granddaughter, Debbie, and her mother Mrs. Charles Hardin, from Wilmington, Del.

Lake Mary Circle Plans Activities

Ten members of Circle Two of the Lake Mary U. P. W. braved the rainy weather last week and met at the home of Mrs. Helen Freeman.

The program opened with a selection from Faith Baldwin's writings entitled "doors" read by the hostess, after which all joined in the Lord's prayer. A report of the last meeting was given by Mrs. A. E. Freese, secretary. Mrs. Richard Keogh read the report of the treasurer, Mrs. W. B. Harrison. The attractively boxed candy purchased by the circle may be obtained from Mrs. Keogh, Mrs. Robert Rugestein or Mrs. H. M. Gleason.

Plans for the bazaar to be held in November were spurred by the gift of attractive aprons for the event. Members volunteered to assist in the house-warmings from 2 to 4 p. m. at the A. E. Crocker and Dale E. Alexander homes on April 3rd.

Mrs. Robert Rugestein gave a very thorough and interesting review of chapter two of "The Hymnbook of the Ages." Delicious refreshments of small cakes, wafers and coffee were served by the hostess and her little daughter during the social hour.

Mrs. Horace Cochran will be the hostess for the next meeting to be held at her home in Lake Mary April 18th.

Garden Circles

DRIFTWOOD CIRCLE
Members of the Driftwood Circle of the garden club enjoyed an expedition to the Garden Boy in Eustis, with Mrs. E. M. Wakeman as hostess, at the March meeting.

"Tricks of the trade" was the topic used by the guest speaker, Miss Reba Harris of Eustis. She stressed the point of learning to live with nature instead of against it, in your garden. She also discussed many helpful hints in the art of flower arranging for the home.

Those attending were Mrs. J. D. Langford, Mrs. J. E. Andrews, Mrs. J. F. McGuire, Mrs. O. H. Phillips, Mrs. J. A. Mackey, Mrs. G. F. Jussen, Mrs. J. F. Barlow, Mrs. W. E. Nowers, Mrs. J. B. Warkentin, Mrs. D. L. Jarrell, Mrs. Wakeman, and guests, Mrs. J. M. Roberts and Mrs. C. E. Lubens.

HEMEROCALLIS CIRCLE
Miss Lucille Campbell led the Hemerocallis garden circle members into the fascinating land of miniature gardens at the March meeting, held at the home of Mrs. C. E. Hunter.

After being introduced by the program chairman, Mrs. Carol Lind, Miss Campbell, who teaches at Pinecrest Elementary School, explained and demonstrated how to make a miniature garden.

Very soon all members were seated around a big table loaded with raw materials and spent an entrancing evening, creating a miniature scene on a shell or a button.

President Visits Medical Auxiliary

The Women's Auxiliary to the Seminole County Medical Society was honored to have as their guest the state auxiliary president, Mrs. Wendell J. Newcomb of Pensacola, at their recent meeting at the home of Mrs. W. V. Roberts.

Mrs. Newcomb praised the local auxiliary for their sponsorship and active interest in the Future Nurses Club and the support of the Seminole Association for Retarded Children.

She was particularly impressed with the success of the heart fund drive, sponsored by the auxiliary. It was reported that about \$6,000 was collected during the drive this year.

A plastic party was held recently at the home of Mrs. Gordon Stanley for the benefit of the Retarded Children's Assn. and members donated cookies and cakes, which were sold at the Future Nurses' booth at Seminole High School, during the Sadie Hawkins day festivities. The proceeds were added to the nurses club treasury.

A new slate of officers will be presented, at the next meeting, by the nominating committee composed of Mrs. Stanley, chairman, Mrs. T. F. McDaniel and Mrs. Thomas Lergen.

VAH-7 Wives Hold Morning Coffee

Officers' Wives of VAH-7 attended a coffee at the home of Mrs. T. W. Ownby, Friday morning, with Mrs. D. F. Kirkpatrick as co-hostess.

Guests were served sweet rolls and Danish pastries with coffee during the refreshment period. Mrs. K. F. Rowell conducted a brief business meeting.

Some of the wives remained after the coffee to spend a pleasant afternoon playing bridge.

Those attending were Mrs. J. P. Boland, Mrs. I. R. Boucher, Mrs. F. H. Galoney, Mrs. H. H. Harrison, Mrs. E. S. Hooper, Mrs. M. D. McPherson, Mrs. H. A. Mooreland, Mrs. N. S. Pruden, Mrs. Rowell, Mrs. T. P. Stewart, Mrs. J. R. Swope, Mrs. W. J. Wornell, Mrs. A. S. Pouller and the hostesses.

Club Members Honor Husbands At Dinner

The American Home Department of the Sanford Women's Club met Monday evening at the home of Dr. and Mrs. A. W. Woodall for the annual "dinner for husbands." Guests were invited to the upstairs game room, which was decorated in the "Cafe de Paris" theme.

The chairman of the department, Mrs. Donald Flamm, the tables, covered with red and white checked table cloths, were centered with burning candles which were placed in wine decanters. The hostesses, dressed like French waitresses, wore skirts and sweaters, with French berets on their heads.

A delicious ham dinner was served by the hostesses, Mrs. A. W. Woodall, Mrs. John White, Mrs. J. P. Wilson, Mrs. Donald Flamm, Mrs. Paul Colman, and Mrs. E. W. Christensen.

For the evening's entertainment, Harry Wise, "Mr. Magic" of television, and a well known Sanford magician, performed a number of mystical tricks which held the audience spellbound for nearly an hour. He produced different colored scarves from a piece of newspaper, made milk disappear from a glass and stuck nails through

Rookie Pitchers Making Yankee Skipper Smile

By FRED DOWN
United Press International

A pair of rookie pitchers have come to the aid of the New York Yankees just when everything was looking bleak.

They're Jack James and Bill Bethel and Wednesday they gave Manager Casey Stengel his first really big boost of the spring when they pitched a no-hit, no-run game to give the Yankees a 4-0 victory over the Philadelphia Phillies.

The brilliant performance sent a dash of optimism through a squad which had lost seven of 10 games and was beginning to look like one of the poorest Yankee teams in years.

James, a 5-foot, 10-inch right-hander who had a 9-8 record and a 2.48 earned run average at Richmond in the International League this season, struck out three and walked only a walk in five innings, giving Bethel, 6-3 and 1.90 earned run average, a 10-11 mark and a 1.50 earned run average. James, fanned three more and struck out the game with four out innings.

James is scheduled upon in 12 innings this spring while Bethel hasn't allowed a hit in seven Grapefruit League games.

Yogi Berra drove in two runs and Bill Sherwin had two hits to lead the Yankees' early assault on the Phillies, who worked out some jamming. Humberto Robinson shut out the Yankees the rest of the way.

The Los Angeles Dodgers defeated the Baltimore Orioles, 5-1, the Milwaukee Braves shut out the Kansas City A's, 3, the Pittsburgh Pirates whipped the St. Louis Cardinals, 6-4, the Chicago White Sox downed the Detroit Tigers, 7-3, the Cincinnati Reds crushed the Washington Senators, 6-3, the Cleveland Indians beat the San Francisco Giants, 6-4, and the Boston Red Sox topped the Chicago Cubs, 4-3.

Celtics Regain Confidence In Play

By GARY KALE
United Press International

The Boston Celtics, their confidence shaken by Wilt Chamberlain's return to scoring form, and the Minneapolis Lakers, enjoying the long arm of coincidence, went after the clinchers tonight in the National Basketball Association divisional playoffs.

Boston, stymied by Chamberlain's 50-point performance Tuesday night, held a 3-2 lead for the sixth game of the Eastern Division finale at Philadelphia.

Minneapolis held a similar edge over the St. Louis Hawks in a home game that could wrap up the Western Division final. A year ago, the Lakers downed the Hawks in a fifth-game overtime season and went on to grab a

Athletic Boss Ridicules Plan To Shift Team

WEST PALM BEACH, Fla. (UPI)— Executive vice-president and general manager Parks Carroll today ridiculed a proposal that the Athletics shift from Kansas City to New Brunswick, N.J., and thus become known as the "New Jersey Athletics."

"The board of directors of the Athletics will not sell the club and will not move it from Kansas City," said Carroll, before attending a routine meeting of the Athletics today. "Some people just like to get their names in the papers."

The Athletics' board of directors is expected to affirm that it will continue the policies of the late Arnold Johnson, president and major stockholder who died of a cerebral hemorrhage here two weeks ago.

Kenneth and Leonard Berg of Metuchen, N.J., two brothers who have a very talkative coach but they still have Gordie Howe.

Junior Bowling League Formed

A sixteen team Junior Bowling League was formed last Saturday at Jet Lanes.

This was after the completion of three Saturday morning bowling instruction clinics. Each team has five bowlers and league action will begin this Saturday morning at 8:30 a. m.

The Sanford Recreation Department is sponsoring the league in cooperation with the management of Jet Lanes. Officers will be elected this week with Ronald Perry, city recreation director, acting as secretary-treasurer to maintain records for the junior bowlers.

Each team has selected a name and team captain. Bowling will be sanctioned by the Junior American Bowling Congress.

Look Out For Orioles, Yank Manager Says

MIAMI, Fla. (UPI)— Casey Stengel, manager of the Yankees, "look out for those Baltimore kids in 1960."

And Orioles Manager Paul Richards agrees with him.

"We've got a corner on kids, especially when it comes to pitching," the usually stern-faced Richards smiles. And there isn't a dissembler in the American League.

They all agree that Richards, only a mediocre catcher in his major league career, can work magic when it comes to pitching. But they are not at all sure that he has enough other young blood along with that pitching to overtake such clubs as the White Sox, Indians and Yankees.

City To Have Entry In Sebring Classic Friday

For the first time in the city's history, Sanford will be represented in a world's championship automobile race as a matter of fact, the sole United States event to count for point awards toward the International Sports Car and Grand Touring Car Manufacturers' Championships during 1960.

The Seminole Sports Car Club's racing counterpart, "Scuderia Scamp," under the co-sponsorship of Franklin D. Roosevelt Jr., and Orange County Motors of Orlando, has entered an Italian Fiat-Abarth-Zagato in the tenth annual Sebring International Championship Sports Car and Grand Touring Car Endurance Race for the Amoco Trophy to be run Friday and Saturday.

This is the same car that finished an amazing fourth overall in the "Lions' 300 Mile Handicap Race" at Venice in October 1959 and brought home five trophies to Sanford.

Phil Bell, local civil engineer cum racing driver and Bob Roe, the red-haired architect-speed merchant from Orlando split the driving chores during that hurricane-drenched drive and will again handle the "tiny tornado" at Sebring.

The boys will have their work cut out for them. They'll be running against the best that the European factories and the rest of the world have to offer in the way of drivers and racing machinery.

Welter Winner Wants More Action

MIAMI BEACH, Fla. (UPI)— Welterweight Florentino Fernandez clamored today for action against "a fighter who doesn't run" after his close decision over speedy Ralph Dupas in a nationally televised 10-round bout.

"He ran away all the fight," said the 36-year-old Cuban, who was able to catch his more experienced opponent only briefly Wednesday night to show his herded punching power.

Fernandez, after being mystified by Dupas' defensive tactics in the early rounds, floored him late in the seventh round with his specialty, a left hook.

The knockdown evidently was the margin of victory. Judge Eddie Thal scored it a draw, 96-96, under the 10-point must system; but Judge Stu Winston favored Fernandez, 99 - 94, and Referee Bill Rogan had Fernandez in front, 98-93. United Press International scored it for Fernandez, 94-92.

Dupas, third-ranked welterweight contender from New Orleans, caused Fernandez to mist widely several times. Outweighed 145½ to 147½, and having the shorter reach, Dupas slipped dozens of punches and cleverly tied up Fernandez when the Cuban bored in.

White Definitely Quitting Baseball

BOSTON (UPI)— Catcher Sammy White's next trip to the post office will kill the deal in which the Boston Red Sox traded him for first baseman Jim Marshall to the Cleveland Indians for catcher Russ Nixon.

White said Wednesday night after flying in from Scottsdale, Ariz., that he definitely "is quitting baseball" to devote his time to a bowling enterprise in which he has a partnership.

Baseball Commissioner Ford Frick said in Miami, Fla., that as soon as he receives official notification of White's retirement "the deal which sent him to the Indians is definitely off."

A player's voluntary retirement becomes official only when he notifies the commissioner's office by letter.

General managers Bucky Harris of the Red Sox and Frank Lane of the Indians have been arguing over whether the deal was valid or void since it was announced last week.

DeSoto Lake Golf Play Opens

BRADENTON, Fla. (UPI)— Some 150 golfers on the winter circuit moved here today for the \$40,000 DeSoto Open, billed as a tuneup for the Masters April 7-10.

First prize money is \$5,300.

The tournament—Florida's newest and richest—is being held in conjunction with the 14th annual Henando DeSoto celebration.

The DeSoto Lakes course, only a year and a half old, was once a swamp. But the rain which forced two postponements of the St. Petersburg Open last week is not expected to delay this one.

The 6,903-yard course is in excellent condition and balmy weather is forecast.

WAKULLA COUNTY

County Seat, Crawfordville

Excellent fishing and hunting attract many tourists to Wakulla County. In fact, commercial fishing and tourism comprise the main source of income... In addition to agriculture and timber, most of the county's 238,000 acres of forest lands are embraced by the Apalachicola National Forest. Enormous Wakulla Springs is a world-wide attraction. It boils up from limestone formations and covers an area of more than four acres. Some sources claim this famous spring inspired the name "Wakulla"—an Indian word meaning "mystery."

In progressive Wakulla County, and throughout Florida, the United States Fish and Wildlife Service constantly is maintaining the state of our and our under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials.

Negro Protest Moves Gaining Momentum

By United Press International

The threat of an economic boycott by Negroes protesting segregated lunch counters appeared to be gaining momentum in the South today.

In Petersburg, Va., Negroes pledged to continue their fight against store owners who refuse to permit Negroes to eat with whites.

Attorney Clarence Newsome told a mass meeting of approximately 600 Negroes Wednesday night to "use the ballot, the economic boycott and then go in, sit down and eat."

However, two dime stores ignored the demands of Negro leaders to integrate their lunch counters.

Earlier this week, the Petersburg Improvement Assn. had issued an ultimatum to the managers of Woolworth, Kresge and Grant stores that failure to integrate their eating facilities would result in picketing and boycott.

The managers of Woolworth and Kresge both said they intended to follow "community customs" of rigid segregation. The Grant manager asked for a one week's de-

Book Banning Controversy Takes Surprising Turn

MIAMI (UPI)—Miami's book-banning controversy took a surprising turn Wednesday night when Dade County School Supt. Dr. Joe Hall denied any such ban existed.

Hall said Aldous Huxley's "Brave New World" and George Orwell's "1984" had only been temporarily removed because of "unusual publicity."

Hall said the two novels would be back on county high school shelves as soon as "the demand becomes more normal in nature."

The novels were first removed from required reading lists and then withdrawn from school library circulation. An anonymous telephone complaint from a student's parent was reported to have touched off the action.

Tiny Acorn Grows

NORTHAMPTON, Mass. (UPI)—Smith College's Neilson Library began as a "reading room" in 1875 with one book — Webster's Dictionary. Today it has 430,000 volumes, making it the largest women's college library in the nation.

School Insurance Savings Discussed

Ways for Seminole County to get lower school insurance rates by putting more safety features in schools may come out of last week's fire safety and insurance conference at Jacksonville, County Director of Instruction Stewart Gatchell said.

Gatchell said the county doesn't need to make any apologies for its present school, but the conference of teachers, fire marshals and insurance men may keep school officials from overlooking small safety items in the future.

He said the talks and reports which grew out of them will give a more uniform approach to the manner in which Seminole County and other Florida schools solve problems relating to building codes, insurance ratings and safety precautions. The improved approach will be aimed primarily at safeguarding lives, but will also look out for preserving property.

Mrs. Emma Hartline Is Dead At 92

Mrs. Emma B. Hartline, 92, died Wednesday night at a local nursing home.

She was born in Kinsington, Ga., Sept. 30, 1867 and came to Sanford in 1919.

She was a member of the First Baptist Church of Sanford.

She is survived by two sons, W. Hartline and F. L. Hartline; one niece, Mrs. Milton Hawkins and one nephew, R. W. Hartline.

Funeral services will be held at 11 a. m. Saturday at the Brison Funeral Home with the Rev. W. P. Brooks Jr. officiating.

Burial will be in Evergreen Cemetery.

Watch Out For False Census Taker Chamber Warns

Beginning April 1, census enumerators will start ringing door bells in the gigantic task of counting the nation's population. Because a scattering of opportunists invariably take advantage of this operation to pose as census takers, in order to get into homes for sales purposes, John Krider, executive manager of the Seminole County Chamber of Commerce, cautioned the public today to be on guard against such pretenders.

Government Starts Crackdown On Illegal Flights To Cuba

WASHINGTON (UPI)—Private plane pilots taking off from Florida, Georgia and Alabama are under strict new government scrutiny today to prevent illegal flights to Cuba.

But federal officials conceded they could not stop pilots from flying to Cuba without evidence of intended wrongdoing.

The Federal Aviation Agency issued tough new regulations Wednesday night designed to block unauthorized flights that might bring further anti-American attacks from Premier Fidel Castro.

The Customs Bureau offered up to \$5,000 reward to tipsters who report planned illegal shipments of arms or ammunition to Cuba or any other foreign country.

The FAA called on all plane operators and aircraft charter and rental agencies in Florida, Georgia and Alabama to report any persons seeking to charter or rent aircraft. This would not apply to persons well-known to airport operators.

The crackdown was ordered in the wake of a flight by two Americans, now being held by the Castro regime after being shot down on the island. Cuba has accused the two pilots of trying to rescue supporters of the old Batista regime.

The new measures called for establishment of a flight information center at the U. S. Immigration and Naturalization Service headquarters in Miami.

The center will be a focal point for receipt of "voluntary information from any source relating to proposed flights to foreign countries emanating from the southeastern United States." Upon receiving such information, the center will alert the FBI or other appropriate agencies.

Zoo Didn't Treat Mr. Moke Right, Trainer Claims

MIAMI (UPI)—Animal trainer Robert Tomarchin told a civil court judge Wednesday he took his chimpanzee pal Mr. Moke from the St. Louis Zoo because the zoo didn't live up to an agreement.

Tomarchin said he sold Moke to the zoo after officials promised to keep the animal in a private home and treat it like a human.

Tomarchin took Moke from a cage in the zoo's monkey area. He said he left a check for \$1,000 and a promissory note for an additional \$2,000. The check has never been returned, he said.
