Get In Habit

All signs point to a busy night for local merchants as the idea of shopping on Friday night begins to take hold in Sanford and the habit of shopping during the evening hours brings more and more people into town.

Outlying area citizens particularly find the new hours appealing and the bargain specials worth driving in to buy.

Today's Herald features some very good buys in all lines of merchandise, with specialty items to please every member of the family. Some of the good values with special Friday night prices include furniture buys, decorative items, clothing of all kinds for all the family, gift items, toilet articles and household needs.

"LET ME OUT OF HERE!" cries this Sanford resident of the City Zoo. "I want to get in on some of those good bargains in the Friday night specials in downtown Sanford!" (Herald Photo)

U. S. Steps Up Sampling Of Radioactive Fallout

WASHINGTON (UPI) — The U. S. Public Health Service stepped up its samplings of radioactive fallout on this country today following Russia's fourth nuclear test blast within a week.

The service said its 60 milk sampling stations had been alerted to report any change in the iodine-131 content of milk, and the 90 water sampling stations had been ordered to make weekly rather than monthly radiation analyses.

The 45 radiation stations which sample air, rain and snow have been put on around-the-clock monitoring duty. They had been instructed to report within three hours any sample that shows a 10-fold increase above average radiation levels.

Welfare Secretary Abraham A. Ribicoff announced Wednesday that a health service reading at Anchorage, Alaska, on Tuesday showed the radioactive fallout was 35 times greater than the average daily level for August.

Dr. Luther L. Terry, U. S. surgeon general, said there was no immediate health danger to the U. S. population, but the health service was tightening its radiation surveillance to get a complete study of the effects of the Soviet tests.

Ribicoff's announcement came shortly before the Atomic Energy Commission (AEC) disclosed that the fourth Soviet shot in the current series had occurred in the air east of Stalingrad early Wednesday morning. It said the yield was "in the low to intermediate range."

The continuing low-yield tests increase speculation the Russians are trying to develop triggers for the super-bomb Soviet Premier Nikita Khrushchev has threatened to build. Khrushchev has mentioned a bomb with the equivalent power of 100 million tons of TNT.

Four Americans Held By Reds

BERLIN (UPI) — The Communists held four Americans for taking photographs in East Berlin, it was disclosed today.

West Berlin police also said that the Communists hurried tear gas grenades and used water hoses to break up crowds of West Berliners in new incidents along the barricaded border of this divided city.

The West Berlin officers announced that Howard Emery, 24, and Jim Phang, 23, both medical students from Los Angeles, were held for about 10 hours Wednesday by East Berlin police for taking photographs.

Bear Lake School Bid Opening Slated Sept. 22

The County School Board will open bids on a new Bear Lake Elementary School and a new junior high school near Casselberry Sept. 22, Supt. of Schools R. T. Milwee said today.

Construction funds for the two new schools will come from the sale of State Board of Education Bonds.

The Bear Lake School will have 20 classrooms while the new junior

Governor Tells County: Boost Civil Defense

The County Commission today received an executive order from Gov. Farris Bryant ordering the county to speed up their plans for Civil Defense.

County Commission Chairman J. C. Hutchison said this morning that he will read the order to the board Friday morning at the budget hearing.

Hutchison was evasive on whether he would ask the board to amend the tentative budget to give Civil Defense some \$25,000 asked for by Director A. B. Peterson for a countywide warning system.

The present Civil Defense budget is \$4,000.

Bryant issued the order that county and cities make appropriations for keeping government functions in operation "in the event of threatened or actual enemy attack."

It directs the county to make plans for protection of public property and records, protection of citizens and a public information program.

By LARRY YERMSHEL

When the County Commission meets Friday morning to continue its budget hearing it will just be a rubber stamp affair. Commissioners met Tuesday night in an informal "closed" session and agreed to keep the budget intact. No changes in Civil Defense . . . no head rolling. It probably will be 3-1 to approve the budget with Ted Williams voting "No."

What ever happened to that state welfare investigation that was promised?

How about the County Commission looking into the aid to the indigent program in this county . . . Boy, are the taxpayers getting hooked!

I bet it's gonna be rough to replace Mack Cleveland Jr. as county attorney.

Cecile Heard has the inside track for the postmaster's job in Sanford.

The County Commission might be interested to know that next week at the Movieland Drive-in "Five Guns To Tombstone" will play.

This will give you an idea on just what the city means when it says no dumping at the Sanitary Landfill area. The first case cost a resident \$25 or 20 days.

The City sits on the board of equalization at 8 p.m. today while the county is expected to wrap-up its hearings at 10:30 a.m. Friday.

Now we hear that there were two wrist watches purchased from Civil Defense surplus supplies. Cost of one \$1, the other \$5.

Another item on the bill shows eight compasses at a cost of \$1 apiece. We hear that even the Civil Defense director doesn't even know who has the compasses. . . . Whoever has them . . . we hope they find their way around the county now.

I know one way to soothe the jangled nerves of the County Commission. Music piped into the chambers. They could play records like "I Didn't Know What Time It Was" or "Lay That Pistol Down, Ma."

More Than 11,000 Heralds Delivered Today!

The Sanford Herald

WEATHER: Cloudy with showers through Friday. High today, 88-92. Low tonight, 72-76.

VOL. 53 United Press Leased Wire Established 1908 THURSDAY, SEPTEMBER 7, 1961 SANFORD, FLORIDA NO. 274

news... BRIEFS

Retirement Bill
WASHINGTON (UPI) — The House has passed by voice vote a bill that would give every railroad worker the option of retiring at age 62 on a smaller pension than he would get at 65.

"Bargain" Offer
LONDON (UPI) — Three British soldiers, all aged 20, today advertised a "bargain" special to women shoppers—themselves in marriage. The price: \$420 to \$700. No age limit for the women was specified. The three are "unhappy" with army life.

Floridian Killed
FORT LAUDERDALE (UPI) — A speeding convertible crashed head-on into a sewage tank truck Wednesday, killing Edward Lange, 20, Fort Lauderdale, the car's driver. The Negro truck driver, Andrew B. Ford, 32, and a Negro passenger in his truck were uninjured.

Slug Crackdown
WASHINGTON (UPI) — The use of slugs in telephones, parking meters, fare boxes or vending machines would be a federal crime under a bill passed Wednesday by the House. The measure, which went to the Senate, carries penalties ranging up to a \$1,000 fine and a year in jail.

Singer Sues Store
LOS ANGELES (UPI) — Singer Gisel Mackenzie is suing a department store for \$30,153 because, she claims, she was injured there and had to pay heavy medical expenses. Miss Mackenzie said in the suit filed Wednesday that she slipped and fell over a wire trailing from a floral display.

Elderly Pair Flee
BERLIN (UPI) — An elderly couple escaped to West Berlin early today by sliding down a wash line from their fourth floor flat. A report on their flight was given by the West Berlin emergency squad which took them to a hospital for treatment of cuts and bruises. Their names were withheld.

Riders Convicted
JACKSON, Miss. (UPI) — Two more "freedom riders" were convicted, fined \$200 and sentenced to four months in jail Wednesday on breach of peace charges. Zev Aelony, 23, of Palo Alto, Calif., a student at the University of Minnesota, and Alexander M. Anderson, 33, Nashville, Tenn., posted \$1,300 appeal bonds.

Pool Space Effort
FARNBOROUGH, Eng. (UPI) — West Germany, Britain and France will team up to launch a European satellite, it was announced at the British air show here Wednesday. Germany will supply the third stage of the missile. Britain's Blue Streak rocket will be the first stage and France's Veronique the second.

Restrictions Hit
WASHINGTON (UPI) — Sen. George Smathers (D-Fla.) joined in the argument Wednesday for removal of import restrictions on residual fuel oil. Smathers argued together with colleagues from New England and Hawaii that federal restrictions imposed in 1959 have increased the item's cost needlessly.

Actor Near Death
SANTA MONICA, Calif. (UPI) — Character actor Leo Carrillo, whose best-known role recently was Pancho in the "Cisco Kid" TV series, is very close to death, according to Dr. Adolph Kosky. Carrillo, who was 81 on Aug. 6, underwent major abdominal surgery in 1958. The physician said Carrillo is a victim of cancer of the abdomen and also suffers from a heart condition.

Dedication Set
Casselberry residents have received invitations to attend dedication ceremonies for their brand new post office. The celebration has been set at 2 p.m., Sept. 23, with C. B. Gladden, assistant postal department regional director, as the principal speaker.

Florida Coast Gets Alert As Carla Roars Into Gulf

MIAMI (UPI) — Hurricane Carla swung 100-mile-an-hour winds into the southeastern Gulf of Mexico today on a more northerly course. The Gulf coast of Southern Florida was alerted against heavy winds and tides "somewhat above normal but with no serious flooding."

The location was near latitude 21.6 north, longitude 86.2 west, or about 90 miles due west of Cape San Antonio, the westernmost tip of Cuba.

The hurricane was moving on a course between north-northwest and north at about 10 miles per hour. This path represented a slight shift to the north from Wednesday's northwest course.

Carla increased in power and size during the night. Maximum winds reached 100 miles per hour in squalls around the center, the Weather Bureau said.

Gales extended outward 275 miles to the north and east of the center and 125 miles to the south.

"Carla will continue its steady, gradual intensification and the frequency and intensity of hurricane squalls around the center will increase," the advisory said. "No marked change in direction or rate of movement is expected except minor temporary changes."

"Interests along the Gulf Coast and especially the northeastern Gulf should keep posted on the latest advisories."

DESIGN OF THE NEW SANFORD WATERFRONT Marina has been completed by Burton and Chapman Architects and working plans are being drawn. This sketch of the clubhouse and utility buildings and floating docks shows the finished design of the new structures which will replace the old bandshell. Closing off of the harbor area by extension of the breakwater will afford protection for dock space for 84 boats and the boat launching ramp.

"Breakthrough" In Cross-Florida Barge Canal Seen In House Action

Approval by the House Appropriations Committee of the \$50,000 fund for an economic evaluation of the Cross-Florida Barge Canal is a "breakthrough" for the state in getting House action on the project, John Krider, manager of the Seminole Chamber of Commerce, said today.

"This is the first time since the administration of Franklin D. Roosevelt that any money has been approved by a House group for the canal," Krider added.

At Tallahassee, State Conservation Director Randolph Hodges said he was "real happy" about the Committee action to bring the evaluation of the project up to date.

Meanwhile, Krider announced that a meeting would be held in Orlando Monday at 11 a.m. at the Angelika Hotel to discuss recent developments concerning the construction of a proposed canal from Sanford to the Indian River.

The meeting was called by the St. Johns-Indian River Improvement Assn. and will include among those attending W. A. McCree, recently elected chairman of the Canal Authority of Florida; representatives of the U. S. Corps of Engineers from the Jacksonville office and state officials, Krider said.

"The purpose of the meeting is to discuss recent developments in the East Coast area that will affect future construction of the connecting canal from the St. Johns River to the Indian River," Krider explained.

Discussing the House action Hodges said, however, that the \$50,000 wasn't nearly enough to begin planning the \$168 million project, and that he hoped the Senate Appropriations Committee, which still must act on the bill, would restore the full \$195,000 in planning funds requested.

The project ran into strong opposition from Republican members of the House committee.

R. N. Dosh, chairman of the cross-state barge canal project, said at Ocala that despite the House group's failure to approve the full planning amount, chances of the canal becoming a reality are better than they were three or four years ago.

"The strategy now is to get Sen. Spessard Holland to put in a request for the \$195,000," Dosh said.

He said if the Senate approved this sum, the project would have a better chance in a compromise committee.

McCree said the new economic review of the barge canal project would be even more favorable than the last one.

"Stupid To Start War," Nehru Tells Khrushchev

MOSCOW (UPI) — Prime Minister Jawaharlal Nehru of India told Soviet Premier Nikita S. Khrushchev Wednesday night it would be "stupid" to start a war.

Khrushchev told Nehru that if the world situation depended only on the Soviet Union and its allies "there would be no threat of war."

Both men spoke at a state banquet in Nehru's honor but neither publicly mentioned that the United States has detected four Soviet nuclear explosions since last Friday.

The press and radio of the whole Communist world has been devoted in recent days to depicting the Russian decision as a necessary consequence of the strong Western reaction to Soviet moves on Berlin.

The Russian nuclear tests are portrayed as a deterrent to World War III while the subsequent U. S. decision to resume underground and laboratory nuclear tests is pictured as proof of Western belligerence.

Nehru arrived Wednesday from the Belgrade Conference of 25 nations which call themselves non-aligned.

He and President Kwame Nkrumah of Ghana, who flew here separately, handled Khrushchev a letter containing a peace plea from the conference.

During the day Nehru and Khrushchev had what Tass news agency called a "frank and friendly" discussion, dealing in part with the "present international situation."

New Deadly ICBM To Be Announced

CAPE CANAVERAL (UPI) — The United States will announce within a few days it has a silvery projectile capable of turning the world into a radioactive junkpile on 30 minutes' notice.

America's leaders will not use those exact words. They will simply report the Air Force Titan intercontinental ballistic missile has become operational as a military weapon.

Brokers To Visit

A group of 50 stock brokers who deal in electronics issues will tour the Dynatronics plant Friday as guests of Hugh Ashcraft, a director of Dynatronics and vice president of E. F. Dickson Co., one of the leading brokers in the electronics stock field.

Khrushchev Today Told Prime Minister Jawaharlal Nehru of India that the Soviet people "do not want war."

The Russian people have been told so far only that the Soviet Union had decided to resume nuclear testing—not that the tests actually have begun.

Bentley Named UF President

William H. Bentley, Sanford insurance man, was elected yesterday to serve for the following year as president of the United Fund of Seminole County. Directors meeting at the Sanford Atlantic National Bank also named as officers Gen. J. C. Hutchinson, vice president; George Touhy, re-elected secretary; Gene Estridge, assistant secretary; Jack I. Greene, treasurer.

Directors to serve for three years are Harold Kattner, William Gramshaw, Sonny Powell, Gordon Sweeney, William Be-

ley, Harry Echeberger, John Alexander, Mason Wharton, Sonny Raborn, Kay Shoemaker, G. Andrew Spear, Dave Thrasher, Marion Harms, John McCloskey, Ralph Perold.

Treas. John Fitzpatrick reported that \$25,433.49 had been collected for the year just closing, pointing out that there were approximately 75 subscribers whose pledges totalled over \$2,600 who still should fulfill their commitments. He said that letters had gone to these people and that he hoped that because of the importance of their subscrip-

tions in the UF's ability to meet agency needs, the remittances would be immedately sent in.

Bentley who lives with his wife, June and daughter Judy at 107 E. Jenkins Circle has closely identified himself with deserving civic activities and his election to head this joint effort of welfare agencies in the county was acclaimed by the Board as an assurance of continued energetic leadership.

A unanimous vote of appreciation was extended Pres. R. J. Bauman, Adm. Robert W. Jackson, vice president; John Fitz-

patrick, treasurer, and George Touhy as secretary for their work during the past year.

Bentley expressed appreciation for the confidence imposed in him through this election and said he would begin work at once in setting up his committees and getting the work for the new campaign started. He said that he felt confident that the community believed in the "give once for all" idea of the United Fund and that he and the organization could count on vigorous support, both in talents and money.

Dynatronics Gets Saturn System Award

A contract for the production of a telemetry system to be used in testing the giant Saturn booster was awarded Dynatronics, Inc., this week by the National Aeronautics and Space Administration.

The first production model for the ground portion of a radically new telemetering system will be used in the measurement of flight-test vibration data from

the Saturn, earmarked for advanced space exploration and early moon probes.

Using a new technique, developed by scientists at Marshall Space Flight Center, Huntsville, Ala., the AS/FM (single-sideband/frequency modulation) system has a transmission channel data capacity 15 times that of conventional equipment.

The equipment, to be built un-

der the \$100,000 contract, is to be used on the Atlantic Missile Range where tests of the Saturn are currently being programmed.

'I Hate To Do It'

ATLANTA (UPI) — A slim gunman who told a bank executive, "I hate to do this but I need the money," robbed a branch bank of \$19,204 Wednesday.

The gunman, wearing an adhesive bandage on his face in an apparent attempt at disguise, robbed the Peachtree-Lenox branch of the Citizens and Southern Bank.

Police later found the stolen car which the apologetic gunman used for his getaway. FBI agents

joined in the search for the man, who handed manager E. Ray Taylor a bag and said: "I'm desperate. I want this filled up and I want it filled up now."

Floyd Dean, Florida's 6-4, 235 pound tackle, has plenty of speed and agility for a man his size. In high school big Floyd played basketball as well as football for Winter Haven, and was an outstanding baseball pitcher.

Hospital Notes

AUGUST 30 Admissions
Margaret Brown, Geneva; Hayward Bryson, Longwood; James Sechrist, Indian River City; Emma Young, Ernestine Page, Joe Sasser, Charlotte Schmidt, Joan Evans, Josie Powell, Clara Lorig, Jeannette Sizalove, Osa R. Estridge, James Smith and Elizabeth Holbert of Sanford.

Births
Mr. and Mrs. Marvin Kinard, of Sanford, a girl.
Mr. and Mrs. Clem Bowen of Geneva, a boy.

Dismissals
Mrs. Billy Ryan and baby, N. Orlando; Arthur Palm, DeBary; James Davis, Melvin Abney, Mrs. Henry Quinn and baby, Donna Hodgate, Mary Turner and Mrs. Date Reddick and baby of Sanford.

AUGUST 31 Admissions
Karen Laughlin, Longwood; Clarence McCray, Tampa; Colford Gardner, DeBary; Barbara Douglas, DeLand; Linda Lee Kooms, Chester Millon, Alvin Clause, Charles Hamill, Frank Leatherwood and Patricia Wade of Sanford.

Births
Mr. and Mrs. Robert Laughlin of Longwood, a boy.

Seeber Brooks, Rosemund Chapman, Luvena Roberts, James Alexander, Janet Moore, Essie Sessions and Carol Biggerstaff of Sanford.

Dismissals
Sara Woodside, DeBary; Leon Cochran, Orange City; Alphonzy Lowery, Frank Leatherwood, Sam Lewis and Eva Tolar of Sanford.

SEPTEMBER 5 Admissions
Winifred Pomeroy, Casselberry; Kathryn Chappell, Helen S. Brown, Minnie Lee Patton, Joseph Brown of Sanford.

Births
Mr. and Mrs. Everett A. Pomeroy of Casselberry, a girl.

Dismissals
Mrs. William E. Duff and baby, Mims; Mrs. Marion Smith and baby, Gladys Tyler, Hazel Moughlon, Terry Jackson, Seber J. Brooks, and Shirley Thompson of Sanford.

Grandma Moses Is 101

HOOSICK FALLS, N. Y. (UPI) — Grandma Moses quietly celebrates her 101st birthday today, a little unhappy because her doctor has temporarily confiscated her paints and easel.

America's best known primitive artist, who was rocketed to fame when her paintings were discovered in a country drug store 23 years ago, has been residing at a health center for the past few weeks.

Dr. Clayton E. Shaw, her physician and close friend for half of her life, has ordered "no work" so Grandma can get the rest she needs. He says she is very "alert and chipper."

When she marked her first century last year, Grandma was guest of honor at a large party at the home of her son, Forrest. This year she doesn't want a celebration.

"Much as I enjoyed visiting with my friends and neighbors," she says, "one 100-year celebration is enough for anybody. I want my 101st to be the same as my first—very quiet."

WCS Schedules Opening Luncheon

By MRS. ADAM MULLER

Mrs. Charles Crenay, chairman of the covered dish luncheon to be held at 12:30 p. m. Tuesday by the DeBary Community Methodist W.C.S., has requested that members planning to attend notify her if they are to bring a hot dish, a salad or a dessert.

The luncheon will be the opening event of the coming season for the 103 members of the society.

On Wednesday, the district seminar of Methodist Women will be held at the First Methodist Church in Daytona with registration scheduled at 9:30 a. m. Members are to bring a sandwich for luncheon which will have coffee and dessert furnished by the hostess group.

The Harvest Home Supper will be held in the social hall of the church from 8 p. m. until 7 p. m., Oct. 11. Attendance at this event will be limited and reservation tickets are on sale by the members who also plan to feature a "gift table" of sale items during the supper.

Sea Scout Drive Termed Success

Sanford Sea Scouts collected 12,230 pounds of old papers during their week's pickups to raise money for their ship's expenses.

Sale of the old papers netted the Sea Scouts \$20.55, although the collection was hampered by rainy weather and shortage of personnel to cover the entire city in one week.

"It was impossible for the boys to make pickups at all the places where residents phoned in that they had old papers and we are sorry that we didn't have more time for the paper collection before school started," the adult counselors, L. C. Riley and Bob Sandefur, said.

"We and the Sea Scouts of Ship 506 thank all those who donated old papers to the collection and to the merchants who helped with the effort by the boys to help pay their own way in Sea Scouting," the counselor said.

Quarterback Bobby Dodd broke six-year old Florida team record for best pass completion average, hitting on 34.5 per cent of his passes last year. The old record was held by Fred Robinson, who set a mark of 34.3 in 1931. Dodd connected on 30 of 55.

Quick Strip Artist Set To Perform In Beauty Pageant

ATLANTIC CITY, N. J. (UPI) — A quick strip artist went into rehearsal today for the Miss America crown.

Miss Indiana, Kathleen Jane Burk, 19, an Indiana State College sophomore and aspiring dress designer, will display four costumes in the three minutes allotted for her performance in tonight's talent preliminary. She'll whip behind a screen of her own design for propriety and deliver a running monologue—her own composition—to boot.

A similar display, of a convertible costume of her own design, helped win the title last year for Michigan's Nancy Anne Fleming.

But to win in a preliminary contest is no assurance a girl will wind up among the 10 finalists on Saturday night, and Miss America has been crowned without winning a single preliminary elimination.

Another headline novelty act among tonight's 10 talent contestants is that of Miss Rhode Island, Cheryl Ann Hirt, 18, who is billed to present a vaudeville act and organ number.

The daughters of a test pilot and a dancing teacher are scheduled for combination song and dance numbers in breathless three-minute talent displays. They are Miss Delaware, Robin Jane Whemper, 18, and Miss North Carolina, Maria Beale Fletcher, 19, a recent Radio City Rockette, who said her jazz tap routine was "daddy's idea"—he's the dancing teacher.

Yacht Club Names Officers

By BETTIE SMITH

Officers of the Winter Park Yacht Club were elected at a meeting in the new Prairie Lake Home last week.

Named were Roy Daniels of the Apoka Nursery as commodore; Al Stolte, a Fern Park builder as vice commodore and Mrs. Stolte, secretary and treasurer.

Members were advised that the rummage sale held during the week was considered a success and plans were made by the group for an overnight cruise this month to Shell Harbor Marina at Welaka.

Tickets for the forthcoming Smogsgabard also will go on sale this month.

A number of the Yacht Clubbers have played host for boat riders on the lake to Loren Huntley, also a member, who returned home a short time ago from Ray Pines Hospital at Pass-A-Grille where he underwent surgery to amputate a leg. He will remain at home for five months before returning to the Veterans' Base where he then will receive an artificial limb.

Burns' Daughter Tries Suicide

LOS ANGELES (UPI) — Barbara Burns, 22, garrotted-troubled daughter of the late comedian Bob (Bazooka) Burns, attempted suicide Wednesday night for the second time in less than two weeks, according to police.

The would-be actress was in critical condition at General Hospital from what was believed to be an overdose of a depressant, doctors said, but the exact drug was not known.

She was found unconscious on the floor of a room in the Stenmour Hotel, Hollywood, and rushed to Hollywood Receiving Hospital, then transferred to General.

Officers found no notes or evidence of narcotics or drugs.

Miss Burns took an overdose of sleeping pills last Aug. 24 and was taken to General Hospital then in critical condition.

She told ambulance attendants at that time: "I want to die. I'm going to prison."

At the time of the first suicide attempt, Miss Burns was awaiting trial in nearby Santa Monica on charges of felony narcotics possession.

Youth Club To Give Dance

By PEARL JACKSON

The Chuluota Youth Club will stage a Community Street Dance in the shopping center area Sept. 16 with the opening hour set at 7:30 p. m.

Everyone in the area is invited to join the fun and dance to an orchestra brought over from Cocoa for the occasion. Refreshments of hot dogs, hamburgers, cake and candy, soft drinks and coffee will be sold by Youth Club members to help defray expenses.

Lubec, Maine, is the easternmost town in the United States.

ENTERPRISE ELEMENTARY FACULTY members for the 1961-1962 school term are, front from left, Miss Dorothy Chambers, kindergarten; Mrs. Carole Smith, first grade; Mrs. Ruth Ryon, fifth grade and Miss Louise Ball, fourth grade. Second row from left, Mrs. Daisy Lee Gunn, eighth grade; Mrs. Katherine Sellers, music; Mrs. Loretta Bozeman, second grade and Mrs. Florence Carver, third grade. Back, from left are Wayne Pringle, sixth grade; Harold Wooton, seventh grade, Lovick Hayman, principal and George Poore, coach. (Cox Photo)

Pre-Teen Program Set By City

The Sanford Recreation and Park Department today announced the opening of their pre-teen program to be held at the Arts and Crafts Building in Ft. Mellon Park, between the hours of 9 a. m. and noon each Saturday morning, starting this week.

Mrs. Sue Torres will be the director of this program assisted by John Boniface and Mike Coelo.

Mrs. Torres, who is a teacher at the Westside School worked as Playground Supervisor for the Recreation and Parks Department during the summer and did such a good job that she was asked to return as Director of the Pre-Teen Program.

This program will cover many phases of recreation, designed to reach children from six to 12 years of age, using varied games as well as arts and crafts.

Any city resident between the ages of six and 12 who is interested in participating in this program should register at the Civic Center any day between Monday and Friday, from 8:30 a. m. to 5:30 p. m.

Non-residents may participate by purchasing a recreation card. Further information can be obtained by calling the recreation office.

Lake Monroe Jottings

MRS. M. L. JOHNSON

A nice Thursday to you. Well how was the holiday? Everyone that I have talked to had a very enjoyable weekend. Some went fishing, others took their kiddies to the coast, others took short trips down the state. My I stayed home. Had visitors from Orlando, Forest City, Cocoa and Sanford. Enjoyed just sitting around and talking to them.

Claudette Tenney and daughter, Vickie and sister-in-law, Sally Johnson and her daughter, Melinda, spent several days last week with Claudette's parents, Rena and Claude Hawkins.

The William Younts have returned to Monroe from Zanesville, Ohio, to reside. They were accompanied by son-in-law and daughter, the Don Whitehouse family who will reside here also.

The Paul Almond family of Orange Park has returned home after a short visit with Paul's parents, the W.H. Almonds.

Claude and Mary Hittell had as their guests last weekend his brother Clarence and family of Jacksonville.

Had two phone calls last week from two well-known Sanford ladies telling me how much they enjoyed reading my column. Sure makes you feel good. One of them said she had resided in Washington for a good many years and had a daughter there. So she clipped out the column and sent it to her.

So very sorry that my invitation to Dotty Cairns bridal shower was missed and I did not receive it in time to go to it. Ruby Hall and daughter gave it for her at their home on Poplar Ave. Dotty will be married this Saturday.

So sorry to hear of Walter Harris being injured in an auto accident. We wish him a speedy recovery.

Tonight is the first meeting of the coming season for the Lake Monroe Home Demonstration Club. Olga Hunter will be the hostess at her home on Riverview Ave. Reports will be given by those who attended the Short Course in Gainesville in July. Hope every member can attend. Lucille Fitzgerald, the new President will welcome this coming Tuesday evening at the Upala Presbyterian Church. Also beginning August 15th there will be Sunday evening services at the church with the Elders of the church in charge. Everyone is being given an invitation to attend these services.

William Beltrons has returned home after visiting in Riviera Beach with his brother Freddie and his wife, Ann and their brand new daughter, Bambi Lynn.

A large delegation of Home Demonstration Ladies including myself attended the County Commission meeting Tuesday morning at the Court House. We had Charlotte Otto as our spokesman. Chairman Hutchison assured us that we would have our agent back with us again. If they had taken this away from us there would have been 450 unhappy members. We have ten clubs with that many members. I am so proud of those 450 members and I wish to have more to join our groups. I am so very sure they would enjoy our programs very much.

The road department is sure "going to town" on the new highway now. Now that the rains have let up, they can get more done.

Well, the first day of school has come and "went." And I'm telling you there are kids and more kids. It was almost double session again. Hope

Girl Scouts Plan Big Campfire On Lakefront

Girl Scouts of Neighborhood 1 and 11 will hold a giant Campfire Friday night at Fort Mellon from 7:30 p. m. to midnight. The coming fall season of Scouting activities.

All troops of both neighborhoods are invited to the Campfire, both Brownie and Girl Scouts.

Special entertainment is being planned for all age groups and awards will be made to some special guests. Refreshments will be served during the evening.

David Bludworth, senior half-back, comes from a real athletic family. Brother Jack played baseball for Auburn and a little brother, Bo, is a star for the DeFuniak Junior High team.

MRS. BETTY NOYES

**Instructor Set
For Evening Classes**

Mrs. Betty Noyes is the instructor of the evening shorthand classes at the Seminole County Vocational School at 9th and Palmetto.

Beginning Shorthand (Green) is offered each Tuesday and Thursday night from 7 to 9 p.m. Dictation and Transcription classes are held on Monday and Wednesday from 7 to 8 p.m. Students desiring beginning Shorthand must enroll during the next two weeks. The registration fee is \$3 plus the cost of the books.

**Judge Takes Suit
Under Advisement**

MONTGOMERY, Ala. (UPI) — Federal Judge Frank M. Johnson Jr. took under advisement Wednesday a suit designed to break down segregated bus terminal facilities in Alabama.

Both sides rested their cases after Alabama Adj. Gen. Henry V. Graham testified he arrested "freedom riders" because he was "tired" of their creating turmoil in the South.

Graham said he believed the 11 "freedom riders," including four white religion professors from New England colleges, sat at the Trailways terminal to provoke a breach of the peace.

He told how he escorted two other groups of riders from Montgomery to the state line "with the understanding" that the movement to test facilities in Alabama would be stopped after the riders were escorted safely to the Mississippi line.

"I am happy they were arrested," Graham said. "I was tired of their flaunting their ethics in my face as if I were not a Christian."

Squids and cuttlefish use jet propulsion as their natural movement through water, according to the Encyclopedia Britannica.

Save As You Spend With Top Value Stamps!

Big Savings

We agree with school officials when they say that Florida can save \$70 million in education costs in the next five to 10 years through full development of educational television.

The money will be saved through a 25 percent increase in school plant capacities which ETV would make possible.

This figure is "conservative," according to officials and is based on the projected increase in public school enrollments, calculated against the average per pupil cost of new construction.

Picture tube teaching has saved \$4 million in Dade County since 1946 and school leaders there anticipate a further saving of \$12 to \$15 million in the next few years.

Supt. of Schools R. T. Milnes has stated over and over again that Florida's education program faces a grave crisis unless classroom capacity is increased.

With educational TV our youngsters will be given the benefit of the top national instructors in math, science and other subjects. The county school board has agreed to kick in \$50,000 for their share of the project.

In the long run it will be paid back in education tax.

Dr. Crane's

Worry Clinic

Larry is a good teacher, for I have talked to many of his students and they are crazy about him. He speaks their language and has enthused them for science. Many are going on to college because of his fervor. But contrast him with the "peeping Tom" college prof of the "ivory tower" and 6-syllable vintage.

Case 7-441: Larry G., aged 28, is a high school science teacher. "Dr. Crane," he begins, "I take some courses at night in the extension division of Indiana University."

"And you roll some of the profs there! They'd like to burn you in oil."

"Last night one of them took 30 minutes to belittle you, though he never mentioned a single thing you had said that was an error of fact."

"We students figure such profs are just jealous and irate because you have pointed out that we high school teachers average 21 students per faculty while the college profs handle only half that number."

"They say you are over simplifying psychology by using 2-syllable words and that you are coming through your hat. But keep up, for they try to overly impress us with big words to cover up their small ideas."

"One day, as an experiment, I went up to the psychology prof after his lecture and shook my head dolefully."

"I told him, 'My but your science of psychology is deep, for I fear I didn't understand half of what you said tonight.'"

"Dr. Crane, instead of being insulted for his inability to communicate his ideas properly to us students, he beamed in delight."

"For he is one of those profs whom you indict as trying to impress an audience by using 10 words and 'obfuscating the issue.'"

"We don't dare talk back to him, so will you please taunt them a little more for us elder students who must put up with their second rate lecturing?"

Meet our professors are poor public speakers. Note that I said "meet" of them. There are some who are superb speakers, but, alas, they are in the minority.

Every teacher must use words as his chief means of communicating ideas to his "customers," who are the students down front.

Dr. Clara Frank said that teaching is simply a form of salesmanship of intangibles.

So every good teacher needs to be adept at public speaking. It would be well if colleges closed for 6 weeks and let the bulk of their faculty take some intensive Dale Carnegie courses.

Instead of maintaining constant "eye contact" which is an axiom of public speaking, the profs stand out the window and digress a lot of the time as they vent their ire against higher salaries of business men "who didn't go to college as long as we have."

And a number of my psychology colleagues use me as a convenient subject for digression.

This is not so likely to be true of the practical or Applied Psychology profs, for they usually stand aside by side with me.

No, it is the "intellectual elite," the "guinea pig and white rat" variety, who act as "peeping Toms" as they observe the sex life of the guinea pig or the mating habits of butterflies. Then they pompously try to pontificate before high school young teachers like Larry in today's case.

One of the chief criticisms the psych profs have of me is that I use 2-syllable words and thus make psychology easy to understand.

Larry is correct when he says many psychology profs like to feel superior by confusing people with long, jaw-breaker words.

But the average word in the Bible has only TWO syllables. And newspaper editors abhor the stuffed shirt profs who try to throw their weight around in 6 syllables.

—and Around and Around We Go . . .

From Rome

Henry McLemore

SENIGALLIA, Italy — If you want to stick a pin in me today, take down a map of Italy, look for the Adriatic coast between Rimini and Ancona — and jab.

That's where Senigallia is, and even if your map is 2,000 years old you'll find it all right. Senigallia has been alive and kicking since B. C. days and isn't as much changed as you'd imagine.

It is in the province of the Marche, and it is quite possible that nine-tenths of the visitors to Italy have never heard of the Marche, much less know the whereabouts of this province.

Off by itself, bounded by the Adriatic and the Apennines, it is the least self-conscious, show-off section of Italy. The Marche is a land of sand and silt and rugged mountains of medieval towns and cities, of proud and gracious people, and where vineyards abound on the slopes and legends in the valleys.

Not far up the road from Senigallia Caesar crossed the Rubicon, and Raphael mixed his first colors at Urbino, and the nearby Metauro River is where the Carthaginians were defeated.

Ancona, in the south of the Marche, is less than four hours from Rome by Rapido train, yet few tourists take the trouble to

make the trip. Too busy with the showplaces of Italy — Rome, Venice, Florence, Naples — they overlook one of the most fascinating areas of all.

To my mind, Senigallia, along with its neighboring towns, offers the best tourist "buy" in all Italy. There are miles and miles of what the Italians term "velvet" beach, all stretches of it as fine as the Lido's celebrated strand.

The climate is cool and comfortable in the summer, and moderate in the winter. The Marche has their own distinctive foods, wines and cheeses, and the people are as happy, sunny and hospitable as those of southern Italy.

American tourists have not yet found this section, and this is a blessing to a man's purse. The Germans, the French, the Swiss and the British holiday here in numbers, but they are not thought to live in a land where dollars grow on trees, so the prices are strictly Italian.

The hotels are unpretentious but modern, stand right on the sea, and a vacationing man and wife can have a double room with balcony, beach cabana service, and three meals a day for a total price of between nine and 12 dollars. In some parts of Europe, with much less to offer, you can't get a broom closet and cracker and cheese for that price.

The towns and cities of the Marche abound in Roman ruins, Etruscan relics, remnants of Charlemagne's time of greatness, and all the other attractions that cause sightseeing buses to come to a stop. It is a land of never-ending fairs and fiestas and these are strictly home-made with little or no air of commercialization.

The next time you come to Italy it might be a good idea to have a look at the Marche. Your heart, eyes and purse will all enjoy the change.

Scientific Discovery
According to a scientific study, every living thing contains atoms of radioactive carbon 14. These atoms disintegrate at a fixed rate after death and, by recording the impulses with sensitive radiation counters, scientists can estimate death dates even after tens of thousands of years.

Dear A. K.: Very likely. Under the recent change in the law a person of 60 or older can get benefits if he has as little as one-and-a-half years of work under social security.

Dear E. B.: The Internal Revenue Service tells us that since you are paying for the bonds out of your own pay check, the bonds are your sole property not subject to inheritance tax should your mother pass away.

Dear E. C.: Anyone thinking of going into business on his own should check with his state's department of commerce or local chamber of commerce.

The first thing to determine is whether there is a need in your area for the service you wish to sell or a market for the product. Ask how much money you'll need in order to get started. If you need labor or raw materials, find out about sources and costs. Above all, get advice on pricing your product. Many a person going into business on his own fails to evaluate his time properly.

Dear J. J.: Divide the number of dollars paid the shareholder during the past year—the dividend—by the current price of the stock. A stock selling at \$30 that paid its shareholders one dollar last year yields five per cent.

Dear A. K.: Very likely. Under the recent change in the law a person of 60 or older can get benefits if he has as little as one-and-a-half years of work under social security.

Peter Edson's

Political Notebook

WASHINGTON—(NEA)—Russia's 100-million-ton bomb came up for brief discussion when President Kennedy's disarmament adviser John J. McCloy visited Nikita Khrushchev at his Sochi resort on the Black Sea July 27.

In answer to a question about it from McCloy, Khrushchev replied that his scientists had told him they could build bigger bombs, up to 100-megaton size.

Khrushchev then revealed that he had a rocket which could lift it. But such a bomb would have to be tested before it could become operational, and he didn't want to make the test.

Just what happened in the month following the change in Khrushchev's decision is something that can only be speculated on. Since the best American test of the U. S. S. R. Central Committee Kremlinologists agree that speculation over what goes on inside or what makes the Russians behave the way they do is fruitless, it may be months before anyone knows the answer.

The most important point stressed in Washington among those who have not been panicked by the Russian scare is that Khrushchev does not claim he has the super bombs ready to test.

The paragraph being studied the most in the Russian statement announcing resumption of tests claims only that:

"The Soviet Union has worked out designs for creating a series of superpowerful nuclear bombs of 20, 30, 50 and 100-million-tons of TNT and powerful rockets, similar to those with the help of which Maj. Y. A. Gagarin and Maj. G. S. Titov made their unrivaled cosmic flights around the earth, can lift and deliver nuclear bombs to any point on the globe."

The important words here are that the Soviet has "designs" for such weapons and that rockets "similar" to those which carried men into space can deliver such nuclear bombs.

The statement does not say that the Russians have such bombs today and the actual rockets to deliver them.

There have been some unofficial assumptions that the Russians already have 20-megaton bombs. Official statements of the U. S. Atomic Energy Commission credit the Russians only with having tested megaton bombs—one-million-ton TNT equivalent or over.

A blast has to be seen and its fireball measured before there can be any accurate estimate of the bomb size.

In AEC and Defense Department tests in the Pacific in 1952 and 1954, it was disclosed that experimental devices of 14 and 15-megaton size were exploded.

No complete list of either U. S. or U. S. S. R. tests between then and 1958, when testing was suspended, has ever been disclosed.

It has been known that the U. S. S. R. bomber is capable of delivering a pair of bombs, each of more than 20-megaton size. The biggest nuclear weapon which can be delivered by U. S. intercontinental ballistic missiles is said to be under 10 megatons.

There is no official confirmation of these figures, as all bomb sizes are classified.

If the Russians have only the designs for bigger nuclear weapons and only the prototypes for missiles to deliver them, the West has a little time and breathing space to match the effort.

If the Russians already have bigger bombs and missiles, testing them may be an immediate thing. The question then will be: Can the tests be detected?

In the opinion of Arthur H. Dean, Kennedy's chief negotiator at the now busted-up nuclear test conference in Geneva, if a 100-megaton bomb is exploded in the atmosphere, it can be detected. If it is exploded underground, it might possibly be detected. But if it were exploded in outer space, on what McCloy calls "The backside

of Venus," it would be impossible to detect.

The only way such space tests could be detected would be from solar spy satellites — artificial planets or space platforms — which could automatically radio discovery of an explosion. Such satellites could be built, but they would cost many times more than the 100-megaton bomb.

The problem of firing a bomb from such a space platform so that it would hit a target on earth is so complex that it is considered improbable for many years to come.

ANTI-TRUST DRIVE
WASHINGTON (UPI) — The Justice department has increased its anti-trust drive steadily over the years. During the Truman Administration it brought 327 cases, 471 cases under Eisenhower and in the first four months of the Kennedy Administration has instituted 34 suits.

Your Pocketbook

Q—How can you figure the amount of return a stock pays to the shareholder?—B. J.

Dear B. J.: Divide the number of dollars paid the shareholder during the past year—the dividend—by the current price of the stock. A stock selling at \$30 that paid its shareholders one dollar last year yields five per cent.

Q—I have been buying savings bonds through the payroll deduction plan. They are registered in my name and/or my mother's. My mother is 80 years old. If she should pass away, would I have to pay inheritance tax on my own bonds?—E. B.

Dear E. B.: The Internal Revenue Service tells us that since you are paying for the bonds out of your own pay check, the bonds are your sole property not subject to inheritance tax should your mother pass away.

Q—I am interested in starting a business of my own and would appreciate some information. The businesses I have in mind are a baby sitting agency and independent milk delivery. Please send me particulars.—E. C.

Dear E. C.: Anyone thinking of going into business on his own should check with his state's department of commerce or local chamber of commerce.

The first thing to determine is whether there is a need in your area for the service you wish to sell or a market for the product. Ask how much money you'll need in order to get started. If you need labor or raw materials, find out about sources and costs. Above all, get advice on pricing your product. Many a person going into business on his own fails to evaluate his time properly.

Dear J. J.: Divide the number of dollars paid the shareholder during the past year—the dividend—by the current price of the stock. A stock selling at \$30 that paid its shareholders one dollar last year yields five per cent.

Dear A. K.: Very likely. Under the recent change in the law a person of 60 or older can get benefits if he has as little as one-and-a-half years of work under social security.

Dear E. B.: The Internal Revenue Service tells us that since you are paying for the bonds out of your own pay check, the bonds are your sole property not subject to inheritance tax should your mother pass away.

Dodgers Still Alive In NL

United Press International
Maybe they buried the wrong guy!

All of a sudden that so-called Dodger "corpse" in Los Angeles is alive and kicking again, while that once healthy pennant specimen in Cincinnati has developed a deathly pallor.

Less than two weeks ago, everyone was assigning the down-and-out Dodgers to baseball's graveyard because they had dropped a crucial doubleheader to the Reds and had fallen 3 1/2 games off the pace.

Today, however, it's an entirely different story. Not only have the revitalized Dodgers won four in a row, but they're only one game behind the wobbling Reds — and more important, they own a two-game advantage in the vital "loss column."

"We're still not out of the woods," said Dodger manager Walt Alton Wednesday night, following a come-from-behind 9-3

victory over the San Francisco Giants. "But I have to admit things look a lot rosier than they did a few days ago."

Alton had every right to be heartened, especially in light of the St. Louis Cardinals' 11-5 victory over the Reds. Cincinnati had the lead in its game with St. Louis but lost it. The Dodgers, on the other hand, trailed the Giants until the eighth when they broke the game open with a five-run rally that sent Stu Miller down to his fourth defeat. The Giants led, 5-4, in the bottom of the eighth when Frank Howard singled. Willie Davis ran for Howard and promptly stole second, advanced to third on an error and came home on Norm Larker's pinch single.

John Roseboro, another pinch hitter, doubled to drive in Larker with what proved to be the winning run and the Dodgers added three more runs to insure reliever Roger Craig's fifth victory. Jim Davenport, Felipe Alou, Or-

lando Cepeda and Duke Snider hit homers.

In the other National League games, Milwaukee blanked Philadelphia, 1-0, and Chicago downed Pittsburgh, 6-2.

The New York Yankees stretched their American League lead to eight games with an 8-0 triumph over the Washington Senators. Boston beat Cleveland, 9-4, and the Chicago White Sox took two from the Minnesota Twins, 6-3 and 4-2, in 10 innings in the only other AL action.

Like the Dodgers, the Cardinals scored their victory with a five-run rally in the eighth against the Reds. The Cards actually tallied their two decisive runs in the sixth with the help of errors by Don Blasingame and Gordy Coleman. Larry Jackson won his 12th. Joey Jay, trying for his 20th win, was routed in the first inning but Jim Maloney was the loser.

Warren Spahn won his 18th game of the season for the Braves

with a three-hitter against the Phillies. Hank Aaron drove in the only run of the game with a sacrifice fly in the first inning. John Bushardt was the loser.

Five errors by the Pirates, including three by Dick Groat, made it easy for the Cubs. Don Cardwell hurled an eight-hitter for his 13th victory. Joe Gibbon was the loser.

The Yankees buried the Senators under an avalanche of five homers, the most noteworthy being Roger Maris' 54th of the season, putting him seven games ahead of Babe Ruth's record pace. Maris' homer, off loser Tom Cheney with two out in the fourth, touched off a five-run rally that included the first of two homers which John Blanchard hit in the game and Bill Skowron's 24th homer of the year. Bob Hale also homered for the Yanks in the eighth. Whitely Ford stopped the Senators on five singles for his 23rd victory and the Yankees' seventh in a row.

LYMAN linemen getting ready for the season opener are left to right, Ron Huggins, Roy Lisk, Ricky McCanna, John Criswell, Marvin Fellows, Ron Love and Pat Robinson. (Herald Photo)

Business Loop Winds Up Play

Tuesday night the Summer Business League wound up with Owen's Golf Service taking first place by one point margin over Betty Anne's Hair Styling.

Faron's Builders and Senkarik Paint and Glass tied for third place with Faron's taking the place money with highest pin fall for the season.

The same was true of fifth and sixth place teams, Ride-A-White Stables and Atlantic Coast Line.

They were followed closely by Florida Forestry Corp., then Town Pump, Wally's Phillips 66 Station and Seminole Realty.

Team and individual prize money was passed out immediately after the last game since the winter season of the Businessmen's league begins at 9 p. m. Tuesday.

Ride-A-White took high scratch series, Owen's Golf, handicap series, Faron's, scratch game and FFC, handicap game.

The most difficult individual feat is to get and maintain the high average carried off by Von Herbulla with a 184 plus. Ed Machellik carried off all the other individual honors but had to choose high scratch series prizes money, leaving handicap series to Ernest Bows, scratch game to C. Wallis and handicap game to E. O. Birge.

Patterson Gets Vote Of Confidence From NBA

HERSHEY, Pa. (UPI) — The National Boxing Association convention closes today with olive branches extended to heavyweight champion Floyd Patterson and his outstanding challenger — Sonny Liston.

It closes also with Dr. Charles P. Larson of Tacoma, Wash., almost certain of being elected the new NBA president, and of taking next year's NBA convention to Tacoma with him.

At its final session, the NBA was expected to adopt the principal recommendation of its world championship committee, which permits a heavyweight champion to defend his title against an approved challenger once every year instead of once every six months.

Spareribbers Schedule Play

The Spareribbers Bowling Club of DeBary will gather at the Jet Lanes, Friday at 1:45 p. m. for the opening of the 1961-62 tournament.

Five new members have been accepted to membership, they are: Sidney Swallow, John Rayfuse, Charles Starks, Al Kolbenski and William Muller. Several trophies have been donated to the club for the coming season.

Lyman Emphasizes Defense In Workouts

Rough work, with emphasis on defense, is the rule this week on the practice field at Lyman High School at Longwood as Coach Bill Proctor looks for the right combination to set his squad.

Living up to their name of Greyhounds, Proctor says the running game is coming along all right, but he has some brushing up to do on passing and kicking.

"Most of the older members of the team are living up to expectations," Coach said. He pointed out Ronnie Lane, tackle, and Rick McCanna, guard and Paul Blackford in the backfield as going real well. He said that the fullback position is still open. Proctor said the work will get tougher the latter part of the week with scrimmages today and Friday and again Monday and Tuesday. He thinks that he will know by the end of this week how his starting team will be.

Bowlers Set To Organize

Friday at 9 p. m. there will be an organizational meeting at Jet Lanes for the forthcoming Fall League of the Mr. and Mrs. Bowlers in this area.

During the course of the meeting, the election of officers will be held.

At the present time there are thirty-two couples registered for the husband and wife teams.

The maximum number permitted in the league will be forty couples based on two couples to a lane which would fill all twenty lanes.

Persons considering bowling in this league are invited to attend the meeting during which time they will meet the other couples planning on bowling in this league.

As soon as the forty limit is completed, others signing for this league will be assigned to a waiting list.

Hole-In-One

Harriet Williams knocked off a hole-in-one Wednesday at the Mayfair Inn Golf Course. Mrs. Williams made the shot on the No. 7 hole—some 135 yards.

Colts Drop Two

BALTIMORE, Md. (UPI) — The Baltimore Colts cut their roster to 43 players Tuesday by placing halfbacks Don Kern and Ed Kovac on waivers. Kern came to the Colts last December as their sixth draft choice, while Kovac, who came to the club from the Bears a year ago, saw little action during the 1960 season.

Thurmond Insists Defense Secretary 'Name' Pentagon 'Gaggers'

WASHINGTON (UPI) — Sen. Strom Thurmond (D-S.C.) insisted today that Defense Secretary Robert S. McNamara identify the Pentagon officials who screened anti-Communist statements from military officers' speeches.

Thurmond was steady with more questions for McNamara today at a Senate Armed Services Committee hearing on Thurmond's demand for an investigation of whether the Pentagon is trying to "gag" the military.

"I hope he won't try to protect the people under him who are censoring these speeches," Thurmond said.

Wednesday McNamara declined to identify the officials who reviewed the speeches. McNamara said he took full responsibility. He said if there is a "pattern of incompetence," somebody else should get his job.

Thurmond said he didn't expect the questioning to last a full day.

Other congressional news: Trade: The House prepared to consider a bill that would create a committee to investigate American shipping to the Communist bloc. Rep. Paul A. Kitchin (D-

N.C.), author of the bill, said he was "alarmed" by both the quantity and quality of American goods being sent behind the Iron Curtain by private exporters.

Gambling: The Senate investigations subcommittee summoned New Orleans underworld figure Carlos Marcello to testify in its gambling hearings. Marcello, faced with contempt of Congress charges if he failed to appear, was expected to invoke the Fifth Amendment. He has been described as Louisiana's "most sinister racketeer boss."

House: The House Judiciary Committee rejected Wednesday several proposals for increasing House membership, including one a subcommittee approved Tuesday. Chairman Emanuel Celler (D-N.Y.) said the bills, designed to help states losing congressional seats because of the 1960 census, would have opened a "Pandora's Box" had they reached the floor.

Aid: Democratic congressional leaders predicted Congress will give President Kennedy at least \$4 billion cash of the \$4.2 billion it authorized for his foreign aid

program. They said the Senate cuts the House made in the money will probably restore most of the bill.

Reuther Goes To Ford Next To Get UAW Contract Accepted

DETROIT (UPI)—United Auto Workers president Walter P. Reuther will try next week to make Ford Motor Co. accept the "pattern" of economic settlement he negotiated first with American Motors and then with General Motors.

"Ford will be the next door I knock on," Reuther said Wednesday, hours after reaching agreement with GM on economic areas of a new contract.

The UAW leader, after making the world's largest manufacturer accept a settlement similar to the

one he got at "little AMC," said he would stay at GM "a few days more to make sure things are moving along" before carrying his case to Ford.

Reuther and GM vice president Louis G. Seaton, with the biggest hurdle cleared, continued their negotiations today. They tried to surmount the last major obstacle to a complete agreement—16,000 local disputes. Both sides said they hope to reach complete agreement by Monday, the new contract deadline agreed to Wednesday.

Meanwhile, it was learned the UAW economic settlement at GM will probably cost its workers three cents an hour.

Sources said that although GM agreed to UAW demands to match all the benefits of the AMC agreement, some of the improvements will be paid for from the paychecks of the firm's 319,000 workers.

For instance, UAW demanded GM equal an AMC provision granting a \$2.00 per month pension for each year of service. AMC would pay for this out of a

profit-sharing fund.

But GM, it was learned, will pay for the boost in pensions from the present \$2.50 level by withholding a one-cent cost-of-living increase which would have been due GM workers this month.

In addition, UAW asked GM to follow AMC and pay the full cost of hospital-medical insurance for its workers, instead of the 50 per cent it now pays.

The improvement factor, based on the theory that a firm's productivity advances each year and workers should share in "the

proof of automation," provides a annual pay raise, whichever is worker with a cent or 2.5 per cent greater.

Miss Sandra McKnight, Ray Johnson Wed In Ceremony At Methodist Church

Miss Sandra Sue McKnight, daughter of Mr. and Mrs. R. L. McKnight and Donald Ray Johnson, son of Mr. and Mrs. C. O. Johnson, were married Sept. 2 at 4 p.m. at the First Methodist Church in Sanford.

Rev. John T. Adams, pastor, officiated at the double ring, candlelight ceremony.

An arrangement of white chrysanthemums, gladioli and magnolia leaves with white tapers were placed on the altar. This was flanked by seven-branch candelabra, holding white tapers and baskets of ligustrum, gladioli, chrysanthemums, pom poms and cascading leaves.

Smilax entwined the altar rail and candelabra. Magnolia leaves and tapers were used in each window and the pews were marked with white satin ribbon and small arrangements of white flowers.

Mrs. Ben Wiggins, organist, presented a program of wedding music and accompanied Miss Susanne Jones, soloist, who sang, "O Perfect Love" and "I Love Thee."

The bride, given in marriage by her father, wore a gown of white Chantilly lace over taffeta, with a sweetheart neckline and elbow length sleeves. An overskirt of white satin with side front, featured pleats and gathers across the back waist-line and terminated in a chapel train.

Her veil of silk illusion was attached to a crown of seed pearls and iridescents. She carried a cascade bouquet of feathered white carnations with a removable white orchid corsage. The bride's gown was fashioned by her mother.

The matron of honor, Mrs. James L. Knight, of Vero Beach and an aunt of the bride, wore a street length dress of lavender taffeta with purple and lavender sash. Her circular veil of tulle was attached to a small purple hat. Other accessories were also purple and she carried a cascade bouquet of purple pom poms.

Miss Janet Johnson, sister of the groom, served as junior bridesmaid and wore a gown of lavender and carried flowers identical to those of the matron of honor.

Henry Cason was best man and Jerry and Kenneth Johnson, brothers of the groom, served as ushers.

Mrs. McKnight wore an aqua lace and chiffon over taffeta, dress with matching hat and white accessories and a corsage of pink sweetheart roses.

The groom's mother wore a sheath dress of beige lace over taffeta with satin cummerbund matching hat and accessories and a corsage of yellow sweetheart roses.

Following the ceremony, a reception was held in McKinley Hall. The refreshment table was overlaid with a white Irish linen damask cloth and centered with an arrangement of white gladioli and chrysanthemums, flanked by crystal candelabra with white tapers.

Pink roses, frozen in an ice ring, floated in pink party punch in a crystal punch bowl, which was at one end of the table. A four tiered wedding cake was at the other end. Assorted nuts and mints were served from crystal bowls.

Mrs. Alvin Calhoun and Mrs. Gerald Myers served the cake and Mrs. John D. Mordenti, aunt of the bride, presided at the punch bowl. Miss Leslie Jones and Miss Eileen Myers kept the bride's book. Mrs. Ted Williams assisted with the serving and Mrs. M. E. Baker greeted guests at the door.

Miss Jane Williams, Miss Rosalind Ratliff, Miss Betty McNeill and Miss Bonnie Steinruck served as floating hostesses.

Mrs. Johnson chose for her going-away outfit, a royal blue two-piece print jersey dress, with a black feather hat and accessories and the orchid from her bridal bouquet.

After a wedding trip to West Palm Beach and Vero Beach the couple will reside at 801 East 20th Street in Sanford.

Out of town guests included Mrs. Marjorie Miller, Mr. and Mrs. James L. Knight and son, Dale, of Vero Beach; Mrs. John D. Mordenti and children, Bobby, Lisa and Christy, of Long Island, N. Y.; Mrs. Ray Rex, Ambato, Ecuador; Mr. and Mrs. W. E. McClure and son, Aubrey, and Mr. and Mrs. Hollis Brooks of Marietta, Ga.

Mr. and Mrs. Carl Spruill and children, Ricky and Lynn, of Doraville, Ga.; Mrs. R. L. Wages and daughter, Judy, Brunswick, Ga.; Mrs. R. B. Wages, Bogart, Ga.; Mrs. Frances Thompson, Atlanta, Ga.; and Mrs. B. E. Cain and son, Robert, and Mrs. Richard Sawtelle, of Orlando.

Frank and Lenny Bondi, Duane Stump, Mr. and Mrs. Frank Schmidt, Mr. and Mrs. Ralph Bedient, Kathy and Lorraine Schob and Mrs. Adam Muller, Mrs. Schmidt and Mrs. Muller were also celebrating their birthdays. The children were served cake and ice cream first, then the table was reset for the adults' refreshments. The table was overlaid with a white linen cloth and centered with a large birthday cake decorated with red American beauty roses.

The Friendship Class of the First Christian Church will hold an ice cream social at the home of Mr. and Mrs. Ted Brown, 2120 Holly Ave., Friday at 7 p.m.

Mrs. James Barnett will serve as co-hostess and all members are urged to attend.

Mrs. Edith Shelley, son Bobby and daughter Elizabeth, from Jacksonville, have been visiting

Mrs. John E. (Rose W.) Denef is rapidly recuperating at the J. Willis Miller Health Center, Gainesville, Fla., after undergoing a very serious open heart surgery last week.

This type of surgery has been successful only during the last few years because of the wonderful modern equipment, the "heart-lung machine," the skilled surgeons and the blood bank.

Although Mrs. Denef will be hospitalized for the next four weeks, she may have limited visitors and would very much enjoy receiving letters and cards from her friends. She is in Room 543. The family would like to thank the many friends who took the time to give their blood to help make this operation a success.

Members of the McKnight-Johnson wedding party were honored with a buffet supper by Mrs. Ted Williams and Mrs. Gerald Myers at the Williams' home last Friday night.

A delicious menu of ham, chicken salad, relishes, tiny rolls, assorted breads, iced tea and cake were served from the dining room table, which was centered with a lovely arrangement of lavender mums.

Card tables had been set up throughout the party rooms with arrangements of lavender flowers, which was the color of the bride's attendants' gowns.

Guests were the bride couple, Miss Sandra McKnight, Ray Johnson; Mr. and Mrs. R. L. McKnight and sons, Russell and Patrick; Mr. and Mrs. C. O. Johnson and children, Jerry, Kenneth, Janet and Ronnie; Rev. and Mrs. John T. Adams Jr.; Henry Cason; Miss Audrey Bolger; Mrs. Alvin Calhoun; Mrs. Ashby Jones.

Mrs. James L. Knight and son Dale of Vero Beach; Mr. and Mrs. Carl Spruill and children, Ricky and Lynn of Doraville, Ga.; Paul Morgan; Olan Boutwell and daughter, Ella; Eileen Myers; Jane, Linda, Jimmy, Larry, and Mary Beth Williams and the hostesses.

Mr. and Mrs. George W. Brough of Fort Pierce announce the engagement and approaching marriage of their daughter, Loran Marie, of Orlando, to Martin Michael Hopkins, son of Mr. and Mrs. James J. Hopkins, Longwood.

The bride-elect is a graduate of Bishop Moore High School of Orlando and Mr. Hopkins is a graduate of Lyman High School.

The wedding will be an event of Nov. 23 at the St. James Roman Catholic Church, Orange Ave. in Orlando.

Mr. and Mrs. Daniel F. Denef and son, Mike, left Tuesday for Rome, N. Y., after spending the past two weeks in Florida. Most of their time was spent in Gainesville where Mr. Denef's mother had open-heart surgery. Before returning to Rome they were the houseguests of Mr. Denef's father, John E. Denef, in DeBary for a few days.

Mr. and Mrs. J. P. Wilson and son, David, have returned from a two weeks vacation at New Smyrna Beach. David will enroll Monday for his sophomore year at Orlando Junior College.

Mrs. Arietta Smith, Mrs. Merle Treadway, Mrs. Loretta Campbell and Mrs. Edna Norman returned recently from Miami Beach where they attended the national convention of the VFW and Auxiliary. They report having a very enjoyable time.

ADMIRING SOME OF THE MANY GIFTS received by Miss Dorothy Cain at the shower in her honor are from left, her mother, Mrs. E. M. Cain, Dorothy, and hostesses, Miss Carolyn Hall and her mother, Mrs. Oliver Hall. (Herald Photo)

Shower Honors Bride - Elect

Miss Carolyn Hall and her mother, Mrs. Oliver W. Hall, were co-hostesses at a miscellaneous shower honoring bride-elect, Miss Dorothy Cain, recently, at the Hall home, 110 South Poplar Ave.

Miss Cain and Roger Britton will be married this Saturday at 7 p.m. in a ceremony at the Church of God of Prophecy on South Elm Ave.

Following the opening of the many lovely gifts, "Bride" games were enjoyed by the group and prizes awarded to Mrs. Don Cain, Mrs. Robert Cushing and Miss Lois Messer.

Refreshments of cake and pink punch were served by the hostesses. A pink and white color theme was carried out in decorations and refreshments.

The large white cake was decorated in squares, so that each individual serving was topped with a group of tiny pink wedding bells and surrounded by a white border.

Other guests attending were Mrs. E. M. Cain, mother of the honoree; Mrs. Lester E. Britton, mother of the groom-elect; Mrs. T. B. Kinard, Mrs. John Ceresoli, Mrs. Mary Kinard, Mrs. Grady Duncan, Mrs. Clyde Muse, Mrs. V. W. Davis, Mrs. C. T. Swaggerty, Mrs. Cress Muse, Mrs. Dan Pelham, Mrs. Richard Hall, Mrs. Glynn Jones, Mrs. Carlton Sikes, Mrs. J. L. Perkins, Mrs. Ted Jones and the Misses Cynthia Britton, Patty Griffith, Shirley Jones, and Phyllis Messer.

Mr. and Mrs. Harry Schob of DeBary entertained with a triple birthday party last week at their home on Community Drive.

Their daughter, Linda, was celebrating her seventh birthday. Guests were Mrs. Myron Accardi and daughter, Vicki, Mr. and Mrs. Thomas Armo, son, Tim, and daughter, Terri.

Frank and Lenny Bondi, Duane Stump, Mr. and Mrs. Frank Schmidt, Mr. and Mrs. Ralph Bedient, Kathy and Lorraine Schob and Mrs. Adam Muller, Mrs. Schmidt and Mrs. Muller were also celebrating their birthdays. The children were served cake and ice cream first, then the table was reset for the adults' refreshments. The table was overlaid with a white linen cloth and centered with a large birthday cake decorated with red American beauty roses.

Mr. and Mrs. Edward R. Allan have returned to their home on Maria Rd. after a visit in Cranford, N. J., and Cumberland, Md.

Recent guests of Constable and Mrs. Oscar Papineau were his brother and family, Mr. and Mrs. Leo Papineau and daughter, Jo Ann. Jo Ann is enrolling at the Rosarine Academy in West Palm Beach for the fall term.

Mrs. Edith Shelley, son Bobby and daughter Elizabeth, from Jacksonville, have been visiting

Mrs. Shelley and Mrs. L. A. Beck. Mrs. Frank White plans to accompany her grandson, Gregg Oehlke, to Evan Lake, Ohio. They will make the trip by plane.

Houseguests at the Colombia Road home of Harold Jenkins are his brother and sister-in-law, Mr. and Mrs. David Jenkins, of Frostburg, Md., and William Griggs, of Washington, D. C.

The Florida Nurses Association will meet Monday, Sept. 11 at 8 p.m. in the Public Health Building for the first meeting of the fall season.

Guest speaker will be Mrs. Naomi Green, assistant executive secretary to the Florida Economic Security program of the state Nurses Association.

All registered nurses of Seminole County are urged to attend regardless of membership in the Nurses Assn.

Mrs. Anderson Honored With Going-Away Party

Mrs. R. L. Frazier was hostess at a morning coffee at her home in Lake Mary, recently, honoring Mrs. W. T. Anderson.

Mrs. Anderson's husband is a member of VAH-13 at the Sanford Naval Air Station and they will soon be leaving for Whidby Island to make their home.

Guests were friends and co-workers of Mrs. Anderson from the Lake Mary Baptist Church. A short devotion was led by Mrs. Harvey Wilhelm and closed with prayer by Mrs. James Gray.

The honoree received many lovely going-away gifts and refreshments of cake and coffee were served by the hostess.

Others attending were Mrs. Keith Gaines, Mrs. William Hoopengardner, Mrs. W. T. Anderson, Mrs. Crawford Shelton, Mrs. John Norden, Mrs. Carl Bryant, Mrs. J. E. Green, Mrs. T. Tompkins and Westa Anderson.

Social Corner Club Plans Luncheon Meeting Saturday

The Social Corner Club No. 17 will hold their monthly meeting and covered dish luncheon on Lake Shore Drive near the Elks Playground Saturday.

The lunch will be served at noon and the public is cordially invited to attend.

This newly formed club is open to membership for any person over 18 who would like to make new friends. Those attending are asked to bring something for the dinner and their own table service.

Oviedo Boy Interning At Missouri College

Joe Battle, son of Mr. and Mrs. J. R. Battle, of Oviedo, is spending this year as an interne teacher at the Lutheran parochial school, in Perryville, Mo.

His parents drove to Perryville with him a few weeks ago. He is teaching a fourth grade class.

Next year he returns to Concordia Teachers College, at River Forest, Ill., for his senior year.

Gossip is something that goes in one ear—and another and another and another.

ADVERTISEMENT FOR BIDS The Board of Public Instruction for Seminole County, Florida, will receive bids for the furnishing of all labor, materials, equipment and services required for the construction of the following:

NEAR LAKE ELEMENTARY SCHOOL, Seminole County, Florida, consisting of loading dock, twenty (20) classrooms, administration suite, special education room, library, cafeteria, general storeroom, boiler room, restrooms, etc., and NEW JUNIOR HIGH SCHOOL, Seminole County, Florida, consisting of loading dock, twenty-eight (28) classrooms, administration suite, library, homecoming suite, arts and crafts room, three (3) science classrooms, locker and shower rooms, industrial arts room, cafeteria, general storeroom, boiler room, restrooms, etc.

One bid for the combined project shall be submitted and will be received until 10:00 a. m., Thursday, September 22, 1961, at the School Administration Building, Commercial Street, Sanford, Florida, at which time and place the bids will be publicly opened and read aloud.

The contract documents are in two separate sets, one for each of the above-mentioned projects. Drawings and specifications may be obtained for both projects by depositing \$100.00 with the Architect, Burton and Chapman, Corner First Street and Mellonville Avenue, Sanford, Florida, for the first set of documents obtained. Such deposit will be refunded in full to each person who returns the documents in good condition within 10 days after the bid opening; with exception as noted below. Additional sets may be obtained at the cost of \$25.00 for both projects, which is half refundable. General Contractors securing documents and not submitting proposal shall be refunded one-half the deposit upon return of documents in good condition.

A certified check or bank draft, payable to the Board of Public Instruction for Seminole County, Florida, in the amount of five per cent of the bid shall be submitted with each bid. The successful bidder will be required to furnish and pay for satisfactory performance and payment bond or bonds. Attention is called to the fact that not less than the minimum salaries and wages as set forth in the specifications must be paid on this project.

The Board of Public Instruction for Seminole County, Florida, reserves the right to reject any and/or all bids or to waive any informality in the bidding. No bid shall be withdrawn for a period of fifteen (15) days subsequent to the opening of bids without the consent of the Board.

Roy F. Mann, Chairman, Board of Public Instruction for Seminole County, Florida.

R. T. Milwee, Seminole County Superintendent of Public Instruction and Ex-Officio Secretary to the Board of Public Instruction. Publish Aug. 24, 25 & Sept. 7, 14.

PRICE INFLATED? Not here a lot of Sanford folks were unhappy 6 years ago when this 3 bedroom home was sold before they could get to it. Today it is better than new, the neighborhood is better than ever, the owner is being realistic in order to sell quick. You can assume a 4 1/2% VA loan after paying \$3400 down, \$73.31 monthly, or can be purchased on FHA terms. You'll never regret answering this ad.

COUNTY NEWS

THURSDAY, SEPTEMBER 7, 1961

PAGE 12

New Highway Map Of County Published

The State Road Department has published a new general highway map of Seminole County, Road Board Chairman John R. Phillips announced today.

The new map replaces one that has been in use since 1951. It was compiled from U. S. Geological Survey maps, General Land Office surveys, aerial photography, and field inventory surveys of all rural roads by the State Road Department.

The map was prepared under a cooperative agreement with the U. S. Bureau of Public Roads. The actual work of producing the map was accomplished under the direction of Jon Beazley, the Road Department's Engineer of Photogrammetry.

The new Seminole map shows 132 miles of state-maintained highways and 435 miles of county and private roads. It is published in three sheets. One sheet includes

the county proper and the other two sheets are enlarged insets of the congested areas.

The new map adds the finished portion of Interstate 4 at Lake Monroe, the new incorporated town of North Orlando, 1960 U. S. Census population figures, and airports, parks and boat ramps.

Beazley said the map reflects a conscientious effort by the Road Department to show all communities and landmarks in more detail

than on any previous publication.

Many features that appeared on the previous map are also indicated on the new map. They include all rural dwellings, businesses, fire lookout towers, schools, churches, airports, triangulation stations and all large swamps and marshes.

The black and white planimetric maps are published at the scale of one inch equals one mile and one-half inch equals one mile for

the map proper sheet. The two supplemental inset sheets are at a scale of 5 inches equals one mile and 2.5 inches equals one mile. These maps may be purchased through the Supply Unit, State Road Department, Holland Building, Tallahassee.

The one-half inch equals one mile map sheet and the two-inch equals one mile supplemental sheets cost 30 cents a sheet, plus tax.

Oviedo Town Council Makes Provision For New Fire House

The City Commission of Oviedo made provisions Tuesday night at its monthly meeting to build a new fire house to house three pieces of equipment. The Fire Department was allotted \$10,000 in the \$37,780 budget adopted for 1961-62. Most of the \$10,000 will go for the construction of the fire house.

In discussing the need for larger quarters for the equipment, Mayor M. Lee Gary said that now one fire engine has to stand out in the weather because the department has room for only two engines in its present building.

Annexation of Round Lake Terrace, a proposed residential development on a tract of land about 10 acres on Round Lake, was brought before the meeting by J. Y. Harris, chairman.

He asked for a motion to adopt an ordinance for annexation, but no one on the commission proposed the ordinance and the motion died.

The Commission included funds in the Police Department budget for a new patrol car. It was pointed out in discussion about this item that the present car is too old to be economically repaired and that a new car would cost less in the long run.

The commission did not authorize actual purchase of the car pending the gathering of more information as to cost, equipment, etc.

Repairs to the traffic light were authorized after Harris reported that the light was not operating properly.

Paving to the street in front of the Negro elementary school at a cost of approximately \$4,000 was approved with the inclusion of funds in the budget for this project.

MISS BARBARA BEDIENT
DeBary Resident Busy, Busy, Busy

By MRS. ADAM MULLER
Miss Barbara Bedient, a DeBary resident whose home is on Lakewood Dr., is one of the community's busiest young women.

In addition to her teaching duties at Orange City, she is an active member of the DeBary Business and Professional Women's Club and is organizer at the DeBary Community Methodist Church. This summer she was swimming coach for the DeLand Recreational Program where she also served as an archery instructor at the Day Camp.

Before moving to this community, she taught in Long Island schools at Roosevelt and Levittown. She received her swimming instructor's license from the National Aquatic School at Mahopac, N. Y.; her masters degree in elementary education from Hofstra, Hempstead, N. Y. and music degrees from Hartwick College, Oneonta, N. Y.

Now that her busy summer schedule is at an end, Miss Bedient is planning extra course study at Setonau.

Optometrist Opens Fern Park Office

By BETTIE SMITH
Dr. James R. Prater Jr., latest addition to South Seminole's growing list of new medical men, opened offices Tuesday at Fern Plaza, Hwy. 17-92 and SR 436.

A graduate of Southern College of Optometry, Memphis, Tenn., he received his BS degree after pre-med training in Alabama, his native state.

His wife, Judith, of Wichita, Kan., attended Loretta Heights College in Denver, Colo.

The Praters have three sons, Tim, Rusty and Sammy and are residing on Forest Ave. in Altamonte Springs.

The doctor has served as an officer at Ft. Benning, Ga., where he completed basic officers training courses and paratroop training. He will offer, here, complete eye examination for all visual difficulties and is trained and has equipment for prescribing and fitting contact lenses.

Lake Mary Club To Meet Tuesday

Mrs. Leonard A. Dunn, publicity chairman of the Lake Mary Home Demonstration Club, announced today that regular luncheon meetings will resume this month with the first scheduled at 10:30 a. m. Tuesday at the Lake Mary Fire Hall.

Mrs. Joe Wright and Mrs. William Heinbuch will be hostesses for the day.

VFW Post 8207 Plans Barbecue

South Seminole VFW Post 8207 will sponsor a chicken barbecue with serving scheduled between the hours of 2 p. m. and 7 p. m. Sunday at the Women's Club of Casselberry.

Commander Art Block reports that all proceeds from the event will be added to the building fund for the new Post Home to be located on Jasmine Ave. near SR 436.

Mrs. Irene March, Auxiliary president, advises that members of this group will assist with preparations and serving of the meal. She advises, too, that some lucky person attending the event will receive a nice door prize, which will be awarded during the afternoon.

Official To Visit VFW District Meet

Mrs. Irene March, president of the South Seminole VFW Post 8207 Auxiliary, said today that the Department President will attend the district meeting to be held in Deland Saturday.

The session is scheduled to begin at 8 a. m. Mrs. March reported, and all groups of district eight are urging a large attendance to welcome Mrs. Thelma Bennett on her official visit.

A NOVEMBER OPENING is anticipated for the South Seminole Branch of Winter Park Federal Savings and Loan Assn. Construction of the building on the southwest corner of Hwy. 17-92 and SR 436, as pictured above, is progressing at a rapid pace. (Herald Photo)

Party Planned For Art Center; Final Study Demonstration Held

By MRS. ADAM MULLER
A benefit card party for the DeBary Art Center, Federation of Art Center has been scheduled for Sept. 18 at 1 p. m. at the Mansion.

Mrs. A. McNaughton, chairman of the event, has announced that tickets now are available. Although there are no art demonstrations scheduled for the fall sessions, students and guests attending the final demonstration of the summer session by Mrs. Anne E. Luke, resident artist for the closing weeks, agreed that it was one of the most inspiring ever to be held at the DeBary Center.

Longwood Area C of C To Meet

By BETTIE SMITH
Regular monthly meetings of the Longwood Area Chamber of Commerce will be resumed with next Thursday's 8 p. m. meeting in the Civic League Building.

New officers of the group, elected at an August board meeting at the home of Elton Heath, include E. P. Richards, president; W. F. Litke, vice president and program chairman; and Miss Dorothy Heath, secretary.

All members are urged to attend the next meeting and to bring a friend in an effort to strengthen the area group.

Howell Park Holds Labor Day Event

By JANE CASSELLBERRY
Members of the Howell Park Civic Assn. sponsored an all day Labor Day Celebration at their newly completed ball diamond.

The event opened at 10:30 a. m. with softball and volleyball games for the youngsters and continued through the day until 6:30 p. m. Highlight of the afternoon was a softball game between the men and women with the latter sex winning 5-4.

Much of the credit for the day's success, association officials say, should go to James A. Cooper, president, Charles Basinger, recreation chairman and Mrs. Basinger who was in charge of refreshments.

A report from Mrs. Basinger revealed that 10 dozen hot dogs, quantities of popcorn and several cases of soft drinks were consumed during the day.

Altamonte Chapel Trustees To Meet

Trustees of the Altamonte Springs Community Chapel will meet at 8 p. m. Friday in the Chapel Educational Building for the first session of the fall season. Presiding will be chairman A. G. Burroughs.

EDITORIAL COMMENT

Fair Solution

Working in close cooperation with developers, Seminole County Commissioners have a plan that has solved the problem of road maintenance in the many non-urban subdivisions springing up in the county.

Under the plan, the developers have the responsibility. First they must build good streets, then they must maintain them properly for a year and turn them over to the county after an inspection.

This frees the county of the possibility of being stuck with shoddy, makeshift streets. Maybe it's not quite what some of the developers wanted under the plat law, but it puts them in the good graces of the Federal Housing Administration and protects our citizens.

North Orlando Council Approves Phone Change

By MONA GRINSTEAD
North Orlando Village officials announced at the monthly council meeting Monday that future telephone service in the area, except in the Ranch Home Section, will come from the Sanford Southern Bell exchange.

The area has been serviced by both Southern Bell and the Winter Park Telephone Co. in the past. Decision to switch to the Sanford exchange came after at least two letter surveys by both companies during the past 12 months indicated that the majority of residents preferred to standardize the service.

In other business, the council voted to draft a resolution to the County Commission recommending and requesting that a traffic light be installed at the Hwy. 17-92 and Longwood-Oviedo Rd. intersection. The light plus illumination of the road into the Village when the repaving is completed, will eliminate the hazardous conditions that presently exist, council members said.

Approval for vapor type street lights along the Longwood-Oviedo Rd., which after the construction work is completed officially will become "North Orlando Drive," was announced earlier this summer.

Mayor Frank Fasula, reporting building progress in the community, said that carpenters soon are to begin work on the shuffleboard courts at the Recreation Park and that clearing and surveying of the area already is underway.

He said, too, that he was planning to inquire about getting the lake cleaned and stocked for fishing.

CD Courses Set In North Orlando

By MONA GRINSTEAD
Arthur Rhodes, North Orlando civil defense director, said today that any resident who has not registered in advance for tonight's first class of the second Personal Survival Course may do so at the 7 p. m. meeting in the Village Hall.

Rhodes also reported that a Red Cross First Aid Course has been scheduled to begin at 7:30 p. m. Sept. 18 in the Hall and the registration for these instructional classes may be made either in advance or at the first meeting.

The First Aid Course will be taught by E. R. deFoliot, a qualified Red Cross instructor, and those attending are advised that they will need \$1.10 for their textbook. They also are asked to bring a rectangular bandage and a roll of two inch bandage for practice.

Sponsors of these classes will be the North Orlando Homeowners Assn.

William Deutsch, began work this week on model homes of a new development on Algiers Rd. and on a shopping center food store. The new residential area will surround the lots already occupied on N. Bombay Ave. and N. Third St., Fasula said.

He advised that expansion plans for the water and sewage plants have been approved by the State Board of Health and that bid specifications are out. Survey reports by postal authorities for locating a post office in the village are favorable he reported. This project has been a mutual effort of the North Orlando Civic Assn. and of the village for several months.

Representatives of the North Orlando Baptist Chapel offered use of their building to the community as a meeting place requesting only that the sanctity of the Chapel be respected. Village officials also offered the Hall as a meeting place until the Community Hall is constructed.

A request was heard from a Coronado Homes resident that the bus picking up high school students in the area extend its route to the development.

Chuluota Residents To Organize Disaster Committee

Chuluota residents have been notified of a meeting at 8 p. m. Tuesday in the Community House to organize a volunteer disaster committee for the area.

Harold McBride, chairman of the Civil Defense Committee sponsored by the Chuluota American Legion Post, said today that a representative of Seminole County CD Headquarters will address the group and, if enough people attend, a Personal Survival Course will be arranged for the month of December.

McBride appointed Mrs. Carol Jepson and Mrs. Virginia Chadwick to assist with organization of the committee and to serve as its temporary secretaries.

Mrs. Chadwick reported this morning that she and Mrs. Jepson signed 40 volunteers at the Labor Day Barbecue which was sponsored by the Legion Post and that they expect many more to attend Tuesday's meeting.

She stressed that work of the committee will be to handle, in addition to that of a nuclear attack, all types of disaster emergencies which could arise from fire, flood, hurricane or tornado.

New Math Teacher

Mrs. L. H. Webb whose husband is executive vice president of the Oviedo Citizen's Bank, has been appointed as math teacher at the Oviedo High School.

Mr. And Mrs. Weaver And Little Jeanette

Chuluota Couple Adopts Korean Orphan

Kong Sul Kyong, a beautifully and delicately featured little Korean orphan girl who was born in Seoul on Jan. 10, never will have to answer to this name for her adopted parents, Mr. and Mrs. Henry J. Weaver of Chuluota, have given her the American name of "Jeanette Iola."

Later this month Jeanette will be christened by Rev. Ben F. West at the Chuluota Community Church with her grandfather, Walter Weaver of Lockhart and her grandmother, Mrs. Iola S. Taylor of Balto, Md., as Godparents.

The only one of this state's 12 adopted Korean children in Central Florida, Jeanette's adoption certificate was approved last April 14 but her arrival in this country and subsequent delivery to the Weavers was delayed by immigration officials of the Miami headquarters. Assistance from Sen. Spessard L. Holland however,

brought about visa approval just in time for her to be included in the last group of Korean infants and children to be allowed in America under the existing orphan immigration bill. A similar bill to extend the program through June 30, 1963, passed the Senate on July 14 and now is before the House of Representatives, the Judiciary Committee and the Immigration Subcommittee.

Although this caused the longest delay, it wasn't the last, for the baby-lift flight, scheduled to set down at Portland International Airport on July 8, was only three hours and 20 minutes out of Korea when one of the four engines failed and the plane had to turn back to Japan. During the 30 hour hold-up a second development of motor failure resulted in transfer of the 64 infants and 22 older children to another Korean airliner. The flight across took 24 hours and on the trip 3,000 dia-

pers and 1,000 bottles of milk were used by the doctor and the 12 adults serving as nurses and baby-sitters.

Expectant parents, friends and relatives awaiting the plane's arrival in Portland received many kindnesses from the people there and the airport arranged for Sunday worship services to be conducted on the mezzanine. Finally, at 9:30 a. m. on July 11, Mrs. Weaver, along with the many other anxious parents, saw the plane with its precious cargo touch the runway.

All in all Mrs. Weaver says, the entire adoption procedure actually took little more than six months. It began when she saw a wire photo of a Korean child who came to America through the adoption plan some time ago.

She wrote to Dr. Harry Holt who established the Holt Adoption Agency at his ranch-type farm home in Creswell, Ore., in 1956

asking for information on the operation and steps of procedure. Dr. Holt, who calls himself "one of immigrations biggest headaches," has arranged for at least 2,400 Korean babies and children to be brought into this country by adoption. After the July flight which saw the present quota filled, the Holts moved to Korea to care for "their children" over there. They have adopted eight of these children and have six of their own. "Seed from the East," written by Mrs. Holt, is a touching and inspirational account of the family and its experiences since Dr. Holt established the agency.

Mrs. Weaver reports that adoption procedures are very similar to those of this country requiring the same legal documents as to status of parents' eligibility. Each family also must pass a study of the home and environment by the

agency and from the immigration officials.

The Chuluota parents, who have two older children, Linda, 13, and Jimmy 8, are so grateful and thrilled with little Jeanette that they wish to share their happiness with other families here. To do this, Mrs. Weaver has written to Rev. Norman Minard of Seldon, N. Y., for a film on the children, the history of the Holt Agency and its experiences. When it arrives, she will show it for the public at the Chuluota Community Church at a meeting which will be announced.

"We just haven't the words to express the joy and happiness Jeanette's arrival has brought to our family," Mrs. Weaver exclaimed, "and we hope that by showing the film, many more families will become interested in sharing their homes and futures with these wonderful little children."

County Commission Adopts \$1,666,050 Budget; Williams Votes No - 'Couldn't Sleep If I Did'nt

The County Commission in record time today adopted its 1961-62 budget calling for expenditures of \$1,666,050, a levy of six mills and ignored a governor's order to beef up Civil Defense operations here.

The board ruled out any additional money for Civil Defense despite Governor Farris Bryant's request that Seminole County, as well as all other counties in the state, bring its civil defense up to standards.

The vote was 3-1 to adopt the tentative budget with Commissioner Ted Williams voting no saying he "couldn't sleep nights if he vot-

ed for it."

The three other commissioners, Chairman J. C. Hutchison, James P. Avery and John Fitzpatrick said they were not satisfied with the budget but reported they had no other choice but to approve it.

Fitzpatrick called the budget a "compromise" while Hutchison said "we are providing less money for services than the previous year of \$50,000 less in interest and sinking fund and additional money for the Sheriff's office."

Hutchison made a lengthy pitch for the board to raise the millage

and include additional money for Civil Defense and \$15,000 for re-appraisal work for the tax assessor. His motion died for a lack of a second.

Hutchison also read a message from Commissioner Vernon Dunn (hospitalized in Orlando) who suggested raising the millage by a half mill to provide for adequate civil defense, tax assessor work and a foster home program recommended by Juvenile Judge Vernon Mize in his budget.

Dunn, in his message, also requested additional funds for the county health department.

Avery asked the board to cut Chamber of Commerce appropriations from the budget and when that failed, he urged the board to stop hospital service for the indigent which would eliminate \$27,000.

Williams voted along with Avery on these two recommendations while Fitzpatrick and Hutchison voted no.

The strongest statement of the day came from Avery who declared that a tax increase "in my opinion is unnecessary and would not offer a solution that could be fully justified by need."

In the statement, he declared that "there are literally tens of thousands of dollars allocated within this budget for projects this board has no legal, moral obligation to fulfill."

"These dollars would provide for foster child care, a continued program of tax appraisal, expanded civil defense and substantially contribute to enlarging the contingency fund."

"However, the majority of members of this board saw fit not to eliminate these thousands of dollars from the project to which they are presently allocated and instead

consider them more important than the aforementioned program."

"I am opposed in principal to parts of this budget. However, if it is not approved, the results would be injurious to the county government and I feel it is the lesser of two evils," Avery said.

Williams declared he would never vote to raise the taxes and wouldn't be able to sleep at night if he approved the budget which contained items to which he was opposed.

Fitzpatrick said he approved the budget, as a compromise, saw no use for a warning system and

declared "It is not our duty to provide additional money for the tax assessor. Let her run her office within her budget," he declared.

The budget is based on estimated taxable property valuation of \$182.7 million, up \$7 million from last year.

Although the countywide millage will remain the same, the budget will be \$74,780 less than the current fiscal schedule which runs through Sept. 30.

The general revenue calls for \$612,717, a drop of \$70,420, and the \$805,332 road and bridge fund

is \$25,500 less than last year.

The fine and forfeiture allotment of \$292,824 is up \$25,618 and the \$109,316 interest and sinking fund is about \$1,000 more than last year.

The countywide levy includes 1.8 mills for general fund; 2.08 mills for road and bridge; .83 mill fine and forfeiture, and .63 mill interest and sinking fund.

Approximately \$300,000 will be carried over from last year's \$679,476 bond fund for construction of a new county jail and repairs to the courthouse.

Can't Be Beat

From roses to razors, from socks to sofas, hundreds of items, useful or decorative, necessities or luxuries will be offered in the Friday night specials from 5:30 to 9 p. m.

No prizes are planned by the Merchants Association for this Friday. Crowds in downtown stores reached a peak last Friday, as the new open hours find great popularity with the Seminole County populace, especially with the families.

However, merchants are interested in knowing whether or not shoppers are in favor of resuming the give-away program.

AROUND THE CLOCK

By LARRY VERSHEL

How come there are always plenty of complaints at the county's board of equalization meetings and no one ever shows up when the city holds its hearing? For the second year in a row, there were no tax complaints at the City equalization board hearing Thursday night. The \$39 million tax roll was accepted and the tax bills will go out Nov. 1.

This was the week of visitation for the city. Officials from Winter Haven, Orlando and Ocala were in town to look over city operations.

Is it true that officials from Dodge City and Tombstone will be in town next week to call on our county commissioners?

Conversation with myself: Why pick on the County Commission all the time? Because, they leave themselves wide open!!!

Is there any truth to the report that a petition is being circulated around town for the County not to accept any letter of resignation from Mack Cleveland Jr. when he resigns as county attorney?

It seems pretty certain that Vernon Dunn won't seek re-election for the District 4 Commission post next year. By the way, Dunn is doing fine at Orlando Base Hospital and will be there for a couple more weeks.

Brookfield Mills will be putting up a new building in the near future on its property on Hwy. 17-92. According to officials it will be one of the finest buildings in central Florida.

Ernie Lundberg, assistant county agent, who underwent major surgery in Orange Memorial Hospital last week, remains in critical condition and is in need of more blood. Six pints are needed now according to Ed Lane of Kiwanis. You can give your blood donation to the Central Florida Blood Bank in Ernie's name.

A little bird told us that there is a building in downtown Sanford which has a tree growing out of the roof. Good spot for a roof garden.

The Sanford Herald

WEATHER: Cloudy with showers through Saturday. High today, 90-95. Low tonight, 70-75.

VOL. 53 United Press Leased Wire Established 1908 FRIDAY, SEPTEMBER 8, 1961 SANFORD, FLORIDA NO 275

MIAMI (UPI)—Hurricane Carla, grown to a 125 mile an hour menace, turned to a more northwesterly course in the Gulf of Mexico today and weathermen extended a hurricane watch to the entire Texas coast.

The storm at mid-morning packed 125 mile an hour winds at its furiously spinning center and flung hurricane force winds of 75 m.p.h. or better 100 miles ahead of it to the north. Gales whipped out 300 miles northward from Carla's eye.

The New Orleans weather bureau in an 11 a. m. advisory located Carla near latitude 23.5 north and longitude 88.8 west, or about 460 miles south of New Orleans.

"Carla, now a major hurricane, has changed to a northwesterly course and is moving at about 10 m.p.h.," the advisory said. Continued movement to the northwest at about 10 m.p.h. was forecast.

"A hurricane watch is extended to include the entire Texas coast," the advisors said. "The hurricane watch is now in effect on the Texas coast eastward to Apalachicola, Fla."

An earlier bulletin said hurricane warnings probably would be issued tonight or Saturday for a portion of the watch area. All persons were warned to be ready to take the necessary precautions.

Residents all along the Gulf Coast were keeping close check on the big storm.

Officials planned meetings to map disaster protection programs in the event they proved necessary, and many residents busied themselves hauling boats from the water.

Authorities the length of the Louisiana coast were urging residents of low-lying areas to move to higher ground. High tides pushed up by Carla were reported in several areas.

At Cameron, La., where more than 500 persons died in Hurricane Audrey in 1957, residents already were beginning to evacuate. Key cities along the Gulf Coast's tourist strip—Bay St. Louis, Pass Christian, Gulfport, Biloxi and Pascagoula—also kept close touch with advisories.

Last year about this time, Hurricane Elbe, spawned in the Gulf on the heels of destructive Hurricane Donna, slashed along the famed tourist strip from Pascagoula to Bay St. Louis.

Carla Aims Fierce Punch At Coast

Commission Ends Equalization

The county commissioners, sitting as a board of equalization in property tax matters, today voted to hear no further complaints and adjourned, except for a short hearing on Sept. 28 in allow one more property owner to have a hearing.

The property owner who will be heard is one whose property assessment is being raised after a neighboring property owner complained that his assessment was too high.

The original petition was denied, but the board of equalization found that the adjoining property was assessed too low, although that property owner had made no complaint.

The board granted petitions in two homebased exemption matters and denied two others.

In the case of Hibbard Casselberry, who asked for a complete re-evaluation of his considerable holdings in the south end of the county, 34 of his applications were denied and about 25 were lowered.

Five pages of hated property owners were denied lowering of assessments. These contained approximately 100 names, and a much smaller list, about two pages, listed the adjusted valuations.

Kiwanis Fish Fry, Auction Saturday

Saturday is one of the biggest days of the year for the local Kiwanis Club, being the annual Fish Fry and Auction, for the benefit of underprivileged children.

The serving of the fish will start at 6 p. m. with the famous fish-fryer Gus Schmah "and the boys" doing the cooking. Some of the boys are Slim Galloway, Cotton Brown and Denver Cordell. The expert cooking of this group is famous all over the county.

Auctioneers from the Kiwanis ranks who will chant the bids for the hundreds of new items of merchandise donated by local merchants are Ed Lane, Rupert Strickland and Johnny Walker.

Some other items which will be up for bids include fertilizer, clocks, paint, gift certificates, groceries, savings bonds, jewelry, bakery goods, a screen door, jalapeno door, free meals, tools, automotive supplies, toys, blankets, gasoline and many other things.

5 Airmen Feared Dead In Lake George Crash

JACKSONVILLE, Fla. (UPI)—The Navy said five reservists were presumed dead in the crash of a two-engine bomber into Lake George south of here Thursday night. Six crew members survived.

The crew was on its final summer training flight when the bomber crashed into the large body of water in a remote section of northeast Florida.

Two bodies were recovered two hours after the crash.

The Navy listed the following survivors:

- Lt. Cmdr. Thomas C. Thompson, Napoleon, Ohio.
- Lt. Charles Fisher, Philadelphia, Pa.
- Lt. (J. G.) Randolph S. Wells, Elma, N. Y.
- Aviation Machinist Mate 1.C. Dean W. Cuffman, York, Pa.
- Aviation Electronics Mate 2.C. William C. Este, Silver Creek, N. Y.
- Radioman 1.C. Virgil T. Krakling, Sanborn, N. Y.

The plane was from the Naval Reserve Station at Willow Grove, Pa.

Capt. Renfro Turner, commander of Fleet Air Wing 11 at the Jacksonville Naval Air Sta-

In the case of Hibbard Casselberry, who asked for a complete re-evaluation of his considerable holdings in the south end of the county, 34 of his applications were denied and about 25 were lowered.

Five pages of hated property owners were denied lowering of assessments. These contained approximately 100 names, and a much smaller list, about two pages, listed the adjusted valuations.

Bryant Hints Building Program May Bring NASA

TALLAHASSEE (UPI)—Gov. Farris Bryant hinted today that the \$31 million educational building program to get underway soon in Florida may persuade the National Space Agency to locate its new headquarters in Florida.

Bryant told the organizational meeting of the State Junior College Advisory Board he discussed the plan in Washington Thursday with James E. Webb, director of the National Aeronautics and Space Administration (NASA).

"I never saw a man grow more excited over a program that did not affect him directly as Webb did over the educational program of this state," Bryant said.

Tampa and Jacksonville have made strong bids to get NASA headquarters.

The Florida building program, including a \$15 million bond issue to defray half the cost, was announced by Bryant at a New York meeting earlier this week, and is expected to win Cabinet approval Tuesday by a 3-1 vote. Secretary of State Tom Adams and a handful of state legislators have blasted the bond phase of the program, but industry leaders and others have hailed it as a stepstone to rocketing Florida into the space age.

More than \$3.5 million of the total spending is earmarked for junior colleges which Bryant said have been growing at a "pell-mell" pace.

Somehow, he said, "we've got to read as we run and run as we read," he told the seven-man advisory board. "We've got to plan as we go and not make mistakes that will plague us in the future."

news... BRIEFS

Buy Actor's Home

LOS ANGELES (UPI)—Newly elected Mayor Samuel Yorty announced Thursday he has purchased a San Fernando Valley house of actor Mickey Rooney for about \$45,000 as a foreclosure sale.

Kennedy Weekend

WASHINGTON (UPI)—President Kennedy planned to fly to Hyannis Port, Mass., late today for his 11th consecutive weekend at Cape Cod. He planned to return to Washington Monday.

5 Die In Bus

MANILA (UPI)—Five persons were killed and 27 others were injured Thursday when a bus skidded off a mountain road 120 miles north of here and plunged down a 180-foot ravine.

Issues Draft Call

WASHINGTON (UPI)—The Defense Department issued Thursday a call for 20,000 draftees to be inducted into the Army during October. The September call was for 25,000 men.

Road Official

TALLAHASSEE (UPI)—A veteran of 30 years with the U.S. Army Corps of Engineers, George A. Meier, will present plans for future right-of-way operations to the State Road Board Tuesday.

Fallout Low

JACKSONVILLE (UPI)—Dr. Edwin G. Williams, director of the State Board of Health's Radioisotopes Division, said Thursday Florida's radioactive fallout is at one of the lowest levels in the country despite Russian nuclear tests.

Actress Gets Raise

LOS ANGELES (UPI)—A contract between 20-year-old actress Yvette Mimieux and Metro-Goldwyn-Mayer Studios was approved Thursday by Superior Judge Ben Koenig. The pact increases Miss Mimieux' salary from \$300 to \$700 weekly.

Jobless Areas Drop

WASHINGTON (UPI)—The Labor Department has reported that the number of major job centers with substantial unemployment declined to 83 in August. This was down from 88 in July. The national unemployment rate is 6.9 per cent.

Files Suit Plea

TALLAHASSEE (UPI)—The Leesburg engineering firm of Rochester and Goodell has filed a motion for dismissal of the suit to validate \$160 million in bonds to lengthen the Sunshine State Parkway from Fort Pierce to Wildwood, it was announced Tuesday.

No Corridor Interference, Allies Warn

WASHINGTON (UPI)—The Western Allies today warned Russia "in the most solemn terms" that any interference with the Berlin air corridors would be considered an "aggressive action."

In identical notes delivered in Moscow this morning, the United States, Britain, and France said, "It is the duty of all states, especially in times like these, of increasing tensions and dangers to international peace, to refrain from unilateral action to alter existing agreements and practices which cannot but further increase such tensions."

The notes said "any change" in air corridor privileges "will be the result of aggressive action against established rights by the Soviet government and the East German regime."

The U. S. note said, "The United States government wishes to repeat in the most solemn terms the warnings already given . . . against any action to interfere with flights in the air corridors to West Berlin."

This referred to an Allied note of Aug. 26 and a White House statement of Aug. 31 which said Russia would be held responsible for any action against the Berlin air corridors.

I'll Talk, Says K; Bunk, Replies U. S.

MOSCOW (UPI)—Soviet Premier Nikita Khrushchev said today he is ready to negotiate with President Kennedy on Germany if Kennedy "really means" he wants to talk.

In his first public speech in a month, Khrushchev told a Kremlin audience of 2,000 including Indian Premier Jawaharlal Nehru:

"If President Kennedy really means it (his statement that he is willing to negotiate on Germany) the Soviet government welcomes negotiations."

(In Washington, American officials characterized Khrushchev's offer to meet President Kennedy as a cynical attempt to improve the Russian propaganda position while continuing to make unacceptable demands on the West.)

Parents To Meet Junior High Staff

Parents of Sanford Junior High School students will get advice on how they may best help their children in school at the "Parents' Night" to be held at 8 p. m. Tuesday, Principal Hugh Carlton announced today.

Parents are to meet in the auditorium for a welcome from Carlton after which they will visit the classrooms to get acquainted and confer with individual teachers.

Rules Panel Gets Postage Rate Bill

WASHINGTON (UPI)—The House Rules Committee held the key today to prospects for quick House approval for a five-cent stamp for first class letters and other postage rate increases.

The legislation—a compromise version of the rate increases sought by President Kennedy—cleared the House Post Office Committee 14 to 3 Thursday.

Martin Contract

ORLANDO (UPI)—A total of \$4.8 million in Army contracts for maintenance on Missile Master air defense systems has been awarded the Martin Co. it was announced here Thursday.

No Plans Made To Move Planes From Navy Base

The Sanford Naval Air Station has no plans as of now to evacuate any planes on account of Hurricane Carla, PIO Chief F. W. Furst said today.

According to information received at the station there is a 90 per cent chance that the hurricane will miss the Sanford area, which is in Zone E.

THREE JOLLY AUCTIONEERS show some of the merchandise that will be up for bids at the big Kiwanis Annual Fish Fry and Auction at the Farmer's Auction Market on Hwy. 17-92. From left, Rupert Strickland, Joel Field and Ed Kirchhoff.
