

Day Teachers Wak Out; Schools Closed

Day teachers walked out of their classrooms today in a protest against the state's decision to close schools for the day. The teachers' union announced that the walkout would begin at 7:30 a.m. and last for the entire day. The union stated that the decision to close schools was a violation of the state's labor laws and that the teachers were being treated unfairly.

The walkout was organized by the Florida Education Association, which represents over 100,000 teachers in the state. The union's president, John H. Johnson, said that the teachers were being asked to sacrifice their own interests for the sake of the state. He said that the teachers were being treated as if they were not professionals and that their work was being devalued.

The state's decision to close schools was made by Governor Claude R. Kirk Jr. in a move that was widely criticized. Kirk said that the schools were being closed because of a shortage of teachers and that the state was unable to pay the teachers' salaries. He said that the schools would be closed for the entire day and that the teachers would be asked to return to work the following day.

Goldberg Quitting UN?

Secretary of State Dean Rusk said today that he had no intention of resigning from the State Department. Rusk said that he was committed to his post and that he would continue to serve the country. He said that he was not being asked to resign and that he would not do so voluntarily.

Rusk's statement came in the wake of reports that he was being considered for the position of ambassador to the United Nations. Some sources said that Rusk was being considered as a replacement for the late ambassador, Arthur Goldberg. However, Rusk said that he was not being considered for the position and that he would not accept it if he were.

GOP Governors Support War Effort But...

Republican governors in 11 states today expressed support for the Vietnam War effort. The governors said that they were proud to support the men and women who were serving in the military. They said that they would continue to support the war effort as long as it was necessary to bring peace to Vietnam.

VCs in Touch With UN

The Viet Cong (VC) is in contact with the United Nations, according to a report from the State Department. The report said that the VC was trying to gain international support for its cause. It said that the VC was trying to convince the UN that it was a legitimate force and that it was fighting for the freedom of South Vietnam.

Four Faiths Honor Cardinal Spellman

Members of four different faiths gathered today to honor the late Cardinal Spellman. The group included members of the Catholic, Protestant, Jewish, and Muslim communities. They said that Cardinal Spellman was a man of great faith and a man who had made a significant contribution to the world. They said that they were proud to honor him and that they would continue to follow his example.

Michigan City Buys Florida Apartments

The city of Michigan City has purchased a large number of apartments in Florida. The city said that it was buying the apartments to use as a retirement home for its senior citizens. The city said that it was buying the apartments because they were in a desirable location and because they were well-maintained. The city said that it was buying the apartments for a total of \$1 million.

Svelte Actress Turns Topless

A svelte actress has turned topless in a new television commercial. The actress, who is well-known for her role in a popular television series, said that she was doing so to raise money for a charity. She said that she was not doing so for attention and that she was doing so because she believed in the cause. She said that she was doing so to help the children of Vietnam.

Citrus Sales Seen 'Strong' in Holidays

Citrus sales are expected to be strong during the holiday season. The citrus industry said that it was expecting a record harvest and that it was expecting a strong demand for its products. It said that it was expecting a strong demand for its products because of the popularity of citrus fruits during the holidays. It said that it was expecting a strong demand for its products because of the popularity of citrus fruits during the holidays.

Hospital Notes

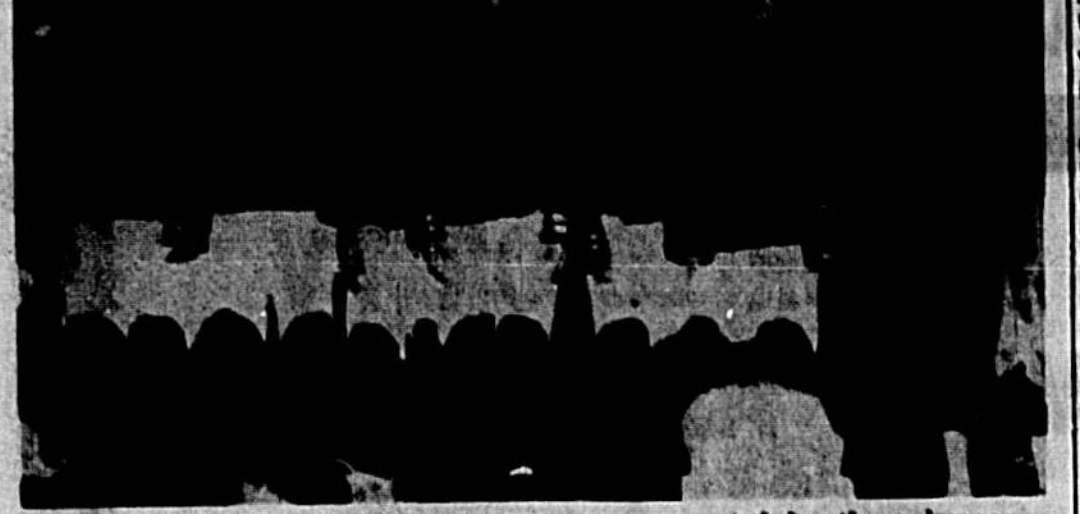

Verle W. Hume, 67, of Tallahassee, died today. He was a well-known community leader and a member of the local chapter of the Boy Scouts of America. He was born in Tallahassee and had lived there most of his life. He was a member of the local chapter of the Boy Scouts of America and had served as its president for several years. He was a well-known community leader and a member of the local chapter of the Boy Scouts of America.

Education Plan 'Too Costly'

The state's education plan is considered too costly by many people. The plan, which was proposed by the state's education board, would require a significant increase in state spending. Many people said that the plan was too costly because it would require a significant increase in state spending. They said that the plan was too costly because it would require a significant increase in state spending.

Chef Dies

A chef died today in a restaurant in Tallahassee. The chef, who was well-known in the community, died of a heart attack. He was a member of the local chapter of the American Culinary Federation and had served as its president for several years. He was a well-known chef and a member of the local chapter of the American Culinary Federation.

What A Way To Spend Yule!

With lots of beer, good-looking college girls and rest in one of the nation's plush resorts, So. Fla. will spend the Christmas and New Year holidays in a most unusual way. The 60 servicemen who arrive here Sunday evening are all returning from Vietnam. The program started three years ago when former owner Jack Stewart thought it would be a good way for the battle-weary men to spend the holidays.

Forgotten GI Wins Discharge From The Army

OAKLAND, Calif. (AP) — Joe Smith, the soldier the Army lost to the filing system for 10 months, is a real civilian today and says "it's a great feeling."

Without comment, the Army put Smith, 25, through its special discharge procedure today at the Oakland Army Base.

Following Army instructions, he had waited at his Riverside, Calif., home, awaiting for his special orders following basic training in 1965 at Ft. Hood, Tex.

After 18 months of waiting, at home with his wife, Gladys, Smith put on his uniform and reported at the Oakland base last June to ask for his discharge.

"I was quite a sweat, but now it's all over, and everything, all right," said Smith after receiving Tuesday from the base with his separation papers.

"Now I want to find me a job here in the Bay area," Smith's adventure began when he went to his home on 24-day leave. The Army sent him a message there telling him to stand by for special orders.

While he waited Smith took a temporary job at \$128 a week. The Army's monthly allotment check for \$52.50 kept coming to his wife, plus an \$18.18 savings bond every three months.

The American Civil Liberties Union took up Smith's cause, contending he had followed the Army's orders precisely.

While the ACLU took the case to court, Smith was assigned to the 6th Army headquarters at the Presidio as a runner and promoted to private first class.

His Federal Judge Robert C. Fulkham issued a show cause order last Friday for the Army to explain why Smith should not be released, the Army announced he would be discharged.

Smith said he understood the Army would make no claim for the allotment payments to his wife.

Navy Pilot, Francis Wood Exhibits Art

By MRS. JOSEPH MATTHEUX
There will be an exhibit of seascapes and still lifes by Lt. Commander Francis Wood on display at Scripps Glass and Paint Co. throughout the month of December.

His paintings won acclaim at the annual art show of the Sanford-Seminole Art Association this year taking second place in still life and landscapes. Lt. Cmdr. Wood is a Navy pilot with RVAH-9 and has returned from a tour of duty in the Mediterranean.

He has been painting most of his life, but only started painting seriously in 1965. He is married and lives in Loch Arboe with his wife and four children.

'Gardner Plan' is Proposed
WASHINGTON (AP) — The Washington Post has received a suggestion for naming the foreign aid program.

Now Up To 7 Raiders Coast 86-45

By TOM ALEXANDER Sports Staff
The Seminoles Junior College Raiders rolled to their fifth straight victory Wednesday evening and to their seventh victory of the season as they disposed of Florida Junior College 86-45 in a game played at Jacksonville.

The Raiders who are the No. 1 defensive squad in the state played mostly their second equal in achieving victory. Head Coach Joe Starnes wants everyone of the team to have plenty of game experience as they start their drive for the State Championship.

Steve Groover was the big man for the Raiders as he played in 22 points for high scoring honors in the tilt. This is the third time this season Groover has been over 20 points.

Both teams started off cold in the Raiders who usually have very hot starts only had 13-10 points in the first 10 minutes of the game. The Raiders were led by Ed Thompson, a 6'7" center who went on to play a beautiful defensive game and score six points.

Coming out of a shooting slump was Mike Dover. Wynn 27' guard for the Raiders who played in 10 points. John Thompson had nine points from the field and Gary Sanders who shot over with Wynn had eight.

Bobby Booth who is a key substitute for the Raiders played in six more in the winning effort. Fred Wilson who has been having shot troubles for the past several games only managed to tip in five points.

John Lumpkin and Earl Stokes had two apiece along with Curtis Massey. Dan Millington finished the best only once in a foul shot as he clipped in one point for the cause.

High scorers for Florida Junior were Jerry Knott with 10 points and David Patton who also clipped in 10 points.

The Raiders scored at will and with three minutes left in the game they were up 86-45. The Seminoles had a 20-point blitz. The half-time score was 38-27.

Seminole High School found the one-two punch in the Webers, junior cheerleader Karen and her brother, Fred. This winsome combination has been performing in similar capacities through their earlier school days with Fred lunging the leather and Karen using a "leather lung." ... Rah, rah Seminoles.

Sports News In Brief Keys Paces College Racers

NEW YORK (AP) — Leroy Keys of Purdue led major-league football players in scoring during the 1967 season and C.J. Simpson of Southern California led in rushing, according to statistics released today by the NCAA.

AMES, Iowa (AP) — There were reports today that Iowa State University has offered to head football coaching job to Johnny Majors, a 23-year-old assistant coach at Arkansas.

Dr. William Thompson, chairman of the ISU athletic council, said after the council interviewed Majors and two others Wednesday: "We haven't offered the job to anyone, but I don't think we will be interviewing any further candidates."

Hunts Coach NEWTON, Mass. (AP) — Boston College was seeking a new head football coach today to succeed Jim Miller, who resigned after six years in the post when the school declined to give him a new three-year contract.

Tiger Named NEW YORK (AP) — Dick Tiger, world light-heavyweight champion, Wednesday was named Fighter of the Month by Ring magazine for stopping Roger Rosen in the 12th round of their title bout.

NOTEBOOK NOTICES Note to Lyman Sam: Let's re-visit an interesting note for you. E.O.'s "Walker, when we are going to get those individual and team shots of the Greyhound."

Reporter: "I'm sorry, but the coach says that he doesn't think he'll have any newspaper shots this season!" I know that we usually don't get one photo, but I'd appreciate it if the Continental Football League's press office in Philly wouldn't send me their fax-and-figures in a "postage due" envelope. Here's hoping you all make it back next year. And as a further wish, I hope Santa Claus drops off a PK man for the Orlando office, etc.

I see that Mike Wheelock is playing host to the Central Florida Tri-Army Tournament again tomorrow. You know, the Mayfair had the privilege last month and at a special meeting on Monday, the group voted the honor onto Mike again. Attaway to drive "em, Mike, Long and straight ... to Sanford, that is."

Get a real kick when I took those pics of the South Seminoles Junior High School basketball team earlier in the week. Head's even gotten out of my blue blued of bolts when two or three of 'em let out a "Gee he is — the greatest!"

Took me all the next day to try and figure out whether it was a compliment or the ras-berries. Only Cassius is the greatest ... ha! ha! ha!

A pending note from Seminoles' Athletic Director Ralph Stumpf: "Please convey my thanks to the Sanford Herald, the local merchants, W.T.B.R. for everyone's fine co-operation." Consider this as a "Gee he is — the greatest!"

Ticked me silly to see Simon Harper and Steve Tronick selected in the Class B football announcements. Took me all of an extra page to type Simon's talents onto the bottom of the ballot. Here's just a junior and plenty of time for him to make it by next season.

It really grates me though, that a certain sportswriter in Orlando, who is supposed to send out the ballots for the Class A team ... neglected to mail one to me. Seems funny, but everytime we call "over there" for him, he's not available. If you think I took extra space to write about Harper, just wait'll I get through writing this kind!

Another ballot cast, this one to pick the Florida Pro Athlete of the Year and also the Amateur Athlete of the Year. Just to you can see how far off your ballgame reporter when the results are announced, my X was placed alongside the names of Bob Hayes and Richard Trap, respectively.

FINAL NOTE ON BALLOTS ... we've polled the local coaching fraternity for their choices in the Annual Sanford Herald All Seminoles County Teams and it's just loaded with talent.

★ ★ ★ ★ ★
Dixie know, that the next time you're watching the pros on the boob tube, Deacon Jones of the LA Rams is a "native son." Well, almost a native son since he was born in Edenville ... just down the road a piece.

★ ★ ★ ★ ★
They're going to have a David "Deacon" Jones Day in Orange County on January 27.

★ ★ ★ ★ ★
Mayor Carl Langford will present him the key to Orlando. Better watch it Your Honor or he may want to run for your office and then you'd have to take his place on the line.

★ ★ ★ ★ ★
A Sure Winner
Farmer looking at sheep here: "Tell me what on earth you are going to do with that sheep." "I'm going to raise him." Farmer: "You'll win."

Lions Hoopsters Are Ready

By LARRY WELLY Sports Staff
Still smarting from the loss at the hands of Vero Beach, the Orlando Lions have been working hard to prepare for the rest of the upcoming season. Though they lost last Saturday, the Lions posted a good showing considering Vero Beach is an AA school compared to the Class "B" status of the Lions.

One of the major problems which plagued the Lions all last year which is the problem of foul, apparently is not going to trouble this year's squad.

"This year we had a lot in the stretch," said Louisville Coach John Dromo, "the guy who was the real difference was Unseld. He got the key buckets and particularly the key rebound when we needed it. I thought our zone defense was fabulous in the clutch."

Jo-Jo White's layup put Kansas within 47-44, but as Owens put it "Louisville had the poise and the patience to make the plays when it mattered."

Four-ranked North Carolina and ninth-ranked Kentucky, the other teams in The Associated Press Top Ten to see action, enjoyed home court romps.

Larry Miller's 24 points led North Carolina over Kent State, despite a 41-point performance by Kent's Doug Grayson. Kentucky overwhelmed Xavier of Ohio 115-74 behind Phil Argen-

to 23 points for Coach Adolph Rupp's 33rd career victory. Rupp needs only nine to break the all-time record of 371 held by the retired Phil Alton of Kansas.

Duke led by Steve Vardemich's 23 points, crushed Michigan at Ann Arbor 83-72, but West Virginia pulled out a 63-53 home court triumph over St. John's of New York when Jim Lewis tallied three points in the last 48 seconds to erase a 6-52 Redmen lead.

So Now We Know
Sure Way To Win At Track
By JOHN A. SPOLSKI Sports Editor
If you're lucky enough to get the grand tour of the Sanford-Orlando Kennel Club by its owner Jack Ledoux, then you're in for an entertaining and educational afternoon.

As an example, did you know that more people go to the dog tracks in Florida than they do for horse racing and that they also place more wagers, something like twice as much on the dogs as they do for the nags.

"John, we're nothing to kid, you ask the questions and I'll supply the answers," was the invitation from the popular Ledoux as he was jumped at the chance and shot back, "O.K. How many dollars are we talking about in this local operation?"

Ledoux stated that back in 1956, when he assumed control of the track, it was doing approximately three-and-a-quarter million dollars annually. It has grown steadily to five times as much last year, 15 and-a-quarter million.

"You might add," offered Ledoux, "I'm certain that it'll continue to grow to the point of 25 million or more!"

Of no small note to the state is the track's annual tax bite of nearly one million dollars. As many as three dollars on and for the local racing season are there that many, plus five 6's ... and I couldn't count that high.

"Let's talk about the people and their chances of going home with a couple of winning bucks in their pockets."

"Well, the biggest single payoff we've had to date is \$2,500, top here again. I think I've topped this year. Last year our club was the first track in the country to introduce the Big Perfects and since that time it's grown in popularity by leaps and bounds. I can see where the winner will be getting around \$10,000," said Ledoux.

"And by the way, if that \$5,000 prize seems high to you for a dog, just remember the winnings of Miss Whirl. I told him that I didn't go in for watching Miss America TV."

See you at the track.
MAKING CERTAIN 's all goes well, Jack Ledoux (right) is on the scene daily at the Sanford-Orlando Kennel Club preparing for their opening on the 15th. One of the many regular schedulers to maintain in checking the weight of the dogs (left) with trainer Bill Norton putting Handi-Max into the scales. And for those who can pick winners just by looking them in the eyes, make your choice in the bottom photo. (Herald Photos)

Unsold Leads Cards . . . Louisville Wins 57-51

By THE ASSOCIATED PRESS
Unsold appears headed for his greatest season in college basketball.

The 8300-8 All-America for the University of Louisville got the key buckets and the key rebounds in leading the Cardinals to a 57-51 victory over the Kansas Jayhawks Wednesday night.

A sellout 17,000 turned out at Lawrence, Kan., for the battle between the nationally third-ranked Cardinals and the fourth-ranked Jayhawks that headlined a key night on the college hardwood.

Unsold threw in 20 points, the same total as his teammate Keith Benson, but it was Unseld's free throw with 6:11 left that put Louisville ahead to stay at 45-44.

"This year we had a lot in the stretch," said Louisville Coach John Dromo, "the guy who was the real difference was Unseld. He got the key buckets and particularly the key rebound when we needed it. I thought our zone defense was fabulous in the clutch."

Jo-Jo White's layup put Kansas within 47-44, but as Owens put it "Louisville had the poise and the patience to make the plays when it mattered."

"This year we had a lot in the stretch," said Louisville Coach John Dromo, "the guy who was the real difference was Unseld. He got the key buckets and particularly the key rebound when we needed it. I thought our zone defense was fabulous in the clutch."

Jo-Jo White's layup put Kansas within 47-44, but as Owens put it "Louisville had the poise and the patience to make the plays when it mattered."

Four-ranked North Carolina and ninth-ranked Kentucky, the other teams in The Associated Press Top Ten to see action, enjoyed home court romps.

Larry Miller's 24 points led North Carolina over Kent State, despite a 41-point performance by Kent's Doug Grayson. Kentucky overwhelmed Xavier of Ohio 115-74 behind Phil Argen-

to 23 points for Coach Adolph Rupp's 33rd career victory. Rupp needs only nine to break the all-time record of 371 held by the retired Phil Alton of Kansas.

Duke led by Steve Vardemich's 23 points, crushed Michigan at Ann Arbor 83-72, but West Virginia pulled out a 63-53 home court triumph over St. John's of New York when Jim Lewis tallied three points in the last 48 seconds to erase a 6-52 Redmen lead.

So Now We Know
Sure Way To Win At Track
By JOHN A. SPOLSKI Sports Editor
If you're lucky enough to get the grand tour of the Sanford-Orlando Kennel Club by its owner Jack Ledoux, then you're in for an entertaining and educational afternoon.

As an example, did you know that more people go to the dog tracks in Florida than they do for horse racing and that they also place more wagers, something like twice as much on the dogs as they do for the nags.

"John, we're nothing to kid, you ask the questions and I'll supply the answers," was the invitation from the popular Ledoux as he was jumped at the chance and shot back, "O.K. How many dollars are we talking about in this local operation?"

Ledoux stated that back in 1956, when he assumed control of the track, it was doing approximately three-and-a-quarter million dollars annually. It has grown steadily to five times as much last year, 15 and-a-quarter million.

"You might add," offered Ledoux, "I'm certain that it'll continue to grow to the point of 25 million or more!"

Of no small note to the state is the track's annual tax bite of nearly one million dollars. As many as three dollars on and for the local racing season are there that many, plus five 6's ... and I couldn't count that high.

"Let's talk about the people and their chances of going home with a couple of winning bucks in their pockets."

"Well, the biggest single payoff we've had to date is \$2,500, top here again. I think I've topped this year. Last year our club was the first track in the country to introduce the Big Perfects and since that time it's grown in popularity by leaps and bounds. I can see where the winner will be getting around \$10,000," said Ledoux.

"And by the way, if that \$5,000 prize seems high to you for a dog, just remember the winnings of Miss Whirl. I told him that I didn't go in for watching Miss America TV."

See you at the track.
MAKING CERTAIN 's all goes well, Jack Ledoux (right) is on the scene daily at the Sanford-Orlando Kennel Club preparing for their opening on the 15th. One of the many regular schedulers to maintain in checking the weight of the dogs (left) with trainer Bill Norton putting Handi-Max into the scales. And for those who can pick winners just by looking them in the eyes, make your choice in the bottom photo. (Herald Photos)

Unsold Leads Cards . . . Louisville Wins 57-51

By THE ASSOCIATED PRESS
Unsold appears headed for his greatest season in college basketball.

The 8300-8 All-America for the University of Louisville got the key buckets and the key rebounds in leading the Cardinals to a 57-51 victory over the Kansas Jayhawks Wednesday night.

A sellout 17,000 turned out at Lawrence, Kan., for the battle between the nationally third-ranked Cardinals and the fourth-ranked Jayhawks that headlined a key night on the college hardwood.

Unsold threw in 20 points, the same total as his teammate Keith Benson, but it was Unseld's free throw with 6:11 left that put Louisville ahead to stay at 45-44.

"This year we had a lot in the stretch," said Louisville Coach John Dromo, "the guy who was the real difference was Unseld. He got the key buckets and particularly the key rebound when we needed it. I thought our zone defense was fabulous in the clutch."

Jo-Jo White's layup put Kansas within 47-44, but as Owens put it "Louisville had the poise and the patience to make the plays when it mattered."

Hockey's Hot-Shot . . . Mikita vs. Hull

By THE ASSOCIATED PRESS
Chicago's Stan Mikita is giving teammate Bobby Hull a run for the money again as the Black Hawks spring up to the National Hockey League race.

Mikita, the defending NHL scoring king, outgained Hull four goals to two Wednesday night, leading the Hawks to a 7-3 romp over Pittsburgh that sent them into a fourth-place tie with New York in the 1st division.

Minnesota's expansion club played Toronto to a 1-1 standoff, but the game was decided by a share of the East lead with Boston, New York and Detroit battling to a 3-3 deadlock. Los Angeles topped Philadelphia 4-0.

In registering the first four-goal game of his nine-year NHL career and adding an assist on Hull's second goal of the night, Mikita climbed from 13th to fifth place in the individual scoring race.

The elusive little center won the 1967-68 title with a record-tying 97 points, but got off to a slow start this season, along with the Hawks. But after scoring just one goal in nine games,

Division lead by holding off the Blues after second period goals by Brian Smith and Ted Irvine built a 3-1 margin. St. Louis' Fred Houck closed the gap in the final minutes of play. Dave Amadio opened the Kings' scoring before Don McKenney's first goal of the season tied it for St. Louis.

Billy Harris scored two goals, leading Oakland past the blind Los Angeles in the West. Flyers, who left one point to Gerry Egan and Billy Hicke had one goal apiece for the Seals while Gerry Peters and Leon Rochford hit the nets for the Flyers.

Norm Ullman's goal midway in the third period earned Detroit a tie with the Rangers at New York and kept the Red Wings in third place. Gordie Howe and Alex Delvecchio also scored for the Wings. Don Marshall, Jean Ratelle and Reg Fleming were the New York goalmakers.

Los Angeles grabbed the West

BOBBY HULL OF THE BLACK HAWKS HAS BOASTED 40 GOALS AND 40 ASSISTS IN HIS FIRST SEASON. HE IS A POWERFUL PLAYER AND A GREAT TEAM PLAYER.

Guess Who ? ? Rams Must Win Big

NEW YORK (AP) — "Our objective is to win. We're not building for the future. The only way we're concerned about is 1967. What good is it to have all young men of promise, like Kansas City's pitching staff, if you finish last?"

George Allen, coach of the Los Angeles Rams, spoke these words last August before the National Football League season had started (and also before Kansas City's Athletics had moved to Oakland).

Allen's Rams came up to the first of two big games Saturday night in the league in routing Green Bay at the Coliseum.

They can just about forget it for 1967. If the Rams lose, Baltimore can lock up the Coastal Division Sunday by beating New Orleans.

But a win for the Rams over the Packers would leave it all up to the Baltimore at Los Angeles game on the final day of the season and Dec. 17.

Everybody talks about the Rams' defense but that offensive line-up can't be overlooked. With Les Josephson and Dick Bass running the ball; plus occasional spot duty by ex-Viking Tommy Mason, the Rams rank No. 2 in the league in rushing offense.

Clint Jones and Bubba Smith, Michigan State's two big stars of last year, are spear carriers in the NFL as rookies. Jones has carried only 12 times for 18 yards for the Minnesota Vikings; Smith, 32, is having a big year as defensive tackle.

George Webster, the Michigan State defender, is doing a great job at linebacker for Houston's contending Oilers in the AFL.

Miss Whirl was born right here in Longwood having won 148 races and over \$100,000. Being the big time \$2 bettor that I am, I proceeded to show my "shrewd" by deducting \$100 from the 100 and all of a sudden, I'm starting to like the odds ... totally disregarding the fact that I've lost back there in the kennel.

An average daily attendance of 2,000 fans crowd the plush accommodations, handled comfortably by the more than 400 persons on the track's payroll.

Having been loaded down with 1,100 other dogs back there in the kennel, I'm anxiously awaiting the opening of this season on Dec. 16 at which time I'll confidently plunk my big \$2 bet ... based on nothing more than my wife's nudgings that a certain cute gray dog, with that lovely yellow jacket just "ran" last tonight.

See you at the track.

Cincinnati U Plays Market

CINCINNATI, Ohio (AP) — The University of Cincinnati plans to buy more growth stocks in the future instead of sticking to high-grade corporate bonds that yielded a fixed return.

The board of directors approved the change after Philip M. Meyer, the board's finance committee chairman, delivered a lecture on practical finance.

Soused

TULSA, Okla. (AP) — The traffic pattern at Tulsa International Airport was interrupted briefly when a car was spotted running up and down the runway, police said.

Red Gunners Hit Marines With Heavy Attack

SAIGON (AP) — North Vietnamese gunners hit the U.S. Marine forward post at Con Thien Wednesday with the heaviest artillery barrage in more than two months and probed a nearby Marine position with a ground attack.

In the same area just below the demilitarized zone, a Marine fighter-bomber supporting the ground troops accidentally dropped a bomb on the perimeter of American positions and added to the U.S. casualties.

The barrage of 276 rounds of artillery and mortar fire and the ground probe by an estimated company of North Vietnamese killed seven Marines and wounded 77, the U.S. Command said. The accidental bombing killed another five Marines.

The Marines reported killing three North Vietnamese. Headquarters said the artillery barrage included 80, 60 and 120mm mortar and 100mm artillery rounds. A spokesman said it was the heaviest barrage since Sept. 25, when Communist gunners slammed more than 1,000 rounds of artillery and mortar into Con Thien, which was under virtual artillery siege during the entire month of September. The Marines suffered nearly 1,000 casualties then.

Simultaneously on Wednesday, units of the 4th Marine Regiment, 21 miles northeast of Con Thien came under a four-hour attack by an estimated company of perhaps 150 North Vietnamese who opened up with small arms, machine guns and bazooka-type rockets. Marine fighter-bombers, artillery and helicopter gunships finally drove the Communists off.

The United States countered with two raids by B-52 bombers above and below Con Thien, naval gunfire from destroyers off shore and strikes by tactical fighter-bombers against the Communist gun positions and supply routes.

In one raid today, the eight-engine B-52 dropped thousands of pounds of bombs on roads, buildings and military facilities 30 miles above the DMZ which feed men and supplies to the 35,000 North Vietnamese troops believed to be threatening Con Thien and other Marine outposts below the frontier.

In a second raid today, the big bombers pounded Communist southwest of Con Thien. U.S. Air Force, Marine and Navy jet fighters also hit scores of targets just inside North Vietnam Wednesday in a concerted effort to cut supplies heading south to the frontier.

The Navy reported that the destroyer Leary knocked out one artillery and one mortar position and touched off two secondary explosions and a fire in the southern portion of the demilitarized zone.

Other action flared in the critical northernmost areas of South Vietnam. Communist gunners fired 20 mortar rounds into a Marine unit six miles south of Hue, the old imperial capital which is 40 miles south of the zone. Six Marines were killed and six were wounded.

Just to the southwest of the big Marine base at Da Nang, two Marines were killed and 10 wounded when Communist gunners made two ground assaults on a small base camp early Wednesday.

Heart Patient Leaves Bed Baby Boy Fails Operation

CAPE TOWN, South Africa (AP) — Louis Washkansky left his sterilized room today for the first time since the historic transplant operation four days ago replaced his failing heart with a healthy one.

Washkansky, in the second day of a week-long critical period during which his body may attempt to reject the alien heart, was wheeled on a bed more than a quarter of a mile through Groote Schuur Hospital to the radiotherapy department for a cobalt treatment intended to prevent rejection.

He was returned to his room 45 minutes later. He received cobalt treatments in his room Tuesday and Wednesday from a heavily built portable radiation device.

Until today, the 55-year-old wholesale grocer had been kept isolated in an oxygen tent because the radiation and drugs designed to overcome the body's tendency to reject foreign substances also leave him more susceptible to infection.

Doctors said there has been no sign so far of "immunological rejection" of the heart transplanted Sunday from a 25-year-old woman killed in an auto crash, but they kept a minute-by-minute watch on the patient.

Dr. Christian Barnard, who headed the team that operated, told newsmen Wednesday he believes Washkansky's body will continue to accept the new heart.

Washkansky's own heart had been expected to quit this week. But Dr. Barnard said the patient may go home in two weeks if he keeps up his steady improvement. He said Washkansky would be better off at home because "hospitals are where germs are found, and the chance of infection would consequently be greater."

Mother Arrives To Aid Probe Of Slain Son

DAYTONA BEACH (AP) — Twelve hours after she buried her son, Mrs. Maurice Shoultz arrived in Daytona Beach to help Florida authorities try to solve the murder of her son and a companion.

Mrs. Shoultz, helped off the plane by her husband, burst into soba as Flagler County Sheriff P. A. Edmondson and Ray Cass, investigator for the state attorney's office, introduced themselves to her Wednesday night.

Her son, 18-year-old Daniel E. Shoultz, was buried at 9 a.m. Wednesday morning and Mrs. Shoultz arrived here at 8:30 a.m.

She and her husband were driven to Bunnell, passing the spot on U.S. 1 where her son's body and that of James Moore, 18, of San Anselmo, Calif., were found Nov. 29 in a grass-covered ditch.

Mrs. Shoultz came to Florida to see if she could identify a suitcase and photograph record as those of her son.

The items were taken from Kit Armin Hayden, 21, when he was arrested in Baton Rouge, La. He has refused to waive extradition proceedings to face a first degree murder charge in Florida.

Norman G. Garrett, 26, of Burns, Ore., also accused of the murders, is still at large.

Dear Abby

By Abigail Van Buren

DEAR ABBY: I am a girl who will be 18 in a few days. I have a very nice young man, but he is not the one I want to marry. I have a very nice young man, but he is not the one I want to marry. I have a very nice young man, but he is not the one I want to marry.

Jacoby On Bridge

Jacoby and Son

There is no honor in playing to beat, and the higher the stakes the more desirable it should be to play and not to win. The correct line of play would make the hand impressive to the audience of the king of clubs, provided nothing breaks too badly.

Polly's Painters

By Polly Cromer

DEAR POLLY—When working on a decorative wall, a wall of translucent material should be used. I have found the perfect for walling paper and wallpaper on plastic material—MEX. M. T. DEAR POLLY—The 18 inch wide plastic material is a good idea for a decorative wall. I have found the perfect for walling paper and wallpaper on plastic material—MEX. M. T.

Beauty after Forty

By Edith Thomson Maland

I have just finished looking over the collection of Christmas cards by the American Artists Group—original designs and reproductions of paintings which are truly beautiful and do have that special touch which makes them so special.

Americans Saved Record \$37.8 Billion In 1967

By JOHN CHAPMAN
WASHINGTON (AP)—It was the most successful year in the history of the American economy with low inflation, stable interest rates and tight money last year, which has a tendency to the economy's recovery and high growth rates. It requires no analysis, however, to uncover the causes of this change. Retail sales have grown at a rate less than expected. Car sales have been sluggish. Investment credit has risen only slowly. Debt repayment has been swift. The government has proved, in other words, that with its discretionary financial power—its choice to either spend or save—it can greatly influence the course and fluctuations of the economy.

It is perhaps only partly a coincidence that after the boom which attacked the growth last year, retail prices began to stabilize. Retail prices have risen 1 per cent since then, but food prices have gone up only one-tenth that percentage.

The wide use of consumer credit has been one of the main causes of the post-World War II boom. The expansion in its use has, literally, amounted to a revolution in American attitudes and living habits. Gas, for example, is the old cliché that said what is purchased must first be won with toil. The attitude now is quite opposite: buy now and pay later with income from your work.

Household indebtedness, therefore, has continued to rise almost invariably, increasing in every year since 1965 and now approaching \$40 billion. It was \$35.1 billion in 1966.

During this same time consumer credit alone has risen from \$14 billion to \$38.3 billion this year, but its gain was the smallest since 1961.

Whereas it grew from \$7.9 billion in 1965 to \$9.4 billion at the end of 1966, the gain in the past year will amount to only a bit more than \$1 billion, a tremendous slowdown.

Protest Brings LBJ On Phone

LIVERMORE, Calif. (AP)—President Johnson personally telephoned Governor Jerry Brown today to discuss the White House's refusal to accept the resignation of Vice President Hubert H. Humphrey.

It happened because Markta and three young companions staged a protest before the White House.

Markta said they had spent a dollar showing the White House their protest. "We feel we've wasted our money," she explained.

Markta said she and her friends would then be recording the President personally didn't accept the resignation. "You feel you've wasted your money," she explained.

A White House staff member told the James E. Wilson home on Monday. He told Mrs. Wilson the President wanted to call and talk to the children—Markta, her sister, Tasia, 11, her brother, Peter, 8, and Holly Blane, 13, a friend who invested \$5 cents in the first phone call.

"Oh, have him call tomorrow. It's Markta's birthday," explained Mrs. Wilson.

All the kids were by the phone when the President called at 7 a.m.

"He told us he agreed everyone should get his money's worth."

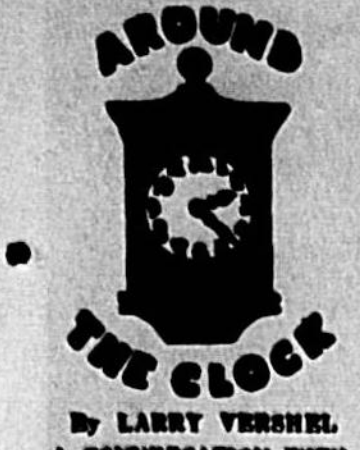

The President and Vice President Humphrey chatted on with Markta and friends for nearly 10 minutes.

Markta's father is a physicist at the Lawrence Radiation Laboratory.

American Tradition

RED BLUFF, Calif. (AP)—The great American tradition of buying on credit goes a step further in Tehama County.

Recognizing that paying taxes can be burdensome for those short of cash, the Board of Supervisors says it will allow property owners to pay their local taxes with a bank credit card.

Appeal Filed In Appellate

Further legal maneuvers to have ex-police Lt. Joe Hickson reinstated with the Sanford Police Department was begun late Thursday afternoon with filing of an appeal in the Appellate Court by Hickson's attorney.

Appeal is on the decision throwing the ex-police officer's case out of court which was argued by Circuit Judge William A. Kridger on Oct. 11.

Hickson was fired from the force on March 21 of this year on charges brought by Police Chief Ben Butler. Following lengthy hearings before the City Service Board, the action was confirmed.

City Attorney William Hutchings represented the city during the drawn out struggle.

Hickson was dismissed on charges of "negligence of duty" and "conduct unbecoming an officer." He was also charged with failure to properly train and confine the city's canine dog.

It was testified at the public hearings that the ex-police officer had threatened police officers of subordinate rank with bodily harm.

And then we went to the trophy. (Well we had to see how the citizens were doing with their fruit cake sale, wise guy.)

"Wouldn't it raise a howl," said one of Congressman Ed Gurney's working staff prior to the \$100-a-plate dinner last night. "I don't know. 'If I'd got up and said, 'I want to thank all of you for taking your time and money to be out in my behalf'—but I do NOT choose to run'" (for the U. S. Senate).

FROM OUT OF THE PAST—Remember those "No Parking" signs along First Street during the recent Christmas parade? The signs were printed in Cincinnati, Ohio.

On Nov. 10 Roger Berry passed the bar exam in Sanford and today, almost two months later, he's a judge. Well, for one day—Verroon. Mize out-of-town... Roger did a good job.

There's a research group interested in locating at the 1,000 acre Orceola air strip in northeast Seminole County.

Casselberry Police Chief Charles Love's appointment comes Monday night. The mayor already has said "yes." The council will say "no."

An official of the Division of Marketing for the state will be in town within the next week to look over farmers market property on 13th Street. He'll meet hub-bub with city officials to discuss future Goldshore Recreation facility.

Sand Lake Road hearing off again... Judge turned up sick today.

Look for Longwood's city attorney to be responsible for another year. Wonder if the Council there will pay him a year in advance again, too?

Big difference in the policies of the Cities of Longwood and Altamonte Springs. In Altamonte, builders to get plaza approved have to pave streets in their subdivisions, furnish water lines, etc., and then deed the improvements to the city. In Longwood, the city builds the streets and lays the water lines to get the builders to develop property.

Engineers Clark, Dietz and Associates will spend their sixth floor offices in the Sanford Atlantic Bank Building.

The Seminole Educational Association now wants release time for its president to attend all school board meetings and workshop sessions.

Will Commission Let City 'Float' Into '68?

Hickson's Attorney Goes To Higher Court

Appeal Filed In Appellate

Further legal maneuvers to have ex-police Lt. Joe Hickson reinstated with the Sanford Police Department was begun late Thursday afternoon with filing of an appeal in the Appellate Court by Hickson's attorney.

Appeal is on the decision throwing the ex-police officer's case out of court which was argued by Circuit Judge William A. Kridger on Oct. 11.

Hickson was fired from the force on March 21 of this year on charges brought by Police Chief Ben Butler. Following lengthy hearings before the City Service Board, the action was confirmed.

City Attorney William Hutchings represented the city during the drawn out struggle.

Hickson was dismissed on charges of "negligence of duty" and "conduct unbecoming an officer." He was also charged with failure to properly train and confine the city's canine dog.

It was testified at the public hearings that the ex-police officer had threatened police officers of subordinate rank with bodily harm.

Port Getting Final Plans

Final plans for the Port of Sanford will be received from the engineers in time for study by the Seminole County Port Authority directors at the monthly meeting Tuesday evening.

Administrator Francis Roumillat said today the directors will be given an opportunity to study the completed plans and make recommendations for any possible changes.

Thursday, he added, the plans will be submitted to the U. S. Office of Housing and Urban Development (HUD) for its approval. HUD is expected to be the low bidder at 4 1/2 per cent interest for the port's \$900,000 bonds.

Following HUD's approval of the plans, the Port Authority will ask for bids on construction, Roumillat said. It is expected the port will be completed and "ready for business" by next October.

MRS. EVERETT DIRKSEN, U. S. Rep. Edward Gurney and 1,300 other persons smiled last night as Senator Dirksen and Gov. Claude Kirk joked via telephone between the "Draft Gurney" dinner and the Republican Governors conference at Palm Beach.

Bassett Suggests Tax District For Lake Mary

Creation of a special improvement district for the Lake Mary area was suggested by Representative E. Pope Bassett Thursday night in a talk before the Lake Mary Chamber of Commerce.

Bassett explained the special district would be similar to the fire district set up in the area some eight years ago and that a possible small tax increase could be used for financing needed labor to clean and maintain the parks and benches. He stressed that such a measure would be subject to referendum vote of the people.

In other points of his talk on legislation passed this year, he touched briefly on those of the 42-year-old wife Wednesday and immediate arrangement before Peace Justice Al Davis is expected on the charges.

Holt was transferred to county jail following issuance of the Sunday warrant by Judge Davis. He had been held in city jail for the past 24 hours on an assault and battery charge.

The mother of six, taken to Seminole Memorial Hospital by her husband Wednesday, was a dead on arrival and Davis, as coroner, ordered an autopsy.

Holt Faces Murder Count In Wife's Death

Charges of second degree murder were leveled today against Willie Holt of 1102 Ninth Street in the death of her 42-year-old wife Wednesday and immediate arrangement before Peace Justice Al Davis is expected on the charges.

Holt was transferred to county jail following issuance of the Sunday warrant by Judge Davis. He had been held in city jail for the past 24 hours on an assault and battery charge.

The mother of six, taken to Seminole Memorial Hospital by her husband Wednesday, was a dead on arrival and Davis, as coroner, ordered an autopsy.

Goodin Urges Resident Staff Of Planners

Former County Planner Jack Goodin in a brief summary of recommendations to the city and county urged Sanford to revise and update its comprehensive program. At the same time, the planner urged the county to build up, "an adequate resident planning staff to be able to assist municipalities."

Goodin, now attending a conference in Miami, closed out his two hours of discussion. In these endeavors certain guidelines were defined: 1. SISTER will follow protocol, present development plans to the city for approval. 2. Downtown merchants and landowners will be contacted so that efforts to assist will be acceptable to those most vitally concerned. 3. Assistance from all organized groups will be welcomed.

What was outlined during the meeting, characterized by impatience to get on with their clean-up task and appreciation of the need to interfere with holiday buying, included two major situations.

One was an acceptance of the area for initial attack as First Street from Oak to San Carlos. Another was the creation of two parks at either end of this section which would brighten up First Street, especially on the east end where the Winn-Dixie complex is rapidly taking shape.

The next meeting of SISTER was set for Dec. 28 at noon in the House of Reef. It is expected that the executive committee will meet on Dec. 28 at noon in the House of Reef. It is expected that the executive committee will meet on Dec. 28 at noon in the House of Reef.

Longwood Hunting Site For Sanitary Landfill

A special committee was named by the Longwood City Council last night to look into the possibility of negotiating a trade of city property on Lake Mary Road for a clay pit and city sanitary landfill site.

Mayor A. R. Lormann, City Attorney Gene R. Stephenson and Councilman Homer Scott were named as the committee. It is proposed that the five acre tract of city property be traded for five acres of clay pit in the area of the Lake Mary Road. As the clay would be removed, the area would be used as a garbage dump.

Councilman Eugene Jacques has been urging for many months that the Council consider the possibility of acquiring the property and initiating city garbage collection service within the community.

Councilman Scott stated he would speak with zoning authorities to have the sanitary property zoned for the sanitary landfill.

In other business, Councilman Scott stated that the City Council will hold a public hearing on the date for a work session to iron out final details on the new charter with referendum provision to be submitted to the voters.

Deputy's Home Racked By Fire In Longwood

A short circuit in a child's electric toy is believed to be the origin of a fire which caused \$2,500 to \$3,000 damage to the home of Mr. and Mrs. Jack L. Bushor on Marvin Avenue, Longwood last night.

Bushor is the former police chief of Longwood and is currently a deputy sheriff.

Mrs. Bushor told The Herald today that the fire in her daughter's bedroom was discovered at 7:30 p.m. Thursday. The fire was out of control by the time it was discovered.

Damage estimates do not include loss of furniture or clothing. All of the two girls' (Christine 10 and Vickie 6) personal belongings and clothing were destroyed as well as Christmas and workshop sessions.

SIC Sets Meet

A meeting of the Sanford Industrial Commission is in the board's office on Second Street for Monday at 8 a.m. was announced today by Don Babel, executive manager. The agenda will include an updating on the following continuing subjects: Construction of speculative shell buildings, local financing for industry, EDA loans and grants and the change of the Naval Air Base.

Decision Due On Monday

The City Commission will face a "hot potato" Monday night when they rule on whether to buy the bars and package stores open on Christmas and New Year's Eve.

This year the pre-holiday festivities fall on Sunday night. A survey of The Herald this morning revealed that some commissioners might favor allowing bars open on New Year's Eve, but were strong in their feelings to keep them shut tight on Christmas eve.

Earl Higginbotham reported, "I don't see anything wrong with keeping them open on New Year's Eve."

Other commissioners were non-committal and declined any comment until Monday.

At the same time the county commission Tuesday may face the same request.

On Oct. 16, they tabled a motion to allow the bars to open on New Year's Eve. It may be brought up again, although Chairman John Alexander said he has no such request at this time.

However, The Herald learned a petition is being sent around sponsored by the Seminole Bar Associations (not attorneys but liquor dealers) to urge the county to relax their action.

Regarding the city, Al Wilson said "no comment" although in the past he has vehemently opposed any selling of alcohol.

Regarding the county, Al Wilson said "no comment" although in the past he has vehemently opposed any selling of alcohol.

Two Jailed For Break-In In S. Seminole

Two Orlando men were in county jail today charged with breaking and entering after they were nabbed at the Duck Bar on Hwy. 17-82 and caught with merchandise stolen from the Chatterbox Bar.

The sheriff said deputy Roy Rice caught the pair, Eugene Chisholm, 18, and Raymond Williams, 20, at the Duck Bar. In their possession were 38 packages of cigarettes, \$20 in change, a box of cigars and radio beveled stolen earlier in the day from the Chatterbox, also located on Hwy. 17-82.

Save Country From '3Vs'—Dirksen

By FRED VAN PELT
 Some 1,300 persons—mostly Republicans but some Democrats—plunked \$100 each into GOP Congressman Edward Gurney's "war chest" last night to hear the U. S. Senate minority leader, Everett McKinley Dirksen, of Pekin, Ill., and DeBarry, Fla., plead for a "transfusion of Republicanism" to save the country from "vice, vandalism, Vietnam" and the current trend toward national bankruptcy.

The "Draft Gurney" committee to finance the Winter Park Republican campaign next year for Democrat U. S. Senator George Smathers's seat in the upper chamber of the Congress... but Gurney was emphatic at an afternoon press conference he is re-evaluating an announcement of his political plans until January.

Dirksen made it clear, at the press conference, that "this is a free country" when queried by newsmen on such matters as former Gov. George Wallace's campaign for president, and such possible Republican tickets (Continued on Page 3A, Col. 6)

Dry Record!

Seminole County set an all-time record during November... 1.16 inch of rain, and that on Nov. 2... the lowest precipitation recorded in the Weather Bureau's records has been this area.
