

Broadway

By JACK O'BRIAN

NEW YORK — Gregory Peck, Dean Stockwell and Anne Revere hopped back to our 'bitz for more shooting on Zanuck's "Gentleman's Agreement," film adaptation of Laura Z. Hobson's novel about anti-Semitism. . . . The bands and entertainers around Broadway who yowl delightedly when they are held over for second or third weeks in the various entertainment premises of this neon-lit community hardly can compete with Charlie Peterson's orchestra at the New Yorker Hotel. . . . A quiet little announcement arrived today noting the fact that Peterson's tunesmiths have been regular New Yorker guests for some seven years!

Arthur Godfrey excused the fact that he placed 15th in a 16-foot sailing competition at Larchmont. . . . Arthur noted the 22 hours a week he devotes to the microphone and added, "After all that time at the mike, I can't get up enough wind." . . . Another movie about the Waldorf-Astoria Hotel, in the same gay vein as "Weekend at the Waldorf," is in the works. . . . Entitled "Happines," it's being developed now at M-G-M.

Gina Jans, a chanteuse who works in the fashionable saloons of both East and West coasts, seems to have fallen upon a cuto upon a ditty little ditty entitled "It Happened in Pasadena." . . . Folks insist she's a "feminine Joe E. Louis." . . . If you wonder why recorders "kiss" and "kiss" her appearance tours of the nation's radio stations, please be informed. It is a very protective trade trick. . . . Johnny Desmond went to Toronto to play the Club Norman there, bustling about the Ontario city's radio stations and record shops with the result: 10,000 copies of Johnny's record of "Guitars" were peddled during his stay, more than ten times the number that had been sold for the several months until then that the disc had been available.

Claude Thornhill, the bandleader whose piano stylings are attracting the recently more-minded younger musical fans, is noted for his absent-mindedness. . . . He remembers entire symphonic scores down to the veriest musical marginal note, but has an impossible time with timetables, telephone numbers, where he left his clothing, even addresses of radio studios. . . . So Tin Pan Alley is giggling somewhat over the title of Claude's new record hit: "You're Not So Easy To Forget."

Two Oscar-winning Pauls at separate tables in grandly gilded Monte's-on-the-Park: Paul (Louis Pasteur) Mual and Paul (Watch On The Rhine) Lucas. . . . Tommy Manville, the Much-I-Do. About-Nothing fellow, requested Eddie to dedicate a medley of tunes to his marital background. "The Anniversary Song" and "I Wonder Who's Kissing Her Now." . . . Joe Howard, octogenarian author of the latter ditty, is playing four and five shows a day at the huge Roxy Theatre, where the movie about his own life, bearing the same title, is playing. . . . Joe's acknowledgment of congratulations from his friends who marvel at his energy in playing so many vaudeville shows a day at his considerable age is, "How I wish I was 70 again!"

TEEN TALK

AP Newsfeatures
Dear Judy,
This is a super time of the year for sailing and if you don't believe it, just hitch yourself to a star or a snipe and pretty soon you'll be talking a salty language. You'll learn how to reef the sails, run a triangular course and how to luff (no pun intended).
Sometimes the heps beat out their older sisters in the races, as did 14-year-old Donna Sandkham of Larchmont recently, when she sailed her boat, "Skippers," to victory in the "Sailor's Club" regatta. Don't think that the kid sailors are bird brains. Lots of 'em consider sailing a stepping stone to a career. Margot Gotts teaches sailing at New Rochelle, N. Y. and Aileen Shields is now a yacht broker as a result of her interest in sailing.

Visiting Girl Scouts from abroad attending the 35th anniversary International Girl Scout encampment at Camp Barre, Pa., say they like American girls even if they are "too pampered and well fed, have more clothes and more privileges than other girls of comparable age in the world." Here are some other reactions to American heps: Maria Teresa Escoda of the Philippines says, "We wouldn't think of doing what you call necking unless we were engaged." Jacqueline Fugere of France says, "Sometimes a girl never has a first date in France. She gets married to the man selected by her family without even having gone out with him alone."

Here's a flash for the wax set. In the first annual disk jockey contest conducted by The Billboard, the best liked bands reported on Eddy Howard, Xavier Cugat, Duke Ellington, Stan Kenton, Glenn Miller, Boston Pops. The best vocalists are: (All-around) Bing Crosby; (Male) Jimmy Durante; (Female) Peggy Lee. Other names are Elliot Lawrence and Frankie Laine. The record in the popular contest is Eddy Howard's "To Be or Not to Be."

WHY NOT YOU? Kids who are interested in Journalism as a career might like a look from the new Achievement kids. Four

Hollywood

HOLLYWOOD, Aug. 22 (AP)—Having reached the third and most important area of film stardom—The plateau—Robert Taylor is a thoroughly happy man.

He is an honest and likeable guy, was relaxing between takes of "The High Wall" and ruminating on current state of his car. "I've never been happier making pictures," he said. "I don't have to worry about the fans chasing me all over town, I don't have to fret about publicity and fan mail, although I don't mean that's not important. If I turn a picture down, that's that—the world doesn't come to an end."

"All I have to do is make a picture now and then. The rest of the time I can spend hunting and flying and doing the other things I want to do." Bob has earned the leisure. He started in pictures in 1934 when he was 23 and within two years was a top box-office star. He has been in screen prominence ever since, except for his wartime hitch in the Navy. He described the three phases of an actor's professional life.

"First you shoot upward fast," he said. "The studio puts you in 15 pictures a year and you might just as well do what the bosses say. It doesn't matter how good the pictures are because they'll sell anyway. But then the hysteria wears off."

Then, said Bob, comes the danger period, the actor's popularity, as judged by the theater receipts, takes a sharp decline. "You suddenly find out you can't play juvenile roles all your life," he said. "You've got to find good roles or your career will continue 'to drop.'"

Bob found himself in such status after a series of pleasant but undistinguished roles such as "A Yank at Oxford." He figures he started coming out of the decline about the time of "Waterloo Bridge." He is now comfortably situated on that profitable plateau of popularity with such companions as Gable, Grant, Tracy, Bogart, Cooper, Power and MacMurray.

That, then, is the Shangri-La for all male movie stars. Each

ARRIVING AT THE British Board of Trade in London are William L. Clayton (left), U. S. Under-Secretary of State for Economic Affairs, and Lewis Douglas, U. S. Ambassador to Britain. They conferred with Sir Stafford Cripps, Board of Trade president, about the dollar situation on which England blames much of her troubles. (International)

must find it eventually, or perish. For example, a guy like Van Johnson, although his popularity may now be at its peak, will some day have to seek that prized level.

Barn C at Hilean draws many visitors each winter. It is the home of the Calumet Farm horses which recently set a world's record for stable earnings in one year.

Portrait of a lady cooking Sunday Dinner...

ELECTRICALLY!

Cool and relaxed, never a worry — automatic controls start your roast, keep it at the exactly right temperature, turn it off when it's done. Your kitchen stays cooler, too, — as much as 10° by actual test. And after dinner, there's another time-saving dividend—no smeary, sooty pots to complicate dish washing.

Yes, electric living is better living — and the essence of it is cool, clean, convenient, economical electric cooking. Your electrical appliance dealer is now receiving new, improved postwar electric ranges in a rising tide. See him today!

Dewey Talks At Opening Of Legion Meet

Governor Advocates Military Training; World Peace Seen As Further Away

NEW YORK, Aug. 28 (AP)—Gov. Thomas E. Dewey unequivocally endorsed universal military training today in an address before massed thousands of American Legionnaires who opened their 29th convention in flag-draped Madison Square Garden.

"It is our duty," the 1944 Republican candidate said, "to provide a program involving participation by all able-bodied young American men under universal military training."

The statement was the first indication by Dewey, a possible candidate for the 1948 GOP presidential nomination, of his stand on the controversial issue.

Earlier, in addressing the opening session of the Legion auxiliary convention, Dewey urged the membership to "take sober thought" because "in the coming year we will be living in one of our most critical periods in which the peace may be once again endangered."

Dewey's speech to the American Legion in the Garden followed shortly the call to order at 11:45 A. M. (EST) by Paul Griffith, the Legion's national commander, who rang an 18-inch high replica of the Liberty Bell in accordance with Legion custom dating back 20 years.

The GOP titular leader never has announced his candidacy for the 1948 nomination although he recently took an extensive tour, announced as "non-political."

He told the convention that "for the defense of the peace we must maintain a permanent military establishment adequate to the defense of this country at all times and also sufficient to fulfill our obligations to the United Nations."

Dewey said that "the hard fact is that genuine peace seems fur-

Damage At Ball Park Repaired For Tonight's Twin Bill

The fences and scoreboard at the Municipal Park are being repaired following damage incurred during yesterday's storm and will be in condition to allow the scheduled twin bill between the Daytona Beach Islanders and the Sanford Baseball Club tonight, it was announced this morning by George Touby, business manager of the Sanford Baseball Association.

The freak storm yesterday afternoon blew over the scoreboard and three sections of the fence. Sidney Richard, city superintendent of parks, reported that the scoreboard will be in operation for tonight's contests and that the fences will be replaced if possible.

The scoreboard is just patched together, since it was practically demolished. I hope that it will remain intact until the Reds complete the year," Mr. Richard stated.

One section of the fence nearly 50 feet long, which was blown down on the south side of the field is in fair condition and can be replaced with little difficulty. However, the section on the southeast corner will offer somewhat of a problem, since it was washed against a pole inside of the park and was splintered badly, Mr. Richard added.

A 40 foot portion of the fence near the clubhouse can be replaced with little difficulty, but some of the fence is in too good condition and will have to have major repairs, if not replaced entirely, Mr. Richard stated.

Dooley Funeral To Be Held Friday A. M.

Miss Mary Brown Dooley, widow of the late Herbert E. Dooley of Geneva, died at 2:00 P. M. Wednesday in a local hospital.

A resident of Geneva for the past 24 years, Mrs. Dooley was born Nov. 18, 1870 in Bloomington, Ill. She was a member of the Geneva Methodist Church.

Surviving besides her sons, Charles W. Dooley of Geneva and Paul D. Dooley of Winter Garden, are three grandsons, Robert H. Dooley, Charles W. Dooley, Jr. and Kenneth G. Dooley, all of Geneva.

Funeral services will be held at 10:00 A. M. Friday and burial will be made in the Geneva cemetery.

Hopes To Head American Legion

CANDIDATE FOR NATIONAL COMMANDER of the American Legion, Perry Brown (right), of Beaumont, Tex., is shown at a press conference in New York. At left is Warren Atherton, Stockton, Calif., past national commander and chairman of the American Legion's special national committee on universal military training.

Prison Educator Gives Address At Kiwanis Luncheon

A first hand account of the life, discipline, educational and vocational training and the methods of punishment of youths committed to the Boys Industrial School at Lancaster, O., was yesterday given to Kiwanians at the Tourist Center, by Glenn F. Madden, Deland Insurance man and former in charge of education as a member of the Ohio State Prison Educational staff. He also served on the educational staff of Ohio State University on sociology.

He also urged that all civic clubs take more interest in politics if it pertains to juveniles, and to see to it that untrained "Good Charlies" are not appointed to head juvenile correction agencies just because of political connections, but to see to it that men well trained for the job are appointed.

He also pointed out the part that members of civic groups can do in aiding in the rehabilitation of youths released from correctional institutions. "Never send a boy to an institution except as a last resort," he urged.

Fire Destroys Tin Warehouse On Farm

Fires, believed to have been caused by spontaneous combustion, destroyed a large tin corrugated warehouse belonging to the firm of L. A. Brunley and Son at their farm on Celery Avenue early yesterday morning.

The building was a mass of flames when the blaze was discovered by a negro helper and therefore the fire department was not called. About 50 tons of fertilizer, including sodium nitrate, was destroyed, also a shed containing farm tools and implements.

Muirhead, a neighbor, notified the Brunleys of the fire, and water was poured on the dwellings near the burning shed to keep the fire from spreading to them.

Plans Completed For Pony Races Monday

The Dusty Boots and Saddle Club met Tuesday evening at home of J. P. McClelland and made plans for the distribution of prizes totalling more than \$500 at the Cow Pony races and tournament that will take place at 2:00 o'clock Labor Day afternoon at Fort Mellon Park.

Present at the meeting were Mr. McClelland, W. G. Kilbee, Mrs. Herman Harriott, C. W. Beck, O. M. Raborn, E. J. Cameron, J. L. Hendricks and P. A. Mara.

Judges named for the races are: John Lee, E. Cameron, Sr., P. A. Mara, Harry Beck and Henry Leonard. Mara will include the cow pony races, girls race, quarter horse race, flag race, barrel race and signa race. The biggest prize will be the \$500. Other race prizes will vary from \$25 to \$50. It was announced.

Several Towns Lost To Reds In China

By HAROLD K. MILNE, NANKING, Aug. 28 (AP)—Communist raiders under one-eyed General Liu Pa-Chang, seized from southwestern Shantung province, have cut a wide swath through the Hsian-Anhui border area, capturing within 150 miles of Hsankow, field reports said today.

The official Central News Agency said defending forces had inflicted severe casualties on Red forces in the mountains along the border, but admitted loss of several towns to the Communists.

USDA Orders Election On Fruit Issue

Growers And Shippers To Vote On Changing Indian River Marketing Rules

LAKE SUCCESS, Aug. 28 (AP)—The Security Council today rejected a Brazilian proposal calling on Egypt and Britain to resume direct negotiations in their dispute over the presence of British troops in Egypt and the future of the Sudan. The motion fell one vote short of passage but was opposed only by Poland.

LAKELAND, Fla., Aug. 28 (AP)—The U. S. Department of Agriculture today gave a final sanction, subject to approval by Florida growers and shippers, to a proposal that the citrus marketing agreement be amended to permit the issuance of interstate shipping regulations on Indian River fruit different from that for the remainder of the state.

The decision was accompanied by instructions to M. E. Miller, USDA field representative, to conduct an election of growers and shippers to give shippers an opportunity to indicate their approval by signing an agreement.

Miller said the period from Sept. 10 to Oct. 10 had been designated for growers to cast their ballots. No set period has been fixed for shippers to send in their agreements.

Under the marketing agreement regulations, at least two-thirds of the growers who vote, either numerically or according to the tonnage of citrus fruit they represent, must approve the proposed amendment. One-half of the citrus fruit volume, according to the session just ended, must be represented by shippers who send in agreements.

Final decisions on placing the amendment in effect will rest with the U. S. Secretary of Agriculture, however, while normally it would approve a proposal which was given the majorities specified, he has in the past, in other agreements, rejected such amendments where the vote by growers was not sufficient.

Miller said the period from Sept. 10 to Oct. 10 had been designated for growers to cast their ballots. No set period has been fixed for shippers to send in their agreements.

Eyewitness Tells Of Indians Fleeing Communal Rioting

By MAX DESFOR, LAHORE, Pakistan, Aug. 28 (AP)—Thousands of Sikh and Hindu refugees are streaming from Pakistan to India and more thousands of Moslems from India to Pakistan to escape death in communal riots in the Punjab, divided on the recent independence day.

Occasionally they meet and clash, but I saw them as dispirited people weary of fighting and homicidal passions.

Said one leader of a group of Hindus and Sikhs: "We were happy in our homes before partition. Look at us now, in danger of our lives, impoverished, miserably running in the hope of survival."

English-speaking Moslems uttered somewhat similar sentiments. I photographed a point 25 miles south of Lahore, where the Hindu-Sikh and Moslem lines intersected.

The lines extended in both directions as far as the onlooker could see. The refugees were on every imaginable vehicle and on foot. Men carried women and the infants, the latter with beds on their shoulders.

The line of march was littered with personal effects abandoned in flight from roving, bloodthirsty bands. By military estimate, the death toll of these bands on both sides of the border in the last 18 days has been in the thousands.

A group of Sikhs and Hindus would pass while the Moslem party would pass while the Sikh-Hindu line halted.

The leader of one Sikh group said his refugees had been attacked four times enroute and that 200 to 300 had been killed. A British official confirmed the report of one of these attacks and an Indian officer the report of another.

Live stock lay dying of exhaustion and malnutrition along the way because the refugees could not pause long enough to rest them.

The Indians wore their finest clothing in an effort to save it. Their garments were rained-soaked and mud-splashed.

In a British traveler's report that Moslems invaded his train compartment near Lahore and told him, "Sark, you're safe if you don't interfere." Then, he said, decapitated a Hindu traveler in the compartment and left.

Marine Ace Sets New World's Air-Speed Record

FLASHING ACROSS THE MURC ARMY AIR BASE, CALIFORNIA, at 650.8 miles an hour (nearly 11 miles a minute), the jet-engined Skystreak (left) breaks the world's air-speed record set five days previously by the Navy in the same ship, Marine Maj. Markon E. Carl, 31, of Hubbard, Ore., who flew the record-breaking plane, is shown getting out of the stubby-winged craft (right) after the record flight. (International)

War Bride Freed By Florida Jury In Murder Trial

CRESTVIEW, Fla., Aug. 28 (AP)—An Oklawaha county grand jury today freed Mrs. Margaret Irene Poland, British war bride, of charges for the fatal shooting of her American soldier husband at Fort Walton on July 24.

The grand jury reported its finding of no true bill against the 21-year-old native of the Isle of Man shortly after court convened today. The grand jury's decision apparently was made yesterday but the report was delayed because court was not in session.

"I think it's wonderful," Mrs. Poland said. "I'm sorry it all happened but I'm happy about the verdict."

She said her first move, now that she has been freed of the charges, will be to "feed my baby back."

She had claimed that she shot her husband, Staff Sgt. Graydon Poland in a quarrel after he had taken their 15-month-old son from her and sent him to his relatives in Tomkinsville, Ky.

Mrs. Poland, who came here (Continued on Page 2)

Instruction Given For Cashing G I Bond

Instruction to veterans planning to cash their terminal leave bonds Tuesday was given today by John L. Sauls, adjutant for the local VFW post.

The bonds may be cashed at either of the local banks upon presentation of the veteran's original discharge papers, Mr. Sauls emphasized. Survivors of veterans who received bonds must go to the Post Office and obtain special blanks to be filled out and mailed to the proper authorities.

The next of kin in this case is considered in the order of wife, children, parents. The bonds may be cashed for the full amount, Mr. Sauls stated, as no partial payment will be made.

Mr. Sauls reminded veterans that the national VFW organization strongly urged passage of the terminal leave pay bill, but that national Comdr. Louis E. Starr asked all members to retain their bonds as long as possible.

Anyone desiring further information about cashing the bonds should contact Lloyd P. Boyle, county service officer.

Midwest Scheduled To Get Cold Front

By THE ASSOCIATED PRESS, Cooler air moved into the Midwest today after a slight warmup yesterday which caused some apprehension among heat-weary residents.

The Chicago Weather Bureau said a cold front was moving across southern Iowa this morning and pushing northwestward and eastward. Somewhat cooler temperatures were reported over Minnesota, northern Iowa, the Dakotas, Wisconsin and Michigan and was due to move into Illinois and Indiana this afternoon.

No sudden drop in temperatures accompanied the cool air, and a Weather Bureau spokesman said it "won't be so much cooler, but it will keep us from getting hot."

Jaycees Receive \$3,750 To Date In Booth Fund Drive

The Junior Chamber of Commerce has received \$3,750 in donations for the operation of the Tourist Information Booth it was announced at the noon meeting at the Mayfair Inn today.

Dedication ceremonies for the booth have been arranged and will begin at 1:00 o'clock next Monday afternoon with George Touby giving the dedication address and J. Bralley Odham, president of the Seminole County Jaycees, highlighting the tourist program for the coming season.

Mr. Douglas Charles will give the invocation. The drive to raise the \$5,000 which will operate the booth will continue until Monday afternoon, President Odham stated. Charles Luk, vice president of external affairs for the local organization, stated that the business in Seminole County are heartily in favor of the enlarged tourist program, and that there has been only one business organization that had been contacted which failed to contribute to the program.

Commenting on a report that an out of county contractor had built the Tourist Information Booth, President Odham pointed out that bids for the building were solicited by paid advertisement and that bids from the local contractors were \$1,700 over the bid submitted by the out of town firm. It was also pointed out that the City had a limit of \$4,500 appropriated to build the booth. The contract was awarded for \$4,200.

Gordon Bradley, secretary of the organization, stated that many local sub contractors were used to complete the booth, however, Sanford electricians, plumbers and glass dealers were called in on the job.

Alvin Odham suggested that the board of directors investigate the Longwood telephone dispute and take the findings under advisement. The group voted to investigate the telephone controversy.

A board of directors meeting has been called for Tuesday night at the Tourist Center.

Guests at today's meeting included Bob Luk and Gens. Flabery.

Round World Fliers Make Ireland Landing

NEWTOWNARDS, Northern Ireland, Aug. 28 (AP)—Cliff Evans of Washington and George Truman of Los Angeles, who are attempting a leisurely flight around the world in two light sport planes, made an unscheduled landing here today after a flight from Iceland.

The two Americans had taken off from Keflavik airport, near Reykjavik, last evening bound for Prestwick, Scotland, but a heavy mist at the latter airport caused them to change their plans.

After a two-hour halt the pair took off again for London.

Gatchel X-RAYED

Forrest Gatchel, who was injured near Klamath Falls, Tuesday afternoon when the Ford pickup truck he was driving turned over after blowing a tire and side-swiping an oncoming automobile, has been taken to Fernald-Laughon Memorial Hospital pending the taking of x-rays for a neck injury.

On Apr. 13, 1945, Mr. Gatchel suffered a back injury when he fell from a ladder while picking citrus fruit. He is reported to be resting comfortably.

Egypt Plan Rejected By U N Council

2 Ousted Demonstrators Seek Entry; Mass Meet Held By Sympathizers

By LARRY HAWCK, LAKE SUCCESS, Aug. 28 (AP)—Two Egyptian demonstrators twice ejected from the Security Council chamber, returned to United Nations headquarters today leading a New York taxicab gaudy by guards.

They were stopped outside the fleet filled with sympathizers. While delegates inside the chamber were entering the final stage of debate of Egypt's demand for immediate evacuation of British troops, the two nationalists staged a mass demonstration outside. They were barred from the grounds on specific orders from Secretary-General Trygve Lie.

Mustafa Momen mounted a soapbox and began shouting his familiar slogans of "down with the British," "Down with imperialism!" He was carrying a large American flag and his companion in the previous ouster incidents, Ahmed Kamel Kotb, waved a green and white Egyptian flag.

In addition to their followers, who hurriedly piled out 15 taxicabs, the audience included a liberal number of UN security police, reporters and a few curious bystanders.

The area of the demonstration was the UN parking lot, which is outside the wire fence enclosing the headquarters grounds. Meanwhile, Russia renewed her opposition to a Brazilian proposal for bilateral settlement of the Anglo-Egyptian dispute over (Continued on Page 2)

Notes Exchanged By Pope, Truman On World Peace

ROME, Aug. 28 (AP)—The Vatican and the office of Myron Taylor, personal representative of President Truman to Pope Pius XII, released today an exchange of letters between the President and the Pontiff.

Mr. Truman's letter, dated Aug. 6, stated: "Unless the moral forces of the world now join their strength, disengagement may inevitably deepen, and the strength and effectiveness which thereby would be lost by these moral forces would be gained by those forces which oppose and seek to destroy them."

The Pope's letter, dated Aug. 20 from his pontifical summer residence at Castel Gandolfo, said: "We hasten to express our satisfaction and thanks for this latest testimony of a great and free people to dedicate themselves to the noble task of that peace for which (Continued on Page 2)

Mrs. James M. Lee Died This Morning

Mrs. James M. Lee died this morning at 5:30 o'clock in the local hospital following an illness of two months. A resident of Sanford for the past 16 years, Mrs. Lee made her home at 2403 Orange Avenue.

Born July 18, 1894 in Carthage, N. C., she was a member of the Presbyterian Church of that city.

She is survived by the husband; two daughters, Mrs. N. E. Jennings and Mrs. L. P. Pavton, both of Sanford; one son, James G. Lee of Deland; one grandson, Larry Pavton of Sanford; one sister, Mrs. Mary Margaret Priest of Carthage; two brothers, John Fields of Carthage and W. N. Fields of Sanford, N. C.; one half brother, Benton Fields of Happy, Tex.

Berlin Raid Shelter Will Be Blown Up

BERLIN, Aug. 28 (AP)—The living, the sick and the dead were being moved out of the way today for one of the biggest demolition jobs in postwar Berlin, the blowing up Saturday of the mammoth air raid shelter near the Zoological Gardens which sheltered 50,000 people at a time during the war.

During the war and afterward it also served as a hospital. One of its wartime patients was the late Hermann Goering, who went there presumably for safety from the allied aircraft which he had rashly boasted would never bomb Berlin.

The structure is known as the "Big Zoo Bunker," as distinguished from the "Little Zoo Bunker" demolished earlier in the summer under the allied program of destroying German war structures classified as potential.

Last Missing Doolittle Raiders Body Found

SHANGHAI, Aug. 28 (AP)—The body of Capt. Island D. Faktor of the missing Doolittle Tokyo raiders, has been found by a U. S. graves registration field team nearly 450 miles southwest of Shanghai, Col. Charles F. Kearney announced today.

He said Faktor's body, discovered outside a village, had been brought to Shanghai by sampan and train under a guard of honor. The remains were identified by a gold ring, a silver name bracelet and a crumpled leather glove.

Budget Cut

LAKE SUCCESS, Aug. 28 (AP)—A United Nations budgetary committee today recommended that \$4,108,098 be lopped off a suggested 1948 budget of \$39,481,792 for operation of the peace agency.

ly and while two of them posted
themselves near the door, the
third went to the cashier's window
and thrusting his gun boldly
through the window shouted, This
is a stick-up. Hand over your
cash. But as he did so, the cylin-
der, with his six lethal charges slip-
ped from his gun, clanked loudly on
the counter and rolled to the
floor. It was a most embarrassing
moment for the three bold bad
bandits. They promptly took to
their heels and fled.

The City of Ocala in an effort
to meet rising costs has levied a
new garbage and trash collection
tax which is expected to raise
\$36,000 a year. Home owners are
expected to pay 75 cents a month
to have their garbage collected
while service establishments and
business houses will pay propor-
tionately more. Some might think
they can get out of paying the
tax simply by letting the garbage
accumulate, but a City sanitary law
requires that they dispose of
the garbage somehow. And the
75 cents a month which the City
charges is probably the cheapest
way to do it.

The cavalry of the United States
Army, which reached the full flow
of its usefulness during the
Civil War and has been dying ever
since, may now be said to have
struck its banners. An auction sale
at West Point the other day dis-
posed of some 46,000 approxi-
mately 100-year-old remnants of the
ancient troops, some of which were
part of the battle flags, banners
and other items of the Civil War.
It is no place in the modern
world for a horse soldier, and the
soldiers who spent his time at the
front in the Civil War, practicing
military discipline and carrying
charges, are now being sold.

Farm Future

William M. Blair, who has been interviewing farmers for
the N. Y. Times, says that those in Illinois, the heart of
the farm belt, are doing some serious thinking about the
future.

With the present system of price support and the demand
for farm products, farmers are enjoying greater prosperity
than ever before. The Secretary of Agriculture, Clinton P.
Anderson, says that now, when agriculture is healthy and
productive, is the time to draw up long range plans to pre-
vent a slump. Most farmers believe that industry and
agriculture must work together, higher production bringing
increased income to purchase farm products. They have no
desire to go back to the controls of AAA, which they believe
was purely an emergency measure, but many think that
some government control, or at least government planning,
may be necessary to create stability for farmers and con-
sumers here and abroad.

Whether they are right or not, it is a hopeful sign when
a large, representative group like the nation's farmers, in-
stead of setting a date for a future depression, are alive
to its possibility, but firmly resolved to prevent it.

Accent On Youth

From Frank S. Wright, former publicity director of the
University of Florida, comes a clipping from the New York
Herald Tribune about a University of Florida alumnus
which will be of special interest to graduates of that great
institution in this part of the state. He was "one of my
boys", comments Mr. Wright, back in the days before the
war when he was at the University.

"President Truman has made a distinguished appointment
to the Federal government in naming Mr. John R. Allison
to be Assistant Secretary of Commerce for Air," says the
Herald Tribune editorial. "At thirty-five this seven-times
decorated veteran of World War I has an
enviable record and the kind of vision and daring required
to keep this country air-minded and out in front in aero-
nautical development.

He joined the Army in 1916, was sent to England in 1941
as an adviser to the Royal Air Force on operations of Ameri-
can-built planes and, as an assistant military attache at
Moscow, helped to train Russian pilots in the dark days of
the struggle against the Nazi invaders of the Soviet Union.
In 1941-42 he was one of General Chennault's aces in the
14th Air Force in China that took over the Flying Tigers.

Next he and Colonel Philip Cochran ("Flip Corkin" of the
"Terry" cartoons) teamed up with a bold and enterprising
Briton, Major General Orde Wingate, who had sold to Presi-
dent Roosevelt and Mr. Churchill at Quebec a daring plan
to send an air commando force into Northern Burma to
fight deep behind the Japanese lines. Seven months of
back-breaking work went into the planning of that operation;
it was Allison's job, as a colonel and second in command
to Cochran, to make an airport in twelve hours out of a jungle
clearing.

"The Cochran-Allison team had as their authority General
Arnold's command: 'To hell with paper work. Go out and
fight.' They did. Gliders whizzed into the jungle field in
darkness; by day the field was cleared, and that night sixty-
five transport loads landed on it bringing in Wingate raiders,
food, equipment and ammunition. It was a team job that
could only have been done by men of imagination and high
courage. That is the sort of stuff of which Mr. Allison is
made, and that is what it takes to do the work so recently
laid aside at the Commerce Department by another able
citizen, Mr. William A. M. Burden."

Are We Getting Soft?

Perhaps it's the summer dol-
lums, perhaps it's just indiffer-
ence, but we get to thinking
often how many times a year an
editor gets invited out to a free
meal, aside from routine luncheon
meetings and convention banquets.
It seems that no new project,
civic or commercial, can be pro-
posed, introduced, without having
the press on hand to make with
the knife and fork before the big
plan is revealed. Whether it is
on or off the record makes no dif-
ference. The way to an editor's
mind, it would appear is through
his stomach.

Judging from the present trend
of "eat and listen to our story,"
Mr. Editor, the President's press
conferences may soon become nice
social tea parties, or better yet,
steak dinners, with the real meat
of the situation on the table, in-
stead of on the record. Perhaps
the knife and fork may become es-
sential tools of the trade instead
of pad and pencil.

Manufacturers Face Employment Decline

TALLAHASSEE, Aug. 28, (Spe-
cial)—Manufacturing employment
continued the downward trend
beginning in February with a drop of
1,100 workers from mid-June to
mid-July. Total manufacturing
employment was estimated at 76,
000, according to a report released
by Carl B. Smith, chairman of the
Florida Industrial Commission.

Both durable and non-durable
goods showed declines with the
greatest decreases occurring in
food processing, firms manufactur-
ing chemical products and in ship-
yards.

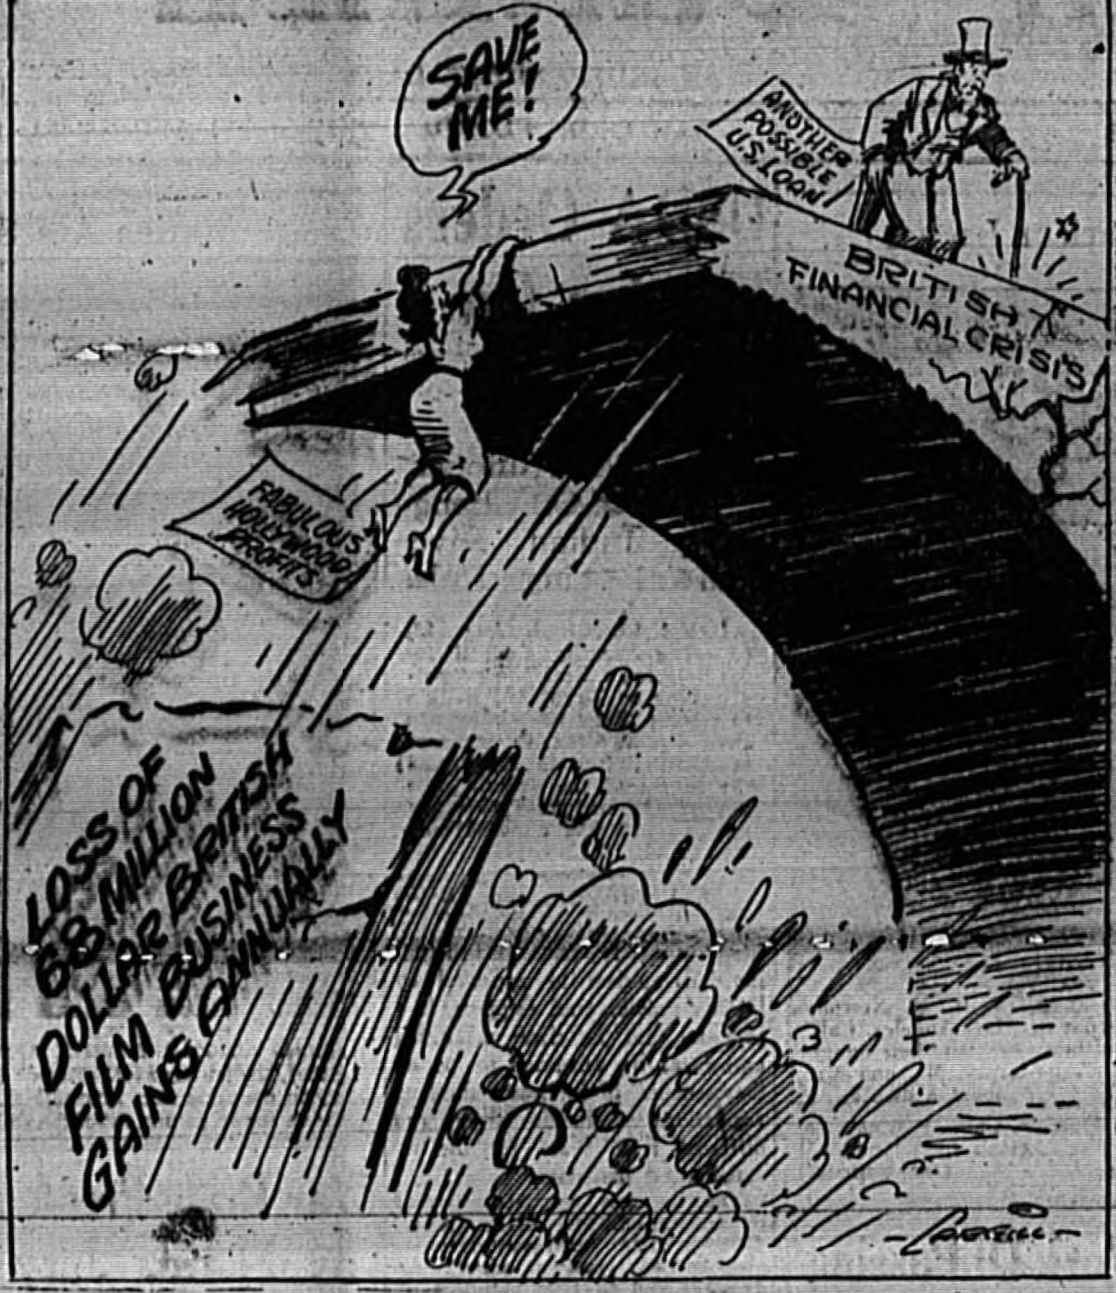

Improvement in business condi-
tions was reported by cigar manuf-
acturers who increased their em-
ployment by 900 from June 15 to
July 15. This industry, which
because of overstock, reduced em-
ployment to 5,100 in April from
a level of 15,100 in December,
1946, had an estimated 10,700
workers in mid-July.

Small employment gains were
reported by printers and publish-
ers and by manufacturers of lum-
ber and timber basic products and
paper and allied products during
the month.

Even though manufacturing
employment was at the lowest
level yet reported during 1947,
due to the regular summer slump
in business, firms showed a net
gain of over \$100 in mid-July
over the same period last year.
Recent losses were noted in food
groups during the past 12 months.

Anti-lions of Europe catch their
food by digging traps into which
unwary insects fall.

Miami Paper Prints

Photograph, Story Of Sanford's Zoo

A photograph by Robert L. Cox of two pretty Sanford misses, Peggy Pippin and Louise Lundquist, trying to entice monkeys on Sanford's Monkey Island into eating from a bag of candy, and with James Moughton former Zoo superintendent who designed the island standing in the background, was featured in the Aug. 10 Miami Daily News Sunday Magazine. An article, "Main Street Zoo" by S. B. Winters accom- panied the illustration. "These monkeys in the heart of Sanford are wild, but it is possible this way to get quite close to them," the caption read. "Transplanting wild monkeys from their habitat deep in the jungle to the heart of a town sounds like striking a balance with nature," wrote Mr. Winters. "Sanford husbands a monkey city with-

in two and one-half blocks of the business district.

"Appropriately named 'Monkey Island' it is without a counter- part. The enclosure where un- tamed monkeys are kept in be- hind a 15-foot moat, containing two feet of water from a 194 foot deep artesian well. Spectators seated on park benches watch the capers of the monkeys as they scamper up and down a trapeze, wooden swings and leaf trees. "Within the enclosure, or is- land, 65 by 78 feet in dimension, are a structure, 10 by 20 feet and a gymnasium, 30 feet across 30 feet high. James Moughton, architect of 'Monkey Is- land' simulated a jungle with dead trees and raised the level of the enclosure about three feet be- cause of the overflow threats of a near-by-lake and fear of floods in downpours of rain. The island in its entirety was fashioned from salvaged materials, 28,000 bricks going into the walls and 45,000 square feet of concrete forming the moat and walls."

Jap Meet Decided To Go To War Dec. 1, 1941

TOKYO, Aug. 28 (AP)—Japan's war preparations were "de- fensive" until Emperor Hirohito issued orders for attacks on American, British and Dutch ter- ritory former Premier Hideki Tojo said in an interrogation read to the international tribunal today.

Tojo's statement said the de- cision to go to war was made at an imperial conference Dec. 1, 1941. Until then, he said, "Jap- anese plans and troop dispositions had been made to 'resist attack' from allied nations and to carry on the China war and the move- ment of troops into French Indo China.

Oviedo

Special to the Sanford Herald
By MARIAN R. JONES

Oviedoans are quite proud of the fact that four of the winner people of this city have recently won their awards in the State. In a recent state competitive examination, Miss Elizabeth Farnell, granddaughter of Mrs. Nettie Farnell, won a scholarship to the State University at Tallahassee. Miss Farnell was a freshman there last year and won many awards due to her high scholastic rating. During this summer she has been engaged in State W. M. U. work and has been traveling throughout the state. This scholarship is good for three years at the college.

Robert James Lawton, son of School Superintendent T. W. Lawton and Mrs. Lawton, was awarded a scholarship to the University of Florida at Gainesville. James graduated from the Oviedo school with many honors, one of them being the highest grades accumulated. He won this year for the boys and Miss Farnell for the girls. This past year he has been attending Bob Jones College in Tennessee, where his brilliant work has many honors.

At the close of school in another state competitive examination, Miss Mary Totten won a scholarship to the State University at Tallahassee. She graduated this past year with the Oviedo School with a high average in all of her studies.

Donald Shaffer, son of Mr. and Mrs. Charles G. Shaffer, won the scholarship to the University of Florida at Gainesville in this contest also. Donald is a fine boy and will be a member of the Phi Kappa Psi fraternity. He graduated from the Oviedo school as a "B" student.

Miss Lona Aulin was the honoree Saturday afternoon when Miss Kathryn Lawton and Miss Emma Williams Harry Martin, T. E. Lingo, Jr., and W. B. Young entertained with a tea at the home of Miss Lawton.

Guests were received at the door by Mrs. T. Lingo, Sr. The living room and dining room were attractively decorated with ferns and flowers. The table, presided over by Miss Lawton, Mrs. Young, and Mrs. Martin alternately was laid with a beautiful lace cloth, centered with a lovely bowl of flowers and fern.

Those enjoying this affair with the honoree and her mother were: Mrs. Andrew Aulin, Miss Betty Aulin, Mrs. M. L. Gary, Mrs. J. B. Jones, Jr., Mrs. E. A. Farnell, Mrs. Warren H. Gota, Mrs. Marion Wagner, Mrs. W. E. Meek, Mrs. C. T. Niblack, Mrs. J. H. Lee, Jr., Mrs. H. F. McGowan, Mrs. C. R. Clontz, Jr., Mrs. Merritt Staley, Mrs. Tommy Staley, Mrs. James H. Staley, Mrs. Basil Guyton, Mrs. Donald Leinhardt, Miss Jane Leinhardt, Mrs. Walter Taylor, Mrs. Ben Jones, Mrs. Milton Gore, Mrs. Ben Weirright, Mrs. Hollie Cox, Mrs. J. P. Cox, Mrs. George Morgan, Mrs. Paul Campbell, Mrs. Robert Lee Kemp, Mrs. R. L. Wheeler, Mrs. James Martin, Mrs. Theadora Adley, Mrs. Pats Aulin, Mrs. J. V. Harris, Mrs. W. H. Durbin, Mrs. Tommy Moon, Miss Martha Anne Moon, Mrs. George Means, Mrs. Tip Parlin, Mrs. M. A. Fates, Mrs. Lyle D. Millikan, Mrs. Lionel Nelson, Mrs. Henry Weisheit, Mrs. Ferrell Beasley, Mrs. Joe Beasley, Jr., Mrs. J. Y. Thompson, Mrs. R. L. Ragdale, Mrs. Joe Leinhardt, Mrs. Phil Packard, Mrs. Leon C. Olliff, Mrs. Jack Kasell, and Mrs. J. W. Anderson, Mrs. Richard Beasley, Mrs. Hugh Taylor, Mrs. Deulah Bogard, Mrs. Joe Agrenblich, Mrs. Wilson Jordan, and Miss Edith Creath of Orlando.

The hostesses were assisted in serving by Miss Barbara Lee and Mrs. J. H. Lee, Jr.

Mr. and Mrs. J. B. Jones, Jr., Mrs. Leroy Gilbert, and Mrs. Sonday T. Ferguson.

Don Chabehn has returned from Lakeland, where he visited his children and attended to business in hand of her birthday.

Miss Betty, one of the week-end guests of the Lingo family.

Mr. and Mrs. Ferrell Beasley were in from the North Florida home to the newly finished winter apartment of the Deon Hotel.

Mr. and Mrs. Charles West, Jr., who own the old Dixie Place, were in from the house into apartment.

The annual Robert Morris Picnic at the Seminole Grove, N. C. and Eastern State of North Carolina.

Miss Harper Honors Miss Jackie Brothie

Miss Jean Harper entertained yesterday at 1:30 o'clock at her home on South Sanford Avenue with a dinner-bridge in honor of Miss Jackie Brothie whose marriage will be a event of Saturday. Margarida, sennia and greenery formed an attractive setting for the party.

Bridal placecards were used and after the guests took their seats Miss Harper, assisted by her mother, Mrs. E. C. Harper, and Miss Mary Gene-Balley served a desert course. A green and white color scheme was carried out in the refreshments.

Following the dessert several progressions of bridge were enjoyed by the guests and after the scores were added high prizes were awarded to Miss Elizabeth Fie and second to Miss Betty J. Brock. The hostess presented Miss Brothie with sterling and crystal salt and pepper shakers. During the afternoon cooling drinks and nuts were served.

Those invited to be with Miss Brothie were the Misses Mildred Cabana, Kathy, Elizabeth, Elizabeth Fie, Sylvia Meisch, Mary Gene Bailey, Shirley Smith, Nancy Gellum, Daphne Connolly, Betty Jo Brock, Mrs. William Blair and Mrs. Bill Forbes of Deland.

Following the dinner several progressions of bridge were enjoyed by the guests and after the scores were added high prizes were awarded to Miss Elizabeth Fie and second to Miss Betty J. Brock. The hostess presented Miss Brothie with sterling and crystal salt and pepper shakers. During the afternoon cooling drinks and nuts were served.

Personals

Mr. and Mrs. Charles W. Hannell and son, Wesley, Jr., have returned from a trip through the New England states.

Walter O. Bergh plans to leave tonight for Atlanta, Ga. and Chicago, Ill. where he will spend about four months attending a technical school.

Tommy Mero arrived recently by plane from Havana, Cuba to attend the winter classes at Stetson University.

Mrs. John Vaughan of Bushing, Fla. is spending a month with her niece, Mrs. H. S. Grove, on West First Street, visiting friends in Sanford.

Mr. and Mrs. J. H. Trobuck and Mr. and Mrs. Dale L. Scott, Jr. plan to leave tomorrow to visit for about two weeks in North and South Carolina.

Mrs. J. G. Prickett and daughter, Mrs. H. C. Edoff of Orlando left today for points in Georgia where they plan to spend two weeks.

Mr. and Mrs. H. H. Newman left today for Los Angeles, Calif. where they will visit their daughter and son-in-law, Mr. and Mrs. Pat Zeola for about a month.

Mr. and Mrs. Walter Lundquist and twin daughter, Becky and Susan, of Jacksonville have returned to their home after spending several days with Mr. and Mrs. Elmer P. Jundquist.

Mr. and Mrs. J. H. Hodges, Teddy, Bobby and Margie Hodges have returned to their home on the Deland highway after visiting in New York City and North and South Carolina.

Pfc. Willie Lee Bohannon, Jr. and Mrs. Bohannon have returned to their home in Washington, D. C. where Private Bohannon is stationed after a 21 day visit with his parents, Mr. and Mrs. Willie Bohannon, on West First Street.

Mr. and Mrs. Harold Appleby have as their guests Mr. and Mrs. Elmer P. Jundquist, Roland and Betty Ruth, of Deland also Mr. and Mrs. Charles Webb and daughter Judy of McAlister, Ill. who were called to Sanford because of the death of H. L. Dann.

Mr. and Mrs. Jack Brothie of Oklawaha Beach and Mrs. J. E. McGregor of Macon, Ga. plan to arrive Friday to attend the marriage of Miss Jackie Brothie to James I. Ingley, Jr. Mr. and Mrs. Brothie are Miss Brothie's aunt and uncle and Mrs. McGregor is also her aunt.

Mr. and Mrs. Fred E. Russell have returned from spending three months in Charlotte, N. C. with their son and daughter-in-law, Mr. and Mrs. Frank Russell and in Cleveland, O. with another son and daughter-in-law, Mr. and Mrs. Joseph Russell. They also visited other relatives in Sharon, Pa. and Far Rockaway Beach, Long Island, N. Y.

Georgia, who has been visiting Mrs. H. E. Mattox, has returned home. Mrs. Mattox and Mrs. Adkins spent the past week in Miami.

Mr. and Mrs. Werner Huth, of Kingston, N. Y., who have been visiting Mrs. Huth's parents, Mr. and Mrs. C. L. Allen, have returned home. They were accompanied home by Mrs. Huth's brother, Waynard, who will spend some time with them.

Mrs. Burgess McMahon and baby son have returned home from the Orange Memorial Hospital.

Mr. and Mrs. Stokes, of Orlando, were recent guests of Mr. and Mrs. Burgess McMahon. Mrs. Stokes is superintendent of the Maternity Ward at the Orange Memorial Hospital.

Mr. and Mrs. Basil Guyton, who have been spending the past two weeks at Clearwater and Miami Beach, have returned home.

Mrs. Ernest Ward and baby son have returned home from the hospital.

Mr. and Mrs. R. L. Ragdale spent Sunday at Daytona Beach. The Rev. and Mrs. H. Link, daughter, Dorothy Rose and sons, Alfred and Marlowe returned home Friday from Ridgecrest, N. C. They left again Saturday afternoon to spend a while at Daytona Beach. Bobby Ragdale accompanied them over and was their guest for the week-end.

Mr. and Mrs. Leon C. Olliff, who have been spending some time at Daytona Beach, have returned home. Mrs. Olliff is back at work in the Citizens Bank, Mrs. Billie Olliff is in the hospital, and while she was away.

Mr. and Mrs. G. M. Aric have returned home after very delightful visit with relatives at Albemarle, N. C. and Richmond, Virginia.

Mr. and Mrs. James A. Parlin are the parents of a daughter, born on Wednesday night at the Orange Memorial Hospital. They have another daughter, Suzanne, age 2. These young ladies are both the granddaughters of Mr. and Mrs. Brock Parlin of this city and the niece of Mrs. Charles T. Niblack.

Mr. and Mrs. W. J. Lawton are vacationing in Waynesville, N. C.

R. W. Ware Class Has Covered Dish Supper Legion, Auxiliary Hears Plea For Peace

Mrs. J. H. Tindel, Mrs. P. H. West and Mrs. Alyce Ashburn were hostesses for a covered dish supper held by the R. W. Ware Bible Class of the First Methodist Church recently at the church. Following the supper a business meeting was conducted by Clyde Brockman. The group appointed a nominating committee which consisted of Mrs. C. H. Chappin, chairman, Mrs. J. M. Swain and Mrs. R. T. Warran.

Election of officers will be held in September at which time Mrs. J. P. Bates, Miss Ella Bolton and Mrs. Clyde Brockman will be hostesses. Those present for the meeting were Mrs. Ashburn, Mr. and Mrs. Brockman, Pat and John Brockman, Mr. and Mrs. R. L. McKinley, Sandra McKinley, Mrs. Swain, Mrs. Wyatt, Mrs. Chappin and R. W. Ware.

GENEVA NEWS

MRS. A. E. MORAN
Mr. and Mrs. J. M. Syrett of Alys, Fla., Mr. and Mrs. A. E. Greenwell and son, Billy, of Gainesville were week-end guests of Mr. and Mrs. W. G. Anders and family.

Mrs. S. C. Huggins was hostess to an all day quilting party at the Community Hall on Friday.

Those present were Mrs. W. G. Anders, Mrs. T. W. Pravat, Mrs. Calvin Oldham, Mrs. O. C. Brockman, Mrs. David Sussner, Mrs. Harry Grogger, Mrs. Batta, Mrs. Walter Yarbrough, Mrs. Scott Kyser, Miss Evelyn Daniels, and Mrs. Knight of Vero Beach.

Mrs. W. G. Anders spent a few days last week in Gainesville visiting her sister, Mrs. A. E. Greenwell and family.

Mr. and Mrs. J. C. Brockman is spending a few days in Deland this week.

The teachers for the coming school year are Mrs. Mary Nickel, principal, Joe Mathieu and Mrs. Lulu Moran.

Mr. and Mrs. L. H. Brown entertained with a birthday dinner honoring her brother Henry Harrison of Sanford at the home of Mr. and Mrs. C. F. Harrison Sunday.

Those present were Henry Harrison, home, guests, Mr. Henry Harrison, Mr. and Mrs. C. F. Harrison, Jimmy Brown, Miss L. Verne Dunkel, Kenneth Harrison and Mrs. Joe Dawn of Houston, Tex.

Mrs. F. A. LeFils of Belle Glade, who was visiting relatives here, left Tuesday for the hospital in West Palm Beach. She was threatened with pneumonia.

Hollywood

HOLLYWOOD, Aug. 28.—Shirley Temple, 16-year-old screen veteran, thinks she should cancel the rest of her natural days working before cameras.

Looking beautiful these days, Shirley has had time to think about the future. She is a girl who has always known what she wanted and now she wants a life in the movies.

"Why not?" she asked, as she read on the "War Party" set. "I like working in pictures; it's fun. I see no reason why I should quit."

"But I wouldn't continue if I had to take small roles to keep working. There would be no kick in it then," she said.

Shirley indicated she would like her career to continue as it has been going; she has no ambition to form her own company and produce films. But she would like to direct. "I pointed out that I had no female friends out of pictures in Hollywood today."

"That shouldn't be," she complained. "Women should be good directors. They have more imagination than men. They are better liars."

"I'm not worried about career interruptions, such as having babies. 'Look at Crawford,' she cited. "Being out of pictures didn't hurt her. She's more popular than she ever was."

"I think the public remembers. Take those Black Crooks. I have seen her on the screen, but I'd certainly be interested in seeing her if she came back in a movie."

And look at the Temple comeback, I said blithely.

"Ah!" she corrected. "That's where people are wrong. They tell me she made a comeback. Actually I was never away. It was Fox's fault. When I put there at 11, they said I was retiring from the screen."

"But at 12 I made 'Kathleen' at MGM and at 13 I made 'Miss Annie Rooney' for United Artists. Neither of them was any good, but I was working. And at 14 I signed with Selznick and made 'Sinner You Went Away.'"

So apparently we have another distinction for Shirley—she is the one person who has been a money earner for all but the first three years of her life.

Things I'd like to see... A new musical without a burlesque... James Stewart playing a heel instead of a wholesome heelist... All murder mystery books didn't gather the suspects in one room at the final reel... Jimi Allgood in a picture in which she didn't have to cry... A small town picture which didn't show the inhabitants as being any funnier... A movie trailer which declared the coming attraction was only medicine... Walter Pidgeon as something besides a stodgy character... A musical in which the girl failed to find success on Broadway and had to go back home... Humphrey Bogart in a comedy... A western picture without a square dance... Alice Faye in a new movie... A mystery which showed the police as intelligent.

Louisville Ladies Have Helpline Rally

LOUISVILLE, Ky., Aug. 28.—A shouting "Keep prices down and helmets up" Louisville "Little Below the Knee Club" staged a downtown rally last night and with a men's auxiliary, decorated with new fashions which call for longer skirts.

A cheering, whistling crowd listened to speakers who advanced several arguments for maintaining present helpline lengths.

It was the consensus that: 1. Women should not allow Paris to dictate styles. 2. Clothing manufacturers are trying to "woodwork" women into buying new styles. 3. Long skirts are neither attractive nor comfortable.

Mrs. Belle Evans, club chairman, had time to say about long skirts: "You can't walk in them. Also they take too darn long to iron."

And W. H. Anderson, spokesman for the men's auxiliary, wanted to know why American women should have styles "forced upon them that they do not personally want."

Mrs. Neale Cox, who led the rally, said 1,285 Louisville women already had promised to keep the "status quo" of the helpline, and urged that neighborhood clubs be formed.

ISLETS HERE FOR TWIN BILL TONIGHT

First Game To Start Nipped 1's In 5 To At 6:45; Sanford 1 Tilt Last Night

DAYTONA BEACH, Aug. 28, (Special)—The Sanford Celery-men continued to pound the fall at a merry clip as they unleashed a 12 hit attack on the offerings of Wally Gaddis to chalk up a 5 to 1 victory over the Daytona Telet. The first game of the double header was rained out.

Tonight the Sanfordites take on the Daytonians in the Municipal Park in Sanford in a twin attraction that is slated to get underway at 6:45 o'clock.

It is likely that Manager John Krida will nominate Buddy Lake and Bill Stanton to handle the mound assignments in the two games.

Big Goose Kettles took over from faltering Charlie Bissen in last night's contest and allowed the Islets but two scattered bingles in seven innings, and gained credit for the victory.

Last night the Orlando Senators came from behind to trip the league leading St. Augustine Saints by a 5 to 3 score to preserve their slim two and one-half game margin for the fourth slot in the Florida State League standings.

Elsewhere in the league, the Leesburg Pirates scored a 7 to 0 victory over the Palatka Azaleas as Paul Gormish limited the A's to two bingles and the DeLand Red Hats tallied two unearned runs in the top of the ninth inning to capture a 7 to 6 decision over the G-Men.

Kiwans Meet

(Continued from Page One) was described by him as the largest in the country. Boys from 12 to 20 are sent there only as a last resort when they have proved incorrigible. He told how a boy is brought to the home, usually by a strapping sheriff. The boy is then searched, his belongings put in a vault, his dungarees and trousers given to him. At meal time he is taught to stand by count and to eat by count.

Boys are put into school and visit shops where they can choose a trade to learn so that when released they will be self-supporting. They are assigned to cottages and go to bed promptly at 8:00 P. M. under bright lights and are heavily guarded. They have daily military drill and those who merit may indulge in athletics.

He declared his "theoretical ideas" and M. A. degree in sociology, he found to be utterly no good without experience, and that of his best friend had been killed by inmates. He taught school with a black jack strapped to his wrist, he said, and earned such a reputation for discipline that Governor John Bricker put him in charge of discipline over all Ohio penal institutions. Ninety percent of the boys committed no trouble, he said, but the other 10 percent have to be disciplined.

Boys who had the choice of 15 lashes with the heavy leather paddle or five days extra time, invariably chose the paddle. Making them stand face to the wall under strict military discipline for long periods proved the last of effective discipline, he said.

J. Martin Stinchper sang several songs with Harry Kudell accompanying. Prof. Glenn E. McKay and B. E. Black were welcomed as guests.

Dewey Speech

(Continued from Page One) they away than ever" and added "that we are witnessing on the world scene conditions which are hauntingly like those which followed the first World War." The Republican Party's titular leader declared "We must honestly face up to the facts and know where the dangers are. Everyone knows that there is now a movement which is advancing in ambitious, well-organized program to undermine and then overthrow the free societies of the world."

He added that "we have seen nation after nation crumble before it. We see its active revolutionaries in our own hemisphere and here in the United States we find its organs of propaganda and its tightly organized agents, vastly more powerful than their numbers, using fellow travelers in every way of life."

Dewey said the American Legion "as a group, have long and vigorously fought this menace of Communism." He declared it was possible for the United States to live in peace with any nation but added: "It is fundamental that every nation respect the rights of other people to freedom and self-government. It also is fundamental that no nation has a right to conspire to overthrow the government of any self-governing people."

War Bride

(Continued from Page One) only a few months ago from her native Britain, where she had met and married Poland, said she had no plans for returning to her home. "I'd like to stay over here," she said. Poland, a cook at the Army's Eglin Field near here, was shot to death in front of the Fort Walton restaurant where his wife had worked. She said he had started suit for divorce, sent their baby away and threatened her life.

She said her first move in the attempt to get custody of her child would be to talk with her father-in-law, C. T. Poland, who came here unexpectedly for the grand jury inquiry from Kentucky.

Teachers Meet

(Continued from Page One) bill from lobbies whose interests might be affected by increased taxation. She blasted at legislators who in public offer to help "the poor teachers," and then in committee action vote exactly the opposite.

Long debates were held in the House and Senate before the bill was passed, she said, and told of opposition by some members of the appropriations committee. When the matter of raising the requirements of school superintendents to beyond the stage of being able to read and write, one senator termed it unconstitutional, she declared.

The legislators, however, did not heed the citizens' asked and now the teachers' salaries compare favorably with those of teachers in the middle west, she said. She stressed new health programs for children in schools, urged free summer schools and explained the teachers' retirement set up for those who are 50 or who have 25 years.

Gov. T. W. Lewis' announcement that Attorney General Wainwright had just made a ruling that teachers who will be five years from the time the old, rather than the new, minimum salary is paid, she said, was a relief. He urged that teachers be given the quarantine law requiring students to be in the country two weeks before, or else receive a doctor's certificate that

Oil Company Rocked By Explosion, Fire

WHITING, Ind., Aug. 28 (AP)—An explosion rocked a portion of the Standard Oil Co. of Indiana's plant early today, causing the company to lose 24,000 barrels daily capacity in processing crude oil, company officials said.

One worker, Julius Kopaz, 52, of Whiting was missing as flames fought under control, then broke out again several hours later. Three workers, injured slightly, were given first aid treatment and returned to their jobs.

The explosion, which occurred in a pump house serving the company's No. 5 and 6 pipe stills, was heard for a radius of a mile from the blast. Within two hours, flames which followed the explosion were reported under control, but fire broke out again around 9:00 A. M. Company officials, however, said they believed plant firemen could curb the flames.

A company spokesman estimated damage at \$75,000, and said that the cut in daily crude oil capacity necessitated by the damage was doubly severe because it was added to destruction of another daily 2400 barrels capacity suffered in another fire three weeks ago.

U N Meet

(Continued from Page One) British troop dispositions but gave no indication whether she would wield the big-power veto.

Soviet Delegate Andrei A. Gromyko, speaking as a vote approached in the Security Council on the long-debated case, repeated that British troops should get off Egyptian soil as demanded by the Cairo government.

The Brazilian resolution, calling on Britain and Egypt to resume direct negotiations, was described as a means of sidestepping the veto and allowing the council to "wash its hands" of the case. Russia and Colombia were regarded as the key figures in the final voting. The Soviet Union has supported Egyptian demands for the immediate and unconditional removal of British troops, but had given no indication whether she might veto anything less.

Brazil has moved that Egypt and Britain resume negotiations for settlement of their dispute, which also hinges on the future of the Anglo-Egyptian Sudan. A preliminary unofficial lineup showed United States, China, Australia, Belgium and France behind the Brazilian resolution. Seven affirmative votes are required for passage, and Brazil looked to her Latin American neighbor, Colombia, for the decisive ballot.

Poland, a consistent voting partner of Russia, and Syria, a sister member of Egypt in the Arab League, are strongly opposed to the Brazilian move.

CAIRO, Egypt, Aug. 28 (AP)—Police prohibited a meeting called tonight by the "committee for liberation of the Nile Valley," which proposed an immediate "national struggle" should the United Nations reject Egypt's demand for immediate withdrawal of British troops.

The committee, which asserted it included representatives of all political parties, met Tuesday and demonstrations followed. Members of the Muslim Brotherhood, who led violent anti-British and anti-American demonstrations last Friday, were to listen by radio today to proceedings of the Security Council hearing the Egyptian plea.

The Muslim Brotherhood newspaper, El Ekwan El Moslemoun, asserted that British civilians had been instructed to prepare for swift departure from Egyptian cities in view of the UN's expected rejection of the Egyptian demand. The British embassy denied the report.

The newspaper said the British army had placed cities in the Suez Canal zone out of bounds to its troops because of tension and ordered all units to place mines around their camps.

Venetian glass workers were once confined to their own special island to prevent their secrets from being discovered by foreigners.

ing that there had been no epidemic where they had stayed. He praised the new school legislation as having more good than bad features.

Pope-Truman

(Continued from Page One) all peoples of the earth are longing.

The Pope continued: "The magnificent charity shown by the American people to the suffering and oppressed in every part of the world is a fair token of their sincere desire for universal peace and prosperity. The vast world we feel sure, share that desire, even in countries where free expression is smothered."

"God grant their forces may be united towards its realization." The President, declaring that "the tasks now confronting us are formidable," said: "I am privileged to pledge full faith to you once again to work with Your Holiness and with every agency of good the world over for an enduring peace."

"An enduring peace," Mr. Truman asserted, "can be built only upon Christian principles. Except the Lord build the house, they labor in vain who build it." "As a Christian nation our earnest desire is to banish war and the causes of war from the world. I believe that the greatest need of the world today is a renewal of faith in the dignity and worth of the human person in all lands. The times demand faith that is strong enough to struggle if need be for the right."

The Pontiff replied: "Once the state, to the exclusion of God, makes itself the source of the rights of the human person, man is forthwith reduced to the condition of a slave or a mere commodity the order of God is overturned; and history surely makes it clear that the inevitable result of the subversion of order between peoples is war."

Citrus Ruling

(Continued from Page One) the growers or shippers barely met technical requirements. Miller's office here will mail out 12,000 letters to individual growers, each containing a ballot, a copy of the proposed amendment and an envelope in which to return the marked ballot to the Leland office.

Permission has been obtained to use county agent offices in polling places where growers who did not receive a ballot by mail may obtain one and cast their all citrus-producing counties as vote.

Cooperatives will be permitted to submit ballots for their membership. Grower-shippers will be permitted to vote as growers, and also to sign as shippers. Indian River growers and shippers have sought this amendment. Because of traditional differences in their marketing methods, compared with the remainder of Florida's citrus territory, they claim to have been penalized at times when shipping regulations which were beneficial to the rest of the state were applied also to them.

TO FETE PLAYERS

DELAND, Aug. 28. (Special)—Player appreciation night is scheduled tonight for the DeLand Red Hots when they meet the Gainesville G-Men at Conrad Park in DeLand. Nearly 1,800 fans are expected to witness the contest and the pre game festivities.

Great Salt Lake is the remnant of ancient Lake Bonneville which was once 850 deep where Salt Lake City now stands.

There are more than four times as many cattle in Nevada as there are people; population 110,247 with about 480,000 cattle.

Five large independent states—Egypt, Iraq, Persia, Saudi Arabia and Turkey—make up 90 per cent of the Middle East.

A good watch should be wound once a day at approximately the same time—preferably in the morning.

The power needed to light an electric bulb for one hour would keep a small watch running for 4,000 years.

Legion Meet Hears Armed Service Heads

Eisenhower Sees No Immediate War; Nimitz Discusses Unified Defense

By ALLAN FISHER
NEW YORK, Aug. 29 (AP)—American Legionnaires, their lengthy campaign for universal military training now backed by the bipartisan support of President Truman and Gov. Thomas E. Dewey, today looked to the nation's top military leaders for further endorsement of peacetime conscription at the second session of the Legion's 29th Convention.

General J. W. Army Dwight D. Eisenhower, Army Chief of Staff, told American Legionnaires he saw no immediate threat of a global war but added that United States Armed Forces should be strong enough to make an aggressor realize war would "likely be fought over his territory."

Eisenhower said that "as long as deliberate aggression against the rights of free men and the existence of free government may picture, we must be prepared for a part of the international whatever this may finally mean to us."

He declared "I do not want to be understood as adding a global war as an immediate threat" and added: "We must so guide ourselves that a predatory aggressor will be aware of the risks he runs and will realize, should he proceed."

Dutch To Accept Tendency Of UN Plan On Indonesia

THE HAGUE, Aug. 29 (AP)—The Netherlands government announced today it would accept the general tendency of United Nations Security Council resolutions on Indonesia.

The council voted Tuesday to extend its good offices and set up a council committee to investigate the differences between the Dutch and the Indonesian Republic.

The government said it would extend all facilities to assist at Batavia, Java, to investigate and report on the situation in the East Indies since the United Nations cease-fire order became effective at midnight Aug. 4.

The announcement said the Netherlands government soon would designate a member of the commission proposed in the American resolution. Under the resolution, the Dutch are to nominate one member, the Indonesians one, and the Dutch and Indonesians, a third.

Test Case Falls To Aid Deported Jews

LONDON, Aug. 29 (AP)—The High Court of Justice refused today to grant a writ of habeas corpus that would have prevented the British government from forcing 4,000 Jewish refugees, interned while trying to run the Palestine immigration blockade, to go to Germany.

The refugees now are en route to Hamburg in three British ships. The application, sponsored by the Jewish Agency, sought the writ on behalf of six of the refugees in a test case applicable to all the Jews.

TAX REPORT

WASHINGTON, Aug. 29 (AP)—The Census Bureau reported today that the 23 states collected \$4,000,000,000 in state taxes during the 1947 fiscal year. Federal tax collections were \$23,108,000,000 during the same period ended last June 30.

Preacher Demonstrates His Faith

TWO DEADLY COPPERHEADS are held aloft by the Rev. Gordon Miller, pastor of a make-cultist congregation at Summerville, Ga., as he preaches to his followers his faith in the sect's religion. The death of a member of Miller's flock, who died after drinking poison to show his faith, has caused the preacher's arrest on a murder warrant. (International)

Rio Parley Hailed, Truman Foresees By Vandenberg At Brazil's Congress

RIO DE JANEIRO, Aug. 29 (AP)—Sen. Vandenberg (R-Mich.) told a joint session of Brazil's Congress today that the Inter-American Conference of hemisphere defense set a "significant example" for the United Nations.

The treaty against aggression to be signed here Tuesday in the presence of President Truman "is the greatest regional enterprise in the history of the world," the Michigan senator said in his prepared address.

The work done at Quitandinha, the U. S. delegate added, will give the United Nations "a useful and impressive model of how big and little states can work together on a basis of absolute equality of both obligation and power in the pursuit of international peace and security."

"It is a thrilling international adventure which took concrete form when the Pan-American Union was organized in 1890," Vandenberg said. "It is a formula of firm friendship which has, relatively, made ours the most peaceful continent on earth for the better part of a century."

Vandenberg, on behalf of the (Continued on Page Six)

Injured Prelate Is Placed Under Arrest

BEograd, Yugoslavia, Aug. 29 (AP)—President Vladimir Bakarić of the Croatian Republic was quoted by Tanjug, Yugoslav News Agency, today as saying that Sunday's mob attacks on Catholic priests in Venetia Giulia resulted from a ruling by certain priests that persons classified as "enemies of the church" would be barred from acting as godfathers at confirmation ceremonies.

Bakarić was quoted as saying that Mgr. Jakob Ukmar, a Venetian prelate who was injured in the attacks after being sent to the area to administer confirmation to Catholic children when local priests experienced hostility, had been placed under arrest, and that "together with other participants in the incidents and their organizers" he would be turned over to the courts.

Mgr. Ukmar was in a Flims hospital with concussion and body wounds received at the hands of the same mob which killed Father Miro Bolešec.

Real Estate Sales Active In Sanford

A number of real estate sales during the past week were reported today by Fred Bender, who indicated that principal interest continues in residential property.

The home of C. P. Harkey, Rose Court, was sold to Mrs. Eva Bursick of St. Petersburg for \$5,500. The Fred Jones home on South Sanford Avenue was sold to Harry M. Bruns, Jr. for \$4,000. And Ray Browning of Cincinnati, O., has purchased the Howell McKinnon home at 306 West Twentieth Street for a reported consideration of \$2,000.

Big 4 Meet On Korean Issue Urged By U. S.

Note To Russia Suggests Sept. 8 Date; State Department Reveals Proposals

WASHINGTON, Aug. 29 (AP)—The United States called today for a four-power conference to speed Korean independence.

The request was made in a new note to Moscow saying that the present deadlock on a joint Russian-American commission to arrange for a provisional government cannot, in this country's opinion, continue.

"The United States government can not in good conscience be a party to any such delay in the fulfillment of its commitment to Korean independence and proposes that the four powers adhering to the Moscow agreement meet to consider how that agreement may be speedily carried out," the note said.

It suggested that conversations on the problem begin Sept. 8, Nations participating in the Moscow conference on Korea were the United States, Britain, Russia and China.

Simultaneously, the State Department disclosed a summary of proposals by this country for Korea's future.

They included the American suggestion for a general Korean election which has been rejected by Russia.

The U. S. note said the Soviet claim that it has the right to exclude some Korean political parties from participating in the decisions on Korea's future is "contrary to the democratic principle of freedom of election."

"For almost two years the government of the United States has devoted its utmost efforts to carrying out the terms of the Moscow agreement on Korea," the note said.

The agreement "to which the note referred was reached in (Continued on Page Six)

Argentine Move Delays Approval Of Defense Pact

QUITANDINHA, Brazil, Aug. 29 (AP)—A surprise Argentine amendment to hemisphere defense measures was raised today in what had promised to be a perfunctory session of the Inter-American Conference committee on aggression.

Sen. Vandenberg (R-Mich.), U. S. delegate, charged that the Argentine move was "an attempt to limit even the right to consult" on aggression. He said the amendment proposed "a limitation we can never accept."

The committee assembled to study the draft report on the Inter-American zone of maritime security, drawn up by delegates of the United States, Argentina and Chile. It had been expected to approve quickly the outline of a security zone stretching from pole to pole and from Greenland to the Antarctic.

The development delayed final approval of the treaty.

Without bringing the amendment to a vote, committee chairman Ricardo J. Alfaro of Panama adjourned the committee until 8:00 P. M.

The original schedule had called for a plenary session early in the day to approve the treaty article by article so it could be signed in Rio de Janeiro Tuesday in the presence of President Truman.

Enrique V. Corominas, of the Argentine delegation, proposed that the article on aggression already approved by the full 19-nation working committee be amended to read that the "principle of effective jurisdiction applies only in the security zone."

He explained he wanted it made clear whether, for instance, an attack on the U. S. occupation zone in Germany could be construed as an attack against the American continent.

"We must assure our peoples peace which we are achieving of limitations to the defense of here," he said.

In Race To Head American Legion

PERRY BROWN

JOSEPH J. MALLOY

Four of the candidates for national commander of the American Legion in the election which will feature the national convention now being held in New York City, this year, the race is believed to be wide open. Mr. Brown is from Beaumont, Tex., Mr. Malloy from Washington, D. C., Mr. Cadwallader from Baton Rouge, La., and Mr. Jones from Nashville, Tenn.

Sanford Plans Wide Variety Of Entertainment For Labor Day

Sanford is preparing for one of its largest celebrations Monday ever to be held on Labor Day in this city. The Coast Guard Auxiliary has completed arrangements for 13 races with from 12 to 15 participants in each race and with prizes and trophies of \$50.

The races will start at 1:00 P. M. and will last until 6:00 P. M. and will be run under the auspices of the Florida Federation of Outboard Motors with Joe Swift of Mount Dora, president of the association, officiating.

There will also be horse races and contests by the Dugby Boots Riding Club starting at 2:00 P. M. as follows: six cow pony races and three run-offs; quarter horse races; girls' races; riding tournaments; barrel races; flag race; flag race.

The Labor Party's Daily Herald said 14 mines were struck and that these normally employed 27,582 men and produced 171,130 tons a week.

More than 25,000 men quit in sympathy with 110 who walked out Aug. 11 in protest to a joint Union-National Coal Board Committee ruling assigning them two additional feet of coal to mine.

The National Coal Board, which has administered British coal mines since the Labor Government nationalized them Jan. 1, dismissed the original strikers, ruling the men terminated their contracts by refusing to return to work last Monday.

Faced with the necessity of getting more coal mined to prevent a repetition of last winter's fuel famine, the National Union of Mine Workers has appealed to strikers to return.

At Grimethorpe mine, where the unauthorized strike began, a crude white gallows was erected and inscribed "Burn-Will-Lawther."

Lawther, president of the National Union of Mineworkers, supported the Coal Board in firing the strikers and said the board "would have been lacking in its duty" had it done otherwise.

The Conservative Daily Telegraph (Continued on Page Six)

C of C Election Is Being Held This Week

President W. V. Bitting of the Seminole County Chamber of Commerce announced today that ballots for the election of directors of the Chamber of Commerce for the ensuing year were placed in the mail Monday and are returnable up to 5:00 o'clock Tuesday of next week.

Mr. Bitting called attention to the fact that it is necessary for a representative of the members to cast their votes on this election and urged them all to fill out their ballot and return it prior to 5:00 P. M. Tuesday.

German Industrial Goal Of 1936 Level Set By Britain-U. S.

Republicans Say Labor Deceived By Propaganda

WASHINGTON, Aug. 29 (AP)—The Republican National Committee is circulating a pamphlet entitled "The Truth About the Labor Management Relations Act of 1947" in which it asserts that there has been "misleading propaganda" about the law's objectives.

The pamphlet says enactment of the Taft-Hartley Act "marked the fulfillment of a major campaign pledge by the Republican Party, a pledge which won sweeping support and approval of the American electorate on Nov. 3, 1946."

Passage of the act, the Republicans contend in the booklet, "restored equal rights and responsibilities for management and labor in their relationships, and increased safeguards for the rights of individual workers."

"Due to the propaganda efforts of some union labor leaders who hope to continue unbridled dictatorial control of workers, and the politically motivated antagonism of the Democratic Administration, from the President on down, there has been created some confusion as to the true intent and meaning of the act."

It goes on to say that a recent "objective and non-partisan poll" illustrated "this confusion and showed that 'misleading propaganda' had distorted objectives and benefits of the law in the minds of the very persons who are protected by its provisions."

"In polling workers, the re- (Continued on Page Six)

Floridians Marooned On Caribbean Island

MIAMI, Fla., Aug. 29 (AP)—Three flying Robinson Cruisers from Florida are eastways on a tiny island far out in the Caribbean sea, and unhappy about it all.

They were pleading with the Coast Guard and Navy to bring them a plane-load of gasoline so they can fly out of their predicament. But the Navy and Coast Guard have replied with a positive "no."

The men are listed in radio messages received here as Albert James of the Aviation Country Club at Orlando, and William A. Krusen of Tampa and Krusen's son.

Flying a little two-engineered Widgeon, the men shaped their course for Swan Island, a day of land belonging to the United States but 400 miles south of Miami and 150 miles north of Honduras.

They were certain they could land when they landed their amphibious on the island, site of an observation station in the Weather Bureau's storm warning service and during the war a frequent point of call by Navy patrol craft.

But when they landed, not a drop of gasoline was to be had. And there they were, marooned in this air age.

U. S. Still Seeks Broad Greek Cabinet

By L. S. CHAKALEB
ATHENS, Aug. 29 (AP)—U. S. Ambassador Lincoln MacVay reiterated today that the United States wanted a Greek Cabinet formed on as broad a base as possible, as the stubborn government crisis entered its seventh day.

MacVay said both were working toward one end, establishment of a government under which the aid mission could function effectively.

MacVay and Griswold again appealed to Demetrios Maximos to accept the premiership he was offered Saturday. The 71-year-old Greek financier saw King Paul today and then MacVay in an hour-long conference.

An informed source said Maximos would try to persuade the Panallian (Royalist) Party leader, Constantinos Tsaldaris, to accept proposals of the opposition parties. The opposition has charged the security minister with incompetence and has disapproved General Napoleon Zervas as minister of public order.

Members said the council discussed at some length criticism by Lieut. General Albert C. Wedemeyer, President Truman's special finder, on his departure from Nanking.

Meanwhile, an authorized source disclosed that Foreign Minister Wang Shih-Chieh will fly to Washington, probably early next week, to participate in a preliminary conference on the peace treaty with Japan.

From western Hunan province battlefronts came word that Communist assaults into the Luyang area were weakening. Military experts said the Red army along the East-West Lunghai Railway had but one purpose, to provide an easy escape route to the northwest for General Liu Pocheng, whose troops are on a rampage along the Hunan-Anhui border.

Schtrwave radio transmitter WKTO, of Florida Power & Light Company, has now commenced operation at the Sanford steam electric generating plant as one of 18 radio stations installed and maintained by the power company throughout its territory to direct its fleet of trouble trucks and improve service to customers. H. H. Coleman, district manager, announced today.

Located northwest of U. S. Highway 17, which crosses the St. Johns River, Station WKTO has been licensed by Federal Communications Commission to operate with 250 watts of power. Both the station and the company's radio-equipped trucks use new frequency-modulated sets for extended range.

Operators of trouble trucks can exchange messages over a distance of thirty miles. Operators of the trucks can talk to each other within a range of ten miles.

The Federal Communications Commission, Coleman, said has licensed the following local employees of Florida Power and Light Company to operate Station WKTO: D. H. Middleton, G. T. Ray, C. W. Eggle, C. H. Bridges, W. P. Cromer, H. C. Moore, E. L. Whitely, J. B. Phillips and B. F. Bullard. The last four will also serve as operators of trouble trucks.

Strict enforcement of measures designed to improve China's economic position was urged today by Chiang Kai-Shek, presiding at a regular meeting of the state council.

Members said the council discussed at some length criticism by Lieut. General Albert C. Wedemeyer, President Truman's special finder, on his departure from Nanking.

Located northwest of U. S. Highway 17, which crosses the St. Johns River, Station WKTO has been licensed by Federal Communications Commission to operate with 250 watts of power. Both the station and the company's radio-equipped trucks use new frequency-modulated sets for extended range.

Operators of trouble trucks can exchange messages over a distance of thirty miles. Operators of the trucks can talk to each other within a range of ten miles.

The Federal Communications Commission, Coleman, said has licensed the following local employees of Florida Power and Light Company to operate Station WKTO: D. H. Middleton, G. T. Ray, C. W. Eggle, C. H. Bridges, W. P. Cromer, H. C. Moore, E. L. Whitely, J. B. Phillips and B. F. Bullard. The last four will also serve as operators of trouble trucks.

Strict enforcement of measures designed to improve China's economic position was urged today by Chiang Kai-Shek, presiding at a regular meeting of the state council.

Members said the council discussed at some length criticism by Lieut. General Albert C. Wedemeyer, President Truman's special finder, on his departure from Nanking.

Meanwhile, an authorized source disclosed that Foreign Minister Wang Shih-Chieh will fly to Washington, probably early next week, to participate in a preliminary conference on the peace treaty with Japan.

From western Hunan province battlefronts came word that Communist assaults into the Luyang area were weakening. Military experts said the Red army along the East-West Lunghai Railway had but one purpose, to provide an easy escape route to the northwest for General Liu Pocheng, whose troops are on a rampage along the Hunan-Anhui border.

Schtrwave radio transmitter WKTO, of Florida Power & Light Company, has now commenced operation at the Sanford steam electric generating plant as one of 18 radio stations installed and maintained by the power company throughout its territory to direct its fleet of trouble trucks and improve service to customers. H. H. Coleman, district manager, announced today.
