

### Committee Gives Aid To Refugees From Nazi State

#### Advice, Assistance Given To Influx Of Immigrants To U.S.

By LYDIA GRAY SHAW  
NEW YORK, Nov. 21.—(AP)—Five hundred immigrants, fleeing Nazism, landed in New York the other day.

Most were in family groups, loaded with possessions. Few were single men, almost none children, sent on ahead by parents not yet able to finance their own journey.

What was to become of them? How would they adjust and their place in a strange country? One learns the answer at the crowded headquarters of the National Coordinating Committee for Aid to Refugees and Emigrants Coming from Germany. Its job is to help make these Germans and Austrians (and Italians, too, under new arrangements) self-supporting.

First, committee workers try to persuade refugees to pass on through New York to regions where better opportunities lie. Most of the newcomers are from small towns and are happier away from a city. But fully a third of them have remained in New York.

**Farmer Lost in City**  
There was the German farmer who, with his wife, was established in a New York apartment. After a few weeks, he wouldn't eat. He wouldn't go outdoors. The committee, on the advice of a psychiatrist, found a place for him on a Connecticut farm. Once moved, he was happy.

Some refugees have been sent as far west as Washington. Others are farming successfully in Virginia and Kentucky.

Some need temporary loans to tide them over, or help them get started in a new business, but most of them need advice—which takes hours of the skilled counselors' time.

If possible, the refugee is kept in the type of work he did at home, or in an allied field. Sometimes a hobby, like photography or designing, may yield him a living.

Occasionally training for a new kind of job is necessary, especially in the case of lawyers, who are accustomed to English law which is the basis of practice in the United States. Usually German lawyers are advised to study bookkeeping and accounting. Wherever possible, retraining is carried on by existing agencies. Trade schools, WPA classes in English, public school secretarial classes, have proved most helpful.

Many professors are busy placed in American universities. The University in Exile, established in downtown Manhattan for refugee scholars, takes others. This year it has added three Austrians.

**Night Schools Help**  
Doctors and dentists find the state examinations their greatest stumbling block. The committee helps them find temporary work while they are studying English at night preparatory to taking the examinations.

A woman physician works all day as a servant and goes to school at night.

Some types of workers are always in demand. "We have far more requests for servants than we can ever fill," the committee reports.

Chemists usually can find jobs, particularly in the dye industry, for which Germany is famous. Laboratory technicians in the soap, perfume, and textile industries are also reported easy to place.

Many German Jews are em-

### Annual Audit Of County's Records Made

(Continued from Page One) that it appears much detail will be eliminated in the future administration of present law.

The audit pointed out that no defaults of obligations have taken place during the period of the audit and a summarized analysis of the funded debt transactions of the period under audit showed \$2,243,000 on Sept. 30, 1934 and \$2,258,000 on Sept. 30, 1937 making a reduction of \$105,000 in the debt.

Under financial management, the audit states that "expenditures of the fiscal year under audit appear uniform and operating expenses have decreased substantially. Revenue of the 1936-37 fiscal year show a slight decrease over the preceding year. This is accounted for principally by the reduction in current tax collections, the chief items of revenue which have shown increases are gasoline taxes and race track license fees."

Overpayments to County Prosecuting Attorney John G. Leonard were shown in the audit to be \$125 and to W. Herbert Messer \$75. "These overpayments resulted almost entirely from the fact that records had been paid in land restoration cases, the law provides that such cases are compensated by the salary allowed by law, and the regular conviction fee of \$5 is not payable."

**Records Excellent**  
Regarding the records of O. P. Herndon, as Clerk of the Board of County Commissioners, the audit states that the "records were found in excellent condition, being very neat and accurately kept. Adequate and convenient filing space for paid warrants, vouchers, and commissioner proceedings is not available, so that present filing systems in use, are probably the best that can be devised under the circumstances."

"Bonds to refund ad county issues were authorized during this

period as mechanics, watchmakers, and instrument makers. A fortunate few of the refugees have managed to bring a small amount of capital with them. The committee helps them choose a place to set up shop, preferably the kind they operated in the old country.

One, who opened a junk shop in New York, now employs from 15 to 20 men. Another is manufacturing candy.

The United States may profit by the new industries and skills German immigrants have brought here. One man has set up a ski boot factory near Boston. Another designs and manufactures ski costumes.

Two Germans who invented new materials, one an acid-resistant rubber hose and another a new kind of carbon paper, have brought these processes into the United States.

What effect will this immigration have on America? Nobody knows. Doubtless the country will learn much from the scholars like Einstein and Jellinger, the statesmen like Bone and Bruening.

Government officials say the refugees will be absorbed like any other immigrants. It's an individual problem. And most of the refugees are more than eager to become citizens.

Helpful hints: Lemons soaked ten minutes in warm water will yield more juice than unsoaked lemons. To clean out a burnt pan, add one teaspoon of soda to each cup of water needed to fill the pan, cover and simmer twenty minutes. If some egg yolk get into white while you're separating them, remove them with a piece of the shell. To keep a bowl steady while using a beater or mixer set it on a cloth on the table.

audit period. Under the terms of the agreement dated Aug. 25, 1936, R. E. Crummer and Company was designated as refunding agent to handle all details pertaining to the program, compensation to be at the rate of 1.8 percent of the par value of the bonds refunded, to be paid as exchanges were effected. To date of Sept. 30, 1937, only \$123,000 representing 123 bonds of various issues, remained to be exchanged out of the total amount of \$2,238,000 scheduled to be refunded. Compensation paid to the R. E. Crummer Company by the above date amounted to \$33,730 and to R. E. Crummer, County Attorney, the sum of \$3,700.

Pointing out that the operation cost per inmate day at the County Home was .466 cents in the 1936-37 fiscal year and 4.13 cents at the County Convict Camp, the auditor stated in his report that "the average daily cost for each inmate is indicative of efficient and careful management."

**Clerk's Records**  
In the audit of the accounts of O. P. Herndon, as Clerk of the Circuit Court for Seminole County, the auditor stated that "all collections evidenced by receipts were found properly remitted. All tax certificates chargeable to the clerk were found on hand and properly safeguarded. Some few errors found on the sale report were corrected during the course of the audit."

"All collections as evidenced by receipts presented for audit were reported to the Controller, and remitted to the various units entitled to same. 'Certain tax certificates missing at the date of the prior audit, are as yet unaccounted for. These of course are not chargeable to the present clerk."

"At date of the last audit a double-entry set of records and a cash book were installed, so that a very accurate compilation of all office business has been effected and preparation of fee reports facilitated. These reports present accurate data and as books have been kept on an accrual basis. Records were found in an excellent condition, errors found being negligible."

"The clerk has custody of bonds in appealed criminal cases. Proper action appears to be taken on past due fine and cost bonds and cost bonds."

**Collector's Records**  
In auditing the accounts of County Tax Collector, John D. Jenkins, the auditor reported that "it was found that excess income in the amount of \$245.78 was due by the 'tax collector. This was remitted on June 7, 1938. Collections had been over-replicated by \$18 and commissions in the net amount of \$127.94 are due to the collector."

"All collections were found properly accounted for, although over-replications being found in several instances. Remittances are, as a general rule, made monthly, depending on the amount and rapidity of collections."

"It is evident that collection of all types of taxes is diligently enforced, and levy or sale consummated whenever necessary

and practical. Remittances are made to the account of the taxing unit or other entity entitled to same and public funds kept strictly separate from private funds. Commission bills were found very accurate and neatly prepared."

"In amortizing the cost of a Ford V-8 on the basis of market valuation at Jan. 1 of each year, a gain of \$130 was realized when the car was traded in on Oct. 30, 1937. This amount should be deducted from the proportionate part of the expense of the new car applicable to the ensuing year. It is stated that this car is used entirely for business purposes."

"All records in the tax collector's office were found neatly and accurately kept. It is evident that great care has been taken to promote an efficient and accurate system of records, and to this end it is apparent that the collector pursues an effort which is commendable."

**Assessor's Records**  
Regarding the audit of the records of the Tax Assessor S. F. Doudney, it was reported by the auditor that the commissions in the amount of \$314 are due to the assessor. Tax rolls appear to have been properly and accurately prepared, the proportion of errors and double assessments being negligible. A very accurate record of all income and expenditures has been maintained. Expenditures appeared very conservative considering the size of the county and the amount of detail work connected with the office. All records of the assessor appear to have been efficiently and systematically kept."

"It was found that commissions in the amount of \$911 were due to the former assessor, A. Vaughan for tax period beginning Jan. 1, 1934 and ending Aug. 12, 1936."

**Judge's Accounts**  
In an audit of the accounts of County Judge R. W. Ware it was found "that the County Judge had remitted all collections. Remittances were shown by receipts to have been made promptly, usually in the first few days following the month in which collected. Semi-annual income reports have all been filed as required by law and were found substantially correct."

"The income of the office has been reported as earned regardless of whether or not collected, which has simplified record keeping. Only a few preliminary hearings in criminal cases upon which indictments were found or information filed were billed to the County."

"It was found that \$30 is due in the former County Judge James G. Sharon, consisting of docket fees."

**Sheriff's Accounts**  
In the audit of the records of Sheriff C. M. Hand it was found that the amount of \$137.50 is due by the sheriff representing overcharges for feeding prisoners. This arose from the fact that a charge of 65 cents a day has been made regardless of the number of prisoners fed during each month. The law provides compensation for the sheriff at the rate of 65 cents per day each

for feeding 20 prisoners or less and 60 cents per day each for all over 20.

"It was found that partial collections of fine and cost bonds were not being remitted until the fact that it has been the practice to require the defendant to serve the full sentence upon default of partial default. This is not in conformity with a court ruling and partial collections should hereafter be remitted."

"All records prescribed under the uniform system of accounts appear to be installed and properly operated and were found to be neatly and accurately kept."

In an audit of the accounts of the former sheriff, J. F. Metteland, it was found that the amount of \$211.56 is due the county representing for the several part amounts billed the County as salaries of deputies assigned to the various pool during election, less excess income paid the county on amounts so billed. The Attorney General ruled in an opinion on June 10, 1932 that the County Commissioners are not authorized to pay the sheriff for providing a deputy at each polling place on election day."

An audit of the accounts of The Aulin, Justice of Peace for District No. 2 at Oviedo, showed that \$4.31 is due by the justice of peace consisting of overcharges for requests, less criminal fees not billed.

In an audit of the accounts of Justice of Peace J. C. Roberts in District No. 4 at Sanford it was found that \$88.53 is due by the justice of the peace consisting of overcharges and collections not remitted. Mr. Roberts, in his capacity as coroner, has billed the county for the amount of \$3 for viewing the body and issuing a death certificate in each instance in which an inquest was actually held in addition to other fees charged. This fee is properly chargeable only in instances when no inquest is deemed necessary."

All fine and cost bonds on hand were found to be delinquent and apparently no effort has been made toward collection. The civil and criminal dockets prescribed under the uniform system of accounts are installed and the justice has kept a very complete record of proceedings. Bill rendered and charges were found accurate except, as otherwise shown."

### FDR Expresses Approval Of Welfare Parley

(Continued from Page One) the afternoon for Warm Springs, Ga., for a two week's stay.

During his sojourn at the health resort which he helped to found he is expected to begin conversations with Senate and House leaders on the legislative program for the new Congress. He will possibly meet with

Hugh R. Wilson, ambassador to Berlin, who has been summoned home for consultation and report on the situation in Germany, including the anti-Jewish campaign.

He is scheduled to announce several important appointments, chiefly Federal circuit and district judgeships, an increase in which Congress voted early this year to help clear up court dockets.

combating infantile paralysis. One of his main purposes in going to the health resort is to have Thanksgiving Day dinner with the crippled children there. This used to be an annual event but other things have intervened in the last two years to force him to forego this happy get-together.

Between swims in a glassed-in warm water pool and motor rides about the Foundation, the President is expected to give some thought to the broad outline of the program he will recommend to Congress.

## Shippers Discuss Return To Field Pack For Celery

### Receivers Evenly Divided On Proposal Of Growers To Reduce Sales Cost

### Celery Shippers Plan To Organize

### Co-Operation Is Advocated With Program For Acreage Control

One of the chief topics of discussion at the meeting of Florida celery shippers in Lakeland yesterday was the return to the packing of celery in the fields which growers are proposing in order to reduce processing costs which would be increased appreciably under the regulations of the recently enacted wage and hour law.

Letters from receivers at many of the principal terminal markets were read at the meeting and opinion seemed evenly divided on the proposed plan which would generally in the industry would throw thousands of workers, principally colored, out of employment during the shipping season.

Many shippers, W. A. Lettler, of Chase and Company, stated he opposed the plan as impractical since Florida celery would be shipped in competition with pre-washed celery from other producing sections for a large part of the time during the shipping season.

In field packing celery it was pointed out that the stalks are not stripped so closely as in the wash houses and that this would increase the yield per acre, aggravating the present problem of over-production. No definite action or recommendation were made by the shippers in this regard.

The shippers did, however, make plans for concerted action in seeking full exemptions provided by the new wage law for the processing of seasonal crops. The shippers will ask for the 14 week exemption from the minimum hour regulations in the wash houses which have been ruled as applicable by the law. It was pointed out that even co-operative wash houses of farmers are affected by the regulations.

Before making plans for a shippers organization for all Florida shippers of celery, high freight rates and the AAA's soil conservation and acreage control program were discussed.

Initial plans for a shippers organization were made and further details and elections of officers will be made at a meeting to be held on page two.

### Work Is Begun On Softball Diamond

Work is underway on the Sanford softball field now being constructed by the National Youth Administration, according to Ralph Goodspeed, local director of the NYA.

A crew of 20 men are working on the project and poles for the fence are nearing completion. The field is ready for the laying of the clay infield. According to blue prints, the infield will be situated near the corner of Howard and Commercial streets. The distance to the left field fence will be 200 feet, the center field fence 275 feet and the right field fence 210 feet.

A set of permanent bleachers are to be constructed 50 feet in the rear of home plate and will seat a total of 400 spectators.

## Florida's Tourist Horde Is Already Beginning Influx

TALLAHASSEE, Nov. 22.—Florida's 1938-39 horde of tourists already is beginning to come into the state for the winter season, State Hotel Commissioner W. M. Taylor stated today upon completion of a survey trip to tourist centers.

"Present indications are that the season will probably be better than I had figured," Mr. Taylor commented.

"I find that as a rule, every one in the state is looking for a fine winter season, and that the tourists have started their winter trek into Florida in pretty good numbers during the past ten days," he went on.

"Our full-time winter visitors—by that I mean those who come to the state to spend all of the winter months in lieu of short vacations of from a few days to a few weeks—generally waited until after the fall elections to leave the home for Florida, but every agency I contacted told of the pickup in winter immigration in recent days."

Mr. Taylor recently issued what he termed "the most conservative possible" prediction for the winter season, placing Florida.

### Bolita Sentence Is Upheld By High Court

TALLAHASSEE, Nov. 22.—(AP)—Two supreme court justices described as "excessive and shocking" the two-year prison sentence given George Washington, a negro, in Pinellas county circuit court for selling ten licensed bolita tickets to his prosecuting witness.

Justice Chapman and Brown said the offense would have been punished sufficiently by 30 days or fine of \$25. However, Washington's case was affirmed, 3 to 2, when Chief Justice Terrell and Justice Buford and Whitfield voted to uphold the lower court. Justice Thomas did not participate, because the case was docketed before he became a member of the court.

## Jaycees Will Hold Florida Meeting Here

### President Of National Organization To Be Principal Guest; State Head Coming

The winter conference of the Florida Junior Chamber of Commerce will be held in the Mayfair Hotel here, Dec. 10 and 11 according to J. L. Rowland Jr., president of the local Junior Chamber of Commerce, who said that Phillip C. Ebling, president of the United States Junior Chamber of Commerce, and Thomas E. Smith, president of the Florida Junior Chamber of Commerce, will be the principal speakers.

Approximately 175 officers and directors of the 11 Florida chapters of the organization in Florida are expected to attend the conference and plans are now being made for entertainment of the Jaycees while in Sanford.

Mr. Ebling, who was recently elected president of the United States Jaycees is a native of Dayton, Ohio. He is an attorney and has served on the R. O. C. Board of Directors. He is also a member of the official board of Methodist Episcopal Church.

Mr. Ebling joined the Junior Chamber of Commerce in Dayton in 1933 and at a convention in Memphis in 1936 he was named national director.

In conjunction with the conference, the local Junior Chamber of Commerce will have an annual dance in the ball room of the hotel and the following Jaycees have been appointed to serve on the various dance committees:

E. F. Loney and Clyde Ramsey have been named general chairman and Harold Powers and John D. Ivey have been named on the motion committee.

R. J. Holly, Jr., has been selected head of the music committee while A. L. Collins and Ray A. Chambers have been chosen for the finance committee.

The decoration committee is composed of M. L. Raburn, J. E. Courter, Jr., H. L. Eubanks, Jr., E. Willingham, H. W. Little, R. N. Sapper, Karlisle, Houghbloom, Joe Moss and R. H. Pickett.

Also Eddie Kirchhoff, Raymond Lundquist, Claude Locke, J. E. Wethered and Mr. Holly have been appointed on the floor committee while F. J. O'Connor, Clyde Parker, J. C. Cule, Mr. Powers, N. O. Shubulser, Jr., and Richard Deas have been named on the welcome committee.

Mr. Rowland announced that a special meeting will be held next Tuesday evening to complete plans for the conference and a full attendance is requested.

MONROE PAGEANT

A Thanksgiving pageant and program will be presented tonight by the pupils of the Lake Monroe School starting at 8:00 o'clock in the school auditorium according to professor B. C. Steele. Proceeds from the program will go toward the P. T. A. dental and tonsil clinic for the children of the school.

### Appraisal Values Rockefeller Estate At \$26,410,837

NEW YORK, Nov. 22.—(AP)—John D. Rockefeller, Sr., who died in Florida on May 23, 1937, left a net estate of \$26,410,837, according to a report of securities. The transfer tax appraisal filed today listed the gross estate at \$28,095,187, of which more than \$17,000,000 was in United States Treasury notes.

Virtually the entire estate was left in trust for his grand daughter, Mrs. Margaret Strong de Cuevas; her two children, and the Rockefeller Institute for Medical Research.

The only other beneficiary was John D. Rockefeller, Jr., who received personal and household effects valued at \$137,000.

The senior Rockefeller, explained in a letter to his will that he had already made ample provisions for his other heirs.

### Demos Study Cause Of Election Losses

NEW YORK, Nov. 22.—(AP)—A conference of eastern and southern Democratic committeemen which inquired into reason for the party's losses in the November elections was concluded today, and National Chairman James A. Farley completed plans for similar talks with section leaders in Chicago next Tuesday and Wednesday.

The discussions, he said, were aimed in part "to clear up any misunderstandings within the party that may exist."

### C Of C Civic Committee Makes Plans For Winter Visitors' Entertainment

The Sallie Harrison Chapter of D. A. R. will handle the Welcome-to-Sanford activities of the Women's Civic Committee of the Chamber of Commerce from Nov. 21 to Dec. 19, according to an announcement made at the monthly meeting of the Women's Civic Committee held yesterday morning in the Chamber of Commerce Building with Mrs. Endor Curlett presiding. Members of the committee from D. A. R. who will welcome newcomers to Sanford during this period are Mrs. L. M. Hagan, Mrs. J. B. Kay and Miss Irene Hinton. This activity was inaugurated by the civic committee two years ago, and since that time has worked successfully, committee officials said. Various women's clubs in the city take the responsibility for a month and during that time call upon new residents, either permanent or part-time, issuing cordial greetings of welcome and also doing everything possible to make their stay in Sanford a pleasant one.

In line with the Committee's policy of furnishing entertainment for the Sanford tourists, various groups are this year being asked to provide a complete program during the season. Those that have been definitely set up

## Refunds Made To Growers By Control Group

### Nearly \$7,500 Returned As Unexpended Balance Of Assessment By Committee

A refund of approximately \$7,500 has been made to the celery growers after the state by the Florida Celery Industry Control Group which administered the AAA Celery Marketing Agreement during the 1937-38 season.

The refund, officials of the group pointed out, represents the unexpended cash balance of the control committee, and amounts to 35 percent of the \$21,000 paid for administration of the pact which was voted by the growers in 1937.

Distribution was made to the celery shippers in accordance with the conditions which were set on the number of crates shipped in interstate commerce.

Payment was made to the shippers who were responsible for paying out of the amount per crate to the control committee. Although the amount, generally, was deducted from the returns, it was refunded on page two.

### Ecumenical Movement In Christian Churches Is Outlined By Rev. Bram

Doubling the progress of the ecumenical movement which is underway all over the world, the Rev. Martin J. Bram was the principal speaker at the meeting of the Episcopal Men's Club in the Parish House last night.

In his address at the monthly meeting of the club which was presided over by President J. R. Stewart, Rev. Bram asserted that more is being done at present than ever before for the concerted cooperation of the Christian churches in achieving a common goal. He pointed out that the background of the movement dates back to the early church but that more recent impetus was given at a world conference in Edinburgh, Scotland, where church leaders met to discuss the "Christian Mission."

The World War, he said, interrupted possible succeeding conferences of this kind, but after the war there became a consciousness of the need for a common goal. This came about, Rev. Bram pointed out, because formal religious began to disappear from the experiences of men and women who had witnessed life and death during the war and now demanded reality in their religion.

As a result, in 1925 at Stockholm, Sweden, a conference was held on the "Life and Work

OF ALL THE GOOD-BYES I HAVE HEARD,

OF ALL THE GOOD-BYES I HAVE HEARD,
the Japanese sayonara—"Since it must be so"—is the most beautiful.
Unlike our "good-bye" and "adieu," it does not cheat itself by any bravado "till we meet again," any sedative to postpone the pain of separation. It does not evade the issue like "farewell," which is a father's good-bye—"go out into the world and do well, my son." It is encouragement and admonition, but it passes over the significance of the moment; of parting it says nothing. "Good-bye" and "adieu" say too much; they try to bridge distance, almost to deny it. Good-bye is a prayer: "You must not go alone, unwatched. God will be with you." But you shall not go alone, unwatched. God will be with you." But sayonara says neither too little nor too much: it is a simple acceptance of fact. All understanding of life lies in its limits; all emotion, smoldering, is banked up behind it. It is the unspoken good-bye, the pressure of a hand, "sayonara."—Anne Morrow Lindbergh, North to the Orient (Harcourt, Brace)

SOME CHILDREN from the lower East Side of New York, on their first visit to the country, were watching a terrible hailstorm, and one small girl expressed her disapproval: "God's getting awful fresh, throwing down those big stones! Wald, Head of the Teney Street Settlement, quoted by W. Orton Tewson.

Who's Next

At the time of Hitler's great triumph over the
democracies at Munich, people who understand the in-
extinguishable Nazi political appetite were asking, "What next?"
They did not have long to wait. Having stolen a large
portion of the territory and personal property of the
Czechoslovaks, and gotten away with it, it was quite
natural that the next victim should be the Jews who are
forlorn enough to reside within the German borders.

The fine of \$400,000,000 levied upon the German Jews
for the assassination of a minor German official in Paris
is no different in principle from the seizure of the Sudet-
enland from the Czechs. The Nazis simply needed the
money, that was all, so they took it. The Jews were a
small unprotected minority in their midst, and under the
Hitler theory of government might makes anything right.

The important thing for us to remember as Americans
is not so much whether it is Jews being persecuted in
Germany, or whether it is a small comparatively insignif-
icant country in Central Europe like Czechoslovakia being
oppressed, but rather the principle of the thing. If the
Germans will persecute the Jews when it suits their pur-
poses, they will when they feel like it persecute the
Catholics, or the Protestants.

And if they can attack Czechoslovakia with impunity
and intimidate England and France merely because they
want something to which they have no right but for
which they are willing to fight, they would likewise seize
a part of Brazil, or Mexico, and dare us to do anything
about it, if they should ever see in those countries any-
thing they want.

And so as the persecution of the Jews in Germany
reaches its height, it is only natural for one to ask,
"Who's next?"

Ism Definitions

By way of J. C. Brossier's column in the Orlando
Sentinel comes the following interesting, if not entirely ac-
curate, description of the foremost political and economic
isms of the day, which was prepared, according to Mr.
Brossier, in this simple and concise form by Mr. I. W.
Phillips:

Socialism—If you own two cows, give one to your
neighbor;
Communism—You give both cows to the government,
and the government gives you back some of the milk;
Fascism—You keep the cows, but give the milk to
the government, which in turn sells some of it back to you.
New Dealism—You shoot one of the cows, milk the
other one and pour the milk down the sink.

Farm Market Is Veritable City Within A City

in the northern terminal markets. He can take his choice of shipping if he wishes. He can ship either by truck or by rail at leading devices and platforms have been constructed at the market for both. He can direct the loading of his merchandise for northern shipment and if he ships by truck he can go to the market service station and see that his trucks are properly serviced for the trip. He can then return to the restaurant for the evening meal before leaving the market grounds for his rooming quarters.

The market has many things which compose the little city such as a service station, a barber shop which is operated by B. Warren and G. W. Carver and a restaurant operated by Hugh Tiffin. The restaurant has doubled its last year's sales and now 40 or more customers can be served. The market also has its own telegraph office, weighing devices for trucks and automobiles, bread grinders, machines, sweet shop, giant produce refrigerators and its own private and public telephones.

The market dealers have formed their own Sanford Market Operators Association which governs their business to a certain extent and the association is always working toward the betterment of the market.

The Sanford Fruit Company is the largest establishment on the grounds and since it began operation in 1935, it has tripled its size. Only last summer, the company added a third section and also constructed new loading platforms at a complete cost of \$5,000. Harry Tooke, head of the company, said yesterday that he expected to pack and ship approximately 50,000 or 100,000 boxes of citrus this season.

This year, W. O. Jones is the Government Citrus Inspector replacing W. G. Ross who is following over the same duties this year in the Deland section. J. G. Michael has been the market manager since the first season in 1934. Since that time there have been thousands of dollars of business each year and the local produce dealers and buyers are hoping for a great season this year.

PTA Council Will Meet Next Tuesday

The Seminole County Council of the Parent Teachers Association will meet at the Sanford Grammar School, Tuesday morning, Nov. 29 at 10:00 o'clock. Mrs. Fred Forward of Lyman, the council president, will preside over the meeting which will feature reports from the Parent Teachers Convention at Sarasota in early November.

Delegates, which attended from the Seminole County Association, were Mrs. Val Williams, delegate of the County Council and member of the directors; Mrs. Val Williams, delegate from the Seminole High School and the Sanford Junior High School and Mrs. W. L. Brunley, delegate from the South Side Primary School and the Sanford Grammar School.

Mrs. Fred Forward reported that Seminole County was the only county in the state that had a Parent Teachers Association in every school, with all membership privileges in the National Association and also that there were only two such counties in the entire nation. Because of this outstanding work, the local council received a banner from the State Council, she added.

Mrs. Val Williams of the Seminole High School Association was elected a state educational director.

Mrs. A. W. Wagner of Chuluota was appointed executive secretary with offices in Orlando.

20th Anniversary Of D. A. R. Is Celebrated

The Sallie Harrison Chapter of the D. A. R. celebrated its twentieth anniversary Friday afternoon at the home of Mrs. Martin Braun, Assistant business manager, Mrs. J. B. Roul and Mrs. A. L. Betta.

Mrs. Val Williams read "The Present Crisis" by James Russell Lowell. A discussion of the twentieth birthday of the chapter was given by Mrs. L. P. Hagan. The organization of the chapter was discussed by Mrs. W. E. Watson, and Mrs. R. E. Tolar talked on the memories of the early days of the chapter. Mrs. Henry Manick of Longwood told of the chapter's tenth anniversary.

Late in the afternoon refreshments were served and a birthday cake was cut.

Those present were: Mrs. J. G. Shuron, Mrs. L. P. Hagan, Mrs. R. J. Holly, Miss Irene Hinton, Mrs. Val Lovell, Mrs. Frank Woodruff, Mrs. G. I. Loucks, Mrs. W. E. Watson, Mrs. W. L. Henley, Mrs. B. D. Says Married Couples Shouldn't Settle Down

CHICAGO, Nov. 22. (AP)—Couples who marry to "settle down" are likely to be headed for difficulties, said Dr. Paul Popenoe, Director of the Institute of Family Relations, Los Angeles, in a recent address here.

"Marriage is an entrance to a dynamic, new and richer life," Dr. Popenoe declared. "Don't marry to settle down. Most marriage difficulties are caused by improper balance of normal human needs—the need for social acceptance, a full emotional life and some outlet for individual creative impulses. Marriage problems are problems of personality and lacks in balance can be recognized easily if partners honestly study themselves and see causes rather than symptoms of discord."

CELEBRY SALT

"The Spice of S. H. S." By Dick Myers

Another game... another day... meaning the place as the pages of S. H. S. football history are turned with us having beaten you out the night we've played in a pretty successful season... it may be by this time next week we'll be saying we beat you over the night... I hope... I looked like there were more daisies than usual... see for yourself... some of them were: ESTHER STRANGE in N. A. BARKLEY, ELIZABETH DYSON in ORVILLE, DOUGLTON, BETTY PATTERSON in BILLY WARD, NELL CLANNINGHAM in CLYDE PIERCE, MARY MARTHA EMERICK in "Doc", GALLANT, HELEN PALMER in BOB PETERSON, MARY NANCY BROCK in JIMMY TERWILLIGER, NELL STEWART in KING KUNG, WILLIAMS, KMEIENE, THURSDAY in SHIRLEY BEST, CLYDE ROBERT in JIMMY DEAN, FRANKIE in DICK MANSON, BETTY LEE, PRESH in CHARLIE ROBINSON, JANE LOVELY in ST. CLAIR WHITE, LILLY FAYE HENDERSON in FRANKLIN, IRVING, DEANETTE POTTER in CHARLIE WILLIAMS, ALICE WRIGHT in JACK STANFIER, but not least was WALTER HAYNES in MARTHA TELFORD.

They were more at the game dancing than ever... too bad it'll soon be over... maybe the Antlers'll start giving one every Friday night... But in best the one given by the Junior Class, it yet to come... That dance, after the game, in case you haven't already heard, they're going to give them last night at the Armory... it is it going to be a blow-out... they're gonna have Glen Brown's orchestra from Orlando in really put on a dance... who can dance... boys are coming... girls can come too... Jeanette Potter's organization for forty cents... you can't miss that anybody can come... school or not... to get to the other one... some of the couples were: PETE TELLS in ROSE, MARCHANT, JESSIE DURDEN in GILES CHAPMAN, MARY ELLEN LESHER in RUD MOUGHTON, BETTY PATTERSON in BILLY WARD, JOYCE ADAMS in GEORGE SPEER, MARTHA TELFORD in WALTER HAYNES, ALICE WRIGHT in JACK STANFIER, I. M. TELFORD in FRANCES BAKER, GERTRUDE HUNTER in DARRIEL, FORGESSON, MURIEL KNIX in RUD WILLIAMS, JEANETTE POTTER in "PETTY" WILLIAMS, AGNES BIRKLEY in PETE ECHOLS, boy did DANNY ALTMAN create a sensation when he gave in to his public... I showed you how it was done... I Danny said he couldn't dance... he stole the show... another thing, some time during the event... all the boys seemed to develop that strange form of dance floor stigmation that allows a person to see only through or past a given object... especially if that object is stuck... the but of a practical joke... There's a certain sophomore, kinda tall, who, I've heard, would appreciate a little attention from RUD WILLIAMS... Since EARLY WYNN has left town HAZEL LODGE is kinda left out on a limb... too bad... A noticeable note was noted the other side at the game, while FRED GANAS shined on the football field, his girl shined in the grand stand... not so very long ago when MARTHA TELFORD in WALTER HAYNES in a few others were

Dan Fitch Presents His Jitterbug Show at Ritz Wednesday

Almost everywhere the world is doing "The Jitterbug," some like one way, some another. Dan Fitch is bringing his "Jitterbug Show" Wednesday to show Sanford how "The Jitterbug" ought to be performed. Dan Fitch went into the Jitterbug country (the coastal regions of the Carolinas) to find his dancers. It was in this part of the South that such famed dances as the Charleston, The Blackbottom, and The Big Apple originated and spread to all parts of the world. Besides, the Jitterbug dancers Dan Fitch's show will contain several excellent vaudeville acts including the act of Happy Ray and the acrobatic marvels of Clayton and Phillip. The music for the show is played by an excellent swing band of five musicians.

Girls Request Right To Make Decisions

TALLAHASSEE, Fla., Nov. 22.—College freshmen want to be treated like adults.

In order to find out just what boys and girls of college age expect most of their families, a professor at Florida State College for Women surveyed her freshmen class in home economics. Here are some of the "rights" the girls said they wanted most.

To choose companions, to make some of their own decisions, with the consultation of an older person when the problem is of a serious nature, to share in family decisions, to have a definite allowance and to be treated as a definite part of the family group.

out to go places, to do things, the best they could find was to go "waiting" in waiting they want.

To find out a few minutes later that they were at a private club in the excitement of getting elsewhere when somebody started after them. Marlin almost lost his shoes... show does JOE DUBOIS do... the C. C. Club is going to give a show party New Year's Eve... at least they were... I heard that NELLIE in BETTY W. were having quite a struggle over who'd take him... "Thee" H. like the dramatic man in the hand... only in the case, the dramatic man happens to be a girl!

What's this about H. H. writing "Love Letters" by ELIZABETH D... Due to a slight misunderstanding in the parental ranks of this column's readers I wish to emphasize the fact that no way is it connected with Seminole High School.

# Baby Celery Feds Take Contest From Cherokees 12 To 0

## Leshner Returns Intercepted Pass 25 Yards For Tally; Page Also Stars

The Seminoles High School Baby Feds under the direction of Captain Danny Altman yesterday afternoon trounced over a tough Cherokee Junior High School eleven from Orlando for a score of 12 to 0.

Led by the brilliant playing of Jimmie Page, and Hugh Leshner, Fed fullback, the Baby Feds won the contest with a score of 12 to 0.

The second period started and the Feds kicked off to the Cherokee eleven. McMorris was forced to kick and Captain Altman returned the ball to the Cherokee 15 yard line. Page passed to Newman for eleven yards and Roy Dunn went around left end for four yards followed by Page who poked up seven yards off right tackle putting the ball down on the 23 yard line.

John Angel then skated left end for six yards and Captain Altman shot a flat pass to Newman for a first down on the ten

yard line. McMorris broke through and nailed Leshner for a loss of two yards but Page went off tackle to the five yard line. On the same play, Page went for three more yards and on the next play, Page went over guard for the touchdown.

Captain Altman's pass intercepted by Newman was incompletion for the conversion point. Sanford kicked off to Cherokee and they began throwing passes in every direction. Triggers did not do the usual work and he showed up very good although the line could not hold enough to keep out rushing Fed linemen.

Leshner in the fourth period, Cherokee was in possession of the ball and Duggan dropped back to pass to Holloway, but Leshner intercepted the pass and carried 25 yards for the second touchdown without being touched.

Captain Altman attempted to dropkick the extra point but it was wide.

The play of Howard Dugan at center and the work of Stana and Hawks at the guard positions was also very good. Babe Williams, McMorris and Beckman were the stalwarts of the Cherokee line with Hagg, McMorris and Cobb doing the best work in the halfback line.

JIM COULTER, Pennsylvania halfback, left, will be a Quaker threat to Cornell when the two teams meet in their annual Thanksgiving Day battle at Philadelphia. Charley Helm, right, Alabama halfback, will lead the Crimson Tide against Vanderbilt, at Birmingham, in the outstanding Turkey Day contest below the Mason-Dixon line.

# Celery Feds Prepare For Final Turkey Day Contest

The Seminoles High School Celery Feds underwent a light workout yesterday afternoon under the watchful eyes of coach Leonard L. McLucas and Russell McCracken as the Feds prepared for their annual Turkey Day tilt with the Leesburg High School Yellow Jackets Thursday night at 8:00 o'clock.

Coach McLucas said he believed his protégés could win over the Jackets although the Lake County crowd topped the bands two weeks ago by a score of 7 to 6.

McLucas said the locals should play their best game in the final game of the season. The game will be the ninth of the year and if the Sanford outfit gains a victory it would give the Feds six wins and three losses.

# IN THE FIELD OF SPORTS

The annual Turkey Day tilt with Leesburg here Thursday night should draw one of the largest crowds of the season according to Head Coach Leonard McLucas.

Yellow Jacket followers will be here but the Feds will have a surprise for them... we hope.

Jimmie Page, Danny Altman, John Angel and Hugh Leshner have really been playing some good football for the baby Feds this year, of course, you will see more of them next year... Leshner for sure... Hugh can run with any small school back and his defensive work is really worth watching.

Hugh intercepted a pass yesterday and traveled 25 yards for a touchdown and that's the first time that was ever done on the local gridiron... Hugh will also be valuable to Seminoles this year on the basketball court.

And speaking of basketball, it won't be long before 45 or 50 Seminoles athletes will tramp on the gym floor with basketballs in their hands. Seminoles should have another fine cage five this year and although Coach McLucas has not announced a schedule, it will likely be tough.

The team this season will be led by Art Williams, stalwart in Seminoles basketball for the past three years. Art led the five to a Northeast Florida Conference Championship last year and he hopes to do the same again.

### Chamber Board Makes New Ruling On Expense Allowances

Benjamin F. Haines of Altamonte Springs was tonight unanimously elected President of the Seminole County Chamber of Commerce to fill the unexpired term of T. E. Simpson, who was recently transferred by his business affiliation, the Texas Company, to Newburgh, New York.

Mr. Haines is one of the most active members of the Chamber of Commerce, having served as first vice president of the Seminole County Chamber for many years. Mr. Haines' nomination for president was made by the Executive and Finance Committee at last night's special meeting of the Board of Directors.

On recommendation of the Executive & Finance Committee, the directors eliminated from the budget of the Chamber the budgeted item "expense allowance of president" and transferred the amount remaining to a general expense fund with the stipulation that no obligation may be incurred against the travel expense fund authorized by the Executive & Finance Committee, nor may it be used for any other purpose.

Members of the Chamber of Commerce who were in attendance at the meeting held in the Chamber of Commerce Building, Mr. and Mrs. Benjamin F. Haines of Altamonte Springs; Mrs. Pauline Haines and Mr. Newton Merrill of Fern Park; Mr. and Mrs. W. B. Caldwell of Forest City; W. E. Kilbey and J. A. Logan of Geneva; P. Campbell, H. H. ## Americans Are Held In Spain By Loyalists

### Baron Recounts Experiences In Dungeon; Green Reviews Plan For Front-Sharing

WASHINGTON, Nov. 23. —(AP)—His investigation revealed testimony today that Communists were holding Americans in an isolated Spanish town, according to a New York testimony before the Dies Committee. Investigating the Communist activities, the committee was told that the only way to get the prisoners out was through publicity.

Baron said he himself had been arrested and held in a dungeon in Spain. He said Communists, after extending aid to the loyalist cause, had set up a regime of terror to keep the opposition to Communism.

Chairman Dies (D. E. Lee) said tonight that the committee would send an investigation to the Dies Committee to investigate the Communist activities.

William Green told a subcommittee today that he would not accept industrial profit sharing unless it goes hand in hand with collective bargaining.

Green, president of the American Federation of Labor and president of the National Labor Relations Board, is using the "take and give" power of the government to promote profit sharing.

He added the AFL also was opposed to amending the social security Act to give tax credit for funds allocated to profit sharing.

## 25 Shopping Days Till Christmas

LOOKING BACK TO CHRISTMAS 25 YEARS AGO  
Churches were worried about whether they ought to advertise or put signs on their buildings. . . . Your toy wanted a Me-cano set, or a pair of doggie gauntlets. . . . Long stockings and voluminous knee-length skirts were the vogue on Florida beaches. . . . Ethna Root won the Nobel Peace Prize. . . . Dr. Anna Howard Shaw was putting "Votes for Women" before Woodrow Wilson.

## LOCAL WEATHER

Partly cloudy tonight and Thursday; colder in extreme north portion Thursday afternoon or night.
