By Mrs. Adam Walker  
The St. Ann's Guild of the Holy St. Ann's Catholic Church adopted its amended constitution at last Wednesday's regular afternoon meeting held in the Social Hall of the church with Mrs. F. A. Matheson presiding.

During reports from standing committees it was announced by Mrs. Joseph Kries, chairman of the Rosary Masses Club, that 60 Rosaries were sent to foreign missions at Nairobi, Kenya, East Africa and a whole stole was given by Mrs. Walter Olive. Mrs. Betty Yerkas presented Mrs. Russ with a check from the Guild membership.

Members of the Guild presented Mrs. Charlotte Russ, who will leave DeBary to enter a Catholic Home, with a Rosary blessed by Pope Pius VII. The case was donated by Edna Kelly and a whole stole was given by Mrs. Walter Olive. Mrs. Betty Yerkas presented Mrs. Russ with a check from the Guild membership.

Refreshments were served at the close of the meeting with Mrs. Casari as chairman. The next meeting of the Guild will be held in September.

### Canal Start Possible In '64 -- Bryant

WASHINGTON (UPI) — Gov. Farris Bryant of Florida said today plans for the proposed cross Florida barge canal were currently in such shape that \$1 million in construction could be started in 1964.

Bryant asked a Congressional Public Works subcommittee to appropriate the necessary money to get the program started. The proposed cross state barge canal, stretching from the Gulf of Mexico near Yanketown to the St. John River and out to the Atlantic Ocean, has been a prime project of the Bryant administration.

The last congress provided preconstruction planning fund for the project, estimated to cost about \$145.5 million.

Bryant and other state officials flew here immediately after the close of the 1963 Legislature to push for the canal and other rivers, harbors and flood control projects.

Bryant said although the canal was desired in the shortest possible time, it was not the intent of the state to request its construction as a "crash program." He said the most economical method of construction would be to dig the barge facility over a seven year period.

The governor's presentation indicated the first \$1 million in construction money would be used for a lock at the St. Johns River.

Bryant said the canal was an essential element of the state's industrial development program, plus giving the state a good selling point to lure in industry. "This economic transportation system would provide a single interconnected industrial complex to better serve our nation," Bryant said.

The governor asked the subcommittee for \$3.2 million worth of construction in the coming year, including the canal, an increase of \$3 million for central and south Florida flood control projects, addition \$100,000 for the inland waterway along the West Coast of the state, \$121,000 for improvement of Pensacola Harbor, and \$100,000 to start alterations in the harbor at Palm Beach.

Other money was requested for studies of proposed projects, including \$250,000 for preconstruction planning of the four rivers basin flood control project in 15 counties centered around the Tampa area. Bryant said property owners in the basin area were providing tax funds to match federal monies.

AAA Protests Tax Proposals  
WASHINGTON (UPI) — The American Automobile Association (AAA) Wednesday protested action by the House Ways & Means Committee which would eliminate \$200 million in tax deductions available to U. S. motorists.

The AAA attacked the committee action to end deductions for state and local gasoline taxes, automobile tags and licenses. Kermit Rykken, director of the AAA highways and legal department, said the committee "singled out the nation's motorists as the target for harsh and unjustified additional taxes."

Ski-show watchers will protest, "Pris don't wear safety belts." No, but look closely and you'll see two other safety factors. One, they have learned how to fall to avoid injury, and two, they always have a person in the towboat, whose sole responsibility is to watch the skier every minute, and to know instantly if he is in trouble.

The petunias which added so much to the downtown planters have about had their day, and are beginning to die out. How about some fresh plants from another group? Marigolds, maybe, or zinnias? They don't mind the heat so much. And they are relatively inexpensive.

### Bitter Battle Seen In Congress Over Kennedy's Civil Rights Bill

WASHINGTON (UPI) — At first glance, some of the proposals he sent the House and Senate Wednesday appeared likely to be passed after only perfunctory polishing. Others, including some of the key items, looked as if they would be chewed to pieces.

As Congress dug in for the legislative battle, the White House announced that the President had invited 30 Negro and white "civil rights leaders" to meet with him Saturday.

In Congress the initial reaction to the President's proposals was predictably strong. Southerners and some conservatives accused the President

of giving in to mob rule and pledged to fight his program with every means at their disposal.

Southerners were so angry they threatened not only a filibuster but use of their long-held committee chairmanships to battle up the rest of Kennedy's legislative program.

Denver (UPI) — All fifty Republican state chairmen were to gather in Denver today for three days of meetings to end with selection of a site for the 1961 GOP national convention.

### Congress To Probe TV Editorializing

WASHINGTON (UPI) — Congressional feeling against radio and television editorializing broke into the open today with announcement of an investigation of the practice starting July 15.

The hearings, to be conducted by a House subcommittee, are expected to last for about a week.

Politicians and broadcasters will testify. Government officials probably will be called too.

The Federal Communications Commission (FCC) in recent years has been encouraging stations to editorialize on the ground that it could elevate the quality of programming.

But apparently many politicians—especially those in office—are upset at what they feel is an abuse of the privilege.

During debate in the House Wednesday on a related matter, several members de-

### Landings Announced By Council

MIAMI (UPI)—Commandoes of the Cuban Revolutionary Council have landed "at various points" in Cuba to carry out "an effective war" against the Castro regime, the council announced here today.

The announcement did not say how many men landed. The date of their landing also was not specified.

But the council said: "The first reports received by radio from our forces state that the landings were carried out without difficulty and had the cooperation of all people in the area."

(In Washington, State Department officials said they were "dubious" that any important military operation had taken place. But an immediate investigation into the council's announcement was ordered by the department.)

The expeditionary force came from "a point in the Caribbean," and not from U.S. territory, council sources said.

There was no indication where the landing was made. Premier Fidel Castro, in a speech Tuesday, said that 16 counter-revolutionary bands have been smashed in recent weeks in Matanzas Province. There was no indication whether these alleged bands were affiliated with the Miami Revolutionary Council.

The council announcement added: "These commandoes are adequately armed. They have penetrated Cuban territory."

Tomorrow, at 1 p. m. (EST), the military command of this force will make a broadcast on the 40-meter band on 7010 kilocycles reporting to Cuban allies.

"The council announced that the war of liberation has begun and that its forces are prepared to carry the fight to the enemy."

The announcement was termed "war communique No. 1." It was signed by Jose Fernandez Huelde, council member and commissioner of the information department.

The president of the council, Antonio Maceo, could not be reached immediately.

But informed sources said the landings were carried out from a boat before dawn today. They said the basic objective of the operation was to "reinforce" rebels in Cuba.

"A large quantity of arms was put ashore and many of the men are experts in guerrilla warfare," one source said.

The expeditionary force came from "a point in the Caribbean," the source added.

The present council is not backed by the United States which cut off all funds to the organization after its president, Jose Miro Cardona, resigned last April with a violent attack on the Kennedy administration.

About half of the 18 council members resigned with Miro.

### Rabies Caution Urged

Examination of a raccoon killed at a residence in the Paola area revealed that the animal was infected with rabies. Sanitarian Val Robbins reported today.

"Rabies is known to be present in wild animals in Central Florida, especially raccoons and skunks and every precaution should be taken to avoid contact with these animals," Robbins warned.

"During this time of year all domestic pets should be observed closely and a veterinarian consulted if the animal appears sick or acts strange as the symptoms of rabies may not be recognized by the average person," he added.

He urged that all pets be inoculated against rabies "as this is the only way to prevent the rapid spread of the disease when it is present in an area."

"Hikers, picnickers and swimmers should especially be warned that animal particularly wild ones may be rabid," Robbins said.

### Youth Drowns In St. Johns

A 16-year-old Negro youth drowned in the St. Johns River Wednesday afternoon while wading along the shore hunting for mussels to use for fishing bait, the Sheriff's Department reported today.

Clifford Howell had gone out in a boat from Crowe's Camp with two other youths, John Cash, 15, and Dennis Lawson, 16. The other two boys were wading when Howell stepped into deep water and began to struggle for air.

The other two boys said they attempted to help him but were not good swimmers, and when his struggles began to pull them under, too, got away from him and ran to the nearby home of Henry Russell for help.

Russell returned with them in the boat and began searching for Howell. Deputy Galloway said that they were bringing the body in to shore as he arrived after receiving a call from Mrs. Russell.

Coroner Vernon Mize was called to the scene and pronounced the youth dead from accidental drowning.

Howell was the son of Mrs. Inez Freeman and lived on Geneva Avenue. He is also survived by a sister, Jeanette Freeman, Wilson-Echelberger Mortuary is in charge of arrangements for the funeral.

### Arms Seized; Five Arrested In Miami Raid

MIAMI (UPI) — Federal agents arrested five men last night and seized several cannons, submachine guns and a large amount of ammunition.

Supervising agent Joseph Fortier of the U. S. Customs Office here said four of the men were members of the Intercontinental Penetration Force (INTERPEN), a group of adventurers that have been holding commando exercises in South Florida.

The men were turned over to alcohol and tobacco tax agents for prosecution under the National Firearms Act, which prohibits possession and transportation of automatic weapons without a license.

Agents seized a 20 mm cannon, a 35 mm cannon, a 57 mm recoilless rifle and two submachine guns.

Fortier said agents had learned that weapons were being kept in a house and that members of INTERPEN were going to "hijack" them. He said they moved in after the men went into the house and loaded the weapons in a station wagon.

The council announcement added: "These commandoes are adequately armed. They have penetrated Cuban territory."

Tomorrow, at 1 p. m. (EST), the military command of this force will make a broadcast on the 40-meter band on 7010 kilocycles reporting to Cuban allies.

"The council announced that the war of liberation has begun and that its forces are prepared to carry the fight to the enemy."

# Young Learn Bible In Vacation Schools

**By Louis Caserio**  
**United Press International**  
 During the next few weeks, millions of American children who attend public schools will be exposed to an intensive experience in religious education.

Many of them will learn more about the Bible than they learn at Sunday School all year long.

With public schools shutting down for the summer, churches across the nation will seize the opportunity to claim a somewhat larger share of young people's time than the one hour a week customarily allotted to formal religious training.

The chief agencies for intensive religious education are 1. Vacation Bible Schools; and 2. summer camps and conferences.

More than 100,000 Protestant churches conduct vacation Bible schools each summer. Total enrollment last year was estimated at more than 8 million. The typical school is in session three hours a day, five days a week, for two or three weeks.

Even with time out for handicrafts and play activities, the total teaching time approximates that available in a whole year of Sunday school classes. Because it is "consecutive time" — without a week's lapse between classes — and because there's no competition with public school requirements if the teachers

with to assign homework, vacation Bible schools can do an effective job of Christian education.

They also have proved to be great evangelistic agencies for reaching children who don't attend Sunday school. Many congregations report that about half of the children enrolled in vacation Bible schools come from previously "unchurched" families.

The first vacation Bible school was organized in Hopeville, Ill., in 1864 by Mrs. D. G. Mills, wife of a Methodist pastor.

"Although churches were slow to recognize its value, vacation Bible school is accepted today as one of our most important resources in Christian education," says the Rev. Charles F. Treadway of the Southern Baptist Convention.

The Roman Catholic church has its own version of vacation Bible school in the Summer Schools of Religion conducted throughout the country by the Confraternity of Christian Doctrine. About 2 million Catholic children who attend public schools will be enrolled in Confraternity summer schools this year. They will go to school three hours a day for four weeks, or six hours a day for two weeks.

CASSELBERRY'S Red Cross Intermediates Swimming Class pictured at last week's opening class at Crystal Bowl, is being taught by Miss Eleanor Zukowski, Mrs. Evelyn Birkenmeyer and Mrs. Ethel Schoonmaker. Assistants are Rose St. Onge, John Reams and Peter Montgomery.

# University Needs Here Cited

Richard Hovious, chief environmental engineer at Dearborn Electronics, gave an additional boost to the advantage of having a university in

Seminole County by using California as an example, as he spoke to Kiwanians Wednesday.

"The heavy advance of technical industry in Southern California now is the direct result of having universities there, to provide continuing advanced training and higher level education which is so necessary to engineers and technicians in today's space age industries," Hovious said.

He cited the new programs of drafting design and electronics technology classes at Seminole High and Lyman High Schools as a much needed step in the right direction, and stated that his firm and others have been happy and eager to hire these students, as well as those working under the DCT program.

Hovious praised E. S. Douglas, director of vocational education for the county, as having "done an excellent job," and suggested that younger students be encouraged to prepare to take the technical training courses by the beginning of their junior year.

In speaking of the advantage and desirability of having a university near here, Hovious stated that the li-

brary and research development facilities of the university would be even more important than the graduate level training.

He said that from 50 to 75 per cent of the engineering and technical staff of Dearborn and the other industries here would be ready to take advantage of college and university higher level training and education.

"It is very necessary in our work to keep on advancing our knowledge and education," the engineer said.

He cited the acquisition of skilled production and assembly workers as an example of the problems of industry and praised Douglas for his efforts in the in-plant adult training program being carried out now.

Hovious emphasized the long-range aspect of education, technical training, university study and research, and increased high school technical training courses, stating that these advantages are instrumental in attracting industry to an area, and helping it to grow and expand.

"The public must support these economic factors if they want to have economic growth in the area," he said.

# Conservation Assistance Provided Here

An updated agreement providing technical services by Seminole Soil Conservation District for local groups and individual landowners in the area was signed recently by Secretary of Agriculture Orville Freeman, Soil Conservationist Ben Wiggins said today.

The Fourth has traditionally been the day of the All-Star game between the American League and the National League of the Little Major League baseball teams, provided by a chicken barbecue to raise funds for Little Major League activities. There is also a Father-Son game.

This year a Fair will be held at Fort Mellon Park in conjunction with baseball activities, and will include pony rides, locomotive rides, games, a cake walk, a country store, balloons and all kinds of food and drink, accompanied by music throughout the day.

The revised agreement also includes technical assistance to rural area development and to the development of recreational area by individuals and groups of landowners.

Wiggins quoted from a letter received from Secretary Freeman to the chairman of the Seminole Soil Conservation District board of supervisors in which he said:

"I want to commend the governing body of your district for its progressive action in updating the soil and water conservation program and modernizing the memorandum of understanding with the U. S. Department of Agriculture . . . The movement has gained enormous strength over the past quarter century because you and other dedicated men have given freely of your time, energy and imagination. . ."

**DETERMINED EXTENT**

# Fun Fair To Mark July 4th Here

Plans are moving to conclusion now for the giant Fun Fair Fourth of July celebration by the Sanford Lions Club in conjunction with the activities of the City Recreation Department. General chairman George Hughes said today.

The Fourth has traditionally been the day of the All-Star game between the American League and the National League of the Little Major League baseball teams, provided by a chicken barbecue to raise funds for Little Major League activities. There is also a Father-Son game.

This year a Fair will be held at Fort Mellon Park in conjunction with baseball activities, and will include pony rides, locomotive rides, games, a cake walk, a country store, balloons and all kinds of food and drink, accompanied by music throughout the day.

The Fair will open at 11 a.m., with the Father-Son game scheduled for afternoon, the chicken barbecue at 5 p.m. and the All-Star game at night. A complete schedule of times will be announced soon by the Recreation Department, Director Jim Jernigan said today.

All funds raised by the Lions Club will go toward the Blind Fund which is the national Lions Club project.

Tickets are on sale now from all Lions—for the draw of a color television set, a stereo record player and a table model radio. All of these items can be seen on display at Miller's Radio and TV (next to the Greyhound Bus Station).

## Cubans Refute U. S. Claim Of Withdrawals

MIAMI (UPI) — Cuban exile leaders today voiced sharp disagreement with a State Department report that Soviet troops in Cuba are "thinning out." They said there are more Russian troops on the island than ever.

"Only those with bad eyesight or those seeking to deceive the American public could make such a report," said former Prime Minister Manuel de Verona, leader of the Revolutionary Democratic Resista group.

Luis Conte Aguero, leader of the Sentinels of Liberty and other underground organizations, said "more Soviet soldiers have entered Cuba than have left since the Caribbean crisis last fall."

Only a few weeks ago, early in May, some 8,000 Soviet troops departed at Santiago, Cuba, in full view of everybody.

The civilian chief of the abortive 1961 Bay of Pigs invasion, Manuel Artimo, also took issue with the State Department. Artimo, secretary general of the Revolutionary Recovery Movement MRR, said:

"Our reports from Cuba are that very few Russians have left the island. But there has been a reshuffling of troops and arms to different places. The policy now apparently is to keep Russian troops out of sight as much as possible."

## Aldrin Banned As Pesticide

TALLAHASSEE (UPI) — Agriculture Commissioner Doyle Conner yesterday halted use in Florida of pesticides containing aldrin, a chemical used to treat soils for planting carrots and peanuts.

Conner canceled registration of firms manufacturing the pesticide.

Conner said manufacturers of pesticides containing the chemical would be notified they may submit revised labels to obtain reinstatement without additional fees.

The labels currently give directions for treatment of soil for use in planting carrots and peanuts. Conner said the action followed on the heels of similar cancellation of use of the product for treatment of soil for Irish potato planting.

## Party Girl Is Guarded After Phone Threats

LONDON (UPI) — Police guarded party girl Christine Keeler today because of threats stemming from the Profumo scandal that has rocked the government and shocked London society.

A police spokesman said guards were posted at Miss Keeler's apartment after a number of anonymous threats against her life were made by telephone. Authorities warned the 22-year-old red-head not to answer her door.

Scotland Yard was reported planning to question more society figures in a vice probe connected with the sex and security scandal touched off by the resignation of War Minister John Profumo because of his illicit love affair with Miss Keeler.

On the political front, Prime Minister Harold Macmillan fought a rear-guard action against persistent demands that he resign because of his handling of the Profumo affair. The 62-year-old Conservative party leader was determined not to let the scandal force him out of office.

The prime minister called a cabinet meeting this morning, followed by a session with opposition Labor Party leader Harold Wilson to discuss further steps for an inquiry into the Profumo case.

Profumo, 48, quit June 4 after admitting he lied in telling the House of Commons on March 22 that there was nothing improper about his friendship with Miss Keeler. It turned out he was having an affair with her at the time she also was the mistress of Soviet assistant naval attache Eugene Ivanov.

The House of Commons had before it a motion citing Profumo's "grave contempt" of Parliament. The motion was passed Friday afternoon when both the Conservative and Labor parties.

## Space Pair Get Medical Tests

MOSCOW (UPI) — The Soviet Union's record-breaking space hero and heroine underwent intensive medical tests today. There was some Western speculation they had been forced to return to earth prematurely.

Valentina Tereshkova, 26, the world's first space woman, landed Wednesday less than three days after going into orbit. Her space twin, Lt. Col. Valery F. Bykovsky, 28, followed soon after, ending a five-day flight.

Tass, the official Soviet news agency, said both pilots were "feeling well." The Soviet Communist Party Central Committee and the Supreme Soviet Presidium issued a statement which called the flight a "success."

Sir Bernard Lovell, director of Britain's radio astronomy station at Jodrell Bank, said even though the flights ended without trouble "it is difficult to avoid the conclusion that the original plan has not been fulfilled."

## Cub Den Visits TAC School

By Jane Casselberry  
 Cub Scout Den One of Casselberry Pack 510 visited the Tactical Air Command Missile Training School at Orlando Air Force Base last Friday afternoon where they saw the Mace Tactical Missile.

Cubs making the trip were Craig Duncan, Todd Miller, Mike Coyle, Arthur Newberg, Johnny Casselberry, Jim Phillips and Mike Watkins.

Accompanying the group were Den Mother Mrs. Carolyn Miller, Den Chief Ricky Casselberry, Mrs. Ruth Newberg, Ricky Newberg, Timmy and Patty Miller, Donna Watkins and Steve Miller.

The boys plan another field trip on July 10 when they will visit the Pepsi-Cola Bottling Plant and Merita Bakeries in Orlando.

## Dinner To Aid Baseball Teams In Lake Mary

The Lake Mary Booster Club will sponsor a hickory smoked barbecue chicken dinner this Saturday at the Lake Mary Elementary School with serving scheduled from 5 until 8 p.m.

Proceeds from the dinner will be used to help support the Little League and Babe Ruth baseball teams in Lake Mary.

Parents of the boys recently helped in completing work on the ball field, painting the dugouts and erecting additional backdrops.

Tickets for the dinner may be purchased at a minimum cost from any team member or by contacting Rev. John Pilley of the Community Presbyterian Church for information.

Takeout orders will be available.

## North Orlando Sets July 4th Contests

By Mona Grinstead  
 Contests will be held at North Orlando's Fourth of July Celebration this year to name a "Little Mr.," a "Little Miss," a "Junior Miss" and a "Miss" North Orlando. Little Mr. and Miss Contests will be open to children between the six through 10 year age bracket with contestants to be judged while wearing swim suits. Parents interested in entering their children should contact Mrs. James Snyder for the Little

Miss entries and Mrs. Pat DeVillaggio for the Little Mr. entries.

Girls from 11 through 14 years of age will be eligible for the Junior Miss contest and should contact Mrs. Earl Achord.

The Miss North Orlando contest will be for girls who are from 15 years through 18 years of age. Those interested should register with Mrs. Bill Ryan.

Contestants in the latter two events will be required to appear both in bathing suits and in dresses.

Judging in all contests will be based on looks, poise and personality and those competing will be expected to answer questions asked by other than the Village.

## Lake Mary To Study Incorporation

**By Frances Wester**  
The Board of Directors of the Lake Mary Chamber of Commerce decided at their Thursday night meeting last week to ask each civic organization in the community to send at least one representative to a meeting to be held early in July for the purpose of discussing the possibilities of incorporation for the area.

A special committee will be appointed at a later date to head the study of the pros and cons of incorporation. Members representing both sides will be on this committee as well as representatives from each civic organization. Representatives from the surrounding areas, including Little Venice, Lock Arbor, Park Ridge, and Country Club Heights, will also be invited to attend this meeting.

ing course which she has attended in Ft. Lauderdale for the past two weeks.

Members are reminded to bring the plants they have rooted for the "Green Thumb" sale to raise money for the club's welfare work. Other ways and means of raising funds were discussed at a meeting of the executive board held Monday at the home of the president, Mrs. Marianne Miles on Jewell Dr. in Forest City.

A pot-luck luncheon was enjoyed by those attending. Forty-three members, guests and children, attended a recent Splash Party held at the Land 'O Lakes Country Club at Casselberry when, after a refreshing swim in the pool, the group enjoyed a light lunch.

Another get-together is planned for Monday, July 1 at Sandal Springs starting at 10 a. m. Everyone planning to attend is asked to bring her own lunch.

# New Taxes: \$50 More A Year For Average Family

## Schools, Colleges Big Gainers

TALLAHASSEE (UPI) — The big tax program put on the books by the just-adjourned Legislature will cost the average Florida family an additional \$50 a year.

A big part of the new money will go to improve education, from kindergarten through the university. The rest will be spent on prisons, hospitals, welfare, law enforcement, fire control, development of natural resources, courts, retirement and general government.

Joe Citizen escaped, for another two years, a sales

tax on his groceries and medicine.

Many lawmakers, who wound up the 80-day tax-and-spend session Wednesday, said they had just postponed the grocery tax, that it will be inevitable in 1965.

They reason with state growth and all the new facilities authorized by the 1963 Legislature, there'll be no other place than a grocery tax to find the extra money needed two years from now to operate government.

Tourists will pay some of the additional \$100 million annual tax load, but the bulk will be borne by Florida residents.

Only \$164.3 million of the two-year increase goes for general state purposes. The cities will divvy up \$24 million in cigarette tax revenue increases. Counties get the lion's share of revenue from increases for pleasure boat

licenses and funds from a \$1 fishing license hike and a five per cent tax on sporting goods are earmarked for public recreation.

The sporting goods tax was levied at the wholesale level and will be recognizable to the taxpayer only if passed on in higher prices for the goods.

Gov. Farris Bryant, at a news conference 90 minutes after adjournment, said the bulk of the citizens won't notice the increases until they buy a new auto license tag next year.

This raise will clip compact car owners for an extra \$3.54, including a \$2.50 flat raise and \$1.04 for an additional month beyond 12 as a result of providing for 13-month tags, or a total of \$13.54.

Standard car owners will pay \$21.06 for a tag, medium weight cars \$29.79 and heavy cars \$38.

The housewife will feel the pinch of new taxes when she calls a repair man to fix her television set, washing machine or other appliances. The three per cent sales tax was extended to cover now — except labor charges for repairs and installation of such items.

The sales tax was extended to some items that will hit the tourists as well as the resident, such as admissions and fees for entertainment and recreation, including bowling, golfing, country club dues, athletic events, horse and dog races.

The tourist will help pay the tax on motel and hotel and other rented rooms and apartments, occupied for less than one year.

Other increases in which the out-of-state visitor will share include a three-cent a pack hike in cigarettes, a 15-cent hike in the tax on beer, wine and whisky, and a three per cent tax on car rentals.

In addition to the annual tag increase, automobiles also got caught in the sales tax bill, upping the levy from one to two per cent.

The farmer, now exempt from the sales tax, must pay a two per cent tax on his tractors and other power-driven machinery and a three per cent tax on tools and implements. Seed, feed and fertilizer are exempt.

Industry will pay its share of the load in the form of a three per cent tax on aviation and railroad fuel and an increase to \$5,000 in the maximum tax on a single order of industry machinery.

Corporations will pay a doubled annual tax on capital stock, ranging from \$20 to \$2,000, and the stamp tax on deeds and mortgages jumps from \$2 per \$1,000 value to \$5.

Pleasure boats, no longer taxed as personal property, were hit by increasing for annual licensing over present rates. Boats 16 to 26 feet long, which now pay \$2.75 for a two-year license, will pay \$21 for two years while big boats up to 40 feet in length were raised from \$5.75 a year to \$41 for two years.

Governor Bryant and legislative leaders said the tax program will adequately provide for the big \$987 million general spending bill, providing the people adopt a \$75 million bond financing program for college construction in November. He said he'll campaign for its approval.

### U. S., Russia OK 'Hot Line'

GENEVA (UPI) — The United States and Russia reached final agreement today on establishment of a "hot line" between Washington and Moscow.

A U. S. spokesman said the accord will be signed later in the day by U. S. negotiator Charles C. Steele and Soviet representative Semyon K. Tsaraphin.

Feed manufacture now is a \$4 billion business which, it is estimated, has reached only about one-third of its potential.

### Police Question Is Tabled At Altamonte

Business of providing part-time help for Altamonte Police Chief Grady Hall was tabled temporarily by the Town Council Wednesday night until Mayor Lawrence Swofford can talk over with the chief points brought out in council discussions.

Main issues in question are the number of hours a part-time man could be expected to work and when those hours would be. The town budgeted to spend \$450 per month for police protection.

It was suggested that Hall be put on a regular 40-hour week. However, Councilman Frank Gerhardt stipulated that this proposal include the proviso that the chief "except responsibility of being available for call 24 hours a day.

Councilman Don Fritch, who was strongly in favor of having additional help for the late evening and early morning hours, agreed to go along with any workable plan as long as a definite time schedule was established and maintained.

In other business council agreed to begin work on revising the town's election ordinance following general state laws. The new ordinance, which is to become effective before the annual elections in December, will set salaries for the election board, provide for re-registration of all municipal voters, provide for absentee voting and for the use of voting machines.

Councilman Gene Stephenson, who at his own request was given until Wednesday night's meeting to investigate feasibility and possible plans for bringing all of the town's insurance under a single overall policy, did not show up for the meeting.

In view of this fact, council authorized Clerk Jim Palmer to go ahead with renewal of the policy on workman's compensation which expires next month.

### 4-H Club Girls Present Program

By Mrs. Clarence Snyder  
The Osteen Home Demonstration Club met at the home of Mrs. Eugene Katowitz for the last meeting before recessing for the summer. A covered dish luncheon was held on the spacious lawn overlooking the lake.

A demonstration was given on how to make finger paints or modeling clay. Also how to lay a pattern on material and all girls modeled dresses they had made. Other girls taking part in this were, Melissa Lee, Julie Treichel and Susan Katz.

Mrs. Lowell Pettis, Mrs. Johnny Cutter and Mrs. Albert Pell agreed to organize an Osteen 4H Club with assistance from several HD members.

The club will not have meetings during July and August 2. A family picnic will be held at the home of Mr. and Mrs. P. T. Plety the second Saturday in September with regular club meetings starting in October.

4-H CLUB GIRLS who gave a program demonstration for the Osteen HD Club are left to right, Melissa Lee, Charlene Herring, Julie Treichel, Susan Katz, Becky Dameron and in the background, Miss Rose Pleterski, leader.

### Going-Away Party For Jean

Miss Jean Wilkins, daughter of Mr. and Mrs. Kenneth R. Wilkins, was guest of honor at a going-away party, recently, given by Miss Judy Wilson, at her home, 2414 Grandview Ave.

Jean's father has been transferred to Brunswick, Me., and the family will make their home there.

Among the farewell gifts she received from her friends were charms and a silver ID bracelet. Refreshments of cake, punch, chips and dips, nuts and mints were served throughout the party hours of 7 to 9 p.m.

Guests enjoying the evening were Sheila Jordan, Barbara Bolt, Marty Pierce, Cindy Wilson and a special guest and former Sanford resident, Pat Harward. Pat now lives in Blackfoot, Idaho, and has been visiting friends in this area.

JEAN WILKINS, front, said goodbye to her Sanford friends, when they gathered for a farewell party in her honor. From left (standing) are Judy Wilson, the hostess, Pat Harward, a former friend who was visiting in the area and Donna Davis, co-hostess.

## Dear Abby: By Abigail Van Buren

DEAR ABBY: As I sit here writing this letter I cannot hear anything but my neighbor's mouth. He has a short wave set that completely blocks out the sound from my television set. As a result, we hear only HIM talking to people in other states. He talks at regular intervals of approximately five minutes. At night, when other people begin to watch TV, he starts to mess it up. Our other neighbors say they get the same interference. He only does this at night. But that's the only time we use our TV set. Is there some way to stop this?

IRRITATED

DEAR IRRITATED: TELL your neighbor, I have heard there is a very inexpensive little gadget that he can put on his set (or you can put on yours) that will filter his interference.

DEAR ABBY: We are planning to adopt a baby in the near future. Is it proper for my mother to give me a baby shower? I have been told that it isn't considered good etiquette to give a shower for an adopted baby.

MOTHER-TO-BE

DEAR MOTHER-TO-BE: It is proper to honor a mother-to-be with

a shower for an adopted baby. But your mother should not give it. Showers are given by friends—not relatives.

DEAR ABBY: I am in love with the most wonderful boy in the world. He is in the reformatory now, but I know he did not do all the things they said he did. He is 16 and I am 15 and I love him more than anything on this earth, Abby. My problem is my mother. She won't let me write to him. She says if any letters come from him to me, she won't give them to me. Do you think this is fair? If he thinks the whole world is against him, he won't have any reason to want to get out and lead a better life. How can I explain this to my mother?

IN LOVE

DEAR "IN LOVE": You would be wise to listen to your mother, Honey. When your boy friend gets out, give him plenty of time in which to prove that he can lead a better life. In the meantime, accept your mother's decision.

CONFIDENTIAL TO THE BOYS AT METROPOLITAN: Maybe gentlemen prefer blondes because blondes know what gentlemen prefer.

THE DEBARY BUSINESS AND PROFESSIONAL WOMEN'S CLUB held a splash party and covered dish meeting, recently, at the home of Mrs. Marie Accardi. Special guests for the evening were Mr. and Mrs. Harvey Dunn, of Enterprise. Mr. Dunn served as auctioneer for a white elephant sale during the evening. Left to right seated are Jo Peck, Alice Hubilio and Bert Lederhaus. Standing are Margaret Williams, Evelyn Dzick, Harvey Dunn, Alberta Warner, Mary Lederhaus, Helen Snodgrass, Mrs. Dunn, Ora White, Mrs. Adam Muller, Mrs. Accardi and Theresa Frison. (Cox Photo)

## Homemakers

By Mrs. H. L. Johnson

Hello. As always we have some very good recipes again. By the time you are reading this I will be on vacation but prepared this column in advance. Continue sending in those good recipes though and I will have them when I return. My address is Rt. 1, Box 31-B, Sanford.

Here's another Teenage "fixer." You can even put them in the freezer and when you have unexpected teenagers drop in mix these.

**Wheeler Burgers**  
 1 lb ground beef  
 1 large bell pepper  
 1 large onion  
 1 tsp. mustard  
 3 stalks celery  
 1 cup cheese  
 1 cup catsup  
 1 tsp. Worcestershire sauce  
 24 wiener buns  
 Brown beef, onion, pepper and celery. Then add catsup, mustard sauce, and boil for about 1 minutes. Add cheese and fill buns—about a tablespoon. Wrap in waxed paper or foil. Place in 250 degree oven 30 minutes before serving. Serve hot. Can be made and frozen. Leave in oven about 5 minutes longer if frozen.

**Hamburger Surprise**  
 1 lb. hamburger meat  
 4 slices onion  
 1 large carrot—sliced  
 salt and pepper to taste  
 1 tsp. butter  
 2 potatoes sliced  
 1/2 tsp. Worcestershire sauce  
 Mix meat, sauce, salt and pepper and mold into 4 patties. Place each patty on a square of foil. Place a slice of onion, potato and carrot on each hamburger. Dot with salt and pepper. Wrap each one in the foil and bake for 1 hour at 350 degrees. Serve on toasted buns.

**Chocolate Syrup Cake**  
 1 stick of butter or margarine  
 1 cup sugar  
 1 cup plain flour  
 1 tsp. baking powder  
 4 eggs  
 1 large can chocolate syrup  
 Mix in order given. Bake in oblong baking dish at 350 degrees for 40 to 45 minutes. While still warm sift powdered sugar on top. Can be served with whipped cream on top. This is cheap but good.

**Tomato Soup Salad Dressing**  
 1 cup Wesson Oil  
 1/2 cup vinegar  
 1/2 cup sugar  
 1 clove garlic  
 1 tsp. each—salt, pepper, paprika  
 1 tsp. each—prepared mustard

## We The Women: By Ruth Millett

I never really expected to live to see it happen. But it is happening all over the country.

I'm talking about parents getting together to form parents' leagues to set standards for teenagers, and to agree to enforce them.

For at least 10 years I've been writing that the only way for parents to cope with what someone else has termed "teen-age tyranny" is for parents to stand together.

This is to offset the fact that teenagers have gained most of their bargaining power by use of "all the other kids can do such-and-such," and "nobody else's parents are as strict as you are."

Now it is actually happening. In towns and cities in all parts of the country parents, alarmed by the faster and faster social pace being set for junior high and high school students, are getting together to slow down the pace.

Are the teenagers and younger children horrified at this sudden determination of their parents to unite for greater strength?

Surprisingly enough, they aren't. In Greenville, Miss., for example, students interviewed in groups admitted they thought their parents had not been strict enough in the past.

Many said they would be relieved if the parents would

forbid going steady. Others mentioned that they wished their parents would tell them exactly what time they were expected to be home in the evening, instead of giving them such vague instructions as "Don't stay out too late," or "Get home as soon as you can."

The teenagers even thought up one idea of their own. After agreeing that their parents had a right to know where they were in the evening, they suggested that children are also entitled to know WHERE THEIR PARENTS ARE AT ALL TIMES.

More insight on our teenagers Ruth Millett's "Tips on Teen-Agers." Mail 25 cents to Ruth Millett Reader Service, c/o The Sanford Herald, P. O. Box 489, Dept. A, Radio City Station, New York 10, N. Y.

## Jacoby On Bridge By Oswald Jacoby

As North put down his hand as dummy he remarked, "Well, partner, you sure trapped me beautifully. You couldn't set over East's five heart bid and then when I chose to bid five spades you went right to six."

South did not reply. He was waiting for East's lead on the second trick. When East continued hearts, South ruffed, drew trumps and claimed his slam.

He still did not bother to answer North. Success had answered for him.

In most instances a bid that traps your partner should be avoided, but there are exceptions and South's pass over

North and South vulnerable

South bid five spades and it would be better to play at five hearts doubled. However, North did not bid five spades. South was sure that all North's high cards and South bid the slam with every expectation of success.

bid, the forcing pass. He had decided that if he bid five spades his partner would probably be unable to go to six because he, South, was looking at a singleton heart and North might well hold a couple of cards in that suit. South also decided that if North doubled five hearts it would show heart strength. In that case South might not even make five spades and it would be better to play at five hearts doubled.

Handled to play more for eldith than laughs. Hub (Bill Frawley) provides the laughs when he frantically enlists the Douglas family in a search for a missing valuable stamp. Providing the warmth is Chip (Stanley Livingston) and his pal Sully (Ricky Allen). They misappropriate coins from a newstand under the innocent assumption the money is there for the taking. The excitement begins when cops arrive at the Douglas home.

## Summer Art School Open At DeBarry

A summer art school and workshop is being conducted at the DeBarry Mansion under the direction of the Florida Federation of Art, Inc. It is intended to provide high quality professional instruction with full-time workshop accommodations.

Portrait, figure, still life and landscape studies will be available with lectures each Wednesday afternoon open to the public.

Many of the artists are staying at the Mansion. Director of the school is Eliot McMurrugh.

McMurrugh also is serving as instructor for the first period of study from now through June 28. He is former owner and director of the Palm Tree Art School in Sarasota and has taught at the Hartman School and Gallery and the Ringling School of Art. He presently instructs at the McMurrugh School of Art in Indian Lake and the Loch Haven Art Center in Orlando.

The second course of instruction will be under the direction of Loren Wilford, of Sarasota, who has won many first prizes for various paintings and held a water color show at the Royal Academy in London in 1962.

Wilford will instruct students at the Mansion from June 30 through July 12.

Third artist-instructor will be Charles Holder, from July 20 to Aug. 9. He is a native Floridian who won the Phi Beta Kappa creative achievement award at the University of Florida, the grand prize at the All South Florida Art Exhibition in Miami and has exhibited with the National Academy of Allied Artists of America in New York City.

Teacher for the final session, Aug. 12 through 22 will be Roy Nichols, who has studied extensively and has much teaching experience. He won the Manatee Art League first prize and his work was selected for the South Coast Annual National Show.

McMurrugh has announced that art students may enroll for a whole course, a week at a time or on a daily basis.

A gift program for the day was sponsored by the DeLeon Chamber of Commerce in cooperation with Lee Norwood, manager of the Springs.

Winners included Mrs. Arthur Bolman, Mrs. Thornton Smith, Mrs. Louis LaChat, Mrs. Lucy Gallop, William Brien, Lt. Col. H. Willis, Mrs. William Fisher, Mrs. Roy Conkling, James Duffy, Mrs. Marie Accardi, Mrs. Martha Lutz, Mrs. H. G. Heiser, Mrs. Henry Pierce, George Wright, Mrs. H. L. Miller, Mrs. Herman Burger, Mrs. Adam Muller, Mrs. Chester Bearick, Mrs. William Dannon and H. S. Downing.

## Bus Schedules Set For Brownie School

Bus schedules to and from the Brownie Day Camp to be held at Silver Lake next week from Monday through Friday are as follows:

Morning pickups will be made at Southside School at 8:10 a.m.; at Lake Mary Fire House at 8:25 a.m.; at Sunland Playgroup at 8:35 a.m. and at Pinecrest School at 8:45 a.m.

Afternoon returns will be at Pinecrest School at 2:15 p.m.; at Sunland Playgroup at 2:25 p.m.; at Lake Mary Fire House at 2:35 p.m. and at Southside School at 2:50 p.m.

## Fiesta Schedules Listed

By Donna Estes  
Claude Layo, chief of the Longwood Volunteer Fire Dept. and general chairman of the Fourth of July Fiesta, said today that the third annual Fiesta will be the "biggest and best ever."

Layo said that the fireworks display alone will last more than one hour being set off as fast as three men can operate.

The Fiesta will begin with a parade forming at the Longwood Elementary School at 10 a. m. Those wishing to submit entries for the parade are asked to contact Layo as soon as possible.

Following the parade, prizes will be awarded at the Reiter Field Fair Grounds to the best appearing fire truck, the most attractively decorated car, the most original float and a number of others.

The bathing beauty portion of the Miss Flame of Seminole County Contest will start promptly at 12:30 p. m. Judges for this event will be officers from the Florida Firemen's Assn.

Taking place immediately after this event will be the exciting and fun-filled greased pig contest. The winner will get to keep the pig.

The Falling Angels of DeLand will perform at 3 p. m. Jumping first from the plane leaving trails of colored smoke as they descend. Three of the 'chulists' will be passing batons in the air while the fourth is performing aerial maneuvers and a fifth is aiming for a target on the ground.

At 5 p. m. the evening gown finals of the Miss Flame Contest will be held with Miss Flame being crowned by Paul Bennett, president of the Florida Firemen's Assn. The winner and first and second runnersup each will receive beautiful trophies and prizes.

Each of the three girls will be presented with corsages through the courtesy of Rosetter's Monna's and Ramsay Flower Shops.

Prizes will be awarded all day long at the Fiesta and the firemen's famous Southern fried chicken will be served throughout the day.

The fireworks display will be the closing event of the day.

DIANE HUGHES, daughter of Mr. and Mrs. Ralph J. Hughes, of 257 Park Avenue, Longwood, is the latest entry in the "Miss Flame" of Seminole County Contest being sponsored by the Longwood Volunteer Fire Department as an event of its annual Fourth of July Fiesta. Diane, who will represent the Longwood Department, stands five feet, 7 1/2 inches tall, measures 43-31-43 and likes to dance and swim. (Herald Photo)

LARGEST BUBBLES in a bubble gum blowing contest held Tuesday morning as part of the Summer Recreation Program at Longwood Elementary School were blown by Linda Varum, Eugene Kennedy and Lynne Ann Stevens, left to right. Linda took first prize in the 7-9 year group, Eugene in the 10 year and older group and Lynne Ann in the 5-6 year group. Contests were conducted by Couch Walter Dzurus and Mrs. Diane Amos. ## Village To Get New Books

By Mona Grinstead  
Announcement that a completely new system of keeping financial records for the Village of North Orlando will be set up as of July 1, beginning of the new fiscal year, was made today by Mrs. Irene Van Eepool and Mrs. Fred Salter.

Mrs. Van Eepool, in addition to serving on the Village Council also serves as commissioner of finance and franchise negotiations. Mrs. Salter is village treasurer. Since the new council took over after elections in March, the two women have worked hand in hand in keeping current records up to date.

Mrs. Van Eepool, who has in her possession the books, records and all correspondence dating back to the incorporation of the village, has spent a great deal of time the past few months studying and sorting the past transactions in order that they may be properly filed for future reference.

All canceled checks written on the village accounts are in the hands of Mrs. Salter.

Most recent progress made by the village in straightening out its financial situation was the part payment of a long overdue bill to the Pickering Sporting Goods Co. of Orlando for equipment bought last summer. Mrs. Van Eepool has set up a time payment schedule with the company for the remainder of the debt.

The 1962 report also has been mailed to the U. S. Treasury Bureau in Washington, D. C.

## Bridge Club Winners Named In DeBarry

Play for 11 1/2 tables of bridge was directed by F. Z. Walters for this week's Tuesday afternoon meeting of the DeBarry Duplicate Bridge Club in the Community Center.

Winners were NS, three-way tie for first of Dr. and Mrs. Earl Sandborn, Mr. and Mrs. Norman Meyer and Mrs. Harry Schob and Mrs. Myron Accardi. Fourth place winners were Mrs. Ruth Blatt and Phil DeBarard.

EW winners were, first, Mrs. Charles Hassle and Mrs. Edna Hilly; second, Mrs. David Singer and J. A. Sheffield; third, Mrs. Dorothy B. Chandler and Mrs. Donald Johnston and fourth, Mrs. Minnie Heitman and F. R. Froehlich.

Mrs. Hassle and Mrs. Reilly scored a 6-9 game.

## Recreation Opens Tuesday In Village

North Orlando's Summer Recreation Program for children of all age groups opened on Tuesday morning of this week with the organization of a baton twirling class under the direction of Mrs. J. D. Grinstead.

These classes will be continued each Tuesday morning at the shuffleboard courts of the Village Recreation Center.

The opening session of the Glamour and Grooming Course to be taught by Mrs. Pat DeVillaggio will be held next Tuesday at 9:30 a. m. in the Community Building.

Weekly skating parties at Melrose Skating Rink are scheduled for Thursday mornings with the youngsters meeting at the Recreation Center at 9 a. m. in order to be at the rink by 9:30 a. m.

Mrs. Art Rhodes, who is organizing transportation to and from the rink, said today that more volunteers are needed to help in this phase of the program. Those who could provide transportation either way are asked to contact her at her home.

## DeBarry Firemen Sponsor Dance

By Mrs. Adam Muller  
DeBarry's Volunteer Firemen sponsored a dance last Saturday night at the Recreation Hall of the Fire Station with Darwin Bruce in charge of arrangements and the program.

A special guest, Miss Adele Kelly, of Covina, Calif., entertained with vocal solos and selections on the piano and also instructed the audience in the Hawaiian Fishing Song. Those attending enjoyed very much the gay evening and expressed appreciation to Miss Kelly who soon will be leaving to return to her home.

Another dance is being planned by the executive committee on entertainment for the evening of July 4 beginning at 7:30 p. m. The next regular dance will be held from 8 until 11 p. m. on Saturday, June 29.

Square dancing instructions under the direction of Harold Jenkins are held each Friday evening. All interested residents are invited to participate and refreshments are available. Air conditioning should be installed by this Saturday in the Recreation Hall.

## HD Club Sets Tuesday Meet

By Shirley Wentworth  
The June meeting of the HD Club will be held at 8 p. m. next Tuesday at the home of Mrs. Clayton Vornberg, 1411 Balmy Beach Dr. in Bear Lake.

Workshops for the evening will be on covering shoes and designing greeting cards. Members also will conduct an exchange of favorite recipes.

## Newcomers Club Has Party For Girl At Training Center

By Jane Casselberry  
The South Seminole Welcome Wagon Newcomers Club held a birthday party at Sunland Training Center recently for the girl whom they sponsor and the other 25 girls in her ward.

Nine members of the club conducted the party with many others contributing towards refreshments.

Since most of the patients are unable to feed themselves, the newcomers fed them the refreshments of ice cream, soft drinks and cupcakes each topped with a candle.

The youngsters uttered squeals of glee when a colorful balloons was tied to the arm of each wheel chair. Hearts of the club members were touched when a blind girl started singing "Happy Birthday" with all the other retarded girls making an effort to join in the song.

The Welcome Wagon sponsors the girl as a memorial to the late Mrs. Kay Miller, senior Welcome Wagon hostess, who wanted the club to help one of the 700 patients at Sunland, many of whom are forgotten by the outside world.

Mrs. Mariann Miles, club president, has issued an appeal for good, clean, used clothing of most all types which is badly needed at the center where supplies depend heavily on voluntary support.

## Dog Climbs Trees...?

By Jane Casselberry  
"Misty," 18-month-old toy Manchester belonging to 13 year old David Krohne, son of Mr. and Mrs. Wally Krohne, wants to be "tree top tall" and climbs with speed and grace the giant live-oaks on the lawn of the Krohne's Fairy Lake home.

What might sound like a Shaggy Dog Story all started about a month ago when the Krohnes noticed that little Misty was not content with chasing the squirrels up the trees but, instead, had started to pursue them further by scrambling up the tree trunks and balancing precariously on the highest limbs.

Now, however, Misty has discovered that the fun is in the climbing and no longer needs a squirrel as incentive. As a matter of fact, she eagerly obliged this reporter by performing on cue and posing for photographs.

PERFECTLY SILHOUETTED, "Misty" 18-month-old toy Manchester, is shown in the top photo climbing one of the giant live oaks at the Wally Krohnes on Fairy Lake. The small dog, shown in the bottom photo with her master, 13 year old David Krohne, started climbing trees after squirrels but does it now "just for fun." (Herald Photos)

## Summer Readers To Take Space Trip

By Julia Barlos  
Altamonte Librarian Mrs. Florence Coursen has announced that registration will remain open until June 29 for the annual summer reading program for children.

This year's program will take the theme of a trip into outer space through the solar system. Upon registering each reader will receive a rocket which will progress from planet to planet as each five books are read. The program will last for eight weeks ending around Aug. 21.

The library is open on Tuesdays, Thursdays and Saturdays from 10 a. m. until 1 p. m. The withdrawal of books will be limited to two at one time with no more than six withdrawals allowed in any one week. Books read will be tallied once each week.

The Children's Story Hour will be conducted this summer by Mrs. Robert Webb on Saturday mornings from 10:30 until 11:30 at the Community House on Maitland Ave. for youngsters between the ages of four and seven years.

## Bear Lake Club To Meet Today

By Shirley Wentworth  
The regular monthly meeting of the Bear Lake Community Club will be held at 8 p. m. today in the Florida Power Clubhouse at which time Henry Duval of the Apex Contracting Co. of Forest City will be the main speaker.

Duval is scheduled to speak on problems connected with construction of roads and how the use of soil cement could lower overall costs.

## DeBarry Veterans Hold Meeting

By Mrs. Adam Muller  
DeBarry World War I Veterans, Barracks 1197, held their regular meeting and picnic at Ponce DeLeon Springs last Thursday with Commander William Bries presiding.

Guest speaker for the occasion was Frank Lash of Winter Park, commander of the seventh district, who spoke on pensions for WW I veterans.

It was learned with regret that the Barracks would lose past commander Ralph Combs who is moving to Cocoa.

EDITORIAL COMMENT  
**Congratulations**

Congratulations are in order this week for the Geneva Volunteer Fire Dept. which although organized only two weeks ago, already is drawing up its constitution and by-laws and setting about to get a charter.

At the same time the men are busy with functional details of their department and are donating time and funds to the conversion of a gas tanker truck into an adequate piece of fire fighting equipment.

Contributions of any item suitable for use on the truck will be appreciated as will any donations of time or money. The greatest needs at the present time are for a pump and hose which could be of the type used on any conventional spray equipment.

Officials of the new 26-member organization, appointed on a temporary basis until the charter is received, are Lewis Hughes, chief; Ray McGill, assistant chief and Jim Stowell, lieutenant. Any one of these can be contacted for information regarding the department.

## Reception Held In DeBarry To Honor Resident Artist

By Mrs. Adam Muller  
A reception was held at the DeBarry Mansion House last Sunday afternoon honoring Eliot McMurrugh, artist-instructor who will be in residence at the Mansion this month.

The Florida Federation of Art annually sponsors these summer classes for beginners and advanced students and demonstrations, open to the public, are given each Wednesday afternoon by the artist in residence.

During McMurrugh's stay he has a one man show of his works on display in the main Gallery.

Buffet tables for Sunday's reception were overlaid with white crocheted cloths and each was centered with a floral arrangement of roses flanked by large crystal punch bowls. Trays of tea sandwiches and cookies completed table appointments.

Hosts and hostesses for the event were Mrs. Viola Howard, Mrs. Maece Smith, Mr. and Mrs. Arne Erickson, Mrs. William Hoffman, Mrs. Joseph St. Johns, Mrs. V. Johnson, Mrs. J. Kleckler, Mrs. Olney Hinton, Mr. and Mrs. Jack Young, Mrs. Chester Ebbroge, Mrs. H. Hollinshead, Mrs. A. MacNaughton and Mrs. Clinton Sommer.

Supreme Court  
The U. S. Constitution left all details of organizing and allocating the number of members in the Supreme Court to Congress. The number of members has varied from five to the present nine.

Free prizes will be given away every hour on the hour during the afternoon and a juke box will be convenient for dancing. An auction will add to the entertainment schedule.

Serving at the Civic Assn. barbeque will be from 5 until 8 p. m. under the direction of Chairman Bill Ryan who will be assisted by Chuck Rowell.

Booths will be set up along the south end of the Recreation Area Tennis Court next to the fence for the celebration, with the north end of the court left open for serving food and refreshments. The west side of the area will be set aside for games and dancing and the contests for Miss, Little Miss and Little Mr. North Orlando will also be conducted within the area with the exact location to be announced.

Ten members and their leaders of the Air Explorers Scout Troop 62 of Winter Park have a big weekend in store. They will arrive this evening to spend the weekend as guests at Sanford Naval Air Station. They will be billeted there, given a first-hand look-see at base operations and will be flown in an R4D transport.

One cigarette vending machine operator jumped fast when the new cigarette tax became law. His king-size cigarettes now are 35 cents a pack. Some supermarkets still selling them four for \$1.03.

Bus loads of square dancers came in from Tampa and St. Petersburg Wednesday evening, looking for a dance that wasn't scheduled. Seems this organization requires members "make up" by attending unscheduled dances. "Some one" told them there was a dance slated for Sanford. They came. No dance. Sanford police get an orchid, though, for helping them out and sending them to a dance at DeLand.

And looking through the 'phone book the other day for a number we saw the name of D. George F'Diamond. 'Tis true — look it up. We've been tempted to call D. George and ask him how does he pronounce "F'Diamond." Reminds us — we once knew in New Orleans a chap named "Jean Qu'Appelle." We know how to pronounce that — "CAP-pell."

## Liberal Montini Elected Pope

### Favorite Wins; Will Rule As Paul VI

VATICAN CITY (UPI) — Giovanni Battista Cardinal Montini today was elected pope of the Roman Catholic Church. He chose the name Paul VI.

Montini was a favored candidate before the election here. He has been the Archbishop of Milan.

The Sacred College of Cardinals elected Montini on the second day of balloting in their secret conclave inside the 16th-century Vatican Palace.

The new pontiff, a 65-year-old "liberal" intellectual and close friend of the late Pope John, is the 262nd successor to the throne of St. Peter.

Montini is considered forward-looking and Vatican observers believed he would continue supporting the movements started by Pope John toward church reforms, Christian unity and improved relations with the Communist governments.

The big bronze bells of St. Peter's Basilica tolled out the news as a vast crowd of more than 40,000 persons raised a cheer of "viva il papa" — long live the pope — in sun-lit St. Peter's Square.

As Pope Paul VI, Montini appeared on the central balcony of the basilica for the first time in the white robes of pontiff.

Eighty of the 82 living cardinals had entered the conclave. One emerged as pope in the third round of voting.

The coronation of the new Pope probably will be held within the next 10 days.

Pope Paul VI, a slight dark-eyed man was a favorite of Pope Pius XII, who preceded Pope John, as well as of John. The Milan archbishop was considered a likely candidate to succeed Pius in 1958 when John was elected.

Regarded by his colleagues as unusually intelligent and complete, Pope Paul VI has wide experience earned by 39 years with the Vatican secretariat of state and nine years as Archbishop of Milan, a booming industrial city.

He has been active against the Communists in the Milan region, and the Reds consider him so "dangerous" that they have tried to scare him with bombs.

### Tampa Girl Hurt In Trapeze Fall

HAZLETON, Pa. (UPI) — The young trapeze artist, her black tresses flowing behind her in the breeze, swung out over the circus ring 30 feet below her.

In the split-second world of aerial artists who forego the use of safety nets, there is no second chance.

Twenty-year-old Patricia Wyatt, known professionally as Mesha Zhebus, is one of those.

Last night she missed the trapeze bar and plunged to the ground.

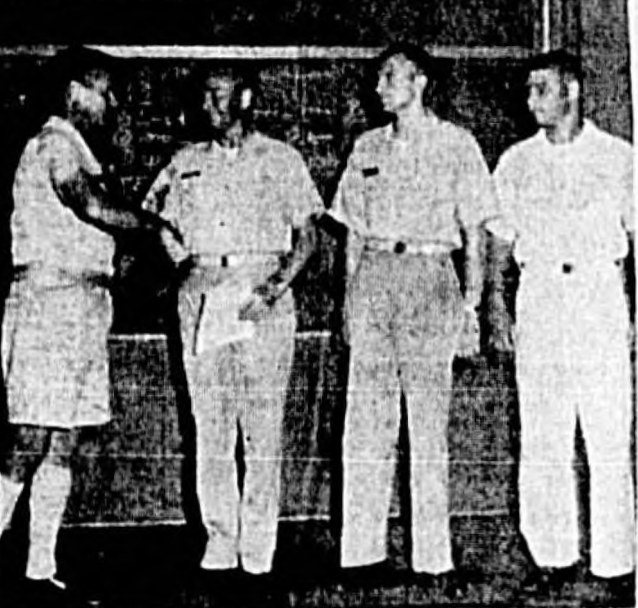

She was reported in fair condition today at Hazleton State General Hospital where she was admitted with a fractured hip and lacerations of the head.

Officials of the Christina Wallace Circus said the Tampa (Fla.) beauty had worked as a performer for them for several years.

## VAH-5 Wins Monthly Bomber Competition

Heavy Attack Squadron Five (VAH-5) capitalized on consistency to win the Heavy Attack Wing One monthly bomber stream for June, the Navy announced today.

The "Savage Sons of Sanford" placed all three of their entries in the top five to take a slim 76-point advantage over Heavy Attack Squadron Eleven's Detachment Eight, 108-1252. The Detachment won the May competition.

Points are awarded in the important bombing competition on the basis of scores on local training targets and the ability of flight crews to adhere to a prescribed route and time schedule.

VAH-5 also grabbed top individual honors as executive officer Cdr. Paul F. Werner and his crew of Lt. (jg) Dick McEntyre, bombardier navigator, and crewman Ronald Manning, AMH2, flew their A-3H Skywarrior to victory over 11 other flight crews.

Two flight crews tied for second place: VAH-14's Vigilante flight crew composed of Lt. Cdr. Jack Young, blade and bombardier navigator Lt. Dufty Hutton, and an A-3H piloted by VAH-14 Detachment Eight's Lt. Cdr. Ray Fox. His bombardier navigator was Lt. (jg) Joel Weissman.

Fourth and fifth places went to VAH-3: Lt. Cdr. David Fall and bombardier Lt. Nick Merzo flew an A-3H to fourth place. Another A-3H flight crew, Cdr. Lyle H. Sette, commanding officer, and Lt. Vince Monroe, finished fifth.

Behind VAH-5 and VAH-11 Detachment Eight, were VAH-3, VAH-11 and VAH-1 in that order.

Competition involved four practice bomb drops on the Pinecastle impact target, located 34 air miles northwest of Sanford, using two modes of delivery.

Jones, is 5 feet, 5 inches tall, measures 34-23-35 and likes twirling, singing, dancing and sewing. Candi, daughter of Cdr. and Mrs. Thomas L. Condon, already holds the "Miss Seminole County" title. She is 5 feet, 3 inches tall, measures 34-22-34 and likes horseback riding and singing. (Herald Photo)

## JFK Canal View Is 'Encouraging'

WASHINGTON (UPI)—Gov. Farris Bryant conferred with President Kennedy on a variety of subjects Thursday and said he was "encouraged" by the chief executive's reaction to the barge canal.

The governor said Kennedy was well-informed on the controversial waterway linking the east and west coasts of Florida.

"He was sympathetic and I would say even encouraging," Bryant said.

The governor, along with Rep. Robert Sikes and Sen. George A. Smathers, asked President Kennedy to seek a \$1 million appropriation from Congress to begin construction on the proposed canal.

On other subjects, Bryant said he told the President there was no racial problem in Florida, despite recent picketing at the state capital and several other cities.

The President asked Bryant to return to Washington again in the near future for another series of meetings with Southern governors to discuss civil rights problems.

Earlier Thursday, Bryant appeared before the House Appropriations Public Works subcommittee.

He told the congressmen there were three projects that Florida vitally needed—the barge canal, the Central and South Florida Flood Control District project and the Four Rivers Basin study.

Bryant, noting the congressional trend toward economy, said the state Legislature was aware of the importance of the three projects and had more than doubled appropriations to match federal funds for the projects.

## Steel Contract Agreed On With No Pay Raises

PITTSBURGH (UPI)—The steel industry and United Steelworkers union stepped forth today as the epitome of collective bargaining.

Climaxing six months of informal negotiations, the parties announced agreement Thursday on a 21-month contract which features a unique extended vacation plan the union says will create up to 25,000 new jobs.

And for the second consecutive year the steelworkers passed up a straight wage increase for job security.

The contract becomes effective Aug. 1. It can be reopened upon 120 days' notice anytime after Jan. 1, 1965.

The union said contracts should be signed by next week.

The vacation plan becomes effective Jan. 1, 1964, for half the industry's 423,000 workers. Workers at each of the respective "big 125 steel companies ranked on the upper 30 per cent of the seniority list will receive 13 weeks extra vacation every five years.

Those workers retiring before the plan takes effect will receive a comparable cash payoff, a bonus week and their regular vacation time pay.

The other 30 per cent of the workers will get up to three additional weeks of paid vacation in the next five years.

## SRB Approves Record Budget

TALLAHASSEE (UPI)—The State Road Board put the final stamp of approval today on a record \$219 million budget for the next year, of which \$37.5 million was slated for highway construction.

The total budget is inflated about the actual \$135 million the department will have on hand to spend. The additional money is always placed in the budget to give the agency some flexibility in picking projects since no highway can be built that is not in the approved budget.

As approved by the board by unanimous vote, the budget included \$109.5 million for interstate highway projects, \$12.8 million for primary projects, \$74.2 million for secondary roads, \$138.8 million in bond financed projects and \$19.6 million for maintenance.

## Baruch Released

NEW YORK (UPI)—Herbert Baruch, 92, the financier, was released Thursday from New York Hospital where he spent a month-long stay for what was termed a routine checkup by his physicians.

## Attack Pushed

CAIRO (UPI)—Iraqi army units pressed their attack against rebel Kurdish tribesmen and villagers in northern Iraq Thursday, the U.A.R. Middle East News Agency MENA reported.

## Retain Limit

WASHINGTON (UPI)—The House has approved an administration bill to retain for two more years the \$100 duty-free limit on foreign goods brought into the United States by American tourists.

## Tunisia Loan

TUNIS, Tunisia (UPI)—The United States will lend Tunisia \$15 million under an agreement signed Thursday by U. S. Ambassador Francis Russell and Ahmed Ben Salah, Tunisian secretary of state for planning and finance.

## More Optimism

GENEVA (UPI)—Parties to the Geneva disarmament conference looked to big power nuclear test ban talks slightly more optimistically today as a result of the agreement to establish a "hot line" communications link between Washington and Moscow.

## Total Is Now \$1.3 Million

A half-million-dollar boost to the already announced expansion program of the Sanford Naval Air Station was reported today by the Bureau of Yards and Docks, Department of the Navy.

This announcement increases to \$1.3 million in planned construction at SNAS.

Bids were asked today for a barracks of 308-man capacity, three-story, of reinforced concrete frame with exterior of precast concrete wall panels. The building will include heating and air conditioning.

Estimated cost of this new barracks is \$500,000. Bids will be received until 2:30 p.m. July 19 at the Bureau of Yards and Docks, U. S. Naval Base, Charleston, S. C.

At the same time, it was announced bids were opened last Wednesday at Charleston for a new avionics building and a new surface systems building, both estimated to cost \$800,000.

Low bidder for this contract was Peacock Construction, of Fort Myers. This contract has not been let, as yet.

Also in the planning for SNAS is a \$5 million north-south runway. This project is in the survey-design stage, and is planned for the 1964 budget with construction in 1965.

## DeGaulle Pulls Ships Out NATO

PARIS (UPI)—France has notified the North Atlantic Treaty Organization it is pulling some naval units out of the unified (NATO) command, an American (NATO) source said today.

The move appeared to be in line with President Charles de Gaulle's policy of increasing French national autonomy. It came as a blow to United States efforts to build a tight-knit NATO force.

The source said French naval units guarding the English Channel and the Bay of Biscay would be removed from the unified command.

This will not affect French units serving under unified NATO command in the Atlantic, however, the source said.

The forces involved are reported to include one aircraft carrier, six destroyers and 21 destroyer escorts.

## Margott Found; Marriage OK'd

MIAMI BEACH (UPI)—The missing daughter of ex-Venezuelan strongman Marcos Perez Jimenez and her young American boy friend were found Thursday night in a hideaway less than 15 miles from Perez' waterfront mansion.

Hazel-eyed Marzotta Perez Jimenez, 17, and Lee Brook, 20, were located in a hotel in suburban Hialeah around 43 hours after they were reported to have eloped.

## Officer Change Set For Monday

CDR. Frederick Carment, USN, will relieve Cdr. R. M. deLorenzi, USN, as officer-in-charge of HAFRON 11 Detachment 8 in ceremonies at 10 a. m. Monday at NAS.

Cdr. deLorenzi has been officer-in-charge since Detachment 8 was formed last August and has led the unit to many enviable bombing records among locally based squadrons.

Cdr. Carment reports to Detachment 8 from VAH-5, where he has been operations officer.

Cdr. deLorenzi, his wife, Betty, and their four children will leave soon for California where he has been assigned to the Navy's Postgraduate School at Monterey.

## Refugees Await 'Attack' Details

MIAMI (UPI)—Eight commandos were believed to have joined up today with anti-Castro forces in Cuba where a multi-point landing successfully penetrated the island's Communist defenses.

Miami's huge Cuban refugee colony, still throbbing with excitement over Thursday's surprise announcement by the Cuban Revolutionary Council, were eagerly waiting radio reports from the commandos.

A radio broadcast from Cuba late Thursday night reported that militiamen fought with a group of eight heavily armed anti-Castroites in the vicinity of "El Camino."

The broadcast did not say if the rebels were of the invading commandos or guerrillas operating in the mountains of Oriente, Las Villas and Pinar Del Rio provinces.

## Navy To Launch 4 Subs Saturday

WASHINGTON (UPI)—The Navy will launch four nuclear submarines Saturday in simultaneous ceremonies.

Polaris submarines: Test mesh, Daniel Boone and John C. Calhoun will be launched at Groton, Conn., and Newport News, Va. The attack sub Flasher will be launched at Groton.
