Housing Project Pictured In So. Seminole

A land transaction totaling 640 acres at a price of \$750,000 was finalized here when the Florida Development and Utility Corporation purchased a large tract of property east and south of the Jai-Alai Frontiers.

Officers of the corporation, Joseph Robinson and James Himmerson of Orlando, who purchased the property from Daniel Sepler said they plan to start immediately on plans for a housing development with homes in the 600,000 bracket.

They also are considering using a portion of the land for a shopping area. The property borders on SR 406 on the north and Hwy 17-92 on the west.

St. Johns Realty handled the real estate transaction with E. Pope Bassett the corporation and Kenneth McIntosh the broker. This insurance was handled by Thomas McDonald of the Abstract Corporation.

1,050 TB Patients In Florida

Evidence that tuberculosis is far from being conquered was advanced by Dr. L. C. Mann, director of the State Tuberculosis Board at the Florida Conference on Tuberculosis Seminar held in Tallahassee, recently.

Presently, 1050 patients are hospitalized in Florida under an average period of from three to six months, Dr. Mann explained.

He pointed out that TB is no respecter of persons—afflicting the affluent as well as those classed as deprived. Four per cent of those admitted are classified as atypical and 25 to 40 per cent have drinking problems. Distribution of cases is wide with approximately 50 per cent concentrated in larger cities and the remaining 50 per cent from less populated areas.

Trends of cases and deaths in Florida parallel those in the nation in the decline of both morbidity and mortality with a gradual leveling off that has remained fairly constant for past several years, Dr. Mann asserted.

Figures for the Seminole County area show that nine active cases were reported in 1964 as compared to four in 1963 from January 1 to May 26.

The board of directors of the Seminole County Unit of the CFTBD will meet at 8 p.m. tonight at the Seminole County Health Department. Officers and new members of the board of directors will be elected at this meeting.

COMMANDER CLIFFORD NELSON Former NAS Officer Here Commands Pensacola School

Cdr. Clifford Nelson, former commanding officer of Reconnaissance Heavy Attack Wing One Integrated Operations in Ft. Higg area Center at Sanford Naval Air Station, Saturday assumed command of the Basic Naval Aviation Officers School at Pensacola. He relieved Cdr. Charles C. McRatnie.

Commander Nelson's career has been quite varied. He has been a Lighter-than-Air Aviator (pilot), an Aerial Navigator and navigation instructor, both student and instructor in the field of Aviation Electronics and Weapons Systems, and a graduate of the Naval Postgraduate School at Monterey, Calif. He was the Special Training Officer of Heavy Attack Squadron Three during their transition from the Douglas A3 "Skywarrior" to the North American Mach 2 "Vigilante."

Commander Nelson was born in Simmsport, La., and received a Bachelor of Science degree from the Drexel Institute of Technology in Philadelphia, Pa. He entered the Navy in April, 1945, and in December, 1944 married the former Virginia Smith of Philadelphia.

Holiday Death Record Seen

CHICAGO (UPI)—The National Safety Council said a record traffic toll may result from the three-day Fourth of July weekend.

The council estimated that between 470 and 670 persons would die in traffic during the 78-hour holiday, which begins at 6 p.m. Friday, July 2, and ends at 11:59 p.m. Monday, July 5.

Last year 610 persons were killed on the nation's streets and highways during the Fourth of July weekend, a record for a three-day independence day holiday.

The council also estimated that between 22,000 and 27,000 persons would be injured next weekend, and that motorists will log about a billion miles of travel.

During a comparable non-holiday summer weekend 415 persons probably would die in traffic mishaps and another 20,000 would be injured, the council said.

To aid visitors with cameras, a special grandstand has been erected on a pier at Cypress Gardens and instructions are given for accurate photographic settings and direction.

Role Of Press In Crime News Debated

Should the press have a free hand in reporting crime news? Despite nearly 200 years of apparent success, the relative freedom allowed in American pretrial coverage has come under heightening criticism since the assassination of President John F. Kennedy.

Is the attack justified? Is the more restrictive British system of pretrial reporting preferable? More particularly, are innocent persons being sent to jail because jurors have been indoctrinated with prejudice through press reports? Or does an accused person obtain a fair trial despite occasional excesses of reporting detail?

These issues make up a current debate holding the attention of newsmen, lawyers and judges all across the nation. From it may come a new understanding of the relative roles of the press and the courts in the American criminal process. Or the nation could be on the verge of a crime news blackout without precedent in U. S. history.

At the moment independent studies of the so-called "free press versus fair trial" issue are being conducted by such prestigious organizations as the American Bar Association, the Brookings Institution, the American Newspaper Publishers Association, the National Conference of State Trial Judges and the American Society of Newspaper Editors.

Parallel studies are under way on a joint press-bench-bar basis within at least a dozen states.

Not is it talk. Attorney General Nicholas Katzenbach in April ordered U. S. Justice Department personnel to limit pretrial disclosures to the basic facts of a case, withholding, in particular, confessions and other incriminating statements of persons arrested. The Philadelphia Bar Association issued stringent guidelines for pretrial publicity by its members, then pulled the rules back for further study.

The New Jersey Supreme Court has advised law enforcement officers and prosecutors in that state to limit release of information to the press in advance of criminal trials.

March of the new interest in press coverage of crime news stems from publicity surrounding the Oswald trial prior to his death, and Jack Ruby whose shooting of Oswald became a national news sensation. News media representatives, however, insist a presidential assassination is

Our Retailers invest freely to supply us freely

Stimulated by Competition and free to act without oppressive antic-trust controls, our modern retailers supply us with competitively priced products in abundance no other nation's markets can approach.

Free to invest their money, their time, their energy and individual initiative as they see fit, these American businessmen have helped us achieve the world's highest standard of living.

The prohibitively high pricing of goods in a government controlled economy — making them available to only the wealthy few — has no place in a land that prides itself on free enterprise.

Skill, vision are heard urging government ownership of certain businesses, a condition which would stifle the very freedom that makes America the greatest nation on Earth. Let us at all times vigorously defend this freedom of individual initiative and enterprise so that we may keep America Powerful.

Hitting Harmony Of Robby, Pinson Push Reds Near Top

By Fred Brown
UPI Sports Writer
It could be 1961 all over again for the Cincinnati Reds as Robby Robinson and Frank Robinson have their big bats back in town.

Pinson batted .343 and Robinson hit .320 when the Reds won the National League pennant last year. But the combo just didn't click in the next three seasons. Pinson fell to .262.

With that pair providing day-to-day punch—and solid aid from such as Gordie Coleman, Deron Johnson and John Edwards—the Reds have won 11 of their last 14 games and moved to within one game of the first-place Los Angeles Dodgers.

Pinson and Robinson were the heroes Sunday when the Reds swept a doubleheader from the Milwaukee Braves 10-9 and 10-3 and the Pittsburgh Pirates whalloped the Dodgers 10-2.

The Reds blew a 9-1 lead in the opener but won out when Robinson hit his 14th homer of the season in the top of the sixth inning and then bressed in the nightcap as Pinson hit the fifth grand slam homer of his career and Robinson drove in three runs with a homer.

Pole Spot At Stake In 400

DAYTONA BEACH, Fla. (UPI) — The crown of the nation's stock car drivers goes today for a Wednesday race to determine the pole position for the Firecracker 400.

A leading contender for the pole position in this year's \$25,000 Independence Day race is A. J. Foyt, the defending champion and two-time winner of the 400-mile race.

Foyt has dominated the National Association of Stock Car Auto Racing (NASCAR) circuit this year, but they are expected to get a stiff challenge in the race from two local engine manufacturers.

Bill France Jr. will qualify in Wednesday's race, with the fastest man getting the pole — inside track row — participating in the 400-mile race over the International Speedway's 1.5-mile oval will qualify Thursday, Friday and Saturday.

Other top drivers seeking to qualify for the "400" are Fred Lorenzen, the leading NASCAR money-winner, Ned Jarrett, the grand national point leader and chairman of the American Automobile Association.

Smith Hurts Post 53 To 14-1 Victory

Sanford's Post in American League play continued its pursuit of the District Six title Saturday night at Pinehurst Field, beating Kente, 14-1, behind the four-hit hurling of Ronnie Smith.

In winning his fourth game without a loss this summer, Smith pitched 10 innings, yielding the lone run in the fourth inning when a couple of walks got him in trouble.

Smith, Billy Kuykendall and Rex Brooks led the Sanford hit parade that started with five runs in the first inning and two more in the second, making a commanding 10-0 lead.

Sanford, now 7-3 in district play and 9-3 overall, travels to Oklawaha Wednesday night to meet Post 19 at 7:30 at McCranon Field, adjacent to Tanker Field.

Local Relay Teams Tally in Winter Park

Sanford Swim Association's youngsters scored well this past weekend in the Winter Park meet, winning one relay event and placing in six others in the three days of swimming over the AAU sanctioned long course meet.

The Sanford boys 12-14-year-old team placed a first in the 400-meter relay and a second place medal in the 500-meter relay to set the pace. This team is composed of Moti Morgan, Randy Bowling, John Wright and Bill Brown.

Freestyle relay was the girls 12-14 group. Nancy May, Margaret Smith, Susan Brown and Joyce Polgar were the swimmers here.

The only Sanford individual to gain a ribbon was Robert Bessner, who placed third in the 300-meter breaststroke.

Rescue Team, Golfers Mix

SAN FRANCISCO (UPI) — Rescuers attempting to reach an injured youth on a mountain peak at Lassen Park Golf Course were asked to get off the green by an irate foreman who said he wanted to "play through."

The 12-member crew, equally irate, delayed the golf game until the boy, suffering a broken leg, was lifted to safety.

GENERAL TENDENCY: Now you have an unusually good day and evening in which you can put your plans and ideas into execution so that others can get the benefit of them. You can reap any rewards also associated or connected with them. You have the highest placed help you are willing to help you now.

ARIES (Mar. 21 to Apr. 19) Giving attention to home affairs brings fine results today and tonight. Have a little family conference and get ahead. Put those excellent ideas to work without delay.

TAURUS (Apr. 20 to May 20) Getting about making calls, visiting, etc. brings the results you desire from nearly everyone. This includes both personal and professional life. Come right to the point.

GEMINI (May 21 to June 21) Analyzing present position and then making plans to increase income, assets is best today. Be sure real estate is in fine condition. It is no budget-conscious.

MOON CHILDREN (June 22 to July 21) You are in need of personal attention and should cultivate persons who are your admirers. Go to social affairs that please you. If your waiting spirit is being happy.

LEO (July 22 to Aug. 23) Investigating which is the true position is with others O.K. but do not confide in others. Seek that in conditions sometime later. Live life as you desire not as you have to be.

VIRGO (Aug. 24 to Sept. 23) You want more recreation, but you have to make the effort to get in touch with congenial party. Repaying social debts is a fine idea. Be generous, hospitable.

LIBRA (Sept. 24 to Oct. 23) You are pretty much in a rut—seek greater words to conquer. Making right investments now can improve your position in life a thousand-fold. Be very practical.

SCORPIO (Oct. 24 to Nov. 21) Show others you are broadminded and will change your plans if you believe there are better. Interesting matters come up. Study them well before you take action.

SAGITTARIUS (Nov. 22 to Dec. 21) You are able to handle very intelligently any private or business or government affairs now. Be very precise. Much progress is possible in the future thereby.

CAPRICORN (Dec. 22 to Jan. 20) Being more cooperative with associates is best way to improve on present operations. Much breaks into the open, clearing the path to success. Avoid those who oppose you.

AQUARIUS (Jan. 21 to Feb. 19) Your potential for getting much accomplished is great, so don't waste any time unnecessarily. Listen to ideas of co-workers. Adopt some of them and make hay while the sun shines.

PISCES (Feb. 20 to Mar. 20) Much harassment has been yours lately, but now you can get into new outlets very easily and with real success. Out to cultural things tonight. Show how charming you can be.

IF YOUR CHILD IS BORN TODAY, although the physical attraction here is very great, there will be too much sensitivity in the nature and you have to teach confidence early by a little flattery and encouragement where sports are concerned. A fine sales person emerges during adulthood or a movie star, or one very prominent in government circles. Give the finest education possible.

The Stars impel, they do not compel. That you make of your life is largely up to YOU!
