The Penny wise food shopper is even more conscious of the savings she can realize by buying "right priced" regular price items than she is of the "hot week end special." That's because she realizes that she buys 25 regular shelf items for every single "special" she picks up in a food store. For years it has been our policy to keep our everyday shelf prices low—as low as the very lowest anywhere, and usually much lower. It has always been our aim to help each customer "Save A Little Every Day On Every Single Food Item." That's why so many of the penny-wise folks are shopping in our stores. We're pleased to gain many new patrons each week. We promise satisfaction, too—not only as far as fair prices are concerned—but from every angle.

## Soviet Union Seeks German Peace Treaty

### Vishinsky Requests Removal Of Occupation Troops 1 Year Following Signing

PARIS, June 10.—(AP)—Russia called today for a new Big Four conference within three months to draft a German peace treaty, French sources said.

Soviet Foreign Minister Andrei Y. Vishinsky placed before the Foreign Ministers' Council a proposal that all four powers occupying Germany agree to withdraw all their troops one year after a German peace treaty is signed.

The proposal came in a meeting in which the ministers of Britain, France, Russia and the United States sought to salvage something from the clutter of disagreements in their talks on Germany's future. Yesterday Vishinsky had accepted a U. S. request that East-West trade and traffic talks in Berlin be ended by Monday.

Vishinsky asked his council colleagues to lay down the procedure for drafting the German treaty before they wind up this session in Paris, the French sources said.

Meanwhile the Western Powers sought weekend talks with the Russians in an effort to meet the Monday deadline set by the foreign ministers in Paris for solving the Berlin rail strike and other transport problems.

Mr. General George P. Hays, deputy U. S. military governor in Berlin, said the invitation to the Russians was sent by the United States with British and French agreement.

"We have had no firm reply from them yet," Hays said.

The proposed meeting would bring together the economic and transport chiefs of the four powers in a revival of talks that have been going on for weeks.

Hays said work on the East-West trade agreement, transport problems and the Berlin rail strike are "all one package."

The western conferees have refused to agree on any road to settle the strike is settled. They insist settlement on the strike is a Russian matter because the Russians control the rail system.

American authorities said they were willing also to take up the issue as a separate matter.

Helen Bracht, chairman of the striking union, took a dim view of the prospects for settlement.

## Jaycees Vote To Aid Scout Drive

The Seminole County Junior Chamber voted yesterday at their meeting at the Tourist Center to assist the Seminole county Boy Scouts in securing funds for the coming year by selling tickets to the Sanford-Orlando baseball game to be played at the Municipal Park June 22.

President Gordon Bradley announced that the new officers would be installed on June 20. B. L. Perkins, Jr., urged a quick clean up of membership dues.

## Doctors Reinstated At Millidgeville

MILLIDGEVILLE, Ga., June 10.—(AP)—Twelve ousted doctors took back their jobs at Georgia's huge hospital for the insane today, as State Welfare Director Jack Forrester and Deputy Director T. A. Dehman resigned.

The doctors met this morning and announced they would accept reinstatement. They are expected to go back on the payroll tomorrow, at which time the resignations of Forrester and Dehman also are effective.

## Clothing Stolen

NEW YORK, June 10.—(AP)—For the second time this year, thieves have made a big haul from the personal belongings of ice skating star Bonnie Henke yesterday, \$25,000 worth of furs, handbags and other valuables stolen from a truck which was hauling the clothing to an air terminal for shipment to California.

Police said the truck apparently broke into the locked truck at a traffic stop light.

## Pepper Seeks Wovay

WASHINGTON, June 10.—(AP)—Senator Pepper (D-Fla.) urged approval of funds for Interior Department projects submitting Florida's application for a federal subsidy to subsidize Thursday. He asked inclusion of \$27,000 by a DeSoto Memorial at Bradenton, an additional \$250,000 for a road from Bradenton, Fla., to St. Marks and another \$250,000 for a road from St. Marks to Oklawaha, and requesting in line with budget requests of \$100,000 for study of recreational resources and excavation of archaeological resources in river basins and \$250,000 for rehabilitation and construction on fish houses.

## Yesley Memorial Groundbreaking

Members of the First Christian Church attend the ground breaking exercises for the Yesley Memorial Parsonage on Mothers Day. Mrs. W. P. Yesley, wife of the late Rev. Yesley in whose memory the home will be erected, is shown turning the first spade of earth. Others in the photo include from left to right: Paul Carpenter, Jr., Mrs. W. H. Young, Rev. J. R. Lantz, Rev. Lawrence Ashby, E. C. Johnson, Lester Tharp, Mrs. R. G. Fox, W. C. Tison, J. J. Peters, Mrs. J. R. Richards, Mrs. W. P. Yesley, Ralph Johnson, Dr. A. Reid Liveritt, G. W. Morgan, W. H. Young, O. D. Landress, Mrs. O. T. Pearson, Glenn C. Utt, Earl Evans, Mrs. O. D. Landress, Mrs. W. C. Tison, David Wilson and Graham Riggs.

## American 'Girl' Contract Let For Construction Of Yesley Memorial Parsonage

The contract for construction of the Yesley Memorial Parsonage was let last night by the First Christian Church to the firm of Brennan and Nelson, and building is due to start within the next two weeks. The ground-breaking ceremony was held on Mother's Day.

The parsonage committee has purchased two lots adjoining the church property at 1501 Sanford Avenue, making a total of four which are owned by the church. The two lots between the parsonage and church will be used as a playground for children.

The parsonage is to be built in memory of the late William Perry Yesley, who died while serving as pastor, and it will be occupied by the Rev. J. Randall Paris. It will be of concrete block construction with asphalt shingle roof and floors will be of concrete with asphalt tile covering. The living room will have a fireplace. Two bedrooms will be provided.

More than 400 persons donated \$5,000 each since the campaign to raise funds started a year ago. The balance of \$2,000 has been borrowed from the Christian Church Extension Board.

Lester Tharp is chairman of the committee in charge of raising funds and which includes: Mrs. Raymond G. Fox, Orin D. Landress, Alex R. Johnson, the Rev. J. E. McKinley of the First Methodist Church and the Rev. Paul Carpenter of the First Christian Church, Orlando.

## Rev. Zimmerman Delivers Junior High School Commencement Address

In a commencement address to the 66 girls and 63 boys of the Junior High School graduating class this morning at the Junior High School, the Rev. H. L. Zimmerman, pastor of Holy Cross Episcopal Church, told the students that during the next four years they will experience their greatest growth in mind, body and spirit.

He was introduced by Supt. T. W. Lawton, who expressed gratitude to teachers, parents, friends and other groups who during the past year have contributed to the welfare of the school. Mr. Lawton especially thanked the PTA group for aiding in improvement of the school library and providing a curtain for the stage.

The Rev. Zimmerman pointed out to the boys of 18 that in four years they will be young men with strong, mature bodies eligible to play football or to serve in the army. He told the girls that they can do much to grow into healthy, young women.

"The most important growth will be that of mind," he declared. "Remember, others have done your thinking for you. In high school you will do at the commencement of adult living, will have your own opinions and will learn to think for yourselves." He also urged them to grow spiritually in the pattern of Jesus Christ.

Samuel Jacobson, son of Mr. and Mrs. Herman Jacobson, 520 Scott Avenue was presented by Mrs. F. E. Bois with the D.A.R. medal for excellence in history.

In talking the presentation, Mrs. Bois urged reverence for the flag and declared that America is now in a "valley of decision". She pointed out the dangers of Communism in this country and suggested that the graduates form a "Youth for America Club". In behalf of the Sally Harrison Chapter, D.A.R. she wished the graduates happiness, and told Samuel Jacobson that he had well earned the medal.

## U. S. Declares Japan Is Now Fully Disarmed

### Japanese Are Working To Be Self Supporting. State Department Says

WASHINGTON, June 10.—(AP)—The United States declared today the Japanese are now "completely disarmed" and working to become self-supporting as soon as possible. Rejecting attacks on the U. S. decision to halt Japanese war reparations, a formal government statement said this and other U. S. actions on Japan were dictated by "hard necessity."

The statement renewed the American contention that Japan is unable to pay further damages without impeding its recovery. Requiring the Japanese to self-support, it said, is the "only course offering real hope of preventing a future renewal of Japanese militarism."

The statement was issued by the State Department in behalf of the Army and other agencies in reply to criticism of China, the Philippines and other Pacific Allies.

The United States last month halted any further reparations deliveries and announced it would oppose any effort to revive the war damage payments to the Philippines, China and other which had received them.

Since then, the decision has been under attack in the United States. Eastern commission, which favors reparations to the Philippines, China and other which had received them.

Terminating the reparations action a "necessary step for the achievement of basic allied peace objectives in Japan," the statement declared the U. S. position is "fully consistent" with the wartime Potsdam Declaration.

The Potsdam declaration said that "Japan shall be permitted to retain such industries as will sustain her economy and permit the execution of just reparations in kind, but not those which would enable her to rearm for war."

The U. S. statement contended that if the action conflicted with decisions of the Far Eastern Commission, the blame should rest on the commission itself because of its failure over four years to agree on how reparations should be shared.

As for criticism that the United States show greater regard for a former foe than its Allies, the statement said the United States is not a "big brother" to the world. It said the Allies "must bear their proportionate measure of responsibility."

The endorsement of Japanese efforts to support themselves is to be put to a charge by Philippine delegate Carlos Romulo that the occupation is being sabotaged by the former Japanese class in Japan. This is made up of the major industrialists, bankers and traders, grouped mostly into big family companies. The U. S. statement declared the charge was not borne out by reports from General Douglas MacArthur or other competent observers.

There are also reports of a "backlash" in Japan which seek to take advantage of their country's plight for their own benefit. All reliable evidence indicates, however, that the Japanese people as a whole desire to regain a self-supporting status at the earliest possible time.

BURNS HAS FOE JACKSONVILLE, June 10.—(AP)—W. Hayden Burns, Democratic nominee for mayor, has an unexpected opponent in the June 21 general election. There was no Republican nominee, but a young businessman, Harold W. Ashley, entered the race Thursday as an independent candidate.

## 1949 Seminole High School Year Book, Salmagundi, Makes Debut

By WILLARD CONNOLLY  
Salmagundi, Seminole High School year book, makes another bid for All-American honor this year of 1949 by reaverting in theme to the forty-niners of the gold rush era of one hundred years ago. Last year the "Sally," as it is known among students, was the only year book in Florida of high school, to win the high rating.

On a bright cover, suggesting yellow gold, is pictured a rotund forty-niner, the art work of a talented sophomore, Ingrid Esterson. The inside cover shows the old fellow astride a heavily loaded mule, about to take a trip to visit the nineteen forty-niners at Seminole High School. He reappears on various title pages and on the page entitled, "athletics," winds up his journey seeking his own feet in a tub. Finally he is shown with his bag of gold.

The year book is dedicated to Supt. T. W. Lawton with the following inscription:  
"It is with sincerest and deepest appreciation that the Class of 1949 dedicates this annual to one whose faithfulness and usefulness in the past 34 years have been so outstanding—our own county superintendent."

Under the title, "Sally Strikes For Gold" is printed, "The new year came in and the Sally went to press—your Sally remember Mr. Robert Cox's hurrying around for those last-minute pictures and (Continued on Page 21)

## \$41 Million Increase In Unemployment Funds Requested By President

### Preston Tucker Indicted On 31 Charges By Jury

### Manufacturer Faces 155 Year Sentence And \$60,000 Fine

MIAMI BEACH, June 10.—(AP)—Preston Tucker, promoter of a novel automobile that never got into mass production, today was indicted on charges of mail fraud, SEC violations and conspiracy. Seven associates were indicted with him.

A 31 count indictment was returned before Federal Judge John P. Ryan by a grand jury which indicted Tucker since Feb. 12 in investigating efforts of Tucker and his corporation.

Maximum possible penalties for conviction under the indictment would amount to 155 years imprisonment and \$60,000 in fine for each of the eight defendants.

The indictment charges Tucker with violating regulations of the Securities and Exchange Commission and of conspiracy.

Tucker, 46, president and director of the Tucker Corporation, 1000 B. B. Road, Detroit, formerly associated with Harold A. Koster, 38, Alms Abrahamson, 38, North Hollywood, Calif., former Municipalities lawyer.

Tucker is charged with having formed investment pools, who floated the public issue of stock in the corporation, Detroit Athletic Club, Detroit, formerly associated with Tucker Corporation, general sales manager and executive, who was president of Tucker Corporation. He had been associated with Ford Motor Company and Chrysler.

## Warren Signs Bill Setting Up State Scholarship Fund

TALLAHASSEE, June 10.—(AP)—Governor Warren today signed into law a bill setting up a special scholarship fund for college students in Florida.

The law will permit race track to state an extra day of racing when all profits, including taxes due the state, are donated to the scholarship fund.

The bill was amended by the House to permit all privately owned and operated universities and colleges to participate in the program. But the amendment was withdrawn when the Senate refused to agree.

Governor Warren also signed into law a bill which would permit any horse race track which daily average betting pool is less than \$250,000 to pay a flat \$4,000 license fee.

REPAIRS GRANDSTAND  
Repairs to the grandstand at the Municipal Baseball Park have been made under direction of Frank Ashdown and the stand has been pronounced safe by Howard Faville, city building inspector, and City Manager Clifford McKibbin this morning.

The repairs were made to a pier supporting the southeast corner of the stand.

## Miami Council Votes Against Bookie Cleanup

### Measure Would Have Instructed Police To 'Kill' Gambling

MIAMI BEACH, June 10.—(AP)—The city council voted against a crackdown on a bookmaking syndicate by the police today.

The resolution was presented by Melvin F. Brennan, city councilman and a crusading attorney. It instructed the chief of police to instruct the city manager to "employ every means at their disposal to detect and terminate the further illegal activities of the gambling syndicate."

Voting against the proposal were outgoing Mayor Mayor Liberman, and councilmen William Bullock, Maurice Klein and D. Lee Powell.

Supporting it with Richard were newly named Mayor Harold Turk and Councilman Burnett Roth.

City Manager Claude Renshaw attended the meeting but made no answer when Richard asked him whether, if reappointed, he would wage an all-out war on bookies.

"I want Mr. Renshaw to state whether or not he will help me in this fight," and Richard.

Renshaw quickly doubled on a pad and did not answer. The question repeated twice more failed to draw any answer from Renshaw.

Spectators who crowded the council chamber in city hall shouted "why don't you answer?" and "make a statement."

The vote by the four councilmen a few moments later against Richard's resolution brought boos from the spectators.

Richard asked the city manager, "Why don't you answer?" and "make a statement?"

Richard said the lone vote against the reappointment of Renshaw as city manager, and against Ben Shepard as city attorney.

Mayor Turk read a statement putting himself on record for enforcing law enforcement policy without favor or prejudice to any group or individual.

ELECTRICAL PROJECT  
JACKSONVILLE, June 10.—(AP)—An electrical cable-laying project will be part of an electrical building program here. It is designed to prevent "blackout" of three hotels, submitted today was \$1,870,000, the work will take 240 days. The city council took bids under study to electrical specifications.

CLAPP CLEARED  
WASHINGTON, June 10.—(AP)—Secretary of the Army Gray said today the Army never has investigated TVA Chairman Gordon Clapp and does not have "any derogatory information" which would make him ineligible for an assignment in Germany.

In a statement issued in reply to published reports from Germany that the Army had decided Clapp was "unemployable" for special assignment in the military government there, Gray said an inquiry is being made on this "error."

LUDWIG HONORED  
Donald Ludwig, son of Mr. and Mrs. W. A. Ludwig, has been selected to represent the local Legion at the American Legion sponsored Boys' State program in Tallahassee, Clarence A. Hedding stated this morning.

SERVICE OFFICER  
Tom H. Deen, assistant state service officer, will be at the office of county service officer, L. F. Boyle at 1300 O'Clock Tuesday afternoon to aid veterans and dependents in making claims or requests.

Interest is running high in The Herald's "Most Promising Citizen of Tomorrow Contest" as Sanford citizens prepared to select the winner from among the five runners-up who have been selected in public balloting during the past five weeks.

Pictures of the nominees, taken by Robert L. Cox of Essex Studios appear on the society page today.

A blank ballot is being printed on the same page to use in selecting the winner. Ballots must be received by 9:00 o'clock Monday morning at The Herald office in order to be counted.

The five nominees are Donnie Whitten, Dorothy Jardine, Linda Carroll Harvey, Sara King and Penny Pulver. One of them, the lucky

## Sen. Eastland Curses Wallace's Campaign Leader At Hearing To Curb Comies

### WASHINGTON, June 10.—(AP)—The older Truman opped by \$41,000,000 extra he estimates of how much the federal government will need in the next 12 months for grants to states for unemployment compensation and employment service administration.

He asked Congress to appropriate it. A White House statement said the money is necessary "to provide for a heavier work load in 1950 than had been treated previously."

Mr. Truman's budget, submitted to Congress in January, carried an item of \$10,000,000 for this purpose. Unemployment has increased since then.

The \$41,000,000 was part of a total of \$147,977,761 that Mr. Truman asked of Congress to implement budget already requested for the end of the fiscal year.

He asked \$2,750,000 for the 1950 fiscal year beginning July 1 and \$4,250,000 for the current year.

The other 1950 requests included \$250,000 for the War Assets Administration Bureau of Labor Statistics, \$4,200,000 to accelerate its program for reviving the consumer price index based on up to date income and expenditure patterns.

He asked \$2,750,000 for the 1950 fiscal year beginning July 1 and \$4,250,000 for the current year.

Earlier in an angry scene, Senator Eastland (D-Miss.) dismissed C. B. Baldwin, who was Henry Wallace's campaign manager, from the witness chair of the Senate hearing today and called him an S. O. B. in the full-words version.

Baldwin had refused to answer a question whether or not he had been a member of the Communist Party.

## National Jaycee Conclave Sparked By Heated Election

COLORADO SPRINGS, Colo., June 10.—(AP)—Following the West of Fond Du Lac, Wis., are having the best time at the 20th U. S. Junior Chamber of Commerce convention.

West is typical of the hundreds of delegates undecided on whom they'll vote for president tomorrow. They're receiving royal treatment from the four presidential camps and their hard-working supporters.

Trips to mountain resorts, dinners, beer and cocktail parties are a few of the extras being used to lure voters. Longtime members say it's the hottest Jaycee political contest they can remember.

West even got a free shoe from yesterday from one of the candidates for John W. Hancock, Giffney, S. C. putting off executive, Hancock is putting on a "show" on stage.

## U.S. Anti-trust Laws Violated By Oil Firm

### Court Says Statutes Were Broken By Standard Oil On Contract Policies

WASHINGTON, June 13—(AP)—The Supreme Court today decided the Standard Oil Company of California violated federal anti-trust laws by contracting with independent gasoline dealers to buy all their fuel from Standard.

The decision was handed down on a Standard Oil appeal which said that to hold the company guilty of violating the anti-trust statutes would have "immeasurably disastrous" effects on business practices. Justice Frankfurter delivered the 5-4 decision.

Justice Jackson wrote a dissent in which Chief Justice Vinson and Justice Burton joined. Justice Douglas also wrote a dissent.

Joining Frankfurter on the majority side were Justices Black, Reed, Murphy, and Rutledge.

The majority opinion declared that Standard Oil's contract had the effect of lessening competition in both interstate and intrastate commerce.

But Douglas in a stinging dissent asserted that the court's elimination of the Standard Oil contract system "sets the stage for development of the oil industry by the oil companies themselves."

Douglas added "it is more than a mere violation of the anti-trust statutes by a subsidiary corporation of the oil company."

"Today there is a serious competition between the oil companies. But, there will be a tragic loss to the nation. The small independent business man will be supplanted by a few large ones. The requirements contract (Continued on Page Four)

**Sweet Corn Moves  
In Large Volume  
At Starke Mart**

JACKSONVILLE, June 15—(Special)—The Starke 5 1/2 c sweet corn market is still moving sweet corn in fair volume, approximately 50,000 bushels per week, with a decline in volume is expected this week. A light volume of pepper, porks, butterbeans, and peas moved during the past week with volume in these commodities expected to remain steady this week.

## 128 Boys And Girls Of Seminole High School Presented Diplomas

Under a back drop with the words, "Modern Youth Moves Forward to New Horizons," the 60 boys and 68 girls of the Seminole High School graduating class were presented diplomas by Principal Herman E. Morris Friday night in an auditorium crowded to capacity.

As the graduates received diplomas they made their exit at the rear of the platform behind a red-velvet curtain. A loud burst of applause greeted the announcement of the gold medal for scholarship, offered annually since 1921 by Dr. E. D. Mobley, was presented by Dr. Lawton to Betty Jean Young. ## Action Against Tito Planned By Reds In Poland

WARSAW, Poland, June 13—(AP)—A highly confidential informant said today the Cominform (Communist International Bureau) is meeting in Poland to plan action against Marshal Tito of Yugoslavia.

The informant said Cominform leaders from all the so-called democracies of eastern Europe also are drafting a new propaganda campaign in an effort to undermine the effects of American aid to Western Europe. What form this campaign might take is not known.

The Cominform session is due to end tomorrow but it may be a week before there is an official announcement of what has been decided.

Inquiries to the government on what is going on at the Cominform meeting, reportedly being held at Katpacz, near Wroclaw, brought the standard reply, "that's purely a party matter."

Informants said, however, that reports of the victories of Chinese Communists drew applause but were overshadowed by the success of American aid to Western Europe.

The steadily deteriorating relations between Yugoslavia and the so-called eastern European democracies top the list of items discussed.

The second item on the agenda was said to be plans for broadening "peace conferences" supporting the international views of Russia and demanding an all-out struggle against "American imperialism and warmongers."

Informants said the Cominform session is due to end tomorrow but it may be a week before there is an official announcement of what has been decided.

## U.S. Rests Its Reds And West Case Against Judith Coplon

### Mrs. Whittaker Chambers Admits She Knew Alger Hiss And His Wife Well

WASHINGTON, June 13—(AP)—The government finished presenting its evidence today in the espionage trial of Judith Coplon, former Justice Department clerk.

The government made its case after defense lawyer Archibald Palmer finished questioning Robert J. Lamphere, Jr., J. M. Alley, Jr., got up and told the federal judge.

"Your honor, the government rests its case," Palmer said.

Palmer, who has objected to practically everything else since the trial began Apr. 25, objected to that too.

He insisted upon the right of reading additional notes taken by FBI agents who participated in trailing Miss Coplon and Valentine A. Guggitchev, Russian engineer, Judge Reeves said he could do this and Palmer called FBI Agent T. Scott Miller, Jr., to the stand.

This left the situation like this: the government has finished its case but can not "rest" technically until Palmer finishes reading the agent's notes.

In New York, Mrs. Whittaker Chambers underwent the same rapid-fire cross examination to which her husband was subjected earlier at the Alger Hiss and Judith Coplon trial last Friday.

She testified that she knew Hiss and his wife well.

## "Sound Program" Of AEC Is Praised By 9 Atomic Scientists

### New Showers For Seminole Okayed By School Board

PARIS, June 13—(AP)—Usually reliable sources said today the four foreign ministers are near agreement on a Berlin commercial accord.

The informants said agreement also is near on ending this season of the Foreign Ministers Council Thursday and setting another conference for New York next September.

A stop-gap arrangement for Berlin has been considered likely, inasmuch as no agreement has been reached at this conference on Germany's political setup. The accord would entail, the informants said, an exchange rate for the East and West trade inside Germany.

In Berlin there has been no indication that the economics chiefs of the Four Powers have reached agreement on trade matters. The session at which they tried to meet today's Foreign Ministers Council deadline of settling differences ended and reports were sent to Paris. The indications were that the whole problem was tossed back to the Council.

The informants also said the Big Four here were nearing agreement on a treaty of independence for Austria. The sources said the treaty would be signed in Paris.

## Senate Committee Approves Resolution To Cut Executive Branch Budget

WASHINGTON, June 13—(AP)—Nine scientists who advise the Atomic Energy Commission sent Congress a statement today saying the AEC has developed "a sound and forward looking program."

They called the program "clear proof of the competency and devotion to duty of the commission."

Dr. J. Robert Oppenheimer, who helped develop the atomic bomb, read the statement to the congressional committee investigating the AEC's management. He said it was adopted unanimously by the nine-member AEC scientific advisory committee.

For himself Oppenheimer warmly defended the policy of exporting certain types of radio-active isotopes for research.

In response to questions, he said he knows of no way that Russia would be helped in the atomic energy race if the Soviets should get hold of some of the isotopes.

No isotopes have been sent to Russia, but some have gone to neighboring Finland and Norway, Senator Vandenberg (R-Mich.) said Thursday when he didn't think the AEC should have consulted its military liaison committee before sending any isotopes to the research division of the Norwegian military establishment.

"My temptation is to say 'yes' to you because it sounds like a pretty common sense" the scientist replied.

Oppenheimer said Norway's military research division not only does research work but also contracts for Norwegian industries. It is his understanding, Oppenheimer said, that the Norwegians are trying to develop a new type of steel for hydroelectric turbines.

When Senator Knowland (R-Calif.) pointed out that any industrial advance helps a nation's potential, Oppenheimer agreed. But he said any disclosure (Continued on Page Two)
