

HOROSCOPE

By BERNICE BEDE OSLO

For Tuesday, October 28, 1975

ARIES (March 21-April 19) Your enthusiasm is easily aroused today. Others will find you a fun person to be around. You'll be fortunate through social contacts.

TAURUS (April 20-May 20) Wait things out today. Time is your ally. Don't settle for less than the best in any important dealings.

GEMINI (May 21-June 20) The good news you've hoped for is on the way, but you must keep channels of communication.

CANCER (June 21-July 22) Your material prospects are far above average today. If you play your cards right, you should benefit businesswise.

LEO (July 23-Aug. 22) Your opinion on an important issue will be sought by others. If you have any special points to make, now's the time to do it.

VIRGO (Aug. 23-Sept. 22) Two good deeds that you did in the past are about to bear fruit. The rewards from one of them will be surprisingly large.

LIBRA (Sept. 23-Oct. 22) Someone in a key position to help you with an important matter will look upon your requests with favor today. Seek him out now.

SCORPIO (Oct. 23-Nov. 22) Conditions with a direct affect upon your work or career are more beneficial at this time than you may realize. Be alert for opportunity.

SAGITTARIUS (Nov. 23-Dec. 21) You'll be able to spot possibilities today that others will overlook. Back your own judgment with action.

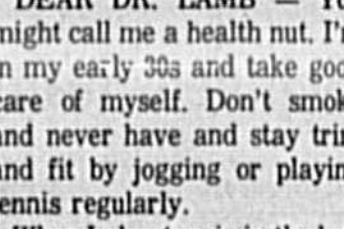

CAPRICORN (Dec. 22-Jan. 19) You will eventually profit from something you'll do today where you put interests of those you love before your own.

AQUARIUS (Jan. 20-Feb. 19) You'll have the opportunity today to turn a difficult situation to your advantage without upsetting anyone else involved.

PISCES (Feb. 20-March 20) Rewards you're not yet aware of will come from service performed today. Be extra persistent. Finish whatever you start.

Blood Pressure And Hot Weather

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB — You might call me a health nut. I'm in my early 30s and take good care of myself. Don't smoke and never have and stay trim and fit by jogging or playing tennis regularly.

When I play tennis in the hot, humid weather the heat really bothers me. Some of my friends have told me this is a sign of high blood pressure. I have my blood pressure checked twice a year, and it has always been normal. Nevertheless, this bothers me. Would you comment on the relationship of heat to blood pressure, if any?

DEAR READER — The program you are following puts you in a far better risk category to avoid heart and vascular disease. If you continue your program you have a far better chance to enjoy years of good health than your contemporaries who smoke, don't exercise and get overweight.

You need to understand how your blood pressure is controlled. For more detailed information send 50 cents for The Health Letter number 1-8, Blood Pressure. Just address your request to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019. Be sure to enclose a long, stamped, self-addressed envelope for mailing.

In general your blood pressure is controlled by two factors, how much blood your heart pumps out into your arteries and how large the openings are in the arteries for the blood to flow through. Your blood pressure will increase if your heart pumps out more blood. This occurs when one exercises, gets excited or even with such disorders as an overactive thyroid.

Your arteries get larger or smaller in response to chemicals manufactured by your body or by simple reflex action of opening or closing the arteries. Most people don't seem to realize that the reflex action is almost as rapid as the blink of your eye, so blood pressure can change rapidly. Several determinations in a row may be entirely different, particularly if a person is anxious.

During exercise, if you are in good condition, the arteries tend to open as the heart pumps out more blood. This enables the blood to move faster to all your muscle cells and without too much of a load on the heart. The pressure does go up, but it's over.

As a humidity cause every one's heart to work harder. As the heat is increased in experimental situations, the heart rate and blood pressure increase markedly. Heat, humidity and exercise combine to have an additive effect on the heart. That is why a person's exercise capacity is limited on hot, humid days compared to cooler days. Hospital patients with marginal heart function do better in a cool room than one that is warm.

the dummy was a disappointment. Still, there was one slim chance and South took it. At trick two he led his five of diamonds and finessed dummy's seven. When it held he finessed a spade, entered dummy with the ace of diamonds, discarded his two little spades on the ace-king of clubs, finessed again and made his grand slam.

Jim: "It is interesting to note that if West had played his ten of diamonds on South's five spot, the extra entry to dummy would have been killed."

ASKING THE JACOBY'S

A Maine reader wants to know what an entry establishing finesse is.

This play is sometimes called, "The extra finesse". Today's article illustrates it. South has bid too much and needs two entries to dummy in order to take two spade finesses. He provides one by the extra finesse of dummy's seven of diamonds.

(Do you have a question for the experts? Write "Ask the Jacoby's" care of this newspaper. The Jacoby's will answer individual questions as far as time allows. The most interesting questions will be used in this column and will receive copies of Oswald: "Needless to say, JACOBY MODERN.")

Walk Funds Okayed

By AUDIE MURPHY

Herald Staff Writer

Sanford City Commissioners Monday night committed \$1,050 for the construction of a sidewalk needed on S.R. 46A from Larkwood Drive to Villen Road for Idylwild Elementary School children.

Commissioners said they hoped the County Commission will authorize in their meeting today the \$2,100 county share for the project. The proposed sidewalk is two-thirds in the county and one-third in the city, according to City Manager Warren E. "Pete" Knowles.

Knowles said the survey and cost estimates were complete last week. Knowles also wrote County Public Works Director Robert Andrew last week requesting county cooperation and a reduction of the speed limits on S.R. 46A, West of the intersection at Larkwood Drive in view of a recent "bad accident."

Commissioner Gordon Meyer questioned the progress of a needed sidewalk on 27th Street between U.S. 17-92 and Sanford Avenue, for pupils walking to Pines Elementary School.

Meyer said this project has been "in work" with the county since 1966.

Knowles said it's up to the county to get the cost estimate and "put it in," since it involved a state secondary road.

Knowles said the county discovered a right-of-way last year which involved the State Department of Transportation. Commissioner John Morris said he understands the estimate cost for the sidewalk would be about \$400.

County Commission Chairman Sidney L. Vihlen Jr. wrote Knowles last week about the 27th Street sidewalk project.

"The 27th Street sidewalk issue seems to carry on and on and, again, I have asked for an update from County Engineer Bill Bush, and hopefully, we can work together and get something done this time," Vihlen wrote.

Commissioner Julian Stenstrom said the issue has been bouncing back and forth from the City to the County Commission for nine years.

In other action, the commission authorized Knowles to contact DOT and the county to solve a "slippery" problem in the area of 26th Street and Airport Boulevard. Knowles said DOT officials promised to send a "skid crew" in to run tests of the hazardous spot.

The commission tabled a National Bicentennial Classification project for the City of Sanford, which Knowles said would require "considerable time, required programs, about \$9,000 in funds, and work." Knowles asked that the city "forego" this project.

However, Commissioner John Morris suggested the matter be tabled to allow local civic groups time and the opportunity to assume the project.

WEATHER

Monday's high 85. Overnight low 41. There was a trace of rain.

Partly cloudy through Wednesday with a slight chance of a shower on Wednesday. Highs in the mid 80s. Lows in the low 70s. Variable mostly light winds around 18 mph. Rain probability Wednesday 30 per cent.

The new supper club would include two dance floors and live entertainment plus a salad bar and a full "steak and lobster" menu, according to Zane. It will be located at the former Global Carpets site at 119 Magnolia Ave.

Commissioners Gordon Meyer and Julian Stenstrom moved and seconded the motion. Mayor Lee Moore and City Commissioner A. A. McClanahan opposed it.

Zane said "we completely reversed our thinking" in applying for a supper club instead of a discotheque with beer and wine.

"There's nothing in the county like this," Zane said. Knowles said Zane's plans now go to the State's Hotel and

RR Pledges Crossing Aid

Details of the procedures used by railroad personnel at the crossings are so technical that the public has difficulty understanding them, Smith said.

He added that the railroad had cut down on gate-down-time by two or three minutes in the last few days.

Asked if the railroad could trim the required time to the five minutes called for in a proposed ordinance, Smith said "No way. We'll be lucky if we can get the time down to seven to nine minutes, and from time to time we'll have trouble with that."

At a work session held yesterday, Smith and A.Q. Olson, vice president in charge of operations for Auto Train, told county commissioners their companies would find ways to relieve the crossing blockage problem within 30 days.

Commission Chairman Sid Vihlen criticized railroad personnel for their slowness at the SR 46 crossing on Thursday of last week. He said the personnel "showed no consideration whatsoever" for motorists waiting at the crossing.

Vihlen also said the railroads had not addressed themselves properly to the problem, which he said had been present for five years.

Monday's work session came after Smith and J.H. Lee, a United Transport Union official, appeared at the last commission meeting to protest a proposed ordinance making railroad personnel liable to the extent of a \$500 fine and/or 60 days in jail in case crossings are blocked for longer than five minutes.

"We can't live with that time limit," Smith said.

After the railroad officials had argued that it takes from seven to nine minutes for a train to clear a crossing, County Attorney Tom Freeman suggested the proposed ordinance could be rewritten to include a 10-minute time limit.

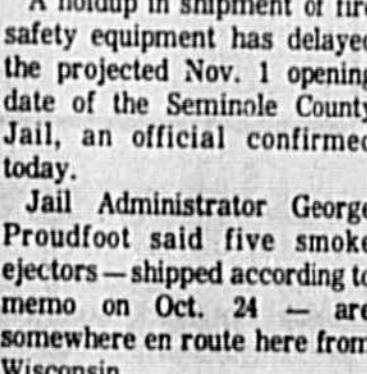

Olsen, speaking for Auto Train, said the problem would be ameliorated within 30 days. He said he intended to assign a man to rail crossings to measure the time required to clear the train.

"The problem can be solved without an ordinance," Smith said. "Within 30 days you will see an improvement."

Safety Equipment Delivery Delays County Jail Opening

By ED PRICKEIT

Herald Staff Writer

Framed by a web of twine, pretty Kathy Kurbat entraps many an appreciative glance as she weaves an intricate macrame pattern in art class at Seminole High School. Although she appears to be hopelessly tied up in knots, Kathy explains that the traditional American craft of macrame is actually a lot easier than it looks.

A holdup in shipment of fire safety equipment has delayed the projected Nov. 1 opening date of the Seminole County Jail, an official confirmed today.

Jail Administrator George Proudfoot said five smoke ejectors—shipped according to memo on Oct. 24—are somewhere en route here from Wisconsin.

The ejectors are the last of some \$21,000 worth of safety equipment creating an ordinance which was to be installed before an inspection by state officials and eventual reopening of the jail closed by a June 9 fire.

"I would say we are going to be late. We have not received a confirmation on the equipment which is being shipped by Lewis," Proudfoot said.

Once the ejectors arrive, Proudfoot estimates it will be close to a week before they are installed.

Commission Chairman Sid Vihlen Jr. had hoped for a Nov. 1 inspection by state officials. And last week Sheriff John Polk informed the commission all work is completed or to be completed by the Nov. 1 deadline—except for the smoke ejectors.

NATION IN BRIEF

Easier Credit For Women Goes Into Effect Today

WASHINGTON (AP)—Beginning today, lending institutions will be barred by federal law from refusing credit or loans because of an applicant's sex or marital status.

Fromme Showdown Nears

SACRAMENTO, Calif. (AP)—Attorneys representing President Ford and a woman accused of trying to kill him met for a courtroom showdown today on a federal judge's order that Ford give video-tape testimony as a defense witness at her trial.

Panel Expected To Approve

WASHINGTON (AP)—The Senate Banking Committee is expected to approve federal aid for New York City this week, but it may not contain the kind of help that New York officials are seeking.

Life-Or-Death Word Awaited

MORRISTOWN, N.J. (AP)—A life-or-death decision in the Karen Anne Quinlan case is expected within two weeks in a legal battle that could go to the highest court in the nation.

Hoover's Power Described

WASHINGTON (AP)—The FBI Director J. Edgar Hoover "worked directly under me," the former attorney general said. "I'm not sure he worked directly for me."

Congress To Change Rule

WASHINGTON (AP)—After years of debate, Congress is moving to end the practice of allowing banks free use of billions of federal tax dollars deposited in accounts that draw no interest.

New Look At Forced Busing

WASHINGTON (AP)—Both the Ford administration and Congress are taking a new look at forced busing as a means of achieving school integration.

Terrorist Condemns Bombings

MIAMI (AP)—Cuban exile terrorist Humberto Lopez Jr. says he condemns the bombings reportedly done by his backers to protest his jailing on a weapons-charge conviction.

Winners at the costume parade Saturday at Ivywild Elementary School carnival were (from left) Tim Tucker, second prize for kindergarten through 2nd grade; Ed Rinkavage, third in grades 3-5; Les Precece, first in 3-5; and Keith Baughman, first in K-2. (Herald Photo by Tom Vincent)

Police Hunt Young Gunman

Sheriff's investigators today pressed a search near Casselberry for a juvenile robber who held a clerk at gunpoint in a dry cleaners before tossing a money bag over the hood of a witness who chased him into a nearby wooded area.

Deputies reported the clerk, Ms. Jeris Parsons, of Orlando, engaged a nervous juvenile gunman in conversation for nearly a half hour after he demanded "all the money" before he took a bank deposit bag containing \$69 in cash and checks and fled from Parson's Cleaners, Butler Plaza shopping center, SR-436 and Howell Branch Road.

As the boy, believed to be about 14 years old, ran from the cleaners, Ms. Parsons ran after him yelling to passersby. Nick Constantino, of Sanford, an assistant basketball coach at Edgewater High School, chased the youth in his car as the young suspect fled on a bicycle, deputies said.

Altamonte Dump Murder Witnesses Under Shield

Addresses of state witnesses in next week's Altamonte Dump murder trial are being kept secret under court orders because of alleged threats against their lives, according to documents in circuit court files.

Docketed for trial on a first-degree murder indictment in the August 1973 sex mutilation slaying of 15-year-old Orlando hospital clerk Laura Lynn Harberis is Joseph Robert "Cray Joe" Spaziano — former Outlaw motorcycle gang member.

Auto Transmission Fraud Trial Set Dec. 8

Three men accused of grand larceny and conspiracy in a consumer fraud probe involving repairs on automobile transmissions have been scheduled for circuit court trials the week of Dec. 8.

Pleads Guilty In Theft Trial

By DOB LLOYD Herald Staff Writer The fourth member of a multi-county "steal to order" theft ring has pleaded guilty to burglary and turned state's evidence against other defendants charged in connection with the alleged \$1-million a year theft and burglary operation.

Charles Wesley Asbury, 27-year-old Maitland carpenter, pleaded guilty Monday to breaking and entering with intent to commit a felony in the March 20 burglary of a residence on Markham Woods Road near Lake Mary Boulevard.

Circuit Court Judge A. J. Hosenman Jr. allowed Asbury to remain free on bond pending completion of a pre-sentence investigation. (PH) For contempt of court, Black failed to answer a writ subpoena for the May 16 trial of Willie Thomas Harris. Harris was convicted of other charges pending against Asbury including two counts of grand larceny, and charges of armed breaking and entering and larceny of a firearm.

On Oct. 1 a circuit court jury found John Thomas Richards, 27, Longwood, guilty of buying, receiving, and concealing a color television stolen by Asbury and James Arthur Onie, of Orlando, in the burglary of the Markham Woods Road home.

Ordinance Studied At Winter Springs

By JANE CASSELLBERRY Herald Staff Writer WINTER SPRINGS—"I did not bring up the subject to open a can of worms," Bob Williams, chairman of the City Board of Adjustment, told Council Monday night referring to the subdivision ordinance requiring the platting of split lots.

The city law says the owner of a parcel of land three acres or more may divide it without replatting. Williams said he is not taking issue with the ordinance but asked to be placed on the agenda because this particular problem keeps occurring and the board continues to receive requests for variances.

Mrs. Kight Appointed To Saudi Post

Mrs. Joyce Waltz Kight, daughter of Mr. and Mrs. Russell P. Brets of Sanford, left this week for Riyadh, Saudi Arabia where she will serve on the administrative staff of King Fahd Specialist Hospital and Research Center.

Homeowners Hear Harrell

Seminole County Sheriff's Chief Deputy Duane Harrell spoke at the Wednesday night meeting of the Geneva Homeowners and Business Protective Assn., in the community hall on "Crime Prevention by the Public and Law Enforcement Agencies."

FLORIDA IN BRIEF

Mother Convicted Of Starving Child Wants To Be Minister

LOWELL (AP)—A Miami mother who was convicted of starving her 3-year-old son to death says she will become a minister and try to regain custody of her five other children.

Former Marine Releases Pair

MIAMI SPRINGS (AP)—"I told him that I would walk out with my arm around him, that they wouldn't shoot him," says a minister who persuaded a troubled Marine veteran, accused of shooting a policeman, to release his two hostages and surrender.

Hiring Record Called Dismal

TALLAHASSEE (AP)—The agency responsible for state's employment and personnel policies has a dismal record of denying equal opportunities to minorities.

Young In Ford's Corner

ST. PETERSBURG (AP)—Rep. Bill Young, R-Fla., says he supports President Ford for the party's presidential nomination and expects the state's three uncommitted GOP congressmen to soon do the same.

New Oil Process Claimed

GAINESVILLE (AP)—A researcher trying to wash oil out of the earth says the United States may be able to get 15 per cent more oil from its reserves if his process turns out to be practical.

Shooting Probes To Begin

TAMPA (AP)—Federal and local grand juries begin probes this week into the gangland-style shooting of Richard Duda, an ex-policeman slain last week when he answered a gunmen's knock at his door.

Gambling Charges Authorized

TALLAHASSEE (AP)—Gov. Reubin Askew has authorized State Atty. Philip S. Shalier to file gambling charges in Dade County in addition to indictments returned by a special state grand jury.

Longwood Beefs Up Open Space Law

LONGWOOD—City council on a 3-2 vote Monday night decided to beef up a proposed ordinance calling for green-belt open spaces and minimum parking areas in industrial developments by including commercial and business districts within its scope.

With a push of a button sound engineers Jim Markos (left) and Bob Carra can conjure up weird sounds, things that go bump in the night and creatures such as Dracula (Scott Arnet) shown harassing Nancy Hibbard. The electronic haunted house will be sponsored for the fourth year by the youth of Grace United Methodist Church and will be held at 1311 Palmetto Ave., Sanford Friday, Halloween night, 7:30-10 p.m.

Utility To Seek Hike

LONGWOOD—While Seminole County commissioners have shifted control of Sanlando Utilities' rates and operations to the Florida Public Service Commission, the company recognizes its rates and operations within Longwood's boundaries will be controlled by the city government.

Pot Reported On School Bus

WINTER SPRINGS—Reports of "pot smoking" by students being transported by county school bus to Oviedo High School were brought to the City Council's attention Monday night.

He Called After Sundown

A Southern Bell Classic Young Glen Wair had a lot of news to tell his family back East. But he waited till sundown before calling.

Commission Rejects Zone Bid Rehearing

Seminole County Commissioners today disregarded County Attorney Tom Freeman's advice to appoint a special master in order to comply with a two-year-old rezoning request which has been in and out of circuit court.

Commission Rejects Zone Bid Rehearing

Seminole County Commissioners today disregarded County Attorney Tom Freeman's advice to appoint a special master in order to comply with a two-year-old rezoning request which has been in and out of circuit court.

Public Employee Strikes Draw Vogt's Opposition

By JOE ASKREN Herald Staff Writer "I don't believe public employees have a right to strike. I can't see striking. I think the welfare of society comes first."

Commission Rejects Zone Bid Rehearing

Worn Out Dialogue On Campaign Law

Unless the U.S. Supreme Court should find constitutional flaws in the campaign financing law passed by Congress last year, the 1976 presidential campaigns will be financed to a great extent with public funds. From what we have seen of the campaign scenarios so far, the taxpayer may wind up paying for a performance that puts him to sleep.

The Democrats are long on candidates — at least 10 may qualify for federal campaign funds for primary races — but short on issues that would help party members distinguish one from another. After all the talk of new blood coming to the fore in Democratic ranks, there is the prospect that the old warrior Hubert Humphrey may be the best hope to generate some unity by convention time.

On the Republican side, former Gov. Ronald Reagan remains on the fence as the only potential challenger of President Ford. Mr. Reagan, too, appears to be searching for issues that would justify a GOP contest. Mr. Ford himself, though occupying the advantageous inside track of an incumbent, is a newcomer to the crucible of a nationwide campaign.

Considering the problems that face our country we would expect the public to be following these presidential warm-ups with something more than the apathy revealed in the polls.

True, the political dialogue has been far too bland so far, given too much to the cliches of politics which might have served the parties in the past but are out of tune with the times.

The Watergate scandals delivered a shock to our political conscience. The U.S. debacle in Vietnam shook many assumptions about our foreign policy. The combination of recession and inflation has shattered traditional economic theories. The steep climb in federal budgets and the deficits they incur has shaken the presumption that there is no problem that the government is not rich enough to try to cure.

President Ford is gamely trying to define the issues as he sees them — including a rational and responsible fiscal policy, the overregulation by government of both the business community and our personal lives, the crying need for action on an energy policy, and the need for a strong military posture to pursue the new diplomatic opportunities of detente.

There are genuine issues that should be decided by our political process when Americans go to the polls next year. It is up to our parties and their candidates to define them and establish positions on them in clear and simple terms or the 1976 campaigns will become popularity contests which are themselves dreary and irrelevant. If our politicians would concern themselves as much with issues as they do with the "image" of candidates, we could approach 1976 with more satisfaction that our presidential campaigns will be worth the effort — and the cost.

Wrong Answer

For some weeks now, the Seminole County Commission has been debating a new ordinance that would penalize railroad employees responsible for blocking crossings for more than five minutes.

While we agree that some solution must be found for lengthy tieups, particularly at the State Road 46 crossing, it would seem that the commissioners are barking up the wrong tree in their efforts to solve the problem.

It was the SR 46 crossing which triggered the drafting of the proposed five minute ordinance.

The five minute limit proposed would be impractical and, if imposed, might very well jeopardize the continued operation in Sanford of the Auto-Train — which, just incidentally, has served to put the city on the map.

We strongly urge the commission to take a more realistic approach and consider a more practical alternative to an unrealistic, unenforceable ordinance.

Around

Seminole County Sheriff John Polk is a tough man to keep down.

Matter of fact, you just can't keep him down. Neither can a bad back, for which he's been hospitalized at Winter Park Memorial Hospital since Oct. 22.

His prognosis? Undetermined. "I've not been told a thing," he said Sunday. "I expect to know something within the next few days."

Polk has been bothered with a back ailment off and on for several months. However, it's never kept him from fulfilling his obligations as sheriff, he says.

Recently, Sheriff Polk's budget request for the 1975-76 fiscal year was chopped severely by the Seminole County Commission.

Polk requested \$2,656 million, but the Board of County Commissioners (BCC), made up of Chairman Sid Vihlen Jr., Mike Hattaway, John

The Clock

Kimbrough, Dick Williams and Harry Kwiatkowski, whittled away at that original figure to the point of approving \$2.45 million.

That figure didn't satisfy Polk and he appealed the county's decision to the Florida Cabinet.

The BCC went so far as to appoint a special counsel to fight Polk's appeal — Sanford attorney and former state senator Mack Cleveland.

On Friday, Assistant Secretary of Administration Wallace Henderson recommended that Sheriff Polk receive \$18,700 more than Seminole County commissioners approved.

Henderson's recommendation has been forwarded to the Cabinet, which will hand down a ruling following a meeting on Nov. 4.

However, before that ruling is made, Polk will appear and appeal Henderson's recommendation. Even though hospitalized at the present time, Polk says he fully expects to be at that meeting on Nov. 4.

"I've got to appeal that (Henderson's) recommendation," Polk said from his hospital room. "I've got 20 minutes — according to the law — at that Nov. 4 meeting of the cabinet and I fully expect to be there and to use all 20 minutes appealing to those gentlemen."

"I feel my original request was the bare minimum necessary for me to operate the Sheriff's Department of Seminole County efficiently and effectively. Anything less than that figure and the people of Seminole County wouldn't be getting their money's worth," Polk said.

If Henderson's recommendation goes through, without amendment, the Sheriff's Department will have an operating budget of \$2,468 million — \$18,800 shy of what he feels is needed to efficiently and effectively operate during 1975-76.

In the event that happens, Polk says, "We'll continue to give the people the best law enforcement possible."

Some time back in a certain office of the Sales Tax Division of the New York State Department of Taxation and Finance, examiners would determine which of the local businesses were slow in remitting the sales taxes they'd collected, and call the owners in. If a business operator owed \$2,000, the examiner would tell him they'd settle for \$4,000 — \$3,000 for the state and \$1,000 for the examiner. The official would then split his share with his supervisor.

The accused killer said he'd been offered a fixed judgment for cash. The DA's office wired him, sent him out on the street and covered his name. The fix was turned out to be a judge's secretary, an attorney nominated to the bench by all four political parties, and later elected judge.

These incidents are so common they could be repeated indefinitely. They suggest we may be attacking crime at the wrong end of the ladder.

It is no secret that organized crime could not exist without corrupt officials and corrupt judges. It would make sense therefore to focus on these men.

Apprehension and successful conviction of powerful judges and high officials is difficult indeed. But there is another avenue.

Suppose every elected and appointed official in any position of importance, and every judge, were required to make periodic detailed reports of net worth, income and expenses. This data, if investigated, would regularly compare this data with the life style of these people, either they would be exposed for spending more than they legitimately had coming in or they would have an illegitimate income to chicken feed. They could, of course, hide dishonest dollars away to be later used on retirement. But few dishonest men have that much skill control.

As luck would have it, the two cases mentioned at the opening of this column had satisfactory endings. In the sales tax case, eight of the 11 senior examiners, the district supervisor, the second in command, two junior examiners and three accountants were indicted.

The attorney-fixer was not allowed to become a judge; he was wired and turned into an informer. Maurice Nadjar, New York special state prosecutor, and Angelo F. Toma, assistant district attorney in Kings County, New York, who told these stories, have more problems than we would believe. Information from their counterparts in other states and localities indicates the problem is the same all over.

Few officials will cooperate in investigating fellow officials. They're part of the fraternity, high-minded citizens find it difficult to believe that men they've known socially, go to school with, or have served with are dishonest. That reluctance persists sometimes even after the facts are publicized.

Too often the men asked to check on official crime are themselves involved with the very crimes they're asked to investigate. They've been caught in it or they've been paid to keep quiet. Or they have friends who would be caught in the net. Few men like to take part in exposing a close associate.

Three months after his appointment and inauguration Reed felt the sting of the Carpenters' impeachment proceedings were rained through the House by a vote of 28 to 5. Lack of a quorum blocked action in the Senate. Nevertheless, U.S. Gov. William H. French, one of the conspirators, proclaimed that Reed was suspended by the House action and attempted to take over the governorship.

Hosty could participate in the interrogation. Hosty later questioned Oswald at police headquarters. Oswald, who had been outwardly calm, suddenly became agitated. "I know you!" he shouted. "I know you! You're the one who accused my wife twice!"

The incident passed, however, without any mention of the threatening letter. Hosty also confided to a friend on the Dallas police force, L.L. Jack Revell, that the FBI had a file on Oswald. Revell repeated the conversation to a superior who ordered him to put it in writing.

"Special Agent Hosty related to this officer...," wrote Revell, "that the Federal Bureau of Investigation was aware of the subject (Oswald) and that they had information that this subject was capable of committing the assassination of President Kennedy."

Hoover was furious when he learned of Hosty's loose talk. According to confidential notes taken at the time, the grizzled FBI chief complained that Hosty had "diarrhea of words." But the old man, nevertheless, sought to cover up the FBI's embarrassment.

On Dec. 23, 1963, the FBI gave the Warren Commission a summary of Oswald's notebook. The summary conveniently omitted the fact that

Hosty's name, telephone and license tag had been in the notebook.

The commission found out about the omission and demanded an explanation. On Jan. 27, 1964, Hoover acknowledged that Hosty's name had been in the notebook.

The German also gave what purported to be a full account of the FBI's contacts with Oswald. The last contact, he reported, had been on Aug. 10, 1963. "We did not interview Oswald in Dallas, Texas, or in Irving, Texas, prior to the assassination of President Kennedy," Hoover added.

Interestingly, he used the word "our" to describe the last contact with the FBI. But on Feb. 6, in a sworn affidavit, Hoover changed the wording in a curious way. He swore that Oswald had no contact with FBI "agents" after Aug. 10, 1963.

It is now known, of course, that Oswald appeared at the FBI office in Dallas only a few days before the assassination. At that time, just as Hoover said, he did not speak with any FBI "agents." But he spoke with an FBI receptionist, who passed on his name to the telephone operator. It is impossible to know whether the late FBI chief subtly switched the word "our" to

It is now known, of course, that Oswald appeared at the FBI office in Dallas only a few days before the assassination. At that time, just as Hoover said, he did not

Hospital Is Setting For Vows

A hospital room made cheerful with flowers and greeting cards was the setting for the marriage of Paulette Dando of Sanford and Michael Muller of Lakeland at 2:15 p.m. Oct. 18.

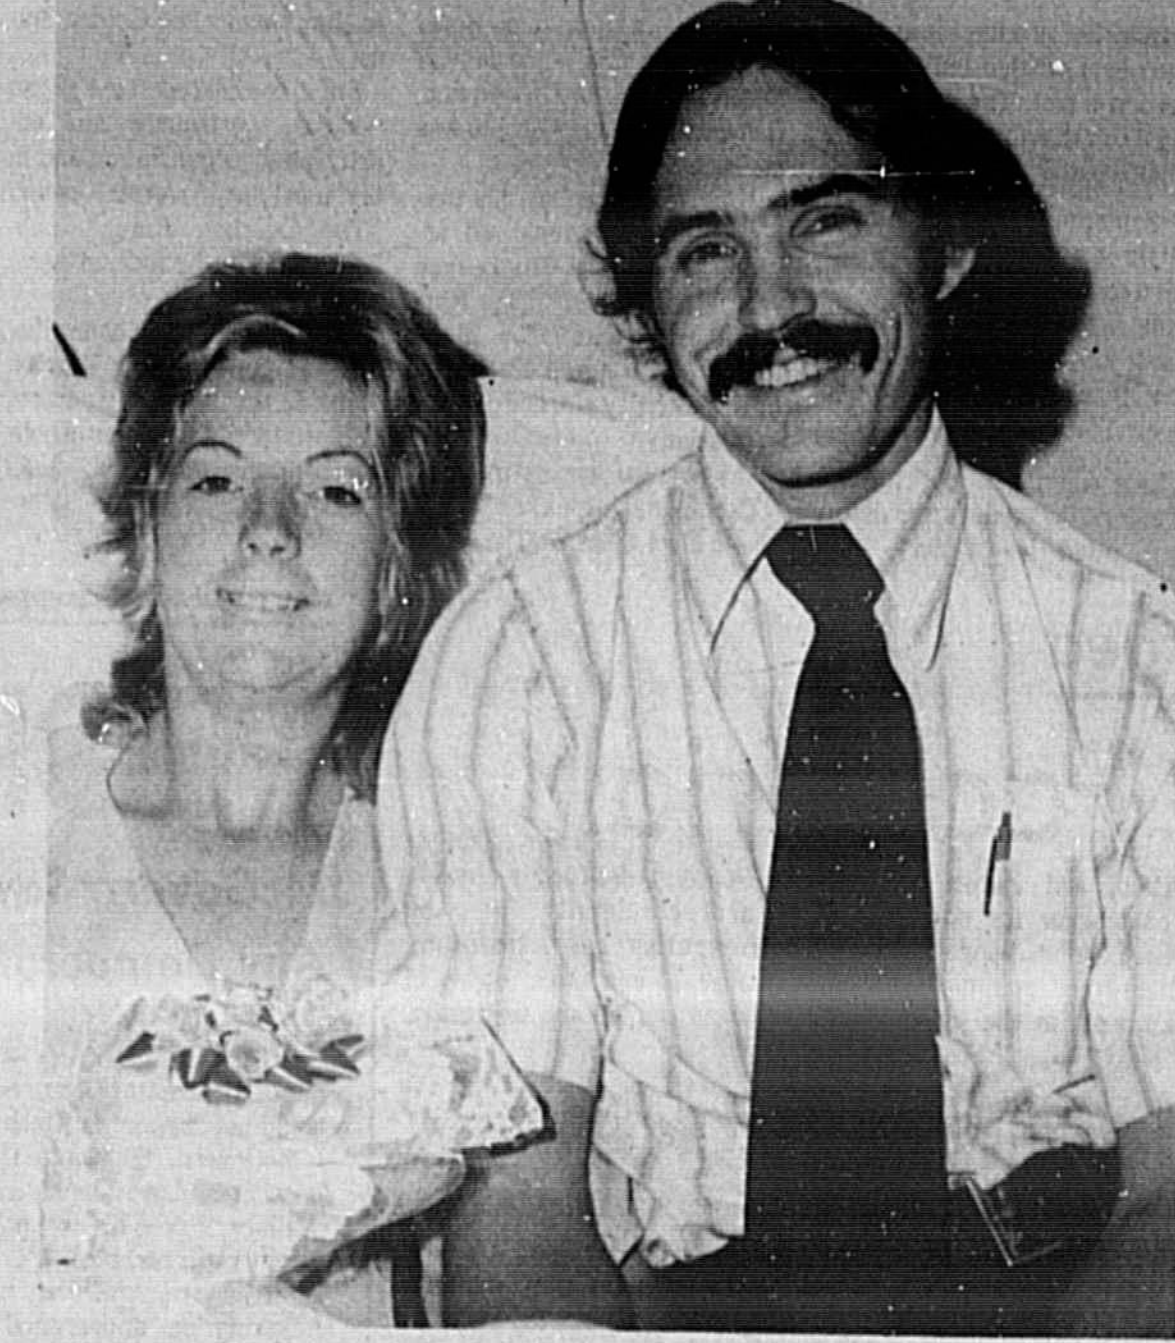

"We'd put our wedding off a couple of times before because of illness in our families," explained the new Mrs. Muller from her bed in Seminole Memorial Hospital. "Then I came down with rheumatic fever just five days before Oct. 18—the date we'd set as absolutely final for the ceremony."

"We had our license, blood tests, rings and everything so we decided to go ahead anyway and get married in the hospital," she said.

The bride chose a peach colored nylon tulle caftan for the wedding and carried a bouquet of pink satin roses made by her friend, Ann Benson, who attended the ceremony with her husband, Bob.

The bride's hospital room mate, Luevinia Marshall served as matron of honor.

Also attending the marriage ceremony which was performed by Rev. Jerry Forest of First Southern Methodist Church, was mother of the bride, Mrs. Bertha Elsea.

Mr. and Mrs. Michael Muller. The bride's father, Paul Elsea, was unable to attend because he, like his daughter, was also confined to a hospital bed on the wedding day. Other guests were Mr. and Mrs. Langley Adair and Denny Haley.

Club Notes

Audubon Society Hears Langston

The Seminole Chapter of the Florida Audubon Society met on Thursday, Oct. 23, at the meeting room of the Florida Power and Light Company, Sanford.

Gerald Langston, principal planner of the Seminole County Planning Department, was the speaker. His topic concerned the long range goals and objectives of the county. The main goal, he said, is to maintain and enhance the quality of life for all county citizens by promoting health, safety and welfare of the individual and community. The next objective is the management of land and resources to insure adequate protection. This is to be followed by services and facilities through cooperation between local, state and federal governments. Langston urged members to make suggestions that would help to implement these goals.

Miss Eva Hunt, president, reported on the Bird Study Class being conducted by Ira Weigley from the Florida Audubon Society. This class consists of one hour classroom work followed by one hour of outdoor observation, and will continue on Wednesday mornings beginning at 9:30 a.m.

A field trip is scheduled for Nov. 19. Miss Hunt will have details.

The Nov. 20, meeting of the Seminole Chapter will be in Maitland. Doris Mager will be the speaker. Members are asked to bring bird seed as a Christmas gift to Florida Audubon.

WOMEN

Woman's Club

The Woman's Club of Sanford will hold its general business meeting and catered luncheon on Nov. 5, at 12 noon in the Woman's Club. Reservations are required. Guest speaker will be Chick Waddell who will speak on "Physical Fitness for Busy People."

SCC's W.I.F.E. Evening classes in Seminole Community College's W.I.F.E. (Women Interested in Future Education) program will begin on the college campus, Room 5108 from 7:10 p.m. Wednesday. Women interested in attending the weekly sessions should contact Maggie Culp at the college.

WOMEN

ROYALTY ELECTED

Carlton and Beverly Medlock of Sanford were crowned king and queen of the Bicentennial Civic Organization's Red and White Ball, held Oct. 18 at the Maitland Civic Center. Little Renee Jefferson and Darion Williams, also of Sanford, were elected princess and prince of the event. Proceeds from the ball will benefit Sanford Nursing homes and needy families over the Christmas season. (Herald Photo by Marva Hawkins)

WOMEN

In And Around Chuluota

The Chuluota Retired Club met at the Fire Hall for its regular monthly meeting on Thursday evening. The usual covered dish dinner was served before the meeting. Boxwell presided and Ed Richardson gave a talk on the Federation of Retired Clubs of Seminole County.

Fourteen of the members plan to take advantage of the Senior Citizens Bus Service at the end of the month. They will leave Chuluota and go to the Altamonte Mall for lunch and shopping. The bus will return to Chuluota around 4 p.m.

Mabel Rojas had Essie McAvoy for a Sunday dinner guest last week. Mabel had just returned to Chuluota after a month's vacation in Michigan.

Dorothy and Bob Lane of Miami were guests of Chuluota for the weekend. They were

WOMEN

Dining Out Party

Sanford Woman's Club will entertain at the annual "Dining Out" party, on Oct. 31, at Mayfair Country Club. Club members are welcome to bring guests and reservations are a "must" by calling Betty Davis, Marty Colegrove, Catherine Day, Sonya Morris or Doris Dietrich.

The hospitality hour will begin at 7 p.m., followed by dinner and entertainment. Dress is optional and Halloween costumes are acceptable.

WOMEN

Phi Theta Kappa

The Phi Lambda Chapter of Phi Theta Kappa will hold its induction ceremony on Wednesday at 11 a.m. in room L-208-309 at Seminole Community College.

Phi Theta Kappa is the national Honor Fraternity for Junior and Community Colleges. To be inducted into membership a student must meet the following qualifications:

1. Have completed at least

Sell Home Or Not? Vote Split

DEAR ABBY: A couple whose youngest child left for college asked your readers to help them decide whether or not to sell their big home.

I say, sell while you can still get your price! We didn't. We kept waiting for our kids to come home for a visit. It was always the same story: "Too busy. Maybe next year."

The one in college chose to spend Christmas with her boyfriend's family!

We finally wined up and sold it for what we could get.

POOR TIMING IN WISCONSIN

DEAR ABBY: Sell now! It's better to move to a strange place where you know no one while you are together. I suggest a retirement community where all others have been uprooted and are eager to make new friends. Choose a place where each of you can pursue new interests and hobbies and prepare for that day when one of you must carry on alone.

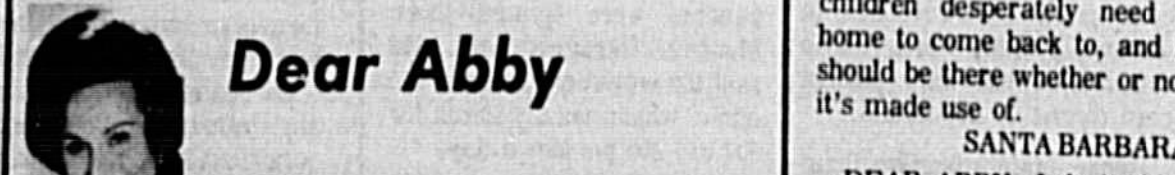

THE L'S IN LAGUNA HILLS

DEAR ABBY: Sell! Sell!

children desperately need a home to come back to, and it should be there whether or not it's made use of.

SANTA BARBARA

DEAR ABBY: I don't think those people should sell their big house. If they were to move into a little apartment and their children and grandchildren wanted to spend Christmas or Thanksgiving with them, where would they put them? Where? GRANDCHILD IN VA.

Dear Abby. By ABIGAIL VAN BUREN

Sell! Store what furniture you want to keep, buy a camper and take off, leaving no forwarding address.

Hold hands, sleep late, make love and enjoy each other. Buy some great clothes, go dancing cheek to cheek, then come home if you want to. And never tell your children use you as a free babysitting service or a place to go for a free vacation.

OREGONIANS WHO DID IT

DEAR ABBY: Sell the house and get into something cheaper and easier to care for. If the kids come, put them up in a nearby motel. Even if you have to pay for it, it's still cheaper, and they won't stay as long.

CANADIANS

DEAR ABBY: I've worked with college students for 15 years, and I would advise parents not to sell their homes until their youngest is through college. Until that time, they will be home for Christmas or Thanksgiving.

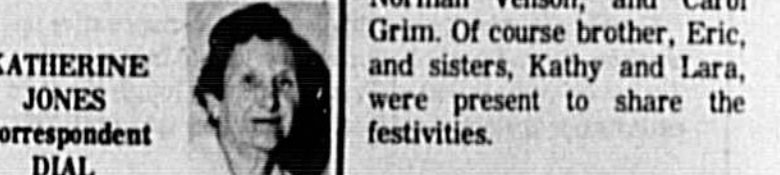

Retired Club Holds Dinner

The Chuluota Retired Club met at the Fire Hall for its regular monthly meeting on Thursday evening. The usual covered dish dinner was served before the meeting. Boxwell presided and Ed Richardson gave a talk on the Federation of Retired Clubs of Seminole County.

Fourteen of the members plan to take advantage of the Senior Citizens Bus Service at the end of the month. They will leave Chuluota and go to the Altamonte Mall for lunch and shopping. The bus will return to Chuluota around 4 p.m.

Mabel Rojas had Essie McAvoy for a Sunday dinner guest last week. Mabel had just returned to Chuluota after a month's vacation in Michigan.

Haynes' Hunches

Lyman's Copeland Refuses To Bring Out Crying Towel

Perhaps someone should tell Dick Copeland that Lyman High is 1-5, not 5-1 this football season.

As the coach, he hardly needs reminding that the Greyhounds have found themselves on the short end of the stick on five occasions this fall.

So why is this man smiling?

"Well, it doesn't do any good to cry," Copeland philosophized Monday. "You have to keep your head up."

Even after losing to your next-door neighbor, Lake Brantley, an upstart?

"Sure, why that's football," he comes back.

Copeland had some rather astute observations following Friday's game:

- 1) He says Brantley's Henry Stanton is the second best quarterback his team has faced this season and that only Oak Ridge's Danny Allie was better.
- 2) His own quarterback, Bob Burkhardt, is the quarterback of the future for this area.
- 3) With three seniors on the offensive unit, Lyman should be sound as a hound's hair next fall.

Seminole Beats Jax, Loses Trophy

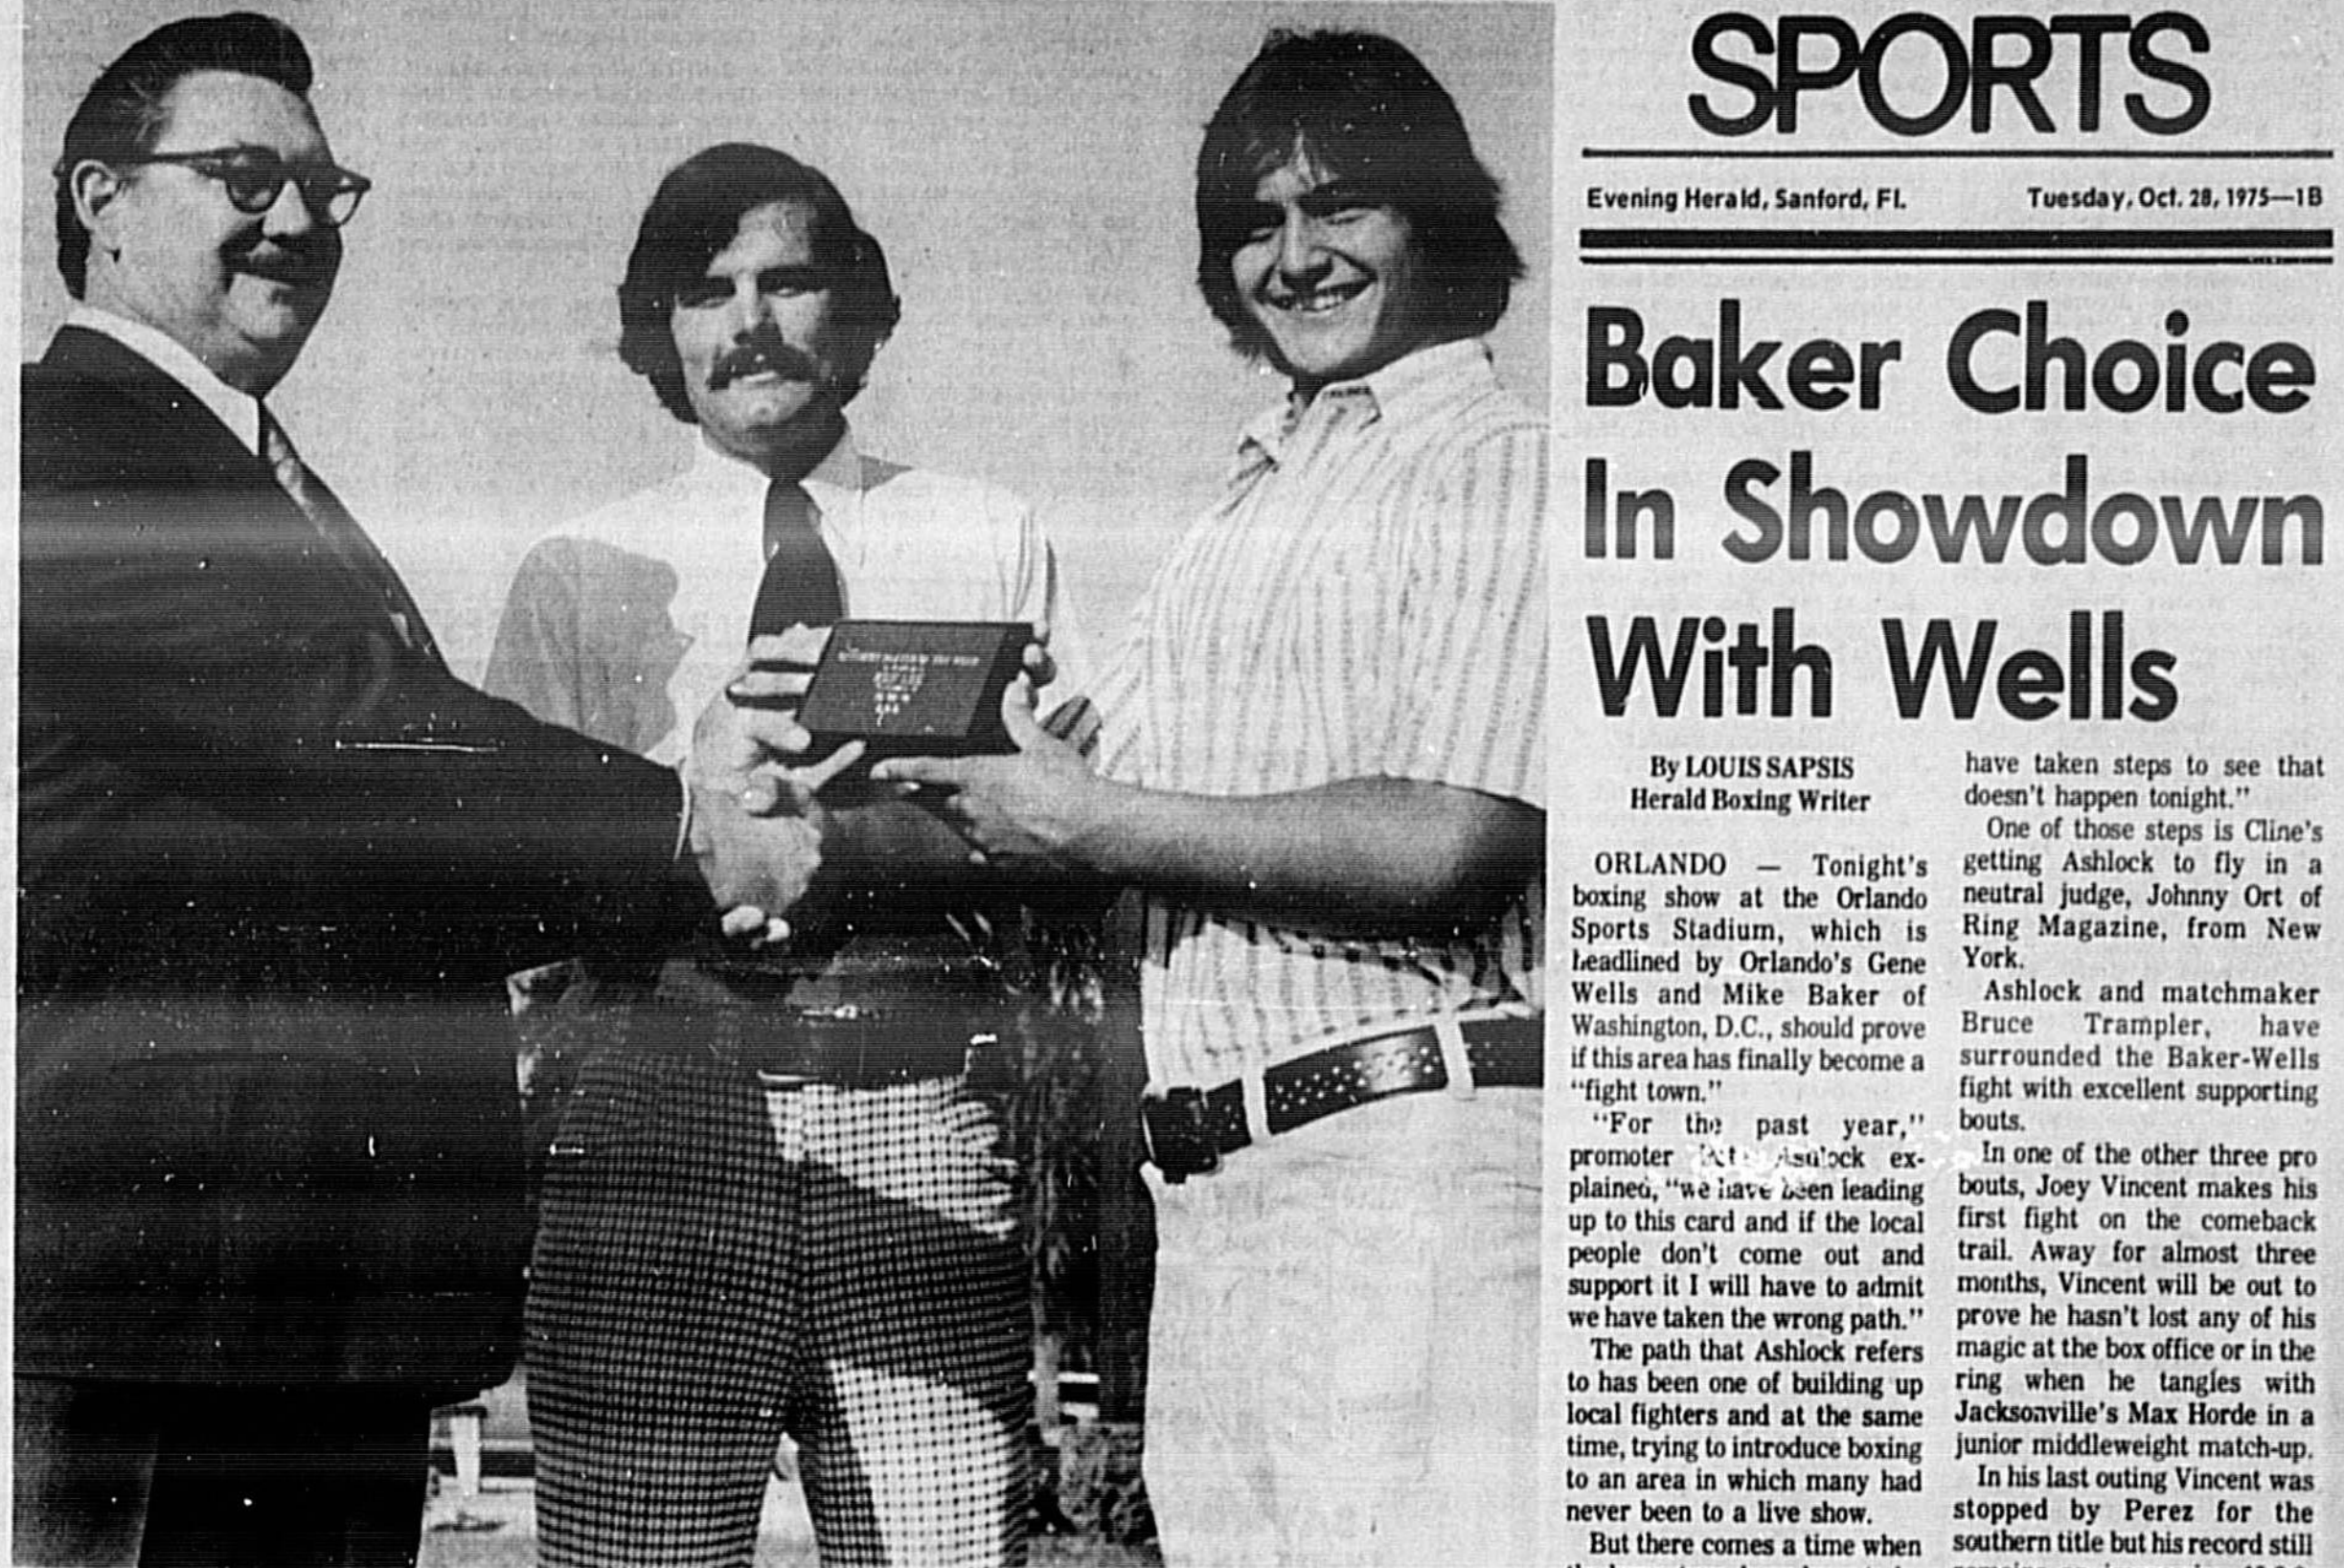

Jack Pantelias felt like he had been beaned Monday night when it was announced that Jacksonville University had been awarded the championship trophy in the Zinn Beck Fall Baseball Classic.

"Numb, that's the only thing I can say," said the coach of the Seminole Community College team.

Seminole and Jacksonville had tied with 3-1 records in the five-team round-robin tournament. And Seminole whipped Jacksonville, 9-5, in the meeting between the two, so Pantelias — and a number of other observers — figured Seminole would win it.

Tennis had to wait for FTU to hand Stetson its second loss, 9-0, late Monday night before anyone could accept the trophy. Earlier in the afternoon, Stetson ran its record to 2-1 by beating Rollins, 6-5, with two runs in the bottom of the seventh.

"I've never heard of deter-

Kenny Lee Tapped by Optimist Club. Kenny Lee, a yeoman on the line at Seminole High School, was honored today as player of the week in Seminole's 2-1 victory over Colonial last Friday night. Left, offensive center and defensive middle guard, accepts a plaque from Optimist Club member Bill Wilkins, left, while Seminole line coach Jay Stokes, looks on. (Herald Photo by Bill Vincent Jr.)

Runaway Choice In Poll

Anderson Top Skipper

NEW YORK (AP) — Sparky Anderson, the hard driver of Cincinnati's Big Red Machine, was named the National League Manager of the Year today.

Monday, Darrell Johnson, manager of the Boston Red Sox, won the American League Manager of the Year award.

Anderson, who sparked the world champion Reds to their greatest season in history, was a runaway choice in the voting from a nationwide panel of sports writers and broadcasters.

The popular 41-year-old manager won by a landslide 289-61 margin over Danny Murtaugh, manager of the East-winning Pittsburgh Pirates.

John McNamara, who piloted the San Diego Padres to a fourth-place finish in the National League West, finished third with 30 votes while Philadelphia's Danny Ozark was fourth with 18 and St. Louis' Red Schoendienst fifth with seven.

Anderson's well-beeled Reds won the National League pennant with a flair. They swept

Bucks Still Tops; Gators No. 11

By The Associated Press

Undeatable and untied teams monopolized the premier five spots in The Associated Press college football poll today, with Ohio State still holding a wide margin over second-ranked Oklahoma.

Florida moved up a notch to No. 11 after a 24-15 victory over Duke moved the Gators' record to 6-1.

Ohio State, 7-0, had little trouble routing over Big Ten rival Purdue 35-6, and 50 out of 61 voters were convinced of the Buckeyes' supremacy. Ohio State collected 1,190 of a total 1,220 points from a nationwide panel of sports writers and broadcasters.

The Oklahoma Sooners, 7-0, the defending national champions who haven't lost in their last 36 outings, drew eight first-place votes and 1,084 points after beating Iowa State 39-7, despite 13 fumbles.

Displaced Southern California, 7-0 and a 24-17 winner over stubborn Notre Dame, dropped into fourth with 890 points.

Also 7-0 is Texas A&M, which survived a scare from Baylor, winning 19-10. The Aggies total-

Inspirational Sammy Gains Honor

ATLANTA (AP)—Doug Dickey calls Sammy Green his "inspirational player."

Opponents only wonder how to prevent Florida's tough middle guard from destroying their offenses. And most are happy to know this is the last year the 6-foot-2, 225-pounder from Ft. Meade, will be around.

"He is super," Dickey said. "He is giving it everything he's got."

Green is a consistent, harbiting performer who plays with reckless abandon, grunting well after almost every game.

"He just seems to be getting better every week," Dickey said. "He certainly had a fine game against Duke."

humbled Indiana 55-7 and earned 584 points in the poll.

Texas, 6-1 and 516 points, held its No. 8 position after roughing up Rice 41-9 and ninth-ranked Penn State, 7-1, blanked Army 31-0 and collected 455 points.

This week's Second Ten teams in order, Florida, Missouri, UCLA, Maryland, Notre Dame, Colorado, Arizona and Miami San Diego State with Miami of Ohio and Oklahoma State tied for 19th.

The Top Twenty teams in The Associated Press college football poll, with first-place votes in parentheses, season records and total points. Points based on 20-18-16-14-12-10-9-8-7-6-5-4-3-2-1.

1. Ohio St. (50)	7-0	1,190
2. Oklahoma (8)	7-0	1,084
3. Nebraska (2)	7-0	939
4. S. Calif. (1)	7-0	890
5. Texas A&M	7-0	822
6. Alabama	6-1	809
7. Michigan	5-2	584
8. Texas	6-1	516

Wild Man At Large In Fronton

FERN PARK — The Wild Man is loose at the Orlando-Seminole Jai-Alai fronton.

That's the nickname for Aspi, the hardest thrower on the roster, and one of the biggest crowd pleasers to perform at the fronton.

Aspi is also the winningest pelotari so far in the season, showing 35 wins to lead Celaya by one in the victory chase. Aspi's general characteristics are of a well-climbing, reckless style and his blazing throws are as likely to find their way out of bounds as in.

The fans, however, excuse Aspi, because they appreciate his through-it-hard-as-you-can attitude. Evidence in that Aspi throws hardest is the fact that most opponents request a slower-bouncing pelota when he comes up.

Celaya, who played formerly in Miami, is a co-leader in the singles race. He and Maguerra have won 10 times. Celaya plays in the ninth game singles against middle games players, while Maguerra plays the tougher feature 10th game.

Echano won four games Monday night to become the first player this season to turn the trick. (Through Monday night)

If It's Not Clean It's Not Crickett!
If you're a working wife you have probably found that after each week's house cleaning the dirt seems to be gaining on you a little bit. Or if you're just not capable of keeping pace with the cleaning needs of your home.

In either case, your home really needs a professional cleaning, a real heavy house cleaning that you do not have the time or capability to give it. So it's time to call Crickett Professional House Cleaning, owned by Rose Crickett Mims, "really know how to clean a house."

Crickett's owner stresses that her business is not a maid service, but heavy house cleaning. Some of the jobs covered that are time con-

suming for the average housewife or bachelor are stripping and waxing kitchen floors and other areas, cleaning bathroom tile, baseboards, walls, windows and screens, oven cleaning and refrigerators (upon request). Kitchen cabinets are cleaned inside and out, and the white glove test will show that even doors and heating vents are cleaned!

Crickett guarantees you will be happy with their work and promises to thoroughly clean your home, "including the dog if he gets in the way." People who are selling their home have found that it will sell faster after a good cleaning by Crickett, with the buyers admitting that a big selling point was the "clean, ready to step-in," condition of the home.

Crickett's owner used to be a "new house" cleaner, but found that there was a real demand for a cleaning service by homeowners at a price they could afford, so she established her business to fill the need.

Everyone wants a clean house, but with today's busy schedule many working wives and mothers find it almost impossible to keep up with the chores that non-working wives stay home all day to accomplish. Many older people find that heavy house cleaning is beyond their capabilities. Either way, Crickett Professional House Cleaning is the answer.

There is emergency service available and hours are chosen according to the customer's convenience. One of the specialties of Crickett is cleaning before and after parties, and an answering service is available at all times to take your calls. Get your house ready for the holiday season with a professional Crickett cleaning call now for appointment as Christmas bookings are being filled rapidly.

Many couples try to buy something for the home each Christmas and call it "buying the house a Christmas present." What could be better than giving your home something it may need badly, a real professional house cleaning?

Crickett will clean a single room or your whole house. Call them today at 323-2655 for a free estimate. Deal the dirt with a Crickett team! — ADV.

YOUR OVEN WILL BE WORKING OVERTIME GETTING READY FOR THE HOLIDAY SEASON.
...Make sure yours is Crickett clean! Pictured above is Rose (Crickett) Mims

At Red Curl Wigs Styling While You Watch

STYLING WHILE YOU WATCH AT RED CURL WIGS.
... Pictured above (l to r) Maria Garcia, Marty Mayo, and Joyce Mayo.

Wigs have become such an integral part of today's woman, that women actually feel that they are changing their personalities when they change their wigs. By having wigs of different shades and styling today's modern woman can choose a wig to suit her mood for the day, and open up a whole new world of intriguing possibilities.

At Red Curl Wigs, located in the Seminole Plaza in Casselberry, you can choose the styling for your wig, aided by expert advice from Joyce Mayo and Marcia Garcia, and then watch while the creation comes to life before your eyes. This way you're certain to be satisfied with the results since you play an active part in the birth of another personality; your new wig.

If you prefer, you can leave your wig to be styled and pick it up the next day. This individualized service is not expensive. They have the lowest styling prices around. Wigs styled for from \$3 up and hair pieces from \$3.50 up.

Red Curl Wigs is owned by Joyce and her son, Marty Mayo. The family has been in the beauty shop and wig business for 18 years. Marty, after having grown up in this line of work, decided to make this his career and has been with his Mom and Dad ever since they opened their place in Casselberry 3 years ago. Marty handles all the bookwork and buying, as well as the wholesale end of the business.

Maria Garcia, their skilled stylist, has been a cosmetologist for 15 years, and has been at Red Curl since they opened. Joyce Mayo has been a licensed cosmetologist for 20 years.

Red Curl Wigs has over 200 wigs on display in their shop, and boasts of over 2,000 wigs in their inventory. In addition to wigs Red Curl carries hair pieces and hair braids. They will order anything you want in the way of hair goods. All wigs and hair pieces offered at Red Curl are tops in quality and carry budget price tags. You can also purchase accessories such as scarves, sprays, combs, brushes and false eyelashes.

The popular curly wigs, the "man lamer" (shoulder length grey) and the fluff back (short wig) are all on display in many colors for you to choose from. Some of the reasons Red Curl Wigs can offer top quality and low prices are their low overhead, and having been in

Drivers Must Have Insurance A Lower Fare With Blair

A wish to help abundant knowledge, and a professionalism are the key products which have gone into the insurance business of Gene Blair, and made it successful. Gene reminds you that any person who owns, operates, maintains, or uses a motor vehicle in the State of Florida must have liability insurance in force or their driving and registration privileges may be suspended. And you must show proof of liability insurance before your vehicle inspection sticker is issued.

These are the hard facts that every driver or owner in Florida must face. Yet many persons put off the day when they get liability insurance because they feel they cannot pay the cost of such insurance. If you are one of these persons who are trying to get by without insurance (which is a risky business at best) Blair Agency, 202 S. Park Ave., Sanford, can help you with the necessary protection without further delay. After a reasonable downpayment, they will allow you to finance your insurance premiums with low monthly payments.

To protect the driving public from the financial disaster that may result from an accident, the minimum amount of liability insurance a person can carry is now \$15,000/\$30,000.

The Blair Agency invites you to compare their prices before you buy any insurance. Blair specializes in helping young drivers, ages 16 through 25, with good or poor driving records. They can also help place those motorists who have had accidents, and need an SR 22 filing to keep their driver's license. They also offer competitive rates to those drivers with clean driving records in a Having liability insurance

HOROSCOPE

By BERNICE BEDE OSOL

For Wednesday, October 29, 1975

ARIES (March 21-April 19) You will be both industrious and ingenious today when dealing with difficult tasks. Bright ideas will save you steps.

TAURUS (April 20-May 20) This will be a rather exciting day socially. Don't pass up any invitations. If you let it go past today this person will be difficult to reach.

GEMINI (May 21-June 20) A little preventive maintenance around the house now will save you dollars later. Repair your home's minor ills today.

CANCER (June 21-July 21) There's one you should get in touch with on an important matter. If you let it go past today this person will be difficult to reach.

LEO (July 22-Aug. 22) A friend will impulsively offer you something of value today. His feelings will be hurt if you refuse it.

VIRGO (Aug. 23-Sept. 22) Your customary caution and reserve will not be dominant traits today. You may even surprise yourself with your daring.

LIBRA (Sept. 23-Oct. 23) A profitable secret ambition should be pursued in earnest today. Your chances for acquisition look very good.

SCORPIO (Oct. 24-Nov. 22) While others today might sit around wishing for things to happen, you'll be doing what's necessary to realize your dreams.

SAGITTARIUS (Nov. 23-Dec. 21) Challenges bring out the best that's in you today. Situations that appear in-

timidating to associates won't look that fearful to you.

CAPRICORN (Dec. 22-Jan. 19) It may take a little selling to get others to go along with your ideas today, but you're more than up to the challenge.

AQUARIUS (Jan. 20-Feb. 19) Work hand in glove today with your mate or partner on a common goal. Excellent results will be achieved if you pull as a team.

PISCES (Feb. 20-March 20) Put your imagination to work today. You'll find alternatives to a problem you thought had but one solution.

YOUR BIRTHDAY

Oct. 29, 1975

A dynamic new friend will be partially responsible for the more active social life you'll experience this coming year. He's a real doer and knows the right people.

Reader Aches At Age Of 86

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB—As a dedicated reader of your column, I think I am sufficiently informed for certification. The only problem, I cannot pronounce those long words.

I would like to read something discussing the effects and what to expect as one grows old, physically and mentally.

I'm 86 and recently some of my old injuries are bothering me, and after sitting I feel a bit stiff in the hip joints when I arise. I have been very active all my life.

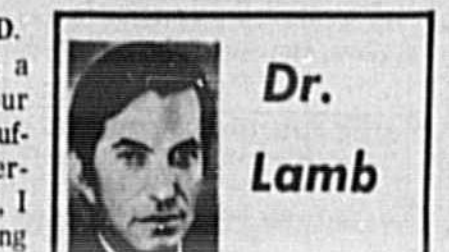

DEAR READER—At 86 you could probably give all of us some useful tips on living, staying active and enjoying it.

There are a vast array of changes that occur in your body with time, and you can do something about a good many of them. If you don't mind a few of these big words, I would suggest that you read my book, "Stay Youthful and Fit" (Harper and Row). Your library should have a copy.

The book describes what happens to your body. It will tell you why you develop eye changes and the eye problems common with aging, such as glaucoma, cataracts and floaters. The changes you have in your ears, causing the ringing and buzzing and loss of balance, are discussed. You can help prevent these.

Of course, you need to know about vascular disease, because it is the big one that you can do something about to prevent strokes, senility and heart attacks, the things that make you old before your time.

A lot of the posture changes with age are because of lack of proper exercise. At your age I'm sure you have seen people with bent knees, bent hips and a tottering gait. This is often

Dr. Lamb

related to loss of muscle strength and flexibility. The tendons and muscles shorten, bending the hinge joints. Proper movement of joints through their full range of motion helps prevent this. The book will explain these in detail and tell you which exercises you can use to help prevent these problems.

Your lung function changes in part because people lose the flexibility of the movement of their ribs. This cuts down on the full capacity to exercise and causes breathlessness or fatigue with limited exertion. Good posture exercises help to prevent these. These, too, are discussed.

Of course, there are changes in sexual functions as you get older, but as the book points out, men may be active well into their 90s. One example of a man 118 years old and still potent is mentioned. Your living habits have a lot to do with whether you are over the hill at 50 or still enjoying yourself at 90.

Psychological factors are important, too. That includes being socially active with family, friends and community. The desire to live and the feeling of being useful or needed are important factors.

These important aspects of aging and others in the book were included in recent U.S. Congressional hearings on fitness and aging. I think it will give you all you want and tell you where we stand on doing something about aging.

Pass Pass Pass

Opening lead—♦ 4

By Oswald & James Jacoby

The need for an entry finesse is usually the result of some overbidding. South didn't know what to do after East opened the bidding in front of him. Eventually, he decided to overbid to six hearts. As he explained later, he had hoped that East or West would believe him and take a save at seven diamonds. When they just passed and West opened the diamond game, South was stuck with his bid.

He ruffed the second diamond high and saw that he

had one chance for his contract. He needed to take two spade finesses and that meant he had to find two entries to dummy.

Therefore, at trick three he led a low trump and finessed dummy's eight spot. This would have let him two tricks short if East had produced the nine, but when East had his extra entry.

A quick spade finesse, a trump to dummy's 10, another spade finesse and it was all over but the scoring.

ASK THE JACOBY'S

An Indiana reader wants to know when a hand with 11 high-card points should overcall at the two level.

Such hands are worth an opening bid, but not necessarily a two-level overcall. The principle requirement here is playing strength and we would never make such an overcall with a mere four-card suit, seldom with a five-carder, but almost any time with six good cards in the suit.

We will discuss these overcalls in the next few articles.

Second Hearing Sought

By JOE ASKREN

Herald Staff Writer

A local union of non-instructional personnel Tuesday filed a petition of rehearing with the state's Public Employees Relations Commission (PERC), opposing last week's certification of three more individual bargaining units within the Seminole County School system.

Frank Joyce, custodian at Lyman High School and campaign chairman of Local 1010, affiliated with the AFL-CIO, said his 114-member group has been certified by PERC.

W. P. "Bud" Laver and Harry Pelley, chief negotiator for the board, with "unfair labor practices."

"They (Pelley and the board) put their nose in where it shouldn't be in siding the three bargaining units to be certified by the state," said Joyce.

"It's the old story of divide and conquer, you know," Joyce added.

Joyce said the 177-member Seminole County Bus Drivers Inc., the 525-member Non-Instructional Personnel of Seminole County (NIPSCO), and the 335-member Secretarial-Clerical and Aides Association, would have a better bargaining position if they had organized themselves instead into one group.

Joyce said his organization, which includes custodians, maids, some bus drivers, and food service personnel, are about 90 per cent black.

In response, both Laver and Pelley said the local people in the three bargaining units and the board "wanted it that way and PERC agreed in their 2-1 vote."

"All three organizations had a majority of the people in the unit sign authorization cards giving their representatives the right to bargain," said Pelley.

Pelley said the union's petition is asking PERC for a rehearing, appealing PERC's certification of the three individual bargaining units. He also said it was the "prerogative" of the board which "felt these were the most appropriate units."

Laver said now "we'll have to wait and see... I hope PERC will throw it out. PERC already decided that this was the proper procedure."

Courtesy Bus Research Needed, Principal Says

"We're still in the hashing stage. We have no firm recommendations nor conclusions yet regarding the best alternative to courtesy busing."

State Sen. John Vogt (D-Cocoa Beach) said Monday the needs would have to be determined and community support would be needed before a special bill could be introduced to the State Legislature later this fall or after the first of the new year.

The special bill, if passed presumably would either provide state funds for courtesy busing of children in hazardous areas, or allow parents involved to pay for the service.

The ad hoc committee also includes Roger Harris, assistant superintendent for finance; Fred Taylor, transportation director; Dick Barnett, principal of Lake Brantley High School; Mrs. Jewel Morgan, principal of Lake Orienta Elementary School; Bill McLaughlin, chairman of the countywide advisory committee; Dr. Stewart Abel, and one other parent. An "efficiency expert" from Florida Technological University is to be appointed to the committee later, Telson said.

Board member Pat Telson, who urged the board to set up the committee, said the parents should decide where the safety

hazards exist which may face children walking to school.

Manfre said he prefers a one mile limit.

The committee will meet again at 9:30 a.m. Nov. 20 in the board's conference room on Commercial Street.

Details and times are on Page 5A.

City, County Chiefs To Mull Pulling Out Of Drug Task Force

By BOB LLOYD

Herald Staff Writer

Sanford police and Seminole sheriff's deputies may be withdrawn from a Federal Drug Enforcement Administration area task force headquartered in Orlando, depending on the outcome of a meeting Monday in Winter Park of heads of area law enforcement agencies.

Orlando Police Chief James Goode withdrew four of his department's vice squad agents from the 10-month-old task force Tuesday, and accused federal agents of not cooperating with local lawmen.

He told reporters that he has reports that the federal task force apparently hasn't cut down on the availability of drugs on the streets of the Orlando area.

The Howard County Sheriff's Department withdrew agents assigned to the task force last month following a reported argument over informants.

Sanford Police Chief Ben Butler said he has one vice agent working with the federal task force and the Seminole Sheriff's Department has two men assigned to the unit that was formed to break up drug trafficking in Central Florida.

"I haven't had any problems," Butler said. "I don't know what Chief Goode is talking about, but I expect to know after we meet Monday morning at the Winter Park Police Department."

Seminole Chief Deputy Sheriff Duane Harrell confirmed that area law enforcement agency heads will meet concerning task force participation at Winter Park on Monday.

Harrell said federal agents haven't kept commitments that they would keep local agencies informed on the whereabouts and activities of their agents.

"We've had no problems of any magnitude," Harrell said, "but I suspect there's a communication problem between Orlando police and the DEA."

"I don't know what problems Orlando has with the task force operation, but we'll have to have some good reasons for Seminole to pull out of the task force," Harrell said.

Harrell quoted Sheriff John Polk, hospitalized with a recurring back ailment, as "feeling the task force is the only effective way to fight drugs."

Goode has declined to reveal details of his department's complaints of uncooperation against the federal agents pending the meeting of area law enforcement agency heads on Monday.

A spokesman for the Orange County Sheriff's Department told reporters and the department hasn't experienced any communications problems in the task force operation.

Members of the Civic Improvement Project (CIP) of the Sanford Women's Club volunteered yesterday to assist the Downtown Development Council in its occupancy survey. Here, CIP members led by Mrs. Shirley Moak, right, advisor to the DDC, sets out to interview merchants and businessmen. From left, Mrs. Ralph Austin Smith, Mrs. Walter Glew, Mrs. Sandra Wilson, Mrs. Patricia Foster, and Mrs. Dottie Karns. (Herald Photo by Bill Vincent Jr.)

Ask Polk To Take \$18,700

Upon recommendation of County Attorney Tom Freeman, the Seminole County Commission has drafted a letter to Sheriff John Polk asking that Polk accept an additional \$18,700 in his 1975-76 operating budget as recommended by state officials.

"If the sheriff would accept, I recommend you approve," Freeman told commissioners Tuesday. He said approval would "obviate" the need for a hearing next Tuesday before the Florida Cabinet.

Assistant Secretary of Administration Wallace Henderson recommended last week that Polk receive an additional \$18,700. But that recommendation must be approved by the cabinet before it's final.

And the sheriff will have an opportunity for a final appeal the day of the cabinet hearing. Commission Chairman Sid Vilen Jr. was instructed by the board to draft a letter to Polk—who is in a Winter Park hospital—and his attorney, Doug Stenstrom, asking the sheriff to accept the \$18,700.

Polk initially requested \$2.65-million, but the commission awarded only \$2.45-million. Then the sheriff appealed to Tallahassee.

DOWNTOWN SURVEY
