

Seminoles Are Favored Over Seabreeze Here Tonight

Sanford Needs Win Tonight To Keep In Race For EFC Title Play - Offs

By KENT CHELAIN
Seminole High School's gridiron representatives, still very much in the race for the East Florida Conference championship, will open their second phase of the title-offensive this evening in the Memorial Stadium when they meet head-on with the Seabreeze Sand Crabs at 8:00 o'clock.

Strictly on the basis of season records, Sanford must assume the role of the favorites. Seabreeze has yet to win a conference encounter, having lost to all four northern conference foes while dropping once to Deland in the south end of the loop.

The Seminoles, on the other hand, own a 2-0 record in EFC play, with a 20-13 win over Deland in the north and an exhilarating 42-7 decision over New Smyrna in the south.

A victory for Sanford tonight would tie them with Deland for the top position in the conference.

Sanford's last night's big game, a 20-13 win over Deland, was a victory for Sanford through the Memorial Stadium in Sanford this fall.

The latest official tabulation, not including last night's homecoming game between Crooms Academy and Leesburg, show that for the first nine games played by Seminole High School's varsity, junior varsity and Crooms Academy have drawn 9,352 fans through the gates of the Memorial Stadium.

Of this total, 7,133 have been paid admissions. While official football attendance records are not available for Sanford through the years, it is thought to be a record or near one. There still remains five games to be played or tabulated before the season ends.

Leesburg Upsets Crooms Academy, 19-14, Before Over 1,300 Fans

By T. V. DAVIS
Despite an exciting 82-yard touchdown run by Crooms' Captain Oscar Williams and his 35-yard TD pass to Gordon Fort, the Leesburg Trojans upset the Panthers, 19-14, before 1,300 fans on their homecoming at the Memorial Stadium last night.

Both team captains showed excellent leadership. With the opening of the first period, Leesburg's Capt. Leon Roundtree reeled off the first touchdown of the game and the extra point.

The second quarter moved slowly with Leesburg still leading 7-0. Grady Edge for the second time was carried off the field suffering a leg, eye and knee injuries. Eddie Elzy also an end was not able to perform in last night's tilt.

Unable to score from the ground Coach Franklin called on his old reliable pass expert "Shotgun" Murrell, who in turn tossed a 30-yard pass that was intercepted by the Leesburg team but they were unable to cash in on the opportunity.

In the final minutes of the first half Captain Oscar Williams faded back and pitched a 35-yard touchdown pass to Gordon Fort, who stood out in pass receiving roles last night.

The Leesburg High band took charge on the field in the half-time to entertain the fans, who responded with loud applause.

The beginning of the second half started with the score deadlocked at 7-7. Berry McGee sparkled in the third period with his fine blocking and ball carrying. Despite this the Trojans came back with their second touchdown of the night that put them ahead, 13-7, when they failed to make the extra point.

The never-again-die Panthers received the kickoff in the final half with quarterback Ernest Thorne receiving on the 15-yard line. Thorne charged toward the sidelines with the Williams, going the other way, took the handoff and traveled 82 yards for the touchdown. Excellent blocking was shown by Calvin Collins, John Moore, Leo Thomas and Co-Captain Louis "Trickman" Jackson.

Knight made the Panthers two touchdowns with a 15-yard pass to Knight. Knight is second with 24 points. This was Leesburg's sixth win of the season with no defeats. Crooms has won 3-1.

Score by periods:
Leesburg 7 0 6 6-19
Crooms 7 0 7 0-7
Williams — Crooms — Fort
Crooms — Roundtree — Murrell (2).
Extra points — Crooms — Knight (2), Leesburg — Roundtree.

Georgia Bulldogs To Battle Auburn In 56th Contest

COLUMBUS, Ga. (AP)—The University of Georgia Bulldogs and the Auburn Tigers renew one of the oldest gridiron rivalries in the South in their 56th annual game here tomorrow.

With a season record of five victories and three losses, it is the role of favorite Auburn has only one victory in six starts.

Georgia and Auburn played their first game in 1895. Auburn won 10-0. Georgia leads the series with 28 victories and 21 defeats. The schools have played six tie games.

Coach Wally Butts and a 33-man squad planned to leave Athens this morning by bus for Columbus. A short workout was scheduled for this afternoon, and then the Bulldogs rest until game time.

The Auburn squad will arrive here tomorrow morning.

Coach Ralph Jordan's Tigers have been working on pass defense since the week in anticipation of an all-out aerial attack by Georgia's passing quarterback Zeke Bratkowski. If the Tigers are able to stop the attack, they may reap all with a victory.

Bratkowski has completed 91 passes in 189 attempts in eight games. His completion average of 11.4 for 134 yards per game is the best in the Southeastern Conference.

The game may well turn out to be a passing duel. Auburn's quarterback Dudley Spence is expected to do the throwing if the Tigers get air-minded. Spence's passing arm has been one of the Plains' most potent weapons this season.

Georgia's running attack will be centered around fullback Bob Clemens and right halfback Charles Madison, a couple of top sophomores.

Auburn will pin its hopes on fullback Charles Hataway and halfback Bob James for yardage on the ground.

Ellen Betts Leads Mixed League For 2nd Week In Row

Ellen "The Blonde Bomber" Betts maintained her domination over the Mixed Men and Women's bowling league for the second consecutive week with a 166 average.

Following close behind Miss Betts was Morris Spjohom with a 155 percentage, which is the best effort for any male bowler in the circuit. Having played the most games, 24, he has knocked over the highest number of pins, 3,722.

Spjohom's 23rd game that set a two-year precedent at the Sanford Bowling Alleys is the best single game in the league. Coleman Yates ranks third with a 154 average and Dot Powell is the second highest woman bowler and fourth in the league with a 147 percentage.

Georgia Bulldogs To Battle Auburn In 56th Contest

COLUMBUS, Ga. (AP)—The University of Georgia Bulldogs and the Auburn Tigers renew one of the oldest gridiron rivalries in the South in their 56th annual game here tomorrow.

With a season record of five victories and three losses, it is the role of favorite Auburn has only one victory in six starts.

Georgia and Auburn played their first game in 1895. Auburn won 10-0. Georgia leads the series with 28 victories and 21 defeats. The schools have played six tie games.

Coach Wally Butts and a 33-man squad planned to leave Athens this morning by bus for Columbus. A short workout was scheduled for this afternoon, and then the Bulldogs rest until game time.

The Auburn squad will arrive here tomorrow morning.

Coach Ralph Jordan's Tigers have been working on pass defense since the week in anticipation of an all-out aerial attack by Georgia's passing quarterback Zeke Bratkowski. If the Tigers are able to stop the attack, they may reap all with a victory.

Bratkowski has completed 91 passes in 189 attempts in eight games. His completion average of 11.4 for 134 yards per game is the best in the Southeastern Conference.

The game may well turn out to be a passing duel. Auburn's quarterback Dudley Spence is expected to do the throwing if the Tigers get air-minded. Spence's passing arm has been one of the Plains' most potent weapons this season.

Georgia's running attack will be centered around fullback Bob Clemens and right halfback Charles Madison, a couple of top sophomores.

Auburn will pin its hopes on fullback Charles Hataway and halfback Bob James for yardage on the ground.

Hurricanes Play Hatters Tonight In Orange Bowl

MIAMI (AP)—Miami's Hurricanes are pointing to next week's game with Florida in Gainesville, but the Stetson Hatters won't run into an unexpected foe in the Orange Bowl tonight.

Miami is hungry for touchdowns after being shut out on consecutive week ends by Kentucky and Vanderbilt. The Hurricanes haven't even been inside an enemy 100-yard line since they beat Marquette Oct. 24. They need a victory to bolster sagging morale.

The betting odds favor Miami by 28 points. A bargain rate of \$1.50 for all seats is expected to attract an audience of 18,000.

Stetson will be hoping for its first victory over a Florida team. The Hatters lost to Florida 33-6 and played 6-6 ties with Tampa and Florida State. Their record includes two wins, two losses and three ties.

If Miami wins, it will be the Hurricanes' fourth victory against their defeated foe in the Orange Bowl. The Hurricanes have won just about what Coach Andy Gustafson expected when he said before the season, "We have green material and will be fortunate to win five games."

Florida, North Carolina and Georgia remain on the Miami schedule.

"We plan to send our strongest possible offensive and defensive units against Stetson," Gustafson said. "We know they'll be shooting the works against us and we can't afford to be caught napping."

The kickoff will be at 8:15 p. m.

Croom Stages Big Homecoming Parade

Preceding Crooms Academy's record homecoming turnout of 1,300 fans at the Memorial Stadium last night, which watched the Panthers triumph over Leesburg, 19-14, was the biggest parade in the history of the school.

Yesterday afternoon a long line of floats, bands, and drum majorettes launched a two-mile parade from Crooms academy that progressed slowly for three hours winding through the Goldenrod and Sanford and downtown districts.

The Leesburg band, majorettes and cheer leaders also participated in the biggest Crooms showing in the history of the school. An American Legion honor guard led the gala troupe.

Alabama-Georgia Tech Contest Is Top SEC Battle

By The Associated Press
One of the top football days of the season is on the agenda for Southeastern Conference fans tomorrow. All 12 SEC teams will be in action and there's not a breather in sight.

Tops in importance will be the Alabama-Georgia Tech contest in Atlanta, the Florida - Tennessee game at Knoxville, and the Maryland-Mississippi game at Oxford.

BIBLE VERSE TODAY

Some never put their faith in the
test. It will stand such a test.
Let us hold fast the profession of
our faith without wavering.—
Heb. 10:23

Some of the pictures of Dan Mc-
Carthy's personally conducted tour
of the executive mansion in Tallah-
ssee make the present Governor
appear as if he expects to have the
last laugh.

School books, financed by Ameri-
can taxpayers' money, are being
distributed to German school chil-
dren by U. S. government officials
which, it is now revealed, contain
Communist propaganda. The Ameri-
can officials say they didn't know
the propaganda was in the books,
had never read them. One wonders.

General Eisenhower says Gov-
ernor Dewey has declined a cabinet
post but will be available for "con-
sultation and advice". Well, he
probably has his field of usefulness
but like certainly showed him a
thing or two about how to run for
president.

On Nov. 20 one of the finest
sports there is begins in this state.
There's nothing like taking a good
dog and a gun into the woods, and
there's nothing like being able to
hit the game when you find it. But
be careful. Hunting can be dan-
gerous. Last year 48 persons were
killed in Florida woods, scores in-
jured, accidentally. Obey the safety
rules and you will have no trouble.

It seems that there was no par-
ticular reason why some of the top
government officials shouldn't have
known that the Russian Commu-
nists are as bad as they are. The
evidence now indicates that at least
some of them knew of the Katyn
massacre of the Poles by the Rus-
sians as far back as the Yalta con-
ference. Yet knowing that they
were enlightened and honorable
people.

Did you see in the paper last
week where Tommy (Three-Finger
Brown) Luchessa, successor to
Frank Costello as boss of the
eleventh annual State Farm
Bureau Convention.

Elected farm delegates from 62
counties throughout the state are
on hand to select their thinking
into group action, according to
Tom McCrane, Winter Park,
Executive Secretary of the big
farm organization.

The delegates are expected to
take a stand on highway safety
laws; strengthening of the financial
responsibility law; water conser-
vation; rural telephone service;
tractor gas tax refund; outlawing
of industry wide strikes; nation-
wide primaries instead of conven-
tions; Tideland oil rights; live-
stock fence law; control of im-

FUNERAL SERVICES HELD
TODAY, in a funeral home, were
held here Wednesday for
Charles Maurras, 66-year-
old orator of France's royalist and
extreme right factions, who died
yesterday of uremia.

The aged writer and agitator was
sentenced to life imprisonment in
1945 for wartime collaboration with
the Germans but was given a med-
ical pardon last March.

What Type Anesthesia?
By
W. V. Blitting
Touchton Drug Co.
Once either has the accepted
anesthesia for all operations.
Now the doctor has a choice
and selects the one that will
best suit your requirements.
The nervous patient need not
fear the operating room; he is
painlessly put to sleep in his
room and reawakens there
when the operation is com-
pleted.
In accident cases where
anesthesia must be taken, it is
possible to block off the area
the doctor must repair with an
injection of novocain.
Your doctor relies on a com-
petent pharmacist to supply
his anesthesia needs. You will
find it to your advantage to do
the same.

Laying A Foundation

More progress toward unifying Europe has been made since World War II than was made in all the centuries before. Militarily the free nations of Europe are proceeding toward unity in the North Atlantic Treaty Organization Army. Economically they have evolved the Schuman plan for pooling coal and steel. A health plan in which most of these nations would participate is under consideration and a plan for integrating the agricultural programs of the same countries is being formulated.

It would be foolhardy to expect real unity to be accomplished immediately. Language differences, ancient sus-
picions and hatreds are still strong in many of these coun-
tries and there is bitter opposition from some sources to-
ward breaking down national boundaries. But under the
leadership of men of good will solid foundations are being
laid on which a structure of unity may eventually rest.

Russia has been guilty of some enormous sins in its re-
lationships with the rest of the world. But its aggression
and refusal to co-operate with free people have succeeded in
making those people aware that their safety and survival
depend on working with each other.

Record - Breaking Sam

Speaker Sam Rayburn was one loser in the election. While he kept his seat, the Republican capture of the House of Representatives cost him at least for a while this chance to break his own record for long tenure of the Speakership. Except for the two years of Republican control of the House in 1947-48, he has been Speaker ever since William B. Bank-
head's death in 1940. That is longer than anyone else has ever held the post.

The previous record was owned by Henry Clay in the early party of the 19th century. He served off and on for 10 years. At the beginning of this century Joseph G. Cannon and Champ Clark each wielded the gavel for eight years. That is about as long as any one party is apt to keep control of the House.

In Clay's day the Speaker was not much more than a chairman of the session. Nowadays he is, after the president, the most influential man in Washington. The importance of the position is recognized by the law passed in the early part of President Truman's administration, putting him next in line for the presidency after the vice-president.

Rayburn may come back later, adding to his long tenure.

The People's Voice

A lady in Ocala takes us to task, in a letter printed on the opposite page, for permitting our readers to voice ex-
pressions of "passionate stupidity, rudeness and ignorant
invective."

She wonders why we don't restrict our Letters column to the comments of "thoughtful, fair-minded individuals."

There's a reason we don't: a good reason, we think.

Our purpose in printing readers' letters is not to furnish a forum for intellectuals but to provide an amplifier for the voice of the people. The people's voice has many tongues. Now it rings out with truth and fairness, now it bellows in
biased ignorance.

We deplore intemperate and uninformed utterances as much as does the lady in Ocala; frankly, even a hardened editor is sometimes shocked by the unrestrained venom and the unbridled stupidity expressed in readers' letters. But we do not combat bias and ignorance by pretending they do not exist. If the people's voice is to speak truly through the columns of a newspaper, it must speak with the tongue which contributes to its power for evil as well as those which compose its influence for good.

So if we print a letter from a reader arguing that the earth is a hollow shell, it doesn't mean we consider this a worthwhile theory; it simply means there are people who be-
lieve the earth is a hollow shell. And if we print a letter from somebody who demands that President Eisenhower deport Harry Truman to Russia—well, there are people who are ir-
rational on this subject, too.

Sorry, lady, but we're afraid you'll just have to take the "illigient mutterings of mediocrity" you bewail along with the "challenging opinions and serious comment" you prefer. All make the people's voice—and the people make America.

—Tampa Tribune.

Florida Farmers To Disclose Their Views

MIAMI BEACH, (Special) — Florida farmers will make known their views on major state, national and world issues here today and tomorrow during the eleventh annual State Farm Bureau Convention.

Elected farm delegates from 62 counties throughout the state are on hand to select their thinking into group action, according to Tom McCrane, Winter Park, Executive Secretary of the big farm organization.

The delegates are expected to take a stand on highway safety laws; strengthening of the financial responsibility law; water conser-
vation; rural telephone service; tractor gas tax refund; outlawing of industry wide strikes; nation-
wide primaries instead of conven-
tions; Tideland oil rights; live-
stock fence law; control of im-

What Type Anesthesia?

By
W. V. Blitting
Touchton Drug Co.
Once either has the accepted
anesthesia for all operations.
Now the doctor has a choice
and selects the one that will
best suit your requirements.
The nervous patient need not
fear the operating room; he is
painlessly put to sleep in his
room and reawakens there
when the operation is com-
pleted.
In accident cases where
anesthesia must be taken, it is
possible to block off the area
the doctor must repair with an
injection of novocain.
Your doctor relies on a com-
petent pharmacist to supply
his anesthesia needs. You will
find it to your advantage to do
the same.

FUNERAL SERVICES HELD
TODAY, in a funeral home, were
held here Wednesday for
Charles Maurras, 66-year-
old orator of France's royalist and
extreme right factions, who died
yesterday of uremia.

The aged writer and agitator was
sentenced to life imprisonment in
1945 for wartime collaboration with
the Germans but was given a med-
ical pardon last March.

AFTER 'MATH' OF THE ELECTION

Parking Meters

Memphis Commercial Appeal
The parking meter is a remark-
ably clever invention for thwarting
freed parking — when properly
used.

The mainprinciple that makes it
work is the dollar fine for staying
so long at the curb that other mo-
torists are blocked from parking.
Before this, glass-eyed, square-
headed watchmen took charge of
the curb. City streets were lined
with automobiles of early-hired
workers. These dawn clock punch-
ers froze the parking space all day
long, leaving the shopping public
to trudge in from the fringes of
the shopping district.

With meters on the job, one
may serve six or more.
These mechanical watchmen
also have mouths which eat nick-
els. The nickel is the essential of
the meter and leave a profit for
city treasuries. But the lever
moved by the nickel is only a
small part of "works" in a meter.

Conserve Our Forests

Atlanta Journal
There is good news, and the
news that's not so good, in the
report on the newly completed
survey of Tennessee. The
survey was made by our own State
Forest Service and the U. S. De-
partment of Agriculture.

It found, first of all, that al-
most half our land is growing tim-
ber. It found, in the words of an
announcement from Washington
about the survey, that "consider-
ing all merchantable trees of pole-
limber size and larger, Tennes-
see's forests are growing faster
than they are being used." That's
the good news.

The not-so-good news is that
saw-log-size trees, upon which our
2000 wood-using plants largely de-
pend, are being cut faster than
they are growing. The Washington
announcement continued:
"Forests cover 12,000,000 acres
of the state's total land area of
26,900,000 acres. Tennessee's
commercial forests are producing
244 million cubic feet of wood an-
nually in trees of pole-timber size
or larger. Logging for commercial
use removes less than this —
about 200 million cubic feet in
1949. This means that every
average forest acre in the state,
17 cubic feet of wood were cut in
1949 and 20 cubic feet grew back
in 1949. In trees of saw-timber size,
however, the demand is greater
than the growth. The cutting of
such trees in 1949 totaled 1013 mil-
lion board feet, whereas growth of
trees of this size was only 877 mil-
lion board feet. Softwoods are
being more seriously over-cut than
hardwood saw timber."

It is such reports, so vital to
this great natural resource of ours,
and so important to its preserva-
tion and replenishment, that un-
derstand the necessity for the re-
forestation program which we, the
Federal Government and the TVA
have under way.

In other years we, like so many
states, were careless and prodigal
about our forest resources. Through
experience and education we
have learned, farmers, timber
growers and city folks alike. From
East to West, our trees not only
provide the raw materials for a
great industry, but they protect
and conserve our soil. — Atlanta
Journal.

THE WORLD TODAY
By ARTHUR EDSON
(For James Marlow)

WASHINGTON — The Justice
Department is having a hard time
convicting those charged with con-
tempt of Congress.

It had another setback last week.
Julius (Blinky) Fink of Baltimore,
who had declined to discuss his
business affairs with the Senate
Crime Investigating Committee,
was acquitted by U. S. District
Judge James H. Kirkland.

Kirkland said Fink was within
his rights in claiming he might
have incriminated himself by an-
swering certain questions asked by
the senators.

When Kirkland made his ruling,
similar indictments were dropped
against Abraham and Isadore Min-
ker, Reading, Pa. brothers, and
their nephew Lex Fudeman.

The Senate Crime Committee—
it's the one that was headed by
Sen. Estes Kefauver of Tennessee
—had been interested in what, if
anything, the four knew about
gambling. But none would talk.

The unofficial box score for the
past two years: 48 charges of con-
tempt, 29 acquitted or cases dis-
missed and 11 either not yet tried
or cases not yet presented to the
grand jury.

The problem is exceedingly dif-
ficult.
If it is to legislate wisely, Con-
gress needs all the information it
can get. But the Fifth Amendment
to the Constitution says no man can
be forced to testify against himself.
The Supreme Court has held this
applies to congressional hearings
too.

When a witness balks, the com-
mittee then decides if it thinks he
is in contempt. If the answer is yes,
it asks the House and Senate to
back it up. When this is done, the
Justice Department turns the case
over to a grand jury.

A witness can use any reason he
wishes for not talking. But if he
says he's afraid he may incriminate
himself, and says it to the right
questions, the courts generally
have agreed with him and his law-
yers.

Norwegian Royalty On Way To Florida

NEW YORK — Crown Princess
Martha of Norway and her daugh-
ters, Princesses Haghighid and As-
trid, are on their way to Florida
for a vacation.

Princess Martha, who has been
ill, and her daughters arrived by
plane from Oslo yesterday. She will
spend a month at the Palm Beach
home of Charles Ulrich Ray, U. S.
ambassador to Norway.

English Lords Seek Relief From Attire

LONDON — A number of lords
have asked Queen Elizabeth II if
they may be excused from wearing
expensive velvet and ermine robes
— or even dyed rabbit, for that
matter — at her coronation next
June.

A group of lords from all parties
suggested that a number of seats
be set aside for them, separate
from their richly garbed fellow
peers. The request has been for-
mally presented through the earl
marshal, the Duke of Norfolk, who
is in charge of arrangements.

During the Roman Empire the "Acta Diurna" were public announcements copied by scribes for dispatch to provincial subscribers much as are modern newspapers.

Mrs. Roberts Hostess To Dirt Gardeners

The November meeting of the Dirt Gardeners Circle of the Garden Club was held at Mrs. W. V. Roberts on Friday morning at 10:00 a. m. Artistic arrangements of roses, hibiscus and driftwood were used in decorating the living room. Mrs. H. M. Weaver, Mrs. E. C. Smith, Mrs. Wilky, Mrs. Cushing, Mrs. Cowan and Mrs. Roberts.
Mrs. Harry Heeren reported on the district meeting held on Nov. 7 in Leesburg, after which exchange chairman, Mrs. H. F. Robinson, reported that 100 rooted plants and nine dozen bulbs were exchanged during the month of October. Two new members were welcomed into the circle, Mrs. Ralph Cowan and Mrs. Harry Cushing.
An interesting program on roses was presented by Mrs. Henry Russen during which time colored slides were shown. Those present included Mrs. O'Connell, the hostess mother and Mrs. W. G. Baker, Mrs. R. N. Blackwelder, Mrs. M. L. Cullum, Mrs. W. A. Pitts, Mrs. Irving Fleishner, Mrs. W. G. Fleming, Mrs. W. B. Ginter, Mrs. G. C. Harless, Mrs. Heeren, Mrs. E. S. McCall, Mrs. H. H. McCaslin, Mrs. Ramsey, Mrs. Robinson, Mrs. H. N. Weaver, Mrs. E. C. Smith, Mrs. Wilky, Mrs. Cushing, Mrs. Cowan and Mrs. Roberts.
IN MEMORIAM
MRS. H. H. COLEMAN
WHEREAS, in the Providence of God, our dear friend and beloved member of Rose Circle of the Sanford Garden Club, Mrs. H. H. Coleman, has been called to eternal rest, we the members of Rose Circle wish to express our deepest and sincere sympathy to her family in their irreparable loss.
In the activities of Rose Circle, Irene was a zealous and faithful worker. Her devotion, her friendly manner and unceasing cheerfulness was inspiring to all those whose lives she touched.
BEFORE, BE IT RESOLVED, that a page in the minute book of Rose Circle be set aside to her memory and that this Resolution be recorded therein and that a copy be sent to Mr. Coleman with the assurance of our regret and great loss in her passing.
Mrs. Charles H. Cole, Mrs. J. C. Russell, Members of Resolution Committee.

Williams, Miss Maudie Wilson and Dr. and Mrs. Harriet Woodruff.
Also Mrs. J. Danforth Wright, Mr. and Mrs. Hugh Wheeler, Comdr. and Mrs. C. A. Hough, Dr. and Mrs. E. R. Brownell, Capt. John L. Chittenden, Lt. and Mrs. J. S. Cleveland, Mrs. D. K. Gard, Lt. and Mrs. J. R. Her, Lt. Comdr. and Mrs. T. L. Leno, Comdr. and Mrs. G. B. Pearson, Lt. and Mrs. William Duddy, Comdr. and Mrs. F. E. Cullum, Mr. and Mrs. A. B. Murray, Mr. and Mrs. W. H. Shaffer, Mr. and Mrs. Tom Lounsbury, Mr. and Mrs. H. B. Pope, Sen. and Mrs. Lloyd F. Boyle, Mr. and Mrs. J. F. McClelland, Mr. and Mrs. Forrest Breckenridge, Mr. and Mrs. P. A. Mero, Mr. and Mrs. L. Hobby, Mr. and Mrs. Harry Honey, Miss Mable Maher, Mr. and Mrs. M. J. Williams, Mr. and Mrs. Joe Moss and Dr. and Mrs. W. V. Roberts.

Mimosa Circle Meets At McWhorter Home

Mimosa Circle of the Sanford Garden Club met on Friday morning at 10:00 a. m. at the home of Mrs. F. E. McWhorter on the Uppala Road. Mrs. J. N. Azzarello presided over the business meeting which was opened with the repeating of the Garden Collect in unison.
E. B. Stowe was the guest speaker for the meeting and his interesting subject "Ideas for Home Planting" advising members to utilize their own tastes in planting and describing methods of making gardens and lawns appear larger.
Announcement was made that Azalea Circle will sponsor a Christmas decoration demonstration in Orlando on Dec. 5 at the Sun Juan Hotel at 2:30 p. m. Mrs. C. L. Wallis reported to the group on the district meeting held recently in Leesburg and Mrs. Joe Jarrell was elected as treasurer upon the resignation from that office by Mrs. J. M. Cameron. Mrs. H. Q. Touchton was elected as exchange chairman. Mrs. Charles Brown, horticulture chairman, stated that 60 plants had been exchanged during the month and plans were made for a Christmas party at the December meeting with each member being asked to bring a gift and plant for exchange.
Delicious refreshments were served at the close of the meeting by co-hostesses, Mrs. McWhorter and Mrs. C. F. Chubb. Those present included Mrs. H. M. Haven, Mrs. Floyd Palmer, Mrs. Theo. Pate, Mrs. Wallis, Mrs. Touchton, Mrs. Chappening, Mrs. W. D. Hoffman, Mrs. A. Michaels, Mrs. McWhorter, Mrs. M. Swank, Mrs. Jarrell, Mrs. R. S. Peck, Mrs. Azzarello, Mrs. Charles Brown and Mrs. Robert Reely.

E. B. Stowe Talks To Rose Garden Circle

E. B. Stowe was the guest speaker for the regular meeting of Rose Circle of the Sanford Garden Club at her home at Indian Mound Village. The guest speaker for the meeting was Mr. Stowe who had as his subject "Conservation."
The meeting was conducted by Mrs. J. I. Finzier, chairman, and Mr. Stowe was presented to the group by Mrs. Francis Merrill. During the business session Mrs. A. W. Epps of the roadside development committee stated that she had received no cooperation from the city with the committee's plans for roadside development, after which Mrs. E. F. Lane requested more assistance with the Navy Center.
Mrs. W. B. Shippy and Mrs. Epps presented the horticulture lesson, with Mrs. Shippy stating that she had been requested by the University of Florida to encourage people to keep a record of new or unusual plants in their gardens to be used in a report to the University.
Mrs. Francis Merrill stated that the manager of Sandalwood Springs had issued an invitation to the Garden Club to hold their annual general meeting and luncheon at the Springs in February. Announcement was made that a cleanup campaign will be held on Friday at the Garden Center and members were asked to take part.
Mrs. Epps reported on a district Garden Club meeting held in Leesburg on Nov. 7 and Mrs. Charles Cole read a resolution for the late Mrs. H. H. Coleman, a former member of the Circle. At the conclusion of the meeting guests adjourned to the Stowe gardens to inspect the magnificent "Porana" vine which is in bloom.
Those attending were Mrs. Charles Cole, Mrs. W. A. Morrison, Mrs. Epps, Mrs. J. D. Woodruff, Mrs. Charles Park, Mrs. H. R. Blackman, Mrs. Miriam Russell in Mayfair, Mrs. Nurton, Mrs. Hoke, Mrs. Smith, Mrs. Blackman, Mrs. W. B. Bulard, Mrs. F. E. Holz, Mrs. C. Stuart Brown, Mrs. F. Campbell, Mrs. C. H. Dawson, Mrs. M. Galloway, Mrs. R. J. Holly, Mrs. Al Lee, Mrs. H. J. Lebow, Mrs. A. B. Peterson, Mrs. R. M. Mason, Mrs. Edmond Metch, Mrs. J. H. Menick, Mrs. Mary Elizabeth Tolar Nance, Mrs. Stanley Rockey, Mrs. F. E. Roundhat, Mrs. R. W. Runrecht, Mrs. H. Wayne Rucker, Mrs. E. C. Smith, Mrs. Frank Woodruff, Mrs. Hagan, Mrs. Tunncliffe, Mrs. Jennings, Mrs. Key and Mrs. Russell.

DAR Honors Regent With Luncheon Meet

A luncheon for Sallie Harrison Chapter, DAR, at the home of Mrs. Miriam Russell in Mayfair on Friday honored Mrs. Austin Williamson of Jacksonville, State Regent of the Daughters of the American Revolution. Hostesses with Mrs. Russell included Mrs. L. P. Hagan, Mrs. W. H. Tunncliffe, Mrs. Robert Jennings and Mrs. A. R. Key. During the meeting Mrs. Williamson talked to the group on civil defense in combating subversives and building up the nation's defenses.
The business session was conducted by Mrs. E. E. Tolar who welcomed two transfer members, Mrs. F. H. Norton of Geneva and Mrs. E. M. Huke of Delray.

Traces Of Red Tide Disappearing In Certain Sections

By The Associated Press

Fishing guides in Gulf of Mexico waters off the Southwest Florida coast report that traces of the feared red tide which has killed a lot of fish are disappearing. That's the best news from the infected area. The fish killer was detected about a week ago. Fishermen report good catches of fish in spots where only two days ago patches of dead fish were floating.

The red tide gets its name from discoloration caused by a microscopic marine animal, gymnodinium brevis, which produces a toxin. This is the same killer which slaughtered tons of fish in 1946-47 in Gulf waters.

Scientists are trying to learn all they can about the sea plague. A laboratory ship, the Alaska, is in the area getting sea data before pouring 15,000 pounds of saturated copper sulphate which is expected to curb the red tide.

John F. Howell, microbiologist with the U. S. Fish and Wildlife Service, said after a trip to Marco Island—50 miles south of Ft. Myers—the red tide had almost disappeared in two days. He went to the island Thursday and saw several floating objects which were sighted on a return trip Sunday.

He reported making several good catches of kingfish and mackerel. Ben Lammis, Ft. Myers Beach, said after a 12-mile cruise southward toward Naples he saw no signs of the red tide.

Other fishermen reported bringing in good catches of mackerel in the last few days. The stricken area is some 400 square miles. Heaviest concentration of dead fish have been around Sanibel and Captiva Islands off Lee County (Fl. Myers).

University of Miami scientists and state conservation officials say fish caught in Gulf waters are safe for eating.

Dr. F. G. Walton Smith, director of the University of Miami Marine Laboratory, agreed with biologist Howell in identifying the gymnodinium brevis as the same killer which ravaged gulf fish in 1947. He reported specimens of the organism have been cultured at the laboratory since 1947.

Dr. Smith reported "It is most unlikely it can be controlled except in very small areas, but it may be possible to predict it."

8 Orphaned By Death Of Father In Wreck

SEATTLE (AP)—Eight Seattle children were left orphaned today by the traffic death of their father and mother. A 15-year-old girl left a nominal head of the family was trying to make plans to keep the family under one roof.

The parents, Halvor A. Byron, 38, a longshoreman, and his wife Josephine, 35, were killed early yesterday by an automobile as they walked along a Seattle road.

The surviving children are Beverly, 16, and Robert, 17, who left home Friday night for San Diego to receive boat camp training in the Navy, and these younger children: Harry, 14; Darrell, 13; Flora, 12; Keith, 11; Jonny, 8, and Vickie, 5.

Coroner John P. Brill Jr. said a chaplain at San Diego said he would aid in getting a leave or discharge for Robert.

Meanwhile, assured of aid by relatives, Beverly said she hopes she will go about it, she didn't know.

Climbers Are Nearly At Top Of Mt. Everest

KATMANDU, Nepal (AP)—Swiss and Nepalese mountain climbers trying to scale the world's highest peak were believed today to have either conquered Mt. Everest or to have failed in their attempt.

A nine-day-old report, brought here yesterday by native runners, said the Swiss-led expedition then had established its eighth camp only 150 feet from the top of the more than 29,000-foot-high Everest.

That, itself, is higher than man has ever climbed and lived to tell it, because it would hardly be possible for them to remain long at such a height.

Experts said they were certain that by now "the attempt is over and the Swiss are on the way down, whether they have won or lost, because it would hardly be possible for them to remain long at such a height."

Blues In The News By BOB ANTHONY

Nine NAAS men will be getting their gear together and packed away this week in preparation to heading out Thursday. They are Stanley Tate, Donald Rogers, Ted Rodinsky, Edward Goddard, John Fisher, Bertram Bench, Robert Sellers, Ralph Elliott and Earl Keister. All these men have been stationed here in Sanford for a fairly long period of time and most of them will now be heading for a tour of sea duty.

Returning to NAAS over the weekend was Les. G. Fraboni. Les returned back to duty here after a stay as a patient at the Naval Hospital in Jacksonville.

Three men aboard the station have received approval of their requests to attend various naval service schools and they will all be leaving Sanford within the next month. Louis "Vince" Vinciguerra will be going to the "Class VI" Yeoman school in Norfolk, Va. for 14 weeks after which he will return to Sanford for duty. He is attached to the NAAS Personnel Office.

Don Brendel is happy his request has been approved to attend the "Class VI" Yeoman school in Norfolk, Va. for 14 weeks after which he will return to Sanford for duty. He is attached to the NAAS Personnel Office.

Van Fleet's Wife Arrives For Visit After 19 Months

SEATTLE (AP)—Mrs. James A. Van Fleet flew to Korea tonight and got a warm hug and kiss from her soldier-husband whom she hadn't seen in 19 months.

It was the first reunion between the U. S. Eighth Army commander and his wife since April, 1951, a year before their only son, Lt. James A. Van Fleet Jr., was lost on a bombing mission over North Korea.

Mrs. Van Fleet also received a warm welcome from South Korean President and Mrs. Syngman Rhee, government officials, and tiny Korean girls who presented her with bouquets of flowers.

The general's wife arrived in a twin-engine C-47 transport at an airport just outside Seoul.

When she came to the door of the plane, Van Fleet grabbed her under the arms and swung her to the ground. Then he hugged and kissed her.

As the big, ruffled four-star general reached out his arms to her, the slender, gray-haired Army wife said simply, "Jimmy."

"Hello, darling," Van Fleet said and lifted her to the ground. As soon as she got her breath, Mrs. Van Fleet turned to the group of dignitaries and newsmen who surrounded her.

"It's wonderful," she said, "it's wonderful, it's been over a year and a half."

"I can't explain how it feels now that I am with him again."

"It seems like home again."

Since he came to Korea in April 1951, Van Fleet has never left the combat zone.

6 Persons Die In Wreck Involving Auburn Students

OPELIKA, Ala. (AP)—Six persons died in the blazing wreckage of two cars near here Sunday night—four Auburn students, a young expectant mother and her brother.

Two victims were 19-year-old twins. None of the persons in either car was yet 20.

Six Auburn students, four now dead and two critically injured, were returning from a football weekend in Columbus when tragedy overtook them 14 miles south of Opelika. They were taking a shortcut to the college.

The dead Alabama Polytechnic Institute boys were listed by Opelika, Ala. police as Mark Brown Jr., 19, Montgomery; Maurice Miller, 19, Columbus, Ga.; and Bob Williams W. Hargett, twins from Columbus.

In the other car, Mrs. Donald Faye Hood of near Opelika, who was to have had a baby in December, was thrown out and killed immediately. Her brother, Frank Abercrombie, 18, Phenix City, died of burns and injuries five hours later.

Mrs. Hood was reported to be only 17.

Her husband, Donald Hood, 19, was listed as in fair condition at the Lee County Hospital in Opelika. Two Auburn students were in serious condition at the Auburn infirmary.

Patrol Sgt. E. L. Coxwell said Mrs. Hood and one of the students were thrown clear, but the other seven victims were pinned in the burning vehicles. An unidentified motorist pulled four from the blazing cars.

Sgt. Coxwell gave this account: The two right wheels of the car driven by one of the students ran off the right side of the paved road as the vehicle came over a hill.

It veered along the shoulder while the driver apparently tried to steady the car back on the road. Instead, it swerved crazily to the left directly across the highway.

The oncoming car containing the young couple and Mrs. Hood's brother hit it broadside. Both cars overturned and flames licked up immediately.

TO GET TROPHY
WASHINGTON (AP)—James H. Doolittle will get the annual Wright Brothers Memorial Trophy this year for his contribution in aviation. The National Aeronautics Association announced last night.

League Of Voters Is Staging Convention

WASHINGTON (AP)—The National Board of the League of Women Voters began a week-long meeting here today to lay plans for carrying out the program adopted by the league's convention in Cincinnati last May.

The program includes measures to help world peace, with emphasis on use of the United Nations; and means to improve congressional budget procedures, in order to get more responsible and economical federal spending.

NOW! YOUR CHOICE OF GLASS OR ALUMINUM LOUVERS IN

The Original, Time-Tested

Florida Jalousie WINDOWS

ALUMINUM:

Maximum shade...greater privacy...complete storm and hurricane protection...protection against breakage from inside.

GLASS:

Unobstructed view...avoidance of dim-light eye-strain...wind-and-rain protection...admission of cheerful sunlight.

Both glass and aluminum louvers of FLORIDA JALOUSIE WINDOWS seal tight against wind, rain, cold!

Both are encased in aluminum frames with protective finish of baked aluminum-enamel!

All FLORIDA JALOUSIE WINDOWS provide louvers, frames, and screens in one complete unit. All combine durable materials with rugged construction, to give you longer wear. All are now selling at the lowest prices ever!

See your friendly Florida Jalousie Dealer TODAY!

ROK Soldiers Drive Chinese Off Vital Hill

Tough Hand-To-Hand Fighting Marks Recapture Of Blood-soaked Sniper Knob

By WILLIAM C. BARNARD
SEOUL (AP) — South Korean infantrymen in savage hand-to-hand fighting, blasted Chinese Communists off a vital knob on blood-soaked Sniper Ridge, lost to 175 screaming Reds a few hours earlier.

Even as the battered Chinese recoiled back from Lucky Point, a new Red buildup was spotted at the northern end of Sniper. Allied planes, tanks and artillery hammered the Communists with high explosives and searing napalm.

Ten U. S. B29 Superforts last night pushed the Korean air war into the doorstep of Manchuria. The B29s smashed Chonak, a Red mining and processing center within sight of the Yalu River and set off a chain of huge fires and explosions. Other Superforts blasted a Communist ammunition dump near Pyongyang, the North Korean capital.

The bitter fighting for the Kumhwa ridges on Korea's Central Front roared into its 36th straight day when 80 Chinese attacked Rocky Point at dawn. The Point is an important knob on Finger Ridge, which juts out from the main line of Sniper.

A first Red assault was hurled back to close quarter fighting. At 10 a. m. 175 fanatic Chinese lashed out at the Point again. This time they smashed through the Republican defenders.

But, before they could consolidate their gains, the ROKs came charging back. By early afternoon the South Koreans had regained Rocky Point and the Point is now in their hands.

Further north, Communist groups up to a company (150-175 men) in strength were seen gathering in the dense and gutless woods around the end of Sniper itself. The buildup was steady and an attack seemed imminent. U. N. planes, tanks and artillery spewed a rain of fire on the Communist positions.

Elsewhere along the frozen front, ground fighting was limited to minor probes and patrol actions. A U. N. Eighth Army division of 2,627 casualties in ground fighting between Nov. 8-14, less than half the previous week's total.

ROK Governments Planning Welcome For Ike Eisenhower

By BILL SHINN
PUSAN, Korea (AP) — The South Korean government has reversed its attitude once again and is planning a super-deer welcome for President Dwight D. Eisenhower, whose proposed visit to this war-ravaged area is to be shrouded in utmost secrecy.

A 15-man committee headed by acting Prime Minister Paik Tong-jin is making plans for the show-up. The committee is composed of members of the executive, legislative and judicial branches and four patriotic organizations.

The government will foot the bill for flower carts, posters, banners, arches and the full regalia of a Korean reception.

A government spokesman earlier had promised the biggest spectacle in Seoul's long history.

A special cabinet meeting was called for the formation of the committee.

The government said previously that it might call off its original plan to give a big public reception for Eisenhower for security reasons. But the light is green.

Special precautionary measures to insure security for Eisenhower have been set up by the Army and Navy.

Local government authorities throughout South Korea will hold welcoming rallies for Eisenhower regardless of his appearance in the area, a government spokesman said.

"Left-Over Sums Are Candidate's" — Ervin

TALLAHASSEE (AP) — A candidate may do what he pleases with any campaign funds that are left over after the election, Atty.-Gen. Richard Ervin said today.

Ervin advised Charles E. Fisher, chairman of the Ploestis County Republican Executive Committee, the campaign spending control law is silent on the matter of disposing of fund balances.

"It was undoubtedly the intent of the Legislature that this matter be one within the discretion of each individual candidate," Ervin said.

ELECTED NURSES' HEAD DAY

DAYTON, Ohio (AP) — Florida League of Nursing Monday elected as president Mrs. Vivian Dunsbury, dean of the school of nursing at Florida State University.

The league was created Sunday by merging the Florida Association of Public Health Nurses and the Florida League of Nursing Education.

Planning Combat Cargo Airdrop

Combat Cargo, Korea — Studying a map of nearby terrain in preparation for a 215th Air Division (Combat Cargo) airdrop of the 18th Regimental Combat Team, these men, all of Florida, go over the proposed site of the airdrop. Left to right they are Lt. Paul Hodges, 2048 Palmolive Avenue, Sanford; 1st Lt. F. E. Carey, 2604 SW 28th St., Miami; Capt. John P. Noyes, 926 S. Orange, Winter Park; Sgt. James E. Williams, 1120 Duval Avenue, Ocala; and Sgt. Daniel O'Donnell, Box 104, Ocala. The U. S. Air Force C-119 Flying Boxcars of the 404th Troop Carrier Wing took part in the four-day maneuver, one of the most successful of the Korean War. (U. S. Air Force Photo)

Navy Fliers Pot 2 Russian MIGs In Sea Of Japan

Third Is Damaged In Action Yesterday Near Task Force 77

WASHINGTON (AP) — The Navy reported today that two Russian-made jet fighter planes had been shot down at sea only 35 miles from a U. S. task force 77 off the East Coast of Korea.

A third Russian-made aircraft was damaged in the action, which took place late yesterday. The Navy said it placed the scene in the Sea of Japan, about 100 miles southeast of Chongjin. It said Navy jet pilots shot down the two MIG-15's.

Although Navy planes were credited with one of the first drawings of a MIG jet in the Korean War—in the autumn of 1950—Navy and Marine air encounters with the enemy fighters have been rare. Only five MIG kills having been credited to Navy and Marine pilots throughout the conflict.

The Navy had few details of the action but was able to report that four Panther jets flown by pilots of Reserve Squadron 781 from Las Alamitos, Calif., fought the battle near the task force late yesterday.

One of the American planes was hit during the encounter but was able to return to the carrier Oribany, floating home base for the 7th Fleet.

One MIG pilot was seen falling out of a second Red plane was last seen in a steep spiral dive and smoking badly. A third MIG broke up in action after having been damaged.

Former Cops Plead Guilty To Charges

TAMPA (AP)—Six men, two of them former Tampa policemen and another city employee, pleaded guilty today to charges they were members of a four-county cops and robbers burglary ring.

The six entered surprise pleas of guilty in Criminal Court as their trial was about to begin. Andrew M. Yelvington and Carl D. Overstreet, who were members of the Tampa police force at the time the ring was operating, were two of the men.

Joe B. Bowers, city water department employee and son of a Tampa detective, was one of the admitted burglars.

Reputed ringleader of the band was John J. Finn, who escaped from the county hospital here where he had feigned illness, and was captured in Cincinnati by the FBI three weeks ago.

Others were Armando Pino and Loy B. Dorris.

Mickey Rooney Is Shaky As He Weds For His 4th Time

Rooney's diminutive film actor, filtered and fumbled for the ring this morning as he married for a fourth time following a surprise elopement from Hollywood.

The bride, a flame-tressed comparatively unknown model, who had been told they'd be wed at the Flamingo Hotel, the couple was married by the Rev. Thomas Daly at the Wee Kirk of the Heather Chapel. Then they hurried to El Rancho Vegas Hotel, registering as Mr. and Mrs. Joseph Yule-Mickey's real name.

Rooney's former wives were actresses Ava Gardner and Martha Vickers, and an Alabama beauty Edward J. Welch, who operated the wedding chapel. Said Rooney appeared nervous and had trouble locating the wedding ring. The ceremony was performed about 2 p. m. The little star wore a gray suit and his bride a black dress with no coat, hat or flowers.

Both gave Los Angeles home addresses and the bride said she was divorced in Butte, Mont., last September.

Red Duff, the Rooney press agent who first announced the elopement, identified the bride as Elaine Kelkin, apparently her professional name.

"I'm really in love," enthused Mickey, who met Elaine at a party about two months ago before he left on an entertainment tour of Korea.

Bids To Be Asked For Fish Hospital

Action will get underway for bids on the Bert Fish Memorial Hospital for Sanford about the first of the year, according to an announcement made in the November issue of the magazine, "Construction in the South."

The magazine states in a section entitled, "Southern Construction Projects," the following: "Sanford—G. Medwin Peck, DeLand architect, announced plans will be released for bids about January, 1953, for Bert Fish Memorial Hospital; \$200,000."

Already, a County Hospital bond issue has been approved by voters of the County which allows a limit of \$200,000 for hospital construction.

The Fish estate already has built a hospital at DeLand and has expressed the intention of building a similar hospital here. Backers of the County Hospital bonds worked from the standpoint of insuring a hospital here in campaigning for passage of the bonds.

Growers To Protest Citrus Price Offer

ORLANDO (AP)—The Florida Independent Citrus Growers Association has called a meeting here Wednesday to protest prices growers are being offered for the current crop.

Barney Cohen, association president, said growers are offered from 60 to 80 cents a box for oranges on the tree and 15 to 25 cents a box for grapefruit on the tree.

He criticized Florida Citrus Mutual for what he termed failure to strengthen the citrus economy of the state. Mutual, a super-cooperative, controls marketing of a large percentage of the crop.

Plans Progress For Launching Of Sewer Program

Authorization for preparing detailed plans and specifications in a four-step sewer improvement program for Sanford was given last night by the City Commission to Robert M. Angus and Associates, Jacksonville engineering firm, which has made a survey of the sewerage system.

Cost of the program being studied by the City is \$1,216,507. A method suggested by Angus last night in securing revenue for the project would be to charge a fee to local residents for each of their sewer connections. Under this fee system discussed last night, the charge for a four-inch small house with five plumbing fixtures would be \$2 per month.

In other action, the Commission tabled a motion on installation of parking meters in a City-owned parking lot, accepted bids for the purchase of new pipe and meters for the Water Department, okayed the use of the Municipal Stadium for the Orange Academy, East's High School football game and approved an accompanying parade, and discussed a right-of-way problem involving the Sun Oil Company.

The discussion of the local sewer and water programs lasted until about 2:00 o'clock this morning with commissioners finally agreeing to have the engineering firm proceed with preliminary plans on the four-step sewer program.

These four steps with estimated costs are as follows: (1) Repairs to existing sewers, \$100,000; (2) Extensions to existing sewers so that every residence inside the corporate limits of the City can have sewer service, \$342,000; (3) Construction of reinforced concrete box drain to carry the waters of the creek east of City Street, \$225,000; (4) Construction of a new system of (Continued on Page Six)

Plans Are Made For Penney's Expansion

Plans for expansion by the J. C. Penney Company in Sanford were denied yesterday with the filing of a lease with the County clerk's office which shows the company is taking over Levy's Shoe Store immediately next door to the east.

The latter concern will be modernized and will include new fixtures, according to the manager. It was called a lost cause, but those who were fighting believed in what they were fighting for.

"My father fought on Missionary Ridge near Chattanooga, Tenn., but due to hard fighting and unsanitary conditions, he took sick and was carried by the Yankees. They took him to Rock Island, Ill. where he stayed as a prisoner of war for 14 months. When the war was over in 1865, he returned to Santa Rosa county to the sawmill business he had before he enlisted in the Confederate Army."

After the reconstruction period following the end of the Civil War, Mr. McCaskill's father served as a member of the Florida Legislature from the county of Santa Rosa. The Sanford man stated that there were some Negro members in the legislature at that time.

They never did take the Capital away from us, Pensacola is where they worked out from, for they took it not long after the war started. They didn't have any railroad though, for the Confederates tore it up as they were having to leave, so they had to work out by boat around the coast of the State.

It was called a lost cause, but those who were fighting believed in what they were fighting for. "My father fought on Missionary Ridge near Chattanooga, Tenn., but due to hard fighting and unsanitary conditions, he took sick and was carried by the Yankees. Eisenhower And Truman Sit Down To Discuss Problems Confronting Next President

Taft Asks Ike To Fix Time-Table For Legislation

Senator Lists Most Pressing Issues To Receive Attention

By JACK BELL
WASHINGTON (AP) — Sen. Taft (R-Ohio) called on President-elect Eisenhower today to fix the time-table for legislative action in the new Congress.

At the same time, Taft told a news conference he doesn't believe it will be necessary for Eisenhower to intervene in the choice by Senate Republicans of their new leaders.

He predicted the Republicans will fill major posts "without any battle." He declined to say whether he wants to be chairman of the Joint Policy committee or floor leader in the new organization.

But the Ohio senator said he believes Eisenhower should summon to the White House for weekly conferences the three top leaders in the Senate: the policy chairman, the floor leader and the head of the conference of all Republican senators.

Taft listed the following as the most pressing: 1. The budget, including possible reorganization of the Budget Bureau and establishment of a congressional budget commission. 2. Taxation. Taft said the decision on this could await budget action.

3. The question of whether the Government Reorganization Act, which expires in April, should be renewed. 4. Possible extension of price-wage and rent controls, as well as allocations powers, which expire on June 30. Taft said there had been some suggestions that these powers be ended immediately.

5. Action on proposed amendments to the Taft-Hartley Act. 6. Possible creation of a Com. (Continued on Page Six)

Legal Battle Of Giants Begun As Government Sues 3 Big Industries

CHICAGO (AP) — A legal battle of anti-trust cases in its magnitude involving big government on one side and three huge companies on the other, began today in federal court.

The government's civil anti-trust suits are breaking the links of E. I. Du Pont de Nemours & Co. and the Du Pont family with two other defendants, the General Motors Corp. and the U. S. Rubber Co.

These companies, plus 117 members of the Du Pont family and three Du Pont holding companies are charged with conspiracy to restrain and monopolize trade in violation of anti-trust laws.

WILLIS L. Hotchkiss, head of the Chicago anti-trust division of the Department of Justice, asserted the case will stand in a class by itself and will "divert all previous anti-trust cases in its magnitude."

Hotchkiss, in his opening statement, listed the top defendants this way: The Du Pont Co., the largest chemical company in the United States if not the world; General Motors, the largest manufacturing company in the United States; the largest producer of cars and other products; and U. S. Rubber is an industrial giant in rubber.

Hotchkiss also stated: "These giants do not stand in doubt but as one in a combination. The assets of these three companies are in excess of five billion dollars. Their gross sales are twice that sum. And their combined profits are in excess of one billion a year."

Welsh Presents Special Podium To Lions Club

11-Year-Old Wood Is Used From Old Port Mellon Dock

A podium, constructed from the virgin pine wood from the former Port Mellon dock which was submerged in the waters of Lake Michigan for 11 years, was presented to the Lions Club by Governor C. Welsh today. The newly varnished speaker's stand bore on its front the inscription: "A gift of the State of Michigan to the Lions Club of the City of Sanford, Florida, 1952."

Mr. Welsh explained that he had the 1200 lb. log, which he was watching the City use the old pier a year ago at the foot of McCall's Avenue, placed in a casket and carried to the dock of the dock and told the history of the wood and a brief dedication of the podium to the Lions Club.

THE WEATHER

Partly cloudy through Wednesday, widely scattered showers, southeast coast; slightly higher temperatures interior north portion tonight.

Both Men Appear Grim Before Hand-Shake That Inaugurates 15-Minute Confab

WASHINGTON (AP) — Gen. Dwight D. Eisenhower sat down with President Truman today for talks on the momentous problems which will confront him as the next President.

Eisenhower arrived at the White House at 10:15 p. m. and sat for 15 minutes with Truman in the Truman office for a 15-minute talk with no other present.

It was their opportunity to try to find out the nature of the differences from the political campaign when many harsh words were said.

"These giants do not stand in doubt but as one in a combination. The assets of these three companies are in excess of five billion dollars. Their gross sales are twice that sum. And their combined profits are in excess of one billion a year."

Hotchkiss, in his opening statement, listed the top defendants this way: The Du Pont Co., the largest chemical company in the United States if not the world; General Motors, the largest manufacturing company in the United States; the largest producer of cars and other products; and U.
