

REED IS CAPTURED IN PALATKA AND BROUGHT HERE FOR TRIAL

Alleged To Have Taken Jewelry And Other Articles RINGS WERE HIDDEN

IN TOOTH PASTE TUBE AND SHOWED MARKS OF OLD TIME STUFF

It was almost a foregone conclusion that when the bold burglar broke into the doctors' offices here and extracted therefrom the cocaine and morphine and other sleep producers that said burglar was either in the business of selling the dope to the different runners over the state or selling it himself or using it himself and the latter conclusion was the most obvious.

ROAD DEPARTMENT MEETS IN TAMPA TUESDAY, OCT. 26

TALLAHASSEE, Oct. 21.—A meeting of the state road department will be held in Tampa, Tuesday, Oct. 26, at the Hillsborough Hotel, at 10 o'clock in the morning.

DRUG ACT NECESSARY IN ENGLAND

LONDON, Oct. 4.—(By Mail).—The dangerous drug act now enforced here is designed to reduce the use of habit-forming drugs which has grown very rapidly here during the last few years.

PETROGRAD IN HUNGER BUT ORDERLY

LONDON, Oct. 21.—Conditions in Petrograd are described as "in hunger and want but order," by H. G. Wells, British author on his return from Russia.

White Man Beaten By Orlando Mob

MYSTERY ABOUT CASE SAID TO HAVE BEEN ONE OF ASSAULT.

A masked mob, estimated at between fifteen and twenty men, overpowered Officers Nettles and Barnes at 309 American street, Orlando, about 11:30 last night and took from them J. E. Howard, whom the officers had placed under arrest and were preparing to place in an automobile in order to convey him to the police station.

Howard was carried away in an automobile by the mob and at a late hour his fate has not been made known. Sheriff Gordon is reported to be after the mob.

According to police headquarters, Officers Nettles and Barnes answered a telephone call that came from the neighborhood, stating that there was a disturbance of some sort out in that part of town, and to come to 309 American street at once. When they arrived at this address they were met at the door by Mrs. Howard, the wife of J. E. Howard. Upon their request to see her husband they were told to come inside, that he would not come out.

Asked if they saw any men when they approached the house, the officers stated that they had noticed only two men who were apparently accidentally in the neighborhood.

Polling Places Designated By Board

WELAKA BLOCK FOR NO. 1 AND COURT HOUSE FOR NO. 3 IN SANFORD

The board of County Commissioners for Seminole County, Florida, met at the call of their chairman, at 10 o'clock a. m., October 12. Present: Chairman L. A. Bramley, and Commissioners L. P. Hagan, C. W. Entz, O. P. Swope, and E. H. Kilbee, with V. E. Douglass, Deputy Clerk, and E. E. Brady, Sheriff, in attendance.

The Chairman announced that the purpose of this meeting was to take up the matter of holding the General Election to be held Tuesday, November 2nd, 1920, and same was freely discussed by the Board and other persons present.

The following are the places designated as the place of holding said election in the several precincts in the county:

- Precinct No. 1, Sanford.—Welaka buildings on E. Broad Ave. Precinct No. 2, Lake Monroe.—A. C. L. Railroad Station. Precinct No. 3, Sanford.—Court House. Precinct No. 4, Paola.—Flower's Store. Precinct No. 5, Oviedo.—Lawton building. Precinct No. 6, Geneva.—Town Hall. Precinct No. 7, Chulota.—Snyder's Store. Precinct No. 8, Gabriella.—School House. Precinct No. 9, Longwood. Precinct No. 10, Lake Mary.—Shollom's Store. Precinct No. 11, Altamonte.—Fulmer's Store.

Clerk of this Board was instructed to have 30 new booths built and delivered to the respective precincts. Motion of O. P. Swope, seconded by L. P. Hagan, and carried, this Board of County Commissioners hereby requests the sheriff, Mr. E. E. Brady, to have a sufficient number of deputies on election day, to care for the election.

Mr. Whitcomb and Mr. Chittendon appeared before the Board and asked that the American Legion be permitted to have a dance in the Court room on the night of November 11th, same being Armistice Day. And in view of the position already taken by the Board in reference to the use of the Court room for this purpose, the above request was refused.

And on motion of L. P. Hagan, seconded by O. P. Swope, and carried, this Board recommended to the House Committee of the Valdez Hotel that they allow the American Legion to use the dining room of the Hotel free of charge for that night.

Banks Must Assist Farmers Many Ways

AMERICAN BANKERS CALLED UPON TO ESTABLISH CO-OPERATIVE WAREHOUSES AND ORGANIZATIONS

WASHINGTON, Oct. 21.—The report of the agricultural commission of the American Bankers Association said the bankers can and should aid farmers by assisting in the establishment of co-operative warehouses and selling organizations and unless the farmers can sell products with reasonable assurance of fair profit there will be an increasing tide of men drifting from the farms to the cities.

FIVE GOTHAM HOTELS SLICE BILL OF FARE PRICES—OTHERS NEXT

NEW YORK, Oct. 21.—Special Assistant Attorney-General Armin V. Riley, head of the "Flying Squadron," has announced that five hotels have promised to revise their restaurant price list to help reduce the cost of living.

HOLS ADOPT SUNDAY SCHOOL WORK GUIDE TO SPREAD DOCTRINE

SISTERVILLE, Va., Oct. 21.—Charges that bolshevism is being spread throughout Southern West Virginia under the guise of Sunday school work, were made here today by L. F. Black, state superintendent of Sunday school missions, in an address at the annual meeting of the synod of West Virginia Presbyterian church.

BIG APPLE CROP PHILADELPHIA, Oct. 21.—The crop of apples in Pennsylvania this year as a result of the mild weather in the last several weeks is estimated by the Federal Reserve Bank for this district at more than 21,000,000 bushels. Last year more than 7,000,000 bushels were produced.

Nation Wide Campaign On League

COX SAYS PROPAGANDA OF MISREPRESENTATION SHOULD BE PERFORATED

(By The Associated Press) WILMINGTON, Del., Oct. 21.—Governor Cox attacked the critics of Article Ten in a speech here today. He said a nation-wide program of misrepresentation against Article X was being circulated. He declared that congress only and not the League of Nations has authority to declare war and that the League council's decisions must be unanimous and not merely advisory.

CONNER AND DARLEY SHOT FROM AMBUSH—IS THIRD TRAGEDY NEAR MACCLENNY

MACCLENNY, Oct. 21.—Frank Conner and Frank Darley, white, were shot and killed about 5 o'clock yesterday afternoon, supposedly from ambush, while driving about six miles out from town. News of the double killing was brought here by parties who found the bodies and the sheriff and posse immediately left for the scene. No details of the tragedy will be known until the sheriff returns.

COMMISSION BEGINS PROBE OF GAMBLING IN WHEAT IN "PIT"

CHICAGO, Oct. 21.—The Federal Trade Commission yesterday began its investigation into the operations of the Chicago Board of Trade. The commission will investigate complaints of Gov. Allen, of Kansas, that the slump in wheat of recent date was caused by wheat speculations. The charge that speculators forced the price down six cents a bushel in one day and later attempted to begin a "farmer's boycott" on selling also will be looked into, it was said.

ARGENTINE PASSES THE BUCK TO UNITED STATES

(By The Associated Press) BUENOS AIRES, Oct. 21.—Argentine importers adopted resolutions to limit to the absolute necessities imports from the United States until improvement in exchange rates are made.

NEWPORT NEWS PAPER QUILTS

NEWPORT NEWS, Oct. 21.—The Evening Record, Newport News' third and newest daily publication, after an existence of slightly less than one year, announces its immediate suspension of publication, due, says the statement, to the constantly increasing cost of newspaper paper. C. G. Marshall has been editor of the Record, the publication being owned by a stock company.

WEATHER REPORT

For Florida: Generally fair tonight and Friday, except probably showers in extreme South portion.

Federal Board Will Hold Public Meetings To Consider Quarantine On Importing Fruits And Vegetables

WASHINGTON, Oct. 21.—Federal Horticultural board will hold a public hearing December 20th to consider the advisability of placing a quarantine on importation of fruit and vegetables to prevent the spread of the citrus fly.

COOLIDGE ALSO DENIES THAT HE SPOKE ON BOARD SPECIAL TRAIN

ON BOARD SPECIAL TRAIN, Oct. 21.—Gov. Coolidge denied in a statement today that he endorsed the League of Nations in an address of welcome to President Wilson at Boston last February on his return from Europe. He is campaigning through the Piedmont section of North Carolina.

COAL STRIKE IN ENGLAND LOOKS GRAVE

LONDON, Oct. 21.—The coal strike took a grave turn today when the railway men and transport workers announced they would strike in sympathy with the miners unless negotiations for settlement were opened this week.

G. O. Wallon and his mother-in-law Mrs. W. P. Blackman were in the city today from the Welaka ranch. Mr. Fallace is a contractor and has been busy on the concrete ships at Jacksonville. He is interested in concrete buildings and is looking over the prospects here.

C. T. Logan, of the Logan Mercantile Co., of Geneva, is among the prominent visitors to the city today from the Geneva section.

DEMOCRATIC COMMITTEE HOLDING BIG MEETINGS LAST NIGHT AT GENEVA

European Cities Are Cleaner

LARGE CITIES OF EUROPE ARE MUCH CLEANER THAN AMERICAN CITIES

(By The Associated Press) NEW YORK, Oct. 20.—The large cities of Europe in the point of cleanliness and tidiness of streets are far ahead of New York, Chicago, Cincinnati and many other cities in America, says Clyde A. Copen, manager of the Anti-Litter Bureau of the Merchant's Association, who has just returned from a trip of observation in Europe.

"In some sections of New York," he said, "I can see more street litter in one square block than in any city I visited abroad. Paris and London are models of cleanliness and comparative freedom of street litter of any description. This is due to the fact that the people abroad are more tidy than we who live in America.

"The city of New York countenances conditions that none of the cities which I visited would tolerate for a moment." Mr. Copen said that London has the best organized Street Cleaning Department in Europe, Glasgow, the poorest, and Paris has the best garbage disposal system.

Referring to the taxi-cab drivers and all chauffeurs abroad, Mr. Copen's statement said that they "seem to know their business and when in trouble, or about to run down a pedestrian, they apply the brakes instead of tooting horns. The chauffeurs in New York do just the opposite, hence the greater number of accidents and noises.

OFFICERS RAID CONTRACTOR'S OFFICE FOR TRUST PROOF

(By The Associated Press) NEW YORK, Oct. 21.—Agents of the state attorney general raided the office of John T. Herrick, attorney for groups of plumbers, stone cutters and heating contractors, the seized records will be brought before the legislative committee investigating alleged building material trust.

ARMENIA REFUSES TO ALLOW HOLDS TO CROSS BORDER

(By The Associated Press) PARIS, Oct. 21.—The Russian Soviets issued an ultimatum to Armenia demanding permission to transport Bolshevik troops through Armenia to connect with the Turkish Nationalists in Asia-Minor. Armenia refused.

PLANT FALL AND WINTER VEGETABLES

Many homes go lacking for fall and winter vegetables because the heads of the homes fail to plant a succession and variety of garden seeds. If the early fall garden plantings have been in wide rows, it will be a simple matter to make plantings now in the middles for winter use.

October and November plantings should be highly frost resistant; such as cabbage, lettuce, turnips, mustard, kale and onions. In order to maintain a warm temperature in the soil, give it constant stirrings with a rake or hoe or even a plow run very shallow.

Purple top white globe is probably the best variety of turnips to plant. The extra curled mustard, or what is known as ostrich plume mustard, is recommended. Of the many varieties of cabbage, Charleston Wakefield is probably most desirable for Florida. Romanesque lettuce is preferred for all general purposes. Dwarf curled kale is recommended for early winter planting in this part of the country. Kale makes a very delicious vegetable, can be used for a great many purposes, and makes an excellent green when boiled with fat meat. It is also a good salad plant.

If dwarf essex rare has not been planted in the family garden, C. K. McQuarrie, of the University of Florida agricultural extension staff, suggests that it be planted at once. This plant makes excellent greens and surplus provides a good green food for poultry. The family garden will go a long way toward keeping the home table supplied with wholesome foods at the lowest possible cost. Vegetables grown at home are clean and healthy, and almost essential in the diet.

Will Have Big Rally In Sanford Saturday Night

WOMEN TO GATHER AT THE WOMAN'S CLUB NEXT WEDNESDAY AFTERNOON FOR INSTRUCTIONS

People are becoming interested in politics this year as never before and whether it is the vital issues that confront us here in the South at this time is the incentive or whether it is the women coming into the party that is adding zest or whether it is the action of the County Executive Committee in making a county campaign that is stirring up the people but at any rate the committee meetings and the speakers have been meeting with great success everywhere and the people are aroused to the need of definite action and aroused as they have never been before in a national election.

Last night at Geneva a large crowd was present at the Town Hall and the people of the Geneva section were augmented by a large crowd from Sanford and other points. The meeting was called to order by R. J. Holly, one of the Sanford members and secretary of the committee, who introduced the following speakers:

Mrs. John Leonard, F. P. Forster, E. A. Douglass, George A. DeCoster, C. M. Hand, E. F. Housholder and J. J. Dickinson. Every question affecting the voter was taken up by the different speakers and the primary regulations that govern the voters in the national election after taking a moral obligation was stressed as well as the fact that the new women voters should see that all the women go to the polls and vote on November 2. Mrs. Leonard was given an ovation as she told in a clear and concise manner the duties of the women in regard to their new privilege as voters.

The next rally will be held in this city next Saturday night at eight o'clock at the corner of First street and Park avenue at which meeting there will be a number of local speakers to discuss the political issues.

It behooves every voter, men and women, regardless of their political creeds and beliefs, to be at this meeting and hear these speakers. Mrs. Leonard has consented to again address the ladies and the men on this occasion. At the Woman's Club next Wednesday afternoon at 3:30 o'clock the women will have a mass meeting to which all are invited and where several prominent speakers will address them and instruct them on the ballot.

If there are any precincts in the county that have not been visited by the committee that want them next week they can have a meeting by making their wishes known to the precinct committee member or to the secretary of the committee, R. J. Holly.

AMERICAN LOCOMOTIVES SAINT NAZAIRE, France, Oct. 21.—French railway stock will shortly be increased by 176 American heavy freight locomotives. They were shipped from America, dismounted, just before the armistice. They have now been set up and soon will be ready for service.

DRUM BEATS ALL THE BANKERS FOR PRESIDENT

(By The Associated Press) WASHINGTON, Oct. 21.—John H. Drum, of San Francisco, was elected president of the American Bankers Association today and Thomas B. McAdams, of Richmond, Va., first vice-president.

HARDING WILL STAY ON FRONT PORCH

(By The Associated Press) ON BOARD SPECIAL TRAIN, Oct. 21.—Senator Harding, on his trip to New York state, speaking at Rochester and Buffalo, returning to Marion tonight, ending the campaign outside of Ohio.

HARDING SAYS HE FAVORS SOME LEAGUE

ROCHESTER, Oct. 21.—Senator Harding said, "Surely the American people cannot take seriously the Democratic insistence that the Paris covenant shall still be considered as the Democratic platform and candidates insist. I have repeatedly spoken of such rejection with unflinching consistency. I have unflinchingly said we wish to associate with other nations to end war and promote and preserve peace."

### 77TH BIRTHDAY TELEGRAM.

Phoenix, Ariz., Oct. 9, 1920.  
M. F. Robinson,  
Sanford, Fla.  
Our Birthdays Wish.  
May the undertakers hate you, and the doctors wish you ill,  
May you never need a lotion, a portion of a pill.  
And may you live until you are older than the mountains in the moon;  
And your smiles full of wrinkles as an antiquated prune.  
(Signed)  
Thos. and Victor Anne Belle Clark.  
To which Mr. Robinson wrote the following answer:  
"When I outlive the mountains in the moon,  
May you live to regret that I died so soon."

### FLORIDA GROWS THE FINEST TOBACCO

Florida's production of highest grade leaf tobacco almost doubled in the four year period from 1916-1919, inclusive, according to the tobacco report of the census bureau, department of commerce and Florida tobacco growers received the highest average price per pound for their product of any tobacco producing state or district except Louisiana, according to the same figures.

Leaf tobacco sales by Florida growers amounted to 5,150,000 pounds in 1919, according to the government figures. In 1918, sales were 3,774,621 pounds; in 1907, 3,104,441, and in 1916, 2,805,533 pounds.

ed, according to the government report, an average price of 54.5 cents per pound Dec. 1, 1919. North Carolina's immense crop brought the producer an average of 53.6 cents per pound, while Kentucky, the heaviest producer, received an average of only 38.2 cents per pound. Louisiana producers received 65 cents per pound average but the government report states: "It is noted that for 1919 the highest prices were obtained for Louisiana tobacco, 65 cents per pound; Florida, 54.5 cents; North Carolina, 53.6 cents; West Virginia, 50 cents; Virginia, 47.4 cents. The high prices paid for tobacco grown in Louisiana is undoubtedly due to the demand for 'Perique' tobacco, which is grown only in that state."

## What a lot of argument there used to be about a woman driving an automobile

**T**ODAY she can "make a train" or fix a tire as well as anybody.

As soon as a luxury becomes a necessity the point of view changes.

Two or three years ago you would have listened to more varying opinions about tires than you could shake a stick at. Mileages, construction, treads and whatnot.

It's different now. Tire users are working towards a unanimous feeling.

You express it one way—the man down the street another. But sifted down it amounts to this:

That the only way to settle

your tire problem is to get a tire of known value and stick to it.

We recommend and sell U. S. Tires because their value is known.

There's no guess about it.

It was the U. S. quality policy which led to the perfection of the straight-side automobile tire, the pneumatic truck tire—two of the greatest additions to tire value that have ever been made.

As representatives of the oldest and largest rubber concern in the world, we are in a position to tell you something about tire values. Come in some day and talk to us.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

ROYAL CORD HOBBY-CHAIN UCCO-PLAIN

For ordinary country roads—The U. S. Chain or Visco.  
For front wheels—The U. S. Plain.  
For best results—everywhere—U. S. Royal Cords.

## United States Tires

GENEVA.

Mrs. Endor Curlett entertained at luncheon in honor of Mrs. W. A. Whitcomb, who is leaving soon to make her home in Sanford. Those present were: Mesdames W. A. Whitcomb, C. A. Raulerson, Roland Reed, W. L. Adams, L. A. Sheldon, Eicher and Endor Curlett and Mrs. Clifford Proctor.

The A. R. C. met at the home of Mrs. Clifford Proctor last Friday, the officers elected for the following year are as follows: Chairman, Mrs. Roland Reed; Vice-chairman, Mrs. Clifford Proctor; Secretary and Treasurer, Mrs. W. L. Adams.

The little daughter of Mr. and Mrs. C. F. Harrison who was seriously ill all last week is recovering slowly under the care of Dr. Simmons, of Oviedo.

Mr. and Mrs. W. G. Kilbee entertained a number of young people last Friday in honor of Mrs. Kilbee's cousin, Miss Anna Bex Flynt, of Forsyth, Ga. The evening was spent playing games and music and a good time generally. Mrs. Kilbee served as refreshments fruit salad, with saltines and cake and grape ice. Those present were: Mr. and Mrs.

Clifford Proctor, Mr. and Mrs. Ross Franklin, Mr. and Mrs. Carol Cuipepper, Misses Clare Harrison, Helen Moran, Anna Bex Flynt, and Messrs. Lester Brown, Ossia Flynt, and Culver Etheridge. Mrs. George Peters and Mrs. Carol Cuipepper have been seriously threatened with blood poison but under the care of Dr. Martin, of Ocofola, are doing nicely.

Henry Anonson, of Mussel Shoals, Aal, is visiting his father, Mr. H. Anonson.

Miss Edna Geiger and aunt, Mrs. Wesson, of Orlando, spent Sunday with Mr. and Mrs. Geo. Geiger.

Mr. Cleon Seig, of Jacksonville, is visiting his sister, Mrs. Carol Cuipepper.

UPSALA AND GRAPVILLE.

Mrs. Austin Williams, of Sanford, spent a day last week with Mrs. Viola Williams.

Lee Cruse, of North Carolina, has been visiting with his brother, Albert and wife for a number of days.

We understand that Clarence Berg-

quist, one of the A. C. L. shop force, is now boarding again with his sister, Mrs. E. W. Lundquist.

Mr. and Mrs. Andrew Bertleson and baby motored over to DeLand last Sunday, having Mr. and Mrs. Emil Magnuson with them as guests for the trip on a visit to their sister, Mrs. Adam Karr.

Miss May Dryden, a cousin of Mrs. Meeler was a welcome visitor at the Sunday school.

We were glad to see Mrs. John Borell able to be with her class again and getting the use of her foot after having run a rusty nail in it about ten days ago.

Fred Krell, another of the A. C. L. shop boys is off on his vacation this week, leaving Wednesday on the 85, with his wife and little daughter to visit for 10 days with his folks at Arcadia.

We are glad to have Mr. and Mrs. Volie Williams back again on their home place in Grapeville.

They have made a number of improvements, having installed electric lights and a telephone service in the house and are contemplating a number of others to their already pretty home. Little Volie was quite ill where they were but is all right now.

There was quite a party going over Sunday to Zellwood to visit at the home of Mr. Houston.

Mr. and Mrs. Edwin Peterson and their two daughters, Idaline and Edwina came over from Holly Hill with their nephew, and were joined with their brother's family in Grapeville and also by Mr. and Mrs. Edwin Lundquist and little Raymond, Mr. and Mrs. John Lundquist and Clarence Bergquist.

We think it is a pretty raw deal the school board has given to the country school children. Nearly all the parents were in the meeting on Wednesday night to protest as to the payment of the bus tax.

LOCAL AND PERSONAL

(From Saturday's Daily) Mrs. C. A. Raulerson is the week end guest of Mrs. David Speer.

Miss Eloise Keen is in the city from Washington, D. C. on a visit to her mother, Mrs. R. C. Keen and her sister, Mrs. Nathan O. Garner.

Mr. and Mrs. B. G. Smith, of Oviedo, are among the visitors to the city today, Mrs. Smith being the guest of Miss Annie Hawkins on Celery avenue.

The Democratic Executive Committee is having a big rally at Oviedo tonight. Among the speakers will

be Judge Householder, Judge Maines, J. J. Dickinson, George A. DeColtes, Mrs. John Leonard, C. M. Hand and several others.

Mrs. Richard L. Sellers, who has been very ill at her home at Lake Monroe for the past month, is improving very nicely much to the gratification of her friends.

Mr. and Mrs. Sandy Anderson have returned home after a visit to many of the larger cities of the north and northeast where Mr. Anderson was engaged in the vegetable and fruit business.

Among the out-of-town visitors to the city last night attending the dance at the Valdez Hotel were Dr. Cecil Butt, of Orlando, and the Whitner twins, the Misses Whitner of Tampa, all of them are well known here and their many friends were glad to see them again.

E. C. Shreve, of Indianapolis, is now night clerk at the Valdez Hotel and being an experienced hotel man is giving the many patrons of this popular hotel the best of service. Mr. Shreve came here from Harrisburg Pa., where he was in the hotel business for several years and has been with many of the largest and best hotels in the country.

Mrs. C. E. Secret, of French avenue, and her sister, Mrs. T. C. Chap-

man, of Seattle, Wash., motored to Orlando Wednesday afternoon on a shopping trip. Mrs. Chapman will leave today by way of New Orleans and Los Angeles, stopping while enroute with relatives in California and expecting to reach her home in Seattle by November 1st.

FIND THAT NEGROES IN JACKSONVILLE HAVE REGISTERED THREE TIMES

The registration officers in Jacksonville report finding a number of irregularities in the registration of the negroes. Some who have been convicted of felonies, others swearing falsely as to date of entrance in the state and place of residence and still others for registering three or four times.

Five hundred warrants have been sworn out and placed in the hands of the sheriff for arrests immediately and others will be arrested on election day if they attempt to vote. No charge has yet been made against Sanford negroes but it is understood that the registration books will be carefully examined and if irregularities are found the negroes will be arrested.

Representing an annual volume of business of \$6,000,000, the Palatka Grocery Association gave a banquet to the employees of the seven wholesale grocery concerns in that city, at which time it was pledged to increase this business to \$10,000,000 during the next year. Fifty-five grocery salesmen travel out of Palatka.

# NEW FERTILIZER FACTORY

## Will Be Started IN SANFORD As Soon As Possible.

The following from the Fernandina News-Record will be interesting to the farmers of Sanford, as the same proposition will be started here in the near future:

The moving of the general offices of the Seminole Oil & Fertilizer Company from Jacksonville to Fernandina recalls to mind an industry which is destined to play a large part in the redevelopment of Fernandina—an industry about which the general public seems to know very little.

On the northern end of Amelia island, half a mile or more from Fernandina and near the outer harbor, the large fish and oil plant of the Seminole Fish and Oil Company is situated, occupying with its hundreds of feet of docks and of its buildings and tanks, several acres of land. The catch of menhaden fish this season has been exceedingly large and there is a large amount of fish scrap now on hand at the plant.

Thousands of farmers have heard of fish scrap and talked about it, and many perhaps know that it is very valuable as a fertilizer material, but few perhaps know how the fish get into the fertilizer. The fish are caught by boats with nets, some 800 to 1,000 feet long, then conveyed to the factory, where they are handled by machinery and cooked by steam. They are then put through a screw press that presses the oil out and the scrap—which is the whole fish after the oil is taken out—is conveyed by machinery to the drying sheds. All scrap, before it is dried, is passed under a stream of sulphuric acid, which is used to keep maggots out, and at this stage is known as acid scrap. Acid scrap contains about 40 per cent of moisture and usually analyzes from 7 to 8 percent ammonia. When this scrap is thoroughly dried it will run over 12 per cent ammonia.

As a fertilizer material, fish scrap ranks first among ammoniates and is a soil builder of great value. Fish scrap being an organic material and therefore subject to decay, draws moisture and begins to become available as a plant food as soon as it is applied, regardless of the weather conditions, whether wet or dry. If the season is unusually wet, of course it protects the crop, because unless the ground is washed away IT STAYS THERE AND WORKS. If it is a dry season the scrap rots, as all animal material must, and the process of liberating plant food goes on.

The company has a fine fishing fleet and owns what is regarded as the finest fish factory in the world, which was very economically built and is economically run by farmers.

After making a thorough investigation of the fishing grounds of the entire coast, Florida was found to be the best for fishing because of the long season, which runs almost the entire year. Fernandina, on account of its ideal location, being only a

very short distance from the sea, was selected as a center for this great industry. This company also owns a smaller plant at Lewes, Del., and has just erected a small peat plant at Pablo Creek, Florida.

Fish factories are not dependent upon other factors for their supply of materials, hence as manufacturers of raw material are in a better position to supply materials when the demand is beyond the supply, as has been the case for the past few years.

The Seminole Fertilizer and Oil Company employs a large number of laborers and has caused many to come to Fernandina to work at their plant, thereby causing Fernandina to take on new life and activity. The pay-rolls are enormous each month and this means a great deal to the merchants, as this money is spent with them and placed in circulation in Fernandina.

This company is also constructing near Fernandina at the present time, a new mixing plant to turn out complete mixed fertilizers, to take care of their ever-increasing business. The Seminole has made rapid progress since its organization several years ago, and is destined to become an important factor in the fertilizer industry.

Aside from the scrap which is made from menhaden fish, the oil that is extracted from it in the pressing process is very valuable, and nearly 105,000 gallons of this finished oil was made last year. This oil is used by large paint and soap manufacturers and for various other purposes.

The officials of the Seminole company are all men of splendid business ability and the affairs of the company are being managed in a manner that must be satisfactory to all concerned, as the big manufacturing plant is apparently operated to its greatest capacity and with a minimum of expense, and the industry is being developed into one that will count a great deal in the future development of Florida and the entire South.

Fernandina is gradually coming back into its own with this and several other industries, not the least of which is the shrimp industry, another product of the sea, but a food product of great value. As a result of these industries, coupled with the great phosphate elevator of the Seaboard Air Line and the new docks of the Strachan Shipping Company, which will soon be in active operation, Fernandina is taking on new life and activity, and the business men of the city are planning to secure a paid secretary for their Chamber of Commerce to go after new industries which our superb harbor facilities warrants them in having.

### GOLD MEDAL OFFERED BY E. D. MOBLEY FOR SCHOLARSHIP WORK IN THE S. R. S.

(From Friday's Daily)  
The medal to be awarded under the following rules and regulations shall be known as the Mobley High School Medal.  
The object of this medal shall be to promote the scholastic interests of the students of the Sanford High School. The award of this medal will be the highest honor in scholarship made in the Sanford High School throughout the entire year.

1.—Those competing for this medal must be regular bona fide students in the Sanford High School. That is, the student must register within two weeks after school opens and carry at least FOUR studies offered in ONE of the following years as found in the Sanford High School Course of Study: Freshman, Sophomore, Junior, or Senior. Any student failing to remain in the Sanford High School throughout the entire year for any reason will be disqualified.  
2.—No student will be eligible to compete for this medal which is in four studies, which are being counted as the "four" studies mentioned in Rule 1, are being taken for the second time for any reason.  
3.—A student carrying four regular studies and also a fifth, either in that same year or another year, will not be disqualified. If that student carries five studies in the same year of High School work, the four highest averages will be counted in making the final general average in competition for the medal. If that student is carrying a fifth study which is in that same year or another year, the final general average of the regular four studies will be the only ones counted in competition for the medal.  
4.—No student will be eligible to compete for this medal whose deportment grade falls below 90 per cent, or its equivalent, for any one of the eight months during the school year.  
5.—A total of not more than five days absence on account of absolute necessity throughout the entire year will be allowed without disqualification. Absence on account of sickness will not disqualify.  
6.—No personal element will enter into the award of this medal. Absolute averages will make the decision. The final average of the four studies taken in the competition will be added together, and the sum will be divided by four to establish the grand average for each student.  
7.—No student will be eligible to receive this medal two years in succession.

Signed: T. W. LAWTON,  
C. S. OGILVIE,  
EAST SANFORD

Mrs. C. Uchida has returned to Philadelphia to resume her study of voice. She expects to become a member of a symphony orchestra club this season.

Mr. and Mrs. W. W. Dressor and party are leaving New York City by boat expecting to reach Sanford on Sunday after spending the summer at their old home in Watertown, N. Y.

Mr. and Mrs. Walter J. Ward and son will not return to Salem, Mass., as Mr. Ward has accepted a position in Orlando with the Stocking Plumbing Co. They will go to housekeeping soon in Orlando.

Mrs. J. S. Moore's residence and store on Celery avenue are shining with a new coat of white paint.

Miss Mamie Steel was taken to DeLand on Sunday to see Dr. Ingram the eye specialist. Miss Steel has what Dr. Ingram said was an ulcer on the sight of her eye. She remained at the DeLand hospital several days under the doctors care. We learned Tuesday evening the eye was improving.

Mrs. Dock Hasty and little son are with her grandfather Mr. Davison on the West Side while Mrs. Davison is in Chicago for a few weeks.

Little Miss Elizabeth Stiles is out from town spending the week at the Zernevean home.

Mr. and Mrs. W. L. Henley, of Celery avenue, had as dinner guests on Sunday, Rev. J. G. Patten and Mr. and Mrs. J. W. Corley and son, Joe, all old time friends. Mr. Patten has been conducting the services at the Presbyterian church.

Thomas Dunlap, of Celery avenue, has been hit with the malaria. M. A. Jackson also was hit with the same disease for some time.

We have been accused of not sending in all of the important items. The snake is now quite old, having been killed a week ago last Sunday by Mrs. A. Corpany with the family hound by her own self. It measured 20 inches from tip to tip and sported a fine button. Oh yes, it was a regular diamond back of the first water.

Mrs. Tina Warren Beatty and Reuben Hardy were married Saturday evening in town. We hear they will live on Celery avenue in the house formerly owned by J. F. Hickson, now owned by John Russell. This is Tina's third matrimonial venture and she has our sincere good wishes that it may be a happy one, as "three times and out" is a good old omen.

Two fine large stacks of hay were to have been set by colored children burned up last Saturday. It was said Blaying. We understand this property is managed by the American Produce Company. The neighbors turned out and helped fight fire or four more stacks, some barns and tenant houses might also have been burned.

The Geneva ferry bridge is open for travel again although the repair work is not fully completed.

### WHAT THE LEAGUE OF NATIONS MEANS TO US

To Editor Sanford Herald:

I note by your paper that the Republicans are to hold a rally in the city and I wish to put a few facts before the voters so they will not be misled by the gentlemen who are seeking office and will use the League of Nations argument as their issues. Most Republican speakers are now admitting there is no legal obligation, but point out there remains the moral. I wish to ask, shall we shun our moral obligation to cooperate with the other nations to preserve peace in the world? Can any one conceive of any moral obligation that is any better than to prevent by whatever means is possible, the slaughter of human beings. These same Republican speakers would have us believe that it would be up to the United States as an individual nation to preserve peace, and no other nation would have any part, and we would have to develop a huge army and navy for that purpose but the situation would be made to settle disputes, only by war, and we would be forced to perpetrate injustice, and that other nations are conspiring against us, and we would be forced to give up our freedom without recourse, and the sole object of the League is to create war, and the men who worked out the plan are our enemies, including our own representatives, and they are mentally unfit, dishonest and not to be trusted to help preserve the peace of the world, then what?

If the Republicans believe that the time has come when something should be done to reduce the possibility of a wholesale slaughter of human beings, and they are sincere in their opposition to the League of Nations, why do they not come forward and with some clear, definite plan as to how the situation should be handled? The nations have agreed that one of the first steps is to reduce national armament. Under such a plan it would be impossible to develop a military machine as powerful as the one Germany had, and Germany could never attempt what they did with a military machine inferior to the one she had.

Shall we go back to the old order and take our chance with the next war? If we do we will have to develop the largest army and navy in the world and with it subsequent perpetual taxation. The League of Nations is the greatest issue in the world, and is of vital importance to every man, woman and child. It is not perfect, but is that any excuse for us not to go in and help to make it perfect? Do we not find it necessary to make amendments to our own constitution at times? Suppose our forefathers had disagreed to such an extent that our constitution never would have been adopted, where would we be today? If the League of Nations should prove to be one-half the failure that the Hague Tribunal was, we would be in favor of discarding it at the

earliest possible moment. The Hague Tribunal is history, and it goes down as being an absolute failure, and the Republican candidate says it must be resurrected. The Republicans who are opposed to the League are opposed to it for one reason only, and that is their hatred of President Wilson and they are determined to defeat every move he makes. They organized the round Robin and notified the people they were determined to defeat him before one line of the peace treaty was written, saying he must not have such an honor, all honors must go to the Republican rulers.

Theodore Roosevelt, Jr., says "The Republicans won the war" and they will also declare peace; the common people had nothing to do with it, not even the brave boys who gave their lives and for that reason must not be given any consideration in the settlement of peace. They would have us believe that all the good in the world was vested in the Republican party, and that they are infallible, and it is necessary for our well-being to eliminate every other party but them. And they are going to see to it that they reign supreme regardless of whatever methods are necessary.

The kind of feelings that prompt us to enter the League of Nations should be looked at and compared with the kind of feelings that oppose the League. The League is idealistic; its opposition is materialistic, and the final, conclusive and absolutely unanswerable argument for the League of Nations is this. If not this, then what? What is the alternative?

### INDEPENDENT VOTER.

### NOTICE TO PUBLIC!

There seems to be a rumor being circulated that I have spoken to colored people about registering to vote. The rumor seems absurd and I am sure no fair-minded person could conceive such an act on my part. However, to set at rest any who may even entertain such an idea, I desire to state emphatically that the rumor is false. That I have not spoken to a single colored person either about registering or voting. That I am not in politics except to vote my convictions on the 2nd day of November and am perfectly willing that all others vote as their conscience dictates. This is fair, isn't it?

### J. E. SPURLING.

### HEALTH REMINDERS.

From State Board of Health.

Get vaccinated now and save regrets later. "No worse than a bad cold," is the phrase over which many a young man has fallen. The idea that whooping cough is a necessary disease should be put in the attic with hoop-skirts and powdered wigs. It's just as old-fashioned. Quick lunches go to make slow funeral processions.

Your automobile is registered isn't it? How about your baby? That well regulated children should have measles is another case of those ideas which should be consigned to the attic with relics of long ago. One hundred and seventy-six people died in Florida unnecessarily in 1919. They were not vaccinated. Birth registration is a parents duty and a child's right. Preach sanitation, teach sanitation and practice sanitation if you would know the joys of a prosperous town. Make cleanliness your motto and good health will be your reward.

### A FORTUNE ON WHEELS.

Guarded by the driver and eight other men, all heavily armed, this Speed Wagon carries millions of dollars between the Post Office, the Federal Reserve bank, and member banks in the city of Detroit. Over a period of four months this Reo has averaged better than a million dollars a day for its load, and has at times carried as high as \$7,000,000 to \$10,000,000. This money is wrapped in packages which average seven to a mail bag, each mail bag is placed in a separate iron trunk, and six trunks are carried in one load. Reliability of operation as well as speed are essentials for this work. A breakdown might have serious consequences. This made it necessary for the Federal authorities to select a truck whose reliability was proven.

If there are any merchants in Sanford who think people do not read the advertisements in the Herald let them make a mistake in prices and see how quickly the people call it to their attention. People are reading advertisements in the Herald as never before and they read the small ones as well as the large ones. If you are not advertising these days you are not getting your share of the business.

Try a Herald Want Ad—It pays.

LOCAL AND PERSONAL

Full line of office supplies at all times at the Herald office.
You want post cards to send to your friends everywhere. Get them at the Herald office.
Come in to the Herald office and see the new line of box papers and stationery. Prices on these goods will sell them quick.

Public speaking at Lake Monroe tonight under the auspices of the Seminole County Democratic Executive Committee.
Don't forget the Democratic rally in Sanford Saturday night at eight o'clock. Several prominent speakers will be present to present the vital questions of the day.

Miss Lucy Bird Smythe, daughter of Mrs. Campbell, of the Valdez Hotel, motored to Miami Sunday with the Houstons of Jacksonville, where they will spend a few weeks.
Mr. and Mrs. J. B. Lawson and Mr. and Mrs. Henry Purden with their little daughters, spent yesterday at Daytona Beach and New Smyrna and other east coast points of interest.

Charles Wentworth left today for Miami where he will take a position with one of the printing firms of that city. He has been with the Herald Printing Co. here for the past year and has many friends who hate to see him leave.
Edwin Meisch and Sherman Moore spent the week end with home folks coming home from the University of Florida in Edwin's auto and returning early today. The Sanford boys are making a fine reputation at the University.

Mr. and Mrs. J. K. Mettinger left yesterday for their home in Jacksonville after a pleasant visit here to friends and relatives. Being old residents who were identified with the upbuilding of this city their many friends here were loath to part with them and hope they will come again to stay.

On Friday night Miss Eleanor Roberts delightfully entertained with an dinner party in honor of Miss Annette Walker and Mr. Ernest Gormley, having reached their 16th respective birthdays, once more. They were duly presented with two fine birthday cakes, each bearing upon the traditional candles.
Covers were laid for Misses Julia Laing, Annette Walker, Eleanor Roberts, Mrs. Morris Spencer, Messrs. Ernest Gormley, Burke Steele, Geo. Walker and Morris Spencer.

EXPERT VULCANIZING
THE INSIDE IS IMPORTANT.
Don't forget that it is just as necessary to have your inner tubes strong, flexible and durable the same as your outer shoes, and our vulcanizing process will do this for you. It's the best tire insurance you could put your tire money into, for it doubles, often triples, the life of both tires and tubes. We are vulcanizing specialists.

## NEWS OF WOMANS CLUB

### Social Department Holds First Meeting Of Season

#### SOCIAL DEPARTMENT

(From Friday's Daily)  
The social department of the Woman's Club held the first of the fall meetings, Tuesday afternoon, with an unusually large attendance for the opening meeting.

Mrs. A. P. Connelly, the new chairman of the department, made the membership—and it was a distinctively membership meeting—feel her enthusiasm in the short inspirational talk in which she presented the plans and programs for the year.

An important motion unanimously carried was "that each member of the department who will be unable to attend a meeting, will notify the hostess of the day to that effect."

In the social department, especially where tables are arranged for bridge and refreshments are served, it is essential that the hostess be notified and with the duties devolving upon her as entertainer, it should not be expected that she will call up each member to ask if they will be present. It is not supposed that members should require invitation to department meetings. Having joined the Club, with the year books at hand, there is no reason why a member of any department should fail in her duty or the obligation she has assumed, without a good and reasonable excuse for staying away. Mrs. Connelly was also hostess for the afternoon and at the close of the business meeting an interesting game of bridge was enjoyed and a fruit salad course was served at the refreshment hour. Top score was made by Mrs. B. W. Herndon to whom was presented a lovely basket of roses. Autumn flowers decorated the club rooms.

Mrs. Connelly was assisted in the discharge of her social duties by Mrs. R. C. Bower and Mrs. D. P. Drummond.

Mrs. S. Puleston will be hostess of the dance, October 26th.

#### Literature and Music Departments.

About midway of the club year of 1919-20 the Literature and Music departments of the Woman's Club decided to hold their meetings together thus hoping to secure a better attendance of the members of the department, and thereby create a more active interest. The plan worked admirably, the attendance did increase and the joint programs were wonderfully pleasing. Having tested successfully the new line of departure, the same plan is in operation for the 1920-21 program. The first regular meeting of the two departments was held Wednesday afternoon with Mrs. A. M. Phillips, chairman of the Music department, gracefully presiding. The meeting opened with a few pleasing words by the chairman, who announced the topic of the afternoon to be "Vacation Echoes" and that the study of the Literature department for the year would be "Florida," the Music department co-operating with music and songs by Florida composers.

The first musical number on the program Wednesday afternoon was "Florida, My Florida." Most delightfully rendered by the music department quartette, Mrs. Phillips, Mrs. Ed. Higgins, Mrs. Frank Woodruff and Mrs. M. M. Maines. Bob Walthour was the accompanist.

This was followed by vacation echoes from Mrs. L. R. Phillips, Mrs. A. D. Key, Mrs. Stella Arington, Mrs. W. L. Morgan and Mrs. W. B. Blackman representing the literary department, the meeting being thrown open to all present.

Mrs. Phillips gave a pleasing talk on her two weeks trip down the East Coast, including delightful reminiscences of a premier trip twenty-five years ago, and drew realistic and graphic comparisons between the Miami and Plant City of the "then and now."

Mrs. Key made one enjoy with her the delights of her vacation spent in Virginia with her, one visited Richmond, the White House and the Confederacy, enjoyed the museum, Lee's chapel, the natural bridge and in fancy, saw the statues of Lee and of Washington, the latter sculptured from the living model; "Monticello," the home of Jefferson and the University of Washington and Lee. Beautiful scenery and amusing little anecdotes of the state, its people and of individuals found a place in the charming recital.

In the salmagundi of Mrs. Arrington's interesting Chauquiagua experiences, bits of play and work intermingled with educational treats and rare opportunities to enjoy one's own particular hobby or lecture and to meet prominent and eminent people in the various departments of life. In answer to a question, Mrs. Arrington replied that she had met and heard Mrs. Thomas G. Winter, president of the General Federation, with whom she was most favorably impressed, giving as her opinion that Mrs. Winter would make an ideal president.

Mrs. Morgan, president of the local club, had spent her summer touring her home state, Florida, and spoke briefly on the pleasures of the trip and emphasizing a delightful visit at Miami with Mrs. John W. Dickson, the former popular president of the Sanford club.

Mrs. W. B. Blackman closed the vacation echoes with a pleasing little talk on the delights of spending one's vacation at home on a porch and touched briefly on the good things in store for those who would attend the Federation meeting at Tallahassee next month. Included on the excellent program would be a play, presented on the closing night, written by Mrs. Edgar Lewis, former beloved president of the Florida Federation, in which members of the Federation would take part.

The enjoyable program was concluded with a charming little song, "The Kiss in the Rain" by Mrs. A. M. Phillips. There was a good attendance of the members of the two de-

partments which sustains the faith of the officers in believing that this is going to be one of the most successful years in the history of the Club.

The music department held its business meeting immediately after the conclusion of their program at which time the election of the present officers was ratified. The official personnel of the department includes, Mrs. A. M. Phillips, chairman; Mrs. Gwynn Fox, vice-chairman; Mrs. Vance, Douglas, secretary-treasurer; Mrs. Frank Woodruff, house committee; Mrs. Schelle Maines, chairman of finance. The treasurer was instructed to pay into the general club fund, ten dollars on expenses.

If the optimistic plans of the department are carried out with the enthusiasm of their earnest leader, there will be programs throughout the year of unusual interest and "something different" will be an added attraction to devotion and hold the interest of not only department members but of the entire club.

There is wonderful musical talent

and ability represented in the club membership, vocalists, pianists, violinists, cornettists and other musical instruments have their talented players. Every musician who is a member of the club should and ought to be a member of the music department. Think it over, you musicians and help to build up the finest music department in the Federation. It can be done and what do you think of a club orchestra, as well as chorus, quartettes, trios and all the rest of the musical combinations. Let's begin and do it right now.

Club Meetings.  
Welfare Department, Wednesday, October 20, 3:30 p. m.

#### LOOKOUT CLUB ENTERTAINED

John Russell entertained the Lookout Club at his elegant new home on Union avenue on Wednesday night and having one of the finest homes in the state and being one of the best entertainers in the city the Lookout Club had the time of their young lives and at an early hour (in the morning) bade their genial host "bon jour" and then some, with the feeling that they had enjoyed the evening to the fullest. Music and dancing and a general good time helped to pass the hours all too quickly and a delicious luncheon was served during the evening. Among those present were the following: Mr. and

Mrs. J. S. Wilson, Mr. and Mrs. D. C. Marlowe, Mr. and Mrs. John Smith, Mr. and Mrs. Dan Smith, Mr. and Mrs. Ed. F. Lane, Mrs. S. M. Loyd, Mr. and Mrs. Reg. Holly, Mr. Archie Betts, Mr. Clarence Mahoney, Mr. and Mrs. B. L. Perkins, Mr. and Mrs. Chas. Britt and Miss Brain.

#### CONSIDERABLE INTEREST BEING TAKEN IN ARMISTICE DAY PREPARATIONS

(From Friday's Daily)  
At last night's meeting of the American Legion, the members of the local Post showed that they were prepared to make the Armistice Day celebration just about the biggest event that Seminole County has enjoyed for years.

Hofson Hall will be in charge of the army dinner to be served on that day and he with his force of K. P.'s are going to put on a good feed for everybody at a nearly unheard of price in these days of the H. C. L. Arrangements were made last night to secure a prisoner of war under the escort of an M. P. who will appear in the parade. Watch for him!

The tug-of-war between the army and navy will offer a new phase of that time honored sport. We promise you that it will be a real fight, for the teams will have an incentive to win that will be quite different from any prize that can be given. Come and see something new in the tug-of-war!

At Okeechobee R. L. Jennings is now having a large sugar cane mill erected and will have it ready for business in a short time. The Okeechobee News says that the new mill will have a capacity of five hundred gallons a day and will be driven by a twelve-horse power gasoline engine. The mill is of the newest style and will be complete and serviceable.

## Women Made Young

Bright eyes, a clear skin and a body full of youth and health may be yours if you will keep your system in order by regularly taking

The world's standard remedy for kidney, liver, bladder and uric acid troubles, the enemies of life and looks. In use since 1896. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

**ELDER SPRINGS WATER**  
THOMAS D. BAKER, Ph. D.  
Analytical and Consulting Chemist - Professional of Natural Science  
Emmett, Rollins College, Florida  
Private Laboratory of Rollins College  
Water Park, Fla., Nov. 21, 1918  
Mr. T. O. Charles  
Sanford, Fla.  
Dear Sir:  
I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:  
Color..... Clear  
Total Solids..... 1.75 parts per million  
Free Ammonia..... 60 parts per million  
Hardness..... 1.68 parts per million  
Albuminoid Ammonia..... Trace  
Nitrate..... Trace  
The absence practically of iron and aluminum compounds in this water and its very small amount of chlorine indicate its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent water sensation and LOW degree of hardness.  
The bacteriological analysis, resulting in an average total count, in four samples of the water, of 2 bacteria per cent, and in finding no coliform, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.  
Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Springs."  
Yours very respectfully,  
(Signed) THOMAS D. BAKER

Commission form passed in Tampa.

And the red flare was flashed from the watch tower.

The Tampa Tribune supported the commission form and the Tampa Times was against commission form.

Thank goodness, Sanford will not have to go through another city election embroglio this fall.

After the national election is over we will be fed up on elections for a long time to come and the man who wants to start something in the way of elections will get the cold shoulder.

And the thing that makes us feel good just the making of the national pendulum to Cox for president. He started out with the Republican machine all oiled up and working fine but Harding has been driving it in such erratic circles that the old machine is awful wobbly.

In another week the Republicans will be so badly licked at all points that even the campaign manager of the party will have sense enough to acknowledge it. The doubtful states are swinging into line for Democracy and the solid Democratic states are standing firm as Gibraltar for they are in the right and right usually wins.

But assurance of victory should not make the Democrats unmindful of the danger of overconfidence. Let every man and woman go to the polls and vote on election day and roll up the greatest victory for the Democratic party that has ever been recorded. And show them that the solid South is more solid than ever before and that we are alive down here even if it is a foregone conclusion that Florida will go Democratic. Don't let them cut down our majority.

**WISH THEY WERE HE**

"What happens to a man now if he happens to get bit by a snake?"  
 "Well," replied Uncle Bill Bottle-

top, "if there happens to be a little liquor around for an emergency, a crowd gathers around and congratulates him."—Washington Star.

**DR. A. E. PHILIPS.**

One of our best friends is dead and while expected for some time none the less the blow fell heavily on us even in our busiest hour and yet we would turn aside just a moment to drop our tribute on the bier of one who could well be classed among Nature's noblemen. He loved nature as few loved her and he wooed her in his few leisure moments as few have wooed and wedded her for if ever mortal man was wedded to nature and all the living things of earth and air Albert Edwin Philips was that man. And from this very love of nature he gained his broad knowledge of human affairs and could look upon the world with an understanding that was given to but few men. Kindly of heart, broad of mind, a Godly man and a true Christian in every sense of the word, an upright and upstanding man who followed the straight and narrow path from his mother's knee to the throne of God where he is standing today with a clean and clear record of deeds well done and a life well filled with good and noble acts and but few left undone when the summons came. His life could well be emulated by those who are left for it in we find a true example of man made in His image, living that might be a help and inspiration to others and entering into that other life where there is no sorrow, no care nor suffering. Pass on, old friend. You have not lived in vain and the world has been made the better for your having lived in it. Your memory will be kept green by those friends who knew you best.

**THE SCHOOL MUDDLE.**

The patrons of the schools and the school board seem to be as far apart on the question of paying for hauling the children to school as the two poles. It seems that the meeting held the other night produced no results and only fanned the flames instead of pouring oil on the troubled waters. Like all other questions this school question has two sides and both sides have their own opinions. The Herald really believes that the controversy was started by the fact that the school board was paying more for the hauling of the school children on the west side than they were on the east side. The people living in the city limits have merely been on-lookers in the controversy and yet the people living in the city are paying the bulk of the taxes. The majority of the tax payers feel that the children should be hauled to school as they have always been. At the present time and for some time to come this will be the only method of transporting them. Having the schools in Sanford is only carrying out the centralization method of education and building school houses at every cross roads in the district would not solve the question. Most of the children being hauled to the city school are ready for the higher grades and all of the children should be carried in comfort if possible. Everyone knows that transportation costs more as well as other things and the school board in levying the dollar a month were only doing what in their opinion looked reasonable and yet the people living in the county with five or six children feels the burden and naturally thinks that the children should be hauled free as they have always done. The Herald sees no reason why the school board and patrons and taxpayers should not get together on this question and settle

it peaceably. At the present time it seems hopeless but no question is so tangled that it cannot be settled calmly and deliberately and peacefully. It is something that is very important and as stated before seems to be a question of which side of town gets the most money.

**TALK ABOUT YOUR OWN**

If you have faith in your own ability—believe in the integrity of your house, and know that you are selling "the best line on the market"—you can't help but be positive in your selling talk. On the contrary, if you lack faith in these things you are bound to be negative.

The man who spends his time condemning other lines is not forcing the conviction upon his hearers that he is selling a better line. He is merely calling or directing attention away from his goods to those of his competitor.

Those who think, upon hearing a salesman of this type discourse on the inferiority of his competitors' produce can't help but wonder if it is the lack of merit in his own that keeps him from saying more about it.

This holds good when talking about your home town. Never mind the other town, its what you have that counts.

**COMMISSION-MANAGER FORM WINS**

The election to decide whether the people of Tampa wanted a change in city government or not was held in Tampa Tuesday and went overwhelmingly for good government. The Tampa Tribune comments on the result as follows:

They have done it for Tampa. By an overwhelming vote, that swept all opposition before it, the people of this splendid community, through the adoption of the commission-manager charter, have made this their mandate:

That we look forward, not backward.

That we look up, not down.

That partisan political government in purely local affairs shall no longer exist.

That in the great patriotic scheme for the rebuilding of our beloved city there shall be one irresistible thoroughness which shall not be hampered and retarded and made ineffective by the factionism and suspicion of political partisanship.

That in the work to be accomplished for the honor and glory of Tampa, Republicans, Democrats, Socialists and Independents and all factions shall put their shoulders to the wheel, not as partisans, but as fellow-citizens and neighbors, pledged to a great cause and determined upon a great achievement.

That municipal government in this city shall be a government for all the people by all the people.

That every civic officer and every servant, from the highest to the lowest, shall secure his place and hold his place on his individual merit, his fitness, his efficiency and his individual character.

That municipal government shall be a business proposition in which every man and every woman in this community is a stockholder and the commissioners their board of directors, who shall serve them and serve them with efficiency and faithfulness or suffer the sternness of being discharged from the public service.

The Tribune believes this great popular verdict of the people is the biggest thing that Tampa has done in half a century. The word will go out to the country that Tampa has taken steps that will insure a greater and more wonderful city; that

Tampa proposes not only to establish progressive municipal government, but a co-operative municipal government in which there shall be but one standard and one banner, and that the standard and the banner of civic patriotism.

The electorate by its mandate placed the keystone in the arch, and said that the people shall rule.

The Tribune rejoices with the people in their triumph. We have fought for them in this splendid cause with great spirit and enthusiasm, for the reason that we knew their cause was right. And right always prevails in the end.

We fought hard for Tampa's sake, for her material and moral advancement, for her honor, and glory, and for what is more important than all these things—government by and for the people.

Now that the triumph is won, let us proceed to the work in hand in a broad spirit of helpfulness, mutual trust and civic unity, with charity for all and malice toward none.

**THE "MATTER WITH AMERICA"**  
 (C. E. Knoeppel, in Graphite)

"What's the matter with America these days?"

Too many diamonds, not enough alarm clocks.

Too many silk shirts, not enough blue flannel ones.

Too much decollete and not enough aprons.

Too many consumers and not enough producers.

Too much oil stock and not enough savings accounts.

Too much envy of the results of hard work and too little desire to emulate it.

Too many desiring short cuts to wealth and too few willing to pay the price.

Too much of the spirit of "get while the getting is good" and not enough of the old fashioned Christianity.

Too much discontent that vents itself in mere complaining and too little real effort to remedy the conditions."

**WORLD WAR MEMORIAL DAY**

Sunday, November 14, is to be observed as World War Memorial Day, and President Woodrow Wilson has directed that on that date the American flag will be displayed at half mast on all public buildings and naval and military posts "as a token of the nation's participation in the memorial services held for the heroic American soldiers, sailors, marines and others, who gave their lives to their country in the world war."

Armistice Day, the second to be celebrated since the world vent mad with joy because great armies ceased their onward rush, will be observed appropriately on November 11. Armistice day is a day of rejoicing, of happiness and there is not in it that quality of reverent remembrance for our dead which is due those who fought the good fight and fell in the defense of their country's honor. Therefore the announcement of the World War Memorial Day is fitting indeed, and its observance should be universal.

**THE PROPER SPIRIT**

To editor of the Herald has always been an admirer of the Woman's Club of this city. The manner in which they go after things and the way in which they improve the city and take up the burden of making two blades of grass grow where one grew before appeals to us in many ways. And in reading in the Daily Herald the other day just what the women intend doing this year the

following from the notes of the club as coming from Mrs. Thomas G. Winters of the General Federation was very much to the point:

"There are big tasks lying before women—tasks that need such wisdom as we get from combined study—tasks that need the altruism we get from working together, tasks that need the energy we get from combination of effort. We want homes where the big things are made big and the little things are made unimportant. Where children can be well born and joyous and grow up to noble citizens ship. Where the family income is made to serve the highest family interests; where there are vigorous American bodies and minds. We want communities that are extensions of the home, where we shall be friends with each other, we people of all races, and creeds, where good schools, high standards of public health, recreation, beauty shall tempt the finest type of people to come and live with us, and bring up their children. We cannot get these things unless we all work together. We must put them into daily intercourse and good politics."

**THE PRESIDENT SPEAKS.**

"You have been grossly misled with regard to the treaty, and particularly with regard to the proposed character of the League of Nations, by those who have assumed the serious responsibility of opposing it. They have gone so far that those who have spent their lives, as I have spent my life, in familiarizing themselves with the history and traditions and policies of the nation, must stand amazed at the gross ignorance and impudent audacity which have led them to attempt to invent an 'Ameri-

cianism' of their own, which has no foundation whatever in any of the authentic traditions of the government.

"They (the creators of this government) thought of America as the light of the world, as created to lead the world in the assertion of the rights of peoples and the rights of free nations; as destined to be the responsible example to all the world do for the maintenance of right standards, both national and international."—Woodrow Wilson.

Hamilton county board of commissioners has refused to print the names of Republican candidates on the official ballot, on the ground that the supreme court of the state has ruled that there is no legal Republican party in the state of Florida. The contention may be correct, but if a few more counties will follow the lead of Hamilton, a Republican Congress would be justified in holding that there was no legal election in Florida and declaring that Republican candidates had as much right to office as Democrats. Hamilton has set a dangerous precedent: It pays to be decent, even in politics, we suppose.

A. W. Huston, manager of the Southern Utilities Co. plants in the South, is a visitor to the city being on an inspection tour. He is a guest of the Seminole Hotel.

H. M. Rumley, of Brewton, Ala., is back in the city for the winter. He says he has been merely spending the summer in Alabama as Sanford is really his home and he expects to come here for all time as soon as he gets through raising cotton. He will be with his brother John Rumley in the growing of lettuce and celery.

**Farms, Homes, Groves, Lots  
 YES SIR-EE  
 I HAVE THEM**

And a nice assortment too. Have assisted about forty persons in selecting investments since I have changed this advertisement with the valuation in cash around the \$100,000.00 mark.

Am in good trim and anticipating one of the most successful Winters ever known to our people. If you have something to sell, see me, or if you want 100 per cent for your money I promise my very best efforts.

My office is in the same building with Mr. M. F. Robinson, my phone number is 97 and the latch string hangs out.

### More People Are Coming to Florida

#### GOODRICH PEOPLE SIZE UP SITUATION REGARDING TOURING MOTORISTS

That the B. F. Goodrich Rubber Company sees more than the usual crowds for Florida is indicated by the following bulletin from the company's offices:

"Absent voters' ballots are in big demand this year—and the motor car's responsible."

"The reason is that winter vacationists are hitting the trail early this fall for the resorts in Florida and California. Formerly most of them started for the 'cold lands' in train and didn't start until nearly Christmas. This year they are going in automobiles and are starting early to take advantage of the good roads and fine fall weather."

"This premature exodus is causing election boards to be swamped with requests for absent voters' ballots. Few of the winter resorters—men or women—want to lose their chance of voting in the presidential election and consequently are voting before they leave their home cities."

"The increased use of motor cars by the winter vacationists is shown by the number of requests for vacation information reaching the Travel and Transport Bureau of the Goodrich Company. During the past two months, 15,000 Florida road maps have been distributed. The demand for California maps from persons east of the Rockies has been almost as great."

"The requests show that about 90 per cent of the winter resorters from the states east of the Mississippi will go to Florida for the cold months. Vacationists from the Mississippi valley are dividing in almost equal numbers to go to Florida, resorts on the Gulf, and to California. Practically all resorters from the Mississippi valley west are going to California."

"It is estimated by the Goodrich bureau that at least a half-million persons will take part in this winter migration. If the winter, in the north is severe, the number probably will increase to a million. A large majority of the vacationists will spend at least a month in the land of sunshine and flowers while many will spend the entire winter there."

"To accommodate those who intend to motor to the winter resorts, the Goodrich Travel and Transport bureau is collecting the latest information regarding the roads throughout the south and on the Pacific coast. Pathfinderers are now going through the territory to learn exactly what conditions will be encountered."

"The eastern route to Florida thru Washington, Richmond, Raleigh, Columbia and Augusta is recommended by the Goodrich bureau. The route through Cincinnati, Louisville, Nashville, Chattanooga, and Atlanta is laid in many places, particularly in bad weather. Anyone taking this route is advised to carry with them several strong tow lines, jacks, chains and a hand axe."

### The School Buss Question Up Again

#### HAS BEEN PASSED TO COUNTY SCHOOL BOARD FOR FINAL QUESTION

The school buss question has now been left to the county school board and they will settle it at their next meeting. This question has stirred up considerable discussion in the past two weeks. It seems that the new contracts for the hauling of the school children from the rural districts to the city schools meant an outlay of considerable more money this year than last and the city school board wishing to give the children better service, if possible, contracted for this service by letting out the hauling by bids as usual and the contract went to A. J. Lossing on the West side and C. E. Chorpene on the East side. The price paid for this service was so much more than formerly that there was considerable discussion from the East side and the West side and taking the matter of the cost up with the school board resulted in the board making it incumbent upon each child paying \$1.00 per month to ride on the school buss in order that the full eight months hauling could be met. The demand for payment to ride on what had all ways been free busses raised a big objection from some of the patrons of the school. Others paid their dollar. At a mass meeting in the court house the patrons of the schools from the different districts met with the school board but nothing definite could be arranged. The local school board passed it to the county school board and at another meeting of the patrons in the court house last Saturday night it was resolved to ask the school board to take of the tax of \$1.00 per child and haul them free as heretofore. It is now up to the school board to haul them free for six months and then stop as the funds will only last that long or to refuse to haul them free or not haul them at all. It is more than likely that the board will decide to haul them as long as the funds hold out and then take off the busses or devise some other way for taking care of the children. Bringing the children to the city schools is the best method of giving them the proper schooling and centralizing the educational methods and it is hoped that some way can be devised to haul them as heretofore and settle the matter in an amicable manner.

It is only another problem that the high cost of living has brought to our door. The people of Sanford have taken no part in this discussion and yet they are paying more in taxes than any part of the county and when the call came for funds to supplement the teacher's salaries the town people dug deeper than any other part

of the district and they reason that along with the high cost of everything it looks like the hauling of the children to school will have to be met in the same manner that other problems are met—square in the face and pay more money.

#### OVIDO.

Mrs. O. A. Marshall spent Monday in Orlando.

Mrs. T. C. Shupe and baby spent last Friday in Orlando.

Mr. and Mrs. Wren and Miss Wren of Fort Verde, Fla., returned home last week after a visit of several days to Mrs. T. C. Shupe.

About a dozen of the Oviedo young people went to Orlando last Thursday night to attend a lecture given by Dr. Derby on Christian Endeavor work.

Mrs. C. D. Lee left Monday for Gainesville where she goes as a delegate from the Methodist Sunday School to the Federation of Wesley Bible classes.

The revival services at the Methodist church closed Sunday night with a splendid service. Rev. J. S. Chapman left Monday for his home on the East Coast, to the regret of the congregations that had enjoyed his sermons last week.

Mr. and Mrs. J. A. Reed brought in town last week a specimen of the garden huckleberry raised on their farm this season. This fruit is something of a novelty for this section but its successful culture by Mr. Reed shows what Seminole soil can produce. The berries are rather insipid when eaten raw but when cooked with sugar and a little lemon juice make a most delightful summer dish.

G. M. Aric and B. H. Greer have opened a wood yard in Oviedo filling a long felt want in the town. As the sale of wood has been only a side issue with several different people, it has sometimes been almost impossible to procure sufficient fuel for ordinary use but now that Messrs. Aric and Greer have made this work their business, there is no need for the people of Oviedo to be without wood.

#### IRISH ANXIOUS TO COME HERE

DUBLIN, Oct. 18.—The proclamation of Dail Eireann prohibiting emigration has only had a slight effect and the American consulate is daily dealing with applications for passports. On a landing of the consul's office the Dail decree is displayed forbidding the emigration of Irishmen of military age and of all citizens of the Irish Republic without the written consent of Dail Eireann.

Intending emigrants are supposed to apply to the local Sinn Fein justices giving their reasons for leaving Ireland and full explanations must be forwarded to the Republican Minister for Home Affairs. Nevertheless the applications to the American consul continue, most of them, however, with women. From 100 to 150 is the daily average. Third-class passages to New York are said to be booked for months ahead.

#### YOUNGEST FRESHMAN AT COLUMBIA

(By The Associated Press.) NEW YORK, Oct. 20.—Edward Hardy, aged twelve, has qualified as the youngest freshman at Columbia University. He started to school at the age of three, and now he can master twelve languages.

#### ROOSEVELT SAYS REPUBLICANS APPEAL

(By The Associated Press.) GRAND RAPIDS, Oct. 18.—Democratic Nominee Roosevelt, charged Republican orators of appealing to racial hatreds and prejudices continue to "bear fruit long after election."

#### WILD CHARGES ABOUT INTERNATIONAL LEAD

"Wild charges about internationalism lead ill informed to believe other countries are plotting against us."

#### CALLS NEGRO VOTERS FROM REPUBLICAN PARTY

TOPEKA, Kans., Oct. 18.—An appeal to the negro voters of America to enroll under the banner of the Farmer-Labor party and denunciation of recent policies of both the Democratic and Republican parties marked an address here last night by Parley Parker Christensen, Farmer-Labor candidate for president.

#### MESWEENEY HAS BEEN FED WHILE UNCONSCIOUS

(By The Associated Press.) LONDON, Oct. 21.—Reports officially confirmed the report that Mesweeney had been fed on the seventieth day of his hunger strike during a period of unconsciousness. Doctors forced meat juice in his mouth.

#### GENEVA BRIDGE HAS BEEN PUT IN SHAPE FOR TRAVEL

but has not been finished. The bridge has been closed for the past week and all those who have business over there are glad to know that the bridge is again open for traffic.

#### SPEER'S BIG SALE STARTS TOMORROW

Keep your eye on the daily announcement. It will pay you. The nomenclature at this sale will demonstrate that Speer's Sale is no ordinary sale.

Bert Krogstad, professional golf instructor of the Edgewater Golf Club, of Chicago, and Dow George, who has been in charge of the Winter Park Golf Club for the past eight years were in the city today looking

at our prospects for a Golf course. The gentlemen went over some of the prospective courses near here and were enthusiastic over the chances of Sanford for a good golf course.

There will be a big Democratic rally at Geneva tonight in the town hall at which many of the prominent speakers will be present. Mrs. John Leonard will also speak and a big crowd is expected as Geneva is alive on the question of politics.

Mr. and Mrs. C. D. Brumley, of Chulota, were among the prominent visitors from Chulota today. Mr. Brumley has been ill for the past few days but expects to be all right again and says he is too busy to be sick. Mr. and Mrs. Brumley have charge of that fine hotel, the Chulota Inn, and are getting ready for a big winter season. Chulota is among the beauty spots of Fair Seminole county and when they get that good road running from Oviedo and from Geneva to Chulota there will be many Sanford people going out to the Chulota Inn for dinner and to visit the fine people of that enterprising section.

Wade Hampton, of Gainesville, was among the visitors to the city yesterday stopping at the Seminole. He is the son of W. W. Hampton, one of the most prominent attorneys in the state.

Lee Graham, of Gainesville, is in the city a guest of the Seminole Hotel. Lee is one of the officials of the First National Bank of Gainesville and one of the prominent bankers of the state.

Mayor Henry Titus, of Daytona, announces that he is going to "clamp the lid down tight" on that town; that he is going to enforce every ordinance in the city code. He states that he is going to close soda fountains, cigar stores, and everything else except drug stores, on Sunday. He does not state whether movies will be included, but it is presumed that it will. (He operates the movies in Daytona). Henry as a reformer will be worth watching.

Miss Lucy Byrd Smythe arrived by motor from Miami where she has been for several days visiting with friends.

Florida's finny tribe in its waters adjacent to Leesburg has conformed its accommodation to the tourist season this year. This information is confirmed by local angler, C. D. Kirk.

The student body of the University of Florida, Gainesville, took one of its greatest steps forward last night when the first organization took place in the university gymnasium.

A colony of 100 families from England will settle at Moore Haven soon if that section holds forth as much promise as Lieut. Col. W. F. Woodcock, late of the British army, believes it does.

# RESPONSIBILITY

RESPONSIBLE banking is the policy under which this institution has been managed since the first day the doors were opened.

That this policy is appreciated is indicated by the constant and gratifying growth in business.

It is the desire of the officers of this Bank to continue adding new accounts of those individuals desiring most efficient and responsible banking

On our record of RESPONSIBILITY your patronage is invited.

## Seminole County Bank

Is owned, controlled and managed by home people, who are interested in the development and upbuilding of Sanford and Seminole County

With our large resources and strong financial connections, we are in position to assist our customers at all times in the handling of their financial needs. LET US SERVE YOU.

4 Per Cent Interest Paid.

## Seminole County Bank

# Fordson

TRADE MARK

There are many Tractors clamoring for the patronage of the farmer. The very air is charged with the noise of claims. One would think that all the farmer had to do was to buy a Tractor and he would enter into the Millennium.

Well, consider this fact—there are a great many different makes of Tractors. Tractors have been on the American market for twenty years. In that time some three hundred thousand Tractors have been sold to the farmers in the United States. The Fordson Tractor has only been on the market two years, and in that time more than one hundred thousand Fordson Tractors have been sold to the farmers of the United States.

Two and two make four. Two and two always will make four. If the Fordson Tractor had not delivered more good work, more satisfactory work, more economical work, than any other farm Tractor, it would not have sold in the ratio of anywhere from five and more to one. "The proof of the pudding is in the eating." The proof of the superior merits of the Fordson Tractor is in its larger sale and use.

The Fordson Tractor then asks you to buy it because of what it has done for your neighbors. It asks you to buy it on its merits. It asks you to buy it, Mr. Farmer, because you have use for it every day in the year. All the uses for the Fordson Tractor have not yet been uncovered because new places where machine power can take the place of human power, where machine power can supplant horse and mule-power, are being found every week, and wherever such discovery occurs, the Fordson Tractor will fill the bill more satisfactorily than any other form of power.

The Fordson is simple in design, and it is very strongly made of the highest quality of iron and steel. It is the product of the greatest mechanical genius the world has ever known, and it is most economical in first cost and after expense. The Fordson Tractor on your farm will increase the value of every foot of ground in that farm. It will put more dollars and cents into every hour you put into the farm.

Now why not have a Fordson right away? Take up the subject with us. Come in and get the details, and all the particulars. It is only a matter of time until you buy a Fordson Tractor—that is sure. So don't put it off when it means money to you to act promptly.

### EDWARD HIGGINS

FORD DEALER

## CONFEDERATE VETERANS GRANTED SPECIAL RATES TO ORLANDO FOR REUNION SECOND WEEK OF NOV.

TALLAHASSEE, Oct. 18.—N. A. Blitch, Major General commanding, has issued a special bulletin to the Confederate Veterans of this state, setting forth the arrangements made for transportation to the Confederate Veterans Reunion at Orlando November 10 to 12, as follows:

Delegates will purchase regular one-way tickets to Orlando, obtaining certificate receipts from ticket agents at time of purchase of tickets. These certificate receipts when properly signed by Adjutant General Jaws and used by the depot ticket agent, A. C. L. or S. A. L. railway, Orlando, Fla., will entitle the holders to purchase return tickets at one-third of the regular one-way fare from Orlando to the original starting points. The securing of this rate is contingent upon there being at least 250 holders of certificate receipts.

The following parties are entitled to travel under the reduced rate as named above:

Members of the United Confederate Veterans.

A member of the family of a member of the United Confederate Veterans.

Members of the Sons of Confederate Veterans.

A member of the family of a member of the Sons of Confederate Veterans.

Members of the Confederated Southern Memorial Association.

A member of the family of a member of the Confederated Southern Memorial Association.

The meeting will be called to order promptly at 10 o'clock on the morning of Nov. 10.

The San Juan Hotel will be the official headquarters of the division.

### A HUGE SUCCESS.

We have just been informed by Perkins & Britt that the largest cut price sale that they have attempted since their starting in business is one big success. This sale has only been going on now for three days and you can pass their place at any time during the day and find it crowded with people taking advantage of the many bargains that they have to offer.

The prices, we understand, from collar buttons to overcoats, have been cut down so that it is hard to realize that only a month ago, clothing prices were high. We have met more than one man that has informed us that the suit he had on came from Perkins & Britt for \$25.00. And this we claim, certainly sounds like old times.

Experienced salesmen are on the job, assisting in putting on this sale and the large crowds are well taken care of in good shape. Such old timers as Felix Frank, Tracy McCuller and Sam Younts are here to help. These large crowds learned of this sale through the Sanford Herald and Charles Britt, who attends the advertising for Perkins & Britt, has informed us that the real reason for the success of this sale is due to the awful slashing of prices and the Sanford Herald letting the people know about it.

Read the large ad they have in today's paper and watch their space regular this week and you will find some dollars.

### MACHINISTS WOULD STOP MAKING WAR MUNITIONS

WASHINGTON, Oct. 20.—American workers in arsenals, munition plants and navy yards, are preparing to make what is declared to be the first practical move to end war.

The International Machinists' Union, the third largest, and regarded as the second in power in the American Federation of Labor, with control over all organized machinists making munitions and vessels, will within a month call a conference of the metal workers of the world for concerted action on a program to bring about a world disarmament.

William Johnston, the head of the machinists' organization, declared that the question of future wars rests in the hands of the skilled mechanics and the other metal workers of the world. They are the men who make the death-dealing devices of war, and if they should cease making these devices, war would cease.

To stop the transportation of munitions in opposition to war is futile as long as munitions continue to be made.

### ORLANDO WILL PLAY DELAND

The Orlando High School will open the football season here Saturday, October 23rd, with a game with DeLand High on the local gridiron at the fair grounds.

The locals' first game was played with Sumnerlin First at Bartow, Saturday, which resulted in a tie with a score of 0 to 0. Jack Branham, coach for Orlando High will bring home the bacon at the end of the season. Coach Branham says he has some excellent material in his lineup and only needs a few games to bring out some promising stars.—Reporter-Star.

### SPANISH WAR VETERANS, ATTENTION!

The Spanish War Veterans of Seminole county have expressed a desire to form a post or at least get together in order to take a part in the American Legion Day exercises and on other occasions. All those who would like to get together should see me at the postoffice.

R. A. TERHUNE.

Buy your post cards at the Herald office. Beautiful views, 1c each.

### HERT CHAPMAN HERE

Bert Chapman, who formerly was our grand little catcher on the winning teams we put in the field in years gone by is here and we hope he will stay all winter. If he can pick up a job that will keep him fit he will stay and will probably get one on the railroad. Chap is now with the Boston American team in the "big show" and has a fine future before him. His many friends here hope he will be with us as long as possible for everybody likes the Chapman boys—good ones, both of them—one a catcher and one a pitcher and both of them loyal and patriotic Sanford players all the time.

### ZELL'S NOVELTY JAZZ BAND.

The members of Zell's Novelty Jazz Band were here yesterday and three of them played at the Star Theatre last night and so charmed the audience that they could not get interested in the pictures. The members of the Zell's band are: H. F. Hartzell, piano; J. H. Hartzell, drums; H. Poulter, saxophone; L. Shackelford, trombone, and G. F. Greenmyer, violin. They make Lakeland their headquarters but expect to be in Sanford several nights each month during the season having made engagements for dances and other amusements.

### FLORIDA FAIRS AND CONVENTIONS.

- October 26-30—West Florida Fair, Marianna.
- November 2-5—Leon County Fair at Tallahassee.
- November 2-6—Taylor County Fair at Perry.
- November 3-6—Madison County Fair, Madison.
- November 9-11—Walton County Fair, DeFuniak Springs.
- November 9-13—Suwannee County Fair, Live Oak.
- November 16-19—Alachua County Fair, Gainesville.
- November 18-27—Florida State Fair, Jacksonville.
- December 7-11—Miami Palm Fete, Miami.
- December 29-31—Florida Educational Association, Tallahassee.
- February 3-12—South Florida Fair and Gasparilla Carnival, Tampa.
- February 13-18—Midwinter Fair, Orlando.
- March—National Editorial Association, St. Augustine.

### POLLYANNA HALLOWEEN MEETING

The last two meetings of the Pollyanna Club were held respectively with Elizabeth Knight and Ruth Henry. At both meetings a very delightful time was enjoyed by the girls. Elizabeth was assisted by her mother in serving ice cream and cookies.

Being the month of Halloween, the spirit of the season found expression in the decorations and refreshments at the Henry home. The curtains were drawn and the rooms dimly lighted by candles. Pumpkin-faces, witches and black cats, with the Halloween colors featured the attractive decorations.

Apples and peanuts, grapejuice and doughnuts, at the refreshment hour completed the happiness of the little club. "Tom and Jerry," the twin Maltese pets of the household, joined in the frolic, unwinding balls of yarn and otherwise disposing themselves with feline gayety, proving that real "cats" are as much fun on Halloween as the black cats that adorn the walls.

The favors were "snappers" which concealed caps, flags and other small gifts.

The young hostess was assisted by her sister, Miss Florence Henry.

The next meeting will be held on Tuesday afternoon with Camilla Pulcston.

### SEABOARD ENGINEER ACCIDENTALLY KILLED

STARKE, Oct. 19.—J. M. Tatum, Seaboard engineer on the Wannee branch, met a tragic death last week. While leaning out of the engine cab to inspect the running gear, his head struck a good rack, causing almost instant death. He survived by his wife and daughter, Lucile Tatum, Clifford Tatum, of Fort Pierce, and Rufus Tatum, of Washington, D. C.

The Miami bond election for \$400,000 was carried with an overwhelming majority. This is the second time that this bond issue has been before the people. At the first election it was carried by a large majority, but on account of some technicality Judge Branning in the circuit court decided against it.

### MUSIC FOR THE WINTER

The Committee in charge of the Music to be rendered at the Baptist Temple this winter, will meet tonight at 7:30 and agree on plans for the same, as well as decide upon the performers. The Hemple is erecting a very large and fine organ to be used in the new audience room.

The report of this music committee will be printed later in the Herald.

### THE MOST SACRED SPOT ON EARTH

The above is the subject of a discussion at the Baptist Temple this evening. On account of meetings in the Presbyterian church, the Wednesday service have not been held for three weeks. The service tonight will be interesting and a large audience is expected. Those desiring will be given the opportunity to say what "The Most Sacred Spot on Earth" is to them.

The music will be congregational, but as heretofore enthusiastic. Services begin at 7:30 p. m.

### GOBLINS GATHER AT MOBLEY'S STORE

Mobley's Drug Store will be the gathering place of all the witches and goblins and "everything" this year and those who are contemplating any parties or amusements of any kind in the Halloween line should see his fine line of Halloween goods now on display in the windows. Mr. Mobley is anxious to carry this line and supply the wants of the Sanford people and keep the trade at home and his efforts in this line should appeal to the people. See his advertisement in the Daily Herald.

### "DAD" BADER KNOWS COX.

H. L. Bader, who is familiarly known as "Dad" to his many friends formerly resided at Camden, Ohio, where the father of Jimmie Cox, nominee of the Democratic party and the next president, resides. Mr. Bader knows him well and knows the family and he says that Cox is the greatest man at the head of affairs that Ohio has had in many years and that Cox is big enough and broad enough to be president and when he is elected he will be a real president. "Dad" came in this morning and gave us his dollar for the election of Cox and says there is more where that came from if it is needed.

### SEMINOLE OPENS UP NEW THIRD FLOOR

The Seminole Hotel is now one of the finest hotels in the state having completed the third floor and having the rooms all furnished and ready for business and last night the rooms were all filled with guests. The third floor has shower baths which are proving so popular everywhere, especially with the travelling men. The Seminole has also installed a large electric sign that will light the way on the dark nights and has a string of lights all around the front entrance making this part of the city a real thoroughfare. Under the management of Mr. Olson the Seminole is catering to the wants of the public as never before and their Sunday dinners are attracting people from out of town and the home people who

want real eats served in proper style. Watch the Herald for announcements on special dinners for Sunday.

### CAR GOES INTO CREEK THEN BURNS TO CRISP

M. K. Parrish, of Parrish, had a close call Saturday night last. While on his way home he ran into the railing of the small steel bridge across the creek in the hollow, about a mile north of Rocky Bluff, and his car, a Hupmobile, went headlong into the creek. He was uninjured, however, so went to the home of Rev. J. F. Reeder, a short distance away, to get help to get his car out. When he returned with the necessary help, he found the car a mass of flames and practically burned up. The tank evidently sprung a leak, letting the gas run down onto the hot engine, starting the blaze.—Palmetto News.

### HUNTING SEASON BEGINS NEXT MONTH, NOVEMBER 20

Unlawful to Kill More Than One Deer, Two Turkeys or Twenty Quail in One Day.

The Florida hunting season begins next month, November 20th being the first day upon which sportsmen may snoot quail, squirrels, wild turkey, doves, geese, brant, rails, coots, sandpipers, deer, snipe, ducks and grouse. The hunters may go in the woods and get limited numbers of this game after November 20th until March 1. A person may hunt in his voting precinct without a license, a county license costs \$1.00 and a license to hunt in a county other than the one a person resides in costs \$3.00. A non-resident of the state may secure a license by the payment of \$15.00. The law says that an individual

hunter can take only one deer, two turkeys, twenty quail or twenty-five other birds in one day, also that he cannot exceed three deer, ten turkeys and 300 other birds.

There are said to be many law-breakers in Florida who do not abide by the regulations, and in some counties protective organizations have been formed.

T. D. Hux has a 15 acre field of cane on the east edge of Lake Okechobee, from which he has already shipped this season, over 6,000 gallons of syrup, making a total of 15,000 gallons from the field. The syrup brought \$1.25 per gallon on board the boat. That's not far from \$1,000 an acre for his investment.

Buy your post cards at the Herald office. Beautiful views, 1c each.

# Announcement

Such a fire as we have suffered will naturally cause inconvenience, but we shall take care of our business. We are rather proud of our having filled orders the first day after the fire, and good service to our customers will be maintained throughout the season.

We have large quantities of well seasoned IDEAL FERTILIZERS stored at our various distributing houses throughout the state ready for immediate shipment to any point. We have large quantities of materials stored in warehouses which were not damaged and buildings which can be utilized for mixing until the temporary mixing plant is ready well under way is completed. The many growers depending upon our famous brands shall not be disappointed.

Skilled engineers are rapidly forging ahead on plans for a larger building thoroughly up-to-date in every equipment—the very last and best word in fertilizer factories.

## CHANDLER SIX \$1895

## Chandler is Back to \$1895

Chandler's reduction to \$1895 is the news on the street today. And it's good news to the car-using public, because it means that Chandler has taken another big stride forward in the leadership of its field.

### The Greatest Dollar-for-Dollar Value Throughout the Industry

The Chandler has always been closely priced and today, at \$1895, it is decidedly the greatest value in the whole automobile industry.

#### The Leader of All Sixes; Most Closely Priced

It has always been the basic policy of the Chandler Company to build a really fine automobile and to price it closely. The great Chandler plant, the millions of capital employed in Chandler production are back of that statement. They exist because of that policy. Chandler is the greatest of sixes and the most fairly priced.

#### Constantly Refined and Improved But Never Radically Changed

Other cars of many kinds and many motors have come and gone while the Chandler Six, now in its eighth year, lives and grows, and every season multiplies its thousands of friends. There

is only one Chandler Six, refined and improved throughout the years but never radically changed. There is no other car like it. You will find the exclusive Chandler motor under the hood of no other car. No other car, within hundreds of dollars of the Chandler price, has the features characteristic of the highest type of design and construction for which the Chandler Six is justly famous.

#### Handsome Chandler Body Types On One Standard Chassis

On the one standard Chandler chassis, famous for its marvelous motor and for its sturdy, dependable construction throughout, are mounted six beautiful styles of bodies that meet every requirement for your comfort and satisfaction. Beautiful in design, exceptionally roomy and comfortable, and highly finished, these six Chandler models invite your most exacting inspection.

#### Let Us Prove Chandler Worth to You Today

##### SIX BEAUTIFUL STYLES OF BODY

- Seven-Passenger Touring Car, \$1895
- Four-Passenger Dispatch Car, \$1975
- Four-Passenger Coupe, \$2895
- Four-Passenger Roadster, \$1895
- Limousine, \$3395

(All prices f. o. b. Cleveland, Ohio)

THE CHANDLER MOTOR CAR COMPANY, CLEVELAND

### BIG SHOWS WILL EXHIBIT HERE SOON

JOHNNY J. JONES' GREATEST  
SHOWS TO COME HERE  
IN JANUARY.

The "13" Club signed a contract last night with A. H. Barkley, general agent for the Johnny J. Jones' Greater Shows to give a week's exhibition here the first week in January. The club is anxious to make enough money to erect a building on the lake front to house the Rod and Gun Club and which will also be used as a headquarters for the tourists and any and all visitors to the city. The Rod and Gun Club has organized with a dozen or more members to take up the matter of the building and have already had a tentative plan drawn and know what it will cost and are in a hurry to get money for the project without going to the people directly. While the building will be a public meeting place for the big gatherings during the winter it will also be the headquarters of the Rod and Gun Club and be used exclusively by them for their fishing and hunting paraphernalia.

The Johnny J. Jones' Greater Shows need no introduction to the people of Sanford or of Florida as they have the reputation of being the biggest and best of the kind in the United States today and they will give the people here a week of good times. The shows will be placed on the lake front or some central location as the business section of the city as possible and as they have nothing but first class and clean attractions the people of Sanford can be assured of having a week of fun and pleasure with plenty of band music and plenty of fun. The Jones' Shows winter in Orlando but will not show anywhere in this part of the country except at Sanford in January and Orlando in February at the Five County Fair.

### SNEAK THIEF EVIDENTLY KNOWS WHAT HE WANTS AND GOES AFTER IT.

Somewhere in the city of Sanford or suburbs or perhaps in a neighboring city is a man who has a nice supply of morphine, cocaine and also some nice jewelry and gold. The gold is the kind that is used for filling teeth and the light fingered gentleman who now has this gold also has enough coke to put him to sleep while he is having the gold put in his teeth if he so desires.

Some one broke into the offices of Dr. Marshall, Dr. Stevens and Dr. Brown, in the Ball Hardware Co. building and extracted all the morphine and cocaine he could find, he also took gold from Dr. Brown's dental office and in Dr. Stevens office a silver-card case took his fancy and he annexed that. He also stole the medicine case from Dr. Stevens' car. Probably the same man broke into the room of Mrs. R. S. Keeler in the Welaka Apartment building and stole some very valuable jewelry.

It is also thought he ransacked the dental office of Dr. McCaslen as he was found in the operating room when the doctor came back early from lunch and caught him there but could prove nothing on him as he stated he was merely waiting to have an examination of his teeth and went away from there after making a date.

He is evidently a dope fiend or one who is handling dope for the trade as he knows what he is doing and takes only drugs and gold fillings and small jewelry and stuff that he can easily hide after making his getaway and stuff that is easily sold anywhere in the world. The police have a good description of him and expect to catch him in a few days here or elsewhere in the state as he will come out again after a few days.

### WILL REORGANIZE AND HAVE PAID SECRETARY

AND EVERYTHING THAT GOES  
WITH REAL CHAMBER  
OF COMMERCE

(From Friday's Daily)  
The Sanford Board of Trade took a long step forward today when it was decided to change the name to the Sanford Chamber of Commerce and to employ a paid secretary, to take up advertising, to ask for a return of money each year from the city and county and to increase the membership fee from ten dollars to twenty-five dollars per member and then to go after five hundred paid members.

This resolve to do something and do it now was strengthened by the presence of B. R. Kessler, secretary of the Jacksonville Chamber of Commerce and his assistant, H. W. Pearson, Jr., who were present at a big meeting of the Board of Trade last night in the Palm Room of the Hotel Valdez. The meeting was a special meeting called by President Miller to talk over these important phases of the past, present and future of the Board of Trade and there were about fifty members present. Mr. Kessler made an earnest plea to the members to get together, to elect a good secretary, to improve the lake front, build a boat basin, have golf links and country club and other amusements and to advertise the many advantages of the city and county in a booklet and in newspapers and magazines. He pointed out the disadvantages of fake advertising of many other pitfalls for the feet of the unwary publicity committee and for over thirty minutes gave one of the most earnest talks that the Board of Trade has ever had. He was loudly applauded at the end of his address and E. T. Woodruff, F. P. Forster, Col. G. W. Knight, D. C. Marlowe and others present gave short talks thanking Mr. Kessler for his words of encouragement and asking him questions about the best manner in which to proceed to put the Board of Trade in working order.

It was resolved to ask the president to appoint a committee to confer with Mr. Kessler this morning and make definite arrangements for the changing of the Board of Trade to Chamber of Commerce and to employ a secretary at once. This was done by the president appointing the Finance Committee and the Membership Committee acting as a committee of the whole with full power to act. This committee met with Mr. Kessler this morning and decided to employ R. W. Pearson, Jr., of the Jacksonville Chamber of Commerce, to establish headquarters at some central location and to go after the Sanford on the map and make it the largest city in the interior of the state.

### PRICES ON CARS FALLING BUT NOT ON FULL VALUE CARS

"Announcements of price changes by several motor car manufacturers have had one effect, at least—they have caused intending buyers to look very closely to values," says Leslie Bryan of the Bryan Auto Co., Dort distributors here.

"Just so much value can be built into a car. There is a fixed price for all units and raw materials and very little flexibility on the cost of labor. Add to this the expense of the engineering and other departments and the interest on the investment and you have the first cost of the car.

"Not long ago the maker of a certain high priced car reduced the prices of the various types from \$1,000 to \$1,400. Under the new schedule the value is just the same as under the old. When everything that goes into the car costs just the same as it did on the first of September, what's the answer to the reduced price? Did the buyer a month ago get full value? This feeling is manifested among buyers of all grades of cars from the light four to the heavy six, eight or twelve. People think of the margin of profit as compared with value. "As far as we are concerned the reduction in price by some of the makers has had no visible effect. There is as much value built into the Dort as is possible and this fact is pretty well understood. Also, Dort prices are known to represent an unusually low profit."

### MORE HOUSES GOING UP ALL THE TIME

G. W. KNIGHT CONSTRUCTION CO.  
AND MEISCH REALTY CO.  
BUILD MORE HOMES.

And still they go up. Sanford men have all the confidence in the world in their own town and they know what this town will be in a few years and they are getting up the new houses just when they are needed.

Col. G. W. Knight has started another fine bungalow on Magnolia avenue between Eleventh and Twelfth streets and the Meisch Realty Co., is starting another fine home on Oak avenue between Eleventh and Twelfth streets and before long the South side of the city will be built up with fine homes as far as Sanford Heights.

### AMERICAN BANKS WILL AID CUBA

(By The Associated Press)  
WASHINGTON, Oct. 18.—American bankers in conference with government officials and sugar companies agreed to afford relief from the financial stringency in Cuba.

### GEORGE CREEL'S VISIT HAS NO SIGNIFICANCE

(By The Associated Press)  
WASHINGTON, Oct. 18.—White House and state department officials denied George Creel's visit had any official status.

### DISCUSS PLANS FOR NEW BALL ORGANIZATION

(By The Associated Press)  
CHICAGO, Oct. 18.—Discussion of plans for the reorganization of baseball under civilian tribunal started at a joint meeting of the National and American League Club owners.

### RESOURCES FOR ROADS AND SCHOOLS

INSTEAD OF BATTLESHIPS SAYS  
COX IN SPEAKING OF THE  
LEAGUE TO WOMEN.

(By The Associated Press)  
CLEVELAND, Oct. 16.—Governor Cox in addressing a large audience of women here today advocated a National Women's Congress to frame a program for social legislation for the presentation to the president and congress. He said that in the last congress a baby bill providing for maternity and infant care waited in vain while the reactionary leaders spent the time in scrapping the League. He said to favor the League not only to save the children from war but to turn the national resources from battleships and armament into school houses and healthy work.

### GENTLE HEADS STAND- ARD GROWERS EXCHANGE

The stockholders of the Standard Growers Exchange, it is announced, at a meeting last week increased the capital stock from \$400,000 to \$1,750,000 common stock and \$500,000 preferred, all of which was fully subscribed and paid for.

Lawrence Gentile succeeds Joseph A. Trombetta as vice-president and general manager, and N. T. Cole was elected to the board of directors. Joseph DiGiorgio, president; W. A. Blackman, secretary; and Joseph Gentile, Jr., treasurer, are the other officers of this organization.

## AMONG THE NEW BUILDINGS

Among the new buildings that grace some of the principal corners of Sanford streets is that of the Wight Tire Co., at the corner of Magnolia and Second street. The building is 60x117 feet, made of pressed yellow brick and is one of the prettiest buildings in the city from any standpoint. The best feature in this building that contains many of them is the "drive in" filling station where the motorist can drive in with room for four cars at a time and get his oils, gas, water, distilled water for batteries—in fact he is waited upon in sun or rain by some of the boys while the customer sits in his car—and the motto of this enterprising firm was "there is a man at the curb to serve you"—but now the man is at the filling station to serve you and not on the outside curb.

Adjoining the filling station is the tire and accessory room that is filled with the largest supply of retail accessory stock and supplies in the state carrying everything for the motorist. In the rear of the tire and accessory room is the storage room with ample space for the storage of twenty-five cars and everything complete for the best of service. Back of this room is the garage and machine shop under the supervision of Ed. S. Ward, who knows just what to do for the patient when a car has been jammed or something goes wrong that needs the diagnosis of an expert. Ed. has the goods and delivers them every day.

In the northeast corner of the room is Chauncey Wilson holding sway over the vulcanizing and tire repair shop that is in the same building and it is superfluous talk to say anything about Chauncey Wilson and his vulcanizing business. Chauncey is the man that put the "can" in vulcanize and that is enough for that.

In the Circuit Court, Seventh Judicial Circuit, Seminole County, Florida, In Chancery.

M. S. Jelks, Complainant, vs. T. M. Jelks, L. P. Jelks, et al. To all parties claiming an interest as heirs, devisees, legatees, grantees of, by, through or under, Augustus P. Farnell, Georgia V. ### FITZGERALD IS FIRST OF STRIKERS TO DIE

(By The Associated Press.)

CORK, Oct. 18.—The first death among the hunger strikers in Cork jail occurred last night. Fitzgerald died at 9:45, having fasted sixty-eight days.

The condition of Fitzgerald and Murphy had become so grave today that, with the consent of the other hunger strikers, the prison doctors were permitted to give Fitzgerald medical treatment. A Cork specialist also was called in.

### NO CLUE TO COLLEGE MYSTERY

PHILADELPHIA, Oct. 18.—The police have found no clue to the mysterious death of Elmer C. Drewes, a Dartmouth college student found dead Sunday on the outskirts of Philadelphia with a bullet wound in his head. No weapons were found but auto tracks were visible.

## Why Pay for Your Home and Not Own It?

The table below shows how a thousand dollar loan is paid off in eleven years and eleven months at the rate of \$10.00 per month.

If you pay rent for eleven years and eleven months what will you have to show for it?

Why pay for your home and not own it?

Payments \$10.00 per month on loan of \$1,000

End of	Interest	Applied on Loan	Balance Unpaid
1 year	\$60.00	\$ 60.00	\$940.00
2 years	56.40	63.60	876.40
3 years	52.58	67.42	808.98
4 years	48.54	71.46	737.52
5 years	44.25	75.75	661.77
6 years	39.71	80.29	581.48
7 years	34.89	85.11	496.37
8 years	29.78	90.22	406.15
9 years	24.37	95.63	310.52
10 years	18.63	101.37	209.15
11 years	12.55	107.45	101.70
11 years, 11 months	6.10	101.70	000.00

A home of your own will always be worth the money. We carry a complete line of Lumber and Building Material and will appreciate your orders, whether large or small. Either will have our usual efficient service.

#### METHODIST NOTES

Mr. Ed. Putnam, who was for years a mainstay in the Methodist church here and who returned a short time ago for a few weeks, has gone back regretting losing him but our loss is Birmingham's gain.

The ladies of the church met Monday afternoon to arrange an auxiliary for the Polish relief fund.

Tuesday afternoon a social service of the Missionary Society was held at the home of Mrs. W. P. Fields, of Sanford Heights.

Mr. and Mrs. E. E. Grow have recently moved back to Sanford. They have been gone some time but Mr. Grow now has work here and they are delighted to be back.

George Walker was home for a few days last week visiting his family.

Mrs. Morris Spencer entertained in honor of Mr. and Mrs. J. K. Mettinger last Tuesday evening. Mrs. Roberts and the Harry Wilson's were also present.

Mrs. Brodie Williams is back again from Tampa where she has been for some time. Mr. Williams being in business there. Mrs. Williams is one of the "Daughters of Wesley" and we welcome her return.

The Reading Circle of the Missionary Society met with Mrs. L. R. Phillips Tuesday afternoon, beginning their study book for the year. After several solos Mrs. Mettinger sang after which Mrs. J. D. Parker, in words most fitting, presented to Mrs. H. O. Perry, the oldest member of the Society, a large bouquet of beautiful roses, in honor of this member's 78th birthday.

The hostess served tea and wafers at the close of the program.

Mrs. T. O. Parker of Arcadia, is visiting in the city this week as the guest of her daughter, Mrs. J. W. Walker.

Miss Ruth Hand returned Tuesday from Jacksonville where she went to have her eyes treated.

The chicken supper given Saturday night was a great success. The ladies took in one hundred and four dollars.

Mrs. Tom Williams had as her dinner guests Wednesday, Mrs. J. K. Mettinger and Mrs. W. L. Morgan.

W. L. Morgan and J. K. Mettinger spent several days at Daytona Beach last week.

Dr. S. W. Walker filled the pulpit at Umatilla Sunday night, being the first of a series of meetings he will hold there this week.

Rev. Daiger, of Umatilla exchanged pulpits with Dr. Walker Sunday night and delivered a forceful sermon on "Bear Ye One Another's Burden's."

Mr. and Mrs. Sandy Anderson are home again after touring the North this summer. They are great workers in the Sunday School and church and we are glad to welcome them among us again.

Mr. J. C. Hutchinson, our live wire Sunday school superintendent, will lead the prayer meeting Wednesday evening. Don't fail to be there.

Dr. Terrell, Field Sunday School secretary of Florida, will deliver addresses in the church Thursday afternoon at 3:30 and Thursday evening at 7:30. Dr. Terrell is one of the greatest Sunday school workers in the South and we are fortunate to have him in our Florida Conference work. The opportunity of hearing great men doesn't come every day. Don't let this one pass.

#### METHODISTS LADIES ATTENTION

You are requested to meet at the Methodist Church Friday at 2 p. m., and bring any clothing suitable for immediate use for the relief of the Poles.

MRS. PARKER,  
 167-3tp  
 Chairman.

#### THIRTEEN CLUB MEETS AT SEMINOLE

The "13" Club held their regular weekly mid-day luncheon today at the Seminole Hotel and over the choice viands transacted much important business. Manager Olson furnished the following very tempting menu:

- Chicken Consomme en tasse
- Stuffed Olives
- Hearts of Celery
- Spanish Mackerel
- Pommes Dutchess
- Fried Chicken a la Chef
- Baked Stuffed Potato
- Sweet Potato Glace
- Stringless Beans
- Salada de la 13

Peach Melba  
 Black Coffee  
 Cheese and Crackers

STATE AND COUNTY OCCUPATION LICENSES NOW DUE

Those concerned will please take notice that licenses became due October 1st, and are delinquent after that date.

JNO. D. JINKINS,  
 168-5tc  
 Tax Collector,  
 Seminole County.

Mr. and Mrs. O. P. Swope and family of Oviedo were in the city today on a shopping expedition.

Mr. C. P. Sieg, of Jacksonville, was a visitor in Sanford this week the guest of his brother, Chief Speer.

Mrs. Judge Houston and daughter, Miss Florida, are the guests of Mrs. Campbell and Miss Lucy Bird Smyth at the Hotel Valdez for a few days.

#### WILL GET ELECTION RETURNS AT PRINCESS

President Miller, of the Board of Trade, expects to have something new and novel at the next meeting of the Board of Trade. The meeting will occur on election night, November 2nd, and the regular banquet will take place at the Valdez Hotel as usual only the banquet will be held earlier than usual and the members will adjourn to the Princess Theatre

and hear the election returns. The ticket for the banquet will be \$1.25. For one banquet and ticket to the returns \$1.50. If the member wishes to take his wife to the election returns he can pay \$1.75 and get his lunch and two tickets to the returns. Of course the ladies are not barred from the luncheon if they are down town that night and want to eat with hubby. In this event the two banquet tickets would be \$2.50 and two tickets to returns 50 cents extra.

A big crowd is expected to be present and not only attend the banquet but go to the theatre and hear the returns.

Mrs. Proctor, of Geneva, was in Sanford, Thursday the guest of her sister, Mrs. Tillia.

Miss Eloise Keen is in the city from Washington, D. C., on a visit to her mother, Mrs. R. C. Keen and her sister, Mrs. Nathan O. Garner.

## Announcing the Formal Opening of the YOWELL-DREW CO. New Furniture Annex

Saturday, Oct. 23 1920

It is with distinct pleasure we announce the opening of our new furniture annex and extend to you the invitation to attend and view the largest and most complete furniture show rooms in Central Florida.

There will be displayed the finest of Quality Furniture and Home Furnishings, that will equal, if not excel, anything in the entire state.

We Cordially Invite Your Attendance.  
 Music and Refreshments 3:30 to 5:30 P. M. and 7:00 to 9:00 P. M.

### Yowell-Drew Co.

Orlando's Greatest Store Quality Did It.

## The Doc said "50-50" on that "20-20"

I MADE a date.	ON THE eye-sight card.
WITH THE Insurance Doctor.	AND THEN wrote down.
FIRST HE poked me.	"TWENTY.TWENTY.
THEN TICKLED my ribs.	THAT MEANS your eyes.
HAD ME cough.	ARE SATISFACTORY."
AND BREATHE and blow.	AND I laughed and said.
THEN HE listened in.	"I CAN always see.
WITH HIS little trumpet.	TWENTY.TWENTY, Doc,
AND MADE me run.	MY CIGARETTES.
RIGHT IN one spot.	COST TWENTY cents,
FOR FIVE minutes.	FOR TWENTY smokes.
THEN LISTENED some more.	YOU BET your life.
AND FIRST in one eye.	THEY SATISFY, too."
AND THEN in the other.	
HE PLANTED his thumb,	
AND MADE me read.	
THE RUSSIAN prayer.	

IT doesn't take a "20-20" eye to "see" the real value in Chesterfield's exclusive blend of fine Turkish and Domestic tobaccos. Your taste tells you that their quality is genuine—that the blend is different—that Chesterfields do "satisfy."
