### Presbyterians To Reorganize Upsala Community Church

A special meeting of the Presbytery of North Florida was held at the Upsala Presbyterian Church on Dec. 6 at 7:45 P.M. to consider the re-organization of the church there. The church was first organized in 1891 by Rev. J. F. Sundell, who served as preacher until 1909. Its membership was composed largely of Swedish people. With the decline of the Swedish population in the community and lack of interest on the part of others, the church was finally dissolved in 1918 by the Florida Presbytery, then under the Synod of Alabama.

Most of the time since then a Sunday School has been kept going under the leadership of Alfred Ericson. For 30 or 35 years he has served as the Superintendent of the Sunday School, though he was not a member of the old church organization, as he did not move to this community until after the church had been dissolved, it was reported.

One person was present on Monday evening, who was a member of the old church. She was Mrs. Christine Borell who has always lived in the community, and always believed in the church and its place in the life of the community.

Members of the Presbytery of North Florida who were present for the re-organization of the church, were: Rev. E. O. Rutherford of Deland; pastor of the Sovento Presbyterian Church; Rev. C. C. White of Sanford, pastor of the Lake Mary Presbyterian Church; and Rev. C. E. Van Der Maaten of Lake City, pastor of the First Presbyterian Church of that city.

Rev. F. Kauri was the lay Commissioner, the Presbytery, who is an elder in the Lake Church. Rev. E. O. Sutherland, who is moderator of the Presbytery, presided and opened the meeting with a devotional service. Rev. C. E. Van Der Maaten served as clerk of the meeting. The Rev. A. L. Roberts, of Lakeland, synodical executive of the Synod of Florida, was also present and addressed in the re-organization program.

The meeting was opened by Carey Reams, who has been holding services at the Upsala Church for some little time. Mr. Reams, who is said to be planning a full theological course in some Seminary will serve the church for the present.

The following were received as charter members of the re-organized church: Mr. and Mrs. Alfred Ericson, Mr. and Mrs. A. Lloyd, Mrs. Christine Borell, Mr. and Mrs. E. O. Johnson, Miss Marie Peadar, George F. Pezold, Jr., R. Swore and Mrs. Nell Bollinger. Church members will be received until Jan. 1.

The new church organization elected the following Officers: Elders, Alfred Ericson, E. O. Johnson, J. A. Lloyd.

Trustees: Alfred Ericson, Mrs. Christine Borell, R. C. Swore, E. O. Johnson, J. A. Lloyd.

Church Treasurer: Mrs. Alfred Ericson.

The Presbytery appointed Rev. C. C. White, pastor of the Lake Mary Church, as the moderator of the session and congregation of the newly re-organized church.

The minister of the Presbytery and Synod, and the entire congregation joined hands and formed a circle around the sanctuary and sang, "Blest Be the Tie That Binds" and "Praise God From Whom All Blessings Flow." The moderator then led in the closing prayer and benediction.

# Pines in Winter

Among the many kinds of trees in existence, very few retain their foliage during the cold winter months. Only a few withstand the driving winds and storms and still maintain beautiful green branches.

The graceful scene below shows a remarkable characteristic in the pine tree. Some miraculous element within the pine enables it to display its lush greenery amid the whiteness of fallen snow.

Such are the amazing qualities of nature—the millions of wonders in God's creation.

In order to understand more fully the God-given powers within ourselves, we must study the Holy Word and attend regularly the services of the Church. By doing this we will come to realize our potentialities and talents and will learn to live a fuller more useful life.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual riches. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Australian Vote Might Show Trend Of British Empire

By RALPH MORTON  
NEW YORK, Dec. 9.—(AP)—The people of Australia vote Saturday on whether they want more, or less, Socialism. The whole English-speaking world will be watching the outcome. So will some nations where English is not spoken.

The big question is: Has a definite trend against Socialism set in within the British Commonwealth of nations?

Tracers of this trend point to the defeat last week of the labor government of New Zealand, tossed out by the free enterprise Nationalist party after 14 years of rule. British Tories, chuckling behind their newspapers, predict the Empire's labor government will exit in the order they came in, first New England, second Australia, third the United Kingdom.

Although the basic issues, pro and anti-labor, seem the same in the three countries, it has yet to be accepted as a political maxim that as New Zealand goes, so goes the Empire. Apart from the surface similarity there are many important issues peculiar in each of the three empires.

Let's cut ourselves in the place of the Aussie voter. Right off, you know, you must go to the polls. It's compulsory by law. If you don't go, you get fined into court and may pay a fine.

That means, probably, that more people proportionally vote in Australia than in New Zealand and Britain. Labor politicians say that means more votes for labor. They say that much of the working class in New Zealand stayed away from the polls.

The government on trial is that of Prime Minister J. B. Chifley, whose Labor regime has been eight years in power.

The Australian can vote for a Labor candidate, or the candidate of the Liberal party of opposition leader Robert G. Menzies, or the candidate of another anti-labor group, the Country Party.

If Labor is defeated, Menzies undoubtedly would be the next prime minister. But he would have to depend on support of the country party to form a non-labor coalition government. Labor argues such a coalition might prove weak. Australians decided three years ago to cling to labor rather than this two-party coalition.

However, since the 1946 elections Australia has been plagued by strikes, some Communist-led, mounting price and increasing government controls. Australia and New Zealand are both bound closely, to Britain by economic ties, as well as sentimental and political ones. The financial crisis in Britain and the devaluation of the British pound have made it hard for the governments of New Zealand and Australia. Their currencies have been devalued.

Government controls requiring licenses for this and that, restrictions, and red tape have infuriated many people. The opposition party says they will reduce these controls and make it easier for people all around.

There is no doubt this is the toughest fight Australian Labor has ever faced.

The Australian Labor party is tightly organized trade union party. It is pledged to a policy of gradual socialization.

The nationalization plans, however, with the exception of airlines, have been nipped in the bud by constitutional bans and organized opposition.

The Labor government rushed through Parliament a bank nationalization act, far more daring than anything proposed by Socialists in Britain and New Zealand. But the act was defeated. Australian opinion by the highest courts of Australia and the Empire. The act was defeated unsuccessfully by External Affairs Minister and Attorney General Herbert V. E. Evatt. He has taken a breather from United Councils and is now at home in the thick of the election fight.

There is a further difference between the election situation in Australia and New Zealand. The New Zealand Labor government just defeated had only a majority of four in Parliament. Australian Labor has 45 seats out of 75 in the House of Representatives. It holds 33 of the 36 seats in the elected Senate. Even if Labor had many Senate seats being contested (half the chamber) it could still control the Senate.

If the last House, the Liberals had 17 seats, the Country Party 12 and Independent Labor, two.

By OVID A. MARTIN  
Associated Press Farm Reporter  
WASHINGTON, Dec. 9.—(AP)—The government will start using a new standard Jan. 1 for measuring prices of many farm products. The purpose of using the standard is to determine whether, in the language of congress, those prices are "fair and equitable."

The standard is called "modernized parity," as distinguished from "parity" for the old measure rule.

The government first started measuring farm prices in 1933. Provision for doing so was made in precedent-breaking crop control legislation enacted by the Roosevelt New Deal administration to revive a bankrupt agriculture. The law authorized use of various measures to pull prices up to the parity of 1909-14.

The Agricultural Adjustment Act of 1933 said in effect that farmers were entitled to prices for their products which would give them the purchasing power, in terms of non-farm goods and services, that they enjoyed in a past favorable period, usually 1909-14. In other words, the law said a dozen eggs should buy as many nails as it did in the base period. Maintenance of such a relationship, he added, would be "fair and equitable" to all.

The law set up a formula for determining parity prices for various products. Except in a few cases, this formula has been in constant use for nearly 17 years. But Congress has directed that the formula be changed the first of the year. It said, in effect, that the old formula is not accurate enough because it does not take

### into account changes in the demand and in the cost of producing various products since the 1909-14 period.

The new formula will take into account demand conditions and production costs of the immediately preceding 10 years.

In general the new formula will set up somewhat higher parity prices for livestock and livestock products and lower ones for crops. These differences reflect in the main the fact that modern machinery has reduced the cost of producing most crops, while higher wage rates have boosted the cost of producing livestock and livestock products.

Where did the idea of a parity measuring standard for farm prices originate?

It is impossible to get an answer acceptable to all farm leaders and agricultural historians. One of those active in efforts to get federal farm-aid legislation during the 20s and 30s—M. L. Wilson, now director of the U. S. Extension Service—says perhaps a hundred or so persons could claim some credit.

Historians generally agree, however, that George N. Peek and General Hugh S. Johnson, associates in a midwestern term farm machinery concern, were among the first to sponsor it. They originated the slogan "Equality for Agriculture" in a book published in 1922, when agriculture was suffering from depression. Peek later became the first Agricultural Adjustment administrator and Johnson the head of NRA, an emergency set up in 1933 to help revive industrial prosperity.

The idea of attempting to give farm prices purchasing power equal to that of the 1909-14 period was embodied in the famous McNary-Haugen Farm Aid Bill passed in the 20s and vetoed by President Coolidge.

Many farm leaders in and out of government contributed to eventual passage of a law setting up the parity standard. They include Peek, former secretary of agriculture; Henry A. Wallace, President Edward A. O'Neal of the Farm Bureau Federation and several farm leaders in congress.

Rexford G. Tugwell, a member of the famous "Brain Trust," has been credited with helping to sell the idea to President Roosevelt and to work out details of the parity formula.

### Vatican City Expects 1950 Jubilee To Be Largest Catholic Pilgrimage

By FRANK DRUTTO  
AP Newfeatures  
VATICAN CITY—Called by Pope Pius XII the "year of the great return and the great pardon," the 1950 Jubilee will bring to Rome in the 2,000-year history of the Catholic Church, it will be the most tremendous pilgrimage 25th of which there is a definite record.

Rich, middle class and poor pilgrims will come from the six continents of the world. Many, for the first time in Holy Year history, will come by air; more by sea and a good many limiting their ancient predecessors, will come on foot.

For those last of the Pope, reminding pilgrims they should not come in the spirit of "pleasure seeking" tourists, had a special word in his bull of May 26, proclaiming the Holy Year.

Estimates of the number that will come to Rome to gain the spiritual benefits Holy Year offers range as high as 6,000,000. More than 2,000,000 have already registered.

All will be given an opportunity to see the Pope in vast public audiences and to receive his blessing.

Romans, especially under the direction of the "Crosade of Goodness" conducted by the noted Jesuit orator, Father Riccardo Lombardi, are preparing for Holy Year, which begins Christmas eve. That day the holy door at Saint Peter's Basilica and simultaneously holy doors at three other Roman basilicas—Saint Mary Major, Saint John Lateran and Saint Paul Outside the Walls—will be opened.

The broad outlines of the Holy Year's purpose and aims are mentioned in the Pope's bull, announcing it. "Today, as ever before," he said, "there is a most urgent need that all things be refashioned in the truth and power of the Gospel."

The Pope—as he has several times in the past—gave a special attention to the Holy Land. "Everywhere," he declared, "but especially in the holy places of Palestine, may the tranquility of order founded on a just settlement be restored as soon as possible."

The Pope's announcement expressed hope that "the various social classes, with hatred banished and differences settled, may be united in justice and fraternal agreement, and that finally the great number of those who want may be given work to earn an honest living and may receive necessary and opportune aid from those who are in better circumstances."

On peace, one of his constant thoughts, the Pope said: "May peace, the object of our ardent yearnings, return at long last to the hearts of all, the families, to individual countries and to the community of nations."

To all who come to Rome, confess their sins, receive communion, visit the four Holy Year basilicas and recite at them the prescribed prayers, the Pope has promised a plenary indulgence. According to Catholic teaching this is full remission of the temporal punishment due to sin, which otherwise must be expiated before the soul may enter heaven.

This special indulgence may be gained as many times as the prescribed conditions are met and may also be applied to the souls of the faithful departed who may be expiating in the fires of purgatory, according to Catholic teaching, the temporal punishment for their sins.

In the "Crosade of Goodness," whose leader, Father Lombardi, already has spoken to hundreds of thousands in Belgium, France, Austria, Canada and the United States, Romans are preparing themselves spiritually for Holy Year.

The crusade is being broadcast from the Church of Saint Mary Major to the 120 parishes of Rome. A great public procession through Rome, bore a portrait of the Madonna before which Pope Pius celebrated his first mass 50 years ago—April 12, 1899.

The portrait was carried from Saint Mary Major to St. Peter's, where the Pope will again celebrate a thanksgiving mass before it. Later it was carried back to Saint Mary Major. On Christmas Eve the Pontiff will lift an ivory

### Blue Ridge Falls On Carolina Border Outdo Niagara

By ALDERMAN DUNCAN  
AP Newfeatures  
WALHALLA, S. C.—Twin waterfalls, each higher than Niagara, spill down Blue Ridge Mountain fastnesses along the North Carolina-South Carolina border, but surprisingly few people ever view their beauty. Not many more people know they even exist.

The falls, described by a U. S. Forest Service official as "the most spectacular in the Appalachians," are secluded in a remote section not accessible to the average traveler.

The falls are on the Whitewater river, which flows from North Carolina's Santeetlah National Forest into South Carolina's Keowee River. The upper falls

are about one mile north of the state line. The lower falls, three miles down the Whitewater's steep rapids, are well inside this state and are included in the Gen. Plekens division of the Sumter National Forest.

Both falls are more than 100 feet higher than Niagara. Their exact height is not known but Forest Service contour maps show the lower falls to be approximately 200 feet high and the upper falls possibly may be higher. Niagara Falls' top height is 167 feet.

The lower falls may be reached by a one-quarter mile hike from a small lodge at the end of an abandoned road, or trail, leading from a paved highway about 10 miles away. The upper falls are reached by a mountain road from Cashier in Jackson County, N. C.

Resides being hard to reach, the falls probably also have been neglected because they were for many years on property of a marginal lumber company. The area only recently has been acquired by the Forest Service, which still is running preliminary surveys.

Residents hereabouts long have known of the wonderful brook and rainbow trout are reported abundant. General knowledge of the falls goes back to at least 1829. They were described then by Robert Mills, noted South Carolina architect who also was a surveyor and geographer.

The only fall of greater height in the eastern United States are the famous Fallah Falls, about 25 miles southeast.

The Greeks made windows part of this dress of transit—cut made about 150 B. C.

## THAT'S YOUR BUDGET NUDGING YOU

LOOK this tidy Buick over—and you may hear a still smaller voice saying "go ahead—get it!"

If so, don't think it's mere ambition urging you to splurge.

The simple fact is that this lively fashion setter is not only a car straight from your rosiest dreams, but a *brassy straight-eight Buick that practically any budget can handle!*

Match prices—and you'll find that many a six coats you more than this does.

Boil it down to costs per pound—and poundage in a car often means more durability and longer life as well as smoother riding—and you'll find this one right down among the so-called lowest priced cars.

Figure your investment over the extra years you'll be happy in a Buick—check the used-car listings and see how Buicks hang onto their resale value—and you'll see the wisdom in buying a better car to begin with.

And just figure how much more automobile you're getting here.

The extra value of Buick's own Fireball valve-in-head straight-eight power.

The bump-smothering gentleness of soft coil springs on all wheels, both fore and aft.

The roominess of Buick's king-size interiors—the lightness of Buick controls—the new parking and garaging ease of traffic-handy side—

And that completely different and distinguished look of Buick's tapered fenders, sleek jet-plane lines and the sturdy, shock-deflecting protection of that bold new front-end design.

So go ahead and listen to that still smaller voice. It's your budget, nudging you to go get the actual figures and replace guesses with facts.

The place to go is your Buick dealer's—and if you want to travel like fortune's favorite, the time to sign on the dotted line is now!

Today's Bible Verse... Sometimes the going is hard...

It's nice to see so many out-of-state automobiles already this winter parked around the Mayfair Hotel.

Oscar Ewing, America's No. 1 bleeding heart, is simply furious at American doctors for saying they don't like the British system of high cost medical care.

Rep. J. Parnell Thomas, former chairman of the House Un-American Activities committee, goes to jail for padding his government payroll, and his wife immediately announces that she will run for office to take his place.

In Augusta, Ga., heart of the Deep South, two Negroes ran for the city council against a white man from a ward which was predominantly Negro.

The Agricultural Department is amazed that the cotton crop has increased by over a million bales since last year, nearly five million bales over the ten year average.

Frank Pace, director of the budget for the federal government, tells President Truman it will be impossible to balance next year's budget without higher taxes.

Valentin A. Gubichev, Soviet engineer indicted with Judith Coplon, former government girl, on an espionage charge, today was denied a separate trial.

The Wincoff Hotel burned two years ago, two little old men on the top floor quietly in their rooms waiting until the flames came and rescued a Michigan woman.

Press Freedom Issue

Newspaper people have been keenly interested in an action under the Sherman Anti-Trust Act which is a test of the possibility of using that act to achieve government control over the press.

The most suspicious point in the action was a petition by the government for a temporary injunction to force the newspaper, pending court trial of the case, to accept and publish any advertising matter submitted together with advance payment by anyone who had advertised over a near-by radio station.

Federal Judge Emerich B. Freed has established a different precedent. He refused the injunction, declaring that an order of such importance could be issued only after clear proof of violation of the law.

New York Catastrophe

An amazing calamity has struck New York City. The largest and wealthiest community in the United States is short of so common a commodity as water.

As with all worthwhile saving, the New York water drive does not overlook the importance of the smallest waste. Hotels and restaurants have agreed to serve water at meals only when asked.

Other communities which have blithely let the water run or become contaminated might do well to look into their supply and see how long it will last without precautions and planning. We might be surprised.

Thinking Youngsters

Representative Illinois young people attending the 4-11 Club meeting in Chicago recently proved by their answers to a questionnaire that they have devoted some constructive thought to their future.

Most of them agree that 22 is a suitable age for marriage, that the husband should be slightly older than the wife, that three or four children make up a satisfactory family, that country life is better than urban living, and that they expect to be well-informed voters.

Disciples of the "What-is-the-world-come-to" school of thought pin their prophecies on delinquency reports, and see little good in today's young people.

Hiss Trial

NEW YORK, Dec. 12.—(AP)—Valentin A. Gubichev, Soviet engineer indicted with Judith Coplon, former government girl, on an espionage charge, today was denied a separate trial.

Consul Ward

Ward was leading Chi down stairs. Chi's brother suddenly appeared and began pounding Ward's neck and right shoulder.

Ward let go of Chi, who scrambled to the iron stair rail and banged his own head against it twice.

Ward and the staff members who had figured in the Communist, jailed for 28 days and then "convicted" by a Communist "People's Court" of two men and one woman.

Western Union

Lewis Petteyway, general counsel for the commission, said the agency also is empowered to fine Western Union for failure to carry out orders.

Court Decision

Justice Douglas, who is recovering from injuries suffered in a riding accident, took no part in today's rent control decision.

The defendants were not allowed to plead or have counsel.

SANTA AND THE MAGICIAN

By LUCRICE HUGGINS

Chapter 2 HENRY MEETS A WIGGLE WAGGLE

Poor Henry. Poor Mr. Dilly. Never were two people so unhappy.

"It's all my fault," wopt Henry. "I must go away. Santa will never want to see me again."

"No," said Mr. Dilly, almost in tears himself. "It is all my fault for taking the wand. I will tell Santa and give him all my own magic tricks. I'll never try to be a magician again."

Sadly they returned to Santa's cottage. There they found great excitement. Santa sat before his fire surrounded by Patrick Tweedle-knees and a host of other little folk.

"Mercy, mercy!" said Serena cheerfully. "Has the party started?"

"The little folk swarmed around the newcomer. 'Did you see any of them?' they cried.

"Any of who?" asked Mr. Dilly in surprise.

"Santa looked up from his letter. 'The Wiggle Wagglies have sent me a letter. They are angry that we did not invite them to the party. They say they will come anyway and beware for none of us will be left alive.'

"Every worker shuddered. 'Oh my, oh my, what will become of us!'

"At this moment Mrs. Claus burst into the room carrying a tray loaded with hot fresh doughnuts.

"Nothing is to become of us," said Mrs. Claus cheerily. "Have you forgotten Santa's magic wand? One wave of it and he can turn all those creatures into gum drops!"

Instantly the workers were cheered but Mr. Dilly said in a quivering voice, "Don't the Wiggle Wagglies have magic, too?"

"Oh, yes," said Santa. "But their magic is for wickedness. My magic is for good. My magic is much stronger than theirs. He tossed the Wiggle Wagglie letters into the fire and yawned. 'Come to bed now. We have a busy day tomorrow.'

The workers departed carrying fistfuls of Mrs. Claus' most delicious doughnuts. The cottage was suddenly quiet. Now was the time for Henry and Mr. Dilly to confess the evil they had done.

But they could not bring themselves to begin Mrs. Claus' bedtime

Miss Elizabeth Whigham and Lester Guthrie, whose marriage will be an event of Thursday, were honored on Saturday night with a dinner given in the private dining room at the Anchor by Mr. and Mrs. David Smith and Mr. and Mrs. C. E. Spencer.

Guests gathered at 6:30 o'clock at the dining room where hors d'oeuvre and cocktails were served. The mantle was attractive with a large arrangement of white gladiolas and greenery in the center flanked with burning white tapers in crystal holders. White gladiolas and greenery were also used on the table which was centered with a small bride and groom. Crystal candelabra held white candles and small place cards marked the seating arrangement of the guests. Gifts were presented to the honored couple during the evening.

Following the dinner, dancing was enjoyed. Those attending the dinner were Miss Whigham and Mr. Guthrie, Mr. and Mrs. B. L. Perkins, Jr., Mr. and Mrs. William A. Leffler, Jr., Mr. and Mrs. Donald Jones, Mrs. Carlin Ray, Miss Margaret Spencer, George Bab, Mr. and Mrs. Smith and Mr. and Mrs. Spencer.

# Ash Wing Lashes Out At Coaches' Demands

### Head Of Sportswriters Raps Coaches For Insisting State Pick Local Mentor

GAINESVILLE, Dec. 12—(AP)—Ash Wing, executive secretary of the Florida State Sportswriters Association, suggested today that the Florida High School Coaches' Association "disband, set up a new purpose of organization and start all over again."

Wing's statement, which appears in a sports column of the Gainesville Sun today, was prompted by the action of the coaches here Saturday in which they demanded that one of their number be named University of Florida coach under a threat of withdrawing active support from the state school.

"Never in our 25 years," Wing wrote, "have we heard a more saline, ludicrous and ill-considered resolution than that passed here Saturday by the Florida High School Coaches' Association."

"In a two-hour battle these men whom we pay to teach our children fairness in competition, ability to play and conduct becoming gentlemen pounced upon the battered, bruised and non-plussed officials of the University of Florida, their host, and said virtually—if you don't pick one of our number as coach we won't help persuade our students to attend your school."

"The greatest majority," of Florida high school coaches, he continued, "are not coaches but teachers. They teach merely as a sideline to add a few dollars per month to their salary. This is nothing to be ashamed of, of course. Most high schools in the state can't afford full-time coaches. In fact, they have all they can do to afford teachers."

It is true there might be some qualified prospects among high school coaches, but is it good business to experiment? Looks like we've been experimenting for the past 20 years. And by what right do these men pose an axe over the head of their state university?

"And where did these teacher-coaches get the idea that success of Florida football depends so entirely on the recruiting of home talent that they could get by with such a threat? Are these the men we hire and pay to teach fairness and sportsmanship

## George Mikan Hits Net For 59 Points; Lakers Lead NBA

By Associated Press

A weekend scoring spree by George Mikan has sent the Minneapolis Lakers spinning to the top of the National Basketball Association's tight central division race.

The six-foot-ten Mikan scored 59 points in leading Minneapolis to twin triumphs over Denver and Philadelphia. The output enabled the Lakers to climb past the Chicago Stags, who lost to New York Saturday.

Mikan dropped in 31 points as the Lakers trimmed Denver, 80 to 70, Saturday. Last night, he tallied 28 in Minneapolis' 90 to 81 victory over Philadelphia.

The victory was the Lakers' 14th against six defeats and gave to our children?"

"Our guess," for the association as such, is that it disband, set up a new purpose of organization, and start over again."

them a half game edge on the Stags.

Meanwhile, the Syracuse Nationals, eastern pace setters, noched their 17th victory in 19 starts by whipping the Sheboygan Redwings, 88 to 74.

Guard Dolph Schayes paced the Nats with 23 points, while Jack Burmaster led the Redwings with 14 points. The triumph increased the Nationals' first place advantage over New York to three and a half games.

Kansas-bred Charley Black outscored Alex Groza to lead the Fort Wayne Pistons to a 90 to 74 decision over the Indianapolis Olympians. Black, a rebounder deluxe, tallied 24 points to the taller Groza's 22.

The Tri-City Black Hawks crushed the weary Denver Nuggets 98 in 66. It was Denver's 20th setback against three wins.

Don Otten's 19 markers topped the Black Hawks' offense. Little Kenny Sailors again spearheaded Denver's attack, scoring 15 points.

A lifetime batting average of Rex Grossman's, 64-yard field goal for Baltimore against Los Angeles was the lowest of the All-American Conference season.

## Cleveland's Pro Grid Team May Quit New League

### Paul Brown Wants To Play Top Drawing Eastern Eleven

CLEVELAND, Dec. 2.—(AP)—Professional football peace isn't a full-fledged fact so far as Cleveland's Browns are concerned.

Paul E. Brown, dapper and dynamic mentor of the club which yesterday won its fourth straight All-American Conference title, said early today the Browns might not hold a team next fall.

Discussing last week's "merger" of the 10 National League and three All-America clubs, Brown said:

"Unless we get what we need in personnel to fill our gaps plus a place in the division with the better clubs, then we'll not be interested in the new league and we'll be out of business."

Brown said his contract with owner Arthur (Mickey) McBride—a personal contract—gave him (Brown) complete control over football policy and that McBride would concur should he decide to fold the tent of what has been termed heretofore as "the greatest show in football."

The Browns defeated San Francisco's 49ers by 21-7 yesterday to become the only pro team ever to win its league title four times in a row.

"We've earned the right to play the top clubs, the ones that will draw," Brown said. "Cleveland is entitled to see the best. Our fans want to see us against Philadelphia, Washington, Chicago Bears, New York Giants and the Detroit Lions—and that's the division we want in if the league is split up that way."

So far, nothing is official on the members of the two divisions under the new setup. However, it is believed the Browns are grouped with the San Francisco 49ers—the Baltimore Colts, the Los Angeles Rams, the Detroit Lions, the Chicago Cardinals and the New York Bull Dogs.

Brown said he understood the peace agreement stated Cleveland was to get a few players from Buffalo under a partial merger setup, with the other players going into a common pool to be shared by all the clubs on a draft basis.

"Maybe we'll get the players we need and want, and maybe we won't," he said. "It really looks as if all we'll get from Buffalo is some of Jim Brown's cash, since he's given the right to buy part of our club, but we need players more than cash."

## Kentucky Cagers, Oklahoma A&M To Battle Easterners

### NEW YORK, Dec. 12.—(AP)—Last season's No. 1 and 2 five-Kentucky and Oklahoma A & M—move east this week for games against strong teams in basketball's showense.

Kentucky, NCAA champion, meets a strong foe in St. John's at Madison Square Garden Thursday. The Wildcats already have polished off two opponents while St. John's, rated among the top New York quintets, sports a 7-0 record.

Hank Iba's Aggies, like Kentucky minus four graduate regulars, bring a 4-0 record into the Garden against Long Island University Tuesday.

Both visitors are favored, but whether they will finish 1-2 again in the Associated Press poll is debatable.

Bradley University, Kentucky Coach Adolph Rupp's choice as the test team in the country, plays host to Nebraska, Big Seven co-title-holder, tonight. Neither has lost a game.

All-winning Holy Cross meets Dartmouth in the Boston Garden Tuesday.

## Dixie Cage Tourney To Be In Tampa

### MONTGOMERY, Ala., Dec. 12.—(AP)—Dixie Conference representatives, having chosen Tampa, Fla., as the site of their 1950 basketball tournament, began considering membership changes today.

Georgia Teachers College has applied for membership in the conference replacing Lambeth College of Jackson, Tenn. Lambeth recently pulled out because of what spokesmen called an "unfavorable geographical location" which makes travel costs prohibitive.

Action on the GTC application was expected to be taken today at the annual conference meeting.

Athletic directors and coaches from the nine conference schools awarded the basketball tournament to Tampa University yesterday in a session preceding the annual meeting. They also worked out some of the bugs in the members' 1950 football schedules.

## Hobart Manley Cops Savannah Golf Meet

SAVANNAH, Ga., Dec. 12.—(AP)—Hobart Manley, Jr., won the third annual General Oglethorpe invitation golf tournament in a breeze yesterday with a 72-hole total of 278, 10 under par.

The Savannah golfer also set two new competitive course records.

## Major Leagues Meet To Decide Baseball Issues

### Deciding Flag Winner In Case Of Tie Is Opening Problem

NEW YORK, Dec. 12.—(AP)—The American and National Leagues are locked in hopeless disagreement over the method of deciding the pennant winner in case of a regular season tie.

Each circuit firmly believes its own system is best unless one renounces some time during the three-day Major League convention which opened today, Commissioner A. B. Chandler will find himself in the role of arbitrator.

Acting on the recommendation that both leagues adopt a uniform playoff system, the two loops agreed to disagree. The American insists that its present one-game sudden-death playoff is the more logical one. The National, in a caucus, decided to cling to its best-of-three-game system.

In the event of a deadlock, Chandler is empowered to vote in favor of either league. The other must abide by his ruling. Of course, the commissioner can decide to allow each league to follow its own dictates, but that is not likely since he is known to favor a uniform playoff system.

Each league has had need for only one post-season playoff in its entire history. Brooklyn and St. Louis met in a best-of-three game playoff in 1946 after finishing in a regular National League season tie. The American had a deadlocked season two years later which necessitated a one-game playoff between Cleveland and the Boston Red Sox.

Other problems to be discussed at the meeting include radio and television; elimination of dark-near-called games, the high school and bonus rule and an increase in number of night games.

More important from the fans' viewpoint is activity in the trade market. While the minor league convention in Baltimore last week was full of trade talk, not a deal was announced.

The general feeling still exists that the Boston Braves cannot quit the meetings here without completing at least one player exchange.

## AAU Decides To Travel To Many Foreign Amateur Meets In 1950

### SAN FRANCISCO, Dec. 12.—(AP)—American athletic teams are traveling far and wide next year, competing on a greatly expanded invasion of foreign countries in many years.

The foreign relations committee accepted invitations to send teams to Japan, England, Ireland, Finland, Scotland, Union of South Africa, Sweden, Norway, New Zealand and the Argentine.

In the final session yesterday the AAU's committee also accepted many new American records (27 for track and field and some 60 for swimming), awarded various championship events and installed new officers.

Officers who will serve two-year terms are Albert F. Whelton of Baltimore, President; Douglas Roby of Detroit, first vice president; Herman I. Fisher of Chicago second vice president; Carl Hansen of San Francisco, third vice president; Ben York of West Palm Beach, fourth vice president.

The 1951 convention was tentatively awarded to Daytona Beach, Fla., subject to later ratification. The dates were set for Dec. 5-9, Washington, D. C., was confirmed for the 1952 convention city, dates being 7-10.

Outgoing president James A. Rhodes, Mayor of Columbus, Ohio, announced the appointment of committees to prepare for U. S. participation in the Pan-American games at Buenos Aires in 1951 and the Olympic games in 1952.

Two radical proposals were rejected. One was a proposition to bar foreigners from AAU championship events. The other was a recommendation to permit athletes to compete as an amateur in one sport and as a pro in another.

All 1950 championship events were awarded except the big senior men's outdoor track and field meet. The central association is expected to bid for it to be held in the Chicago area.

The men's basketball tournament was returned to Denver, where it was held for 14 seasons prior to this year. Tulsa, Calif., home of the defending AAU and Olympic decathlon champion, Bob Mathias, got the National Decathlon again.

Senior men's outdoor swimming went to Seattle; indoor to Yale University. Women's outdoor swimming was awarded to High Point, N. C. and the indoor events to Palm Beach, Fla. The senior boxing championship will be held in Boston.

## Kentucky Has Best Goal Defense Record

### NEW YORK, Dec. 12.—(AP)—Gene are the unscored on football teams of the past. Of the major college eleven Kentucky's Wildcats turned in the best goal line record. Coach Paul (Bear) Bryant's team allowed only eight touchdowns in 11 games.

Their major test comes Jan. 2 in Miami's Orange Bowl when the Wildcats play Santa Clara. Only team to score more than one touchdown against Kentucky was Southern Methodist. The Mustangs beat Kentucky, 20-7. Kentucky's other setback was by 6-0 against Tennessee.

## Dodger Star Chosen For Carver Award

NEW YORK, Dec. 12.—(AP)—The George Washington Carver Memorial Institute's 1949 gold award for betterment of race relations has gone to Jackie Robinson, the Brooklyn Dodgers' Negro star.

The award, to be presented at ceremonies in the near future, was announced last night by Robert D. Hobbay, chairman of the Institute's award committee.

## Rangers Top Wings In Slam-Bang Hockey

### By Associated Press

Mainly because of the fancy stick work of Edgar LaFruite, their hustling 30-year-old center, the New York Rangers are the hottest team in the National Hockey League at the moment.

They have won five and tied one of their last seven games, have a string of four victories in a row and have just cooled off the league-leading Detroit Red Wings on successive nights.

The Rangers clipped the Wings, 2-1, at Madison Square Garden last night after scoring a 1-0 triumph over the defending champions Saturday.

## Blondy Black Caught Own Pass For Loss

STATE COLLEGE, Miss., Dec. 12.—(AP)—Blondy Black, star halfback for Mississippi State's 1941 team, caught his own pass for an 18-yard loss against Alabama that season. Hank Hart, Alabama end, tackled Black just as the ball was thrown, the pigskin going almost straight up in the air. Blacks recovered in time to catch the ball but for a loss.

St. Pete Tax Is Outlawed By High Court

10 Percent Amusement Tax Is Said To Be Confiscatory By Supreme Court

TALLAHASSEE, Dec. 13.—(AP)—The Florida Supreme Court today declared unconstitutional a 10 percent amusement tax levied by the city of St. Petersburg.

In a unanimous decision, the court said the tax was "wholly arbitrary, unreasonable and confiscatory" and the city was without power to levy it.

The court said several special laws were passed during the 1949 legislative session authorizing cities to levy such taxes, but all were vetoed by the governor.

The 8 percent sales tax levied by the state during the September special session also applies to amusements, the court said, and municipalities were denied the right to levy a similar tax.

The Supreme Court's decision upholds a ruling for the Pinellas county circuit court.

St. Petersburg theater operators contended their occupational license taxes were increased 200 percent and the additional license taxes were increased 200 percent and the additional license taxes were increased 200 percent.

Justice Glenn Terrell, writing the unanimous opinion, said a tax increase of 12,000 percent is "fatal for unreasonableness."

Missouri Court To Hear Racial Suits

JEFFERSON CITY, Mo., Dec. 13.—(AP)—The Missouri Supreme Court ruled yesterday that trial courts could hear damage actions growing out of breach of contracts with clauses prohibiting leasing or selling real estate to members of a particular race.

Last year the United States Supreme Court held that real estate agreements not to sell or lease property to persons of a particular race are not enforceable in courts.

The Missouri court held yesterday that the federal decision did not go to another angle—whether one party to the original restriction could be sued for breach of contract.

British 'Docs' Lambast Ewing On Medicine

Contributions From American Doctors To Fight British Socialism Hit \$150

LONDON, Dec. 13.—(AP)—A group of British doctors lambasted U. S. Federal Security Administrator Oscar R. Ewing today for his views on Britain's National Health Service.

The "Fellowship For Freedom In Medicine, target of remarks by Ewing here last week, retorted that "the public should realize that Mr. Oscar Ewing is Mr. Aneurin Bevan's opposite number in the United States."

The group objected to being tagged "a small group of diehards" by Ewing, retorting that on the contrary it numbers 3,000 members, most of whom are in Britain's Health Service now and are trying to make it work.

Ewing last week said the British Health program was a success, and charged that certain groups organized American medicine, opponents of a U. S. health scheme, were contributing to support the propaganda activities of "a small group of diehard British doctors who are still fighting the national health program."

The Fellowship replied it was not fighting the national health program but was fighting to keep party politics out of medicine and to preserve the high standards and splendid traditions of the profession in the best interests of patients and doctors alike.

Over Dozen States Join Scramble For Proposed Air Force Academy

By CHARLES C. HASLET AP Special Washington Service

WASHINGTON, Dec. 13.—(AP)—A scramble is under way for the proposed Air Force academy which the Air Force hopes Congress will authorize at its next session.

Members of Congress, chambers of commerce and individual citizens from more than a dozen states are campaigning to win the academy for specific sites.

The Air Force has set up a board to recommend a site. The school would prepare officers for the Air Force at the West Point and Annapolis academies for the Army and Navy.

The Air Force plans to investigate all sites suggested in bills before Congress, as well as other sites proposed by chambers of commerce and others in letters to the Secretary of Air and the Secretary of Defense.

Just how many proposals the secretaries have received was not disclosed.

The office of Lt. Col. Arthur B. Houston, Secretary of the site board, told a reporter the Air Force has no preconceived idea as to the site.

The Chief of Army Engineers has been asked by the board to make preliminary surveys of the suggested sites.

Bullitt Once Called Alger Hiss Commie

Former Ambassador To Netherlands Is Placed On Stand In Peacetime Trial

NEW YORK, Dec. 13.—(AP)—A former superior of Alger Hiss in the State Department testified today a former U. S. ambassador in 1947 had referred to Hiss as a Communist.

The witness was Dr. Stanley K. Hornbeck, former ambassador to the Netherlands, called as a defense witness in the second Hiss peacetime trial.

Hornbeck testified his friend, William V. Bullitt, former ambassador to France and Russia, spoke of Hiss as a Communist two years ago. This was the second conversation Hornbeck had with Bullitt in which Hiss came up.

Yesterday, Hornbeck said that in the early 1940's Bullitt had told him Hiss was a "fellow traveler."

However, the witness upheld Hiss' reputation and declared "there is absolutely no question" the defendant did not take the papers he is accused of passing to a Russian spy ring during Hiss' 1947 conversation with Bullitt was brought out by the defense on a direct examination. The witness said he did not understand Hiss' use of the word.

Warren Is Removed To New Hospital

TALLAHASSEE, Dec. 13.—(AP)—Governor Warren was removed from his room at a Tallahassee hospital today for a few hours today.

The Governor was among 22 patients of the Tallahassee Memorial Hospital who were transferred to the new hospital at the city's new \$2,000,000 institution.

However, on his arrival at the new hospital the Governor found his room was not ready for occupancy. He will re-enter the hospital this afternoon.

The Governor's physician said the chief executive is "feeling better" but would be confined for several more days.

Picture Heiress Is Shot In Finger During Auto Chase

Only Four Killed As DC Lands In Potomac River Near Fog Bound Field

WASHINGTON, Dec. 13.—(AP)—A Capital picture heiress wandered off a path and landed on fog-bound Potomac River last night and crashed on the roof of the Potomac Hotel, killing four of the 19 persons on board.

The 19 survivors were seriously injured when the plane crashed here after a 100-mile dash from Baltimore. An investigation is being held by the FBI.

The heiress, Miss William Chertoff, 35, of New York City, was the only person who survived the crash. She was taken to a hospital and her condition is reported to be serious.
