Oviedo As 'Growing'

T. L. LINGO

M. L. GARY

By Ruth Davidson Oviedo Mayor M. L. Gary, candidate for re-election to the office in next Tuesday's municipal elections, has released a campaign statement Gary states, "in seeking reelection as mayor of Oviedo, I would like to refresh memory of the townspeople on the past and on plans for the future of our town. "I have endeavored to get member of the council, or a

mayor without success. It is my belief that a man selected for mayor should have ex-"In the past years since becoming mayor, there have been many streets paved. We no rise in taxes and our town have five city-owned buildings and our Volunteer Fire Department is as well equipped, if not better, than those in any municipality in the county. We have just completed installing nine fire alarm telephones which will give quicker service and eliminate night siren calls.

no rise in taxes and our town assessment of two mills is lowest in the state.

"I will appreciate your vote next Tuesday, as well as your help and influence between now and then.

"I promise to you, as always, to do the best for the town, and, with your help, we will continue to move forward.

night siren calls. will continue to move forward. "We are meeting with representatives of the Florida De- Candidates for re-election to velopment Commission at an early date to proceed with a Comprehensive Development Plan for future growth of our town, a plan for major thoroughfares and community system completed. The pre-

facilities and aid in building sent council is familiar with a more modern town. Government grant will provide \$4. my opinion, could carry them 500, two-thirds of the cost, out better than a new coun-with the city to provide the cil." remaining \$1,500, one third of A life-long resident of Ovie-"We have purchased preliformer Lacy Arie of Oviedo. minary plans, at a cost of \$3,500, for a proposed water system, which are under study. In about 30 days we expect to receive forms to apply for a \$600,000 govern.

expect to receive forms to apply for a \$600,000 government grant, half the amount needed for the water system. Remaining half will be paid by revenue from water distribution. We have approximately \$25,000 in savings actually \$ mately \$25,000 in savings ac- like to see more improve counts to apply on the water ments. system which I consider a Ward has been a resident necessity to our community in of the town for many years view of anticipated growth.
