High Twelve Club Climaxes Season

DELTONA—The High Twelve Club of Deltona climaxed its current season at a "ladies day" luncheon in the Deltona Inn. Approximately 116 members and guests attended.

Dr. David G. Monroe, a former professor of political science at the University of North Carolina located in Chapel Hill, now residing in Deltona, was the featured speaker. He addressed the club on the subject of "The Student Unrest in Colleges and Universities." Dr. Monroe's address was a comparison of the present unrest in the United States to the student unrest in the United States in 1968. He pointed out some of the similarities and differences. He also pointed out that the student unrest in the United States in 1968 was largely a result of the Vietnam War. Report End Centers On Families

By CYNTHIA LOWRY
 AP Television-Radio Writer

NEW YORK (AP) — CBS and Walter Cronkite concluded their two-part report on American prisoners of war in North Vietnam with an hour that concentrated primarily on the discouraged, worried families of the captured men.

Many wives, including some whose husbands have been held for seven years, talked—rather bleakly—of the importance of taking one day at a time, of the problems of raising children without a father. Some seemed disillusioned about the lack of progress; one or two appeared angry that little had been accomplished. Women whose husbands have been listed as "missing" for several years seemed the most labored.

Cronkite noted that in recent years President Nixon has "come public" on the subject, talking about their plight often, while President Johnson preferred to use quiet diplomacy. Neither has proved effective. Since international criticism of Hanoi's treatment of prisoners, he said, the propaganda-sensitive North Vietnamese have permitted more exchanges of mail—and have taken a lot of film showing the treatment they claim they are giving the men.

Since the release of the war prisoners is tied into the question of American withdrawal, it was impossible to come to any conclusions or even make any predictions.

Tax Cut Is Still Being Considered

By EDWARD LEBRETON
 Associated Press Writer

WASHINGTON (AP) — Con- gress still may consider a tax cut to stimulate the economy, says the principal architect of tax legislation, even though President Nixon has said he will not seek one.

Rep. Wilbur D. Mills, D-Ark., chairman of the House Ways and Means Committee, said in an interview the White House policy statement Tuesday has not changed his mind. He still intends to study the midyear economic data and decide whether to propose tax changes that would release more spendable funds to the private sector.

"I haven't ruled anything out and I haven't decided on anything," Mills said.

However, he is known to consider the quickest-acting tactic in the economy would be reviv- ing, in some form, of the in- vestment tax credit repealed in 1968.

Commission Appoints Assistant

By LARRY NEELY

Rodney Laver has been appointed by the Seminole County Commission to the post of Administrative Assistant. Laver will assume his duties with the county effective July 1 at a salary of \$11,300 annually.

Laver, currently the city clerk at Altamonte Springs, is one of four applicants interviewed this past week by the personnel board to replace J. Martin Galster, the county's first administrative assistant, who resigned to accept a position with the city of Daytona Beach.

Also, the commissioners delayed taking any action on the transportation study agreement for Orange, Seminole and Osceola Counties which will be conducted under the auspices of the East Central Florida Planning Council (ECFPC).

The commissioners delayed any action to allow County Planner David Farr to further pursue the possibility of having the agreement amended to allow all cities that have reached 5,000 in population since the 1970 census to be included on the policy and technical committees.

Farr will also be pursuing the possibility of including utilities in the study. An addition, which would have to be paid for entirely by Seminole County because none of the other three counties included in the study have port facilities.

Commissioner Vibien, the county's representative on ECFPC, pointed out that the scope of the study was prescribed by the state and federal government and the port may not be able to be included in the study.

The commissioners also instructed the county attorney to prepare ordinances establishing regulatory boards to cover well drilling and heating, air conditioning and mechanical operations.

The commissioners also offered a consensus to the personnel board approving the concept of a utilities department and initial staff. The personnel board was requested to arrive at recommendations of salaries, office space and budget requirements. The operation of the utilities department would be funded by the five per cent utility tax which would be reduced as the number of utility companies in the county increases.

Maitland's Celebration Highlighted By Parade

One of the highlights of the annual Fourth of July celebration sponsored by Maitland, South Seminole Chamber of Commerce, a three-day event, will be a parade scheduled for Monday, July 5, with the theme, "It's a Grand Old Flag."

The parade will be divided into two main sections, the main parade and the children's parade. The children's parade will form at the Maitland Professional Center, Maitland Avenue, at 8:30 a.m.

All entries in the parade will be judged and prizes will be awarded in the following categories: girl's costume, boy's costume, funniest costume, vehicle, bikes, and animals. Every child who enters will be awarded a ribbon; winners will be given trophies.

Criteria for judging will be originality, application of the theme, impressiveness, such as color, use, time spent, detail, and moving parts. Judging will be done at 9:30 a.m.

A Unique Decision Judge Hears Youth's Impassioned Plea

By MARION BETHEA

An impressed plea that he should "pay more than lip service to rehabilitation of youth law offenders" was made to Circuit Judge Dominick Salli this morning by attorney Ford Duane and resulted in Judge Salli departing from the norm and allowing a defendant, who had entered a guilty plea to charges of possession of marijuana to remain at liberty until today at noon. At this time he is to turn himself in to the sheriff.

Roger Webb, who was charged on two counts of possession of a narcotic and possession of a ballistic instrument entered the guilty plea to the first charge. The state agreed to nolle prosequere the second count.

The 19-year-old youth was arrested on Feb. 20 with five others ranging in age from 17 to 20 in a narcotics raid in Casselberry by county vice squad agents.

Judge Salli, in accepting the plea, told the youth that he faced a prison term of five years.

Duane told the court that the defendant was "meritorious in his plea" for probation and requested the court to allow him to be placed on bond during present investigation which customarily consumes between one to four months.

Judge Salli was of the opinion that the youth would be rehabilitated while incarcerated and stated that if, on bond, during the time lapse, the defendant countered that this "smacks of retribution" and that if the defendant had been charged with sale instead of possession of a kilo of marijuana, "it would not be a question about which he would not feel so strongly. He reiterated his plea for the court to allow the boy to show by his actions that he could be rehabilitated.

Judge Salli told the attorney that when individuals had committed a transgression that he must feel some punishment has been dealt for his conscience to assume the gravity of the transgression. Duane suggested that the court allow the defendant to be employed on the outside while incarcerated as an bond, returning incarceration otherwise might cause the defendant to "become hostile."

Judge Salli in allowing the defendant to remain at liberty until today told Duane that in the meantime he should prepare forms for the employment of the youth while incarcerated. Judge Salli said that the youth could serve in this capacity during the present investigation while he is incarcerated, but stressed that the matter had not been fully approved and was contingent upon discussion of the matter with the Sheriff.

Pocketbook Relief Must Be Found By Nixon

There is a persistent and unwelcome hard fact staring in on the Nixon administration. This is the failure of the Nixon leadership to effectively handle the complex and critical economic situation so that the "pocketbooks" of voters will not be further and further squeezed.

As the Nixon team huddles for the new signals and thinks out the maneuvers which can be employed to save a disastrous defeat, the voters may be intrigued by this spectacle but what they experience are higher prices and higher taxes and more unemployment.

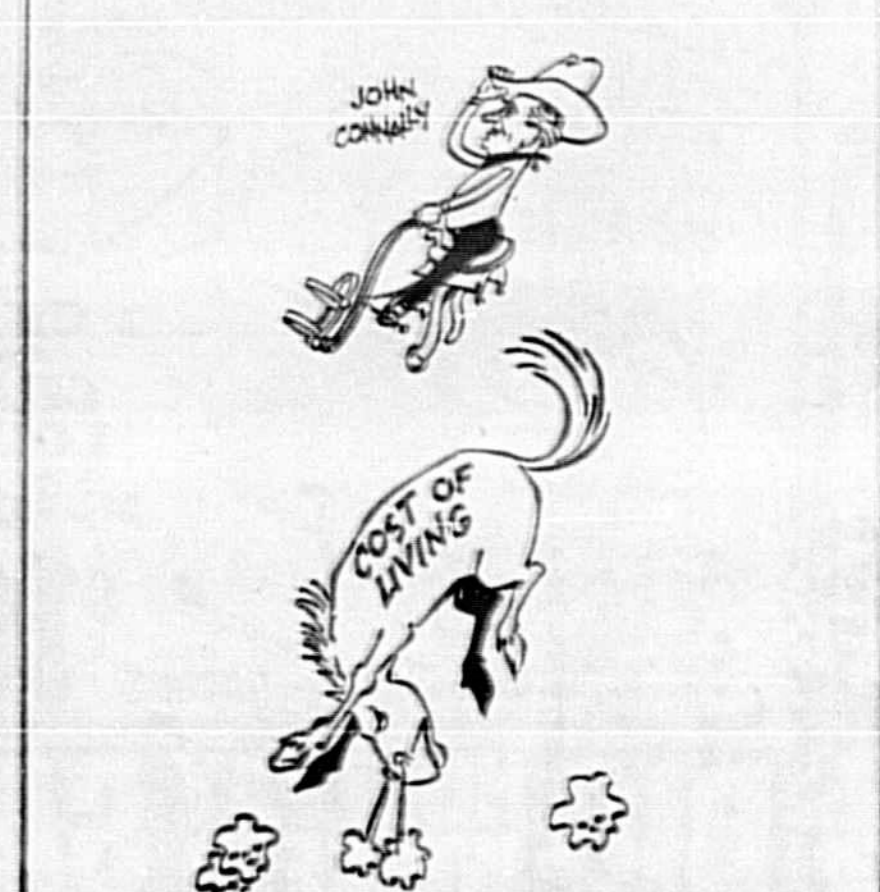

What Mr. Abel was talking about was the need for action, and action in a manner far removed from the money-management experiment which had been the hope of the former Nixon game plan.

lacking ingredient. The careful balancing of one group of advisers against another, the prolonged feeling of the slow pulse of economic life waiting for signs of strength and recovery, will no longer satisfy the voters.

First Federal Blasts Goodyear, 9-0 Baker Fires Sparking One-Hitter

runners as First Federal topped Goodyear 9-0 in the second game of the 1971 Sanford Little League city championship tournament. Goodyear batters were fanned, 10 of them on strikeouts. He lost his no-hitter and perfect game as Donnie Williams led off the fifth inning with a solid double. The only other base runner came as Baker walked Ben Dyal in the sixth, but Dyal was later put out at the plate as he tried to score on a wild pitch.

chance and he responded with a hit.

First Federal scored three hits in the fifth on two walks, a single by Ricky Mann, four errors, four passed balls and a wild pitch. Kiner led off the sixth inning with a base hit, but was put out at second as J. D. Brooks reached on a fielder's choice. Brooks went to second on a wild pitch and to third on a passed ball. Joe Baker walked and after two outs, Terry Smith slammed a run-scoring single. Ricky Mann batted on a two-out single by Brooks to the shortstop, who threw home, too late to get Baker.

Ricky Mann passed the winners as he went two for four at the plate, scored two runs and drove in three. Cleveland Kiner and Terry Smith were each two for three with an RBI. Andy Tharpe had the only other First Federal safety.

Baker had superb control and blazing speed as nine of his 14 strikeouts were called. Williams' double was the only ball hit out of the infield by Goodyear. Joe Ervin went the distance for Goodyear in suffering the loss. He recorded 10 strikeouts, but walked six batters. His teammates committed eight errors.

APEX is expected to come with their ace tonight in an effort to stay alive in the tournament.

It starts deep in the throat, works its way up over the tongue and explodes through the teeth. It is a long, lusty "boo-oo" and it is the trademark of the Philadelphia Phillies fans.

Philly fans boo so much that there have been times the Liberty Bell and Star Spangled Banner were considered in danger next. But they pulled a switch on Tuesday night and, believe it or not, they cheered. Oh, it wasn't a Phillies cheer, of course. It was Tom Seaver of the New York Mets who led 13 strikeouts shutout included the 1,000th strikeout of his career.

Seeks \$2 An Hour Wilbur Mills Pushes For A Higher Minimum Wage Law

By RAY McHUGH
WASHINGTON (AP)—It's really not surprising when the polls and points of view inside government appear to collide.
After all, 22 million people look at any one problem from many different perspectives. But few domestic issues are as thorny as the federal minimum wage.
At a time when the Nixon administration is struggling to check the wage-price spiral, curb inflation and at the same time improve the incomes and opportunities of the disadvantaged, along comes another campaign to increase the minimum wage.
The federal minimum, applied to firms engaged in interstate commerce, is currently \$1.60 an hour. Chairman Wilbur Mills, D-Ark., of the House Ways and Means Committee, wants a \$2 minimum in early 1972. Northern Democrats on the Senate Labor Committee are backing a

bill that would set a \$2.50 rate next year. The administration has proposed a 30-cent increase in 1972 and another 20-cent boost on Jan. 1, 1974.
Legislation would affect an estimated 8 million workers. A jump to \$2 would cost their employers approximately \$7 billion a year.
But would the low-income workers really benefit? This is an argument that is beginning to wax hot in the corridors of Congress.
Stokers for small business, the largest employer of affected workers, argue bitterly that increases of 25 per cent or more in minimum wages will force them to turn increasingly to hiring equipment, more payrolls and discontinue modern, effective, training programs for unskilled workers.
Any forced increase, they claim, will cost jobs in the highest paying and most desirable agencies reporting the highest employment — blacks, teenagers and working mothers.
Proponents of the increase argue that inflation has already wiped out 17 per cent of the 40-cent increase voted in February of 1968.

Dickson Rd. Cleanest In County

By BILL SCOTT
Dickson Road is now the cleanest road in Seminole County and its all because of two men dumping trash on the throughway.
To explain this paradox, we must go back to what occurred after Seminole County Deputy Steve Willis was called to the scene answering a complaint made over the dumping of trash.
Willis, checking through the debris, found papers bearing a Longwood manufacturing firm's name.
Checking with the company, Willis was apprised by the business supervisor that two employees were paid to cart off trash to the dump.
Willis determined the two, Charles Judy of Winter Park and Mack Blosser of Altamonte Springs, had indeed deposited the trash, but instead of taking it to the dump had disposed of the refuse along Dickson Road, which is west of 14 near Seminole Golf Course.
Deputy Willis said the men admitted the dumping and he (Willis) brought the matter up with L. J. Smith, his superior. L. Smith related he asked the pair whether they wanted to clean up the mess or go to jail. Both men elected to reclaim the refuse and set about the task, but L. Smith, wanting to make an impression on the two concerning the errors of their ways, advised they would not only have to pick up the trash left by them, but do a complete cleaning job along the entire mile and quarter road.
The county lawmen said it took considerable time and two trucks to haul away the litter from the roadway, but only one pickup truck load was left by Judy and Blosser in the first place.
Seems the two men collected with interest!

7 Jaycees Attend Convention

The Sanford Seminole Jaycees had seven representatives at the recent National Jaycees Convention at which Robert Hattaway of Altamonte Springs was elected national vice president on the first ballot. Those attending from Sanford included John F. Sheridan, president of the Sanford Seminole Jaycees; John Morris, past president; Sidney Usher, Jr., Thomas Freeman, Norval Aglin, Vic Gishler and William Richardson.
Elected national president of the Jaycees was Ronnie Au, 35, of Hawaii who was elected on the first ballot. Features speakers at the convention included U.S. Senator Edward Kennedy, Don Kinzits and Arthur Godfrey.
Future plans of the Sanford Seminole Jaycees include a luncheon dance which is slated for July 5 from 8 p.m. until midnight with live entertainment. The Jaycees urge all members of the community to work with them for the betterment of the community.

Sent To Vietnam Allies Messages Hinted—Cut Back Failure

By KENNETH J. FRED
WASHINGTON (AP)—The night before President Lyndon B. Johnson cut back the bombing of North Vietnam in his successful 1968 bid to start peace talks the State Department secretly sent word to his Vietnam war allies that the move would most likely fail and full-scale resumption of the air war was possible any time. A message to U.S. ambassadors in six capitals instructed them to tell the allied government chiefs.
"You should make clear that Hanoi is most likely to denounce the project and thus free our hand after a short period."
"Nevertheless we might wish to continue the limitation even after a normal declaration in order to rest the sincerity and put the monkey firmly on Hanoi's back for whatever follows."
The message is quoted at length in portions of the Pentagon papers on the Vietnam war made public Tuesday night and used on the cases in an unusual session on Saturday. A court spokesman, announcing the forthcoming sitting, would not state flatly that this is the ruling on tap.
Washington Post of the Pentagon's secretary of State.

Public reports on the 47-volume, 1,000-page account were started two weeks ago by the New York Times and subsequently published by other newspapers as the secret study leaked widely. The government then took the issue of publication into its courts, obtaining restraining orders against three papers. Gravel wound up his reading after 1 a.m. and went home to sleep shortly before dawn. His office reportedly received hundreds of telephone calls from around the country praising his action. A spokesman at the Justice Department said no comment on Gravel's action, referring all queries to the Defense Department.
Gravel said there was no justification for keeping the still officially top secret papers from the American people.
Gravel's aides said some material was screened out of the released material. Some passages had been cut out with a razor blade.

Polk Seeks Grant For Radio System

By BILL SCOTT
SHERIFF JOHN POLK disclosed today he would apply for an \$80,000 grant to set up an "instant communication radio" system with a repeater station to enable any law enforcement officer to talk with another in any part of the county.
Polk said it was now impossible for deputies to converse from their cars unless they were close together, but under the proposed new system, which will use both ultra high and very high (UHF and VHF) frequencies, it would be possible to talk with each other in any county point.
The plan will utilize a 200-foot tower to be located on a high elevation in the center of the county, at a site still to be determined. As many as 30 new mobile units and 10 portables with a south county sub-station will be needed for the radio linkage, Polk said.
The sheriff disclosed the grant would be sought from the Law Enforcement Assistance Administration (LEAA), which will be called upon to fund three-quarters of the cost. The remaining \$20,000 is being sought from the county, Polk said.
"The system is at least a year away," Polk said, because the budget requires that the money be sought in next year's requests since it is too late for this year's appropriations.
The sheriff, on another matter, reported a new chemist will begin working full time at the crime laboratory beginning July 1.

Police Seeking A Motive

NEW YORK (AP)—Police say they are still seeking a motive for the shooting of reputed Mafia leader Joseph A. Colombo Sr. and are "open to all theories."
Colombo, 41, remained in a coma and in critical condition today after being gunned down Monday as he was preparing to lead a big outdoor Italian American civil rights rally.
Surgons said late Tuesday that his vital signs were somewhat stronger but estimated his chances of survival were 30-50 percent, if he recovers.
"Racism and gangland rivalry have figured in speculation on the motive for the shooting," Chief of Detectives Albert Seale said Tuesday the gunman may have decided to shoot Colombo on his own.
Detectives were still trying to learn more about Jerome A. Johnson, the 24-year-old black man who fired three shots into Colombo before being shot to death moments later. They also were seeking a woman seen with Johnson before the shooting.
Underscore detectives in Harlem and Brooklyn's Bedford Stuyvesant section were trying to learn if Johnson had any links with black mobs reportedly set up by Joseph Galbo, reputed mob leader said to have been feuding with Colombo over underworld territory.

U. S. To Help Turkey Eliminate Poppies

By FRANK CORMIER
Associated Press Writer
WASHINGTON (AP)—President Nixon personally announced today a plan by the Turkish government to eliminate opium production in the borderlands of the country by replacing opium poppy production with legitimate agricultural enterprises in his country for many centuries—certainly will cause "some economic dislocation."
Rogers said the United States will provide money and technical assistance to help Turkey replace poppy production with other cash crops. He said the amount of such aid is yet to be determined.
The secretary estimated the annual value of Turkey's poppy crop at between \$3 million and \$5 million.
Until the ban on poppy-growing goes into effect, Rogers said, Turkey will attempt more stringent licensing and control of current output.
He also said the Turkish government plans to buy up as much of the current crop as possible at premium prices with the aim of keeping it out of illicit channels.
Rogers said six other nations have reported that they are attempting to persuade each other to follow the stand taken by Turkey.
The secretary estimated the annual value of Turkey's poppy crop at between \$3 million and \$5 million.

Anti-Mafia Law Ruled 'Unlawful'

TALLAHASSEE, Fla. (AP)—An anti-Mafia law under which former Atty. Gen. Earl Faircloth sought to put nearly 30 south Florida corporations out of business was ruled unconstitutional today by the Florida Supreme Court.
The court said in a 3-1 decision that the law allowing the state to revoke the charter of corporations with officers or directors who organized crime connections was a denial of due process of law.
The law, passed by the 1969 Legislature, allowed charters to be revoked if officers or directors were involved in organized gambling, narcotics trafficking or "connected directly or indirectly with organizations, syndicates or criminal societies engaging in such activities."
The Supreme Court held that under the wording of the law a reasonable man could not know what conduct was prohibited.

Bahama Economy Nearing A Crisis

NASSAU, Bahamas (AP)—The "complacency" of immigration administrators in the City of Freeport led to a crisis that is hurting the economy of the Bahamas Islands, according to a report given to the House of Assembly today.
The White House announced Tuesday that Nixon would drop his criticism of immigration officers for a few remarks following Mitchell's address to graduates.
The occasion is expected to evoke both some kind words for the 26-year-old Hoover as well as a law and order statements by the President and Mitchell.
Although the timing is probably coincidental, the gathering of Nixon, Mitchell and Hoover follows the most sustained period of criticism encountered by Hoover in his 41 years as the head of the FBI.
"There is little question in the minds of observers that the twice-yearly events mark high points in Hoover's life. Beside him on the flag-draped stage are men who praise him; before him, police officers from every state and some foreign nations who can carry the sentiment back home."
The National Academy, which the FBI refers to as the "West Point of law enforcement," was founded by Hoover in 1935. As recounted by FBI annuals, the first act of the original 29 graduates was to form a clandestine group and elect Hoover an honorary member.

Rounding out the cast for the 16-year program—the semiannual graduation ceremony of the FBI National Academy—was Atty. Gen. John N. Mitchell.

Mrs. George Bishop Hostess To Bridal Tea

By CECILIA FARMER

Mrs. George D. Bishop and daughter, Kaki, were hostesses for a bridal tea at their Hibiscus Court home honoring Miss Susan Alpaugh, Saturday, June 19 from 3 to 5 p. m.

Receiving yellow daisy corsages from the hostesses were to be honored, Miss Alpaugh, her mother, Mrs. William Alpaugh and mother of the future groom, Mrs. Bishop Ashley.

In the receiving line were Susan, her mother, Mrs. Ashley and the two hostesses. Susan wore an attractive sleeveless beige knit dress. Mrs. Alpaugh chose a deep pink linen with embroidered yoke and Mrs. Ashley wore an abstract print with blue tones, featuring long sleeves. Mrs. Bishop wore a rose crepe dress and Kaki chose a navy and white knit with high waistline. All wore white accessories.

The refreshment table was overlaid with a white lace cloth over yellow. The centerpiece was an arrangement of yellow and white mums and ferns in a silver bowl. A silver tea service graced one end of the table and lime sherbet punch was served from a cut glass punch bowl on the other.

Mrs. W. M. Phillips and Mrs. Carlin Eck served the tea and serving as floating hostesses and taking turn pouring the punch were Mrs. Bishop and her daughters, the Misses Cindy, Suzy, Carol, Ginny and Mimi Bishop.

Assorted sandwiches, petit fours, nuts and mints were also served. The hostess gift was a piece of silver in the bride's chosen pattern.

Approximately 100 friends called during the appointed hours of 3 to 5 p. m. Out-of-town guests included a number of Susan's sorority sisters from Winter Park and Orlando.

I am happy with my own religion and I don't feel that I am in need of being "saved," but they insist that I do, and it is their mission in life to go around saving people.

I don't like to be rude and alarm the door in anyone's face, but I haven't time to listen to these people and if I had the time I wouldn't care to, anyway. Please tell me how to handle some of these more persistent door-to-door religious salesmen. Horoscope Forecast

THURSDAY, JULY 1, 1971

GENERAL TENDENCIES: You have an odd day in relationships with other persons but if you will use your cleverness to get out from under problems with them and refrain from acting in a temperamental manner you will be able to maintain the goodwill of others. Then you are able to cement relationships with intelligence.

ARIES (Mar. 21 to Apr. 19): Show much consideration for other persons, especially for those who are dynamic and fond of you. Try to help those who are troubled over a situation they can hardly handle. Avoid arguments.

Taurus (Apr. 20 to May 20): If you plan how to get all that work done early, you can plow through it easily. You need not rely on co-workers so much. Show that you are sure of your self and carry through happily.

GEMINI (May 21 to June 21): You postpone fun for awhile and take care of obligations. You get excellent results now. Benefits are now propitious to the effort you put into work. Much happiness comes in the future.

MOON CHILDREN (June 22 to July 21): Find pleasant who dwell with you, but carry on with work you have at hand which you know is right. Eliminate tensions. Kin may not understand the scope of your job.

LEO (July 22 to Aug. 21): You have appointments to keep and must take care of obligations through just the same. Don't forget to complete errands. Being with persons who can further your career is fine in the evening.

VIRGO (Aug. 22 to Sept. 22): If you listen to what successful persons in business have to suggest, you get fine ideas for improving your financial status. Read printed matter well where vital projects are concerned. Show that you are a wise person.

LIBRA (Sept. 23 to Oct. 23): You now know exactly how to advance through intelligent activity. Entertaining others is fine, but do so in a conventional and charming manner. Show generosity but not extravagance.

SCORPIO (Oct. 24 to Nov. 21): Being pretty much by yourself, except for romantic side of your life, is wise today. Get busy and do those things you have to do. Do that work that will relieve you of private worries.

SAGITTARIUS (Nov. 22 to Dec. 21): Good friends can assist you today, but avoid individuals who are not dependable. Your head is full of all kinds of desires, but discriminate between the good and the bad. Think before you speak.

CAPRICORN (Dec. 22 to Jan. 20): Plan how to get the support to carry out a higher-up. It may require you change some of your ideas. They every regulation that applies to you. Show that you are an honest and conscientious person.

AQUARIUS (Jan. 21 to Feb. 19): You have fine ideas and need to go to them, rolling out, but don't make the mistake of being forceful with others. New data needs careful study. Know your facts if you have to answer questions others put to you.

PISCES (Feb. 20 to Mar. 20): Improving your surroundings is good since it pleases those who dwell or work with you. Don't permit others to let you work beyond your natural capabilities and ruin your health. Show that you are a humanitarian.

IF YOUR CHILD IS BORN TODAY — or so the stars indicate — you can expect a number of those fascinating young people who want to cooperate with others, provided your progeny takes in stride the many temporary separations that are apt to occur. An ideal situation for any vacation that requires precision, neatness and sense of color. Try to give your child as many of the cultural benefits as you can. Sports are fine here, too.

The Stars impel, they do not command. When the stars make of your life is largely up to YOU!

Jacoby On Bridge

South put his king of spades on East's Jack and noted that he had eight top tricks with three good extra's in diamonds. So he led a diamond to dummy's king at trick two and returned the suit toward his own hand. East discarded the three of hearts.

South had a good opportunity to bemoan his tough luck, cash out his eight top tricks and settle for down one. That South was decidedly not a loser. He simply played a low diamond to his king and seven. West was startled with all three and, therefore, East could have made things easy for his partner by simply discarding the queen of hearts, whereupon South cashed out four no-trumps.

East was right about that his partner. He felt that West should have played his Ace of spades and given himself a chance. East pointed out that six three of hearts could not have been read as an encouraging discard.

East knew his partner had led fourth best. The only spades higher than the six-spot that East couldn't account for were the ace, 10 and seven. West was marked with all three and, therefore, East could have made things easy for his partner by simply discarding the queen of spades.

Worry Clinic

CASE Q-583: Maria D., aged 17, is the loveick girl who insisted on marrying her high school boy friend named Jerry. Teenage girls are usually the ones who cause such premature weddings.

They either become pregnant out of wedlock or a shotgun marriage then ensues to legitimize the baby.

Or they are so eager to flaunt a wedding ring and enter the magic circle of women with a "Mrs." in front of their names, that they inveigle their boy friend into adolescent nuptials.

"But, Dr. Crane," females of the "liberation" type may protest "why blame the girl for pre-marital affairs that lead to her pregnancy?"

"Why not indict those who are the primary cause, namely, the boys?"

Well, this is a neat feminine subterfuge to win sympathy for the girl and make a scapegoat out of the boy.

For girls are usually the chief culprits in pre-marital affairs! If that shocks you, please consider these psychological facts:

(1) The male hunger for eroticism is far greater than that of the female.

Males are thus goaded by a stronger organic sex drive!

Contrast a well fed person and a starving individual who are in a bakery shop.

If both steal a loaf of bread apiece, which is really more deserving of sympathy?

"Oh, it's the starving man!" most people will freely assent.

"For the well fed individual must be stealing for ulterior motives!"

On the typical romantic date, the boy is thus the one who is much hungrier for erotic "calories."

The girl is not very sexually passionate, for her main interest is to bring the boy's future attention to her to wangle a wedding ring.

When she enters into pre-marital sexual union, she does it for ulterior reasons.

So she deserves less sympathy than has formerly been accorded her.

(2) Females have also been doubly warned that they are more likely to suffer the consequences of pre-marital affairs.

So they have been given extra coaching against illicit romance.

Those who have been doubly warned are thus doubly guilty of infractions of the rules in the game of love!

(3) Girls like to flaunt the symbols of social prestige so they try to push their escort into an "engagement" where they can then show off his fraternity pin or diamond ring.

For the well fed individual who excessively strokes back and forth the engagement ring before their non-engaged high school coed classmates.

And the crave the fancy church wedding!

(4) Competition exists among both sexes, but the boys prefer to compete in athletics in sports for athletic victory.

Girls compete for men as a female victory celebration!

That's an essential sex difference.

And since the female of the species is usually more deft in using psychology, she often gets the man laxated before he knows what has happened.

(5) Marriage is the acme of the usual girl's ambition, but it is a sideline for the typical male.

Safe Buy

An open letter to used car buyers . . .

What a sensation! Lincoln-Mercury feel that it is unwise to pay too much but it's worse to pay too little. When you pay too little, you sometimes lose. The thing that you bought was inoperative. Everything because the thing it was supposed to do. If you are able to do a business balance prohibits paying a little and getting a lot. It is well to do that you little with the lowest bidder. If you do that you thing for the risk you take, and if you do that you will have enough before you buy any car, come in to yourself a favor before you buy any car. If you buy a Lincoln-Mercury and just look at our car offerings. Quality is remembered long after price is forgotten.

At Trinity United Church Steel Band Sets All-Drum Concert

By Mrs. E. E. Thomas Jr.
The Tropical Merry-makers Steel Band will present its concert Sunday, July 11, at 8 p.m. at the Trinity United Methodist Church.

The public is invited to witness this unusual program. This band, consisting of all steel drums, will play melodies of hymns we love to sing.

The Trinity United Church family cordially welcomes the public to this performance. You will have an opportunity to sing some of your favorite hymns at the band provides the music. Rev. A. M. pastor.

Don't forget the carnival sponsored by the Just Us Club on the grounds of the Good Samaritan Home. The date is Saturday July 10 beginning at 10 a.m. This newly formed organization is undertaking a drive to raise \$2,000. These funds will be used to complete the flooring of the new home which is badly needed.

The carnival will feature a train ride for the youngsters, chicken pie, and a bake sale. Amusement, outdoor fish fry with lush puppets, home made cakes and ice cream topped with soft fruit will also be available.

Door prizes will be given to the first 100 adults who visit the incompleting structure of the Good Samaritan Home.

The club is asking you to donate items they can sell or give away. All checks and money orders should be made payable to the Good Samaritan Home Building Fund. Items and donations may be taken or mailed to the home at 804 Mulberry Street, Tampa 2, Fla. Or call 322-2221 for items to be picked up.

The Just Us Club wishes to thank everyone in advance for helping them in their drive effort. Mrs. Mary Smith, president.

Rev. N. A. Watson, pastor of Springfield Missionary Baptist Church has accepted an invitation from Rev. Campbell, Grand Master of Prince Hall Mason, Panama City, Florida, to conduct a revival meeting in that city.

He will depart our city July 5. We pray for his success in his service to mankind.

The Rev. Z. L. Grady, pastor of Morris Brown A.M.E. Church of Charleston, S. C., recently rendered a most inspiring message, "What Think Ye of Christ and Whose Son is He," at St. James A.M.E. Church, Rev. Burke, pastor.

Witnessing the service were some of his fellow classmates of the former Crocus Academy. After services, Rev. Grady was invited to the home of Rev. N. A. Watson.

While enjoying retirement of ice cream and cake, his classmates, Mrs. Lella Larkins, Mrs. Gladys Barnes, Mrs. Mrs. Marie Blake Maxey, Mrs. Pearl Slaughter McGill, Mrs. W. Cummings and Jerry McGill Jr., chatted about the good old school days.

In it each of their desire to love Christ and to draw closer to Him.

Mother Ruby L. Wilson, pastor of the Free Will Holiness Church, sat radiantly by her husband, Timothy Wilson who is better known as "Pappy," as she was honored by the members of the church and community wellwishers on her 34th anniversary as pastor.

Bishop Lang of Daytona Beach delivered the message, with emphasis placed on leadership. Mother Wilson has prevailed to be a wonderful leader for many. She gives all the praise to the Lord Jesus Christ.

Some of the pioneer members present were Brother Enoch Robinson, Sister Mamie Robinson, their daughter Sister Lily DeVine Simms from Cleveland, Florida, and Elder and Mrs. Ernest Barrell.

Mrs. Mary Smith, president of Just Us Club, gave a very touching talk concerning Mother Wilson's concern for mankind. Captivating the mind with the hymn, "Must Jesus Bear the Cross Alone," she asked the question "Should Mother Wilson bear the cross alone for the completion of the Good Samaritan Home while the rest of us go free?"

Many eyes were filled with tears as each searched their mind as to what they could do. Mother Wilson stated in her closing remarks, "I have heard my funeral preached and am most grateful to everybody."

In essence, "Give me my flowers while I can see and smell them."

**New Idea
In Painting**

CHENAYNE, Wyo. (AP) — When Secretary of State Thomas Thompson told her staff she wanted to have her Capitol office walls painted in three-foot wide orange and yellow horizontal stripes, they were skeptical.

But she says they changed their minds after she had a painter try to put a back wall. Mrs. Thompson says the idea is inexpensive and will brighten the rooms.

Approval By 3 States Is All That Is Needed

WASHINGTON (AP) — The Senate has approved the bill on cars and heavy machinery from 3 to 4 per cent.

"I'm taking all requests that I veto certain parts of the bill under advisement," he said. "I'll look at them together and in the same fashion. I haven't made up my mind yet on what action I'll take."

The governor was scheduled to return from Washington early in this afternoon.

In comments sweeping enough to include the possibility of item vetoes, Askew's assistant press secretary said the governor would probably act on the bill by Thursday.

"An effort will be made to have it signed or have final action on it Wednesday or Thursday," said Maurice "Moose" Harling.

The tax bills passed during the extended special session that reached Askew's desk included:

• \$37 million (eight per cent) of the gallon of gasoline.

• \$29 million by raising sales tax on cars and heavy machinery from 3 to 4 per cent.

• \$24 million by taxing corporations 11 per cent of net worth.

• \$2.8 million in increased cigarette taxes.

• \$15 million (two cent-a-pack) cigarette tax increase.

Before Askew acts, "those tax bills have to be looked over by our tax man to make sure they say what we think they say," Harling said.

Appropriation Bill Faces Item Veto

ASKAW was asked before he left for Washington where Miami Beach was announced as the site of the 1972 Democratic convention if he would veto parts of the spending bill.

"I'm taking all requests that I veto certain parts of the bill under advisement," he said. "I'll look at them together and in the same fashion. I haven't made up my mind yet on what action I'll take."

Chapter Seeking Autistic Children

The formation of a Central Florida Chapter of the National Society for Autistic Children has been formed in the Orlando area.

"At the moment there is a search for more autistic children in the central Florida area to join this new chapter. People willing to give their time and money are greatly needed. Autistic children usually function far below their IQ level, they often show flashes of high intelligence and special abilities. Although they look normal,

The governor was scheduled to return from Washington early in this afternoon.

In comments sweeping enough to include the possibility of item vetoes, Askew's assistant press secretary said the governor

Get In Spirit Of '76

Get in the spirit of '76 — of enjoying the outdoors — of family get-togethers and of enjoying the good things that come from Florida. Pick a spot and invite the family, the in-laws and friends of the children to an outing on the Fourth.

Along with patriotic traditions of the Fourth and the successes of the young nation that stretch out on its own in 1976 have come American customs that make the Fourth of July a special day.

It's a day when it's alright for the boys to find a secluded place to go skinny dipping; to carve open a roasted cold watermelon and pass the slices around; to set in the shade with a tall glass of limeade and mist while enjoying the activity around you.

Really, it's a day for all to be on an outing and for all to be enjoying their sport, activity or just plain lazing around. Whatever turns out to be your favorite activity is seems to have one thing in common; enjoying the togetherness this holiday provides.

Togetherness today is probably as delectable as it was in man's early day. Sociologists say early man gathered for security's sake; today he gathers for socializing to relax and renew his spirit. One of the highlights of socializing is eating.

This young nation that told the British it was breaking the bonds of the Mother Country in 1776 has performed one miracle after another to increase the variety and convenience of eating. Outings have changed from cooking home grown products in cauldrons heated by wood to precooked individual dishes and an endless variety of picnic foods. America has succeeded in raising enough food to feed herself and to trade her surplus for materials and services.

This Fourth of July the fruits of this success will again be found around campfires and picnic tables throughout the country as Americans gather to celebrate this day through togetherness and good eating.

This Fourth a home prepared meal of Sliced Beef can be the main delight of an outdoors SLICED BEEF SALAD.

Thinly sliced cold cooked beef. Thinly sliced Florida tomatoes. Sliced onion. Sliced cooked Florida potatoes. Pitted ripe olives. Italian Dressing. Hard cooked eggs, quartered. Chopped parsley.

Arrange first four ingredients in alternating layers in a salad bowl. Garnish with olives and pour dressing over top. Add quartered eggs and sprinkle with parsley.

A watermelon that has been cooled overnight will provide that sweet juicy country fresh dessert. Florida melons will continue to be in peak season around the Fourth.

This Florida recipe for Party Perfect Limeade will provide the cool refreshing drink that goes with a meal and quenches thirst as well.

PARTY PERFECT LIMEADE. For perfect limeade, combine 2 cups Florida lime juice and 1/4 cup granulated sugar. This makes a syrup that can be kept refrigerated to make 16 or 12 tall glasses of limeade, depending on size of glasses used. Combine 1/4 cup syrup with water (approximately 1/2 cup for each glass) and ice cubes for each serving.

New Recipe For Tasty Cream Pie

By Cecily Brownstone
Associated Press Food Editor

If you're interested in a new recipe for strawberry pie, here it is. The berries, in their natural state, are added to an easy-to-prepare creamy filling and the pie is chilled. The crust is a crumb-and-butter shell that complements the filling.

STRAWBERRY CREAM PIE
2 teaspoons unflavored gelatin
2 tablespoons cold water
1 1/2 cups heavy cream
2 1/2 cups firmly packed dark brown sugar
1 teaspoon vanilla
2 pint baskets, fresh strawberries
1 Walnut Crumb Shell, see below

In a medium saucepan sprinkle the gelatin over the cold water; allow to stand about 5 minutes to soften; add 1/2 cup of the cream. Over low heat stir constantly until gelatin has dissolved. Add sugar and stir vigorously until dissolved.

Remove from heat. Stir in remaining 1 cup cream and vanilla. Chill until thickened. Meanwhile rinse strawberries in cold water; remove caps. Quarter enough of the large berries and halve enough of the smaller berries to make 3 cups. Reserve remaining whole berries for garnish. Refrigerate cut-up and whole berries until ready to use.

Place thickened gelatin mixture over ice cubes and cold water and beat until mixture is very thick and mounds when dropped from a spoon. Fold in cut-up berries. Spoon into Walnut Crumb Shell. Chill until set. Before serving halve whole remaining berries and garnish pie with them.

WALNUT CRUMB SHELL
1 cup graham cracker crumbs
3/4 cup butter, melted
1 egg white, unbeaten
Mix crumbs and walnuts; work in butter and egg white and press into bottom and over sides of a 9-inch pie plate. Bake in a preheated 350-degree oven 10 to 12 minutes. Cool thoroughly before filling.

FAMILY DINNER

An old favorite from Vermont.
2 cups sifted flour
2 teaspoons baking powder
1/2 teaspoon salt
1/2 cup sugar
1/2 cup butter or margarine
1 egg
1/2 cup milk
2 cups fresh blueberries
Topping, see below

Mix together flour, baking powder and salt. Cream butter and sugar; beat in egg; add your mixture and milk; stir just until dry ingredients are dampened; fold in blueberries. Turn into greased 9-inch square cake pan; sprinkle with Topping. Bake in a preheated 375-degree oven until cake tester inserted in center comes out clean—45 to 50 minutes. Loosen edges; let cool partly; cut in squares in pan and remove; serve warm.

TOPPING: Mix together 1/2 cup sugar, 3/4 cup unsifted flour, 1/2 teaspoon cinnamon and 1/2 cup soft butter or margarine until mixture looks like coarse crumbs.

JANE VOLKMAN'S COTTAGE CHEESE TOPPING
1 container (8 ounces) cream-style large or small curd cottage cheese
4 tablespoons mayonnaise
6 tablespoons commercial sour cream
1 tablespoon minced chives or scallion
Minced parsley, freshly ground pepper and garlic powder to taste.
Mix together all the ingredients; let stand at least 15 minutes before serving. Makes about 1 1/2 cups. Delicious with a vegetable salad of crisp greens, sliced cucumber, tomato wedges and avocado slices.

Serve A Spicy Salad

By Aileen Claire
NEA Food Editor

There are many steak houses in New York City. One of the most popular because of its location and relaxing atmosphere is O. Henry's in Greenwich Village. Before owner Gil Di Lucia opened the steak house it was the site of a butcher shop—a 50-year-old landmark in Village. Di Lucia set up business with chopping-block topped tables, sawdust on the floor, meat hooks along the wall and gas-burner light fixtures. Di Lucia says he named the establishment for his favorite writer. Especially important to diners are the well-seasoned dressings—here are two to accompany steaks cooked at home.

BLUE CHEESE DRESSING
1 head western leberg lettuce
1/2 cup real mayonnaise
1/2 teaspoon Worcestershire
1/4 cup tarragon wine vinegar
3 tablespoons corn oil
1/2 cup dairy sour cream
1/4 cup real mayonnaise
1/4 teaspoon onion powder
Core and fine lettuce; drain thoroughly. Refrigerate in plastic bag or lettuce erlaper. Combine blue cheese, Worcestershire, wine vinegar, oil, sour cream, mayonnaise and onion powder in electric blender or mix with rotary beater. Blend well. Cut lettuce in wedges and serve with dressing. Reserve any remaining dressing for future use. Makes 2 1/2 cups dressing.

FRENCH DRESSING
1 head western leberg lettuce
1 egg yolk
1 teaspoon paprika
1 cup corn oil
1/2 cup real mayonnaise
2 tablespoons white wine vinegar
3 tablespoons sugar
1/4 teaspoon monosodium glutamate
Dash Tabasco pepper sauce
1/4 teaspoon Worcestershire
Dash salt
Core lettuce; rinse in cold water; drain well. Place in plastic bag; refrigerate. Blend egg yolk and paprika; slowly add salad oil, beating constantly. Stir in red and white vinegars, sugar, monosodium glutamate, Tabasco, Worcestershire and salt. Store in cool place. At serving time, quarter lettuce and serve with dressing. Makes 1 1/2 cups dressing.

PORCH REFRESHER
Edith Brenner's Sour Cream Coffee Cake
Lead Tea or Coffee
EDITH BRENNER'S SOUR CREAM COFFEE CAKE
An exceptionally delicious version of a popular dessert from a Richmond, Va., hostess.
1/4 cup (1 quarter-pound stick) butter
1 cup sugar
2 large eggs
1 container (1/2 pint) commercial sour cream
1 teaspoon baking powder
1 teaspoon baking soda
2 cups sifted cake flour
1 tablespoon vanilla
1/4 cup finely chopped walnuts or pecans
Topping, see below
In a medium mixing bowl cream butter and sugar; beat in eggs. Stir together the sour cream, baking powder and baking soda. To creamed mixture alternately stir in the flour and sour-cream mixture just until smooth after each addition. Stir in vanilla and nuts. Turn into a buttered 9-inch spring form pan. Sprinkle with Topping, bake in a preheated 350-degree oven until a cake tester inserted in center comes out clean—about 45 minutes. Let stand on wire cake rack for 10 minutes; loosen edges, remove band. Cool. With a long narrow spatula loosen cake from bottom of pan if you like.
Topping: In a small mixing bowl stir together 1/2 cup firmly packed brown sugar, 3 tablespoons flour and 1/2 teaspoon cinnamon; with a pastry blender blend in 2 tablespoons butter until particles are fine; stir in 1/4 cup finely chopped walnuts or pecans and 1/4 cup finely chopped semi-sweet chocolate.

Skillet Beef And Vegetables

By AILEEN CLAIRE
NEA Food Editor

Ground beef offers a chance to vary a meal and stay close to a budget. Especially tasty and attractive is a Skillet Beef and Vegetables dish. The melding of juices from the browned beef and the vegetables is a flavor bonus. The combination is a good way to encourage all in the family to eat more vegetables to offset the empty calories consumed in snacks during the day.

- SKILLET BEEF AND VEGETABLES**
- 1 egg
 - 1/2 cup fine soft bread crumbs
 - 1/2 cup catsup
 - 2 tablespoons minced onion
 - 1 tablespoon salt
 - 1 teaspoon Worcestershire sauce
 - 1 pound ground beef chuck
 - 2 tablespoons cooking oil
 - 2 cups thinly sliced onion
 - 2 cups sliced potatoes
 - 1/2 cup sliced carrots
 - 1 cup sliced celery
 - 1/2 cup sliced zucchini
 - 1/4 cup water
- Combine lightly beaten egg with crumbs, catsup, minced onion, 2 teaspoons salt and Worcestershire sauce. Add beef and mix thoroughly with fork. Shape into thick patty, about 6 inches in diameter. Place beef patty in center of large skillet with oil; sprinkle onion, around it. Brown beef on both sides, turning carefully with pancake turner and spatula. Stir onions frequently as beef browns. Meanwhile, arrange separate groups of potatoes, carrots, celery and zucchini in large second skillet. Add water and sprinkle with remaining 2 teaspoons salt. Cover and parboil 5 minutes. When meat is browned on both sides, push onions together to one side of skillet. Using a slotted spoon, place parboiled vegetables in center of skillet. Turn heat to medium. Add water and remaining 2 teaspoons salt. Cover and parboil 5 minutes. When meat is cooked and vegetables are tender, turn vegetables very gently, so parboiled onion stays on top. Makes 4 or more servings.

- 5 large eggs, separated
 - 1 cup sugar
 - 1 can (3 pound) chocolate syrup
 - 1/2 teaspoon salt
 - 1/2 teaspoon vanilla
 - 1/2 cup unsifted flour
 - 1 container (4 pint) heavy cream
- Beat egg yolks until thickened; gradually beat in sugar until very color; beat in half 1/2 cup of the chocolate syrup. Fold in salt, vanilla and flour. Beat egg whites until stiff; fold in. Bake in ungreased 8-inch springform pan in a preheated 325-degree oven until a cake tester inserted in center comes out clean—1 hour. Invert on rack and cool. Remove from pan; cut in half horizontally. Beat cream until almost stiff; gradually beat in remaining chocolate syrup (1/2 cup) until very stiff. Spread a little less than half the cream between cake layers and frost top and sides with rest. Refrigerate.

Sunflower Lemon Pink Punch

By AILEEN CLAIRE
NEA Food Editor

Surprise club members during a summer social with a new punch and cake recipe. A Sunflower Lemon Pink Punch makes an attractive centerpiece. The sunflower made from orange peel floats on a layer of ice in the bowl. A Watermelon Cake offers a tangy lemon flavor, making it a refreshing dessert for a warm day.

- SUNFLOWER LEMON PINK PUNCH**
- 1 can (16 ounces) lemon pink punch
 - 2 cups (12 ounces each) pear nectar, chilled
 - 1 quart pineapple water, chilled
 - 1 1/2 cups milk
 - 3 cans vanilla buttercream frosting
 - 1 teaspoon lemon extract
 - 1/4 ginger or lemon snaps
- Combine lemon pink and pear nectar. Just before serving, stir in pineapple water and add ice. Sunflower. To make sunflower, fill an 8-inch layer-cake pan 2 inches deep with water. Freeze until hard. Remove cut round petals from orange peel and place petals around top of ice to resemble petals of a sunflower. Fill center with sliced nectarine, cherries. Frost ice carefully in punch. Makes 12 servings.

- MAYFLOWER CAKE**
- 1 package (18 1/2 ounces) lemon cake mix
 - 2 packages (1 1/2 ounces each) Bavarian cream pudding
 - 1 cup water
 - 2 1/2 cup cream-sal
 - 4 eggs
 - 1 1/2 cups milk
 - 3 cans vanilla buttercream frosting
- Combine cake mix, 1 package of the pudding, water and cream-sal. Beat at medium speed for 1 minutes or until smooth. Beat in eggs one at a time until well-blended. Pour batter into 1 greased and floured 9-inch cake pan. Bake in a preheated 350-degree oven for 30 minutes or until cake feels firm to the touch. Remove cake from pan and cool on a rack. Cook remaining pudding according to package direction, using only 1/2 cup milk. Cool and then spread pudding between cake layers. Mix frosting and lemon extract. Spread frosting on sides and top of cake, reserving 1/2 cup for decoration. Place reserved frosting into a pastry bag with a writing tip. Decorate areas with assorted flowers and place them polka-dot fashion over the top and sides of the cake. Makes one 9-inch cake.

- PORCH SUPPER**
- Sliced Ham
 - Mustard Creamy Macaroni Egg Salad
 - Meat Slices
 - Beverage
- CREAMY MACARONI EGG SALAD**
- 5 hard-cooked eggs, chopped
 - 2 cups chopped apple
 - 1/2 cup apple macaroni, cooked and drained
 - 1/4 cup chopped carrot
 - 1/4 cup chopped celery
 - 1/4 cup pickle relish
 - 1 tablespoon minced onion
 - 1 teaspoon salt
 - 1 teaspoon prepared mustard
- 1 cup mayonnaise
- Let mixture stand 15 minutes. Let mixture settle. Stir together all the ingredients except the lettuce and tomatoes, mix. Serve in lettuce cups with tomatoes. Makes 1 or 2 servings.

- FIVE O'CLOCK REFRESHER**
- Miniature Quiches
- Beverage
- MINIATURE QUICHES**
- Latest version of one of our favorite hors d'oeuvres.
- 1 large egg, slightly beaten
 - 1/4 cup milk
 - 1/4 cup cream-sal
 - 1 cup grain (medium-fine) Swiss or cheddar cheese, not packed down
 - Pastry Shells, see below
- Combine egg, milk and salt. Pat cheese into unbaked Pastry Shells. Slowly drizzle egg mixture over cheese. Bake in a pre-heated 350-degree oven 30 minutes. Serve warm. Makes 24.
- PASTRY SHELLS:** Cream 1/4 cup butter and 3 ounces pack age of cream cheese; work in 1 cup unsifted flour. Chill if very soft. Roll into 24 balls and press each over bottom and sides (up to top) of small muffin-pan cups, each 1 1/4 inches across top.

Consumer And Producer Pay For The Quality

Who pays for quality? Consumer... producer... or both? The answer to this question varies according to the person asked.

A producer of eggs, beef, citrus, or tomatoes would be inclined to prove that quality costs money and that the cost of guaranteeing quality in any Florida produced agricultural product reverts to the producer himself.

The inspector does not act as a policeman who keeps producers under surveillance, but rather he is a friend of the producer and many times is able to give ideas which expedite production.

There are few housewives who resent paying a little more money for the very best quality. Return for her household — in the quality of the food and the versatility of the nutrition.

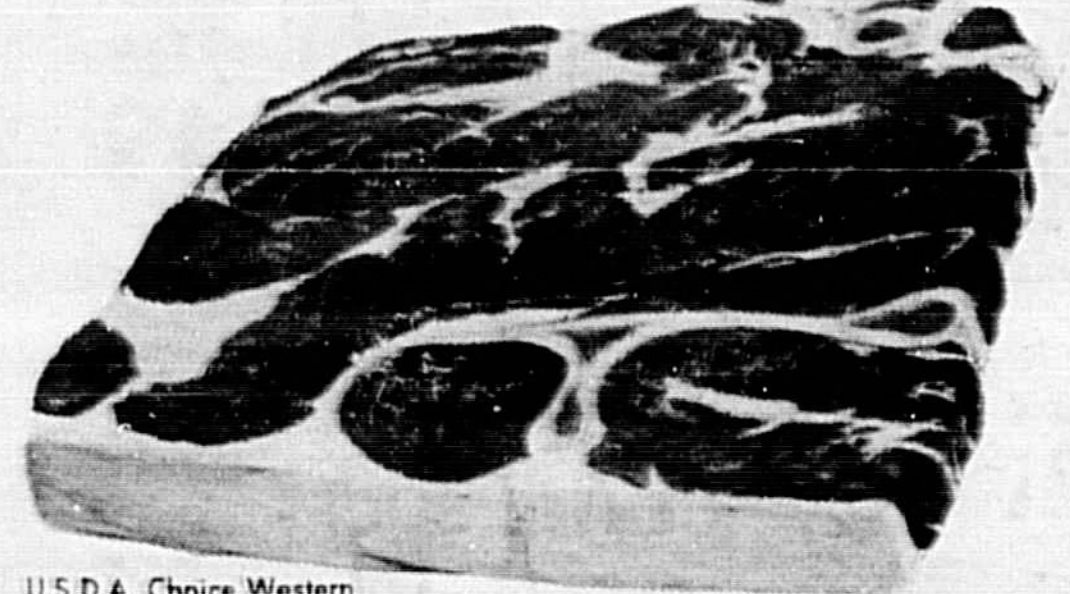

Florida now has one of the most effective poultry and egg inspection programs of any state. Inspection costs money. Quality costs money.

Too Many Eggs Are Dangerous, Scientists Warn

By GAYNOR MADDOX, Food and Nutrition Writer. Now that our hens are young and more productive layers, according to reports of the government, and our egg supply is larger than last year and better, it looks like the cholesterol level of men in 40 to 50 years of age, the greatest risk period for heart attack.

For several years, I have not been able to discover any good reason for eggs. We don't need them, except for very little children. They are too great a source of cholesterol," says William H. Sebrell Jr., M.D., director of Columbia University's Institute of Human Nutrition.

It may be a shock to men who habitually eat two eggs every morning to be told to cut down to two a week, not the old time 14. But eggs, or more accurately, the yolks, are packed with cholesterol — a danger to men with a cholesterol count of 230 to 260 and up.

Women, however, can forget about cholesterol until well past menopause," he says. Like many other physicians and nutrition scientists, Dr. Staro believes that arteriosclerosis takes much longer to develop than used to be thought.

Phyll Puts Everything On Pizza

By CECILY BROWNSTONE, Associated Press Food Editor.

My sister Phyllis makes wonderful pizza. I call it pizza because for the base she uses English muffins instead of bread dough.

Phyllis puts everything possible on the muffins, and does everything "lasta good!" She uses a canned pizza sauce because she has found one that is excellent. It comes in a 1 1/2 quart can and is made with tomatoes, but it is not too thick.

One tip here in New York: English muffins are on supermarket shelves holding different brands of bread. But in Florida I found the muffins in a freezer case. So if you don't see the muffins at first glance, look around.

Spread about 1 tablespoon of the tomato sauce on each muffin half, then sprinkle with about 1 teaspoon Parmesan. Add 1 slice mozzarella another tablespoon of tomato sauce, then some of the cooked onion and green pepper, cover and cook, stirring a few times, just until tender-crisp but not brown—5 to 10 minutes.

Preheat oven to 425 degrees. Split muffins by piercing them all around with fork tines and then gently pulling apart. Toast lightly.

Spread about 1 tablespoon of the tomato sauce on each muffin half, then sprinkle with about 1 teaspoon Parmesan. Add 1 slice mozzarella another tablespoon of tomato sauce, then some of the cooked onion and green pepper and 1 anchovy.

Bake in the preheated 425-degree oven from 5 to 10 minutes. Top each pizza with pepperoni—as much as you want. Continue baking until thoroughly heated—about 5 minutes longer.

Makes 4 servings—2 muffins per portion. Serve with forks and knives.

NOTE: Canned pizza sauce may be substituted for the homemade sauce. Store any leftover canned sauce in the freezer. If you like, so it will be ready for other pizza making.
