CHIEF YEOMAN Karl Fehd has retired to Sanford after completing more than 25 years service in the U.S. Navy. Stationed at Sanford Naval Air Station from 1961 to 1965, he was "piped over the side" during appropriate cere-monies at Orlando Naval Training Center. Fehd, Mrs. Fehd and daughters, Meta Lynn, a student at Seminole High School, and Suellen, attending Pine Crest School, are making their home at 2493 Orange Avenue. The Fehds celebrated their 25th wedding anniversary on Dec. 9. (Herald Photo).

Most newspaper editors, we suspect-includ-ing ours-have received a handout from the Agency for International Development (AID) of the State Department deploring the low estate of U. S. economic assistance compared with that of other nation

"As you will note from the (attached) tables," it says, "the U. S. new ranks 7th in per cent of national income devoted to official aid and 10th in terms of official and private aid combined. The United States currently provides a smaller share of its national income as aid than the av-erage for all free world aid donors."

The "memo to editors" does not point out, as do accompanying tables drawn up by the Or-gamination for Economic Co-operation and De-velopment (OECD), that this country in 19667 ributed \$8.7 billion of the free world-wide 96.9 billion in foreign aid. This is a respectable 85 per cent of the total, and dollar-wise it has

increased every year save one since 1960. It will come as news to some persons that anybody else is in the field of aid-giving, which embraces 15 Western countries. They range from Switzerland's \$5.9 million to France's \$881 milion, the country second only to the United

The foreign aid principle, to which this country has been devoted ever since World War II in the amount of more than \$100 million, is sound. We quarrel only with its practice and the rather exclusive role which the U. S. has played up until recently. If we were AID we would ap-plaud rather than deplore the fact that Wash-ington ranks 7th and 10th on the totem pole erected by the OECD. Seminola Junior College, probably the most recognized cage team ever fielded here in Seminole County are already actting their sites on tough and highly regarded Lake City. If you will remember back to last year Lake City nudged by SJC two out of their three meetings. The Raiders had won the first contest against Lake City in the Seminole High Gym before probably the largest crowd ever to witness a cage contest here in Seminole County. Well, this year's game will probably be even more exciting as both teams are in a tie for the Division Two lead, with each team holding a 3-0 slate in the Division. Lake City is rated seventh in the state while the Raiders are in second place. What a match this will be, so start making your plans now, to attend this crucial game. PLAY BY PLAY

Here is an interesting note. Just to show how involved Seminole High was in the state high school championship race, the Seminoles played both Region Five champion Lyman and state champion Tampa Jesuit. Next year the state champions will visit Sanford and

watch for a tremendous game. Watch for the second encounter of the Seminole High-Lyman High basketball match to be much closer than the first. With a little experience the Hounds will be a lot

Next year more enthusiasm will probably be displayed in all county prep action as the Oviedo Lions will be joining Lyman, Seminole and Crooms in the Class A rankings. Seminole has bready added the Lions to their football schedule along with Crooms. Lyman met both Seminole and Crooms this year and will also probably add the Oviedo based school to their slate in the near future.

I would like to see a conference composed of Lyman,

Seminule, Crooms, Oviedo, DeLand, New Smyrne, Daytons Mainland, and Daytona Seshreeze. This would be an action packed affair and would keep the schools from beving to travel long distances for their games. Fas support would siso probably be much higher with the above combo. Time will tell if such a setup appears feasible.

Dancer's Image Loses Case

BY BOB COOPER Associated Press Writer LEXINGTON, Ky. (AP) - The Kentucky Racing Comnission today upheld the stewards at Churchill Downs in disgualifying Dancer's Image from the winner's purse in

14 days of testimony, agreed with the stewards that the colt, owned by Boston sportsman Peter Fuller, had phenylbutazone or a derivative of the drug in his system during the running of the May 4 Dorby. . Phonylbutazone, which a Churchill Downs chemist said

was found in the colt's urine after the race, is an illegal modication under Kentucky racing rules. Arthur Grafton, an attorney for Fuller indicated an appeal might be made to the courts, but said no final decision would be made until he talked to Fuller. Fuller was reported in Boston.

George Egger, racing commission chairman, said the final order redistributing the Darby purse would be entered "shortly." "While the commission is announcing its decision to-

day," Egger said, "the final order for the purpose of appeal . . . will not be entered until detailed findings of fact and conclusions of law have been prepared, adopted and filed by the commission. "The time for the taking of any such appeal will not begin to run until the entry of that final order," Egger
