If Back Or Kidneys Hurt

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, diziness the stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irrited, obliging one to get up two or three times

during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also ket about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders dis-

This famous salts is made from the neid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggist kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithis water drink which millions of men and women take now and then to help prevent take now and then to help prevent serious kidney and bladder dis-

Arthur Brisbane injected himself into the controllined up for "are." Arthur Brisbane injected himself into the controllined up THURSDAY, DECEMBER 9, 1920 versy and declared that any 10-year-old child knows that or the presidency. He intends to "two-thirds are produced." At the same time a famous lexiconserved inglate that "is" is the only possible construction. icographer insists that "is" is the only possible construction. enforcement.

So there you are or is! -Is it "are" or are it "is?" High school children surely ought to know. We suggest that all Construction of the school teachers in Sanford submit this question to their troubles and by England's induspupils and give an extra credit mark to those who make the trial strike calamity, the Presiright answer. Try it, dear teachers, and see what results our coal supply beyond the reach you get, but don't be too hard on your children if they get it

'As a matter of fact, you know, either might be correct. It all depends on what was in the passenger traffic manners. Everybody knows that an
ager's mind when he wrote the advertisement. If he was
adequate air fleet is included in thinking collectively of two-thirds of all the oats in the Unit- his program. Pray that the countries of all the oats in the United States, then he should have written "is produced," but if 'ty mus have such a fleet in the he was thinking severally of many different little groups of oats, then "are produced" is right.

Remember Rudyard Kipling, who not only is an Englishyou; take heed and do it: for there man and thus supposed to know English, but also a student | President wants Congress of infigulty with the Lord our of illterature, wrote something like this. "the turnult and the speed that refunding it, which is houting dies." We give him credit for thinking, as he wrote the total our control of ills." Chron. 17:7.

The way and cleaned ourselves by turnult. So we might be generous and believe also that the passenger traffic manager was thinking of singular, collective the public debt.

The President wants Congress to the property of the congress to speed that refunding it, which would seem to be the honest thing to taxpagers from whom it was taken, under the impression that the passenger traffic manager was thinking of singular, collective to reduce the public debt. tive onts when he wrote "is produced."

At worst his sin was not so great. He might have said appropriate at one session, enough

#### Colonization Methods

Various organizations and many individuals of Seminole county for years have been endeavoring by means of advertising and in other ways to induce new people to come here Dark in the night, and frotful as and make their homes. Their efforts have met to a large extent with success. The city of Sanford has almost doubled in population in the last three years.

> It is a noteworthy fact however, that the population of the county in general has not increased proportionately. While we boast that our greatest asset is our farm products, a change it ought to vote for it. very little increase in agricultural acreage has been noted for some time. Most of the few families coming here have engaged in business or industry other than farming.

Secretary Bebout of the Seminole County Chamber of then with American business men Commerce in a letter to The Herald urges that more and manufacturers and workers Stoods of the night were broken samer activity be encouraged in bringing settlers to this imports come in free of duty, that county. It would seem that a constructive colonization plan balf of the imports taxed are agrifor our farm lands might result in a dual benefit both to the Sleep, brother, sleep; I'bring my newcomer and the county as a whole

To accomplish such colonization in the most effective manner, Secretary Belout makes the following suggestions 1. The advertising and publicity matter about the colunization plan should be accurate and truthful-

2. In every case a study of the particular land to be marketed should be made to ascertain to a certainty in advance what can best be grown on the particular acrease and

3. Highways and other transportation arteric, should be a definite part of every such plan and the question of good. thing in a name. Jay Walker of drinking water, availability of electric current, educational Cambridge, Mass., was struck by facilities, suitable drainage where necessary, should be given to mobile the other day while consideration.

4. Every firm or corporation contemplating colonization should offer the colonist thorough and practical advice Tamous for his big voice at, the and instruction regarding crops best adaptable, cultivation

5. Specific and practicable assistance should be extended such farmers and growers in the matter of marketing

.6. Insofar as possible every assistance should be given Shakespeare from its shelves for the newcomer in becoming well established that he may not dirt one, finds in Shakespeare is only prosper but that his social life will be such as to create far offset by the good that is there contentment and happiness in his new environment.

"ONE OF SENATOR Borah's ancestors married the great Protestant reformer, Martin Luther, according to a mouning the scarcity of leading message being published in the French press from Germany lades for Broadway shows, but The discovery is probably not a new one, but in it some and down stairs, run an automo-June Cowl continues to play in French correspondents seem to find a reason if not an excuse for what they aver is the tendency of the chairman of the Senate Foreign Relations committee to favor Protestant tor with a temperature of 120 Germany over Catholic France.

#### **NEW STANDARDS** of quality and service

The building material dealer is the purchasing agent for his community. As your purchasing agent we are constantly seeking out the best values, the most enduring materials, from hundreds of sources the country over.

Take cement, for instance. We offer you Lone Star because this supergrade cement has established a new standard of quality and uniformity. Concrete made with Lone Star Cement, properly mixed and placed, is practically everlasting.

Building material; of this sort, plus courteous consideration of your problems, have enabled us to set a new standard of building material service.

Chase & Co.

TO PLAY 2 GAMES

NEW ROCHELLE, N.

FLORIDA GROWERS who took advantage of Marglobe To-mato last season shipped at a great profit nearly 1000 carloads of this superior strain to northern markets. This was possible because of the following characteristics of Marglobe: There is no loss by Nail-Head Rust; Its greater vigor carries it successfully through adverse weather; Being a hybrid, it is far more vigorous and productive; It will produce a larger proportion of 144's; Lestriking appearance outsold all other fornatoes on northern markets.

Marglobe Tomato as supplied by Stokes, who have led the commercial development of this variety, has proved its great dependability. Stokes Seed is all grown from the genuine stock as supplied by Mr. F. J. Pritchard, its originator.

Stokes Marglobe has already made good in Florida. It is dis-infected against seed-borne disease. It is tested for germination. the latest test being stamped on every package. We are now in a position to make immediate delivery of seed from the new crop. Mail orders will be promptly filled.
