

## BEER RETURNS AND VARIED SCENES OF FUN

### Parade Bands Attend Returns of Beverage In Nineteen States; Fees Are Critical

The thump of a drum started on countless legs and drummed the long lost beverage back to the American scene today. Lawful 3.2 percent beer gushed in the territory populated by about 40,000,000 Americans as 19 states and the District of Columbia lifted the ban, more than 15 years old.

Jubilee and jollity were widespread among the friends of the beverage; its foes voiced criticism and warning.

Five minutes after beer became legal at midnight a big truck, with festoons, rumbled to the service entrance of the White House, bearing two cases—a brewer's gift to the President.

On Broadway, New Yorkers crowded behind a beer-littered "new beer, is dead" hand, in bright uniforms, played drums and drank beer, in a scene the scene tumbled before the competition.

"Surprisingly good" said Chicago beer connoisseurs as they celebrated the return of beer. Milwaukee, the home of famous brews, welcomed the beer with German bands. The beverage sold from 10 cents a glass to 15 cents a bottle.

In St. Louis, hotels and night clubs did a "gold rush" business, while in Reno the brewery's supply of 3700 gallons was sold in the first 24 hours.

## Connecting Canal Project Endorsed At Board Meeting

The St. Johns-River canal project was enthusiastically endorsed and full approval of the Florida Inland Navigation District Board was secured by the vote of the directors of that group, representing all the "art Coast counties from Duval to Miami, at a meeting of the Board in Ft. Pierce yesterday morning.

This message was brought to Sanford late yesterday by City Commissioner W. A. Laffler, who, with H. M. Papworth and Karl Lehmann, were the Seminole County representatives at the meeting.

"This is the final and most important step that has yet been taken toward the project, and it signifies every dollar spent and every hour devoted to this cause by Mr. Papworth and those who have worked with him," was Mr. Laffler's comment.

Commander A. H. Brock, Ft. Lauderdale, who was chairman of the meeting, appointed Frank H. Owen, Jacksonville, Charles D. Laffler, Miami, and W. J. Croel, Etna, Ga., as a committee which is to work out practical plans for co-operation with the St. Johns River Improvement Association in connection with the project.

"The River Improvement Association's plan for the canal project was presented to the District Board by vice-president George W. Giblin of Jacksonville, District Papworth, Mr. Laffler, and Mr. Lehmann, secretary of the Association.

Among the officials of the Board who gave the project enthusiastic support were C. D. Laffler, Duval County Commissioner, and H. Owen, Duval County Commissioner. D. F. Conkling, Duval County Commissioner, and W. J. Croel, Duval County Commissioner, of St. Augustine, and George Young of Vero Beach, also were present.

## NEED SALES TAX

COMMERCE, S. C.—A sales tax bill is being introduced in South Carolina today by Governor James F. French. The bill is expected to pass the legislature before the end of the session.

## Man Admits Killing Woman And Her Son

GRAND RAPIDS, Mich., Apr. 7.—(AP)—Lying on a hospital cot, Henry Bedford, 43-year-old school principal today admitted he strangled to death Mrs. Mattie Bengert, 28 and her son, Carl, 6, and placed her three month's old son in a gas filled oven where he died and then attempted to end his own life by taking cyanide. "I guess I went mad," officials quoted Bedford as saying. The bodies were found by the husband and father, Carl Bengert, when he returned home hoping to effect a reconciliation with his wife. He said he left the house Tuesday after a quarrel about Bedford's presence in the home where it is alleged Bedford made love to Mrs. Bengert.

## HITLER REGIME PLANS CHANGE IN CHURCH SCHEME

### Movement Would Oust Old Testament And Adopt Fairy Tales

BERLIN, Apr. 7.—(AP)—The religion of Germany under Hitler rule, as defined yesterday by the national Nazi German Christian movement, would cast the Old Testament and would erect in its stead the sagas and fairy tales of Germany and the legends personalities from German spiritual, philosophical and artistic life.

At their first national convention the members of this movement named a commission to amend German church life in conformity with Nazi ideas and "in a pure Aryan spirit."

The national urge for a re-orientation of religious values was further stressed in an address by Alfred Rosenberg, new head of the foreign political division of the party, who declared that 2,000,000 German World War martyrs form a living mythology and a new religion for a new Germany.

The supreme council of the evangelical church, disturbed by Nazi attempts to reorganize the Lutheran communion to co-ordinate it with Nazism, reminded Chancellor Hitler that he had promised not to touch the nation's independent ecclesiastical institutions.

The policy the Nazis will adopt toward the Catholics remained uncertain. Vice-Chancellor Papen will discuss the situation with the pope when he visits Berlin City within the next few days.

Speakers holding the theory that the Nazis plan to nationalize the churches saw evidence to that effect in a press report that the government intends to abolish the church tax, substituting a "culture tax" in its place.

The "German Christians" adopted resolutions asking "total fusion of the church with the national movement in a pure Aryan spirit, equalization of organist and pastor, the living language to be the German of the ancient, dismissal of the Old Testament, basis and substitution of the German inheritance instead of prophetic and fairy tales to take the leading personalities from German spiritual, philosophical and artistic life."

Rosenberg, who is expected by some political observers to become the moving force in the foreign office, paraphrased Voltaire in his speech, saying there was no world history, only the recitation of the various fights peoples and races had with one another. Through racial history he developed an "Aryan-Germanic" mythology of "liberty and honor."

"Our fate is to fight for new times and for new futures," he said. "The new mythology cannot be dreamed. The personifications of this mythology are the World War heroes, and the new German movement shows that uncoupled millions are beginning to understand our two million martyrs—a new living mythology and a new religion."

## WORLD PARLEY OF STATESMEN IS IN MAKING

### Roosevelt Calls For Realistic Action To Help Solve Inter- national Problems

WASHINGTON, Apr. 7.—(AP)—A jafeful gathering of European statesmen at Washington in coming days was in the making last night as President Roosevelt called for "realistic action" to help solve international problems.

WASHINGTON, Apr. 7.—(AP)—Broad plans on the part of the President to bring about the world's greatest ill by personal conversations with the chieftains of the leading nations took on definite shape with publication from a high official quarter that France already has been approached on the matter of sending special representatives here and that a formal invitation will be sent to Paris soon.

From the same authoritative source came disclosures that German and Italian spokesmen also will be welcomed here and that the Roosevelt administration will be glad to receive the representatives of any government to discuss means of settling the world's upward economic tide.

As to Italy and Germany, no direct invitation has been extended yet, but Norman H. Davis, Mr. Roosevelt's special ambassador abroad, left Paris last night for Berlin, and Secretary Cordell Hull conferred yesterday with Ambassador Augusto Rosso, of Italy.

Another possibility is a visit by Prime Minister Bennett, of Canada, President Roosevelt having expressed to the Canadian minister some time ago the hope that the chief of his government could visit Washington.

It is expected that a message will be relayed through the embassy here, and cabinet across the Atlantic, MacDonald yesterday, although indicating that he could be in this country but five or six days.

## Biggest Newspaper Advertising Drive Is Being Planned

NEW YORK, Apr. 7.—A sales drive embracing the "biggest newspaper campaign ever put behind any single brand of gasoline" was announced yesterday by the Ethyl Gasoline Corporation, owned jointly by the General Motors Corporation and the Standard Oil Company of New Jersey.

The campaign is termed the "biggest sales drive ever launched by the corporation. In its announcement the company says its officials believe the "way to get gasoline is to go after it through advertising."

"Many companies have curtailed their advertising expenditure in view of the conditions with which business is faced," says the announcement. "The Ethyl Gasoline Corporation will invest almost \$10,000,000 a year in advertising this year as it has in the past."

## French Delegation Will Attend Parley

PARIS, Apr. 7.—France will send a delegation to Washington to participate in the conversations between President Roosevelt and Premier MacDonal of Great Britain. It was officially announced today. A high official said he expected Andre De Labroye, new French ambassador to America, to speak for the government.

## NOMINATES SECRETARY

WASHINGTON, Apr. 7.—(AP)—President Roosevelt yesterday nominated John Dickson, of Pennsylvania, to be assistant secretary of commerce.

## Measure Limiting Labor In Industrial Plants To 30-Hour Week Is Passed

WASHINGTON, Apr. 7.—(AP)—By a margin of 23 votes the Senate yesterday passed and sent to the House one of the most drastic legislative attempts ever made to overcome machine age unemployment problems—a bill limiting industry to five days a week and six hours a day.

The measure, sponsored by Senator Black, Democrat, Alabama, and approved 53 to 30, would take effect 30 days after enactment and remain in operation for two years.

Democratic leaders would not predict what President Roosevelt's attitude might be, but they did expect the measure to be modified in the House, if taken up there.

## NECESSITY SEEN FOR ADOPTION OF SECURITIES BILL

### Discoveries Of Trade Commission Cited To Emphasize Need

WASHINGTON, Apr. 7.—(AP)—Discoveries of the federal trade commission in its deep delving into public utilities were cited in the Senate banking committee yesterday by Robert E. Healy, committee counsel, as showing the necessity for the administration's stringent securities regulation bill.

Revisions in the measure, which puts the power largely in the hands of the trade commission, were suggested by Healy to strengthen it. His recommendations were based on evidence dug up in the utility inquiry, in which he has been a central figure.

The House Interstate Commerce Committee yesterday said the bill in its present form would be reported to the floor next week.

The Senate committee planned to continue its hearings today. Recurring commission evidence of watered stock, over-capitalization, alleged fraudulent practices of subsidiary holding companies and other utility corporation practices, Healy said the commission inquiry was an "unavoidable" condition of state stock laws.

To strengthen the bill, he recommended that companies include in their reports the cost of assets claimed and how that cost was paid, and prohibition of the sale of new or old issues by misrepresentation or fraud.

Another suggestion from him was that the commission be authorized to start injunction suits in fraud cases, instead of the attorney general, while a fourth recommendation would hold up sale of securities from 15 to 20 days after being registered, so the commission could investigate statements of the companies.

He labeled "merely a pretty picture" the balance sheets of corporations presented to the commission in many cases and continued: "Until there is control somewhere of the valuation of assets" (Continued On Page Five)

## Love Letters Are Final Evidence On Mrs. Frazier's Side

JACKSONVILLE, Apr. 7.—(AP)—The defense completed its case today in the federal court trial of Mrs. C. R. Frazier, wife of a former United States narcotic chief, for the murder of his 20-year-old secretary, Miss Manona Murrell, with the introduction of a love letter allegedly written by the young divorcee to Frazier and the testimony of his son, Raymond, 20, that Miss Murrell formerly was his own "sweetheart."

The letter, allegedly written by Miss Murrell to Frazier but never posted, was found in her pocketbook at the time she was shot and killed on the postoffice lawn last December by Mrs. Frazier, who contends the girl "attempted to break up my home."

## BEER, DEBTS IN SPOTLIGHT AT TALLAHASSEE

### Companion Measure On Taxation, Col- lection Will Be In- troduced On Monday

TALLAHASSEE, Apr. 7.—(AP)—Prohibition repeal and debts held the spotlight today as the Florida legislature received another avalanche of bills.

A compromise measure dealing with the outstanding debts of medicinal quackeries and consequently legal went into the House behind yesterday's bill to legalize such beer and wine.

A companion bill to establish methods of taxation and collection will be introduced Monday by Representative Robinson, of Dale, one of the sponsors of the measure, said. The House also received a bill resolution calling for abolition of state prohibition by a constitutional amendment providing for local option.

A state debt funding commission to adjust all public debts was provided for in an administrative bill introduced by Kanner of Martin. The measure would authorize the present State board of administration to act as an intermediary commission working between bondholders and all taxing districts, counties, and cities in the state.

The House recessed until 10:00 o'clock Monday and the Senate until 4:00 o'clock Monday afternoon.

Two very important debt service measures dealing with the state's political subdivisions—one of them authorizing reversion for municipalities, counties or other political subdivisions, were introduced in the House yesterday morning.

C. J. Carey of Pinellas was the author of the reversion bill (Continued On Page Six)

## Half Of Cases In County Court Have Been Disposed Of

At noon today, more than half of the cases of alleged law-violating that were docketed for trial in April term of County Court had been concluded, and County Judge J. G. Sharon joined prosecuting Attorney John G. Leonardy in declaring that court will adjourn early next week.

The cases docketed in the order in which they were filed, were disposed of as follows:

T. A. Bayley, charged with reckless driving, will be tried at a later date for the hearing ended in a mistrial.

John Buffon charged with petit larceny, was found guilty and was sentenced to pay costs of the trial and arrest.

W. M. Jackson, was found guilty of a charge of assault and battery, and when he pleaded guilty to contend to a charge of driving while drunk, he was sentenced to pay the costs.

John Campbell pleaded guilty to a charge of possessing liquor. He was fined \$200 and costs, while later \$100 of the fine was suspended.

M. L. Long, charged with driving while drunk, pleaded guilty. He was fined \$25 and costs, and \$100 of the fine was suspended.

Leon Jones, charged with reckless driving, pleaded guilty, and was sentenced to pay the costs.

W. Eugene Parrish, charged with passing a worthless check, entered a \$150 surety bond.

M. J. Hyatt, charged with using an improper automobile license tag, was sentenced to pay costs.

R. W. Flowers, Charles Rex, Harry Giger, and T. R. Bland, charged with unlawful fishing were found guilty after a jury trial.

Howard Plynt, charged with selling fish without a license, had his case nolle prossed.

## LEHMAN STEPS OUT OF CONTEST FOR LEGISLATURE

### Announces His With- drawal In Order To Remain In City Post

H. J. Lehman, city commissioner, and candidate for the office of representative from Seminole County, today formally announced his withdrawal from the campaign which comes to a conclusion in a special election to be held on Apr. 12.

Under the provisions of the special amendment to the City Charter, no state or county officer may hold an elective office of the City of Sanford, and it would therefore have been necessary for Mr. Lehman to resign his position as city commissioner following his election to the Legislature.

A letter requesting Mr. Lehman to reconsider his plans and continue to serve the City as a Commissioner was received by Mr. Lehman today. For this reason, Mr. Lehman stated this afternoon, he has decided to withdraw from the race.

In announcing his withdrawal, Mr. Lehman said, "Having seriously considered a letter from a number of prominent citizens requesting me to continue to serve on the City Commission, and realizing that the large vote given me last Fall in my race for the City Commission was one of confidence and one which I greatly appreciate, I feel it my duty to withdraw my candidacy for the legislative office left vacant by the untimely death of Judge H. B. White. I will remain as the City Commissioner and hope to serve the community to the satisfaction of all. At this time I wish to express my thanks to my many friends for their loyal support and their work in my behalf."

The letter requesting this action of Mr. Lehman reads as follows:

"Sanford, Fla., April 6, 1933.  
"Honorable H. J. Lehman,  
"Sanford,  
"Florida.  
"Dear Sir:  
"We, the undersigned citizens of Sanford, understand that in the event of your election as Representative of Seminole County which election appears assured, that you will have to resign your position as city commissioner.

"Inasmuch as you have only recently been re-elected by a handsome majority to serve a three year term, and your knowledge of Sanford's intricate problems demands your attention, we feel you should serve out your term as a city commissioner.

"We, therefore, earnestly hope that you will put aside any personal ambition you may have and withdraw from the race for Representative of Seminole County, continuing to serve Sanford as a commissioner, in which capacity your services have been invaluable in the past and are so necessary in approaching any solution of the bond problem, which should be solved during the term you have been elected to serve."

Among the signatures attached to the letter were the following: S. O. Shindler, H. C. DuBoise, S. H. Chase, T. L. Dumas, H. M. Papworth, Randall Chase, and Fred W. Ball.

## Riviera Resorts Are Cutting Out Frills

NICE, France, Apr. 7.—(AP)—Resorts on the Riviera, deserted by the gamblers of yesterday, are beckoning this winter to the tourist of moderate means and simple tastes.

Cheap hotel rates and pruned limits on gambling stakes have been put into effect and "gala nights" abandoned.

Proprietors of the big casinos indicate that their establishments have become mere gaming houses, without the lavish entertainments of the past and with a minimum of liveried flunkeys.

Figures on the gross profits of the French casinos, officials' released, show that most of them lost heavily last year. The summer "take" at the Monte Carlo, for instance was only \$140,000 as compared with \$428,000 in 1931.

## BISHOP DIES

ARIVILLE, N. C.—Bishop Julius W. Horner, 71, of the Western North Carolina Diocese of the Protestant Episcopal Church, died at 11 o'clock Wednesday morning.

## 25,000 GET JOBS

WASHINGTON—The White House announced yesterday that 25,000 men from 10 cities have been enrolled for the reforestation work at \$1 a day and board.

## Unbiased Probe Of Akron Disaster Is Demanded By Solon

### Congressman Stated Naval Committee Investigation Will End In 'Whitewash'

WASHINGTON, Apr. 7.—(A.P.)—The House naval committee listened to stories of three survivors of the Akron today while a protest was being put before the House rules committee that some other committee should investigate the fatal crash of the airship.

Representative McClintic, Democrat of Oklahoma, demanded that either a special House committee or a joint congressional committee make an investigation, saying if the Naval committee made the inquiry the Akron crash will be "whitewashed the Shenandoah disaster."

A committee of Congress jumped ahead of the navy yesterday to lift the meagerly known facts of the tragedy of the Akron in a public investigation which will start today with the three survivors as witnesses.

This sudden decision to take the lead was made by a House naval committee after talking in a secret session to Lieut. Commander Herbert V. Wiley, remaining officer of the levitator of the ship.

The meeting took place just after Wiley had shed new light on the disaster which early Tuesday destroyed the airship off the Jersey coast with appalling loss of life, and also while plans were afoot to have the Akron investigation taken over by members not connected with any naval installation.

Wiley's fresh information was given to the navy in the first session of an official report which minutely reported all the facts and impressions that he and his two companions could (Continued On Page Six)

## Prices Of Farm Products Show Upward Trends

WASHINGTON, Apr. 7.—(AP)—Advances in prices of all groups of agricultural commodities except dairy and poultry products raised the index of the general level of prices paid farmers one point during the month which ended Mar. 15.

The bureau of agricultural economics reported yesterday that as a result farm prices stood at exactly 50 percent of the pre-war levels in mid-March, but 11 points under March, 1928. The farmers, however, gained some advantage in a drop of one point in the price of materials he buys, which stood at 8.8 percent over pre-war levels on Mar. 15.

Cotton and cotton seed advanced 4 points to 48 percent of the five-year average from August 1909 to July, 1914.

The average farm price for cotton was 51 cents per pound, 20 cents in March, compared with 60 cents in mid-February and 63 cents per pound a year ago. The bureau said this advance was accomplished by a price upturn in foreign markets and reports of fairly satisfactory sales of cotton goods in domestic markets during the bank holiday.

## Daily Prayer Service Will Be Conducted

S. J. Mix, member of the Superior Protestant Laymen Association, today stated that from all jurisdictions the first of a series of daily prayer services to be held in Sanford starting Monday morning of next week will be a well-attended affair.

The service, which will be held in the old Bell Cafe location at Park Avenue and First Street, will begin at 11:30 o'clock and end at 11:50 o'clock. Prof. Irving Stover of Station University will be the guest speaker, and special music will be rendered.

A similar 30-minute prayer service for business men will be held every day next week at the same hour. A well-known speaker will be brought to Sanford for the service. Rev. Bishop John B. Wig of Winter Park will be in charge of the service on Monday morning, Mr. Mix stated.

## LEHMAN STEPS OUT OF CONTEST FOR LEGISLATURE

### Announces His With- drawal In Order To Remain In City Post

H. J. Lehman, city commissioner, and candidate for the office of representative from Seminole County, today formally announced his withdrawal from the campaign which comes to a conclusion in a special election to be held on Apr. 12.

Under the provisions of the special amendment to the City Charter, no state or county officer may hold an elective office of the City of Sanford, and it would therefore have been necessary for Mr. Lehman to resign his position as city commissioner following his election to the Legislature.

A letter requesting Mr. Lehman to reconsider his plans and continue to serve the City as a Commissioner was received by Mr. Lehman today. For this reason, Mr. Lehman stated this afternoon, he has decided to withdraw from the race.

In announcing his withdrawal, Mr. Lehman said, "Having seriously considered a letter from a number of prominent citizens requesting me to continue to serve on the City Commission, and realizing that the large vote given me last Fall in my race for the City Commission was one of confidence and one which I greatly appreciate, I feel it my duty to withdraw my candidacy for the legislative office left vacant by the untimely death of Judge H. B. White. I will remain as the City Commissioner and hope to serve the community to the satisfaction of all. At this time I wish to express my thanks to my many friends for their loyal support and their work in my behalf."

The letter requesting this action of Mr. Lehman reads as follows:

"Sanford, Fla., April 6, 1933.

duction of about 90 percent which has come to the users of electricity for cooking in Sanford as a result of the rate reductions which we have made.
Turning to the company's municipal street lighting contract with the City, Mr. Coleman pointed out that since the original contract was made in October 1926, four reductions, totaling \$8,416, have been made in the annual street lighting bills.

As a final example of reductions which the company has put into effect in Sanford since 1926, Mr. Coleman told the history of the water pumping agreement between the City and the company.
In October 1926, he said, "we entered into a five-year agreement with the City for the operation of the pumping plant. Jan. 29, 1928, this agreement was extended for five years and we allowed the City a 10 percent discount on all bills, retroactive to Oct. 1, 1926, and at the time gave the City a check for approximately \$1,000 to cover the discount on previous bills, and a similar discount has been allowed on all subsequent bills.

Explaining this offer further, Mr. Coleman said, "our proposal in this connection had to do with the changing of the system from manual to automatic operation at a certain expense which we agreed to cooperate on, and which would be approximately one and one-half years' saving to the city."
"This offer has not as yet been accepted by you," he said, "but upon acceptance, the City will be able to obtain the benefit of the annual saving above mentioned, and at the same time secure the benefit of a more efficient operation of its water pumping plant with a better quality of water and better service to water customers."

Here Mr. Coleman turned to the use of charts to explain his points. His first reference was to a chart which pictured the classes from the viewpoint of amount of money bills in Sanford fall. It was seen that 84 percent of all bills rendered to residential lighting customers in Sanford are \$4 and under. It was also seen that a great majority of the bills are \$1.50, which is the minimum charge. Only about 16 percent are over \$4, according to Mr. Coleman.

"This condition obviously makes it difficult to consider any kind of a reduction in the rate for residential lighting purposes," he said, "because the bills are already so small that in many cases where the bill is the minimum, the actual cost of supplying the service is not covered and the customer is really a 'convenience' customer, and causes the power company to actually suffer a loss."

rate. It is the wish of the company that all customers earn a low average rate and it is for this reason that the utility is continually trying to get the customers to use services over longer periods of the day.
As a prelude to the reading of court decisions relating to reasons why electric rates should not be reduced, Mr. Coleman said that "The general business conditions prevailing, the decline in commodity prices, and the fact that various lines of business have suffered financial losses and are earning lower revenues than usual, present no reason why electric rates should be reduced."

Further he said, "It is to be recalled and it is a matter of common knowledge that commodity prices generally increased by leaps and bounds for a number of years following the World War, but during this period, electric rates in Sanford were continually reduced and not increased."
After reading lengthy opinions relating to this subject, Mr. Coleman turned to his last chart, one which pointed out the comparison of commodity prices, as released by the U. S. Department of Commerce, and Sanford residential lighting rates.

The chart showed that commodity prices increased from a 100 percent level in 1913 to a high figure in 1920. Since that year they have decreased, except for small rises, to where they are now about 28 percent above the 1913 level. At the same time, it was pointed out, the top residential lighting rate in Sanford remained on a constant level from 1913 to 1925 when sharp decreases were made so that at present the top lighting rate is 26 percent below the 1913 level whereas the commodity prices are 28 percent above the 1913 level.

Mr. Coleman concluded his talk with "In order to enable our company to give anywhere near adequate and dependable electric service and to make the necessary additions and extensions to our property necessary to supply new customers and to carry the added load of present customers, and generally, to enable us to discharge our public duties, it is essential that we keep on a sound financial basis, and to keep on a sound financial basis, it is essential that we earn a reasonable return."

"We do not now earn such a return, but we have remained satisfied under existing conditions with our present low earnings, and through the practice of strict economies, have been able to continue to render what we believe all of you will agree is adequate and dependable electric service in Sanford."

reduced, it will be an operation and financial loss to immediately threaten our solvency further and our ability to continue to function, all to the serious detriment of our company, our employees, our security holders, our customers, and we believe, the City of Sanford, in that it would injuriously affect general business conditions in the City.
"Our policy is, and always has been, to reduce rates as consistently and as continuously as conditions justify. That is, as business builds up and our customers make fuller use of our service, so that our investment is used over long periods of the day, then we will be glad to reduce our rates."

Mr. Coleman was assisted in his presentation of the company's case by F. M. Wilkinson, division manager at Palatka, who made short comment relating to the subject matter.
Commissioners attending included V. A. Speer, W. A. Laffler, H. J. Lehman and S. O. Shiholzer, while City Attorney F. R. Wilson and City Clerk F. S. Lamson, also were present.

President's Order Provides Penalty For Gold Hoarders
(Continued From Page One)
tion of gold for trade purposes, and other legitimate needs, not involving hoarding.
The order, which is limited to the period of the emergency recently proclaimed by the President, directs the return of all unlicensed gold before May 1 to one of the federal reserve banks. It was authoritatively stated that the chief purpose of the decree is to restore to the country's reserve gold which has been in hiding.

The following exceptions are allowed under the hoarding ban:
"Such amounts of gold as may be required for legitimate and customary use in industry, profession or art within a reasonable time, including gold prior to refining and stocks of gold in reasonable amounts for the usual trade requirements of ownership and refining such gold.
"Gold coin and gold certificates in an amount not exceeding in the aggregate \$100 belonging to any one person; and gold coin having a recognized special value to collectors of rare and unusual coins.
"Gold coin and bullion earmarked or held in trust for a recognized foreign government or foreign central bank or the Bank for International Settlements.
"Gold coin and bullion licensed for other proper transactions (not involving hoarding) including gold coin and bullion imported for re-export or held pending ac-

tion on application for export licenses."
The order also directs that persons coming into the possession of gold or certificates before Apr. 23, must get this supply to the federal reserve system.
Secretary Woodin in a statement last night said the President's executive order requiring the turning in of hoarded gold was an "expected step in the process of regularizing our monetary position and furnishing adequate banking and currency facilities for all customary needs."

19 STATES TO PERMIT BEER AT MID-NIGHT
(Continued From Page One)
How closely brewers in New York City and state would follow Ruppert's order was not immediately known.
While the New York legislature remained deadlocked over a bill to control sale of the brew was assured in the absence of prohibitory laws.
In New York City, Maj. John P. O'Brien, last night set up temporary regulations of beer under jurisdiction of the board of health, to be rescinded when the state control laws are adopted. Issuance of permits will start today in the five boroughs. If not possible to supply permits to applicants in time for Friday selling, the mayor announced that a receipt for fees paid will serve as proof and the applicant may sell.
For manufacture of beer or light wines, the city will levy a \$100 tax; for wholesalers, a \$50 tax; to sell beer on draught \$25; to sell beer in bottles to be consumed on premises, \$15; to sell bottled beer not to be consumed on premises \$10.
In Minneapolis, the city council overrode Mayor A. W. Anderson's veto of a regulatory ordinance, which he held in violation of the 18th Amendment, and immediately issued 429 licenses.
The price of bottled beer, Col. Ruppert said, would be \$1.60 a case to jobbers and \$2 to consumers.

NOTABLE DEED

PARAHIMA, Cal.—Earl Durr, Biggers, novelist, playwright, and creator of the detective character, "Charlie Chan," died late today.

CITY ON FIRE

WASHINGTON—Fire has destroyed three-fourths of the city

of Tola, Honduras, Acting Consul Kenneth Stout advised the state department today.

VETERAN DIES

GAINESVILLE—George K. Broome, 91, Confederate lieutenant during the Civil War, died at his home here yesterday following a protracted illness.

DEPRECIATION OF CURRENCY SAID TO BE RECOVERY BAR

Canadian Banker Opposes Inflation As Unsound Solution

WINNIPEG—Competition in depreciation of currencies must cease before better times can come. Jackson Dodds, general manager of the Bank of Montreal, stated in addressing the annual meeting of the Winnipeg Board of Trade recently. Mr. Dodds opposed many of the inflationary schemes which are being constantly proposed, on the ground that such proposals will not solve our problems.

"Some people contend that inflation would enable debtors to pay off what they owed and all could then make a fresh start," Mr. Dodds pointed out. "Experience showed that it does not work that way—on the contrary, inflation promoted speculation and encouraged people to go into debt. Furthermore, the shifting of the load from the debtor to the creditor would not solve the problem."

Something New

SALMON is one of the most popular fish in the world, and such vast quantities of it are eaten annually that everyone would know it. But a certain food packer has taken the hint from a can of "Fruit for Salad," and now offers a specially selected and prepared "Salmon for Salad." The salmon are skinned and the bones removed and then diced and packed into inside enameled cans, lined with parchment paper, to give the contents the greatest possible protection. Only the choicest portions of the best of salmon are used. This popular food product in a new form. The cubes are only slightly

called together and are easily broken apart. It is most attractive in appearance and possesses an excellent flavor. Individual Steaks, Too. Just as special cuts are used for this new "Salmon for Salad," the best possible parts of the fish are used for the new "Individual Salmon Steaks," now being put up by this salmon packer in oval quarter pound cans. For just as there are certain cuts of meat which are particularly suitable and desirable for certain uses, so there are portions of salmon which are superior to other parts.

producers of raw materials may be brought into balance with prices of products of the factory, thus restoring activity and employment in cities and so increasing the demand for products of the farm and factory, providing traffic for railways and ships, and a demand for the many other necessary services which contribute toward the high standard of living in which this country has become accustomed and to which its people are entitled."

On the subject of currency inflation, Mr. Dodds traced its disastrous effects in European countries. To illustrate he displayed a letter posted in Danzig on Oct. 23, 1923, which bore 12 postage stamps, each of 500,000,000 marks, or a total of 6,000,000,000 marks. He also exhibited deflated German mark notes with a face value of 5,200,000,000 marks, which he said at the old rate of exchange would have been equivalent to \$1,252,984,600, but which at the new rate were equivalent to one-eighth of a cent.

No country, he continued, ever sets out deliberately to issue unlimited fiat money, any more than

would a sane person set out to be a drug addict. No country, he continued, ever sets out deliberately to issue unlimited fiat money, any more than would a sane person set out to be a drug addict.

"To adopt deliberately a policy of depreciation of our dollar would be inadvisable, it would profit us nothing and in the end cost us dearly. It would force our competitors whose currency is depreciated by impairment of credit to depreciate still further, and if we followed them down and down, our exports would finally be given away. Meantime, we would be obliged to pay more for our necessities, such as cotton, wool, coal, petroleum, etc."

"There is a strong conviction in some quarters that the depreciation of our dollar would raise prices of primary products in Canada. But this has not worked out in practical experience; for example, the price of wheat did rise and fall with the rate of discount on our dollar; on the contrary, on more than one occasion prices fell when the discount rate rose, and vice versa," he said.

### Delegates In Michigan Ahead Dry Opponents

DETROIT, Apr. 7.—(AP)—Delegates pledged to vote for the 18th Amendment in the convention next week were their dry opponents in the 12 districts reporting in early Monday night.

from Monday's referendum by state representative districts. The returns were far from complete, ranging from one to eight precincts in the various districts which are to send 100 pledged delegates to the convention Apr. 10 to formally cast Michigan's vote for or against repeal of the national prohibition law. In all but one of the 12 districts reporting, however, the repeal candidates' margins were liberal. One precinct in Kent county was close, giving

### ECONOMIC MEAL MENUS OFFERED SANFORD PEOPLE

#### Miss Wilson Co-Operates With Herald In Furnishing Data

Through the co-operation of the Home Economic Department of Seminole High School, Miss Mabel Wilson, instructor-in-charge, The Herald today presents a timely meal-planning service that is based on a study of food values, economic conditions as reflected in the average home-owners' pocket-book, and grocery advertisements appearing in The Herald today.

Today The Herald and the Home Economic department speaks to 63 for repeal and 42 against. In the Mescal-Lake county district which voted in the November election on repeal of the state home dry law, one precinct gave 166 for repeal and 50 against. In the county in the upper peninsula, eight precincts gave 2224 for repeal and 218 against. In Lapeer county, six precincts gave 991 for repeal and 504 against. Most of the returns were from counties that were allotted one delegate each to the convention. No returns had been received from Wayne county (Detroit), which was allotted 21 delegates to the convention. The aggregate vote from 32 precincts, although it had no bearing on the election of the delegates, showed 6623 for repeal and 2587 against.

the family of six persons that is unable to spend more than \$5 per week for groceries. For \$5 it is today possible by patronizing Herald advertisers, to purchase the following articles of food that will supply a family of six persons for one week if daily meal menus that are printed below are followed:

Six pounds of flour, 20 large cans of milk, two pounds of Nuts, one pound of cocoa, one eighth of a pound of tea, five pounds of sugar, two pounds each dried peas and dried beans, one pound of bacon, one pint molasses, two heads of cabbage, 30 eggs, one pound rice, one pound cheese, one box macaroni, one bunch turnips, angles and grapefruit, seven loaves of bread, 15 pounds of potatoes, two bunches of carrots, four stalks celery, one pound onions, six bananas, one box grits, three pounds of fish, two pounds lard, four No. 2 cans of tomatoes, one box macaroni, one bunch turnips, four cents worth of meal, one pound of peanut butter, one box dried apples, two pounds steamed meat, one quart strawberries.

The Home Economics Department suggests that these foods be used as follows: SUNDAY Breakfast—Grapefruit, coffee, bread and eggs, toast, neck or corn. Dinner—Beef stew, cole slaw, strawberries, whipped cream, one egg cake, tea. Supper—Cream of potato soup, and leftovers from dinner. MONDAY Breakfast—Orange juice, oatmeal, toast, coffee or cocoa. Dinner—Cream of tomato soup, toasted bread, chocolate corn starch pudding. Supper—Celery chowder, apple whip. TUESDAY Breakfast—Grapefruit, scrambled eggs, grits and butter, toast, coffee. Dinner—Cream of carrot soup, peanut butter sandwiches, prune whip. Supper—Potato slaw, summer salad, milk shake. WEDNESDAY Breakfast—Oatmeal, orange juice, toast, cocoa or coffee. Dinner—Vegetable soup, toast, bread. Supper—Macaroni and cheese, turnip greens, corn bread, chocolate milk shake. THURSDAY Breakfast—Grapefruit, grits, poached eggs, toast, coffee or cocoa. Dinner—Cream of celery soup, orange shortcake. Supper—Fried fish, stewed tomatoes, baked potatoes. FRIDAY Breakfast—Oatmeal, orange juice, toast, coffee or cocoa. Dinner—Cream of potato soup, bread, soup milk gingerbread. Supper—Eggs a la King served on mounds of rice, fruit cup, oranges, bananas. SATURDAY Breakfast, dinner and supper to be supplied with left-over articles as desired by the house-wife. RECIPES Her recipes that will assist the family in preparing foods as

### Necessity Seen For Adoption Of Securities Bill

(Continued from Page One) on the books of corporations, the fight against watered stock will be in vain.

The utility inquiry, he said, showed approximately three-fourths of the companies looked into had "written up" their book value, the total being a billion or more in the five capital stock. Several state commissions have informed him, he said, that the so-called "blue sky" stocks sold in their states were disposed of through the mail. "Alexander Holtzoff, special assistant to the attorney general,

outlined above. All recipes were tested and approved by girls of the Home Economic Department: 1—MOCK BRISAS AND EGGS: Mix two cups of cooked oatmeal with four beaten eggs. Cook in two tablespoons of bacon fat just as regular brisas and eggs are cooked. 2—ONE EGG CAKE: 2 eggs, 1 egg, 3 t. baking powder, 1 and 1-8 cup sugar, 1 cup flour, 1 salt, 1 cup milk, 1 t. cup shortening. 3—SOUP: 1 cup flour, baking powder, salt into mixing bowl. To shortening add the remaining ingredients and beat thoroughly for one or two minutes. Add to dry ingredients all at once and beat about two minutes, more. Pour into greased and floured pan and bake in moderate oven about thirty minutes. 4—CELERY CHOWDER: 1 quart finely diced celery, 2 tablespoons flour, 3 large potatoes, diced, 1/2 t. salt, 1 t. pepper, one onion, diced, 1 quart milk, 2 hard cooked eggs.

Melt the fat in a kettle, add the chopped onion, celery and potato. Cover with boiling water and simmer gently until the celery and potatoes are tender. Add salt, pepper and milk. Heat well and thicken with the flour which has been rubbed smooth in 2 table-spoons of water. Just before serving add the hard cooked eggs chopped fine. 5—APPLE WHIP: 2 cups stewed apples, 4 table-spoons sugar, 1 c. p. evaporated milk. Stew apples after soaking in hot water and mashing and add sugar. Heat the evaporated milk in a double boiler 15 minutes. Chill thoroughly and whip. Add the apple, and continue whipping. 6—EGGS A LA KING: 6 hard cooked eggs, 2c. milk, 1 cup vegetable liquid, 5 t. butter, 1 t. flour, 1 c. peas, 1 c. carrots, 1 c. celery, 1 slice onion, 1/2 t. salt. Cook vegetables in boiling salted water until tender and drain. Make a white sauce of butter, flour, milk and vegetable liquid. Quarter or slice hard boiled eggs. Add eggs and vegetables to sauce and serve. 7—CREAM SOUPS: Use one cup of strained vegetable pulp to one to two cups of thin white sauce. 8—SUMMER SALAD: 3 grated carrots, 1/2 grated cabbage, 1 cup chopped celery. Mix with small amount salad dressing.

opposed proposals to eliminate the bill's provisions for making directions liable in case of losses, while R. V. Fletcher representing the association of railway executives, asked that railroads be exempted.

Passage of the Johnson bill, sponsored by the California Republican Independent, which would prohibit sale in this country of obligations of defaulting governments, was urged by the judiciary committee as "a measure of simple justice for the protection of the American investor and the American people generally."

Johnson's bill, an aftermath of the Senate finance committee investigation of the flotation of foreign issues in the United States, was considered by the judiciary committee as justified by that inquiry and necessary "on behalf of the American people."
