

Cook Hurls Lookouts To 4 To 1 Victory Over Deland Reds

Brown Homers Inside Park With One On To Clinch Tilt

Mihalic And Langston Lead Sanford's Attack With Two Hits Each While Parrett Leads Deland Outfit

By JULIAN STENSTROM
Herald Sports Editor

The Lookouts captured a 4 to 1 decision over the Deland Reds last night at the Municipal Athletic Field before a small gathering of Sanford and Deland fans. Big Chief Cook, righthander, set the visitors down early behind excellent fielding by his mates.

Cook went the entire distance on the hill for the Lookouts and held the Reds to eight scattered hits while Harry Rice, Red manager who went the route for the visitors, was nicked for seven hits by the local aggregation.

Cook fanned five of the Reds while he allowed six of the visitors free passes to the initial sack. Rice walked two of the Lookouts while sending three down via the strikeout route.

Leading the hitting for the contest were Mayo Langston, Pete Mihalic and Jolly Parrett. Mihalic and Langston collected two hits in four tries while Parrett singled twice in three of Deland's blows were doubles.

The scoring began in the second inning when the Lookouts pushed over their first run. With two out, Joe Buggerio singled to center field. He stole second and scored when Louis Musso singled to deep right field.

The Reds knotted the score in the fifth inning when Rice trip

pled and scored on Jackson's single to left field.

In the seventh, the Lookout took the lead as Mihalic doubled to deep left field to score Mayo Langston. In the eighth, the Lookouts put the lid on ice when Langston singled over short into left field and scored when Win Brown hit a home run inside the park to count for two runs.

The Lookouts, who are still members of the Florida state league, will travel to Deland tonight to meet the Reds at Harry Rice at Conrad Park in a rubber league contest.

Armstrong Wins Welterweight Crown From Ross

Champ Remains For 15 Rounds Against Negro Challenger

By JACK CUDDY
MADISON SQUARE GARDEN, NEW YORK, June 1.—Featherweight Champion Henry Armstrong, devastating dandy and dynamo, last night added the welter crown to his trophies by halting the bloodless, helpless hulk and into retirement.

The unanimous 15-round decision made the bulldozed Los Angeles negro the first man in history ever to wear the two crowns simultaneously.

Ross, black haired, glitter-eyed Chicago scrapper, lost like a true champion. He weathered one of the most merciless beatings ever given anyone in the ring and was virtually helpless during the last half of the bout.

The face of Ross, looked worse than that of Willard, the "good boy man" of Toledo, after the bout. Henry's relentless hooking attack had Barney's right eye puffed and closed so that he saw from but one optic after the seventh round. Ross was bleeding from his mouth, his nose and from gashes over both eyes.

The crowd of more than 30,000, who braved cold weather to see this first battle between a featherweight challenger and a welter champion, was screaming for Referee Arthur Donovan to stop the slaughter during the last four rounds. Most of the boxing writers were amazed that he and the commission had permitted the bloody punishment to continue after the champion was groggy and weaving about on nerveless legs.

But the writers were even more amazed that Ross could weather such a continuous and terrific bombardment without being felled once, or without being gashed so badly that a halt would be forced.

In losing his title Ross indeed went down with his colors flying and he kept intact his record of never having been knocked out or stopped in eight years of professional warring.

Good Catch Made By Angler In Wekiva

Speaking of fish stories, get Monk Bennett to tell the one about the granddaddy of all black bass he brought in yesterday afternoon.

which Ross captured from Jimmy McLarrin in this same boat in 1931, became the fourth negro to wear the 147-pound crown. And judging by his sensational showing last night, he will wear it a long time.

BRING ON THE VEGETABLES

—but let them be seasoned to the queen's taste and served in a dozen different ways

By Dorothy Greig

In our time we have heard women mention "meat and potatoes" individuals are that friend referred to her's as a "meat and potato" husband. It seems he bulks at vegetables and salads.

We sometimes suspect that "meat and potato" individuals are that way because their mothers drowned vegetables instead of cooking them for flavor and serving with more flavor.

The trick with most vegetables is to be sliced with water. Cooking with steam is even better. In that way all the fresh garden flavor is preserved. Then be lavish with butter in the serving of them. Now, mister, won't you change your mind about vegetables!

Bavory sauces also do wonders to lend zest and new interest to our every day vegetables. The sauces are the easiest thing in the world to make, too. If you just remember the canned soups on your shelf. There you have the makings of an infinite variety of delicious sauces. For instance try these:

- Cauliflower with Celery Cheese Sauce**
1 (2 lb.) head cauliflower
Remove leaves and stalk from cauliflower. Soak for about 20 minutes, head down in cold salt water (1 teaspoon to 1 quart water). Cook, uncovered in large amount of boiling salted water 20 minutes, or until just tender. Break off the florets of cauliflower and serve mixed with the sauce or serve the sauce over the entire cauliflower.
- Fresh Asparagus with Mushroom Pimiento Sauce**
1 bunch fresh asparagus
Cut off the tough white ends of asparagus. Scrub with a brush wash, and remove scales if desired. Sometimes sand collects under the scales. To cook whole, tie loosely in a bunch, put into rapidly boiling salted water and cook uncovered, 10-20 minutes or until tender. Lift bunch from kettle drain, serve hot stalks arranged parallel with mushroom sauce poured over them.
- Mushroom Pimiento Sauce**
1 can condensed cream of mushroom soup
1/2 cup milk
2 ounces pimiento cheese
Stir the milk into the condensed cream of mushroom soup and then...

...ion Pimiento Sauce enhances the delicate flavor of fresh garden asparagus.

Heat in a pan the cheese, 1/2 cup milk and 2 ounces pimiento. Melted. Serve over the cauliflower or over the asparagus.

Grilled Tomatoes with Mushroom Sauce, Broiled Bacon
5/8 lb. whole tomatoes
1 teaspoon salt
1/2 teaspoon white pepper
1 tablespoon butter, melted
Wash and trim tomatoes and cut in halves crosswise. Brush the outside with melted butter and sprinkle with salt and pepper. Broil in broiler under moderate heat for about 2 minutes or until lightly browned. Serve with mushroom sauce.

Spanish Rice
1/2 cup sliced onion
1/2 cup minced green pepper
1/2 cup fat
1 can condensed tomato soup
1/2 cup water
2 whole cloves
1 small bay leaf
1 cup salted cooked rice
Cook onion and green pepper in the hot melted fat until tender. Then add 1 can condensed tomato soup, 1/2 cup water, 2 cloves and 1 bay leaf and simmer for 15 minutes. Remove the cloves and bay leaf. Then add the salted cooked rice and mix thoroughly. Serve &...

Mushroom Sauce
1 can condensed cream of mushroom soup
1/2 cup milk
2 ounces pimiento cheese
Stir the milk into the condensed cream of mushroom soup and then...

This next is, strictly speaking, not a sauce. It is, however, a most delicate and savory way to prepare...

 However, if Mr. Combs refuses to back the club, another man stands ready, Mr. Packard said. He failed to disclose the identity of the latter. He also said that Mayor Edward Higgins had pledged his support in smoothing out present difficulties.
 Watson appealed to the City Commission yesterday for an ordinance but was denied on the grounds that the City was without authority to appropriate funds for a private enterprise.

 "The Sanford Baseball Association as a private enterprise could not solicit funds with which to continue its team in the league and its only way of raising money to continue was to appeal to the City to advance a small sum to protect its investment until other sources of revenue could be found.
 "Since the beginning of the season we have encountered difficulties for which one was to blame. We carried on as long as money and credit lasted and only quit when forced out.

 GENEVA, June 2.—(AP)—China asked the League of Nations yesterday to take "urgent and effective" measures to halt what she termed Japan's bombardment of non-combatants.
 The protest against "wholesale slaughter of human beings" in aerial bombardments such as recent attacks on Canton was addressed to the League assembly council and advisory committee on the Far East, of which the United States is a member.
 It recalled the League resolution of Sept. 28, 1937, saying the League then found there "could be no excuse" for aerial bombardment of open towns (towns behind battle lines) in China.
 "Since the beginning of the Japanese military aggression in China not a day has passed without Japanese aircraft severely bombing Chinese open towns and inflicting a heavy loss of civilian life," the protest said.

Dispute In Peru And Ecuador Adds To World Problem

Peruvians Massing Troops After Clash Over 107-Year-Old Boundary Argument

Japanese Cabinet Again Shuffled

Chamberlain Announces New Protests Against Air Raids

Dispatches from Hong-kong said Japanese bombing planes had killed 50 persons in a Canton textile factory and caused great loss of life among homeboat dwellers along the Canton River.

War over the border dispute between Peru and Ecuador was added today to the world's menu of international trouble.

Two Ecuadorian soldiers were killed and a third wounded yesterday in a clash with three Peruvian gun-boys in a jungle that had figured in a 107-year-old dispute.

Ecuador ordered her troops to "defend themselves with all their characteristic valor" and Peru was reported to be massing troops.

The Czechoslovakia-German situation which had reversed for two weeks between hot and mild warm shimmered anew with a fresh protest from Berlin to Praha against new incidents in which members of Czechoslovakia's German minority were said to have been mistreated.

Japan completed a drastic cabinet reorganization, Lieut.-Gen. Seishiro Itagaki taking the war ministry, as the Chinese defending the railway approach to Hankow appeared to be weakening.

Prime Minister Chamberlain announced new British protests against the aerial bombardments in China and Spain in protests addressed to Tokyo and the Bureau of Propaganda.

With the Spanish non-intervention committee in accord on a plan to withdraw foreign soldiers from the war, the Spanish government spokesman in Paris admitted the "possibility" of British-French mediation.

Driver Injured As Trucks Sideswipe West Of Sanford

A heavily loaded truck belonging to the Walker Fertilizer Company of Orlando and a semi-trailer belonging to the L and L Freight Lines, both headed toward Sanford, sideswiped on the Seminole Boulevard approximately three miles west of Sanford about 1:00 o'clock this morning.

The driver of the L and L truck, James Potter, was badly bruised and lacerated when he was thrown or jumped from the truck after the collision but an attending physician stated that he had sustained no serious injuries. Curtis Moore, negro, driver of the truck and trailer, escaped injury.

The accident occurred, it was reported, as the L and L truck attempted to pass the truck driven by Moore. The front corner of the semi-trailer struck the truck and trailer, throwing the front of the L and L truck into the side of the Walker Fertilizer Company's truck.

The entire front wheel and axle assembly was knocked from under the L and L truck and, locked together, the two trucks plowed into the left shoulder of the road.

The truck and trailer was loaded with spray while the L and L truck was loaded with miscellaneous freight for Sanford and points southward. Neither of the drivers was arrested. Sheriff C. H. Sand, who investigated the accident, stated: "The loads on the trucks were not damaged except by the impact but the L and L trailer, a big model industrial unit, was badly damaged."

Final Meeting Of Control Committee To Be Held Soon

A final meeting of the Florida Celery Industry Control Committee will be held in Lakeland near June 15, J. C. Lettice, secretary-treasurer of the committee said today following communications with Vice Chairman Loring Raul in Sarasota, who is heading the activities of the committee in the absence of Chairman J. C. Hutchinson.

The definite date for the meeting has not been announced but Mr. Lettice stated that it will be held near this time and that officials of the Agricultural Adjustment Administration will be present at the meeting to discuss problems with the delegates and the growers and shippers of celery who desire to attend the meeting.

The weekly meetings of the committee were abandoned several weeks ago and a final meeting will be held in which reports of the committee's activities for the past season will be made. It was expected that the meeting would be called for this week.

Unless another grower referendum is held in which growers of celery vote to discontinue the operation of the marketing pact, the agreement which is operated under the Agricultural Adjustment Act of 1937, will automatically be continued for another year.

A petition has been filed with the Secretary of Agriculture for a re-hearing on whether growers wish to operate under the agreement for another year but dates for these hearings, if granted by Secretary Wallace, have not been announced.

Commission To Study British Trade Act

WASHINGTON, June 3. —(AP)—President Roosevelt said today he was sending a commission to England this summer to study the British trade union act. The President told his press conference the study would have no relation at all to the Wagner Labor Relations Act in this country. Declaring idea of the study was his own, Mr. Roosevelt said its real purpose would be to clear up a great deal of misinformation in this country regarding the British law.

He said he could not say who would serve on the commission because the membership was not complete.

The largest decrease in England is at Savannah, it covers 4,000 acres.

School Financial Director Confers With T. W. Lawton

Dr. Edgar Morphett, State director of school finance, visited Superintendent T. W. Lawton today for discussion of school finances for next year, Mr. Lawton reported.

Dr. Morphett said that in spite of losses in school revenues a number of schools were operating full terms and that most of them would be able to operate full terms next year.

Fear was expressed that most of the schools next year will feel the loss even more than this year that will be able to operate full time.

Plans were discussed for the state convention to be held in Daytona Beach the 19, 20, 21, and 22 at the Riviera Hotel. All county superintendents are expected to be present.

Mr. Lawton declared that the State revenue this year would be nearly \$2,000,000 less than was estimated. The estimated figure was based on revenue for the previous year.

Cash, Sr. Speeds To Investigate Erroneous Report Of Son Was Found

14 G-Men Augment Staff Of Hoover

Boats Are Used As Searchers Broaden Area Of Hunt

Princeton, Fla., June 3. —(AP)—Searchers extended James Bailey (Skeegie) Cash, Jr.'s hunt today while J. Edgar Hoover, director of the Federal Bureau of Investigation, augmented his staff by 14 G-men rushed here by plane.

James Bailey Cash, Sr. left home for the first time since he paid the \$10,000 ransom Tuesday, to investigate an erroneous report that his five-year-old son's body had been found.

Meanwhile, Mr. Cash was in bed under the care of Dr. A. J. Bertram of Miami. Cash emerged barely able to get up from his home with his brother, W. F. Cash, and two federal agents and entered his automobile. With the father driving, the party sped at an 80 mile an hour clip by roundabout route to a dump a mile east of Homestead airport, south of here, where a negro woman had found something decomposed in a barrel barrel. It turned out to be a dead dog and the party returned after half an hour.

Hoover arrived at the FBI office in Miami late in the morning, leading to the supposition he and his men had worked far into the night. With him were Clyde Hodson, his aide, and E. J. Connelley, an investigator from Washington. All were uncommunicative.

Social Security Act Benefits Are Told By Weaver

Paul K. Weaver, manager of the Orlando field office of the Social Security Board, said today "that the sharp spur of fatal accidents has resulted in a better understanding of lump-sum insurance payments under the Social Security Act."

Mr. Weaver stated that a man was killed in an automobile accident recently, and that a friend of the family familiar with the provisions of the Social Security Act read of the accident as reported in the newspapers and advised the widow to see the Social Security Board.

As the worker had been employed in work covered by the act, Mr. Weaver explained, and had not yet reached the age of 65, the wife was entitled to file a claim for three and one-half percent of her husband's earnings as reported under the act.

"As a result of the payment of this claim," he added, "relatives of several other workers who had died, but who did not before realize that they were entitled to file a claim, did so."

Mr. Weaver pointed out that several other fatal accidents have been instrumental in causing survivors to file claims for lump-sum payments.

"In most instances of this kind, he said, "the employers are notifying the Orlando field office of the Social Security Board, his results in getting the claim under way promptly."
