AMERICAN TEL EXCITEMENT IS CHARGED WITH ABSENT TODAY BIG SALARIES AT LONG PROBE

I. C. C. Member Also Marked Contrast Seen To Yesterday's Session When Bitter Words Were Passed

WASHINGTON, Apr. 6.—(AP)—What was termed abuses in the operation of holding companies, together with the payment of large salaries to officials of the American Telephone and Telegraph Company, were reported today to the House Interstate Commerce Committee by Dr. W. M. W. Spilman, member of the Interstate Commerce Commission following a three year study ordered by Congress. Spilman recommended the enactment of the Rayburn bill creating a Federal Communications Commission. Hearings open Tuesday before a House committee.

A plan to bring about the complete freedom of the Philippines within two or three years was talked of today by Senator Lydig, Maryland Democrat, but he refused to give details pending the return of President Roosevelt.

By a margin of 11 votes to the Senate yesterday retained in the revenue bill the more moderate income and surtax schedule proposed by an interim committee instead of a proposal that would have restored war time taxes to help pay for economic recovery.

The high tax advocates mustered 36 votes for a substitute schedule by Senator La Follette, Republican, Wisconsin, calling for an increase in the normal income tax from four to six percent and surtaxes ranging from six to 7½ percent. There were 47 votes to step in the bill the committee plan that were tentatively approved yesterday.

This settled the chief controversy over the bill and leaders expected its passage before the weekend recess.

The committee plan provides flat normal tax of four percent on all net income instead of the present four percent on the first \$1000 and eight percent on all over that. They also fix the surtax at five percent on the portion of the income between \$1000 and \$4000 and graduate it upward through 29 brackets to 7½ percent on all over \$4,000,000.

The rates approved by the House are a flat normal tax of four percent on surtaxes ranging from four to six percent. The difference in the surtax schedule will thus have to be threshed out in conference.

Twenty-four Democrats, 11 Republicans and the former La Follette, Chipwood voted for the La Follette schedule. Twenty-four Democrats and 18 Republicans answered "no".

The committee schedule would allow the same exemptions for certain income as now after allowing for normal tax purposes. The effect of this would be to cut the surtax at about \$5000 for married men and \$4000 for single men because of the loss of the credits of the \$2500 and \$1000 tax exemptions.

Existing surtaxes begin one percent at \$6000, but exemptions are not allowed.

The schedule increases the surtax in the higher brackets to make up for lost revenue due to eliminating the present eight and ten cent surtax on all over \$4000. A credit of 10 percent would be allowed for earned income up to \$20,000 in payment of the normal tax.

TRAINMAN KILLED

BIRMINGHAM, Ala., Apr. 6.—(AP)—One trainman was killed and another injured seriously here recently in the derailment of the engine, baggage and mail cars of a fast Frisco passenger train. Tom P. Kelly of Birmingham, engineer, was killed and Bert Davis, negro fireman, was injured seriously. None of the passengers on the train, enroute from Kansas City to Birmingham, was hurt.

MEXICAN BANDITS BLAIN

OAXACA, Mexico, Apr. 6.—(AP)—Four members of a bandit gang that ransacked and burned Vista Alegre were killed recently in a battle with federal troops.

Relief Cases In Florida Are Steadily Increasing; Allotment System Begun

JACKSONVILLE, Fla., Apr. 6.—(AP)—With the number of persons in need of assistance growing, the various state emergency relief committees, which L. Warren Hobbs, chairman of the Senate Finance Committee, has set aside a reserve fund. The initials declared requests from the various regions received were available.

At a meeting of the various state committees held at the Senate Finance Committee hearing on the confirmation of Dr. E. D. Moore, potential revenue director of New Orleans.

For the third straight day, bearing room was allotted to Senator Long's questioning. Today he took a touch of an Fowler's attitude. He asked, "What is the good share of the time we are spending in the hearing?"

A final allotment, when the hearing began yesterday, by Florida and the other states, was made April 1. The administration, however, had spent more than twice the amount of money appropriated for the program.

NUDIST'S ARE ON MOVE TOWARD 17 CAMPS IN NATION

100 Percent Membership Gain Is Claim Of Official Of Cult

NEW YORK, Apr. 6.—(AP)—Within a month nudist camps will be flourishing in at least 17 states.

Four of the states will be new to nudism—Massachusetts, Rhode Island, Nebraska and Colorado.

"We are definitely past the experimental stage," Dr. Haley Boone, executive secretary of the International Nudist conference, said recently.

Dr. Boone estimated the increase of adherents to nudism this year at 100 percent. The states in which camps will be operated in addition to the four already mentioned, are Virginia, New York, New Jersey, Connecticut, Pennsylvania, Ohio, Michigan, Indiana, Illinois, California, Maryland, South Carolina and Florida.

There also will be a camp near Louisville, Ky., Dr. Boone said, as soon as the recent act of the legislature has been legally interpreted. Reports from Kentucky were that the \$1,000 annual fee and a 20 foot wall of brick, stone or cement would be required for a nudist colony.

A Louisville nudist group has applied for the present with a Cincinnati group, Dr. Boone said, and will camp near Cincinnati in Ohio.

There are a dozen nudist groups in New York City and at least six of them will operate camps in New York and New Jersey. The largest will be again near Highland, N.Y.

Virginia will be host to Washington, D.C. nudists, where two groups are organized. One nuptial, according to Dr. Boone, is a United States senator.

A new group in Boston plans to locate a summer camp midway between Pittsfield and Worcester. Rhode Island nudists, available since the Narragansett Bay to provide facilities for nudists at Pawtucket, Woonsocket and Providence.

A nudist group, recently selected a suitable spot of that city, A. North, to say. United States nudists are organized. A new camp in Olympia, Wash., has been dedicated to the movement, 20 minutes east of the city.

Indiana nudists likewise have announced intention to continue though a Chicago attorney was twice arrested last year.

The camp of the Denver nudists will be high in the mountains.

1933 Bank Collapse Blamed On Federal Control Of Policies

WASHINGTON, Apr. 6.—(AP)—The government's "absolute control" of bank policies in the last several years was asserted by A. Mitchell Palmer, former attorney-general, to have been the cause of the 1933 banking collapse.

The Wilson cabinet member, who said he was strongly in favor of the McLeod bill authorizing governmental paying to depositors in closed national banks, told the House banking committee the "control" exercised by the government over bank policies placed the responsibility squarely upon it from constable to governor.

Mr. Palmer proposed that the government buy the remaining assets of closed banks, regardless of value, liquidate them over a long period, but pay the depositors in full at once.

He said if Congress in passing the Recovery Act had supported and funds to pay depositors instead of for Public Works, "a larger part of the road to recovery would be behind now."

Mr. Palmer also said if the assets of closed banks are liquidated by the Reconstruction Corporation over a long period of time "the government would take much of a licking."

Judge Decides That Bank Is Liable For Accounts Of Minors

CHARLESTON, W. Va., Apr. 6.—A bank is liable for the savings accounts of minor children drawn out by a parent without their consent, according to a ruling just handed down by the West Virginia Supreme Court of Appeals, final state judicial authority.

A tiny fortune built up from a peanut roaster 12 years ago in the village of Cass was involved in the case in which the mother was sued. In 1922 E. P. Rosewell and his wife operated a restaurant at Cass. With it was a peanut roaster, and they, their children, friends and family helped to operate and the earnings of the roaster were deposited in the account of the children in the Bank of Marlinton.

By 1931 the savings had grown to \$41,000. One day, according to the testimony, Rosewell appeared in the bank, told its officers he was moving out of town, deposited the money in the name of the children and absconded without so much as counting it to them or anybody else. Rosewell, who grew up and married to the bank, held the children being taken in an ambulance, fell could not recover and returned, arousing an accident at Center Hill, a cutlet for the bank. The superstitious young Rosewell, on his motorcycle, had a collision with a car, and he and Earl, who came about 4 o'clock yesterday afternoon,

TOM HEFLIN HAS HOPE OF STAGING COMEBACK SOON

3000 Alabamians Seek Every Type Of Political Connection

BIRMINGHAM, Ala., Apr. 6.—(AP)—Three thousand candidates, including J. Thomas Hefflin, who is seeking a comeback after losing his 30-year grip in 1930 as a major power in state politics, today seeking political plums ranged from constable to governor.

The Wilson cabinet member, who said he was strongly in favor of the McLeod bill authorizing governmental paying to depositors in closed national banks, told the House banking committee the "control" exercised by the government over bank policies placed the responsibility squarely upon it from constable to governor.

He said if Congress in passing the Recovery Act had supported and funds to pay depositors instead of for Public Works, "a larger part of the road to recovery would be behind now."

Mr. Palmer also said if the assets of closed banks are liquidated by the Reconstruction Corporation over a long period of time "the government would take much of a licking."

Antennae Blown Down!

AGAIN we have to go without our weekly story from Arthur Abel in Little America. A new and most exciting crack in the ice on which this Antarctic village is situated has caused the Admiral to set up a new camp three-quarters of a mile away. In back of Little America and everybody has been busy, day and night, moving sufficient supplies there to last the 16 men on the ice one year, in case an emergency occurs at Little America. The Admiral and his scientists do not expect this but, with his usual foresight, he is preparing for any eventualities.

The real trouble now is that the weather is not cold enough to freeze the ice. The temperatures are ranging from 30 to 40 degrees below zero. The earlier thaw, however, moved so much of the ice out of the Navigator Bay of Whales that it allowed the waves and currents from the Ross Sea to act with greater strength against and under the Ross Barrier and the Day Inlet to Ver sur Mer Inlet to such an extent that the ice is bending and cracking off. The Admiral does not believe that the crack extending around Little America will widen enough in pitch to let the sea in but he is taking no chances.

Meanwhile a series of violent blizzards have blown down the new directional antennae which made the receipt of radio messages and broadcasts so beautifully clear just a few weeks ago and we have been unable to receive any stories or messages from Arthur Abel or Commander George Snively for the past ten days. We fully expect this trouble to be remedied within the next few days on that next week should have an interesting first hand story from them on what is happening.

INJURIES PROVE FATAL

LEESBURG, Apr. 6.—Adam Loucks, 20, son of D. R. Loucks, of Winter Garden, died at Lady Lake, near here, yesterday, enroute to the hospital, which the son had been won by John H. Bankhead of Jasper, until last December when, with a declaration of support of President Roosevelt, he leaped back to the political stage.

The former senator held his counsel after he lost his contest in the seat which the son had won, but had held the children being taken in an ambulance, fell could not recover and returned, arousing an accident at Center Hill, a cutlet for the bank. The superstitious young Loucks, on his motorcycle, had a collision with a car, and he and Earl, who came about 4 o'clock yesterday afternoon,

FIREWORKS ARE ABSENT TODAY AT LONG PRORE

Continued From Page One) of the former Senator Vandenberg of Mississippi, then turned against him and ran against him for the Senate.

"That's his way of being a friend," Long said.

Harrison replied he was "sure the people of Mississippi would not permit such wild and rambling utterances to influence them."

Harrison, whose Mississippi district borders that of Long, precipitated yesterday's quarrel on the floor when he sought to answer a charge by Long Wednesday that the Democratic leadership had helped the Hoover administration "to send the country to hell."

Long told Harrison yesterday he included him in the leadership, to which the finance committee chairman replied:

"If others care no more about Mr. [Long's] estimate of me than I care about it, it makes no difference because in my opinion the opinion of the senator from Louisiana is less respected by the

people of the state than any other."

WILL ATTEND REUNION

CHATTANOOGA, Tenn., Apr. 6.—(AP)—Edward M. Hayes, national commander of the American Legion, will attend the Confederate Veterans' reunion here June 6, 7 and 8.

The group consisting of R. A. Newman, W. T. Langley, E. C. Harper and Carl Williams went to the fishing grounds by car and there boarded a small boat from which they began their quest with both hand lines and rod and reel.

So many fish were landed that it was necessary to ship them back by express and the party was unanimous in declaring that the day was a red-letter one in their fishing careers.

NOT TO FOLLOW
General Motors In
Rising Car Prices

DETROIT, Apr. 6.—(AP)—Rising wages and materials costs might automobile prices increase yesterday by all automobile-producing units of General Motors Corporation, and almost simultaneously came a statement

by Henry Ford that these factors would not influence his company to raise the selling price of its cars.

Asserting that his company was operating profitably under present conditions, Mr. Ford said that it is necessary to avoid price increases the Ford Motor Company would expand its own production of materials used in car manufacturing.

"I have found," said Mr. Ford, "that higher wages do not mean increased costs and if our material

prices go too high we will start making our own."

"It is pretty certain that everybody will be looking for a plan to reduce prices before we can say that business is getting back where it should be."

President's Son Held Blameless For Injury

BOSTON, Apr. 6.—(AP)—Morgan T. Ryan, state registrar of motor vehicles, yesterday absolved Franklin D. Roosevelt, Jr., a freshman at Harvard, of being at fault in an automobile accident that caused injury to a woman recently.

The President's son paid a fine of \$20 in court for operating his car, registered in District of Columbia, beyond the 30-day limit set by law for out-of-state cars.

Modernization Of 2 Battleships Vetoed

WASHINGTON, Apr. 6.—(AP)—A bill to modernize two battleships was tabled yesterday by the House Naval Committee after naval officials had protested that the ships were needed at this time as fighting units of the fleet.

"It is not desired to have these two ships—two important units of the fleet—laid up at this time," said Admiral William H. Standley, chief of naval operations.

He explained that to modernize the California and Tennessee would require the two vessels to be laid up for two or three years and said it was more important to keep them in the fleet as they are than to take them out for the modernization.

BEN CANTWELL IS VICTIM OF HARD HITTING DODGERS

Outfield Errors Give Ex-Sanford Hurler Tough Day On Hill

ORLANDO, Apr. 6.—Brooklyn continued its assault on Boston ball teams when it nosed out the Braves at Tinker Field yesterday afternoon, 7-6.

The proverbial excesses of the Dodgers were evident again today. After losing six straight ball games earlier in the spring, they staged a complete about face and are now bowing over other clubs

RUBBER CODE APPROVED

WASHINGTON, Apr. 6—(AP)—NRA's 377th code, covering the reclaimed rubber manufacturing industry, was approved yesterday by Hugh S. Johnson. It will go into effect April 16 and covers 2300 people.

Indiscriminately. Yesterday was number three.

The bats, which a while back spoke no louder than a whisper, are now booming forth, slashing out hits with men on bases, and chipping the offerings of good and bad pitchers alike.

Yesterday afternoon good pitchers fell victims of the Dodgers. Ben Cantwell, the Stanford right-hander, who won 20 games in the National League last year, stepped to the mound and attempted to weave his spell over the home club.

After being a complete mystery for two innings, Ben was taken to like a first cousin, and rapped to all parts of the orchard. Dan Taylor sailed a ball over the left field fence in third with Carroll aboard, while a three run rally in the fourth was enough for Mr. Cantwell.

Owen Carroll hurled for seven innings and got by well enough to please Casey Stengel. He allowed five hits for three runs, and worked the last few frames easily, behind a substantial lead.

Big Leslie Munnis, however, fell into a Boston rally in the ninth inning that nearly knotted the score. Les helped matters along by tossing a couple of wild pitches that kept the Braves' base runners on the move.

Randy Moore opened the almost fatal ninth inning with a shot to left center and scampered to third when Munns threw into the dirt. Whitney whanged a long double to right center and Randy scored. Baxter Jordan singled to the same place and Whitney scored. A moment later he took second on another wild throw by Munns, and then chalked up the sixth run of the game and third of the canto on Gyselman's safety to left.

Gyselman with the tying run beat out Urbanski went out to Les. Gyselman with the tying run beat out Urbanski went out to Les. Gyselman with the tying run beat out Urbanski went out to Les.

Fred Frankhouse and Huck Betts finished the game for the Bostonese. Each was muscled for a run.

Bilious Attacks

For bilious attacks due to constipation, thousands of men and women take Thedford's Black-Draught because it is purely vegetable and brings prompt, refreshing relief. "I have used Black-Draught," writes Mr. T. L. Austin, of McAdenville, N.C. "There is a package of it on my mantel now. I take it for biliousness. If I did not take it, the dullness and headache would put me out of business. It is the quickest medicine to relieve me that I know."

Your search

FOR MOST VALUE PER DOLLAR

Ends Right Here

YOU will say, "my search ends right here!" when you use Ideal Fertilizers for your lawn or truck farm. And you will know, too, that the use of Ideal is unnecessary. Like hundreds of Florida's most successful growers, you will admit that you have come to the end of the trail.

For more than forty years Ideal Fertilizers have been manufactured for Florida crops. In formulas they are adjusted exactly to Florida's crop and soil needs. Every necessary plant food is present in them, properly combined and scientifically balanced to meet your requirements.

The proper amount and quality of Ideal Fertilizer at this time will give your crops the nourishment they need now and will supply that extra margin of energy that adds so much to quality. Get the most out of the money you spend in fertilizer by selecting an Ideal brand. Let your search end here.

Bowie's Attack On Legion Gets Okey Of Clergy

(Continued From Page One) evidence of the need for such a warning as Dr. Bowie gave."

"We feel that the situation is serious enough to warrant a Congressional investigation of the activities of the Legion lobby," the statement declared.

Those who signed the statement supporting Dr. Bowie included Henry Sloane Coffin, president of Union Theological Seminary; the Rev. Dr. Harry Emerson Fosdick, pastor of Riverside Church; Bishop Francis J. McConnell of the Methodist Episcopal Church; the Rev. Dr. Samuel H. Goldensohn, rabbi of Congregation Ernest M. Stires, Bishop of the Protestant Episcopal Diocese of Long Island.

An attack on the demand for an investigation was made Wednesday night by James M. Golding, Commander of the Legion. In a statement, Mr. Golding asserted the demand of these "very reverend gentlemen" was based on misinformation and charged that they had made no attempt to inform themselves from the public records.

Declaring the Congressional vote proved an investigation "would be futile and of no probable value," he challenged Dr. Bowie to permit him to present the Legion's side of the case.

The statement follows:

"We desire to associate ourselves publicly with the courageous stand taken by the Rev. W. Russell Bowie, D. D., against the efforts of the lobby of the American Legion to secure special payments from the government for veterans who did not suffer actual injury or disability during the war."

"We fully share his conviction that it is contrary to sound public policy to vote payments to men who are not known to have received any disability in line of duty. We heartily agree that generous provision should be made for those who were incapacitated in war service and for the widows and dependents of those who lost their lives."

"But to grant special benefits to others is to do an injustice to those who have real instead of alleged claims upon the generosity of the nation."

"Our view is that which has been clearly voiced by President Roosevelt: 'No person because he wore a uniform must, therefore, be placed in a special class of beneficiaries over and above all other citizens.' There is no justification for legislative dicta which, contrary to fact, provide that thousands of individual cases of sickness which commenced four, five or six years after the termination of the war are caused by war service."

The lobbyist activities of the Legion during the last week in opposition to this sound policy of the President have been a fresh evidence of the need for such a warning as Dr. Bowie gave. For the fourth time during its short life, the Legion lobby has enabled a minority group to override the veto of a President standing for the interests of the whole nation.

"We feel that the situation is serious enough to warrant a Congressional investigation of the activities of the Legion lobby. No greater danger confronts American democracy than that arising

from the pressure exerted by highly organized minorities seeking their own advantages at the expense of the country as a whole."

"Quite apart from the political aspects of the question, we regard it as a spiritual tragedy that an organization which was created to further unselfish patriotism should fall so far from that lofty purpose as to seek special favors for many veterans who were not disabled in the war or did not even reach the scene of battle."

"We deplore the fact that an organization which has such potentialities for good as the American Legion and which in some of its activities has rendered important service should have its escutcheon of honor stained by a virtual raid upon the national treasury."

"We appeal to the Legion to recover its original ideal and to regain the esteem of thoughtful people by reversing its policy and seeking no benefits from Congress except for those who were actually disabled or contracted disease in the war. Unless the Legion takes such a position, we do not see how it can merit or maintain a reputation for unselfish patriotism."

Citrus This Week?

This business of selling the third grade citrus to Uncle Sam at 45 cents a box, f. o. b. cars, has had a number of beneficial effects on the citrus industry.

For one thing, shippers generally admit that the price of grapefruit used by canners has advanced materially. Before the control committee went into action canners were paying around 50 cents a box for grapefruit. Lately the price has been mostly 70 and 80 cents a box for third grade fruit and for stock running to big sizes.

He meant that Valencias would be worth from \$4 to \$4.50 a box a little later on this season "if we've got sense enough to get it."

It means that Valencias will climb to this level if the control committee holds back shipments so the northern demand will boost prices.

Florida often wonder how truck shipments of citrus fruits are checked on the various highways of the state to prevent culprits from leaving the state. There are seven main road stations at the following points:

1. Yulee, on U. S. highway, No. 17.

2. Callahan, U. S. highway, No. 1.

3. White Springs, U. S. highway, No. 41.

4. Suwannee Springs, U. S. highway, No. 50.

5. Ellaville, U. S. highway, No. 40.

6. Branford, Florida highway, No. 54.

7. Wilcox, U. S. highway, No. 19.

At each station there is a Federal-state market service inspector who is qualified to grade or re-grade citrus. Truckers leaving the state must have a federal-state inspection certificate for the full load carried. The original of the certificate is turned in at the road station while a copy is kept by the trucker. Guards and inspectors measure trucks for cubic capacity and reduce the figure to boxes. Twenty-four hour service is maintained at all stations.

On the average, 200 trucks a day have been leaving Florida with citrus fruit. The average load carried is around 85 boxes.

At least 95 percent of all truck drivers are in favor of the citrus marketing agreement. In fact many drivers have reported violations of the agreement to Washington authorities. Most of the truck men want to haul high first class fruit.

There was at least a surplus of 303,000 bags of walnuts and plenty of additional problems faced the association, including the possibility that members would pull out if the situation were not handled satisfactorily.

The association controlled 85 or 90 percent of the crop.

A walnut control board was established. The result was that 133,000 bags were exported to Europe in an orderly manner. As the association already had exported 74,000 bags, a total of 207,000 bags found a good European market. The price received, according to the Diamond Walnut News, was at least 50 percent higher than would have resulted had these nuts been sold as by-products.

"In addition the export operations, by relieving the pressure on the home market, raised the returns to walnut growers for the season by roughly 30 percent. In addition, the market outlook for 1934 is favorable," the U. S. department of agriculture states in a recent bulletin sent to Florida and other points.

"In the twenty years I've watched the marketing of Valen-

cias, I've often seen them bring twice the price in May and June that Valencias brought in March and April," L. S. Edwards, Tampa citrus operator, and a member of the Florida Control Committee, told committee members at the session in Orlando on Mar. 26.

Edwards declared that in his opinion Valencias would be worth from \$4 to \$4.50 a box a little later on this season "if we've got sense enough to get it."

He meant that Valencias will climb to this level if the control committee holds back shipments so the northern demand will boost prices.

Florida often wonder how truck shipments of citrus fruits are checked on the various highways of the state to prevent culprits from leaving the state. There are seven main road stations at the following points:

INSULL TO BE BROUGHT HOME EARLY IN WEEK

Roosevelt Designates American Official At Istanbul To Take Custody Of Fugitive

WASHINGTON, Apr. 7.—(AP)—Samuel Insull, Chicago fugitive, is to start back to the United States from Turkey next week to face trial on charges resulting from the collapse of his utilities organization.

The State Department today said that Burton Berry, American vice consul at Istanbul, had been designated by President Roosevelt to take custody of Insull.

Only yesterday, Samuel Insull's lawyers mapped their campaign for keeping the aged former utilities executive out of the hands of American authorities.

They indicated as intention of exercising all rights under the law in this direction, including representations to the council of state and even to the Turkish parliament in a hope of obtaining a cessation (amendment) court decision against the government's extradition order.

If these efforts fail an appeal was to be made to the British government, or the 74-year-old fugitive's behalf because he is a native of England.

Disputes from London, however, quoted authorities as saying even if Insull were a British subject he could regain his British nationality only through residence.

A Turko-American extradition treaty now nearing ratification would give the U. S. the right to extradite even a British subject charged with violating American laws.

The third penal court, meanwhile, reaffirmed its stand that Insull could not appeal from its recent decision upholding Turkey's right to hand him over to American authorities.

Senate Leaders To Okey Amendments To Big Revenue Bill

WASHINGTON, Apr. 7.—(AP)—Senate administration leaders announced late yesterday they would accept amendments next week to the \$320,000,000 revenue bill which would yield approximately \$150,000,000 more in higher income and inheritance taxes.

The bill had been laid aside to permit passage of the \$18,000,000 legislative appropriation bill before the week-end adjournment, when Chairman Harrison (D. Miss.), of the finance committee in charge of the revenue legislation, said in an interview he would agree to the higher levies to be proposed from the Republican side.

By Senator Cousins (R. Mass.), would add 10 percent for one year only to the amount of income and estate paid by all individuals. It was estimated this would bring in \$55,000,000 additional revenue.

The other, by Senator La Follette (R. Wis.), would boost estate or inheritance taxes permanently to raise approximately \$60,000,000 in the first full year of operation—the fiscal year ending June 30, 1935.

Harrison termed the Cousins proposal "safe." All indications were the Senate would approve it, as well as the La Follette amendment. They would still be subject to approval by the House, however.

Wirt To Come Before House Group Tuesday

WASHINGTON, Apr. 7.—(AP)—Dr. William A. Wirt, the Gary, Ind., educator who heard talk of rebellion, informed the special House committee yesterday he would appear before it next Tuesday.

He said Representative Byrnes, Democratic leader, "should put his foot on the line" or stop any administration advisor told him they were plotting a revolution.
