Pan Am doubles number of flights to Puerto Rico

In response to market demand, Pan American Airways has announced plans to add a second daily round trip flight between Sanford and San Juan, Puerto Rico. The original Pan Am service to Puerto Rico was announced in January, and will begin on May 24. Now, the second flight has been announced. It will begin on May 30.

The route will be operated as a part of a strategic relation-ship between Pan Am, Carlson Wagonlit Travel-Turavia's San Juan office and Expert Travel of Altamonte Springs. The route partnership provides the opportunity to promote travel packages in conjunction with Pan Am's scheduled service.

Dave Fink, President of Pan Am said. "The combination of

Am said, "The combination of strong passenger interest in Pan Am and our Orlando Sanford facility as well as a great working relationship with Carlson Wagonlit and Expert Travel has made the San Juan market a success even before the first flight has taken off." He added, "We are espe-cially encouraged by the volfrom Worcester and other cities we serve that will connect to San Juan through Sanford."

The Pan Am Clipper fare does not require a round trip purchase, Saturday night stay

or advance purchase. From the Orlando-Sanford International Airport, Pan now has regular service to Boston and New England through Portsmouty, N.H., the Gary/Chicago airport, Bangor, Me., Lenigh Valley International Airport in Allentown, Penn., Mid America-St Louis airport, and Worcester, Ma.

The trip between San Juan and Sanford is expected to take approximately two hours and 50 minutes.

Residents will vote on lighting proposal

By Dan Ping Editor

SANFORD — Streetlights or no streetlights, that's the question residents of the Historic District will answer in the com-

The City Commission authorized city staff to move forward with a plan to erect decorative street lights on every east/west and north/south road between French and Sanford avenues and between 3rd Street and 13th Street. Part of that plan includes a ballot initiative to determine if property owners in the Historic District will support a special assessment tax district to pay for the installation and

City plans to move forward if 51 percent would receive 10 votes and likewise would be taxed 10 times if the lighting of returned ballots favor proposal

maintenance of the lighting project. Under the terms commissioners approved Monday night, every property owner in the district will receive a ballot to express whether they are for or against the tax district. If 51 percent of the returned ballots are in favor of the tax district, the city will conduct a public hearing and most likely approve installing the lights.

"I would like to have more than 51

percent," said Sanford Mayor Brady Lessard. "If the majority of residents vote to add this tax, we as City Commissioners should be thrilled these

folks would vote to pay for this."

Andrew Van Gaale, a consultant the city has hired to assist with the project, explained that a ballot would be provided for each parcel of property in the pro-posed assessment district. If one person owns 10 parcels of property, that owner

would be taxed 10 times if the lighting proposal is approved.

Van Gaale also explained those parcels belonging to multiple owners would have only one vote.

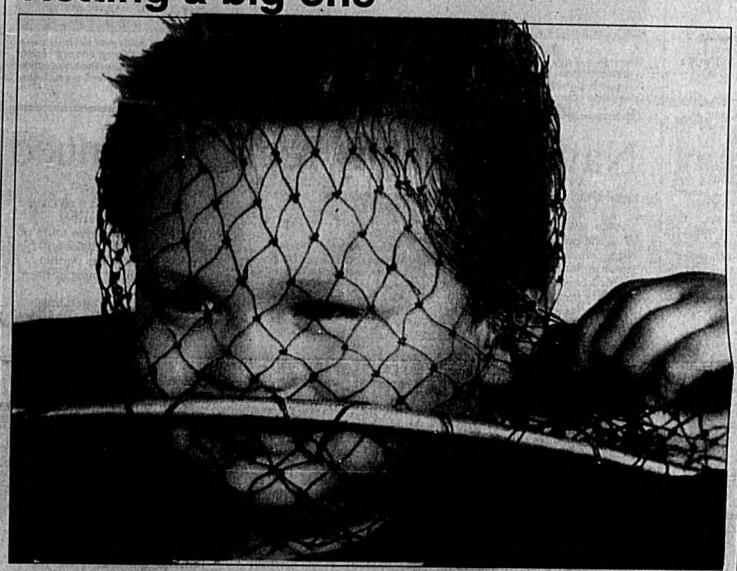

The property owners would have to determine among themselves how that one vote would be cast," Van Gaale said.

"A lot of people have asked me about that," Lessard said. "It's very important people understand how the voting will be conducted."

The project will cost approximately \$690,000 to install 122 15-foot historic

Lessard delays naming SHA board

Mayor needs more time; legal services group files motion to nullify resignations By Dan Ping

SANFORD — Mayor Brady Lessard put off naming his appointments to the Sanford Housing Authority Board of Commissioners until Thursday, when City Commissioners will meet in a continuance of Monday night's regular session.

The meeting begins at 5 p.m. Lessard was expected to fill the positions Monday, since one of the seats is currently vacate, and four others will be open May 1. During a work session Monday afternoon, Lessard said he delayed his announceat because wanted commissioners to meet all of his nominations at once.

"I think the commission needs to meet them all and be able to ask any questions they might have," Lessard said. "I tried to coordinate that meeting for this afternoon, but a couple folks had prior commitments."

Lessard also said he received three more applications for the board shortly before the 3:30 p.m. work session, and he wanted time to consider those applications, as well.

Lessard's nominations could be delayed even further following a motion filed Monday by

Former commander of Sanford NAS dies

From Staff Reports

Retired Rear Adm. Richard E. Fowler, former commander of the Sanford Naval Air Station, died Monday, April 23, after a long battle against cancer. He was 76.

Born in New Orleans and raised in Houston, Fowler graduated from high school at 16 and attended Rice University. On his 18th birthday, he signed up with the Navy and began flight training school.

Fowler fly combat missions during World War II and the Korean War, collecting the Navy Cross, Silver Star, four Distinguished Flying Crosses and nine Air Medals

During his second duty in Sanford, as commander of the Sanford NAS, Fowler found the house on Silver Lake that he moved his family to after retiring from the Navy in 1974. It was here that he became deeply rooted in his adopted community.

Fowler owned and operated the Dollar Rent-A-Car fran-

corporate financial management at the University of Central Florida. He was a

SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

Remembering the five W's

"Dear Sir: Please put the following item in your paper to promote our upcoming event." Fine. I'm usually the one who puts it into the computer system where it will be taken and

placed on a page for publishing in the Seminale Herald. It isn't easy. It's not a matter

Pfeifauf

of simply copying what was sent to us via fax or letter. It involves the proper use of the basics in writing — who, what, why, when, and where.

I'm constantly having to phone people to get the full information — and even then, many times there is no phone number or name for a contact. The "where" is often omitted.

"The (name) organization will meet...," is an example. The members know where they will meet, but not every resident knows the location. Many people identify a facility, but fail to say where it is. A street address should always be included - and with the duplication of street names around the county, even the name should be included.

Acronyms bug me to death. Many are common, such as the P&Z (Planning and Zoning) VFW, (Veterans of Foreign Wars), and RSVP. But everyone does not know every acronym. BCC for example - is it Board of County Commissioners, Brevard Community College or Bethune Cookman College? If the PDQ met at the PAV building to discuss XYZ, how many people would know what's going on?

In the past few weeks, the following are some of the acronyms we have used, but only with an explanation of what they stand for. If you weren't part of the organization involved, would you know what these mean: ABATE, P.E.O., GIFT, EFO, NACO, GIS, FOWR, HIBC, etc.

There also needs to be clarification on who is invited to a specific event. "The general public is invited" is a common phrase used by many. But there are times when a meeting or gathering is strictly for membership, or a small group. Seeking publicity (for example) of an activity in one classroom of one school, in which only those students would be involved, it's exactly something to be promoted. The students know what

is coming up, and if no one else is invited, why promote ht? Yet we often get such items.

For everyone's sake, there's the sending of information. I have actually received a "please publish" letter two days after the event hap-

It should be known by now that the Seminole Hemild goes out Wednesdays (Midweek) and Saturdays (Weekend). Stories are written and the paper is compiled before those times, so it should be apparent that receipt of a "please pub-lish" item lale Tuesday afternoon will not be in Wednesday's publication.

We receive these items via fax, mail, and often hand-delivered. The mail isn't necessarily something which will reach us the following day. It can be assumed that an event isn't set up the preceding day. Therefore, as soon as information is available, send it in. The earlier the better.

The Herald is happy to help inform the general public about events and occasions, but we have no mind readers on the staff. Remember, WHO, WHAT, WHY, WHEN and

Naval Academy reunion planned

From Staff Reports

From 1967 until it closed in 1976, the present site of New Tribes Mission on East First Street in Sanford, was the Sanford Naval Academy. It was a private preparatory boarding school, offering private personal education with small classes,

with the focal point being true learning experiences:
Students enrolled in the school were from various parts of the United States, as well as some from Central and South America, Mexico and Canada.

Many of the staff members were retired military personnel, giving the students a structured learning environment while offering leadership training as well as an advanced education. The staff members were excellent as role models for the midshipmen and stood as examples of leadership and service to their country from the late 60s to early 70s.

Some of the instructors, many local area residents from Daytona Beach to Orlando, not only served as educators, but as

coaches, guidance councilors

and house parents.

Local high school girls served as cheerleaders for the school during their athletic programs which included baseball, foot-ball, basketball, track, swim-

ming and crew. Now, the time has come for all the graduates of the Sanford Naval Academy to gather together and reunite once again.

With the assistance of Jeanne Esclavon from the Seminole County Public Schools, the former students at the Sanford Naval Academy are planning a reunion of all classes.

A reception to kick off the event will be held on lune 9 at the Best Western Marina Hotel on Lake Monroe.

With the assistance of Dave Byron of the New Tribes Mission, small private tours of the old school facilities will be offered to attendees on that Saturday, during most of the

Alumni will be attending from all over the United States, coming from as far away as Juno, Alaska. A few are expected from Guatemala City.
Previous teachers, staff and cheerleaders have also acknowl-

edged their planned attendance.

"Weekend athletes" are susceptible to accident and injury during the spring and summer months because of fatigue from over activity.

This statement was made by Dr. Joseph Sicurella, of First Health Chiropractic today.

Lake Mary, FL

"It is amazing to note the number of new patients seeking chiropractic care during this season due to the sprains and back strains they have sustained because of over activity. Even worse, there are thousands of victims who fail to recognize their aliments and who do not seek health care until pain occurs at a later date, and possibly in a part of the body remote from the spine."

Dr. Sicurella said that the basis of the problem lies in the physical negligence of the "Weekend Warriors." Their interests prompt them to participate in strenuous activities, but they become overly tired and easily subject to injury.

Dr. Sicurella recommended five rules to guard against fun seekers injury.

1. Try to keep in condition throughout the year. Established an exercise routine for "Off-sea

4. Use care when executing fast starts and stops, twisting, unusual positions and jarring body contact.

5. Practice prevention spinal care by making a habit of chiropractic spinal examinations at regular intervals, preferably before the season

OPINION

Young suffering Child slave trade sparks little outrage

In the summer of 1996, two Baltimore journalists went to Africa -- to the war-torn, sun-scorched and desperate country of Sudan — to buy a slave. They had little trouble

..... making the transaction. Slavery has been commonplace in Sudan for decades, collateral damage from a vicious civil war. The journalists bought two boys for about \$1,000 and returned them to their grateful father.

The two journalists -- an African-American columnist and a white foreign correspondent for The (Baltimore) Sun might have expected their stories about the Sudanese slave trade to provoke howls of outrage and protest from Americans, espe-

cially African-Americans. They might have expected pickets outside the Sudanese embassy, flery anti-slavery speeches in black churches and demands that the American government intercede. They might have believed their sad and awful accounts of small children taken from their families during raids by enemy soldiers would have provoked a resurgence of black America's interest in human rights on the African continent.

It didn't turn out that way. Outrage followed their news accounts, but it centered on the ethics of their purchase. They met harsh criticism from black journalists, who accused them of sensationalism, of exploitation, of aiding and abetting slave traders. There was very little in the way of opprobrium toward the Sudanese government, which lends implicit support to the slave raids.

Since Gregory Kane and Gilbert Lewthwaite wrote their stories, the inhuman practice of human trade has grown worse across the African continent. Just last week, news accounts focused on West Africa, where officials passed on stories of a ship suspected of carrying children who would be sold into slavery. While the ship was never located and may never have existed, the news reports sounded credi-ble because so many children are sold into slavery throughout Africa — stolen by gangs or sold by parents too poor to feed them.

The United Nations Children's Fund (UNICEF) estimates that 200,000 children are sold every year, the girls to domestic work or, worse, prostitution, the boys to field labor on vast plantations. The U.N.'s international Labor Organization puts the number of children held in slavery or near-slavery at 250 million, largely in Africa and Asia.

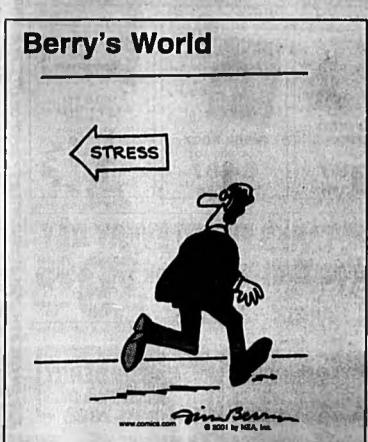

Still, there is little in the way of outrage, little in the way of protests or pickets or mass arrests in front of African embassies. A few conservative church groups have pressured the Bush administration to assist persecuted Christians in Sudan, where an Islamic government is trying to convert (or wipe out) Christians and animists.

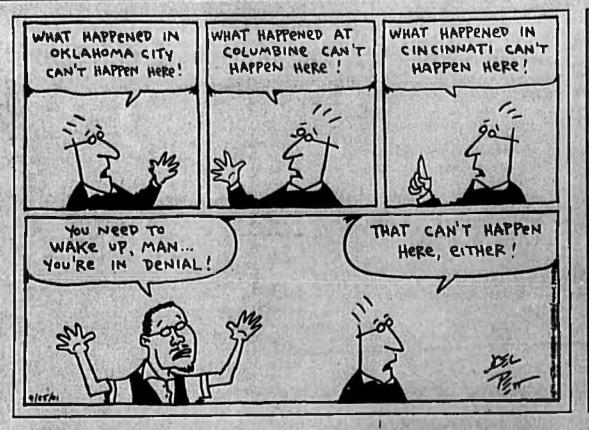

But the modern slave trade has not become a cause celebre among black American intellectuals. It has not attracted the high-profile attention that helped to undermine and dismantle apartheid in South Africa. Though New York City activist Al Sharpton made a recent trip to the Sudan to condemn the slave trade, even his involvement has not stirred much interest.

That's not just because white racism is an easier target than black-on-black exploitation. It's also true that the problem of South African apartheid had a simple solution: democratic elections leading to majority rule. By contrast, the problem of modern-day slavery is complex, with deep roots in intractable social ills such as extreme poverty, govemment corruption and civil wars. Protests, pickets and demonstrations won't end the trade in human chattel.

But the vastness of the problem cannot be an excuse for turning away. If there were ever an issue that deserved the attention of dedicated activists who can attract television cameras, congressional hearings and U.N. resolutions, the modern slave trade is it.

During the presidential campaign, George W. Bush said that only in

Washington would a reduction in the rate of spending increases be considered a "cut." Now, as president, he is experiencing for himself the stupidity of Washington-think.

Thomas The proposed Bush budget for fiscal 2002 would spend a record \$1.96 trillion, a 5.6 percent increase over current levels. Conservative estimates of the budget surplus over the next 10 years total \$5.64 trillion. Yet,

liberals — mostly Democrats but some Republicans — are screaming about "cuts" and the disaster they predict will result if the Bush budget is passed. There is the predictable cry about benefits for "the rich" from the usual congressional Democrats. Their alarm bells ring hollow but

they show the problem that big and ever-growing government, fed by career politicians, has become. Instead of concentrating on spending, we should be examining results. Has our money been well spent, producing the advertised benefits? If not, why are we spending more every year?

If members of Congress would act like responsible citizens and exercise growth to the 4 percent Bush has called for — it would (along with tax cuts) provide far more revenue for government and for existing businesses to expand and new ones to start.

The problem is in the tax code, which continues to punish risk-taking and hard work. A healthy and growing economy will produce all of the tax revenue that government needs (not wants, which is another matter). As for our paltry (compared to most other nations) national debt of just over \$3 trillion, that figure will continue to decline on its own so long as the economy grows. Some facts from the National Taxpayers Union (NTU) highlight the budget politics. According to the NTU's John Berthoud and Jeff Dircksen, nondefense discretionary spending in the Bush budget will actually be 60.8 percent higher (or 25.3 percent after 15.1 adjusting for inflation) than in fiscal

Measured against the first Reagan budget, this is a 42.8 percent increase. And, to show how much government spending has grown, the NTU figures show a 99 percent spending increase in real terms over the 1972 budget.

The Bush figures still keep spending at record high levels. No entitlement program is out. Some park is closhed program is cut. Some pork is slashed, which is a major reason some congresspersons are howling like stuck pigs. Most of the budget reflects a slowdown in the spending increases. There is no "gutting" of federal agen-cies, yet alarmists will again raise the specter of no Social Security checks for retirees, laid-off police and closed

The lie worked before, so why not try it again? A visit to the NTU Web page recalls that then-House Speaker Tip O'Neill (D-MA) countered the 1981 \$1.2 trillion Reagan tax cut proposal over five years with an annual \$237.4 billion tax reduction plan of his own. How could the O'Neill plan have been considered responsible by Democrats then and a Bush tax cut proposal of \$160 billion over 10 years is irresponsible now?

In 1981, the federal budget was "only" \$678 billion. Since 1989 (when Ronald Reagan left office), the federal

government's domestic outlays, adjusted for inflation, have grown by an enormous 10 percent per year, according to an analysis by The Heritage Foundation. Domestic spending expanded at a faster rate under President George H.W. Bush than it did under other recent presidents, including such "big spenders" as Lyndon Johnson, Richard Nixon and Jimmy Carter. Heritage labeled the first President Bush as "the biggest champion of new domestic spending since Frankiin Koosevell.

The current President Bush is right to begin to ease up on the accelerator. Critics say Bush is not only putting on the brakes but also throwing government into reverse. This is a lie, but people who get their news solely from television are likely to believe it if lib erals in the media and in Congress keep repeating it.

The facts are available on the NTU and Heritage Foundation Web pages if people will take a few minutes to read them and respond accordingly to their elected leaders. It is said that we get the government we deserve. If we do, shouldn't we be getting what we pay for instead of throwing our money away? Tax time is the best time to consider the answers to these questions.

One hurt in accident

Sanford police investigated a two vehicle collision this past Friday at the intersection of Princeton Avenue and SR-46. A 1988 Jeep, reportedly driven by Frank Doyle of Winter Springs, was northbound on Princeton Avenue, and turned onto SR-46, into the path of an oncoming 1999 Ford, driven by Thomas R. Jensen of Tangerine, causing the Ford to collide with the Jeep on the driver's side. Doyle had to be extracated from the vehicle by the Sanford Fire Department, and suffered injuries. He was airlifted to Orlando Regional Medical Center where he is still a patient as of Tuesday. No charges have been filed pending a further investigation.

Dad fears name change could ruin bond with son

DEAR ABBY: When we learned our baby was going to be a boy, my wife and I settled on a name we both loved.

My mother-in-law has been gravely ill with Alzheimer's disease for

several

years, but

she is now

my wife is

terminal. So

Abby

facing the loss of her mother at almost the same time as the birth of our son. My wife asked what I thought about changing our son's name so the first letter of his name will be the same as her

mother's. She told me it is

customary to use the first let-ter from the name of a deceased relative when choosing a name for a child. Common sense tells me I have no choice in this matter, but I don't want to change the name we have already chosen. Part of the bonding between me and my son has been talking to him in the womb. I fear the bond may be damaged if I have to name him something

> DISAPPOINTED FIRST-TIME DAD

DEAR DAD: Satisfy both your needs by giving your son a first name that begins with the first letter of your mother in-law's name, but call him by his second name — the one you and your wife chose in the first place. It happens all the time.

DEAR ABBY: I had to vrite when I read the letter write when I read the letter from "Been Down That Road, St. George, Utah." She said that for years she and her children had laughed about the fact that being a step-grandchild brings with it the consequences of receiving fewer gifts and less recognition.

Evactive the cornocitie is true.

Exactly the opposite is true in my family. My mother-in-law, Cherylene, has gone to great lengths to include my daughters from my first marriage in everything. When my husband and I had two sons

together, nothing changed.

I recall the time while shopping when Cherylene impulsively picked up a gift for the boys. She then spent time looking for something for the girls. When I told her it wasn't mandatory — that the girls would understand, and that they needed to know life wasn't always fair — she replied:
"You're right. They do need to
learn that lesson. But they're
not going to learn it from me!"
The attitude in our family

toward step-grandchildren has been one of acceptance and love. How sad that anyone thinks it must be any different.

ELIZABETH IN PHOENIX

DEAR ELIZABETH: I agree. Acceptance and love usually beget more of the same. Children raised in an accepting, inclusive environ-ment feel good about them-selves and others. A child cannot pick its parents, and to discriminate on that basis is unfair to the child.

Dear Abby is written by Pauline Phillips and daughter Jeanne Phillips.

Henry, Andrews and Mickle win MLK tournament

The City of Sanford Dr. Martin Luther King, Jr. committee sponsored the first Good

Friday MLK Jr. Golf Tournament recently at Sanford's Mayfair Country Club. Beautiful weather

helped make it a lovely morning for the shotgun tee off at 8:30 a.m.

The tournament was open to local golfers who had a morning of fun. Ten groups of foursomes com-peted for the top prizes. Immediately after play, the

Kalanchoe: The plants borne from leaves

The genus Kalanchoe includes some of the most curious plants that you can find. Plants in this group have thick succulent leaves which often give rise to small plants along their margins called offsets or

وجراء وحافظ والمراز والمراجع والوقو والمعاوات والمعاد والمراجع والمراجع والمراز والمراز والمراز والمراجع والمرازي

plantlets. It seems incredible that each leaf can produce dozens of tiny plants already developing as parasites on the leaves

Ferrer Plants in this group also produce beautiful leaf shapes and markings that makes them unique in the vegetable world. To make them even more interesting, some of them produce showy flower clusters that can only be described as spectacular.

Flowers are bell-shaped, borne in terminal clusters, and usually hanging downward. Fruits are very small and uninteresting. Stems tend to loose the lower

Habitat

Plants in this group are native of the Old World tropics, mainly in Africa and Madagascar.

Viviparous Plants

Plants in the genus Kalanchoe are sometimes called viviparous. The name indicates that the plant produces offsprings that germinate while still attached to the parent plant.

 As with most succulent plants, they should receive good light during the spring and sum-mer. Too much light will turn leaves red or darker color. As winter approaches, keep flowering plants a little cooler. Minimum temperatures should be around 60 degrees.

Plants that do not produce big cluster of flowers can be kept at a minimum temperature of 41 degrees; they usually do not tolerate high temperatures during the winter and tend to do poorly during this time of the year.

The offsets drop constantly from the leaves and may compete for nutrients with the mother plant. Transplant or discard crowd the mother plant.

Soil Requirements

Well drained soils with medium fertility are recommended for kalanchoe. These plants are tolerant to high salt content, alkaline soils, and dry soil conditions.

Light Requirements

Plants will grow well in full sunlight or partial shade. The kalanchoe is a short-day plant and will only bloom when

the days are less than 12 hours long. Under normal conditions, flower buds will start to develop by November and flowering will occur during the spring.

Plants can be forced to develop flower buds by artificially controlling the hours of darkness using a black plastic bag or placing them in a dark room. This treatment must be continued for three to four weeks until buds are produced. By removing the initial flower buds, a more profuse flowering will occur. It takes about 12 to 15 weeks for flowering following this treatment.

Watering
Succulents should not be watered frequently. Plants with large leaves may require a little more water than plants with smaller leaves. Plants that produce offsets may be kept in relatively moist soils during the summer but in winter they should receive very little water.

Fertilization

Succulents do not require much fertilizer but plants will benefit from a monthly application of a liquid fertilizer. Do not feed heavy doses of nitrogen to kalanchoe, it may affect their natural growth habit. A cactus fertilizer could be used to feed succu-

Propagation

The kalanchoe can be propagated by seeds but most gardeners propagate them by removing the plantiets produced on the leaves margins and planting them directly on the polting

media. Other plants in this group can be propagated from tip cuttings or leaf cuttings. Very fleshy leaves should be left to dry before placing them in the potting media.

Many of these plants are used in rock-and-sand gardens. They can be used for urns, and some species are used as ground covers

The flowering species are grown mainly for their beautiful

Because of their low water requirements, they are placed in the garden next to the cactus.

Pests And Diseases

These plants are generally free of pests and disease problems. Occasionally, caterpillars can damage leaves and sometimes leaf spots, caused by fungi, may affect some plants under very humid conditions.

Continued from Page 1A Central Florida Legal Services, a non-profit agency that has represented residents of the Housing Authority in legal fights to improve conditions. Filed on behalf of residents Amanda Geter and Trumella lames, the legal services agency is seeking a temporary restrain-ing order to nullify an agreement that led to the resignation of four board members. A fifth board member, Ida Stephens, voluntarily resigned.

The motion argues the agreement violates Florida's Sunshine Law because board members did not discuss it dur-Ing a public meeting.
Former Sanford mayor Larry

Dale, whose term was ending just as the HUD investigation began, formally brought charges of "inefficiency and neglect of duty" against the five board members and set a date for a removal hearing. Dale's term ended before the hearing date, and Lessard brokered the compromise. Under the agreement, the remaining four board members agreed to resign effective April 30, have their duties substantially restricted and to appoint -

with the approval of city and HUD officials - and interim director.

During the meeting to approve to agreement, Commissioner Whitey Eckstein voiced his concern the proposal violated the state's open meet-

ing laws.
"How did they all agree to this?" Eckstein asked. "They didn't have a meeting. They didn't give public notice it was up for consideration. How did this come about if they didn't violate the Sunshine Law?

Commissioner Velma Williams and Art Woodruff, along with Lessard approved the agreement during the April 11 meeting. Eckstein and District 3 Commissioner Randy Jones voted against the agree-

While not backing off about his concerns about a possible Sunshine Law violation, Eckstein on Monday praised the results generated from the

agreement.
"Things have progressed better than I had hoped," Eckstein said. "I commend [City Manager] Tony [VanDerworp] and Mayor Lessard for their efforts."

Lessard said City Attorney Bill Colbert is working on several scenarios regarding the lawsuit by Central Florida Legal Services but added he intends to go through with Thursday's meeting because, "We don't know if they're

going to get a hearing."
"My goal is to put a new board in place on Thursday and to continue the improvements at the Housing Authority," Lessard said. "I don't think this lawsuit fulfills those goals.

"If everyone's goal is to pro-vide better living conditions for the residents of the Housing Authority, it's puzzling to me how this lawsuit accomplishes that," Lessard added. "It's Central Florida Legal Service's right to sue, but I don't understand how this benefits the residents."

Lessard said if a new board is not appointed by April 30, Colbert has informed him the current board will continue to have jurisdiction over the

Housing Authority.
As for his search for new board members, Lessard said he is looking for a diverse group, not only in terms of race, but also expertise in fields such as accounting, property management and law.

The upheaval at the Sanford Housing Authority follows an intense investigation by the Department of Housing and Urban Development regarding mismanagement of SHA. The investigation resulted in SHA

More of the best places to bass fish

Today we continue with two more of the Top 10 Bass Lakes in Florida as selected by the Florida Fish and Wildlife Conservation Commission (FWC). STICK MARSH/FARM

13 RESERVOIR Created in 1987, the Stick

Marsh/Farm 13 Reservoir is synony-mous with trophy bass fishing. This 6,500-acre reservoir Fellsmere, east of Vero Beach,

became one of the hottest bass lakes in the country during the past decade.

FWC biologists predict excellent bass fishing during the early part of the next decade. During winterspring 2000, many flahing guides reported the best tro-phy bass catches in recent rears. This summer has

years. This summer has been no exception, with a number of anglers catching 50 to 100 bass a day, with many over 10 pounds.

Anglers can locate bass in or near hydrills. Plastic worms, spinner balts, crank balts, soff-jerked balts and topwater propeller balts are effective. Wild golden shiners are the top choice for anglers looking to catch a trophy fish.

trophy fish.

The regulation for large-mouth tiass is catch and release. There is a two-lane boat ramp, paved parking lot, picnic pavilions and rest rooms. No gasoline, food, ice or other facilities are available on site.

LAKE KISSIMMEE Lake Kissimmee has a national reputation for high quality bass flahing. The 34,948-acre lake is between Lake Wales and Yeehaw Junction in central Florida.

In 1996, the FWC revitalized 24 miles of shoreline, resulting in increased numbers of largemouth bass in the lake. Bass spawned in 1997 and 1998 are beginning to show up in the lake. These fish will provide excellent action with many reaching 10 pounds within the next four or five years. Currently, trophy fish and

high catch rates are reported regularly from guides, fish camps and tournament anglers. Bass tournament winners routinely catch a five-fish bag limit weighing 18 to 25 pounds.
Expansive stands of vege-

tation (maidencane, bulrush, knotgrass) account for excellent catches of bass. Slowtrolling golden shiners and flipping plastic baits along, and within, the vegetation are proven techniques, espe-cially during the winter and

spring.

During the summer and fall, bass are caught offshore with rattling crankbaits, jerkbaits and plastic worms.

Six fish camps, one state park and three public boat ramps are available at Lake Kissimmee. Wade fishing is a popular method used by many anglers and access is provided at some of the fish camps and boat ramps.

SCC softball team nets first state trip

OCALA - The Meatloaf song says, "two out of three aint bad," but for the

Seminole Community College softball team, one out of four was excellent.

For the first time in SCC fastpitch history, the Raiders have qualified for the State Tournament, to be held in Kissimmee at the Osceola County Softball Complex, May 3-5.

SCC won the nightcap of a double-header with Florida Community College at Jacksonville last Tuesday, the final home game of the season for the Raiders, which clinched second place in the Mid-Florida Conference and an automatic

College.
SCC then traveled to Ocala on Thursday to take on Central Florida Community College in a doubleheader to close out the regular season and lost both games, 5-1 and 3-1, but the Raiders had already done what was necessary.

"Although it was a disappointing way in and the season with two locates."

to end the season with two losses at CPCC, the kids did what they had to do during the season and finished second in the conference _ which gives us an automatic bid to the state tournament," said SCC head coach Courtney Miller. "I am so happy for this team. They have worked hard all year for this and we believe that we can win the tournament if we come out ready to play. When we have it all together this team is unbeat-

"Against CFCC we just didn't have it together. The defensive errors and not coming up with the big plays, which we usually make, led to the losses. Hopefully, we can learn from these last few games and go into the tournament focused and ready,

The Raiders finished 46-12 overall and 18-10 in the conference and are ranked No. 9 in the nation.

"I don't know who our first round opponent will be," said Miller. "Either Florida Community College at Jacksonville, Central Florida Community College or Santa Fe Community College. We are familiar with all of those teams, so there should be no surprises."

Pairings and game times for the state tournament were to be announced on Monday, but no information had been received at printing time. See SCC, Page 2B

baseball team answered a challenge and ousted the Silver Hawks from the Class 5A-District 5 Tournament, 6-2, on Melching Field at Conrad Park Monday afternoon.

Through four innings the game was tied at 2-2 and the 20-8 Fighting Seminoles seemed unable to come up with the big hit to put away a Silver Hawks team that had won one game all season and had been outscored by the Tribe 20-0 in two regular sea-Tribe 20-0 in two regular sea-

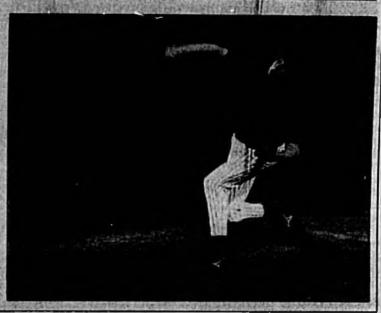

son games.
But when the Seminole coaching staff challenged the squad to win the game in the fifth inning, the Tribe responded.

Wille Bennett led off with his second hit of the game and Anthony DiFonzo followed with a double into the leftfield corner. Chris Krall singled sharply into left, scoring Bennett with the go-ahead run, and Angelo Petracca lift-ed a sacrifice fly into right See Tribe, Page 2B

Bennett went 2-for-2 and was hit by a pitch and got a leadoff single in the fifth inning to kick-start a four-run inning in which the Tribe broke a 2-2 tie. Pharis allowed just four hits over five innings and retired the Silver Hawks in order in three of those innings to raise his record to 4-1 on the season as the Fighting Seminoles earned a spot In the semifinals against Pine Ridge tonight (Wednesday) at 7:30 p.m. on Melching Field at Conrad Park in DeLand.

Wright's blast ousts Winter Springs

DeLand's David Wright led off the top of the second inning with home run as the Buildogs edge Winter Springs lost 1-0 by a home run in the Quarterfinals of the Class 6A-District 3 Tournament Monday night at Lake Mary High School. Two weeks earlier it had been the Bears

winning 1-0 in a nine-inning nail biter.

The game was a pitcher's duel between
Winter Springs' Chris Maher and DeLand's

Brandon Worrall, who got near flawless per-

formances from their defensive mates. The whole game came down to a 2-1 pitch which Wright smashed over the left field

There was a sense of irony for the Bulldogs in that Wright had been up in the first inning with a 2-2 count when Ben Carter was caught trying to steal second by a throw from the Bears' Pat Cucci.

Despite getting only one hit off Worrall in the game, Winter Springs wasn't without its chances as it left two runners on base in each of the fourth and seventh innings.

The Bears were handed an opportunity in the fourth inning when Worrall hit Kevin Gerrity leading off the inning. An attempted sacrifice bunt was fielded well by Worrall, who was able to force Gerrity at second.

Matt Meglio would then get nit with another pitch, putting runners on first and second

with only one out.

But Worrall suddenly found his control again and snuffed out the threat with a pair

Wolves hold off 'Hounds

DeLAND - A momentary lapse in defense spelled the difference as Deltona took advantage of a Lyman error to score four unearned runs in a fiverun third inning and the Wolves withstood a late Greyhound challenge to win a Class 5A-District 5 Tournament battle, 5-3, on Melching Field at Conrad Park in DeLand Monday after-

Kyle Sommerville's sacrifice
fly gave Lyman (8-21) a 1-0 lead
in the top of the third inning,
but Deltons (18-11) came back
with the five spot in the bottom

The Greyhounds mounted a huge threat in the sixth inning. loading the bases with no one out and then getting a evo-run double down the leftfield line from Chase Rozell to cut the

lead to 5-3.

But Wolves winning pitcher Todd Pulver (6-4) bore down, getting a grounder back to the mound, a pop up to second and a strike out to squash the threat vercame a two-out error in the seventh inning to close out the win.

Providing the offense for Lyman were Rozell (double, two RBI), Paul Wojtowicz and David Figueroa (one single and one run each), Kibbee Jelks, Jason Wyler and Chris Brummett (one single each) and Sommerville (RBI).

Deltona will face Spruce Creek (18-10), a 6-3 victor over Mainland, in the 4:30 p.m. semifinal game on Wednesday. In the other semifinal, at 7:30 p.m., No. 1 Seminole will take on Pine Ridge (18-8), a 4-0 winner over Flagler-Palm Coast.

Wednesday's winners will meet for the District Championship at 7:30 p.m. on Thursday.

In the Class 6A-District 3 Softball Tournament at Winter Springs High School, DeLand completely dominated Lake Brantley (2-15) in a 9-0 victory.

The Bulldogs were to take on top-seeded, and host, DeLand at 7 p.m. on Tuesday, following the 5 p.m. semifinal between Ovledo and Lake Mary.

The Championship Game is set for 7 p.m. on Thursday.

Lake Mary falls in season-finale, but still sets record

By Henry Uhlenbrauck, Jr. Herald Correspondent

LAKE MARY — It was a loss but the Lake Mary High School baseball team still finished with a school record 23-5 mark despite dropping Its regular season finale to University (16-12) 6-3 Friday night at home.

For the first three innings the Rams' power hurler, Steve Apfel, pitched a near perfect game before allowing the Cougars to score three runs.

Prior to the University out-

burst it was Lake Mary, which was coming off an emotiondraining, extra-inning battle the night before with rival Seminole, that controlled the game, scoring two runs in the bottom of the first inning.

As a matter of fact, the Rams took over immediately as Tucker Pearce siammed a single to right-center field on the first pitch of the inning. Pearce would steal and score the game's first run when Chad LeGate singled to left on an 0-2 pitch. After stealing second,

LeGate would score when Ryan Bono singled to right field.

The score remained 2-0 until the fourth inning when the Cougars would capitalize on two singles and two errors to score three runs and take the lead.

The Rams would tie it back up in the bottom of the fourth inning when Matt Mergo scored on a double by Trevor Berryhill.

The trading of the lead would stop in the top of the fifth inning as the Cougars would take the wind out of the Lake

Mary sails on a two-run home run by Courtney Propst. He slammed a 1-1 pitch over the left field wall and with it went the Rams' hopes of victory.

The Cougars would add an insurance run in the sixth inning.

Lake Mary was to have faced DeLand, a 1-0 winner over Winter Springs on Monday (see story elsewhere on Page 1B), in the semifinals of the Class 6A-District 3 Tournament on Tuesday at Lake Mary High School and if the Rams avenged a loss to the Bulldogs two weeks ago, they would advance to Thursday's 8 p.m. district Championship Game against the winner of the Oviedo-Lake Brantley semifinal and earn a spot in next week's Regional Quarterfinals.

DQ gives Clousers 1-2 finish in Speedworld Sportsman Special

By Dave Westerman Special to the Herald

BITHLO — The Sportsman class took center stage Friday night at Orlando Speedworld with a special 50-lapper paying \$750 to win. The action was hot and heavy on the track, but this one would ultimately be decided in the tech area.

This Friday night (April 27) OSW will be hosting the SARA Late Model 100. Also on the schedule will be heats and features in the Modified, Sportsman, Mini-Stock Super Stock & Strictly

There will be no Super Late Models this week. Former Speedworld Super Stock champion Rich Clouser set a blistering pace in time trials with a lap of 14.561 seconds.

With the top four from qualifying inverted for the start, Bob Mara had the pole but held the top spot just momentarily as Brad May swept out front from the outside pole and built a quick lead only to see the caution fly on lap three when Russ Shaw tagged the turn three wall to end his

evening.
Rich Clouser quickly worked his way to second following the restart and began to pressure May but everytime he pulled up on May's back bumper, caution would fly and slow the field again. In fact, the 50 lapper became more of a marathon as the yellow flag would be out a total of nine times for numerous spins and tangles plus the blown engines of Eric Travis and Mara.

On one restart, Rich Clouser's uncle Dale nearly spun his nephew out causing a massive jamup. But once things settled down, Rich ran Dale down and Dale allowed him to pass and move back'into second.

That's how the race ended with May leading a close-pursuing Rich Clouser to the stripe with Dale Clouser in tow.

However, a post-race engine teardown deemed May's car illegal and the win became Rich Clouser's with uncle Dale getting second and Bill Loomis third. Tommy Johnson came back from a lap 30 spin to place fourth with Kelly Jarrett fifth. Rich Hight, Scott Tyler, David Myer and Angelo Arcure trailed as only nine of the 16 starters finished.

Rusty Ebersole had his Garrett Fastening Systems Ford Taurus set up for the long run and re-passed Travis Kittleson for the lead just past half-way to claim his second Super Late Model win of the year.

The 25 lapper ran full throttle green to checker with Kittleson taking second as he made his first start for 2001 after winning the point title last year. Current point leader B.J. McLeod was third followed by David King and Eric Black. Rounding out the top 10 were Kevin

Ingram, Russ Thomson, Kenny Crites, Brian Finney, and Eddle King.

Jerry Quates emerged unhurt from a frightening

crash that saw him flip his new machine down the front straightway after taking the checkered flag in his heat. Super Late Model heat wins went to Bill Pratt and Ebersole.

Tim Clark outdueled Tim McPhail to win his second Mini Stock feature of the year. Rose Dickerson had an impressive run to place third followed by Steve Wagner and Jeff Davis.

Easily the best race of the night was in the Modifieds as Tim Laurent and Jason Boyd ran side by side nearly the entire 15 laps with Boyd just nipping Laurent at the checker for his second win in a row. Frank Polly grabbed the third spot ahead of Hank Sanders and Shain Held.

David Smith jumped in his brother Don's Monte Carlo and won the Strictly Stock feature. Heat winner Dave Czerwinski, Vernon Ward, Steve Hoerner, and Rabo Rowland completed the

Gates open a 6 p.m. and racing begins at 8 p.m. every Friday night at the track located 17 mlles east of Orlando between Orlando and Titusville on Highway 50 at the 520 Cocoa Cutoff.

ROGERS GETS RIGHT BACK TO WINNING AT NEW SMYRNA

By Hank Sanders Special to the Herald

SAMSULA - David Rogers was back at New Smyrna Speedway in his #11 TM Ranch Dodge and immediately returned to his winning ways. Rogers took the lead on lap 1 and never looked back in claiming the Super Late Model feature last Saturday night at New Smyrna Speedway. This Saturday (April 28), the fast 1/2-mile will

host a Demolition Derby (\$25 to enter) plus heats and features in the Super Late Models, Modified, Sportsman, Mini-Stock, Super Stock, and Strictly Stock divisions. No Late Models this week.

The hard charger award in the Super Late Models had to go to Sammy Graham in the #1, last week's winner. Graham looked real strong as he passed B.J. McLeod for the second spot.

Jeff Emery in the #12e was third, McLeod was fourth, with Lake Mary's Mike Good driving the #27 Briar Construction Ford T-Bird to fifth. The Modified heat was won by 67-year old Joe

Middleton, but rain washed out the feature, which will necessitate the running of two features this week. In other Modified news, Justin Henderson was at the track after last week's crash, and reported that he was feeling good and wanting to race.

The whole Late Model show was rained and an extra feature will also be run this week.

It started raining during the Mini-Stock feature, and the #55 of Rick Tumey was leading coming out of turn #4 when he suddenly spun and hit the

Conrad Grenier then took the lead under caution and led to the finish ahead of Charlie Statts, Mark Rigsby in the #64 Mustang, Tim Clark, and Tim "Missileman" McPhail in the #7 rocket.

Doug Samion crashed out hard at Bithlo, but was back and running strong to take the Sportsman feature win. Donnie Williams drove the #111 Camaro to an impressive runner-up fin-

lan Huffman looked real powerful in the #3 Gator Golf Monte Carlo, and took third. Steve Reddit was back in the blue Pontiac #1, and was paid for fourth. Butch Yancy drove his 911

The SuperStock class saw a first time winner, and the crowd loved it!

Ted Helms has had some real good runs recently, but had not gotten a feature win. This was his night as his car was flawless as he powered the Amsoil Orange Monster to a convincing win over a very quick Mike Wiczoreck in the Fuglie's

Bar/Fireball #30 Chevy.
The undisputed King of Romance, The "Ladies Man" himself, Homer Gordon in the #22 "Passion Machine" showed the stamina that has made him famous and pumped his way to third over charging Billy Spade who ran well. The fifth spot went to the #33 of Kelly Caudell. His team showed up with several beautiful cars.

Rain also prevented the Strictly Stock folks from demonstrating their skills and they will run a pair of feature races this week.

Gates open at 5 p.m. and racing begins at 7 p.m. every Saturday night at the track located at the corner of SR. 44 and CR 419, between New Smyrna, DeLand and Daytona.

FISHING FORECAST

River action is still good, but the warmer weather will eventually slow things down considerably. Look for bass in areas of running water, particularly near ambush spots such as sand bars. slough mouths, deep bends, and steep banks. Tiny Rapalas are great while the water is still in the banks. Wade fishing is good in the area south of Puzzla I aka where bass tend to congregate at such ambush spots.

Snook action is getting better by the day at Sebastian Inlet. Large live shrimp and small baitfish are the top baits. Also expect a few trout, redfish and flounder.

Captain lack at Port Canaveral

reports fair offshore action with dolphin and king mackerel. A few tripletail are in the buoy line. while sheepshead and flounder are biting inside the Part. Trout and redfish are fair in the Banana and Indian Rivers.

Ponce Inlet has good action with sheepshead, drum, redfish, jack crevalle, and ladyfish. Live or dead shrimp is the top bait. Trout and redfish are fair to good in Mosquito Lagoon.

Continued from page 1B field, scoring DiFonzo.

Jason Louwsma then hit a potential double play grounder, but the ball was thrown away at second base, allowing Krall to go to third. After Louwsma stole second, Jake Davis ripped a shot off the third baseman's knee, scoring Krall and Louwsma scored the fourth run

of the Inning when Keith Parrett launched a sacrifice fly into left. Dominic Petracca then came on in relief of starter, and winner, Brandon Pharis, to retire all six men he faced and Seminole had earned a spot in

Wednesday's semifinals.
Pharis (4-1) pitched a very good game, retiring Lake Howell in order in three of the five innings he pitched and giv-ing up only four hits.

Louwsma, at shortstop, and first baseman Uriah Kimmig had a big part in keeping the game close as Louwsma made three outstanding plays, two deep in the hole between short and third and another on a shot up the middle, with the 6-foot-6 Kimmig stretching his long frame out to grab the ball before the Silver Hawks runners could reach first safely.

i Kimmig also dug a bell out of the dirt on a throw from Angelo Petracca to save an error in the sixth inning.

Pharis retired the first four

batters he faced, but Scott

Leman got the Lake Howell offense going with a single to center with one out in the second inning. He then came around to score on a stolen base, a wild pitch, and a ground out by Nick Taft.

The Tribe took the lead in the bottom of the second inning as Davis led off with a single.

Parrett then bunted for a single and courtesy runner Ryan Loomis came all the way around to score when a try to get Parrett sailed into rightfield and a return throw went into

the Silver Hawks dugout.
Parrett, who went to second on the play, then stole third and scored on another wild throw. Lake Howell tied the game in

the fourth inning as Mark O'Brien led off with a single, stole second, and scored on a

two-out single by Taft.
Contributing to a 10-hit
Seminole attack were Bennett (2-for-2, hit by pitch, run), Davis (2-for-3, RBI), Krall (2-for-4, run,

RBI), DiFonzo (double, run), Parrett (single, run, RBI), Louwsma (single, run), Matt Fraysler (single), Loomis (run) and Angelo Petracca (RBI).

For the Silver Hawks, Taft had a single and two RBI, O'Brien and Leman both singled and drove in a run, and Richard Bethel had a single.

Seminole (21-8) will take on

Pine Ridge (18-8), a 4-0 winner over Flagler-Palm Cpast, tonight at 7:30 p.m. following the other semifinal between Deltona and Spruce Creek

The winners of tonight's games will meet for the district championship at 7:30 p.m. on Thursday and both will advance to next week's regional quarterfinals.

DeLand, the fifth seed in the transparent, was to have found.

tournament, was to have faced top-seeded Lake Mary in

Tuesday's late semifinal in hopes of upsetting the Rams for the second time in two weeks and earning a spot in Thursday's 8 p.m. Championship Game against the winner of Tuesday's powerhouse battle between No. 2 seeded Oviedo and No. 3 seeded Lake Brantley. ed Lake Brantley.

Continued from page 1B

SCC collected seven hits in the first game against PCC-J, but three errors and two three-run innings, the second and seventh, did in the Raiders as they dropped the first game to use Stars, 7-0.

Freshmen Yo Johnson and Blake Hoorelbeke both went 2-for-4, while Rachelle Schmidt, Kim Stork and Lake Mary's Rachel Bradley had one single each for SCC

Childress was 3-for-4, including a home run, scored two runs and drove in three for PCC-J. In the nightcap, Oviedo's Sarah Reeber had a perfect game with one out in the fifth inning until

Bissell singled to right.

But the Raiders could only put one run on the board in that time as Hoorelbeke walked with one out and scored on a double by Schmidt in the

fourth inning. But SCC put the game away in the fifth inning as Lake Mary's Lindsey Manz drew a bases-loaded walk and Hoorelbeke followed with a grand slam over the left-centerfield fence to give the hosts a 6-0 lead.

The Stars finally got to Reeber for a run in the top of the seventh inning on a pair of hits and a double play ball, but it was far too little, too late. Schmidt (2-for-3, double, RBD, Johnson (2-for-4

run), Hoorelbeke (grand slam, two runs, four RBI), Digna Abello and Oviedo's Lisa Field (one single each), and Lake Mary's Manz (run, RBI), Bradley and Lauren Cooper (one run each) provided the offense for the Raiders.

Thursday's results were only the second time all year that SCC had lost a doubleheader.

Jodi Wood (21-7) only allowed three earned runs, but suffered the loss, as Hoorelbeke doubled

and scored the Raiders' only run of the game, with Johnson and Field (who had the RBI) getting the locals' only other hits.
SCC also only got three hits in the nightcap and lost despite Reeber (23-5) only giving up one

earned run. Manz singled and drove in the Raiders' only run, while Field and Stork singled and Bradley
