Johnson Plans To Give Roosevelt Entire Support

Ex-NRA Executive To 'Put Everything On Ball' If Necessary

NEW YORK, Jan. 22. (AP)—Hugh S. Johnson declared Sunday night he intends to "put everything I have on the ball for what Franklin D. Roosevelt stands for."

The former NRA executive said all the "balls" that he is going to work for "the business" give him "a pain" adding:

"I'm not going to take any job I'm going to get into another year to do just what I have been doing steadily for the last two and one-half years. I put everything I have on the ball for what Franklin D. Roosevelt stands for."

"I can do a better job of government than in, because I don't have to waste any official lights," he said.

Johnson said he had been offered a job by the Federal Reserve Bank and some idea of a pull in Washington. He said he would not take it.

"I'm not going to take any job I'm going to get into another year to do just what I have been doing steadily for the last two and one-half years. I put everything I have on the ball for what Franklin D. Roosevelt stands for."

Influenza Cases On Increase Say Health Officials

Fully 50,000 Persons Now Suffering With Ailment, Is Report

WASHINGTON, Jan. 22. (AP)—A sharp rise in reported influenza cases was announced Thursday night by the U. S. public health service.

However, the 10,000 cases reported for the week ending Jan. 12 was negligible compared with the 1929 epidemic year when 170,000 cases were reported throughout the country during the first week in January.

Public health service doctors pointed out that probably the actual cases in the United States numbered closer to 50,000 since the three major population states of California, New York and Massachusetts do not report influenza and other states do not have complete data in all cases.

Officials expect the show an increased percentage of mild, non-influenza cases.

Bradenton Scout In Tunnel's Cave

Scout, 16, Killed Sunday

BRADENTON, Jan. 22. (AP)—H. A. Jones, 16-year-old Scout, was killed Sunday while playing in a tunnel in Bradenton.

Jones and a cousin, who were trapped when the tunnel collapsed, were rescued by the fire department.

The tunnel was used for the purpose of storing coal.

Seminole County Produces Fruits And Vegetables Than Any Similar Area In America

SEMINOLE COUNTY, Fla., Jan. 22. (AP)—Seminole county produces more fruits and vegetables than any similar area in America.

The county is known for its citrus fruits, particularly oranges and grapefruit.

The climate and soil conditions are ideal for growing these crops.
