## Vinson Okeys 4-10 Cents Pay Hike On Rails

Strike Vote Contin-  
ued In Effort To  
Get General 8 Cent  
Increase Or More

WASHINGTON, Nov. 8.—(AP)—Wage increases ranging from four to ten cents an hour for more than 1,000,000 railroad employees as recommended today by a special Presidential board, was accepted today by Stabilization Director Fred W. Vinson, but 16 non-operating unions are expected to reject the

The unions originally asking a flat 20 cents an hour hike and awarded a general eight cents hike by a previous board only to have Vinson reverse his veto, are taking a strike vote now. They also are relying heavily on a Congressional regulation to enforce the eight cent award. The railroads have agreed to pay that amount.

Mounting pressure from labor organizations for a loosening of wage controls lent new stringency to the Nation's increasing economy yesterday.

With President Roosevelt's industry-public board ready to open an investigation into the wartime cost of living, the economic picture presented these principal facts:

1. The United States Chamber of Commerce interpreted the pay raise just granted coal miners as the probable entering wedge of a break in the stabilization program.

2. With striking coal miners

Glenn Govocek Is  
Given Commission  
As 2nd Lieutenant

FORT WASHINGTON, Md., Nov. 8. (Special) Joseph G. Govocek, of Lake Minnetonka, Fla., has been commissioned a second lieutenant in the Army of the United States after successfully completing a course of training at the Adjutant General's School here.

Lieut. Govocek was one of a selected group of enlisted men drawn from virtually all arms and branches of the service and designated to attend the Officer Candidate School.

During the intensive course he received training in the executive and administrative functions of the nation's largest business, the Army of the United States.

Lieut. Govocek graduated from Seminole High School and for several years served as city editor of the Sanford Herald. He entered the Army with the National Guard in 1940.

William W. Tiller  
Completes His Basic

COURTLAND, Ala., Nov. 8. (Special) Aviation Student William W. Tiller, son of Mr. and Mrs. Clair T. Tiller, of 118 Palmetto Street, Sanford, has completed his training at the Flying School here and has been transferred to an Advanced Flying School for the final period of his pilot training.

After completing his advanced training, A/S Tiller will receive his wings and will be either assigned to a flight officer or a second and third class pilot, and assigned to active duty.

Colonel G. P. West, commanding officer, congratulated the cadets, stating that they had set a splendid example for succeeding classes.

"I am sure that each of you will in his individual way and according to the experience of the Air Corps," Col. West remarked. "I need not remind you that the task which lies ahead of you is difficult, but I feel certain that each of you is well qualified to meet and master whatever is asked of you."

Mrs. John L. Wynne  
Died At Home Sunday

Mrs. John L. Wynne, wife long resident of Sanford, died at her home, 118 Myrtle Avenue yesterday following a lingering illness. The 82 year old woman was born in Sanford Sept. 19, 1888.

Survivors include one son, J. E. Wynne of Sanford, five grand children, the Misses Lois and Frances Wynne, 19, of Sanford, Mrs. Estelle Wynne, 18, of Sanford, and Miss Barbara Jean Gill of Miami Beach.

Services will be conducted at the Bricker Funeral Home Monday at 10:30 A.M. Rev. W. E. New, a minister of the First Methodist Church, will conduct the funeral services.

Interment will be in the New Cemetery.

## Sanford Swamps OPA Said To Favor Kowboys 41-13 In Friday's Game

Both First And Se-  
cond Teams Used  
With Good Results

JACKSONVILLE, Nov. 8. (Special) The OPA is giving first place to the Kowboys, who defeated the Manatee county grousers for a revision of tomato ceiling price to compensate for severe damage inflicted by excessive rainstorms last winter, including many field losses.

The start of the game showed a new lineup of Pels. The B squad was generalized by quarterback Al McMillan, who had little chance to show his stuff, as the Cowboys, paced by backs Hobby Smith (an eighth grader) received the kick off. The B team advanced the ball to the 15 yard line.

At about the Peli 22 Dugout, the whole Pels squad was thrown into the breach and stopped the Kowboys cold on the 15. Underpinned by a 15 yard completion, Pels then got loose with Bill Fleming going to the Cowboys, 47. Pete Brock, on a reverse, tore down the left side of the field clear to the Kissimmee 12, before he was tackled by Kenneth Rogers, Kowboy end. Brock then shot the ball to his own 10, where he was downed by the Bushnell and the Wauchula and the Bushnell areas.

Fund Started To Help  
"Whistling Willie"

The sum of \$5 has been in-

nated to The Herald to initiate funds to be used for badly needed repairs to the home of "Whistling Willie" Williams, former manager of the Florida Club, Inc., at the New York, Chicago and Cleveland fair, who, with his wife, live in a small room under the eaves of their home.

Williams, because of his bad health and lack of condition, has had to turn down numerous offers to entertain, and is unable to work any more. Sometime ago a campaign started in The Herald, re-

sulting in Willie's back taxes on his wife's home being paid up.

Williams, however, did not participate in the campaign.

Contributions for the repair of Whistling Willie's home may be sent direct to The Herald.

Legionnaires Plan  
Armistice Day Party

The American Legion has plan-

ned a party for Armistice Day,

which is November 11.

Community dining of old war songs will be led by Charles Morison, with Harry Kudell as pianist, accompanied by Willard Connolly. There will also be local and nationally known performers, as well as dancing and refreshments.

All Legion members and Auxiliaries and their families and friends are invited. J. J. DeSoto, chairman; Jennings DeSoto, treasurer; and Joel S. Kanner, second hand store in-

## Londoners Bet On Early End To Nazi War

Churchill Warns Of  
Hazards In Over-  
Optimism Regarding Late Victories

LONDON, Nov. 8.—(UPI)—Heard up to good news from the fighting fronts, an increasingly large number of people in Britain are talking and betting on the possibility of an early end to the war, perhaps by the New Year despite a lack of encouragement from their leaders.

Prime Minister Churchill has asserted it would be foolish to try to fix the date of Germany's defeat. Many people believe however that fear of a wave of over-optimism prompted these cautious comments.

The odds quoted by one prominent Lloyd's broker are four to one against armistice by Christians and three to one against armistice by February. The broker said he considered himself on the British side. Lloyd's doesn't handle bets as such.

Lieut. Louis Faville  
Finishes Course  
At Edgewood, Md.

Second Lieut. Louis W. Faville was among the officers who graduated on Nov. 6, in CWS Basic Course given at the Chemical Warfare Center at the Edgewood Arsenal in Maryland, it was announced by the Post publication.

The course, protective clothing, decontamination, chemical warfare material, treatment of gas casualties and chemical warfare tactics were some of the subjects studied by the Army officers attending the course.

Lieut. Faville is the son of Mr. and Mrs. Howard Faville of 80 West First Street. He was born in Portsmouth, Ohio, and was brought here at the age of two. After attending the local grade school, he was graduated from Seminole High School. He attended and graduated from the University of Florida later became a bacteriologist with the Civil Service War Department, and took special courses in the work at the University of Minnesota and Louisiana State University.

The start of the game showed a new lineup of Pels. The B squad was generalized by quarterback Al McMillan, who had little chance to show his stuff, as the Cowboys, paced by backs Hobby Smith (an eighth grader) received the kick off. The B team advanced the ball to the 15 yard line.

**BIBLE VERSE FOR TODAY**

ESTABLISH A RELATION  
OF CONFIDENCE. GOD WILL  
LAVISH HIS LOVE ON YOU  
IF YOU WILL ERECT  
A wall of love, but per-  
haps love catch out fear; he  
that fears hath torment; he that  
feareth is not made perfect in  
love. 1 John 4:18.

**WILL IT BE SO AGAIN?**  
(From The New Statesman  
and Nation)

Will it be so again?  
That the brave, the gifted are  
lost from view,  
And empty, scheming men  
Are left in peace their natal  
to renew?  
Will it be so again?

Must it be always so  
That the best are chosen to fall  
and sleep?  
Like seeds, and we too slow  
In sowing the earth they quick-  
en, and the old usurper wait  
What they could not sow?

Will it be so again—  
The jungle code and the hypocrite  
gesture?

As deadly wrong for the slain  
And a cut-throat world for the  
living? As stale imposture  
Played on us once again?

Will it be as before—  
Pray, with no heart or mind to  
sense it, the earth with no  
Guttering down to war  
Like a libertine to his grave? We  
should not be surprised: we  
know it.

Happy before,  
Shall it be so again?  
Call not upon the glorious dead  
To be your witnesses then.  
The living alone can call to the  
promise of him who said  
It shall be so again.

We understand Frank Sinatra

we hope the Army is in  
danger of getting Sinatra.

The Austrians are really getting  
bold in their opposition to the  
Germans. Not only do they refuse  
to do what the Germans want, but  
they do not care what the cost.

One of them wrote "1918" on a  
street corner in Vienna the other

Real men strike because  
they can't get enough to eat

Bob Myers' News-Press. And as  
the third highest paid group of  
workers in the United States,  
they should deserve their sym-  
pathy. For all others who man-

The interest at Tule Lake  
Camp apparently did not know  
what to do with the comparative free-  
domists, receive, despite their  
continued hostility to the country,  
the same measure of riot and beat up  
as those receiving the Army  
order. The freedomists will be re-  
quested to be thankful this  
time.

It was reported that the  
Austrian government were bray-  
ing the most retrospective cul-  
tural presentation, arms  
and equipment, you could hear  
about the other side of the  
medal. What was that?

**Baiting Britain**

Hitler and Goebbels could get a lot of satisfaction from the Truman Committee's bright idea of making Britain start immediate payment for lend-lease material. Also from the general tone of the committee's report. Much of it seems unfair, and at best it may have a bad effect on relations with the United States.

Leisurely commentators promptly remind the committee that this nation is not fighting Britain. Also that, while some abusers naturally creep into a vast, cooperative war plan like lend lease, there is probably as much to be said on one side as on the other.

Certain it is that Britain held the fort and nearly exhausted her resources until America joined the war, when, as events proved, it was really as much our fight as Britain's. Both nations have escaped an enormous tragedy by the skin of their teeth. Moreover, the Truman Committee should know, and all Americans should realize, that America entered the war unprepared, the British stripped themselves of sorely needed supplies to bolster our own defenses. And all along, Britain has done what she could to help American armament, providing essential materials of many kinds, feeding American troops in Europe, and so on.

Any antagonizing of Britain now is unjust and unwise.  
Whatever happens, these two kindred nations with a thousand bonds must get along together.

**Austria Again**

The restoration of Austria, promised by the Moscow conference, is good news. Few countries have played so great a part in history. Beginning under Charlemagne, Austria became later the bulwark that saved Europe from the Turks, and an important part of the alliance that in turn kept Louis XIV of France and Napoleon from universal empire.

Austria's later career was less glorious. For most of the 19th century it was the reactionary center of the world. Finally it became a mere hanger-on of Germany, having less and less life till the last spark was extinguished by Hitler.

Austria has something to offer the world, however. While it lived, the Danube valley was more prosperous than it has been since. Also the proverbial "gummelichkeit" or easy-going temper of the Austrian Germans has made them delightful folk to live with. As a republic, freed from Hitlerite domination and possessed of economic resources that were denied the short-lived Austrian republic that the Nazis ended, Austria could yet be useful. It deserves another chance.

**What A Holiday!**

The college boys and girls, and those attending preparatory schools away from home, get a break from the war. The Office of Defense Transportation has asked schools and colleges so to plan their Christmas vacations that they shall not begin after Dec. 15 or end before Jan. 11. That will mitigate the railroads' holiday crush.

The young folks will cheer this suggestion. A four weeks vacation at Christmas is something new in their world. It sounds better than it is, however, they hasten to announce. In most cases a serious amount of reading is laid out for the period of absence.

dancing down to the Kowboy 40,

threw an over the goal line,

and then over the goal post to

Frank Robinson, one, who late-

## OPA Said To Favor Change In Tomato Ceiling Prices

(Continued From Page One)  
Lake City will open Saturday, and our Pensacola market will start the pecan movement Friday of this week. Sales will also start at Ruth's store in Madison Saturday.

Conditions at specific markets are described as follows:

"Beans are now moving in considerable quantity at Palmetto and shipments are expected to reach or exceed 50 carloads per day this week. Demand is exceeding the supply. Small quantities of yellow squash and tomatoes are coming in and volume is expected to increase to 10-15 cars per day this week."

"Oil, clear weather at Punta Gorda last week enabled growers to plant at full capacity. Seed sales indicate that the same degree of activity at that time last year, but a threatened seed shortage may cut the total bean acreage to some extent. Water damage will reduce movement during the first three weeks of this month, but by November 25, shipments should equal the same period of last year. The labor supply is more adequate than in previous situations and the situation is much brighter."

"Farmers at Florida City last week started replanting seed beds lost in the heavy rains. Setting of plants in fields was also started by the few growers who saved their seed beds. Rain Thursday, however, slowed up the work."

"Palmers will hold its first auction today. Crops are now showing abundant and quality of tomatoes is very good."

"Rain at Wauchula last week helped crops which were beginning to suffer from want of moisture. Cucumbers are now moving in heavy volume and the peak is expected this week. Peppers and eggplant are beginning to move in good volume but heavy shipments will not be reached for another two weeks. White and yellow squash, beans and okra are also moving in small quantities and no heavy movement is in prospect due to small acreage."

"Carmelita will have small quantities of green beans, cucumbers, okra, eggplants, radishes and turnip greens. Citrus fruits are now moving also. Growing conditions are good."

"The market at Pensacola is very quiet at this time."

**WORKING WITH BIG CRANES.** Allied engineers speed the momentous task of reconstructing Naples. Many sections of the city are being made habitable again for the thousands made homeless during the battles between Allied and Nazi armies. A mass excavation was ordered for four hours as Allied electrical engineers turned on the lights once more. It was believed that the current surging through the city's numerous conduits would set off mines left by the Germans. (International Soundphoto)

## Rubber Head Sees No Help On Tire Plight

As Cars Are Forced Off Roads, Liquor Shortage Becomes Increasingly Acute

WASHINGTON, Nov. 10. (AP)—Secretary of State Hull was due back from the Moscow Conference late today and will report immediately to President Roosevelt. He spent last night in Puerto Rico.

WASHINGTON, Nov. 10. (AP)—Despite heavy synthetic rubber production, the tire situation will remain "tight" for the next six or nine months, Rubber Director Bradley Dewey reported today. The non-essential driver will not get a new tire in the visible future and he can stay on the road only if he reduces driving to a bare necessity and recycles his tires on time", Dewey said.

America's drinking citizens are faced to face with an acute liquor shortage which appears to be developing. Drinking country as the demand for whiskey in some places reached four times that of last year while supplies were down as much as 60 percent.

More than half of the states reported liquor scarce and the situation getting progressively worse. Rationing, either by state control or by city, is now in effect in some 30 states.

Donald M. Nelson told Senate investigators that the War Production Board is making constant surveys looking to reconstruction of war plants to essential civilian production as fast as military requirements permit. He recommended legislation that war contractors' operations should provide for dismantling to workers."

In Boston the belief that there would be a general distribution of anti-Semitic literature was voiced by Massachusetts Public Safety Commissioner John P. O'Brien, a regular speaker against anti-Jewish disturbances made public today. He declared such distribution "should be dealt with immediately".

Interior Secretary Ickes went before the House Insular Affairs Committee today to protest "an injustice" and "un-American" conduct of Dr. Roy Moore, Postmaster of New Smyrna Beach. Dr. Roy Club, and response was made by H. J. Lehman, Sanford Rotary president.

About nineteen members of the Sanford Rotary Club attended a meeting Tuesday evening at New Smyrna given by New Smyrna Rotary. The members were welcomed by C. P. Brannon, president of New Smyrna Rotary Club, and response was made by Dr. Roy Club.

An interesting talk concerning new discoveries in insect and pest control was being effectively applied to army camps was given by Dr. A. C. Bruce of the U. S. Bureau of Entomology. Bruce is liaison officer between the Bureau and Army and Navy bases in the southeastern area, it was reported.

Members who attended the meeting included Curtis Williams, Earl Turner, Harry Tocke, Henry Colclough, Lee Leisher, R. J. Lehman, George Bishop, Roy Holler, W. A. Lefever, Edward Higgins, G. W. Roemer, E. B. Stover, Dr. R. W. Suppiger, Walter Haynes, Rev. J. A. Tolle, R. E. Kipp, V. A. Speer and C. L. Redding.

## Instructions Are Given On Christmas Cards

Mrs. C. Holly acting postmaster, announced today that Christmas greeting cards, for soldiers overseas, according to a War Department ruling, must be sent in sealed envelopes and prepaid at the first-class rate. The War Department also urges that cards mailed now will not be delivered until Dec. 26, according to Army Postal Service.

Thursday, Nov. 11, will be observed as a holiday by the Sanford Post Office. It was announced by Mrs. Holly. There will be no delivery made by rural carriers, but by city letter carriers. Delivery will be on main street. There will be no curtailment of service to the Sanford Naval Air Station, but in most cases service will be suspended. Mail will be delivered as on other days.

To Sea Duty

## Capt. Hughes Detached From Local Station

### Sanford's 1st "Skipper" Is Ordered To Report Immediately For Duty At Sea

Capt. F. Massie Hughes, who has been the commanding officer of the Sanford Naval Air Station since it was commissioned one year ago, has been detached and ordered to report immediately to sea duty.

At the command of the local

Admiral on Nov. 4, 1942, in com-

mencing ceremonies at the San-

ford Naval Air Station, Capt. Hug-

es was commanded to the Station

to serve during the period of its in-

ception, the time when it

was being built from untouched

forest land and farmland in its

vicinity, to act as a

training center for naval

aviation.

Following his success as "skip-

per" of the Sanford Station was an appointment in July 1, 1943,

as commanding officer to his present

station. Prior to his ap-

pointment here, he had served

in the Pacific Fleet in the Bay
