

W. Germany's Schmidt To Stop In Sanford

By Deane Jordan **Herald Staff Writer**

Escorted by a Longwood businessman, former West German Chancellor Helmut Schmidt was scheduled to land at Sanford Airport today at 3:20 p.m. where he will give a brief news conference. He is scheduled to speak tonight at the University of Central Florida.

Schmidt, West Germany's leader from 1974 until 1982, is scheduled to address a dinner meeting of the university's President's Circle Club. a non-profit, fund-raising group of 150 private, business and civic

UCF, according to John Donavan, executive director of Properties. the UCF Foundation

Scheduled to accompany Schmidt on a chartered jet from Baltimore today was Georges St. Laurent, of Longwood, a Foundation member who serves as host at the dinners and has been the escort of other notable speakers such as Dr. Henry Kissinger and former Secretary of State Alexander Halg at UCF functions. Donavon said

the Longwood Shopping Center, the Rangeland Shopdonors that have given \$1,000 or more for academics at ping Center, two industrial parks and the St. Laurent

After a 15-minute press conference at the airport, Schmidt is scheduled to go to the Longwood home of St. Laurent for a reception with the sponsors of tonight's dinner,

The 10 sponsors have paid \$1,500 each to fund the exclusive dinner and speech scheduled for 8:15 p.m. at the university's dining room.

Since the speech is not open to the public, the St. Laurent, a prominent businessman, is the owner of chancellor's comments will be transmitted to a nearby room for members of the press and other interested See SCHMIDT, page 2A

Red Tape May Force Paulucci To Drop Lake Plan

PROPERTY OF

By Donna Estes Herald Staff Writer

Because. of the multiplicity of government agencies controlling the development of a 2,700 acre tract along the St. Johns River near Yankee Lake in the northwest section of the county, developerentrepreneur Jeno Paulucci may drop the option to purchase he has held on the property for the past three months, he said today.

Paulucci says the option expires June 1.

"It's one of those tracts that has so many interfaces with so many governmental agencies - so many hoops to go through - that we may not be able to develop it," Paulucci said.

He said the regulatory agencies, and "rightly so," are controlling the parcel which is bounded by the river and has wetlands. A zoning change would also be necessary. It

CFRH Voices Opposition

Deltona Presses For Own Hospital

Helmut Schmidt

By Britt Smith Herald Staff Writer

Saxon General Hospital is a proposed \$16.8 million, 100-bed general acute care facility which has the support of the Deltona civic and medical communities as well as many local residents. Trouble is, the state says it's not needed.

The state Department of Health and Rehabilitative Services (HRS) emphasized its point 18 months age when it denied a certificate of need for the hospital, claiming there were already sufficient medical facilities in the area.

But that hasn't stopped hospital supporters from pushing their case. In hearings before an HRS officer this week at the Deltona Community Center, they are appealing HRS' prior ruling and seeking approval for the facility.

state and the Hospital Corporation to a hospital takes them over 30 of America (HCA), parent company of Sanford's Central Florida Regional Hospital (CFRH) which stands to lose a stable number of patients if Saxon General is built.

on the matter. If either party is Bartholomew said dissatisfied, they can appeal to the Fifth Circuit Court of Appeals in Dayiona Beach.

Saxon General would be a subsidiary of Daytona Beach General Hospital and would be built on Saxon Boulevard near the Interstate 4 overpass. If approved, construction is scheduled to begin in March. 1985 and be completed by Jan. 1987.

The main thrust of the prohespital argument is that yes, there are other hospitals in the area -CFRH as well as Fish Memorial and West Voluisa Memorial hospitals in DeLand - but they are too far away from Deltona for easy access, according to Carol Solomon, assistant administrator at Daytona Beach General.

'There are over 30,000 people They are being opposed by the living in the Deltona area and to get minutes." Ms. Solomon said. "A large part of the population is over 65 and that makes it increasingly more difficult for them to get to a medical facility.

Last fall, HCA had planned to buy the 97-bed Fish Memorial Hospital and move those beds to a facility to be built in Deltona, Mrs. Bartholomew said. The deal fell through when a group of physicians bought the hospital and kept it where it is.

But even if HCA had succeeded in buying Fish Memorial, "we wouldn't have been overbedding the area, we would have just been taking existing bed space and moving it to where it was more needed." she said

Ms. Solomon said CFRH lears that Saxon General would deplete its supply of patients is ill-founded.

"There is enough growth going on in Seminole County that will more than compensate for any patients they will lose," she said.

In fact, if Saxon General "is not

is presently zoned for agricultural use and is used as a cattle grazing pasture for the most part. "We really don't know whether or

not we will be satisfied so we can complete the option," Paulucci said. "We are working day and night and the time is running out. We have some real question marks because of all the regulatory agencies."

Paulucci said his original concept for developing the property was creating a residential community with a marina and waterfront properties.

"It would be a unique, new type of development in the future, not right away," he said. Paulucci Enterprises is concentrating on developing the 1,200 acre Heathrow planned unit development near Lake Mary Boulevard west of Interstate 4.

Paulucci declined to reveal the purchase price of the property. But County Property Appraiser Bill Suber said if the parcel were not receiving tax exemptions because of its agricultural use, the land would have a taxable value of \$2.68 million.

Owner of the four parcels of property making up the tract is the First American Bank of Palm Beach County, as trustee.

County officials have reported that Paulucci has asked the county to help determine how much of the property is under state jurisdiction as part of the St. Johns River flood plain.

The Evening Herald reported nearly three months ago that the city of Sanford was considering purchasing the site for landspreading its sewer effluent, but dropped the idea when it was reported Paulucci had an option on the tract.

The site was recommended to the city by its consulting engineers. Conklin, Porter & Holmes Inc.

Meanwhile, Roger Soderstrom, president of real estate operations for Paulucci Enterprises says the company often options property.

Noting the government agencies which would be involved in this particular tract, he said approvals would have to be obtained from agencies ranging from the Army Corps of Engineers and the St. Johns River Water Management District to the state Department of Environmental Regulation.

"There are many development problems that would have to be solved. I'm not sure how long it will take to get the answers we need." Soderstrom said.

He said 600 acres of the parcel near state Road 46 are high and dry. but to develop the lower-lying land would be very expensive.

You have to be much more careful in an area like that and the cost to develop is much higher.

"I am looking at various properties throughout the county. This is just one. From time to time I look at different properties," Soderstrom said.

Good Deed For Dogs

Cocker Spaniel puppy, "Ebony" checks out some of the 160 pounds of dog food presented to Helen Wolk, president of the Humane Society of Seminole County by Boy Scout Joey Mathis, 14, of Gabriella Lane, Goldenrod. Joey collected dog food and money for the animal shelter as a project to help earn his Star Scout rank. He is a member of Troop 246, Winter Park.

The hearings are scheduled to run through Thursday, Afterwards, hearing officer Robert Benton has 30 days in which to make his recommendation to HRS which then has 90 days to issue a ruling

Even so, roughly 30 percent of CFRH's patients come from southern Volusia County "and we would be strongly impacted" by construction of another hospital in the area, CRFH spokesman Kay

approved, they will need more beds."

During the hearings, Ms. Solomon said petitions bearing the signatures of 9.000 Deltona area residents backing the new hospital will be presented, along with testimony from local physicians and resolutions of support from the Deltona Chamber of Commerce, Lion's Club and various church groups.

Fundraisers For 'Lady Liberty' Plan Appeal To Area Students

Seminole County will be being asked to help raise \$1 million to aid in the restoration of the Statue of Liberty and Ellis Island, said Linda Sawyer.

Mrs. Sawyer, school district curriculum specialist for career education and a member of the Central Florida Statue of Liberty Commission, said packets of information on the restoration are being sent to the principals of all the public schools in the county, seeking their assistance in setting up fund-raising activities.

The goal in the five Central Florida counties -Seminole, Orange, Lake, Osceola and Volusia - is to raise \$1 million of the \$230 million needed for the project.

"Since the school children of France emptied their piggy banks to help pay for their nation's gift to ours nearly 100 years ago, it is especially fitting that our schools take part in the campaign to refurbish Lady Liberty," Mrs. Sawyer said.

The commission is recommending schools ask for students to give copper pennies. The pennies, in addition to commemorating the efforts of the French school children, recognizes that the exterior of the 151-foot tall "Statue" was fashioned from pure copper sheets about one-eighth Inch thick.

The hundreds of sheets that were hammered into shape by craftsmen were hung on the fron framework of the statue as advised by Alexandre Gustave Elffel, who was later to gain fame for the tower he erected on the banks of the Seine.

friendship was the brainchild of Professor Edouard Rene

The 38,000 students in the 43 public schools in LeFebvre de Laboulaye, a distinguished legal scholar. It was designed and executed by Frederic Auguste Bartholdi, a French sculptor.

> While the kickoff for the national fund-raising campaign will not begin offically until July 4. Central Florida and especially the Seminole County school children are getting a head start by beginning now, she said.

> She noted that Winter Springs Elementary and Keeth Elementary have their campaigns underway in cooperation with the city of Winter Springs.

Of the \$230 million needed, \$167 million will be used to completely restore the Statue of Liberty and to preserve the key buildings and rebuild the seawall on Ellis Island.

To ensure the continuing maintenance of the Statue of Liberty and Ellis Island, a capital endowment fund of-\$20 million is targeted. Administration and campaign costs are expected to reach \$15 million and education and celebrations are expected to cost another \$28 million.

On May 18, 1982, President Reagan announced theformation of the Statue of Liberty-Ellis Island Centennial Commission and appointed Lee lacocca, Chrysler's chairman and chief executive officer as its chairman. Named co-chairman of the commission's fund-raising committee was Nicholas H. Morley of Miami. The goal for Florida's 8 million population is \$30 million.

By 1986, the centennial of the statue, most if not all of The idea of the monument to Franco-American the money for the restoration is expected to be raised. -Donna Estes

NATION **IN BRIEF**

Construction Highest Since Post-War Boom

WASHINGTON (UPI) - The Commerce Department reported Monday the biggest explosion of construction since the post-World War II building boom, saying builders spent 6.9 percent more on labor and materials in February.

The surge was exceptionally strong for office buildings, single family houses and apartment buildings as well as highway and street projects. the target of last year's additional nickel-a-gallon gasoline tax.

Builders spent \$295 billion in February at a seasonally adjusted annual rate, 21.4 percent higher than February 1983.

The 6.9 percent increase from January was the biggest one-month jump since the 8.1 percent in April 1946, department spokesnien Adren Cooper said, during a period when building rebounded after the war.

White House: No Comment

WASHINGTON (UPI) - President Reagan said today he has ordered everyone in the administration to cooperate in the Edwin Meese investigation and announced that the White House will not comment on the case until the inquiry is completed.

A three-judge panel Monday named Washington lawyer Jacob Stein to conduct the inquiry into charges against Meese, a top Reagan aide who has been nominated as attorney general.

Stein will try to determine whether men who helped Meese financially were rewarded with government jobs, whether his promotion to colonel in the Army reserves was justified and how much he knew about the Jimmy Carter campaign material obtained by Reagan forces in 1980.

Stein was a defense attorney during the Watergate era and is a respected figure among Washington attorneys.

20th Victim Found

SEATTLE (UPI) - The fourth human skeleton uncovered in three days near the Green River Valley could be the 20th victim of a sexual psychopath who preys on young prostitutes and may "continue to kill until he's caught," police say.

One skeleton, found buried near the others in an abandoned gravel pit overlooking the valley. was identified from dental charts Monday as that of Terri Milligan, 16, police said. She vanished Aug. 29, 1982, en route to a fast-food restaurant near the Scattle-Tacoma International Airport.

The other bodies discovered during the

Charged with second degree murder and facing trial this week. a Sanford man pleaded guilty as charged Monday.

An accomplice pleaded guilty to manslaughter, carrying a concealed weapon and violation of probation.

Carl F. Presley, 22, of 114 E. 11th St., and Freddie Lee Conquest, 25, of 107 McKay Blvd., also of Sanford, were charged with the Jan. 10 shooting death of Michael McCloud, 22, of 29 William Clark Court, Sanford. The killing was

deal, according to court records. Presley entered the guilty as charged

plea before Circuit Judge Robert B. McGregor who set May 29 for sentencing. Presley could receive up to life for the crime though the guidelines recommend 7 to 12 years in prison. according to prosecuting attorney Donald Marblestone. Presley also agreed to a rider requiring him to spend at least three years in prison.

Conquest, also charged with second degree murder, pleaded guilty to manslaughter before McGregor and faces 15 sparked by an argument during a drug years in prison with a recommended

N.Y. Primary: Toughest

NEW YORK (UPI) - In a test pitting against a \$1 million Gary Hart media blitz. New York voters today pick the winner of the most bruising Democratic president primary of the 1984 campaign.

The stakes were high. In addition to awarding 252 delegates - the largest single prize so far - the outcome could provide crucial momentum for the winner in upcoming contests in Pennsylvania and Texas.

For Jesse Jackson, who was predicting a record turnout among blacks, a strong showing could establish him as a major voice in Democratic Party politics.

An estimated 30 percent to 35 percent of the state's 3.5 million registered Democrats are expected to go the polls. which operate from 6 a.m. to 9 p.m. EST.

In the closing hours of the often brutal verbal battle, Hart seemed to edge toward conceding a Mondale victory.

U.S. Soldier Shot In Greece

ATHENS, Greece (UPI) - Two men on a motorcycle shot and badly wounded a U.S. Air Force sergeant today, police said.

Staff Sgt. Robert Jones was shot and seriously wounded while driving on Vouliagment Avenue toward the U.S. Air

...Schmidt At UCF

Continued from page 1A parties, Donavan said.

Donavan said it was not difficult for the Foundation to arrange for Schmidt to speak at UCF because the former chief of state is on the lecture circuit. He said Schmidt was chosen for the annual event "because how often do you get a chance to sit down to dinner with a world leader?"

He said the Foundation has submitted a dozen or so questions in writing to Schmidt which they hope he will address

The Colorado senator, who has poured Walter Mondale's political endorsements \$1 million into a massive media blitz in the state, moved away from his earlier predictions of winning and said he would consider a second-place finish the same as a victory.

The latest ABC-Washington Post poll. released Monday night, gave Mondale 40 percent support among New York Democrats likely to vote, against 32 percent for Hart and 23 percent for Jesse Jackson. Six percent said they were undecided.

The poll was based on interviews with 326 people statewide, from Saturday to Monday. It had a margin of error of 5 percentage points.

Going into today's contest, the latest United Press International count of national convention delegates shows Mondale with 728 of the 1,967 delegates needed for nomination, while Hart has 440 and Jackson 101. There are 325 uncommitted.

Force Hellenikon Base at the Athens

airport, police and U.S. embassy officials said. Police said two men on a red motorcy-

cle fired five shots at Jones but were not yet able to determine the extent of his wounds

during his speech.

The questions include: "What are the Russians up to?" "What will be the impact of high technology on West Germany?" and comments on the world economy on which Schmidt is considered an expert, Donavan said.

Donavan said it is also hoped Schmidt will speak to the U.S. military presence in West Germany, pointing out that it was Schmidt who was primarily responsible for the placement of Pershing missiles in that country

sentence of three to seven years. His sentencing date is scheduled for May 29 also

A juvenile arrested in the case will not be prosecuted, according to assistant state attorney Thomas Hastings, because his participation in the incident was "more of an observer than a participant."

According to Sanford Assistant Police Chief Herb Shea, officers were dispatched to William Clark Circle the afternoon of Jan. 10 after a report of a shooting. Upon arrival, they found Me-Cloud's body.

Witnesses told police that the men had been arguing with McCloud when Conquest handed a pistol to Presley who shot McCloud. A single shot hit the victim in the upper arm, traveled through his chest piercing both lungs and his heart, Shea said.

He said the argument involved a "drug rip-off."

After the shooting, the trio fled the scene. Police conducted a search of the immediate area and arrested Conquest. Presley and the juvenile turned themselves in the next day.

FLORIDA IN BRIEF

Jury Recommends Life In Prison For Woman

MILTON (UPI) - A jury has recommended life in prison for Judi Buenoano who was convicted of drowning her paralyzed son to collect \$100,000 in life insurance money. The 40-year-old Gulf Breeze, Fla., mother of three showed no emotion when the jury's decision was announced. The 12-member jury deliberated about 1 hour and 20 minutes before recommending Judge George Lowrey sentence Ms. Buenoano to life in prison, and not death in the electric chair.

Defense attorney James Johnston had begged the jury during the sentencing phase to, "Give her this one last crumb and say that there is some mitigating circumstance, some doubt."

Lowrey set final sentencing for June 6. Under Florida law he is not bound by the jury's recommendation. The jury found Ms. Buenoano guilty Saturday of poisoning her 19-year-old paraplegic son, Michael, and drowning him during a May 1980 canoe trip. When he was found at the bottom of the river, he was wearing metal leg braces and no life jacket.

Launch Countdown Begins

CAPE CANAVERAL (UPI) - The countdown begins Wednesday for the Friday morning launch of the space shuttle Challenger on a bold attempt to capture and fix a solar observatory in orbit.

Mission commander Robert Crippen, co-pilot Richard Scobee and crewmen Terry Hart. James "Ox" van Hoften and George "Pinky" Nelson were scheduled to arrive at the Kennedy Space Center about 5 p.m. EST today - 10 hours before the start of Challenger's 43-hour countdown.

The Challenger is scheduled to begin its fifth journey into space at 8:58 a.m. EST Friday and technicians reported launch preparations were ahead of schedule.

Store Clerk Robbed At Gunpoint

A man demanding money at gunpoint, robbed a Lil' Champ food store of an undetermined amount of money. According to a Sanford police officer's report, a man entered the Lil' Champ store at 1920 French Ave., Friday at 11:10 p.m., pointed a chrome handgun at the clerk and demanded money from the store safe.

After getting money from the clerk, Paula L. Mabb, 28, of Sanford, the bandit left the store in a cream-colored or light yellow Chevy and was last seen westbound on 20th street.

The robber was described only as a black male.

CLOTHER COPPED

Leaving \$1,500 worth of freshly laundered clothes in her unlocked car, a woman returned from shopping to find them missing.

Diane B. Cote, of Apopka, told a sheriff's deputy that while she was in the grocery store at Hunt Club Corners Thursday between 8:45 and 9:30 p.m., someone entered her 1976 Buick and took her family's clothes.

Missing are clothes of a man, woman and child. Some of the clothing was in baskets, other articles on hangers.

BEER BOTTLE BALLISTICS

After being accused of throwing a beer bottle at two women in a car, an Orlando man was arrested for throwing a deadly missile.

According to police reports, two women were leaving the parking lot of the New York Times, when a man threw a beer bottle at their car.

The women told the officer the man was at the Fern Park Krystal restaurant, 349 U.S. Highway 17-92. An officer went to the restaurant and after a few questions arrested a suspect.

Taken into custody and charged with throwing a deadly missile was Kenneth Dwane Alexander, 63, of Orlando.

He was being held in the county jail in lieu of \$8,000 bond.

Cabinet May Extend Merit Pay Deadline

TALLAHASSEE (UPI) — The governor and Cabinet plan this week to consider extending the deadline that passed Monday for school teachers to apply for bonuses under the state's new merit pay plan.

Gov. Bob Graham moved to delay the deadline from Monday until April 20. The Cabinet is scheduled to consider the extension Thursday.

"It's a good idea. It was a very short deadline," said Ruth Holmes, president of FTP-NEA, a teachers' union and lobby.

"Some of the teachers were confused as to exactly when the application had to be in." she said. "But I don't really think there are going to be a lot more (applying) — either they were eligible or they were not eligible."

As of Friday, 7,323 teachers had applied for the merit pay, which is scheduled to bring bonuses of up to \$3,000 beginning next year, out of a total of about 90,000 teachers statewide.

"This just shows that the plan is hastily drafted and it's going to leave itself open to these kinds of problems," said Jim Geiger vice president of the other teachers' lobby, FEA-United.

Graham wants to extend the deadline because the Cabinet changed the plan after teachers were mailed information stating the qualifications required to earn the bonuses.

At first the regulation said leave that was approved by school officials and was paid would not be counted against a teacher applying for the extra pay. But then the rule was changed so that all approved absences, instead of only paid absences, do not count.

Bikers Raise \$2,600 For St. Jude Hospital

Local cyclists raised \$2,600 for St. Jude Children's Research Hospital Saturday in the Sanford "Wheels-for-Life" Bike-a-thon conducted by the Sanford Rotaract Club.

"This ride was a great success and showed that Sanford understands the importance of research being done at St. Jude Hospital," Bike-a-thon Chairman Ed Vogel said in announcing the ride's results.

Of the 21 bike riders who entered the event, the one who raised the most through pledges from sponsors was Mike Laxner, who raised \$30.74 for St. Jude.

Laxner won the top prize of a 10-speed bicycle donated by J.C. Penney of Sanford Plaza.

In addition food and drink were supplied by McDonald's, Continental Foods, Publix, Coca-Cola, Sunniland Corperation, the Fleet Reserver and Mayfair Country Club.

"The \$2,600 raised from the ride will kelp continue the research into childhood cancer and other catastrophic diseases," Vogel said.

Riders have been asked to wear their "I'm riding for Terry" bracelets as they collect their pledges. Terry is a leukemia patient who symbolizes all the children at St. Jude. She is eight years old, and has been in remission for almost three years. "This brave little girl is now winning her battle against cancer," said Vogel. He asks all sponsors and riders to turn in their donations to Nice Day Coin Laundry by Tuesday, April 11. —Jane Casselberry

Chairman Ed Vogel explains Bike a thon course to riders as they prepare to leave Greater Sanford Chamber of Commerce parking lot.

Guilty Plea Entered In Mischief Case

A Casselb-rry man who threw a skate through a skating rink window then resisted arrest has pleaded guilty to the charges.

Thomas Lee Bushor, 24, of 551 Woodfir Way, pleaded guilty before Circuit Judge S. Joseph Davis Jr. to criminal mischief and resisting arrest with violence.

Davis scheduled sentencing for May 15 and Bushor could receive up to a year in the county fail.

According to court records, when a sherrif's deputy arrived at the Starlite Skate Way, Dog Track Road, Longwood, Feb. 4 at 9 a.m., three men were holding Bushor down on the floor. When Bushor was released to the officer he began fighting and bystanders helped the officer subdue and handcuff him. Bushor had thrown a skate through a window

leave, according to a sheriff's report.

Bushor, who was arrested on a charge of throwing a deadly missile and resisting arrest with violence, was treated for a cut hand by paramedics. He was then transported to the county jail where his bond was set at \$1,500.

In County Court, a Longwood man who pleaded no contest to perjury and false representation to an officer received one year of probation.

Ira David Bernhard. 19, of 1203 Kumquat Court. received the sentence in misdemeanor court from Judge Alan A. Dickey.

Dickey withheld ad-Judication, placed Bernhard on probation without travel restrictions and ordered Bernhard to pay \$100 in court costs. \$15 to the Florida victim compensation fund, and \$ 2 0 p e r m o n t h supervision cost during probation.

Bernhard was arrested after he made a sworn statement for sheriff's deputies accusing another man of the theft and use of two gas company credit cards.

He said the cards had been taken from his coat when the coat was in the closet at a friend's house. — Deane Jordan

Name Overpass After Sydney Chase

At last. At last, those of us who travel West First Street out of Sanford can do so willingly and pleasurably. Without the need of figuring out the right time of day or night to get across those bumpy railroad tracks - before what seems like a thousand-car freight train beats us to it and causes us to sit there, sometimes sweltering for what seems an eternity, unable to shift into reverse to take another route because other unfortunate motorists have lined up behind us, locking us in.

Now, thanks to the efforts of some local folks, people who generally take on a task for community improvement, then stick to it until it's finished - that's all behind us.

We can now breeze over the tracks via the almost-completed \$2.4 million state Road 46 overpass, leaning out the window to sneer at the lengthy freight train moving, ever so slowly, far below us ... well out of our reach.

And while there are several individuals deserving of our thanks for having brought this motorists' delight to us, one of those individuals stands out a bit more prominently.

He's Sydney O. Chase Jr., for whom local clvic and community leaders want the overpass named. The Sydney O. Chase Jr. Overpass. That's okay by us, and as it should be. The state Legislature should approve promptly the bills introduced by state Rep. Bobby Brantley, R-Longwood, and state Sen. John Vogt, D-Cocoa Beach, doing just that.

Chase took on the task of bringing about the overpass a long, long time ago. About 1968 to be exact. And his efforts to get funding for the overpass didn't wane until it came to pass, no pun intended.

As a member of the Greater Sanford Chamber of Commerce's road and bridges committee, Chase was joined in the endeavor by Seminole County Engineer Bill Bush and chamber president Jack Horner.

A federal grant request, under the Model Railroad grants, was submitted to the federal government and approved by Congress in 1981. Chase, Bush and Horner went to Atlanta during a convention of the National Highway Users Association to woo federal officials, and Chase later lobbled state officials as well to gain the Florida Department of Transportation's blessings.

What Chase and Bush pointed out to federal and

JEFFREY HART

With this beautiful spring weather we've been having, there are all sorts of outdoor activities being planned to help us enjoy it even more while at the same time rasing money for various charities. Bike-a-thons, canoe-a-thons, art festivals, strawberry festivals, and even an outdoor ballet guild spectacular have all been recent events in the area. Coming up on Saturday, April 14 at 8

p.m. is a delightful event that has become something of a rite of spring for music lovers. The Florida Symphony Orchestra will hold its eighth annual Concert at the Springs with an array of favorites from pops to the classics to movie scores from Fame and Charlots of Fire plus exciting added attractions.

This year's theme is "Olympiana at The Springs" and there will be music and entertainment to delight every member of the family. The line-up will include guest performers such as the Ballet Guild of Sanford-Seminole, the Rollins College crew

team, water ballerinas, breakdancers and more.

A stage will be built over the water at The Springs beach and concertgoers are invited to bring their lawn chairs, blankets and picnic baskets and find a choice spot along the grassy shores. There will be no concessions this year, so picknickers should bring their own food and beverages.

Tickets (\$10 general admission or \$15 reserved seating) are available at Altamonte Mall. Southeast Bank offices and the gate, which opens at 5 p.m.

Sanlando Springs was a favorite spot for me since childhood and for my children as well, but since it became The Springs - a swank, privateresidential development -The Springs Concert is one few times the public has the opportunity to enjoy these beautifui surroundings.

Seminole Chapter of Florida Audubon Is planning an outing on Wednesday, April 11 on the St. Johns River. The leisurely

four-hour pontoon boat trip will begin at Holly Bluff Marina in DeLand at 9 a.m. and will provide bird lovers a chance to spot the osprey that nest along the river. Participants will eat their picnic lunches afterward at Hontoon Island State Park. For further, information call Jim Brussowof of DeBary at 668-4812.

Longwood City Commissioner June Lormann, who was mayor when plans were approved, is bursting with pride over Hospital Corporation of America's soon-to-open new South Seminole Community Hospital, a medical/surgical facility and the adjacent West Lake Hospital full-service psychlatric facility on state Road 434. She said it will be a great benefit to the city and residents of the area. Dedication ceremonies will be at 2 p.m. Sundaywith U.S. Rep. Bill McCollum (R-Altamonte) and U.S. Senator Paula Hawkins (R-Winter Park) among the speakers.

McGovern's Historicai Importance

George McGovern bowed out of the current primary campaign amid praise for his good humor, graciousness, and statesmanlike behavior. He returned one final time to the state of Massachusetts, the only one he had carried against Nixon in 1972, and then, as he had promised, took his departure as a kind of party elder.

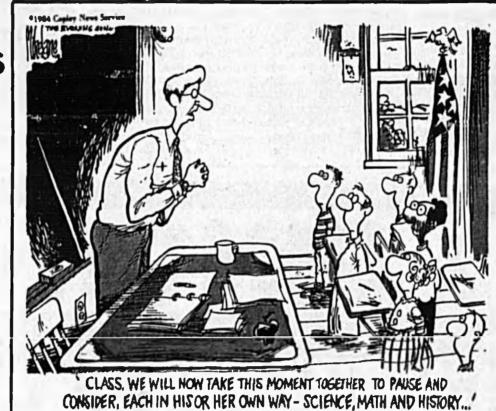

All this was entirely fitting, for McGovern is a figure of historical Importance, the father of today's Democratic Party.

McGovern is the Forerunner. Like Barry Goldwater in 1964, McGovern went down to catastrophic electoral defeat, but, again like Goldwater, he embodied the future of his party and today his triumph is virtually complete.

Ever since the death of FDR, there have been two Democratic parties, and we might call them the Regulars and the Left.

In 1944, the Regulars forced Vice President Henry Wallace off the ticket and replaced him with Senator Harry Truman, the epitome of the Regulars, and thereafter the Regulars dominated the party.

In 1960, John F. Kennedy, running as a nationalist and anti-communist, defeated the already twice-defeated candidate of the Left, Adlai Stevenson, at the Democratic convention, even as Eugene McCarthy implored the delegates: "Do not turn your back on this man. nennedy chose the Regular Lyndon Johnson for vice president, a slap in the face for the Left. Under Kennedy and Johnson, and until 1972, the "Scoop" Jackson wing of the party remained powerful, committed to the welfare state at home and a tough anti-communism abroad. But the handwriting was on the wall I. 1968, when the Left Eugene McCartly strongly challenged President Johnson in the New Hampshire primary and Johnson soon retired.

FARMING WORLD **Conservation Bill Eroded**

WASHINGTON (UPI) - There is a growing bipartisan belief both in Congress and among top officials at the Agriculture Department that soil conservation practices should be a more integral part of the nation's farm

programs. But there is disagreement as to whether more extensive conservation programs should be enacted now to get a head start at reducing loss of topsoil or whether Congress should wait and

farm bill.

Rep. Ron Marlence, R-Mont., who said he plans to introduce six amendments when the House Agriculture Committee takes up Jones' bill, said, "The cost is objectionable, at this time."

To address cost concerns, Jones scaled down his measure before presenting it to the House-Senate conference. The House subcommittee he chairs had approved a measure, costing \$300 million a year, that would take

ROBERT WALTERS Toxic Threat Growing

LONDONDERRY, N.H. (NEA) - More that a year ago, federal officials identified an industrial dump in this community as one of the nation's most hazardous waste sites - but no action has been taken to alleviate that danger.

"It's been a nightmare." says one local resident whose family must purify its household water because the area's ground water has been heavily contaminated by organic chemicals and other industrial wastes.

In the town of Derry, N.H., five miles northeast of here, four workers recently faced a different danger from toxic chemicals when they were cleaning an industrial tank used in the manufacture of electronic circuit boards.

The workers lost consciousness and were admitted to a local hospital in critical condition after they inhaled the fumes from methylene chloride-soaked rags. That chemical, commonly used as an industrial solvent, depletes the oxygen supply in human blood cells.

In Stratham, N.H., a truck operated by a septic tank cleaning service earlier this year accidentally dumped caustic chemicals along the roadside.

What's happening here in New Hampshire is occurring in other states - people are being exposed to potentially lethal substances in their communites, homes, schools, offices and factories.

Canal In

state officials was that the overpass was sorely needed not just to appease motorists, but because the constant train traffic from nearby train yards presented a hazard to emergency vehicles - police cars needing to get to a serious accident, fire trucks to a fire, and ambulances to victims for transport to a hospital.

Thanks to Chase, Bush, Horner and a myriad others who played a role, large or small, we all but have our overpass.

At the moment, the two completed eastbound lanes are being used to accommodate east-west traffic, while the remaining two lanes which eventually will accommodate westbound traffic alone, are being completed.

The entire project, an important link between downtown Sanford and Interstate 4, should be finished and operating with two lanes each for castbound and westbound traffic around April 30.

We're looking forward to it. As are, we're certain, Chase, Bush, Horner, and everyone else in the Samord area.

Kick From Justices

Dennis Partee didn't have a big leg, but he was reliable. He was a valuable property as placekicker for the San Diego Chargers. Happy and outgoing, he had the all-American boy look.

But he became disgruntled at the team's management and filed sult after being cut from the team in 1976. The case went all the way to the U.S. Supreme Court, which recently rejected the appeal. In effect, the high court conferred upon profesional football the same protection against antitrust laws given to organized baseball by the court in 1972.

Baseball, which calls itself the national pastime, has "unique characteristics and needs" which place it beyond the reach of antitrust laws, the justices decided then.

And now, in effect, the black-robed justices have said the same thing about football. It too has been declared a national pastime, and the club owners are free to make their own rules about drafting and trading and releasing players.

Dennis Partee didn't mean to, but he may have contributed more to the National Football League by going to court than he ever contributed on the gridiron.

George McGovern pulled it all together in 1972, wounding the Regular Ed Muskie in the New Hampshire primary, then gaining the nomination at Mlaml.

Though McGovern sank under Nixon's New Majority, he brought in the new orthodoxy of the Democratic Party: racial and gender quotas among the delegates, radical income redistribution (his "Demogrant" program), homosexual rights, and a neo-isolationism in foreign policy ("Come home, America").

McGovern's triumph within the party reflected a new Democratic equation: the entire loss of the South, the decline of labor union power, the rise of black and minority power, and the near domination of the party by academic and media types.

This year. Gary Hart is running in a modulated way as the new-politics heir of McGovern. Walter Mondale, moving toward the center, is the candidate of what is left of the Regular party.

JACK ANDERSON

unsider comprehen legislation as part of 1985 farm legislation that would go into effect in 1986.

The conflict over timing surfaced last week during House and Senate negotiations that reached agreement on a farm bill to pay wheat farmers to cut acreage this year and next year and, it surpluses mount, to pay feed grain, rice and cotton farmers to cut acreage next year.

As the House-Senate conference drew to a close, Rep. Ed Jones, D-Tenn., asked negotiators to consider major conservation provisions that had been approved by a House Agriculture subcommittee that Jones chairs.

Noting that many people believe that new conservation initiatives should wait until Congress considers major farm legislation, Jones said, "I think that's what we have before us this afternoon."

Senate Republicans refused to go along and Jones was forced to drop his effort, but he got a commitment from Senate Agriculture Chairman Jesse Helms, R-N.C., that the Senate would consider a conservation bill quickly.

Assistant Agriculture Secretary William Lesher told the House and Senate negotiators that the Reagan administration could not support such a comprehensive soil conservation bill "at this time."

He said the administration is spending \$1.5 million for pilot projects in Alabama, Idaho and South Dakota to test conservation concepts and to enable officials to make more informed decisions on conservation programs that should be incorporated into the 1985

s most croatble land out of production.

Under the plan, farmers could enter into contracts with the government for seven to 15 years and the government would pay farmers rent for the idled land and would help defray the cost of conservation measures for the land.

Jones scaled that down to a one-year program costing only \$25 million.

Jones' bill also includes sodbuster language passed by the Senate last year. It would prohibit federal farm program benefits for highly erodible, newly plowed land. It is intended to slow down the plowing of grasslands in the West for production of wheat.

To try to make the bill palatable to the House-Senate, Jones also had watered down a third provision of the bill that would have permitted cropland idled for conservation purposes to be considered as part of a farmer's acreage when he enrolls in farm programs.

Current policies discriminate against farmers who regularly idle acreage and rotate crops under their conservation programs and benefit farmers who plant crops on fragile land.

The watered-down version would have simply required the Agriculture Department to submit a report on the Issue to Congress.

Despite administration opposition to Jones' measures at this time. Agriculture Secretary John Block has made it clear that he believes conservation programs must play a larger role in farm programs.

"Toxic hazards are everyw the water we drink, in the air we breathe, in the food on our tables, in our work places and communities," says John T. O'Connor.

"The invasion of toxic chemicals into our bodies in America's No.1 health problem," he adds. "Toxic hazards may be killing upwards of 1,000 citizens a day.'

O'Connor is determined to do something about these hazards. He's recently become coordinator of the Washington-based National Campaign Against Toxic Hazards, an effort supported by a coalition of more than 100 consumer, environmental, labor and citizen organizations.

Here in New Hampshire, organizers of the door-to-door canvass have established a goal of contacting 88,000 people. As in other states, they will be attempting to focus public attention on the need for stronger legislation and improved enforcement to substantially reduce the dangers posed by toxic hazards.

The coalition insists that all people have the right to be safe from harmful exposure to toxic products, to know what toxic substances are present in their environment and to participate in decisions regarding those hazards.

In addition, the coalition is pressing for compensation for victims of toxic exposure as well as a reduction in the generation, use and disposal of toxic substances.

KAL 007 Tape Cost Japanese Dearly

WASHINGTON - On rare occasions. American presidents overrule their intelligence advisers and release topsecret information they feel the public should know, even though the release compromises intelligence-gathering methods. An example was President Kennedy's release of aerial spy photos during the Cuban missile crisis in 1962.

The last time such sensitive information was deliberately released, it was Japanese Prime Minister Yasuhiro Nakasone who made the decision. At serious cost to his intelligence agencies. he decided to disclose the intercepted radio transmission of Soviet pilots during the final minutes of Korean Air Lines Flight 007 in the early hours of Sept. 1, 1983.

The Soviet pilots' reports to their ground control stations proved that the unarmed airliner had been downed with 269 civilians aboard. The Japanese release of this damning evidence came at a time when the Soviets were still denying that they had shot the plane down. Without the Japanese tape, they might never have admitted the atrocity. On a recent trip to Tokyo, my associate Dale Van Atta learned the dramatic details of Nakasone's decision from Japanese Intelligence sources and documents stamped "secret" in red Japanese characters. Here are the highlights of the tragic episode from the Japanese vantage point. All times are Tokyo time:

- Sept. 1, 3:38 a.m.: The Japanese radar station at Wakkanal, Hokkaido. which had been tracking the unidentifled aircraft's progress, saw the blip disappear from the screen less than 50 miles away. The trackers thought it was probably a Soviet plane that had gone down.

- 7:30 a.m.: The Korean government. which has no diplomatic relations with Moscow, asked the Japanese to find out. through their Moscow embassy, if the Soviets had forced the missing KAL flight down over Sakhalin Island.

- At about the same time, the Wakkanai listening post began an arduous search of the tapes of Soviet radio transmissions for the crucial time period. Hours later, the tape and the radar chronology were matched up.

- The contents of the incriminating tape - in which the Russian pilots

キーニー きょうしき かんとうしい かんとう ひいち きょうちょぎ のいたいちょぎの 夢子

discussed the "target" and its destruction in detail - were withheld from Nakasone for at least an hour by his chief cabinet secretary, Masaharu Gotoda

When the prime minister was finally told, he asked Gotoda if the information had been shared with the United States. Told it hadn't, Nakasone snapped: "Why the hell are we wasting our time? They are our allies!"

- 8:15 p.m.: Foreign Minister Shintaro Abe told a press conference that KAL-007 had crashed, and might have been shot down.

- 8:30 p.m.: Soviet Ambassador to Japan Vladimir Pavlov was summoned to the Foreign Ministry and asked for information. He said he had none.

- 9:30 p.m.: The Soviet Foreign Ministry told the Japanese embassy in Moscow it still had no information.

- 11:45 p.m.: Secretary of State George Shultz told a press conference the Soviets had shot down KAL-007.

- Sept. 2, 2:15 a.m.: Tass reported that an unknown aircraft had violated Soviet airspace and fighter planes had scrambled

- 3:40 a.m.: Ambassador Pavlov told

the Foreign Ministry only what Tass had reported.

- 11 a.m.: Gotoda told a press conference that KAL-007 had been shot down by a Soviet air-to-air missile.

- Sept. 3, 1:50 a.m.: Tass made another announcement, still containing no mention of a shoot-down.

- 10 a.m.: Foreign Minister Abe dressed down Ambassador Pavlov, blaming the Soviets for shooting down the plane. Pavlov reported that some fragments of KAL-007 had been found.

Faced with an obvious Soviet attempt at a cover-up. Nakasone made the decision to release the incriminating tape.

Nakasone's decision to unmask Soviet barbarity before the world cost Japanese intelligence dearly. The Soviets immediately changed codes and frequencies of their transmissions in the Far East. From Intercepting 100 percent of the Soviet radio traffic, the Japanese now get only half or less. One source estimated it will take at least five years and millions of dollars to come even close to their pre-September interception capability.

and a set of the second s

Client Should Always Ask Lawyer Price Of Service

cent column you wrote. "The physically ill lose notime in consulting physiclans whom they gladly pay for their services. Why then do so many people who need legal services hesitate to consult a

lawyer?

Abby

I would like to respond to that question. When I go to a doctor, I pay a fee in the vicinity of \$25, perhaps get a prescription filled, and usually in due time I feel better. If the ailment requires more drastic measures, medical insurance takes over.

On the other hand, when I go to a lawyer, he talks to me for a few minutes, writes a letter or two, makes a couple of telephone calls, then sends me a bill for \$500. Later I learn that with a little library work on my part. I could have accomplished the same thing by filling out a few forms.

The learned the hard way never to use a lawyer unless it's absolutely necessary - then shop around and get the best price possible.

Also, never go to a friend who says, "Don't worry about the price - I'll make it easy for you."

I'm signing my name, but please don't use it. My lawyer might suc me.

BURNED IN KIRKWOOD, MO.

DEAR BURNED: There is nothing wrong with shopping around to find a lawyer in your price range. but if you engage anyone for any kind of service without asking how much it is going to cost, don't complain when you get the bill.

DEAR ABBY: A family friend of many years has asked me to marry him. I lost my husband four years ago and he lost his wife last year. We are both in our late **60s**

I am not a cemetery-goer, but apparently this gentleman is. He told me that he visits his wife's grave every day and he asked if I would have any objection if he continued to go after we are married.

I didn't give him a straight answer, but in my heart I know I would object if he continued to go daily. What is your opinion? SECOND

David was welcomed home by his sisters, Brittany Karen Warner's 'In And Around Michael, 3. Long: ood' column will appear in the **PEOPLE section Wednesday** Sanford. NOTICE hard no blind they want ALCOLUMN V 78153 NOTICE AND APPLICATION FOR **ALTERNATIVE PAYMENT OF 1984** REAL ESTATE TAXES BY INSTALLMENT Section 197.0155, F.S. allows an alternative plan for payment of real estate taxes. A taxpayer who elects to pay taxes by the installment method shall make payments based upon an estimated tax which shall be equal to the actual taxes levied upon the property in the preceding year. THE PAYMENT SCHEDULE SHALL BE AS FOLLOWS: **First Installment Payment:** One guarter of the total estimated taxes discounted 6%. Payment shall be made not later than June 30, 1984. A taxpayer must make the first installment payment in order to participate in this plan. Second Installment Payment: One quarter of the total estimated taxes discounted 4%. Payment shall be made not later than September 30, 1984. Third Installment Payment: One quarter of the total estimated taxes plus one-half of any adjustment pursuant to a determination of actual tax liability discounted 3%. Payment shall be made not later than December 31, 1984. Fourth Installment Payment: One quarter of the total estimated taxes plus one-half of any adjustment pursuant to a determination of actual tax liability. No discount. Payment shall be made not later than March 31, 1985. If you have not received an application to pay 1984 taxes by installment and it is your intent to exercise your rights under this law, then please complete the appli-cation below and mail or file with your county tax collector prior to May 1, 1984. The absolute deadline for filing the application is May 1. Any application filed after May 1 will not be considered. The postmark on applications mailed to the tax collector shall determine if the application was mailed timely. THOUGHTS

DEAR SECOND THOUGHTS: You are wise to have second thoughts. Your friend's daily visits to the cemetery indicate that he is not yet ready to let go of the past

In order for him to be a proper busband to you, his grief must be resolved, worked through and put to rest. This may require professional help. Suggest it. And tell him honestly how you feel.

DEAR ABBY: I'm planning my wedding and need your help. My biggest problem is I have three fathers and only one of them can give me away.

Father No. 1 is my real father. He never married my real mother. She gave me up for adoption, but I have become acquainted with my birth parents in the last year or so.

Father No. 2 is the father who adopted me and raised me until I was 10 years old. He and my adoptive mother are now divorced, but we have kept in touch with each other. I like him a lot

Father No. 3 is the man my adoptive mother married after she and father No. 2 were divorced. He has been around since I was 12 years old. He's been a good father, but he isn't crazy about my flance. (He tried to talk me out of marrying him.)

I would really want Father No. 2 to give me away, but my mother thinks I should ask Father No. 3 because he has spent more time and money reaising me than any of the others.

Who gets your vote.

TOO MANY FATHERS

DEAR TOO MANY: Father No. 3 - if he's willing

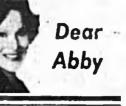

CONFIDENTIAL TO PLANNING MY FUTURE IN VICTORIA, TEXAS: Work for the Lord. The pay won't be anything to write home about, but the retirement benefits are out of this world.

NEW ARRIVAL

Mr. and Mrs. Dale (Debi) Wagner, 103 Laurel Drive. Sanford, announce the birth of their fourth child, a son. David Benjamin, who weighed in at 8lbs., on March 9, at Central Florida Regional Hospital, Sanford.

Skye, 8, and Brooke Elaine, 5: and his brother, Ryan

Maternal grandparents are Mr. and Mrs. Walter (Marion) Bethea, 142 Upsala Road, Sanford, Paternal grandfather is Edward Wagner, 1210 Crescent St., IF YOU DESIRE TO PAY 1984 TAXES BY INSTALLMENT, PLEASE SIGN, DATE, COMPLETE PROPERTY IDENTIFICATION NO. AND RETURN THIS APPLICATION TO YOUR COUNTY TAX COLLECTOR PRIOR TO MAY 1, 1984. UPON RECEIPT, THE TAX COLLECTOR SHALL MAIL YOUR FIRST NOTICE OF PAY-MENT DUE, WITH INSTRUCTIONS. IF YOU HAVE NOT RECEIVED YOUR FIRST NOTICE BY MAY 15, 1984, CONTACT THE TAX COLLECTOR'S OFFICE. Florida Law requires that your estimated taxes must be more than \$25.00 in order to participate in the Install-ment Payment Plan. If your estimated taxes for 1984 are \$25.00 or less you do not qualify for this plan. You must make the first installment payment not later than June 30th in order to participate in this plan. Once you have elected to participate in the installment payment plan by timely paying the first payment you are required to continue participation for the tax year. If you elect to discontinue participation you will not be en-titled to receive the discounts provided by Law. Installment payments that become delinguent shall be paid with the next installment payment. Discounts shall not be allowed on delinguent payments.

DEAR ABBY: In a re-

Georgetown's Bench, Ewing Cage Cougars

SEATTLE (UPI) - Georgetown's 1984 little early." road show - starring Patrick Ewing and freshmen Michael Graham and Reggie tournament west of the Mississippi, re-Williams - played its last stop before a grouped after failing behind by a 14-6 count packed house and came away a winner.

of Graham and Williams, topped the Winslow was called for goaltending. Houston Cougars 84-75 Monday night in the Kingdome to win the Hoyas' first NCAA came into the game off a strong perforcrown. But the night did not start well for Hoya coach John Thompson.

Houston, which had shown a nearly fatal reluctance to take the outside shot against Virginia in the semifinals, came and blazing and made its first seven shots from the field. But Cougar guard Reid Gettys said the 7-for-7 start was a bit deceiving.

"I won't call it our Sunday punch." he said. "Our Sunday punch is taking it inside. Those were all outside jump shots."

Thompson said the quick start by the Cougars took him by surprise and forced him to abandon his zone a little before he had planned to.

"We had planned on coming out of the zone," he said. "But we had to come out a

The Hoyas, who played the entire NCAA and rallied to tie the contest at 14-14 on a Georgetown, behind the play off the bench Williams drive as Houston freshman Rickie

> It was a shaky game for Winslow, who mance against Virginia. The freshman scored just two points and turned the ball over three times.

Georgetown held onto the momentum for the next few minutes until Ewing picked up his second foul with 7:43 remaining and went to the bench. But Thompson had prepared his team for just such an occurrence during the regular season and his-Hoyas responded.

"I really and sincerely feel that if you take some chances early in the year it builds your team for later." he said, referring to his policy of utilizing his bench. "We made some mistakes at the beginning of the season, but we learned, and that paid off."

Georgetown put together a 12-8 scoring

NCAA Basketball

streak, led by senior guard Fred Brown. after Ewing sat down to take a 40-30 nalftime advantage. Brown took down two key rebounds and picked up an assist over that span.

"I thought he (Brown) gave us a great lift," Thompson said, "At one time the coaches were debating over the substitution but I overruled them and sent Brown in. 1 was concerned because I couldn't play Gene (Smith).

Smith, a key defensive performer for the Hoyas, was sidelined for Monday's contest by an injured arch that was sustained in Georgetown's 53-40 triumph over Kentucky Saturday.

However, as bothersome as the 10-point halftime deficit may have been to the Cougar faithful, there was another far greater problem facing their squad. Star center Akeem Olajuwon had picked up his

third foul with just seconds left in the half. The problem got much worse just 23 seconds after the second half started when Olajuwon picked up his fourth foul. The seven rebounds and Graham added 14 Cougars' 7-footer went to the bench, effectively ending his heralded meeting with Ewing. Olajuwon came back later but was never the same.

"I'm not used to that," he said of his foul difficulties. "Inside that was killing me."

Olajuwon finished with 15 points and nine rebounds while Ewing ended with 10 points and nine rebounds.

To Houston's credit, the Cougars did not go down without a light. Guard Alvin Franklin took over the offensive load for the departed Olajuwon and nearly brought his team all the way back.

Franklin scored 17 of his 21 points in the Georgetown's guards and going up with a short jump shot, to pull Houston to within 72-67 with 3:48 remaining.

as Williams, a 6-7 freshman, and Graham, a I'm going to have to coach."

6-9 freshman, both pounded away Cougars inside. Williams ended as the Hoyas' leading scorer with 19 points and points and five rebounds.

Houston coach Guy V. Lewis, who has watched his team lose five times in the Final Four and became only the second coach in NCAA history to lose back-to-back finals, said he jut felt "awful, awful, awful" after the loss.

Thompson, whose coaching tactics and team playing style had been a source of criticism this season, said the victory topped of his most difficult year.

'With all the emotional ups and downs of this season," he said, "this certainly has been my most difficult year. I feel I have a monkey off my back."

Thompson said he did not expect his second half, mostly by knifing between team, which loses just two players to graduation, to repeat next year.

"It's the hardest thing to come back," he said. "A lot of things change. The kids get a But the Cougars could not get any closer little cocky and I've got to get on them more.

Tribe Wastes Landress Effort, Loses To Hawks

By Sam Couk Herald Sports Editor

The frustration of losing moved to another plateau for Sanford's Fighting Seminoles Monday afternoon against the Spruce Creek Hawks.

Despite a strong pitching performance by junior Glenn Landress, the Seminoles lost for the seventh time in their last last eight games, 6-3, to Spruce Creek in Five Star Conference baseball at Sanford Memorial Stadium.

Spruce Creek had lost its top three pitchers and was sporting a five-game losing streak coming into town. "I just hope enough guys show up," said Hawk coach Chuck Bailer about his 9-14 and 5-8 team.

It doesn't get any easier for the Tribe either. Seminole, 8-12 and 4-9, hosts Lyman at 7 p.m. Wednesday and entertains Lake Brantley at the same time Friday.

As has been their habit of late, errors hampered another decent Seminole mound effort. Landress have up eight hits, but three were bloops. He was touched for all six runs, but just two were carned. The junior righthander struck out five and walked five.

Four errors were his undoing. Spruce Creek punched across two runs in the first on a bloop single to right by J.C. Koren and a solid double to left center by Don Roberts. Keith Courington's groundout chased home the

Hill's 4 RBI Leads **Rams Past Crabs**

By Chris Fister Herald Sports Writer

Lake Mary's Rams have been able to manufacture runs all season long, no matter what hitters were hot or what hitters were not.

The Rams contined to roll up the runs Monday as Kevin Hill, who was having his troubles at the plate lately, went 3 for 3 and drove in four runs to lead Lake Mary to a 12-7 victory over Daytona Beach Scabreeze's Sandcrabs in Five Star Conference baseball action at Lake Mary High.

The Rams moved into a tie with Apopka for first place in the conference as Apopka was idle Monday. Lake Mary now stands at 16.5 overall and 11.2 in the conference. The Rams host Mainland Wednesday at 3:30 p.m.

"When someone's not hitting for us, somebody else always comes through," Lake Mary coach Allen Tuttle said. "Kevin (Hill) hit well the early part of the season then started to have his problems. He hit three good shots today (Monday) and it helps when the bottom of the lineup comes through."

Lake Mary roughed up Seabreeze starter Roger Ross for five runs on four hits in the bottom of the first inning. Ryan Lisle led off with a walk and Shane Letterio followed with a single to put runners on the corners. Scott Underwood followed with a single to drive in Lisle and Mike Schmit drew a walk to load the bases. Rod "C.J." Metz stroked a single to drive in Letterio and, two outs later. Hill cracked a single up the middle to chase home both Underwood and Schmit. Seabreeze came back with four runs in the top of the second off Lake Mary's Barry Hysell. Brad Cash and John Erickson both singled and a hit pitch loaded the bases. A Lake Mary error led to the first run and Gary James then unloaded a triple to drive in three runs and cut the Rams' lead to 5-4.

run. An error by third baseman Tony Cox allowed the second to come home for a 2.0 lead.

Seminole came back with one in the bottom of the inning when Steve Dennis beat out a slow roller which the shortstop couldn't come up with for a single. Dennis then stole his 31st consecutive base, moved to third on a wild pitch and came home when Kevin Smith drilled a hard groundout to the right side.

Spruce Creek picked up another in the second when shortstop Brian Rogers bobbled a slow roller with two out which allowed Koren to score all the way from second base for a 3-1 lead.

It grew to 5-1 in the third when Elmer Mason looped a single to center, Chip Thomas walked and Bobby Wiech beat out a bunt to load the bases. Landress then got Jim Macklefresh to pop up for the second out, but a ground ball got away from Smith at second allowing both runs to score.

Seminole closed the gap to 5.2 with a run in the fourth lead when James Hersey singled, stole second and went to

Seminole's Bobby Lundquist holds up Steve Dennis as he moves to third base on a wild pitch.

third on a wild pitch. One out later, Tom Wilks rapped reached on an error and Hersey slammed a double to an RBI groundout to the shortstop and Hersey raced home

In the fifth, the Hawks added their final tally on a bizzare play. Thomas doubled to left center but Wiech flew out. Macklefresh looped a single, sending Thomas to third.

The Hawks then tried to squeeze home the run and Seminole called a pitchout. Catcher Dennis, however, wasn't alerted about the run coming home, so he threw the runner out at second as Spruce Creek took a 6-1

Seminole added its final run in the sixth when Rogers Raquet and Thomas. Landress and Dennis.

Herald Photo by Tommy Vincent right. William Wynn lofted a deep drive to right center to score Rogers. Wilks then walked to keep the rally going. but Larry Thomas struck out for the third time and pinch-hitter Brian Sheffield's screaming liner went right

to the shortstop. Hersey led the Tribe with two hits while Dennis later stole his 32nd straight base to add to his school record.

but Drinkwater pulled it in.

Lake Mary came back with a pair of runs in the third, one came on a RBI single off the bat of Hill and another scored on a Seabreeze error.

Erickson belted a home run in the top of the fourth to cut Lake Mary's lead to 7.5 but Lake Mary made it 8.5 in the bottom of the fourth as Metz drew a walk and came around to score on Hill's two-out single.

Hysell shut the Crabs down the next two innings and the Rams took a 12-5 lead with four runs in the bottom of the sixth. Three of the four runs scored on passed balls and another scored on a walk with the bases loaded.

Hysell struck out five, walked four and hit one batter to pick up his second straight pitching victory against one loss.

Lake Brantley	7
DeLand	5

Brad Dunn limited DeLand to six hits while Mike "Pooh Bear" Pinckes rapped three hits and Blair Patten walloped a solo homer as the Lake Brantley Patriots cruised to a 7-3 victory over the Bulldogs in Five Star Conference baseball at Lake Brantley High Monday.

Dunn, who raised his record to 3-2, struck out nine and walked just one while going the distance. He didn't give up a hit until the third inning and shut out the Buildogs until the sixth inning.

Patten, who has just three hits this season, has belted two for home runs. "Blair hit a good shot," said Lake Brantley coach Gary Smith. "He's been taking extra batting practice and hitting the soft toss. His timing is improving."

The Patriots, 11-8 and 8-5, travel to Lake Howell Wednesday for a 3:30 p.m. game. Sophomore Kenny Chapdelaine (3-2) will be on the mound. Smith said Monday that senior righthander Kevin Gross (4-2) was dismissed from the team for disciplinary reasons.

Lake Brantley Jumped on DeLand loser Stan Kaminski for four runs in the second inning. Brennan Asplen doubled to left center and moved to third when both Scott Anez and Scott Salmon walked.

Bobby Garrison then rifled a double into left center to chase home two runs for a 2-0 lead. Patten grounded out, but Jimmy Robbins walked and Dunn singled home Salmon. Pinckes plated Garrison with a fielder's choice ground ball.

Patten slugged his homer over the left-field fence in the fourth to give the Patriots a 5.0 bulge, and after DeLand scored two in the sixth. Lake Brantley put the game away with two more in the bottom of the inning.

Patten singled to center and speedy pinch-runner Lee Bernbaum replaced him. On a hit-and-run, Robbins roped a double to left and Bernbaum raced all the way home. Dunn skied to right field, but Pinckes singled and Mike Beams' groundout produced his 22nd run batted in.

Baker, Overstreet March Lyman Past Silver Hawks

Prep Baseball

By Sam Cook Herald Sports Editor

Clint Baker dazzled Lake Howell for five innings with his "Soft Parade" and Byron Overstreet came in with the "Hard Stuff" for the last two frames as the Lyman Greyhounds upended the Silver rek Livernois. Greg Lorenz, Hawks, 5-2, in Five Star Conference baseball Monday night at Lyman.

Lyman, 12-9 and 8-4, travels to Sanford Wedensday for a 7 p.m. game with the Seminoles. Lake Howell, 13-10 and 7-6. hosts Lake Brantley at 3:30 p.m. Wednesday.

Baker, a crafty lefthander, was touched for a first-inning run when Bill Lang singled to right, moved to second on a walk to Jay Robey and scored on the first of three singles by Scott "Thurman" Munson. Baker then induced Van Gol-

mont to hit into a 6-4-3 double play to'escape the inning. Lyman pushed across three in the second to take the lead for good. After Lake Howell loser

Todd Hicks (4-2) had retired the 'Hounds in order in the fifth, he came unglued and walked De-Charlie Higgins and Robbie Robinson to force in a run.

John Drinkwater then reached on an error by Vic Roberts to give Lyman a 2-1 edge. Paul Alegre followed with a groundout to third base for the third run.

Lake Howell bounced back for a run in the fourth when Robey singled and Munson looped a base hit to send him to third. Golmont grounded out to third as Robey held. He then scored when Roberts reached on a fielder's choice.

Lyman added its final runs in

Clint Baker ...baffles Lake Howell the fifth when Alegre slashed a double to left and Mike Henley walked. Baker dropped a bunt but Hicks made a nice play to get the force at third. Livernois, though, drilled a long drive to left which went for a double. scoring Henley for a 4-2 lead. Lorenz followed with a perfect squeeze bunt down the first

base line to plate pinch-runner Rodney Frye for a 5-1 lead. When Munson singled and Golmont walked to lead off the sixth, coach Bob McCullough

summoned Overstreet. Overstreet's first pitch was hit up the middle to Lorenz who got the force at second. The sophomore righthander then got John Canfield to pop out and caught Terry Gammons looking at a third strike for the third out.

The seventh, however, was no breeze. Pinch-hitter David

three bases, and Robey had two each. Howell100 100 0-2 9 1 Lyman 030 020 X-5 3 0 Game-winning RBI-none. Hicks and Lang. Baker, Marlette ripped a single to right Overstreet (6) and Henley.

Reds Lower Wall, Then Lower Boom On Mets

CINCINNATI (UPI) - The Cincinnati Reds, unable to raise the roof on offense in recent years, may have found the answer by lowering the walls.

With the Riverfront Stadium fence trimmed from 12 feet to 8 feet for Monday's National League opener, the Reds ripped the New York Mets 8-1 on a couple of homers that wouldn't have cleared the old fence.

Eddle Milner whacked a three-run homer that just

inched over the right field wall and Dave Concepcion delivered a solo shot that barely made it over the left field fence

Concepcion had no home runs at Riverfront Stadium last year and Milner hit only three.

Reds' President Bob Howsam, who just recently ordered the wall I wered for this season, was surprised at the immediate dividends.

"I wouldn't have guessed the new wall would have played that big a role in the very first game," said Howsam. "I did it primarily so the fans could see more exciting catches.

Ironically, the first exciting "new wall" catch worked against the Reds. Milner was robbed of a second homer when Mets' right fielder Darryl Strawberry reached his glove above, and then just behind, the 8-foot barrier to pull in a line shot.

"We lost one, but it was an exciting play to see," said Howsam. "Strawberry's catch was spectacular."

But, there was no doubt the lowered wall helped the offense much more than the defense Monday,

"I agree 100 percent my homer wouldn't have been out with the old wall," said Milner, "Still, I don't like the new low wall. I'm a line drive hitter and I'll take doubles off the wall anytime.

"But," added Milner, "I have to admit I didn't like it

when I was robbed of a another homer today." That was Milner's only complaint, though. He wound

up going 3-for-4, with a single and a double to go along with his "low wall" homer.

NL/AL Baseball Roundup

Dave Parker didn't hit any homers Monday, but sparkled in his debut with the Reds. Parker's first at-bat in a Cincinnati uniform came with the bases loaded and he stroked a single to right to drive in two runs.

"The first thing I thought when I came up was that I'd really like to hit one out," said Parker, the ex-Pittsburgh Pirate star acquired as a free agent. "I really wanted to drive the ball. But, the single was nice. It got two rulas in.'

While the Reds pounded out 12 hits, seven of them for extra bases. Mario Soto surrendered just six singles and a solo home run to Strawberry.

Soto, who struck out seven and walked just one in going the distance, now has a 6-0 career record against the Mets.

BALTIMORE (UPI) - The Baltimore Orioles don't have to be reminded how the Chicago White Sox carned their "Winning Ugly" nickname last season.

The White Sox took advantage of six walks, a bloop hit and a throwing error, combined with a well-placed line drive, to spoil Opening Day for 51,333 fans with a 5.2 victory over the Orioles Monday.

"It wasn't pretty, but it was a win," said Britt Burns, who snuffed out an Orioles' comeback bid in the eighth hitting. I should have taken more time."

Harold Baines Dave Parker ...three RBI ...two-run single

Tuesday, April 3, 1984-7A

and picked up a save in relief of LaMarr Hoyt. Rudy Law led off the game with a single off Scott McGregor, 0-1, and Carlton Fisk moved him to third with a blooper that dropped in. Harold Baines hit a grounder that died on the wet Memorial Stadium turf to score Law, and after two batters walked, Ron Kittle hit a sacrifice fly to score Fisk with Chicago's second run.

Red Soz.....1 ANAHEIM, Calif. (UPI) - Jackie Gutierrez fielded the ball cleanly and had a routine 120-foot throw to first to snuff out California's ninth-inning threat.

Gutterrez, however, made only a 118-foot throw. The ball, and the Boston Red Sox, bit the dust.

The throwing error with two out in the ninth by the rookie shortstop on Bob Boone's easy grounder allowed Juan Beniquez and Fred Lynn to score, lifting the Angels to a 2-1 triumph over the Red Sox in the season-opener Monday night.

To rub a little salt in the wound, Beniquez and Lynn are both former Red Sox.

"I started to throw too quick." a dejected Gutierrez said. "I should have taken my time. The catcher was

Grayson, Heffington Highlight Junior Openers

A pair of fine pitching performances highlighted opening day action in the Sanford Junior League Monday as Kiwanis' Willie Grayson tossed a nohitter, striking out 11 of the 14 batters he faced and Rotary's Jason Heffington twirled a three-hitter, striking out 10 along the way.

Both teams collected 15 runs Monday as Kiwanis blanked Elks, 15-0, and Rotary clubbed Ball Motor Line, 15-1, at Randall Chase Park.

Grayson struck out the first five batters he faced and of the 12 outs in the game, 11 came via Grayson strike outs. Grayson walked just two in the game.

Kiwanis had seven hits in the game off a trio of Elks pitchers and Bernard Mitchell led the way with two hits. Kiwanis scored four times in the first inning, five times in the second and put the game on ice with six runs in the third.

Along with pitching a fine game. Heffington helped his own cause with

Sanford Baseball

three hits, including an inside-the-park home run to lead Rotary to a 15-1 shelling of Ball Motor Line.

Heffington struck out the first eight batters he faced then had his no-hit bid broken up with two outs in the third by "Steady" Eddie Charles, Heffington went on to strike out 10 in the game which only lasted four innings because of the slaughter rule.

Rotary provided Heffington with a big cushion in the first inning as they scored seven runs. Jeff Blake led off with a single in his first Junior League at bat. Les Thomas drew a walk and, after a passed ball allowed Blake to score, Thomas stole second and went to third on a balk. Ron Blake followed with a RBI single and he eventually scored on a wild pitch. With one out, Heffington singled. stole second and third and scored on a

passed ball. Earl Williams, George Ervin and Bobby Bew all drew walks and scored via Ball miscues.

Rotary added three more runs in the second, two coming on Heffington's double and five more came across in the third inning, three on Heffington's inside-the-park homer.

Ball scored its only run in the fourth inning as Ray Adcock singled, stole second, went to third on a wild pitch and scored on Johnny Ketter's single.

Von Eric Small and Johnny Bryant combined on a one-hitter and Bryant smashed three doubles and a single to lead Adcock Roofing to a 12-1 thrashing of Seminole Petroleum in Sanford Little American League action Monday at Fort Mellon Park.

Adcock Roofing broke open a close game with five runs in the third inning. Oscar Edwards singled to lead off and scored on Bryant's double. Marques Howard and Erskin Howard drew back-to-back walks to load the bases and

Bryant scored on Al Brown's single. Ray Adcock followed with a RBI single as did Derrick Herring.

Adcock Roofing put the game on ice with five more runs in the fifth inning. Two runs scored on a double by Arthur Polk and two more scored on Bryant's third double of the game.

Tim Davis' second-inning single was the only hit of the game for Seminole Petroleum.

In other Little American League action Monday, Flagship Bank crupted for 12 runs in the first inning and went on to a 22.5 rout of Seminole Ford at Westside Field

Derrick Taylor and Tye Koke led the 20-hit Flagship Bank offensive explosion with four hits each, including a home run by Koke. James Jackson added three hits for Flagship while Keith Armondi and Jeffery Ingram had two hits each. A trio of Flagship Bank pitchers held Seminole Ford to just two hits, both by Chris Brown.

Contraction and the second second second

Herald Photo by Deane Jordan

There was a definite sense of deia vullast week for Seminole County switchboard operator Deborah Stunson when a urinal two floors above her overflowed and dripped down to her office. This picture was taken nearly a month ago when the same thing happened.

'Floods' Plague County Offices

Seminole County offices are drying out today. Not from a rowdy weekend, but from two separate floods' caused by malfunctioning toilets.

Both incidents occurred Thursday night or early Friday morning in what County Administrator T. Duncan Rose called "an incredible coincidence."

No cost estimate has been made of the damage, but Rose said, "we seem to have escaped without serious damage."

In the old Seminole Memorial Hospital, which is being renovated into county office space, a toilet on the third floor in what will be commission chairman Sandra Glenn's secretary's office overflowed, damaging ceiling tiles on the two floors beneath. car, et which had already been laid and rolls of new carpet in storage.

We've got the heat on over there to try and dry things out," Rose said. Some of the carpet was unrolled outside Friday to dry in the sun. And maintenance crews are using special vacuum cleaners to suck up as much of the remaining water as possible.

Rose said he doesn't know what caused the toilet to overflow, "and if it did overflow, why did it clear Itself and shut off?"

In the Roumillat building, located at the corner of First Street and Park Avenue, the scenario was almost identical. A urinal in a fourth-floor bathroom overflowed, sending water seeping down to the floors below, damaging ceiling tiles and carpet.

"The unfortunate thing was that the switchboard was right under the bathroom on the second floor and it got wet." Rose said. "That has been -Britt Smith repaired.

Supreme Court REALTY Won't Block Execution TRANSFERS

TALLAHASSEE (UPD - The Florida Supreme Court has refused to block the scheduled Thursday execution of Arthur Frederick Gooode leaving his attorney to consider whether to appeal next to the U.S. Supreme Court or a federal court in Tampa.

Goode, 29. the convicted rapist and murderer of young boys, is one of the best-known criminals on Florida's Death Row. In recent years he has written to Gov. Bob Graham frequently asking that his execution be carried out.

Without a stay of execution, he will get his wish at 7 a.m. Thursday. He would be the third Florida inmate to be executed since November.

In a unanimous decision Monday, the court rejected the arguments of attorney Sanford Bohrer of Miami, who said in briefs filed with the court Friday that Goode was insane and could not be executed by the state.

The court noted, however, that a three-member psychiatric panel appointed by Graham examined Goode in February and found that he understood the death penalty and why it had been imposed on him.

It also rejected Bohrer's claim that Goode was denied due process in the determination of his sanity because the psychiatrists' letters to Graham were not turned over to the defense until after Graham signed the death warrant.

Writing for the court, Justice James Adkins said:

Goode has been in the news lately by asking for a televised execution. He said he loved publicity and wanted all he could get, but prison officials turned down his reducst

Goode is on Death Row for the rape and strangulation murder of 8-year-old Jason Verdow of Cape Coral on March 5, 1976. He has also been convicted in Virginia of the rape and murder of an 11-year-old boy.

He escaped an earlier execution date in March 1982 when he won a stay of execution from the 11th U.S. Circuit Court of Appeals. The court ultimately ruled against him; his conviction and sentence have been upheld by the U.S. Supreme Court.

Acne? Just Wash, Don't Use Make-Up

DEAR DR. LAMB -- My

seem to quit. Some of the blemishes have even left a slight scar on her face, but these are only visible when she's not wearing make-up. What do you recommend?

Make-up and cleansers often are part of the problem. Since the process begins with too much of the oily sebum secretion from the skin, it's unwise to add more oil to the surface of the skin. A should avoid all make-up, creams and lotions. Instead, just use a mild soap and warm water and don't

Beyond that, your daughter may benefit from medical treatment. Peeling agents are used in some cases. As the surface cells are peeled away, the sebum oil drains easily,

The other aid is antibiotics. Tetracycline, used long enough, usually eliminates the bacteria within pores that break down the sebum and cause irritation.

dermatologist and let him outline a program. There

develop a scarred face. Meanwhile, I'm sending you the Health Letter 8-2, Acne Can Be Treated. The new medicine Accutane is useful in advanced cases. But It's usually not used in mild or moderate cases which can be controlled by other methods outlined in the Health Letter.

19-year-old daughter has problem skin. Her face reacts to various makeups, soaps and skin cleansers. She takes good care of her skin and washes her face twice a day but still gets blemishes and pimples. They occur mostly around her chin and below her cheekbones - and never

Lamb

products. Is it true that the process of hydrogenation changes the molecules in the oil so that the body is unable to assimilate them? Does that cause the molecules to collect in our veins and

arteries? What about partially hydrogenated oils - are they harmful too?

DEAR READER - When surface of the skin. A a label says "partially person with mild acne hydrogenated," it means some of the unsaturated fatty acids have been converted to saturated

fatty acids. Many authorities believe saturated fatty acids stimulate the body to produce more of the fattycholesterol particles that lodge in the arteries, a condition called atherosclerosis. That's why it's often recom-

mended to limit the amount of hydrogenated or saturated fatty acids in your diet. Many authorities recommend eating more fish and poultry and less red meat. while at the same time avoiding butter fat and foods that contain butter

The best rule to follow is to look at the food label and see how much of the product is composed of saturated fatty acids next to those that are unsaturated or polyunsaturated.

A low chest will fit in the bottom of your closet to hold scarves, gloves, handkerchiefs, underwear, stockings and jeweiry, it can be a real space saver.

by Jim Davis

C 1984 United Feature Syndicate,In

"Tell them nothing and show them less." Any modern expert would find a way to tell his

believed in the theory of

partner that he had singletons in both minor suits and would wind up in a sure-fire spade game.

Hal didn't believe in opening two-bids. His theory of slam bidding was to get there quickly and let his opponents worry about finding the right defense. Hence he opened one spade and jumped right to six after his partner raised him to two.

West had an easy lead against the spade slam. He opened his king of diamonds. East followed with the deuce, but West continued with the ace. Hal ruffed and was able to discard dummy's three clubs on good hearts and

make his slam. It was a triumph for Hal's bidding methods. As West pointed out, Hal would also have bid the slam with 6-5-2 distribu-
