Depressing sight, isn't it? And what is it we say when something old, familiar, once-cherished, once-useful has succumbed to the ravages of time? It served its purpose! Could all the churches in our town someday look like this? They could! Maybe they will... if they have served their purpose... if we don't need them anymore!

Even if you haven't been getting to church of late, I think you'll protest that we DO need our churches. We need the truth they teach — the faith they instill — the hope they inspire — the God-given strength with which they undergird our life.

This is the very point: We ALL need our churches. And to bring ALL of us to realize and fulfill our need... That is their purpose!

## THE CHURCH FOR ALL

**ALL FOR THE CHURCH**  
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Enrico Caruso, Amolita Galli-Curci, John McCormack, Amato Pasquale, Sir Harry Lauder, Alma Gluck. Names of some of history's greatest musical artists. These and many, many more have been added to the list of what the Sanford Library now contains. Jim Talmadge donated the rare, priceless collection of works of these and other artists to the local library. He's been collecting the ancient recordings for long years and, in an all too rare burst of generosity, has made them available for the public to see and hear.

The records are in excellent shape for their age. They're sure to bring back nostalgic memories of yesteryear. But, temporarily at least, you'll only be able to look at the albums. The library has no record player. Maybe . . .

Homework for today: Look up the word "bivector" in the dictionary and let us know what it means. We did and still don't know.

Crews working on razing the Woodruff Building probably aren't aware of it, but last week they created an artistic scene in one of the former stores. They ripped the ceiling off the first floor in one area. The modernistic way the wooden laths hang down is striking, to say the least.

To the Jaycees, Seminole County Medical Society, County Health Department and to all others who took part in the Sabin Oral Sunday project yesterday: Heartfelt thanks from a grateful community. And to those who took the time to get the polio vaccine: Congratulations for thinking of your fellowman. Of course, YOU would never have gotten polio, but you could have given it to your children, neighbors or anyone you contacted. It could be the best 50 cents you'll ever spend.

Think cigarette smoking is on the downgrade? Listen: The State Beverage Department reports the cigarette and alcoholic beverages contributed more sales tax monies to the state general fund in the first nine months of the current fiscal year than in all of the 12 months for the previous year.

The department has thus far collected \$91,595,220.11, more than \$2 million above collections for fiscal 1962-63. If the present trend continues, the tax take will reach the \$120 million figure by the end of the fiscal year. These taxes are the second largest contributor to the state general revenue fund.

Jaycees are not completely engaged in civic projects such as the highly successful Sabin Oral Sunday program. They're also in the midst of an election. And, although it's restricted to membership, the fever pitch is very high. One candidate took advantage of last Thursday's Civic Center luncheon to give a subtle hint of his candidacy. He placed a giant, colorful sign on the wall letting it be known the Jaycees should elect him as president.

For probably the last time this year, either the Senators or Angels will be on top of the American League when nightfall comes today. The other one will be on the bottom. They're the only two teams playing today as the season opens.

Navy wives will model the latest in swimsuit fashions Tuesday at 4 p. m. during the dedication ceremony of the Enlisted Men's swimming pool at Sanford Naval Air Station.

**Meeting Set**  
The North Orlando Civic Association will hold its April business meeting at 8 p. m. today in the Civic Building. A new secretary will be elected at this time. All interested residents and prospective members of the association are urged to attend.

### news... BRIEFS

**Sellers Recovering**  
HOLLYWOOD (UPI) — British actor Peter Sellers appeared to be on his way to recovery today from a near-fatal heart seizure he suffered a week ago.

**SEATO Pledge**  
MANILA (UPI) — Secretary of State Dean Rusk dedicated the United States today to leading the Southeast Asia Treaty Organization (SEATO) in fighting Communist aggression.

**Doctors Return**  
BRUSSELS (UPI) — The government claimed victory today over 10,000 striking doctors and said a mobilization order has restored the situation in the nation's hospitals to "near perfect."

**Attacks**  
DETROIT (UPI) — Militant black nationalist Malcolm X charged Sunday night that Southern segregationists control Congress and "the leading Dixiecrat in Washington is in the White House."

**Slavs Shaken**  
BELGRADE (UPI) — An earthquake of "considerable intensity" rumbled across about 100 miles of Yugoslavia today from Belgrade to the Hungarian border, Radio Belgrade reported.

**Polyot In Orbit**  
MOSCOW (UPI) — The Soviet Union's new unnamed aerobatic space ship Polyot 2, whirled around the earth today, bringing closer the day when the Russians attempt a cosmic rendezvous.

**Newsmen Freed**  
JAKARTA, Indonesia (UPI) — American news magazine correspondent Robert McCabe was released from "protective custody" by Indonesian authorities today after intercession from U. S. Ambassador Howard P. Jones.

**\$100,000 Theft**  
MIAMI (UPI) — Detectives were searching today for burglars who Sunday stole about \$100,000 in gems from the plush apartment of Italian Countess Giordina Mastimiliano. She said she was swimming in a pool at the time of the robbery.

**Nine Killed**  
MIAMI (UPI) — Weekend traffic accidents killed nine persons in Florida, including four pedestrians.

## 15,000 In County Get Vaccine

Sabin oral vaccine was administered to more than 15,000 persons in the county Sunday as the Sanford-Seminole Jaycees conducted the first Sabin Oral Sunday at 12 feeding stations.

**SABIN ORAL SUNDAY** drew an overwhelming response Sunday at 12 feeding stations throughout the county and will be repeated next Sunday to be sure all desiring the polio vaccine will be accommodated. An estimated 15,000 persons visited the feeding stations in a five hour period with some stations depleting its supplies of vaccine. It was replenished in hurry-up trips to an Orlando hospital. Wendell Springfield is shown checking in one of the recipients at the Movieland Drive-In Theater.

**LIBRARY WEEK** being observed this week throughout the nation got off to a splendid start locally when James T. Talmadge presented the Sanford Library with this rare collection of musical recordings. An estimated 300 records were donated to the library by Talmadge, executive secretary-manager, for the Sanford Chamber of Commerce. Thanking him is Mayor A. L. Wilson as the head librarian, Mrs. Sara King, looks on. The recordings date back to 1902. (Herald Photo)

## Management, Unions Speed Negotiations

WASHINGTON (UPI) — Under constant presidential pressure, railroad union and management negotiators pressed efforts today to settle their rules dispute and avoid a nationwide strike.

The carrier and union representatives, meeting together for the first time since President Johnson revived negotiations last week, were in session until 11 p. m. EST Sunday. They planned to return to the bargaining table today.

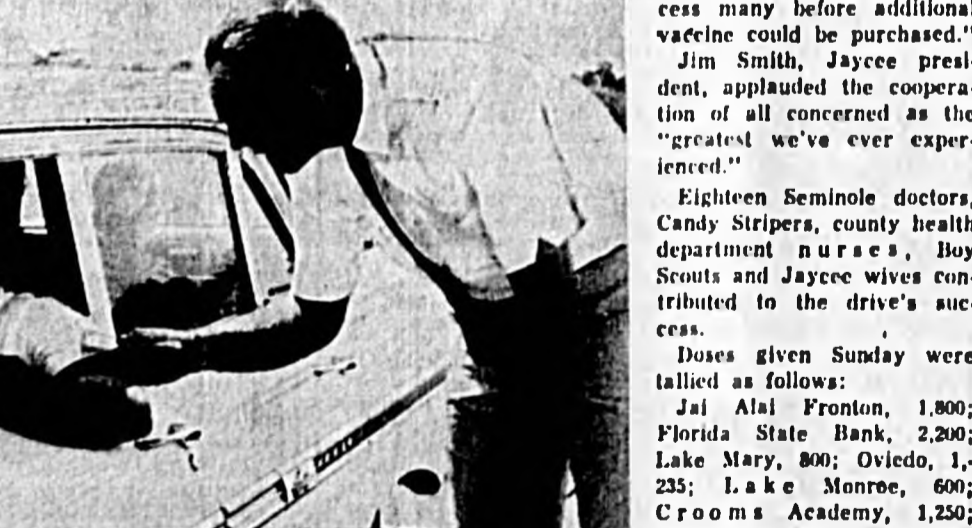

**Weather Bad For Cape Shot**  
CAPE KENNEDY (UPI) — Weather again threatened to upset the third try today to rocket a 200-pound instrument package into space for a 25,000 mile per hour dive back to earth to examine the heat that will wear returning moonships.

**All For Nothing**  
Burglars who broke into the Nehi Bottling Company, 510 Pecan Avenue, over the weekend obtained nothing for their efforts, police said today.

**Discussion Set**  
Discussion of a change in the constitution and by-laws of Branch 117, Fleet Reserve Association, will be held at 8 p. m. tonight. Hospital rights for retirees also will be discussed.

Due to the overwhelming response, the clinics will be repeated next Sunday, according to Wally Peacock, Jaycee project chairman.

He said the stations will be set up next Sunday at the Florida State Bank, Pinecrest Shopping Center, Jai Alai Fronton and at Oviedo City Hall. The hours of noon to 5 p. m. will be used again, Peacock said.

"So great was the demand," the chairman said, "that we ran out of vaccine at practically every station." The Jaycees were paying cash for the vaccine from wholesale drugists and "due to the limited capital we had to process many before additional vaccine could be purchased."

Jim Smith, Jaycee president, applauded the cooperation of all concerned as the "greatest we've ever experienced."

Eighteen Seminole doctors, Candy Stripers, county health department nurses, Boy Scouts and Jaycee wives contributed to the drive's success.

Doses given Sunday were tallied as follows:  
Jai Alai Fronton, 1,800;  
Florida State Bank, 2,200;  
Lake Mary, 800; Oviedo, 1,235; Lake Monroe, 600;  
Crooms Academy, 1,250;  
Winn-Dixie, 1,700; Geneva, 300; Forest City, 1,200; Midway, 1,000; Pinecrest Shopping Center, 1,800, and Movieland Drive-In Theater, 2,000.

Peacock reported today that a sufficient supply of the vaccine will be on hand for next Sunday's make-up stations so that no waiting will be necessary.

## 3-Orbit Trip Set For Around Christmastime

HOUSTON (UPI) — Space veteran Virgil I. (Gus) Grissom and former test pilot John W. Young will ride America's first two-seater Gemini spaceship on a three-orbit around earth, possibly about Christmastime, it was announced today.

Grissom, who rode a Redstone rocket on a 15-minute suborbital journey July 21, 1961 and said frankly he was "scared a good portion of the time," will become the first American to make two flights into space.

The selection of the stocky, moon-faced Grissom, 38, and dark-haired 33-year-old Young to the pioneering flight in the Project Gemini was announced by the National Aeronautics and Space Administration (NASA) at its new manned spacecraft center 25 miles south of Houston.

Project Mercury veteran Walter M. Schirra, 40, who made a six-orbit space flight Oct. 3, 1962, was named a "back-up" Gemini flight pilot along with new astronaut Thomas B. Stafford, 33.

Grissom, an Air Force major and a member of the nation's original seven-man Project Mercury team, will lend the hand of experience to the pilot's seat inside the 7,000 pound Gemini capsule.

Riding in the co-pilot's seat will be the steady-handed Young, a Navy lieutenant commander, whose comparative youth makes him a top prospect for a flight to the moon aboard a three-man Apollo spaceship which the United States plans to launch about 1970.

Selection of the first Gemini pilots and Russia's successful orbiting of a new, maneuverable satellite called "Polyot 2" Sunday were indications of stepped-up drives by the United States and Russia to send astronauts and cosmonauts into space this year.

## City Inspector Resigns Post

M. A. (Foots) Yelvington has submitted his resignation as city building and planning inspector, effective April 24. He will be succeeded by Lin Risner.

Yelvington has accepted a similar position in a larger Florida community. During his eight years with the city, he has achieved a great deal for the community by assisting in the planning and zoning study and the revision of electrical and plumbing codes.

During this time he has served as president of the Florida State Building Officials Association and now is serving as president of the Southern Building Code Congress. These have been honors for himself and Sanford.

Risner is experienced in the building and planning field as he has worked in the city building office for the last four years.

## Cracker Days Coming

Third annual "Cracker Days" under the sponsorship of the Sanford Merchants Association will offer bargains galore to shoppers. The event will be staged by merchants on Friday and Saturday. Store employees will be garbed in attire of yesteryear to add color to the occasion.

The WDBO (Channel 6) Marionette Theater will be on hand to lend entertainment to the occasion. They will appear 4-6 p.m. Thursday, 4-9 p.m. Friday and 11 a.m.-6 p.m. Saturday on First Street at the new mall (formerly Rand Avenue).

Marionette members will pantomime to the actual voices of the Beverly Hill Billies, Mr. Ed (the talking horse), Red Skelton (as Freddy the Freelander), Ed Sullivan, Uncle Walt (of Outer Space) and Miss Nancy (of the Romper Room). A hill billy band will entertain Friday evening.

FARULOUSLY FANTASTIC, is but a partial description of Seminole High School gala Junior-Senior Prom Saturday evening at the Civic Center. This event was a sensational success and presented in a stupendous fashion. Enjoying the festivities are left to right, Bill Young, Sharon Jackson, Dan McCall and Donna Sandage, standing by the castle. More pictures in Tuesday's Herald.

## GOP Candidate For Governor To Visit Area

By Jane Casselberry  
Charles R. Holley, Republican gubernatorial candidate subject to the May primary, will make several public appearances in the area this week starting with a talk before the Sanford Republican Women's Club Wednesday at 10 a. m. at the home of Mrs. O. G. Bryant, 1807 Paloma Avenue.

From 12:30 to 2 Wednesday Holley will be in the banquet room of the Trade Winds Cafeteria at the Seminole Plaza in Casselberry to greet the public and residents of the area are invited to go through the serving line and have lunch with him or just come in to get acquainted.

A reception will be held in his honor Thursday from 4:30-6:30 p. m. at the Orlando Garden Club on Rollins Ave. in Orlando and all interested persons are invited to attend.

A coffee is planned for Friday morning from 9:30-11:00 a. m. at the home of Mrs. Sidney C. Ward at 1420 Via Tuscani in Winter Park with the public invited.

He will be guest of honor at a luncheon Friday at the Angelt Hotel at 11:45. Those wishing to attend should make reservations by Thursday with Mrs. Thomas A. Griffith of Winter Park.

## British Against Field Tonight

SANTA MONICA, Calif. (UPI) — It's the British against the field in tonight's Academy Awards with "Tom Jones" expected to win the best picture award.

Almost half the performers nominated for the 36th annual Oscar awards were Britons, including three nominees for best actor: Albert Finney, Richard Harris and Rex Harrison.

Dapper Jack Lemmon will be master of ceremonies for the two-hour show at the Santa Monica Civic Auditorium.

Some 2,500 celebrities were to be on hand for the motion picture winding which held such contrasts as "Cleopatra," the most expensive movie (\$10 million), competing against "Lilies of the Field," one of the least expensive at \$450,000.

The English production of the Henry Fielding classic, "Tom Jones," led all others with 10 nominations. Its star, Albert Finney, was favored to win best actor.

## Seminole Group To Tour Georgia Port

A delegation of four Seminole County residents, proponents of the Sanford Port Authority, will tour the Brunswick, Ga., port facility Thursday.

The group will leave from the Sanford Naval Air Station in a Florida Power & Light Company plane at 8:30 a. m., spend the day in Brunswick as guests of that port authority and return later that day.

The Sanford-Seminole contingent will consist of Francis E. Roumillat, chairman of the Chamber of Commerce's Port Authority Committee, Sanford Mayor A. L. Wilson, John

Alexander, member of the County Commission and Harry I. Johnson of The Herald.

This quartet and others recently visited the Jacksonville Port Authority to learn first hand the operation there. They learned the Brunswick authority parallels that proposed for Sanford and this trip resulted.

The Sanford Port Authority would establish a terminal system along the St. Johns River west of Sanford, catering to barge traffic and the multiple goods they can haul. Officials assert that the port authority would prove the decisive factor in attracting industry to Sanford and Seminole County.

Jacksonville port authorities assured the Sanford-Seminole group that as the terminal facility is publicized, industry will "definitely follow."

The Brunswick activity will afford the local delegation an opportunity to see just what can be arranged here. On their return a comprehensive report will be made available for the Chamber's Port Authority Committee.

The rapid progress of plans for the St. Johns-Indian River Canal has spurred local officials to keep pace in arranging the Sanford Port Authority.

With the two projects, authorities see the "greatest surge of prosperity" the Sanford and Seminole County areas has ever experienced.

## Injured Child Convolescing

Four-year-old Wanda Keen, suffering a broken leg, is convalescing at Seminole Memorial Hospital today.

Police and sheriff's deputies today reported the girl was riding on the front fender of a car driven by her father, Richard Keen, 1821 Summerlin Avenue, when she fell under the wheels. The accident occurred at 5:30 p. m. Sunday at Mullet Lake State Park.

Sheriff J. L. Hobby said Keen, a sailor, was held overnight at county jail and released this morning to the Shore Patrol of Sanford Naval Air Station, where he is assigned.

## Longwood School Registration Set Friday

By Donna Estes  
Pre-registration of first graders who will attend Longwood Elementary School next term will take place at the school at 1 p.m. Friday.

Loula Kosky, principal, urges parents to attend the information and discussion program to begin promptly at 1 p.m. in the auditorium. The program is planned to discuss in detail the facts pertaining to a student's first year in public school. The school nurse will relate health and pre-school physical checkup requirements and teachers will present phases of the first grade curriculum.

Parents will be asked to complete an enrollment card and present proof of their child's date of birth. Children entering the first grade in September must reach the age of six years on or before January 1. Children to be enrolled are invited to attend with their parents and to visit the first grade classroom.

Pre-schoolers for the present Longwood Elementary School area include the Longwood area south to, but not including those living on Seminole Boulevard; Markham Road north to Big Tree Road and Longwood Park and the section of North Orlando lying north of RR 484 except the Coronado Homes area.

AN AMBULANCE FUND for the Longwood Volunteer Fire Department was initiated Thursday when George D. Scott, winter visitor from Hightstown, N. J., left, presented Chief Claude Layo, right, with two crisp new \$100 bills. Endorsement of the project has been received from Mayor A. R. Lormann, center, who urges the people to support this worthwhile endeavor with their contributions. (Herald Photo)

NEWLY ELECTED officers of the South Seminole Elementary School CTP include Mrs. G. O. McGinnis, president; Mrs. T. J. Durrance, first vice president; Mrs. William H. Eggers, second vice president; Mrs. D. F. Fenstermaker, recording secretary; Mrs. Robert L. May, corresponding secretary and Mrs. David Joyce, treasurer. (Herald Photo)

## Longwood Civic League Names Mrs. O'Dell New Treasurer

By Donna Estes  
Mrs. James F. O'Dell was recommended by the nominating committee and elected to the office of treasurer at the regular monthly meeting of the Longwood Civic League last week.

Other officers who will begin the second year of their two year term are Mrs. Elizabeth Hillis, president; Mrs. Lillian Cox, first vice president; Mrs. Ida Stewart, second vice president; Mrs. Marguerite Hyland, corresponding secretary; Mrs. Oida Lee, chairman of the house and grounds committee and Mrs. J. A. Bistline, Mrs. Hallie Lavigne and Mrs. S. L. Tupper, trustees.

Mrs. W. J. Hartley will be recommended for the office of recording secretary at the May meeting.

Serving on the nominating committee were Mrs. Geneva Start, Miss Ella Cummings and Miss Millaebeth Abbot.

Mrs. Hillis, who conducted the meeting, announced that the recent steak dinner sponsored by the League was very successful and expressed her appreciation to the members and patrons for their support of the event.

Mrs. Margy Hannan, librarian, in her annual report, stated that during the past year, 8,551 patrons were served and 5,858 books went out

## Col. Bandy Dies in Birmingham

Col. Elmer G. Bandy, U. S. Army, retired, died at 12:30 a.m., Sunday, at the Veterans Hospital in Birmingham, Ala. Col. Bandy, son of the late Mr. and Mrs. A. P. Pandey, was a native of Sanford and a graduate of Seminole High School and Georgia Tech.

He was on active duty with the Army 21 years, retiring in 1952. He is survived by his wife, Mrs. Odine Hill Bandy; a daughter, Sandra; a sister, Mrs. John Wirtz of Sanford, and an aunt, Mrs. H. C. Waters, also of Sanford.

Arrangements for funeral services have not yet been completed.

## Mrs. Knapp, 76 Dies in East

Mrs. Laura Smith Knapp, 76, wife of George S. Knapp Sr., of School House Hill Road, Sandy Hook, Conn., died Saturday in a Danbury Connecticut hospital where she had been a patient for less than 24 hours.

The Knapps had just recently returned to their home in the north from their winter home at South Street, Fern Park. Mrs. Edward L. Lovell, also of South Street, Fern Park, a daughter, was en route to be with her mother, after being notified of her serious condition, when death occurred.

Funeral services will be conducted at 1 p.m. Tuesday from Honan Funeral Home in Newtown, Conn. Burial will be in Newtown Village Cemetery.

## Mrs. Hahn, 81, Dies in Orlando

Mrs. Camellia Elizabeth Hahn, 81, of Sanford, died Saturday in an Orlando Nursing Home.

A resident of Sanford since 1936, she is survived by a son, Woodrow W. Hahn, of Gainesville; a niece, Mrs. Frances Shannon, of Sanford, and several other nieces and nephews.

Funeral services were scheduled for 3 p.m. today at Rev. B. H. Griffin officiating. Burial was scheduled for Evergreen Cemetery.

Queen Victoria was the first British queen to have the title of Empress of India.

## Macks W. Reid Dies in Orlando

Macks W. Reid, 40, who recently had resided at 1113 Elm Avenue, Sanford, died at 8:45 p.m. Sunday in Orlando following a lengthy illness.

Born Aug. 19, 1923, in Knoxville, Tenn., he came to Sanford in 1946 and was employed by Atlantic Coast Line as a fireman. In 1951 he moved to Orlando where he owned and operated a restaurant for a number of years, later going into the insurance business before retiring due to ill health. He was a member of the Baptist Church in Knoxville, a veteran of World War II and a member of the American Legion.

Funeral services will be held at 10:30 a.m. Wednesday at Brison Funeral Home with Rev. Fred Chance officiating. Burial will be in Oaklawn Memorial Park.

## 'Politics' Called Strong Point

WASHINGTON (UPI) — Republican Gov. George Romney of Michigan says President Johnson is pulling the wool over the eyes of American voters by being more skillful at politics than at solving the nation's problems.

The Michigan leader, a GOP presidential possibility, said Sunday that Johnson was adept at convincing opposing groups he supports each of their positions "whereas their positions are in great conflict."

Romney said the Johnson administration has ignored "economic concentration of power" which he called a fundamental problem confronting the country. He cited the five-year-old dispute between railroad management and labor that threatens a nationwide rail strike April 24 as an important economic problem he said the nation is "ducking."

The former auto manufacturer also said on a television program that the challenge faced by his own party is to deal with the "fundamental issues" and "position itself to meet the needs of this nation."

Romney said it would be up to the Republican party at its national convention this summer to define clearly where it stands. Whether it will, he said "I don't know."

Romney reiterated that he was not a candidate for the GOP presidential nomination or for any other national office. Despite reports that he might be a vice presidential choice if Ambassador Henry Cabot Lodge receives the Republican nomination, the Michigan governor said he had never given that role any consideration nor was he inclined to do so.

He also declined to say whether he will run for reelection in Michigan this year. "This is not the time or place to do so," he said.

## Plane Hits Home; Nobody Hurt

ZUMA BEACH, Calif. (UPI) — A small, private airplane with four persons aboard hit a home near this Southern California beach community late Sunday and then bounced harmlessly into a vacant lot.

Only the pilot, Charles Lester Ferguson, 30, of nearby Los Angeles, sustained any injuries. He had minor cuts on his lip and forehead.

One person was in the house at the time.

## Cape Road To Be Expanded

CAPE KENNEDY (UPI) — The main North-South road through the moon launch area on Merritt Island will be expanded to a dual four-lane highway with the construction of a road paralleling the present one, the Army Corps of Engineers announced today.

Bids on the new nine-mile section of road from Orsino to the Wilson intersection with State Road 402 will be opened April 14.

The approximate cost of the project will be \$1 million.

## "LET'S TALK DRY CLEANING"

By - WOODROW CASH

How important is clothing appearance? A recent National Institute of Drycleaning survey of consumers found 68% take from one to five garments to the professional drycleaner each month, and 87% visit their cleaner two or more times a month.

The man who operates the dry-cleaning unit must have the knowledge of fabrics and garments construction so as to know just how to clean each garment. He must also understand the machinery and keep it operable, and he must know the chemistry of the cleaning solvents.

One of the highest paying jobs in drycleaning is that of the spotter. He inspects every garment after cleaning to see if spots need to be taken out. He does his spot removal work with a battery of about 20 different chemical agents as well as brushes, steam guns, air guns, vacuum tables and other gadgets which delight the heart of a technician. He needs a knowledge of chemistry and textiles plus highly developed manual dexterity.

Finishers or pressers are the one who take the wrinkles out and restore shape and drape to clothing. They use a variety of equipment.

Inspectors are sharp-eyed people who make sure garments are ready for return to customers. They must have an understanding of how clothes should look. Markers are the people who mark in the clothes before they are processed. They remove buttons, tag clothes with instructions and check all details.

# County To Buy 63 TV Sets For Schools

Low Bid \$128.50  
For 23-Inch Table Models

Purchase of 63 television sets for use in county schools has been authorized by the County Board of Public Instruction.

Submitting the lowest bid was the General Electric Company with \$128.50 sale price for the 23-inch set. Tables for the sets will be bought from the Audio-Visual Company, low bidder at \$33.61, if they will prove suitable to the television sets.

This will be checked out by Walter Teague, administrative assistant to Schools Superintendent R. T. Milwee.

The television sets will be installed for use at the start of the new school year. They will be used on conventional channels at the start and when the Educational Television Station 24 is in operation in January they will be converted to receive that channel.

Board members discussed the conversion costs and agreed the VHF set would be less costly than a UHF set even with the converters.

Antennas will have to be placed at each school, in either case, it was agreed. Attached to the antenna can be a converter capable of servicing eight or more sets.

The cost of the converter is estimated at about \$125. Had the board chosen UHF sets, the cost would have been about \$20 higher per set. It was decided VHF sets would serve the purpose and still save a considerable amount of money.

The board also agreed to deed to the county right of way for a strip of land near Lake Mary Elementary School. This will permit the county to straighten out Lake Mary Blvd. and extend it to Interstate 4.

The action, board members said, would assure an interchange at the junction.

The awarding of a contract for construction projects at three schools was made to the low bidder, Howard & Spencer Company of Winter Park. The firm bid \$110,000 for building of the music department at Crooms Academy, three classrooms and a library at Lake Mary and two classrooms in Oviedo.

## Touhy Returns From Meeting

George Touhy, executive vice president of First Federal Savings and Loan Assn., and Mrs. Touhy returned Saturday night from New York City where he attended a Management Conference. The seminar was sponsored by the United States Savings and Loan League and was held at the Americana hotel.

In addition to the discussion groups, the S&L officers heard talks by James C. Downs, Jr., president of Real Estate Research Corp. of Chicago and New York University professor of finance, Dr. Paul S. Nadler.

In spite of the fact that the customary "election year doldrums" are an important influence on the economy, the general atmosphere of the sessions, Touhy said, was one of encouragement. Concern over the railroad labor controversy was much in evidence. It was felt, however, that the current discussions with government officials, union leaders and railroad officials would bring temporary relief from the strained conditions.

Housing starts are "spotty," but nationally present a welcome addition to the nation's business, it was reported.

The "adjusted" income tax has worked to some degree an increased spending of the taxpaying consumers, Touhy said, but savings accounts and stock purchases have apparently been favorably affected, too.

Value Awards  
For valor in the Korean war, the U.S. Army awarded 20 Medals of Honor, the Navy awarded 3, the Marine Corps gave 2 and the Air Force awarded 6.

WASHINGTON (UPI) — You probably will get a reminder from the Post Office Department in the next few weeks about using your zip code number.

## Farmer Garst On Latin Tour

WASHINGTON (UPI) — Roswell Garst, the Iowa farmer who showed Soviet Premier Nikita Khrushchev how to raise corn, was to leave today on a 58-day tour of farms in Latin America.

The Agency for International Development, which is financing his trip, said Garst would discuss methods to increase agricultural production with farmers in Mexico, Guatemala, El Salvador, Nicaragua, Costa Rica, Peru, Colombia and Jamaica.

This doesn't mean that the department is unhappy with its campaign to get zip code numbers into general use. Actually, Postmaster General John A. Gronouski said Sunday, public acceptance of the system in its first nine months has "exceeded our fondest expectations." But reminders will be mailed next week under a plan to send out notices every six months until the zip code becomes an accepted part of everyone's life.

## Goldwater Favorite In Illinois GOP Primary

CHICAGO (UPI) — Illinois voters go to the polls Tuesday in the nation's third presidential election of the year. Sen. Barry M. Goldwater is the odds on favorite to win the Republican vote. Goldwater faces Sen. Margaret Chase Smith, (R-Maine).

Both have put in little more than token appearances on the state's campaign trail. Goldwater backers, however, have predicted that the Arizona Republican will win and win big. Illinois, they say, is Goldwater country. Former Vice President

# Agri-Business Still Tops

When you look at the large number of products in Florida on agricultural products, you are struck by the fact that they are the primary products of the state. The agri-business is still the top industry in Florida, and it is expected to continue to be so for many years to come.

# LBJ Does Honors As 1964 Baseball Season Opens

The Sanford Herald Page 6 — April 13, 1964

## Seminole High School's 2 Metro Games Over Weekend

Seminole High School's baseball team put together two more victories in Metro Conference competition this past weekend in a 5 to 3 decision Friday afternoon at Orlando over the Evans High Trojans and Saturday afternoon, again in Orlando, posting out the Edgewater Eagles 1 to 0.

The two victories were the Sanford school's third and fourth decisions of the season against five losses to date. The Seminoles dropped four straight games before winning two in a row. They lost one and then bounced back to take another pair. One more win and they could be playing 100 baseball in the Metro fast competition.

Eddie Fitzgerald was the big gun Friday afternoon when he scattered four Evans hits and permitted the Trojans to pick up only two runs in the second inning. Eddie left the hill in the sixth frame in favor of Rick Sires, who held off the Trojans the rest of the way.

Fitzgerald, who has a no-hitter to his credit during the current campaign, did his share of the Seminoles' stick work. He drove in two of the Tribe's five markers.

Seminole broke into the scoring column with a pair of runs in their half of the second. Evans, however, bounced right back with two to knot the count. In the fourth Seminoles pushed over a trio of runs and for the scoring that was it for the afternoon.

An unearned run pushed over in the first inning of Saturday afternoon's contest was all the Seminoles needed to pick up their fourth win. This time it was Sires who went to the hill with Fitzgerald coming on in the seventh to squish any hopes Edgewater had in pulling the event out of the fire. Sires and Fitzgerald limited the Eagles to five well scattered hits.

The line scores:  
Seminole 020 300 0-5 4 4  
Evans 020 000 0-2 4 2

## About Sports

### Thinking Out Loud

BY JULIAN STENSTROM

The Little American League, the Little National League, the Men's Six-pitch Softball League and the Junior Boys' League, seasons are off and running. Some very interesting ball games have been played during this initial week of activity and no doubt more of them will be plentiful during the remainder of the respective seasons.

Much credit should go to Jim Jernigan and his long list of cohorts which includes publicity men, managers, coaches, umpires and the like who make possible this type of program each summer.

Last, but not least, the youngsters who participate in the little leagues and the Junior boys league should be grateful to the city commission for making it possible.

### George's Ties Perfection For First In AL

George's pulled into a tie with Perfection Dairies Friday afternoon in a 3 to 1 decision over the Florida State Bank in Little American League play. George's now has a record of two wins and no losses along with Perfection for the top spot.

Meanwhile, Hunt Lincoln-Mercury took over first place alone in the Little National League when Chase and Company's nine dropped an 11 to 2 contest to the Locomotive Engineers.

In the American loop (M), a three-run rally in the fifth inning enabled George's to squeak past the Florida State Bank nine in what has to be described as the best played game of the season thus far in the little major circuits. Steve Rawls was credited with the victory. He gave up only four hits, whiffed seven and issued only a lone free pass.

David Lee held command of the hill throughout the Engineers' battle with Chase while his mates batted out the 11 to 2 win over the Packers. Lee allowed Chase but three hits and backed up his own cause with a three-run homer.

Both Chase and the Engineers now have records of one and one.

The line scores:

### 60 Take Part In Tourney

More than 60 members of the Mayfair Men's Golf Association and the Sanford Women's Golf Association took part in a golf tournament at the Mayfair Country Club course.

The winning team with a low net score of 55 was composed of Kathryn Park, Dossie DeGensahl, Harold Heckenbach and F. C. Richards.

Coming in with a 56 and earning second prize was the team of Ida B. Wilson, Jane McKibbin, Capt. R. Ware and Jim Palmer. At 57 and in third place were Frances Goodman, Peggy Billups, Charles Park Jr. and Ralph Sims.

Helen Carraway made the longest putt in women's competition and Earl Higginbotham was closest to the pin on number sixteen in men's competition. Most of those who played in the tournament enjoyed a steak cook-out afterwards at the Mayfair clubhouse.

### Gets Invitation

WESTBURY, N. Y. (UPI)—Express Rodney, an improving son of Rodney-Adelaide Galton, who scored an impressive 2:00 1.5 triumph at Santa Anita, Calif., last Wednesday, has been invited to compete in Friday night's \$25,000 Truett Horn Trot at Roosevelt Raceway. Bu Mac Lad and Porterhouse are the early favorites.

### 4th Tagged Fish

Chief Jess K. Benson, of Sanford Naval Air Station, has hooked his fourth tagged fish in Lake Golden. These tagged fish carry cash prizes in the Schiffs \$500,000 fishing derby, first results of which locally are to be announced later this week.

## Lyman Takes Beating From Lakeview High

The Lyman High Greyhounds, making a desperate bid to even up their win and loss record at 5 and 5, failed as the Lakeview High Red Devils of Winter Garden came to Longwood Park Friday and nosed out the 'Hounds, 3 to 2.

Although both clubs are in the Orange Belt Conference this was not an official OBC contest.

Lakeview tallied once in the initial inning and pushed over their final two markers in the third. Pendleton, with a pair of doubles, accounted for two of the runs and Teal drove in what turned out to be the winning run.

Lyman came to life only in the sixth when Marvin Cook hammered one out of the park with a mate aboard for the 'Hounds' only two runs.

Shaw and Hewett combined on the hill for the Devils to limit Lyman to five hits. Meanwhile, Donnie Smith went the route for the losers, also holding Lakeview to five safeties.

Lyman, now with a record of four wins and six losses—their worst at this time of the year in the past 17 seasons, will take on Leesburg Thursday night in the Lake County city. The contest is slated to begin at 7:30.

Lakeview 102 000 0-3 2 0  
Lyman 000 002 0-2 3 2

## Sunland Wins Practice Tilt

In South Seminole Little League practice games, played recently at Longwood, Sunland racked up an 8 to 7 victory over Longwood. Casselberry downed the Altamonte Springs Senators by a score of 8 to 5 and the Altamonte Springs Twins captured a lopsided affair from the North Orlando, 13 to 5. Bear Lake rolled to a 14 to 1 win over Lake Mary.

The contests were played in connection with a barbecue sponsored at the Longwood Park by the South Seminole Little League Association which is making efforts at this time to raise funds with which to provide a lighting system for its new park located in Casselberry.

A parade, highlighting the event, was led by Longwood Police Chief Claude Layo. The barbecue was arranged by the Little League organization's auxiliary.

The feature performance of the day was Mike Conover's no-hit pitching as he hurled Bear Lake to the 14 to 1 win over Lake Mary. Mike Weirick was the Bear Lake catcher, Guy Brewer the manager.

## Surtees Wins

SIRACUSA, Sicily (UPI)—John Curtees of Britain, driving a formula one Ferrari, won the Grand Prix of Syracuse Sunday with an average speed of 165.283 kilometers an hour and a clocking of one hour, 19 minutes and 51.8 seconds for the 220-kilometer course.

## Mazzinghi Wins

MILAN, Italy (UPI)—World junior waterweight champion Alessandro Mazzinghi of Italy stopped Mexico's Hiram Morales in the third round of Sunday's 10-round non-title bout at Vigorelli Stadium.

A. L. ROY caught this seven-pound black bass under 1-4 bridge, according to Seminole Sporting Goods. He was using live shiners on spinning tackle with a six-pound test line.

## Masters Wrapped Up, Arnie Looks To U.S.

AUGUSTA, Ga. (UPI)—King Arnold Palmer, back on his throne after six months in virtual exile, set his sights today on the U. S. Open—second stop on route to the grand slam of golf.

Palmer, who became the first-ever four-time Masters champion when he beat defending champion Jack Nicklaus and Texan Dave Marr by six strokes, said he would sidestep the pro tour for the next two weeks and use some of that time to practice on the Congressional course in Washington where this year's Open is to be held.

He made it clear that he hopes this might be the year in which he can sweep the big four—the Masters, the U. S. Open, the PGA and the British Open. This is one of the few feats which has escaped him in a fabulous 10-year career that includes 41 tour victories and more than a half million dollars in prize money.

"If I win the U. S. Open, then I definitely will go after the British title," Palmer said. "I'm reasonably sure that I'll be in the British Open under any circumstances and I'll definitely play in the PGA."

Palmer wiped out any doubts about his status at the top of the golf heap Sunday when he posted a final round 70 for a 12-under-par 276 total to earn \$20,000 and come within two strokes of the tournament record set by Ben Hogan back in 1953.

"I was never sure in past Masters that I had really won it on my own," Palmer said. "There was always the weather or some other factor. But, I really won this one."

He did, too, and called the winning score exactly. Although Marr, who was playing in the same twosome, pulled within three strokes of him eight holes from the end, Palmer reeled off three birdies over the last five holes to crush any and all late-blooming contenders.

Palmer was in a five-way tie after Thursday's first round but led by widening margins thereafter.

Nicklaus, who won here last year with a 286—10 strokes higher than this year's winning score—suffered the same jinx that has plagued all defending Masters Champions. He made a valiant try with an eagle and two birdies over one four-hole stretch but simply ran out of holes in his drive to become the first to ever put Masters victories back to back.

## Tribe Fourth In 10-Team Relay Meet

The Seminole High School track team scored 29 1/2 points Friday afternoon to place fourth among the 10 schools participating in the annual Beach Relays at Daytona.

Daytona Beach Mainland captured top spot. Daytona Beach Seabreeze was second, the DeLand High Bulldogs were third and Seminole came in fourth.

Picking up points for the Seminoles were George Marks who placed third in the 120-yard high hurdles, Jack Hunt who placed fourth in the mile, plus Harold Unger who was fifth in the same event.

Barry Barks led his own SHS record of 50.8 seconds in the 40. However, this amazing time was only good enough for second place as the winner from Mainland covered the distance in 50.2 seconds. Ed Griffith of Seminole was fifth in the event.

Seminole's Rick Walstrom placed fourth in the 180-yard high hurdles, and the Tribe's foursome of Griffith, Denver Vodopich, Barks and Lloyd Freeman established a new school record in the sprint medley relay with a time of 2:05.1 to place third in this event.

Clarence Johnson was third in the 220. Vodopich posted a 20-foot-11-inch broad jump, good enough for second place, and Lee Sparkman was third in the high jump.

Coach Dick Williams said he was well pleased with his team's performance among the mass of double-A schools that participated in the annual event. The Tribe's chances will take part in a dual meet with Colonial High of Orlando today, participate in the Metro Conference meet on April 22 at Orlando's Evans High, and wind up the spike season by appearing in the Group meet at Daytona Beach Mainland High on May 2.

## To Yolk Fans

NEW YORK (UPI)—Baseball fans across the nation will be polled to select participants in the New York Yankees' 18th annual old timers day scheduled for Yankee Stadium on Aug. 8.

He did, too, and called the winning score exactly. Although Marr, who was playing in the same twosome, pulled within three strokes of him eight holes from the end, Palmer reeled off three birdies over the last five holes to crush any and all late-blooming contenders.

Palmer was in a five-way tie after Thursday's first round but led by widening margins thereafter.

Nicklaus, who won here last year with a 286—10 strokes higher than this year's winning score—suffered the same jinx that has plagued all defending Masters Champions. He made a valiant try with an eagle and two birdies over one four-hole stretch but simply ran out of holes in his drive to become the first to ever put Masters victories back to back.

## Reds, Colts In NL Spotlight

The tall, imposing figures of Lyndon Baines Johnson, a one-time first baseman, and Fred Hutchinson, a former pitcher, cast the dominating shadows today as the 1964 major league baseball season slips to life with opening day games in Washington and Cincinnati.

Mr. Johnson assumes the honor—as nine U. S. Presidents have done before him—of tossing out the first ball in the nation's Capitol to officially herald the start of a new season.

For Hutchinson, manager of the Cincinnati Reds who as the oldest franchise in baseball have the traditional honor of opening the National League schedule at home, today is the first day of a long fight—not just to bring the Reds home first as he did in 1961 but to overcome the cancer which was detected in his chest last winter.

Johnson, who revealed last week that he played a pretty mean first base in the Texas sandlots, will make the first pitch before an expected crowd of 44,000 in D. C. Stadium, which then will sit back and watch the hometown Senators, the perennial tallenders of the American League, tangle with the Los Angeles Angels, who finished ahead of only the Senators last year with a ninth place finish.

The usual sellout crowd of 30,000 at Crosley Field will be treated to the annual festivities, which include a parade and the usual quota of speeches followed by the game between the Reds—one of the National League's top pennant contenders—and the ninth-place Houston Colts.

All of the other 16 clubs open Tuesday with the American League running on a full daytime schedule and the National League splitting its four games between the day and night.

Johnson, who at 6-foot-2 and 187 pounds is built in the mold of classic first basemen, will be continuing a tradition begun by William Howard Taft in 1910.

After the ceremonies are concluded, Claude Osteen, a lefthander who established a 9-14 mark for Washington last year, will oppose the Angels' Ken McBride, a right-hander who finished 13-12 in 1963.

Hutchinson, a fiery competitor who is convinced he can lick the cancer and that his team can win the pennant, will send Jim Maloney, the fireballing righthander who compiled a 23-7 mark last year—one of the top records in baseball against the Colts. "We can win it (the pennant). . . our attitude is good," Hutch, who like Johnson, 6-2, has frequently declared during spring training. And in the wide open National League race, no one can doubt the sincerity and truth of his statement.

Ken Johnson (no relation), who was 11-17 last year, will be on the mound for the Colts, who boast one of the oldest infield and youngest outfielders in baseball. Newly acquired Nelie Fox will start at second for Houston and team with veterans Pete Runnels, Eddie Kasko and Ken Appomonte.

The key for the Reds is the return to form of outfielder Frank Robinson and pitchers Joey Jay and Bob Purkey, all of whom experienced miserable seasons in 1963.

## Politically Speaking..

Florida voters are denied the privilege of balloting for write-in candidates in primary elections where a qualified candidate has no opposition.

This is the answer to the question raised by this column as to why Florida law permits unopposed candidates' names be left off the primary ballots.

This column queried Secretary of State Tom Adams and received the following response by wire:

"Re your telegram. Section 99.041, Florida statutes, provides that where there is only one candidate of any political party qualified for an office, the name of the candidate shall not be printed on the primary election ballot, and such candidate shall be declared nominated for the office.

"Our Florida election laws do not make provision for write-ins in a primary election. Write-ins are only permitted in a general election."

So, if the reader proposes to vote for someone not on the primary ballot, wait until the general election to write in his or her name.

Local campaigns leading up to the May 5 primary are beginning to wax hot. Charges, counter-charges and denials are beginning to fly between James P. Avery Jr. and Marjorie C. Shepard, two of four Democratic candidates for tax collector.

Avery wants it known that "I vehemently deny the rumors I have said I will fire everyone now in the collector's office if I am elected. She (Mrs. Shepard) and he (John Galloway, retiring collector) are telling it around the county I will discharge all present personnel. This is absurd. It would be stupid to discharge these experienced deputies. I will change some policies of the office, if elected, but the present personnel do not need to worry one whit about their jobs."

To which, Mrs. Shepard and Galloway deny they are spreading such reports, but add: "We are not even mentioning Mr. Avery's name... but we are being told he is telling that."

Galloway, who has said privately he will publicly inform Mrs. Shepard for his job, also was reported as denying the privilege of permitting the public to view the payroll of his office. The retiring collector, in response to this rumor, said: "It (the payroll) is a matter of public record. I will open it up to anyone with a legitimate reason for seeing it; but I will not open it for curiosity seekers."

### FVW Service Officer Due

Karlyle Housholder, County Service Officer, Sanford, announces that Charles R. Prince, Assistant State Service Officer, Florida Department of Veterans Affairs, will be in Sanford from 2 p. m. until 4:30 p. m., April 21. Prince's visit to this vicinity will be for the purpose of helping veterans and their survivors or dependents residing in this area, with regard to Veterans Administration benefits such as: Hospitalization, Education and training, Insurance, Disability, Widows and Dependent Parents' Benefits, G. I. Housing loans, etc. Prince represents the headquarters office of the Florida Department of Veterans Affairs, Pas-a-Grille, Florida, and his services are offered free of charge to all concerned.

Sen. Spessard L. Holland will be honored for his great service and co-operation to the citrus industry at the 30th annual meeting of stock-

holders of Florida Citrus Production Credit Association on April 14 at Orlando. This story will be told by Dr. Byron T. Shaw, administrator of agricultural research service, U. S. Department of Agriculture, Washington, who will speak on "Partners in Agricultural Progress."

Senator Holland, in a lengthy news report supporting his stand on the civil rights and medicare bills, sums it up thusly: "Despite tensions, dangers and problems that burden us, the world is not a worse place than it once was. We know more about what is going on today because we have better newspapers and reporters than ever before, and radio and television bring us news of great events the hour they occur. Let us face our problems and solve them as informed free Americans."

John Kader says Sen. Scott Kelly is the first governor candidate to accept an invitation to the county-wide Democratic committee's rally April 16 at the Jal Alai fronton. Kelly has received the endorsement of his hometown newspaper, the Lakeland Ledger.

The gubernatorial campaign also is waxing hot. Fred Dickinson has labeled Jack Mathews "the new public defender of Jacksonville Boss Burns" and added, "no matter what Mathews does or says I will not be stopped from telling the truth about Burns."

Dickinson, in Orlando Wednesday, continued: "Senator Mathews, through his attacks on me, has become the best press agent I have."

Tampa Tribune, in an editorial entitled, "The Honest Approach," says: "Governor candidate John E. Mathews, Duval County's state senator, has properly called the hands of rivals who are promising to work for repeal of specific Florida taxes. Such promises, says Mathews, 'are pie in the sky.'"

"Especially singling out State Sen. Scott Kelly's pledge to repeal both the intangibles tax and the 1963 automobile license tag tax increase, Mathews notes that the two combined bring in \$70 million to the state treasury each biennium, and asks: 'Where will Senator Kelly get this \$70 million replacement? Would he tax groceries and medicines?'"

# Miss Jones Bridal Shower Honoree

Miss Frankie Jones, bride-elect of Roy Bernard Cook Jr., was honoree of a miscellaneous bridal shower recently at the home of Mrs. B. M. Fitzgerald on Palmetto Ave. with Mrs. Frank Jones, serving as co-hostess.

Floral arrangements of pink and white sweet peas decorated the party rooms, and the guests thoroughly enjoyed a delightful quiz on "Personality Trails."

The buffet table was beautifully overlaid with pink net over taffeta, and sweet peas were dispersed at intervals along the edge. Centering the table was a punch bowl of genuine imported milk glass, with matching candelabra holding pink candles.

Assorted nuts and candies were served from milk glass compotes, and the combination of the dazzling white and pastel pink produced an unusual effect of splendor.

Frankie was attired in an attractive pink and white checked dress with a pink sweet pea corsage. The guest list included the Mmes. Pat Cook, Kathy Behrens, and Giny Ward. Also the Misses Pat Wight, Sherry Lee, Loretta Fore, Nyrene Albers, Jo Anne Hern, Jackie Enslcy, Joan Jones, Regina Clark, Marty Stemper, Bettina Vale, Sara Wenly, Carol Chambers, Merritt Phillips, Linda Hittell, and Barbara Kanner.

Also Susan West, Pat Lavender, Phyllis Frisby, Judy Lewis, Janice Crawford, Pat Irwin, Janice Russell, Joyce Russell, Terry Vickers, Linda Wade, Linnette Hennings, Marilyn Hunt, Pat Wiggins, and Betty Hayes.

BRIDE ELECT Frankie Jones, left, was guest of honor at a bridal shower at the home of Mrs. B. M. Fitzgerald, center, who served as hostess. Mrs. Frank Jones, right, is the mother of the bride.

## The Ethel Root Circle Conducts Monthly Meeting

The Ethel Root Circle of the Congregational Christian Church met recently in Fellowship Hall of the church.

Mrs. Gus Schmah led an interesting devotion based upon "The Joy of Doing Good on The Sly," by Rev. Gordon Powell.

Routine business was conducted by the president, Mrs. Walter Bethea, at which time reports were heard from the yearbook and material aid chairmen.

Announcement was made of the district meeting to be held in Tavares on April 15, and delegates were selected to attend.

The quarterly Women's Fellowship meeting was discussed, which will be held on April 27 at Fellowship Hall. At this meeting, Mrs. Gibbons, missionary from India, will be the guest speaker.

Final plans were made for the bake sale which the Circle will sponsor on Saturday, April 11, at 9:30 a.m. in front of McCrory's store. Pies, cupcakes, cookies, bread, cakes, Swedish Limpa bread and assorted Swedish cookies will be available.

At the conclusion of the meeting delicious refreshments were served by the hostess, Mrs. Harold Herbst, to the following members:

Mmes. T. R. Alford, Walter Bethea, Bonner Carter, Clayton Bagwell, M. J. Corbett, Ralph Loring, G. O. Nordgren, A. M. Remusat, Gus Schmah, E. T. Simpson, Clyde Gilson and Oscar Zittrower.

Pause before entering a row of seats in a theater or sports arena. This lets others collect themselves.

## The George T. Haigs Host Chuluota His And Hers Club

Mrs. H. T. Crittendon, President of the South Seminole Garden Club, was the guest speaker at the April meeting of the Chuluota His and Hers Garden Club held at the home of Mr. and Mrs. George T. Haig last Monday evening.

Mrs. Crittendon, who is a retail florist, advised the garden club members to consider both the lasting qualities and how flowers are to be used when buying them. For instance, chrysanthemums will last three weeks if proper care is given them; roses, stock and carnations at the most one week, while tulips, iris and snapdragons will last only two or three days.

"In making arrangements, use two colors or at the most three in a ratio of 6-3, or 5-2-1," she advised. "Lavender and pink are both good colors to use at night, but red is a day-time color. Except in a center piece when both ends of the arrangement should be the same length, each spike or stem should be of a different size."

**Cleaner Fights Acne**  
Deodorants and cologne are not substitutes for cleanliness. This is something teenagers must be aware of early. An antibacterial skin cleanser contains hexachlorophene, once used by doctors for scrubbing, now is commercially available. The cleanser cuts down on germ growth and is said to be non-drying and hypo-allergenic. It is recommended for personal hygiene and is helpful in easing the acne problem.

To get a clean cut through a mango-topped pie, put butter on the knife blade before cutting.

## The Wesley Guild Elects Officers For Coming Year

The Wesley Service Guild of The First Methodist Church met at the home of Mrs. Dura Wakefield for the regular monthly meeting.

Various committees chairmen gave reports, and coming events were related during the business session.

Elected to serve for 1964-65 were Mrs. Lucy Smith, president, Mrs. Hazel Flynn, vice president, Mrs. Dura Wakefield, recording secretary, Mrs. Mildred Carver, Treasurer, Mrs. Beatrice Smith, Spiritual Life Chairman, Mrs. Fay Gaines, Missionary education, Mrs. Nancy Brock, Christian Social Relations, Mrs. Hattie Sullivan, Supply Work Chairman, Miss Ethel Riser, Promotion Secretary, Mrs. Esther Lansing, Literature and Publications Secretary, Mrs. Muriel Gardner, Local Church Work, and Mrs. Robbie Guff, Sunshine Chairman.

A pleasant social hour followed the business session with refreshments served.

"RITUAL OF JEWEL" ceremonies for new members of Zeta Xi, Beta Sigma Phi, was held recently at the home of Mrs. Nancy Morris in Osteen. Participating in the impressive ceremonies were, seated left, Mrs. Geri Linnekugel and Mrs. Flo Winsa, president of the chapter. Standing from left are, Mrs. Dora Lee Russell, Mrs. Pat Beers, and Mrs. Jan Carra. Another new member, Mrs. Winkle LeFell, was unable to attend.

## Sanford Personals

Mr. and Mrs. Herbert J. Earle of Ann Arbor, Michigan are house guests of her parents, Mr. and Mrs. Robert S. Billhimer. Accompanying them South was Mr. Earle's mother, Mrs. Harry Earle, of Dearborn, Michigan. They all are finding our Florida weather very delightful and quite a change from the weather they left a week ago.

Mr. and Mrs. E. R. Helton Jr., were recent guests of her sister, Mrs. Doris Williams, en route to their home in Montgomery, Alabama, following a southern tour. In West Palm Beach, the Heltons were guests at the Kennedy Mansion, and were members of a private yacht cruise to the Bahamas.

Mr. and Mrs. P. P. O'Neill of Detroit, Mich. were recent

## Decorating Class Meets Tuesday At NAS Ballroom

The second class of the newly reorganized Decorating Course will be held Tuesday, April 14, at 1 p.m. at the SNAS Ballroom for all Service wives, both active and retired.

Mrs. Kermit Johnson, who designed the original program in entirety, will conduct the class, using "The Younger Set" as her topic.

The transforming of the nursery to the dormitory will be outlined by Mrs. Jamison in stressing the economy of less expensive fabrics to produce clever effects in interior decorating, and in the purchasing of durable and practical furnishings, which can be utilized throughout the years, with little change.

Mrs. Jamison is well known for her versatility, having been a professional interior decorator, and the OWC ladies are indeed fortunate in having the opportunity of attending this course under her capable direction.

Mrs. Vivian Wright will assist Mrs. Jamison in presenting this interesting program.

# Dear Abby: By Abigail Van Buren

DEAR READERS: A few weeks ago, the following letter appeared in my column:

"Dear Abby: Today, while I was on a school bus, the driver hit a dog. All of us kids told him about it and he just said, 'I am aware of that.' He didn't even stop to see if the dog was dead or not. None of us kids could do a thing. LOVES DOGS IN KOKOMO, IND."

"DEAR LOVES DOGS: The bus driver should have stopped and done what he could for the poor animal. Had the driver been alone, the crime would not have been less, but to have set such a poor example for the school children is inexcusable."

Hundreds of letters poured in here are a few:

DEAR ABBY: Are you nuts or something? A school bus driver is prohibited by law from stopping his bus and getting off to leave his bus unattended. That bus driver was only doing his job, and I think you owe him an apology.

BUS DRIVER IN MASON CITY, IA.

DEAR ABBY I love dogs,

but if one gets in my way when I am driving, it's his funeral. My brother once put his brakes on suddenly to avoid hitting a dog on a highway, and he banged his mouth on the steering wheel breaking off four healthy front teeth. He came very close to involving two other cars in what could have been a serious accident.

BURT F. IN SAN FRANCISCO

DEAR ABBY: That bus driver was smart to go right on instead of stopping to care for the dog he hit in the road. When I was young (and pretty stupid), I struck a dog on the highway. I stopped and tried to get the injured animal into my car so I could take him to the vet. He was slightly mad, and in his frenzy, bit me badly on the face. I had to have 16 stitches in my cheek. That was 23 years ago, and I still carry a very ugly scar. Smart people don't get near injured animals. They report them to the proper authorities at the first opportune moment.

LEARNED A LESSON IN KENT, O.

DEAR ABBY: If that bus driver in Kokomo had stopped to investigate the injured dog, can you imagine

what could have happened if some of the school children followed him of the bus to investigate also? Perhaps the bus driver would have been responsible for a couple of dead children.

MOTHER OF SIX

DEAR ABBY: Although the bus driver did the right thing in not stopping, I think he could have said more than that, "I am aware of that" when the children told him he had hit a dog. Had he explained that he could not stop, but would report the accident as soon as he got the children to their destination, he would have put the children at ease and not have given them the impression that he didn't care whether he had killed a dog or not.

7:30-9:30 p. m. NBC Monday Night Movie. "Never Let Me Go." Clark Gable and Gene Tierney star in this tale of a married couple separated by the iron curtain. An American newspaper correspondent (Gable), in Moscow at the end of World War II, marries a ballet dancer (Miss Tierney). He is later ordered out of Russia because of his anti-russ writing, and permission for his wife to leave is denied. In England, he plans for his wife's escape.

8:30-9 p. m. CBS. The Lucy Show. (rerun). In his role as banker Mooney, Gale Gordon is a scream in this one. Mooney is in the hospital with a broken leg and Lucy (Lucille Ball) desperately needs his signature on a check to buy her daughter a new gown. Lucy sneaks into his room as a hospital aide, but her clumsiness almost kills Mooney. But Lucy's not that easy to get rid of.

9:30-10 p. m. CBS. The Danny Thomas Show. One of those infrequent plots where you guess but enjoy the anticipation of what's coming. Kathy Williams and Bunny Halper (Marjorie Lord and Pat Carroll) worry that their husbands are working too hard and start nagging them to take it easy. When Danny and Charley (Danny Thomas and Sid Melton) ignore their blandishments, the gals scheme to scare them into slowing down.

9:30-10 p. m. CBS. The Andy Griffith Show. Good fun, even though Sheriff Andy (Andy Griffith) doesn't think so when he's innocently caught

in a web of circumstances. A good show for Don Knotts in his deputy Barney role, with some chuckles added by a couple of kookie dolls, played by Joyce Jameson and Jean Carson. The girls, strangers, flattered Barney into showing them the jail, much to Andy's dismay. Andy is further dismayed when his girl (Aneta Corsaut) sees him with the two femmes and jumps to conclusions. Barney doesn't escape feminine wrath, either, as his sweetie (Betty Lynn) jumps to the same conclusion.

9:30-10 p. m. NBC. Hollywood and the Stars. "The Odyssey of Rita Hayworth." The one-time Hollywood sex goddess gets this series' patented skim-the-surface treatment. Abounding in film clips from her features, plus newsreel shots of her personal life (which had its moments), it's a half-hour offering interesting without insight. Miss Hayworth will be one of those appearing live on the academy awards show which follows this on the ABC-TV network.

10-11 p. m. NBC. Sing Along With Mitch. (color) If you're not interested in the beats in the movie world, this hour of music pays tribute to a variety of fairs from the 1963 Chicago exposition to the New York fair opening Wednesday.

April 22. Though the show may be a week premature, the songs are good and timeless and you'll hear such old favorites as "Meet Me In St. Louis" and "Louisiana Hayride" up to the big new favorite "Hello, Dolly!" naturally you'll also hear Richard Rodgers' official theme for this fair called, fairly enough, "Fair Is Fair."

10 p. m.-12:10 a. m. ABC. Oscar Awards Show. No question about it, this is the big show of the night as the motion picture industry pauses to pay tribute to its self-selected bests in 25 categories, ranging from best picture (nominees are "America, America," "Cleopatra," "How the West Was Won," "Jillies of the Field" and "Tom Jones") to best sound. A star-studded cast will be on hand, though rumor has it that many of the nominees will be difficult to find. However well or poorly this show is done, it ranks as the year's most exciting TV show for movie buffs.

# Jacoby On Bridge By Oswald Jacoby

I have just received the quarterly report on the American Bridge Teachers Association. Not only is it brimful of material that should be valuable to teachers, but there is plenty of good stuff for columnists. Of course, columnists are also teachers, or at least they should be.

Hazel Files of Oakland, Calif., shows several hands that illustrate the duck play. Mrs. Files explains that the duck play usually consists of conceding a trick you could take in order to win tricks later.

Her first example is a very simple one, but players frequently miss it. South is in a very good

spade lead with his king and returns the five spot. South plays the jack, and if West rushes to take the trick, he will never make another one.

West should play a low spade at trick two and hold back his ace for later. He doesn't know that there will be a later opportunity, but he should realize from the bidding that his partner will hold other high cards beside the king of spades and that if one is the king of diamonds everything will be grand.

West ducks! Declarer can cash only seven more tricks. He must take the diamond finesse. It loses. East leads back his last spade and now West cashes three spade tricks.

# We The Women: By Ruth Millett

I'll just bet that women all over the country reacted with, "If that isn't just like a man!" when they read that President Johnson—in a gesture toward economy—ordered that lights be turned out in the White House wherever

they weren't being used. Here's a country that wastes in billions and gives away in billions and the man who is the head of it decides the way to start economizing is to turn off the lights in the White House.

Of course, this is meant to be symbols of the government-wide need for economy—but it is typical of any man's reaction to expense.

Any time a man gets on an economy streak, his first grumble seems to be about the electric light bill.

"I wish you'd look at this light bill," he says to his wife. "Nobody in this house ever turns off a light"—and stalks around the house switching off lights.

The one-man war against lights is on — and usually lasts until the economy streak runs its course, or until the man who started it all bumps his shins walking through an unlighted room.

Meantime, there's been no serious talk of economy in big things. The light turner-outer may buy himself a new car or a fancy boat. He may not even turn a hair when his wife comes home with a new fur coat.

He has taken his stand for economy by raising Cain about the lights—and he feels better for it, self-righteously better. Additionally, he has proved to his satisfaction that he is the only member of the family who isn't wasteful. Look at how he has to go around turning out lights!

So don't worry about that darkened White House, Mrs. Johnson. The president is just being a man. In a little while he'll forget about those lights, and you can keep the White House lit up like a Christmas tree.

But if you don't want to wait for this economy fever to run its course, just leave a chair in the middle of the floor in one of those darkened rooms and wait for the anguished yell, and the command — "Let's have a little light around this place."

Gift To Hayes  
The elaborately carved desk in the presidential office of the White House was a gift from Great Britain during the administration of Rutherford B. Hayes.

### Girl Scouts Attend Annual Camporee

Junior Girl Scouts, fourth, fifth, and sixth graders, from Troops 895, 878, 299, 248, 465, 202, 882 and 144 attended the recent annual Spring Camporee at Camp Ticochee in Barberville.

Many activities were planned for the girls enjoyment including trail blazing, swimming, outdoor cooking and a trip to the old cemetery located on property just recently acquired for primitive camping.

Saturday night the girls presented an impressive camp fire program with many impromptu skits and singing of numerous Girl Scout songs. At the conclusion of the program, the girls enjoyed their favorite dessert, "Some Mores," which consist of a stack of marshmallows and chocolate bars between graham crackers.

Sunday morning, Troop 557 presented a "Scout's Own," for the entire camp in the outdoor chapel, a beautiful natural setting under very old oak trees. The chapel has been formed by adding a lashed bamboo altar and plank benches.

The Camporee was planned by Miss Frances Cobb and was staffed by Mrs. Lois Jackson, Mrs. Carolyn Lavender, Mrs. Trudy Woods, Mrs. Gladys Downey, Mrs. Marj Bankie, Mrs. Marion Farella, Mrs. Joan Hensley, Mrs. Mary Haney, Mrs. Jesse Andrews, Mrs. Louisa Lord, Mrs. Biggs, Mrs. Joyce Crow, Mrs. Joan Oglesby and Mrs. Edmonds.

Assisting were members of Miss Cobb's Senior Girl Scout Troop, Misses Judy Lewis, Nancy Rogers, Susan Orsano, Vicki McCordle, Mary Jean Turner, Susan McCaskill and Donna Danklefs.

### Business Brief Hunt Cited For Sales Record

Hunt Lincoln-Mercury Inc. of Sanford has been cited for its sales record by the Ford Motors Company.

Willie F. Hunt has been awarded a 10-day European vacation trip for his outstanding sales performance, according to George P. Montague, Lincoln-Mercury district sales manager of Jacksonville.

Two other men affiliated with the local firm, Ray C. Winfree and Jack L. Morganstern, were issued "Inner Circle" membership cards as top dealership salesmen in the Jacksonville district. A banquet was held in Hollywood, Fla., Saturday to honor the local men and 13 others in the district.

### Post To Meet

VFW Post 10050 of Casselberry will hold its regular meeting at 8 p.m. Tuesday at the Land O'Lakes Country Club. Officers for the coming year will be nominated for the election scheduled for the Thursday, April 23 meeting.

## Ask No Questions, Get No Answers!

Time your reading of column and compare your speed with that indicated at the end. The expected speed assumes a daily five per cent improvement.

If you have a fairly decent grasp of pre-reading from our preceding column, you'll find that unconsciously you have been practicing the next technique: questioning or self-quizzing. Questioning is the natural follow-up of pre-reading and the final step before thorough reading.

This is how questioning works. From your pre-reading

precise as the questions you raise. There is this further advantage in proper questioning: you have completed your summary of your work in question form. Turn them into answers and your summarizing is a very simple matter.

Our next article will be concerned exclusively with speed. Concentrating, pre-reading and questioning are more closely related to understanding than to speed, but they do add speed to your reading by making understanding easier. Up to now we have concentrated on the

of the title page you ask: What is the precise subject and what angle is to be treated here? How is this particular author qualified to deal with it?

You pre-read the table of contents—the author's outline of his book. You saw the whole and all its parts there. You also pre-read at least the beginning and end of his preface, which is his declaration of purpose. Such questions as these will have to be answered in your thorough reading: What is the order of the book's development? What sections are stressed more than others? Why? Does the author prove as much as his preface says he'll prove? Write them all down.

Your pre-reading gave you many answers, but it is at its best when it raises as many right questions as possible. In chapters where pre-reading gave you little or no help, here's a good way of framing the questions. Turn topic sentences in these troublesome areas into questions of "how" or "why."

Questions such as these will suggest themselves from pre-reading most chapters. What evidence does the author marshal? Does he appear to gloss over certain controversial areas, possibly evidence damaging to his case? Why? What authorities does he cite and are they all from the same school of thought? How does this part of the third chapter relate to his final conclusion? These are only a few sample questions.

The main thing is to write the questions down in clear form. Pre-reading is your road map; questioning is the steering wheel. You will get the right questions from your attentive pre-reading; you will get answers from your final reading that are as many and

### Stetson Gets \$29,367 Check

DELAND — A check for \$29,367 from The Charles E. Merrill Trust has been received by Stetson University, Stetson President J. Ollie Edmonds has announced.

The money represents Stetson's share through September 1963 in the annual income from a trust established by the late Charles E. Merrill, Stetson graduate in 1903. Merrill was the directing partner of the investment firm Merrill, Lynch, Pierce, Fenner and Smith.

Long a warm friend of his alma mater, Merrill in 1954 established the Chair of American Studies at Stetson with a gift of \$100,000.

The Merrill Program of American Studies offers a major in Stetson's College of Liberal Arts, purpose of which is to give students a fuller understanding of the American democratic system. Undergraduate courses emphasize the principles upon which this nation was founded and his nation's growth. #### Blood Sought For Sanford Man

An appeal for 12 pints of blood to bolster the recovery of a former local insurance executive has been made in the area.

Guy C. Wurmack of Route 2, Sanford, is a patient at Orange Memorial Hospital, Orlando, where he recently underwent major surgery.

Mrs. Wurmack has appealed for at least 12 donors to visit the local blood bank so that the blood may be credited to his "account" at Orange Memorial. Any type blood will be welcome, she said.

Wurmack retired about four years ago after having served as staff manager of Interstate Insurance Company with offices in the Sanford Atlantic National Bank.

#### 8 Hurt As Rocket Explodes At Cape

CAPE KENNEDY (UPI) — At least eight persons were injured, several seriously, when the third-stage of a Delta rocket apparently kicked into orbit during an indoor test, the Federal Space Agency announced.

Six persons were admitted to hospitals and a Space Agency spokesman said two of them were "in the operating room" undergoing surgery. It was the first major accident involving injuries the Air Force has incurred at this space center.

"Preliminary reports indicated that it (the rocket) occurred while the spacecraft was being mated to its third stage engine for a series of pre-launch tests," the spokesman said.

The Delta rocket is considered one of the most reliable in the U. S. arsenal. The third stage is a small rocket that gives the satellite the final kick into orbit.

#### Fire Department Changes Ratified

City Commissioners Monday night ratified changes in the Sanford Fire Department and made at an earlier executive session meeting. The changes will bring the department up to full strength and permit more routine time off for personnel.

The fire chief, Mack N. Cleveland Sr., was authorized to bring the department up to a 25-man force by some new men and replacements for those who have left the local service.

A full "Kelly Day"—an extra 24-hour day off—will be allowed and the chief will prepare a vacation schedule with the men "to harmonize with the work schedule and to post the vacation schedule 30 days before the effective date."

#### .57-Mill, 3-Year Tax Voted To Raise \$350,000

Seminole Memorial Hospital will be improved with a new \$1 million, 60-bed wing within the next two years.

County Commission, after a one-hour 45 minute discussion this morning, approved by a 4-1 vote a .57 of a mill ad valorem tax for three years to raise \$350,000 in matching funds to meet a \$650,000 federal grant under the Hill-Burton Act.

Nearly 50 persons in the audience when the Commission commenced the hospital public hearing at 10 a. m. presented petitions and otherwise voiced opposition to the tax levy, claiming "no benefits" for residents of South Seminole County.

Commissioner John Alexander was the lone dissenter to the tax levy, asserting the necessary \$350,000 could be raised by paring the hospital's operating budget and from extras in the county's budget or by a bond issue.

Motion for the levy was made by Gen. J. C. Hutchison, seconded by John Fitzpatrick and concurred in by Lee Gary and Chairman James P. Avery Jr.

Chairman A. B. Peterson Sr., hospital board of trustees, opened the near two-hour discussion by pointing out the present hospital was commenced in 1952, that \$350,000 is needed to meet the \$650,000 federal grant. He also said two years will be required to complete the new wing.

Robert Besserer, hospital administrator, said the present facility has 108 beds, with another 12 to be added when the new pediatric wing is completed. He said the hospital population runs from 99-103 patients per day and at one time this month was 101 per cent.

He added accepted planning is that a hospital not have more than 80 per cent of its beds occupied to meet any disaster.

The new wing, he said, will house offices, laboratories, etc., on the first floor and 60 beds on the second and third floors. It will be constructed immediately west of the present facility.

Florida law permits the County Commission to assess five mills for not more than 15 years for hospital construction. Present millage, Besserer said, is 3 of a mill. The new assessment will increase this to 1.37 mills.

First opponent to speak against the assessment was Tom Moses, city planning engineer for Winter Park, who said he spoke for property owners in English Estates, Casselberry, Fern Park and Tanglewood.

He stated the proposal "is not proper" from a practical economical standpoint, it was imprudent to compel South Seminole residents to drive 18 miles to the hospital and advocated the proposal be financed from a hospital district, removal of hospital funds from the county budget and construction of hospital facilities in South Seminole County.

### \$800,000 Sanford Water Job Gets Green Light

An \$800,000 water system improvement program got the green light Monday night of City Commission and bids for the project will be received June 1.

Commissioners approved on second reading an ordinance which will allow the sale of bonds for \$800,000; money which will be used to place another pumping station at the Mayfair Golf Course which will service wells to be sunk there.

The ordinance, which required nearly a half-hour of City Atty. William C. Hutchison to read, was declared an "emergency ordinance" and all legal technicalities will be expedited to bring the project into being.

The bids will be advertised for as quickly as possible and all will be subject to confirmation of the court on the ordinance and awarding of certificates by the bonding company.

This is believed to be a formality but city commissioners insisted that the city not be bound to any contract should a snag appear in the procedure.

#### \$85,000 Budget Approved By Casselberry

For the first time in its history Casselberry has a fiscal budget. Monday night the town council put its stamp of approval on an \$85,000 budget which will govern expenditures made thus far during the current calendar year plus those for the remainder of 1964.

The largest single item of anticipated receipts listed in the budget is \$45,100 expected from Casselberry's share of the cigarette tax and the largest single item of expenditures is \$20,700 for roads and bridges within the corporate limits. This figure will not include \$15,000 which the town will borrow to pay its share of paving Winter Park Drive from SR 44 north to Seminole Boulevard.

The Council approved the borrowing of the \$15,000 at a 3.8 per cent interest rate from the Florida State Bank of Sanford. Council Attorney Ken McIntosh was scheduled to notify the County Commission this morning of the Council's action and request that the paving work begin as soon as possible.

In other action, the Council voted to name Dentzel Long as the town's new building inspector, advertise for a public works superintendent, leave the current dog problem up to Mayor Owen Anstey until the Council can find a solution and authorized the town clerk to advertise for bids to pave two sides of a triangle at the intersection of Queens Mirror Circle and Winter Park Drive.

The Council approved an ordinance annexing the area commonly known as Seminole Plaza in the Town of Casselberry.

The Council accepted from the town's zoning board a comprehensive zoning ordinance. Councilmen agreed to meet with County Zoning Director Robert Brown before making a final decision on the proposal.

Several petitions for annexation from various property owners were presented to the Council which instructed Attorney McIntosh to request rulings from the attorney general before any decisions can be made.

**Exiles To Hear Brazil Officer**

given to the hiring of a resident engineer to give daily supervision on the project, one of the more energetic ones undertaken by the city in years.

Cal Conklin, representative of the engineering firm hired by the city for the project, said he is establishing "permanent" residence in the city but declined to agree to "constant" supervision of each step in the operation.

He added his firm would agree to inclusion of such handling in the contract it now has with the city, but added such a requirement is nonexistent to this date.

Commissioners agreed to

#### City Asks Firm Commitment On Sunland Offer

City Manager Warren E. Knowles was asked Monday night by the City Commission to seek a "firm commitment" on the selling price to the city of the water system in Sunland Estates.

Developer of the housing project, Bralley Odham, had asked whether the city is interested in obtaining the system, noting that it already owns and operates the sewer system there.

He previously had offered the water system to the city for about \$190,000 but no firm figure had been set, the commission noted, for the useable portion of it.

Knowles said he had made an appraisal of that part of the system which could be connected to the city's setup and came up with the figure of \$91,564.81.

"\$91,564.81," he said, "covers the distribution system only with the fire hydrants and the actual house services and meters. The cost figures include city installed costs with labor, equipment, supervision and insurance."

Knowles' \$91,000 figure was declared "too high" by Commissioners Earl Higginbotham and James H. Crappa who suggested the city offer \$50,000 "lock, stock and barrel" for it.

They noted the pumping stations and other water supplying material would be useless to the city should it acquire the system.

An additional outlay of \$38,000 would be needed by the city, it was pointed out, to lay an eight-inch line from the present city lines to Sunland.

Commissioner Joe Baker argued in favor of the purchase, stating the city would realize \$23,000 yearly from users and under present water rates. He noted the cost could be paid off by the city in a relatively few years.

increase the proposed salary of a city engineer from \$6,600 to "up to \$7,800" annually so that a competent person can be hired. It is expected the new engineer would be able to take care of the day-to-day supervision demanded by Commissioner Earl Higginbotham.

Higginbotham cited past incidences in which the city had, as he put it, "been stuck for a considerable additional outlay of city funds" when snags developed in the projects.

The commissioner said he was not insinuating Conklin's firm would do this but he wanted the assurance spelled out in "unmistakable language."

The water plant now serving the city and located at French Avenue and W. 13th Street was built by private enterprise in the 1920s and later acquired by the city.

It will continue to function but be augmented by the new plant scheduled to be built west of Highway 17-92 and south of Onora Road.

#### Mathews Blasts Promises Of Car Tag Cut

United Press International  
Fred O. Dickinson of West Palm Beach and Sen. Scott Kelly of Lakeland were blasted by a fellow candidate for governor today on charges they are trying to fool the voters by promising to reduce automobile tag fees.

Sen. John Mathews Jr., Jacksonville, leveled the charge in Fort Lauderdale, saying the loss of this \$50 to \$70 million in revenue would mean that a sales tax on groceries and medicine would have to be substituted.

"Dickinson and Kelly know this full well but they are not telling you," Mathews said.

"An extension to include food and medicine was advocated by some the last session of the legislature and I believe it would have passed had not the tag tax raised much of the money needed."

But Dickinson sniped back at opponents pessimistic about reducing the license tag cost and removing price control powers from the state milk commission.

#### Mathews Rally Set Wednesday

An old fashioned political rally in behalf of the campaign of Sen. John Mathews for the Democratic nomination for governor will be staged at 7:30 p. m. Wednesday at First Street and Magnolia Avenue.

Speaker will be State Sen. John McCarty, of Fort Pierce, who will be introduced by Dr. W. Vincent Roberts, Seminole County co-chairman of the Mathews campaign. A high school band also will be featured.
