Better Home Plans Satisfy Needs

There was a time when if you wanted a home, you had to build it yourself and, of course, this is still true in many places in the world.

In the early days of this country, pioneers would get together from miles around for a house-raising. Everyone brought their tools, and got busy cutting down trees, stripping off the bark and splitting them to build a log cabin.

In the plains where there were no trees, sod houses were erected by pioneer families who had arrived in covered wagons.

Here you can still do it yourself if you want to, have the time and the ability.

But it's not necessary.

There are people who make a business of doing this, and have spent much time, money and study on researching the best home plans for just the right kind of dwellings that will satisfy the needs and desires for the majority of families.

So now you don't have to chop down trees, or cut out sod and do it yourself.

All you have to do is to drive out

to any one of the locations shown on this page and inspect the completed homes which are open for viewing.

Among them are the Park Royal Homes at Country Club Heights, which feature central heating and air conditioning, sewer and water, sidewalks and street lights on attractively landscaped lots. These homes are found south of Lake Mary.

Two types of homes are built by the Shoemaker Construction Co.—those in Ravenna Park are three and four bedroom homes at a modest price, and the "Homes of Distinction" at Idyllwilde, for those who demand "the ultimate in comfort, convenience and luxury."

Mrs. Rosa Payton, Sanford real estate dealer has on display one model of a luxury home, east of the city at 1802 East Second St.

For those who like a lakefront home, Lake Shore homes on Lake Minnie are open with attractive three and four bedroom, two bath homes.

All the homes advertised here may be reached with the aid of the convenient area map, which identifies the location of each.

New Overshoes Invite Wearing
The tug of war between you and Junior on rainy days may soon be a thing of the past, and — surprise of surprises — kids may even want to wear those one-time peaky overshoes even in bright, sunshiny weather.
This new day is about to dawn thanks to new design concepts in children's rubber overshoes, improved materials and new manufacturing techniques.

Cycle Mishaps Can Be Cut

Where's the most likely place for a bicycle accident? Are rural children safer than city children, or are boys safer on a bicycle than girls? At what age is a child most likely to have an accident?

National Safety Council studies show surprising aspects in the answers to these questions. Children in rural areas have as many, or more accidents as city children. A child is more likely to be injured or killed after he's home from school than he is while riding to or from school.

Accidents are most likely to happen on a Saturday and least likely to happen on a Sunday the NSC says. Boys

are far more liable to have accidents: a 42 state survey showed that 86 percent of the children hurt were males. Most accidents involve children in the 5 to 14 age bracket. Intersections in cities are the most dangerous areas.

Night riding is the most dangerous. While 70 percent of accidents occur during daylight hours, four out of five deaths occur in the late afternoon or evening. It's not recommended . . . that children ride bikes at dusk or after dark, even if the bike has a headlight, taillight or reflector. If night riding must be done, for whatever reason, the bike should have proper lighting equipment.

the rider should wear light-colored clothing and the bike should have reflective tape showing to the rear.

The Veterans of Foreign Wars has been carrying out a national program of applying reflective tape, which is visible at night from as far as 1,500 feet, to bicycles. The VFW also has been inspecting bikes to check their operating condition and to see that the rider has knowledge of proper riding habits.

news... BRIEFS

17 Killed

MIAMI (UPI) — At least 17 persons died in accidents in Florida over the weekend, seven of them in two automobile smashups at Daytona Beach and Jacksonville.

15 Injured

TROY, Ala. (UPI) — Fifteen persons remained hospitalized here today after a two-decker bus careening into marshland Saturday night after hitting an automobile head-on.

York Better

NASHVILLE, Tenn. (UPI) — World War I hero Sgt. Alvin C. York, hospitalized here last week after developing a fever, was taken off the serious list at Veterans Hospital Sunday night.

Bodies Sought

NAHA, Okinawa (UPI) — Divers made their second attempt today to recover bodies believed trapped in a sunken ferryboat which capsized and sank off Okinawa with at least 270 persons aboard.

Church Aloof

SAIGON (UPI) — The Roman Catholic Church in South Viet Nam was making every effort today to dissociate itself from the dispute between the Catholic-dominated government and the country's Buddhist majority.

Repair Job

JACKSONVILLE (UPI) — The U. S. Army Corps of Engineers' sea-going hopper dredge "Gerie" will undergo a \$344,480 repair job by the Tampa Ship Repair and Dry Dock Co., district engineer Col. H. R. Parfitt said today.

West Hopeful

GENEVA (UPI) — Western disarmament negotiators today were reported hopeful the Soviet Union will agree this week to negotiate an exchanging observation posts against surprise attacks and not insist on a prior non-aggression pact.

Fight In Hills

SANTO DOMINGO, Dominican Republic (UPI) — Armed forces seeking to overthrow Haitian President Francois Duvalier have reported taking part in heavy fighting in mountainous northeast Haiti, according to exile sources here.

Fire Guts Garage

Fire started by the backfiring of a motorcycle gutted the garage at the home of Fire Lt. G. R. Crow at Melville Avenue and 12th Street at 7:30 p.m. Sunday.

State Planning Now A 'Must' Governors Warned

Sanford Residents A Little Lucky

Sanford residents are a little lucky. Refuse collection fee here is a \$1 a month — DeLand is increasing its fee from \$1.25 to \$2.

Here's a Goal For Sanford Merchants

Here's a goal for Sanford merchants to shoot at. The Chamber of Commerce reported today that Seminole County has an income of \$90 million a year, but sales here only total \$40 million a year. There's \$50 million going somewhere else.

It's Almost a Safe Bet

It's almost a safe bet that the courthouse annex will be located at Casselberry.

Population Spurt Problem For South

State Planning Now A 'Must' Governors Warned

WHITE SULPHUR SPRINGS, W. Va., (UPI)—The South must prepare itself for a population increase of 40 million in the next 25 to 30 years—all of it in urban areas—the Southern Governors Conference was told today.

Executive Director Dennis O'Harrow of the American Society of Planning Officials told a conference roundtable that the population of the 17 states in the group will increase from about 62 million if present trends continue.

"We must realize that during the next 30 years we have to build a duplicate of the urban facilities that have taken us in this land 300 years to produce," he said.

"Although we have had what we called state planning in a few states off and on for the past 35 years, relatively little has been accomplished," O'Harrow said. But he said that state rather than federal discretion of planning is needed, with indi-

METROPOLITAN TELEPHONE toll-free service for all of Seminole County was discussed at a meeting of Chamber of Commerce officials, mayors of all municipalities and telephone officers at a luncheon-meeting Friday at Jim Spencers' restaurant. Pictured from the left are W. V. Roy and R. F. Shelden, district and local managers, respectively, of the Southern Bell Telephone, and M. L. Barre, assistant to the president of Winter Park Telephone Company. (Detailed news story on page 2 of today's Herald.) (Herald Photo)

Metropolitan Phone Service Eyed For Area

Metropolitan telephone service for all of Seminole County will be forthcoming late in 1964 or early 1965, at a cost of approximately \$300,000, should plans discussed Friday afternoon be approved by present telephone subscribers.

The tentative plans were discussed by Southern Bell Telephone and Winter Park Telephone company officials with the County Commission, Chamber of Commerce officials and mayors at a luncheon meeting at Jim Spencer's restaurant.

The expansion would eliminate toll calls between the Sanford exchange, now serving Sanford, DeBary, Geneva, Orlando and Osteen, and the Winter Park exchange, now serving communities in the south part of the county.

M. L. Barra, assistant to the president of the Winter Park firm, said the proposed expansion would cost his company \$150,000 and "it is hoped it can be done without an increase in rates."

W. V. Roy, district manager of Southern Bell, explained the added service also would cost his company \$150,000 but there would be an increase in rates of 50 cents monthly for residence individual line and \$1.50 for business individual line.

Robert Shelden, local Southern Bell manager, said his firm will conduct a mail survey of all telephone subscribers on the Sanford exchange whether they desire the expanded service. He explained that "there must be a great majority of the subscribers desiring the added service for it will have to include all subscribers."

The proposed arrangement would eliminate all long distance charges for calls between Sanford and Winter Park. If the plan is adopted these calls will be dialed as local calls.

Plot Involving Navy Men Foiled

DABAT, Morocco (UPI) — A two-pronged plot to steal arms from a U. S. Navy base in Morocco and assassinate King Hassan II has been foiled.

Minister of Justice Ahmed Bahini told a news conference Thursday the rebels planned to steal weapons from the U. S. Navy base at Kenitra with the help of some American Navy personnel.

He said at least 104 persons, including some prominent members of the left-wing union National Des Forces Populaires (UNEP), have been arrested.

A spokesman for the U. S. Embassy here said the arms scheme failed because of crack U. S. intelligence work, and that no American weapons fell into the hands of the plotters.

But reports said two Navy ensigns and four U. S. Marine Corps enlisted men, all unnamed, were implicated. They said the ensigns were broken in rank and given six-month jail sentences, and that the Marines were court-martialed.

Farmers To Vote On Committee

Seminole County farmers will vote Aug. 20-21 by mail for three members of the Agricultural Stabilization and Conservation Committee, according to Homer Ballard, office manager.

Farmers will select three committee members and two alternates from this slate of nominees: Fred A. Dymon, Elbert Cammack, Curtis S. Lee and Paul Lukas.

Ballots will be mailed to all farmers of record on Aug. 20 and are to be returned not later than Aug. 30, Ballard said.

The incumbent committee will meet Sept. 4 to tabulate votes and declare results.

YOU GOTTA HAVE PEP! And these girls, members of the A squad cheerleaders of Seminole High School have got plenty of pep and spirit. Here they practice the perfect timing and synchronization of movements which they will use as they lead the spirit of the school at all athletic activities. From left are Ceni Wheatland, Bonnie Caolo, Linda Spencer, Carol Oxford, Carol Samuel (Captain), Susan Piercy and Carol Torres. (Herald Photo)

W. F. Hoskins Dies Friday

William F. Hoskins, 79, died Friday at Seminole Memorial Hospital after a short illness.

Mr. Hoskins made his home at 1104 Magnolia Avenue for the past 30 years. He was retired from the Atlantic Coastline Railroad, where he served as trainman for more than 30 years.

Born in Aldrich, Ala., Hoskins was a member of First Methodist Church, Men's Bible Class, Penny-Pinchers Club and Brotherhood of Railroad Trainmen.

Survivors are one sister, Mrs. Bessie Greck, of Nashville, Tenn., and one brother, Philip Hoskins, of Mulga, Ala.

The body was shipped to Birmingham, Ala., for funeral services and burial. Brison Funeral Home was in charge of local arrangements.

Last Rites Held For Mrs. Newby

Mrs. Rosa C. Newby, who died Saturday at Seminole Memorial Hospital after a lengthy illness, was buried today.

She made her home at 1008 Palmetto Avenue for 42 years and was the widow of the late J. T. Newby.

Mrs. Newby was born in Tippah County, Mississippi, and attended schools there receiving her bachelor and master's degrees at Blue Mountain College in Blue Mountain, Miss.

She was a member of the First Baptist Church and the Sanford Woman's Club.

Survivors include one daughter, Mrs. Lucile Newby Bryant, of Sanford; one sister, Mrs. C. E. Crosby, and one brother, Sidney Callcutt, both of San Antonio, Texas.

Funeral services were held at Brison Funeral Home at 10:30 a.m. today with Rev. R. W. Warfield officiating.

Burial was in Oaklawn Memorial Park with Brison Funeral Home in charge of arrangements.

Miami Holds 2 In Gem Theft

MIAMI (UPI) — Police here have charged two Chicago men in a \$5,000 jewelry robbery, but they are looking for a third person who they believe has the loot.

Larry Joe Flecher, 26, and Gerald George Tomaszek, 24, were arrested at a hotel Sunday. They are being held in the Dade County jail without bond.

Police said they are looking for a third man in connection with the robbery of Mr. and Mrs. Max Mensehel. Thieves stole a diamond ring and a watch from them and led officers on a 100-mile-an-hour chase across a causeway.

HOW'S THIS, MRS. BATEMAN? Seminole High School B. Squad Cheerleaders practice their motions for new faculty sponsor, Mrs. Mary Joyce Bateman, as they get ready for the opening of school. Watching the girls is Bob King, who will represent the Seminole Indian, dressed in the traditional costume, in conjunction with the activities of the cheerleaders.

Sanford CAP Cadet Back From Harbot Service Tel-Aviv As Exchange Student

Harrison Bucklew, who was named one of the outstanding cadets of the Florida Wing of the Civil Air Patrol, has just returned from a visit to Tel-Aviv, Israel, through the CAP's exchange student program.

Bucklew flew to Atlanta on the first leg of his international visit, where he met 43 members of the southern exchange group. This group then flew on to Washington, D.C., where representatives of 52 wings of the United States met and flew by MATS to countries all over the world.

Four other CAP cadets flew with Bucklew to Tel-Aviv, with a three day stop-over in Frankfurt, Germany.

During their stay in Israel the cadets lived with Israeli families and visited many historic sites of Biblical fame.

Bucklew is the son of Maj. and Mrs. Harry Bucklew (USAF, retired) of Sanford. Four other sons of the Bucklews are active in the Civil Air Patrol cadet program and both Maj. and Mrs. Bucklew are active in the senior patrol.

An older son, Mitchell, 21, now with the Navy in San Diego, served with the CAP, and the entire family has worked in the CAP at their various duty stations in Nebraska, Puerto Rico, Panama City, Melbourne and Orlando.

Mrs. Bucklew is a native Sanfordite. She has flown on many search and rescue missions in the CAP, which operates as a volunteer search and rescue organization on land, at sea and in the air.

Harrison, or "Corky," as he is known, started in the CAP cadets six years ago and is now a member of the Wing staff as advisor with the rank of cadet major.

A graduate of Seminole High School, he now works in Melbourne.

Major Bucklew emphasized that the CAP cadet training organization is open to both boys and girls from 13 to 21 and also to adults 21 and over.

The non-profit, volunteer organization operates on funds donated by its members and has access to surplus Air Force equipment to carry out its search and rescue operations.

Although the Bucklews are members of the Orlando squadron, there are two active organizations in Seminole County. Lt. Henry A. Ward is commanding officer of a squadron with headquarters at North Orlando. Lt. William Taylor is commanding officer of a Negro squadron at Goldsboro.

'Flight Deck' Being Installed At Navy Base

Construction has been started on the Sanford Naval Air Station's own lighted aircraft carrier "flight deck."

The \$13,072 project will provide a 600-foot stretch of runway equipped with the same lighting arrangements used by U. S. attack carriers for night landings.

To create this arrangement, three rows of lights will be imbedded in a portion of the station's east-west (main) runway.

This will add greater realism to the simulated carrier landing practice conducted periodically for all Sanford-based flight crews and facilitate their transition to shipboard operations.

The runway is already equipped with mirror landing equipment such as carriers used.

It is scheduled to be finished by Aug. 31. During the Aug. 17-31 construction period, the runway will be closed except for light aircraft operations and emergency landings. These will be made on the shorter north-south auxiliary runway.

In the meantime, Sanford detachments will operate from the Jacksonville Naval Air Station runways. This will prevent excessive loss of valuable training time, according to Capt. James O. Mayo, commander of Heavy Attack Wing One at NAS.

Heavy Attack Squadrons 3 and 11 and VAI-11's Detachment 8 began last week sending a nucleus of support equipment to Jacksonville to handle the operations.

All told, 230 men and 17 aircraft will be involved in the temporary move to Jacksonville.

At the same time, the NAS public works department will take advantage of the hull in air operations to install a forced main serving the new sewage system for new buildings being erected within the NAS compound area.

The main will cross the main runway just west of its center, necessitating considerable excavation in this area.

Experience Gives Good Judgment
LONDON (UPI) — Judges, lawyers, doctors and policemen should be thoroughly experienced in drinking before they take part in drunk driving cases, a physician believes.

Dr. B. N. Wright of the National Institute for Medical Research suggested they drink enough to test their own capacity before judging others. In an article in the Magistrate's Journal, he said the drink test would put judgments on "a sounder basis."

St. Pete News Cameraman Dies
MIAMI (UPI) — St. Petersburg Times photographer Jack L. Ramsdell, 43, died here at a hospital last night.

Ramsdell, a World War II veteran, entered the hospital last week for treatment of an ailment.

Survivors include his wife, Rose.

Burial will take place in St. Petersburg.

Harbot Service Set Tuesday

Funeral services for Mr. Jesse Barrett Harbot, 80, of Altamonte Springs, who died Saturday, will be held at 11 a.m. Tuesday from the black funeral home chapel in Casselberry with Rev. Darwin Shea officiating.

Burial will be in Glen Haven Memorial Park.

Born in Bultwood, Pa., Mr. Harbot moved to Altamonte Springs 11 years ago from Elmira, N. Y. He was a member of Lodge 413, Brotherhood of Railway Trainmen, Oddfellows Lodge of Elmira, Altamonte Springs Garden Club and Community Methodist Church of Casselberry.

Survivors are his daughters, Mrs. Marcella Hansen of Altamonte Springs, Mrs. Ethelburg Berguson of Elmira and Mrs. Florence Ripley of Hargett, Pa., his son, Lester Harbot of Rome, N. Y.; his brothers, Percy B. Harbot of Elmira and Delbert D. Harbot of Kingston, N. Y., and 13 grandchildren and 10 great grandchildren.

Dentist's Drill 'Thrills' Her

HAROLD HILL, England — (UPI) — June Walker, 16, loves to go to the dentist. She feels no pain when her teeth are drilled.

"The drill gives me a lovely tingling feeling," she said.

"LET'S TALK DRY CLEANING"

By - WOODROW CASH

Ladies, whether your children are learning their A-B-C's . . . OR . . . starting their P.H.D.'s, it's as EASY for YOU as 1-2-3 to get those school clothes in shape. Just depend on DOWNTOWN CLEANERS' Santone Drycleaning. Yes, let DOWNTOWN CLEANERS show you that Santone Service is MORE than just drycleaning — MORE because it actually means complete professional fabric care. That's why school clothes will come back from DOWNTOWN CLEANERS color-bright, looking new every garment expertly pressed. And, believe me, DOWNTOWN CLEANERS' exclusive SOFTSET FABRIC finish will give wool clothes a wonderful softness that you can SEE and FEEL. DOWNTOWN CLEANERS also saves YOU the trouble of bothering with such things as missing buttons and small tears. Because DOWNTOWN CLEANERS sees to it that loose buttons are sewn on . . . and minor repairs are made. That's why school clothes come back from DOWNTOWN CLEANERS ready to wear . . . or . . . ready to pack. So rely on DOWNTOWN CLEANERS to get school clothes into shape. Phone or stop in today at

Alabama Schools Ordered To Desegregate

By United Press International
School officials in Alabama's two largest cities — Birmingham and Mobile — were under federal court orders to hand over plans today for the state's first school desegregation below the college level.

School officials in neither city have given any indication of what the plans will include.

Birmingham, which several months ago was the scene of some of the South's most massive racial demonstrations to date, presently is desegregating some downtown facilities under an agreement between businessmen and Negro leaders. Mobile also has begun desegregating some downtown facilities.

At White Sulphur Springs, W. Va., Alabama Gov. George Wallace planned to introduce a package of anti-integration resolutions at the Southern Governors Conference.

In Chicago, a civil rights leader charged his organization was "double-crossed" when Rep. William L. Dawson (D-Ill.), failed to meet with his group as promised to discuss civil rights.

Elsewhere in the city racial incidents during the weekend were scattered, after two weeks of demonstrations in protest of mobile school buildings in predominantly Negro neighborhoods.

Chicago civil rights groups insist mobile school buildings are designed to keep Negroes in Negro neighborhoods.

Racial developments elsewhere:
New York: Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People (NAACP), said Sunday the civil rights organization is continuing to fight laws against miscegenation. Wilkins said the NAACP "moved into that area some time ago."

Washington: A White House-sponsored women's committee Sunday night announced a six-point program designed to let Negro children attend classes "without fear" this fall at 113 newly desegregated schools in southern and border states. The committee reported that more schools are desegregating for the first time this year than in the past seven years.

To Med School

Wallace M. Phillips Jr., of 2000 Lilly Court, is among 72 students accepted in the freshman class of the Emory University school of medicine at Atlanta, commencing Sept. 12.

The code was established by the 50-member organization to express the criteria of public service. (Herald Photo)

30 Days To Better Grades

Study Your Teacher

By The Reading Laboratory
Written for Newspaper
Enterprise Association

So far, we've been discussing the ways in which you should accommodate yourself to your courses—how to develop a constructive attitude toward school and how to pin-point the purposes behind each course. But for every course you take, you also take a teacher, and until teaching machines take over the classroom, it's important to study your teacher.

The old cliché says, "If you can't fight 'em, join 'em," and since there's no point in working at cross-purposes with your teacher (he marks you), learn how to work with him. Working with a teacher is not the same as apple-polishing. You have to work with people all your life; start making a science of it.

Here are the major things to look for when studying a teacher:

—What part of the course does he like best? What part does he like least? Watch out for small points that your teacher spends a lot of time on—he likes those points. They may be on a test. If you catch your teacher supplying a lot of seemingly unimportant background material make sure you learn that "seemingly unimportant" material. If you can give it back on a test, your mark may soar.

—Does he like argument in the classroom? (Not fights, of course, but intelligent discussion of both sides of a problem.) Some teachers don't—usually because they're pressed for time. But try yours out. Bring up a question that contradicts one of his own statements. If he likes it, do it again. If he doesn't, it may be best to keep quiet when you disagree. There's no point in irritating him.

—Does he mark for class participation, or does he just count tests? This will usually depend on the size of his class; the best way to find out is to ask your teacher. If he marks for class participation, whenever you feel you have something to say, say it!

—Does he like to give pop quizzes? If he does you'll have to prepare for class every day.

Whenever possible, check for this with older students who have already had your teacher.

—What kind of tests does he give? Essay questions? True-False? Multiple choice? What kind of answers does he like? Good understanding of main idea? Tiny details? You'll have to adjust your studying to his tests; it can save you a lot of unnecessary work. You can check this out with older students.

—See if he has "good days" and "bad days." Mondays are just as rough on teachers as they are on you. Don't go out of your way to give your teacher a hard time on his bad days.

—Make a private appointment with your teacher. It can be helpful to both of you. He'll be glad to see you but be sure you have something specific that you want to talk over; he may not have time for just small talk.

(NEXT: How to disagree with your teacher and still get good marks.)

Meredith Graduates In Quiet Ole Miss Rites

OXFORD, Miss. (UPI) — James H. Meredith graduated from the University of Mississippi in a quiet ceremony Sunday in an oak grove within rock-throwing distance of the center of last fall's rioting touched off by his enrollment.

Thieves Choose Wrong Auto

DALLAS (UPI) — Three men caught siphoning gas from a car behind the police station explained they were "just playing a joke on a friend." The car belonged to chief Jailer Grady McMahan, who led the three to their cells after they were booked on theft and vagrancy charges.

The 30-year-old Air Force veteran, wearing the black cap and gown of the graduating senior, received a bachelor of arts degree in political science to become the first Negro alumnus in the school's 113-year-old history.

Campus police and federal marshalls stood guard during the 1½-hour program, held

in a shady grove of giant oak trees about 100 yards from the center of rioting which erupted last autumn following Meredith's arrival on campus.

Two men were killed and scores injured in the Sept. 30 riot that brought 30,000 federal troops streaming into this small college town.

But the last of the troops were gone Sunday. The graduation went off without a hitch. There were no incidents.

When his name was called, Meredith stepped up to Chan-

cellor J. D. Williams to receive the diploma and the traditional "Congratulations and good luck."

Meredith nodded and smiled broadly, while in the audience his wife and parents were smiling.

"We are all very proud of him," said his wife.

The name of Gen. Stonewall Jackson, Confederate hero, was added to the Hall of Fame for Great Americans in 1955.

Miss Southward, John Dinkins Wed In Candlelight Ceremony

Miss Doris Jean Southward, daughter of Mr. and Mrs. Ira Ernest Southward, and John Harry Dinkins, son of Mr. and Mrs. O. Lewis Dinkins, were married Aug. 17 at 8 p.m. in the First Baptist Church, of Sanford.

Rev. William Guss, pastor of the Pinecrest Baptist Church, officiated at the candlelight, double ring ceremony.

The church was decorated with a profusion of palms, candles and basket arrangements of white gladioli and chrysanthemums.

Mrs. Marvin Milam, organist, presented a program of wedding music and accompanied soloists, Mrs. Pete Barber and Dick Alken. Mrs. Barber sang "One Alone" and "Bessie" and as the couple left the altar she recited the "Song of Ruth." Mr. Alken sang "The Lord's Prayer."

The bride, given in marriage by her father, wore a traditional white gown of pure silk organza and Chantilly lace. The fitted bodice featured a wide cummerbund and bateau neckline and long tapered sleeves. The waist was accented by medallions of imported Chantilly lace, encrusted with sequins and seed pearls.

The voluminous deep tiered skirt was accented at the back waist with two self-ribs and fell into a full cascading chapel train. The four tiered imported French illusion veil fell from a pearl tiara to fingerlength. She carried a cascade bouquet of white tiera roses centered with a gold throated white orchid.

organza, over taffeta, with matching veil and headpiece. She carried a cascade bouquet of pink delight roses and stephanotis.

Other attendants were Mrs. Milner Osborne, sister of the groom; Miss Rosemary Southward, a niece of the bride; Miss Sue Melnicove, of Pine Grove, Pa.; Miss Mary Alston, Decatur, Ga.; Miss Mary Miller, West Palm Beach, and Miss Kay Ivey. They wore gowns, veils and headpieces and carried flowers identical

to those of the matron of honor. The groom's father served as best man. Groomsmen were Milner Osborne, Gary Southward, Henry Schumacher, Harrison Smith, A. C. Doudney, Dick Roundtree, Richard B. Sheridan, of North Augusta, S. C., and George Leach, Tampa.

Flower girl, little Miss Mary Beth Williams, daughter of Mr. and Mrs. Ted Williams, carried the basket that was carried by the bride when she was flower girl at her sister's wedding. She wore a candlelight blue gown of organza over taffeta with full skirt and bustle back.

The groom's mother wore a pale pink sheath of silk organza over taffeta with Chantilly lace medallions accented with seed pearls. The gown featured a scoop neckline, brief sleeves and her matching headpiece was of pale pink organza and pearlized petals with matching veil. Accessories matched the dress and she wore a white orchid corsage.

The groom's mother wore a turquois silk crepe, accented with a re-embroidered Alencon lace with a cowl neckline, matching hat, white accessories and a white orchid corsage.

MRS. JOHN KERRY DINKINS (House of Rahija Photo)

Following the ceremony, a reception was held at the home of the bride's parents, 1916 Hibiscus Drive. The bride's table was overlaid with a hand made Belgian lace cloth over pink satin and held the four tiered wedding cake and a silver epergne filled with pink sweetheart roses and white carnations flanked by burning white tapers.

The punch table was centered with a silver epergne similar to the one on the bride's table and two silver punch bowls with floating ice hearts and white orchids. The Southward home was decorated throughout with a profusion of pink sweetheart roses, full mums and white stock. The stairway was adorned with a garland of smilax and white satin ribbon and wedding bells.

Assisting with the serving and entertaining were Mmes. W. L. Kirk, John Evans, W. B. Kirby, W. A. Kratzert, Raymond Ball, J. H. Lee Jr., Bill Southward, C. L. Park Sr., Fred Wilson, Robert Morris, J. C. Mitchell, A. J. Peterson and the Misses Vida Sue Smith, Niki Ashby, Bonnie Gielow, Frances Strickland, Marilyn McDaniel, Dian Alken, Sally Williams, Ann Doudney and Donna Southward.

The bride's book was presented over by Mrs. Donnie Morris and Miss Rose Kratzert. Mrs. Willie Pippin presented piano background music during the reception hours. For traveling, Mrs. Dinkins chose a seafoam green silk shantung suit with white accessories and the white orchid from her wedding bouquet. The couple left for a wedding trip to North Carolina and after Sept. 5 will be at home in Gainesville where they will both continue their studies at the University of Florida.

Out of town guests included: Mr. and Mrs. Charles Nutley, of Hamilton, Ontario, Canada; Mr. and Mrs. W. G. Sheridan and family, Augusta, S. C.; Mrs. H. G. Embry, Atlanta, Ga.; Mr. and Mrs. B. H. Stephens, Savannah, Ga.; Bruce Burner, Miami; Dr. and Mrs. Sidney Melnicove, Pine Grove, Pa.; Mr. and Mrs. Donnie Morris, Baxley, Ga.; and G. W. Leach, Miss Karen Keller, Mr. and Mrs. Solon F. O'Neal Jr. and Mrs. J. H. Lee, all of Tampa.

Mrs. Fedderson Hostess For FRA Meeting

Mrs. Vernon Fedderson, president of the Ladies Auxiliary of the Fleet Reserve Association, Unit 147, was hostess for the August meeting of the group, last week.

Officers and committee members were introduced and Mrs. William Holcomb, treasurer, substituted for the secretary who was not present. It was voted to hold meetings every second Tuesday at 7:30 p.m. and Mrs. Donald Nopper was named chairman for a get-acquainted coffee.

Mrs. Wannetta Chesser, chaplain, announced that Mrs. Jack Hipps and Mrs. Grace Keck were in the hospital. Mrs. Ormond Vallier was welcomed as a guest. Vernon Fedderson presented a program on Americanism. The next meeting is scheduled for Sept. 10 at 7:30 p.m.

Personals

Mr. and Mrs. Henry Schumacher and daughter, Ann, left last week for a trip through the North Carolina Mountains. Ann will return home this week and Mr. and Mrs. Schumacher will continue their vacation, traveling through several northern states.

Mrs. Ellen True, Mrs. Helen Pearson, Mrs. Harriett Slawter and Mrs. Marjorie Cowan attended the District 5 convention of the Business and Professional Women's Clubs, held at the Rockledge Hotel, in Cocoa. Delegates gave reports of their clubs' activities for the past three months.

Mrs. Harriett Slawter spent the weekend with her daughter, Mrs. Jeanne Phillips, in Windermere. Another weekend guest at the Phillips home was Joe Kringuski, from Hampton, Conn.

Mrs. David McNeil, the former Miss Edith Hanson is visiting her parents, Mr. and Mrs. A. B. Hanson, of Paola. She has completed her education at Florida State University and received her B. S. degree in education. In about 10 weeks, Mrs. McNeil will join her husband in Texas, where she will teach school next year.

Jerry Tropper and Jay Jarrell spent the weekend in Daytona Beach.

Mrs. Marie Sundvall and sons, Harold, Donald, William, Gary and Tim have returned from a two months vacation. They visited friends and relatives in South Carolina, Norfolk, Va., Ramsey, N. J., St. Paul and Cambridge, Minn. and De Kalb, Ill.

They also went on sightseeing trips at the various places they visited, including several museums, a boat ride to Ft. Sumter and a tour of the Capitol at St. Paul.

DARK FROZEN TURKEYS Frozen turkeys that have turned reddish in color are perfectly all right to eat, say poultry scientists at Colorado State University.

The reddish color usually is due to improper handling of the frozen birds between processor and retailer. Torn plastic bags and slow freezing also cause color changes. Temperature studies are now being made at Colorado to determine better handling conditions for frozen turkeys and to determine the exact loss of quality on darkened birds.

Miss Southward And Her Attendants Honored At Bridesmaid Luncheon

GUESTS AT THE BRIDESMAIDS' luncheon, honoring Miss Jeanne Southward are left to right, (seated) Miss Mary Beth Williams, Mrs. A. C. Doudney, Miss Southward and Miss Sue Melnicove. Back row, Miss Kay Ivey, Miss Mary Miller, Mrs. Milner Osborne, Miss Mary Alston and Miss Rosemary Southward. (Herald Photo)

Mrs. Ernest Southward and Mrs. William Southward were co-hostesses for a bridesmaids luncheon honoring Miss Jeanne Southward, Thursday, at the Capri.

The table was centered with an arrangement of white carnations, stock and blue mums, carrying out a color theme of candlelight blue and white.

Favor place cards of white miniature wedding bells covered with blue net and tied with white satin ribbon entwined with lilies-of-the-valley were at each place setting.

TIMOTHY BLYTHE, son of Mr. and Mrs. J. L. Blythe, admires his large circus birthday cake. He celebrated his first birthday with a family party at the home of his grandparents, Mr. and Mrs. J. M. Blythe. Maternal grandparents are Mr. and Mrs. G. C. Warmack.

Shower Honors Bride - Elect

Mrs. L. M. Swain and Mrs. Leon M. Swain Jr. were co-hostesses for a bridal shower honoring Miss Suzanne Jones, at the home of the former, on West 20th St.

Pink roses and blue hydrangeas were used throughout rooms and on the mantel in front of a large mirror was a wedding scene featuring a miniature wedding party complete with bride, groom bridesmaids and flower girl.

At 9 p.m. Miss Jones received a telegram informing her to find a "pot of gold" at the end of the beautiful pastel rainbow arranged over the dining room wall.

In the gold basket at the end she found many lovely gifts from the guests. Several games were enjoyed and prizes awarded to the winners. Miss Pam Swain, daughter of Mrs. Leon M. Swain Jr., assisted the hostesses in serving the refreshments.

Guests included Mrs. C. O. Jones and Mrs. F. B. Adams, mother and grandmother of the honoree and Mmes. W. W. Tyre, Ester Lou Pate, William Kirk, Edgar R. Bruce, Peter J. Bukur, C. L. Echols, Richard Galloway, Mildred Butner, Marshall Nichols, Leon Walker, Blake Sawyer, E. E. Walker, Curtis Lavender, Mary Joyce Bateman, R. F. Cole, Ray Herron.

Coach Speaks His Piece

New Substitute Rule Further Complicates College Football

NEW YORK (NEA) — The new Atlantic National Collegiate Athletic Association rule regarding substitutions has officials and coaches as confused as most people who watch college football games.

It is aptly titled "Limited and Unlimited Substitutions." It is neither one nor the other and a little bit of each and at the wrong time.

"The rules committee believed it was satisfying those who want free substitution, which means five or six coaches in the country," said Buff Donelli, the old pro coaching Columbia, in his office in John Jay Hall on Morris Heights. "The committee members only succeeded in getting everybody all mixed up, including themselves."

The part of the regulation causing the concern reads: "When the clock is stopped during a period, any number of substitutes may enter the game before the ball is next put in play except:

"A. During the interval prior to the fourth down and during the interval prior to the down when Team B has been designated as Team A — no more than two substitutes of each team may enter the game before the ball is put in play, whether the clock is running or stopped."

"What this means," explained Donelli, wrinkling his brow, "is that we have free

BUFF DONELLI
"What this means"

substitution except on fourth down or on first down after the ball has changed hands, which is when it could be used to the greatest advantage.

What good is unrestricted substitution on second and third down? It is most valuable to both sides when one of them loses possession of the ball.

"Complications showed up during spring practice. Mitt Bruhn, the Wisconsin coach, told me that in his intrasquad game the teams played eight minutes in a period before he could send in replacements."

As though to ease the pain, the committee as late as July 16 decided that it would be permissible to substitute any number of players after a score by either team. This further complicated things.

"We no longer can send in one man after each play," pointed out Donelli, "and the number of time-outs has been reduced from five to four in a half. This could give a bearing on strategy when trailing teams lack time-outs to help them beat the clock."

"I don't know why the rules committee doesn't O.K. free substitution and have done with it. Perhaps it's because some of its members just don't want to play professional rules."

"The way things are now it is dangerous for a coach to build attacking and defending teams, which would improve play and enable college football to present a better game."

It's the same old story. The rules committee polls the coaches and then does precisely as it pleases.

If this makes sense, so does Fidel Castro.

Orlando Drops Doubleheader

By United Press International

Miami's Marlins swept a doubleheader from Orlando, 6-4 and 5-0, Sunday night and Fort Lauderdale beat Daytona Beach 4-2 as rain washed out other Florida State League action.

Rain canceled games between league-leading Sarasota and Tampa at Tampa, and St. Petersburg and Lakeland at Lakeland.

Fort Lauderdale, which picked up one-half game on idle Sarasota, remained in second place in the league 7½ games back, had little trouble with last-place Daytona Beach.

Beman Eastern Amateur Champ

PORTSMOUTH, Va. (UPI) — Deane Beman, the former U. S. and British Amateur champion from Bethesda, Md., won the 7th annual Eastern Amateur golf title Sunday with the same four-round score that brought him second place last year.

Beman shot a one-under par 69 for a 72-hole total of 282, one stroke higher than his 1961 winning total.

He and defending champ Charlie Smith of Gastonia, N. C., were tied for the first 12 holes of the final round on the 6,600 yard Elizabeth Manor Country Club course.

Then Beman birdied the 13th hole to move one stroke ahead. Smith, playing behind Beman, missed a 6-foot birdie putt on the same hole.

NEW YORK (UPI) — The Izmir Giants of Turkey, Little League baseball champions of Europe, arrived Sunday from Istanbul to take part in the Little League championships in Williamsport, Pa.

PAR OR BETTER

By JULIUS BOROS
U.S. OPEN CHAMPION

Often the golfer is faced with the problem of choosing between a long iron and a long wood.

Narrow it down to this: When accuracy is required and an iron will get you there, use it.

The trick in mastering long irons is knowing when and where to use them, so first gain a knowledge of the clubs.

Professionals like Sam Snead hit the ball as far with a 1 iron as most of us do with a spoon. It gives them the added advantage of accuracy. The 1 iron is also handy if you need to keep a long shot into the wind.

The 2 iron also has very little loft. That is why many weekend golfers alibi their way out of using it, and invariably end up with a wood or a 3 iron, when the 2 is the logical choice.

Swing the 3 iron down and through the ball, rolling the wrists, the right heel coming off the ground, the clubhead following to a complete finish. The follow through is about the same for long irons as for woods. Never quit on the follow through. That can spell less distance and trouble.

Don't sacrifice distance with a 3 iron, and go over

SHS Pins Grid Hope On 13 Lettermen

More than 100 Seminoles High School hopefuls were expected for the first day of football practice at 3:30 this afternoon at the SHS training field.

Head Coach Jim Pigott will call together the group, headed by 13 returning lettermen from last year's squad. Leading the veterans will be speedy halfback Buddy Lawson.

But Dick Ellsworth, of the Chicago Cubs, who had a 9-20 record last year, may get into the act. He entered August with 15 wins to look like he'd be the first to hit 20 — he'd also be their first southpaw since 1919 to do it.

Pass Protection For Unitas Colt Problem

BALTIMORE, Md. (UPI) — What the Baltimore Colts need most is a bodyguard for quarterback Johnny Unitas.

They could also use a few good runners to take a lot of the heat off Johnny's passing efforts.

And the task of finding just the right men is the main preoccupation these days of Don Shula, the bright 33-year-old new head coach who replaced Weeb Ewbank this season.

For the past few years, ever since Alan (The Horse) Ameche retired, Unitas has not received the pass protection he once enjoyed during the Colts' 1958 and 1959 National Football League championship seasons.

Joe Perry has done a good job at fullback in ball-carrying but he has not been the blocker Ameche was. Others have been tried at that position and been found wanting.

So, before the start of this season the Colts acquired 220-pound J. W. Lockett from the Dallas Cowboys with the hope that he can do the job of keeping enemy rushers off Unitas' back.

In pre-season games Lockett has alternated effectively with Perry and it looks as though J. W. will wind up with the starting job at fullback.

Animals with backbone are called vertebrates.

Mickey Swings Onto \$1,500

ALBUQUERQUE, N. M. (UPI) — Winning golf tournaments can be habit forming, blonde Mickey Wright said today after pocketing the first prize of \$1,500 in the Albuquerque Swing Parade, thanks to a five-under-par total of 311 in the weekend tourney.

Animals with backbone are called vertebrates.

Like father love son

For every man who ever fell in love with a Jeep, a new kind of family station wagon has been born. The 'Jeep' Wagoner. It's the first station wagon ever built to offer the comfort, silence, speed and smoothness of a passenger car plus the traction and safety of 4-wheel drive.

It's sheer pleasure to drive. Simple too. One lever puts you in 4-wheel drive. So at a second's notice you can shift into greater safety... from wheel-spinning in mud or snow... from skids on slick surfaces... from getting stuck or going out of control on the highway or off!

The Wagoner really makes a demonstration worthwhile. It'll be your most exciting 30 minutes behind the wheel in 1963. Also in 2-wheel drive models. See your 'Jeep' dealer.

Dodgers Now Playing Like League Leaders

United Press International

Once bitten, twice shy. Maybe that's the reason cautious Walt Alton shies away from any pennant talk even though his Los Angeles Dodgers seem to feel they're "in" with a six-game lead and only six more weeks to go.

The Dodgers said good-bye for all time Sunday to the Polo Grounds with a 7-0 and 3-2 sweep of the New York Mets.

One of the Dodgers let the team's feelings be known when he left a clubhouse note which said:

"Well, see you again at Yankee Stadium the first week in October."

Alton, still scarred from last year's loss, said absolutely nothing about the pennant apart from the time-honored, "Well just keep playing one game at a time."

The Dodger skipper wouldn't even say for sure that his club has snipped its batting slump despite five straight victories.

"Let's see," he pondered, "we scored 23 runs in the last four games. Well, at least that's more than we've been getting lately."

Alton, however, was pleased by the Dodgers' pitching Sunday. Don Drysdale buried a three-hit shutout for his 16th victory in the openers and rookie Dick Carius pitched five scoreless innings in relief of Pete Richert to earn his second triumph in the nightcap.

Doug Camilli hit a two-run homer in the first game and Tommy Davis drove in two runs in each contest as the Dodgers gained a full game on both the Giants and Cardinals, who were rained out.

The fourth-place Phillies won their seventh in a row by defeating the Pirates, 3-1, the Braves beat the Cubs, 3-2 and the Cubs took two from the Reds, 2-1 and 4-0.

Davis Cup In Sight For U. S.

LOS ANGELES (UPI) — Freckled Dennis Ralston put the United States back among the world's tennis powers today after he almost single-handedly defeated the Mexican Davis Cup team in the North American zone elimination.

There's still a long way ahead before the U. S. team can invade Australia to challenge for the cherished trophy emblematic of the world's championship. But Mexican captain Francisco Contreras said the United States has a good chance to go all the way and bring the Davis Cup back to North America.

South Planning More Help For Mentally Ill

WHITE SULPHUR SPRINGS, W. Va. (UPI)—A report aimed at improving the South's plans for the mentally ill and retarded emphasized today the need for decentralizing treatment facilities.

It spoke of the "absolute necessity that we . . . take service to the patient rather than uproot the patient in order to take him to service."

North Carolina Gov. Terry Sanford, chairman of the Southern Regional Education Board, termed the report a "platform for progress . . . that can be of inestimable value by providing us an acute and a perspective in fast-moving times."

"It is a distillation of the thinking of the SREB's commission" that was asked by the conference to get to work on the problems of mental disorder.

The report, titled "Commitment to Health," outlined three broad goals and specific tasks to assist key elected officials and mental health leaders in the 16 member states of the SREB.

The three goals set out in the report are to prevent mental disorders before they start; to provide the best possible care for the mentally ill, with special emphasis on early, uninterrupted treatment and care close to the patient's home; and to help people strengthen the "emotional muscle" needed to overcome daily problems and occasional major crises.

Sanford said that thinking about the mentally ill and retarded has advanced considerably since the conference initiated the special regional effort in 1953. The report "reflects the big changes better than any other single document," the governor said.

NAT RICHBURG, Gulf Life Insurance agent, has won the "National Quality" award for selling the highest percentage of paid business during the two-year period preceding 1962. It was announced today. The award is made by the National Life Underwriters Association and covers agents of all companies. Gulf Life covers 11 southern states. Richburg is the only agent of this area to qualify for the national award.

Construction Men Can Cuss

DES MOINES, Iowa (UPI)—Swearing and "rough language" is permissible in construction work, the Iowa Employment Security Commission has ruled.

Refusing jobless benefits to a worker who quit because his foreman swore, the commission declared:

"It is known that in construction work some rough language is used and some drinking is done from time to time. It is rough, hot work and demands a type of persons who is sometimes not too careful as far as language is concerned."

rit with Communist China. He has been vacationing at his Black Sea retreat in Pilsunda.

No advance word on the premier's travel plans or his schedule in Yugoslavia were released—the standard procedure for Soviet officials. He was due in Belgrade Tuesday.

Khrushchev's trip, a symbol of the Soviet leader's defiance of Red China's militant challenges, was billed officially as a "rest" and was expected to last about two weeks. It is a return of a visit to Russia last December by Yugoslav President Josip Broz Tito.

The two Communist leaders planned to discuss economic

Montana Names Ex-Miami U. VP

MIAMI (UPI) — Dr. Robert Johns, former executive vice president of the University of Miami, will leave here Tuesday to take over the post of president of the University of Montana.

Johns confirmed Sunday that he had accepted the post, effective Sept. 1.

Johns, who was selected by the school's board of regents described his new school as "a complex, complete university" of 4,500 students.

matters as well as ideological questions in an attempt to improve relations between their two countries. Technically, Yugoslavia has not been a member of the Soviet bloc since 1948 when Tito broke with the late Josef Stalin.

Khrushchev's gesture toward Tito at this time appeared to be a deliberate jab at Red China, which considers Yugoslavia a traitor to world communism and a "handmaiden of imperialism."

The quarrel between Moscow and Peking has worsened since Russia signed the partial nuclear test ban treaty with the United States and Britain Aug. 5. The two giants of the Communist world have been stepping up the tempo of their exchange of denunciations.
