CONFERENCE BETWEEN REBEL AND FEDERAL CHIEFS MAY BRING PEACE

SANCHEZ CONFERS WITH REBEL LEADERS

PEACE IS IN SIGHT

Sanchez confers with rebel leaders in the hope of bringing about a peace settlement. It is believed that the conference will be held in the near future.

Wounded Rebel Capital. SAN ANTONIO, Dec. 21.—First of wounded soldiers from the rebels of San Marcos and Puebla reached the city of Mexico and were placed in military hospitals for treatment, according to advices from here. The wounded men included both rebels and federals who were abandoned on the battlefield by their comrades when the rebels withdrew after brisk action.

San Antonio, Tex., Dec. 21.—Reports from Mexico City received here today indicate that the rebels are in possession of Puebla, a rebel stronghold in progress. General Villarruel commanding 6,000 men is holding the city and is defending it against the attacks by two federals under the command of General Obregon and the other commanded by General Mazatlan.

The claims and counter-claims of opposing factions in Mexico, still an impossible any exact appraisal of the prevailing situation. Each is claiming successes for its arms, each is denying as untrue the official declarations of the other. As an instance of these conflicting claims the revolutionists assert they have been victorious over the federal forces in the chief zone of hostilities and southeast of Mexico City and are in a position formally to advance upon the capital, while from government sources comes the statement that not alone have the De La Huerta troops been defeated but are driven back toward Vera Cruz, in which point they began their advance with Mexico City its chief objective.

Reports Badly Delayed. There is practically no news reaching the situation in other parts of the country than the zone between the capital and the Gulf of Mexico. Reports are as creeping in across American border are badly delayed. Revolutionary advices reaching Mexico City from the Gulf of Mexico are reported several days ago as having fallen into the hands of the De La Huerta faction.

Claim Federals Defeated. GALVESTON, Tex., Dec. 21.—De La Huerta's Mexican federal forces under Andrew Almazan after eight days fighting at a point between Vera Cruz and San Martin Texmelucan reported in an official dispatch at Vera Cruz at midnight Wednesday night and received here Thursday by Adolfo Jimenez, rebel agent. The Huertistas captured three machines, more than 200 prisoners and picked up two hundred more wounded and dead, the advices state. His victory places the rebel forces in a position to start a formal advance on Mexico City, the message adds. Hard fighting is in progress at Apizaco, an important railroad point which is being menaced on all sides.

Confidential Agent. SAN ANTONIO, Tex., Dec. 21.—Don Vizcarra, president of the Mexican chamber of deputies, who a week ago declared himself in favor of the De La Huerta movement, Thursday received official notification of his appointment to the position of confidential agent for De La Huerta at headquarters here. He expects to open an office within the next few days.

Prominent Lawyer of State Dies in Ocala

OCALA, Dec. 21.—William Hocker, 72 years old and one of the most prominent lawyers in this state died Friday morning. His death followed a long period of illness.

Watch for Your Name

If it appears on the want ad page of The Herald today, you will receive two free tickets to the performance at The Milane Theatre tonight. You may be the lucky one. Read thoroughly the little want ads.

FOREIGN MINISTER DENIES SENDING OF NOTES BY SOVIET

Says Government Knows Nothing of Document—Wants Matter To Be Arbitrated

MOSCOW, Dec. 21.—Foreign Minister Tchitcherin issued a statement Friday denying that the Russian soviet government had ever sent any documents to American workers' party or had ever had any connection with it whatsoever. If such documents exist, the statement declares, they are forgeries, the authenticity of which Russia would like to submit to arbitration.

WASHINGTON, Dec. 21.—The state department's charges of revolutionary soviet propaganda in the United States started diplomatic circles here, launched the new Senate upon its first debate over foreign affairs, and resulted in a promise of further disclosures that will bring the whole problem of Russia once more into review before the American public.

Assail Hughes' Disclosure. Speakers who repeatedly urged formal recognition of the Soviet regime in Russia started the senate debate by assailing Secretary Hughes' disclosure of Soviet "instructions" for a movement designed to raise the red flag over the White House. Both Senator Borah, Republican, Idaho, and Senator Norris, Republican, Nebraska, openly charged there was no proof of such activities, and although no general reply came from administration quarters, Senator Lodge of Massachusetts, the Republican floor leader, announced that a sweeping inquiry into the entire Russian question would be undertaken by the foreign relations committee.

Reserve Ammunition. At the same time it was disclosed that the state department had additional ammunition in reserve for the expected battle over recognition. In cooperation with the department of justice, Secretary Hughes has been collecting evidence that he believes will establish beyond doubt the direct responsibility of Moscow for a well defined movement to undermine the government of the United States.

Whether the house will take up the question through an inquiry by its foreign affairs committee was not indicated, although a resolution was referred to the committee upon the introduction Thursday by Representative Britter, Republican, Illinois, calling upon the secretary of state and the attorney general for data and information in their possession on Soviet activities and propaganda in this country.

The vehicle for the senate foreign will be a resolution by Senator Borah urging that President Coolidge extend recognition to the Russian Soviet government. In addition to the data gathered by the state and justice departments, the committee doubtless will hear the testimony of several senators who visited Russia during the recesses of congress and will take whatever other measures appear necessary to develop fully both sides of the argument.

Rollins Alumni Will Attend Meet January 3

ROLLINS COLLEGE, WINTER PARK, Dec. 21.—(Special)—Alumni of Rollins College who are planning to attend the annual meeting of the Florida Educational Association to be held in Palm Beach will assemble at the Lake Park hotel in West Palm Beach on the evening of Thursday, January 3. Reservations may be made through H. E. Robinson of the Chamber of Commerce in West Palm Beach. It is expected that a well known speaker will be in attendance and that other interesting features will be made up. Sexton Johnson, superintendent of the Orlando schools, a graduate of Rollins College, is treasurer of the Florida Educational Association.

Extra Georgia Assembly Session Costs \$87,000

ATLANTA, Ga., Dec. 21.—The extra session of the Georgia general assembly, which adjourned last Friday, cost approximately \$87,000, according to estimates of the state treasury department. This is about \$2,500 less than the estimated cost of the session before it began. The per diem of senators and representatives, at \$7 each for 38 days, aggregated \$86,302. The mileage of senators and representatives was about \$7,936. The secretary of the senate and clerk of the house received, in the aggregate, \$4,490, out of which they paid their clerical assistants. The messengers, doorkeepers, pages and porters in the two houses received \$6,764.

It is the belief expressed by legislators and others that a single enactment of the assembly—the Ennis revenue bill—will more than reimburse the state for the cost of the legislature.

Leviathan Is Aground On Reef In N. Y. Harbor

NEW YORK, Dec. 21.—The Leviathan, queen ship of the American Merchant Marine, inbound from Cherbourg grounded Friday on Robert Reef in New York harbor. A call was sent for all available tugs.

STORM-CENTER

Rev. Lee W. Heaton of Fort Worth, Tex., now in New York City, will be tried for heresy before the House of Bishops. Other clergymen have rallied to his support.

REPUBLIC MAY BE SET UP IN GREECE

Admiral Coundouriotis Assumes Regency of Country—Oath Taken by Plastician

ATHENS, Dec. 21.—Admiral Coundouriotis has assumed the regency of Greece.

Colonel Plastiras of the military dictatorship administered the oath to the new regent at 6 o'clock Thursday evening in the presence of the Holy Synod and members of the cabinet. It is possible that a republic may be proclaimed in the next few days if the movement begun by General Pangalos, military governor of Athens and the extremist leader of the Republican party, continues to gain headway. Pangalos threatens weak revolutionary government headed by Col. Plastiras and Premier Gonatas. He demands that they give the power to the republicans over whom he now claims leadership, owing to the success in the recent elections.

M. Sapanastasiou, leader of the Democratic party, is counselling moderation. He declares he does not want the Republicans to assume power before the meeting of the constituent assembly, which has been fixed for early in January.

The press of the Liberals, led by Gen. Danglis, one of the Venizelist revolutionaries, is urging the Republicans to take charge of the government, now that the extremists have succeeded in expelling the king, take a Liberal cabinet, not even Venizelos himself, desires the military element at its elbow forcing decisions. Some of the Republican papers openly attack Venizelos, declaring that his return is not desired, while Admiral Hadjikirakos, one of the five members of the Greek revolutionary committee, reviles Venizelos, counselling him to remain in Paris.

Johnson Will Have To Petition Three Times

PIERRE, S. D., Dec. 21.—The state supreme court Thursday decided that Senator Hiram Johnson, if he would file as an independent candidate for president in the South Dakota Republican primary next March, will petition, his delegates to the national convention on another and the presidential electors on a third.

Three Are Arrested On Counterfeiting Charge

CHICAGO, Dec. 21.—Jack McDonald, once an I. W. member, with his wife and another man were seized with the police Friday in connection with operations of a hand which is said to have printed counterfeit pay checks purporting to have been issued by the Pennsylvania railroad. The spurious checks are said to have amounted to \$100,000, many of which were cashed.

BRITON LEAVES HOME

PLYMOUTH, Eng., Dec. 21.—One of the ad consequences of the United States restricted immigration law is the case of Stanley Light, who with his wife and child recently returned from America. Light gave up his job here, sold his home and with his family went to New York to join Mrs. Light's parents. His brother and the letters' family went along.

MARKET REPORT

CHICAGO, Dec. 21.—Wheat, May, 1.07 5-8 to 1.08; July, 1.06 to 1.07; corn, May, 73 1-8 to 74; oats, May, 45 1-8 to 46.

JEWELRY SHOP ON SANFORD AVENUE ROBBED THURSDAY

Thieves Get Away With a Haul of \$1,000 of Watches, Rings and Other Valuables

Watches, jewelry and other valuables to the value of approximately \$1,000 were stolen from the jewelry shop of A. J. Coulter on Sanford Avenue sometime Thursday night. It was announced Friday by the sheriff's office.

The thieves made their entrance to the shop by way of a rear window, it is said, removing two of the window panes. The thieves evidently knew the lay of the ground because the fact that the safe in which the jewelry was kept, was not forcibly opened but was opened by the combination. It was said by the sheriff's office, however, that Coulter stated that he wasn't sure that he locked the safe when he left the shop Thursday night.

Whoever the thieves were they had a knowledge of the value of watches because of the fact that some of the watches that were of small value, were left on a box in the rear of the shop, it is said.

Sheriff C. M. Hand was notified of the robbery and he and his deputies made a complete survey of the situation he said. No arrests have been made as yet in connection with this case but Mr. Hand was hopeful that several clues that he is working upon will prove successful.

J. Hugh Tillis, who operates a market on Sanford Avenue adjoining the jewelry store of Coulter, reported to the police Friday that a brand new Dayton bicycle which he owns, was stolen from his front porch while he was eating breakfast. The wheel, he said, was valued at \$55.

Ford Characterized As Reactionary By Hopkins

NEW YORK, Dec. 21.—Henry Ford was characterized as "a reactionary of the first water" for his assertion that he intends to support President Coolidge in a statement issued Thursday by J. A. H. Hopkins, chairman of the committee of 48.

His (Ford's) announcement comes as a boon and will be a boon to the national Farmer-Labor progressive convention, the statement continued. Ford has rendered Mr. Coolidge's nomination a certainty, but he will not carry the assembly, Ford following into the Republican camp, for he has stamped himself a reactionary of the Coolidge type. The Ford proclamation of Coolidge as safe sounder like political fundamentalism.

Mr. Hopkins declared that a considerable following which stood ready to back Mr. Ford in the event he had "pledged himself to progressive issues," now would be given to "some candidate whose progressive record is a matter of proven record."

Rumania Turns Eagerly To The Oil Possibilities

BUCHAREST, Dec. 21.—Oil is one of the big factors in Rumania's dominant position in the Balkans, and the government's decision to develop the oil-fields with the aid of foreign capital will open up, it is hoped, big economic possibilities for the nation. Economic necessity is now proving of greater concern to Rumania than political alliances and the practicing of unsound theories, such as maximum prices, export taxes and other restrictions at the expense of foreign capital employed in the development of the country's resources.

Rumania today has title to vast areas of rich oil-bearing lands, which have been leased so far only in small lots to purely Rumanian companies. The government now apparently realizes that the best interests of the country demand that these state-owned lands be intensively developed, and plans have been drawn up for drilling 3,000 wells on them during the next ten years, provided, of course, that foreign capitalists can be induced to come in and "carry the load."

Great Britain, and more particularly France, if only for political consideration, would like to extend their hold on the Rumanian fields, but it is felt here that American participation, which would presumably be entirely non-political in character, would be preferable.

Vetter And Wife Found Guilty of Manslaughter

NEW YORK, Dec. 21.—Ernest Vetter and his wife, Marie, Friday were found guilty of first degree manslaughter for the killing of Alonzo J. Storey, former suitor of Mrs. Vetter. The woman screamed and collapsed when the verdict was read.

Mexican Towns Razed By Earthquake, Report

DOUGLAS, Ariz., Dec. 21.—According to a report received by President Durazo of Agua Prieta, the Mexican towns of Granados, Huasbas and Opito were razed by an earthquake about 9 o'clock Thursday night. The president was asked to send food and tents to the stricken zone. All three towns are located in Sonora, Mexico. Many were killed and injured, according to the report.

FOX CASE GOES TO JURY THURSDAY TO BEGIN DELIBERATING FRIDAY

Prisoners May Kick Out Says Sheriff

ATLANTA, Dec. 21.—Hundreds of persons were in the court room and in the corridors of the court building Friday awaiting the verdict in the case of Philip E. Fox, former Klan editor, charged with murder of William S. Coburn, Klan attorney. The jury took the case Thursday night but did not begin deliberating until Friday.

AGED RESIDENT OF SANFORD DIES AT DAUGHTER'S HOME

W. W. Stapler, Sr., Succumbs At Home of His Daughter After a Short Illness

W. W. Stapler, Sr., a resident of Sanford died in Tampa, Wednesday afternoon at the home of his daughter, Mrs. Stapler with whom he had been visiting for a month. His body was brought back to this city Thursday night.

Mr. Stapler had not been in good health for the past few years but when he left Sanford several weeks ago for Tampa he seemed to be in fairly good health. He is said to have suffered one or two sick spells while in Tampa and on Wednesday afternoon died after having been seriously ill for two or three days.

Mr. Stapler with his wife came to Sanford about two years ago and had been making his home with his son, Clark Stapler. Prior to his residence here, he had lived for many years in Valdosta, Ga. Because of his ill health he had not been able to engage in active business.

Mr. Stapler was a member of the Presbyterian Church and took a great deal of interest in church work. Before he suffered from ill health, he was quite active in work of this kind in the Presbyterian Church of Valdosta.

Funeral services were held Friday afternoon at the Orange City Cemetery. Burial took place in the Rossetter family lot.

Mr. Stapler is survived by his wife, four sons, two daughters and a brother. The sons are W. W. Stapler, Jr., and Clark Stapler of this city, John Stapler who is in the U. S. Navy and Frank Stapler of Valdosta. His daughters are Mrs. Stapler of Tampa and Mrs. May of Jacksonville. His brother is Dr. Maury Stapler of Macon, Ga.

Koretz Tried To Buy The Yacht Speejacks

CLEVELAND, Dec. 21.—Leo Koretz, alleged absconding Chicago flunnieer, endeavored to purchase the steam yacht Speejaek from Albert J. Gowen, it was revealed here Thursday.

Koretz tried to purchase the yacht but gave up the attempt when he could not meet Gowen's price at cash terms, Gowen said. The yacht, famous as the craft in which Gowen and his bride circumnavigated the globe on their wedding tour, was offered for sale last July. Gowen estimated its value at \$250,000, but was willing to part with it for \$100,000 less.

The Speejaeks later was taken to Chicago, Mr. Gowen said, where Koretz inspected it and made a new offer, \$75,000 in cash or \$125,000 with \$20,000 in cash and the balance in notes. Gowen refused.

Last month Mr. Gowen said Koretz renewed the offer which was again refused. "I consider myself extremely fortunate in getting out of the deal," he said.

Man Wanted Murder of Two People, Surrenders

DUNCAN, Okla., Dec. 21.—Marvin Kincaid, sought in connection with the killing last Monday night of A. L. Bereh, Marlow hotel proprietor and Robert Journegan, negro, surrendered to local officials and was charged with murder.

CAUTION IS TAKEN BY THE COURT

FOX IS GUARDED

Hundreds of Persons Crowd Courtroom And Corridors To Hear Outcome of The Famous Trial

ATLANTA, Dec. 21.—Hundreds of persons were in the court room and in the corridors of the court building Friday awaiting the verdict in the case of Philip E. Fox, former Klan editor, charged with murder of William S. Coburn, Klan attorney. The jury took the case Thursday night but did not begin deliberating until Friday.

Every caution is taken against possible disorder. A heavy guard that has been maintained throughout the trial was increased. Fox is kept in an outer room under a heavy guard until the jury reports.

Atlanta, Ga., Dec. 21.—The case of Philip E. Fox, Ku Klux Klan editor, charged with the murder of William S. Coburn, a Klan attorney, was given to the jury at 10:21 o'clock Thursday night.

Fox shot Coburn in the latter's office on the afternoon of November 5. The slayer was arrested and immediately placed in jail. The defense contends Fox was insane at the time of the killing. No statement was made to the jury by the defendant, his counsel announcing he still was mentally unbalanced.

Immediately after jury returned, court recessed until 9 o'clock Friday morning.

Fox was taken from the court room under a strong guard. There was no demonstration as he passed through the spectators.

Judge Howard announced that in the event the jury reached a verdict Thursday night he would not receive it until 9 o'clock Friday morning.

In his instructions to the jury Judge Howard paid particular attention to the rules of law applying to the sanity, or insanity, of a defendant. He also gave the usual instructions and definition on murder, malice and consideration of evidence.

Fox was apparently unmoved by the statement of Robert W. Ann of Dallas, Texas, a member of the defense counsel that the defendant's case was "the most remarkable case of insanity that had been proven in a court of justice in the history of the world."

"If you find Fox not guilty," Mr. Allen continued, "I, myself, will take the stand afterwards and testify in order to have him placed in one of your institutions for the insane. There are others who also will aid."

Attacking the prosecution's charge that Fox planned to enter Coburn's office and shoot the attorney through the back, the Texan declared the fact that the defendant entered and shot Coburn while others were present was indicative of insanity. Fox, he added, could have returned later and found his victim alone.

"Fox was insane," he asserted, "and he is now neither accountable to God nor to the law."

Mrs. Fox, who has been by her husband's side throughout the trial, held his hand while prosecution attorneys ridiculed statements of defense counsel that if the defendant were found not guilty, he would be sent to an asylum.

"I deny that," the assistant solicitor shouted, "if you set Fox free, he will never see the inside of an asylum. His friends say he will be sent there, but will they see to it? Did they put him in a safe place Continued on page 6."

VISIT YOUR ATTIC

Stowed away in many an attic and storeroom are pieces of old furniture, baby carriages, chests, bed clothing, a miscellany of articles useless to you. There's someone who wants just the things you don't want. Sort over the articles in the attic and sell the things you have no use for through Herald Want Ads.

To reach all the people effectively—leave your Want Ad at The Herald office. Phone us to send for it or phone it to the Want Ad Department.

New York City (Cloudy, 31 above). Lettuce: Fla. 17, Ariz. 2, Cal. 10, Southern supplies moderate, demand slow, market weak. Fla. Sanford District 11-2 bu. hprs. and N. Y. crates Big Boston 75c-\$1.25. Winter 75c-\$1.50, few \$1.75.

Romaine: Fla. 1, receipts light, demand slow, market weak, Fla. 11-2 bu. hprs. 75c-\$1.

Eggplant: No C-1 arrivals, receipts light, demand slow, market steady. Fla. crates, choice \$3-\$4, fancy \$4.50.

Peppers: Fla. 0, supplies liberal, demand moderate, market slightly weaker. Fla. crates Bells fancy \$3.50-\$3.75, choice \$2, 11-2 bu. hprs. Bells fancy \$2-\$2.25, choice \$2.

English Peas: Fla. 1, supplies limited, demand moderate, market steady. Fla. 7-8 hprs. exports \$3-\$4, 5-peck hprs. \$5-\$5.50. Calif. lettuce crates \$7-\$8, mostly \$7.50.

Beans: Fla. 5, Fla. express receipts equivalent to 8 cars, supplies and demand moderate, market steady. Fla. 7-8 bu. hprs. green \$2.50-\$4, mostly \$3-\$3.50, poorer low as \$1.75. Wax, few sales, \$1.50-\$4.50.

Boston. Eggplant: Crates \$4-\$5.25, few sael extra fancy \$5.50-\$6.

St. Louis (Partly cloudy, 43 above). Peppers: Supplies liberal, demand moderate, movement slow, market dull. Fla. crates best \$2.50, some broken, small.

Lettuce: Ariz. 2, Cal. 3, Fla. 1, 8 cars on track including broken, supplies liberal, demand moderate, market good and steady. Ariz. and Cal. crates 3s and 4s Iceberg \$3-\$3.50, mostly \$3.25; 4s and 5s \$4.75, some poor \$2-\$2.15. Fla. N. Y. crates Big Boston \$2, 11-2 bu. hprs. \$2.15, carlot sales Ariz. 3s, few \$3.

Cukes, Peas, Strawberries: No supplies. Beans: Demand good, market steady, dark green stock, demand very light, movement druggery, market dull, for pale green. Fla. dark green 7-8 bu. hprs. \$3.50, pale \$2-\$2.50. Texas bu. hprs. \$1-\$1.25.

Minneapolis. Strawberries: No Florida arrivals, English Peas: No Florida arrivals.

Four metal boxes, connected to the stove pipe above one another, are intended by their inventor to utilize the usually wasted heat of the gases from a cooking stove.

A horizontal propeller turned by the wind in flight above a Spanish inventor's airplane helps to stabilize it in the air and lessens the space needed for alighting.

Former cabinet ministers in Spain are prohibited from holding positions as directors or members of administrative councils of corporations.

MY LIFE WITH MAGGIE

By Jiggs

CHAPTER VIII.

"Me and My Valet."

"Jiggs," said Maggie to me one day, "you must have a valet."

"A what-eh?" said I to Maggie. "A valet," said she, "to see that you wear the right clothes and teach you some manners, if possible."

"I'd like to see him try it," I said. "But it was no good. She got him, Francois was his name and he looked just like it sounds."

"I will do for monsieur everyting!" he said to me. "I will see that monsieur wear the right clothes and I will put them on monsieur the right way. I will dress monsieur every morning!"

I ask you—could anything have been more awful? For a minute I was desperate. If Dinty and the boys should ever hear of it, said I to myself, I could never look them straight in the face again! But there was Francois and he kept right on talking.

"Monsieur will find me always obliging," he said. "I am what you call in this country ze 'perfect valet!'"

He was in the closet, hangin' up me clothes, and it was just then me eye lit on something on the table—Maggie's new spring hat. It was a second's work to put it on a chair and slip a pillow over it.

"Come here a minute, perfect!" I said. "Ah, monsieur weesh seomzing!" he said to me.

"Yes, I want you to sit in this chair and read this book and tell me what you think of it after you read it. Sit right down here!"

Francois sat down, and I went down—to Maggie.

"Magie, darlin' let's go for a walk," I begged. "Tis a fine day out and I would just love to walk with you!"

"She beamed at me and said, 'All right, I'll get my hat!'"

"I'll wait for you at the door," I told her.

I sat down, but I had not long to wait. Francois arrived first—out the window. He started runnin' before he hit the ground.

Maggie arrived next, out the door. She had two rollin' pins in her two hands, but she was not lookin' for me—she was lookin' for Francois.

"The big brute!" she cried. "He sat on my hat and ruined it!"

"The dirty foreigner!" I told her. "You can't trust 'em, Maggie, you can't trust 'em!"

And that's how I got rid of me valet.

Copyright, 1922, International Feature Service, Inc. (To be continued)

FLORIDA STATE COLLEGE FOR WOMEN, Dec. 10.—Dr. Mary Bailey Sloan, one of the few Florida young women who have been graduated from Florida State to take up the study of medicine, is enjoying a visit to her Alma Mater with her mother, Mrs. V. T. Sloan, assistant head matron at the college.

Dr. Sloan was graduated from Florida State in 1918. She then entered the Woman's Medical School in Philadelphia, and was graduated from there in 1922, and later supplemented her college work with a year of practical training as interne at the Grace Hospital at Detroit.

Dr. Sloan has recently accepted a position as resident physician at a reform school for girls just outside of Augusta, Maine, and will leave for her post of duty after a holiday stay with her mother at Tallahassee, and Monticello.

Other Florida State graduates who have chosen medicine as a profession are Mary Frank Knott and Jeannette Morris.

Dr. Sloan declares that she loses her professional attitude upon returning to Florida State. She also admits that she realizes more than ever that a doctor should be a Christian.

Herald Want Ad will sell that old piece of furniture.

BIBLE THOUGHT FOR TODAY

WHEN GREAT THINGS SHALL OCCUR:—Then shall the lame man leap as a hart, and the tongue of the dumb shall sing; for in the wilderness shall waters break out, and streams in the desert.—Isaiah 35:6.

Women are working overtime at this season of the year getting stockings ready for the strain of Christmas Eve.

The best way for a merchant to prevent the depression in business usually following Christmas is to increase his advertising space.

When a man sends his most expensive gift to one who can afford to make no adequate return, he has the proper Christmas spirit.

During a recent battle in Tabasco the rebels lost over two hundred men. Is it the Federals or the place that is making it so hot for them?

If that road from here to New Smyrna were in good condition, we could run over and take a swim in the morning and be back in time for work.

The prosperity of a city varies inversely with the number of "For Rent" signs visible. Look around the next time you drive through the city's streets.

Henry Ford says he is satisfied with Coolidge as president and would not consider running against him. But that doesn't reduce our suspicion any regarding this 4d party.

Duval county has organized a John Martin Club. Why not organize a cats club not by any means to elect Cats governor, but entirely to keep cats out of Florida.

Orlando has voted a utilities bond issue of \$525,000. Sanford will go one better by voting an issue January 11 sufficient to provide municipal ownership of all utility plants.

Hardee county has voted overwhelmingly for an \$850,000 bond issue for good roads. This will mean that work will be commenced at once and that Hardee county will prosper.

The New York Times believes that the Republican party will carry several of the Southern states in the next presidential election should the Democrats nominate a "wet" candidate.

When it becomes necessary for stores to remain open during the evenings to accommodate the rush of shoppers, it cannot be denied that the locality is a city and that business is prospering.

Burbank has crossed peaches with plums. Maybe he could cross a peach with heavy traffic.—Dayton's Journal. That hardly seems possible, but he could perhaps cross a fire-fly with bees so they could work all night.

It may be true civilized man cannot do without coals, but he's going to have to struggle along without Doctor Frederick A. for at least fourteen years.—Philadelphia North American.

The skeleton of a colossal elephant which roamed this state in pre-Historic days has been discovered at Melbourne. Some day they are going to discover a colossal donkey at Tallahassee, and it won't be pre-Historic.

The controversy regarding the dedication of Jesus and the physical resurrection is hurting the church more than anything since the witchcraft trials. It is not what Christ was that is of such importance. It is what he did that makes life worth living.

When you wake up Christmas morning and don't find the thing in your stocking you were looking for and you blame it on the postman and then the next morning you get a card wishing you a Merry Christmas, remember it's the spirit that counts.

It is reported that fifteen thousand cigars, property of the late Lord Northcliffe, were recently sold at auction in London. The cigars are said to be of numerous and expensive brands. Journalism does have its compensations.

L. W. Bloom, editor of the Star-Telegram, has announced his candidacy for the state senate. If he is elected and manages his senatorial duties with the same active enthusiasm with which he runs his paper, Folk county should prosper.

Enlarging Sanford's Territory

An expansion of Sanford's trading territory will result immediately upon the opening of the Geneva-Titusville road, according to those who have made a careful study of the situation. This will come as good news to merchants and business men of Seminole county. It is pointed out that the distance between this city and Titusville is only thirty-seven miles via Geneva and that Seminole county has already provided a good road to within three miles of the river. One thousand dollars is now being raised by the people of this county to match a similar amount raised by Brevard and Volusia counties. This money will be spent at once in making temporary repairs on the road so that it may be opened to travel sometime within the next few weeks.

The county commissioners are going to lose no time in doing Seminole's share in this work. Convicts will be placed on the road at once. A toll will be charged at the bridge and the money will be used in the up-keep of the road after it is finished.

At a meeting of the committee held at the Chamber of Commerce Tuesday Archie Donaldson was authorized to direct the work which will begin within the next three days. Mr. Donaldson is donating his services and he expects to get the road ready for tourist travel in a few weeks time.

It is understood that Volusia county does not contemplate hard-surfacing its portion of this road. Seminole and Brevard commissioners have already made plans to finish hard-surfacing in these two counties and should Volusia still refuse to do her share the state highway commission should take steps necessary to have this done.

The possibilities for trade with the opening of this road are enormous. At the present time the distance between Titusville and Sanford via New Smyrna is eighty-four miles. Titusville shoppers, who shop away from home either have to go to Jacksonville or Fort Pierce. With the opening of this new road, they will come to Sanford.

Business houses in Seminole county will get the dollars now going to Jacksonville and Fort Pierce. Tourists returning north from Miami and Palm Beach will have the opportunity to see "the world's greatest vegetable section" by traveling the new road.

The completion of the temporary road will convince the most skeptical of its great value and Seminole county should leave nothing undone that will lead to the early completion of a good hard-surfaced road between this city and Titusville.

Motorists Need Courtesy

Ignorance and ill-breeding never are so conspicuous as on the road and automobilists see such evidence every day on highways of the country.

With the increasing mileage of good roads and the ever-growing number of motor vehicles, it has become more necessary than ever for motorists to put into daily practice the use of the Golden Rule.

Courtesy is one of the greatest words in the English language. When one motors along the highway he finds object lessons in its value as well as examples in its lack.

Charles R. Roth of the Pittsburg Automobile Club gives an excellent statement on the crying need of more courtesy on the road when he says:

"Speeding, disregard for traffic regulations, disrespect for the officers of the law who try to enforce them, failure to stop at boulevards, are all forms of lack of courtesy. They are forerunners to accidents, too. Collisions, the knocking down of a pedestrian—perhaps the death of a child may be the direct result of the motorist's failure to disregard the common courtesies of driving.

"Every motorist should realize that his fellow motorist has rights that, as an automobile driver, he should respect. A particularly great menace to automobile driving is the widespread disregard for the headlight courtesies. Many accidents leading to injuries and death are caused nightly because automobile drivers wilfully permit their headlights to burn in the eyes of approaching motorists. A little courtesy would prevent these accidents.

Automobile drivers should try to place themselves in the shoes of the other fellow. There will be more courtesy, there will be more regard for the rules of the road, fewer accidents, fewer injuries, and a decrease in the death toll.

The road hog is a menace to all drives, including himself. Selfishness is his dominating idea. He thinks only of himself. He lolls along in the middle of the road, preventing motorists coming from behind making proper turns, and rudely ignoring their attempts at signaling to him with their horns.

Nothing so mars the pleasure of a trip into the country than contact with a road-hog. Nothing adds so much pleasure to an outing than meeting with a motorist who shows evidence of that fine courtesy that marks a gentleman and a friend.

LET US MAKE ourselves watchers and guardians of the order of the world. Let us pledge ourselves to service. Let us set ourselves with all our minds and all our hearts to the perfecting and working out of the methods of democracy, and the ending forever of the kings and emperors and the bands of adventurers, the traders and forestallers who have betrayed mankind into this morass of hate and blood, in which we flounder still.—H. G. Wells.

IN THE MORNING when thou risest unwilling, let this thought be present: "I am rising to the work of a human being. Why then am I dissatisfied if I am going to do the things for which I exist, and for which I was brought into the world? Or, have I been made for this, to live in the bed-clothes, and keep myself warm?"—Marcus Aurelius.

THE MAN WHO never makes mistakes never makes anything. Many chips, broken instruments, cuts and bruises belong to the history of any beautiful statue.—Anonymous.

Americans Learning Thrift

New York Tribune

Are Americans becoming more thrifty? In the flush times following the World War the answer was "no." Four years of ups and downs in prosperity seem to have brought with them another story of the habits of the people in squandering or taking care of their money.

The latest reports from the savings banks of the country show total deposits of over 17 billions, or 47 per cent of the total deposits in all banks. President Pulley of the Emigrant Industrial Savings Bank of New York City recently said: "Our deposits are steadily increasing and are larger than ever before. People are not borrowing on passbooks or promissory notes and are paying off their loans. That is a pretty fair indication of prosperity."

The annual report from the ten thousand and nine Building and Loan Associations in the United States reveals a gain in membership of more than a million members, approximately 7,000,000 people are now saving

In Groups of Three Canadian Sunshine

Three things to love—courage, gentleness and affection. Three things to fight for—honor, country and home. Three things to think about—life, death and eternity. Three things to delight in—frankness, freedom and beauty. Three things to govern—temper, tongue and conduct. Three things to hate—cruelty, arrogance and ingratitude. Three things to wish for—health, friends and a cheerful spirit. Three things to avoid—idleness, loquacity and flippant jesting. Three things to admire—intellectual power, dignity and gracefulness.

Winter Golf in Florida

The Florida Magazine

A few years ago, as the motorist wended his way over miles of paved road in Florida during balmy winter days, he was naturally interested to know the why and wherefore of this and that energetic clearing activity every few miles on either side of the road.

The answer in most cases was that the clearing was being done for the purpose of planting an orange grove or starting a truck farm. Today that wouldn't be correct in every instance as there would be a golf course under construction in about one out of every ten cases. That may be putting it a little strong but it is a genuine surprise even to Florida people, who don't have an opportunity to drive about the state to any great extent, how numerous golf courses are becoming.

Show us a town of a thousand population that hasn't one and we'll wager that the finance committee is working on plans for the club house now. Under no consideration would we undertake to say how many golf courses there are in Florida. There are literally hundreds of them in operation, both public and private, and scores under construction. In a few years they will be as numerous as gasoline filling station and by that time we will probably have a caddies' union to contend with.

Of course, there is an excellent reason for a good golf course or two in every Florida town. Golf is a sport that the visitor doesn't tire of. He may think that he has done a day's work when he plays around eighteen holes a couple of times, and he has, but he will go right back again the next day just as eager to tee off from No. 1 as he was the day before.

Many courses have professional instructors who can make fair players out of raw material in a comparatively short time. A professional instructor, however, isn't necessary to enable one to enjoy golf. The rules of the game are simple, so if there is no instructor available, ask an old player to take you around a few times and you will be competent to go it alone at least to your own satisfaction.

Florida's multitude of golf courses offer an attraction to the northern business men that is hard to resist. No man in the north who plays golf during the fall likes to give up the game when winter sets in, so the appeal of Florida is ever present. When the air is full of snow and the thermometer is near the zero point somewhere above Mason and Dixon line, it is hard to believe that thousands of men and women are having the time of their lives driving the little white ball around over the green fairways in Florida's balmy sunshine. It doesn't seem reasonable but it is a fact nevertheless. That is just what takes place on every golf course in Florida all day long during every day of the week for the entire winter season.

Talk about a rejuvenator—there is nothing like it. Frail, worn specimens of humanity come down from eighteenth floor confident somewhere in the north, lacking in strength, appetite and ambition. Two weeks on the links every day and they have regained all three in abundance. No longer will two modest meals satisfy. The visiting golfer must have three big meals daily—the kind that made the Middle Western harvest hand famous. The combination of exercise, plenty of good food, fresh air and sunshine puts the red in his cheeks, the sparkle in his eye, the spring in his step and sends him back north again feeling fit to take on Jack Dempsey.

For the Florida citizen—man or woman—there is no better recreation than golf. It can be played during any time of the day, during spring and fall months, and it isn't a bad game for the early morning hours or late afternoon of the average summer days. If you don't play golf, get a set of clubs and try it. Be assured you will thereafter play at every opportunity. You can judge for yourself from this that you have been missing something good.

Florida Lands as Federal Reservations

Compiled from Official Records by Agnew Welsh

The following is a list of the properties in the state of Florida that are owned by the United States and the facts relating to their acquisition, obtained from a report of the judge advocate general, officially published in a revised edition in 1916, and for a copy of which thanks are due to Senator Fletcher. The total area approximately 13,000 acres.

Fort Clinch, Amelia Island, 50 miles north of St. Augustine; contains 694.5 acres; reserved from public domain February 29, 1842; 100 acres added by purchase October 20, 1849; an additional 40 acres added by purchase July 9, 1850. On March 3, 1867, 225.5 acres were relinquished to the department of the interior. St. Johns Bluff, near Mayport, Duval county; 117.7 acres; acquired by condemnation April 10, 1902. Militia target practice ground, three separate purchases aggregating about 672 acres, six miles south of Jacksonville; purchased in 1907-08. Fort Marion, St. Augustine, 18.09 acres. Old Spanish construction, Casemates, that part of Virginia Key unsurveyed, that lies in Sections 17 and 20, T. 54 S., R. 42 E. Reserved for military purposes February 11, 1897. St. Augustine national cemetery; area, 1.27 acres; formerly post cemetery for St. Francis barracks; constituted a national cemetery on December 7, 1881. St. Francis Barracks, St. Augustine, 3.87 acres; reserved June 28, 1832. Anastasia Island, St. Augustine, 790 acres; purchased September 4, 1833. Matanzas Inlet, a small island 15 miles south of St. Augustine; area unknown; request by war department for reservation on March 23, 1842. Matanzas river, two islands in the main channel aggregating about two acres; executive order of June 10, 1892. Virginia Key, lying between Norris Cut and Bear Cut, Dade county; includes that part of Virginia Key unsurveyed, that lies in Sections 17 and 20, T. 54 S., R. 42 E. Reserved for military purposes February 11, 1897.

Cayo Costa, at the entrance to Charlotte Harbor, 1,176.24 acres; decided by the state on December 25, 1912. Gasparilla Island, at the entrance to Charlotte Harbor, DeSoto county; same reservation as above; occupies the southern end, reaching two miles up the island; conditionally transferred to treasury department for lighthouse purposes in 1902. Fort Dade, near entrance to Tampa bay, all of Egmont Key, less 15 acres

on north end reserved for lighthouse purposes; contains 378 acres; reserved from public domain November 17, 1882. Fort De Soto, reserved at the same time as the above item; located on Mullet Key, about 25 miles from Tampa; contains all of the key except 271 acres transferred to the treasury department for quarantine purposes; contains 613 acres. Cedar Keys (Fort Howard) comprising North Key and Snake Key, with an area of 292.8 acres; reserved for military purposes by executive order of March 2, 1840. Sea Horse Key was set apart by the president for lighthouse purposes on September 25, 1851. Key West—Barracks: purchased March 2, 1833, 22.79 acres; 14.79 acres added December 14, 1833; certain lots on May 4, 1835; about eight acres on June 1, 1837. Cemetery—About one-third acre dedicated February 25, 1897. Martello Tower No. 1; 18 acres on the southern coast of Key West. It is the site of a tower, or fort, erected during the Civil War but title was not acquired until March 14, 1898. Tower No. 2; 15 acres, similarly situated and acquired by purchase on January 23, 1897. Fort Taylor, southern extremity of Key West; area, 79.21 acres; acquired at various times from October 15, 1845 to July 16, 1898. Flag Island, 2.75 acres at entrance to St. George's Sound, Franklin county; reserved same date as above. St. Andrews Sound, tributary to the Gulf, in Washington county; area, 1,503.84 acres, and of Hurricane Island, about 100 acres, three tracts reserved for military purposes on March 23, 1849. Moreno Point Reservation, at entrance to Santa Rosa Sound, Washington county; approximately 5,958.29 acres; executive order reservation February 9, 1842. Fort Pickens; off south end of Santa Rosa county and extending across full width of said county; Fort Pickens, on the western point, is one mile from Fort Barancas. Spanish cession shows they always maintained a battery at "Fort Arriundo" for the defense of Pensacola Bay; acquired by the U. S. under treaty of 1819; formal reservation made April 21, 1839; area, 1,181 acres.

The Days Before Christmas

SOCIAL, CLUB AND CHURCH ACTIVITIES

The Social Side of Sanford

MRS. FRED DAIGER Society Editor Residence Phone 217-W

SOCIAL CALENDAR

Thursday—Art Exhibit at the Grammar School from 3 to 5 o'clock.
Thursday—Duplicate Bridge Club meet with Mrs. A. P. Connelly at Comfort Cottage.
Thursday—Sallie Harrison Chapter, D. A. R., meet with Mrs. W. J. Thigpen at 8 o'clock.
Friday—Scrip Dance at the Woman's Club by Peter Schaal, with the Indianapolis Eight Orchestra. 9 P. M.
Friday—Art Exhibit at the Grammar School from 3 to 5 o'clock.
Saturday—Art Exhibit at the Grammar School from 3 to 5 o'clock.
Saturday—Little Helen Wilson will entertain a number of her young friends at her home on Sanford Heights at 3:30 p. m.
Sunday—Tompkins-Lovejoy nuptials at the home of Mr. and Mrs. J. R. Forrest on Park Avenue.

A VISION

I slept and dreamed a dream of deathless love;
And angel bore a scroll of spotless white,
Upon the page was writ, in glory light,
A message from the throne of heaven above.
"Be thou an anchor for the drifting bark,
A beacon on the tempest driven coast,
A comfort to that weary, wandering host,
Who falter as they journey through the dark."
I woke and felt that fast upon me lay
The hand of Him who walked on Galilee,
And prayed that He would ever let me be
A strength to lonely pilgrims in the way.

—W. Douglas.

Mrs. A. H. Stone has returned from Gulfport, Miss., where she has been spending several months.

Miss Avis Stenstrom of Tampa will arrive Friday afternoon to spend the Christmas holidays with her sister, Mrs. E. S. Rockey.

Mr. Samuel Morgan of Martinville, Virginia, arrives Friday to spend the winter as the guest of his son, Mr. Walter S. Morgan.

Miss Kitty Smith, the popular history teacher in the High School leaves Friday for her home in South Carolina to spend the holidays.

A congenial party motoring to Orlando Thursday was Mrs. W. B. Zachary, Misses Carmita Barber, Ellen Mahoney and Mr. R. F. Cooper.

Mr. and Mrs. Teeder of North Carolina were guests of Mr. and Mrs. G. E. McKay, Thursday. Mr. Teeder is principal of a high school in North Carolina.

Mr. and Mrs. A. B. Bieler announce the birth of a daughter on Thursday, December 20. This little lassie weighs 8-1/2 pounds and has been named Sharon.

Mrs. George H. Rice, after a very pleasant visit of several weeks will return Friday from Tanyerine, to spend the holidays with her daughter, Mrs. A. R. Key.

Miss Iris Britt, who is spending the holidays with her parents, Mr. and Mrs. W. H. Britt, has as her guest, her cousin, Miss Francis Britt, of Atlanta, Ga.

Mr. Joe Corley is spending the holidays with his parents at their home on Cameron Avenue. Mr. Corley is a student at Porter's Academy and has made an enviable record in football this season.

Miss Margaret Zachary who has just returned from Sullins College at Bristol, Virginia, is being warmly welcomed by the younger society set. Miss Zachary is majoring in the college of music.

Mrs. Walter S. Morgan will have as her guests for the holidays, Mr. and Mrs. John K. Mettinger and Miss Ruth Mettinger of Jacksonville. Their many friends are giving them a most cordial welcome.

Mrs. Augusta Elgermann has returned to Sanford to spend the holidays with her daughter, Mrs. Fred Decker. Mrs. Elgermann is a non-resident member of the faculty of Cathedral School in Orlando.

Mr. Byron Stephens returned Thursday from Atlanta, where he has been a student of Commercial Art in the Atlanta Academy of Art. Mr. Stephens possesses unusual talent and upon completing his course in Atlanta will study in New York.

Dr. Caroline Spencer is visiting Mr. and Mrs. H. H. Chappell at their home on Celery Avenue, en route to Jacksonville. Dr. Spencer is a lecturer of note, making interior decoration, better films and parliamentary law her most popular subjects before Woman's Clubs.

The holiday shoppers from Sorrento Thursday were Mrs. J. D. Kennedy, Mrs. Mildred Kennedy and Mrs. Mary Brock of Mount Dora. Miss Kennedy is a graduate of Mrs. Munson's school of music and is now studying in a comic opera "The Love Stamp," in Sorrento.

JUST THINK OF IT!

And here is the latest story they tell about Camel Myers, move actress of the west coast. They say—get this—that she bit an oyster and found a pearl worth 16,200,000,000,000 German marks! Lucky girl.

STETSON PERSONALS.

It is indeed gratifying to know that the Sanford boys and girls attending Stetson are taking an active part in the college life.

Miss Iris Britt who is working for a Ph. B. degree is a member of the M. & M. Club and is making an accurate part in the Y. W. C. A. Miss Erzel Little is working for an A. B. degree and is making high scholastic records.

Miss Charlotte Smith is taking a business course leading to expert accountant and it will be remembered that last year upon her graduation she won the Tarascher Scholarship medal, the Daughters of the American Revolution cup and the Mobley medal. She is considered one of the best students in the business college. Elizabeth Garrison is a member of M. & M. Club and is taking an account in the Y. W. C. A.

Virginia DeCoursey is a member of the Phi Beta musical fraternity; belongs to the Glee Club, member of the M. & M. Club and Y. W. C. A.

Miss Leola King is the president of the Student Government, member of the Alpha Phi Delta Sorority, president of the Y. W. C. A., and member of the M. & M. Club. Miss Lucile Newby is a member of the faculty, teaching academy mathematics and science. She is a member of the Pi Beta Phi Sorority and a member of the Phi Beta musical fraternity. Miss Newby is also a member of the Glee Club and active in the Y. W. A.

Our boys are giving splendid account of themselves. Mr. Meade Baker is taking C. F. degree and has been pledged to the Pi Kappa Phi fraternity. Mr. Douglas King is treasurer of the freshman class and also a pledge of the Pi Kappa Phi.

Mr. Frederick Rines is making good use of his musical talents and is a member of the Stetson band and orchestra and is now making good in the Glee Club.

Mr. Joe Cameron is taking the business course. Joda, as his friends all call him, and it would be hard to find a more popular man on the campus.

Mr. Edward Henderson is nearly everything there is. He is president of the Freshman class, pledge of the Pi Kappa Phi fraternity, assistant business manager of the Stetson Glee Club, associate member of the Alpha Phi Epsilon debating fraternity and a member of the M. & M. Club.

We are proud of Mr. Charles Henderson's record: President of the Junior class; president of the Pi Kappa Phi frat.; president of the M. & M. club; president of the Alpha Phi Epsilon debating fraternity; vice-president of the Stetson Glee Club; Football manager for this year's annual. Mr. Henderson has the distinction of being one of the two Stetson candidates for the Rhodes Scholarship and whether he is winner or not that is a distinct honor.

DUPLICATE BRIDGE LUNCHEON One of the loveliest fore-runners of the holiday gaieties was the duplicate luncheon given by Mrs. A. P. Connelly at Comfort Cottage, Thursday at 1 o'clock.

The living room and reception hall were gay with holly, Christmas green and poinsettias. The guests were greeted at the door by the hostess. A delicious four course luncheon was served, the places of the guest being marked by miniature Santa Claus and decorated by small Christmas trees.

After luncheon the guests played duplicate bridge and upon counting scores late in the afternoon it was found that Mrs. Samuel Paleston and I o'clock. The living room and reception hall were gay with holly, Christmas green and poinsettias. The guests were greeted at the door by the hostess. A delicious four course luncheon was served, the places of the guest being marked by miniature Santa Claus and decorated by small Christmas trees.

MIS. W. J. THIGPEN HOSTESS D. A. R.

One of the most enjoyable D. A. R. meetings of the season was held Thursday afternoon from 3 until 6 o'clock at the home of Mrs. W. J. Thigpen.

The lovely living room was decorated with cut flowers and the D. A. R. Chapter flag.

The guests were received by Mrs. W. J. Thigpen and Miss Cathryn Blake.

The meeting was called to order by the Regent, Mrs. A. M. DeForest and then after the prayer and reading of the creed and the salute to the flag, Mrs. DeForest told the daughters of her views on certain D. A. R. matters and gave an inspiring and helpful talk on the objects and aspirations of the society.

The minutes were read by the secretary, Mrs. John Leonard and the treasurer's report given by Mrs. Frank Dutton. It was reported that the sum of \$72 had been donated for the rebuilding of the Episcopal Parish House.

Delegates were elected to the D. A. R. Conference at Port Pierce, Mrs. Frank Dutton and Mrs. H. H. Pattishall of Geneva delegates and Mrs. Forrest Lake and Mrs. A. T. Rossiter as alternates.

The Ribant Monument committee reported the sum of \$40 raised for this work.

The other members entitled to attend the conference are Mrs. A. M. DeForest, regent; Mrs. W. F. Watson who is the chairman of the Scholarship State committee and has been appointed by the state regent to serve on the elections committee; Mrs. B. J. Starling who has been greatly honored as a member of the Ribant Monument committee, and Mrs. John Leonard, as a state officer.

After the meeting adjourned a most delightful social hour was enjoyed. Mrs. Graham, D. A. R., from an Illinois chapter was a tea guest.

The hostesses assisted by Mrs. R. A. Key and Miss Cathryn Wilkie served tea, sandwiches, fruit cake and bon-bons.

Those enjoying this occasion were Mrs. A. M. DeForest, Mrs. A. T. Rossiter, Mrs. Lucian Phillips, Mrs. R. E. Tolar, Mrs. E. A. Douglass, Mrs. A. B. Key, Mrs. John Leonard, Mrs. G. I. Loucks, Miss Cathryn Wilkie, Mrs. Graham, Mrs. Frank Dutton.

DOMESTIC SCIENCE CLASS AIDS CHILDREN'S HOME.

Miss Mary Zachary is giving her second year class the idea of service as well as making High School credits. Each second year class in domestic science is required to make a complete layette as their problem in Domestic Art, and this year the lovely idea of giving the completed layettes to the Children's Home Society was voted on by the girls. Friday the box is being packed and sent to the little waifs.

Every garment is made as nicely and finished in laces and feather stitching as though they were going into a prize contest.

The articles include 10 little dresses; 10 little slips and the other articles and 10 dresses for children of two and three years of age.

A great deal of credit is due Miss Zachary for the splendid work her Domestic Art and Science classes are doing.

American girl in Paris hit it unlucky. Man couldn't steal her heart so he stole her jewels.

Every government has its good points. In Moscow, they are putting all the gamblers in jail.

London hints the Prince of Wales' taste in girls is not so good. Girls should use flavored lipsticks.

SANFORD ASSOCIATION OF BUSINESS WOMEN LUNCHEON.

Thursday at 12:30 the Business Women's Club met at the Lu-Beth Cafeteria. This is a very informal meeting, each member coming in during the luncheon as near 12:30 as it suits her convenience.

The luncheon is always served in the tea room addition to the cafeteria. Miss Mason called the meeting to order to decide whether the meetings would continue during the holidays. Miss Berner made the profound observation that since the women had to work on Thursday, they might just as well eat. It was then moved and carried that the club meet next Thursday as usual. The club had as its guest Miss Ellen Mahoney, teacher of English in the High School, who told something of the work done by her pupils in the contest work.

Mrs. I. Chauncey Meekins, Mrs. John Leonard, Misses Elizabeth Munson, Agnes Berner, Minnie Lee Allen, Mel Whitner, Mary Zachary, and Ellen Mahoney.

FRILOAH CLUB.

Mrs. Hawkins Connelly was the delightful hostess of the Friloah Club Wednesday. The living room was a mass of scintillating poinsettias and Christmas trees. The ladies were in the Christmas colors with Santa Claus peeking out of a chimney on a world covered in snow.

Never did the Friloah have a more delightful and exciting game of bridge and when the scores were counted it was found that Mrs. Percy Mero held high score and was awarded a box of linen hand made handkerchiefs.

The guest prize a vanity was given to Miss Mary Roan, the attractive house guest of Mrs. Connelly from North Carolina.

The hostess served stuffed tomato salad on lettuce leaves with sandwiches and coffee.

Those present were Mrs. Percy Mero, Mrs. James Ridge, Mrs. Emmett Hunt, Frances Gonzalez, Mrs. Edward Betts, Miss Helen Gonzalez, Mrs. Robert Hines and Miss Mary Roan.

The many friends and schoolmates of Marie Stemper, who is attending Piedmont College, Demorest, Ga., will be interested to know that she will not spend the holidays at home, but will be a guest of one of her school friends, Miss Pauline Weber, at her home in Elberton, Ga.

Miss Ellen Chappell of Jacksonville is the attractive guest of Miss Gladys Adams for the week-end. Miss Chappell and Miss Adams are roommates at Southern College at Lakeland. This year Miss Adams was elected president of the Senior class, a very unusual honor for a girl in a co-educational school.

Among the prominent visitors from Georgia are Mr. and Mrs. S. M. Howard of Barnesville, who are visiting their daughter, Mrs. Leslie Bryant at her home on Beardall Avenue, and Mr. and Mrs. A. C. Duke, also of Barnesville. Mrs. Duke is the sister of Mrs. Bryant and will spend the holidays here as her guest.

Mr. and Mrs. W. M. Stockoff of North Arlington, N. J., are visiting the parents of Mrs. Stockoff, Mr. and Mrs. Albert Berner of Celery Avenue and will be in Florida for several weeks. The trip was made in four days from Arlington to Sanford. The roads are good and the trip was very pleasant, so Mr. Stockoff said.

Daily Fashion Hint

PRESENTING THE CAPE QUESTION

Early Autumn has its first say in hats, then in wraps, and a word on both subjects is expressed here, with supplementary remarks regarding a straightline frock of plain and figured roshanara crepe. The cape is trimmed with wide bands of self-material, and is slashed to slip the arm through. The neck is gathered to a wide straight collar. Velvet or broadcloth may be used to develop the cape. Medium size requires 4 3/4 yards 54-inch material, and 3 yards 40-inch crepe for lining.

Pictorial Review Cape No. 1744. Size, 34 to 46 inches bust. Price, 35c. Dress No. 1697. Size, 34 to 48 inches bust. Price, 35c.

Baby Slept All Night and Woke With a Smile

That Teethina, the wonderful laxative and stomach corrective, is the safest medicine for keeping babies and children healthy is conclusively proved by the hundreds of letters constantly being received from happy and grateful mothers who have given it to their little ones.

Among others praising it is Mrs. A. A. Barr, Route 2, Clayton, Ala., who writes: "I began giving Teethina to my baby at 8 months and kept it up all through teething time."

"He might be crying and fretting all day, and at bed time I'd give him a dose of Teethina and he would sleep fine and wake up in the morning with a smile."

Teethina is sold by all druggists, or send 30c to the Moffat Laboratories, Columbus, Ga., for a package and a free booklet about babies.

ENTERTAINED ROYAL NEIGHBORS.

Mrs. J. L. Zorne, at her pleasant home, 511 Myrtle Avenue entertained the Royal Neighbors of America. She was assisted by Mrs. John Stempert.

The rooms were beautifully decorated with poinsettias and Christmas colors. A pleasant social hour was enjoyed by all present. Games, a play and a contest in guessing kitchen utensils were among the amusements. In the contest Miss Ruby Harkey won first prize, a buffet set. The consolation prize, a guest towel, was won by Mrs. John Hays.

Tempting refreshments were served consisting of fruit salad, jello with apple snow cake and chocolate.

GOING TO TAMPA.

D. F. Whitner, Jr., will leave Friday in his car for Tampa where he goes to make more arrangements for Seminole county's exhibit at Madison Square Garden during February.

IN THE WORLD OF SPORTS

GIBBONS IGNORED BY TEX RICKARD

Boxing Promoter Disregards St. Paul Boxer's Claim To a Return Bout With Jack Dempsey.

NEW YORK, Dec. 21.—Jack Dempsey may have planned three big fights for next year—with Luis Firpo, Harry Wills and Tom Gibbons—but he will have to get some other promoter than Tex Rickard to stage the bout with the St. Paul boxer.

The impresario is only interested in promoting bouts between the champion and Firpo and Wills. Tex believes that a bout between Dempsey and Gibbons would not draw in this part of the country, despite the fact that the St. Paul wonder went the limit with the champion in their Shelby set-to. He looks upon Gibbons as a light heavyweight and is anxious to match him against either Gene Tunney, American champion, or Georges Carpentier, the French fighter.

Creates Furore. Rickard's decision has created a furore in fan circles. The impresario gained ground that Gibbons, on his showing at Shelby, had a better right to a match with the champion than either Firpo or Wills. But visions of that million dollar gate last September is the lure for a return match between the South American and the champion next spring, or as soon as the weather permits the holding of the bout in an outdoor arena.

Rickard believes that the return engagement would outdraw the gate at last fall's encounter.

After the Firpo encounter Rickard plans to match the champion, provided he again defeats the Latin fighter, with Harry Wills, and have the "race" question decided in the ring once and for all.

Swiss Tracks Are Now Ready For The Games

(By The Associated Press) CHAMONIX, France, Dec. 20.—The skating rink, ski-jumps, curling rink and bobsleigh chutes for the winter Olympic Sports opened January 25, are now practically finished. The skating rink measures 227 metres in length and 90 metres wide. The track of speed skating possesses all the latest improvements in the way of drainage, water squirting apparatus, electric lights, dressing rooms, etc. It measures 400 metres around and is ten metres wide, excepting at the turns where the width is increased to 25 metres.

In the interior of the track a rink of 70 metres by 30 is reserved for hockey. Figure skating and curling rinks are installed in each corner of the area outside the hockey rink proper. There is accommodation for 10,000 spectators.

The ski-jumps are situated on the very slopes of Mont Blanc, near the little village of Mont. The taking off track is 79 metres long to the actual jumping off place and the landing track measures 178 metres in which the jumper can check the momentum reached in the jump. It is the opinion of experts that all records for ski-jumping on the narrow gauge railroad used in the building of the jumps, escaping from the workmen at the top of the track, cleared 65 metres before landing.

College Professors To Form Athletic Teams

WAKE FOREST, N. C., Dec. 20.—Phil Utley, assistant coach at Wake Forest College, announces a plan for the reduction of avoidupois among faculty members of the Baptist institution, and a program which will not include reading freshmen themes, Greek diphthongs, the correcting of quizzes or examinations.

Utley intends organizing a volleyball team among the professors at Wake Forest.

"If we can arrange games with the faculties of State, Trinity and Carolina," states the assistant coach. Members of the faculty to whom Utley has broached the subject are enthusiastic over the prospects of getting their daily dozen without the necessary accompaniment of winding the victrola.

WINTER COUGHS AND COLDS. With the changeable weather which we have at this season of the year, coughs and colds are very prevalent. Be prepared for them. Have a bottle of FOLEY'S HONEY AND TAR COMPOUND handy, and with the first sign of a cough or cold take a dose and prevent a serious ailment. FOLEY'S HONEY AND TAR COMPOUND has been the standard family cough remedy for over 35 years, bringing prompt relief and when once used you will never be without it. Sold everywhere.—Adv.

DUNDEE WINS, BUT

Johnny Dundee, featherweight titleholder, was given the judges' decision over Jack Bernstein, and thus won the junior lightweight title as well. The bout occurred at Madison Square Garden, New York City. When decision was announced the fans howled long and loud, many saying it was the worst decision in years, as Bernstein looked the easy winner, they added. Bernstein on left.

Celery Seed

(By R. L. Shipp)

Scott High of Toledo is still howling for a game with a Florida grid eleven. They now hold the scholastic title of the United States, and like a pack of hungry wolves they want something else to chew upon.

Florida elevens who have been challenged were, of course, Lakeland and Hillsborough, but neither of these two teams seemed interested. Wonder why?

A game between either Lakeland or Hillsborough, and Scott High would be a classic to Florida, especially in the scholastic realm. Florida would be well represented too, in either the Dreadnaughts or Terriers.

The "baseball exchange" has been well in progress since the closing of the regular season. (The "baseball exchange" which, needs an explanation to some who have never seen the game, consists of the buying and selling of baseball players at ten times their value.)

Detroit Free Press says: "Honors Paid Grid Heroes." Heroes now days get as many honors as the World War veterans only they don't get a medal.

The laundry business would be a profitable all-year-round proposition if basketball players got their uniforms washed.

"Ark" Newton Is Elected To Guide Gators Next Year

GAINESVILLE, Fla., Dec. 19.—R. D. Newton, veteran "Gator half-back, was selected Tuesday night as captain of the University of Florida football team for 1924. The choice was made at the annual banquet at which 16 Florida players and their managers were awarded letters for their play in 1923. Newton's home is in Camden, Ark. He was selected this year on the mythical all-Southern eleven.

President A. A. Murphree was host to the "Gators at their third annual banquet.

Those receiving the coveted orange "F" were: Robbie Robinson, captain; Stuart Pomeroy, Captain-elect Newton, Spec Lightsey, Bill Middlekauff, Joe Merrin, John A. Murphree, H. E. Smith, Cy Williams, E. M. Goldstein, Clyde Norton, Sam Cornwall, Edgar Jones, Dick Brown, Jack Matthews, Lawrence Case and Frank Evans, manager.

Christmas Trees for sale—50c to \$1.50. Brotherhood of St. Andrew, Phone 350.

NEWTON IS FIRST CAPTAIN FROM BACKFIELD SINCE 1919 SEASON

(By Frank Wright.) UNIVERSITY OF FLORIDA, GAINESVILLE, Dec. 21.—"Ark" Newton, captain-elect, is the first backfield leader a University of Florida football team has seen in five years. The last time the Fighting Gators were captured by a back was in 1919 when Jim Sparkman, now coach at Hillsborough High School led the Orange and Blue warriors through a great season.

In 1920, Baker a guard, was the choice of his mates for captain, the election establishing a precedent that year for line leaders that was broken just this fall by the unanimous naming of Newton as the pilot for '24. The following season, "Tootie" Perry, well known to southern football followers, who alternated between center and guard, led the Gators through a great year, it being while Tootie was at the head that Florida first came to be recognized as a coming power in Dixie football. That year Florida walloped Mercer, Howard College, Oglethorpe, and the University of Alabama, deadlocking with South Carolina and the Mississippi State College.

It was the beginning of a rapid and brilliant rise in football for the Florida University, which is yet in its infancy.

Duncan 1922 Captain. Duncan, Florida's gigantic end, captained the Gators in '22 and another successful season followed, it being the year that Florida went into the Harvard stadium and held the Crimson to a remarkably low score. It marked another era in grid history for the Gators, for it was their first big eastern clash in something like 18 seasons of campaigning.

Florida gridders selected a "prince" when they named Winthrop Robinson captain for the '23 '11. The most leivable, loyal spirited and as fine a captain as ever bore the Orange and Blue is just a brief way of attempting a description of the fearless leader and brilliant tackle that was instrumental in the University of Florida mounting to such a high position in the southern football scale. A wonderful leader has passed on.

The election of R. D. "Ark" Newton, brilliant halfback of three sea-

sons' experience with the Florida gridmen, as captain of the squad next year, is a popular one with the student body of the state's dynamic institution of learning, and the legion of football enthusiasts who have followed the activities of the Gator 11 the past season.

In '21, there is not a question but what the Florida team was moulded around Newton. He was an exceptional player, sharing the limelight with few of his teammates. His grid play the following season was remarkable and gained him considerable all-Southern mention—a goal he attained this year.

Colorful Athletic Career. "The Arkansas Flash" has led a colorful athletic career at Florida. He was the only athlete at the Gator abode of learning last year that earned four major letters, the "F" being awarded the Camden product in football, basketball, baseball and track. His performances in each of these sports stamped him as a wonder athlete, and such he is.

Newton is one of the most talked of men in the southern sport world today. His play now for two seasons has attracted widespread attention, and there seems to be little doubt but what his final season next fall bolstered by being all-Southern, and with the responsibilities of captain, should be the greatest in all his athletic career.

Only 20 years of age, the Arkansas youth possesses strong potentialities in track. Many cinder coaches believe he is suitable material for Olympic consideration. He stands a good six feet in height and tips the beam at an even 185 pounds.

He is considered the greatest punter in the south. A triple threat man of the highest order, Newton will make the type of captain who can say "follow me." His defensive play this season, especially the interference he has accorded his teammates, has been little short of marvelous.

Newton is one of those rare fellows who, with no ostentatiousness, gives his all to his fellow men and team and alma mater, letting the glory fall where it may. He should make Florida a great captain, and the south will watch his activities very closely next year.

"JACK'S HERE!"

Jack the Giant Killer Dempsey arrived in New York the other day and now the fight world is sitting up and taking notice once more. Photo shows him at his first breakfast in the Big Town—on this trip.

The assessed valuation of Leesburg is now over three million dollars while one year ago it totalled \$2,500,000. With the new growth and added acre the valuation in 1924 will be \$4,000,000. This is a greater valuation than the entire county when the first road program was put on a few years ago.

CHAMONIX, France, Dec. 21.—The skating rink, ski-jumps, curling rink and bobsleigh chutes for the winter Olympic Sports opening January 25, are now practically finished.

The skating rink measures 227 metres in length and 90 metres wide. The track for speed skating possesses all the latest improvements in the way of drainage, water squirting apparatus, electric lights, dressing rooms, etc. It measures 400 metres around and is 10 metres wide, excepting at the turns where the width is increased to 25 metres.

In the interior of the track a rink of 70 metres by 30 is reserved for hockey. Figure skating and curling rinks are installed in each corner of the area outside the hockey rink proper. There is accommodation for 10,000 spectators.

The ski-jumps are situated on the very slopes of Mont Blanc, near the little village of Mont. The taking off track is 79 metres long to the actual jumping off place and the landing track measures 178 metres in which the jumper can check the momentum reached in the jump. It is the opinion of experts that all records for ski-jumping will be broken here. A little truck on the narrow gauge railroad used in the building of the jumps, escaping from the workmen at the top of the track, cleared 65 metres before landing.

Soviet Goods Show in Berlin. BERLIN, Dec. 19.—A permanent exhibition of Russian products has been opened in the rooms of the commercial mission of the Soviet Republic in this city. Exhibits are made of goods which buyers may obtain from stores in Germany or from Russia direct. The display consists chiefly of raw materials and popular handiwork.

British Like Breakfast Foods. LONDON, Dec. 19.—England is to be introduced to breakfast foods in various forms of wheat. A company has been formed to make the breakfast foods from wheat grown in England. At present such breakfast foods are almost entirely imported from Canada with a small percentage coming from the United States. The new factory will produce foods for consumption in Great Britain and the continent, where the sale of this type of breakfast dish is increasing rapidly.

HIGH COST CAUSES FOREIGNERS TO QUIT GERMAN UNIVERSITIES

(By The Associated Press)
BERLIN, Dec. 21.—Foreign students are deserting German universities because of the high cost of living in this country. Outsiders must pay more than twice as much for tuition fees as Germans, but the unusual advance in living costs has been the chief factor in reducing the number of non-Germans in all the universities of the republic.

Every thirtieth male German between the ages of 19 and 23 is a student in some university, and the number of students in attendance at practically all universities is increasing in spite of the economic distress.

Bulgarians Appreciate Teachers' Fine Work

(The Associated Press)
LOVITCH, Bulgaria, Dec. 21.—The departure recently of two American women from this little town was the occasion of a spontaneous reception seldom equaled here. The women, Miss Kate B. Blackburn of Jacksonville, Ill., and Miss Dora Davis, have spent the greater part of their lives as teachers here and the entire town turned out to bid them a regretful good-bye. Miss Blackburn, who was principal of the Methodist girls' school, has been teaching 32 years, and Miss Davis has a record of 23 years in the same institution.

The mayor of Lovitch, in a farewell speech, said Miss Blackburn and Miss Davis will be gratefully remembered by hundreds of Bulgarian matrons, some of them the wives of national leaders, received their education and insight into American ideals from the two teachers.

The feeling of the community toward the work of the American women, the mayor pointed out, was shown last year when, in the name of Miss Blackburn, an endowment fund of 20,000 leva was raised. Miss Blackburn will be succeeded by Miss Edith Perry of the faculty of the University of Oklahoma.

ORLANDO VOTES IN FAVOR BOND ISSUE

slative vote of 562 to 130, citizens of Orlando Tuesday expressed themselves in favor of the bond issue of \$425,000 to be used in paying the indebtedness of the Orlando Utilities Commission, and to provide a fund for making expansions of the water and light facilities in the city limits.

The total vote cast was 698. Of this number, 466 would have been the necessary two-thirds majority. Ninety-six more votes were cast in favor of the issue than were needed to carry the election, and the opposing force lacked 103 votes of the majority needed to defeat the issue.

CONTRACT FOR THE LIBRARY BUILDING WILL BE LET SOON

UNIVERSITY OF FLORIDA, Dec. 21.—Tentative plans for the new library building at the University of Florida have been approved by the state board of control, and the contract for its erection is expected to be let January or February, according to information given out by Miss Cora Miltmore, librarian at the university.

The library will be the first unit of a four-unit building and will be located on the campus between Peabody and Langston Halls. One hundred thousand dollars is now available for the first unit and it is expected that appropriations for the other units will be made to continue work until the entire structure is completed.

The library will be three-stories high, of Doric type, in harmony with the architecture of the new administration building now under construction, as well as the other buildings belonging to the institution.

Completion of the building will greatly relieve the present congestion in Peabody Hall, home of the Teacher's College, which has been greatly handicapped by lack of space.

NEW SYSTEM ANNOUNCED

ST. PETERSBURG, Dec. 21.—W. W. Little, principal of the St. Petersburg high school, announces that Mrs. Jennie C. Bose, physical training instructor, has worked out a new standard for measurement of physical efficiency by girls attending the school.

In 1918, when they say they first discovered he was insane? They did not do it then and they would not do it now.

Mrs. Coburn faints. As Mr. Stephens reached the height of his address, Mrs. Coburn, who has been a constant attendant of the trial, fainted. Within a few moments she was revived.

Following the assistant solicitor's address, which was marked by a plea for a straight verdict of guilty, leading counsel for Fox, Hugh M. Dorsey, formerly governor of Georgia, and prosecutor in the Leo M. Frank case, began the final argument for his side.

Southern Headquarters For Underwood Opened

ATLANTA, Ga., Dec. 21.—Southern headquarters of the Underwood campaign committee have been opened in Montgomery, Ala., while the Georgia headquarters have been opened at the Kimball House in Atlanta, with R. C. Gordon, of Savannah in charge, according to announcement made here Thursday.

As will be expected, it was pointed out by Mr. Gordon and other political leaders Thursday, the Underwood forces will make an aggressive fight to obtain the support of the solid south for the distinguished Alabamian. As Senator Underwood himself has stated, and which is emphasized here by Democratic leaders, it has been 80 years since a Southern man was elected to the presidency, although Woodrow Wilson, a resident of the north, was a Southern man.

Much Force in Appeal. There is much force in that appeal now, as southern newspapers and political leaders state, because the South is able to present a man for the presidency in the person of Senator Oscar Underwood, who is a clear-minded statesman whose services are, it is claimed, sadly needed in the present national crisis.

WELL NO. FOUR FINISHED. Well No. four at First Street and Palmetto Avenue was finished Thursday afternoon. This well is deeper than the other three wells, being 95 feet of casing put down in it. A flow of approximately 600 gallons was secured. Work on the last well to be driven by the city for emergency fire protection, was begun Friday morning. It is located at First Street and Elm Avenue.

NEW CHURCH BUILDINGS. WEST PALM BEACH, Dec. 21.—St. Ann's Catholic Church plans the erection of two new buildings next year at a cost of \$200,000 as a memorial to the late Father John Dorsey Brisson, who died recently in the service of the church. The structures will serve as a combined convent home for the sisters and an academy for older girls, and a new parochial school. Father Felix Clark, assistant rector of the parish, announced that work on the convent-nursery building will begin early in January.

CITY NEWS PARAGRAPHS

AT THE MILANE

William Gibbs McAdoo paid the railroad men a great tribute when he said, "The railroad men are one of the biggest factors of the present day, and during the World War their aid was invaluable. During the war, the railroad man put in long hours and put forth his best efforts to make the world safe for democracy, by seeing that men, animals and war equipment were transported over the rails without delay."

In "Westbound Limited," Emory Johnson's titanic drama of the railroads, which shows today at the Milane Theatre, is told a sincere and human drama glorifying a railroad man as one of the greatest unbreakable fibers of the country's industries.

COUNTY COURT IN SESSION

Four cases were tried before County Judge E. F. Householder Friday morning. Robert Stevens charged with reckless driving, was fined \$10 and costs or 60 days on the county roads. Tom Sevens was tried in a charge of petit larceny and was found guilty and fined \$50 and costs. Eugene Hoy was fined \$50 and costs for carrying concealed weapons. Henry Wright charged with reckless driving, was fined \$50 or four months on the county roads. The case of Andrew Hamlin on a liquor charge, was postponed until the January term of the county court.

WELL NO. FOUR FINISHED

Well No. four at First Street and Palmetto Avenue was finished Thursday afternoon. This well is deeper than the other three wells, being 95 feet of casing put down in it. A flow of approximately 600 gallons was secured. Work on the last well to be driven by the city for emergency fire protection, was begun Friday morning. It is located at First Street and Elm Avenue.

The A. C. L. railroad will erect a handsome passenger depot at Gravesland as soon as the site can be determined.

MUNICIPAL COURT

There were only two cases before Municipal Judge J. G. Sharon Friday morning. Both were cases continued from the Wednesday session of court. George Garwood charged with operating a car while in an intoxicated condition, was fined 50 and costs. Arnett Blair charged with disorderly conduct was fined \$25 and costs.

GEORGIA NEGRO ARRESTED HERE

Fenton Bell, a negro, wanted in Cordele, Ga., for an alleged felony, was arrested by a deputy of the sheriff's office Friday morning. He will be held here until the arrival of the sheriff of Crisp county.

The professor of Chinese at Columbia University says that Chinese is not a difficult language to learn and that any intelligent person may gain a working knowledge of the language in three months.

Before the earthquake the Japanese Government had allotted \$110,000 to the "Social Affairs Bureau" to encourage Japanese emigrants to go to Brazil. More than 100 local intelligence officers in different parts of Japan promoted the movement.

A double frying basket has been invented to form chips from shredded potatoes to hold other food when it is served.

freshmen class of the college. The tests were conducted with the purpose of determining to some extent the relative spelling ability of graduates of the various high schools of the state, with a view to raising the standard.

The results show that 350 of the 430 freshmen were above the standard for the ninth grade of the high school. This leaves 80 freshmen below the standard.

Standards have been formed by giving tests to large numbers of schools in a great number of cities throughout the United States. Standards, therefore, mean something, those interested in the subjects say. The ninth grade standard means that students who have had ninth grade work should make a ninth grade standard. College freshmen should be able to make even a higher standard than the ninth grade, as they have learned many new words within four years.

FLORIDA STATE COLLEGE FOR WOMEN, Dec. 15.—Dr. Paul C. Young, professor of psychology and education at Florida State, has just made public the statistical results of spelling tests given members of the

LITIGATIONS OVER LAW VIOLATION ON INCREASE, HE SAYS

Attorney General Daugherty States That A Large Number of Cases Involve The Prohibition Laws

WASHINGTON, Dec. 19.—Litigation over violations of federal laws is on the increase in the United States, according to the annual report of Attorney General Daugherty made today to Congress.

In a volume replete with statistics of the government's work in law enforcement, against criminals ranging from big business to bootleggers, the Attorney General and his staff detailed increases in prosecutions, civil as well as criminal, running the gamut of the federal statutes. Increases in prosecutions in convictions also were recited in the story of the vast work of the Department of Justice to secure observance of the law.

Prohibition cases formed a large part of the Department's work, but there were large increases also in prosecuting violations of white slave, tax, public land, postal, banking and other federal regulations. Activity also was reported in pressing the war on frauds case.

Under the national prohibition act alone, Mrs. Mabel Walker Willebrandt, Assistant Attorney General in charge of prohibition and tax cases, reported 49,021 criminal and 4,109 civil cases were begun during the last fiscal year—an increase of 15,889 over the previous year. Federal courts, she said, were unable to keep abreast of the number of cases brought, although 42,370 criminal and 4,109 civil cases were disposed of during the year, with 23,052 criminal and 4,064 civil cases left pending.

"Rapidly of disposition failed quite to keep pace with the filing," said Mrs. Willebrandt, "but with the help of extra judges provided in different districts the congested conditions of dockets is slowly being remedied."

Rum smuggling, Mrs. Willebrandt's report added, "is the most gigantic criminal problem the United States ever faced on the high seas." She said the Coast Guard was not adequate with present equipment to patrol the long Atlantic and Pacific coasts effectively, and reiterated statistics of liquor transactions in the Bahama Islands indicating extensive smuggling into this country.

Mrs. Willebrandt also commented on the disparity between sentences imposed for violations of the national prohibition act and those imposed for convictions of other federal crimes, is striking. Some courts which exact maximum penalties in other federal crimes are reluctant to place heavy punishment on prohibition violators.

War fraud prosecutions, the Attorney General's report stated, have been pushed vigorously. Hundreds of cases are under investigation, with \$3,232,000 already collected and judg-

ments of \$1,225,000 additional secured. About 100 cases involving \$64,237,000, exclusive of the Chemical Foundation suit at Wilmington, Del., now are pending in the courts, with 34 indictments already returned.

Pioneer work in the war frauds section has been accomplished, the report said, although much time to bring the cases to conclusion will be required. Compromise settlements are being made in a number of cases, the report said, with realizations from this source already totalling \$3,708,000.

Anti-trust cases to the number of 44 are pending, according to the report of Augustus T. Seymour, Assistant Attorney General in charge of that work. Twenty such cases were disposed of during the last year.

"While it is the purpose of the Department of Justice not to unnecessarily interfere with private business," said Mr. Seymour, "the federal anti-trust laws must be enforced against whoever may attempt to interpose artificial restraints in any channel of interstate trade."

Mr. Seymour's report recited the progress made in the sugar conspiracy case, the re-opening of the Harvester Trust case, the cement and lumber dealers, and window glass prosecutions, the Central Pacific-Union Pacific merger, the United Shoe and other cases.

In criminal cases, in charge of John W. H. Crim, assistant attorney general, a marked increase in convictions was reported. Specifically, the increase was: White slave act, 32 per cent; motor vehicle theft act, 16 per cent; postal frauds, 6 per cent; national banking act, 114 per cent; anti-narcotic act, 19 per cent.

Public lands litigation also was heavy during the last year, William D. Ritter, assistant attorney general reported. With 104 civil and 62 criminal cases pending at the year's outset, 90 civil and 64 criminal suits were instituted. Disposed of during the year were 113 civil and 71 criminal cases mostly favorably to the government. Money recovered in such cases aggregated \$577,000.

A great increase in claims filed against the government was reported by Robert H. Lovett, Assistant in charge of the claims section. On June 30 last 1,957 claims aggregating \$1,346,659 were pending, of which 1,393 totalling \$1,085,695,000 were filed during the last year. Most of these grew out of the war transactions. Successful resistance of the government in many claims cases also was disclosed in the report, which said that during the year the Court of Claims dismissed a total of 104 claims aggregating \$12,063,000 in the other 79 cases claimants recovered only \$1,017,000.

Hubert H. Volaw, superintendent of federal prisons, renewed recommendations for additional prison facilities.

Mr. Seymour's report recited the progress made in the sugar conspiracy case, the re-opening of the Harvester Trust case, the cement and lumber dealers, and window-glass prosecutions, the Central Pacific-Union Pa-

cific merger, the United States Shoe and other cases.

In criminal cases, in charge of John W. H. Crim, Assistant Attorney General, a marked increase in convictions was reported. Specifically, the increase was: White slave act, 32 per cent; motor vehicle theft act, 16 per cent; national banking act, 114 per cent; 16 per cent; postal frauds, 6 per cent; anti-narcotic act, 19 per cent.

Public lands litigation also was heavy during the last year, William D. Ritter, Assistant Attorney General reported. With 104 civil and 62 criminal cases pending at the year's outset; 90 civil and 64 criminal suits were instituted. Disposed of during the year were 113 civil and 71 criminal reporting that the three federal prisons, at Atlanta, Leavenworth and McNeil's Island, were "filled to capacity" last year. A prison for male first offenders and better accommodations for employment for federal prisoners also was recommended.

A few legislative recommendations were made to Congress in the Attorney General's report. These dealt chiefly with strengthening the criminal laws. One recommendation was for an amendment making killing of a federal officer, while engaged in serving process, a federal offense. Assault upon such an officer now is penalized but his death is left to states to punish.

Other legislative recommendations were to penalize mailing of threatening letters, providing for stenographers before grand juries, making attempts to defraud the government a crime and punishing destruction or injury to federal property.

Uniform bankruptcy fees also were recommended by the Attorney General, who advocated extension of the one year limitation within which criminal prosecutions growing out of bankruptcy proceedings must be brought.

AGRICULTURE BUILDING UNIVERSITY OF FLORIDA, Dec. 21.—That "the old must give way to the new" is again being proven at the Florida Agricultural College, where the stately old arbor-vitas which were planted around the building when it was built are being torn up to be replaced by a new foundation planting of star jasmine, hydrangeas, abellia and pittosporum, arranged according to the best principles of landscape gardening.

These arbor-vitas that have outgrown, rather than outlived their usefulness, are being removed because their large growth cuts off practically all light from the first floor of the building and hides architectural beauty from the passerby. In the proposed foundation of low-growing ornamentals which will replace the arbor-vitas, the Pittosporum will be placed at the corners and angles of the building and the star jasmine, abellia, and hydrangea will be used to complete the scenic effect.

Major W. L. Floyd, assistant dean and professor of horticulture of the College of Agriculture says the old arbor-vitas have grown too large and straggly, so they keep out too much of the light, and that aside from the Pittosporum at the corners and angles of the building, low-growing plants will be used to replace the vines.

BOND ISSUE SOLD DAYTONA, Dec. 21.—The municipal improvement bond issue of \$670,000, voted some time ago, has been sold to a local institution, the Merchants Bank and Trust Company, which bid \$10,000 above the nearest outside bid received. The concern paid, according to figures made public, \$647,766 for the issue.

BIG IMPROVEMENTS.

MIAMI BEACH, Dec. 21.—City council has outlined an improvement plan for 1924 calling for the expenditure of \$500,000, the bonding limits of the city. Approximately half of the amount will go into street improvements, according to the tentative program; \$100,000 to waterworks improvement; \$70,000 for sanitary sewers; \$30,000 for storm sewers; \$24,000 for bulkheads; \$20,000 for park improvements; and \$40,000 for a new and additional fire station and a fire alarm system.

FESTIVAL OF STATES.

ST. PETERSBURG, Dec. 21.—Boosters of St. Petersburg will get together soon after the Christmas holidays to plan for the raising of between \$3,000 and \$6,000 to stage the Festival of States. The chamber of commerce and the city commission 1924 budgets for aiding in financing have failed to make provision in their event, but civic leaders are determined to put on the festival which has been described as outclassing the famous mardi gras of New Orleans as a gala event of fun and frolic.

BOND ISSUE SOLD

DAYTONA, Dec. 21.—The municipal improvement bond issue of \$670,000, voted some time ago, has been sold to a local institution, the Merchants Bank and Trust Company, which bid \$10,000 above the nearest outside bid received. The concern paid, according to figures made public, \$647,766 for the issue.

HARP VISITS CAPITAL

TALLAHASSEE, Dec. 21.—Major General J. H. Harp of Crescent City spent Monday in Tallahassee. While his chief business was with the governor, he also paid a visit to Colonel W. A. Rawls, adjutant-general of the Florida Division, U. C. V., conferring on matters of importance to Confederate Veterans of the state. General Harp, re-elected at the reunion in Quincy as commander of the Florida division, served four years in the army during the civil war, and buried three brothers from off as many battlefields. He still is strong and vigorous, and his brisk walk and erect carriage give him the appearance of the picture of health. General Harp has been much in public life, having served his county many times in the legislature.

SHIPPERS-GROWERS MEET

ORLANDO, Dec. 21.—Shippers and growers of Florida will assemble here Friday, December 21, for a discussion of problems facing them in marketing Florida products. It is understood that an effort will be made at the meeting to create a cooperative organization with the view of re-establishing more satisfactory prices throughout the seasons.

Pine Castle—Modern apartment house being erected on Dixie Highway.

Florida's citrus crop for 1923 brings return of \$27,000,000 while total value of combined crops for same year brought \$180,000,000.

Homeless Men Scorn Old Lodging House

(By The Associated Press) CHICAGO, Dec. 21.—The once-teeming "flop-house" has suffered a noticeable loss in patronage, for homeless men, even in their periods of unemployment, now demand a hospitality of higher grade, according to the Rev. Dennis J. Dunne, chancellor of the Catholic archdiocese of Chicago.

These men, says Father Dunne, are choosing in increased numbers the lodging houses where baths and the furnishings of clothing are entrance requirements. The change has come about since the enactment of prohibition, according to the chancellor. "Homeless men are saving their money now," explains Father Dunne. "It is surprising how well some of them are living."

"They are eating more and better food. They also are more particular about where they sleep. In many cases they are going to the Mission of the Holy Cross, where there are newspapers on tables to be read and to other institutionally conducted lodging-houses, with an evident desire to learn rather than sleep on the floor. Our mission is full, and twice as many men as there is room for would like to lodge there."

Urge Pedestrians Walk On Left Side of Road

(By The Associated Press) HARRISBURG, Dec. 21.—In an effort to reduce the number of accidents to pedestrians on the public highways of this state, the Pennsylvania Motor Federation is urging publicly for the recommendation of the American Automobile Association that persons on the highway, especially at night, face the traffic by walking on the left hand side of the road. The national association has reached the conclusion, after a study of the situation, that most of the cases when automobiles strike pedestrians at night are due to the driver being partially blinded by the headlights of approaching cars and swinging to the right, failing to see pedestrians. It is contended that if persons walking on the roads would face the traffic they would be better able to avoid being struck and also would be seen much sooner by the drivers of cars approaching in the opposite direction.

ELVEN INDICTED. STUTTGART, Ark., Dec. 19.—Eleven men, including two justices of the peace, indicted by a special grand jury here last week in connection with an attack upon the editors of the Free Press, a local weekly newspaper, pleaded guilty late today to rioting and malicious mischief, and were fined \$100 each.

The defendants also were indicted on charges of assault and battery and aggravated assault, but these charges were dismissed by Circuit Judge W. Clark. Each defendant was fined \$50 on each of the other two charges, or a total of \$100.

All of the men are prominent rice growers of this county.

BRIBERY CHARGED. MOBILE, Ala., Dec. 19.—Dr. A. G. Ward, member of the county board of revenue and road commissioners, was arrested Tuesday afternoon by the federal authorities on indictments charging him with attempted bribery and conspiracy to violate the national prohibition act. Dr. Ward was released on \$15,000 bond. The indictment grew out of the recent probe by the federal grand jury into liquor law violations.

Miami—\$7,500 building to be erected as permanent home for city's monthly sales day.

College Professor Says New Device Will Help The Deaf

Head of Psychology Department of Northwestern University Is Making Experiments

(By The Associated Press) EVANSTON, Ill., Dec. 20.—Every indication points to success in developing a hand device which the totally deaf may carry and by which they may receive impressions of oral speech, Professor Robert H. Gault, head of the psychology department of Northwestern University, announced here Thursday.

More than a year ago Prof. Gault started work with two students, George and John Crane, brothers of Fort Wayne, Ind., and succeeded in communicating with a metal tube various words and sentences which the Crane brothers detected with the hand.

"Today it is safe to say that the human being can feel sound waves by touch, and can clearly translate such tactual impressions into words and sentences," said Prof. Gault.

More than a year ago Prof. Gault started work with two students, George and John Crane, brothers of Fort Wayne, Ind., and succeeded in communicating with a metal tube various words and sentences which the Crane brothers detected with the hand one of the brothers sat in a room and spoke through the tube while the other, in an adjoining room, ears muffed and with hand over the receiving end of the tube, announced his interpretation of the sound vibrations. This Prof. Gault has been using an acousticon for amplifying vibrations at the sending end, while he employs a small receiving disk held in the hand at the other.

Prof. Gault himself has been working upon the long vowels and consonants. Prof. Gault himself has been on several short sentences, which a graduate student, S. N. Stevens, sitting in an adjoining building 60 feet away, repeats.

ORLANDO VOTES IN FAVOR BOND ISSUE

clusive vote of 562 to 130, citizens of Orlando Tuesday expressed themselves in favor of the bond issue of \$525,000 to be used in paying the indebtedness of the Orlando Utilities Commission, and to provide a fund for making expansions of the water and light facilities in the city limits.

The total vote cast was 698. Of this number, 460 would have been the necessary two-thirds majority. Ninety-six more votes were cast in favor of the issue than were needed to carry the election, and the opposing force lacked 103 votes of the majority needed to defeat the issue.

Six votes were thrown out on account of mutilations to the ballots. Officials who conducted the election were of the opinion that four of the mutilated ballots were intended for the issue.

Under the terms of an agreement reached prior to the election, the fund derived from the sale of the bonds will be deposited to the credit of the city, and will be paid out on warrants endorsed by the city commission and the utilities commission. Disbursement of the remainder of the proceeds after the present indebtedness is paid, will also be made on warrants signed jointly by the two commissions.

CONTRACT FOR THE LIBRARY BUILDING WILL BE LET SOON

UNIVERSITY OF FLORIDA, Dec. 21.—Tentative plans for the new library building at the University of Florida have been approved by the state board of control, and the contract for its erection is expected to be let January or February, according to information given out by Miss Corn Miltmore, librarian at the university. Work will begin immediately after signing of the contract, and the building will be ready for occupancy by December 1, 1924, barring unforeseen developments.

The library will be the first unit of a four-unit building and will be located on the campus between Peabody and Language Halls. One hundred thousand dollars is now available for the first unit, and it is expected that appropriations for the other units will be made to continue work until the entire structure is completed.

The library will be three-stories high, of Doric type, in harmony with the architecture of the new administration building now under construction, as well as the other buildings belonging to the institution.

The entire space will be utilized by the library which will have separate rooms for reference books, reading books, and one for current magazines, newspapers and periodicals. Many new volumes will be added as soon as the building is finished. Plans call for making it one of the largest libraries in the South.

Completion of the building will greatly relieve the present congestion in Peabody Hall, home of the Teacher's College, which has been greatly handicapped by lack of space. Removal of the library from that building will not relieve crowded conditions there but will open the way for additions expected to be made to that college within the near future.

NEW SYSTEM ANNOUNCED
ST. PETERSBURG, Dec. 21.—W. W. Little, principal of the St. Petersburg high school, announces that Mrs. Jennie C. Rose, physical training instructor, has worked out a new standard for measurement of physical efficiency by girls attending the school. It is being tried first with the girls of the physical culture classes, and later probably will be extended to all girls in the school. Instructors plan a slightly revised standard for the boys. Tests will be made in height, weight, coefficient of vital efficiency, lung capacity, heart action, teeth, eyesight, hearing, nutrition, chin, drips, grip, hops, climbs, sits up, leg raising, balancing, 50-yard and 100 dash, accuracy and distance in basketball and baseball, efficiency in basketball, tennis, swimming, basketball, track, hiking, bicycling and drills and in a pentathlon. The girls will be graded according to age.

G. W. Bassett, of Lake Wales, has started construction on five new bungalows and proposes to build twenty or more this winter.

TRIAL NEARS END

Continued from page 1.

in 1918, when they say they first discovered he was insane? They did not do it then and they would not do it now."

Mrs. Coburn faints.

As Mr. Stephens reached the height of his address, Mrs. Coburn, who has been a constant attendant of the trial, fainted. Within a few moments she was revived.

In each aisle of the court room a human mass of spectators was packed, closely watching principals in the case. Fox, his face twitching and his thumbs resting on the table before him, gave no heed to the stares. His eight-year-old son, who appeared in the court room for the first time Thursday, occasionally turned in Mrs. Fox's lap to gaze at the crowd.

Defense counsel denied a proposition charge that Fox did not hear the "voice of God" telling him to kill Coburn until after conferring with his attorney and an alibi.

"Fox knew nothing of his defense," Mr. Allen told the jury. "He was never consulted. His attorneys have only talked with him five minutes since they began working on the case."

Following the assistant solicitor's address, which was marked by a plea for a straight verdict of guilty, leading counsel for Fox, Hugh M. Dorsey, formerly governor of Georgia, and prosecutor in the Leo M. Frank case, began the final argument for his side.

DOINGS OF THE DUFFS — BY CONDOR

Southern Headquarters For Underwood Opened

ATLANTA, Ga., Dec. 21.—Southern headquarters of the Underwood campaign committee have been opened in Montgomery, Ala., while the Georgia headquarters have been opened at the Kimball House in Atlanta, with R. C. Gosson, of Savannah in charge, according to announcement made here Thursday.

As will be expected, it was pointed out by Mr. Gosson and other political leaders Thursday, the Underwood forces will make an aggressive fight to obtain the support of the solid south for the distinguished Alabamian. As Senator Underwood himself has stated, and which is emphasized here by Democratic leaders, it has been 80 years since a Southern man was elected to the presidency, although Woodrow Wilson, a resident of the north, was a Southern man.

While the sectional question ought to be a strong appeal, Georgia political leaders assert, yet under the circumstances and considering the wealth and power of the South, it is high time that her claims be given respectful consideration.

Much force in appeal.

There is much force in their appeal now, as southern newspapers and political leaders state, because the South is able to present a man for the presidency in the person of Senator Oscar Underwood, who is a distinguished statesman whose services are, it is claimed, sorely needed in the present national crisis.

The states of the South could, if they would, it is asserted, dictate the next nomination. Due regard for the position and the reputation of the South ought to make them willing, Democrats here claim, to unite in support of Underwood, the first man of presidential size who is really a resident of the South and American to the core.

"Senator Underwood has preached democracy throughout his life," said a prominent Atlanta business man. "He is still preaching it and will continue to preach it, whatever the attitude of the party. But the party should give recognition to his service. His record stands as a declaration that Underwood, as president of the United States, will handle the affairs of the nation in such a way that all democrats can be proud they are members of his party and all Americans can be proud that they are Americans."

Southern states should take advantage of this opportunity to nominate and elect a Southern man? For sixty years the South's position politically has been in the background. The time has come for it to go to the front. Underwood can be elected if the Southern states will vote solidly for him in the Democratic Convention. The line fight will not be in the general election. It will be in the Democratic Convention.

CITY NEWS PARAGRAPHS

AT THE MILANE
William Gibbs McAdoo paid the railroad men a great tribute when he said, "The railroad men are one of the biggest factors of the present day, and during the World War their aid was invaluable. During the war, the railroad men put in long hours and put forth his best efforts to make the world safe for democracy, by seeing that men, animals and war equipment were transported over the railroads every day."

In "Westbound Limited," Emory Johnson's titanic drama of the railroads, which shows today at the Milane Theatre, is told a sincere and human drama glorifying a railroad man as one of the greatest and noblest fibers of the country's industry. "Westbound Limited" is a great love story with the railroads as a background. It graphically depicts fundamental reasons for McAdoo's great tribute to the railroad man.

FLORIDA STATE COLLEGE FOR WOMEN, Dec. 15.—Dr. Paul C. Young, professor of psychology and education at Florida State, has just made public the statistical results of spelling tests given members of the

freshmen class of the college. The tests were conducted with the purpose of determining to some extent the relative spelling ability of graduates of the various high schools of the state, with a view to raising the standard.

The results show that 350 of the 430 freshmen were above the standard for the ninth grade of the high school. This leaves 80 freshmen below the standard.

Standards have been formed by giving tests to large numbers of schools in a great number of cities throughout the United States. Standards, therefore, mean something, those interested in the subjects say. The ninth grade standard means that students who have had ninth grade work should make a ninth grade standard. College freshmen should be able to make even a higher standard than the ninth grade, as they have learned many new words within four years.

ORLANDO — FLORIDA

LITIGATIONS OVER LAW VIOLATION ON INCREASE, HE SAYS

Attorney General Daugherty States That A Large Number of Cases Involve The Prohibition Laws

WASHINGTON, Dec. 19.—Litigations over violations of federal laws is on the increase in the United States, according to the annual report of Attorney General Daugherty made today to Congress.

In a volume replete with statistics of the government's work in law enforcement, against criminals ranging from big business to bootleggers, the Attorney General and his staff detailed increases in prosecutions, civil as well as criminal, running the gamut of the federal statutes. Increases in prosecutions in convictions also were recited in the story of the vast work of the Department of Justice to secure observance of the law.

Prohibition cases formed a large part of the Department's work, but there were large increases also in prosecuting violations of white slave, tax, public land, postal, banking and other federal regulations. Activity also was reported in pressing the war on frauds cases.

Under the national prohibition act alone, Mrs. Mabel Walker Willebrandt, Assistant Attorney General in charge of prohibition and tax cases, reported 49,021 criminal and 4,109 civil cases were begun during the last fiscal year—an increase of 15,889 over the previous year. Federal courts, she said were unable to keep abreast of the number of cases brought, although 42,370 criminal and 4,109 civil cases were disposed of during the year, with 23,052 criminal and 4,004 civil cases left pending.

"Rapidity of disposition failed quite to keep pace with the filing," said Mrs. Willebrandt, "but with the help of extra judges provided in different districts the congested conditions of dockets, is slowly being remedied."

Rum smuggling, Mrs. Willebrandt's report added, "is the most gigantic criminal problem the United States ever faced on the high seas." She said the Coast Guard was not adequate with present equipment to patrol the long Atlantic and Pacific coasts effectually, and reiterated statistics of liquor transactions in the Bahama Islands indicating extensive smuggling into this country.

Mrs. Willebrandt also commented on the disparity between sentences imposed for violations of the national prohibition act and those imposed for convictions of other federal crimes is striking. Some courts which exact maximum penalties in other federal crimes are reluctant to place heavy punishment on prohibition violators.

War fraud prosecutions, the Attorney General's report stated, have been pushed vigorously. Hundreds of cases are under investigation, with \$3,232,000 already collected and judg-

ments of \$1,225,000 additional secured. About 100 cases involving \$64,237,000, exclusive of the Chemical Foundation suit at Wilmington, Del., now are pending in the courts, with 34 indictments already returned.

Pioneer work in the war frauds section has been accomplished, the report said, although much time to bring the cases to conclusion will be required. Compromise settlements are being made in a number of cases, the report said, with realizations from this source already totalling \$3,708,000.

Anti-trust cases to the number of 44 are pending, according to the report of Augustus T. Seymour, Assistant Attorney General in charge of that work. Twenty such cases were disposed of during the last year.

"While it is the purpose of the Department of Justice not to unnecessarily interfere with private business," said Mr. Seymour, "the federal anti-trust laws must be enforced against whoever may attempt to interpose artificial restraints in any channel of interstate trade."

Mr. Seymour's report recited the progress made in the sugar conspiracy case, the re-opening of the Harvester Trust case, the cement and lumber dealers, and window glass prosecutions, the Central Pacific-Union Pacific merger, the United Shoe and other cases.

In criminal cases, in charge of John W. H. Crim, assistant attorney general, a marked increase in convictions was reported. Specifically, the increase was: White slave act, 32 per cent; motor vehicle theft act, 16 per cent; postal frauds, 6 per cent; national banking act, 114 per cent; anti-narcotic act, 19 per cent.

Public lands litigation also was heavy during the last year, William D. Ritter, assistant attorney general reported. With 164 civil and 62 criminal cases pending at the year's outset, 90 civil and 64 criminal suits were instituted. Disposed of during the year were 113 civil and 71 criminal cases mostly favorably to the government. Money recovered in such cases aggregated \$577,000.

A great increase in claims filed against the government was reported by Robert H. Lovett, Assistant in charge of the claims section. On June 30 last 1,957 claims aggregating \$1,346,659 were pending, of which 1,393 totalling \$1,085,695,000 were filed during the last year. Most of these grew out of the war transactions. Successful resistance of the government in many claims cases also was disclosed in the report, which said that during the year the Court of Claims dismissed a total of 104 claims aggregating \$12,003,000 in the other 79 cases claimants recovered only \$1,017,000.

Heber H. Volaw, superintendent of federal prisons, renewed recommendations for additional prison facilities. Mr. Seymour's report recited the progress made in the sugar conspiracy case, the re-opening of the Harvester Trust case, the cement and lumber dealers, and window-glass prosecutions, the Central Pacific-Union Pa-

cific merger, the United States Shoe and other cases.

In criminal cases, in charge of John W. H. Crim, Assistant Attorney General, a marked increase in convictions was reported. Specifically, the increase was: White slave act, 32 per cent; motor vehicle theft act, 16 per cent; postal frauds, 6 per cent; anti-narcotic act, 19 per cent.

Public lands litigation also was heavy during the last year, William D. Ritter, Assistant Attorney General reported. With 164 civil and 62 criminal cases pending at the year's outset, 90 civil and 64 criminal suits were instituted. Disposed of during the year were 113 civil and 71 criminal reporting that the three federal prisons, at Atlanta, Leavenworth and McNeil's Island, were "filled to capacity" last year. A prison for male first offenders and better accommodations for employment for federal prisoners also was recommended.

A few legislative recommendations were made to Congress in the Attorney General's report. These dealt chiefly with strengthening the criminal laws. One recommendation was for an amendment making killing of a federal officer, while engaged in serving process, a federal offense. Assault upon such an officer now is penalized but his death is left to states to punish.

Other legislative recommendations were to penalize mailing of threatening letters, providing for stenographers before grand juries, making attempts to defraud the government a crime and punishing destruction or injury to federal property.

Uniform bankruptcy fees also were recommended by the Attorney General, who advocated extension of the one year limitation within which criminal prosecutions growing out of bankruptcy proceedings must be brought.

AGRICULTURE BUILDING. UNIVERSITY OF FLORIDA, Dec. 21.—That "the old must give way to the new" is again being proven at the Florida Agricultural College, where the stately old arbor vitae which were planted around the building when it was built are being torn up to be replaced by a new foundation planting of star jasmine, hydrangeas, abelia and pittosporum, arranged according to the best principles of landscape gardening.

These arbor vitae, that have outgrown, rather than outlived their usefulness, are being removed because their large growth cuts off practically all light from the first floor of the building and hides architectural beauty from the passerby.

In the proposed foundation of low-growing ornamentals which will replace the arbor vitae, the Pittosporum will be placed at the corners and angles of the building and the star jasmine, abelia, and hydrangea will be used to complete the scenic effect.

Major W. L. Floyd, assistant dean and professor of horticulture of the College of Agriculture says the old arbor vitae have grown too large and scraggy, so they keep out too much of the light, and that aside from the Pittosporum at the corners and angles of the building, low-growing plants will be used to replace the vines.

EVERET TRUE By CONDO

BIG IMPROVEMENTS. MIAMI BEACH, Dec. 21.—City council has outlined an improvement plan for 1924 calling for the expenditure of \$500,000, the bonding limits of the city, approximately half of the amount will go into street improvements, according to the tentative program; \$100,000 to waterworks improvement; \$70,000 for sanitary sewers; \$30,000 for storm sewers; \$24,000 for bulkheads; \$20,000 for park improvements and \$40,000 for a new and additional fire station and a fire alarm system.

HARP VISITS CAPITAL. TALLAHASSEE, Dec. 21.—Major-General J. H. Harp of Crescent City spent Monday in Tallahassee. While his chief business was with the governor, he also paid a visit to Colonel W. A. Rawls, adjutant-general of the Florida Division, U. C. V., conferring on matters of importance to Confederate Veterans of the state. General Harp, re-elected at the reunion in Quincy as commander of the Florida division, served four years in the army during the civil war, and buried three brothers from off as many battlefields. He still is strong and vigorous, and his brisk walk and erect carriage give him the appearance of the picture of health. General Harp has been much in public life, having served his county many times in the legislature.

FESTIVAL OF STATES. ST. PETERSBURG, Dec. 21.—Boosters of St. Petersburg will get together soon after the Christmas holidays to plan for the raising of between \$3,000 and \$6,000 to stage the Festival of States. The chamber of commerce and the city commission 1924 budgets for aiding in financing have failed to make provision in their event, but civic leaders are determined to put on the festival which has been described as outclassing the famous mardi gras of New Orleans as a gala event of fun and frolic.

BOND ISSUE SOLD. DAYTONA, Dec. 21.—The municipal improvement bond issue of \$670,000, voted some time ago, has been sold to a local institution, the Merchants Bank and Trust Company, which bid \$10,000 above the nearest outside bid received. The concern paid, according to figures made public, \$647,750 for the issue.

SHIPPER-GROWERS MEET. ORLANDO, Dec. 21.—Shippers and growers of Florida will assemble here Friday, December 21, for a discussion of problems facing them in marketing Florida products. It is understood that an effort will be made at the meeting to create a cooperative organization with the view of re-establishing more satisfactory prices throughout the seasons.

BRIBERY CHARGED. MOBILE, Ala., Dec. 19.—Dr. A. G. Ward, member of the county board of revenue and road commissioners, was arrested Tuesday afternoon by the federal authorities on indictments charging him with attempted bribery and conspiracy to violate the national prohibition act. Dr. Ward was released on \$15,000 bond. The indictment grew out of the recent probe by the federal grand jury into liquor law violations.

Miami—\$7,500 building to be erected as permanent home for city's monthly sales day.

Homeless Men Scorn Old Lodging House

(By The Associated Press) CHICAGO, Dec. 21.—The once-teeming "flap-house" has suffered a noticeable loss in patronage, for homeless men, even in their periods of unemployment, now demand a hostelry of higher grade, according to the Rev. Dennis J. Dunne, chancellor of the Catholic archdiocese of Chicago.

"These men, says Father Dunne, are choosing in increased numbers the lodging houses where baths and the facilitation of clothing are entrance requirements. The change has come about since the enactment of prohibition, according to the chancellor. "Homeless men are saving their money now," explains Father Dunne. "It is surprising how well some of them are living."

"They are eating more and better food. They also are more particular about where they sleep. In many cases they are going to the Mission of the Holy Cross, where there are newspapers on tables to be read, and to other institutionally conducted lodging-houses, with an evident desire to learn rather than sleep on the floor. Our mission is full, and twice as many men as there is room for would like to lodge there."

Urge Pedestrians Walk On Left Side of Road

(By The Associated Press) HARRISBURG, Dec. 21.—In an effort to reduce the number of accidents to pedestrians on the public highways of this state, the Pennsylvania Motor Federation is urging publicity for the recommendation of the American Automobile Association that persons on the highway, especially at night, face the traffic by walking on the left hand side of the road.

The national association has reached the conclusion, after a study of the situation, that most of the cases when automobiles strike pedestrians at night are due to the driver being partially blinded by the headlights of approaching cars and, swinging to the right, failing to see pedestrians. It is contended that if persons walking on the roads would face the traffic they would be better able to avoid being struck and also would be seen much sooner by the drivers of cars approaching in the opposite direction.

Eleven Indicted.

STUTTGART, Ark., Dec. 19.—Eleven men, including two justices of the peace, indicted by a special grand jury here last week in connection with an attack upon the editors of the Free Press, a local weekly newspaper, pleaded guilty late today to rioting and malicious mischief, and were fined \$100 each.

The defendants also were indicted on charges of assault and battery and aggravated assault, but these charges were dismissed by Circuit Judge W. Clark. Each defendant was fined \$50 on each of the other two charges, or a total of \$100.

College Professor Says New Device Will Help The Deaf

Head of Psychology Department of Northwestern University Is Making Experiments

(By The Associated Press) EVANSTON, Ill., Dec. 20.—Every indication points to success in developing a hand-device which the totally deaf may carry and by which they may receive impressions or oral speech, Professor Robert H. Gault, head of the psychology department of Northwestern University, announced here Thursday.

Professor Gault bases his announcement on the progress of a year of intensive work on the problem, and in making experiments in detecting words and sentences by tactual contact.

"Today it is safe to say that the human being can feel sound waves by touch, and can clearly translate such tactual impressions into words and sentences," said Prof. Gault.

More than a year ago Prof. Gault started work with two students, George and John Crane, brothers of Fort Wayne, Ind., and succeeded in communicating with a metal tube various words and sentences which the Crane brothers detected with the hand only.

At the time one of the brothers sat in a room and spoke through the tube while the other, in an adjoining room, ears muffled and with hand over the receiving end of the tube, announced his interpretation of the sound vibrations. This Prof. Gault has been utilizing in an experiment for amplifying vibrations at the sending end, while he employs a small receiving disk held in the hand at the other end.

Prof. Gault himself has been working upon the long vowels and consonants. Prof. Gault himself has been on several short sentences which a graduate student, S. M. Stevens, sitting in an adjoining building 60 feet away, repeats.

SUNDAY NIGHT SUPPERS

By HELEN HARRINGTON DOWNING

The growing tendency of young couples to do all entertaining outside of the home at a restaurant or club is to be deplored. It is most expensive in the first place and it also fails to provide the young wife with the experience she needs in the art of being a hostess. If the young home manager must cook and serve a meal without the help of a maid, a dinner is rather a formidable undertaking, although with a little practice it is quite possible. You have no doubt dined at many tables where a dinner consisting of

soup, meat and two vegetables, followed by salad, desert, and coffee was perfectly cooked and daintily served by the hostess herself. For her first entertaining the bride would do well to confine herself to an easier meal, say a Sunday evening supper. There is always something rather informal about this meal. As most people dine in the early afternoon hours on Sunday, supper may be served later than usual, and it may follow music or some entertainment suitable to the occasion. The meal may properly consist of only one hot dish which can be easily popped into the oven or made in a chafing dish on the table. Aside from this, dainty sandwiches or tea biscuits may be served, and a salad of canned fruits and small cakes make excellent dessert.

- 1 tablespoon lemon juice
- Grated rind 1-2 lemon
- 2 level teaspoons Calumet Baking Powder
- Whites 6 eggs
- 1 cup flour
- 1-4 teaspoon salt.
- Beat yolks until thick and lemon colored, add sugar, gradually, and continue beating, using egg beater; add lemon juice, rind and whites of eggs beaten until stiff and dry; partially mix yolks with mixture, remove beater, and carefully cut and fold in flour and salt which have been sifted together twice with the baking powder. Bake one hour in slow oven in Angel Cake pan.
- Devils Food Cake.
- 1-4 cup shortening
- 1 cup sugar.
- 2-1-2 ounces unsweetened chocolate.
- 1-2 cup mashed potatoes
- 1 egg
- 3-8 cup milk
- 1 1-4 cups flour
- 2 level teaspoons Calumet Baking Powder
- 1-2 cup chopped nuts
- 1-2 teaspoon vanilla extract

- Cream shortening; add sugar, melted chocolate and mashed potatoes; mix well, add egg yolk, milk and flour and baking powder which have been sifted together; beat well; add nuts, vanilla and beaten egg whites; mix thoroughly. Bake in greased shallow tin in moderate oven 25 to 35 minutes.
- Fudge Frosting**
- 3 cups sugar
- 1 cup milk or cream
- 4 or 5 tablespoons cocoa or 2 ounces unsweetened chocolate.
- 1 tablespoon butter
- 1 teaspoon vanilla extract
- Put sugar, milk and cocoa or chocolate into saucepan; stir and boil until it makes a soft ball when tested in cold water; take from fire, add butter and vanilla, cool and stir until creamy; then spread on cake.
- Individual Strawberry Shortcakes**
- Make a dough as for Standard Biscuit, adding a heaping tablespoon of sugar to the baking powder and flour, if sweet shortcake is wanted. Bake in individual cake tins 15 to 20 minutes in moderate oven. Brush with melted fat. Crush the strawberries and add sugar enough to make juicy

ROAD CONDITIONS ARE GIVEN OUT BY STATE ENGINEERS

TALLAHASSEE, Fla., Dec. 21.—Road conditions in Florida for the week ended December 15, are described by engineers of the state road department in the following:

Road No. 1.—Nunes Ferry to Jacksonville: Nunes Ferry to Escambia Bay, five miles under construction. Detours plainly marked. Road in fair shape. Escambia Bay (Florida) to Milligan, sand-clay and brick road in excellent shape. Milligan to DeFuniak Springs, rough and sandy. DeFuniak Springs to Ponce de Leon, excellent sand-clay road. Ponce de Leon to Westville, under construction, take north county road which is in good shape. Westville to Chipley, county road in good shape. Chipley to Tallahassee, via Quincy, very good county road. Tallahassee to Monticello very good county road. Monticello to Green-river, fair. Aucilla river to Greenville; excellent. Greenville to Madisonville; excellent. Suwannee river, fair. Suwannee river to Live Oak, Houston and Wellborn to Lake City with exception of five miles out from Lake City, fine. Lake City to Jacksonville, asphalt, concrete and brick, fine.

Road No. 2.—Georgia line to Fort Myers: Georgia line to Jasper, good. Jasper to Genoa, good, but rough in spots. Genoa to White Springs, good. White Springs to Lake City, good. Lake City to High Springs, under construction, detour very good, by way of Fort White. High Springs to Gainesville, 25 miles of asphalt, excellent. Gainesville, to Ocala rough with the exception of 20 miles of excellent lime rock and asphalt road; detour near Reddick; Ocala to Belleview under construction. Road condition between Ocala and Belleview changes daily. Inquire at Leesburg or Ocala Chamber of Commerce for best route. Belleview to Leesburg to Fustis and Mount Dora very good. Mount Dora through Orange, Ocala and Polk counties to Bowling Green, good. Bowling Green to Gardner, fair. Gardner through Arcadia to Carlstrom Field good. Carlstrom Field to the Dermont road, rough and sandy in spots but fair road. Dermont road to Fort Myers, good.

Road No. 3.—Georgia line to Orlando: Georgia line at Wilds Landing to Yaloke and Jacksonville, fair. Jacksonville to Green Cove Springs, rough. Green Cove Springs to Palatka, rough to end of brick at Rice's Creek. Brick road from Rice's Creek through Palatka to San Mateo, good. San Mateo to Sisco, rough. Sisco to Crescent City, Seville, Pierson and Eldridge, new asphalt surface, excellent. Eldridge to De Leon Springs, base will be completed by Christmas. Detour from Conrad to DeLeon Springs, DeLeon Springs through DeLand to Sanford, fair. Sanford through Seminole and Orange counties to Orlando, good.

Road No. 4.—Georgia line to Miami: Georgia line 13 miles south, sand-clay in good condition. Ten miles penetration and rock base, good. Six miles shell road rough. Nine miles brick and asphalt to Jacksonville, good. Sixty-two miles rock shoulders just completed from the Duval county line across St. Johns and Flagler counties to Bunell. Bunell to Volusia county line, rough. Volusia county line to Daytona and New Smyrna fair. New Smyrna to Titusville 33 miles shell macadam, fair condition. Titusville to Cocoa, six miles rock, 11 miles hard surfaced. Cocoa to Wabasso nine miles hard surfaced, 37 miles rock road, good condition. DeTour Wabasso to Vero, 12 miles good county road, partly hard surfaced. Vero to Miami, all good road.

Road No. 5.—High Springs to Fort Myers: High Springs through Archer and Williston to Romeo, fair. Romeo to Dunnellon newly graded, heavy sand almost impassable, except soon after rains. Dunnellon to Inverness and Brooksville, fair. Brooksville through Hernando and Pasco counties to Hillsboro county line, rough but passable. Hillsboro county line through Tampa through Bradentown, Sarasota, Englewood to the Myakka river, very good. Myakka river to Punta Gorda rough and sandy in spots but easily passable. Punta Gorda directly to Fort Myers impassable but traffic can go by way of Tucker's corner.

Road No. 8.—Haines City to Fort Pierce: Haines City to Frost Proof, good, shoulders poor. Detour through Frost Proof. From Frost Proof to Sebring fair. Sebring to DeSoto City, good. Traffic from Oklawaha City should go by way of Fort Bascom.

Road No. 23.—Belleview to Plant City: Belleview to Sumter county line under construction and very rough. Through travel Ocala to Wildwood, Bushnell, Dade City and Tampa advised to take Pedro road out of Ocala. This will bring travel on road No. 23 near the asphalt road in Sumter through Sumter county to Hernando county line.

ST. PETE IS FILLED UP

ST. PETERSBURG, Dec. 21.—Three thousand more winter residents are registered here so far this season than at the same time last year. The Chamber of Commerce announces that the figures this year have gone well beyond the 11,000 mark as compared with 8,000 in 1922. Nearly 2,000 new arrivals have registered from New York state, giving the Empire State first place; Ohio is second with 1,500. Pennsylvania comes third with about 1,200, and Massachusetts and Michigan follow in the rear, having respectively 1,100 and 1,050.

BOND ELECTION SOON.

BUSHNELL, Dec. 21.—An election will be held in Sumter county some time soon—the date has not yet been fixed—to vote on the issuance of \$350,000 to be applied to road building. The proceeds from the issue would enable the county commissioners to add from 40 to 50 miles of highways to the 50 miles of hard surfaced roads already built in the county, it is estimated.

How To Select Your Christmas Turkeys

CHICAGO, Nov. 27.—Before you can have the Thanksgiving turkey, you must select one—and there's where many a housewife finds herself at sea.

For this reason NEA Service, has sought out someone who knows turkeys and other fowl, and can give its women readers helpful advice on choosing the bird for the coming feast. Such an authority The Evening Record found in Packer Swartz, cook for the epicurean appetites of a dozen national celebrities, and now training camp chef for Benny Leonard, lightweight fighting champion.

Chef Swartz tells here how to select the right turkey:

"Look not merely for a fat turkey but a young and well conditioned one. You can tell an overfed turkey by the soft pudgy condition of the flesh. It simply melts away in the pan during roasting. But a finished turkey, fed on proper rations, has firm flesh. First grasp the flesh and assure yourself on that point.

Spurs and Gristle. "Next see that the turkey's spurs, its claws, are short. Long spurs means a tough turkey.

"Now run your hand along the breast bone, the 'keel' of the turkey. Look for the rear end of this bone, where it comes to a point of gristle. If the gristle is soft and yields easily under pressure of your hand, the turkey is young and tender.

"As a final general inspection of the bird, look to see if the skin and flesh are white, the breast broad and plump and the neck short. If any feathers are left on the wing, examine them. If they are pointed, it is a good sign.

How to Roast

"In roasting the turkey, aim to avoid drying it out. Rub the entire surface with salt and brush with soft butter. Place it in a hot oven.

"When it is well browned, reduce the heat and make a basting mixture of half a cup of butter melted in one cup of boiling water. Keep basting every ten or fifteen minutes during cooking. Turn the fowl over two or three times so it may brown evenly.

"A ten-pound turkey will roast in about three hours."

American Warships To Engage Soon In Winter Maneuvers

(By The Associated Press) LOS ANGELES, Dec. 21.—Maneuvers of such magnitude as to contemplate a naval war, rather than a sham battle, will test existing conceptions of defense affecting the Panama Canal when the United States fleet begins its operations for 1924 at midnight on January 3, according to naval officers here.

Porkinam among the new phases of combat expected to enter into this "war" for possession of the Canal will be the influence of dirigible air-craft on surface maneuvers at sea. The Shenandoah, the navy's new giant dirigible, will remain aloft throughout the maneuvers, supported strongly by squadrons of combat craft by day, and ascending above the clouds at night.

Eighteen first-line battleships, 72 destroyers, 300 planes of all types, 50 submarines and hundreds of fleet auxiliary craft will combine to make the Canal defense maneuvers the most extensive yet undertaken by the American navy.

One feature of the "hostilities" will be a landing expedition, to utilize all available marines, who will launch an artillery and infantry attack against the United States army forces defending the Canal.

The battle fleet, under Rear Admiral Samuel S. Robinson, will open the St. Petersburg High School has been given a ranking as one of the six leading institutions of the kind in the south, according to a letter received by George M. Lynch, city superintendent of schools, from the chairman of the deans of colleges and universities in the southeast. The ranking, it is understood, is determined by the collegiate records of graduates from the local school who are now attending colleges in this country.

Lakeland—Plans being made for 23 additional miles of street paving in the city.

POLITICS BEFORE BUSINESS

Holdup Is Frustrated One of Number Shot

NEWARK, Dec. 19.—Two bandits, one of whom was shot dead by his quarry, were frustrated here late Tuesday in an attempt to hold up Frank E. Dewey, paymaster for M. D. Mirsky & Co., of New York City, as he entered the Newark office of the firm carrying a \$1,000 payroll. The dead bandit, whose identity has not yet been established, was found 200 feet from the scene beside a stalled automobile, to which his fellow bandit had carried him. There was a bullet wound above his heart. In his hand he clenched a pistol in which a bullet had jammed. The second bandit, joined by a third man in the automobile, made futile efforts to start the machine and then fled on foot and escaped.

As he reached the plant, Dewey said, he had a premonition that something was about to happen and he clenching a pistol in which a bullet had jammed. The second bandit, joined by a third man in the automobile, made futile efforts to start the machine and then fled on foot and escaped.

PAVING PROGRESS

TALLAHASSEE, Fla., Dec. 21.—Work on paving the principal streets of the capital city, which was started late in the summer, is progressing rapidly. Adams Street, extending from the Seaboard railroad to the governor's mansion, has been completed all the way from the capital to the governor's mansion, Monroe Street, has been finished for several blocks, and work is going ahead on Calhoun and several of the intersecting short streets. Park Avenue on both sides of the parkway was the first to be finished with the new surfacing that extends from Adams to Duval Street.

REGULATE BEGGING.

DAYTONA, Dec. 21.—This city is the latest to go on record for the regulation of begging. A committee has been appointed by the chamber of commerce to pass on credentials of outside organizations or individuals who wish to solicit funds in Daytona. The public has been asked to co-operate with the committee by asking solicitors for a letter of endorsement. Jacksonville went on record several days ago as requiring beggars to obtain approval from the city before soliciting funds on the streets.

D. 1923.

E. A. DOUGLASS, Clerk Circuit Court, Seminole County, Florida. D. C. SCHILLER, MAJESTIC, Solicitor for Complainant, Room 111, 12-7-23, run on Fridays for 7 times.

NOTICE OF INTENTION TO APPLY FOR LETTERS PATENT.

Notwithstanding adivice that the undersigned will apply to the Governor of the State of Florida on the 26th day of December, A. D. 1923, for Letters Patent to be issued to ORIENTA FERN COMPANY upon the following Articles of Incorporation adopted by the said company as its proposed articles of incorporation:

ARTICLE I. The name of this corporation shall be "ORIENTA FERN COMPANY" and its principal office and place of business shall be at Altamonte Springs, Seminole County, Florida, with the power to establish branch offices and places of business in all points in the State of Florida and in such other states and countries as it may deem necessary or advisable.

ARTICLE II. The general nature of the business to be transacted by the said corporation shall be the carrying on of a general nursery business and in connection therewith to raise, produce, buy, sell, import, export and deal in seeds, shrubs, plants, produce and flowers of all kinds; to carry on and conduct any and all kinds of agricultural and horticultural operations and generally to produce and trade in any and all kinds of produce of the soil; to raise, buy, sell and otherwise dispose of them in live stock of any kind; to manufacture, buy, sell and trade in merchandise of all kinds; to issue its bonds for any of the purposes of the company and to secure the same in any manner permitted by law; to purchase, lease or otherwise acquire real property, and to sell, release or dispose of the same; to purchase, acquire, hold or dispose of any and all trademarks, trade names, inventions or processes secured under Letters Patent of the United States and elsewhere; to do all things herein set forth as fully as any natural person might or could be to have effect and to carry out its business in any place in the State of Florida.

Bad Smashes Will Occur

even the most careful drivers are liable to suffer the bad smashes that damage property and play havoc with the other man's car. A slippery road, a child stepping in front of the machine, someone else's carelessness, these and other unexpected dangers are to blame for many a serious accident.

A. P. Connelly & Sons

Sanford, Florida. 104-8 Magnolia Avenue.

Directors at a meeting called for such purpose.

ARTICLE IV. The term for which this corporation shall exist shall be perpetual unless the same be legally dissolved.

ARTICLE V. Section 1. The business of this corporation shall be conducted by a board of not less than three (3) nor more than seven (7) Directors and by a President, Secretary and Treasurer. The President shall be a member of the Board of Directors.

Section 2. The Board of Directors shall be elected annually at a meeting of the stockholders to be held on the last Monday of January of each year, and the President, Secretary and Treasurer shall be elected annually by the Board of Directors chosen each year at a meeting of the Directors to be held annually immediately following the said annual stockholders meeting. The offices of the President and the Treasurer may be held by one and the same person.

Section 3. The time, place and manner of calling meetings of stockholders and directors other than the annual meeting shall be fixed by the by-laws of the Corporation and the election of the Board of Directors shall be by ballot, each stockholder being entitled to one vote for each share of stock owned by him.

Section 4. The Board of Directors may provide for the election or the appointment and for fixing the duties of such other officers and agents as they may deem advisable, and may make such rules and take such action not inconsistent with the Charter and By-laws of the Corporation as they may deem advisable for the operation of its business.

ARTICLE VI. Section 1. The names of the officers who shall conduct the business of the corporation until those are qualified who shall be elected at the first annual meeting of the stockholders are as follows: Benjamin F. Haines, President; Benjamin F. Haines, Secretary; Andrew G. Haines, Treasurer.

ARTICLE VII. Section 1. The highest amount of indebtedness or liability to which this corporation can at any time subject itself shall be the sum of Five Thousand Dollars (\$5,000.00).

ARTICLE VIII. Section 1. The corporate seal of this corporation shall be an impress stamp bearing the words, "ORIENTA FERN COMPANY, CORPORATE SEAL."

ARTICLE IX. Section 1. The stockholders of the corporation shall adopt by-laws not inconsistent with its Charter and the laws of the State of Florida, for the government of its officers, and the by-laws adopted shall be adopted by the vote of the majority of all shares of stock, and may be amended in such manner as may be provided for in said by-laws.

ARTICLE X. Section 1. The names and residences

of the subscribers and the amount of stock subscribed by each of them are as follows: Benjamin F. Haines, Medford, Massachusetts, forty-seven shares; Carrie E. Haines, Medford, Massachusetts, one share; Mary Haines, Altamonte Springs, Florida, one share; Andrew G. Haines, Altamonte Springs, Florida, one share; MARY A. HAINES, one share.

The foregoing Articles of Incorporation were subscribed this 5th day of December, 1923, and do hereby subscribe each for the amount of stock set opposite our respective signatures: BENJAMIN F. HAINES 47 Shares. CARRIE E. HAINES 1 Share. ANDREW G. HAINES 1 Share. MARY A. HAINES 1 Share. STATE OF FLORIDA, County of Seminole.

On this day personally appeared before me Benjamin F. Haines, Carrie E. Haines, Mary Haines and Andrew G. Haines, to me well known to be the persons described in and who signed the foregoing Articles of Incorporation of ORIENTA FERN COMPANY, and acknowledged before me that they severally signed the same and subscribed to the amount of stock set opposite their signatures.

IN WITNESS WHEREOF, I have hereunto set my hand and official seal this Twelfth day of December, 1923. DONALD G. STAIN, Notary Public, State of Florida at Large. My commission expires October 8, 1927. 12-11-21-25-12-10-51
