

Dawson Advises Growers To Dust Now To Kill Aphids

Recent Freeze Killed Bugs Which Aid Growers, He Says

County Agent C. R. Dawson is advising all growers to dust for aphids at this time as this pest is rapidly increasing in the celery fields and on other crops as well.

This increase is due to the recent freezing weather either killing or slowing up the parasites and predators which usually hold the aphid in check. In other words, even though conditions have been favorable to the parasites.

While good results are reported by some with nicotine sulphate or Black Leaf 40 added to Bordeaux mixture and used as a spray, still a majority of growers find dusting with three percent nicotine gives best results due to the fact that dust reaches the pest on the under side of the leaf better than does the spray.

Nicotine dust is purchased already mixed or may be mixed on the farm when the proper equipment is at hand.

The dust is generally used at a three percent strength of nicotine sulphate. When we speak of three percent nicotine sulphate we mean three percent of actual nicotine. In other words, using Black Leaf 40 you will have to use seven and one-half pounds of it with 100 pounds of lime to give you the three percent.

In using Black Leaf 40 you will need only six pounds. Or if it is used, as ordinarily, in 60 pound barrels you will need three and three-fourth pounds of Black Leaf 40 and three pounds of Black Leaf 20—this by weight. In practice it is found a good idea to add either a pint of free ammonia about a pint to 100 pounds of lime, or a pound of sulphur of ammonium sulphate. This frees the nicotine more promptly.

Using Black Leaf 40 this is not necessary. Another point is that about one-third of the nicotine is lost in transferring it from a barrel to a dusting machine; it usually requires two transfers. If it

is mixed directly in the field and transferred at once into the dusting machine, much of this loss can be saved in the hopper.

In practice it is found that a two percent dust of free nicotine or Black Leaf 40 is about as effective as a three percent dust made up of Black Leaf 40 as it is more quickly volatilized.

R. M. Burns Named Winner Of Chess Club Tournament

R. M. Burns, president of the Sanford Chess and Checker Club, today was announced as the winner of the recent chess tournament.

He won 21 out of 26 matches for a score of 54.1 to lead his nearest competitor, Dr. G. S. Selman, by 18 points. Dr. Selman and Gus Lovejoy, joint winners of second place, were credited as having played 11 and 10 games as the tournament neared its conclusion.

Under tournament rules, each player met each other player in four games. The final scores are as follows:

Player	W.	L.	Per.
R. M. Burns	21	5	84.1
Dr. G. S. Selman	13	13	50.0
Gus Lovejoy	12	14	46.1
W. R. Stewart	11	15	42.3
H. H. Stewart	10	16	38.5
H. H. Stewart	10	16	38.5
George Fecteau	10	16	38.5
W. R. Stewart	10	16	38.5
A. J. Lovelace	5	21	19.2
A. J. Lovelace	5	21	19.2

Announcement was made that plans now are under way for a round robin tournament between Sanford and Orlando teams.

Tentative plans to send the Orlando club to Sanford for a first round on Friday night, Jan. 25, with the Sanford team to play in Orlando the following night to complete the tournament.

Sanford members of the tournament team will be: Mr. Burns, Dr. Selman, Mr. Lovejoy, Mr. Monastatge, Mr. Stewart, Mr. Pope, Mr. Bishop, Mr. Zarnovian, Mr. Madden and Mr. DeCottis.

The Orlando team will include Messrs. Fishback, Young, Korby, Johnston, Broome, Poe, Albee, Gridley, Andre and Grand.

PETER PEN

Trade Body Army Gets 697 Members In 36-Hour Drive

(Continued From Page One) revealed that Colonel Walter Coleman's Division "A" led in membership secured with a total of 231.

City Commissioner W. A. Lefler's team led the teams with 79 memberships secured in Colonel J. L. Marquette's Division "B".

However, pending the outcome of the "mopping up" campaign, Major-General Schmidt announced that no award will be made to the team enrolling the largest number of memberships.

Called upon to give highlights of their part of the campaign, the workers learned from S. D. Higleyman that of the more than 40 persons he visited, only three turned him down, and they for financial reasons.

C. E. Rawson reported that his group had unusual success in its part of the drive, while Mrs. James W. Coates of Oklawaha reported that "this has been one of the most difficult campaigns I've ever been in, the trees, you know, having had a most damaging effect."

Mayor T. L. Dumas expressed confidence that "before the week is over we'll have secured the extra memberships needed and will be where we rightfully belong as second largest Chamber of Commerce in Florida."

Harry M. Papworth declared that "if ever there was a body of men and women who rendered a more valuable service for our organization it is you workers, and I congratulate you upon a remarkable record."

Mrs. Walter L. Coates promised that the City Department of the Woman's Club of Sanford would lend a active hand if given the opportunity next season.

Mrs. Arthur Branan said that "this was a very easy drive. We didn't have any trouble at all. The merchants are so generous and put their hands in their pockets saying 'How much do you want?'"

Mrs. Harry M. Papworth said that "if I had been wearing a pretty red dress like Mrs. Branan's I'd be able to make the same report, but when we got to the merchants they had already put their hands in their pockets and been recruited."

Mrs. Julius Longfellow declared that this is one of the first drives I've ever been in which involved so little enthusiasm. I hope you will place me on the list of workers for next year."

A negro laborer, William Allen, stumbled across the baby's shallow grave on May 12, 1933, more than two months after he was stolen from his Popewell home a few miles away.

He will testify that the body, found face down, its skull horribly fractured, will be identified.

The state says Bruno stole the baby from his nursery, fell from a ladder with her and killed him in the fall.

Then, it claims, he callously stripped the sleeping girl from the body to use in bargaining for the ransom and buried his ghastly burden in the thicket, across the Hub-

berden county line near Mount Rose, N. J.

Only a little of the tedious handwriting testimony remained after trial's adjournment yesterday after four more experts had called Bruno the author of all 14 notes.

Positive in their identification, they were just as sure in refuting defense insinuations that Hauptmann's handwriting was used as a disguise for somebody else.

The defense has made it plain it expects to name leader Fisch, Hauptmann's dead ally man, as that somebody else.

Fisch, frail little furrier, went to Germany to die. Before he sailed Hauptmann says, he left a shoebox in which Bruno allegedly found more than \$14,000 in ransom bills.

That was the carpenter's story when officers found the money hidden in his house and garage in New York City's Bronx.

Adding to the list of enrollees those which were reported after the 36-hour drive, the drive drew Duda of Slavia, appeared with their quota filled, H. C. DuBoise had secured an additional eight and one-third memberships, Mrs. W. L. Morgan had secured one additional membership, and Gus Schmah of Lake Monroe had reported four additional memberships, the standing of teams this morning read as follows:

Division A, Col. Walter Coleman: Captain Mrs. W. L. Morgan, 27; Capt. H. B. Pope, 23; Capt. E. E. Bladworth, 45; Capt. Otto Caldwell, 79; Capt. H. B. Coleman, 60; total, 231.

Division B, Col. J. L. Marquette: Capt. Mrs. J. C. DuBoise, 69; Capt. W. A. Lefler, 79; Capt. C. E. Rawson, 15; Capt. V. E. Donahue, 21; total, 185.

Division C, Col. C. E. Adams as colonel: Captain Mrs. J. C. DuBoise, 26; Captain Ray Fox, 41; Captain W. M. Haynes, 54; Capt. F. S. Lamson, 57; Captain W. J. Zachry, 24; total, 198.

Division D, Capt. Mrs. J. W. Coates of Geneva: Geneva team, five; Oklawaha team, 12; Slavia team, 10; Oklawaha team, nine; Oklawaha team, five; total, 41.

Division E, Capt. Miss Nona A. Wylly of Lake Mary: Altamonte and Fern Park teams, 13 each; Lake Mary team, six; Lake Monroe team, five; Paola team, three; Longwood team, two; total, 42.

Brah Flays Roosevelt's Social Laws

The Senator Criticizes Old Age Pension Provision As Wholly Inadequate

WASHINGTON, Jan. 18.—(AP)—Robert M. La Follette, Republican senator from Wisconsin, attacked President Roosevelt's new program of social legislation today, saying that the old age pension provision is "wholly inadequate."

La Follette said that the old age pension provision is "wholly inadequate" and that it is "a mere pittance" for the millions of old people who are dependent on it.

Mais, Legenza, Killers, Placed Under Arrest

Pair Who Shot Way Out Of Death Cell In Richmond Taken In Surprise Raid

NEW YORK, Jan. 18.—(AP)—Robert Mais, 29, and Walter Legenza, 41, who shot their way out of a Richmond, Va., prison, and three other members of the "Tri-State gang" were arrested in New York, the Department of Justice announced today.

The other three under arrest, the Department of Justice said, were Mary McKeever, 34, Martin Farrell, 28, and Edwin Gale, 23.

Mais was surprised at his apartment at 3:30 o'clock this morning and captured in bed.

Federal operatives and Philadelphia and New York police had surrounded the house and entered the apartment door so unexpectedly that Mais had no time to reach for a pistol that was at his side.

Farrell and Gale were first taken into custody at a mid-town hotel yesterday.

Legenza next was located in Manhattan Hospital, receiving treatment for a broken leg. His arrest took place last night as did that of the McKeever woman who was visiting the patient.

Mais and Legenza broke jail while awaiting the fulfillment of a death sentence for the murder of the custodian of a United States prison.

Federal Emergency Relief administrator Harry Hopkins charges that there was a "leak" in dispensing relief funds.

New Social Legislation Idea Outlined By Experts

Program Includes Only One Feature That Is Characteristic Of Townsend Old-Age Plan

WASHINGTON, Jan. 18.—Questions arising under the new program of social legislation offered in Congress yesterday by the Administration and the opinion of experts thereon follow:

Q. Does the plan embrace both the manual and white collar worker who reaches the age of 65?

A. Yes.

Q. Does it have any of the characteristics of the Townsend Plan for paying all persons 65 or over \$200 a month?

A. Only that it carries provisions for old age pensions.

Q. What happens to the man or woman now 65 or over who cannot be brought under the compulsory contribution pension plan?

A. The government joins with the state in giving each dependent of this nature a total maximum of \$30 a month.

Q. How will the compulsory annual plan work?

A. A payroll tax will be imposed. The employer will contribute the same amount as the employee. The money will go into an "old age" fund in the treasury.

Q. What employer will be liable for these pensions?

A. Any employer (1) when he has 25 employees or more; (2) when he has 10 employees or more in any one industry.

New Textile Strike Is Set For Spring

Union Leaders Said Plotting A Walk-Out More Serious Than One Last Fall

WASHINGTON, Jan. 18.—(AP)—Textile union leaders, an authoritative source disclosed today, are setting up a far flung organization in preparation for another strike all this spring.

Although no statement was made by the union leaders, the prediction is serious that the widespread strike of last September.

The organization work is being directed by Francis Gorman, first vice president of the United Textile Workers.

Gorman, advocate of long range planning, had followed the same course he pursued in the paralyzing strike of last fall by setting up in advance regional strike committees, charting a course of action in localities, and launching a quiet drive for a "war chest."

"It's A Lie," Shouts Anna Hauptmann As Neighbor Testifies

Solons Want Data On Cash Townsend Has Made On Plan

Large Sum Has Been Paid Author Of Old Age Pension Plan

WASHINGTON, Jan. 18.—(AP)—An investigation to determine how much money the Townsend plan has collected for their old age pension drive and how the money is spent was being discussed yesterday on Capitol Hill.

Chairman Doughton (D-N.C.) of the House Ways and Means Committee said he thought the committee should look into contributions to the Townsend Plan Association.

"Such an inquiry would be proper," he said.

Representative Blanton (D-Texas) said there was evidence an "anonymous sum" had been collected from "unsuspecting, credulous old people who can't afford it." He indicated members of the Townsend Club were asked to pay 25 cents for a pamphlet and that Townsendites claim a membership of 22,000,000.

Dr. F. E. Townsend, author of the plan to pay everyone over 60 a \$200 monthly pension if they would quit work, quickly denied any "anonymous sum." He said \$40,000 had been collected.

The plan, introduced in the House Wednesday, was stated by Representative McCreary (D-Cal.) as the cure for the depression, and denounced by Blanton as "bank."

County Citrus Men Meet In Second Session On Tuesday

Second meeting of the Seminole County Citrus Growers Association will be held at the Court House in Sanford next Tuesday noon at 1:00 o'clock, it was announced by County Agent C. Dawson today.

It was stated that "two very important questions will be up for discussion," and named them as: "Are there strong hopes that you will make an appropriate help under some arrangement of the 'old fly' work in this county?" (2) "A concerted effort is made to obtain a long-time Citrus Product on arrangement."

President Dawson, declaring that it depends upon whether or not grower give his support to the movement," says that there are 939 citrus properties in Seminole County, and that every one should be made to have a share.

H. H. Hays, elected secretary, chairman of the sub-committee last week, will report on Tuesday.

Jaycees Continue Efforts In Behalf Of Winter Visitors

Sanford Jaycees who last week staged what has been termed as a successful entertainment for this county's winter visitors, last night furthered their attempt to make the tourist population feel more at home by tendering an already well-filled book of tourists' names to the Seminole County Chamber of Commerce on condition that it be maintained regularly.

Another feature of the Jaycees' meeting last night was an address "Age Looks at Youth," delivered by Rev. H. J. C. Mead of Fern Park.

Jaycees also made plans for a stag party at Sanford Country Club on Monday night Jan. 23, and named Dwight D. Smith as secretary, succeeding Max Stewart, resigned.

President Gordon Barnett announced that the duties of all standing committees officially were terminated last night and that new committee appointments will be announced within the next few days.

Georgia, Florida Judge Attending In Agreement On Church Assembly Auto Tag Debate

Reciprocal Pact Will Be Similar To Ones Used Elsewhere

ATLANTA, Jan. 18.—(AP)—The Georgia and Florida State Revenue Commission, announced yesterday Gov. Eugene Talmadge had approved a reciprocal agreement between Florida and Georgia, regulating operation of motor vehicles of one state in the territory of the other.

Chairman Royal said the bill provided for a 30-mile "free zone" in each state for operation of passenger motor vehicles by persons living in such zones in each state. He said similar arrangements had been made by Georgia with the states of Tennessee, Alabama, North Carolina and South Carolina.

The agreement also provides for operation of trucks and trailers by owners of regularly established businesses within 30 mile zones in each state, without the necessity of buying a license of the other state.

Trucks and trailers operated by their owners and agents, transporting goods and merchandise of the owner of the vehicle, may go into any part of either state four times monthly, without buying a license of the other state.

Operation of trucks and trailers by owners or their agents, for transport of dairy, farm, grove or orchard products, or for transportation of fish, where such products are the actual property of the owner of the vehicle, also is permitted under the agreement.

France Appears As Loser In Its Deal With Nazis On Saar

By The Associated Press

French francs are fleeing the Saar so fast that financiers said yesterday France would get in cash only about half of what Germany agreed to pay for the territory's huge coal mines.

The Franco-German agreement reached in Rome provided Germany should make a lump sum payment of \$55,000,000 (francs about \$5,575,000), to be drawn from francs circulating in the territory, when she repurchases the mines.

The arrangement calls for 300,000,000 francs in all, 95 percent in cash and the remainder in coal.

Financiers, however, say only about 400,000,000 francs are left in the territory, after the overwhelming vote Sunday for a union with Nazi Germany.

French officials had calculated there were about 1,800,000,000 francs in the Saar, twice over the amount needed. But the population, especially industrialists and merchants, have been shipping their holdings in France and Switzerland to avoid a heavy loss when they will be forced to exchange francs for less valuable marks.

Smith Denies Motion For Re-Trial Of Suit

Circuit Court Judge Millard B. Smith this morning denied motion for a new trial in the case of Sankey v. Atlantic Coast Line Railroad.

At a special hearing held in the Court House, Judge Smith ruled adversely on E. F. Housholder's plea for a new trial on the ground that the \$12,000 awarded Mr. Kinlaw was insufficient, and that one of the six jurors was "prejudiced, biased and corrupt."

Judge Smith also denied a motion filed by W. C. Park, Coast Line attorney, who pleaded that the award was excessive.

Sanford National Bank will be closed all day tomorrow in observance of the anniversary of the birth of General Robert E. Lee.

Court Thrown Into Unravel 3 Times By Startling Cries Of German Wife

Anna Hauptmann's nerve broke today at the trial of her husband for his part in the slaying of Dr. Leo S. Dowd.

"It's a lie," she shouted at a witness.

Mrs. Ella Auchenbach, a Hauptmann neighbor in the Bronx, was the witness.

She testified that Mrs. Hauptmann came to her two days after the kidnaping of baby Charles Lindbergh, Jr., and said that she and her husband had just returned from a trip.

"You lie, Mrs. Auchenbach, you lie," Mrs. Hauptmann flared.

Counsel on both sides leaped to their feet as did the spectators.

Mrs. Hauptmann's face, usually pale and placid, was livid.

"I want that in the record," Attorney General David (White) demanded heatedly. He claimed that this is the third time the Hauptmanns had interrupted the proceedings, and he demanded to know "Whether they or the court are trying this case."

Both the defendant and his wife were under high tension, and before the judge was appointed in a choked voice, Hauptmann sat (Continued On Page Four)

Daytona Gives Up Sales Tax Program

DAYTONA BEACH, Jan. 18.—(AP)—City of Daytona Beach has today abandoned its 2 percent sales tax and the ordinance put it into effect Jan. 8 will be repealed at a city commission meeting within a day or two.

Mayor H. Armstrong announced that a statement was made after formal conference with other commissioners which followed late yesterday with representatives of the Merchants Association and allied trades, at a substitute tax plan, to operating costs for only the four months of this year, was before the commissioners by H. H. Hays, president of the merchants' organization. Collection of the sales tax had been made since midnight Saturday.

A mortgage wagon attendant started on a slip of paper the "hears"—and maybe that was it, it was it.

Yank Mascot Found Dead In Dingy Room

NEW YORK, Jan. 18.—(AP)—Eddie Rosenthal, the "lucky hunch" of the New York Yankees, did his last caper alone—without a substitute tax plan, to operating costs for only the four months of this year, was before the commissioners by H. H. Hays, president of the merchants' organization. Collection of the sales tax had been made since midnight Saturday.

A mortgage wagon attendant started on a slip of paper the "hears"—and maybe that was it, it was it.

20,000 Attend Race At Hialeah Park

HIALEAH PARK, Jan. 18.—(AP)—Some 20,000 fans jamming and crowding every available spot in the track that has come to be known as the show place of Miami and the winter playground of the South, watched today and saw William Sackensma's Roman Soldier lead home a large and representative field in the Hialeah Inaugural Handicap, opening day feature of the Miami Jockey Club's 45-day meeting.

The finish of the race, worth \$2,500 to the winning owner, was so close that the result was in doubt until the official numbers were hoisted. E. F. Sagarin's Stand Pat, winner of two handicaps at Tropical Park, was deprived of his third straight victory by the margin of a nose.

\$10,000 Found In Ma Barker's Purse

WASHINGTON, Jan. 18.—(AP)—A sum well in excess of \$10,000 was found yesterday by Justice Department searchers in the house at Oklawaha, Fla., where Fred and Kate (Ma) Barker were killed Wednesday.

In making this known, the department said part of the money was found in Ma Barker's purse and the remainder in a money belt worn by Fred.

A check is being made of the money to determine whether any was used by the Bremer family at Ft. Paul to meet the \$200,000 ransom demands of the gang to effect the release of Edward G. Bremer.

Ann Roosevelt Dall Wed To Boettiger In New York Home

NEW YORK, Jan. 18.—(AP)—In a simple ceremony, without flowers or attendants, Mrs. Ann Roosevelt Dall, daughter of the President, and John Boettiger, former Washington correspondent for the Chicago Tribune, were married today at the Roosevelt town house.

They had parental blessings and the President telephoned his congratulations from Washington.

Mrs. Franklin D. Roosevelt said today after the wedding, "The couple left immediately for a destination on their honeymoon. The ceremony took place about 9:00 o'clock, shortly after a license was obtained from the City Hall.

The marriage celebrated one of Washington's rare occasions, but it did not come as a surprise to the President's family. Mrs. Roosevelt said.

Great secrecy surrounded the ceremony and no talking of the event came until the President's secretary announced it in Washington.

Smith Denies Motion For Re-Trial Of Suit

Circuit Court Judge Millard B. Smith this morning denied motion for a new trial in the case of Sankey v. Atlantic Coast Line Railroad.

At a special hearing held in the Court House, Judge Smith ruled adversely on E. F. Housholder's plea for a new trial on the ground that the \$12,000 awarded Mr. Kinlaw was insufficient, and that one of the six jurors was "prejudiced, biased and corrupt."

Judge Smith also denied a motion filed by W. C. Park, Coast Line attorney, who pleaded that the award was excessive.

Trade Body Drive For Members Has Reached 740 Mark

Through the hearty co-operation of Gus Schuch and J. W. Bell of Lake Monroe, Chairman of Commerce officials announced at noon today that the 1935 membership drive toward a goal of 800 members has reached the 740 mark with every indication that the goal will be reached by tomorrow night.

Mr. Schuch and Mr. Bell visited the trade body office this morning to report that Lake Monroe claimed the honor of having the largest out-of-Sanford membership in the county.

They backed up this claim by producing 22 memberships, and as a result, Colonel Miss Nona Willy's Division E went into the lead over the other county town divisions under the direction of Colonel Mrs. J. W. Coates of the navy by 55 to 45 memberships.

Since the "Victory Supper" of Wednesday night and through noon today, 53 additional memberships were turned in, and by the following persons: Mr. Schuch and Mr. Bell, 22; H. C. DuBois of team six in Division B, 20; Mrs. H. M. Pagnon and Mrs. Arthur Brennan of team one, Division A, six; Otto Caldwell of team four, Division A, two; C. E. Rawson, two, and Mrs. J. D. Huffer of team eleven, Division C, one.

Dividing standings at noon for day were as follows:

Division A, Col. Walter Coleman, 238 memberships; Division B, Col. J. J. Macenette, 199; J. E. Schuch and Mr. Bell, 199; Division C, Col. E. Adams, 109 memberships; Division D, Col. Miss Willy, 50 memberships; Division E, Col. Mrs. Coates, 45 memberships.

Praised For Fine 1934 Administration Local Hospital Officers Are Re-Elected

Re-election of all officers, authorization for the installation of a new vivarium at Fernald-Loughlin Memorial Hospital and the extension of thanks and appreciation to all persons who assisted in the efficient management of the hospital during 1934 featured yesterday's annual meeting of the Hospital Association, held at the office of T. W. Lawton in the Court House.

Mr. Lawton was re-elected Association president, Mrs. Esther Duckett of Geneva as vice-president, H. C. DuBois as treasurer, and Mrs. Cassandra Schultz as secretary.

The Executive Committee was authorized after consulting with the Executive

Stay Out Of Lake With That Old Tag

TALLAHASSEE, Jan. 18.—(AP)—A report that Sheriff W. B. Gilton of Lake county, had made "several arrests of motorists for failure to purchase 1935 automobile license plates was received yesterday by the state motor vehicle commission.

This was the first report of any arrests since the deadline for new license plates was passed at midnight Jan. 15.

Hitler Says Nation Quits Revenge Idea

LONDON, Jan. 18.—(AP)—The Daily Mail yesterday published an interview with Heinrich Himmler at Munich quoting him as saying, "Germany has abandoned all notions of revenge."

Germany for the past will never break the peace," Hitler was quoted as saying at the "Nazi Brown House." "It is not about attack as they will fall on a hero's tomb, for we love freedom just as much as we love peace."

Sanford Production Credit Association To Hold Annual Meet At Court House

The annual meeting of The Sanford Production Credit Association serving the counties of Seminole, Volusia, and Brevard will be held on Jan. 20 at 5 o'clock P. M. at the Court House, Sanford, Florida, it was announced today by E. L. Andrews, secretary of the Association.

"Financial aid to the farmers has been and is one of the primary objectives of the present Administration in Washington," Mr. Andrews said today. "About a year ago Congress made provisions for Production Credit Associations under government supervision whereby local groups of farmers might organize and farm associations to obtain money to produce citrus and truck crops at a low rate of interest, and at the same time be able to market their crop where, when, and to whom they pleased. These associations are owned, operated, and controlled by the farmers themselves."

Twelve associations were organized in Florida with Volusia, Brevard and Seminole counties being served by the Sanford Association for the production of livestock, poultry, citrus truck, crops, and loans on citrus crops not to exceed \$750. During the first year of operation, loans (Continued On Page Six)

The Way Of The World

You certainly do not believe in the United States becoming involved in another World War. You may be among those who are vigorously declaring that they would not bear arms under any circumstances. But just how much of a pacifist are you? If you would not fight for your country, would you be willing to fight to uphold that ideal of pacifism which encourages you not to fight? Would you, in other words, be willing to fight to keep from fighting?

That seems to be the conclusion which is being drawn from the words of Dr. Albert Einstein, the noted scientist, and perhaps the world's outstanding believer in "peace at any price." Dr. Einstein for many years has been against wars in all of its many vicarious forms. He is a "conscientious objector" of the very first water. And yet Dr. Einstein said recently that the Democratic non-military nations were thoroughly justified in arming, for only in this way could the ideals for which they stand be preserved.

"Dr. Einstein, as every one knows," the New York Herald Tribune explains, "has always been an out-and-out pacifist, refusing to concede that even national defense warranted military training or the preparation of defensive armament. To make war impossible he advocated international passive resistance to military service. Now, however, the good doctor turns his back firmly on this view and every idea associated with it. The rise of military dictatorships in Europe is responsible for this volte face, according to a magazine article by the distinguished physicist, as quoted by The Associated Press. The populations under these dictators are justified, in his revised opinion, in submitting to military training because to refuse would mean 'martyrdom and death.' In the United States, which citizens still cling to some of their political rights," Dr. Einstein therefore feels, as he views the European panorama with distaste, "refusal to do military service means weakening the power of resistance of the remaining remnants of the civilized world."

"One of pacifism's most distinguished apostles says very clearly here that the conscientious objector is justified in learning to use the sword if there arises in the world any serious threat to the ideals, institutions or rights which he thinks sacred. This implies the righteousness of the sword's use in defense of such ideals or other abstractions. Since Dr. Einstein would scarcely list that his own social and political ideals were invariably the only ones worthy of armed defense, he cannot very well deny to other men of other nations the same right that he arrogates to himself of deciding what ideal or right is sacred enough and what menace is serious enough to justify the burning of the defensive sword. "When conditional pacifism does not go as far as this it is inconsistent and intolerant—favoring amendments to its code under emotional rather than logical pressure. But when it does go so far as this, it must certainly make room among its conditions and exceptions for the right of the sincere Nazi, of the convinced Fascist, of the conscientious Communist and of the faithful Japanese believer in the holiness of his country's world destiny, to arm and to take what he thinks are essential measures in defense of the untrammeled application of his sacred ideals. If Dr. Einstein and those who think as he does are no longer with us when we arrive at this conclusion it would be interesting to know just where they dropped out of line."

In other words it is a difference of opinion which makes horse races, and it is as fair for one man to have his judgment with money as it is for another man to do the same thing. If it is fair for one nation to fight in defense of pacifism it is fair for another to battle for whatever it may happen to believe is the ideal state of things. There would seem to be no other way out.

Accident Statistics

Pointing out that the best way to control the menace of increasing highway accidents is by means of drivers' licenses and state highway patrol, Asher Frank, state safety director, reveals in his recent report that 600 persons were killed in Florida last year in 1931 automobile accidents in which 21,184 persons were injured.

Thirteen percent of these accidents were caused by drunken drivers. This represents an increase in accidents due to this one cause of eight percent. However, Mr. Frank further reveals 90 percent of the drunk on drivers involved in accidents were convicted and 40 percent of them are serving time.

Other causes of highway accidents were divided as follows: driving too fast caused 20 percent, improper passing caused 5 percent, improperly maintaining own right of way caused 16 percent of the accidents, reckless driving caused 6 percent, failing to signal 8 percent, and miscellaneous causes resulted in 32 percent of the accidents.

Among the accidents caused by pedestrians on the highways, children playing in the streets caused 16 percent of the accidents; walking along roads with traffic caused 14 percent, crossing from behind cars caused 28 percent; crossing at intersections, 14 percent; crossing against signals caused 8 percent, and miscellaneous causes resulted in 20 percent.

Older persons suffered more heavily in the accident toll than younger persons. Of the 603, who were killed last year, 240 were 50 years of age or over; 122 were from 24 years of age to 49, 141, from 20 years of age to 34; and only 110 were under 19.

During the past 100 years there have been 76,000 deaths in Marine disasters in the world. In the past three years, there have been 96,300 deaths in motor vehicle accidents in the United States alone.

SANFORD TWENTY YEARS AGO

The Literature Department of Mrs. D. L. Thrasher on Monday... The Women's Club held its first meeting in the club rooms... Mrs. L. E. Paige was unanimously elected chairman of the department and Mrs. George Dickman was elected chairman of membership committee.

A dinner house has been organized for Florida by certain individuals who are in the rising highway toll of accidents an increasing menace to the whole state. There should be drivers' licenses in this state, as there are in most progressive states, and they should not be issued to persons who do not know how to drive, who are habitual drunkards, or who are known to be criminals.

A charming event of the mid-winter season was the attractive bridge luncheon at the home of Mrs. Dorman's mother.

PUBLIC DEBT YOUR DEBT

Do you own it? Do you pay it? Do you know it?

The federal government debt is now about \$18,000,000,000 (18 billion dollars). It will soon be \$20,000,000,000 (20 billion dollars). Nobody else is ever going to pay it but you.

Do you own a home? If you were a Britisher you'd see \$200 in the shoe way. If the World War had gone on another year, you'd probably own more than you do now. Treasury figures reducing these debts are fortunate, because they bring home a thing that people are apt to forget about public debt.

Really, there isn't any such thing as a public debt. As public debt is a mere collective debt of all of us, and as long as it exists, no man is debt-free. It isn't debt-free, even though you've paid for it in full. Have you money in the bank? It isn't really yours, the public treasury has a potential claim for \$25 against it.

Do you draw wages or a salary? At least, all years for certain, until these public debts are paid.

Political Primer

How Congress works... How the House and Senate work... How the President works...

CONFERENCES AND CONFERRIES

Senator George Norris of Nebraska, progressive Republican leader, once described the legislative conference as the "third house" of Congress.

An approved bill of the last year, he succeeded in the last general election in persuading the voters of the state to adopt a plan for a one-chamber legislature and hopes to see the reform carried into Congress.

What are conferences and conferrals? The House passes a bill, for example, it goes to the Senate.

The House passes a bill, for example, it goes to the Senate. The House will not accept the conference. So the bill is sent to conference.

The House appoints three or five members as conferees and the Senate appoints an equal number. They meet and discuss the points in disagreement.

The conferees of the Senate give up some items and the conferees of the House agree to some, or vice versa. Finally they get together on a bill some where between the position taken by each House.

Often it happens the conferees do not give up easily. Conferees have been known to drag on for days or weeks and some have run for months. Usually, however, the conferees get together, and as a rule the conferees report is adopted by both Houses.

Growth Of West's Citrus Industry

Laid To Advertising

CHICAGO, Jan. 13. (AP)—Growth of the California fruit and vegetable growing industry from an infant in 1905 to an industrial giant in 1931 was credited Wednesday to newspaper and other forms of advertising.

W. B. Geisinger, advertising manager of the California Fruit Growers' Exchange, told delegates to the American Fruit and Vegetable Shippers' Association convention here that the industry's annual return to growers jumped from \$9,250,000 in 1905 to \$72,200,000 in 1931, the result of intelligent advertising.

Tracing growth of the industry in California from 1907, Geisinger said the exchange that year appropriated \$2000 to test advantages of advertising and subjected Iowa as a proving ground. Results showed a 50 percent gain in sales in Iowa and caused the exchange to advertise nationally.

Since the 1907 experiment, Geisinger said, the California growers have invested a total of \$19,382,541 in advertising which represents less than one percent of the gross sales. As a result of the advertising campaign the California growers increased their annual sales from 12,884 in 1905 to 61,277 last year.

New Social Legislation Idea Given By Experts

Under the plan a group of experts has been selected to study the problem of unemployment insurance. The group will report on the subject in a few weeks.

Q. How much does the insurance cost?

A. The cost of the insurance is 1 percent of the wages of the insured.

Q. How much will the pension be?

A. The pension will be 50 percent of the wages of the insured during the last year of his life.

Q. How long will the pension last?

A. The pension will last for the remainder of the insured's life.

Q. How much will the pension be?

A. The pension will be 50 percent of the wages of the insured during the last year of his life.

Judge Attending Church Assembly Indicted By Jury

Judge Collins, immediate past president of the Florida Baptist Convention, was attending the annual meeting of the convention at Lakeland at the time he was indicted.

The indictment charged Judge Collins with accepting \$250 in "kick-back" money from the publisher of the Lakeland paper, and with the passing of money to other members of the convention.

Seminole High In 41 To 24 Victory Over Ocala Outfit

With forward Charlie Whitten and center Osborne Herndon leading the way, Coach Leonard Helms' Seminole High School basketball squad opened its 1934 home season before about 300 fans last night with a 41 to 24 victory over the Ocala Wildcats, North-eastern Conference opponents.

Whitten, Herndon and Harnage were Seminole's outstanding players, while J. Wood, Ocala forward, was the only visitor able to get started. The game was filled with fouls, 15 being called against Ocala and 13 against Seminole, and two players on each team were removed from the tilt because of personal fouls.

Seminole High, with victories over St. Augustine and Ocala against defeats at the hands of Daytona and Landon of Jacksonville, plays the St. Augustine team here at 8:30 o'clock tonight.

The Seminole "B" team, meets Benson Springs in a certain ralley starting at 8:00 o'clock.

Scores last night:

New Tennis Courts Dedicated By Two Professional Stars

The City of Sanford's two new tennis courts at 17th Street and French Avenue, were dedicated officially before more than 200 local tennis fans late yesterday afternoon in special matches featuring noted pro players.

Gordon Apper of Daytona Beach and Plainfield, N. J., and New Jersey State Tennis Champion appeared against Jimmie Burns, noted American tennis pro now employed at Hotel Orisport near Daytona, in a singles match opening the dedication.

Burns won the first set 6-3, while Apper won the second set by the same score.

Anxious to stage a doubles match before dusk, the pro players did not play-off their tie in singles. Instead, Apper, teamed with Billy Zachry of Sanford, won 6-6 and 6-4 from Burns who was teamed with Billy Paville of Sanford.

In a final singles match, Apper defeated Zachry, 5-1.

The courts, now are open for the use of the public. Arrange-ments for play must be made at the City Waterworks plant near

Drive Out The Poisons

When regular bowel movements stop, scouring waste matter clogs the bowels and soon begins to poison the entire system.

"I take Theodor's Black-Draught for dizziness, headaches, bad taste in the mouth, a dull, tired feeling and for any bad feeling that comes from a clogged system," writes Mr. D. M. Minton of Chiefland, Fla. "Soon I am feeling good as new. I only take a dose once in a while."

Tenseness Prevails In Georgia Mill Area

(AP)—Tenseness again prevailed at the Richmond hosiery mills yesterday as pickets returned to the mill gates shortly after 7:00 Georgia National Guardsmen who had been on strike duty have returned to their homes.

One picket was arrested by special police after he had thrown a brick at the mill. He was taken to the county jail at Lafayette and held on a charge of disorderly conduct.

Mill officials report a truck being used in the company's plant at Daisy, Tenn., had been fired on from ambush but that no one had been hurt.
