

KING RIOTING AND TO SOVIET LEADERS IN CHINA

Chinese Police Stage
raid on Russian Em-
bassy Where Arrests
are Made of Leaders

Ang To Break Up Soviet Influence

Many Chinese Nabbed
in Plot Are To Be
Executed, Is Report

BEIJING, Apr. 6. (INS)—
Chinese police today raided
Soviet embassy arresting
number of Russians and
these on the charge of in-
fluencing labor leaders and
stirring to riot. According
to police officials several
of rifles and ammuni-
tion together with Soviet
and Chinese flags were
found.

The raid, which was
conducted by several
hundred policemen, fol-
lowed a number of confer-
ences between Marshal
Chiang Kai-shek, leader
of the northern army,
and Soviet officials and
foreign agents.

The foreign authori-
ties are said to view the
raid as a move against
Soviet influence in the
north of the common
wealth of China.

Early 50 Chinese men
and women were bound
and taken to the
prison. It is expected
that the Chinese
authorities will be
executed.

Most of them were
arrested through the
raid. After their arrest,
the report of the pris-
oners were said to in-
dicate that the Chinese
authorities are in charge
of the raid.

International
service said that about
100 Chinese were found
hiding in the Soviet
embassy building.

Marshal Chiang has
announced that he
will not permit the
distribution of anti-foreign
propaganda from the
Soviet embassy.

The secretaries of the
American and other
foreign embassies and
consuls watched the
raid with the greatest
interest.

Consent had been given
to the raid by the diplo-
matic corps where it was
known in advance.

High School Play Will Be Presented Here This Evening

Preparations are complete
for the staging of the
annual senior play, "Am-
azon Tale," which will
be presented tonight at
8:15 clock at the Seminole
High School on French
avenue. This will be the
first play to be staged
in the new high school
building. The auditorium
is now in a seating
capacity of about 300.

A large cast will present
the play which has been
under the direction of
Mrs. C. G. Maxwell.
Rehearsals have been
held for the past several
weeks and today the
cast was announced
ready for the presenta-
tion tonight.

The senior classes of
the high school have
been giving these
plays for a number of
years and each year
Mrs. Maxwell has been
the director. The pro-
ceeds from the play
will go toward the
cost of the new year-
book, the "Salamander."

The play tonight will
have much action in it.
It will have plenty of
drama as well as comedy.
The production is
declared one of the
best three-act plays
now being staged by
university organizations.

An added feature to
the program will be a
Spanish dance by Miss
Ruth and a Spanish
dancer by Miss Ruth
Henry and Luke Thompson.

Celery Feds To Appear In First Practice Game Here Thursday With Winter Park

The first exhibition tilt of
the season for the Celery
Feds is scheduled for
Thursday afternoon, when
they cross bats with Winter
Park of the Orange County
League, in a game that is
to start at 3:30 o'clock.

Sanford fans will have
their first opportunity of
seeing the 1927 Celery
Feds in action and Manager
Covey has promised to use
every player on his squad,
with the exception of the
pitchers. Three of the
latter will probably have
a chance on the hill, with
Rogor Williams and Stout
working a turn of three
innings each.

All of those named are
reported to be in good
shape and their careers
have been breaking with
regularity that bespeaks
mid-season form.

The rest of the mound
staff will get an opportunity
to show its wares in
Saturday's fracas.

Winter Park is one of
the strongest clubs in the
Orange circuit and its
showing here against the
Naples Indians was far
from poor.

HEAVY FIGHTING NEAR SHANGHAI AGAIN REPORTED

Nationalists Have Excellent
Chance To Win Because Of
Disorganized Fight Forces;
More Troops Go To Nanking

SHANGHAI, Apr. 6.—Al-
though heavy fighting
continues along the
Tsinan-Pachow railroad there
is no decisive result, ac-
cording to reports received
here today.

The intensity of the
fighting is said to be
greater than during any
engagement since the
Nationalists' capture of
Nanking. The National-
ists' chances for success
have been enhanced by
the fact that the
disorganized troops of
Sun Chuanfang are surren-
dering and laying down
their arms.

General Chiang Kai-shek
delivered a counter attack
along the Tsinan-Pachow
railroad, forcing General
Kai-shek to retreat. The
distribution of anti-foreign
propaganda from the
Soviet embassy.

The secretaries of the
American and other
foreign embassies and
consuls watched the
raid with the greatest
interest.

Consent had been given
to the raid by the diplo-
matic corps where it was
known in advance.

Five Are Drowned In Japanese Flood

TOKIO, Apr. 6.—(INS)—
Five persons were drowned
and 6,500 were driven from
their homes by the follow-
ing rains, inundating
portions of several
Japanese prefectures today.

The village of Tomino
was swamped with water
and 200 horses were
drowned at Ashikaga.
The floods caused many
landslides which inter-
rupted rail traffic.
Damage to farm prop-
erty was considerable.

Sapiro Forced Own Terms On Farm Organizations, Reed Tells Court

FEDERAL BUILDING DE-
TROIT, April 6.—Aaron
Sapiro, co-operative farm
organizer, forced his own
terms of employment on the
American Farm Bureau
Federation, it was
declared today at the
trial of the million-dollar
Ford Sapiro II suit in
federal court.

With Sapiro undergoing
cross-examination, James
A. Reed, of Henry Ford's
counsel, produced in
evidence the contract by
which the co-operative farm
became a special counsel
for the farm bureau
in 1923. It virtually gave
Sapiro the right to dictate
the financial and legisla-
tive programs of the
American farm organiza-
tion.

The contract was ap-
proved April 9, 1923, after
the opposition of O. E.
Bradford, president of the
federation, had been
crushed. Sapiro got
\$300 a month and ex-
penses for his
leadership and advice, with the

UNITED STATES DECLARED WAR TEN YEARS AGO

Senator Norris Is The Only
One Left In Senate Of
Small Group Of Men Who
Voted Against War Motion

Nebraska Solon Has
No Regret For Vote

Declares Great War Failed
To Accomplish Purpose—
That Of Ending All Wars

WASHINGTON, Apr. 6.—Ten
years ago today America
declared war on Germany,
throwing the world into
the most terrible conflict
of that little group in the
Senate "willful men" they
were called by Woodrow
Wilson—who braved the
condemnation of the
country and voted against
the war resolution there-
of, says one of them.

He is Senator
George W. Norris of
Nebraska. The rest are
gone. Stone of Mis-
souri, Infantelet of Wis-
consin, Lane of Oregon,
Gronna of North Dakota,
are dead—hastened to
their graves by the opprobrium
that was heaped upon them.
Vardaman of Mississippi,
his long since retired.

Senator Norris sat in
his office today, the same
kindly, independent
philosophy of April 6, 1917,
looking back over 10 years
and what they have brought
to America and to the
world he philosophized.

"Have I ever regretted
the vote?" he asked. "No,
I never have. Would I vote
today as I voted 20 years
ago today? I would."

He stared out of the
window at the soft green
of a new April, and
beginning of the second
decade after.

"What, after all, did it
bring?" he asked. "It was
a war to end war. It was
a war to make the world
safe for democracy. It
was a war to end military
rule and to purify the
soul of America. In that
great effort of blood-letting
was there in China's
river. They were there
to intimidate and hold
in check a people just
beginning to awaken to
the virtues of democracy."

Roumanian Ruler Fights Gamely For Life Ebbing Away

VIENNA—by courier from
Bucharest—The king's
condition is still critical.
Opinion in Bucharest
differs as to whether the
king will live a week or
a fortnight, but little
hope is held out for his
recovery. Yesterday the
king was able to sign
some documents and
letters.

Even though the king
recovers from this attack
it is expected that his
condition will have left
him so weak that he will
be unable to submit to
radium treatments for
the checking of his
cancerous troubles.

The king is said to have
convicted himself that he
will never walk again.

BERLIN, Apr. 6.—(INS)—
The Prague newspapers are
publishing sensational
statements that King
Ferdinand's illness is due
to negligence, according
to the Neue Berliner
Zeitung.

Dr. Shays, Berlin specialist
who has arrived in
Prague, is quoted as
stating that the king's
present critical illness is
due to incorrect
treatment and it is
alleged he has stated
that the king's condition
shows signs of criminal
negligence.

Polk County Negro Escapes From Camp

TALLAHASSEE, Fla., April 6.—
(INS)—Joe Jones, negro
sentenced to three years
imprisonment on a charge
of breaking and entering
in Polk county in September
of last year, has escaped
from state convict camp
28, according to a tele-
gram to the State Prison
Department today.

Will Green, sentenced
from Polk county last
October to 10 years im-
prisonment and who
escaped from a convict
camp near Port St. Joe,
has been re-captured in
Apalachicola, the Prison
Department was advised
today.

Richest Eskimo In
Alaska Dies Today

SEATTLE, Apr. 6.—(INS)—
David Spillie, said to be
the wealthiest Eskimo,
died today on the ice-
bound island of St. Law-
rence, in the Berling-
Sea, according to a
radio message received
here by Jonathan Wagner,
chief of the U. S. Bureau
of Education.

Spillie's death halted
the daring attempt of
Aviator R. H. Merrill
and his mechanic to
make the 1,000 flight
from Anchorage to St.
Lawrence Island and
carry Spillie to a
home hospital.

PARISH HOUSE WORK TO BEGIN IN SHORT TIME

Plans For Modern Addition
To Holy Cross Episcopal
Church Have Been Finished
By Pierpont And Henthorne

Structure To Cost
Over 20 Thousand

Building Will Face Magnolia
Avenue And Passageway Is
To Connect It With Church

The parish house is to stand
on the lot at the rear of
the church building and
is to face on Magnolia
Avenue and Fourth Street.
Its cost will run well
over \$20,000, church officials
believe, and it will be
one of the most modern
buildings of its type in
the state.

The building will be
used for school and
church purposes, and
the plans are drawn to
ensure its capacity for
increased church mem-
bership but at the present
rate of growth, officials
believe that some
changes may be necessary
within the next few
years. Pierpont and
Henthorne are the
architects.

It will be a one story
building, with an
auditorium extending
upward a story and a
half, with an upstairs
apartment for the janitor.
It will probably be
constructed of concrete
blocks with stone on
the exterior, and with a
roof to make it conform
with the church building
in exterior finish and
architecture.

A covered passageway
will connect it with the
church, entering the
church through the rear
wall of the present
entrance to Magnolia
Avenue and to the right
of the rector's office
and on the left a large
entrance. The main door
leads directly into the
auditorium, which is to
be a large hall.

A stage of moderate
size is included in the
plans and along its
sides are doors leading
to eight class rooms.
A small use only
room is on the fourth
floor. On the south side
is a wing containing a
large assembly room.

A large kitchen is to
be at the rear of the
building and will con-
nect with the other
rooms by two separate
corridors.

Retail Merchants Prepare For First Co-Operative Sale

The Executive committee
of the Retail Merchants
of Sanford Chapter of
Commerce, are this
afternoon making a
final drive in an effort
to sign up at least 50
merchants for the first
of a series of "Thrifty
Days," which is to be
staged as a mammoth
co-operative merchandising
event on May 4.

Chairman W. M. McKinnon
has reported that
approximately 35
merchants have agreed
to enter the event and
the sale prospects are
that many more will
be joined before the
initial sale.

Agreements are being
taken to the merchants
this afternoon and
tomorrow, it is expected
that enough will have
signed to permit the
staging of the event for
at least six months.

A gala day of mer-
chandising bargains,
of entertainment and
other attractions to
bring to the city hun-
dreds of shoppers
through the summer
months is the plan of
the merchants.

Co-operative and
individual advertising
throughout central
Florida will be carried
out and free prizes
and contests of various
nature will serve to
bring the buying
public to the city,
officials believe.

Bomb Explodes Near Office Of Newspaper

CHICAGO, April 6.—(INS)—
Less than an hour after
a police guard was
withdrawn from the
plant of the Calumet
Index, Community
Newspaper, the second
bomb exploded in the
rear of the building today.

Both bombings were
declared by Carl Morgan,
editor, to be the work
of gangsters and hoodlums
in the district, against
whom he has been
waging relentless warfare.

Mrs. Jessie L. Dillon
and four roomers occupying
quarters above the
office, were thrown from
their beds by the explosion.

WILL INCREASE STOCK
NEW YORK, April 6.—(INS)—
Directors of the Pere
Marquette Railway at a
meeting held here today,
voted to call a meeting
of stockholders for May
18 for the purpose of
voting on a 20 per cent
increase in the out-
standing common stock
of the road.

VERINA BANDY DIES

Verma, the 11 year old
daughter of Mr. and Mrs.
A. P. Bandy, passed
away this afternoon at
2:30 o'clock at the family
home, 619 West First
Street, after an illness
of six weeks.

Funeral arrangements
will not be completed
until tomorrow.

STATE SOLONS HEAR MESSAGE FROM MARTIN

Governor Emphasizes
Economy In Address
Delivered To Joint
Legislative Session

Frowns On Boost In Tax Burden

Executive Asks That
Interest Be Used
For School Expense

TALLAHASSEE, Fla., Apr. 6.—
Declaring that no
commonwealth in the
union has ever expe-
rienced such rapid
growth and such an
era of prosperity as
has Florida, Governor
John W. Martin today
delivered his second
biennial address to a
joint session of the
senate and house of
governors.

Governor Martin today
faced the largest legisla-
tive membership in
Florida's history, the
second time that an
executive of the state
has appeared in person
before the law-making
bodies, he himself
having established the
precedent in 1925.

Governor Martin was
escorted to the chair
by a committee of the
senate and house, which
was composed of Sen-
ator John S. Taylor
of the Eleventh District
and Representative
A. O. Kanner of Oran-
ge. The executive then
commenced reading his
message.

Martin cautioned the
1927 session of the
state legislature against
over-legislation in
order that Florida
not follow the foot-
steps of other states
in passing a deluge
of laws that would
infringe upon the
liberties of the people.

"Let us work together
for the common good
and for the perpetual
interest and glory of
the state, remembering
that all of the ills
of mankind cannot be
cured by legislation,
but that there should
be something left to
the individual for the
free exercise of his
judgment and his
rights as an American
citizen," the Governor
declared.

"Governments do not
make men, but men
make governments.
Governments should
be supported by men
and not men supported
by governments. If we
can improve the laws
of our state in order
that the greater
happiness may prevail
and that prosperity
may abound, then let
us enact such laws.
Desirable legislation
commands itself to us
all; undesirable legisla-
tion is worse than no
legislation at all."
(Continued on Page Four)

Early End To War In Nicaragua Seen In Liberal Defeat

WASHINGTON, Apr. 6.—(INS)—
An early end to the
Nicaragua revolution
was forecast here today
by Dr. Alexander Cesar,
Diaz minister, on the
basis of advices from
Managua reporting the
complete rout of the
Liberal forces by Diaz
troops.

The advices stated the
conservative have
captured Muya after
a bloody battle in which
hundreds were slain.

The claims of the
Liberal collapse were
received with reserve
here, however, as the
Diaz government has
made similar claims
in the past, only to
have Dr. Saca's rebel
forces come back
stronger than ever.

Rear Admiral J. L.
Latham, commanding
the American occupa-
tional forces, reports
that the fighting has
been very severe in
the region of Muya
and Tierra Azul.

No definite information
is at hand, he reported,
indicating a conclusive
verdict for either
side, but unofficial
reports indicate the
success of the Diaz
forces.

Redpath Chautauqua Will Open Five Day Program On Thursday Afternoon

Tomorrow afternoon at 3:45
o'clock the big Redpath
Gulf Stream Chautauqua
will open here. It will
be held in the big tent
auditorium erected on
Sanford Avenue near
the lake front.

Reports from the local
committee in charge are
to the effect that the
Chautauqua season ticket
sale will be a tremendous
success.

The Redpath management
is offering this year a
program that has never
been equaled by any
previous program on
this Chautauqua circuit.
Among the many
splendid features to
appear here is the
beautiful musical
romance "In
Romany," which will
be presented by the
Blue Danube Singers.
The Patsy, outstanding
Broadway comedy
success Ruthven
McDonald and His
Highlanders, premier
singers and entertainers,
and notable features
on timely subjects are
among other fine
features.

CONVICTED OF MURDER

TULSA, Okla., Apr. 6.—(INS)—
Walter M. Yeager, president
of the Venture Oil
Company of New York,
was sentenced to life
imprisonment in the
penitentiary at
McAlester in district
court here today for
the murder of Edward
M. Craig of this city
January 10. Yeager
will be taken to the
penitentiary immediately,
it was said,
pending an appeal.

News From The Training Camps

ATLANTA, Ga., April 5.—The Yankees and the Cardinals today are tied in the "Spring World Series" with three victories each. The Yanks swamped the Cards yesterday, 15 to 8. Ruth got two doubles and Combs of the Yanks and Hafey of the Cards each clouted a homer with the bases full.

BIRMINGHAM, Ala., April 5.—The Brooklyn Dodgers play Birmingham here today. They nosed out Mobile yesterday, 6 to 5, in a game featured by the extra base hitting of Jay Partridge, rookie second baseman who has been leading the team in batting.

ATLANTA, Ga., April 5.—The Giants cross bats with Washington again here today. They thrashed the Senators at Birmingham yesterday, 13 to 3, Hornsby getting four hits and Grimes pitched effectively.

BIRMINGHAM, Ala., April 5.—The Nationalists are slowly getting the cripples back into shape, and it seemed certain today they will start the season with only three regulars on the bench—manager Harris, Walter Johnson, and Buddy Meyer, third baseman.

SHREVEPORT, La., April 5.—The White Sox were headed northward today via Texarkana where they play a single game and then on to Memphis for two more exhibitions.

TULSA, Okla., April 5.—The Cubs were in Tulsa today prepared to do battle against another western league team. They swamped Oklahoma City yesterday, 13 to 2.

NEW ORLEANS, La., April 5.—Cleveland plays its final exhibition game here today with the New Orleans Southern Association outfit.

Changes In Virginia Election Law Sought

RICHMOND, Va., April 4.—(INS)—Virginia laws are designed to "perpetuate political frauds and crush the rights of minority parties," Henry W. Anderson, former Republican candidate for governor, told the Senate committee on courts of justice today while it was considering the proposed revision of the franchise section of the state constitution.

Anderson asked for the abolition of that provision permitting the absent voter to vote by mail. He declared thousands of people who have not been residents of Virginia for years are permitted to vote by this system. He also urged the abolition of poll tax payments as a prerequisite to voting.

Candidates for office pay a large portion of these taxes, he charged, and it is getting so only rich men can run for office. Arbitrary powers given registrars have kept thousands of voters from the polls, he said.

Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull languid feeling and, sometimes, toxic headaches, dizziness, and drowsiness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a week or hamlet anywhere but has many enthusiastic users. Ask your neighbor!

DOAN'S PILLS

Ban On Immature Citrus Fruits Sent Into U.S. May Be Passed By Congress

JACKSONVILLE, Fla., April 5.—Congressman W. J. Sears of the fourth district of Florida expects the next Congress to pass a bill prohibiting the importation into the United States of immature oranges and grapefruit, according to a letter received from them here today.

Sears introduced such a bill in the last Congress on the day before adjournment was taken. This bill was prepared by Sears for the legislative branch of the Department of Agriculture and embraces practically the same restrictions as those in effect on Florida fruit, combined with certain features of the national pure food law.

The secretary of Agriculture as-

ured him, Sears stated that he would have to make an investigation of the ratio as provided under the sections of the bill because there is a difference between the requirements of oranges and grapefruit shipped from other countries than those shipped from Florida and California.

Sears stated he had no hopes of passing his bill during the last Congress and that he introduced it only at the request of those engaged in the citrus industry. It was his hope, however, that between now and the re-convening of Congress next December, sufficient interest would be aroused to enable him to secure the passage of the bill.

Fighting Airplanes Included In Great Britain's Air Plan

LONDON, April 5.—(INS)—Fighting airplanes of more modern design, the building of three "autogyro" type helicopter machines, two airships, a stronger home defense force, and the inclusion of more men from the ranks as pilots, constituted the program of Great Britain's Royal Air Force for the coming year.

Although the British Air Estimates have been reduced by over three million dollars, the reduction of expenditure will not involve a sacrifice in fighting efficiency, it is pointed out.

As a whole, the estimates have met with the approval of the large number of Englishmen who contend that Great Britain should steadily build up an air force second to none in view of the up-to-date and efficient aerial force possessed by France.

It is intended to form two new squadrons for home defense during 1927-28, and in addition two new non-regular or reserve squadrons will be got together. In all the Royal Air Force will be increased during the year by six squadrons or their equivalent.

The two proposed airships will and they are expected to make their first flights by 1928.

Brooke Considers Two Federal Bridge Projects In State

JACKSONVILLE, Fla., April 5.—(INS)—Two proposed bridge projects in Florida will come under government consideration on April 15 when Colonel Mark Brooke, United States district engineer, will hold public hearings on them, he announced today.

The application of the board of county commissioners of Charlotte county for approval of plans for the construction of a bridge across Gasparilla Pass, five miles northwest of Boca Grande, will be heard at Boca Grande at 1 o'clock on the afternoon of Friday, April 15. The plans submitted by the applicant show a pile trestle bridge with a fixed channel span. The clearances are 45 feet horizontal between faces of fenders. And 20 feet vertical above the plane of mean low water.

A half hour later Colonel Brooke will hear the application of the Charlotte county commissioners for approval of plans for the construction of a bridge across Little Gasparilla Pass, 6.5 miles northwest of Boca Grande. The plans submitted show a pile trestle bridge with a fixed channel. The clearances proposed are 45 feet horizontal between faces of fenders and 20 feet vertical above the plane of mean low water.

Miss Selma Lagerlof, the great Swedish novelist, is the only woman ever awarded the Nobel literary prize.

Rheumatism can't be rubbed away

Are you one of those unfortunate sufferers who suffer with pains in your muscles and joints, making you miserable, less efficient, interfering with your working hours, ruining your sleep?

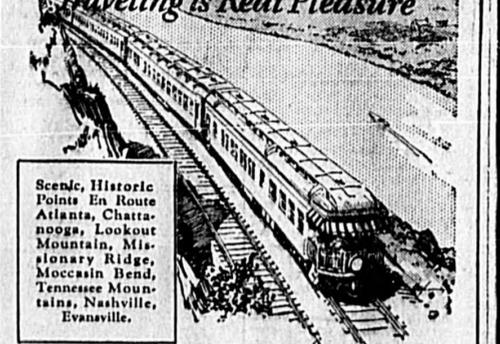

You may have tried many things without relief. Why not try S.S.S.? For more than 100 years it has been giving relief in thousands of cases, as testified to in unsolicited letters of gratitude.

"I suffered from rheumatism for a good many years. At times my joints would swell so, I couldn't walk. I tried most everything. Went to Hot Springs and finally I decided to try S.S.S. I took a course in a short time the rheumatic pains

entirely left me. I also had a breaking out on my hands for years that nothing would heal, but now that has disappeared, and I am sure that it was S.S.S. which removed the cause. I am now in perfect health, and want to add that I have tried all kinds of medicines but I think S.S.S. is the best. Carl C. Campbell, 415 West Main Street, Johnson City, Tenn.

S.S.S. is purely vegetable. It is extracted from the fresh roots of medicinal plants and herbs and gives to Nature what she needs in health. At 22 degrees below zero Fahrenheit it cut through their furs, found the holes in their worn-out boots and mended their strength.

Moscow Urchins, Unable To "Hold Their Liquor," Are Caught After Store Raid

By H. R. KNICKERBOCKER
International News Service Staff Correspondent

MOSCOW.—From the throng of ragged wails who populate Moscow's streets and squares, thieving, begging and fighting among themselves, fifteen have been taken. Unlike their comrades, of whom 100,000 are still "at liberty" and of whom 225,000 have been captured after hard work by bands of diligent militiamen, these fifteen made their own trap, walked into it, were neatly caught, and today are fuming within the walls of a "Children's Home" simply because the thirteen-year-old vagabonds could not "carry their liquor."

It was after midnight when militiamen drove the "Pigeon Gang" led by Sergey Sergeevitch, aged thirteen and one-half years, from its refuge in the street-car halting station before the Iberian Gate. A freezing wind hurried their scurrying feet still faster over the cobblestones of Revolution Square.

Linked double, two street-cars the last of the night, caught up with them, Sergey gave a signal. All fifteen swarmed for the connecting rods. The traffic policeman wrapped in a bearskin coat, his head sunk in a conical hood, was too busy keeping his nose warm to notice them. The half-inch of congealed moisture on the windows of the street-cars kept them safe from the conductor. Like flies they clung until, far out in the Chamovniki district, the wind from the steppes became unbearable and the gang dropped off. They huddled up around their leader. He had intended making for a certain power-house near the end of the street-car line, where fresh ashes from the furnace room had often furnished a comfortable retreat.

But the cold was too much for them. At 22 degrees below zero Fahrenheit it cut through their furs, found the holes in their worn-out boots and mended their strength.

Nights like this help solve the

problems of children's homelessness in Russia. Every drop in temperature below fifteen degrees of frost brings its crop of stiff young bodies frozen to death in courtyards, doorways, and ditches. But the "hetman" of the Pigeon Gang had yet to lose a member. Down the length of the street not a human being was in sight, but on the corner burned an oil lamp in a window, making a small clear circle on its frosted surface. Hetman Sergey investigated, peered through and saw stacks of dried fish, cans of caviar, hams, fruit—a delicatessen store.

Fifteen minutes later the gang was inside, admitted by virtue of Sergey's knowledge that a piece of railroad iron inserted through the hump of a padlock and twisted is an open sesame to most padlocked doors.

When morning came, and with it the manager of the store, the "Pigeon Gang" was fast asleep, exhaling fumes of alcohol, in the midst of a litter that might have been caused by a cyclone. Militiamen hauled the "hetman" and his followers off to the nearest "Children's Home."

Roumania Boosts Flying Corps With 20 New Machines

BUCHAREST, April 5.—Under plans of the Roumanian War Minister, Micescu, more than twenty airplanes will be added to the air service. The War Ministry itself has insufficient funds to warrant the purchase of planes from foreign factories, the minister declared in Parliament. He suggested that each of the government department should contribute an airplane toward the service to be paid for with the funds of the department.

The heads of the various departments agreed to the idea of contributing towards the security of

Pope Pius XI To Receive Album Of Canadian Rockies

MONTREAL, April 5.—(INS)—His Holiness Pope Pius XI will shortly receive a photographic album of the Canadian Rockies. Having in youth scaled the most difficult Alpine peaks, the Pope recently confided to a prominent Canadian the desire to see some pictures of Canada's mountains.

His wish was conveyed to E. W. Beatty, chairman and president of the Canadian Pacific Railway, who has had prepared an album de luxe of the Canadian Rockies containing more than a hundred of the finest photographs of views from Banff to Vancouver, covering Lake Louise, the Yoho Valley, Glacier, Siemans and the Thompson and Fraser River canyons.

These photographs are enclosed in a binding of white leather figuring the Papal colors and bearing in letters of gold the words "Canadian Rockies" and "Canadian Pacific Railway."

The album is the work of Philippe Beaudoin, art binder of Montreal who studied his art in Paris.

The War Minister declared that the planes would be used for carrying mail as well as drill machines. Roumania at present has only forty machines.

Enforcement Blue Laws Fizzles Out In South Carolina

COLUMBIA, S. C., April 5.—(INS)—South Carolina's widely-heralded blue law enforcement campaign today had, more or less, "fizzled."

Governor Richard announced he would not interfere with Sunday and soft drinks, however, until the Supreme Court has a say-so about the ancient Sabbath statutes.

Yesterday golf was played at resorts, and gasoline was sold in many of the larger cities. Smokes and soft drinks, however, were still under the official ban, and sold at bootleg prices.

With an adjournment of the state legislature just a few days off, it was regarded as practically certain in informed circles that no additional efforts would be made to enact "blue law" legislation at the 1927 session.

Two-fifths of the 8,500,000 women workers in the United States are under 25 years of age.

This modern age knows that Camel goodness is dependable

THIS modern age is the hardest to please ever known, and it delights in Camel. The smokers of today find tobacco enjoyment in Camels, for their goodness always is so dependable. The choicest tobaccos, and the most superb blending known to the smoking art are Camels.

In Camel you will find out what modern smokers demand—a smoothness, mildness and mellowness that you've never known before. That's why Camels never fail to meet the strict, exacting demands of present-day smokers. This modern age knows the sure call to smoke enjoyment: "Have a Camel!"

THE FORTUNE TELLER'S WISE For woman's fate she'll trace By the lines upon her hand And not upon her face.

THE FORTUNE TELLER'S WISE For it only takes one look To tell a man his fortune, Tells it by his pocketbook.

THE FORTUNE TELLER'S WISE She doesn't have to look, If she shoots 'em lots of applesauce.

THE FORTUNE TELLER'S WISE It can not be mistook. —Sanford Herald.

THE FORTUNE TELLER'S WISE The thing that gets us in how Tex Riekard missed out in the Ford-Sapiro fight.

SARASOTA IS STILL VOTING BONDS, while West Palm Beach is fighting on another bond issue to pay interest on a former one.

TEN YEARS AGO TODAY Uncle Sam declared war on Germany and a number of young men went aboard for the summer.

ACCORDING TO A recent newspaper dispatch there will be three racing bills the legislators will be called upon to defeat.

MIAMI LIFE suggests that so many girls wearing their dresses short is because the shorter they are the longer they look.

EARL CARROLL got a postponement for eight days of his proposed trip to Atlanta. In all probability however, he will serve his sentence sometime.

WHETHER they look like this () or just the opposite, they all wear short skirts.—Kansas City Star.

IN CASE you didn't know it, Hankow, the latest and most difficult city in the world to conquer, is located at the junction of the Han-Kiang and the Yangtze-Kiang and is about five hundred miles from Shanghai.

HEADLINE in Sanford Herald says: "Three Liquor Cases Bring \$600 to City." Must have been something real good and pre-war in those cases.—Times-Union.

BILLY SUNDAY started off on the front page of the Tampa Tribune, but we fear he is going to wind up on the back page.—Sarasota Times.

RACE TRACK interests in Miami, while trying to divide state into North Florida and South Florida, are in reality trying to evade. We thought our grandfathers settled that question in 1801-'66.

MANY a man has a lot on his hands who didn't get into the real estate business.—Sanford Herald.

THIS is not to be taken as a warning to women, but Mrs. "Bill" Hart says, in speaking of her divorce, "I do not believe in divorce—there is no happiness to be found in the courts."

Racetracks, Not Wanted

According to an article from Tallahassee, printed recently in this newspaper, a three-fold move will be made by the racetrack crowd to legalize horse and dog race gambling in this state.

The plan, which doubtless will be the first to be suggested to the legislature, is an out-and-out bill to legalize horse and dog racing, and of course the necessary gambling which goes with it.

We haven't the least fear in the world that this bill will be passed. It is too obvious, and we have too much faith in the good sense of our legislators that they would pass any law which can so easily be seen to be against the best interests of the state.

For instance, the second proposal which the racing crowd is said to have in mind, is one to create a "state amusement commission." Outwardly this has nothing to do with horse racing or gambling.

It is a slick idea and unless the legislators keep awake and attend every meeting, this or a similar bill may slip by them. And if this particular one is talked about too much in the lobbies of Tallahassee hotels and nosed about too much in the newspapers, it would be a simple matter for the Northern promoters of the races to prepare another bill, ably couched in subtle phrases and disguised by subordinate clauses.

As a last resort, it may be necessary for the erstwhile operators to fall back on the local option bill. It is contended that certain counties in the state are absolutely dependent upon the tourist trade for their very existence and that if the races are permanently done away with, their tourist business will suffer to an irreparably harmful extent.

It is difficult to imagine just which counties in the state the racetrack crowd refers to as absolutely dependent upon tourists, and if so dependent, which tourists, or tourist, would stay out of the state on account of the absence of racing.

If it's Sarasota so dependent upon tourists, when the racetrack bill is being considered, it seems to us that we saw an advertisement not so long ago broadcasting the fertility of Sarasota county's soil.

No, it's just as Arthur Brisbane said recently, in commenting on England's refusal to pass racetrack gambling legislation, "Bet on races enriches in Britain, as it does here, an utterly worthless tribe of racetrack touts, gamblers, and horse owners, whose 'sport' makes thieves of other men's employees," and Florida wants no more of it.

The City Rolled A Seven

In other columns of this page we reproduce an editorial from Miami Life under the caption, "We're In Darn Good Shape For The Fix We're In" and at first thought it would seem that this statement might well be applied to all of us.

But Miami Life is speaking of the Florida Power and Light Company. It seems that this public utility corporation has the Miami district sewed up for the next thirty years and some folks in Miami don't like it.

There is, we are told, a movement on foot in Sanford on the part of the Florida Power and Light Company to secure an extension of the present franchise. Seven years remain before this franchise will expire.

We're in pretty good shape. Let's stay that way. In seven years we may want a cheaper rate.

CAN'T DISCOURAGE FLORIDA

Several Florida banks have been having a lot of trouble, but are the people they serve downhearted—well, not so you'd notice particularly. Down at West Palm Beach, after rushing in truck loads of fresh coin to relieve banks being subjected to runs, a parade was organized with bands and everything.

What would happen up here in Maine if several banks should take a tumble in a bunch? Things would be so blue, indigo wouldn't make a mark on a baby's face.

MEINERS discuss ways for combating what they call Henry Ford's "low priced merchandising methods" selling food, clothing and other necessities at low prices.

THE NEW YORK to Chicago air service is let to the able Coffey-Henderson concern, at \$1.24 a pound. A lot of pilots were rejected because pilots flying the machines owned stock in the company.

THEY WILL BE WATCHED TAMPA TRIBUNE We note the following somewhat surprising statement in the Sanford Herald:

Race track men from Miami dropped in the other day and said the next session of the Legislature was going to legalize horse race gambling, and we asked him did he think the Legislature would pass such a law and he said, "Money can do anything."

Well, it would not surprise us in a bit if he meant that some legislators would find it very convenient to be absent from a certain session, especially if they could walk up some morning and find hundred dollar bills under their pillow.

On which Editor Benjamin, of the Palm Beach Independent, pithily comments: "Well, we know one paper that is going to print the roll call on race track votes, and the people can draw their own inference."

War Minister Painleve of France recently decorated his stenographer for "exceptional services." Mr. Mellon has some ideas of decoration he's been trying to get France to adopt.

As Brisbane Sees It

Quite Prosperous, Thanks. We Don't Need a War. Chicago's Busy Day. Uncouth Bolsheviki. By ARTHUR BRISBANE Copyright 1927 by Star Co.

SOME SEEM to be prosperous. In 1924, 75 citizens told Uncle Sam they had incomes of \$1,000,000 a year or more. This year 207 announced \$1,000,000 or more yearly. Eighty-two percent of the people pay no income tax.

AMERICANS at Shanghai ask Uncle Sam to join Britain in an effort to coerce China, 115,000,000 Americans would rather pay their fare home to the United States, which would be cheaper, more friendly.

WE could not conquer China without killing thousands of non-combatants, including many women and children. This nation would not like that job. If China does not need us we do not need China. In any case we do not want to shoot crowds of non-combatant Chinese.

ADMIRAL WILLIAMS says Chinese natives are indulging in "hate demonstrations" against America, Britain and Japan, because of the shooting of Chinese natives. We might organize hate demonstrations here if Asiatics were shooting up Americans, even offering plausible reasons.

THIS IS CHICAGO'S busy day and Chicago's citizens take the solemn duty of voting seriously. Nearly a million votes were cast while police with machine guns and other prophylactic apparatus will be out to protect voting citizens or the interest of candidates, as the case may be.

A special election fraud grand jury is at hand and a pleasant time is anticipated by all.

THE BOLSHEVIKI are certainly uncouth. They convict three high Russian officials of taking bribes in connection with a big German lumber trust; and what do you suppose happens? The three officials did not employ good lawyers, express righteous indignation and go to Palm Beach or the Riviera. They stayed home, were sentenced to death, all their property confiscated and they will really be executed.

Russia would be a poor place to steal a naval oil reserve. GEORGE EASTMAN of Rochester keeps the Recording Angel busy, celebrating Beethoven's anniversary, killing African lions and elephants, building education in his home town, and, now, announcing distribution of \$3,000,000 as a wage dividend among his workers.

THE IDEAL ARRANGEMENT would be one under which a workman could actually increase his own gains by individual concentration and effort, and know just what he was earning, like the bootblack or newsboy that owns his stand. That, however, is not possible in our form of industry.

PRESIDENT COOLIDGE says: "Familiarity with the scriptures brings culture." Read the Psalms, Isaiah, Job, the Sermon on the Mount, Job, the Psalms, and you will write better poetry, prose or advertising copy.

MEINERS discuss ways for combating what they call Henry Ford's "low priced merchandising methods" selling food, clothing and other necessities at low prices.

THE NEW YORK to Chicago air service is let to the able Coffey-Henderson concern, at \$1.24 a pound. A lot of pilots were rejected because pilots flying the machines owned stock in the company.

That should be a reason for giving the contract, instead of refusing it. Pilots owning stock in machines would take care of them and the rest. If any law forbids pilots owning stock in a flying company, that law should be changed.

Tom Sims Says A London chimney sweep has turned novelist. It is said the young man has a sweeping style.

War Minister Painleve of France recently decorated his stenographer for "exceptional services." Mr. Mellon has some ideas of decoration he's been trying to get France to adopt.

A Connecticut professor says we talk more about ourselves than anything else. He must know a lot of people who have had operations.

War Minister Painleve of France recently decorated his stenographer for "exceptional services." Mr. Mellon has some ideas of decoration he's been trying to get France to adopt.

Time To Begin Laying More Golden Eggs

WE'RE IN DARN GOOD SHAPE FOR THE FIX WE'RE IN MIAMI LIFE

With new iniquities being revealed almost daily in the contracts between the city of Miami and the Florida Power & Light Company, this paper is becoming more convinced that the contracts can be, and eventually will be, set aside.

Such palpable trickery cannot be legal. Even the high-priced lawyers and politicians and out-of-town experts that the power combines have commandeered cannot put it over in any court of equity.

These 30-year contracts on our water, gas, electricity and transportation can't survive the light of publicity. There are too many public-spirited citizens who have nerve enough to brave the wrath of the Otrepus.

One of the candidates, Abe Arotowitz, recently acting state's attorney, furnishes us some interesting details this week. Abe got rolled a few months ago when a relative was charged \$143 for water in his private residence and was deprived of service because he protested. And Abe started investigating the city's contracts.

He found that although the law specifies that franchise subsidies to voters must contain all the body matter in the heading, the water franchise for which we voted \$1,000,000 to tap the Hialeah wells had nothing in the heading regarding the "Jokers" section 8. This paragraph provides that at the expiration of five years "grantee's rates and charges for service shall be such as to yield and enable the grantee to earn and pay from its service herein provided for, all the costs of such service, including maintenance, taxes, insurance, rentals, all reasonable and claims, uncollectable accounts and replacements and depreciation, and all other items except those which, in accordance with approved accounting practice are properly chargeable to property or fixed account, and an annual return equal to at least 10 per cent on the contemporaneous rate base, out of which said annual return shall be provided all accounts which shall be paid by grantee for interest on floating and funded debt hereunder, except by nullifying these contracts. Can it be possible that a foreign corporation, composed entirely of outsiders, can come in here and steal an empire without being punished?

Everyone is complaining right now about being charged 300 and 400 per cent more on light, power and gas than three years ago. Miami is paying from three to ten times more for public utilities than any of the leading cities of the United States. But under the Florida Power & Light company's contracts, our present rates can be doubled and trebled a couple of years from now.

The City of Miami actually faces bankruptcy! It can be avoided only by nullifying these contracts. Can it be possible that a foreign corporation, composed entirely of outsiders, can come in here and steal an empire without being punished?

Sanford Steps Out TAMPA TIMES Sanford has been doing some splendid things, here of late. Yesterday and the day before she gave a Flower Show. You have guessed it—it was sponsored by the Sanford Woman's club; it seems that women have a way of taking the lead in things like that.

We wish that we might have attended the show, for we are sure that it was something of large appeal to both the sense of sight and the sense of smell. Flowers are wonderful things to smell and see. Henry Ward Beecher was entirely correct when he named them as "the sweetest things God ever made and failed to put a soul into."

And of all places of which we know that could stage a successful flower show Sanford stands close to the head of the list. Flower shows ought to be frequent in Florida. None of the states have so great a wealth of flora as she. Yet they are rather uncommon. Our conviction is firm that in their eagerness along other lines Floridians have overlooked flowers and making beautiful yards, and lawns, and road sides, and the landscape generally much more than they should have. It will be well enough to turn to this. Such things as the Sanford flower show are sure to have a tendency in that direction. For that reason we would like to know of more flower shows.

MRS. DIGHTON HONORS MRS. ETLAR AND MRS. HULICK AT BRIDGE TEA

Mrs. Samuel R. Dighton was hostess Wednesday afternoon when she entertained most pleasantly at a bridge tea at her attractive home on Houghy Street, honoring Mrs. Ruskin Etlar of Philadelphia and Mrs. Bloomfield Hulick.

The spacious living room and sun porch, where the card tables had been arranged for play, were ablaze with bouquets of callulias, lupins, baby breath and corypsias.

Pretty floral tallees suggestive of spring were used for the card game and after the usual number of progressions scores were added and the holders of high and low scores were given dainty hand made file lace and cut work party bags.

In the dining room the pastel tints prevailed and were carried out with pink radicee roses, larkspur and baby breath. The tea table was laid with a lace cloth and was centered by a silver basket filled with roses and baby breath. Tall cream colored candles burned in silver holders. Presiding at the

table was her daughter Miss Marcia Patterson, served a tempting salad and ice course.

The guests were: Mrs. Ruskin Etlar, Mrs. Charles E. Henry, Mrs. Roy Chittenden, Mrs. S. R. Dighton, Mrs. Elsa Knight, Mrs. Walter S. Coleman, Mrs. Harry B. Lewis, Mrs. Donald P. Drummond, Mrs. Walter Berry, Mrs. R. E. Deas and Mrs. A. R. Platt.

Mrs. Robert Holly Jr. Entertains Duplicate Bridge Club Members

A very enjoyable affair in which the cordial hospitality of the hostess was reflected in every detail, was that of Wednesday when Mrs. Robert J. Holly Jr., entertained at luncheon and bridge at her home in San Lanta. The guests were members of the Wednesday Duplicate Bridge Club.

Suggestive of the approaching Easter season were the decorations and other details. Bowls of poppies, larkspur, petunias, nasturtiums and other spring flowers were placed with artistic effect about the rooms where the tables had been spread. The small luncheon tables were laid with embroidered covers and were centered with Easter baskets filled with bright colored Easter eggs. Large Easter chapanees were used as place cards and at 1 o'clock a delectable four course luncheon was served.

Duplicate bridge was enjoyed during the afternoon and the holders of highest scores were given basketry bags, in the forms of old-fashioned girls. Covers were laid for Mrs. J. D. Woodruff, Mrs. Wynn W. Potter, Mrs. Ben Caswell, Mrs. W. C. Hill, Mrs. Eugene Tittle, Mrs. Hawkins Connelly, Mrs. James Ridge and Mrs. Robert J. Holly Jr.

Pipe Organ Club Has An Enjoyable Meeting On Monday Afternoon

On Monday afternoon members of the Pipe Organ Club of the Baptist Church were the guests of Mrs. Robert L. Glenn and Mrs. P. M. Stribling at the home of Mrs. Glenn on East Fourth Street.

The business session was presided over by the president, Mrs. A. Kent Rossiter, when plans were perfected for the Easter bazaar. It was also decided to hold a cooked food and Easter egg sale on April 16.

After all business had been transacted the election of officers took place resulting as follows: President, Mrs. J. H. Colclough; vice-president, Mrs. James F. Hawkins; Secretary, Mrs. Francis E. Boltz. The treasurer will be elected at the next meeting. During the social hour, the host-

Upsala-Grapeville

A screened back porch is being built at the Beck cottage where Mr. and Mrs. Hardin live.

Mr. and Mrs. A. F. Westerdick transacted business in Orlando Monday. Their daughter, Mrs. Barney Beck and a friend, motored there with them.

Mrs. Lundquist returned home Sunday with Mr. and Mrs. Westerdick from Pierson. A number of Lutherans and preachers held service there.

Mrs. Archie Swanson, who returned home on March 15 after spending seven weeks with her father, John Tornquist at Dudley, Iowa, received word that he passed away on Wednesday.

While Mrs. Lloyd Peck was at the Formosa sanitarium her little daughter was taken seriously ill with ptomaine poisoning and had to be taken to the Fernald-Laughton hospital. Helen and Francis Peck stayed a few days with Mrs. Westerdick.

Mrs. Henna Lundquist, Mr. and Mrs. John Lundquist, Miss Margaret Wright and Roy spent Monday evening with Miss Ellen Lundquist. The occasion was her 15th birthday.

Mrs. Webster was a dinner guest on Sunday and Rev. Clark and wife on Friday at the Ballinger home.

Mrs. Ballenger who has been ill most of the month, is better now.

Mr. and Mrs. George A. DeCotter have returned home from New York where they spent the past 10 days.

Mrs. Ernest M. Galloway motored to De Land on Wednesday where she spent the day.

Little Miss Elizabeth Pippin Celebrates 4th Birthday Anniversary

Little Miss Elizabeth Pippin, young daughter of Mr. and Mrs. Royce Pippin, was hostess Monday afternoon when she entertained a number of her small friends at her home on West First Street, the occasion being her fourth birthday anniversary.

The spacious lawns were made more attractive with all kinds of kiddie chairs, tables and toys, as well as numerous Easter novelties. At one end a prettily appointed table was placed, decorated with vari-colored plixus and callululias. Here throughout the afternoon a refreshing orange aid, was served by Mrs. Pippin and her sister, Mrs. L. H. Echols.

An Easter egg hunt was the feature of the afternoon. At a late hour ice cream cones were served. The birthday cake was iced in white topped with four wee pink tapers.

Children enjoying this party were: Catherine Forrester, Gene Forrester, Claude Bell, Evelyn Echols, Elizabeth Hatcher, Pete Echols, Lamar Echols, Minnie Barnett, Martha Barnett, Francis Barnett, Rex Pippin Jr., Elizabeth Stenson, Mary Glidewell, Gladys Isle Pippin and Elizabeth Pippin.

Members of the Azarian Circle of the First Baptist Church had a delightful sewing party Tuesday at the home of Mrs. George W. Evans at the Park Avenue Apartments, when quite a number of garments were made for the spring wardrobe of the child who is being clothed by the circle.

The entire day was spent in sewing. At noon a dainty buffet luncheon was served to sixteen members.

P. M. Stribling left Wednesday afternoon for Indianapolis, Ind., where he will spend some time.

Textbooks Must Be Disarmed To Get World Peace, Asserts Private Peat

"If the world wants peace," says Private Harold R. Peat, famous Canadian war hero, author and lecturer who will deliver his notable lecture, "The Inexcusable Lie," at the Reipath Chautauquan here Monday night, April 11, 1927, "it would disarm school textbooks."

"The tinder of war is the spirit we build by glorifying it," Mr. Peat states. "There is nothing but charred wood today, but there will be plenty of new kindling in a few years."

"Popular as is the Prince of Wales, he could be shot down in cold blood without starting a war. Fifty years from now the British will fight if anybody maliciously sorculous into with a hat pin."

"The reason the assassination of an archduke could rouse 25,000,000 young men to arms is that they knew too much about war heroes and too little about other heroes. Ask any boy or girl who is the greatest hero. An English child may say Wellington, a German, Bismark, and an American, Washington, a French, Foch. None of them will name Christ, Pasteur, Edison or Burbank."

"We who have served know that war has four elements: tears, filth, wooden crosses, and a de-generating influence. The school children today are learning that it is glorious, chivalrous, and honorable."

World wars are about fifty years apart. By the time the next one comes my pals and I shall have forgotten the worst of the recent war and will be willing to let our children get into the hell we passed through. We shall be the generation in control then."

Miss Fannie Brownlee of Calhoun Ga., is visiting in Sanford as the guest of her brother and wife, Dr. and Mrs. E. D. Brownlee.

Dr. and Mrs. E. D. Brownlee, Miss Fannie Brownlee of Calhoun, Ga., and Miss Letty Caldwell motored down the East Coast on Tuesday.

Mrs. Edward Lane, Mrs. J. E. Bruce and Maxwell Stewart returned home Monday from Miami where they spent a short time.

The many friends of N. A. Colbert will regret to learn that he is ill at the Fernald-Laughton Hospital.

Miss Sara Evelyn Williams arrived here Sunday evening from Tallahassee, where she is attending Florida State College for Women, and will spend this week here with her parents Mr. and Mrs. Fred T. Williams at their home on Crystal Lake.

Dempsey May Be Forced To Undergo An Operation Before Returning To Ring

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, April 6.—It developed today that Jack Dempsey, the man with bigger and better carbuncles, may have to undergo a more or less serious operation before he can return to boxing, if at all. His physicians have diagnosed his case as an imperfect recovery from an operation for fistula, performed shortly after the Firpo riot. His melancholy performance against Gene Tunney and the series of skin eruptions and poisonings that followed are traced to the same source.

Dempsey, according to one of the few men who enjoy his complete confidence, has no particular use for either alternative. In fact, his distaste for the first is so marked that he is prone to take a chance on the second and has asked for and been granted a stay of 30 days in which he is to prove that he is the same old Dempsey.

If this early training fails to produce the desired effect, Dempsey then will come East, enter some New York hospital and let the surgeons do their worst. The fact that Jack is prepared to go that far with the matter, even though he

fears either as the average man fears death, gives a pretty fair line on just how sincere the champion is in his desire for another rally with Tunney.

The program at the moment calls for Dempsey to start East early in May, either to begin intensive training or to submit to the operation in question. He expects to be ready for his first bout July 4.

His physicians, it is said, are frankly skeptical of his plan to train himself out of the disorders now affecting his system and are urging an immediate operation to save time and give him a longer period of recuperation. Their story is that Dempsey would be champion today if he had submitted to the operation when he first tied up with Tunney early last summer.

Their examinations, they say, have revealed that Dempsey, although born 32 years ago, has the heart, lungs and tissues of a man 24 and they feel that if the poisonous condition is removed he will be as sound physically as the night he indulged in that scene of ground and lofty tumbling with Louis Angelo Firpo, the man with the bearded chest. In effect, they have declared Dempsey to be a martyr to his fear of the anaesthetic.

about April 10. Sanford also has a decreased acreage with probably not more than 250 acres which will start about May 1.

Irish Potatoes
"With the Florida acreage of potatoes all planted, revised figures show a total acreage for the state of 28,000 compared with a commercial planting of 23,000 last year. Early potatoes are now moving from South Florida with the average yields running low due to drought and cold weather. Most of this crop will be harvested when the main potato crop begins moving from the Hastings section.

In the Hastings section, the acreage stand is around 75 per cent, dry weather having affected the germination of seed. Present weather conditions are favorable and while it is too early to tell much about the final yield, prospects are for an average not under 10 barrels per acre. This with the increased acreage would mean an output about like last year when yields were unusually high.

Yields on the early potatoes in the federal point section are ahead of last year but quite a number of fields show poor stands and stunted growth which will cut down the general average compared with a year ago. Shipments will increase during April and will be heavy from May 5 with the peak of the movement occurring during this period.

Strawberries
"Peak of the strawberry shipments for the state are well past. Up to March 18, the Plant city section, which represents about 57 per cent of the state acreage, had shipped approximately 2,700,000 quarts of berries as compared to 1,300,000 quarts for the same date last year. Daily shipments are running slightly above those of this time last year, while the price remains much lower.

STATE SOLONS HEAR MESSAGE FROM MARTIN

(Continued from Page One)
The executive told the legislators that this was a time of readjustment of the affairs of the state in an effort to harmonize and stabilize the conditions brought forth by an abnormal period.

"For the last two years, the state of Florida has passed through the most unusual period of her history," the governor continued. "Her development has been unprecedented, her growth has been more remarkable. Thousands of people from other states and nations have settled here and built homes. Millions of dollars of outside capital have been poured into the state for her development."

"Beginning with the spring of 1925 and continuing throughout that year, this enormous influx of people and capital drew the attention of the outside world to the opportunities of our state and taxed to the limit our facilities, governmental and otherwise, for the handling and accommodation of this new element and capital."

He then recalled the abnormal conditions that resulted, the necessity of railroads declaring embargoes on freight shipments, the coming of new steamship lines into Florida's ports, and the general wave of unprecedented growth and prosperity that swept over the entire state.

"New conditions bring new responsibilities," he said, "and we are now readjusting the affairs of the state in an effort to harmonize and stabilize the conditions brought forth by this abnormal period."

He asked the legislators to proceed throughout the 60-day session with "extreme caution and a greater exercise of prudence, wisdom and conservatism."

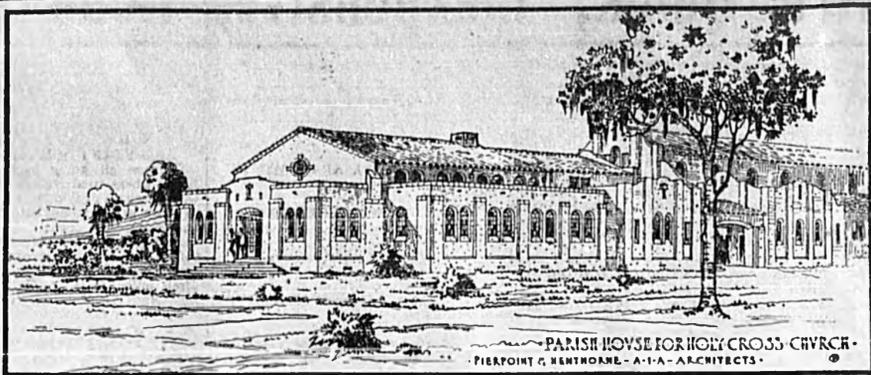

"Touching on taxation, the governor declared he was convinced the people of Florida are in no humor, and justifiably so, for an increase in the burdens of taxation and without the 'in no uncertain terms' and without equivocation, urged upon you to keep constantly in your minds the necessity of economy."

"In practicing economy," he explained "I advocate no petty or niggardly policy, certainly no policy that would hinder or cripple the operation of any department or branch of the state government. However, this is no time to exploit wild theories of doubtful proximity and wisdom, or explore new fields of adventure that would call for the expenditure of additional public funds."

He recommended repeal of the one-quarter mill ad valorem tax against real and personal property for the road department but asked that other sources of revenue for the department remain unchanged.

For education he suggested that the state treasurer be authorized to set aside all interest accumulating on state funds for this purpose. Among the changes in the state's government he recommended was the creation of three new departments which at present are under supervision of the state comptroller. He asked the legislature to

New Parish House For Episcopal Church

The above is the architect's sketch of the new Parish house which is to be built in the immediate future for the Holy Cross Episcopal Church. It is to stand at Magnolia Avenue and Fourth Street and will be similar in construction and architecture to the church building.

create departments of state banking, auditing and motor vehicles, he also suggested that, owing to the present congestion in Florida courts, three additional circuit judges and state's attorneys be created, to be assigned by the governor or were needed.

Asserting the present law regulating campaign expenditures of candidates for public office was antiquated, Martin asked that the limit now in force be raised to present-day proportions. He also requested a revision of the absent voters law to enable Florida citizens absent from the state on election day, to cast their ballots.

Moses Bears Cost Of Jewish Project In Memory Of Wife

(Continued from Page One)
Members of the congregation, and at last night's meeting members of the building committee expressed their appreciation for his liberal aid in making possible the erection of Sanford's first Jewish community center.

Asked about his contribution, Mr. Moses said: "I am a man of comfortable means; the congregation of Beth Israel needed funds to erect its new home and I felt that in making this donation I could find no better way in which to perpetuate the memory of my wife."

"I am always interested in worthwhile causes and believe in helping them as much as I can. I derive keen enjoyment in helping others and as long as I live I shall devote what means I have to causes in which I think my wife would have been interested."

At last night's meeting of the congregation board Perry Weinberg was re-elected as president. I Schwartz was named vice president Harry Bandal, treasurer and Morris Kronen, secretary.

PEKING RIOTING LAID TO SOVIET HEADS IN CHINA

(Continued from Page One)
vance that the raid was to be made.

The first anti-American boycott was reported today from Changsha where Chinese announced they would refuse to deal with American firms or buy American goods. However, all the Americans had evacuated Changsha before the boycott was proclaimed.

Fighting between northern and

Cantonese troops is reported from the district about 15 miles north of Nanking.

Mrs. Mildred Mitchell, of San Francisco, and Wilbur Burton, of Columbus, Ohio, who were detained by the police charged with communicating with the Cantonese, probably will be turned over to the American consular authorities immediately. It is expected that they will be taken to Tientsin for trial before a consular court.

Mrs. Mitchell recently resigned as editor of a Chinese-American news agency. Seventy five Americans are departing from Hankow today. Those remaining behind are living on the riverbanks, spending their nights aboard ships in the Yangtze river for safety. American naval stores have been removed from Hankow. Owing to the exhaustion of the coal supply at Hankow it is likely that all withdrawal.

Labor troubles among the Sampoan coolies at Amoy have prevented the American consul from traveling to the mainland.

UNITED STATES DECLARED WAR TEN YEARS AGO

(Continued from Page One)
marching feet of U. S. marines, while Chinese cities tremble under the guns of our warships, and flout away all the impurities of not only our own country but of the world as well.

"And what have we today that for which we sacrificed thousands of young lives and billions of dollars 10 years ago.

"In Nicaragua, one of the 'minority peoples' for whose liberation we entered the world war, there are thousands more marines, and more battleships. They are there to keep in the presidential palace at Managua a man who is the creature of our own governingment. They are there opposing a ragged continental army that is

Corns

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.

striving to do in Nicaragua what another ragged continental army did in America 150 years ago.

"In Haiti, there are more marines—powerful enough even to keep a member of the United States Senate from entering the country.

"In the Balkans, there is a military dictatorship; in Russia, too, and in Spain. In Syria, the heel of the French oppressor is on the necks of the people and thousands have been slain because they dared dream of nationhood.

Film Gossip From Hollywood

By JACK HANLEY

HOLLYWOOD, Apr. 6.—(INS)—"Motion picture theatres have supplanted the old fashion country saloon as a popular meeting place," said Fred Niblo, who has just completed Norma Talmadge's "Camille."

"As soon as any hamlet can boast a gas filling station to attract the motoring public, a theater is next to be installed, continued the director. "There are towns without newspapers or other means of communication that rely upon the 'movie' as a community enterprise."

"The corner saloon or country store used to be the general meeting place but motion picture 'palaces' has supplanted it in public favor. The photoplay has been established in practically every country town as a 'get-together' for the townfolk. Even the older ones forget their troubles to watch their favorites perform on the silver sheet."

"The screens real value is to be found in small towns, not in metropolitan cities where all types of entertainment do be found."

An orchid made entirely of tiny feathers is blossoming on the shoulders of Colleen Moore, who is now starring in First National's production, "Naughty But Nice." The vogue for artificial flower buttonholes is popular but this is the latest conceit.

Each feather has been dyed separately in order to secure the natural color shadings of the real orchid. All are mounted on a wired model of orchid tinted silk, each feather having been placed by hand with invisible stitches. The flower is the perfect touch with the girlish coat of natural colored kasha collared with brown and cream mottled calf skin which Colleen wears in many scenes of "Naughty But Nice."

CROP REPORTS

ORLANDO, Fla., Apr. 6.—(INS)—The following Florida truck crop report was issued by H. A. Marks, agricultural statistician of the U. S. department of agriculture here today:

"Snap Beans (Spring Crop)"
"Florida Bean Acreage for 1927 shows a substantial increase over the 1926 crop, estimates for acreages harvested or to be harvested for the winter and spring months of 1927 indicating 14,140 for 1927 compared to 9,965 acres for 1926. The lower east coast with 2,900 acres is about three-fourths moved."

Indiana River beans will probably continue to move until May 1. For the Lake Okechobee, the peak of the movement has been passed with an average of about sixty cars rolling per week, of which two-thirds were shipped from the canal point and Pahokee districts. With good markets, the outlook is for continued shipments throughout April, as late plantings around Belle Glade, chosen and South Bay since the front of early March will be coming in the latter part of this month.

Hardee and Hillsborough counties show about the same acreages as last year, with peak of movement coming about April 1. In the center hill area 75 per cent of the beans which were up were killed by the early March frost. All of these have been replanted, however, and the present acreage is around 2,500 acres which will begin to move about April 15. Alachua and Marion County beans are estimated around 2,400 acres and will probably start about April 20.

Cabbage
The cabbage season is nearly over, shipping points having either cleaned up or stopped shipping on account of poor markets.

Cantaloupes
"Preliminary figures indicate 419 acres of cantaloupes in the state compared to 380 acres last year. Practically the whole of this acreage is grown around Oxford, Sparr and Anthony. This crop starts moving about May 1.

Celery
"With 4,795 cars moved to date the celery season is well over half gone. Final movement for the year is estimated around 8,000 cars compared to 5,392 cars last season. Of this about 7,000 cars will come out of the Sanford section. To date Sanford has moved 4,262 cars, the movement at present being between 400 and 500 cars a week. Yields have been exceptionally good and sizes are running heavy 3's and 3's."

String Beans
"The acreage of string beans is estimated at 865 cars, compared to 1,125 cars last year. Alachua County acreage is short while Starke and Lawley show an increased acreage. This crop moves in June and July.

Cucumber
"An early season has started the covered cucumbers of Sumter county moving about 2 weeks earlier than last season. Carlot shipments started from the Webster and Bushnell sections March 18. Peak of movement will probably be reached April 1. From an acreage about the same as last year an excellent crop is expected, the vines being comparatively free from rust and well filled with young cucumbers. Plantings of open cucumbers at Wauchula and plant city show a slight increase but the drought and cold weather of early March will probably cause light yields. Movement of Wauchula cucumbers started about the same time as the Sumter county production.

Alachua county shows a slight increase in acreage while Levy and Orange counties show a slight decrease. The winter garden section, which was hard hit by the frost has been replanted and heavy movement from those which escaped the first week in April. Levy and Alachua cucumbers will start about April 25 to May 1. The preliminary estimate indicates a state total of 7,445 acres as compared to 7,559 acres in 1926.

Eggplant
"Florida eggplant plantings are very scattered and probably will not exceed 500 acres for the state."

Peas
"English peas are also a scattered proposition, with the acreage for the fall and spring plantings not exceeding 700 acres. Shipments of this crop are practically over."

Peppers
"The spring pepper acreage in Manatee county will not exceed 100 acres with movement starting

21-Acreage For Sale

NOW IS THE TIME
TO BUY THAT FARM
AND START SOMETHING

We are all going back to the
farm where real values will al-
ways prevail. Just now is the time
to move a few miles from Sanford
and start that chicken farm and
raise vegetables for the home mar-
ket. Just such a place can be had
on the Sanford-Orlando road about
three miles from Sanford in the
high and healthy oak and pine
section good for citrus fruits, good
for poultry and good for all kinds
of vegetables. Thirty acres, high
and dry location for a home and
four acres in muck for vegetables
or bulbs-it will raise anything-
the man who wants to work can
make a good living from this
place. If you are interested ad-
dress OWNER, care Sanford Herald.
Any reasonable offer and terms
will be considered after you have
seen the property.
