\$3,000,000,000 Will Be In Addition To 11 Billion Requested To Begin July

WASHINGTON, Apr. 1 (AP)—Henry A. Wallace was called a "Russian-flirter" today by James F. O'Neill, national commander of the American Legion. O'Neill criticized Wallace while in support of Universal Military Training. He appeared before the Senate Armed Services Committee studying need for limited draft and UMT laws to strengthen the military forces. O'Neill, who is from Manchester, N. H., said UMT is essential to halt Russian expansion.

WASHINGTON, Apr. 1 (AP)—President Truman advised Congress today that an additional \$3,000,000,000 will be asked for national defense. Mr. Truman made this known in a letter to House Speaker Martin (Mass.).

In the letter, the President also asked that the Treasury Department be authorized immediately to contract for \$375,000,000 to build up stocks of strategic and critical materials.

President Truman's expected veto of the \$4,800,000,000 tax reduction bill will go to Congress at noon tomorrow.

This was decided at a White House conference today. Mr. Truman conferred with Secretary of the Treasury Snyder; Senator Barkley (Ky.) and Rep. Rayburn (Texas), the Senate and House Democratic leaders; James E. Webb, the budget director; and Senator McGrath (D-R.), chair-

GOP Shows Concern Over Chances Truman May Yield To New Nominee

CHICAGO, Apr. 1 (AP)—Some Republicans began worrying openly today about the possibility that the Democrats may talk President Truman into giving way to another presidential nominee.

An assertion by Rep. A. I. Miller (R-Neb.) that talking Democrats are acting "like a pack of marauding jackals in attempting to tear down the candidacy of Harry S. Truman" was picked up quickly by Warren Wright. Wright, unofficial manager of a campaign aimed at landing the GOP presidential nomination for General Douglas MacArthur, told a reporter he would rather see the General run against President Truman than any other available Democrat. He said he had talked with Miller about the possibility of voting for a Democrat who has been passed around quietly in the camps of other GOP hopefuls such as Senator Robert A. Taft of Ohio and Gov. Thomas E. Dewey of New York. They frankly think Mr. Truman will be easier to beat than some Democrat who could unify his party.

Senate, House Drop Spain As Aid Recipient

Committee Decides To Leave Her Out After Truman Said He Was Against It

WASHINGTON, Apr. 1 (AP)—Senators and House members putting foreign aid legislation into final shape dropped Spain today from the list of nations to get aid. This does not mean that Spain cannot come into the European Recovery Program and get aid. It means that if she comes in it will be at the invitation of the 16 other Western European nations, not by designation of the United States.

The House put into its foreign aid bill an invitation, in effect, for Spain to come in. The Senate-House Committee knocked it out within less than an hour after the White House announced President Truman was "utterly opposed" to the provision.

Senator Vandenberg (R-Mich.) announced the compromise committee's decision to drop Spain. The committee is made up of five senators and five House members. Decision of the committee are subject to ratification by the Senate and House.

President Truman's Secretary Charles G. Ross had announced Mr. Truman's views while the congressional group was meeting. Vandenberg explained that the committee members felt it is up to other Western European nations, rather than the United States, to say whether Spain should be welcomed to the plan.

United States Forced To Take To Air In Order To Reach Troops In Berlin

WASHINGTON, Apr. 1 (AP)—The State Department asserted again today that United States forces intend to remain in Berlin.

Lincoln White, State Department press officer, reaffirmed that American policy calls for U. S. forces to remain in the German capital.

WASHINGTON, Apr. 1 (AP)—Congress for immediate passage of the draft and building "the world's greatest air force today followed Russian seizure of traffic control in Berlin.

Rep. Boggs (D-La.) told the House the Russian action is "a challenge to Congress to pass selective service immediately and bring our military force to its full authorized strength."

Boggs showed the House a large type newspaper headline "Berlin cut off."

He then read from the news story saying rail and highway traffic had been halted between Berlin and the American-British-French occupation zones of Germany.

"I cannot imagine a greater threat to peace," he said.

Rep. Hankin (D-Miss.) followed with demands that America "build the greatest air force in the world."

BERLIN, Apr. 1 (AP)—The United States turned to the air today in a political battle for Berlin launched by the Russians with a drive to control ground entry into this capital from the west.

The Soviet move resulted in shutting off military train traffic of British and American forces from their zones to the capital. Authorities sources saw it as a Soviet step to try to squeeze the Western allies out of the city.

The Americans, British and French protested. A report on the crisis was rushed to British Foreign Secretary Ernest Bevin in London.

Simultaneously with the Russian action came a blast from Moscow as four-power government in Germany. Pravda said it was at an end. The Communist Party newspaper said "the partition of Germany has become an accomplished fact."

Salvation Army Opens Fund Drive For Welfare Work

The Salvation Army is starting its annual Home Service Appeal for funds today, and Capt. Byrd Hudson of the local post and Clarence L. Redding, chairman of the advisory board, announced that future service rendered will depend upon the generosity of the people of Sanford and Seminole County. The proposed goal is \$3,500.

This agency does direct welfare work after careful investigations are made by experienced workers, Mr. Redding stated. Cases that are worthy are given necessary aid to the full extent of the organization's ability.

Proposed Goal For Sanford, Seminole County Is \$3,500

"No one likes to see a fellow man, whatever his past errors may have been, hungry or suffering from lack of medical attention, clothing, food or shelter," he asserted.

"The Salvation Army is all ways on the job in our city, doing its work among the unfortunates and also the under-privileged. Not only this, but the Salvation Army is doing a great character-building program among the young people," Mr. Redding declared.

VA Seeks 1,250 More Doctors For Service

WASHINGTON, Apr. 1 (AP)—The Veterans Administration is looking for 1,250 new doctors, but does not know where to find them.

That many are expected to quit the service in May and June.

Dr. Paul Magnuson, VA medical chief, has said 5,000 beds in veterans hospitals are empty, chiefly for lack of medical personnel.

The doctors leaving the service are Navy V-12 and Army special training program physicians completing their tours of duty.

The Veterans Administration has estimated it will have to hire 2,350 new doctors, 1,500 dentists and 10,000 more nurses within the next five years.

VA hospitals already have 2,300 full-time doctors, 2,000 resident physicians in training of specialists, the 1,250 V-12 and Army trainees, and 10,000 nurses.

There are 1.5 hospitals with beds for 113,000 patients. Ninety-one other hospitals, with 65,000 beds are proposed or under construction.

Defense Needs

(Continued from Page One) man of the Democratic National Committee.

The president said the request for the extra \$3,000,000,000 for defense will be sent to Congress shortly. It will be on top of the \$11,000,000,000 already requested for national defense for the 12 months beginning next July 1.

identified by name, said the President based his decision to halve the military's own request on the assumption that war is not inevitable and in any event will not break out soon.

He said Mr. Truman told the Armed Forces high command he wants "a peace program, not a war program."

In the letter to Martin, Mr. Truman said the new defense funds will be used for these purposes:

\$775,000,000 for "added military personnel, such as pay and allowances, subsistence, clothing and medical care."

\$775,000,000 for aircraft and parts, and for aviation research

and development. Of the total, \$465,000,000 would go to the Air Force and \$310,000,000 to Naval aviation.

\$260,000,000 for maintenance and operation of facilities (camps and posts) and equipment, including rehabilitation and reactivation "where necessary."

\$500,000,000 for purchasing and production programs, including planning, prototype and pilot orders, equipment modernization and material improvements.

\$90,000,000 for other requirements, including research and development other than in the field of aviation.

The President said "The need for other appropriations for related national security purposes is now under consideration and estimates for these appropriations will be submitted to the Congress if necessary."

The appropriations, he said, "are intended to round out and balance our national security program" and "are necessary to enable us to meet our international responsibilities."

"It is my earnest hope," he added, "that on the solid foundation of our foreign aid programs and a limited increase in our present military strength, we can achieve a substantial lessening of present international tension and move forward toward our goal of securing a just and lasting peace."

3 Air Force Vets Are Killed In B-25 Crash

KINGSTON, N. Y., Apr. 1—(AP)—The bodies of three veteran Air Force members were recovered today from the wreckage of a B-25 bomber which crashed into a 3200-foot mountain 25 miles west of here last night.

An Army spokesman at Stewart Field, base of the plane, identified the dead as:

Capt. Richard B. Willis, 27, of Cranford, N. J., decorated veteran of 51 combat missions in the European theater.

Lieut. Bobbie R. Crandall, 25, of Compton, Calif., who flew 31 missions over Europe before he was shot down.

TRAIN WRECKED DONALDSONVILLE Ga., Apr. 1—(AP)—A freight train was wrecked and the Southwind, fast passenger train, was marooned today as flash floods washed out railroads and highways over a wide area of southwest Georgia.

Coal Strike

(Continued from Page One) not talked with either group, Roza said.

Mr. Truman called the White House conference after some of his advisers had urged him to step up the action on the 18 day soft coal strike. He planned to walk until Saturday and make public a fact-finding board's report on the 18 day old walkout. One adviser wants him to take some action today before leaving Washington on a two day trip.

Papanek Says Benes Name Forged By Reds

LAKE SUCCESS, Apr. 1. (AP)—Dr. Jan Papanek charged today the Communist-dominated Prague government probably forged President Benes' name to credentials submitted to the United Nations by its new envoy.

Dr. Papanek, who broke with the Prague regime after Foreign Minister Jan Masaryk died Mar. 10, said he had been informed President Benes refused to sign the credentials certifying Vladimir Houdek as the new permanent Czechoslovak delegate to the U. N. and recalling Papanek.

Meanwhile, the United States hopes for approval of its proposal for a special Palestine session of the United Nations Assembly.

A ballot also is expected, on the White House-sponsored appeal for a truce in the Holy Land. The council meets at 2:30 P. M. and American envoys are expected both measures will pass, barring a Russian veto.

Gov. Dewey Raps Truman, Wallace In Campaign Talk

Says President And 3rd Party Head Are Bankrupt Sponsors

RACINE, Wis., Apr. 1 (AP)—Governor Thomas E. Dewey today characterized President Truman and Henry A. Wallace as sponsors of "bankrupt" programs for dealing with Russia and said a "courageous, informed leadership" could keep the United States out of war.

"The time has come to begin to wage peace with all the vigor, the imagination, the skill and the energy with which we waged war," Dewey asserted in an address prepared for a luncheon meeting here.

"It is a tough job and a long job," he added, "but we can be sure of the outcome."

The New York Governor's Racine appearance launched him on a whirlwind two-day Wisconsin campaign for delegate support of his candidacy for the Republican presidential nomination.

He is contesting next Tuesday's crucial primary election with General Douglas MacArthur and Harold E. Stassen for the state's 27 delegates to the national convention.

Dewey advisors say the Governor expects MacArthur, a "favorite son," to lead the field. They predict Dewey will obtain more delegates than Stassen, which is his avowed objective.

In Milwaukee tonight, over a nationwide radio hookup (NBC), Dewey will continue his attack on Truman and give his own detailed program for what he calls "a successful American foreign policy" to cope with the "growing danger" of "the Communist program of world conquest."

In his Racine address, Dewey said: "After almost three years of aimless drifting, complete incompetence and sudden reversals of policy, the present national administration has brought our country to a point where many of our people fear we are stumbling toward war."

"While Mr. Truman blusters, Mr. Henry Wallace, the former Democratic vice-president of the United States and Secretary of Commerce under Mr. Truman, only for a policy of appeasement."

"Above all the confusion one stark, tragic fact hangs like an enveloping shadow over all our nation: If Mr. Truman bungle us into an early war, even though we win it, everything we hold dear might be lost in the process; if Mr. Wallace's policy of surrender and appeasement were followed, we should ultimately be enveloped and choked to death in a Communist world."

"These are the two programs offered to our people by the two wings of the Democratic Party, and they are both absolutely bankrupt."

"I assert with complete confidence that with courageous, informed leadership and sound government our nation need not fear war, and we can preserve the institution of human freedom."

Dewey will invade Nebraska next week, probably on Thursday and Friday. The Cornhusker State will hold its preferential primary Apr. 13.

(Continued from Page One) Ham Tuck of Virginia, a civil rights revolt leader, later in the —k. Tuck will be on the platform when Mr. Truman gets an honorary degree at Williamsburg, Va.

Yesterday the Governor signed an anti-Truman bill under which Virginia Democrats can put up their own candidates if they don't like the choice of the party nominating convention.

This harvested some fruit from the Dixie revolt—a rebellion Southerners tried to spread to other sections.

Senator Olin D. Johnson (D-SC) said in Washington that a South Dakota Democratic leader had suggested a national Anti-Truman Conference. He didn't name the leader.

Southern Democratic chairmen already have been called for a meeting at Atlanta, Ga., Apr. 12 and 13 to think up some new ways of fighting the civil rights program.

Spain Dropped

Yandenberg was asked whether the decision to exclude Spain was unanimous. First, he said, that it was. Then he withdrew his statement and pointed out that the action had to be approved by both the Senate and House members of the committee, each side voting as a unit.

Yandenberg said the joint conference was held again this afternoon but declined to make any statement.

Salvation Army

(Continued from Page One) 1948 is \$12,156. The balance on hand as of Jan. 1, was \$470.

Total Sunday school attendance during 1947 was 2,140 young people compared with 1,845 in 1946. Attendance at all young people's meetings was 5,964 compared to 4,008 in 1947. Total attendance of adults at church meetings was 5,454 compared to 5,012 in 1946.

Transients assisted were 402 compared with 305 in 1946. These included 33 women. Lodgings were given to 335, meals to 291, and garments and shoes to 273. Transportation was given to 55.

In family relief, 1,006 garments were given and 102 pair of shoes. There were 135 grocery orders filled, and 35 medicine prescriptions were filled.

The statistics show not only an increase in attendance in youth activities, but interest as well in the whole Corps program, stated Capt. Hudson.

The Salvation Army offers an excellent six year Bible course to young students between the ages of 12 and 18, he revealed. A daily vacation Bible School was carried on last summer and total attendance was 320, and 38 received Bible School Certificates.

Ten teenage youths from Sanford attended the Salvation Army owned camp on Lake Redford near Starke last summer, and plans are being made for that many to attend the camp in June.

Commenting on the work of the Salvation Army, Mayor R. A. Williams said today, "I hereby set aside the Salvation Army drive month to raise its local budget to continue its work in evangelism, social work, and character-building activities; and urge the citizens to support this program."

"Anyone who values self-respecting achievement, who is moved by the sufferings of others, who detests degradation and vice, and who believes in the simple truth that the greatest of all teachers taught, must in his heart and soul thank the Almighty for the founder of the Salvation Army and for the successors, and for all the rank and file of this great International Army of God."

"We must all help them to carry the load which society continues to impose upon them," he pointed out. "Let's put them over the top in '48," he urged.

"The company has been in existence for 25 years, and has made millions of appraisals. Therefore, I feel that with our staff of competent experts in the field, we are capable of doing a good job for the people of Sanford," he added.

"We need the cooperation of every person in the city so that we can make a complete survey, and I want to stress that we are here to help each and every one of them," Mr. Skelly asserted.

He told the organization that his company will set up values for the city on a local basis only, and will not be influenced by what property is worth in Chicago, Indianapolis or Cleveland.

"Values are set on replacement costs at 1941 levels," he declared. "We have specialists to work homes, vacant lots, business establishments, factories and the like. This is the reason we can give a more complete evaluation than can any one man, because one person cannot be versed in all of the many fields involved," he said.

He told the organization that in many towns the company has found hundreds of pieces of taxable property which have not been taxed right, and many of them were not taxed at all. "We will probably find the same true here," he declared.

Mr. Skelly is scheduled to speak to the Kiwanians on Apr. 7, Rotary on Apr. 12, Lions on Apr. 16 and Woman's Club on May 5.

Celery Holiday

It was upon the basis of this suggestion, that the group agreed to submit a counter proposal to the south Florida growers that instead of having the holiday from Sunday through Wednesday to have it from midnight next Wednesday, Apr. 7, through midnight Sunday, Apr. 11. The group agreed to this on motion of Perry Whitehurst of Sanford Oceanic Truck Growers Inc., seconded by J. C. Hutcheon.

Of the 476 acres of Sanford and lot celery remaining, it was estimated that due to effects of hot, dry weather on the quality of the crop, only 225 acres of the celery can be cut and marketed.

Present were J. B. Davidson and J. B. Cogburn of Standard Growers, Andrew Dink, C. B. Dawson, H. C. Hetzel, W. S. Moses, celery lawyer, J. C. Hutcheon, Perry Whitehurst, M. L. Gillum, Julius Dingfelder and John Brumley.

W. S. Moses, former Sanford citizen and now a produce buyer from St. Louis, who had just returned from a trip to Pompano, submitted suggestions designed to improve the Sanford marketing situation as based on his own buying experience, contact with southern buying interests and his observations at Pompano.

He proposed that nothing be sold on consignment. Pompano, he said, sells everything FOB as per government report, and doesn't grade or pack in Sanford. Plus one man in Chicago and another in New York to represent Sanford interests, men who have these interests at heart, be advised.

Another suggestion was that the Sanford State Farmers Market build a platform similar to that at Pompano where such as

Four of the Marines were on leave for the hunting trip, and the fifth was A.W.O.L. Shortly after their disappearance, Marine headquarters in Washington said they were last seen in the vicinity of Wan-tan Yuen on Christmas day and went into Communist territory at 2:30 A. M. over the protest of Chinese national guards at Ling-han.

About 80 million copies of railroad timetables are printed annually in the United States.

Association will have a salesman, and everything is sold either at auction or privately. He added that following is starting such a platform on Apr. 10.

If necessary, he suggested, build a large, dry cool storage plant and use this when absolutely necessary. "It could have been built with the losses had in the celery deal in Sanford this season," he also proposed more attention to grade and pack and more diversification similar to that of Texas.

As an example of progress in marketing at Pompano he cited sales of 38,000 units, a total of 63 cars on March 29. This included 6,800 units of beans, 2,000 of peas, 17,000 of peppers, 3,000 of egg plant, 4,200 of cucumbers, 1,200 of squash and 500 of hot peppers.

Jimmy Roosevelt says he will
not bolt the Democratic Party.
He will support President Truman
if he is nominated. He believes
the party is more important
than the man. However,
brothers Elliott and Franklin have
had enough; they are for Eisenhower.
The issues of today are
such that even families are divided.

We don't know what General
Clay's policies will be in Germany
with respect to the brazen attempt
of the Russians to stop our trains
bringing supplies and military personnel
into the American sector of
Berlin, but we can imagine a
General Patton leading the train
with machine-guns and guarding
it with dive bombers and sending
those trains through if they
had to annihilate the entire Russian
army. To back down in the
face of this Russian threat will
leave the door wide open to future
aggression.

The sympathy of everyone in
Florida, we are sure, will go out
for Dan McCarthy in this hour
of tragedy which has befallen his
family. Everyone who has seen
this fine upstanding young man
on the stump during this political
campaign has been impressed by
the obvious sincerity and deep
conviction with which he discussed
his plans and aspirations for Florida.
Friend and foe alike will
join us today in expressing sorrow
over this bereavement which has
come to him in the midst of a
political campaign and in hoping
that it will not interrupt the career
which has always seemed so promising.

The compliments of Arnold
Finnefrock, sports editor of the
Times-Union, to the Herald's
sports editor, Arthur Beckwith, on
the Tuesday's sports section, appeared
in today's T. U. "The Sanford
Herald devoted a special section
of its Tuesday edition to the 15
New York Giants minor league
farm club training there," says
Finney. "Credit Arthur Beckwith,
Jr., The Herald sports editor, with
doing a fine job. A special story
was devoted to each of the clubs
in training at the base. Incidentally,
the following Floridians are
listed on the roster of the Sanford
Florida State League squad: John
Chitty, Jacksonville; Lloyd Clifton,
DeLand; Dennis Finley, Macclenny;
Jack McCammon, Leesburg;
Bernard Lake, Sanford, and
Tim Tyler, Winter Park."

Every man is a gentleman,
someone has said, until he gets
behind a steering wheel. Just
what there is about an automobile
that turns good Americans into
something pretty closely akin to
barbarians is hard to say, but the
fact remains that too many of us
take too lightly our responsibilities
as drivers. During the past month
two horses have been hit by automobiles.
Since the young people
of the community have organized
the Dusty Boots and Riding Club,
there have been a great many
horsemen, and horsewomen, along
the shoulders of the highways.
And do you think our automobile
drivers approach such combinations
with caution, knowing full
well, as they must, that horses are
not easily controllable, are often
skittish, and sometimes jump right
in front of automobiles? They do
not. They seem to speed up as
they come to them, aim the cars
right at them, and run over them
if they possibly can. And the
horns struck by an automobile
doesn't have a chance, and not
much more the rider.

Press Freedom

Delegates to the United Nations conference on freedom
of information at Geneva were treated to the interesting
spectacle of a lengthy attack upon the press of the United
States by representatives of Communist nations. The burden
of the attack was that the American press labors under
the chains of government censorship and capitalist monopoly.

The attack itself is unworthy of reply, but it serves to
emphasize the firmness with which censorship fixes itself
upon a country once it is established. The Communist
charges of censorship in America can hardly be intended
for serious reception at Geneva, but must be presumed
intended for home consumption within the Communist
nations. The charges will be fully reported in the Communist
press, but such reply as may be made can be effectively
buried and distorted in the controlled press.

By such methods is censorship able to perpetuate itself,
as well as to serve the other devious ends of a government
which effectively controls the press. Large groups
of people can even be made to believe that censorship does
not exist in their land, since they are denied access to any
uncensored materials which might tear a hole in the curtain.

The conference on freedom of information should be
accounted one of the most valuable branches of the United
Nations if it can help to spread that freedom.

Michigan Favorite Son

Senator Vandenberg's presidential star has been rising.
Although he has declared himself not a candidate, he is
more talked of for the White House than anyone else from
Michigan in 100 years. While that state has had favorite
sons, only once before has any man of Michigan been repeatedly
one of the leading candidates for the presidency.

That was Lewis Cass, for 18 years territorial governor
of Michigan, secretary of war under Jackson, for many
years a senator, and strongly supported in the Democratic
conventions of 1844 and 1852. Actually nominated in 1848,
he lost because of a party split led by ex-President Martin
Van Buren. When Cass was 76, President Buchanan made
him secretary of state, which office he resigned in 1860
because Buchanan would not take measures against secession.

Like Vandenberg, Cass was a moderate. His counsels, if
taken, might have averted the Civil War. When the anti-slavery
movement became heated, Michigan turned against
her leading son. But no other resident of his state has
equalled him until the present day.

"Doom Be Damned"

"Doom be damned." So James Dillon, the new Irish
minister of agriculture, retorted to former Prime Minister
De Valera. "Dev" had made an election speech, predicting
that if he were defeated, doom would befall Ireland. This
piece of recklessness doubtless had something to do with
his defeat.

Reckless election charges generally boomerang. Churchill
was badly damaged in the 1945 election by his assertion
that a Labor victory would introduce the Gestapo into Britain.
And Herbert Hoover did not help his 1932 campaign
by prophesying that if his policies were overthrown grass
would grow in the streets of our cities.

Most people in fact have a saving common sense. They
may think badly of the other side, but there is a stage of
denunciation at which they recoil. If a candidate is too
reckless in his charges, that is taken as a sign that he will
be reckless in office. So De Valera found.

TOO LATE TO CLASSIFY

By RUSSELL KAY
As the campaign for Governor
swings into its final month we
find nine Democratic and two
Republican candidates in the field
and a more or less bewildered
and apathetic public.

With no major issues of sufficient
public interest to arouse
much concern, candidates are
finding themselves hard pressed
in their efforts to make an impression.
Nothing new or startling
has been injected in the
campaign so far.

A review of the various
appeals made from the stump
last week reveals what might be
termed "standard, run-of-the-mill,
routine" political gum-beatings.
Help for the farmer and citrus
grower, a sound business administration,
economy, elimination
of overlapping bureaus, better
elimination of tax on gasoline
for boats and agricultural use,
better roads, improved public
health, aid for municipalities, no
new taxes—none of these had
aroused any tidal wave of enthusiasm.

Those who have taken the
trouble to turn out for the
"speechings" seem to be more
interested in what the candidate
looks like, how he handles himself
on the stump and who he
has with him than in what he
might say. No one knows how
many of those who make up the
"crowd" are qualified voters. A
check of several gatherings in
south Florida seemed to indicate
that many were tourists, sun-
hunters with time on their hands
and a normal amount of curiosity
and desire for entertainment.

So far the eleven man free-
for-all has proven a rather tame
affair. Contenders have contented
themselves with shadow boxing,
slung up their opponents
and keeping out of each other's
way, with the exception of Dick
Cooper and Basil Politt who dash
out of their corners, throw a wild
punch and make themselves more
or less annoying to the other
boys who are sparring carefully
and seeking an opening.

With everything to gain and
nothing to lose, Cooper has
bravely challenged the big boys
to verbal duels and has joined
Politt in pointing an accusing
finger at campaign expenditures,
which is one way to gain publicity
and get in the other guy's
hair. For the most part these
antics of the lesser lights have
accomplished little. It is reported
that Tom Watson has accepted
Cooper's invitation to a
debate and will meet him on the
public platform in Gainesville,
March 29. Just who will knock
whom out remains to be
seen but the event should draw a
good crowd and prove a good
evening's entertainment.

How I Stand!

Karlyle Housholder a local candidate
for County Judge for the
County of Seminole, in a speech
over station WTRR, Wednesday
night, made the following statements
concerning himself and his
campaign.

"In the beginning of this campaign
I want you to know that I
am not a politician. I am not
an orator. I have not had long
years of experience in seeking
public office, but I know common
sense, facts and truth and I am
going to try and put that over,
and I am going to talk just as
much as I can from here on out
so you will know me and what
my objectives are in seeking to
serve you as your County Judge.

"You might properly ask --
Well young man, just why are
you seeking to be our County
Judge? and I think a most pertinent
question -- I would answer
that by briefly telling you that
a campaign properly conducted is
most trying on a man physically,
mentally and financially. I believe
that a candidate must be able to
'Take It' and he must be able to
'Dish It Out;' this requires
faith -- hope -- and charity, all
of which I have.

"I am therefore making this
effort because I desire an opportunity
to serve my people of
Seminole County -- that is the
way of life I was born in and
knew throughout my years with
my parents. Upon securing my
education as a lawyer I had in
mind to offer for County Judge
and it is the only office I am
educated for and have the practical
experience to handle. I am
at the age when I must go forward,
I cannot wait another four
years, as my time moves on and
does not wait; in this plan of life
I vitally need the benefits which
come to me in a financial way
from my service as your Judge.

"I want to follow the judiciary
as my life's vocation and as a
place where I can render service
to my fellow citizen. I have set
my goal of attainment high which
I hope will be reached within
twenty years from now, when I
will be over 60 years of age, and
under the ordinary span of life
a greater portion of my time of
service will have expired. I cannot
make the first step on this
ladder which I desire to ascend,
by myself -- I am willing and
want to climb, but folks, I am
fully dependent upon you as to
whether I shall go ahead or be
thrown back and forced to seek
another position for my life. I
know I can fill the office to your
satisfaction -- if I was not so
convinced, I would not want to
have it, because it would hurt
me and you. I don't care to talk
much about myself but when one
seeks public office -- he must --
he puts his character and life
open for discussion and consideration
and I invite that from
everyone.

"I was born here in Sanford
30 years 2 months and 19 days
prior to this date. Judge Ernest
F. Housholder is my father, and
I practice law with him, Mrs.
Gretchen H. Housholder, my
mother, is now deceased.

"I graduated from the Sanford
Schools, attended the University
of Florida for two years, and
later secured a special education

"I am not in this race because
I am seeking publicity, or because
I want your approval for any
past public service rendered, or
because I feel the public owes me
anything. I have never held any
public office, and do not now
receive any pay, pension or money
from any public funds, either
City, County, State or Federal
Governments.

"However, I do ask for this
chance to carry on, so that I may
have the opportunity to serve
you in a public office and advance
my life and be worthwhile to
my community. I am
depending on you and will always
be grateful for your vote and
everything you do in helping me
in this endeavor.

"I will appear again and speak
on future dates over this radio
station, on my own time, and
hope you will be able to listen
in at the times announced. I have
a message in regard to this office
which I am sure will be of interest
to you.

Edna Chittenden Named In Article

Miss Edna F. Chittenden, Seminole High School librarian, is mentioned in "New York Sunday Letter," by Charles Driscoll, and appearing in various newspapers including the last Sunday edition of the Florida Times-Union.

The reference is in response to a query by Driscoll as to what books contain Washington's Farewell Address.

He wrote: "Which brings me to the fact that Lena M. Mitchell (or it looks like Lena) of Cocoa, Fla. and Mrs. W. K. Gibson, Roanoke, Va., have found the Farewell Address in Harvard Classics. Same with somebody else in Roanoke who can't write his name legibly, but makes it look like D. C. Sin or Sun."

"Edna F. Chittenden, librarian of Sanford, Fla. leaves no doubt about her name. Not only does she sign it plainly, but types it, too. She found the Address in 'Messages and Papers of the Presidents.'"

Members of the Seminole Shrine Club are shown in front of the Shrine Temple on North Park Avenue. Edward F. Lane is president, E. G. Kilpatrick, vice-president, and J. O. Howard, secretary. To Everything There is a Season—
Gardening is a beautiful partnership with God. He multiplies the harvest, gives us the pure air and the sunshine and the rain. One cannot garden without the consciousness of being close to God. May many new people this year experience the thrill of this intimate contact with the good earth, and may they discover they are working hand in hand with God, our great Provider.

Let us be wholeheartedly grateful for the privilege of sharing in this appealing enterprise sponsored by the National Council of sending abroad Seeds of Peace. Dick Cooper Asks Citizens To Vote In Campaign Talk

Says 700,000 Floridians Failed To Cast Vote In 1940

An appeal to Florida voters who failed to vote in 1940, to do so in coming elections, was made by Dick Cooper, candidate for governor, in a talk on the corner at Magnolia Avenue and First Street last evening.

"There were 700,000 Floridians who could have voted in 1940, but who did not do so," he asserted. "But I call upon these 700,000 Floridians, and all of us who believe in good and honest government, to rally now to the liberal democratic cause."

"Because of our political sins against ourselves through public apathy, the tentacles of organized gambling creep like an insidious cancer to rot out the very heart of our political life, with pressure groups and lobbyists writing our legislation," he declared.

"And it is only when we act ourselves that we will ever be rid of the professional politicians and office-holders who for the past 8, 12 and 20 years have done nothing about your needs," he said.

"They have done nothing about state-wide water control, nothing about revising and raising our tax burdens, nothing about economy in government, he charged.

"Every election, you hear their siren songs, as the governorship of the state of Florida has become a political trinket to be bought and sold on the political auction block to the highest bidder with the biggest campaign funds raised by special interests. Some will pay a high price for the governorship, not a price in sweat, honesty and constructive ideas, but a price of \$250,000 for a job that pays only \$12,000."

He warned against forces which favor Communism and appeasement, which are at work in Florida today, and said that agents of the Communist Party are active in Miami and elsewhere.

Cooper stated that he had written a proposed draft of a new constitution for the State, and in the draft he stated that he favors legislative re-appointment, elimination of anti-union laws, city-county consolidation and equal

Trenton Giants Score 13 To 2 Victory Over Sioux City Soos

Manager Tommy Heath's Trenton Giants scored a 13 to 2 victory over the Sioux City Soos at the New York Giants Farm Clubs Training Base here yesterday, and Manager Heath is happy to declare. "The boys looked mighty good at the plate," he said.

Three Trenton batters rapped home runs in the fracas. First baseman Keith Carpenter and Otis Stephens and right fielder Morris Cunningham powdered the four ply blows.

"Our infield needs a little polishing, but that will just take practice," Heath declared.

Lawton, Okla., dropped a 6 to 3 six inning game to the Springfield Giants yesterday.

Manager Lou Brewer of the Lawton Giants has advanced two of his players from the 1947 team, Murray Haugh, a right handed pitcher, and Pat Knox, an outfielder-infielder, utility man, made a jump to Manager Jack Aragono, Ft. Smith, Ark. Giants, an entry in the Class C Western Association.

Eric, Pa., St. Cloud, Minn., Seaford, Del., Oshkosh, Wis., and Bristol, Va., opened drills at the park yesterday, but first sessions were confined to setting up schedules for training, getting meals located in rooms and a general familiarization with the camp. Jack Schwarz, secretary of the New York Giants Farm Clubs, declared yesterday.

The Sanford entry in the Florida State League played a seven inning game with the Hickory, N. C., Giants. The Gruberman overwhelmed the Hickory club by a 13 to 1 tally.

The club looked pretty good today, but there is still a lot of work to be done. We have just begun to crack the surface of many of the fundamentals to be learned, Gruber declared.

Yesterday the Sanfordites were getting the able assistance of "Bubber" Jonnard, Hans Lobert and Bob Martin of the Giants staff of instructors here.

Manager Dale Alexander Knoxville Brookes invaded Coosa yesterday for a contest with the St. Petersburg Saints of the Florida International League.

Sixth Quiniela Event Is Added To Race Card

With only 16 more nights of racing remaining to complete the 1948 greyhound meeting, Robert C. Baird, general manager of the Sanford-Orlando Kennel Club, announced today that a sixth quiniela event would be added to the program next week.

The added quiniela will be run on the seventh race and under the new schedule quiniela events will be offered on the fourth contest and from the sixth through the 10th events respectively.

The revelation was made, Baird said, in response to numerous requests from greyhound patrons.

Tonight's program of 10 contests will offer several newcomers this season to the feature ninth race. Introduced to "hot box" company for the first time will be the speedy and Dusty Squeak. However, Brave Life in the No. 1 box, and Blue Fancy in the neighboring No. 2 box are expected to set the pace, and either one should cross the tape on top.

One of the season's largest crowds was on hand last night to witness the annual running of the Green Tree Handicap.

Millers Cop 3 Exit From Seclusion Presents Banns As Same Club Which Won '47 Flag

VERO BEACH, Apr. 1—(AP)—There was a suspicion that the Brooklyn Dodgers, hiding away in the Dominican Republic, were cooking up a surprise for the other National League clubs, and would present something new and radical in the way of baseball players. Perhaps a two-headed pitcher or web-fingered infielders.

The real surprise is that Brooklyn is much the same club that won the pennant last year. A new face here and there, and with two familiar maps, belonging to Eddie Stanky and Dixie Walker, respectively, missing. But basically the same guys, switched around a little in the lineup.

In one breath Manager Leo Durocher says only two players, Shortstop Peewee Reese and Catcher Bruce Edwards, are certain of their positions, and in the next he declares he knows who will play but asks, "Why should I give it out now? We got 20 days yet."

"There's no confusion in my mind about first base," the uninhibited point says. "If Ray Sanders is the Sanders of old, he'll be our first baseman."

Whether Sanders is the Sanders of old remains to be seen. If he isn't, first base, and the centerfield position, present complications.

There is always Jackie Robinson to fall back on at first base, of course, and Pete Reiser has been practicing at the position. It is no secret, though, that the Dodgers would like Robinson at second, and probably Reiser best in the outfield.

If Sanders makes the grade, Robinson would be at second, Reese at short, Bill Cox, obtained from the Pirates, at third; Arky Vaughan in left, Reiser in center, Dick Whitman in right, and Bruce Edwards.

Gators Will Meet Southern Netmen

GAINESVILLE, Apr. 1—(AP)—Florida's tennis team will play Florida Southern College for the second time this season here tomorrow.

In an earlier encounter, the Gators defeated the Netmen by a close margin.

The Florida netters won over Clemson College, 7-0, here yesterday. Henry Walker was the only Clemson player to claim a set but Florida's Jack Borling finally took the match, 6-2, 4-6, 6-4.

Indianapolis Race To Attract 60 Cars

INDIANAPOLIS, Apr. 1—(AP)—Five more entries for the 500 mile auto race next May 31 came to the Indianapolis motor speedway office today.

Three were from Thomas S. Lee Enterprises, Inc., Los Angeles. Another was from Los Anderson, Portland, Ore., lumber man, and the fifth from Ralph S. Miller of Dayton, Ohio.

Wilbur Shaw, speedway president, said 27 cars now have been entered and he predicted a total of at least 60 nominations before the deadline of midnight Apr. 15.

The U.S. Aircraft industry grew from an annual production of \$280 million in 1938 to \$20 billion in 1943.

Announcement of the two positions would be combined was made yesterday after Paul C. O'Neill said he would tender his resignation as head football coach.

In four seasons as Tiger mentor, O'Neill teams have made a record of 14 victories, 21 defeats and two ties. O'Neill said he would devote his time to teaching duties unless the school wanted him to continue as track coach.

Women Golfers To Hold Orlando Tiff

ORLANDO, Apr. 1—(AP)—An evenly balanced field with possible upsets along the way is expected by tournament officials for the Florida State Women's Amateur Golf meet here next week.

Mrs. Mel Casseberry of Winter Park, state association president, said 90 out-of-town entries have already been received and she looks for the total to exceed last year's 136 at Tampa.

A mixed two-ball tourney will be played Sunday with all contestants invited to participate. The tournament proper will get under way with an 18-hole qualifying round Tuesday. The finals will be 36 holes played on Saturday.

Charleston To Have Many New Players For '48

By NOLLY J. RAMM
Sports Editor Charleston, S. C.

CHARLESTON, S. C., Apr. 1—(AP)—Aside from five pitchers and a utility player, Charlie Bertrams, centerfielder, is the only regular of the 1947 rebels who is back to make the South Atlantic League race beginning one week from next Monday.

Beginning with the manager, the rebels will have many new faces for the fans and the emphasis has been put on youngsters who have a future.

Chick Autry, who piloted the Charleston club in the last year of the post-war Solly seasons, has gone to Beaumont in the Texas League and replacing him is Herb Crompton, of Rock Island, Ill. Crompton is no stranger to the S.A.L. customers. He played with Savannah's pennant winning team in 1940 when he was one of the league's top hitters. His circuit 356, and only Ray Sanders, then with Columbus and now with the Brooklyn Dodgers, was ahead of him.

Crompton, during his 15-year professional career was owned by three major league clubs, namely, Cleveland, Washington and New York Yankees. He caught for the Savannahs last summer and his return was purchased by the Charleston club at the Miami baseball convention in December. He will be a freshman manager and will be in active harness, having promised to catch at least 100 of the 184 scheduled games.

There have on first base Harry Ashworth, a veteran purchased from the Augusta club, where he starred for several seasons, Bill Gopchack, also a first baseman, was bought from the Detroit farm system, but is being used in the outfield in the preliminary game. He was with Rome, N. Y., Canadian-American League club of 1947.

On second base, Roy Marion, brother of Mr. Shortstop of the St. Louis Cardinals was purchased from the Mason Paches to replace Roy Hartfield, who was sold to the Dallas Texas League club, which also purchased Mickey Livingston, a veteran Charleston shortstop. Taking Livingston's place is Bobby Williams, purchased from the Toronto International League Club.

Training Camp Notes

ST. PETERSBURG, Apr. 1—(AP)—Manager Ducky Harris of the New York Yankees is looking for another starting pitcher now that Bill Bevens is on the shelf indefinitely.

Vic Bensch, who joined the Bombers in mid-season from Portland last year, is one of the leading candidates.

Bevens' arm went sour against the St. Louis Cardinals Tuesday and the big right-hander is not expected to be ready for at least a month.

WEST PALM BEACH, Apr. 1—(AP)—Manager Connie Mack will make his formal cut in the Philadelphia Athletics squad tomorrow by optioning three pitchers and an outfielder.

CLEARWATER, Apr. 1—(AP)—Ed Heusser, veteran righthander from the Brooklyn Dodgers, reported and worked out with the Philadelphia Phillies yesterday. Dutch Leonard also took a short workout following an operation to remove a skin growth on his eye.

Sports Roundup

NEW YORK, Apr. 1—(AP)—From now until the 16th of May, a lot of baseball managers and club owners will be signing contracts spelled "BONUS". That is to say they are just discovering what the bonus rule means. The rule says that a player who has received more than a certain amount in bonuses by signing earlier contracts will not be optioned out to the minors, without waivers, once he is brought up to the big leagues. . . . The object, apparently, was to curb the custom of handing out huge amounts to youngsters by clubs which expected to be in the chips. All it accomplished was to keep those youngsters, many of whom need seasoning, sitting on benches in major league parks. . . . Clark Griffith already has voiced the suspicion that some clubs have been covering up bonus players and it looks like a safe bet there will be more of that unless the rule is repealed. . . . The right hand Between halves of one of the Olympic trial basketball games the other night, members of the olympic fencing team put on an exhibition with electrical speed. . . . Those swords have a device which flashes a light and sounds a buzzer when an opponent is touched with the tip. . . . At one juncture there was a doubtful touch and both gadgets sounded off. . . . The basketball fans caught on immediately. From all sides came a chorus of "Hill". . . . Hard Luck Tales . . . Bert Shipley, U. of Maryland baseball coach, is mourning the loss for the season of his best pitcher, Boots Panama. Boots tore a groove in his shoulder while making a check back for Spring football practice and acquired a beautiful "mouse" under his eye when he was hit during the first scrimmage. . . . A few hours before he was due to start South with the Michigan State College baseball team, his manager Nick Kerway received a warning that food waters of the Red Cedar River were getting close to be home in East Lansing. . . . Nick's solution was to send around coaches at Biggie Mann and John Kohn and managed to remove the furniture. . . . And the only sympathy he got was a remark from a rival tub-thumper: "They got the stuff out but forgot to drop Nick". . . . End of the L.L. Ace Haddins, a great middleweight fighter of some 20 years ago, and his brothers are in line of racing horses to movie studios. Their headquarters are in Fremont, Calif. . . . A New Jersey syndicate is ready to spend \$100,000 for an outstanding race horse to help improve the breed of race horses in the Garden state. . . . How you ask the Phillies' manager when he is asked to schedule last year's first sacker, Ben Locks, back into the team? "You mean that football player?"

U. S. Aircraft Run Blockade Into Berlin

Russians, Rejecting Western Protests, Hint At New Moves For Total Control

BERLIN, Apr. 2 (AP)—The British moved a freight train into Berlin today with supplies for British occupation troops and the U. S. Army issued orders for the movement of a similar train here with American supplies. The British announced their freight had reached Berlin without undue trouble from the Soviet inspection regulations, imposed yesterday.

LONDON, Apr. 2 (AP)—Britain served notice today she intends to stay in Berlin regardless of what happens to the Allied Control Commission. The spokesman said no representations on the present Berlin situation had been made by Britain to Moscow, nor are any under consideration at present. He said the authority of the western powers to remain in Berlin does not stem from the Allied Control Commission but from an agreement within the European Advisory Council during the war and a four power declaration of June 6.

BERLIN, Apr. 2 (AP)—U. S. planes pierced the Soviet land blockade of Berlin today while the Russians, rejecting western protests, hinted at new moves to squeeze the British, Americans and French out of the city.

Five U. S. P-47 Thunderbolt fighters landed suddenly at Frankfurt's air take-off point for Berlin. The fighters arrived about six hours after the first emergency passenger C-47 took off from the American zone capital for Berlin.

Fighters do not normally land at Frankfurt's Rhein-Mann Airport, primarily a commercial strip. Air force officers there first refused to say why the fighters arrived. Later they said "it is just a routine practice flight."

Flight after flight of C-47s carried food and passengers into Berlin (Continued on Page Two)

Floods In South Disrupt Passenger Train Schedules

JACKSONVILLE, Apr. 2 (AP)—Flood conditions in Alabama, South Georgia and North Florida completely disrupted train schedules today, some travelers arriving here nearly 24 hours late.

The Atlantic Coast Line Dixie Flyer, due here last night, was stalled at Glory, Ga., by a road-bed under water. It was reached by Army trucks which took off the passengers and transported them to Willoughby where a train was made up for Waycross.

Trains normally running through Valdosta are balked by high water west of the town, rail officials said, and are being routed through Savannah.

Southern Railroad tracks to Cordele and Macon are open, but Southern trains delayed (Continued on Page Two)

\$5,105 Raised Toward Local Red Cross Goal

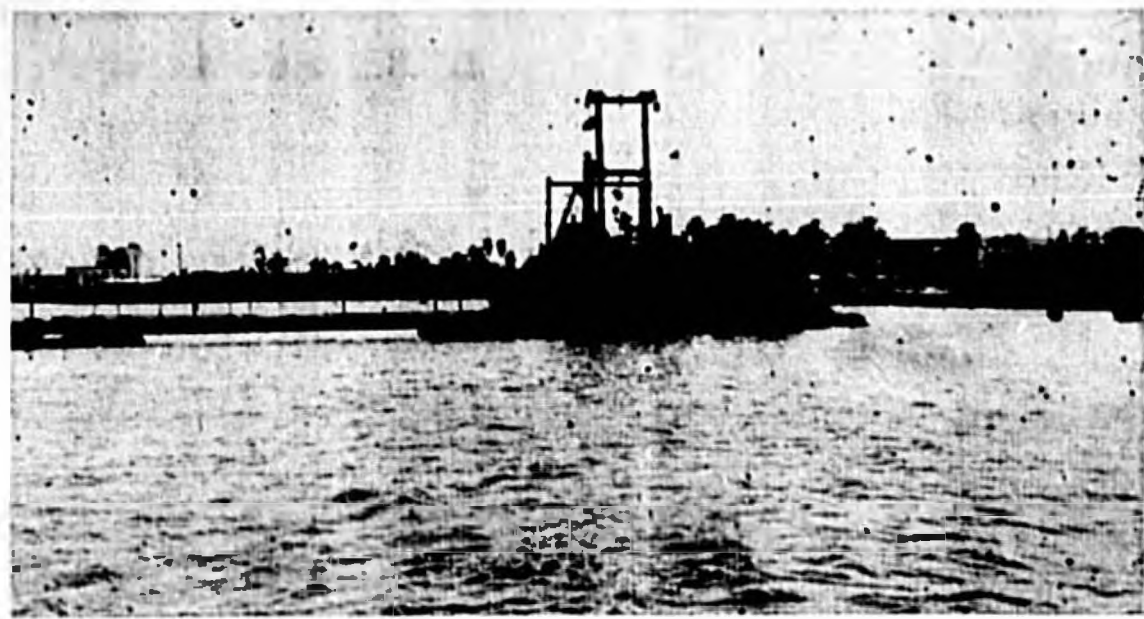

Karoly Housholder, Fund Drive Chairman of Red Cross, announced today that the total funds raised by Seminole County Chapter to date amounted to \$5,105.55.

Mr. Housholder stated that while this is a fine response from the citizens of the county, that sum is more than \$3,000 short of the \$7,200 goal for the 1948 campaign. Since some workers have not completed their canvases and all returns are not in, the clean-up solicitation will continue for a brief period in the non-covered areas in order to give every one a chance to make his contribution.

Workers who have not turned in their collections are urged to turn them in at local headquarters, at 500 Oak Avenue, Sanford, as soon as possible. At the same time, because it is impossible to make 100 per cent personal contact in such a campaign, there are many residents whose contributions have not been solicited and whose help is badly needed to reach the goal.

Mr. Housholder said that only by a determined effort of all citizens can the chapter still hope to meet its 1948 goal. Every resident of Seminole County who has not made his contribution is urged to send it at once to Seminole County Chapter of Red Cross in Sanford.

Dredging Sanford Shoreline Channel

The dredge of the Hill Dredging Company is shown near the bulkhead west of the Municipal Pier in Lake Monroe, also the 22 inch in diameter sectionized pipe through which sand and muck is drawn from the river bottom. The operation, part of the deepening of the St. Johns River to Palatka to a depth of 12 feet, involves creation of a triangular turning basin and filling in of the area owned by the City of the lakefront west of French Avenue. Channels have been made to Enterprise, across the lake, and through the Woodruff Creek cutoff.

Truman Urges All Nations To Strive For World Peace

President And Prime Minister King Honored At Ceremonies

WILLIAMSBURG, Va., Apr. 2 (AP)—President Truman expressed hope today that the unanimous decision of the United Nations Security Council to seek a truce between Palestine's warring Jews and Arabs would be a forerunner of eventual world wide good neighborhood.

Speaking from the same platform with Virginia's Governor William M. Tucker who is participating in the southern Democratic revolt against his civil rights proposals, the President said he wished "all the world could be good neighbors."

"There is no reason in the world why they shouldn't be," he added.

"He said the peace-loving people have something to be proud of in the unanimous agreement in the Security Council of the United Nations." He said he hoped the (Continued on Page Two)

Final plans were completed by the Dusty Boots Association for a "Cracker Day" celebration to be held on Apr. 11 by members of the group at their regular meeting held in the club house last night with Jack Bassard presiding.

Races which will begin at 1:30 P. M. include cow pony elimination races and the run-off; the barrel race; flag race; jumping and tournament races. There will also be competitive pony races for the children. A. L. Banks will be in charge of the contest.

Arthur Godfrey Receives Hearty Welcome From Sanford Radio Fans

Arthur Godfrey, noted CBS commentator, was given a hearty welcome by more than 200 Sanford radio fans, including a swarm of cheering bobby soxers after he landed his plane at the Municipal Airport at 4:55 P. M. yesterday afternoon, making the trip from Miami in about two hours.

It was a long and anxious wait prior to his arrival, and long rows of automobiles were parked on arrive at 3:45 and anxious comment was made concerning his safety. A Florida Airways plane was first mistaken for his plane.

At length three planes appeared in formation and gracefully circled past the airport and down over the business section, then returned and made a nice landing against the gusty southwest wind.

Among the first to greet Mr. Godfrey as he waved from the cockpit of the neat little plane was Dick Alken, latent contest winner. Dick then got completely separated from him by the onrush of the bobby soxers who thrust forward slips of paper, dollar bills and anything suitable for an autograph. Dismounting from the plane Mr. Godfrey good naturedly signed them on the wing of the plane. He wore a casual outfit with a sport jacket and orange trousers that some said were pajamas. His face was red and burned by the Miami sun.

He was greeted by Mayor Robert Williams, Sheriff P. A. Mero, with whom he joked about the deputy badge, that Mero had presented him, Chamber of Commerce Manager Edward Higgins, Arch McDonald, Washington CBS commentator, A. C. Slaughter, secretary of the Greater Orlando Chamber of Commerce, and Ed Zorian, president of the Orlando Junior Chamber of Commerce, among other officials.

Preceded by the screaming sirens of the Highway Patrol cars Mr. Godfrey was taken to the Mayfair Inn where he registered, then retired to his room to change clothes. On entering (Continued on Page Two)

Congress Passes Tax Cut Bill Over Truman's Veto; Foreign Aid Bill Approved

Six Billion Dollar Check Against Communism Roars To Final Approval

WASHINGTON, Apr. 2 (AP)—Congress today sent the \$6,098,000,000 foreign aid bill to the White House for President Truman's signature. Senate approval of the single-package aid measure by voice vote completed congressional action. A few hours earlier the House had passed it by a thumping 317 to 75 vote.

The House thundered approval today of the \$6,098,000,000 foreign aid program to check the rush of Communism across two continents. The vote was 317 to 75.

Voting for the bill were 167 Republicans and 150 Democrats. Against it were 62 Republicans, 11 Democrats and two American laborites.

Senate passage scheduled before tonight will send the measure to President Truman's desk to be signed into law.

Mr. Truman is expected to act swiftly. That will let China and friendly nations in Europe know definitely that America's biggest peacetime project of overseas aid is under way.

The Administration is all set to start the relief rolling. What the House approved was a final, compromise plan worked out late last night by Senate-House foreign affairs experts.

It includes a \$5,300,000,000 program, \$275,000,000 for military help for Greece and Turkey, \$400,000,000 in economic and military aid for China, and \$600,000,000 for the United Nations fund for children.

The compromise bill was agreed to unanimously by Senate and House conferees only 15 minutes ahead of the midnight deadline that had to be met to permit passage today.

Approval by the two houses will send the measure to President Truman's desk for signature ahead (Continued on Page Two)

Alabama Demos To Discuss Election At Special Meet

MONTGOMERY, Ala., Apr. 2 (AP)—A special session of the State Democratic Executive Committee will convene here Monday. This meeting may throw some light on Alabama's course in the November presidential election.

The special call was made last night by Committee Chairman Gessner T. McCorvey in Mobile. McCorvey said he will ask the party leaders to recommend what Alabama's delegates to the Democratic National Convention and her presidential electors should do "in the current political situation."

McCorvey's call followed yesterday's call by the Alabama State Democratic Executive Committee.

Early Action Seen In Coal Strike

WASHINGTON, Apr. 2 (AP)—The Truman Administration was reported today about decided to seek a court order to stop the 19 day old coal strike.

Giving weight to these reports from top government officials was the decision of Attorney General Tom Clark to pass up an out of town date and stay in the capital because of the strike situation.

Action was expected tomorrow when Mr. Truman returns to Washington from his trip to Williamsburg, Va. Clark evidently wants to be on hand to receive the possible presidential order to get out a court injunction under the Taft-Hartley Law.

How New Tax Law Will Help You

WASHINGTON, Apr. 2 (AP)—Here is how the new tax law works:

1. Grants relief to all the 52,000,000 taxpayers, ranging from 100 per cent in the lowest income bracket to 5 per cent in the higher brackets. It removes 7,400,000 people from the tax rolls completely.

2. Reduces, effective May 1, all tax withholdings from pay envelopes and salary checks. Since the reduction is retroactive to Jan. 1, taxpayers will get refunds next year on such overpayments from 1947.

3. Additional percentage cuts. These are figured in after the preliminary tax estimate is made on the basis of old law rates, but using the increased personal exemptions and the community property principle. These extra cuts are provided as follows:

1. A \$100 increase in personal exemptions—from \$500 to \$600.

2. Application of the "community property" principle to all states. This permits husbands and wives to split the family income equally for tax-reporting purposes—thus holding the tax rates at lower bracket levels. A dozen states now have this principle by local law.

3. Additional percentage cuts. These are figured in after the preliminary tax estimate is made on the basis of old law rates, but using the increased personal exemptions and the community property principle. These extra cuts are provided as follows:

1. A 12 per cent cut in the tax on the first \$2,000 of income after deductions and exemptions.

2. A 7 per cent cut in the tax on the next \$2,000 of income above \$2,000 and up to \$40,000.

3. A 5 per cent cut in the tax on any part of a person's income above \$40,000.

(These percentage cuts are in addition to the 5 per cent reduction in effect since 1947.)

4. An additional \$600 exemption for persons 65 years of age or older, bringing their total personal exemption to \$1,200. Exemptions for blind persons also (Continued on Page Two)

Senate Votes 77-10 To Over-Ride Veto; Vote In The House Was 311 to 88

WASHINGTON, Apr. 2 (AP)—Congress today enacted into law over President Truman's veto a \$4,800,000,000 income tax cut for America's 52,000,000 taxpayers.

Passage of the bill through the tax slash effective as of last Jan. 1 was clinched when the Senate rolled up better than the two-thirds majority required to kill a veto.

The Senate vote was 77 to 10. This was 19 votes more than needed.

Before the Senate acted, the House had voted 311 to 88 to override the Presidential dissent. That was 45 votes to spare.

In the House voting, 229 Republicans and 82 Democrats voted to override. Supporting the veto were 84 Democrats, two Republicans and the two American Labor Party members. The Republicans were Representatives Carl Anderson of Minnesota and Morton of Kentucky.

With both chambers piling up more than the necessary two-thirds margin, the Republican-sponsored bill thus became a law at the moment the Senate vote was announced.

In his veto message, Mr. Truman said the tax-cutting bill would "undermine the soundness of our government finances at a time when world peace depends on the strength of the United States."

His veto was no surprise. The President had made it clear in advance that he was opposed to any tax reduction for individuals which was not offset by higher corporation taxes. The GOP-backed measure does not increase any.

Speaker Martin (B-Mass) said Congress can nix the tax cut and still meet the government's spending needs for a stronger national defense. There were similar comments from other Republicans (Continued on Page Two)

Andrew Gordian Held For Mitchell's Death

The alleged shooting occurred Wednesday evening near Ocala on the St. Johns River bank.

The report stated that a coroner's jury yesterday made inquest into the death by J. B. Mitchell and "that he came to his death by rifle shot at the hands of one Andrew Gordian. RUSSIAN ROULETTE
MINNEAPOLIS, Apr. 2 (AP)—Patrolman William Porter shot himself in the head with his service revolver today while playing a game known as Russian roulette.

Police Inspector Eugene Bernath, who reported details of the shooting, said the 24 year old policeman probably would die. The bullet pierced Porter's right temple and emerged from the top of his head.

Russian roulette is a game wherein the players remove all but one of the cartridges in a revolver, spin the cylinder, then place the muzzle against the temple and pull the trigger.

Miss Schmidt, a dancer from Toledo, O., was sentenced last December for shooting John Lester Moe of Chicago aboard his yacht in Havana harbor. The shooting took place on Apr. 8, 1947. Moe died five days later.
