

## Commissioner Hits Inequity In Tax Roll

City Commissioner Earl Higginbotham criticized inequities on the city tax roll and said "something is rotten in Denmark" when the Woodruff Building is on the books at \$40,000 and an offer of \$125,000 was turned down for purchase.

He made the statement after the board discussed for more than two hours a proposed inspection of all downtown buildings in Sanford.

City Attorney William Hutchison Jr. asked the commission to back up inspectors Mack Cleveland Sr. and H. L. Yelvington on the inspections and not be afraid of the consequences.

Previously the board had recommended that the Woodruff Building, along with other buildings, be inspected and that any fire, safety or health hazards be brought to the attention of the owners.

Moreover, the board tabled action on the matter after it came to light that Ralph Woodruff, principal owner of the First St. Building would be in town within the next two weeks and plans to renovate the front of the building and possibly remodel it.

In other business the commissioners agreed to relocate a proposed Police Clubhouse on the east side of Mill Creek by Seminole Blvd.

Authorized City Manager W. F. Knowles to purchase a motor for standby fire pump.

Table action on rezoning 25th St. and Elm Ave. pending a joint meeting with the City Zoning and Planning Board.

Reappointed John Fitzpatrick and Howard Monteith to the Sanford Housing Authority.

Agreed to install and light one billboard advertising Sanford and Seminole County at a cost of approximately \$130. The Chamber of Commerce had asked the city to pay for two billboards.

Agreed to give an additional \$1,385 to the General Sanford Memorial Library.

## A3D Crew Safe After 'Bail Out'

Three crewmembers of local squadron VAH-11 aboard the U. S. S. Franklin D. Roosevelt, parachuted to safety on the night of May 7 near the island of Crete in the Mediterranean Sea and their A3D aircraft crashed in an uninhabited area of Crete.

The A3D had been damaged during a night landing approach to the Roosevelt. Damage to the aircraft arresting hook and hydraulic system made it unlikely that the plane could be landed safely aboard the carrier.

The pilot turned the aircraft toward the island of Crete where a landing could be made on the field at Souda Bay. Fuel exhaustion occurred 10 miles from the field and the crew parachuted from the plane. All three crew members landed safely and are in good physical condition.

The pilot of the plane was Lt. (jg) Jerry Gail Knutsen, who resides at 119 Asaules Lane, Sunland Estates, Sanford. The bombardier was Ensign Charlie R. Bone and the third crewman was Petty Officer Third Class Sidney L. Humphreys.

## Congress Asked To Blockade Cuba

WASHINGTON (UPI)—A member of the House Foreign Affairs Committee asked Congress today to go on record as favoring an immediate air and naval blockade of Cuba.

The resolution was introduced by Rep. Chester E. Merrow, (R-N.H.), a member of the subcommittee on Latin America. He said the blockade should be imposed as a strong reaffirmation of the Monroe Doctrine.

That old clock is back in the news again.

City Manager W. E. Knowles told the City Commission Monday night that Morris Moses, whose father donated the clock to the merchants 30 years ago, wants it placed on the bandshell pier and it seems the commission would like it by the Elks Club. The board asked Knowles to meet with Moses and see what he thinks of the idea of placing it by the Elks Club. At the present time, the clock is by the shuffleboard courts. If some decision isn't reached soon, Knowles said he would bring the clock into the City Commission chambers.

The Chamber of Commerce has paid homage to B. L. Perkins Sr. who died last week.

The resolution cites the many years of service Perkins performed for the community and "recognizes the faithful and contributing service" Perkins gave to the city, county, state and nation.

Sanford will get a McVicar Store within the next few weeks.

The firm, which has stores throughout the South, has leased the old Sanford Gas Company store on First St. The business deals in greeting cards, gifts and books.

There's a bill in the legislature that many Sanford public officials are "awakening out."

The bill, if passed, would eliminate public officials from taking part-time jobs to supplement their incomes.

Members of the Seminole County Chamber of Commerce Coffee Club will be guests of Capt. Robert Slye, commanding officer of the Sanford Naval Air Station Thursday at 10 a.m. The meeting has been moved up to preclude conflict with the activities planned the following week which will be in observance of Armed Forces Day.

## County Facing Rights Of Way Woe

County officials are expected to have their hands full getting rights-of-way for the Bear Lake Road project.

At a meeting of more than 100 property owners Monday, with County Engineer Carlton Bliss and members of the County Commission, a great deal of opposition was raised to the road widening project with many owners afraid that if the road is widened it "would be smack against their homes," Bliss said today.

The meeting was held for the purpose of discussing the project and question upon question was asked of the commission on widening the road from 18 feet to 24 feet.

The commission already has authorized Bliss to start work on the project but unless rights-of-way from some 45 property owners on the first stretch of the road are given, the project could meet a long delay.

## Board Okays Bliss Assistant

The County Commission today agreed to hire an assistant engineer to help with the workload in the County engineer's office.

The salary of the assistant was not discussed.

## Williams Asks Closer Ties With Sanford

District 2 County Commissioner Ted Williams told the City Commission Monday that if it were against any redistricting, he would ask the county board to drop the whole matter "and leave the county as it is."

Williams, who represents Sanford on the county board, appeared before the city commission to ask for a joint meeting of both boards to "iron out differences."

A tentative date for the joint meeting was set for next Wednesday at Williams' camp by Wekiva Springs "where we can eat some steak and just talk out our differences," Williams said.

The majority of the board Monday felt that Sanford would be hurt by any "pie-slicing" of Sanford that had been proposed.

"We want it just the way it is," Commissioner J. H. Crapps said.

Williams said he wanted to work with the city board and urged "closer ties."

## Casselberry Hears 'Status' Opinion

The Casselberry Board of Aldermen heard legal opinion on the "Status of Incorporation of the Town of Casselberry" from Atty. Kenneth McIntosh Monday.

McIntosh informed the board that although there is no document on record officially entitled "charter," the town is operating legally and according to the Florida statutes.

He informed that in searching out the records he found a "Notice of Meeting To Organize," dated Oct. 10, 1940, which was approved by a 35 to 1 vote.

He advised the board, however, that all ordinances with regards to annexation of properties to the municipal limits of the Town of Casselberry should be included in the records of Seminole County and urged that this action not be delayed.

Board members spent some time in discussion of recommended alterations to the proposed charter suggested by Rep. Gordon Frederick in Tallahassee and mailed back for consideration at the meeting.

A motion from Rohn Lady that final work on the document be completed at the Monday meeting received a second from Mrs. Hope Bennett.

If legislative approval is granted, the charter still must be put to a referendum vote of the townspeople before it becomes official.

## Floods Ravage Midwest Towns

By United Press International  
Midwest floods all but isolated the nation's new population center of Centralia, Ill., today and besieged more towns in Indiana and Kentucky.

The downpours and torrid storms which started pouring through the midlands had stopped in most areas. They left at least 24 persons dead, millions of dollars' damage, and the threat of new floods.

Indiana's White River, bloated by a three months' supply of rain in just four days, surged toward its greatest height in 24 years. The south fork of the Licking River threatened to hit Falmouth, Ky., with its most powerful crest in years.

Centralia and other cities in the southern Illinois area known as "Egypt" look the heaviest blows from the flood waters. Water supply and sewage facilities were crippled. National Guardsmen worked on the levees and boats toured the flood waters searching for refugees.

## We 'Wuz' Only Foolin'

GAINESVILLE (UPI)—Pro-dawn h-jinks with Albert, 12-foot alligator mascot of the University of Florida, brought one-year disciplinary probation terms Monday to three of the school's star football players.

The punishment, levied by a faculty committee, could mean that junior half-backs Bob Hoover and Dick Skelly and field goal specialist Billy Cash may be barred from competition this season.

The news of the punishment against Hoover and Skelly brought a groan from backfield coach Pepper Rodgers.

"They're the big part of the strength of our team," Rodgers said. "If anything happens to them, I'm going to have a realapse for sure."

Coach Ray Graves, after hearing a statement by Dr. J. Wayne Reitz, university president, said there was a "good chance" that the three could play this year.

Assistant coach Jimmy Dunn said the three tangled with Albert on April 29, after the players had accepted a wager from fraternity brothers that they could not take the alligator from his pen and hold him on land for five minutes.

Dunn said he carried a hatchet as a "precaution" when they entered the pen and Skelly "must have hit him (Albert) on the tail." The players stoutly denied they were trying to harm the 29-year-old alligator.

# New Redistricting Proposed

The county's redistricting committee today presented the County Commission with revised plans for redistricting the entire county and increasing voting precincts from 16 to 22.

The board agreed to consider the plans and discuss them at length at a later date.

The redistricting committee is comprised of County Engineer Carlton Bliss, Zoning Director Robert Brown and Supervisor of Registrar Camilla Bruce.

Under the revised plan, Sanford would be split up between commissioners from District 1, 2 and 5, the way it is now, and only Oviedo will have one commissioner overseeing it.

Preliminary plans had called for a pie slicing of Sanford.

Under the revised plan, District 1 will cover east of French Ave., north of 13th St.; including east of Mellenville and east of Sanford south of 20th St. District 2—Between

French and Mellenville Aves. between 18th and 25th St. and all of Sanford south of 20th St.; District 3—south of Lake Mary Blvd. west of the Atlantic Coast Line railroad track; District 4—south of the Longwood-Oviedo Road including Lake Jessup, Oviedo and Geneva Rd. and east of Hwy. 17-92; District 5—West of French Ave., north of 25th St. including Lake Mary north of Lake Mary Blvd.

# The Sanford Herald

VOL. 53 United Press Leased Wire Established 1908 TUESDAY, MAY 9, 1961 SANFORD, FLORIDA NO. 187

### Bulletin

WASHINGTON (UPI)—A House education subcommittee today approved a \$3.3 billion public school aid bill carrying more money than President Kennedy asked and endorsing most of his educational program. The vote was 4-3, with Democrats solidly for and Republicans against.

# Countywide Drainage Bill Out

The County Commission today by a 3-2 vote ruled out a countywide drainage levy for Seminole County and voted to ask the legislative delegation to draw up a local bill giving the board the authority to expend money from

the Road and Bridge Fund for water management purposes.

Opposing the move was District 4 Commissioner Vernon Dunn and District 3 Commissioner Ted Williams. Williams called on all communities and organizations who opposed the move to write the delegation in Tallahassee for support.

Williams said he favored the establishment of drainage districts and didn't think the people of communities and organizations Sanford should be burdened with

worrying about the drainage woes of swampy areas in other parts of the county.

Dunn said the board might have to increase the road and bridge fund and that he didn't think the commission should take it upon itself to assess any levy out of the road and bridge fund.

Avery said "this bill only will legalize what we are doing now and I see no harm in it."

The matter was brought up last week and the motion was killed when Chairman J. C. Hutchison abstained his vote. However, today Hutchison said he had a change of mind and didn't see any harm in the bill.

Avery spelled out special provisions to be drawn into the bill including that all monies taken out of the fund must be used for a county purpose.

He said that "if the bill is passed we can get up to 90 per cent matching funds from the government to carry out water management projects."

★★★

## Commission Okays Orange Ave. Job

The County Commission by a 4-1 vote today agreed to participate with the city of Longwood and the School Board in paving Orange Ave.

District 3 Commissioner James P. Avery, who last week said he would not bring the matter up again, apparently changed his mind and asked to board to aid the community in eliminating this dangerous condition.

Opposing the motion was District 4 Commissioner Vernon Dunn who wanted to straighten out the legal question before voting on whether the county had the right to join a city in a road project.

It was the fifth week in a row Avery brought the matter up. The county will supply the labor for the project.

### News Briefs

#### Mother's Day

WASHINGTON (UPI)—President Kennedy has proclaimed next Sunday Mother's Day. He said Monday it was a tribute to the strength of the American home.

CRYSTAL LAKE PARK DEDICATION CEREMONIES Monday morning were attended by members of the Jaycees, who did all the work and made all the improvements to the area and presented it to the county as part of their civic improvement plans. From left, seated are County Commissioner, James Avery; Acting President of the Lake Mary C. of C., Al Case and Jaycee President, John Alexander. Standing, from left, Project Chairman, Glenn McCall; Navy Chief Durham Carnea and Sanford Mayor Joe Baker. (Herald Photo)

#### No News Meet

WASHINGTON (UPI)—President Kennedy will not have a news conference this week. Asked why, White House press secretary Pierre Salinger said, "he's just not going to have one."

#### Cooper Unchanged

HOLLYWOOD (UPI)—Gary Cooper, suffering from cancer, slept most of today in his Bel-Air home but his condition remained unchanged, the 60-year-old star's doctor reported.

#### Back In Business

CHICAGO (UPI)—Film entertainer Ronald Reagan has said the Communist party has renewed its infiltration of the movie and television industry "under the umbrella of Harry Bridges' Maritime Union."

#### Liz Okay

HOLLYWOOD (UPI)—Elizabeth Taylor was reported recovering satisfactorily today from a brief fever which caused her husband singer Eddie Fisher, to cancel his part in a major Hollywood charity affair.

#### Congratulates U. S.

UNITED NATIONS, N.Y. (UPI)—Secretary General Dag Hammarskjöld congratulated the United States on last week's space flight and said in a message received Monday he hoped its results "may be used only for peaceful purposes and for the general benefit of mankind."

## County Code Passes Major Hurdle

TALLAHASSEE (UPI)—Bills to ban liquor price advertising and give a limited "home rule" to counties cleared major hurdles in the Legislature today.

The House Local Government Committee gave unanimous approval to a county code loosening the Legislature's power over county government.

The House Temperance Committee approved 7-2 a bill prohibiting advertising of whiskey prices, despite charges by opponents that it was "a price fixing measure."

The whiskey bill had the token endorsement of Gov. Farris Bryant, who suggested it might be an inducement to temperance by eliminating the lure of cut-rate prices.

But Rep. Robert Mann of Hillsborough said if the Legislature wanted to curb whiskey drinking, it could do it more effectively by putting a substantial tax on liquor or by setting up state-owned liquor stores.

"The origin of this bill is obscure," Mann charged. "It did not originate with the temperance people but with the special whiskey interests."

"This is the kind of legislation that puts the Legislature into complete disrepute," Mann said.

The sponsor, Rep. Don Fuqua of Calhoun, said the bill would cut down on liquor drinking. Full-page advertisements of cut-rate prices induce a man to buy more whiskey than he can afford, Fuqua said.

The bill does not prohibit advertising of liquor, but bars the mention of prices.

The county code gives counties a limited form of home rule, but its main objective is to eliminate duplications of taxation. It eliminates taxes on persons living in cities for fire protection in rural areas.

#### Hundreds Believed Stranded In Havana

MIAMI (UPI)—An American woman fleeing Fidel Castro's Cuba said Monday night "hundreds" of Americans are stranded in Havana, unable to get clearance to leave or space on outgoing planes.

"Nobody helps us," the refugee said. "I don't know why the State Department doesn't do anything. I was two weeks trying to get out of there."

"Am I glad to be here? I could almost get down and kiss the ground."

The Castro newspaper Combate reported in Havana Monday that about 2,000 Roman Catholic churchmen — most of them Spaniards — had applied for exit permits since Castro declared that foreign priests who don't like this revolutionary government would have to get out of the country.

#### Reds Turn Back On Laos Talks

VIENTIANE, Laos (UPI)—The government of Laos started working with a three-nation peace team today but leaders of the pro-Communist rebels turned their backs and flew off to Geneva.

The rebel action handicapped the reactivated International Control Commission right at the start of its mission to cool off the Laotian crisis.

The commission — composed of India, Canada and Poland — arrived Monday to help fix, supervise and control a cease fire which has been in effect since last Wednesday.

#### Two Americans Sent To Gallows

NASSAU, Bahamas (UPI)—Two Americans known as the "pirates of Elbow Cay" died on the gallows at Foxhill prison today, the first while men to be hanged in the Bahamas in more than 200 years. Both had been convicted of murder.

Alvin Table Jr., 26, of Bridgeport, N. J., was executed first. He was followed by Billy W. Ezer, 21, of Etowah, Ark., actual slayer of Florida fishing boat captain Angus Boatwright.

#### Shepard Ready To Resume Job

WASHINGTON (UPI)—Astronaut Alan B. Shepard Jr. was ready to resume the rigorous Mercury space training program today apparently convinced that it won't be as tough as being feted as a national hero.

Shepard appeared relieved when he boarded a plane for Langley, Va., Monday after a long, wearying day during which the nation's capital gave him a welcome reserved for the great.

At the Langley Air Force Base, Shepard will spend the day with his wife and other relatives before returning to Cape Canaveral, to prepare for the next goal in the Mercury program—Putting a man in orbit around the earth.

Although he got a kiss from his wife, a medal from President Kennedy, praise from Congress and cheers from an estimated 250,000 fellow citizens, Shepard Monday looked like a man glad to get back to work.

#### Reinforcements Sent To Congo

LEOPOLDVILLE, The Congo (UPI)—The United Nations dispatched troop reinforcements today to the South Kasai Province rail center of Port Francqui where Ghananian U. N. troops were reported massacred 12 days ago.

The survivors of the April 27 clash with Congolese soldiers already have been flown to the South Kasai capital of Lulabourg.

The exact toll at Port Francqui is not known, but at least 42 UN personnel are reported missing, including two British and two Swedish officers.

C. De Graft Dickson, Ghana's minister of defense, gave detailed account of the incident in Accra Monday.

Dickson said the 80-man Ghananian garrison had gotten along very well with the 190 Congolese soldiers stationed at Port Francqui until 200 Congolese reinforcements arrived and started stirring up trouble.

#### Negro Escapes City Work Gang

A Negro prisoner escaped from the City work gang in a section of Goldboro Monday morning and eluded police by fleeing down side streets and alleys, throwing away his clothing as he ran.

Thomas Lee Hachway, serving 30 days and 75 days for drunkenness and disorderly conduct was still at large at noon today.

## Unemployment Threat To Be Aired At Hearing

ATLANTA (UPI) — Labor officials were expected to testify today that the proposed Atlantic Coast Line and Seaboard Air Line railroad merger would result in a loss of railway workers' jobs.

Central of Georgia railway traffic superintendent H. W. Waters testified at the opening day of the Interstate Commerce Commission hearing here Monday that the merger would be a "terrible blow" to Central.

## Priest Accused On Running Games For Funds

GROVES, Tex. (UPI) — There are times when Dist. Atty. W. G. Walley would rather dig ditches for a living, or just about anything else. And this is one of them.

"This case is just about as touchy as they come," Walley said today.

It started with the bazaar Sunday at the Immaculate Conception Roman Catholic Church. It's an annual event the church holds to raise funds to pay off the church debt.

Rev. Charles R. Johnson, pastor of the Wheatley Memorial Baptist Church, had a gambling charge filed against the Rev. B. J. Marino, pastor of the Catholic Church, for letting games of chance run at the bazaar.

It's a delicate situation. And the way Walley looks at it, no matter what happens, he stands to be a loser.

There are more Catholics in Groves than there are in many sections of Texas, and any disposition of the case is likely to make somebody unhappy.

The Rev. Mr. Johnson went to Father Marino's bazaar to look for gambling. Father Marino said he ordered the Rev. Mr. Johnson to leave because he considered him "undesirable and looking for trouble."

The Rev. Mr. Johnson said Father Marino told him — and he has witnesses — "you get the hell off my property."

"I didn't say anything at all," the Rev. Mr. Johnson said. "I didn't file any complaint. Dist. Atty. Walley filed the complaint . . . at my request."

"We've done it (run bazaars) for 15 years and nobody has complained before," Father Marino said.

"He was selling lottery tickets, spinning a wheel for silver dollars and pitching pennies for a payoff . . . and that's against state law," the Rev. Mr. Johnson charged.

"He and his congregation sold three raffle tickets on a new automobile to a 15-year-old boy who is a member of my congregation."

"Monday, Walley ordered a full investigation of the gambling charge. He said his assistant, John Dewitt, would make a report before any decision was reached on whether to prosecute."

## Shepard Finds Christian Science Gave Him Comfort And Faith

WASHINGTON (UPI) — Space traveler Alan B. Shepard Jr. and his wife Louise found their religion, Christian Science, gave them comfort and faith that all would be well during his daring rocket flight.

But both of them would be the first to say that everyone's prayers helped.

They feel the role of religion was a personal, individual one for them.

Shepard was asked at his news conference Monday if he felt the "same way" as Col. Robert L. Scott of the Flying Tigers when he wrote "God is My Co-Pilot."

The astronaut looked serious for a moment and then said: "All seven of us (the astronauts) have a religious faith which we express in our own individual way."

Equally tactful 34-year-old Mrs. Shepard said, "I think everyone's religion helps in a time like this. All the prayers helped."

"But her mother, Mrs. Russell P. Brewer of Kennett Square, Pa., was inclined to give Christian Science a special significance in her son-in-law's safe return to earth.

"Oh, our religion did help," she

## Mental Health Problems Aired By Association

A proclamation signed by Gov. Farris Bryant, calling for Mental Health Week, last week, was read to members of the Mental Health

Assn. of Seminole County at their recent meeting.

Rev. Ernest Bolick, presiding at the meeting, read the thoughts presented in the proclamation, which listed the disadvantages in the treatment of the mentally ill in state hospitals because of a continuing shortage of trained mental health professionals. The group was urged to inform young people on the prospects of adopting careers in the field of mental health.

Mrs. Sidney Ives III, reported on the work of the Family Counseling Service.

Rev. Bolick told the members of his contact with the Sheriff's office and that he had been informed by Sheriff Hobby that facilities have been incorporated into the plans for the new county jail for the safe confinement of mentally ill persons, who are suffering from violent disturbances. The facilities consist of two "Creech" cells, designed by a man with experience in these fields. The special construction of the cells prevents as far as possible, self-inflicted injuries by the disturbed persons.

Facilities at the local hospital were also discussed by the members.

A film strip on mentally disturbed juveniles will be shown at the next meeting, under the direction of John McDermott, mental health coordinator at the County Health Unit.

## DeBary BPW Hears 'Funds' Talk

The May meeting of DeBary's Business and Professional Women was held at the offices of Dr. George Frison with E. E. Patterson of Daytona as guest speaker. Subject topic was "Mutual Funds."

Miss Sally Neider showed films taken when members of several clubs visited the proposed retirement BPW home site at Kissimmee. A \$100 expense account was approved for the delegate and alternates to attend the state convention in Pensacola.

The next local meeting will be held at the poolside of Dorothy Papineau's home when members will enjoy a covered dish meal and barbecue after the business session.

# Party Honors Miss Carol Trepanier

Miss Carol Jean Trepanier was guest of honor at a graduation party at the lovely home of Mrs. Robert J. d'Aversa, 401 Summerlin Ave., Wednesday afternoon. The guests gathered in the patio overlooking the Oriental Garden of the d'Aversa home.

Mrs. Dorothy T. Odham served as floating hostess and the honoree's aunts, Mrs. Jeno F. Paulucci, of Sanford and Duluth, Minn. and Mrs. Kelly J. Cardiff, of Duluth, presided at the punch bowl.

Yellow Sweetheart Rose corsages were presented to Miss Trepanier and her mother, Mrs. Leo C. Trepanier. The honoree also received a graduation gift from the hostess.

The serving table was overlaid with a white Italian hand cutwork linen cloth and held sterling silver and crystal appointments. The center piece was a white and gold globe of the world, topped with black mortar board surrounded by fern, gardenias and yellow mums.

Yellow roses molded in ice floated in the fruit punch. Served with the punch were assorted tea sandwiches in various shapes, including fans, hats and diplomas. Petit fours, yellow rosebud butter mints and nuts were also served.

Guests who called between 4:30 and 6 p.m. were Bonnie Steiruck, Penny Anderson, Niki Ashby, Rita Beasley, Barbara Bradley, Debbie Bruce, Carrel Crim, Madeline Derkis, Dede Dietrichs, Eve Dossay, Sandra Wood, Carol Ellison, Debbie Fisher, Vickie Ferguson, Geanne Gorman, Susan Haysch, Margaret and Suzanne Jones, Sandra Kader, Dolores Kirsch, Bonnie Lee, Judy Ludwig, Phyllis McDaniel, Betty McNeill, Susan Tallman, Joan Miller, Barbara Moses, Deanna Nichols, Helen Pittard, Rosalyn Ratliff, Ethel Lee Riser, Sunny Skinner, Pat Smith, Rosemary Southward, Angie Stewart, Mary Anne Watson, Betsy Gwynne, Linda and Myrna Williams and Mrs. H. J. Lee.

GROUPED AROUND THE REFRESHMENT TABLE at the party honoring Miss Carol Jean Trepanier, are from left, Mrs. Robert J. d'Aversa, hostess; Miss Trepanier, her mother, Mrs. Leo C. Trepanier; Mrs. Kelly Cardiff and Mrs. Jeno Paulucci, aunts of the honoree. (Herald Photo)

MISS GLADYS ELIZABETH STUDEBAKER (Photo By Jameson)

# Studebaker-Elder Wedding Planned

Mr. and Mrs. Burton D. Studebaker, 100 East 27th St., Sanford, announce the engagement and approaching marriage of their daughter, Gladys Elizabeth, to William Charles Elder, son of Mr. and Mrs. W. Lee Elder, Route 2, Sanford.

The Elder family moved to Sanford from North Wilkesboro. A June wedding is being planned.

# Newlyweds Visit At Skewes Home In Lake Mary

Mr. and Mrs. Kenneth Richardson, have returned to their home in Greenville, S. C. after a visit with Mr. and Mrs. John H. Skewes, in Lake Mary.

Mr. Richardson is the former Sandra Skewes, daughter of Mr. and Mrs. O. H. Skewes, of Manassas, Va. The couple was married in Manassas April 15 and came to Florida on their honeymoon.

Mr. Richardson is in the Air Force, stationed in Greenville. He was recently transferred there from California.

# Church Calendar WEDNESDAY

First Baptist Church parent-teacher night for the entire Sunday School, starting at 7:30 p.m.

First Presbyterian Women of the Church Circle 8, meets at 9:45 a.m. with Mrs. Bev. Stewart, 101 W. Jenkins Circle.

# Thrifty Nifty

You can save on cosmetic expenses if you use lipstick evenly, down to the last bit in the case. The best way to do this is to apply lipstick with a brush.

# Zeta Xi Sorority Installs Officers

Members of the Zeta Xi Chapter of Beta Sigma Phi met in the Caucus room of the First Federal Building and Loan building, for the regular meeting and to complete plans for the fashion show held at Yowell's last Friday night.

Installation of new officers was held. They were Mrs. Gary S. Hudgins, president; Miss Joan Wright, vice president; Mrs. J. T. Corley, recording secretary; Miss Irma Corley, corresponding secretary and Miss Judy Bentley, treasurer. Mrs. Philip R. Bach is director.

Mrs. Robert L. Reaves, past president, served as installing officer. Following the installation, a program and social hour was enjoyed with Mrs. Bill Gordon and Mrs. Leon Swain as hostesses. Others present were Mrs. W. L. Tyre, Mrs. Jim Lyons, Mrs. Alvin Kilpatrick, Mrs. Monica Dickey, Mrs. Sam Dickey, Mrs. Frederick Wilson, Miss Sonja Monforton, Miss Mary Ann Wright, Mrs. Bach and all of the new officers.

NEW OFFICERS OF ZETA XI SORORITY installed at a recent meeting are left to right, (seated) Mrs. J. T. Corley and Miss Irma Corley, recording and corresponding secretaries; Miss Judy Bentley, treasurer. Standing, Mrs. Philip R. Bach, director; Mrs. Gary S. Hudgins, president and Miss Joan Wright, vice president. (Herald Photo)

# Sanford BPO Does Hold Spring Dance

Among the many activities sponsored by the Sanford Drove 160 BPO Does was the spring dance, which was held at the Elks Club recently.

Each guest was presented with a corsage as they entered the club, and the room and tables were attractively decorated with greenery and carnations.

Music was provided by "The Toppers", along with Phillip Boyd, who sang several of the songs that he has written, composed and recorded.

A delightful floor show was presented in the form of a fashion show. The models in the show were husbands of the Does and modeled latest fashions from Paris.

Models were (Pepie) Pete Bowersox, (Stephanie) Steve Androska, (Janice) P. P. Donahue, (Willa Mae) Bill Hardin, (Bobbie) Bill Billinger, and (Mitzie) Marshall Langston. Narrator was Mrs. Viola Kastner.

The success of the dance was attributed to Peggy Hardin and her fine committee.

At the regular meeting of the Does, president Virginia Bowersox, welcomed Mrs. Finley Nash as a new member, when initiation ceremonies were held in her honor.

Members discussed plans for entertainment and money making projects to be held during the summer months. Refreshments of cookies and punch were served during the social hour.

Members present for the initiation of Mrs. Nash were: Mrs. A. P. Bowersox, Miss Nancy Foster, Mrs. Merrill Foster, Mrs. Ralph Jones, Mrs. Brad Foley, Mrs. Richard Mapes, Mrs. Kastner, Mrs. George DiMattio, Mrs. John McClosky, Mrs. James Smith, Mrs. Pete Bukur, Mrs. H. Dishrow, Mrs. Stephen Androsko, Mrs. John McDonald, Mrs. Finley Nash, Mrs. Robert Caruthers, Mrs. Bernard Wolford, Mrs. John Donahue, Mrs. John Piere, Mrs. Penn Rahn, Mrs. Marshall Langston, Mrs. Robert Karkaker and Mrs. Wesley Barber.

# Local Events WEDNESDAY

Annual May Breakfast for the Social Department of the Sanford Woman's Club, 9 a.m. at the club house, followed by bridge and canasta games during the morning.

It is just as well not to mention having seen an acquaintance's picture in the paper, if the picture was poor.

# Farrell Just What 'Bums' Need

United Press International  
It looks like 1959 all over again for manager Walt Alton, who has only to signal to the bullpen and the Los Angeles Dodgers, rivals "is dead."

It was Larry Sherry who came marching out of the bullpen in '59 when the Dodgers won the world championship but this year it looks like it will be Dick Farrell a 6-foot, 3-inch, 210-pound fireballer obtained May 4 from the Philadelphia Phillies.

Farrell, who throws even harder than Sherry, demonstrated his overpowering stuff again Monday night when he pitched the last four innings of the Dodgers' 4-3, 10-inning victory over the Phillies. Farrell yielded four hits and struck out four giving him a string of seven shutout relief innings, during which he has fanned

nine batters, since joining the Dodgers.

The Los Angeles Angels beat the Boston Red Sox, 6-5, despite a homer by "prodigal son" Jackie Jensen in the only other big league game of the day or night. San Francisco at Pittsburgh was rained out.

Rookie Willie Davis and veteran Gil Hodges shared the honors with Farrell as the Dodgers scored their third victory in four games and moved to within two games of idle first-place San Francisco.

Davis, the highly touted rookie whose life story is being shown on television this week, hit a two-run homer in the seventh inning that enabled the Dodgers to tie the score at 3-3. Then, Hodges, pinch-hitting for first-baseman

Norm Larker, lined reliever Chris Short's first pitch to right center for a double that scored Wally Moon with the decisive run.

The Phillies had taken a 3-0 lead against Stan Williams in the fifth on three walks, a safe bunt by pitcher Dallas Green, Johnny Callison's single and Charley Smith's sacrifice fly. It was the seventh straight loss for the Phillies.

Farrell, a native of Boston, has won three games and lost one this season. Over a period of four big league campaigns he has a 30-25 record and he was acquired by the Dodgers last week to be the late-inning "stopper" who could round out what already was one of the strongest pitching staffs in the major leagues.

Jensen, returning to the Red Sox after a week during which he considered retiring, walked twice, singled and hit a towering seventh-inning homer but it wasn't enough to prevent the Angels from winning their third straight game.

Throwing errors by pitcher Gene Conley and shortstop Don Buddin helped the Angels to score three unearned runs in the second inning. Outfielder Ken Hunt homered in the third and got the first of three consecutive singles which produced two more Los Angeles runs in the fifth. Two errors by Angel centerfielder Albie Pearson and Buddin's double highlighted the Red Sox' three-run rally in the fifth.

Ken McBride received credit for his second win of the season and Conley suffered his second loss.

## It's The New York 'Mets' Now

NEW YORK (UPI) — If you have a youngster who enjoys doodling, put him to work designing an emblem for the New York "Mets." He could win \$1,000. The New York team which will operate in the National League next season was formally christened the Mets Monday by its owner, Mrs. Charles Payson, Commissioner Ford Frick, National League President Warren Giles and George Weiss, general manager of the new club, attended the ceremony. The occasion was duly commemorated by Mrs. Payson swinging a bat (Stan Musial model) at a bottle of champagne held by club president Don Grant.

Mrs. Payson swung for the benefit of photographers, but instead of breaking the bottle, she just knocked it out of Grant's hands on to the carpeted floor.

As one was remarked: "The team's first effort showed a distinct power weakness."

Mrs. Payson then announced her offer of a \$1,000 prize to anyone with "talent and imagination" who could design a suitable emblem. Three leading sports cartoonists will judge the contest.

At the same time, Weiss announced that Dixie Howell, former Brooklyn and Pittsburgh catcher, has been signed at the Mets' 23rd scout. He will scout the area of his native Kentucky.

## Russians Win Title

BELGRADE (UPI) — Russia won the European basketball championship for the third straight year by downing Yugoslavia, 60-33, Monday night in the final. The Russians led 31-27 at halftime.

## Vikings Sign 3

ST. PAUL-MINNEAPOLIS (UPI) — The Minnesota Vikings today announced the signing of defensive tackle Bill Bishop, Ed Culpepper and Ed Masurek.

## Knicks Name Donovan Coach

NEW YORK (UPI) — Ed Donovan, new coach of the New York Knickerbockers, will have a freer hand than his predecessor in his efforts to improve the weakest club in professional basketball.

Crawcutt, 38-year-old Donovan, a "boy-wonder" coach at St. Bonaventure for the past eight years, signed a two-year contract Monday to guide the pro club which compiled a 21-58 record last season.

## Chase Upsets First Federal

Chase upset undefeated First Federal in Little League play Monday by a score of 8-7.

In other Little League action, Perfection toppled Florida State Bank, 12-9.

In Babe Ruth League play, CPO rapped Shrine, 8-2 and Civitan defeated Lake Mary, 4-2.

## Appointed AD

LEXINGTON, Va. (UPI) — Clyde L. (Duke) Ellington has been appointed director of athletics at Virginia Military Institute. He is a 1943 graduate of VMI, where he starred in football and baseball.

## Future 'Grim'; Bonnies' Cage

OLEAN, N. Y. (UPI) — The basketball future of St. Bonaventure University was grim today as the Bonnies lost their coach, Eddie Donovan, and their top sophomore player — 19-year-old Fred Crawford.

Crawford learned today he has tuberculosis which confined his teammate and roommate, All-America Tom Stith, to a hospital last week.

Donovan was signed Monday to a two-year contract as head coach of the professional New York Knickerbockers in the National Basketball Association.

The 6-4 Crawford was hospitalized Saturday after a preliminary test showed possible signs of tuberculosis. His doctor said the entire Bonnie team was examined after the report on Stith.

Further X-rays seemed to confirm the report but the doctor waited until all laboratory tests were completed Monday night before revealing that Crawford, too, had pulmonary tuberculosis.

"Fred will be lost to the Bonnies next season," the doctor said. "But we hope to have him back by the 1962-63 season."

Crawford will be transferred Wednesday to the same Mt. Morris, N. Y., sanatorium where Stith was taken last week.

Crawford, like Stith, had complained of being run down since the end of the basketball season. The doctor said the preliminary tests revealed Crawford has had this condition only a short time.

## LA Angels, Yankees Swap Players

LOS ANGELES (UPI) — Pitcher Ryne Duren, a near-sighted fireman, and Bob Cerv, who never got started on baseball's "new frontier," swapped teams today as part of a six-player trade between the New York Yankees and the Los Angeles Angels.

Officials of both clubs insisted they were well-satisfied with the deal that saw the Yankees give up Duren, relief pitcher Johnny James, outfielder Leroy Thomas and an unnamed player for Cerv and Tex Clevenger, another relief hurler.

Duren, 22, suspected star of the 1958 Yankee world championship team was expected to join the Angels today along with Thomas. James suited up here Monday night. Cerv may see action against Kansas City tonight, Yankee manager Ralph Houk indicated.

Houk, who was involved in an almost legendary 1958 skirmish with Duren, scoffed at reports Ryne was traded away because of "bad blood."

"There has never been any bad blood between us," Houk said in Kansas City. "Duren went to the Angels simply because we had to give him up in order to get Clevenger." He wouldn't comment on a report he slugged Duren in 1958 after the latter shoved a cigar in his face.

Both Angel General Manager

## Citrusmen Get Low Grapefruit Prices; Top Orange

LAKELAND (UPI) — Florida citrusmen weighed low prices for grapefruit today against an increase in orange prices, which have already broken records this season.

Oranges on the fresh market last week brought \$4-4.75 per box f.o.b. Florida packing house, an increase of about 25 cents over the previous week's prices. Oranges for concentrate brought mostly 35 cents per pound sold, up about five cents.

Fresh grapefruit prices held steady last week at \$2-2.25 per box under fairly good demand and availability. About 850 cars of grapefruit were shipped to the freshmarket, against about 725 cars of oranges.

Florida Citrus Mutual official Frank Trevillion said a few shippers had completed grapefruit business for the season, but that most were expected to operate through early June.

Trevillion said consumers spent an all-time record of \$4 million for 1.34 million gallons of orange concentrate the week of April 17-22, when concentrate prices were cut.

Robert W. Rutledge, Mutual's executive vice president, said groves were in good condition despite dry weather. He said irrigation was underway in many groves.

Rutledge based his report on a 23-county survey, excerpts of which follow:

**Polk County:** New crop spotty on early and mid-season varieties of oranges. Valencia have generally set a heavy crop. Movement of valencias is increasing as fallow improve, but pounds of solids yield is below normal. Most growers are reporting pick-ups come 30 to 40 per cent short of last year.

**Lake, Citrus and Sumter:** Irrigation, where available, is being done in all areas. Buying activity at this time limited mostly to young tree valencias.

**Orange, Osceola and Seminole:** The new crop varies in set. Hamlin generally have a pretty good crop while other early and mid-season varieties appear spotty. Movement is increasing rapidly on valencias.

**Hillsborough, Pinellas, Pasco and Hernando:** Harvesting of valencias is just getting underway. Some increase of buyer interest on the remaining valencias.

**Manatee and Sarasota:** Area showing the effects of dry weather. Normal spraying and cultivation for this time of year is going on with no unusual problems other than the drought.

**Volusia and Putnam:** DeLand area has no drastic moisture problem at this time. Bloom earlier than usual and fruit is well advanced in size now. East Volusia County suffering from lack of moisture.

**St. Lucie, Indian River and Brevard counties:** Current crop of valencias and grapefruit holding good with no unusual droppage. Good set of the valencia crop for next season with light to normal set of early and mid-season varieties. Present valencia crop being harvested and reports indicate the crop is picking out 20 to 30 per cent short of last season.

## Mrs. Sara Levy Dies In Chicago

Mrs. Sara Levy, mother of Sam Levy of Sanford, died at the home of her daughter, Mrs. Herman Wolf, in Chicago Sunday following a short illness.

Mrs. Levy, 77 years of age, had spent the last three winter seasons with her son and daughter-in-law at their Loch Arbor home and had made many friends here. Levy has been in Chicago for the past week to be with his mother. Funeral services were held Monday afternoon.

THE NEW PATIENT QUESTIONNAIRE is studied by Mrs. Al Hunt, Harry Weir, hospital administrator and Mrs. W. C. Woodruff, president of the Women's Auxiliary. The questionnaire is a new innovation of hospital service to begin this week, which is National Hospital Week.

## Anti-Communist Talk Brings Large Attendance

Lcdr. Jack Langford's "Communist Target—Youth of America," brought the largest attendance seen in many months to the Lake Mary Chamber of Commerce meeting last Thursday.

Langford opened his talk by explaining that its purpose, and of many similar ones given in the area, was to inspire patriotism.

He told how Communist propaganda infiltrating our news stands and our school classrooms, is designed to kill a natural feeling of pride in our nation. Today, he said, under normal conditions in New York City alone, there would be enough Red propaganda to fill three large warehouses. American taxpayers pay postage to ship this material to our colleges and universities and some of it is passed to the public through remedial reading courses, he said.

The speaker pointed out that this year, the Reds are waging their propaganda war on America's youth and that the effectiveness of their program with the young is due to lack of proper leadership and guidance in the homes.

He advocated that teaching should be included in the schools to recognize Communist doctrines and their "subtle method of" "degrading our nation's value and had on hand several sample copies of such materials.

Langford called for a fundamental change in the attitudes of American citizens, saying that Communism thrives only because of apathy. He suggested that the people avail themselves of facts on known Communists working in this country and that they should study some of the publications known to be Communist written and inspired in order to wage a battle against the spreading doctrines.

To remedy the situation, the American people should write their Congressmen, he said, and write letters to newspapers and magazine editors in addition to cooperating with the schools.

He suggested a community library where residents could get recommended materials and samples of the Red's publications in order to fight Communism. To get such a project underway, Rev. John Pilley donated \$5 toward the effort and suggested that others present also make contributions. He also suggested that the library should include official government reports from the

## Business Women Guests At School

The Florida Federation of Business and Professional Women's Clubs attended the State School for Girls at Ocala Sunday where members were luncheon guests.

Attending from DeBary were Mrs. Jo Peck, Mrs. Adam Muller, Mrs. Alice Robiolo and Mrs. Frank White who were assigned to the "Mayo Cottage."

The table was overlaid with a white linen cloth with a center floral arrangement of yellow snapdragons and white lilies in a bed of green fern. Serving was done by girls at the school.

A fashion show, with students modeling their own handmade garments, was followed by an exhibition at the pool and a 2:30 p. m. Chapel service with 31 girls between the ages of 13 and 16 singing in the Choir.

Mrs. J. Summers, housemother at Mayo Cottage, reported that 10 girls are assigned to each of the 10 cottages which helps provide a homelike atmosphere for the students there.

## Civic Group To See Russia

Prof. Clarence C. Shaffer will present a pictorial tour of Russia for members of the DeBary Civic Assn. who meet Tuesday at 7 p. m. in the Community Center.

On Wednesday, members will sponsor a coffee and musical program at the Center with a silver offering to go towards furnishing a room at the new West Volusia Hospital.

The Civic Assn. has pledged \$120 to the hospital. Any remaining funds are to be turned over to the association's Building Expansion program.

## Hospital Starts Opinion Poll

A new public opinion questionnaire, developed by the American Hospital Association, entitled "What do you think about our hospital?" is being introduced this week at Seminole Memorial Hospital, Harry Weir, administrator, said today.

The new questionnaire will be given to patients at discharge. Tabulations will be made of the answers given and used in developing future hospital policies.

The three aims of the questionnaire are to emphasize to patients and to hospital personnel the hospital's primary concern with the comfort of the patient; to provide a basis for reinforcing strengths and correcting deficiencies in patient care and to obtain some indication of the factors which may be related to patient attitudes.

Questions deal with such matters as the attitude of personnel in the admitting office, housekeeping, noise, food, nurses' attitudes and skills, visiting hours, hospital bills and the patients' overall impression of the hospital.

"We hope the use of this questionnaire will provide clues for the improvement of patient care and service in our hospital," said Weir.

"Because hospital care is so very personal and because it is always provided at a time of great stress, we want to learn every possible thing that can make it better and more comfortable for the patient himself."

Women excel in teaching parrots to speak. This is probably because parrots find it easier to imitate the voices of women.

## Partnership Stressed During Hospital Week

A working partnership between hospital and community is necessary if a community's health is to be maintained at its highest level, Harry Weir, administrator of Seminole Memorial Hospital, said today.

Without the hospital, many individuals would not realize their "heritage of health," while without the community's support and understanding, the hospital would be unable to meet the community's health needs, he noted.

"Your Hospital—A Community Partnership" is the theme of National Hospital Week this week. This observance first celebrated as National Hospital Day from 1921 to 1963, has since been observed as National Hospital Week. It is sponsored by the American Hospital Association and is held each year during the week of Florence Nightingales birthday (May 12).

The hospital's major responsibility is its community partnership in patient care. "The magnitude of this service is illustrated by the fact that one of every eight persons will be admitted to a hospital this year."

Patient care is constantly improving, he noted, through medical advances, the development of new equipment and services, and better training of personnel.

Two responsibilities of the hospital, which in turn are components of patient care, are education and training of personnel, and medical research. An additional responsibility of hospitals is preventive medicine. Hospitals assist in detecting and reporting communicable diseases.

The community's role in this partnership for health is equally vital, Weir said, outlining five areas of community responsibility.

Its most direct tie is through the hospital's governing board, composed of community leaders. They set the broad policies for the hospital and have complete responsibility for everything that goes on in the hospital.

The other four areas he noted were: —Community encouragement of young people to enter health careers. The shortage in medical and paramedical personnel is a serious problem for the entire health field.

—Membership in a prepayment plan such as Blue Cross. The prepayment principle provides an easy method of budgeting for hospital care and it also assures hospitals of a stable income for services provided. Under this principle, both the people who are well and

do not require hospital care in a given year, and those who are ill and require care, pay the hospital bill.

—Community support of programs which will provide adequate reimbursement and allow hospitals to maintain a more stable financial situation. Hospitals care for many patients who cannot pay their bill, but many communities do not reimburse hospitals adequately for care of welfare patients.

In conclusion, Weir commented, "Only through a full partnership of an enlightened public, a learned

and inspired medical profession and a dedicated hospital staff can the very best of health care be given."

Major Bristol participated as a panel member on the "Job Classification and Examination" panel. An informal welcome and social hour the evening of May 3 preceded the formal opening of the meeting on the morning of May 4. Mr. Kenneth Oka, Councilman of the city of Miami Beach, delivered the welcoming address to 41 delegates representing 18 states, county and local public personnel and civil service agencies throughout the state.

Speakers on the program were Professor Ed Sofen, University of Miami, whose subject was "Metro: An Analysis and Appraisal." Mr. William E. Furr, Personnel Director, Lindsey Lumber Co., spoke on "The Responsibility of Supervision."

The objectives of the association which are to foster better personnel practices in all areas of government were clearly demonstrated at the three panel sessions: "Job Classification and Examination;" "Police and Fire Problems;" "Safety Training;" and "Commissioners Institute and Problem Clinic."

## Bristol Returns From Conference

Major William E. Bristol, Assistant Secretary and Examiner of the Sanford Civil Service Board, has recently returned from a four-day conference of the Florida Association of Civil Service and Personnel Agencies in Miami Beach at the Deauville Hotel.

## Elks Plan Gala Anniversary Party

The Sanford B. P. O. Elks will celebrate their golden anniversary during the month of May. They plan several nights of entertainment to commemorate their 50th birthday.

Among the activities planned is a dance to be held May 20 at the Elks Club.

The Elks Lodge was formed in Sanford in May of 1911 with W. D. Holden as exalted ruler.

The present Seminole County Court House was built by the Sanford Elks' Lodge as their home. In 1937 they purchased the present location where they have since held all their meetings.

The officers for the 50th year are: Exalted Ruler, Russell Spencer; leading knight, Frank Holmes; loyal knight, Pete Bowersox and lecturing knight, James Buckler.

On May 11 there will be a supper exclusively for Elks, followed by the regular meeting at which time 50th-year candidates will be initiated into the club.

Among Elk dignitaries who will be present for the initiation ceremonies are Charles Picles, state president and other state officers along with officers from surrounding districts.

## NOTICE TO PROPERTY OWNERS

The 1960 Real Estate Tax List of the City of Sanford, Florida, is posted on bulletin board at the front door of the City Hall in the City of Sanford, Florida, and on bulletin board at front door of Seminole County Court House, Sanford, Florida, and will remain so posted for four consecutive weeks.

All real estate upon which the 1960 taxes have not been paid and against which certificate has not already been issued to City of Sanford, will be sold at public auction on the 31st day of May, A. D. 1961, commencing at 10:00 o'clock A. M. at the front door of the City Hall in the City of Sanford, Florida.

H. N. Tamm, Jr., City Clerk

The climate couldn't be better for buying a new **JET-SMOOTH CHEVROLET**  
(and that's the car more people are buying!)  
The wish-I-had-a-Chevy season's here! Summer's in sight. Horizons are brightening. Vacation plans are percolating. It's the most rewarding time of the year to stop by and talk buy with your Chevrolet dealer. And why not do more than just talk? Take a Jet-smooth Chevy out on the road. That wonderfully gentle ride you'll feel is what we're so proud of (Full Coil suspension and a chassisful of other road tamers are responsible). Inspect the advantages of the finely built Body by Fisher (none can match it in Chevrolet's field). Look over the full selection of models and compare the prices (18 Six and V8 Jet-smooth Chevies are priced below comparable competitive models). So now you know why more people are buying Chevies than any other make. Just one other thing—check the sweet trade-in allowance your Chevrolet dealer can offer you now. See how easy it is to blossom out in a new Chevrolet!

# County Courthouse Termite Infested

The County Commission has launched a study on needed repairs to the County Courthouse after the board toured the 48-year-old facility Tuesday and found it water-logged and termite infested.

Rogers' plans for the building and the board may take some action at its next meeting. A check by the Herald today revealed that there is heavy water damage in the vault and water damage in just about every office in the building.

However, the biggest damage in the building is termites. Windows and walls of the clerk's office are racked with deep cuts and severe termite damage was noted on the front door of the building.

# Sanford To Get 3 Additional Vote Precincts

Sanford will get three additional voting precincts while Casselberry and Altamonte Springs will get one each in a new redistricting proposal submitted to the County Commission Tuesday.

The redistricting committee also called for the establishment of a new voting precinct embracing the Loch Arbor and Little Venice areas.

All-in-all, six new vote precincts were proposed in the revised redistricting proposal, according to Supervisor of Registration Camilla Bruce, a member of the committee.

At the present time there are 16 precincts. Mrs. Bruce said that if the commission okays the redistricting proposal, each precinct will be limited to 800 registered voters and more people will have a chance to vote in the next general election.

Last year 14,000 of the 17,000 registered voters cast ballots. At the present time Sanford has three vote precincts while Casselberry and Altamonte Springs, called the fastest growing areas in the county, are limited to only one.

Acting County Attorney Harold Johnson was a happy man at the County Commission meeting Tuesday. His charming wife, Tommye, gave birth Monday night to an eight pound baby girl—Sharlie Marie Johnson. It was the first baby for the Johnsons and Harold was so happy he even was passing out cigars to residents bringing their "gripes" to the commission.

Dead is Miss Roberta Evans, daughter of Mr. and Mrs. Robert Evans of Lookout Mountain, Tenn. Death was attributed to internal injuries.

Evans arrived in Sanford this morning where he will remain for a hearing which has been set at 2 p. m. Saturday before Osteen Justice of the Peace, J. B. Peterson.

According to Osteen Constable Irving Vaino, 20-year-old Peter Gannon, also a Rollins student, of Lake View, N. Y., attempted to pass another car during Tuesday's heavy rain and skidded into the ditch, overturning the late model sports convertible. Miss Evans was pinned under the wreckage. Although the windshield was completely shattered, the light weight car apparently received little damage, Vaino said.

GENEVA (UPI)—Soviet Foreign Minister Andrei Gromyko flew in from Moscow today for the Laos peace conference.

The 14-nation conference is scheduled to open Friday. But the United States and Britain have said they will not participate without proof of an effective cease-fire in the Southeast Asian kingdom.

NEW ORLEANS (UPI)—A seismographic survey ship, believed to be carrying explosives, was reported afire in the Gulf of Mexico today, the Coast Guard said.

LEOPOLDVILLE, The Congo, (UPI)—The Leopoldville government today charged 18 aides of Katanga President Moise Tshombe with treason.

The charges were made in writs similar to that listing eight counts of treason against Tshombe Tuesday. The aides, including Foreign Minister Evariste Kimba and six army officers, were being held with Tshombe at Coquilhatville.

# Floods Continue Midwest Surge

By United Press International  
Floodwaters surged toward new highs in Missouri and Indiana today and the East Coast felt the sting of a massive oceanbound storm system.

Prospects of fair to partly cloudy skies west of the Appalachian Mountains offered scattered relief to flood-torn areas of the Middle West. But the high water menace from nearly a week of rain remained for hundreds of communities.

The Ohio River climbed more than a foot above flood stage at Madison, Ind., at inches an hour, routed homeowners at Evansville, Ind., and erupted in flash floods at New Albany, Tell City and Cannelton, Ind.

through the weekend at Bedford, Shoals, Williams and Petersburg. Flash flooding on the Blue River was reported at Fredricksburg, and more than 200 families were evacuated ahead of a crumpled levee on the White River south of Columbus, Ind.

At St. Louis, Mo., a Red Cross spokesman estimated total evacuations in eastern Missouri and southern Illinois at 4,000. A 20-foot creel, 9 feet over flood stage, was expected on the Meramec River at Sullivan, Mo.

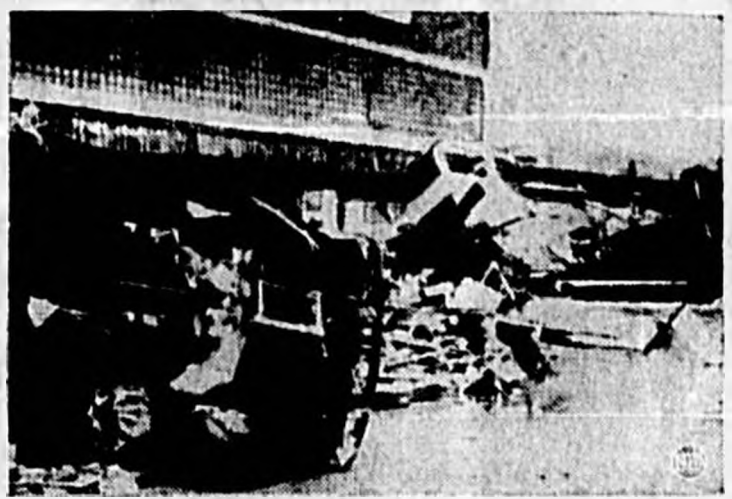

The airport runway at Smartt Field in St. Charles, Mo., became a refuge for 17 house trailers and Central, virtually isolated by floodwaters Tuesday, launched emergency water supply measures.

The Red Cross said evacuations could total 1,500 persons by week's end at Mount Carmel in Wabash County, Illinois, on the Wabash River.

As the storm moved east Tuesday, rains gorged the Salt River and sent water 10 feet deep into business sections of Shepherdsville, Ky. Fire Chief Glenn Howell placed a \$1.5 million preliminary estimate on damage to homes and shops.

In New York state, a tornado Tuesday lashed the base of the Catskill Mountains and ripped an eight mile swath on its path to the Atlantic Ocean.

Near Liberty, N. Y., hotels and hospitals switched to emergency generators when the twister knocked out power lines. The funnel cloud overturned a dozen cars and a school bus but no serious injuries were reported.

AT LEAST five persons were killed when a flash flood swept a swath two blocks wide through the downtown section of Harrison, Arkansas, causing millions of dollars worth of damage. Automobiles were swept along by the 12 foot wall of water and smashed into buildings.

## Bulletin

WASHINGTON (UPI)—President Kennedy will take action to halt strikes and secure "full speed" construction of missile-launching bases, Labor Secretary Arthur J. Goldberg said today. Goldberg told a news conference he would recommend to Kennedy a specific program to achieve labor peace at strike-ridden missile bases.

Reliable sources reported today that bids on the new Sanford Post Office will be awarded in about 60 days.

Look for the State Road Department to open bids on W. First St. in June.

The new 1961 Sanford directory will be out in the fall and N. F. Winslow is in town compiling information for the R. L. Polk Co., publishers of the directory. Winslow will be working out of the Chamber of Commerce office.

City Judge Ken McIntosh will be the guest speaker at the Civilian Club meeting Thursday at the Sea Shell Restaurant at 7 p.m. McIntosh will discuss juvenile delinquency.

Acting County Attorney Harold Johnson was a happy man at the County Commission meeting Tuesday. His charming wife, Tommye, gave birth Monday night to an eight pound baby girl—Sharlie Marie Johnson. It was the first baby for the Johnsons and Harold was so happy he even was passing out cigars to residents bringing their "gripes" to the commission.

Dead is Miss Roberta Evans, daughter of Mr. and Mrs. Robert Evans of Lookout Mountain, Tenn. Death was attributed to internal injuries.

Evans arrived in Sanford this morning where he will remain for a hearing which has been set at 2 p. m. Saturday before Osteen Justice of the Peace, J. B. Peterson.

According to Osteen Constable Irving Vaino, 20-year-old Peter Gannon, also a Rollins student, of Lake View, N. Y., attempted to pass another car during Tuesday's heavy rain and skidded into the ditch, overturning the late model sports convertible. Miss Evans was pinned under the wreckage. Although the windshield was completely shattered, the light weight car apparently received little damage, Vaino said.

GENEVA (UPI)—Soviet Foreign Minister Andrei Gromyko flew in from Moscow today for the Laos peace conference.

The charges were made in writs similar to that listing eight counts of treason against Tshombe Tuesday. The aides, including Foreign Minister Evariste Kimba and six army officers, were being held with Tshombe at Coquilhatville.

## Something Rotten?

A Herald Editorial  
The City must and should bring its assessment roll up-to-date.  
A check of records in the city tax assessor's office revealed today that the Woodruff Building on First St. and Park Ave., one of the choice business locations in town, is on the city assessment books at \$12,500.

It has been on the books at that figure since 1953. The same building is on the county assessment books at \$87,150. City taxes on the building this year were \$766 while county taxes this year were \$1,080.

As Commissioner Earl Higginbotham said Monday night "something is rotten in Denmark."

## News Briefs

Eichmann Rapped  
JERUSALEM (UPI)— Adolf Eichmann was a more rabid anti-Semite than Adolf Hitler, the prosecution at his trial charged today.

No Comment  
WASHINGTON (UPI)— A U. S. submarine was within watch-launched their ill-fated invasion of Cuba, it was reported today. The Navy said it had no comment.

Milk Bill  
TALLAHASSEE (UPI)— A bill providing that milk distributors could not stop buying from their contract producers without just cause was sent to the calendar Tuesday by the Senate Health Committee.

Keeping Out  
WASHINGTON (UPI)— The White House has disavowed sponsorship of a package of civil rights bills introduced this week by two Democratic supporters.

Stop Mixing Move  
TALLAHASSEE (UPI)— Parents who send their children to private schools to avoid integrated public schools would be eligible for property tax credits up to \$250 under a bill approved Tuesday by the House Finance and Taxation Committee.

Capital Airshow To Feature NAS A3D's  
Local Navy fliers will be the stars of the show again this year as the nation's air might is paraded before political and military leaders at Andrews Air Force Base near Washington, D. C.

The show, scheduled for this Saturday and Sunday, is an annual affair that signals the beginning of Armed Forces Week throughout the United States. Usually attended by the President and his cabinet, congressmen, and the highest military leaders, it is a spectacular flying event that exceeds the National Air Show of earlier years.

Capt. F. G. Edwards, Commander of Heavy Attack Wing One, the boss of all our Bamey Field squadrons, is already on the scene with fliers and planes from Heavy Attack Squadron 9. He will lead the contingent of skywarriors as they begin the show and throughout their performance. The Sanford group includes Cdr. St. Johnson, skipper of VAH-9 and most of his top pilots and crewmen.

## NATO Pledges Safety Of Berlin Freedom

OSLO, Norway (UPI)— The Atlantic allies today announced their determination to block the Communist drive for global expansion and pledged again they would safeguard the freedom of Berlin.

An official communique at the end of a three-day conference of foreign ministers of the North Atlantic Treaty Organization said the resources of the Western powers can meet the Communist challenge.

NATO is made up of 15 European and North American nations. "The NATO alliance is determined to defend the right of their people to live in freedom," the communique said.

In support of this, the United States Tuesday pledged Polaris nuclear missile submarines to beef up NATO's defenses.

The powers offered to negotiate "just and equitable solution of outstanding political problems" with the Soviet bloc.

At the same time they instructed their political and military experts to strengthen the deterrent and defensive power of the alliance.

Orlando Urban Renewal Killed  
TALLAHASSEE (UPI)—Urban renewal bills for St. Petersburg and Plant City cleared separate legislative hurdles Tuesday.

The House passed to the Senate a measure authorizing St. Petersburg to take advantage of federal loan clearance funds. The Senate General Legislation Committee approved a similar bill for Plant City, but killed urban renewal bills for Orlando, St. Augustine, Fort Lauderdale and Daytona.

Laos Reds Dely Cease Fire  
VIENTIANE, Laos (UPI)—The government of Laos formally complained to the International Control Commission that Pathet Lao rebels have continued to attack anti-Communist Meo tribesmen at Padang in defiance of the cease fire, informed sources said today.

The sources said Deputy Premier Phoumi Nosavan lodged the protest with the three-nation peace team Tuesday less than 24 hours after it had arrived.

The ICC announced it had received an invitation to go to the rebel stronghold at Xieng Khouang. Presumably the protest will be taken up there.

Government sources said the Pathet Lao forces had attacked the Meo tribesmen at Padang, 20 miles from Xieng Khouang, with 75 mm guns from mountain emplacements seven miles away.

The Meo military commander, Col. Vang Pam, was reported confident his men, who wear black clothes with red trim, could withstand the siege.

Reports from Padang said one Meo had been killed and eight wounded since the cease fire officially was proclaimed last Wednesday. The pro-Western government has been supplying the outpost behind the rebel lines by air.

Swart Elected Africa President  
(UPI)— Former Gov.-Gen. Charles R. Swart, one-time Hollywood cowboy star and New York City reporter, today was elected first president of the Republic of South Africa.

Swart, 57, will assume office when South Africa leaves the British commonwealth and formally becomes a republic on May 31.

The lanky leader will be the nation's head of state, technically replacing Queen Elizabeth. South Africa's chief executive and most powerful official is the prime minister, currently Hendrik Verwoerd.

## False Alarms Plague Lake Mary Firemen

Lake Mary Volunteer Fire Chief Ralph Abell today reported that the department is having to institute a safety check on all calls due to the number of false alarms received within the past week.

All persons served by the Lake Mary Volunteers are being requested to give their names and telephone numbers Abell said, after which they are to immediately break the connection in order that the fireman receiving the report can phone them in return to check it out.

The fire chief said "I know that this measure is a shameful waste of valuable time but we see no other means of stopping these false reports which take us out of our own district."

A check with Sanford Fire Chief Mack Cleveland Sr. revealed that state laws impose a heavy fine on persons caught turning in a false alarm.

Cleveland also pointed out the danger to personnel and equipment, not to speak of property loss should a fire occur in the area, while a department spends its time in answering such calls.

## Bryant Appoints 3 to Committee

TALLAHASSEE (UPI)— Three new members were appointed to the Florida Nuclear Development Commission Tuesday by Gov. Farris Bryant.

Bryant named G. T. Willey, vice president and general manager of the Martin Company's plant in Orlando; John D. Reeves of the University of Florida Hospital; and Charles A. Roubette, dean of the Florida State University School of Business.

## Coffee Club Program Set

The Chamber of Commerce Coffee Club will be guests of Capt. R. W. Snye, commanding officer of the Sanford Naval Air Station at 10 a. m. Thursday at the B.O.Q.

A special program will be presented.

## 69 Die As French Plane Crashes

ALGIERS, Algeria (UPI)— An Air France Super-Constellation crashed in the Sahara Desert today, killing all 69 persons aboard. Five Americans were among the dead.

The wreckage was sighted from the air by search planes in the Hamada de Tinherth region south of Rhamades, also known as Ghamades, a small desert town just across the Algerian border in Libya.

The plane was reported carrying the family of Alan W. Lukens, charge d'affaires of the U. S. embassy in Brazzaville, capital of the former French Congo, among its nine crew members and 60 passengers.

## Brooklyn Youths Face Murder Rap

NEW YORK (UPI)— Two teenage members of a Brooklyn gang were charged with homicide today for stabbing to death a 14-year-old model youth because "he got snotty."

Members of the "F & J" gang killed John Ianico in the middle of the street in a quiet Queens neighborhood Tuesday night just because he happened to be around when they went on the warpath.

Police rounded up eight "F & J" members this morning. Dist. Atty. Frank D. O'Connor held the actual stabber was Dennis Lubchuk, 15, eldest of three children of a deaf-mute Brooklyn couple.

## Astronaut Spent Summers In County As Youth

By D. HIGGINBOTHAM  
Just a sprinkle of stardust fell on Sanford recently, when it was reported that Astronaut Alan Shepard Jr. once lived in the county.

America's first "space man" is well known to a number of people in Lake Mary, who take a quiet pride in his world renowned accomplishments.

Shepard's maternal grandparents, Mr. and Mrs. Charles S. Emerson, made their home on Crystal Lake, near the home of the Raymond Halls for many years.

As a young boy, Alan and his sister Polly used to come to Lake Mary in the summertime with his parents, Renza and Bart Shepard, to visit with the grandparents, play games with young Raymond Ball Jr. and while away the summer days in the sleepy little community.

Mr. Emerson has been dead for a number of years, but Mrs. Emerson only recently died about two or three years ago.

Mr. and Mrs. Ball often hear from the Shepards in their Derry, N. H., home, have visited with them there, and have received the Shepard's for visits in their home in Lake Mary whenever they come to Florida. Last Christmas they received a photograph of the now-

famous Alan in his silver space suit in which he was to make the historic flight into outer space on May 15.

"Alan is a fine man," recalls Ball, "quiet, but strong, with a terrific sense of humor."

ASTRONAUT ALAN SHEPARD'S mother sent this picture to Mr. and Mrs. Raymond Ball of Lake Mary last Christmas.
