

### WIN AT BRIDGE

By OSWALD and JAMES JACOBY

He looks at the five of spades and makes the pessimistic decision that it is fourth best of five. Is there anything he can do to make the hand if it is fourth of five and the club finesse is wrong?

There is a slight extra chance. If East holds two spade honors South can justify his 15-point notrump and make his partner happy instead of mad.

South hops up with dummy's ace of spades. East drops an honor and business has picked up. South loses the club finesse but no harm has been done. The spade suit has blocked itself.

North South vulnerable

West	North	East	South
Pass	3 NT	Pass	1 NT
Pass	Pass	Pass	Pass

Opening lead—5♣

#### Ask the Jacobys

A Utah reader wants to know the meaning of a jump raise of one to five notrump. It should be an invitation to seven. Opener should bid seven with a maximum notrump opening; otherwise he should treat it as four-suit Stayman and bid six of his lowest four-card suit. We will show this bid in action in tomorrow's article.

(Do you have a question for the Jacobys? Write "Ask the Jacobys" care of this newspaper. The most interesting questions will be used in this column and writers will receive copies of JACOBY MODERN.)

# CWA Claims Move Will Create Hardships

## Southern Bell To Transfer 58 Employees Out Of City

**By MICK LOCHRIDGE**  
Herald Staff Writer

Fifty-eight employees of Southern Bell Telephone Company, mostly operators, will be transferred from their jobs in Sanford in October, 1976, a Southern Bell official said Tuesday.

The transfer, within the traffic department, is opposed by the Communication Workers of America (CWA) union representing more than 50 of the employees.

Plans to move the operator services functions to Orlando will not affect the downtown business office or the central office personnel which includes installation, repair and construction services, said Tom Hunt, the company's Sanford office manager.

Hunt said the transfer is an "efficiency thing" and "belt tightening" by Southern Bell and the result will be an "improvement" in phone service because the Orlando facility will provide "faster service."

However, Hunt said there will not be 58 jobs available in the Orlando office. Other alternatives for the operators and clerks will be to transfer to another position in the Sanford office or to transfer to a similar job for Southern Bell in another city, he said. Hunt also said attrition may eliminate some of the positions.

"I can't say everyone will have a job," Hunt said. "But the company will give the employees every opportunity."

**"I can't say everyone will have a job. But the company (Southern Bell) will give the employees every opportunity."**

—Southern Bell Manager Tom Hunt

Meysers said, "But, look at the alternative. I'd rather see these people working in Orlando than unemployed in Sanford," he continued.

Meysers said he will "play it by ear" (the transfer which is 13 months away) "but I definitely don't like it."

Meysers said "nobody" could know the transfer will provide better service until the switch is made. "I'm sure the company is looking at it (transfer) from a service and economic standpoint," Meysers said.

From a "civic standpoint," Meysers said, "I hate to see people who are employed in Sanford taken out of the community."

Hunt said, however, the "economy of the community will not be affected that much."

Hunt said the employees will "spend their pay checks in the same places as before." He said that approximately 90 per cent of the 58 employees live in the Sanford City limits.

Hunt said employees have not been officially notified of the transfer and it is company policy to notify personnel of a change within 12 months of the switch. He said rumors of the transfer were circulating among employees.

Meysers said the transfer involved the "bulk of the traffic department" — long distance, information and directory assistance operators. Meysers said the operators make from \$120-\$180 a week, based on service time with Southern Bell.

## CETA Funds Decision Delayed One Week

**By ED PRICKETT**  
Herald Staff Writer

County Commissioners decided Tuesday to postpone until next week a decision on whether to transfer almost \$1-million in federal funds back to a Seminole County bank.

Commissioner Mike Hattaway asked if it wouldn't be "better" to have the full board present before voting. Commission Chairman Sid Vihlen Jr. was absent from the meeting due to illness.

Hattaway's comment came after Commissioner Dick Williams said he "ought to rescind (the previous motion) or transfer the funds back."

Williams had his motion to transfer the funds back to a county bank placed on the agenda for next Tuesday's county commission meeting. Commissioners Williams, Hattaway and Harry Kwiatkowski voted Aug. 28 to transfer almost \$1-million in Comprehensive Employment and Training Act (CETA) funds from ComBank in Casselberry to the Southeast First National Bank of Maitland—an Orange County banking facility.

Kwiatkowski and Hattaway said they voted to transfer the funds to "spread the money around." Williams said he initially thought the Orange County bank would pay a higher interest rate to the county. Later, Williams said he found out no interest is paid on CETA funds and he called the board's decision a "mistake."

The board also voted to transfer the county payroll account from the Flagship Bank of Sanford to the Sun Bank of Longwood.

That move spurred a memo from Betty Neuman, the county's insurance coordinator, saying the insurance underwriter advises the county consider use of a Brink's or Wells Fargo car to transport the money the longer distance.

She said Reliance Insurance Company informed her they would not be "interested in bidding the renewal policy in December" nor would the firm increase the liability coverage for off-premises robberies.

One reason given by the underwriter was newspaper accounts of the funds being transported a longer distance would be "of interest to the wrong persons."

But Commissioners Williams and John Kimbrough failed to buy the proposal and advised Mrs. Neuman to investigate further.

Kimbrough suggested placing the funds in a deputy's car for transport. Williams questioned why the insurance firm was raising such a fuss over an "additional 20 minutes" transport time.

Presently a county employee walks the funds for deposit over to the bank.

And it was difficult for Williams and Kimbrough to understand why a sheriff's deputy transporting the funds would be any more dangerous.

SID VIHLEN JR. said they voted to transfer the funds to "spread the money around."

**CHILD KILLED IN WRECK**

A three-year-old New Jersey boy died this morning at Florida Hospital, Orlando, after being injured in a 4 a.m. wreck on I-4 north of SR-436, Altamonte Springs, according to a hospital spokesman. The dead child was identified as Fabian Montanez, 3, of Hoboken, N. J. His parents, Ralph Montanez, 34, and Nilda Montanez, 24, were treated for contusions and lacerations at Florida Hospital North, Altamonte Springs, and released, officials said.

Florida Highway Patrol troopers investigating the wreck were unavailable at press time but reported indicated the family's compact sedan was northbound on I-4 when it was sideswiped by a vehicle that left the scene. The Montanez vehicle was hurled into the median where it overturned, according to emergency workers at the scene. (Herald Photo by Gordon Williamson)

## Higher Fines Sought

If Sheriff John Polk has his way, Seminole Countyans tagged with traffic tickets and other violations will shell out an additional dollar.

The tacked-on dollar, the sheriff says, will be used to train his lawmen.

Polk asked the Seminole County Commission Wednesday for permission to add the \$1 to fines imposed in county courts.

Commissioners weren't totally convinced.

"I'm not sure for what court," Commissioner John Kimbrough said.

Commissioner Mike Hattaway said it "would increase fines."

Polk said some cities — including Sanford — already add an additional \$1 to pay for such things as law enforcement training.

Actually, a total of \$3 is added at present. One dollar goes to the state, a second dollar goes to legal aid and some cities add a third dollar.

Polk said it will "reduce the sheriff's training budget."

The sheriff said he will "sit down with judges" to ensure their compliance before reporting back to the commission at next Tuesday's meeting.

By law, Polk said the additional dollar can be added onto fines.

He said the only approval needed from the state would involve the type of training given Seminole County officers.

The \$1 which goes to the state was levied for construction of a police academy.

## Public Works, Circuit Court Funds Fall Short

### County Commissioners Told Of Departmental Cost Overruns

Several department heads have informed a disbelieving Seminole County Commission of thousands of dollars in overruns for the 1974-75 fiscal year.

The director of public works, Bob Andrew, informed the commission at Tuesday's meeting he will need an additional \$23,000, and Ashby Jones estimated it will take an additional \$15,000 to \$20,000 for court reporters and court-appointed attorneys. Jones is deputy circuit court clerk.

"Who levies the taxes?" Hattaway then asked. "Does he (Herring) levy the taxes?"

The commission voted to pay a \$5,000 overrun for July and a part of August. Commissioner Harry Kwiatkowski voted against payment.

Meanwhile, in public works, Andrew told the commission that gas, oil and repairs will cost an additional \$11,000 and \$12,000 will be needed in the sanitation department.

Hattaway, who was Acting Chairman, asked Commissioner Dick Williams to check into Andrew's requests and report back to the commission.

Commissioner John Kimbrough told Andrew no "big fat" contingency fund will be available in the 1975-76 budget for cost overruns. He advised Andrew to take a look at rates charged for dumping to see if revenue next year will meet expenditures.

Williams told Andrew he needed "additional revenue."

Andrew informed the commission he already had an additional \$23,000 placed in the 1975-76 budget to cover added expenses.

## County Hasn't Committed Funds For Sewer Project

**By JOE ASKREN**  
Herald Staff Writer

Sanford still has "no firm commitment" from the Seminole County Commission regarding its \$15,000 share toward the \$125,000 study required for the federally sponsored regional sewer plant project for North Seminole County including this city and Lake Mary.

Sanford City Manager Warren E. (Pete) Knowles said this morning a special meeting has been called for 7:30 p.m. Sept. 11, with the three-man area sewer committee to determine the county's interest in a joint effort to develop the plant. "We're going to try to get a firm answer out of the county," said Knowles.

He said the agenda mailed Tuesday includes a report on the cost distribution and the \$93,735 federal grant towards the study, as prepared by Clark Dietz & Associates of Sanford, a city hired engineering consultant firm.

The sewer committee includes Chairman John Morris, Commission Chairman Sid Vihlen Jr., and Lake Mary Councilman Harry Terry.

Knowles said some of the county commissioners have told him the county already had budgeted \$15,000 for the county's share of the study. But Vihlen, in an Aug. 14 letter addressed to Morris and Knowles, said the county "supports the continuance" of the planning effort but prefers to select its own engineering consultant.

"If we don't do this study and the paperwork together, then each area will have to do it individually. It's cheaper for everyone with the joint effort, but we have run into some administrative snarls with the county," said Knowles.

Knowles said the city completed a cost and location study in February for the project. The present "info-infiltration" study is the second one required. (Continued on Page 2-A)

**LEAPFROG-TIRE STYLE**

Third grader Del Justice takes a flying leap over a tire during physical education class today at Pinecrest Elementary School, Sanford. Del is just one of many youngsters who is "enjoying" the second day of classes in the Seminole County School system today. (Herald Photo by Bill Vincent Jr.)

# NATION IN BRIEF

## Trailways Plans To Cut Fares For Unemployed Workers

WASHINGTON (AP)—Workers out of a job should be able to ride Continental Trailways buses for half the normal fare this fall, the bus company says. Fred Curry, Trailways board chairman, said Tuesday that if the Interstate Commerce Commission approves, half-price fares will be available beginning next Monday to persons who can show they are drawing unemployment benefits. "Our customers are mostly people with middle and low income, blue collar workers who have been hit hardest," said Curry. "We hope to trigger a resurgence in job searches."

## Meany Raps Boycott Critics

WASHINGTON (AP)—AFL-CIO President George Meany, affirming continued support of a boycott of grain shipments to the Soviet Union, says critics of the boycott have tried to portray maritime unions as enemies of the American farmer. Meany said Tuesday the boycott "is aimed not at farmers but at government action and inaction that benefits only commodity speculators and the big grain dealers and that rips off the American consumer in the interest of so-called defense." Administration officials have estimated the sales will result in a 1.5 per cent rise in food prices. Meany and six maritime unions called the boycott July 31. Federal judges in New Orleans and Texas have granted a shippers' request for court injunctions, allowing continued loading of ships bound for the Soviet Union, while legal issues of the boycott are decided.

## Gunman Releases Hostages

SOUTH LAKE TAHOE, Calif. (AP)—A gunman released the last two of seven hostages early today after authorities agreed to wait until dawn to let him "do some writing" before he surrendered. James Locklear, 24, released the hostages—who had been held for 12 hours—after authorities also reportedly agreed not to prosecute the gunman, Wayne, in the incident arising from a gambling dispute. One of the hostages held in the Kilmont Arms Apartments in this Sierra Nevada resort was killed when he attempted to escape. He was identified as George Staedler, 21, of Hayward, Calif. Police said it was not clear whether the fatal shots were fired by officers or the armed men inside the apartment.

## Hoffa Foster Son Testifies

DETROIT (AP)—Jimmy Hoffa's foster son appears before a federal grand jury today to answer questions on his whereabouts July 30 when the former Teamsters Union leader disappeared. Charles L. "Chuckie" O'Brien has acknowledged to the FBI that he was driving a car owned by the son of a reputed Mafia leader near a suburban Detroit restaurant where Hoffa was last seen. FBI special agent James Esposito said in an affidavit filed with federal court he has probable cause to believe O'Brien has used Joseph Giacalone's automobile to facilitate an abduction of Hoffa.

## Commissioners Look \$5 Horse In Mouth

By ED PRICKETT Herald Staff Writer  
A horse nine hands and one inch tall was taken into custody by county officials. After 111 days the horse was sold for \$5. Now, the Seminole County Commission owes a \$400 bill for care of the animal while it was in the county's custody. If that little bit of economics seems remarkable, it's even more remarkable to commissioners—they refuse to pay the bill.

## County Mum On Project

Tuesday, Circuit Court Clerk Ashby Jones presented the bid news to the county commission—and the fireworks began. "It looks like we kept the animal around, the information, but Jones says what he presented Tuesday is all he knows. "The next time they have a cow — we'll barbecue it," Kintrough quipped.

Commissioner John Kimbrough questioned a \$13 bill presented by Sheriff John Polk. Kimbrough said he was under the opinion the sheriff "was responsible" for picking up large animals anyway. Jones explained the \$400 included mileage for hauling the animal around, the impoundment fee—even a \$25 veterinarian's bill. During his stay, the horse fell ill. As for the \$13 bill presented by Polk, Jones said that was to pay for advertising and holding.

## Whittier, Pratt Elected In Oviedo

By DARLYNE MELLO Herald Correspondent  
OVIEDO—Two seats on the City Council for Oviedo will be filled by new men for the first month of the fiscal year, Oct. 6, as a result of Tuesday's municipal election.

Robert W. Whittier defeated incumbent Carlos Warren for City Council Group I and Charles Pratt defeated Herbert McCarley for Group II. Leon Olliff will be mayor for his third term, having run unopposed. The voting was not as close as had been expected and the 24 absentee ballots yet to be counted will not affect the results. Out of 857 registered voters in Oviedo, only 263 went to the polls with 176 votes going to Whittier, Warren got 84 votes, Pratt 157 and McCarley 100 votes. Olliff received 200 votes. The turnout of voters caused much concern with City Clerk Nancy Cox and also with the new councilmen. The city government must become more important to its citizens, according to Ms. Cox, and people need to be more informed of what is going on and get more involved. After results of the election were announced and handshaking was over, it was pointed out that there was no sign or banner in the city to announce election day.

## Entire City Board Subpoenaed

## Council Summoned To Court

By JANE CASSELLBERRY Herald Staff Writer  
WINTER SPRINGS—When Mayor Troy Piland and members of the City Council arrived for Tuesday night's council session, they found a deputy waiting to present each with a Circuit Court summons. Seminole Baptist Temple, Inc., is seeking a preliminary injunction against the city as a result of the city's signing of its approval of the church's request for conditional land use in a residential area of the Ranchlands. Based on the Council's original approval of the request, the church had completed purchase of the land July 29 from Hattaway and Zabel and obtained a building permit July 30.

The summons states the church had entered into a contract for construction, incurred expenses for architectural services and insurance. On Aug. 4, after opposition from other residents to the construction of churches on the Hayes Road sites, council reversed its approval of request by Seminole Baptist and the Jehovah's Witnesses and suspended a building permit issued by Building Inspector Ray Bradshaw for the construction of the Baptist Church. The summons stated the "revocation was made arbitrarily, capriciously and with total disregard for the rights of the plaintiff."

## Tar Kettle, Auto Parts Taken

# Sheriff's Deputies Probe Series Of Burglaries

By BOB LLOYD Herald Staff Writer  
Seminole sheriff's deputies today were probing burglaries and thefts across the county in which a tar kettle, auto parts, jewelry and telephones and office equipment were hauled off. Charles J. Pewitt of Pewitt and Haeske Roofing Inc., Orlando, reported a green trailer-mounted tar kettle valued at \$1,200 was taken from a construction site on East-Brook Boulevard in south Seminole. Deputies said Sammy R. Metcalf, 105 Kilkenny Ct., Longwood, reported an AM-FM radio was stripped from an auto in his garage and five necklaces of petrified wood and gem stones were taken by burglars. An eight-foot sliding glass door and office equipment valued at \$1,000 was reported missing after burglars entered a residential office at Jackson and Tangerine in the Eastbrook subdivision. Deputy David Ruddled said Peter G. Hayden reported four telephones, an electronic calculator and electric typewriter were also taken in the burglary. Sheriff's deputy John L. Poole reported damage to the Krystal Restaurant, U.S. 17-92, Fern Park, was estimated at \$1,000 Tuesday after a pickup truck accidentally crashed into the building. Poole said Mrs. Karla L. Kaufman, 312 Broadway Ave., Altamonte Springs, was in the process of backing the truck from a parking spot when her small son "got his thumb caught in the passenger side door." Poole said the vehicle then "hurtled forward over the curbing and struck the building."

## Auto Theft Trial Scheduled

A Sept. 22 trial has been scheduled in circuit court for charges before Circuit Court Judge Virgil B. Conkling. Dannelly was arrested Aug. 22, at the Sanford Plaza Shopping Center by Sanford Sheriff's Lt. R.C. Parker Aug. 21 at an Altamonte Springs motel. He faces two charges of misdemeanor marijuana possession in County Court in connection with the incident. —Anthony J. Robinson, 19, of Lake Monroe Terrace, Sanford, is scheduled for trial Oct. 6 on charges of breaking and entering with intent to commit a misdemeanor and petty larceny. —Timothy Vance Tyece, 21, of Jacksonville, is also scheduled for trial the week of Oct. 6 on a possession of stolen motor vehicle charge. —Grace Robinson, 29-year-old housewife, wasn't present for arraignment on an aggravated assault charge but Judge Conkling indicated the case will be set for trial Sept. 29. —David Michael Beehner, 23, and Douglas Alan Beehner, 18, both of 254 Park Drive, Sanford, are scheduled for trial Oct. 13 on buying, receiving and concealing stolen property.

## Greenglass Only Named Julius Rosenberg In Spy Case

# Original Statement Fails To Implicate Sister Ethel

WASHINGTON (AP)—The FBI's Rosenberg papers indicate that the principal government witness in the famous spy case refrained from implicating his sister Ethel Rosenberg for more than a month after confessing his own involvement and accusing Ethel's husband Julius of espionage. A statement David Greenglass gave to FBI agents the day after his arrest June 15, 1950, does not mention his elder sister in the alleged conspiracy to slip atomic bomb secrets to the Russians. In the same statement, Greenglass alleges that Julius Rosenberg introduced him in 1945 to a man who questioned him about the bomb then being developed secretly at Los Alamos, N.M. Greenglass, who was stationed at Los Alamos as an Army technician, said he tried to describe an explosive mechanism to the stranger. Government prosecutors relied primarily on testimony from Greenglass and his wife Ruth in winning the espionage conspiracy conviction against the Rosenbergs, who were sentenced to death. Despite appeals to the Supreme Court and President Dwight D. Eisenhower and protest demonstrations in the United States and abroad, the Rosenbergs were electrocuted on June 19, 1953. Greenglass was sentenced to 15 years in prison and his wife was never charged. The Greenglasses now are believed to be living under assumed names.

## Holiday Deaths Down

CHICAGO (AP)—An official of the National Safety Council says there is "no quick answer" to what he calls the phenomenal reduction in the number of traffic deaths during the Labor Day weekend. Jack Reicht, head of the council's statistics department, says, however, that further study will probably show that it was the result of a combination of factors. Reicht commented on Tuesday after The Associated Press counted 407 traffic fatalities on the nation's roads during this past Labor Day weekend, from 6 p.m. Friday to midnight Monday. It was the lowest toll for the 78-hour holiday period since 1961 and the fourth lowest for the period in the last quarter of a century. The National Safety Council had estimated that between 400 and 500 persons would be killed in highway accidents during the holiday. One Safety Council official said the reduction from last year's 515 Labor Day weekend deaths may show that drivers are acclimated to driving habits they began to assume during last year's gas shortages, when the 55-mile-per-hour speed limit was imposed. Safety Council statistics show that the traffic rate the first seven months of this year is holding at about 3.6 per 100 million vehicle miles traveled. That's the same rate as last year and a sharp decline from 1973 when the rate was 4.24 per 100 million vehicle miles.

## Oswald Threat Revealed

WASHINGTON (AP)—If the report of an additional FBI contact with Lee Harvey Oswald is true, the Warren Commission probably would have intensified its criticism of the bureau in connection with the death of President John F. Kennedy, a former commission staff member says. In his 888-page report, the commission documented the extensive information the FBI had compiled on Oswald before the assassination and concluded that "a more alert and carefully considered treatment of the Oswald case by the bureau" would have resulted in alerting the Secret Service about Oswald before the assassination. On Saturday, FBI Director Clarence Kelley revealed for the first time that Oswald had delivered a letter to the Dallas FBI office, several weeks before the Kennedy assassination, that threatened an FBI agent. Kelley also acknowledged that the note was destroyed shortly after the Nov. 22, 1963, assassination and that Oswald's visit never was reported. According to Kelley, "the note contained a reference to President Kennedy or in any way would have forewarned of the subsequent assassination."

# Altamonte Springs Okays Zone Change

By DONNA ESTES  
Herald Staff Writer

ALTAMONTE SPRINGS — Despite opposition from the Altamonte-Casselberry Chamber of Commerce and a charge leveled by a city commissioner that a colleague had a conflict of interest, the City Commission Tuesday night passed on first reading a zoning ordinance amendment permitting home occupations.

The ordinance, passed on a 4-1 vote with Commissioner Helen Keyser opposing, is scheduled for a public hearing and second and final reading at 4:30 p.m., Oct. 7.

Before the vote was taken on the zoning amendments, one of which would permit certain occupations in R-1AA zoned areas, Mrs. Keyser asked City Attorney Joe Davis for a ruling on whether a commissioner who was conducting a home business could vote on the issue.

Davis explained the "conflict of interest" law, but refused to give an opinion or "shoot from the hip" until further information was given to him. Davis noted the "substantive right," the right of a commissioner to vote on an issue, was involved.

Mayor Norman Floyd led the group in announcing he has no conflict, followed by Mrs. Keyser's disavowal, Commissioner Cal DeVoney's and Commissioner George Perkins.

Commissioner Sandra Glenn said, "I don't live in R-1AA zoning and I don't run a business, unless conducting my commission business is considered business."

Mrs. Keyser responded to Mrs. Glenn's comment by saying, "Let's not be funny at the council table."

A motion by Mrs. Keyser, seconded by Mrs. Glenn, to delay passage of the ordinance until Davis could give an opinion died on a 3-2 vote.

Mrs. Keyser insisted the city is "opening a can of worms" by permitting businesses to operate out of private homes in residential areas. Floyd said the ordinance would permit the city to control the enterprises activity and Mrs. Keyser said, "That's a joke."

Chamber of Commerce President Tom Ross last week wrote Floyd and the commissioners of the business people's opposition to the ordinance.

Tuesday night, Kenneth M. Brown, a chamber director, asked the commissioners to reject the ordinance at the October public hearing.

In other action, parents from Glen Arden subdivision urged the city to build a bicycle path-walkway along the unimproved Spring Lake Road extension to the Lake Orietta School. The parents also asked that the city keep the road unimproved to discourage vehicular traffic.

## Fanne Foxe Says Mills Fathered Aborted Child

NEW YORK (AP) — Fanne Foxe, the Washington strip-teaser linked last year with Rep. Wilbur Mills, has written in an autobiography that she became pregnant by Mills, Newsweek Magazine reports in its current issue.

The magazine said:

"The Tidal Basin Bombshell drops another bomb this month with the publication of her autobiography. According to the book by Fanne Foxe, Wilbur Mills created one of last year's scandals, she became pregnant with Mills's child late in 1973. Mills supposedly was 'overjoyed' when he heard, but Fanne had an abortion anyway."

## Ford To Rejoin Cousteau

WASHINGTON (AP) — Jack Ford expects to return to the Caribbean with French explorer Jacques Cousteau for another two weeks at a later time.

President Ford's 23-year-old son recently returned from a week of ocean exploration research in the Caribbean with Cousteau.

The entire Ford family is now together. Son Michael and his wife Gayle joined the President and Mrs. Ford at Camp David, Md., over the Labor Day weekend and will return home to Massachusetts on Tuesday.

The Ford's youngest son, Steve, will be leaving shortly to begin his freshman term at Utah State University.

Daughter Susan also is getting ready to start college at Mount Vernon in Washington, D.C.

## Sotheby Accepts Caroline

LONDON (AP) — Caroline Kennedy has been accepted by Sotheby, the London fine art auctioneer, for a 10-month work of art course.

Sotheby's say they are waiting for a letter of acceptance from the 17-year-old daughter of Jacqueline Onassis and the late President John F. Kennedy before she officially joins 49 other students. The course of lectures, visits to art galleries and salesrooms and work in Sotheby's departments begins Oct. 1.

# Christian Faces Pension Loss

TALLAHASSEE (AP) — Former Education Commissioner Floyd Christian, just back from a federal prison, faces the possible loss of his \$25,000-a-year state pension.

Leon County Circuit Judge Donald O. Hartwell called a hearing on Christian's suit asking for continuance of the pension and an opposing motion by state lawyers requesting a judgment to end it.

Christian filed the suit after Atty. Gen. Robert Shevin said in an opinion last June that the pension benefits should stop after Christian's contribution to the retirement fund runs out in October.

Shevin said the retirement law which forbids pensions to persons convicted of bribery also covers those convicted of receiving unlawful compensation. Christian was found guilty of that charge April 4.

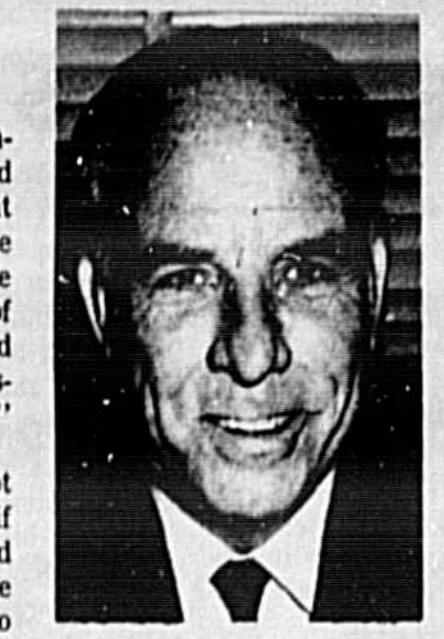

"The word 'bribery'...should be interpreted broadly so as to embrace all the different forms and species of 'bribery,'" state lawyers said in reply to the suit which named Lt. Gov. Jim Williams, state secretary of administration, as defendant.

Christian's attorneys contended the two are entirely different crimes, with different definitions and penalties under Florida law.

Special Prosecutor T. Edward Austin of Jacksonville filed a statement with Hartwell supporting Christian's contention the pension should continue because of misunderstandings reached during the plea bargaining that resulted in conviction.

"During the plea negotiations, both parties agreed and proceeded on the premise that the only construction of the retirement law "would provide that the plea to acceptance of unlawful compensation would not jeopardize Floyd T. Christian's retirement benefits," Austin said.

Christian probably would not have entered the bargaining if he had known his pension would be lost, Austin added. But he contended that he had no authority to bind the state to continue the pension.

# Vietnamese Reunited

JACKSONVILLE (AP) — The joint efforts of Catholic, Baptist and Lutheran churches have reunited Vietnamese lovers whose engagement was threatened by the refugee resettlement program.

Ho Hang Hao, 27, a former Vietnamese Navy officer, arrived by plane Tuesday from the Indiantown Gap, Pa., refugee center, and was greeted by his fiancée, Teresa Hong Van, 26.

Miss Van arrived from the Indiantown Gap center two months ago under sponsorship of the Prince of Peace Catholic Church. The refugee, a French teacher at a Catholic university in Saigon before the Communist takeover of South Vietnam, told her sponsors about the fiance she had left behind.

The Central Baptist Church of Jacksonville and the Lutheran Immigration Refugee Service then helped bring him here.

The reunion of the lovers at Jacksonville International Airport was restrained. They shook hands.

"Vietnamese do not believe in even holding hands in public, much less kissing," explained Roy McIntire of the Lutheran organization.

The prospective bridegroom speaks very little English, so Miss Van did the talking.

"We will be married, but not soon," he said. "We will have to make our way here first. We must get jobs."

# You'll be paying the bill, so let Congress know your choice!

Congress is about to make an important decision that could affect the cost and gas mileage of your car for years to come.

Since you will be paying the bill, we thought you should be aware of two major alternatives being considered by Congress right now. They concern the control of emissions from cars. Should the standards governing automotive emissions be made even stricter than they are today? Or are they strict enough now? Take your choice.

## Choice 1

The President and his Administration have evaluated the pros and cons of current law governing emissions and recommend that the standards for today's cars be extended for five years.

## Results

- There will be continued improvement of air quality as new cars replace old cars. (Compared to pre-controlled cars, today's standards result in reductions of over 80% for hydrocarbons and for carbon monoxide and about 40% for oxides of nitrogen according to industry data.)
- Working with current standards, automakers can meet their individual commitments to the President and improve industry-wide gas mileage between 1974 and 1980 by an average of at least 40%.

## Choice 2

Present Federal Law calls for even stricter emissions standards for 1977-1978 model cars than those required today. Some members of Congress favor these stricter standards.

## Results

- Stricter standards would add only marginal improvement to air quality. (California is an exception. It has a special air quality problem and has its own special standards.)
- To our knowledge no auto manufacturer yet knows how to meet the 1978 standards on a mass production basis. Current "best effort" experimental systems however indicate the following fuel economy and cost penalties:
  - your gas mileage could be reduced by 5% to as much as 30% according to publicly stated company estimates
  - the cost of your car could increase by an estimated \$150 to \$400 according to company estimates in statements to Congress.

# Where do you stand?

These are the choices. We thought you ought to know what they are, and what they will mean to you as a customer. Your United States Senators and Representative should know what you think. Write to them.

## Let your U.S. Senators and Representative know your choice.

Rebuilding Cowboys Must Replace Departed Stars

DALLAS (AP)—With the departure of running back Calvin Hill, fullback Walt Garrison, defensive tackle Bob Lilly, center Dave Manders, and wide receiver Bob Hayes, the one-peat Dallas Cowboys are in a massive rebuilding campaign.

And Coach Tom Landry is trying to get the holes in the roster plugged quickly, because the Cowboys open their National Football League season against super-charged Los Angeles Sept. 21.

Hill defected to the World Football League, where he suffered a knee injury playing for Hawaii that knocked him out for the season.

Garrison, who injured his leg ballooning a steer on the rodeo circuit, Lilly and Manders all retired. Hayes, who didn't block enough to suit Landry, was traded to the San Francisco 49ers.

Landry has replaced Hill, a perennial 1,000-yard gainer, with Charles Young and Doug Demmon. The results during the exhibition season have been spotty with neither runner consistently impressive.

Defensive end Larry Cole and Bill Gregory have been trying for Lilly's right tackle spot and the Dallas defense has been woeful against the run.

Manders was replaced by John Fitzgerald, who actually beat him out last year. Manders was used mostly on center snaps to punters and placekickers.

Golden Redskins took away Hayes' job last season with spectacular results. Robert Newhouse has been moved from halfback into Garrison's spot. Newhouse has proved he can catch the ball coming out of the backfield in the Cowboy's new spread formation and can squat through tiny holes in the line for yardage.

Cowboy quarterbacks were sacked 47 times last year—one of the poorest marks in the NFL. The Cowboys failed to make the NFL playoffs last year for the first time in nine campaigns.

Terrible Turk's Deadline Draws Near

MIAMI (AP)—"The No. 1's beat our No. 1's, their subs beat our subs," admits Miami Dolphins Coach Don Shula in reviewing a 20-1 National Football League exhibition loss to the Minnesota Vikings.

The Dolphins' defense was expected to announce their other cuts Wednesday, pending waiver claims. The Cincinnati Bengals reduced their roster to the re-

leased and the reserved contained the usual autumnal assortment of has-beens and also-ans, plus the inconspicuously injured and those simply unneeded.

Four players, for instance, were cut from the New York Jets' 40-man roster. Quarterback Ken Rindge, safety Jerry Brad and Gary Baccus — not exactly household words, and they probably never will be — and the NFL has anything to say about it.

The Atlanta Falcons played the veteran tight end Larry Mink in the injured reserve list and released four other players.

The New York Giants slumped down to 52 players, shedding linebacker Jess Hudson and tight end Elmore Stebbins. They were expected to announce their other cuts Wednesday, pending waiver claims.

The Green Bay Packers released veteran wide receiver Jeff Baker and a rookie, and placed end Mike Fanucci on the disabled list with a sore ankle.

The Cincinnati Bengals reduced their roster to the re-

leased and the reserved contained the usual autumnal assortment of has-beens and also-ans, plus the inconspicuously injured and those simply unneeded.

Miami Loss Has Sobering Effect

MIAMI (AP)—"The No. 1's beat our No. 1's, their subs beat our subs," admits Miami Dolphins Coach Don Shula in reviewing a 20-1 National Football League exhibition loss to the Minnesota Vikings.

SPORTS IN BRIEF Los Angeles Rams Acquire Punter McCann

LOS ANGELES (AP)—The Los Angeles Rams have acquired punter Jim McCann from the Kansas City Chiefs, giving up an undisclosed future National Football League draft pick.

Mike Burke, who won the Heisman kicking job in 1974 and averaged 36.4 yards a try this fall, was released. McCann, from Arizona State, carries an average of 42.9 yards on eight kicks during the preseason.

He first signed with San Francisco in 1971, kicked for the New York Giants in 1972 and wasn't active for a year until signing with Kansas City this summer.

Special Guests Of Bosox
BOSTON (AP)—U.S. Sen. Edward Kennedy, D-Mass., and his son, Teddy, were special guests of the Boston Red Sox Tuesday night for a baseball game with the New York Yankees at Fenway Park.

Stovall Pleads Guilty
PHOENIX, Ariz. (AP)—Paul Stovall, 26, former Arizona State University and National Basketball Association player, has pleaded guilty in federal court to distribution of cocaine.

Colts Release Bertuca
BALTIMORE (AP)—The Baltimore Colts of the National Football League cut veteran linebacker Tony Bertuca Tuesday, a Colts spokesman said. Bertuca, a second year player from Chico State, was released on waivers as a free agent.

Express Gains Four New Players
JACKSONVILLE (AP)—The Jacksonville Express has four new players, if it wants them, and another home game on the World Football League schedule.

Stores To Aid Miami
MIAMI (AP)—The University of Miami is getting the help of nine grocery-store chains in an effort to fill the 80,000-seat Orange Bowl for its Sept. 29 football home opener against Oklahoma.

By BERNICE BEDE OSOL. For Thursday, September 4, 1975. ARIES (March 21-April 19) Others will find you a dynamic person to be around today.

Stomach Problem Told

By Lawrence E. Lamb, M.D. DEAR DR. LAMB—In 1967 my husband had an ulcer operation, and part of the stomach was removed. The news was also cut to prevent the formation of stomach acid.

Assert Your Rights Don't Be Shut Up Or Put Down

By JEAN PATTESON Women's Editor

Are you a Doris Doormat? Or is Iris Indirect more your style? Perhaps your personality characteristics, the place to find out more about your behavior patterns, is in the Assertive Training course being offered by Seminole Community College's ISOC Project 21st Century Woman.

Members of Assertive Training class practice specific assertive techniques with group support. The non-assertive woman, says Ms. Gordon, ignores or violates her own rights, allowing others to infringe upon them.

On July 27, 17 women gathered at SCC's South Seminole Center (above the Pan American Bank, Interstate Mall, Altamonte Springs) for the first course in Assertive Training. There was an insurance salesperson, an advertising representative, several housewives, part-time students, an artist, a teacher. Their ages ranged from early 20s to late 50s.

DEAR ABBY: I am 62 and the wife is 59. I like old-time dancing, polka, schottisches and square dancing. My wife never did care much for dancing so she quit going with me about 15 years ago.

DEAR ABBY: I am 62 and the wife is 59. I like old-time dancing, polka, schottisches and square dancing. My wife never did care much for dancing so she quit going with me about 15 years ago.

JEAN NORRIS is In The Running For State DWC Vice President. Mrs. Jean Norris of 115 Larkwood Dr., Sanford, is a candidate for the state office of second vice president of the Democratic Women's Clubs of Florida.

'We Care' Marks 10th Anniversary. In October, We Care, Inc., Central Florida's Suicide Prevention and Crisis Intervention Center, will celebrate its tenth anniversary.

WOMEN

Watched by instructor Jane Gordon (in background) and fellow student Virginia Phillips, Louise Blau participates in a group role-playing session.

Autumn Art Fest Set

The Second Annual Winter Park Autumn Arts Festival will take place on Oct. 12 from 10 a.m. to 6 p.m. in Central Park, Park Avenue, Winter Park.

**200 YEAR HERITAGE OF GREAT AMERICAN FOODS**

Powdered packaged gelatin was popularized by a salesman who thought his wife was enjoying too much time in the kitchen making all her pies. Charles B. Koenig was his name, and he used to sell sweetened condensed milk to the women who made pies. He thought that if he could get the women to use his product for making desserts and salads, Mrs. Koenig would not be so busy in the kitchen. This was the idea for the Lemon Chill.

**LEMON CHILL**

1 large can evaporated milk  
2 packages lemon gelatin  
1 cup sugar  
1/2 cup lemon juice  
2 1/2 cups Graham cracker crumbs

Chill milk in an ice tray until set. Dissolve gelatin and sugar in 1/4 cups boiling water. Stir in lemon juice and chill until almost firm. Whip until light and fluffy. Beat with until soft and fold into gelatin. Spread 1/4 cups crumbs into a 1 1/2 inch tin. Place gelatin mixture into pan and top with the remaining crumbs. Chill overnight. Serves 15.

# Cook Of The Week Woody's King In Kitchen

In the kitchen, Woodrow (Woody) Clark is king, and his wife, Vi, is happy to have it that way. After all, how many women are lucky enough to have husbands who can whip up tempting breads, cakes, dinners, desserts — and enjoy doing it!

"I've been cooking all my life. My mother died when I was 12, but she'd already taught me quite a bit by then. I've been cooking ever since, and love it," said Woody in the well-equipped kitchen of his home at 204 Crystal View South, Sanford. The dozens of utensils, gadgets and appliances which are displayed attractively in the kitchen are all used. Woody is quick to point out. Having the right equipment is half the battle won, he believes.

More than 75 cookbooks lining the shelves in and around the kitchen attest to his love of the culinary art, and he has been subscribing to the prestigious Gourmet magazine since 1947.

"I like to cook anything from boiled potatoes to the most fancy dishes," said Woody. "I go all out and get very daring at times. It takes a good engineer to be a good baker, you know!"

Four of his original creations are shared (below) with Evening Herald readers: Fire and Ice Tomatoes; Hot Chicken Salad; Jalapeno Cornbread and Loaf of Rolls. Although the Clarks have a large barbecue and smoking unit, and Woody smoked two hams and a turkey this

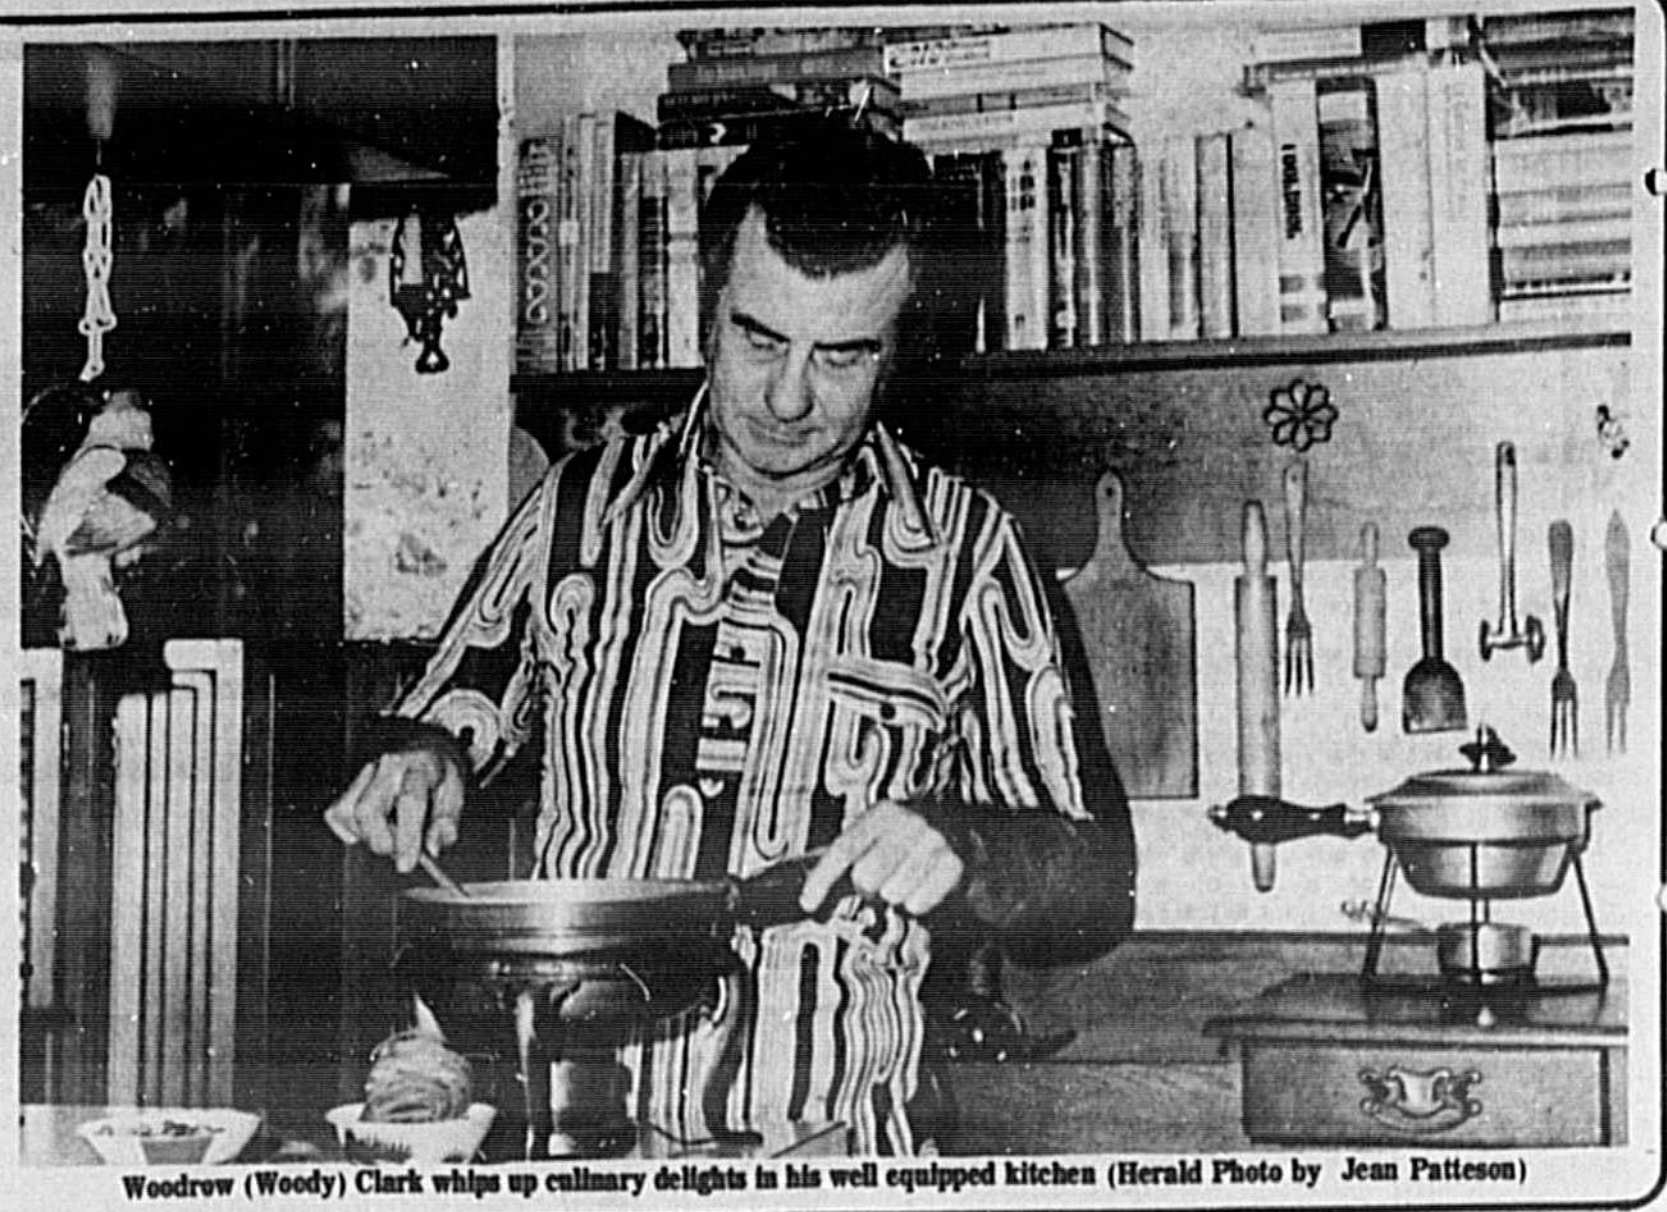

summer, he does not view outdoor cooking as his favorite. "Baking's more my bag," he said, and recommends the chocolate pie and chocolate pound cake (listed below) as fine eating. With breads, cakes and sweet rolls, one can really use one's imagination, Woody believes. His Danish pastries are so delicious you cannot stop eating after just one, so in the interests of a neat waistline, he doesn't bake them too often!

The warm, moist Florida climate is ideal for baking breads, and often Woody leaves his dough to rise overnight in their screened back porch.

In fact, during the years Woody was employed by the Federal Government, working with computers, Vi did all the family cooking — and is a fine cook, according to her husband. But now that Woody is retired, he likes to spend at least some time every day in the kitchen. He also does all the grocery shopping.

While Woody enjoys what he calls "down home cooking" — navy bean soup with ham bone, corn bread and the like, he also turns out masterpieces of Mexican, Italian and Chinese taste. "I don't believe the French are the best cooks in the world; Americans are," asserts Chef Clark. "I'd like to see published a book of American gourmet cooking."

Although many of his friends have urged him to do so, he doubts he'll be the one to write that book.

Woodrow (Woody) Clark whips up culinary delights in his well equipped kitchen (Herald Photo by Jean Pattison)

## Original Recipes Are Super-Treat

### FIRE AND ICE TOMATOES

1 egg  
2 eggs  
1/4 cup melted margarine, (or cooking oil if fine)  
1/2 cup flour, or enough to make a soft dough.  
Mix well by hand, cover and let rise until doubled. Overnight in the refrigerator is best.  
Place on floured board and knead a bit, then roll to about 1/4 inch in thickness. Cut out small rolls, dip each in melted margarine and place in layers in large well greased tube or Bundt cake pan. Let rise again until doubled in bulk (In refriger if you like). Bake 450 degrees for about 45 minutes until well browned. Pull apart to serve.  
This dough may be used for conventional type rolls and will keep well in the refrigerator for at least a week.

### HOT CHICKEN SALAD

Mix the following together thoroughly:  
2 cups cooked chicken chopped  
2 cups thinly sliced crisp celery  
1 cup chopped toasted almonds  
1 1/2 cups miracle whip salad dressing  
1/2 cup chopped onions  
About 3 teps lemon juice salt to taste  
Place in ovenware dish. Garnish with toasted onion rings or chopped cheese and cook at 400 degrees until heated through (about 30 minutes).

### JALAPENO CORN BREAD

Mix the following together thoroughly:  
1 1/2 cup cornmeal (yellow, if you can find it)  
1/2 cup flour  
4 teas. baking powder  
2 teas. sugar  
1/2 teas. salt  
1 egg  
1 1/2 cups milk  
1/2 cup melted shortening  
Then add 1 cup chopped onion and 3 or 4 (depending on how daring you are) large jalapeno chilis (Mexican food department of your super-market) finely chopped and seeds removed.  
Pour into a heavily greased sizzling hot pan (iron skillet is ideal) and bake 400 degrees for about 30 minutes, or until well browned.

### LOAF OF ROLLS

Sprinkle 2 pkgs of dry yeast on two cups of warm water, in large mixing bowl. Stir until dissolved, then add:  
1/2 cup sugar

### THE AWARE SHOPPER

By Barbara Sullivan  
A&P Director of Consumer Affairs

**Aware Shoppers**

One of the wisest buys a shopper can make is the local newspaper. It only costs a few cents-but it has coupons worth many dollars in it. Because saving money is so important these days, saving coupons helps you cope.

\* Save only those coupons for items you can really use and pass the extras on to a friend.

\* Use coupons to introduce yourself to new items.

\* Organize your coupons to coordinate with your shopping list so you can compare values as you shop.

\* Remember coupons are only good on items you have actually purchased. Everybody who's saving... is saving coupons.

Democrats Cook Up Non-Partisan Feast

By keeping politics out of the kitchen, you might be missing out on a fantastic cooking experience because The Democratic Caucus Cook Book knows no party barriers when it comes to fine recipes.

Whether it be Mrs. Edmund Muskie's New England dinner, Mrs. William Proxmire's cranberry bread, or Mrs. Hubert Humphrey's beef soup, you can be sure you're backing a culinary winner.

The cook book is published by the Democratic Women's Club of Florida and brings you the favorite dishes of many of our country's leaders. Included is Rose Kennedy's Boston cream pie, Bess Truman's scalloped eggplant and Lady Bird Johnson's spoon bread.

The book is now available at a reduced price from Seminole County DWC President, Jean Norris, or any local DWC committee member.

## Tacchino Tonnato Don't Sing It; You Eat It!

Vitello Tonnato (Tunned Veal) is a delicate veal-and-tuna dish found on the menus of better Italian restaurants. To prepare it, boneless leg of veal is cooked, cooled, and then thinly sliced for serving. A piquant sauce of tuna, anchovies, lemon juice and capers is the traditional accompaniment. Whoever invented this perfectly delicious dish should rank in the culinary hall of fame on a par with Michelangelo in the realm of art!

Aware of the high cost (and smaller supply) of veal in the markets these days, the McIlhenny Company of Avery Island, Louisiana, manufacturer of Tabasco pepper sauce, adapted the traditional recipe to turkey. Fresh and frozen whole turkeys and turkey pieces are in abundant supply and relatively low in cost compared to the red meats. Both turkey and tuna are high in protein, making this a nourishing as well as pleasing entree for any time of year—but especially warm summer days.

**TONNATO SAUCE**

1/4 cup olive oil  
2 egg yolks  
1 can (6 1/2 or 7 ounces) tuna, drained  
1 teaspoon salt  
6 anchovy filets, rinsed and chopped  
3 tablespoons lemon juice  
1-3 cup reserved turkey stock  
1/2 teaspoon Tabasco pepper sauce  
1/4 cup heavy cream  
2 tablespoons capers, rinsed and drained

In container of electric blender, combined olive oil, egg yolks, tuna, salt, anchovy filets, lemon juice, reserved turkey stock and Tabasco. Cover and process at high speed until smooth. Pour into a bowl; stir in heavy cream and capers.

In this recipe for Tacchino Tonnato (Tunned Turkey), a 5-pound turkey breast will serve six to eight persons. The turkey is cooked until tender in chicken broth, white wine and vegetables, spiced with Tabasco liquid red pepper seasoning. Part of this stock is used to further enhance the Tonnato Sauce. This creamy sauce is easily made to smooth perfection in the blender. Should there be any left, it's very good poured over sliced tomatoes and salad greens. You see, there's no waste to this fine dish!

Serve the entree with sliced tomatoes and bits of cucumber that have been marinated in an oil-and-vinegar dressing; add a little Tabasco for zest. Crispy Italian bread will round out this appetizing menu quite nicely.

**AN ECONOMICAL ITALIAN DISH**

Tacchino Tonnato (Tunned Turkey) is an economical version of the traditional Italian specialty, Vitello Tonnato, made with veal. Tabasco liquid red pepper enhances the creamy tuna sauce spooned over the cooled, sliced turkey breast. The pewter spoon in the foreground of the photo is a replica of the unique Copeland Spoon, reproduced from the oldest known dated piece of American pewter; the spoon is an example of seventeenth-century styling from the Jamestown, Va. area. It has been reproduced by The Steiff Company of Baltimore as part of its Bicentennial Collection of historical pieces.

## Lyman Graduate Is Fechtel Aide

By DONNA ESTES  
Herald Staff Writer

State Rep. Vince Fechtel (R-Leesburg) and a college student who served as an aide during the last session of the Legislature, were special guests at this week's Greater Sanford Chamber of Commerce Personality Breakfast.

Fechtel was the guest speaker.

Steve Powell, son of U. S. Army Col. (ret.) and Mrs. Joseph Powell, of Rolling Hills, is a 1974 graduate of Lyman High School, and will begin his second year at Florida State University in the next few days. Powell is majoring in government and plans to become an attorney.

Having met Fechtel while he was president of the senior class at Lyman, Steve made it his business to get in touch with "my representative," while visiting the state Capitol building.

Steve said Fechtel accepted his offer to assist him with research and wherever he was needed. He did research in the Department of Natural Resources concerning the Wekiva River.

"It was a lot of fun," he said, adding that in line with legislation Fechtel was proposing concerning correctional institutions, he got information from other states and put it all together. Much of the research, changed his position and voted against it.

"I go along with the argument that it is not necessary," Steve said, "even though I did not work on that particular project with him. ERA was supposed to pass by 10 votes in the House and it failed 62-38," so maybe a lot of others were listening to the voters too.

"I thought the entire experience was enjoyable," Steve said. "I had an idea that laws are not passed with blinding speed and I found this is true."

"But, it is too easy to pass legislation. Many things would get through that are not necessary," Steve said.

Born in Honolulu, Steve lived for a time in Germany while his father was stationed there and in many places around the continental United States.

"Politics, government, law—the whole area—interests me," he said, adding there has never been a lawyer in the Powell family nor has any close friend been a lawyer.

"You will find a lot of people trying to get into law," he said, "and there are probably enough lawyers in Florida. But, there is always room for good ones."

At Florida State, Steve is a member of Lambda Chi Alpha fraternity and a member of the Student Senate.

STEVE POWELL, however, involved the Wekiva River, a special interest of Fechtel's.

## Sims, Feather Dissent In 3-2 Vote 8.6-Mill School Taxes Eyed

By JOE ASKREN  
Herald Staff Writer

After hearing a taxpayers' appeal to cut the new \$82.2 million budget and seek more financial help for Seminole County's older schools, Board members in a 3-2 vote Wednesday night agreed to advertise an 8.6 millage levy to support the new operational and debt service budgets.

Each mill equals \$1 per \$1,000 of appraised property value and is used to determine property taxes.

Board members Davie E. Sims and Chairman Robert G. "Bud" Feather opposed the successful motion made and seconded by members E. C. Harper Jr. and Pat Telson.

Feather said he believes more of the budget should be "shaved off" this year when everybody is "tightening their belt." He said the time has come to "fix up our older schools."

"We need to tighten our belt, too," said Feather.

The new budget, down from last year's \$52-million, will be advertised Monday along with the eight mill levy for the \$39.5 million operational budget and the 8.6 mill levy to pay off or retire 1958 and 1968 bond issues.

A public hearing is set for 7:30 p.m. Sept. 15 on the new school budget and millage and the total 8.6 millage levy will be (Continued on Page 12-A)

## Five-Minute Maximum Block Sought

## Railroad Crossing Ordinance To Go To Public Hearing

By ED PRICKETT  
Herald Staff Writer

A railroad obstruction ordinance limiting trains to five minutes at any Seminole County crossing has been approved for public hearing by county commissioners.

The measure holds railroad personnel liable for any blocks longer than five minutes.

The penalty is a \$500 fine and/or 60 days in jail. Commissioners on Tuesday agreed to hold a hearing on the ordinance and instructed County Administrator Bob Ellis to set a date.

Ellis said his office is in the process of setting a hearing.

The ordinance was presented Tuesday by County Attorney Tom Freeman.

Commissioner Dick Williams asked Freeman if the time limit couldn't be cut to three minutes—instead of five at any crossing.

"Couldn't we reduce it to something lower?"

## The measure holds railroad personnel liable for blocking any intersection more than five minutes. The penalty is a \$500 fine and/or 60 days in jail.

Williams asked Freeman said it could be done, but he said it's proper to set the time each train is allowed to block a crossing at "reasonable" limit.

The ordinance is in response to trains blocking the SR 46 crossing, which has caused concern among county residents who have been forced to wait sometimes as long as 40 minutes before crossing near Seaboard Coastline Railroad's Rand Yard.

SR 46 is the main artery from Interstate 4 and the probable route an emergency vehicle would take en route to Seminole Memorial Hospital.

If railroad officials wish to block a crossing longer than five minutes, they must appear before the commission and state the reason, the ordinance provides.

At the next regularly scheduled meeting, the commission will rule on the request.

If the reason is deemed valid, the railroad must take out an advertisement in the local newspaper advising the citizens of the crossing to be blocked, the reason and the length of time.

## Today

Two Sanford men, including a Lakeview Middle School teacher, have been arrested and charged in a July 31 strongarm robbery. For this story and other action reports from the police beat, see Page 2-A.

The Lyman High Greyhounds kick off 1975 football action tonight in a jamboree at Evans High in Orlando. Lyman plays Boone at 8:30 and Colonial at 10. See story and Herald Sports Editor Jim Haynes' column on Page 1-B.

## Modular Construction Firm Prepares Jail Cell Contract Bid

By MICK LOCHRIDGE  
Herald Staff Writer

Offender Rehabilitation, formerly the Division of Corrections, is preparing a bid on a \$632,950 state contract for prison cells and anticipates submitting other bids on more than \$11-million in contracts for additional construction, a spokesman for Standard Systems, Inc., said Wednesday.

The initial contract is to provide an additional 75 cells for Lake County Correctional Institution by the first of 1976, said Percy Folsom, architectural engineer manager with the State Department of

Folsom said he expects the state cabinet to award the 75-cell contract in early October.

Ray Hart, Standard Systems controller, said the bid package, with plans and specifications for the contract is being prepared by company production officials and architects. Bids must be submitted by late September, according to Folsom.

Folsom said bid packages for the remainder of the \$11.7-million emergency fund for prison additions will be awarded in a "continuing process" for phased construction by February, 1976.

The 1975 state legislature appropriated \$11.7-million for additions to four state correctional institutions, including Lake, to relieve overcrowded conditions.

Other prisons include 200 cell additions for Lawdell and Zepherous and a 350 cell addition for Lowell.

Hart said Standard Systems, located at the Port of Sanford, will consider bidding on the remaining three projects.

"Sure, we will be very interested," said Hart of the

## Three County Agencies To Split State Funds

Seminole County Commissioners, in an 11th hour decision have designated three agencies to receive almost \$18,000 in state funds.

The lion's share of the money—more than \$8,000—will go to combat sickle cell anemia. A \$1,750 grant is slated for the Retired Senior Volunteer Program (RSVP), and the remainder of the \$17,000 was earmarked for training retarded adults.

County Administrator Bob Ellis informed the commission Tuesday this year's application to the state was Sept. 1. But without agencies designated as fund recipients, the letter of application was held up.

It was at the insistence of Commissioner John Kimbrough that OMAE was appointed to

"oversee" the agencies, because Kimbrough said the Seminole County programs "must meet state requirements."

"I don't see why OMAE can't handle this," Hattaway said.

The commission was informed that the county is required to make up funds in the event they are "squandered" by one of the designated agencies.

Ellis has had sole responsibility of monitoring the agencies.

Now, the admin. water will be assisted by OMAE. Ellis said he made a number of field trips and checked books to insure himself the recipients were operating by proper county standards.

Kimbrough agreed, but he also insisted Ellis write the state and insure Seminole

## Judge Ware Funeral Set For Friday

Funeral services for former Seminole County Judge Robert W. Ware, 83, who died Tuesday night at his residence at Wesley Manor Retirement Home in St. Johns County, will be held at 11 a.m. Friday, at First United Methodist Church with Rev. Leo King officiating.

A native of Lincoln, Ga., he moved to Sanford in 1925 from Warrenton, Ga., and was a resident of 711 Palmetto Ave. He moved to Wesley Manor four years ago.

He was an attorney, member of First United Methodist where he was first elected in 1925 Sunday School Class which was named in his honor. He was a member of Sanford Kiwanis Club.

Survivors include a son, Rev. H. Melton Ware of Winter Park; five grandchildren and 25 great-grandchildren.

Gramkow Funeral Home is in charge of arrangements.

JUDGE ROBERT WARE
