

### Florida State League To Begin Plan April 16

(Continued from Page One) Browns and the New York Yankees, will manage the Azaleas this season and the club would be ready for opening day. Gainesville officials announced

that \$3500 had been spent on their park by the City of Gainesville and that they expected to announce the signing of a manager this week. Leesburg's director stated that he had no players signed thus far but they had previously won a pennant with castoffs from other clubs and may have to repeat the same procedure. Orlando's director reported that the National's were ready for action as only a few more players were necessary, and that transportation facilities have

been obtained. DeLand's director stated that a bus had been purchased, the lights were being put into first class condition, a manager had been signed and a great number of season tickets had been sold. Sanford's director stated that the progress here had been slow but the park was in excellent condition. St. Augustine officials reported that the Saints' park was in bad condition and no definite progress towards the signing of players and a manager had been

### Celery Feds Drop Thrilling Contest To Bolles Academy Cagers, 25-24

By JULIAN STENSTROM Herald Sports Editor  
George McClelland's Seminole High School Celery Feds narrowly missed capturing a "story" book contest over the Bolles Military Academy cagers Friday night at the high school auditorium when, after a one sided first half, the Feds knotted the count in the last minutes of play but emerged a single point behind the Cadets at the final whistle.

The final count was Bolles 25, Sanford 24.  
Major Mark Bradley's five took an early lead when Hickson and Cortly dropped in two field goals. Clark of the Feds pushed one in from the hot position and Jaffe immediately retaliated with another field goal. Hickson made a free shot just before Clark sank another field goal. Worthly and Friedlund accounted for two free throws to end the first period with the score Bolles 9, Sanford 4.

The Cadet machine continued to click in the second stanza, both offensively and defensively. While racking up nine more points on field goals by Hickson, Jaffe and a pair by Worthly, the Cadets were hitting the Feds to another four points. Grantham and Clark accounting for a field goal each. Entering the third period on the short end of an 18 to 8 score, the Celery Feds got out of the rut in which they had been traveling and started down the paved highway. Clark sent a field goal through the net and Dyess basketed another. Hickson interrupted the Fed offensive with a field goal, but McClelland's cagers re-entered the scoring column with successive baskets by Clark and Dyess again. After sinking a free shot, Clark netted another field goal and Hickson ended the period's scoring hostilities with a free shot. The score at this point was 23 to 19 in favor of the Cadets.

Dyess opened the final period with a field goal from the circle to put the Feds two points behind the Cadets. After several minutes of "scrapping" basketball, Clark tossed a long pass to Dyess who broke clear and dropped in another goal from under the bas-

ket to knot the count at 23-23. Hickson received a pass under the basket from Friedlund and he dropped in the field goal which turned out to be the final Cadet points but also good the winning margin. Grantham was fouled by Eubanks and he sank a free shot putting the Feds one point behind Bradley's aggregation.

With a minute and a half remaining, the Feds missed two field shots and with only seven seconds left, Dyess took a long shot that circled the rim but failed to drop through the basket. Clark captured the scoring honors for the evening with six field goals and a single free shot for 13 points while Hickson of Bolles recordeed 9 points by four field goals and a pair of free tosses.  
Score by periods:  
Cadets 9 0 5 2 - 25  
Celery Feds 4 4 11 5 - 24  
Personal Fouls: Grantham, Cul-tun and Kastner 3; Jaffe and Clark 2; Hickson, Eubanks, Friedlund, Dyess and Swain. Free Shots: Missed: Jaffe 5, Worthly and Dyess 2, Hickson, Friedlund, Clark and Culturn. Officials: Referee—Bailey; Umpire—Baker; Time-keeper—Steel; Scorer—Stenstrom.

### LEGAL NOTICE

accomplished. President Combs announced that during the 1946 season all clubs must conform with the National Association doubling that all double headers must be scheduled as two nine inning games. A game, however, may be called at the end of seven innings, or any inning, if the managers and umpires find it necessary to do so.

The league voted to assess each club \$20 to improve the condition of the loop's treasury and also decided to require that each entry submit an additional \$100 within one week to cover the franchise deposit since the salary limit had been raised to \$1800.

Don Padgett, president of the Daytona Beach entry, was elected vice president of the circuit by the league directors. Regulations regarding the signing of high school players was brought up during the contest but directors decided to table it for a future meeting since no definite ruling has been received from Judge W. G. Branham, minor league czar. Those present at the meeting in addition to President Combs were: John Gansel of Orlando; Bill Page and Doyle Woodruff of DeLand; Don Padgett of Daytona Beach; Lee Hanover and Bill Brazier of Leesburg; Parks M. Carmichael of Gainesville; Harold E. Hyman of St. Augustine; Leon Hamilton, Myril Hoag and Jeff Emerson of Palatka; Joel Field, John Krider and Bralley Odham of Sanford; Secretary Peter Schaaf of Silver Springs, Benny Kahn of the Daytona Beach News-Journal and Julian Stenstrom of The Sanford Herald.

## WHOLESALE PRICES!

That's right, wholesale prices direct from a local factory which is in position to give you Mattresses, Box Springs, Studio Couches, Hollywood Beds, etc, of the best quality materials and finest construction you can get anywhere. And there's no middle-man profit when you buy from the Sanford Mattress Factory! IMMEDIATE DELIVERIES!

**MATTRESSES \$24.50**

50 pounds of the newest and best white staple cotton produced in Georgia goes into each mattress for your sleeping comfort. Choice of tickings. Note: INNERSPRING MATTRESSES ARE AVAILABLE NOW IN LIMITED QUANTITIES, SIZE 3-3 ONLY.

**BOX SPRINGS \$24.50**

Locally manufactured to order in any size or shape.

**STUDIO COUCHES \$32.50**

3 cushion couches of extremely high quality construction.

**HOLLYWOOD BEDS \$29.50**

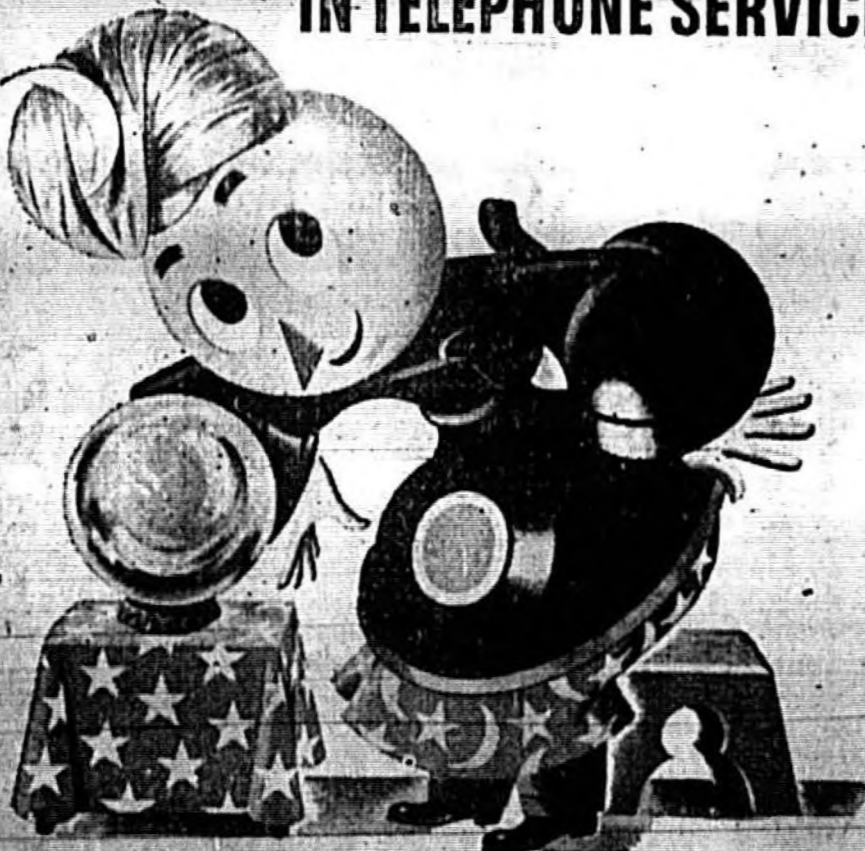

Single or double size, all new springs. Available now!

## WHAT'S AHEAD IN TELEPHONE SERVICE?

In case you don't recognize me in the turban, I'm Telephone Tommy... gazing into the future. What I see is of great importance to every forward-looking citizen in Florida.

I see telephones in the future for all who want them. I see a lot of people with new jobs and steady incomes... more good customers for more businesses... added prosperity for Florida—all as a result of the tremendous expansion program already started by the Telephone Company.

This program involves the expenditure of more than \$300,000,000 in the nine southeastern states and means

that the present investment in telephone facilities in Florida will be practically doubled in the future.

So, I see the need for a heap of money. This money will have to come, as it has in the past, from the savings of hard working, thrifty people.

Unless they have confidence in the safety of their investment and feel assured of a reasonable return on that investment, new funds for future expansion will not be forthcoming.

So, it is easy to see that earnings have an important place in your future telephone service.

## Soviet, Iran Delegates Hope To End Issue

### Byrnes Amplifies Remarks On Secret Yalta Agreement To Support Russia

LONDON, Jan. 29, (AP)—The United Nations Security Council has nominated a compromise candidate for the important job of Secretary-General of the U.N.O. He is Norway's Foreign Minister—Trygve Lie.

LONDON, Jan. 29, (AP)—United Nations sources have high hopes that an expected conference today between Russian and Iranian U.N.O. delegates will ease the tension between Russia and most of the other nations at the General Assembly.

The Russian and Iranian delegations are expected to discuss informally today the charges referred against the Soviet Union by the Tehran Government. Iran has accused Russia of interfering in Iranian internal affairs. The charges have been filed formally with the U.N.O. Security Council, but the Tehran Government now has instructed its delegation to make a new effort at settling the dispute by direct talks.

However, the Iranian-Russian dispute remains on the agenda of the Security Council for its scheduled meeting tomorrow.

Meanwhile, solution of the U.N.O.'s chief organizational problem appears likely soon. Only one major organizational problem will remain to be settled—the selection of a permanent site for U.N.O. headquarters. This problem may be settled next week. The site-selection committee which has been inspecting various locations in the eastern United States is expected to file a detailed report by Feb. 2.

WASHINGTON, Jan. 29, (AP)—Secretary of State James Byrnes today amplified remarks on the secret Yalta agreement for United States support of Russia's claims to Japan's Kurile Islands. The secretary stated that this agreement was reached with the full knowledge of American military command.

The state department had also declared that the war department has agreed to retain control of the American zone in Germany. Byrnes said that it would be a mistake to alter the set-up, since the war department was doing such a good job.

When questioned on charges that American ships had recently carried arms to Barcelona, Spain, from Italy, Byrnes made a flat denial. He declared that neither the war nor transportation of arms to the Franco government had been authorized.

Congress today was busy with committee work. Chairman Brent Spence of the house banking committee introduced legislation to extend the price control and wartime stabilization laws for one year beyond June 30th. Public hearings on this bill start February, 6th.

## Truman Approves Plan For U.N.O. To See Atomic Tests

WASHINGTON, Jan. 29, (AP)—Secretary of State James Byrnes has announced White House approval of his proposal that U.N.O. representatives be invited to witness the atomic bomb tests.

However, Byrnes stated that approval by President Truman did not mean that final government policy has been determined on the subject.

Byrnes added that it was his understanding that the question of witnesses still is being discussed by the War and Navy secretaries and Army and Navy staff members.

Atomic energy matters also were considered by a Senate committee today. A proposed amendment which would give the commissioner administrator the future of atomic energy. Under a plan offered the atomic energy committee by Dr. Harold Shapiro, the commissioner would be assisted by an unclassified advisory committee. Shapiro, the director of Harvard observatory, declared that his plan has been endorsed by the President of Harvard, J. B. Conant.

Mrs. Odette Wilson county home director announced today her intention to offer the city's "generous" policy of furnishing water free of charge for the community camping kitchen on Grove Avenue. Most camping today has been at camps and picnic grounds.

## Bill-Boarded Up Temporarily

IMPRISONED behind a large billboard in New York City for three days, Bill, the neighborhood tomcat is shown here being rescued by police emergency squad workers who tore down part of the sign to release him. Even the billboard chief seems happy about it. (International)

## 70 Percent Telephone Increase In Sanford Reported By Turner

### Recent County Survey And Rural Power Line Carrier-System Described As Significant To Farm Families

#### By WILLARD CONNOLLY

A 70 percent increase in telephones during a 10 year period in Sanford and Seminole County was today reported by E. V. Turner, local manager of the Southern Bell Telephone and Telegraph Company.

Mr. Turner, who has a record of 38 years of service for the company in the Orlando district, reported that in 1937 there were 1,250 telephones in the county, and that now there are 2,200 in operation.

In January, 1937 there were 12 girls employed at the local switchboards, and today there are 72, he revealed.

Mr. Turner came to Sanford in October of 1936. Mrs. Bertie Breeden is chief operator of the exchange. W. F. Penner is in charge of equipment. J. L. Hanlon has charge of cables and O. E. Pennington and C. A. Lee are in charge of installations.

A recent two man survey of rural telephone facilities and needs within the county was recently made, said Mr. Turner.

This survey, he added, was in line with experiments started by engineers on Jan. 14, near Selma, Ala., with a scientific development of possible far-reaching significance to farm families who do not now have telephone service.

He described the method as "rural power line carrier system of providing telephone service over the same wires as those used for electricity.

Although the system is still in the experimental stage, said Mr. Turner, it holds promise as one important means of extending farm telephone service to more and more farms served by power.

## Civilian Nurse Who Married One Man Army Of Bataan Is Seeking Annulment

MANILA, Jan. 29, (AP)—A civilian nurse who served on Bataan is seeking annulment of a marriage she claims she contracted with the famed one-man army of Bataan—Maj. Arthur Wermuth. The nurse—who filed her annulment petition in the Manila courts under the name of Mrs. Olivia Josephine Oswald Wermuth—claims she and Wermuth were married on Dec. 7, 1941.

Miss Oswald—who has been using her maiden name since learning that Wermuth married Jean Wilkins of Chicago in 1935—alleges she married Wermuth after the so-called "whirlwind" courtship. Miss Oswald says the wedding ceremony was held on the roof garden of the Great Eastern Hotel the day before the Japanese bombed Manila.

The nurse claims that the marriage ceremony was performed by an Army chaplain, whom she identified as H. S. Stainback. Miss Oswald says her honeymoon was spent in the tragic setting of Bataan, where Wermuth gained world fame as the "savior of the 26" when he led the 26 survivors of the 76th Central Postal Directory to safety.

## Harry Hopkins Dies Today In New York City

### Former Special Aide To Two Presidents Had Been Hospitalized Since November

NEW YORK, Jan. 29, (AP)—Former presidential advisor Harry L. Hopkins is dead. The one-time assistant to the late President Roosevelt died today at Memorial Hospital in New York City. He was 55 years old.

Hopkins entered the hospital last November. No diagnosis of his condition ever was announced, he had been in ill health for several years. Hopkins resigned his White House post last July, saying, "I must take a rest."

Under the late President Roosevelt Hopkins was administrator of the old Civil Works Administration and the Works Progress Administration. Later he was Secretary of Commerce.

Hopkins was born in Sioux City, Ia. He studied economics and sociology at Grinnell College in Iowa. He played basketball and baseball, and was a Phi Beta Kappa key. He began his social work in New York City, where he became director of the New York Tuberculosis and Health Association. He was serving in that post when he first met the Roosevelts, in 1928. At that time, Franklin Roosevelt was Governor of New York. From that moment, Hopkins was almost inseparable from the late president.

He served as Federal Relief Administrator from 1935 to 1938. In 1938 Hopkins was appointed Secretary of Commerce, but in 1940, he resigned to lead President Roosevelt's third term campaign.

When Europe was plunged into war, Roosevelt leaned ever more heavily on his trusted confidant. It was Hopkins, in a center of controversy and speculation in Washington, who arranged the famous Atlantic Charter meeting, the Cairo meeting, the three-power conference at Tehran and Yalta. His plans were so frequent that for a time he almost replaced Mrs. Eleanor Roosevelt as the subject of jokes about traveling.

Hopkins' liberal philosophy made him an inevitable center of controversy and speculation in Washington. When President Roosevelt died and Harry Truman entered the White House, there was general expectation that Harry Hopkins would bow out. However, he remained at his post. He was seen by President Truman and need of the knowledge and advice about Roosevelt's policies which only Hopkins could give. Hopkins remained to see the new President through the first months of duty.

## Husband Of Local Girl Is Listed As Killed In Action

Sgt. Ralph Kirsch, husband of the former Miss Ruth Smith of Sanford and Charlottsville, Va., who had been listed as missing in action since Jan. 22, 1944, now has been declared as dead, according to a recent message from the War Department sent to Sgt. Kirsch's parents, Mr. and Mrs. Wallace Kirsch, of Oshkosh, Wis.

The letter, signed by Major General Edward F. Wittell, adjutant general of the Army, said that the War Department previously entertained hope that Sgt. Kirsch would be found alive and that information would be revealed dispelling the uncertainty surrounding his absence.

The letter stated that all available records and reports concerning Kirsch were carefully investigated and a review of the case was made. Information in the hands of the War Department, the general wrote, indicated that Kirsch was a crew member of a B-25 aircraft which failed to return from a bombing and strafing mission to Lakunal air-drome, New Britain, on Jan. 22, 1944.

On the bombing run, the general wrote, the plane was observed to sustain damage from enemy anti-aircraft fire, burst into flames and crash into Japanese harbor. Eye witnesses stated the letter added, that at least three parachutes were seen to leave the damaged aircraft prior to the crash, but that careful investigation had failed to reveal any trace of Kirsch since that day.

Sgt. Kirsch enlisted in the Air Corps in October, 1941, and had been overseas since July, 1943. The youth was a graduate of Oshkosh High School. Mrs. Kirsch and her young daughter, Dolores, are currently visiting relatives in Lake Mary.

A lost sheldond pony, the property of Monroe Pearce, 717 West First Street, was found yesterday and taken to police headquarters, then returned to the owner.

## James Dewey Undertakes Settlement Of GM Strike

### Air View Of Possible UNO Headquarters

WHEN THE EMISSARIES of the United Nations Organization reached the United States, they went at once to Hyde Park, the historic ancestral home of the late President Franklin D. Roosevelt, and in many sections of the world it was said that this site would get No. 1 consideration as the future permanent headquarters of their organization. It had seemed to many eminently fitting that the site become a tribute to the man who fought for it. They inspected for places the Roosevelt, Vanderbilt, Mills and Rogers estates. They found they owned 1,026 acres, of which 1662 privately owned. Here is part of what they saw.

## Police Holding Two Youths As Kidnap Suspects

### Both Admit Calling At Degan Home After Child Abducted

CHICAGO, Jan. 29, (AP)—Two youths are being held for further questioning in connection with the kidnaping-plotting of Suzanne Degan. Chief of detectives Wallace Storms has identified them as 22-year-old Theodore Campbell and 18-year-old Vincent Costello. Detectives are at work tracking down their movements on Jan. 6 and 7. Storms said the two have admitted they called at the Degan home several strands of hair similar to Suzanne's, and the basement room in the Edgewater district apartment house where her body is known to have been dismembered.

Police investigators believe the picture wire may have been used to strangle the girl. A clue described as "the most vital" yet developed is contained in the fingerprints found on the ransom note which had demanded \$20,000 from Suzanne's father, James Degan.

Mathew Hagins, negro, had both legs broken and suffered a bad head cut when run over by a car driven by Hill Duval, negro, who has been arrested for reckless driving. The accident happened on West Thirteenth Street at 12:35 A. M. Sunday.

Patrolmen Gillyard and Bedemag reported that at 3:15 A. M. yesterday morning a truck had backed up to the Municipal Ball Park and had stolen a load of wood. At Seventh Street and Mellonville Avenue the truck turned west and was lost sight of when it reported.

## Bullet Pierces Window And Hits Mrs. C. Casper

Shot through the fore part of the neck as she bent over the dresser in her bedroom, Mrs. Charles Casper of 414 Chapman Avenue was today receiving emergency treatment at the United States Memorial Hospital where her condition was pronounced fatal. Dr. C. E. Park was in attendance.

The bullet, believed by police to have come from a .22 caliber rifle, entered the bedroom window facing the south and left a two inch hole in the pane, scattering the bed with glass.

Mrs. Casper, an aged member for the Seventh Day Adventist Church, was at the time getting ready to leave to meet a friend with whom she was going to solicit missionary work for the church.

Her husband, Charles Casper, was seated at the time the bullet struck. (Continued from Page Six)

## TO VISIT SCHOOLS

V. L. Vergason, State Department of Education field director for secondary schools, will visit the schools of Seminole County on Wednesday, Thursday and Friday in the interest of a supervisory program being developed throughout the schools of the state this year.

The purpose of this program, according to Supt. T. W. Lawton, is more nearly to meet the needs of children in school.

The White House says today that President Truman will make an address on Monday Feb. 11 in Winter Park in accepting an honorary degree of Doctor of Humantities from Rollins College.

The President will stop in Winter Park on a slight to Miami where he will board his yacht for a 10-day cruise in Florida waters. Press Secretary Charles Ross says Governor Millard Caldwell will meet the President in Orlando and go with him to Winter Park. Mr. Truman will fly from Washington to Orlando and motor the few miles to Winter Park. He then will return to Orlando and fly to Miami the same day.

Temporary White House offices are expected to be set up in the post office building in Miami during the President's cruise on the yacht Williamsburg. The offices will be in charge of the presidential secretary, Matthew Connelly, Florida Democrat, Senator Paper and Representative Peter-

## Hutchison Is Main Speaker At Guard Meeting

### Stresses Value Of Maintaining Forces At Full Strength

Need of maintaining the Florida State Guard and Company C of Sanford at full membership in view of possible emergencies such as strikes, riots or hurricanes, was stressed last evening at the Armory by Brig. General J. C. Hutchison, now home on terminal leave. Col. Cedric Benz, State Guard Fourth battalion commander, and Capt. John I. Galloway of Company C.

The occasion was a dinner meeting attended by members of Company C and visitors including County Commissioners H. R. Pope, J. McClelland, C. R. Clonts, and G. Kilborn. H. H. Coleman, president of the Seminole County Chamber of Commerce, and Bonner Carter, veteran of the European and Pacific campaigns.

"I want to take my hat off to the men of the State Guard figuratively speaking," said General Hutchison. "You have filled a big need without compensation or glory."

He recalled that during his experience with the National Guard they had been called out four times; twice for riots, and guarding a prisoner in Jacksonville, and

Testifying by deposition, Maj. Thomas H. Hewlett, of New Albany, Ind., has told how Johnson discovered the Japanese language and engaged the Jap miner in a casual conversation in April, 1945. Hewlett's deposition also relates how Johnson was denied food and medical attention.

Hewlett also has testified that another prisoner, Pvt. William N. Knight, of Warsaw, N.Y., was beaten and subjected to all forms of torture until he died in May, 1945.

Enrollment already has passed the 2,700 mark. This doubles first semester enrollment figures and sets a new record for mid-term enrollments.

The Navy has announced officially today that Marine Lieutenant Walter (Tiger) Mayberry of Daytona Beach is dead.

The football ace of the University of Florida has been missing in combat since Sept. 6, 1943. He went down near Vela La Vella in the southwest Pacific—apparently.

## Trial Reveals How Corporal Was Beaten To Death

YOKOHAMA, Jan. 29, (AP)—Testimony at the war crimes trial of Japanese Capt. Inao Fukuhara has disclosed how an American prisoner of war was beaten day and night until he died, simply because he talked to a Jap miner. The prisoner—Cpl. Walter Johnson, of McPherson, Kan., was charged with espionage before he was beaten to death in the Omuta prison. Fukuhara, as commandant of the prison, is charged with responsibility for Johnson's death.

Testifying by deposition, Maj. Thomas H. Hewlett, of New Albany, Ind., has told how Johnson discovered the Japanese language and engaged the Jap miner in a casual conversation in April, 1945. Hewlett's deposition also relates how Johnson was denied food and medical attention.

Hewlett also has testified that another prisoner, Pvt. William N. Knight, of Warsaw, N.Y., was beaten and subjected to all forms of torture until he died in May, 1945.

Enrollment already has passed the 2,700 mark. This doubles first semester enrollment figures and sets a new record for mid-term enrollments.

The Navy has announced officially today that Marine Lieutenant Walter (Tiger) Mayberry of Daytona Beach is dead.

The football ace of the University of Florida has been missing in combat since Sept. 6, 1943. He went down near Vela La Vella in the southwest Pacific—apparently.

New Education Force

A phenomenal growth in Junior Colleges within the next few years is predicted. As many as 500 of the two-year schools are to be set up in various parts of the country, many in connection with metropolitan high schools. The sudden interest in this type of education is laid to veterans, many of whom, not wanting to give four years to the traditional college course, nevertheless have been made education-conscious by the GI Bill.

"MAT SEASON"

Bankhead Sponsors Bill In Favor Of Farming Veterans

WASHINGTON—Thousands of former service men may get a chance at owning their own farms if Sen. Bankhead (D-Ala.) is correct. The Alabama senator, co-author of the present Federal Farm Tenant Act, says Congress will approve a series of amendments to the Bankhead-Jones tenancy act to open the entire program to veterans.

BIBLE VERSES FOR TODAY

WHETHER WE LIKE IT OR NOT WE MUST GO ALONG WITH GOD'S PROGRAM. HE WANTS TO LEAD US BY LOVE, TRUST HIM. REBELLION IS FUTILE AND SILLY. WE CANNOT HAVE A WORLD TO OUR SPECIAL ORDER. Nevertheless what I will do with thou wilt.—Mark 14:26.

Poetry And Propaganda

Can a fascist or a man accused of treason write good poetry? A New York publishing house does not think so. It has just re-issued an anthology of great American English poetry, printed originally in 1927. The first editor carried poems by Ezra Pound, indicted for broadcasting from Rome in behalf of fascism and recently found to be of unbound mind. The new edition has omitted them.

Very truly yours, Claude Pepper

I hotly approve the following editorial recently appearing in the Tampa Tribune written by the distinguished Editor, Mr. Ed Lambright, as follows: Stop The Filibuster—The United States Senate has a proud tradition of free and democratic debate.

Wonder if the government is waiting to declare the war officially ended until the steel strike is settled?

British RAF pilots in Calcutta have gone on strike proclaiming, "We wanna go home." The world has come a long way since "so many owed so much to so few."

Lost Simplicity

The dangers of primitive life came mainly from simplicity. Men had few tools or none, and had to get along with instruments and procedures that often baffled them and held them back.

Six separate and distinct fires in six of the nation's largest cities caused millions of dollars worth of property damage and cost no fewer than 20 lives. Children playing with matches were at least partly responsible.

Felix Guoin, the new president of France, a socialist by the way, tells his people that France has a hard road to follow, indicating higher taxes, price fixing and a big slash in government expenditures.

South America Improves

The world's most eventful year for centuries, 1945, did something for democracy in South America. It witnessed the first truly free election in the history of Peru; the overwhelming majority won by the victor proved that public sentiment had its way untrammelled.

The Interior Department has brought forth a novel proposal for getting rid of atomic energy by dropping atomic bombs on them. We have seen the time we wanted something like an atomic bomb to eliminate the mosquitoes in our bedroom, but on second thought the promiscuous use of atomic energy is something which could be carried too far.

Ivestia, Moscow newspaper, says that the Yalta is trying "to spread its tentacles to the American continent where it intends to exploit for its own reactionary purposes the extremely influential position of the Catholic Church." The comment is of interest chiefly because in Russia where they do not have freedom of the press, the opinions in all newspapers reflect the attitude of the government.

Senator Bridges of New Hampshire assails President Truman's budget message as "a masterpiece of deception, and adds that the public debt, instead of declining in the next year or two, will actually rise by over 15 billion dollars. See what we mean by fact-finding Commission for government matters as well as management labor problems? It would be interesting to know just what the vast of government really is, not to rely what the politicians say it is.

Chairmanship Of Congressional Group High Prize

WASHINGTON—The chairmanship of an important Congressional Committee is a great political prize. The chairmanship of a major committee in either chamber means prestige, patronage and power. All of the Senate committees have at least four clerks, with a minimum wage of \$1,320. The American Political Science Association, in its report on the reorganization of Congress, singled out the Committee on Manufacturers. That committee has six clerks, with a total salary of \$13,620. Yet in one two-year period, it held only one meeting.

APARTMENT at 619 W. 1st St.

**70% Telephone Increase In Sanford Reported**

(Continued from Page One) lines but remote from telephone wire lines.

As he described it, the telephone equipment on the subscriber's premises looks much like that of a regular telephone set except that there is also a small box, which contains equipment essential to operation of the farmer's telephone.

Electronic tubes in the box produce a high frequency current which carries the telephone conversation over the power wires. A device known as a coupler, located on the pole near the subscriber's premises, allows this current to enter and leave the power lines but prevents the power current from entering the telephone instrument.

Then the new system not only permits the transmission of telephone conversation and electric power simultaneously over the same wires without interference with each other but is as safe to use as the regular telephone instrument.

There is special terminal equipment in use where the power line carrier system connects with the regular telephone circuits. Over a power line carrier system, a subscriber can call anyone on his line, or on any telephone line, anywhere to which telephone connections are made.

Three cables, one containing 1,200 wires, the other two 600 wires each go underground from the local exchange, said Mr. Turner. Also underground is the toll cable which leading to the railroad at Pecon Avenue connects with the long distance line that follows the railroad.

At the exchange he noticed what appeared to be a lot of radio receivers—banked—sideways on each other along the ceiling. These, Mr. Turner explained, were radio type tubes used in the carrier system for long distance and rural communication.

They operate on different frequencies with the result that three people can be talking over the same wire at the same time without interference. Not only that, but six teletype instruments, similar to the one that prints Associated Press news for The Herald, can be operated on the same wire while the three conversations are going on.

We then inquired about a rack of thousands of wires, and were shown fuse attachments for each wire which protected operators from sudden overcharges. At Mr. Turner's desk he can request the operator to connect him with any number, and then by means of a dial find out if the telephone is operating properly. Large storage batteries constantly being charged, supply current to operate the local telephones.

Of much interest, said Mr. Turner, is a new coaxial cable which is hollow except for a wire down the center that can carry hundreds of conversations or a television program. By the end of 1946, the Bell System expects to have more than 3,000 miles of coaxial cable in operation.

The Florida Defense Force as it was first called, was mustered in June 6, 1941, he said, and under State law were furnished with a certain amount of uniforms and equipment in order to meet any

**Hutchison Is Main Speaker At Guard Meeting**

(Continued from Page One) during the 1926 and 1928 state emergencies caused by hurricanes.

He urged that officers carefully prepare training programs and that the men give their support and keep up their enthusiasm by attending drills. He declared that the whole National Guard would have to be reorganized that Congress had not approved plans for this, and that therefore the men of the State Guard might have to stay for some time. He cited the advantages of Guard training in securing commissions and told of Karl Nordgren, who for 12 years was a second lieutenant in the National Guard and who recently retired from the Pacific Theater with the rank of Colonel.

General Hutchison told of the fine record of the 124th Infantry, composed of many Sanford men, in New Guinea and later in Mindanao where 39,000 Japanese, their ammunition and supplies destroyed surrendered to the 31st Division. He also told of amusing incidents during a duck hunting expedition after the Jap surrender.

He brought captured Jap rifles and guns for the men to inspect, also the Jap surrender document from Mindanao.

Col. Benz revealed that the Fourth Battalion had the best state attendance record with an average of 75.80 percent during the past year. Company G of Miami had the best record of any company with an average of 97.3 percent. Leeburg came next with 94 percent, Eustis 75.26 percent, Orlando 71.9 percent and Sanford 62.41 percent.

He urged attendance be built up and membership increased 15 percent. He declared that he had been advised that the probable life of the State Guard organization would be six to eight months. He told of the Quincy rape case, and of action of the State Guard which averted further trouble.

After the last war, he said, there was more disorder in two years than in any other period in 25 years in comparison. "You men must be prepared to cope with any situation that may arise," he expressed the regrets of Col. Vestri and General Calkins at being unable to attend the supper.

Capt. Galloway urged better attendance and said that from 10 to 15 new members were needed in Company C. He recalled that when in 1940 the authorities in Washington saw war clouds on the horizon, they called the National Guard into service and this left the states with no military organization to cope with emergencies.

Many civilians saw the situation and organized home guards, but with no authority. The idea proved good and practically all states enacted laws whereby they might have state troops.

The Florida Defense Force as it was first called, was mustered in June 6, 1941, he said, and under State law were furnished with a certain amount of uniforms and equipment in order to meet any

emergency that might come up. The state legislature changed the name, Florida Defense Force to Florida State Guard to conform with other states, and that laws and regulations were the same that the National Guard had operated under. He pointed out that the State Guard was even more necessary during the reconstruction period than during the war, and expressed the hope that the men would carry on until the Guard is taken over by an authorized organization. Company C, he said, had authorized membership when full of 62 men and three officers.

Continued From Page One by the victim of Japanese zero pilots.

It's homecoming today for John L. Lewis — leader of the United Mine Workers.

**Truman To Speak At Rollins; Lewis Welcomed In Miami**

Lewis arrived in Miami last night from Springfield, Ill., to rejoin the AF of L. He broke away from the organization a decade ago.

Lewis was officially returned to the AF of L. fold last Friday when the executive council meeting in Miami—voted him unanimously to the 13th vice presidency of the federation and installed him in absentia on the 15-man governing board.

The Louisville-bred United Mine workers' boss led more than 500,000 miners back into the AF of L when he took his place among the labor leaders with whom he clashed in 1936.

Three coast guard craft are standing by off Cape Canaveral today to aid a Navy tug and barge.

The boats were disabled when a tow rope got fouled in the tug's propeller. Coast Guard officials say the tug and barge were enroute from Miami to Jacksonville.

Daytona Beach is due to have a new sanitary sewer system. Last night the City Commission passed an ordinance and resolution to issue \$2,575,000 in revenue certificates to finance sewer construction and make improvements in the city's water plant.

SHIP AGROUND NEW YORK, Jan. 29, (AP)—A troopship with 101 servicemen aboard has gone hard aground on Fire Island, 60 miles east of New York City. The vessel —

the merchant ship Stephen Austin — was en route from Liverpool to New York.

RAIL ACCIDENT ROME, Jan. 29, (AP)—Fourteen when two trains crashed on the persons have been killed and 15 others injured in a train accident of Vesuvius.

IT'S GREAT TO BE BACK ON THE JOB ONCE AGAIN!

**Two Veterans Added To Poultry Staff**

GAINESVILLE, Fla., (Special) — Clyde Driggers and Franklin S. Perry, both recently discharged from the Army, have been added

to the poultry staff of the University of Florida. It is announced by Dr. John J. Tipton, president. Both are Florida graduates.

Driggers returns to the department as assistant professor of poultry husbandry and assistant poultry husbandman with the Experiment Station. Until several months ago the position was filled by O. K. Moore, who has gone to Washington.

Perry has become assistant poultry husbandman with the Agricultural Extension Service, succeeding A. W. O'Steen, who is now managing the Florida National Egg-Laying Test at Chipley.

I TELL YUH, PRISCILLA, THINGS ARE GETTIN' WORSE EVERY DAY. I'VE GOT TO FIND A TWO-FISTED GUY TO CRACK DOWN AROUND HERE!

I KNOW UNCLE TITUS, BUT—

EXCUSE ME, I WAS INFORMED BY A TRAVELING MAN THAT THERE WAS A JOB HERE IN ELMTOWN FOR—

GLORY BE! MY PRAYERS ARE ANSWERED, STRANGER YUH DON'T HAVE TELL ME WHAT YOU DO I CAN TELL BY LOOKIN' YOU'RE A REAL TOWN TAMEK!

I, ER, THAT IS MY NAME IS ROBERT CROCKER, A B. PH. D. AND—

FOR THE INSTANT I'LL JUST CALL YA BOB. TALKIN' PRISCILLA MY TICE.

WHAT'D YOU SAY YOUR NAME WAS, STRANGER?

ROBERT CROCKER, I UNDERSTAND THERE'S A POSITION OPEN IN ELMTOWN FOR—

LOOK AT THOSE SHOULDERS, PRISCILLA. HE'S A REAL HEMAN JUST WHAT ELMTOWN NEEDS TO TAKE CARE OF "NICK" LYNCH AND HIS CROWD.

WAY, BOB, WHERE DO YOU CARRY YOUR EQUALIZERS? IN SHOULDER HOLSTERS, OR TIED LOW ON THE HIP?

EQUAL—WHAT?

GUNS? WHY, MR. KANE I'VE NEVER CARRIED A GUN IN MY LIFE!

WHAT DO YOU MEAN, YUH DON'T CARRY A GUN? I THOUGHT GENTS IN YOUR BUSINESS NEED A GUN!

I'VE NEVER HEARD OF DISCIPLINE ADMINISTERED BY FIRE-ARMS.

DISCIPLINE, THAT'S A GOOD ONE, YOU TOWN-TAMERS MAKE A JOKE OUT OF EVERY-THING!

TOWN-TAMER? I DON'T KNOW WHAT YOU MEAN—

YOU'RE HIRED, BOB. STEP ACROSS THE STREET TO THE LONGHORN CAFE, I'LL BE OVER IN A MINUTE AND BUY YOU A DRINK.

VERY WELL, MR. KANE.

EXCUSE ME, BUT I'M LOOKIN' FOR A GENT NAMED TITUS, KANE.

By PAUL ROBINSON

BUT WHY WOULD BRENDA PHONE ME?

JUST A ROUTINE CHECKUP TO FIND OUT IF I'M DATING YOU!

TO FIND OUT HOW MANY BOYS ETTA DATES, THEY HAVE TO MAKE A NATIONAL SURVEY.

LET'S GAB A-BOUT US 'NOW THAT WE'RE ENGAGED WE GOT PLANS TO PLAN!

YOU CAN SAY THAT A-GAIN!

THE FIRST PLAN BETTER BE HOW TO GET THE RING BACK FROM BRENDA.

I'LL COME UP WITH AN IDEA!

START WRACKING YOUR BRAINS - BECAUSE NO RING - NO ENGAGEMENT!

WHAT AM I TO DO? - HOLD HER UP OR SOMETHING.

By PAUL ROBINSON

IT'S A PERFECTLY SWOONY STONE. I PRACTICALLY WAKE UP DROOLING FROM DREAMING ABOUT IT!

WHAT'S THIS I HEAR ABOUT YOUR BEING ENGAGED?

IF YOU MEAN BURKE? DON'T GO FOR THAT PROPAGANDA.

RIGHT NOW HE'S ALL MIXED UP IN ONE OF THOSE ETERNAL TRIANGLES!

BUT THAT'S FOR MARRIED PEOPLE! YOU KNOW - WHERE THERE ARE TWO WOMEN IN A MAN'S LIFE!

THAT'S BURKE? HE'S ENGAGED TO ME - BUT BRENDA HAS THE RING!

# Marking 'Em Up

JULIAN STENSTROM  
Herald Sports Editor

Although the official Florida State League schedule will not be released for publication until the latter part of this week, we are going to discuss a number of what the Sanford entry will be doing the first week of play.

Sanford will open the season on Tuesday, Apr. 16, in DeLand. St. Augustine will come to Sanford on the following Monday night and on the 18th, DeLand will play the locals in our home park. Friday night Sanford will go to DeLand, and to St. Augustine the following evening. Sanford's first Sunday game will be played at home against the DeLand club and the following Monday night the locals will entertain Daytona Beach here.

In other words, during the first week of play, Sanford will meet DeLand in four tilts, two will be played against St. Augustine and one against Daytona Beach.

While discussing this slate with Bill Page of DeLand, he expressed his happiness in having it this way. Bill likes Sanford for our fans will fill his park and we like DeLand because we get a lot of business from the Red Hat fans. From our point of view, the first week of play should keep the cash register pretty busy.

Several people have called us

about the definition of a rookie. There are two definitions as we understand it. There is the simple pure rookie who has never played a single day of professional baseball in his life, and there is the rookie, as defined by the national association, who is a player who has not played more than 45 days of professional baseball.

The Florida state league this season will have to play at least four rookies as defined by the national association for many youngsters broke into Class D baseball only to be drafted before they completed 45 days of play.

The Florida state league, as league officials, we believe, did the right thing and this will give many of these fellows who are getting back from the armed forces a chance to resume their baseball careers in Class D and still be considered by the league as rookies. It will be anything but detrimental to our league.

**Racing Secretary Charles J. McLennan announced that he received 33 nominations for the first running of the Columbiana Handicap, \$10,000 added seven furlong test for fillies and mares, three-year-olds and up, to be run at Hialeah Park on Saturday. The race is named in honor of Columbiana, the only filly to win the Widener Cup, and is a prep for the Black Helen Handicap, which is slated for**

## Celery-Feds Meet Seabreeze Cagers In Tilt Tonight

Seminole High School Celery Fed cagers meet the Seabreeze High tonight at the school auditorium in an East Central Florida Conference engagement.

Seabreeze, highly touted probable conference champions, have outclassed anything in the conference to date, according to Mrs. Lillian D. Vickers-Smith, conference statistician.

McClelland has announced that Kinstner and Grantham will start at the forward positions. Clark will be at the center spot and Cullum and Dyess will handle the guard assignments.

In a preliminary tilt scheduled to get underway at 7:30 o'clock, McClelland will send his Baby Feds against the Seabreeze team. The starting lineup for this tilt will include Swain and Kilpatrick at forwards, Jenkins at center and Addison and Bowen at guards.

### PIGSKIN RECEIVER

**SALT LAKE CITY, (AP)—**Sam Maynard, University of Utah freshman end, wound up his first year of college football with muscle on his fingertips. He caught six consecutive forward passes in Utah's last three games and the final two were for touchdowns.

### NO MESSAGE

**WASHINGTON, Jan. 29, (AP)—**The Pearl Harbor committee has received a report that investigators for General MacArthur could find no evidence that the Japanese had broadcast a message signaling war. The report stated that pertinent records had been destroyed in August of 1945. It added that no Japanese had been found who could testify that a pre-arranged signal had been sent prior to the attack on Pearl Harbor. The signal was supposed to read "east wind rain."

the following Saturday.

The Florida State Men's Golf Tournament has been awarded to the Tallahassee Country Club by the Florida State Golf Association. Tournament dates have been set for April 19-20.

We're in hopes of seeing another fine crowd tonight at the basketball card at the high school auditorium. Seabreeze, the "killers" of the East Central Florida Conference, will be guests of George McClelland's Celery Feds. If the locals can put up the brand of fight they gave Seabreeze during the second half of their recent tilt Sanford should give the highly rated Daytona Beach club a good battle.

For all of you boating fans, here's a note from St. Petersburg. Heading a fleet which may number as many as 20 boats in the 15th St. Petersburg to Havana yacht race will be two former winners. An official says a definite entry is the 44-foot cutter Starlight which won the 1938 race. Starlight is owned by Albert James Brickell of Miami. Another probable entry is the 72-foot yawl — Gulfstream.

## Bullet Pierces Window And Hits Mrs. C. Casper

(Continued from Page One) adjacent living room, but could not see her because of a curtain. He heard her outcry and when he asked what was the matter, she exclaimed, "I'm shoot." He said that he rushed into the bedroom and found her with her hands over her face.

Help was summoned, and aided by County Nurse Frances McDougal, Mrs. Casper was taken to the Clinic for x-ray, then to the hospital. As far as can be determined, the bullet entered "the fleshy" forepart of her neck.

A few minutes before the shot that hit Mrs. Casper a bullet whistled over the house and startled Mrs. W.D. McMurray, a visitor, as she was standing over a washbasin outside the house.

Next to the house on the south side are a few citrus trees and beyond that an open field with high grass separating the house from houses in the colored section on East Third Street. Some trees in the field and the haunt of a huge flock of noisy blackbirds, at which, it is possible, someone was firing when Mrs. Casper was struck. Born in the Crimea, Russia, Mrs. Casper came to this country in 1905. At one time she studied nursing in Germany. She is the mother of Walter Trapp of Enterprise.

## Army Rockets Has Altitude Range Of Fifty Miles

**WASHINGTON, Jan. 29, (AP)—**The Army has developed a radio-controlled rocket which has attained an altitude of 50 miles. The rocketing ordnance chief, Lieutenant General Levin Campbell, expressed the belief today that the time is coming when, in his words, the "gun as we know it will be no longer."

Campbell suggested that there may be a combination of conventional artillery and the rocket, with the gun giving the initial impetus to the rocket. He said also that it was not beyond reach also that it was not beyond the realm of possibility that rocket weapons could reach any point in the world.

## Army Rockets Has Altitude Range Of Fifty Miles

Campbell understands that the German V-weapons had reached an altitude of 30 miles 20 miles under the accomplishment of the new rocket. However, other persons credit the German V-weapons with a maximum of 60 miles altitude.

German scientists who helped develop the Nazi weapons have been assisting the Army in rocket research. Campbell did not say whether they had a hand in the new missile that has streaked up fifty miles into the air.

## Navy Did Not Get Japanese Code Signal

### Capt. McCollum Says Superiors Refused To Send Warning To Fleet Commanders

WASHINGTON, Jan. 30.— (AP)—The Congressional Pearl Harbor investigators heard today that the Navy never received a prewar Japanese message telling of a break with the United States. The testimony came from Navy Capt. A.H. McCollum, head of the far eastern section of the office of Naval Intelligence in 1941. McCollum said that if any message of the sort had been picked up, it would have come to him.

The questions of the Congressional investigators were in connection with a Japanese code system set up in Nov., 1941. That code provided for the insertion of certain phrases in weather forecasts in the event of a decision to break with the United States, Russia or Great Britain.

McCollum said that about the middle of the week of Dec. 1 to the 7, 1941, he heard that a message had come in that meant trouble with Russia. However, upon analysis, experts concluded that the message was just an ordinary weather broadcast. He said that there were no so-called weather forecasts referring to the United States or Britain. McCollum added that two or three days before the Pearl Harbor disaster, he drafted a proposed warning message to fleet commanders saying that hostilities were imminent. His superior officer, against his superior's advice, refused to send it. The proposed warning was based on his own analysis of the situation, and was not due to a weather message.

## Mrs. C. Casper's Condition Termed As Satisfactory

Condition of Mrs. Charles Casper, 314 Chapman Avenue, who yesterday morning was struck in the neck by a stray bullet from a .22 caliber rifle which penetrated the window of her bedroom as she was sleeping, was today pronounced satisfactory by her attending physician, Dr. C. L. Park.

Yesterday at 1:30 o'clock, Dr. Park at Fernald-Laughton Memorial Hospital, extracted the bullet which had penetrated the right side of the forehead of the neck and was lodged under and just to the left of the wind pipe, but did not penetrate any vital area.

## C.P. Collins, 84, Died In Virginia

C.P. Collins, 84, father of Mrs. C.A. Jones of Sanford and Dr. C.C. Collins of DeLand, died on Monday at the home of his daughter, Mrs. J.H. Lewis at Cripple Creek, Va., after a lingering illness.

Mr. Collins resided in West Virginia and came to Florida in 1928 with his daughter Mrs. A. Jones. He was an active member of the Methodist Church at Huntsville, West Virginia until his retirement. He was born in Hootersman, W. Va., Sept. 21, 1861. Mrs. Collins, the former Belle Orena Kirby of Richmond, Va., died in 1918.

In addition to his daughter in Sanford and son in DeLand, Mr. Collins is survived by five other sons, Dr. C.B. Collins, Dr. W. W. Collins and O.B. Collins, all of West Virginia, E.E. Collins of Greenville, Md. and D.B. Collins of Madison, W. Va. and two daughters, Mrs. O.H. Bennett of Fairmont, W. Va. and Mrs. J.E. Lewis of Cripple Creek, Va.

Funeral services were held at the Hunsville Methodist Church and were in the family seat.

## Gouin, New President Of France

CHOSBY BY THE FRENCH ASSEMBLY as President of the provisional government of France, Felix Gouin (above, right) 61. Socialist, is shown, accepting from Andre Mercier, vice chairman of the Assembly, formal notice of his election. Sworn in at once, Gouin began the difficult job of forming a three-party government. (International Radiophoto)

The Senate Labor Committee currently is considering President Truman's proposal for finding in major labor disputes. In this connection, the NAM spokesman says he is personally in favor of fact-finding, but he has added that this is only a small part of the entire labor-management picture. Fact-finding says, "Members should be used only to 'clarify and state the true attitude of the parties.' He does not feel that fact-finding should be used for passing judgment or making recommendations to settle disputes."

## Rev. Branscombe Front Wall Of Oak Ave. Brick Building Falls

### Is Main Speaker At Kiwanis Meet Have Good Sense Of Humor Is Advice Of Orlando Pastor

"Have a good sense of humor, and laugh at yourself and the world; Don't live in a little rut but expand your area of awareness to include your whole state, nation, and the world, and live for others." That was the advice that the Rev. John Branscombe, pastor of the First Methodist Church of Orlando, gave to Kiwanians yesterday at their meeting at the Hotel Bayfront.

By way of illustrating humor he told the story of a Methodist pastor who had been called to the sick bed of a member of the Baptist Church. "Why did your mother, a Baptist, call me, a Methodist preacher?" he asked the small son of the house as they walked up the steps.

"Well to tell the truth, Maw has a terribly contagious disease," replied the lad, "and we didn't want to expose our preacher to it!"

Rev. Branscombe spoke of the stomic bomb as bringing about the realization that this is one world, and what happens in China or Japan affects conditions everywhere else.

"There is great danger that we will forget our lesson; that we don't just live in Sanford or Orlando, we live in the world," he said and quoted names of far away places such as the Solomon Islands, Alexandria and others of which people prior to the war had been only vaguely aware.

## Early To Bed Out Of Question For Ladies Of White House Tonight

WASHINGTON, Jan. 30.— (AP)—Early to bed is out of the question for the ladies of the White House these days. Mrs. Harry Truman and daughter Mary Margaret have less than eight parties on their schedules for tonight. They are eight of the Roosevelt birthday balls put on in the nation's capital to raise funds to fight infantile paralysis.

The first lady and her daughter will leave the White House promptly at 9:45 o'clock tonight for their round of parties. At the last stop, Mrs. Truman will cut a cake commemorating the 12th anniversary of the celebration.

## Mosher Calls For National Labor Policy

### NAM Head Says Plan Only Assurance New Strikes Will Not Follow Settlements

WASHINGTON, Jan. 30.— Board Chairman Leo Mosher of the National Association of Manufacturers has today called for "an over-all national policy which can serve as a foundation for industrial peace." In a statement prepared for the Senate Labor Committee, Mosher says that such a policy is the only assurance that new strikes won't pop up soon after existing disputes are settled.

The Senate Labor Committee currently is considering President Truman's proposal for finding in major labor disputes. In this connection, the NAM spokesman says he is personally in favor of fact-finding, but he has added that this is only a small part of the entire labor-management picture. Fact-finding says, "Members should be used only to 'clarify and state the true attitude of the parties.' He does not feel that fact-finding should be used for passing judgment or making recommendations to settle disputes."

Mosher has suggested that the program adopted by a busy legislative committee last November might form the framework for an effective national policy. It is the NAM executive's belief that collective bargaining will promote industrial peace only under certain conditions. He says that both labor and management must stand equal under the law, and both must assume full responsibility for their acts.

In Detroit the government's newest effort to settle the General Motors strike is scheduled for an early start. The president of GM—C. E. Wilson—is slated to go into conference tomorrow with CIO auto workers chief, R. J. Thomas and the new federal mediator, James Dewey.

In New York, the United States Steel Corporation has agreed to pay a bonus of \$1 million to workers who were expected to work for the company who own the building, says according to W. A. Loeffler, manager.

## Governor Caldwell To Be Present At Vet Homecoming

George Touhy, general chairman of the Veterans Homecoming celebration scheduled for Apr. 3, has announced that Governor Millard Caldwell has accepted an invitation to be present and deliver the principal address during the festivities.

Mr. Touhy also announced that A.C. Stine, president of the Merchants Association, has been appointed chairman of the float and decoration committee. Mrs. E. J. Routh, president of the Ladies Auxiliaries of the American Legion has announced that the organization will participate by assisting in the various departments of the homecoming activities.

## Warning Against Rabies Epidemic Sounded By City

A warning against the possibility of a rabies epidemic was sounded today by city officials when City Manager Sayer stated there may be a very serious epidemic of rabies among dogs and other pets unless everyone cooperates with the health officers by keeping their dogs tied or penned up for at least 30 days and has them vaccinated if they have not already been vaccinated within the past year.

Mr. Sayer said that the City Health Officers had handled five cases during the month of January, shipping all five dogs' heads to the Board of Health, as a result of several persons having been bitten by these dogs. The report showed that all five dogs had rabies, and these persons bitten are now being treated. Several other cases have been reported and there are several dogs now under observation.

# Truman Asks Congress To Okey Loan To Britain

## Papers Disclose Roosevelt Aware Of Bombing Plot

### Jap States 70,000 Americans Surrendered On Bataan

NUERNBERG, Jan. 30.— (AP)—The international war crimes tribunal in Nurnberg has rejected the application of Rudolf Hess for permission to conduct his defense. The court ruled that such action would not be in his interest. Dr. Otto Stahmer, who is counsel for Hermann Goerring, was appointed to act for Hess as well.

NUERNBERG, Jan. 30.— (AP)—During today's session of the international war crimes trial, French prosecutor Charles DuBois introduced a German High Command order instructing commanders of war prisoner camps to ignore the Geneva Convention calling for humane treatment of the war prisoners not to keep them waiting three months for their exchange.

NUERNBERG, Jan. 30.— (AP)—German documents not previously published disclose that the late President Roosevelt, former British Prime Minister Churchill and High Vatican officials knew in advance of the bomb plot against Adolf Hitler, carried out July 20, 1944.

The advance information is said to have been furnished by an ex-Nazi member of the German Diplomatic Corps who used Swiss channels to get his information out of Germany. Roosevelt is said to have received regular reports on the progress of the plot. The late Chief Executive received his information from operatives of the Office of Strategic Services who contacted the anti-Nazi source in Switzerland.

## Lee Mixon Fined \$150 By Circuit Judge M. B. Smith

In Circuit Court today Lee Mixon of Orlando, who had been charged with assault, was fined \$150 by Judge M. B. Smith.

Mixon was charged with assault on a woman in a public place. The case was heard at 10 o'clock today. Mixon was fined \$150 by Judge M. B. Smith, who also ordered Mixon to pay costs of the case.

## Composition Of China's Assembly Still In Deadlock

HUNGKING, Jan. 30.— (AP)—A deadlock over composition of the Chinese National Assembly is continuing between government and Nationalist members of a subcommittee dealing with this question at China's unity conference.

A subcommittee meeting held at the conference itself was within a few hours of adjournment—has resulted in both sides refusing to budge from their demands.

At the same time, rumors have started the rounds in Chungking that Chinese Communists now have decided not to ratify some of the agreements reached by other subcommittees at the conference. These rumors say Communist headquarters in Yan'an have given the leader of the Communist delegation, General Chou En-Lai, a number of new demands to present. There is no indication of their nature.

Meanwhile, Chinese Information Minister, K.C. Wu has declared that "generally speaking, hostilities have ceased in North China. Truce teams, including American and Chinese Government and Communist representatives, have been flown into all areas to see that the truce terms are being observed by both sides."

## Commission Discusses Operation Of Future Carnivals In Sanford

The Sanford City Commission at its meeting Monday evening, discussed the advisability of not allowing further operation in Sanford of the type of carnival that recently operated on Mellonville Avenue.

The discussion followed the reading of a letter from the Sanford Women's Club protesting the carnival operation of this type. A number of other protests against the carnival operation of this type were also presented.

The Commission granted the United States Coast Guard Auxiliary permission to use the brick garage behind the City Jail for the use of their rescue equipment. They were also granted permission to use the boat which was purchased some time ago for rescue work.

City Sanitary Inspector Grady Duncan reported that monthly analysis of milk is being made by all local dairies and met Grade A requirements. Application by two colored taxi drivers for operating permits was deferred pending further investigation of the matter.

## Churchill's Daughter To Join Group; Lewis Sets Up Signs For AFL Future

(BY ASSOCIATED PRESS) There will be an addition to the Winston Churchill vacation group at Miami Beach.

She is Mrs. Sarah Oliver Winston Churchill's daughter, who is leaving England today by plane. Mrs. Oliver is expected at Miami Beach on Thursday night. British Prime Minister and Mrs. Churchill to Havana, Cuba, on Friday.

When they get to Havana—the Churchills and their party will be guests of the Cuban Government. They will stay at the presidential palace. At Miami Beach today—the Churchill went to a luncheon at British war leader and Mrs. The Surf Club. They plan to go to Hialeah Park this afternoon.

## Says Agreement Will Enable Nations To Reach Common Goal Of Expanded Trade

WASHINGTON, Jan. 30.— (AP)—President Truman has asked Congress to take favorable action on the proposed \$3,750,000,000 loan to Britain. Urging speedy approval of the loan, Mr. Truman said in a message to the legislators today that Britain needs the credit and she needs it now. The financial agreement, he went on, will enable the United Kingdom to move side by side with the United States toward the common goal of expanded world trade. Which will mean expanded production, consumption and employment and a rising standard of living everywhere.

The loan agreement that is up for Congressional approval includes an additional credit of \$650,000,000 to settle loan-lease obligations.

This loan, said the President, will enable Britain to buy the supplies, raw materials and food which are essential to the life and work of the British people. At the same time, he continued, it will keep open a market for those supplies from the United States, which generously are exported to the United Kingdom.

These considerations, Mr. Truman said, are the short-term ones. What is important to America from the long range point of view, he declared, is that the loan will enable Britain to resume her emergency controls over foreign exchange and imports. This would provide for a return to peacetime practices designed to promote the recovery of world trade.

Therefore, President Truman said, Congressional approval of the loan will be a great contribution to permanent peace and prosperity.

## Rev. Brooks Says March Of Dimes To Last Until Feb. 15

The March of Dimes campaign for infantile paralysis relief will continue until Feb. 15, the Rev. W. P. Brooks, Jr., announced today.

Rev. Brooks expressed thanks to high school girls who, under direction of Principal Herman E. Morris, received donations on First Street last Saturday.

He also expressed thanks to the Methodist Church troop of boy scouts who are maintaining collection boxes in the Sanford Atlantic National Bank, Florida State Bank, Eddie's Restaurant, the Valdes Hotel, Ritz Theater lobby and other locations in the city.

## Clare Luce Will Not Run For Re-Election

WASHINGTON, Jan. 30.— (AP)—Republican Congresswoman Clare Luce has announced that she will not be a candidate for re-election next fall. In a brief announcement of her decision, Mrs. Luce said that her reasons would become clear in time. She did not amplify her remark.

JACOBS MEET TONIGHT  
The former leader, known as a powerful figure, will be the guest speaker tonight at the regular weekly meeting of the Seminole County Junior Chamber of Commerce to be held at 8:00 o'clock at the City Hall.
