

Rollins Ready For Clash With Blue Stockings

WINTER PARK, Nov. 12.—(Special)—The Rollins Tars came out of the Tampa game in the Clear City Friday night knowing that they had been in a battle, but physically they were in good shape. The crippled Tars suffered no further casualties and are expected to be at their peak when they tackle Presbyterian College, BIAA leaders, at Greater Orlando Stadium Friday night.

Against a Tampa team primed and pointed to knock the wind out of their sails, the Tars played well enough to win, 12-6. But their showing was ragged and on many occasions in the line-up showed they lacked much of the prowess of last year's senior team.

Yak McDowell told his grid-der after the game, "We played good hard football and naturally we won, but we made a lot of errors. We gained more yards on straight football than Tampa did, and yet they had us backed up against our goal line most of the time because of long runs.

"We've got two tough games coming up in Presbyterian and Howard and we'll have to pick up if we're going to beat these teams."

McDowell was high in his praise of Grady Ray, bruising line-backer of Haines City, who played the best game of his career. Ray, single-handedly accounted for 150 yards from scrimmage and was almost the Tars' whole offense. He has scored 48 points this season.

While Rollins was pushing past Presbyterian, Presbyterian crushed Walters, 41-0, and took over undisputed first place in the big and knotty BIAA conference with four victories and no losses. Walters' Blue Stocking team from

Chloroform, S. C. has totaled 121 points to 41 for the opposition in conference encounters.

Based on their records, Presbyterian appears to have a strong chance of landing Rollins in its first defeat on their home field since 1937. The Blue Stockings have a colorful array of fast, hard-driving backs running on the single wing, they have scored at least two touchdowns against every opponent including Clemson College and the Citadel.

Celery Feds Romp Through Workout For New Smyrna

Sanford's Celery Feds romped through one of their infrequent scrimmage sessions yesterday in preparation for what promises to be a bang-up ball game with New Smyrna here Friday night.

Handicapped by a small squad, Coach Wilbur Wilcox has not been able to scrimmage the Feds as much as desired. Yesterday, however, he took the lid off and sent the lads through an hour and 15 minutes workout. Lucas sighed gracefully as the rough work ended with no injuries.

New Smyrna has a heavy club which is showing much improvement after a slow start. Smyrna played perhaps its best game last week in licking Eustis, 13 to 0.

The Feds showed plenty of pep in their drill, and it is believed the team received last week is partly responsible. Their contest with St. Augustine was washed away by rain.

Man Gets 15 Years On Sabotage Charge

BALTIMORE, Nov. 12.—(AP)—Judge Coleman Monday sentenced Michael William Eitel, 28, former Glenn L. Martin aircraft plant subforeman, to 15 years in prison for damaging airplanes built by the Martin plant for the United States government.

Judge Coleman compared the crime to treason and told Eitel that sabotage committed on the bombers was tantamount to attempted murder.

Eitel, who was arrested by Federal Bureau of Investigation agents Oct. 27, earlier Monday pleaded guilty in a surprise move to all 24 counts of an indictment charging him with sabotage bombing plants under construction for the government.

Thursday Is Day For Hunters To Take Up Gun

TALLAHASSEE, Nov. 12.—(Special)—Thursday is the day when Florida hunters take to the woods with their trusty gun and dog to inaugurate the opening of the 1944-1945 state-wide open hunting season.

And indications are that whether they be looking for deer, or quail, or turkey, or squirrel, that the odds in their favor are better than average, for reports from all over the State have indicated a bumper supply of game foods, and that means more and better-fed game, according to I. N. Kennedy, Executive Secretary of the State Commission of Game and Fresh Water Fish, agency in charge of wildlife and hunting licenses.

Feet changes have been made in general hunting laws this year, Kennedy said. The principal change is in the restriction on shotguns, which now, if repeating or automatic guns, must be limited to 3-shell capacity, which may be accomplished by plugging. This is the same as the Federal migratory bird regulation.

In some sections of the state there has been a misunderstanding about the law on the statute books regarding hunting from vehicles, he said. This law has not been repealed, and taking game from automobiles, airplanes, power boats or sailboats is still prohibited.

Hunting licenses are on sale by county judges or their authorized agents as follows: resident county, \$1.25; resident, other than home county, \$2.25; resident state, \$25.50; non-resident, 10-day, continuous, \$10.50.

The bag limits on Florida's game are unchanged, and are as follows: with possession limited to five days' bag: deer, one a day and two in a season; turkey, two a day and five in a season; quail and squirrel, 15 a day and 200 in a season. The state turkey, quail and squirrel season ends Feb. 15; the deer season ends Dec. 31.

Many counties have exceptions to the State regulations, such as shorter seasons, closed seasons on certain game, and staggered hunting days. This information is given on the backs of hunting licenses, and Kennedy urged sportsmen to study these special laws carefully to avoid embarrassment or penalties.

The migratory waterfowl season for ducks and geese is already open, and will end Dec. 31. The mourning dove season, also controlled by Federal regulations, will open Dec. 1 and run through Jan. 11 for a 42-day season.

FANY SWORN IN WASHINGTON, Nov. 12.—(AP)—Charles Fahy was sworn in Monday as solicitor general of the United States, succeeding Attorney General Biddle. Ugo Casual, executive assistant to the attorney general, who was absent because of illness, administered the oath.

are made before a report is sent to the unit. Several tests are used because some other diseases may bring a positive reaction in the Kahn tests, indicating a venereal disease is present when it is not, Dr. Cone explained.

If the tests show positively that a venereal disease is present the person is sent to his physician for treatment or, if needed, to the health unit if he can not pay for the treatment, Dr. Cone stated. In the case of very "ripe" cases the treatment is started at once at the health unit, he added.

The treatment lasts over a period of about a year and a half, and though the patient may feel completely well after several months, the treatment should be continued until the patient is completely well, Dr. Cone said.

Chiang Kai-shek, the Chinese generalissimo, once was a broker in Shanghai.

STATE OF FLORIDA COUNTY OF ... You and each of you are hereby notified and required to present any claims and demands which you or either of you may have against the estate of J. J. Hartley, deceased, late of Tallahassee, to the County Judge, R. W. ... at his office in the Court house at Sanford, Florida, within eight calendar months from the date of the first publication of this notice. Each claim or demand must be in writing and must state the place of residence and past office address of the claimant, and must be sworn to by the claimant, next of kin, or the same will become void according to law. First publication being this day of October 1944.

October 1944. JESSE L. HARTLEY, Administrator of the Estate of J. J. Hartley, deceased.

German Troops Gaining Again, Nazis Claim

Crushing Of Attacks On Defenses North, South Of Moscow Reported By Soviets

British Acting Against Finns

Japs Tell Of Killing Red Soldier In Border Outbreak

Russian's Ukraine armies are reported to have inflicted a crushing defeat on German troops caught in a trap near Novocherkassk, 25 miles northwest of Rostov-on-Don, while the German high command declared Axis invasion forces opened a new large-scale offensive.

The Germans announced that their armies are driving forward once again on the eastern front during the week and successful attacks today while the Russians declared that they had crushed the Nazi attempts to pierce defenses north and south of the Moscow defense area.

A German spokesman said Nazi bombers raided Moscow and Leningrad and left spreading fires in the latter city. A bulletin from Hitler's headquarters claimed the capture of 10,000 Soviet prisoners and 171 tanks destroyed in the past three days but gave no details.

In the Crimea the Germans announced that heavy bombing attacks were made on Sevastopol, the Russian Black sea naval base, while the Russians said they had captured a number of villages and advanced from four to 12 miles.

Authoritative London quarters disclosed the British are taking military and naval action against Finland, Rumania and Hungary. Informal sources said, referring mainly to the British blockade.

Along the Manchurian Japanese news in the Far East a Japanese news agency said that one Russian soldier was killed and two captured in another border outbreak near Manchuria.

The Red armies of Soviet Russia were reported to be pressing the German invaders steadily back west and northward from Moscow but acknowledged a withdrawal in the Crimea and inferentially confirmed other dispatches describing a new Nazi offensive about 200 miles south of Moscow.

The scenes of Russian success, as broadcast by the Moscow radio, 65 miles northwest of the capital, and Moshkoff, 57 miles west.

Tremendous German pressure in the south and a Russian withdrawal toward the Caucasus in the Kerch peninsula of the Crimean were admitted, dovetailing with British information that the Nazi command was striving with all available strength to strike into the oil-rich Caucasus by both these routes.

Goes On Shooting Rampage

After an hour-long gun battle with Tommy guns and tear gas, John Gary, 67-year-old negro, is dragged from his home in Jersey City, N. J., after the shooting of his step-daughter, Mrs. Gertrude Bonner, and the wounding of his wife and two policemen. A domestic argument was the cause of the shooting rampage. Gary was shot eight times before he was subdued.

Kiwanis Club Hears Address By Mr. Lehman

Manager Of Farmers' Market Tells Of Business Volume

About \$700,000 worth of business was transacted at the Sanford State Farmers' Market last year, H. J. Lehman, market manager, told members of the Kiwanis Club at their luncheon meeting today at the Vables Hotel.

Describing the function of the market and the benefits derived by farmers, and the citizens of the city and county, Mr. Lehman pointed out the need for more diversified crops in this section.

Two songs, "Stand By America" and "Our Flag," written by Harry Weston of Lake Mary and Willard Connolly of Sanford, were sung by Martin Stinesipher and the members paid tribute to the two writers of the patriotic songs.

Dr. G. H. Putnam reported on his visit to the Kiwanis Club at Winter Park at the time of a joint meeting between that club and the one of DeLand and declared the members of the neighboring clubs exhibited unusual enthusiasm in Kiwanis activities through their participation in the activities.

The Winter Park club is collecting the names of all winter park visitors now in the city and plans to give them all presents for Christmas in a show of appreciation of their loyalty to their country, Dr. Putnam said.

Frank Shames invited all members of the Kiwanis between the ages of 18 and 81 to attend the Little Theater Club meeting to be held at 8:00 o'clock on Tuesday evening at the Woman's Club.

Club Formed By Local Women To Boost Sanford

New Group Will Work To Help Entertain Winter Visitors

Local women who are interested in the advancement of Sanford held a meeting at the Tourist Center yesterday at 3:00 P. M. Mrs. Mayme M. Hodgkin said today.

The preliminary meeting was to formulate plans for later activities, so no officers were appointed except a chairman, which is being filled temporarily by Mrs. Hodgkin.

"It is the intention of the Sanford Club to show our winter visitors what real southern hospitality means," Mrs. Hodgkin said.

"This is not an organization of a select few," she said, "but is open to every woman in Sanford and Seminole County who has a real and earnest desire to promote our city and county and become a useful citizen and worthy of the name."

Program Arranged By Lake Mary P.T.A.

Shriners To Meet On Monday Night

The Sanford Shrine Club will hold its monthly meeting Monday evening at 7:00 o'clock at the Evans and Price on the Orlando Highway and all members are invited to wear their red, white and blue regalia.

Ousting Of Weyand Is Threatened

Strong Free French In West Africa Blamed For Nazi Pressure Movement

LONDON, Nov. 19.—(AP)—Reports from well-informed sources said today General Maxime Weyand has been or is about to be ousted as the Vichy's proconsul in North Africa, while Pierre Laval, former vice premier, will again be made a cabinet member.

These reports said "strong infiltration" of Free French sympathizers into West Africa is one of the factors in increasing Nazi pressure for the removal of Weyand to a less critical post.

Great Britain drastically shook up her army today, according to Sir Alan Brooke, 54-year-old commander-in-chief of the home forces, a technical expert and advocate of an army on wheels.

Mr. John Hill, chief of the imperial general staff, who accompanied Prime Minister Churchill to the Atlantic conference with President Roosevelt, relinquishes that post to go to India.

Gators To Face Strong Opponent In Georgia Tech

GAINESVILLE, Nov. 19.—(Special)—It's a highly dangerous team from Georgia Tech which comes here Saturday for the Gators Homecoming.

Coach Sam McAllister scouted Tech in its game with Alabama, and his reports can give Florida fans cause for considerable concern.

Tech, it will be remembered, rolled up four touchdowns and a total of 28 points against Auburn, the team which limited Georgia's powerful team to a 7-0 victory.

Two former Robert E. Lee (Jacksonville) grid stars, Jack

Rats Of Rollins Face Miami Frosh

WINTER PARK, Nov. 19.—(Special)—The Rollins College freshmen eleven, reputedly the best ever turned out at the Tar institution, will have a chance to prove its worth Saturday night in Miami when it tackles the Hurricane flat year men.

By comparative scores, the Tarlets will be favored to win. They stopped Tampa, 46-0, while Miami and Florida freshmen won over the Spartans by scores of 13-0 and 12-0. Miami was defeated by the Gator frosh, 25-0.

Should the Rollins freshmen get by Miami, the possibility looms of a game with Florida for the state freshmen championship which last year was claimed jointly by Rollins and Stetson.

When the Tarlets face the Hurricanes in Miami, a boy from near-by Pahokee will be the spear-head of their attack. Calvin Hancock led the high school seniors of Florida last year with 190 points and this season has been going great guns for the Rollins frosh. He ran Tampa ragged with his dicing, twisting runs.

In a leading supporting role is Donnie Hansen, the 190 pound Tampa back from Plant High. Hansen is developing rapidly and ran a Tampa punt back 72 yards for a touchdown. He is the fastest man on the team and runs with a high knee action.

Smith Lett, all-southern luck from Tallahassee, packs power in drives through the middle and has picked up considerable yardage in this department in games this year. Austin Campbell, last year's Tallahassee captain, is blocking tack and a good signal caller.

While the backs have shown Hancock and Jack Faulkner, and one of the top footballers in Miami High history, Davis Eldridge, will be in the Tech lineup.

In Johnny Bosch, Tech has one of the best all-around backs in Dixie football. He was injured in the first quarter in Tech's game with Duke, the powerful club which gained only a two-touchdown win over the Blue Devils, and did not get to play in over three-fourths of the contest.

Gov. Spessard Holland, one of the greatest pitchers in Florida baseball history, will be present for his Anna Mater's Homecoming Saturday.

Florida beat Tech in Atlanta a year ago after winning from Georgia. Now that the Gators have lost to Georgia, the question is—will Florida sustain a double-loss to their major rivals? "41" just as they gained a double-win in '40, or will the verdict show an even break?

Broken Thumb Means Little To Tar Star

WINTER PARK, Nov. 19.—(Special)—Frank Grandler, Rollins College's candidate for Little-American honors at blocking, played a considerable portion of the Tampa game with his arm in a cast because of a broken thumb. The cast was wrapped with layers of cotton, while a special metal guard and sponge covered the thumb itself. The outer coverings were for the protection of the Spartans.

State License Tags Get Priority Rate

TALLAHASSEE, Nov. 19.—(AP)—Priority clearance for steel to finish manufacture of Florida's 1942 automobile licenses was announced by Henry J. Driggers, motor vehicle commissioner.

Priority was obtained for a 26-ton car, the last of six such shipments required for making the plates.

Did "Diamond Jim" Have Stomach or Ulcer Pains?

It is hardly likely that Diamond Jim Brady could have eaten so voraciously if he suffered after-dinner pains. Sufferers who have to pay the penalty of stomach or ulcer pains, indigestion, gas, heartburn, burning sensations, flat and other conditions caused by excess acid should try a 25c box of Udgla Tablets. They must help or money refunded. At McReynolds Drug Store and drug stores everywhere. —(ADV.)

Man Shoots, Kills Cancer Specialist

DURHAM, N. C., Nov. 19.—(AP)—Dr. Robert Randolph Jones, Jr., 39, widely known for work in cancer and plastic surgery, was shot to death Tuesday in a private diagnostic clinic at Duke Hospital.

Police arrested a man they booked as John S. Baldwin of Whiteville, who, they said, shot Dr. Jones in the head five times with a pistol.

Baldwin was described by Safety Director Bishop as a former patient of Dr. Jones.

Dr. Hale Thornhill, who witnessed the shooting, was quoted by Bishop as saying Baldwin shot the surgeon as he was entering an elevator.

Officers said they had been unable to determine a motive for the slaying.

No charge was placed against Baldwin pending further investigation.

Rightly, much of their success has been due to a big and aggressive line averaging around 190 pounds. Orlando's Jerry Griffin, 204 pounds, and 223 pound Fred Mauds leave little to be desired at the tackle posts. All-star Block Smith and Jim Williams, Tallahassee 190 pounders, form a strong guard duo, while Gene Chisla, 14 an aggressive center. Happy Clark, a 200-pounder from Newport, Richey, and Grille Thomas, a clever player, picket the ends.

... Build, Improve or Repair Right Now

INDECISION may be an expensive luxury. Due to our preparedness program, the longer you wait to build the more it may cost. Next month . . . next week . . . or even tomorrow a new home may cost more than today. Prices may . . . and often do . . . change overnight. Use them while they are still low. Call us today about building, improving or repairing your home. We're ready to start work whenever you say the word!

BUICK BUILDS FOR DEFENSE
Our assignments Building Power & Victory vehicles are the most important for defense.

The needs of the defense program decide how many Buicks we can build for you in 1942.

But there is no limit on how well we may build with the materials at our command.

So we invite you to look upon this car not as you would any ordinary new model, but as an unusual vehicle built to square with unusual times.

Check into the strength we have forged and hammered and wrought into the frame, the chassis, the drive.

Look into the everlasting comfort which is provided in soft, all-coil springs.

Dig into the engine, and see how resourceful engineering has stepped up the efficiency of valve-in-head design with Domite pistons and FIREBALL compression — how it also enables you to conserve fuel while actually getting more power through Buick's exclusive Compound Carburetion.

But it is of utmost importance now that Buick knew how to strengthen rods for heavier duties without increasing weight — that Buick found a way to oil-finish crankshaft journals so as to double bearing life under equal loads.

Little of this special ruggedness shows in the suave outward look of this trim and steady-rolling Buick — the beauty you see there is merely the garnish on the solid substance beneath.

But examine such structural details and we believe you'll quickly discover one fact:

While there may be a shortage of cars and of materials from which to make them, there's no shortage in stamina in the cars Buick builds.

And what is more important in any car these days?

"BETTER BUY BUICK"

Available at light extra cost on Buick Standard models, standard on all other Series.

Southern Hospitality Proven To Soldiers In Army Maneuvers

FIRST ARMY PUBLIC RELATIONS DIVISION, CAMDEN, S. C., Nov. 19.—(Special)—“Southern hospitality” is no longer just a phrase to thousands of Yankee troops participating in the First Army Maneuvers who are in the Southland for the first time in their lives. These men from the North-eastern states had read and heard about the famed southern hospitality—but now they are getting a real taste of it. And they like it.

Marching, riding, maneuvering over the 6,000,000 acre “battlefield” in the Carolinas, the men of Lieut. Gen. Hugh A. Drum’s army are daily coming into close contact with the natives of these parts—establishing friendly relations and building up a basis of mutual understanding, the value of which is incalculable.

All out—that’s the attitude the people of the Carolinas have taken with regard to entertaining the soldiers. They have opened up their hearts and their homes to these visitors—men who are far from their families, from the familiar bluff hills of New England. These soldiers could be mighty lonesome lad were it not for the warmth of

the southern hospitality. One man last weekend had a typical experience while sauntering down the shady streets of the town near his camp. He had nothing to do and but little money in his pocket. A friendly voice from a nearby porch called to him: “Come on up here, soldier, and talk a while.”

Naturally, the man accepted and was virtually adopted. He was taken to a football game Saturday afternoon, a movie that night, church Sunday morning. He wanted to return to camp after Sunday dinner but his kindly hosts insisted he stay for supper.

Southerners are constantly offering automobile rides to First Army soldiers. Even grandmother and mother are in the spirit of the thing. On their way to town to take some soldiers along with them has been witnessed many times.

To keep the men entertained, country club members are turning over to them their clubs, balls and links wholesale during weekends. Hotel rates are cut, homes are opened up, dances staged and movies, bowling, roller skating and football games financed. In fact, anything with in reason, and some things that aren’t, are made available, somehow or other.

The churches, of course, always welcome those who need companionship. Invitations to attend any of the week day or Sunday services are given out almost every time there is a gathering of soldiers.

Here’s a welcoming speech by the spokesman for a country club in which a U. S. O. dance was in progress:

“You all are welcome here and we want you to go ahead and have a fine time. Pretty soon we’ll arrange another affair like this one and you can come back again, but meantime we’d like to know you boys better. So don’t forget, come to church Sunday or any time you want and I’ll bet you meet some nice people who will ask you home to dinner.”

Inviting lights glow nightly from the windows of churches. Inside there is a drink of ice water to soothe throats parched by a hot sun and hard work, easy chairs, magazines and newspapers, writing facilities, a piano which is the center of an in-

Mrs. Janet Hodgson

Mrs. Janet Hodgson, of Chicago, Ill., arrives at New York with Ricky, a pet Scotty, after spending two-and-a-half years in South Africa. She returned with her husband.

formal singing group and some townspeople to talk to.

As would be expected, soldiers and Southern girls are getting together in a variety of ways, chiefly at dances sponsored by the U. S. O. church meetings and through mutual friends.

With all this going on, thousands of men are becoming self appointed preachers of the gospel that “southern hospitality” is the real thing. People in New York, Massachusetts, Rhode Island, Connecticut, Maine, Vermont, New Hampshire, New Jersey, Pennsylvania, Maryland or any other state in the general direction of the northeast are going to hear about it. In short, all of it adds up to a greater understanding of life in the south by northerners and a closer and better relationship between Americans from widely separated sections of the country.

Come Christmas time, with all the talking that’s going on here, there will be plenty of draws floating through the crisp December air of New England, put there by soldiers fresh from the south and home on furlough for the holidays. It is amazing how easy it is to start saying “Rockingham” instead of “Rockingham” or “ginger ale” instead of “ginger ale.”

Perhaps the flowing, unrestrained quality of conversation in the south has something to do with southern hospitality. It has always been impossible to grasp and explain in so many words what this friendliness is made of.

It’s just “Har ya all,” and a big smile and a man feels at home.

Treadway Again Named Chairman Of Polio Drive

ORLANDO, Nov. 19.—(Special)—Chester B. Treadway of Orlando has been named for the second year as state chairman of the annual “Fight Infantile Paralysis” campaign, according to word received here from Keith Morgan, national chairman for the Committee for the Celebration of the President’s Birthday.

Mr. Treadway, managing director of the Florida Chain Store Association and chairman of the state Planning Board, was reappointed leader of Florida’s campaign on the basis of the “splendid program” conducted last year, according to Mr. Morgan.

Immediately following his appointment, Mr. Treadway selected W. Cecil Grant, Daytona Beach attorney, to act as State Organizer for the campaign. Grant, who will act under Treadway’s guidance, will be in charge of appointing city and county chairmen and will work with these committees in organizing local charity events—dances, fashion shows and mile-of-dimes drives—throughout the state. He will serve without recompense, according to the state chairman.

Linton E. Allen, president of the First National Bank of Orlando, was named by Treadway for the second year as state treasurer of the campaign. Gordon R. Ewell, former newspaper man, was again named publicity director of the drive. Both Allen and Ewell also serve without salary. Manager of the Orlando offices of the campaign will be Mrs. Billie DeVane.

Although plans for the statewide celebration are not yet complete, the chairman announced the drive will be completed on January 30 when festivities will reach a climax in every community with a charity ball on the President’s birthday.

Announcement of the appointment of county and city chairmen for the campaign will be made in the next future, Treadway said.

Lee Gladioli

Lee Gladioli fields comprise 1225 acres.

FT. MYERS, Nov. 19.—(Special)—The latest survey of gladioli fields in Lee county shows that 1225 acres are planted with the most popular varieties being variety, Mail of Orleans, Bennett, Allatrosa, Rapture and Minuet.

Last season, with 744 acres planted the income was over a half million dollars.

WOMEN, here’s 2-Way relief!

Probably the help many women get from CARDUI comes from its use as a tonic to increase appetite, aid the flow of gastric juice, and this assists digestion and helps build strength. Thus, it often relieves periodic functional distress. But it may also help relieve such periodic distress if you start taking it as directed 3 days before “your time.” Modern facts and 61 years’ use invite confidence in CARDUI.

—AEV—

STATE MARKET HAPPENINGS

By MARKET ANNIE

I am told that Wade Hatcher of Knoxville, Tenn., one of the regular and prominent buyers of this market, will soon be with us again.

I was glad to see Ralph Evans who buys for Kroger Grocery Company of Roanoke, Va., and Charleston, S. C. with us this morning.

My friend Arthur Worrell, with his driver, Harry, from Charleston, S. C. has been here for the past few days looking for fruits and vegetables. Also my old friend Sam Schlechter from Reading, Penn.

They are all driving larger trucks this season so as to carry larger loads. The last Legislature passing a bill giving the truckers the privilege of hauling more weight will, no doubt, benefit the farmers considerably.

My friend Hugh Tillis is fixing up the Market Restaurant so that it will be the cleanest place in town, and will be ready some-

time next week to serve meals.

Mr. Bauman, who handles all of the deer tongue on this Market, is still in business here. He will probably continue to cure deer tongue for another week or two. He has shipped tons and tons of it this season.

J. G. Mitchell of the State Market office at Jacksonville was seen on the platform this morning.

H. L. Long, Construction Engineer, for state markets, from the Jacksonville office, stopped at the market yesterday afternoon.

Local beans, yellow squash, eggplant and sweet potatoes have been coming on the past week or ten days, and within another month the market will be doing a big business. The demand is large and the supply small at the present.

The belief in vampires, which may be traced back as far as the 11th century, is still widely current among the Slavic people.

Great Britain is reported as having one billion dollars invested in Germany and German occupied countries.

IF you measure the total cost of your property insurance, you may find that you are over-insured. Now, by insuring in The Central, one of America's strongest companies. Standard, non-assessable, dividend-paying policies. (Current rate, 25%.)

WANT THRILLS?

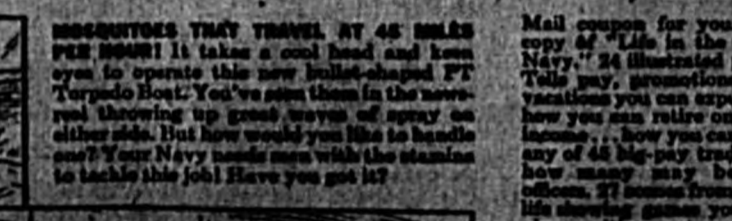

THE U. S. NAVY HAS PLENTY FOR YOU!

Do things seem dull around town for you? Do you feel tied down by your job? Here's your chance to lead the most thrilling life in the world... and get paid for it! A chance to serve your country, too. For Uncle Sam's new two-ocean Navy has ships and planes which are unequalled by those of any other

nation in the world. For those who enlist in the Navy there is a wide variety of fascinating work, including everything from aviation to engineering. Pictured here are a few of the thrills that are everyday occurrences in the life of a Navy man. They're open to you right now if you've reached your 17th birthday.

CATAPULTING A PLANE INTO SPACE takes nerves of steel and split-second accuracy. These Navy men work together like a championship football team. Courses in all branches of aviation are now being offered to you by the U. S. Navy. They qualify you to become a pilot, navigator, radio expert, gunner, or aerial photographer. In fact, you can learn any one of 45 trades.

ON SHORE LEAVE IN A STRANGE PORT! At the tiller of a Navy launch, the crewman takes his jacket ashore. If you want to travel... Waikiki, South America, South Seas... the Navy's where you belong!

SECURITIES THAT TRAVEL AT 45 MILES PER HOUR! It takes a cool head and keen eyes to operate this new bullet-shaped PT Torpedo Boat. You've seen them in the news—rushing up great waves of spray on either side. But how would you like to handle one? The Navy needs men with the training to tackle this job! Have you got it?

When you signed up for service if you wanted the best booklet you could get, this was it. It's the "U.S. NAVY" booklet. It's a booklet of facts you will be proud to read.

Get this FREE Booklet

Mail coupon for your free copy of "Life in the U. S. Navy," a illustrated booklet. Tells you, promotions, and vacation you can expect... how you can make a life income... how you can earn any of 45 big pay trades... how many may become officers... 77 comes from Navy life... exciting facts you may find... the booklet requires nothing. If you are between 17 and 21 (no high school required), get this free booklet now. No obligation. Ask the man in the uniform. Or, if you prefer, fill in and mail to: U.S. Navy, Dept. 100, Washington, D.C. 20334. You can't see it, but you can get it.

For people who work hard, food alone is not enough; they need refreshment, top. Ice-cold Coca-Cola is pure refreshment.

11 Miners Shot In New Outbreak In Pennsylvania

Firing Occurs When 50 Carloads Of U. M. W. Pickets Arrive At Edenbron

Hundreds Of Bullets Fired

C. I. O. Opposes Training Of Selectees To Take Over Mines

To Speak
Congressman Joe Hendricks of the Fifth Florida District will address a meeting of all local civic clubs and city and county officials at a luncheon meeting Monday noon at the Episcopal Church Parish House.

DETROIT, Nov. 21.—(AP)—Delegates to the C. I. O. annual convention today adopted a resolution calling for a public housing program mandating the construction of a million homes a year for the next five years. Other resolutions included the assurance that the C. I. O. would support the objectives of farmers and a plan to aid labor to attain its goals.

The C. I. O. also adopted a resolution calling upon Mr. Roosevelt to "direct that the training of selectees and other service men for strike breaking be stopped immediately."

Eleven men were shot and wounded in a new outbreak early today in Fayette County, Pa., center of the active coal mine strike trouble.

Firing occurred when over 50 carloads of U. M. W. pickets arrived at the nearby closed Edenbron Mine.

President Roosevelt indicated today that no federal action might be expected before he receives a report from the Federal Coal Commission on the President's latest appeal for a settlement.

In New York, the Carnegie Illinois Steel Corp., a subsidiary of United States Steel, announced the shutdown of five additional blast furnaces for lack of coal. These are in addition to the six furnaces already closed by the active coal mine strike.

A report that an undisclosed number of troops had left for Pennsylvania coal fields came from reliable sources at Camp Forrest, Tenn., last night as word of new shutoffs in the active mine dispute and the spread of sympathy walkouts in commercial plants reached the capital.

At the War Department, officials on duty indicated they knew of no order from here for troops to go to the bit heads.

The Camp Forrest officers said the troops were traveling by truck and motorized units, with the first stop expected at Pittsburgh.

Meanwhile in Pittsburgh, coalminers again evaded three hundreds of shots in the fields of southwestern Pennsylvania as walkouts in sympathy with the captive miners strike for a union spread to at least 200 miles.

The shooting first in the state in the four-day-old strike, occurred at the E. O. Frick Coke Company's mines in Fayette County, center of the captive coalminers strike in the last two weeks. The United Mine Workers extended 100 pickets to the pits to turn back workmen.

Laura Malcher, the actor, has a hobby of collecting letters.

Sergeant P. M. Vickery Selected To Attend Officer Candidate School

Sgt. Vickery is the second man from Sanford selected to attend the officer's school, Frank Ray, the other candidate, is scheduled to complete his training near Dec. 15.

Of the 200 men in his regiment, Sgt. Vickery was the only person selected in this month's quota and he is the sixth soldier from the 124th Infantry to report to training.

At the beginning of the national emergency, the Sanford man was first sergeant in Company D, National Guard, and participated in the Louisiana maneuvers. When he received his appointment to Sgt. Vickery was assigned to the Central Postal Directory at

Ramsey Will Be Cub-Master Of New Scout Pack

Parents Gather Last Night To Organize Children's Group

Clyde Ramsey will be the Cubmaster of the newly organized Boy Scout Cub Pack which was completed last night at the South Side School before a large gathering of the parents of the boys who will become cub, it was announced today by Ned Smith, chairman of the Organization and Extension Committee of Scouting in the Seminole District.

Mr. Ramsey appointed John Krider as his assistant Cubmaster.

Present were representatives of local Scout Troops, who will furnish the Den Chiefs for the Cub Pack.

While the Den Chiefs have not been selected as yet, four dens were set up and four Den Dads were elected. They are C. R. Reel, Irving Batten, D. K. McNab and Ray Fox.

Each Den will meet next Wednesday afternoon for their first organization meeting at the home of the Den Dad. The Cub Pack did not attend last night.

The National Scout Council limits the number of boys in a pack to 32. After the pack is organized and filled, new applicants will have to wait in order for vacancies before joining.

The South Side Parent-Teachers Association will sponsor the Pack.

Joe Hendricks To Be Honored By Local Clubs

Solon Will Speak To Organizations At Luncheon Meet

The program for the luncheon meeting of all local civic clubs and city and county officials which will be held in honor of Representative Joe Hendricks at noon today at the Episcopal Parish House.

The Junior Chamber of Commerce is sponsoring the joint event and has invited members of the Kiwanis, the Lions, the Rotary and officials of the city and county.

Feature of the program will be the address given by Mr. Hendricks, who represents the Fifth Congressional District of Florida in Washington.

The rest of the program follows: Charles Morrison will lead the singing, accompanied by Harry Kudell; invocation by Rev. Martin J. Bram; welcoming address by Mr. Dean; introduction of city and county officials by O. P. Herndon, clerk of the circuit court; and introduction of Mr. Hendricks.

The Rotary club, which usually meets at the Walden Hotel Monday noon, will attend this meeting instead, Dr. R. W. Ruprecht has announced.

Governor Proclaims Thanksgiving Day

TALLAHASSEE, Nov. 21.—(AP)—Governor Spessard L. Holland, proclaiming Florida's Thanksgiving for next Thursday, yesterday expressed gratitude for America's "prerogative gift of liberty" and for "our deliverance from the holocaust of war."

His proclamation was in accordance with a new State law which makes the last Thursday in November the official Florida Thanksgiving.

Train Overtakes Car Of Circus Gorillas

WEST PALM BEACH, Nov. 21.—(AP)—An unattended wagon in which the gorillas, George and the ape, were overturned by a train on the Florida East Coast line today.

Race Charges Against Dean Are Denied

Cocking Says Georgia Governor Accused Him Falsely On Negro Question

ATLANTA, Ga., Nov. 21.—(AP)—Dr. Walter Cocking, Dean of the School of Education at the University of Georgia, vigorously denied today the charges made against him in recent advertisements by Governor Talmadge. The Governor charged that Cocking advocated the education of races and the negro employees in office of the Regent and a negro member of the board.

"Most definitely these suggestions and proposals were not my opinions or suggestions," Cocking wrote President Harmon Caldwell of the University.

Former Sanford Man, Boniske, Dies In Miami

Dave Boniske, former resident and dry-goods store manager at Sanford, died suddenly at his home in Miami Tuesday. After leaving Sanford, Mr. Boniske and his family moved to Edinburgh, Scotland, where they lived for a number of years. At the time of his death, Mr. Boniske was residing at 1110 S. W. Twelfth Court, Miami.

The deceased man is survived by his widow, Mrs. Nash Boniske; two daughters, Miss Ruby Boniske of Miami and Mrs. L. E. Gaunt of London, England; three sons, Morris and Raymond of Miami and Edwin who is first lieutenant in the United States Naval Air Corps stationed in Jacksonville.

Funeral services for Mr. Boniske were conducted at the Oceanview Funeral Home in Miami yesterday.

State's Population Doubled In 25 Years

MIAMI, Nov. 21.—(Special)—The more than doubling of Florida's population during the past 25 years is an indication of the great progress the State has made since the Florida State Chamber of Commerce was founded in 1916. Ervan Hanks, vice president at large of the chamber, said, commenting on the silver anniversary member-ship meeting of the State Chamber at Panama City on Dec. 1 and 2.

"Every Floridian can be proud of the record of achievement made by his State during the past quarter century," Hanks said. "Our records show that in three years just past the population of 1,923,403 and the U. S. census for 1940 shows a population of 1,977,414."

Townsend Supporters Will Have Meeting

The Townsend Club of the Fifth Congressional District will hold its monthly conference at the Court House Sunday, with John W. Weir, Florida Townsend representative in Washington, as principal speaker.

At 1:30 P. M. the council board of Townsend supporters will meet to be followed by the address by Mr. Weir at 2:00 P. M.

Congress Is Warned Of Inflation Danger

WASHINGTON, Nov. 21.—(AP)—Bernard Baruch, the World War head of the War Relocation Authority, today urged Congress to act immediately to control prices the nation will be in "a situation equally dangerous."

Report Of Troop On March Branded False

CAMP FORREST, Tenn., Nov. 21.—(AP)—Admitting they were standing in readiness for possible strike duty, officers of the Fifty-eighth Signal Battalion last night branded as false reports that their troops had left camp.

Earlier reports from usually reliable sources said part of the Fifty-eighth, which consists of more than 500 soldiers, had left the camp in train bound for Pennsylvania's coal fields.

The officers said their unit as other outfits in camp were momentarily expected to be called to duty.

At the beginning of the national emergency, the Sanford man was first sergeant in Company D, National Guard, and participated in the Louisiana maneuvers. When he received his appointment to Sgt. Vickery was assigned to the Central Postal Directory at

British Are Within 10 Miles Of Tobruk After 80-Mile Gain

State Commander Makes Visit To American Legion

Rupert Caviness of Ocala, state commander of the American Legion, made a short and unexpected visit here this morning as one of his stops in a visit to all American Legion posts in the state. Joel S. Field, local Legion commander, stated this morning.

Mr. Caviness is making these visits in an effort to increase membership in the Legion. Eleven new members were voted in last Monday, but the Seminole County post still is 64 paid up members short as compared with last year's figures.

Mrs. Hattie Jane Davis Dies After Lingered Illness

Mrs. Hattie Jane Davis, resident of this county for the past ten years, died at her home on Mellonville Avenue last night at 7:20 o'clock following a lingering illness.

The 71 year old woman was born in Thomas county, Ga., and is survived by one son, John Russell Davis of Sanford and two brothers, A. S. Parramore of Miami and O. J. Parramore of Thomasville, Ga.

The Rev. W. P. Brooks, Jr., will conduct funeral services for the deceased woman at Southside Cemetery Saturday morning at 10:30 o'clock, with Erickson Funeral Home in charge of arrangements.

Miami Grand Jury To Investigate Murder

MIAMI, Nov. 21.—(AP)—On request of Gov. Harold E. Stassen of Minnesota and Gov. Spessard L. Holland of Florida, the county grand jury will investigate the death of Mrs. Hattie Ford Savage, who was drowned in Sunny Isles Canal Apr. 1.

She was riding with her husband, Charles E. Savage, at the time, just 54 days after their marriage.

After her death, Governor Stassen wrote Gov. Holland saying Mrs. Savage's relatives reported "mysterious circumstances" surrounding the drowning.

Governor Holland asked State Attorney George A. Worley for "a thorough investigation and prosecution."

'Hoodoo' Doctor's Black Magic Tricks Disclosed By Trusty

A black hooded figure stands in flickering candle light before a smoldering image of Buddha, head bowed while he mutters mysterious, incoherent words of magic that raises his piercing eyes to his audience. A mystery of life is about to be revealed.

Holding a ring of bones in his hand, the figure stabs at his instrument for delving into the black magic of the unknown.

From the ring is suspended a heavy cord, weighted by a carved club of polished wood and circled by a large wheel.

At the proper moment the black man, with staring eyes and frowning mouth, lifts the wheel to the top of the head, and a few words and drops the cord.

As the wheel drops the cord the action starts the club spinning slowly and the man counts each revolution of the spinning wheel.

Slower and slower the wheel spins until it comes to a stop and only trembles in the hands of the hooded figure with a black cord and a wooden wheel.

The black figure raises his eyes, stares out over the audience and speaks.

The hooded figure stands in flickering candle light before a smoldering image of Buddha, head bowed while he mutters mysterious, incoherent words of magic that raises his piercing eyes to his audience. A mystery of life is about to be revealed.

Health Examinations For Domestic Employees Urged By Health Unit

Housewives are urged to have their domestic help examined by their physician in order to protect their families from infectious diseases, Dr. A. J. Kernish, venereal disease consultant of the State Board of Health, said today.

Though food handlers in hotels, restaurants and soda fountains are required to take a two-yearly examination by the State Hotel Commission and clean employees must take a regular examination under a city law, the workers in private homes are not under obligation by law to take an examination.

It is not so much to find infectious disease as to find a person who is not fit to work.

In the case of syphilis, a person can continue to work while under treatment for the disease and is a safer employee, from the standpoint of the employer, whether they have it or not, than a person under treatment who does not pass the disease after three or four treatments have been given, Dr. Kernish stated.

It is the business of the health unit to aid doctors in giving examinations to employees but not to treat them since they are employed and therefore able to pay for treatment. However, the unit would not turn away anyone needing treatment, Dr. Kernish said.

The examinations are given of the hands, chest, and skin as well as of the blood, Dr. Kernish stated, and are made to reveal the presence of syphilis, gonorrhea, erysipelas or typhoid.

Volusia County Tax Roll Shows Increase

DELAND, Nov. 21.—(Special)—Volusia county commissioners yesterday announced the adoption of a 1941-42 tax roll amounting to \$1,124,588 which showed an increase of \$30,981 over the previous roll of \$1,093,607.

The new roll, prepared by the office of Tax Assessor W. Homer Smith, was based on property valuations of \$89,164,390, a jump of about three and one-quarter times last year's \$29,006,875 on a full cash valuation basis in accordance with the State law.

Aqueduct Will Bring Fresh Water To City

KEY WEST, Nov. 21.—(AP)—The world's longest aqueduct that does not depend on gravity will bring millions of gallons of fresh water to Key West, where fishermen and tourists always have depended on rain trapped in big domestic cisterns for their supply.

Thanks to the Navy, which is making this southernmost United States city a major ship and submarine base, 13 1/2 miles of 18-inch pipe will be strung across the keys from an apparently inexhaustible watershed at Florida City, just south of Miami.

Two Contracts Are Awarded In Florida

WASHINGTON, Nov. 21.—(AP)—The War Department has awarded the following contracts:

J. R. Hime Electric Company, Palm Beach, Fla., installation of outline light circuit, Dale Mabry Field, Tallahassee, \$14,049.

Aqua Systems, Inc., New York, construction of gasoline fueling system, Tyndall Field, Panama City, Fla., \$78,860.

SHIP REPORTED SUNK

SANTIAGO, Chile, Nov. 21.—(AP)—The Yaguajay steamship Olga Topic, which last week had been reported sunk by a Nazi raider near the coast of Panama, arrived safely Thursday at Equador, Chile.

First Citizen Buys First Seal

The No. 1 citizen of the United States buys the first Christmas seal, and the national tuberculosis drive President Roosevelt is shown receiving the stamps from Steve Bohanus, actor who designed the seals.

Ralph A. Smith Elected Chairman Of Scout Group

Ralph Austin Smith was elected chairman of the District Committee of the Boy Scouts for the coming year at a dinner meeting last night at Eddie's Restaurant, it was stated this morning by Ned Smith.

Other officers elected were Randall Chase as advisory chairman and Ned Smith as district commander.

Plans were completed to have a supper at the South Side School at 6:30 P. M. on Dec. 8, which will be followed by entertainment and a Court of Honor in the auditorium. All members of the troop committee and parents are expected to attend.

Weather

Partly cloudy in the south section with showers in the north section Saturday. Cooler in the north tonight and in the north (central portion) Saturday.

Richard Holtzclaw Signed To Sing For Chicago Civic Opera Company

Richard Holtzclaw, former Sanford man and son of Mrs. Emma Holtzclaw of this city, has recently signed a two-year contract with the Chicago Civic Opera Company \$600 after his contract with the San Carlos Opera Company expired.

Mr. Holtzclaw was employed by the Davidson Paxon Company in Atlanta, Ga., several years ago when his singing merited him a scholarship to Louisiana State University in Baton Rouge.

The Chicago Civic Opera Company broadcasts each Monday night at 11:00 o'clock from Chicago with Gladys Swarthout, Lily Pons, John Charles Thomas, Richard Bonelli, Helen Jepson and Richard Wetzelschlag, the stage-name of Mr. Holtzclaw, singing leading roles.

During the week from Nov. 8 to 15, Mr. Holtzclaw sang roles in "Carmen," "La Traviata," "The Barber of Seville" and "The Daughter of the Regiment."

Showdown Is Sought In Libya As Axis Armies Are Hunted By English Forces

ITALIANS CLAIM COUNTER ATTACKS

DEFENDERS OF MOSCOW SAID DRIVING BACK NEW GERMAN ATTACK

British ignored forces already within 10 miles of besieged Tobruk after an 80-mile advance in 26 hours, today were reported seeking the main bodies of Axis troops in Libya for a showdown battle.

A British spokesman said, "The main battle is not yet joined. Nothing is on a large scale yet."

The Italian high command asserted that Axis and German columns were "firmly sustained" by new British attacks in the Libyan offensive, and "passed to counter attack and repelled enemy armored formations."

The Soviet radio described "bloody fighting in progress" in the western sector of Moscow's 200-mile defense arc, and claimed the defenders are driving back a violent new German offensive.

Terrible fighting is planned near Kholm, where the Russians are claimed to be inflicting "tremendous" German losses.

In the Moshkash sector, 67 miles west of Moscow, the Russians admitted the Germans have driven a wedge into the defense lines.

Ivan Maskey, Russian ambassador to London, said "Hitler's blundering in the East has completely failed."

American-armed British tank units, smashing as far as 80 miles inside Libya in a great offensive movement, are reported to have shot down a German tank column, after a long and hard battle, in the first major test of U. S. war materials.

The central British spearhead penetrated northward from Sidi Omar, near the Egyptian frontier, to reach on the esplanade above a maze of gullies, which led down to the sea, where a British garrison has been holding out since mid-April.

A number of Italian tanks and 150 Fascist prisoners were taken in an engagement enroute to the front, a desert caravan point some 65 miles from Sidi Omar, the communique said.

The Russian line above Moscow appeared yesterday to be buckling back under the shock of a series of strong, new German offensives about the capital, but the southern Red Army was reported holding firm at Tula against violent tank and infantry assaults.

At least 100,000 German troops were in frontal action around Tula, which is 100 miles below the capital, and about Volokolamsk, some 65 miles to the northwest of Moscow, while other large invading forces were heading at the Kalinin defenses, 30 miles still farther north.

Weather

Partly cloudy in the south section with showers in the north section Saturday. Cooler in the north tonight and in the north (central portion) Saturday.
