## Fourteen Deaths Record Flooded Districts In Three Southern States

### Property Loss Will Run Into Millions MANY ARE DROWNED

**RESCUE WORK HAZARDOUS ON ACCOUNT OF SWIFT CURRENT RISING RIVER**

Atlanta, Dec. 11. (By Associated Press) Fourteen deaths thus far are attributed to the floods in Mississippi, Alabama and Georgia and property damage running probably into the millions. Nearly three thousand persons are homeless in Mississippi on account of the flood, one thousand of them at Hattiesburg and more than a thousand at Meridan. Railroad traffic in the flooded area is practically stopped. The dead includes three negroes drowned at Hattiesburg when a rescue boat carrying nine overturned. Three were drowned at Atlanta, two were killed in Mississippi when two trains ran into a washout, one negro was drowned at Meridan and two whites and three negroes were drowned in various parts of Alabama. Hundreds are marooned in various sections on account of the high water. Some streams are still rising and with the swift currents the rescue work with small boats is hazardous.

### DEVELOPMENT OF WATERWAYS IS SOLUTION

#### TO THE RAILWAY QUESTION AND WATERWAYS SHOULD BE DEVELOPED

Washington, Dec. 9.—Developments of the country's great waterways system so as to relieve the present-day strain on rail transportation was urged today by speakers at the opening of the fifteenth annual convention of the National Rivers and Harbors congress. Some of the planges suggested in the railroad bill, pending in the senate, and designed to encourage the upbuilding of water routes, were explained in detail by Senator Joseph E. Ransdell of Louisiana, president of the organization. In presenting his annual report Senator Ransdell reiterated that he would not seek re-election, feeling now that the time had come, after a service of fourteen years, to turn the office over to another man. Reference by Representative Small of North Carolina to Senator Ransdell's "magnificent work" and his refusal to remain longer at the helm, brought the convention to its feet for prolonged cheering.

While urged by many of the delegates here from all states, to reconsider, Senator Ransdell declared that he had fully made up his mind to retire and that this decision was definite and final. The nominating committee's report will not be presented until "Thursday, but the general report today was the Representative Small had been selected as Senator Ransdell's successor.

Aside from the preliminary reports the convention today heard Secretary Daniels, who called attention to the fact that the present generation had witnessed almost the entire abandonment of the Mississippi river as an artery of commerce. Senator Smith of South Carolina, largely identified in recent years in framing railway legislation, told of the need of legislation which would foster water transportation lines and Representative Small pleaded for "removal of shackles from water transportation imposed by the railroads." Mr. Small insisted that each system was entitled to live but that they should be co-ordinated for the public good.

Mrs. Sarah Willard Strout of Portland, Me., brought greetings from the Woman's National Rivers and Harbors Congress. Delegates are here from nearly every state. They agreed that while it would take more than 44,000,000,000 to enlarge railroad transportation, \$500,000,000 would develop the country's waterways so as to make them an essential and necessary part of the transportation system.

**Booze Fatal To Aviators**  
New York, Dec. 10.—The secret of the failure of some pilots in the recent transcontinental air race "can be attributed to too much booze," Lieut. Belvin W. Maynard, "the flying parson," declared in a statement to the Anti-Saloon League and made public tonight. "If all of them had been as sober as myself I would not have been the winner," Maynard added. Although Maynard declared he was prejudiced against strong drink, he said there are times when a pilot might be justified in using it, for example, to tide him over after being exhausted from flying twelve or fourteen hours. He said many fatal air accidents were the result of pilots flying half intoxicated or with a "hang over" from the night before.

### SEND EXPERTS TO DEMONSTRATE IMPOSSIBLE ORDERS

#### SUPREME COUNCIL DEMANDS CANNOT BE MET BY GERMAN

Berlin, Dec. 11. (By Associated Press) The foreign Affairs Committee of the National Assembly decided today to send mission experts to Paris with the exact list of all dock materials in Germany in the effort to demonstrate to the Supreme Council the impossibility of Germany carrying out the Entente demands as contained in the notes handed the German delegation at Versailles Monday.

### BAD CONDITIONS IN ICEING AND VEGETABLE SHPG.

#### VARIOUS SHIPPERS HAVING TROUBLE WITH PRODUCTS REACHING DESTINATION

It is apparent that awful iceing and re-icing conditions exist at Sanford during the present perishable movement and beside this fact, the various shippers are having trouble with their products reaching destination. Sometime ago, the Regional Director's office in Atlanta, advised the growers that a fifth morning delivery would be made in New York and adjacent territory. For a time this was done, and shippers were fairly safe in selling produce and resting with some assurance of delivery. At present however, possibly due to the coal situation, this service has been made materially lengthened and connected with existing conditions at Sanford, growers and shippers stand to lose enormously unless both features are speedily remedied.

Yesterday, the Sanford Truck Growers, Inc., wired the situation in full as follows:

Sanford, Fla., Dec. 10  
Sanford, Fla. Dec. 10th, 1919  
Lyman DeLano.

Federal Director, A. C. L. R. Co. Wilmington, N. C.

Perishable shipments under refrigeration around fifty cars daily out Sanford showing awful movement to destination, resultant decay due to apparent neglect handling and re-icing enroute. Cars billed Philadelphia third not arrived no telling length of time New York, Chicago and western shipments will require. Regional Director, Atlanta, named schedule of five days New York. This with terrible facilities here for re-icing costing growers heavy losses. Will you handle with yours and connecting lines. We anxious to co-operative every way now loading cars maximum.

Sanford Truck Growers, Inc. All the shippers and handlers of Sanford are exerting every known effort to overcome these many troubles and are having some success but the situation is really serious and with transportation continuing in a jumbled state, the outcome is problematical.

## HUNGARY MONARCHY PREDICTED

### PEOPLE WANT A KING BUT HAVE NOT DECIDED ON THE MAN

Berlin, Dec. 11. (By Associated Press) Hungary will return to a monarchy soon according to a statement made to the Associated Press by a Swiss traveler just returned from Budapest. Nearly ninety-five per cent would vote for the return of a monarchy he says but it is still uncertain who would be king.

## TEACHERS IN SANFORD FOR EXAMINATIONS

### STATE BOARD OF EXAMINERS GIVING TEACHERS EXAMINATIONS IN FOURTH DISTRICT

There is an unusually large group of teachers residing in the Fourth Congressional District taking the state examination at the court house this week under the supervision of the Board of Examiners, Thos. B. Kirk of Tampa chairman, Miss Clara Hampton corresponding secretary from Tallahassee, and Miss Christian McDonald, recording secretary of De Funck Springs. There are thirty-three white applicants eight of these taking examinations in special subjects, twenty-five, the grade examinations.

There are sixteen colored teachers being examined, one state primary, one special and the other regular grade examinations. The applicants are as follows: Special certificates—Dow G. Beck, John T. Kane and Me. Basil Hay, New Smyrna; John L. Shawer, Carleton E. Dunn, DeLand; Miss Nell McKinny, Orlando; Miss Grace S. Wied, Daytona; Miss Ruby Ward, Miss Nell Arens, Coronado; G. R. Adams examinations—Miss Edna Myrons, Miss Francis Byrons, Miss Gertrude Little, Miss Mae Field, Miss E. Boyce Luddath, Miss La Vola Burns, Sanford; Miss Emma Barber, Miss Mary Clark, Daytona; Miss Florence Gore, Miss Dorothy Pomeroy, Salerm; Miss Hortense Flossing, Miss Gladys Wainright, Pierson; Miss Jessie Pell, Mrs. Frances Myers, Osteen; Miss Ed Dooley, Geneva; Mrs. Bernice Hurley; Winter Garden; Miss Leonora Whidden; Bartow; Miss Leila Royal, Cassia; Miss Beatrice Doss, Astor; Miss Adel Lindsay, Orlando; O. L. Durranee, Ormond; Miss Clare Goertz, Mt Doran; Miss Margaret Shoell, Ormond; Colon Jean Cogdell, New Smyrna.

Colored applicants—Special certificates H. A. Williams, Daytona; state primary, Flora V. Brooks, New Smyrna; Grade—Ella E. Sharpe, Mayde Brooks, Robert G. Murray, New Smyrna, Mabel Green, Martha Strober, Willie Bell Billings, Mrs. Leola Chisholm, Sylvia Hicks, Sanford; W. J. Stevens, DeLand; Mary E. Arrington, De Leon Springs; John L. Hall, Oviedo; Mrs. Malida Nimmons, Plant City, Roberta Gardner, Leesburg; Jennie Mc Pherson, Sanford.

**Republicans Meet in Chicago**  
Washington, Dec. 11.—The Republican National Committee today selected Chicago as the place and time for the national convention at which the party's 1920 candidate for president will be nominated.

**\$1000 Reward**  
The news was informed this morning that the town of Orange City has offered a reward of \$1,000 for the apprehension with evidence to convict the murderer of Mrs. Susan B. Clark of Orange City. Posters giving a description of the suspected murderer will be out the first of the week.—DeLand News

## Back To The Mines Coal Strike Is Over Accept Wilson's Plan

## CLEMENCEAU IN ENGLAND TO CONFER

### WILL MEET LLOYD GEORGE AND ITALIAN FOREIGN MINISTER

London, Dec. 11. (By Associated Press) Premier Clemenceau arrived here this morning. During his stay in London he will confer with Premier Lloyd George and the Italian foreign minister Scialoja. London, Dec. 11. (By Associated Press) The two prime ministers began private conferences immediately. It is generally expected the discussions will last through today and tomorrow. Lloyd George abandoned the usual Thursday visit to the House of Commons in order to plade the entire time at Clemenceau's disposal.

## GREAT RESOURCES IN ALASKA LIE IN IDLENESS NOW

### LACK OF INTELLIGENT GOVERNMENT RESPONSIBLE FOR THIS CONDITION

Washington, Dec. 10.—Declaring that "for lack of intelligent government assistance the truly great resources of Alaska must perform lie in idleness," Govnor Thomas Higgs, Jr., in his annual report today, voiced a plea for the adoption by the government of a more liberal Alaskan policy. The report said lawlessness, "particularly that fomented by pro-Germans, I. W. W. and Bolshevik elements" was becoming a menace.

"Appropriations are placed at such a low figure as to preclude effectiveness; rich mining regions are made unavailable for lack of transportation facilities; fisheries are threatened with exhaustion for lack of protection; natives, in time of epidemics are allowed to die of disease and starvation and, as a result of laws and regulations, at every turn appears the huge Teutonic sign 'Verboten' the Governor said.

The people of Alaska, he added, "hold out their hands to Washington, not as applicants for bounty but in petition to be allowed to develop as were the Western territories, now the great Western Referring to the menace of increasing radicalism in Alaska the report said:

"Indications point to a continued immigration as the result of army demobilization and the closing of war-time industries. Alaska is receiving the extremes of the social scales. On the one hand the fine young men of the type who developed the great Western states are becoming evident in increasing numbers and, on the other hand, the I. W. W., a den enemy and Bolshevik, knowing the unprotected condition of the territory, are arriving in force and making their presence known. The great numbers of foreigners in Alaska who can hardly speak the English language fall easy victims to the insidious propaganda of the seditious agitator. It does not seem right that the decent, honest law abiding majority should not receive full protection at all times."

The Governors' report deplored the action of Congress in failing to appropriate money for the relief of the native population during the recent severe outbreak of influenza in the far north. There were more than 1,500 deaths chiefly among the natives, Governor Riggs reported and conditions in the interior of the country were beyond description. The entire adult population of many villages was wiped out, the report stated, and hundreds of children starved or succumbed to cold.

## NEWBERRY IS DUMB

### Grand Rapids, Mich., Dec. 9.—Trial of Truman H. Newberry of Detroit United States senator from Michigan and 134 others, indicted on charges of fraud and corruption in connection with Mr. Newberry's election in 1919 will begin before District Judge Clarence W. Sessions in Federal court here Jan. 27.

The date was agreed upon by Judge Sessions and attorneys representing the defendants, immediately after completion of arraignments today, when the senator and twenty-four of his principal campaign leaders "stood mute" and pleas of not guilty were directed by the court.

All the so-called principals were released on their own recognizance, pending arrangements of bonds of \$10,000 each on one indictment and \$5,000 on another.

## SUPREME COUNCIL ANSWERS HUNGARY REGARDING DELAYS

### RENEWED INVITATIONS TO HUNGARY TO SEND HER REPRESENTATIVES IMMEDIATELY

Paris, Dec. 11. (By Associated Press) The Supreme Council has answered the message from Premier Huszar of Hungary in which it is asserted that the delay pending in the Hungarian delegates getting to Neuilly is because some of the prisoners are in Rumania. The council refused to enter discussion of the matter and renewed the invitation to Hungary to send representatives immediately.

## FRENCH CLASH WITH ITALIANS FIUME DISTRICT

### D'ANNUNZIO VOLUNTEERS AND FRENCH HAVE KILLED AND WOUNDED

Paris, Dec. 11. (By Associated Press) French troops have clashed with D'Annunzio volunteers at Fiume and many were killed and wounded on both sides according to a Geneva despatch printed in a Helsingfors newspaper.

## MONEY IN PECANS

Chilpey, Dec. 11.—As an evidence that there is good money in pecans, that they will do well here, we give a report from one tree in Chilpey, says the Verdict.

Mrs. S. R. Mitchell has a fine large tree at her home which grew from a nut planted by her father and mother, Mr. and Mrs. A. D. Campbell, some time after their marriage. This year Mrs. Mitchell gathered and sold from this one tree \$3 worth to one party and \$99.05 to another party, keeping for her own use 70 pounds.

The price received from these sold was 35 cents the pound, a low price for the quality. Had she sold the whole product which she could have readily have done, she would have received from this lone tree, a seedling, the comfortable sum of \$131.55.

A five acre grove of trees like that would be worth a fortune—a source of independent income with little labor.

There are several young groves in the city recently coming into bearing which are proving very remunerative as also are a number of older seedling groves.

Dr. J. S. McGeachy has a young grove about ten years old, about two acres, which the writer persuaded him to sell out. This year it paid him more than \$1,000.

There are numerous others we could mention but these two instances will suffice to prove that pecans are a good crop—a good money crop—one that is short of demand.

## Weather Report

For Florida local rains tonight and Friday. Not much change in temperature. Fresh northeast and east winds.

## Coal Will Be Moving By First of Week

### WILL BE NO DELAY

#### GENERAL OPERATION OF SOFT COAL MINES PREDICTED FOR TOMORROW

Indianapolis, Dec. 11. (By Associated Press) A general operation of the soft coal miners is predicted for tomorrow. Coal will be moving rapidly by the first of next week in the opinion of the operators here.

Officials of the United Mine Workers who last night sent telegrams to locals telling of the miners general committee here yesterday accepting President Wilson's proposal to return to work are confident there will be no delay on the part of the members of the union returning to the mines.

## SERBIAN RELIEF NEEDED MORE THIS WINTER

### THOUSANDS OF FATHERLESS CHILDREN NEED HELP FROM THE WORLD

New York, Dec. 10.—Allan M. Gale of the Serbian Relief Committee, commenting on a recent despatch from Belgrade stating that Serbia was on her feet again, having recovered from the immediate effects of the war said:

"The Serbian Relief Committee of America and all who are giving their lives and strength to the work, know that great as the results accomplished appear in the aggregate, they are, in comparison to the need, pitifully small. Much is made of the fact that this year's harvest gives the new kingdom a surplus in cereals above its needs, that the food situation is under control and that actual starvation no longer menaces the people. But these facts have been long known by the relief agencies and all interested in Serbia, and have been very widely published by them. And it should be equally well-known that the harvest includes the crops of Bosnia and Herzegovina, which as Austrian territory during the war, suffered very little real damage. There will perhaps be no genuine starvation in Serbia through the winter, though the food supply, neither in quality or quantity, is suitable or sufficient for the restoration of health and strength of young children. One slight indication of this is to be seen in the recent shipment by Mr. Hoover's Administration of Relief of four large cargoes of powdered milk for use in central and southeastern Europe, including Serbia.

"In Jugo-Slavia there are 600,000 fatherless children of whom 150,000 are absolutely destitute. Among them tuberculosis, eye and skin disease are rife. Of these children, up to July, less than 2,000 had been provided for, largely because of the tremendous difficulties attending the work in an utterly disorganized community. The government at Belgrade and the great American and English relief organizations are now working in thorough harmony in their efforts to carry these children safely through the winter. They can only succeed if there is no slackening of effort on the part of the American and British publics."

## Entered Pastor's Pantry

A bold bad burglar entered Dr. Brownlee's home through the pantry window Sunday night. After looking over the shelves he was smitten with remorse and left a note saying, "Leave the window open tomorrow night and I will bring some groceries and leave them here for you."

# CHURCHES WILL SOLVE ALL TROUBLE

NINETY SIX HUNDRED  
PRESBYTERIAN CHURCHES  
ADVISED TODAY

New York, Nov. 29.—Ninety six hundred Presbyterian churches in the United States were advised today that the teachings of Jesus Christ would solve the whole industrial problem. These churches were urged by Dr. John McDowell, director of the social service division of the Presbyterian New Era, movement to apply the teachings of Jesus understandingly to the solution of industrial questions.

Dr. McDowell declared that the 15th verse of the 18th chapter of Matthew constituted "the law of brotherhood, conciliation and arbitration" and he urged its application to present day industrial moves. The Bible reference reads:

"Moreover, if thy brother shall trespass against thee, go and tell him his fault between thee and him alone if he shall hear thee, thou hast gained thy brother."

Dr. McDowell urged the church members and pastors to get in touch with outstanding groups of their communities, such as employers, boards of education and teachers, political, recreational courts, press, health, official, social and disturbing groups, learn their points of view and side with them when right.

"I believe," he said, "that eventually there will be industrial courts, similar to city, state and federal courts, in which labor disputes can be solved. These courts would be graded as are the present local courts with the right of appeal."

Dr. McDowell called attention to the following Social Creed adopted by the Presbyterian General Assembly in 1910:

"Acknowledgement of the obligations of wealth; application of Christian principles to the conduct of industrial organizations; more equitable distribution of wealth; abatement of poverty; abolition of child labor; regulation of the conditions of the industrial occupation of women; release of every worker from work one day in seven; conciliation in industrial disputes and development of a Christian spirit in the attitude of society toward offenders against the law."

### Hunger Strikers Weaken

New York, Nov. 29.—The hunger strike which has continued today has split the Ellis Island soviet into two factions; the left wing, which spurns food, and the right wing, which devours it at every opportunity. The left wing has refused 10 meals since last Tuesday.

### Brown-McDaniel

Surrounded with much interest both here and elsewhere, the marriage of Miss Susie Helen Brown to Alexander Martin McDaniel was solemnized at the home of the brides parents Mr and Mrs E L Brown, Sunday afternoon at two o'clock.

The beautiful ring ceremony was impressively performed by Rev. C. W. White of the Methodist church.

The bride wore for the wedding, a handsome coat suit of blue serge with a chic little turban of gold lace with relieving touches of blue. A blue georgette waist completed the charming costume, in which the bride was never more attractive.

Mrs. McDaniel is the third daughter of Mr and Mrs Brown and has resided in Sanford since her childhood. She is quite a handsome girl, pleasing in personality and very popular.

Mr. McDaniel is a Sanford boy and has grown up here from boyhood. He was associated with the Sanford Herald until called into the service about two years ago. After his return he went into the printing business for himself and quite recently has accepted a position in the composing room of the Bunnell Tribune. He is well liked by a large circle of friends and business associates and is the eldest son of Mrs. E. A. Douglass.

Mr and Mrs. McDaniel left immediately after the ceremony in their car for the East Coast and will reside in Bunnell.

The young couple were the recipients of many handsome gifts.

J. Baylarian representing the Orlando Bargain House was in the city today. His firm buys and sells all kinds of furniture, rugs and carpets and also cleans and repairs rugs. See their advertisement in the Herald. They are the best experts in the south especially in Oriental rugs.

## SWAPPED PLANES ONCE TOO OFTEN — KILLED AT JAX.

DARING OF CAPT. MILLER IN SWAPPING PLANES MEETS DEATH

Jacksonville, Nov. 29.—Lester J. Miller, formerly a captain in the aviation section of the army, was killed today at the local fair grounds when he fell from a trapeze under an airplane while attempting to exchange planes in the air.

Miller was married here yesterday morning to Miss Agnes Becker of Fort Wayne, Ind., and had kept the marriage a secret. News of the wedding was received by officials of the fair association, a short time before Miller was scheduled to take the air for his act, and two association officers were in a jewelry store purchasing a wedding gift when the accident occurred. Miller was a native of Fort Wayne, Ind., and was twenty-five years old. He made a successful exchange of the planes here yesterday and today signed a contract for an extensive tour during the next fair season.

### Mrs. Gonzales Honored

Mrs. F. J. Gonzales was the special guest at a very lovely bridge

party yesterday afternoon given in her honor by Mrs. Frank Miller, whom she is visiting.

The home which is one of the most attractive in the city, was unusually pretty with a profusion of pot plants tastefully arranged. The lights were shaded with red reflecting the glow of sunset upon the groups of handsomely gowned guests. There were seven tables of players and the prize for high score, a lovely card table cover, was won by Mrs. Margaret Barnes. The consolation prize a Madeira handkerchief went to Mrs. Sam Younts. The guest of honor was given an embroidered towel. Salad and ices were served at the close of the game.

### ANOTHER FINAL NOTE

Sent To Mexico Asking For Jenkins Release

Washington, Dec. 1.—Another note to the Mexican government relative to the arrest and imprisonment of William O. Jenkins, consular agent at Puebla, was sent by the state department today to the embassy at Mexico City for presentation tomorrow to Carranza.

The note which some officials indicated might be the last on the subject, was in reply to Mexico's answer to a sharp demand by this govern-

ment for immediate release of No intimation of its character was disclosed, but officials in touch with the situation believed it was more emphatic than any sent heretofore.

It was thought here tonight that the note would be delivered by the American representative to the foreign office at Mexico City by noon tomorrow, but there was no statement as to when the text would be made public. State department officials declined to be questioned concerning the nature of the communication.

There were no advices to the department today from the Mexican capital concerning the Jenkins case, or the latest murder of another oil man, William T. Wallace, although the embassy had been instructed to investigate and report.

Senators and representatives, back today for the regular session of congress tomorrow, took a live interest in latest dispatches from the Southern republic and there were indications that debate would break loose in both houses tomorrow on the general Mexican situation. Several senators who had expected to discuss the situation said they would await publication of the last note from the government before expressing their views. In some quarters it was believed that the president's message

## Florida Safe & Lock Co.

Vault Doors, Fire Proof Safes,

Safety Deposit Boxes.

Prompt Delivery

Box 84, Lakeland, Florida

to congress, to be presented Tuesday would have a good deal to say about Mexico.

### Birthday Dinner Party

Tuesday night Mrs. G. W. Bailey entertained with a beautiful dinner party in honor of the birthdays of Mr. Bailey and Mrs. H. L. Gibson, whose anniversaries fall upon the same date with the difference of one year in ages.

It was a complete surprise to both gentlemen as the ladies knew how to keep a secret and had kept it so well that it was truly a real and happy surprise. The living room was very attractive with quantities of chrysethumums and roses while in the dining room, peach blow hibiscus and white flowers were

used. The table appointments were perfect in detail. A huge bowl of hibiscus surrounded by tiny white flowers formed a charming centerpiece and at either end, a white birthday cake with their pink candles completed the pretty arrangement. Guests of the delightful occasion Mr. and Mrs. H. L. Gibson, Mr. and Mrs. Alfred Lillja, Mr. and Mrs. W. P. Fields, Mr. and Mrs. C. W. White.

### Especially the Goat.

"What is your pet peeve?" "My life's pets."

### Not What He Was After.

"Got anything warming in your cellar, old man?" "You bet your life. Ten tons of coal."

# Ever have cold, wet feet for hours at a stretch?

*That's what it means when your  
boots aren't right*

**W**HEN you're underrunning the trawl in a high sea, the dory gunnel awash, and you getting drenched with the swash coming over the bow—what if your boots leak then?

It's cold, wet feet for hours. And half the joy gone from the "mugging up" afterwards!

A real fisherman's boot—made on a good comfortable last, strong and tough at every point—that's the U. S. rubber boot, *made for fishermen*

U. S. boots are made by the oldest

and largest rubber manufacturer in the world.

Every pair is backed up with extra thicknesses of pure rubber and good strong duck where the wear is hardest, *at just those points where boots are likely to break through first.*

Every pair is made with plenty of room at the toes and is shaped so as not to rub up and down at the heel.

Go to the store and see for yourself these U. S. boots for fishermen—any length you want, the Storm King, the Sporting, the Knee Boot.

Look for the U. S. seal—it means solid wear and long service for your money.

"U. S." Boots — for work around the docks. Red, black or white; two heights — six eyelets and four eyelets.

"U. S." Boots — made in all sizes and styles, red, black and white.

### 1920 Auto Tags Now Ready

**AUTO TAGS NOW READY**  
For the convenience of the public applications for registrations of motor vehicles for the year 1920 MAY BE FILED NOW. If accompanied by remittance. Tags will be sent out about the middle of December on time for the new year.

Please see that all questions are answered and your name and address is printed or written plainly to avoid errors. The law requires you to execute the application before a Notary Public or some officer using a seal.

Blanks may be secured from Justices of the Peace, Notaries Public and County Officers, or the Comptroller.

ERNEST AMOOS  
State Comptroller.

### COUNTY HAPPENINGS

#### LAKE MONROE

Business in our section is fairly booming. Buyers are frequent visitors and many farmers are availing themselves of the opportunity of selling direct from the fields, others are shipping. The lettuce grown at Monroe is of a superior quality. The heads are large and firm and some weigh two pounds and over. The single head. The farmers are demanding a fancy price and getting it and a general air of prosperity prevails over our entire section. Some of the first sales from five and ten acre patches made the past week are as follows:

Albert Hawkins, one-half acre, \$60.00; Barney Lyons, little less than half acre \$500.00; Charlie Bell, half acre after cutting 150 choice hampers, therefrom, \$600.00; Drew Karen, half acre, \$500.00; John Hunter, West Side, three acres, \$10000.00; Bartow Mann, car load, \$30.00; J. H. Mann, car load, \$16.00; John Bolly, car load, \$2.50 per hamper, f. o. b.; Ben Lake, acre pasture \$1000.00; Ben Lake, acre early cabbage, contracted at \$2.50 c. h.

Besides the above many express and car load shipments have not been reported.

One of the good farms to change hands lately was the twelve acre improved place of Rev. D. D. Marston, the purchaser being the

### TRUTHFUL REPORTS

Sanford Reads Them With Uncommon Interest

A Sanford citizen tells his experience in the following statement. No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Ask your neighbor!

A. W. Wathen, farmer, 400 W. First St., Sanford, says: "I have used Doan's Kidney Pills oil and on for several years and they are the best kidney remedy I have had. I have suffered a lot with my back and kidney weakness. On several occasions Doan's Kidney Pills have come to my rescue when I was completely down and out with kidney trouble. Whenever I feel their need now, they always bring the same quick results and I can't say too much in their praise." Statement given May 22, 1914.

On March 19, 1918, Mr. Wathen said: "I am still as strong in praise of Doan's Kidney Pills as ever. I haven't needed Doan's since giving my last endorsement." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wathen had. Foster-Milburn Co., Buffalo, N. Y.

### DO YOU KNOW

The L. Allen Seed Co.

is now exclusive representative in YOUR TOWN

for  
This scientific Tonic makes Laying out of Layers. It makes your hens lay every day in fall and winter when eggs are scarce and prices are high.

#### REEFER'S MORE EGGS

is backed by the million dollar National Reserve Bank of Kansas City, Mo., and is sold for \$1 a package on the iron-bound, copper-fronted guarantee that it must prove satisfactory or you can have your money back any time you want it.

#### REEFER'S MORE EGGS

builds bone—and makes strong muscles. It stimulates your hens and makes a champion layer out of the ordinary back yard, barn yard hen.

#### REEFER'S MORE EGGS

Start using it today and you will be surprised and delighted with the results.

The L. Allen Seed Co.

**Vochubolic Brothers, of Texas.**  
Rev. D. D. Marston and wife have been in our community about five years and have been good citizens and fine neighbors. They will spend the winter at Daytona Beach where they own a cottage, and in the spring expect to return to their old home at South Bend, Indiana, where they will locate permanently.

Stock raising is one of the growing industries in our part of the country. Harry Rabun, who owns and deals in fine Duroc hogs, made a sale last week of fine fattened hogs, some of the largest tipping the scales at 400 pounds. Mr. Albert Draper, who is also interested in hogs, had the misfortune to lose a thoroughbred Duroc boar and a fine sow lately from unknown causes.

Mr. and Mrs. Joseph Wainwright and children of Pensacola, Mr. and Mrs. Spencer Wainwright and children of Astor Park, left Tuesday after a pleasant visit to their parents Mr. and Mrs. T. E. Wainwright.

Miss Annie McBride has returned to her home at Monroe, N. C. after being a guest of Mr. and Mrs. McBride of this place. Miss McBride will visit Atlanta enroute home.

Misses Mary and Linda Miles has as their guests Sunday, Misses Bertha and Ida Ahern, Florence Snour and Hugh Drawdy of Orlando.

Mrs. W. C. Beasley has returned from a pleasant visit to Green Cove Springs.

The stork stopped at the home of Drew Warren Wednesday morning and left a little son.

#### LAKE MARY ITEMS

J. D. Evans returned home last week after spending a month in Boston Mass. with relatives.

Abbie and Charlie Sjoblom came home last week from Kansas where they had been at work for several months.

Mr. and Mrs. Will Evans and two children returned to their home in Tampa last Sunday after visiting here for some time.

The Evans family received word here some two weeks ago of the death of Mr. Henry Whitten. He passed away at New Smyrna where he and Mrs. Whitten were located for the winter. The remains was sent back to their home in Maine. Mrs. Whitten is a daughter of Dr. Evans. Mr. Whitten leaves a wife and one daughter to mourn the loss of a husband and father.

Mr. and Mrs. H. R. Cadman and children motored to Narcoossee last Sunday and visited relatives there for the day.

Mr. and Mrs. Cohen of Orlando were visitors here last Friday.

#### OVIDEO

Miss Mabel Swope, Mrs. S. W. Swope, Francis Swope, Misses Olive Lezette and Ruth Young of Clement Hall were delegates to the Christian Endeavor Institute held in Orlando Monday afternoon and night.

Rev. E. E. Wright left Tuesday morning for Lakeland where he will attend the annual conference of the Methodist Church South.

Mrs. Ed. Jordan left Tuesday for Starke Fla., where she will spend Christmas with her family.

Mrs. Tom Shupe and baby left Saturday for Oakland to visit her father.

Mr. J. A. Reed reports a big watermelon for Thanksgiving. Mr. and Mrs. Reed have been saving this melon all the fall and guarding it carefully and it was found to be just ripe enough for Thanksgiving dinner. Mr. and Mrs. Reed had another Thanksgiving treat in an unexpected visit from their grandson Oscar Rouse of Tampa.

Mr. and Mrs. Cotton of New York have arrived at their winter home at Lake Charm.

Dr. and Mrs. Carter and two little daughters of Pennsylvania have rented the McChesney cottage at Lake Charm for the winter.

The Christian Endeavor gave a most delightful social at the Club House on Friday night. The girls were requested to bring aprons and the boys were requested to bring the girls. The event of the evening was the hemming of the aprons by the boys. Clement Hall won the prize for having the best hemmed apron.

Mrs. Hankinson of Westfield, N. J. has returned to Ovidio for the winter.

The Jones house has been rented by Mr. Polston of Limona.

J. H. Palhill who has been spending a few days with the family of W. E. Argo leaves Thursday for Fernandina accompanied by Capt. Argo.

Clarence Curry of Orlando spent Tuesday night in Ovidio.

The C. & B. Club was entertained most delightfully last week by Mrs. W. E. Young. A salad course was served, a musical program rendered and the afternoon greatly enjoyed by all.

Mrs. W. J. Lawton left Tuesday for Jacksonville.

The Camp Fire Girls have secured a room at the old Argo House and will fit it up as a permanent club room.

Mr. and Mrs. R. W. Harper and family, Mr. Davis of Mont Verder spent Sunday with Mrs. R. H. White.

#### INTEREST IN GERMAN ARMY

##### NEW NATIONAL ARMY HAS SPIRIT OF DEMOCRACY

Cologne, Dec. 11.—More interest is being shown in athletics in Germany's new national army than was ever known before, according to information reaching the British army of Occupation. Tournaments to which the public are invited are of frequent occurrence and are occasions of unusual interest in various parts of Germany where members of the new army are stationed.

All ranks participate in the various events, quite contrary to the practices of Germany's army before the beginning of the war. At a recent marching meet contests were won by commissioned officers who contested against the enlisted men. In a preliminary event in Dresden an enlisted man won first place in a mounted event with a regimental commander second and a second lieutenant of artillery third. Nothing of this kind was ever heard of during the regime of the old German army.

#### German Shells Reveal First Reims Cathedral

Paris.—Students of history are greedily digging for every scrap and shred to piece together another chapter of bygone days as a result of the report of the archeological mission planning the reconstruction of the Reims cathedral.

It states that German shells which ripped open the floor of that twelfth century church have disclosed another cathedral built by the Franks which has contained the tomb of King Clovis for 1,410 years.

It is expected that further excavation will reveal the whole foundation of the older cathedral built by early Frankish architects.

#### Like Most Mothers.

Dorothy was told she must go to bed and her mother would come up later and kiss her good night. "But," she said, "suppose I am asleep?" She was told that would not make any difference. "But what if I have the covers over my head?" she asked. She was told her mother would kiss her anyway. "Well," said Dorothy, "she is some kisser."

THE LEGION'S PLATFORM

The American Legion, representing men and women who served the United States in the world war, definitely has announced what it stands for. The first plank in its platform is Americanism.

The legion urges national laws compelling aliens in America to learn our language. It wants citizenship taught as a definite course in every public school. It demands the deportation of Victor Berger and of all "first-paper" aliens who renounced their intention of becoming citizens to escape military service.

Exclusion of Japanese from the United States is urged by the legion. It is against pardons for draft dodgers and for obstructors. It wants laws by which future conscientious objectors could be punished.

In strong words the American Legion condemns a large standing army as extravagant and un-American. It champions universal military training, carefully safeguarded against the creation of a military caste, with citizen-soldier officers and regular army officers serving in equal numbers on the general staff.

The legion leaves to congress the matter of cash bonuses for former soldiers, but insists on greater compensation for disabled soldiers. It desires to support any of the land and homes-act bills so far proposed, considering them inadequate. In their place it recommends the American Legion home founding act. This act provides for government reclamation of unproductive lands for settlement by former service men, development of rural communities by government loans, and direct loans to former service men for building homes or developing farms.

This is the program of the American Legion. Here will be those who will take issue with some of its planks, but no man can fail to appreciate and admire the document's intense Americanism.

The men who broke the Hindenburg line have retained their old spirit—self interest in the background and a desire for Americanism as the foremost consideration.—Tampa Tribune.

DANGERS IN "SHINE"

Raisin whiskey has been bountiful in the North of late, being easy to make and as strong as the late lamented "Duffy's Malt." It costs only \$5 a quart, while regular whiskey costs \$15 per quart. In Detroit there has been sixteen deaths since January 1 from drinking raisin whiskey and similar concoctions, besides a many cases of blindness, paralysis and insanity.

The dangerous part of this as well as of all other home-made booze is the fusil oil and the methyls, which can only be separated by intricate chemical processes, making the home-made product almost as injurious as wood alcohol. Take warning ye lovers of moonshine.

Several cases of unusual illness have been reported in Florida from the same cause. The average bottle of moonshine whiskey being offered for sale is made in the cheapest kind of utensils, liable to corrosion, with materials that are not the best and with all kinds of infection. The determination of men to have shine makes it highly necessary that we have someone who can pass on its purity. Who wants the job?—Palatka News.

OLD FLORIDA JOURNALISTS

One by one the old journalistic landmarks are passing. There are very few newspapers in Florida that have not changed the editorial or business personnel since we entered the profession in Lakeland. If a very few of our long time contemporaries quit the game, we will be the oldest editor in point of continuous service in Florida.

These reflections are called forth by the retirement from newspaper work of Editor A. P. Jordan, who has sold his Punta Gorda Herald to a stock company, headed by Paul K. Garrett, of Leesburg. For about thirty five years Mr. Jordan had been engaged in newspaper work in Florida. A man of superior education, a deep thinker, and lucid writer, his kindly and courteous nature at all times was reflected by his editorial work.

Not that his editorial utterances were lacking in strength and vigor—but it would be impossible to consider anything unethical or unkind in connection with them. His work has been constructive; his influence upon the State and upon his community during all these years has been a value immeasurable. Yet it is likely that the wages for a year of one of these striking steel miners would amount to a surcease as large as he has amassed by

his life of unremitting toil.

The editor, the preacher and the teacher would have little incentive to work if they considered only the material rewards of their labor. Mr. Jordan is now census supervisor for his district which will keep him busy for a time; and we hope that he may thereafter enjoy for many years his "otium cum dig." which he has well earned by his busy and useful years of activity.—Lakeland Telegram.

"WHAT MAKES FOR BOLSHEVISM"

Last Sunday's Memphis Commercial Appeal contained an analysis of the economic situation, which is so searching and informative that we feel impelled to give our readers the gist of it. The article is headed "What makes for Bolshevism," and is one of the best disquisitions on the subject which is filling the public mind that we have seen. The appeal says in part:

We are looking at a grocery advertisement. The grocer offers to sell sliced breakfast bacon at 54 cents a pound and 56 cents a pound. He offers to sell smoked bacon at 30 cents a pound. Smoked bacon is better than the breakfast bacon. A pound of smoked bacon has as much food value as a pound of sliced shavings, called breakfast bacon. Not much of this smoked bacon will be sold. It is not put up in cartons. It is not sliced. It is not "the thing." It is not expensive enough.

Creamery butter is quoted at 75 cents a pound and pure oleomargarine at 33 cents. Oleomargarine is purer than the butter. It has as much food value as the butter, but the oleomargarine will not sell as the butter sells. Once chrysanthemums sold for a dime apiece. Now the ill-smelling things fetch a dollar. A woman walked into a store yesterday and bought three preserved sliced oranges in a bottle. She paid \$1.50 for the bottle. She could buy the oranges for 15 cent and by spending five cents more secure the same result in she said which she intended to make.

Men were seated in a labor conference. One man was drawing a salary of \$12,000 a year and the other a salary of \$2,000. The mechanic drawing a \$2,000 salary wanted \$3,000. He was forced to ask \$3,000, he said, because of the high cost of food and clothing. He sported a handsome pair of silk socks. He was asked what he paid for the socks and he said, "\$1.50, but a few years I got them for 60 cents." The man drawing \$12,000 a year exhibited a pair of white cotton socks. It was summertime and they were just as comfortable as the silk socks. The man wearing the white socks paid 25 cents for them. They were more sanitary than the silk pair. The bad dye in the black socks might poison one's feet. Even so, after the conference the big salaried man rode away in a \$5,000 car, and the mechanic in a \$1,200 machine. Both were wasters in transportation.

People are much like sheep. If the rich have gone crazy in extravagant thought, extravagant dress, extravagant living and extravagant food, the poor are doing the same thing. The rich have the money to spend and give the bad example. The poor don't have the money and they see the bad example. Then they turn on the rich and the business of destruction begins. Then after a while, you have bolshevism. Then those who consider themselves the great ones of the earth wonder why evil has crept into the minds of the masses.

We are plunging, rich and poor alike, towards an abyss. This paper yesterday had a story of tremendous unrest, rioting and revolution in Mexico. We are not twenty jumps ahead of similar conditions. We have lost our sense of it. We have lost our common sense. We seem no longer to have the courage after seeking the right thing and to do it regardless of those who "set the pace."

We have become a nation of spend-thrifts and wasters. In this extravagance and waste there is a solid democracy because everybody, every government and every institution is guilty. If we don't put on the brakes we are going over the precipice as sure as the gun is iron.

HOW DELAND DID IT

Deland has a novel way of attracting the attention of her people to any great need and the manner in which she inaugurated the Red Cross Christmas Seal sale was no exception.

According to the Deland News all lights were to go out at two minutes to seven, and promptly at seven the fire whistles were to blow when the lights were to be turned on again. If one would stop to analyze this procedure it is remarkable the fact that it brings home. To have your lights turned off is indeed a great inconvenience. Unless one is prepared for such an occasion, they are left in utter darkness, and you be unprepared for emergencies seems to be the rule, rather than the exception of this twentieth century age of luxury. In like manner how many of us would be prepared without the help of others to ward off and combat this white plague, should it once fasten its talons into the organs of our systems.

As we said, to have your lights turn-

ed off for two minutes, is a great inconvenience, we are not used to darkness in our homes, yet think of the years of darkness the victims of this dreaded disease must endure while it is sapping the life and vitality from their once healthy bodies. When we stop to consider this, we forget the small sum we might invest in these Red Cross Christmas Seals, the fund from which is being used to combat the spread and progress of this malady, as well as to aid those who have already been afflicted.—Reporter Star.

You are right. We know just how it feels to have the lights go out, not only go out but stay out.

HELPING THE STATE OF FLORIDA

Board of Health Doing Fine Work

Jacksonville, Dec. 10. — Entering upon its second quarter, the new administration of the State Board of Health has underway a general program of sanitation and health work that is record-breaking in the history of Florida.

In its entirety the program leaves untouched no problem in which Florida is troubled, including as it does, campaigns against hookworm, venereal disease, trachoma and malaria. In addition, the board has lately inaugurated several special health movements—a "Keeping Fit" campaign for the young manhood of the state; a campaign to better conditions in the rural homes of Florida, and a board campaign of child welfare that reaches into the schools and homes.

Dr. Ralph N. Greene, state health officer, and Dr. William J. Buck, assistant state health officer, assume their duties the latter part of July when Joe L. Earman became president of the State Board of Health.

SOLDIERS TORTURED

Another Courtmartial Involves Charges of Brutal Treatment

New York, Dec. 10.—Another courtmartial involving charges of brutal treatment accorded to members of the American expeditionary forces, at which evidence is expected to eclipse even the sensations at the trial of Lieut. ("Hard Boiled") Smith begins tomorrow at Governor's.

The defendant, who had charge under the provost marshal of all criminal investigations in the Le Mans area, is charged that by various forms of torture, he tried to extort confessions from prisoners in order to win favor in the eyes of his superiors.

At the close of Detzer's courtmartial it is planned to try on similar charges his first sergeant, U. S. Madden, of Pittsburg, nephew of John E. Madden, a Kentucky horseman; Sergeant Frank L. Hoyt, who is alleged to have aided and abetted Detzer. Madden is said to be a deserter in France not yet arrested.

The methods of Detzer and Madden, it is said, included orders for men to stand at attention for thirty-six hours, ten minutes on and five off, withholding food and drink from the prisoners until they acknowledged their "guilt" pulling prisoners by their feet and by their hair; striking them in the face and threatening them with pistols. I is also charged that Detzer compelled Private Marcello, of the 110th machine gun battalion, to swallow lighted cigarette which he was smoking against orders.

Try The Want Column

Keep Well
Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.
Thedford's Black-Draught
Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. . . . We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. E-75

HOSPITAL IMPROV'T GROWING

EXECUTIVE COMMITTEE AND DOCTORS MET LAST NIGHT TO DISCUSS SUPPLIES

The Fernald Loughton Memorial Hospital is nearing completion and the work on the outside of the building is very satisfactory to the members of the association and instead of detracting from the appearance as many had opined the improvements enhance the looks of the exterior. The carpenters are making fine progress and the members of the executive committee and the physicians inspected the work last night (when the lights came on) and they found everything moving along in fine shape.

The committee meeting was called to meet at the hospital building but on account of the moonlight schedule they were obliged to adjourn to the band stand in the central park where the question of the purchase of hospital supplies was thoroughly dissected. It was decided to have the doctors get up the list of supplies necessary and the supply houses can bid on the entire list. There are some of these articles that can be supplied by the government if the hospital can afford to wait for them. It was also the sense of the committee the doctors concurring that the hospital should be opened as soon as the repair work was finished and the doctors could furnish their own instruments and supplies until the association could procure the new outfit.

After the meeting the committee and the doctors inspected the hospital building and passed upon the work being done and also arranged for the elevator shaft and the placing of the elevator as soon as prices can be obtained. Dr. Weintraub of the Surgical Supply Co., of Jacksonville was at the meeting to represent his firm and the local doctors present were Dr. Denton, Dr. Talar, Dr. Langley and Dr. Marshall and Dr. T. A. Neal of Orlando.

COMMISSION FORM WILL GO INTO EFFECT

SANFORD WILL BE UNDER NEW ADMINISTRATION IN A FEW WEEKS

The new city commissioners will take their seat on January first and great things are expected in the years to come from this new form of government. It is understood that they have already engaged the services of a first class City Manager and while he will have much to do in the first few months of reorganization his duties will not be heavy until the city takes up the question of bonding for the public utilities. There is one thing the new city manager can do and will do and that is to investigate the plants of the Southern Utilities Co., and give a detailed report that will settle once and for all the idea that they have a plant that can take care of the present needs of the growing city of Sanford.

The new commissioners are having meetings and getting ready for the important event when they take over the management of the city of Sanford and they have a large undertaking on their hands and one that will require much earnest thought and plenty of hard work. It is not an impossible task but it is one that will require the services of the commissioners and the city manager for some time to come and the tax payers are willing to give the commissioners all the encouragement possible in order that they may accomplish the many things needful in bringing up the city's resources and finances in order to put the city on a solid foundation to meet the many exigencies of the post war period.

And the tax payers will carefully consider their action on the public utility question. It is a great question and a serious question and one where Sanford must get a real plant here or the city will never become a real city.

Discarded Hats to Brazil. Thousands of hats, discarded by English women, are exported every year to Brazil, where they are eagerly bought by the Indians. The feathers and other ornaments on the hats are taken by the men and the bare straw shapes are given to their women folk.—The State Journal.

Scowls Do Not Create Business

You always prefer to transact business with one who welcomes you with a smile, Don't you? To old or young we endeavor to give the smile of welcome and to make you want to come into our Bank again and again. YOU will not want to scowl after you have SAVED MONEY HERE.

C. M. HAND

#### Notice

The regular annual meeting of the Stock holders of the First National Bank of Sanford, Florida, will be held in the rooms of the bank Tuesday, January 3, 1920, at three o'clock P. M., for the purpose of electing a board of directors for the ensuing year and for the transaction of such other business as may properly come before the meeting.

B. F. Whitner, Cashier.

W-16-5tc.

#### NEAR EAST CALLS AGAIN

Appeal Made To People For Starving Syrians

The cry of distress from the Near East comes again and touches the hearts of the compassionate people throughout the world. The relief given by the United States last year saved many thousands of people in that section of the world from a horrible death. Many of the Nation's greatest statesmen also an army of its most worthy and active christian women allied in the movement to save the five hundred thousand unfortunate people who must have relief or who will die from starvation and neglect.

Florida will be organized for this important work, and Florida will do its duty in the premises. The director of the campaign for this state is Dr. B. M. Shive a distinguished clergyman, whose heart beats in sympathy for these distressed people. He has been fortunate in securing Mr. Ernest E. McLin of Jacksonville, as state chairman. Mr. McLin achieved a splendid reputation during the war in the Food Administration, and ranks among Florida's best citizens. He is active in meritorious acts of all kinds, and his active co-operation and earnest interest in the movement gives added assurance of success.

Dr. Shive has a loyal, efficient force of workers who will participate in the organization, but before this perfected, which will be about January 1st, the efforts will be directed toward the issuance of a "Christmas Appeal" to the people of Florida in the behalf of these suffering fellow-beings. The cause is a glorious one, and anyone who aids therein can rest in the consciousness of a duty well performed.

I was there to make a sketch of her. Luncheon was just over, and she was talking to a little knot of women. The first words I heard, as I slid quietly into a nearby seat, were "National Biscuit," recalling pleasantly my town's tasty Uneceda Luncheon. I liked her, and she spoke so warmly of the cars busy.

"Between the dark and daylight, she was quivering, there's always a bit of pain in her eyes, she seems waiting and listening—for the children. Since they were things, I've given that to babies. First I had to then, when they were to toddle, I had to me in my child."

The original, inherent goodness of Uneceda Biscuit is due to the superior materials and methods employed in the baking. The everlasting table-goodness of Uneceda Biscuit is due to security of the In-er-seal trade mark package.

NATIONAL BISCUIT COMPANY

"You see, even in the morning, always dainty, all went on, 'are much like biscuits. They are most lovable and most tractable after they've had something to eat. National Biscuit always begin our children's hour with its tasty feast."

B. & O. MOTOR CO. SANFORD FLORIDA

Five Hundred Party  
Next week opens socially on Monday night with one of the popular card parties given under the auspices of the Altar Society of the Catholic church. At their parochial hall on Oak street. These five hundred parties are always well attended and afford much pleasure to the members of the society and their friends alike. It will be a public affair with a small admission and all five hundred players are invited. The committee in charge of arrangements promise a good time.

Annual Christmas Bazaar  
The annual Christmas bazaar and food sale of the Pipe Organ Club will be held at Charles Electric Store, all day Saturday of this week, where the daintiest of linens, the prettiest toilet accessories and all kinds of lovely and useful article may be found by those seeking just the right things for Santa Claus pack. Delicious home-cooked cats will be on display also, dainty enough to tempt the most fastidious epicurean appetite. The members of this live organization have been preparing for the annual event since the slate was cleared of the last bazaar so there will be a large and choice selection in hand work. The public is invited to give them a call.

Informal Dance for Guest  
Miss Esther Wilson entertained on Tuesday evening with a delightfully informal dance in honor of her guest, Miss Ethel Sharpe of Washington D. C. About twenty young people enjoyed the hospitality of their gracious hostess.

### SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarm Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, dependency, headache, stomach trouble, pains in the joints and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarm Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poison. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease. Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarm Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL, and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

A man's best pal is his smoke.

"Knew we'd get together"

—Ches. Field

HERE'S where the particular smoker meets the particular smoke—Chesterfield.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Samsoun—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the exclusive process by which they are blended that gives to Chesterfields that satisfying body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do satisfy as no other cigarette has satisfied you before—and to top it off, they are packed in a glassine paper package that preserves for you all of that delicious flavor.

# County Commissioners Hold Regular Session; Road Matters Important

## All Bids For Roads Are Rejected

## RELEASE ENGINEERS

## AND ROAD QUESTION WILL REST UNTIL AFTER THE FIRST OF THE YEAR

Sanford, Fla. Dec. 2nd, 1919. Hon. Board of County Commissioners in and for Seminole County Florida, met in regular session at 10 o'clock, A. M. Present: L. P. Hagan, C. W. Entzminger, O. P. Swope and E. H. Kilbee, with Y. L. Douglass, Deputy Clerk, and Roy Tills, Deputy Sheriff, in attendance. Absent: Chairman L. A. Brumley.

Motion of O. P. Swope, 2nd by E. H. Kilbee, and carried, Comr. L. P. Hagan, is elected chairman Pro Trm.

Minutes of the last regular meeting held Nov. 4th, also adjourned meeting held Nov. 10th, and Nov. 28th, 1919, were read and approved.

The Clerk of this Board was instructed to write the following letter to Hon. W. A. McRae, Comr. of Agricultural State of Florida and the Chairman of this Board is authorized to sign same.

It being the consensus of opinion of many of the best farmers and the County Agent of Seminole County, that injurious materials are being used in mixed fertilizers that have poisoned or burned plants under identical conditions and temperatures that fertilizers have usually been used successfully, and as the State Fertilizer Law only provides that an analysis of the fertilizers as to Ammonia, Phosphoric Acid and Potash contents be given the State Chemist, we ask you if it will be possible for you to have a special analysis made which will show if there is borax, extremely caustic ammonia bearing materials, or other injurious materials in the samples to be submitted to you.

Motion of O. P. Swope, 2nd by C. W. Entzminger, and carried, Clerk of this Board is instructed to draw warrant to pay the Elk's Club, all money due them except the sum of \$11,000.00 which is to be held until such time as they receive a satisfaction of Mortgage now held on the building, same to be paid after approval of the County Attorney Geo. D. DeCottes.

Representatives of the Osceola Cypress Co., at Bridgend, being present addressed the Board in reference to the completion of the Geneva-Bridgend Road.

Clerk is instructed to get estimate of the cost of equipping the two Nash Trucks, recently purchased by the County, with pneumatic Tires.

Clerk is instructed to order three canvas covers for the three trucks owned by the County.

Bill of Davis & Giles, against the Black Hammock Drainage District for the sum of \$250.00 was approved and ordered paid.

Motion Comr. C. W. Entzminger, duly 2nd by Comr. O. P. Swope, the following Resolutions were read:

Resolution in Re: Jessup Drainage District.

Motion of Comr. C. W. Entzminger, 2nd by Comr. O. P. Swope, and carried, the following Banks in Seminole County, having made application to be designated as County Depositories for the year A. D. 1920, and all having agreed to furnish Bond and pay interest as required by law, they are hereby designated as County Depositories for the year 1920, and all having agreed to furnish Bond and pay interest as required by law, they are hereby designated as County Depositories for the year A. D. 1920, as follows: First National Bank of Sanford; Seminole County Bank of Sanford; Peoples Bank of Sanford, and the Bank of Oviedo; and the funds of the County are to be distributed equally between these four banks and according to law.

Engineer H. F. Collier, here submitted a proposal, for the consideration of the Board, wherein it was shown that the County could build a portion of brick roads and the balance surface treated Macadam roads under the \$300,000.00 bond issue.

Motion of C. W. Entzminger, 2nd by E. H. Kilbee, and carried, the matter of the purchase of new wheel for One Convict Car is referred to Supt. K. W. Wynn, and Comr. O. P. Swope, with power to act, also instructed to have wheel for scraper repaired.

Motion of C. W. Entzminger, 2nd by E. H. Kilbee, and carried, Jno. D. Jenkins, T. C. is authorized to have his Typewriter repaired.

Mr. F. H. Trimble, here presented plans and specifications for the new vault.

Bid of C. C. Hanner, for the construction of County Vault as per plans and spec. was opened, read, and on motion of C. W. Entzminger 2nd by E. H. Kilbee, same

Motion C. W. Entzminger, 2nd by E. H. Kilbee and carried, Clerk is instructed to re-advertise for Alternate bids for building the Vault.

Clerk is instructed to draw warrant for the sum of \$200.00 in favor of F. H. Trimble for Architectural work on Vault.

Communication read from Samuel D. Jordan, Clerk Circuit Court, DeLand, Fla., in reference to pay of Osteen Ferryman, and on motion of E. H. Kilbee, 2nd by C. W. Entzminger, and carried, the proposition as stated in this communication is rejected.

Notary Public Bonds of W. B. Ballard, & B. W. Herndon, were approved.

Bond of M. E. Patterson, to carry Fire Arms, was approved and License ordered issued.

Reports of the several County Officials were received, read, and ordered filed.

Warrants paid during the Month of Nov. were ordered cancelled of record.

On Motion made by Comr. C. W. Entzminger, duly seconded by Comr. E. H. Kilbee, and carried, all bids for the construction of hard surfaced roads received by this Board at a meeting held Nov. 28th, 1919, were rejected, and the Clerk is instructed to return to all the bidders certified checks deposited by them at the time of the submission of their bids, commissioners voting as follows: Aye: C. W. Entzminger.

## ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.  
Analytical and Consulting Chemist - Professional of Natural Science Emeritus, Rollins College, Florida  
Private Laboratory of Rollins College Winter Park, Fla., Nov. 5th, 1918

Mr. T. O. Charles  
Dear Sir:  
I have completed careful chemical analysis of the sample of water that you brought me only last week, and have obtained the following results:

Color	Clear	Chlorine	1.75 parts per million
Reaction	Neutral	Total solids	3.00 parts per million
Free Ammonia	00 parts per million	Hardness	23.82 parts per million
Albuminoid Ammonia	Trace	Nitrates	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per cent., and in finding no colon, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."

Yours very respectfully,  
THOMAS D. BAKER

# PRINCE ALBERT

the national joy smoke makes a whale of a cigarette!

Copyright 1919 by R. J. Reynolds Tobacco Co.

**YOU certainly get yours** when you lay your smokecards on the table, call for a tidy red tin or a tippy red bag of Prince Albert and roll a snakin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokesong in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular oal!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

**R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.**

Awaiting your say-so, you'll find tippy red bags, tidy red tins, handsome pound and half pound tin humidors—and—that classy, practical pound crystal glass humidor with sponge moisture-terop that keeps Prince Albert in such perfect condition!
