

Planetarium Helps Train Navigators For Jobs

The Spitz Planetarium is utilized as an invaluable training aid for teaching Bombardier/Navigators and Third Crewmen star identification by VAHS at the Sanford WAA.

After the two-hour lessons the student can point to, and name all 50 navigational stars in one hour's time, and in the process of the lesson the student is first taught to identify the major constellations within each seasonal group. Certain stars are used as pointers and by drawing imaginary lines in the sky from a known star through a pointer star other stars are identified.

Each lesson is conducted by the instructor first introducing the seasonal group and the major constellation within that group. With the use of a hand held pointer light, the instructor points to and names the navigational stars in this seasonal group. The instructor then points and the student names the stars. Next the student points to and names the stars.

The planetarium is also utilized as an aid in teaching celestial theory. The astronomical triangle can be projected on to the dome. By the student actually seeing the star, the geographic earth, and the astronomical triangle all superimposed on the dome at one time, he can easily visualize how the triangle is solved to obtain a line of position.

Knowledge of star identification in the all-weather heavy attack aircraft is indispensable. Positive identification must be made of a navigational star prior to shooting with the periscopic sextant. If the wrong star is observed the position of the aircraft cannot be maintained. There are billions and billions of stars in the sky, and the heavy attack navigator must be able to positively identify 57 of them and these are widely scattered in the heavens.

Sheriffs To Confer With Citrus Men

LAKELAND—Sheriffs, or their designated representatives, from 31 Florida citrus belt counties will meet with Florida Citrus Mutual here Monday to discuss enforcement of new laws affecting citrus handlers, Robert W. Rutledge, Mutual general manager, said today.

Rutledge said a major topic of the meeting will be a recently passed law requiring identification of true citrus.

The new law requires all trucks, tractors, trailers, or other vehicles hauling raw citrus fruit in the state bear the name of the owner in three inch letters on either side.

Rutledge said additional methods will be considered to prevent fruit thefts during the 1959-60 season. Mutual will continue its \$100 reward for information leading to the conviction of anyone stealing fruit or trees from Mutual member's groves, he said.

Miami 3rd Team Riddles Starters

CORAL GABLES (UPI)—The University of Miami's football team worked hard on defense today, following Wednesday's scrimmage in which the third team scored three times against the first and second units.

Third string quarterback Bill McLaine, a sophomore, passed to Larry Wilson for the tally against the first stringers. He ran for one touchdown against the second team and passed to John Ellis for the other.

Coach Andy Gustafson announced that he has moved senior left end Walter Corey up to the first team. Corey, who lettered as a sophomore but saw little action last year, was promoted from the third unit.

Cubans Questioned About Arms Cache

MIAMI (UPI)—Three Cubans, the man described as former employee of the ousted Batista government in Cuba, were questioned here today after officers seized a \$5,000 arms cache.

Those interrogated were Francisco Rey, Rey, 21; his 23-year-old wife, Irene; and Rey's brother, Julio, 21.

Mrs. Rey was alone in the rented house when federal and local agents acting on a tip staged the raid Wednesday. She said "previous tenants" may have left the arms in the attic but officers found newly-opened gun packing cases inside the house and jugs of kerosene and gasoline outside.

INSTRUCTOR J. A. HEAD POINTS TO STARS

Unemployment Fails To Drop As Anticipated

WASHINGTON (UPI)—The government is expected to report today that unemployment failed to drop in August as much as anticipated.

Officials said about 150,000 layoffs caused by the steel strike, and auto retooling which temporarily idled another 80,000 workers, were major factors in a sluggish decline from the July level of 3,744,000 unemployed.

A normal seasonal drop in unemployment would be about 565,000.

Today's report also was expected to disclose that total employment showed an expected dip in August but still set a record for the month of more than 67,000,000 jobs.

In July, employment hit an all-time high of 67,594,000.

The August decline was due to a seasonal drop in farm jobs. There was a small increase in non-farm work that lifted non-farm jobs to a record level of about 60,800,000.

With the decline in unemployment less than expected, the proportion of the labor force out of work rose above the 5.1 per cent posted in July. August customarily sees unemployment drop sharply as many summertime workers—especially students—leave the labor market.

Steel strike-related layoffs were estimated by the Labor Department a month ago at about 100,000. The latest estimate is 150,000—a figure which shows that the "steel strike is beginning to affect the economy across the board," one expert commented.

Well Seasoned

PORTSMOUTH, England (UPI)—Salt and pepper got together here. Marie Pepper married Edward Salt. Friends introduced them as a joke.

Monumental Job

MONTGOMERY, Ala. (UPI)—The Alabama legislature has undertaken the task of deciding whether and where the Confederate Monument on the Capitol grounds should be moved since it is obscured by trees and brush and used mainly as a pigeon roost.

Two-Tone Tootsies

MEMPHIS, Tenn. (UPI)—Police said that Twink, a pet rooster stolen from George Vicory at a Memphis hotel, has two easily identifiable features— one red foot and one green foot.

Poultry Industry Grows In County

Poultry production in Seminole County is showing a tremendous increase, County Agricultural Cecil Tucker said today.

Preliminary investigations Tucker has done in the last month show about 60,000 birds in production, compared with 20,000 in production in the county in 1954. H. D. Thompson who started poultry production here this year has about 10,000 birds in cages laying, 10,000 being raised and expects to add another 10,000 in his cages, Tucker said.

Prices on celery, the crop for which Sanford is famous, fell off during the 1958-59 season because of overproduction at one time and too much cold and water the agent explained. Florida celery production increased by 2,000 acres this past season.

More diversification of crops is needed, Tucker stressed. This past year celery and cabbage were planted on the majority of the county's vegetable acreage. In 1957-58, the two crops were planted on 4,240 of Seminole's 5,645 acres of vegetable land. Sales value of county vegetables dropped over \$1 million in the 1957-58 season from the 1956-57 season, he pointed out.

Local agriculture is on the increase in the citrus, ornamental horticulture, and dairying fields, according to surveys. Cold has slowed rapid increase of citrus here, although there is some progress, Tucker said. From 1954-56 county citrus increased by 5,911 acres. It rose another 1,000 acres in 1957-58.

Numbers of nurseries, foliage, and flower growers are very definitely rising here, Tucker said. There were 282.17 acres under such production in 1957-58.

In dairying, 1,482,248 gallons of milk were produced in 1957-58 compared with 1,300,000 in 1956-57.

Local agriculture is on the increase in the citrus, ornamental horticulture, and dairying fields, according to surveys. Christian Science Program Sept. 13

The Columbia "Church of the Air" program Sept. 13 will feature a Christian Science program entitled, "The Challenge of Truth." George Nay, Editor of the nine foreign language Herald of Christian Science, will be the speaker and music will be supplied by a quartet and soloists. This program, originating from the facilities of The Mother Church, in Boston, Mass., will be carried by Station WDBO at 10:30 a.m.

Blowing Room Only

LONDON, England (UPI)—Aviation pioneer Lord Barbston, 78, snuffed at ordinary trials now being advertised by airlines.

"As a humble traveller," said his lordship, "I say cut out smoked salmon and caviar. Just give me elbow room to draw my hanky and blow my nose."

Local agriculture is on the increase in the citrus, ornamental horticulture, and dairying fields, according to surveys. Cold has slowed rapid increase of citrus here, although there is some progress, Tucker said. From 1954-56 county citrus increased by 5,911 acres. It rose another 1,000 acres in 1957-58.

Campaign Hits Home

ST. IVE'S, England (UPI)—Nicholas Phillips, alderman and deputy mayor of St. Ives, underwent a relapse in his capacity as chairman of the town's public health committee. St. Ives had its first prosecution under the litter act. Nicholas Phillips was fined \$4.50 for dumping waste on the city's beach.

Livestock production is stable, Tucker said.

Though Seminole is the fourth smallest county in Florida, it ranks 10th greatest in the value of agriculture, he noted.

Lightning Fatal To Two Golfers

TAMPA (UPI)—Two golfers were killed and five slightly injured when lightning ripped through a golf course rain shelter Wednesday.

Dead were Dr. John E. Gottsch, 36, and Clark Farber, 49, both of Tampa. Farber as the circulation manager for the Tampa Tribune Co. and Gottsch was a local bona specialist.

The injured were Dr. and Mrs. R. G. Conner, Tampa; Guy Bagli, sportscenter for television station WTVT; Parkman Rankin, New York City; and retired Air Force Capt. John T. McKinney, Tampa.

City, County Fail To Agree On Drain Solution On Sanford Ave. Connection

By JACK PHILLIPS
City and county commissioners failed to agree last night on how to connect the proposed Sanford Ave. drainage system with a city pipe running into Lake Monroe north of 24th St.

Proposals and objections crossed back and forth for two and one half hours during the conference at City Hall.

Honor Graduate, Shapeliest Girl Win In Contests

ATLANTIC CITY, N. J. (UPI)—An honor graduate who worked her way through college waiting on tables joined the boomiest girl in the contest in holding top honors today in the second round of judging in the Miss America pageant.

The idea of city funds helping the county when city residents are helping pay for county bonds is not good, said city commissioner Earl Higginbotham.

Higginbotham, Warner To Run

City Commissioner Earl Higginbotham registered this morning to run for re-election in November. A little later another incumbent commissioner, Merle Warner, said he too would enter the race again.

Business Licenses On Sale Monday

State and county occupational and beverage licenses for 1959-60 will go on sale Monday at the Tax Collector's office in the courthouse.

Paul Douglas Dies Of Heart Ailment

HOLLYWOOD (UPI)—Film star Paul Douglas, 52, died today from a heart ailment, city firemen reported.

Kent Plans Tour With Hat In Hand

JACKSONVILLE (UPI)—Attorney Fred Kent plans to tour the state next week to sound out the public's feelings on what type candidate he wants for governor, he said today.

DeVane To Speak

Retired United States District Judge Donier A. DeVane will speak at the Rotary Club luncheon Monday. The judge for the northern district of Florida tried the Dupont-Crummer case as one highlight of his career.

Quake Stirrs Clock

HYATTVILLE, Wyo. (UPI)—Owners of the Paintrock Bar said today their huge 30-day wall clock, which quit running in 1932, started again after 58 years.

Guthrie III

Ben Guthrie, longtime resident of Sanford, has been admitted to Seminola Memorial Hospital. Mr. Guthrie is retired Assistant Manager of the Sanford Farmers Market.

Women Golf Clubs Ready For Benefit Tournaments

Divots will fly at the Mayfair and Casselberry golf clubs next Saturday and Sunday when the Seminole County Women's Golf Association sponsors Babe Didrickson Zaharias tournaments.

Entrance fees of \$1 and golf scores will be taken at the courses from 8 a. m.-12 noon and 1-3 p. m. on both days.

The local contests are part of a nationwide series of tournaments to be played on the 19th and 20th, in memorial to the "Babe" who died of cancer.

Farm Home Money Made Available

Florida has received an allotment of \$1,700,000 for farm housing loans during the 1959 fiscal year, it was announced by Curtis J. Green, Farmers Home Administration supervisor for Orange, Brevard, Volusia, Flagler and Seminole counties.

These are direct federal loans and are available to eligible farmers, ranchers, grove owners, and other agricultural people.

Loan funds may be used to construct, improve, alter, replace, or repair farm homes and other essential farm buildings, Green said.

Loans may be made for periods up to 33 years and the interest rate is four percent per year on the unpaid balance.

The FHA only makes loans when satisfactory credit is not available from other sources. To be eligible, the applicant must be the owner of a farm in agricultural production and which is producing a substantial portion of his total income.

Application forms and additional information are available at Green's office in Room 417, Sanford Atlantic National Bank Building.

Vicar Announces Enterprise Services

Services for All Saints Episcopal Church in Enterprise announced by the Rev. Paul E. Schultz, will be Holy Communion at 8 a. m. Sunday, followed by morning prayer and sermon at 9:30 a. m. Mrs. Cecil Sellers will be guest organist.

Johnson Chooses Monday Deadline

WASHINGTON (UPI)—Senate Democratic Leader Lyndon B. Johnson today picked Monday night as his target for adjournment of Congress. But he said there is no assurance the lawmakers would hit it.

"I want to try to finish Monday night if we can," Johnson told newsmen just before the Senate met, early again to plow ahead through a mass of minor bills.

Johnson said the Senate would tackle Saturday its last major bill—the foreign aid appropriation. It faces a battle over attempts to attach a rider extending the life of the Civil Rights Commission.

Congress had seemed ready to give President Eisenhower authority to increase interest rates on government bonds, but a Senate-House deadlock threatened to torpedo the legislation for this session.

Kennedy Retires As Investigator

WASHINGTON (UPI)—Chief Counsel Robert F. Kennedy of the Senate Rackets Committee will formally end his career as one of the nation's most famed investigators Saturday.

After three years in the national spotlight, Kennedy announced Thursday that he was bowing out to return to private life.

His resignation was accepted by Chairman John L. McClellan with reluctance and with glowing words of praise for the young staff side who sat at his side through months of turbulent public hearings on labor-management corruption.

Ike Asks For 'Constructive Ideas'

WASHINGTON (UPI)—President Eisenhower has made a new bid to Soviet Premier Nikita S. Khrushchev: Come to Washington next week with "constructive ideas and suggestions" instead of "suspicion, threat or stubborn prejudice."

In a radio-TV address to the nation Thursday night, the president said he approached his talks with the Soviet boss in "good manners and candor" and without weakness. He promised that "no principle or fundamental interest will be placed upon any auction block."

He urged Americans to receive Khrushchev with "courtesy and dignity." The Soviet premier's visit, he said, would be "a thousandfold worthwhile" if it gave him "some real appreciation" of the spirit and conscience of America.

Eisenhower's speech set the stage for his historic series of meetings with Khrushchev which open in the White House next Tuesday afternoon.

The Chief Executive also reportedly on his recent trip to West Germany, Great Britain and France. He said Allied leaders varied in their estimates of how the Khrushchev talks would turn out but agreed that Eisenhower's newest effort to melt the cold war was "clearly one that had to be made."

If the chairman of the council of ministers of the USSR has constructive ideas and suggestions that could provide the basis for responsible negotiations on the issues that divide us, we would welcome the opportunity to study them with our Allies," Eisenhower said.

American officials hoped particularly that Khrushchev would arrive in Washington with some acceptable ideas for resolving the Berlin crisis. They said this was uppermost in the president's mind when he invited "constructive" proposals from the Soviet leader.

BARBECUING for guest members of the instructor staff of the Red Cross water safety program are Col. J. O. Gregory, chairman of the chapter; Mrs. F. D. Scott, chairman of the safety program, and Bob Zubrod, of Atlanta, who was special speaker at an aquatic accident prevention meeting sponsored by the group. About 45 of the volunteer instructors were honored at the barbecue at Col. Gregory's home. (Bergstrom Photo)

Band Association Starts Activities

The Seminole Band Parents Assn. started organizing for the year last night and planned to participate in a pep rally Tuesday at the high school.

Cheerleaders and majorettes will perform at the rally at which the football squad will be introduced by the coaches. The program will begin at 7:30 p. m. in the school auditorium.

Al Case, president of the association, and Bandmaster Ernest Cowley welcomed members of the group at last night's session and urged full participation in a membership drive for the year.

The association will meet the second Thursday of each month to plan the schedule, which will include a trip to the Ft. Myers game. The annual birthday calendar project will be continued also.

Hurricane Brews; No Land Threat

MIAMI (UPI)—The sixth tropical storm of the season grew suddenly into a hurricane today, but its menace was largely to nothing but empty ocean.

Hurricane Flora, with top winds of barely 75 miles per hour, was found by hurricane hunter planes. At noon its center was about 1,600 miles east of Bermuda, and the storm was moving to the northeast at about 20 miles an hour.

"Ships in the vicinity of Hurricane Flora and particularly all small craft between the storm and the Azores should exercise caution," the Weather Bureau warned.

The 75 mile an hour winds were clocked in squalls close to the center and gale winds were found 150 miles to the northeast and 165 miles to the southwest of the center.

Another threat appeared in a band of showers in the Gulf of Mexico, reported Thursday as a "weak easterly wave."

Herlong Delayed

Congressman Syd Herlong's scheduled visit to Sanford Tuesday has been cancelled due to a heavy work schedule in Washington, where Congress is trying to finish this session's legislation. Herlong was to appear here in his trailer office.

Meeting to Press Controversy

Southern Baptists are recommending the holding of a "Year of Faith" in 1960, a national year of prayer and spiritual discipline, Dr. James A. Stewart, pastor of the First Baptist Church, said at the opening of the program September 23-24 of the Southern Baptist Convention and National Conference at Nashville, Tenn.

"This is the first nationwide observance in this form," Dr. Stewart said, "and is indicative of the need of ministry to the total man." Dr. Stewart served on the committee to arrange the conference.

In addition to James A. Stewart, a member of the faculty at Southern Baptist Theological Seminary, who has received national recognition for his leadership in mental health and guidance in spiritual and emotional distress, one of the top speakers at the conference will be Dr. Richard E. Young, pastor of the First Baptist Church of New Orleans, who is also president of the Southern Baptist Convention.

The September issue of Reader's Digest featured an article on the forthcoming book "Spiritual Therapy: Modern Medicine's Newest Ally," which is the story of experiences of Dr. Young who have demonstrated to other doctors the power of religion.

The magazine also said the medical profession is beginning to welcome the discipline of the spiritual "healing team" which is made up of the physician, the psychologist, and the minister.

"In Florida," Dr. Stewart said, "most of the progress by patients in the field of mental health on the Southern campus where all members of the faculty have each given 15 minutes of study in methods of counseling patients."

Dr. Stewart is a discussion leader for a paper "Practicing in Pastoral Care" which is to be given by the Rev. Harold Baden, pastor of Garden Avenue Baptist Church, Dallas.

The broad theme of the conference is "Christian Response to Mankind's Hurt."

Legal Notice

The Board of County Commissioners of Seminole County, Florida, will receive bids at the office of O. P. Herndon, Clerk in the Court House at Sanford, up to 4:30 o'clock P. M. September 21, 1958, for the following approximate amount of materials:

Item No. 1	50,000 Gallons of Gasoline

She'll Never Neglect Him...

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are few sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Mrs. Thompson is a "modern" mother. She wouldn't think of neglecting her baby's regular visit to the doctor. She knows that these early check-ups plus proper diet, rest and care, are vital if her child is to grow up into a strong, healthy boy, ready to take his place in tomorrow's world.

Nor will she forget an even more important factor in his development—his spiritual check-ups. When the time comes and baby is old enough, his tiny footsteps will lead him into Church School where another kind of ministry will be given to him. Later still, he will worship with his parents, and the importance of the family unit together at work, at play and in worship will be engrained in his mind.

In tomorrow's world he will be well equipped to take his place physically, mentally... and spiritually.

3 More Men Charged in Little Rock Bombing

LITTLE ROCK, Ark. (UPI) — Three more men were charged Thursday night in connection with a series of Labor Day dynamite blasts.

The three are John Taylor Cogswell, 40, an auto salesman; Samuel Graydon Beavers, 49, a car center, and Jesse Raymond Perry, 34, a truck driver. Perry was arrested Wednesday.

The three were charged under an 1896 law against use of explosives to destroy public property. They brought to five the number of persons charged with the same offense in connection with the bombings.

F. A. Lauderdale Sr., a 48-year-old lumber dealer and Citizens Council member, and J. D. Sims, 22, a truck driver and member of the Ku Klux Klan, were charged Thursday.

All were arrested in connection with three blasts late Monday night which went off in scattered locations in rapid succession. They ripped apart a city-owned station wagon of Fire Chief Gann Hall, made a shambles of a school board office and wrecked the business office of Mayor Werner C. Knapp.

Lauderdale was freed from jail Thursday after five of his friends posted bonds for \$200,000 of their property as his bond. His bond

Cuban Consul Gets Immunity Assist

MIAMI (UPI)—Diplomatic immunity granted by a 31-year-old treaty among American states won dismissal of breach of the peace charges against Miami's Cuban Consul Alfonso Hidalgo Thursday.

City Judge Albert Dublin, who fined Hidalgo's companion, Rafael Valdes, former Cuban tourist commissioner, \$25 at a trial last week, freed Hidalgo.

The two Cubans were arrested when a riot broke out among some 200 persons after a Cuban-American friendship day parade here last July 4. Hidalgo, appointed consul by Premier Fidel Castro, claimed his leg was broken and his teeth knocked out by supporters of former Cuban senator Rolando Masferrer, one-time strongman in the government of President Fulgencio Batista.

The world's largest salt water pier is Pier 9 in Seattle, Wash. It could meet two ships the size of the Queen Mary on either side and still have more than a city block left over.

Investment \$ Travel To Foreign Market

Many investors have recently been watching the foreign market with special attention being focused on the British steel industry. Recent reports indicate that institutional (mutual fund) buying has taken place in steel shares in London.

One of the favorite issues is The Steel Company of Wales Ltd. In order to understand the reasoning behind this move, one must examine the current economic and political conditions in England. In a current report released by R. W. Hutton of W. H. Hutton & Company, the British steel industry is the third largest in the Free World, with a capacity of approximately 24 million tons. It is expected that production will be expanded to approximately 28 million tons by 1960 because of the increase in demand, already under way, for steel, particularly from the large rise in consumer demand for autos and tractors.

In addition to world markets, prices of British steel products, according to the most recent data, are lower than in other countries in other industrial countries, including the U. S. From the available information, it appears that steel prices represent somewhat less than 50 per cent of steel delivered in the U. S. Allowing for differences in production and marketing, the ability of Britain to turn out high volume and quality, and to show stable profit, catches the steel industry to respect as a competitor.

The British steel industry was nationalized by the Labor Government in 1950 and demationalized in 1955 by the Conservative Government. All attention is being focused to the British steel industry for October 8, England and U. S. investors calculate a Tory victory as being ideal for British business and thus bringing a steel market boom in that country. With this in mind, American money is gradually being placed in British steel shares.

U. S. News & World Report predicts that railroad workers through the next big showdown: "A rail strike seems to be shaping for early next year. Railroads, hard pressed financially, appear in no position to meet the big demands unions are making. Congress next year may be forced to rewrite the Railway Labor Act."

EXPERTS SPEAK: "Investors should shift their investment portfolio at least 50 per cent cash or bonds over the next few months" advises J. B. Williston & Beane. Daniel F. Rice and Co., claims "In the absence of more serious bad news than has thus far developed, we are inclined to consider the recent sharp decline in the averages as an interruption rather than a major reversal in the basic trend of the market."

Since the automobile buyer seems to be back in the driver's seat and screaming for economy in the coming year, it will be interesting to observe the acceptance of the new small cars that are being introduced by the Big-Three. Ford will be releasing its Falcon Oct. 8. Vital statistics on this compact car are: six cylinders, 90 horsepower, 2,366 pounds, and capable of achieving 80 miles to the gallon in normal "highway use." G.M.'s Corvair, being released Oct. 2, has six cylinders, 88 horsepower, weighs 2,350 pounds, motor in the rear and claims 80 miles to the gallon. The Valiant, Chrysler's entry, will be released in November. Having six cylinders, 100 horsepower, and weighing 2,600 pounds, it seems to be the larger of its competitors. All three range around \$1,950, delivered.

Assignment Washington

By ED KOTERA

WASHINGTON — For days his mobile tongue begged the Senate's headlines across the country, and now he paced the marble rug of the chamber, nervous, high-strung, waiting to resume again his self-styled filibuster.

Sen. Wayne Morse (D., Ore.) looked wearier than the senators about him who were now flopped in their seats, sated out by the long wait for their vacation which he insisted on delaying.

The senator's eyes, sunken under permanently arched brows, appeared to be two vague, black patches. Though his peaked face sagged, his attire was crisp. His black and white shoes were a bright polish.

In the dimly-lit chamber, the man bounced from one seat to another and his gasp glinted itself anxiously upon the presiding officer, waiting his chance to cut in again.

Presently, his thin voice—"We're more like a white—would once again float out over those seats, mostly empty as they are gener-

12 Steel Company Teams Open Talks

NEW YORK (UPI) — Union and management teams from each of 12 strike-bound steel companies opened negotiations on local issues Thursday, but their work is expected to have little effect on the steel strike impasse.

The auxiliary contract talks at the company level were begun at a midtown hotel yesterday as the result of a plan adopted last week by the United Steelworkers Union and the companies to expand their negotiations.

The new negotiating teams were expected to make little progress as long as the union and the companies refuse to budge from their entrenched positions at the national negotiating level.

Even President Eisenhower's plan on Tuesday for an end to "half-hearted bargaining" failed to change the static strike picture.

The chief executive officers of the big 12 steel firms sent a telegram to Eisenhower Wednesday night in which they blamed the

Swift Refuses Union Proposal

CHICAGO (UPI)—Swift & Co., the nation's largest meatpacker, Thursday night rejected a counter proposal offered by two unions as a way to end a week-old strike.

Company bargainers labeled the offer by the United Packinghouse Workers and the Amalgamated Meat Cutters and Butcher Workmen nothing but a "rehash" of previous union demands.

Swift said the proposal, which called for an average of 22 cents an hour in wage increases and benefits, was "unreasonable."

Woman Driver

ITHACA, N. Y. (UPI) — Mrs. Donald Farley was given a ticket for "driving an unregistered vehicle and parking illegally, threatening the safety of Cornell University personnel" when she left a baby carriage near the emergency exit of a campus building.

Quotable Quotes

WASHINGTON — President Eisenhower, describing in a nationwide radio-TV address his hopes for the forthcoming exchange of visits with Soviet Premier Nikita S. Khrushchev:

"It is my profound hope that some real progress will be forthcoming, even though no one would be so bold as to predict such an outcome."

NEW YORK — Rookie Patrolman Richard Ware, 22, who had several bottles, sticks and stones thrown at him by a hostile crowd when he arrested two teen-age gang members, describing his job:

"You get something thrown at you every night. They come from roofs and doorways. You don't see anybody, but the kids stand off and jeer. . . . There you are out there trying to do a job, and the kids are laughing and jeering at you. It makes you feel pretty funny sometimes."

HOLLY, Colo. (UPI) — Holly's firemen got back from a recent fire just in time. As they backed into the station house they found it ablaze. The fire was caused by a short circuit which ignited and exploded a can of gasoline.

Warm Welcome

HOLLY, Colo. (UPI) — Holly's firemen got back from a recent fire just in time. As they backed into the station house they found it ablaze. The fire was caused by a short circuit which ignited and exploded a can of gasoline.

Cold Air Sets Fire

JAMESTOWN, N. Y. (UPI) — Cold air was partly to blame for a fire at a home while it was being remodeled here.

Firemen said a dismantled sink had been set atop a furnace register. When the temperature dropped one night, the furnace went on automatically. The heat deflected the sink and set fire to the upholstered furniture standing nearby.

Woman Driver

ITHACA, N. Y. (UPI) — Mrs. Donald Farley was given a ticket for "driving an unregistered vehicle and parking illegally, threatening the safety of Cornell University personnel" when she left a baby carriage near the emergency exit of a campus building.

Washington Calling

WASHINGTON — A powerful lobby is at work to bring the House of Representatives and Senate to a vote on the Korean armistice agreement. The House is expected to vote this week.

ALMOST QUOTE — A powerful lobby is at work to bring the House of Representatives and Senate to a vote on the Korean armistice agreement. The House is expected to vote this week.

When the United Nations observer team has made its report and there is favor of intervention are confident this will show that at least 2,000 Communist troops have crossed the border into Laos — the Laotian government will appeal to the Southeast Asia Treaty Organization for military help. SEATO has a commitment to help Laos if agreement is established.

The United States, as a member of SEATO, will provide the troops in response to the appeal. They will consist of two Marine divisions and the 1st Air Cavalry Division now stationed in Okinawa. Participating, too, would be components of the 1st Marine Air Wing, also in Okinawa.

Notes would be served on the Communists — Red China and North Viet Nam — that if they did not withdraw within one week the Marine divisions would attack. According to an source, they would use the tactical atomic weapons with which they are in part at least already equipped. The proposal as outlined here is vigorously challenged both in the Pentagon and on Capitol Hill, where some indication of the possible involvement is becoming known. Both within the Air Force and the Army are top officers who say that this would be worse than Korea. Larger geographically than Korea, without ports and virtually without roads, Laos would be almost impossible to supply.

There are those, too, who question whether the Marines are trained for the kind of fighting in the jungles that would be required to drive out the invading forces. The Marine Corps rejects such doubts with the proud claim that Marines are always ready to fight anywhere.

One of the questioners is Senator Mike Mansfield of Montana, who spoke on the Senate floor in solemn warning of the danger of a decision taken by reason of the pressure from the upper bourgeoisie in Intelligence and Defense. Mansfield said:

"Regardless of what has happened in the past, this Administration had better see to it that in the present delicate situation it is the President and the Secretary of State and the Department of State — they alone — and no one else in the executive branch who calls the shots and makes the decisions and that the rest of the executive branch falls in line. Otherwise we are going to be in grave danger of stumbling into what may be an avoidable military involvement."

But however the decision is finally made at the top, it has many of the same hideous characteristics of the choice that confronted President Eisenhower in the Indo-China War in 1954 and again when the Chinese off-shore islands were under attack.

Counseling Service Added To United Fund Family

SEMINOLE COUNTY's Family Counseling Service will try and get some income through this fall's United Fund drive to match its expanding local service.

Professional assistance in cases brought to the service has meant expenses which exceed voluntary contributions. The agency is asking for \$2,700 of the United Fund's \$1,500 goal.

The Family Counseling Service has aided county residents with problems arising from mental retardation, physical handicap, unmarried parenthood, emotional disturbances, care of the aged and other difficult family situations. Work is done in close contact with health clinics, doctors, and the state Rehabilitation Center.

The service has been available to county residents for about two years, and is headed by Mrs. Sidney Ives, who has devoted her life to educational, counseling and social services. Mrs. Ives works without pay.

There is no charge for the service. Personal contributions are accepted, and a drawing fund from the Mental Health Association for psychiatric cases has supported the agency, which faces ever-increasing expenses.

Persons seeking counseling service may phone FA 2-6978 or FA 2-6989. Counseling is by appointment on Tuesday and Thursday afternoons, or in emergency at other times. The office address is 110 Magnolia Ave.

Bored With Books

NORMAN, Okla. (UPI) — Officials at the University of Oklahoma's University Press discovered that 25 copies of a book had to be taken out of storage because of termite damage. The book's title: "Our National Perils."

HAPPINESS THROUGH HEALTH

BY DR. F. LEO KERWIN

Neck pains:

Did you ever wake up with a pain in your neck? More than likely that means you have a subluxation (misalignment) of a vertebrae in the neck. Other symptoms will surely follow because the nerves in the body are a part of the spinal cord in this area, some of which are undoubtedly impinged. A subluxation (misalignment) at the base of the skull causes not only headaches and neck aches, but indigestion, constipation and other disorders because the nerves supplying all organs are a part of the spinal cord. This would limit the transmission of energy over the nerves with a resultant impaired health and activity. Adjustments of the misalignment is the only logical way to correct the cause of neck pains. There is no substitute for Chiropractic adjustment. Decide: "Today I will start getting well."

One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. F. Leo Kerwin whose office is located at 201 S. French Ave. and his telephone number is FAirfax 2-7442.

MAKE YOUR OWN WORMS

"Hi" FISHERMAN — Want to catch more bass than ever before? Make your own plastic 'Wiggy' worms — the biggest fish taker in America

Kit contains 2 life time molds plus bottle of liquid plastic, choose red or black color. You can cook yourself over 100 true to life worms. Once a fish picks up this worm, he will not let it go.

Get Acquainted Reception Opens Fall Season Of Womans Club

The Sanford Women's Club takes great pleasure in announcing the program for their first social function this season. The event takes place at the club on Monday, at 8 p. m., and had been planned as a reception for new members. Scheduled to appear as entertainers for the evening are Miss Selva Montforton, who will sing several numbers, accompanied by Miss Joan Wilke at the piano. Among Miss Montforton's numbers will be "Hello, Young Lovers" from "The King and I," "If I Loved You" from "Carousel," "Serenade," and "It's a Grand Night for Singing."

Also on the program will be some promising young dancers from the Deanna School of Dance, doing a variety of numbers, including a tap by Lucille King and Sylvia Williams called "Star Riders," a Spanish number by Sherrilyn Williams, and "The Marshall," danced by Daryl McLain.

Miss Deanna McManus, owner and director of the school will appear in a solo number called "Indian Princess." The accompanist for all the dancers is Marjorie Magill. Mrs. George Wells, president, and all the departmental chairmen who have worked and

DEANNA

Oviedo Teachers Host Newcomers

MARIAN R. JONES
The incumbent teachers of the Oviedo Grammar and Oviedo High School acted as hosts for a progressive supper last week honoring the new teachers of the school. The first course was enjoyed at the home of Professor and Mrs. C. K. Buckelew while Mr. and Mrs. Walter A. Teague had the dessert and games at their home. Mr. and Mrs. James Partin's home was the scene of the main course, chicken barbecue.

Mrs. Donna Ulrey led the games. Professor W. H. DeShazo, principal, was presented the prize of a baby alligator.

Those attending included Mr. and Mrs. W. H. DeShazo, Mr. and Mrs. Donna Ulrey, Mrs. M. E. Cooper, Miss Dorothy Rice, Mr. and Mrs. Lee S. Warder, Mr. and Mrs. Walter A. Teague, Mr. and Mrs. E. E. Grimm, Mr. and Mrs. James Partin.

Mr. and Mrs. C. K. Buckelew, Mr. and Mrs. W. B. West, Mr. and Mrs. J. M. Staley, Miss Lois Ruddle, Mr. and Mrs. Carlton Hanley, Mr. and Mrs. Arch Hensick, Mr. and Mrs. W. B. Smith, Mr. and Mrs. Jim McCreweather and Mr. and Mrs. Paul Miller.

E.M. Wives Meet

The Enlisted Men's Wives Club will meet Monday at 8 p. m. at the U.S.O. Wives of all enlisted personnel are invited to attend.

Prevent bacon from curling by dipping it in cold water before frying.

Church Calendar

SUNDAY
Pinecrest Baptist Church Youth Rally 9 p. m.

Circle-6 at 8:45 a. m. with Mrs. E. V. Turner, Melonville Ave.
Circle-7 at 9:45 a. m. with Mrs. George Maffett, Lilly Ct.

Circle 7 Meets At Church Hall

Circle 7 of the WSCS of First Methodist Church met at McKinley Hall Tuesday afternoon with Mrs. O. R. Estridge as hostess. The devotional was given by Mrs. H. B. McCall, using one of Dr. Anderson's columns from Charles Allen's new book. Mrs. C. H. Winn led the lesson study which described the childhood and baptism of Jesus as told in the book of Luke. Mrs. L. T. Doss, chairman, presided at the business session.

Refreshments of salted nuts, banana bread and punch were served to Mrs. Doss, Mrs. McCall, Mrs. Winn, Mrs. L. P. Hagan, Mrs. R. U. Hutchison, Mrs. Peter Monje, Mrs. Howard Montie, Mrs. H. Melike, Mrs. R. D. Priest, Mrs. F. Robinson and Mrs. Olive Wells.

Retarded Children Assn. Meets Monday

The Seminole County Association for Retarded Children will hold their regular monthly meeting Monday at 8 p. m. in the Nursery Wing of The Christian Mission Alliance Church, at 14th Street and Park Avenue.

Mrs. Lawrence Swofford, former president of the Gateway P. T. A. will be the guest speaker and preside over an informal Question and Answer Period.

The meeting is open to all interested members of the community, and Parents of Retarded Children are especially urged to attend this meeting.

Mrs. Bales Hostess To Xi Beta Eta

The Xi Beta Eta chapter of Beta Sigma Phi will hold the first meeting of the current season Monday at 8 p. m. at the home of Mrs. Don Bales, 1501 Forest Dr.

All active and inactive members are urged to attend.

A. G. Clause Celebrates 91st Birthday With Picnic Dinner

The W. C. Clause home on Narcissus Ave., was the scene of a gala birthday celebration Sunday. Guest of honor was A. G. Clause Sr., who celebrated his 91st birthday Sept. 9.

An old fashioned basket picnic was the order of the day with the serving of homemade ice cream and cake as a special treat. Home movies were made of the festivities and Mr. Clause received several nice gifts.

Twenty-eight direct descendants of his family were present at the celebration. He has seven children and 20 grandchildren.

Those attending included the honoree and his wife, Mrs. Ellie Riddle of Birmingham, Ala.; Mr. and Mrs. W. C. Clause Jr. and daughter Sheila of Jacksonville; Mr. and Mrs. H. J. Clause, Lake Kerr; Mr. and Mrs. A. G. Clause Jr., Mr. and Mrs. C. L. Clause and family and Mr. and Mrs. H. Moses and family of Wildwood.

Mr. and Mrs. O. E. Clause, daughter Lu Alice and Mrs. C. O. Neiswander of Belle Glade; Nora

Mr. and Mrs. A. G. Clause

Mary Ann Slayton Weds Billy Fletcher At Oviedo

By MARIAN R. JONES
The wedding of Miss Mary Ann Slayton, daughter of Perion D. Slayton and the late Mrs. Stella Dodd Slayton, and Billy Fletcher, son of Mr. and Mrs. N. E. Fletcher, Coudage, Ga., was solemnized on Friday night, August 30, at the First Baptist Church in Oviedo at 7:30 p. m. The Reverend Jack T. Bryant, pastor, officiated at the double-ring, candle-light ceremony.

Miss Julie Fleming was maid of honor. Bridesmaids included Miss Susie Slayton, sister of the bride; Miss Nellie Beasley, a classmate; Miss Marilyn Mathers and Mrs. Ransom Hudson Jr., another classmate, as bridesmaids.

Tommy Bryant served as best man for the groom and usher groomsmen were Harvey Joe Slayton, brother of the bride, Glenn Lee and Joseph and Ferdinand Duda.

Stephen Harrison, a cousin of the bride, served as ringbearer and Pat Buckelew as flower girl. A program of nuptial music was rendered by William Henry Martin, organist, and Mrs. William Henry Martin, soloist.

The church was decorated throughout with baskets of white gladioli, white pom poms and fern. An arch trimmed with greenery, interspersed with tiny pom poms was used for the bride and groom to stand under to exchange their vows and rings. In the background were two sets of seven branched candelabra with burning tapers. In each window was a candle, held with white satin ribbons at the base and surrounded with greenery. White satin bows were used to mark the family pews, and white sate cloths were used.

The bride, given in marriage by her father, was radiant in her formal princess style gown of white silk Bombazine. The empire bodice of lace had a scalloped, satin neckline embroidered with sequins and pearls. Self-covered buttons closed the long tapered sleeves. The very full skirt featured a large bow which formed a bustle effect and terminated in a chapel train. A scalloped tulle of pearls held her fingertip veil of silk illusion and she carried a white prayer book topped with a white orchid and white satin streamers. She wore a pair of tiny pearl earrings that were her aunt's, Mrs. Nan Parker's.

The maid of honor wore a ball-length dress of pale yellow chiffon. Her headdress matched her gown as well as the cascade bouquet of feathered mums she carried.

Other attendants were gowned in dresses to match that of the maid of honor, only of mint green color. They, too, wore headdresses to match their ensembles and carried matching feathered mums. Mrs. Nan Parker, aunt of the bride, chose a dress of rose colored chiffon with matching accessories for her niece's wedding. She wore a shoulder corsage of rose colored carnations.

Mrs. Fletcher, mother of the groom, chose a dress of medium blue with white accessories and a pink carnation corsage.

A reception was given immediately following the wedding in the new Educational Bldg. of the church. The tiered wedding cake centered one serving table, flanked with silver candleholders and pink tapers. Baskets of white gladioli and white pom poms were used at other places of interest in the spacious room.

Cutting the cake were Mrs. Jack T. Bryant, Mrs. Anthony Daniel and Mrs. C. K. Buckelew. Presiding over the punch bowl, alternating, were Mrs. Harvey Joe Slayton, sister-in-law of the bride; Mrs. Bob Ward, Mrs. Ben F. Ward Jr., and Miss Ann Landry.

Receiving guests at the door were Mrs. Mae E. King and Miss Peggy Fleming.

Circulating hostesses included Mrs. Elsie Fleming, Mrs. Charles T. Niblack, Mrs. James A. Partin and Mrs. R. W. Estes.

Others assisting at the reception were Mrs. B. F. Wheeler Jr., Miss Carol Alford, Miss Nancy Estes, Misses Carol and Jan Beasley, Miss Bessie Fleming, Miss Friedella Tuby, Miss Jackie Pendarvis, Miss Beth Gore, and Misses Ann and Linda Riggins.

Mrs. John Courier Jr., Miss Suzanne Partin and Mrs. George C. Means played soft background music during the reception. Miss Lana Harrison, a cousin of the bride, kept the bride's book. Mrs. Milton Gore and Mrs. Joe I. Beasley were in charge of the reception.

For traveling the bride chose a suit of blue dacron with blue shoes, hat and bag and white gloves. She wore the orchid from her bridal bouquet.

Following a trip to Jacksonville Beach and Georgia, the couple will make their home in the Goldenrod section where they have purchased a new home.

Sorority Plans Rushing Season

Final plans were made by the Gamma Omega Chapter of Epsilon Sigma Alpha Tuesday night for the September rush season. Mrs. John Dickey, president, presided over the monthly business meeting at the home of Mrs. I. E. Estridge 111 in Loch Arbor.

Vice-president and rush chairman Mrs. Estridge presented the complete schedule for the chapter's rushing period, which was accepted by the group.

Committee reports were given and projects and plans for the coming year discussed during the evening. The meeting was then adjourned and refreshments served.

Others present were Mrs. David Van Ness, Mrs. John Higgins, Mrs. T. V. Meis, Jr., Mrs. Jack Schirard, Mrs. Robert Harvey, Mrs. Jerry Lumberman, Miss Barbara Flynt, Miss Patty Walker, Miss Sylvia Price and Miss Nancy Smith.

Mrs. Dennison Named Valentine Girl By Gamma Lambda Sorority

Members of Gamma Lambda Chapter of Beta Sigma Phi met Tuesday evening at the home of Mrs. Glenn McCall in Longwood. The sorority welcomed Mrs. Frank Stenstrom back into the chapter as a transferee from Exemplar and Mrs. Duval Hunter as an active member.

The group will meet at the home of Mrs. Walter Cook, DeCottet Ave., Tuesday morning at 10 o'clock to fold bandages for cancer patients in the county.

Mrs. Joe Dennison won the nomination for Valentine girl and will represent the Gamma Lambda Chapter in the national competition with other chapters for the choice of the annual Valentine Girl.

Mrs. Don Howe, Mrs. McCall and Mrs. Clyde Robertson will represent the sorority at the Red Cross meeting at the Civic Center this week when the demonstration on mouth to mouth resuscitation is given.

Mrs. Clyde Robertson presented the program on "Oratory", Rushing will be announced at the next meeting at the home of Mrs. Thomas Lazen, Sept. 22. Refreshments of nuts, doughnuts and punch were served by the hostess.

Mrs. Joe Dennison won the nomination for Valentine girl and will represent the Gamma Lambda Chapter in the national competition

Art Assn. To Elect Officers Monday

The Sanford Art Assn. will meet Monday at 7:30 p. m. in the Kraft building in Ft. McLeon Park. Joseph Mathieux will speak on "Art for beginners," followed by a discussion on the subject. Members are allowed to bring some of their work for "critique."

Preceding the program a business session will be conducted at which time officers will be elected for the coming year. Following the election the newly elected secretary will accept dues of five dollars for the season.

Oviedo Circles Meet Monday

Circles of the First Methodist Church in Oviedo will meet Monday as follows: the Chapel Guild Circle will meet with Mrs. M. L. Gary at 3:30 p. m.; Bethany Circle at the home of Mrs. Donna Ulrey at 8 p. m.

Circles of the First Baptist Church meet Monday night at 7:30 p. m. in their respective rooms at the New Educational Bldg. of the church for individual circle meetings. The main business session for all circles will be held following the other meetings in the main room, with Mrs. T. H. Daniell, president, presiding.

The program will be in charge of the Mary Lawson Circle with Miss Lois Ruddell, program chairman, in charge. This will be on Indians in Oklahoma.

Can To 2 By Braves, Dodgers

Atlanta Braves won their first game since Sept. 12, 1944, with a 4-1 victory over the St. Louis Cardinals last night at the Municipal Stadium. The Braves, who were 1-2 in their first two games since their return to the Municipal Stadium, had a 3-0 lead at the end of the sixth inning when the Cardinals tied the score with two runs in the seventh. The Braves won the game in the eighth when they scored twice on a sacrifice fly by Hank Aaron, who hit a home run in the ninth. The Cardinals' only run came in the sixth when they scored on a sacrifice fly by Paul Venderhass.

San Francisco won its second game in a row, a 3-2 victory over the Los Angeles Dodgers last night at the Los Angeles Memorial Coliseum. The Giants won the game in the eighth when they scored on a sacrifice fly by Bill Mazouza. The Dodgers' only run came in the seventh when they scored on a sacrifice fly by Charlie Gehringer.

Washington won its first game in a row, a 3-2 victory over the Philadelphia Phillies last night at the Civic Stadium. The Senators won the game in the eighth when they scored on a sacrifice fly by Tom Phillips. The Phillies' only run came in the seventh when they scored on a sacrifice fly by Harry Anderson.

Chicago won its first game in a row, a 3-2 victory over the Cincinnati Reds last night at the Crosley Field. The Cubs won the game in the eighth when they scored on a sacrifice fly by Gus Schumacher. The Reds' only run came in the seventh when they scored on a sacrifice fly by Dick Hensler.

St. Louis won its first game in a row, a 3-2 victory over the Philadelphia Phillies last night at the Veterans Stadium. The Cardinals won the game in the eighth when they scored on a sacrifice fly by Hank Aaron. The Phillies' only run came in the seventh when they scored on a sacrifice fly by Harry Anderson.

Champ 'Sloppy Puncher,' Referee Goldstein Says

NEW YORK (UPI)—The third man in the ring today tarnished the son of Thor's reputation. Ruby Goldstein, who raised Ingemar Johansson's hand as heavyweight champion of the world last June and led a gassy-eyed Floyd Patterson back to his corner, criticized the Swedish slugger as a "sloppy puncher." "We are going to have to wait a couple more fights to decide just how good a champion Johansson is and whether he will deserve the accolade of greatness," Goldstein declared. But, said the little broken-nosed man of the lower East Side, a Jack Dempsey, a Joe Louis, or a Rocky Marciano would have "completely flattened" Patterson if they had him in the anesthetized shape Johansson had him in that night in Yankee Stadium. "It's terribly difficult to rate Johansson as a champion," Ruby explained. "So he knocked Pat-

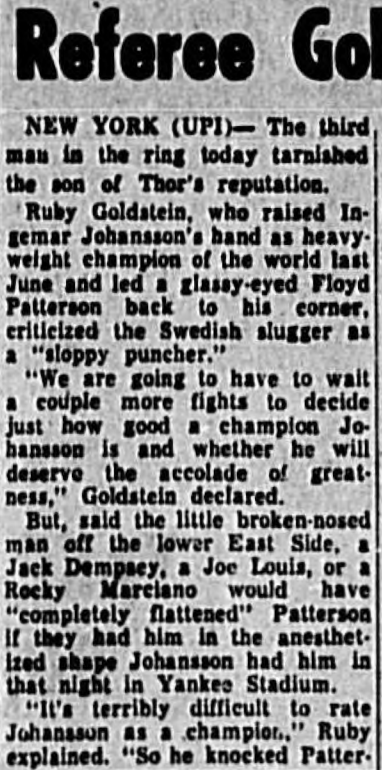

Ortega, Fernandez Tangle Tonight

MIAMI BEACH (UPI)—Mexican Carlos Ortega and Cuban Fernandez Hernandez fought a 10-round, nationally-televised welterweight boxing match tonight with a possible title shot riding on the outcome.
Miami Beach promoter Chris Dundee has offered waterweight champion Don Jordan \$50,000 to defend here Dec. 4 against the winner of tonight's bout. Dundee already has the television date assured and is waiting the decision from Don Neseeth, Jordan's manager.
Ortega, fourth-ranked contender from Merida, Mexico, has a wide experience edge over Fernandez, who is ranked 10th. Ortega has fought 66 times, compiling a 50-14-2 record which includes wins over former champions Kid Gavilan and Tony DeMarco.
Fernandez, the same age as Ortega, 23, has only 20 professional fights behind him but has won 18 of them by knockout. The Santiago, Cuba, fighter has kayed his last 15 opponents.

Alabama May Keep On Surprising SEC

TUSCALOOSA, Ala. (UPI)—Paul (Bear) Bryant, who shuffled his 1948 Alabama squad with the deftness of a riverboat gambler to shock five opponents, is dealing from the same old deck.
"I felt a lot better before the start of football practice this year than I did last year after five days of practice," Bryant analysts. That cautious estimate should be sufficient warning. Bryant last year took a team without a great deal of talent and a record of only four victories in three years, and carved out a 5-4-1 mark, including upsets of Mississippi State, Georgia and Georgia Tech.
The road may be rougher this year in the tough Southeastern Conference. The element of surprise which lies with the underdog is gone and, starting with Georgia Sept. 19, the schedule is laden with opponents hoping to stem the Crimson Tide.
Bryant, who has made a habit of rehabilitating fallen football empires, notably at Kentucky and Texas A & M, is well aware of the drawbacks confronting a team dominated by 20 sophomores.
"It'll probably be the most inexperienced team in the conference," he says. "How good it'll be, or get, we'll have to wait and see."
But in line with his past success at fitting the talent to the job, Bryant has already made a dozen position shifts. More will be made if he feels they are necessary.
Among the more promising changes are those of Don Cochran, a 200-pound stand-out at guard last year, to center, and Wayne Sims, a 185-pounder, from guard to fullback. Both keyed the tough defensive line last year.

LEADING THE PARADE - - By Alan Mayer

Forgotten Man Looks For Upset

EMERSON (UPI)—Roy Emerson, the "Forgotten Australian," is gunning for an upset today against Wimbledon champion Alex Gimeno de Ferris in the quarter-finals of the U. S. single tennis championship.
Olimede, big Barry MacKay of Dayton, Ohio, Neale Fraser and Red Laver of Australia, are favored to hammer their way into the semi-finals but if there's any monkey-wrench tooting Emerson figures he's the man to do it.

Kennedy Issues Rivals Challenge

WASHINGTON (UPI) — Sen. John F. Kennedy (D-Mass.) has challenged potential rivals for the Democratic presidential nomination to run against him in state governmental primaries.

"Kennedy, a front-runner for the Democratic nomination, said Sunday that he was a 'great believer' in the primary system because it gave 'the people an opportunity to participate in the selection of candidates.'

"I think that anyone who is a candidate, I would hope, would submit themselves to some judgment," he said. "Now the primaries don't exist in every state. Political leaders will have some influence."

"But I would hate to have it suddenly made a judgment on the state of a few people in a meeting in some Los Angeles hotel. I have never thought that was the way candidates ought to be picked. The Democratic convention will be held in Los Angeles next summer. Kennedy made his statement when asked on a television program whether he believed candidates should enter such primaries as those in Oregon, Wisconsin and New Hampshire.

Discussing his own candidacy, Kennedy said again he would not make up his mind, finally until about the end of the year. But an all-out Kennedy drive for the nomination is considered a foregone conclusion.

Although the polls currently show Kennedy to be his party's front-runner, the 43-year-old senator is known to feel that a series of smashing primary victories would be his best avenue to the presidential nomination.

Labor Reform Bill Signed By Ike

Rights Bill Proposed Next Year

WASHINGTON (UPI)—Congress edged toward adjournment today when Senate Democratic Leader Lyndon B. Johnson publicly proposed that action be started on a full-scale civil rights bill by mid-February.

The second session of the 86th Congress is scheduled to begin next Jan. 6.

Johnson told the Senate he would start the gears rolling on the controversial civil rights issue immediately following the return of the Republican senators from their customary round of Lincoln birthday speeches.

He said he preferred this to a proposal by Republican Leader Everett M. Dirksen to launch the 1960 civil rights debate next Jan. 18. Johnson said this would conflict with Democratic Jefferson-Jackson dinners.

Sen. Richard B. Russell (D-Ga.) emphasized that southerners had not been consulted about any time agreement. He added that it would "be futile to expect our cooperation... in this political Roman holiday."

Debate over a two-year extension of the Federal Civil Rights Commission was the only big hurdle in the way of adjournment of the first session late tonight or early Tuesday.

Adjournment would wind up the longest session in eight years. The scheduled arrival of Soviet Premier Nikita Khrushchev in Washington Tuesday was a big spur toward achieving the adjournment goal.

The Senate convened three hours after its usual year closing debate on the Civil Rights Commission proposal.

Debate on extension of the Civil Rights Commission resumed with an attack on the proposal by Sen. Olin D. Johnson (D-S. C.) He said it would be a waste of time and money to keep the commission going.

Speaking at a press conference later, Soviet scientists reflected the view taken earlier by the Soviet press and radio in expressing hope for international cooperation in space along with greater achievements in the future.

Alexander Topchev, vice president of the Academy of Sciences, called the lunar rocket a "scientific laboratory." He said its successful performance should be followed by a manned flight to the moon.

"This is an extremely difficult task," he said, but it was a matter of the "not too distant future."

Topchev and other scientists gave their views at about the same time that the official Tass news agency carried a statement by Premier Nikita Khrushchev that they would give President Eisenhower a replica of a pennant placed on the moon.

Its accuracy was reflected by the fact the rocket traveled 236,875 miles in about 35 hours and Soviet scientists predicted its moment of impact within 84 seconds.

Topchev also confirmed that the "important requirements" of keeping the moon free of earthly germ contamination had been "fully complied with."

FIRST KHRUSHCHEV FAMILY PORTRAIT released by Tass, Soviet news agency, shows the Russian leader with his entire family. Front row, left to right, are his granddaughter, Iulia; Khrushchev, his grandson, Nikita, and wife, Nina. Back row are son-in-law, Alexei Adzhubel; son, Sergei, 24; Sergei's wife, Galina; Khrushchev's daughters, Iulia, 42, and Rada, 30; grandson, Alexei, and daughter, Elena, 21.

Some Parts Effective Immediately

WASHINGTON (UPI) — President Eisenhower today signed the new labor reform bill designed to clean up racketeering and other abuses uncovered in the labor-management field.

The new law is officially called the Labor-Management Reporting and Disclosure Act of 1959. Many of its provisions take effect immediately, but others will not become effective until later.

The wide-ranging and complicated law makes the biggest change in the nation's labor statutes since the Taft-Hartley law passed 12 years ago.

Its enactment was the outgrowth of the Senate Richard M. Nixon committee's disclosure of corruption, racketeering and disregard of union members' rights during a three-year investigation.

The new law turns the spotlight of publicity on union operations and requires public reports from employers in some cases. It also imposes new curbs on union picketing and secondary boycotts.

Major provisions:

Give rank-and-file union members equal voting rights, free speech at union meetings, freedom from unjust dues increases, protection of the right to sue union officials and against improper disciplinary action.

Require all unions to publicly report on their operations to the Labor Department. Union officers and employees must report financial holdings that might cause a conflict of interest. Employers and labor relations consultants also required to report 30 days after their fiscal year end, any payments or loans to union officials or employees for the purpose of influencing or workers' rights to organize and bargain collectively.

Impose regulations on national unions that place locals in trusteeship, with criminal penalties for violations. Trusteeships are limited to 18 months.

Require local unions to elect officers by secret ballot every three years and national unions every five years, either by secret ballot or delegates chosen by secret ballot. Provide for removal of union officers for misconduct and permit candidates for union office to inspect membership lists.

Require union officers to be bonded up to a \$50,000 maximum and assume fiduciary responsibility for union funds. Prohibit union loans over \$2,000 to officers. Bars Communists and certain ex-convicts from holding union office. Permit a state agencies and courts to assume jurisdiction and apply state law to cases which the National Labor Relations Board declines to accept.

Outlaw "shakedown" picketing, with criminal penalties for violations. Ban organizational picketing when another union has been certified to represent employees. Permit informational picketing that does not affect deliveries or services.

Ban all hot cargo contracts under which an employer agrees not to handle goods from other firms unless unions are satisfied. Permit garment unions to continue agreements to keep employers from farming out work to non-union subcontractors.

Fighting In Laos Increases Again

VIENTIANE, Laos (UPI) — Communist rebels have increased their activities in Sam Neua Province of northern Laos, a government communique reported today.

The announcement followed reports by Gen. Amkha Soukthavong that Communist jet fighter planes were flying over the province—the first appearance of Red planes in the current crisis.

In Honolulu, a spokesman for Adm. Harry Felt, U.S. commander-in-chief of the Pacific, denied reports that American units on Okinawa were being alerted for possible use in the Laotian crisis.

The spokesman said broadcast appeals to Marines, Air Force officers and certain Army units to return to duty stations were brought by reports of an approaching typhoon.

However, Nahe reports said some American paratroopers were being sent to Thailand on standby orders.

Today's Laotian communique made no mention of the government post at Muong Song which was surrounded last Thursday by Communist forces.

Reports of "feverish" military activity on Okinawa coincided with the arrival there this week and of a flotilla of more than 20 ships of the U.S. 7th Fleet including the aircraft carrier Shangri-La. Unconfirmed reports in Tokyo said the fleet might be ordered to sea patrol off Indonesia.

Miss Marie Stewart Dies In Hospital

Miss Marie Stewart, 70, a native of West Apopka and a resident of Sanford since childhood, died yesterday in Seminoles Memorial Hospital.

Miss Stewart was a member of the First Baptist Church and the Y. M. C. A. Sunday School Class, in which she was active until she became ill some time ago. She had made her home for several years with her sister, Mrs. Forrest Gotchel, Santa Corvina, Fla.

Survivors include two other sisters, Mrs. F. Van Duren Connell, Winterwood, and Mrs. A. C. Chapman, Winter Haven; two nephews in Sanford, Stewart and David M. Gotchel, and five other nieces and nephews.

Funeral services will be held at 3 p. m. Tuesday at Brison Funeral Home, with the Rev. W. B. Brown, officiating. Burial will be in Lake View Cemetery, Sanford.

Funeral home will be E. B. Carter, R. F. Cooper, E. G. Harper Sr., Ernest Soto, M. L. Wright and E. Kinlow.

Public Parking Lot Set By Civic Center

A public parking lot will be set between the Sanford Civic Center and the Chamber of Commerce building. Public Works Director Sid Richard said today.

The city hopes to have the 100 x 250-foot lot finished by Nov. 6, he said.

A 200-foot bypass storm sewer was installed Thursday and Friday in this area off Sanford Ave. The 18-inch wide pipe will drain rain water in the area between First and Cypress sts., according to Richard.

Work is due to start tomorrow on a storm sewer line to run from 20th St. to Randolph St. on the east side of Sumnerlin Ave. The 18-inch pipe should be installed by Nov. 6, he said.

Harman Returns To Bureau Job

Representatives of the Chamber of Commerce and Mayor A. L. Wilson welcomed Marion Harman back to duty today as Seminole County bureau chief of the Orlando daily newspaper.

John Krider, manager of the C. C. of C. Charlie Morrison, public relations man, and the mayor presented Harman with flowers and greeted him in the Orlando newspaper's office here, Morrison said. Harman has been recuperating from surgery for several months.

Baptist Deacons Choose Officers

New Sanford First Baptist Church deacons officers for 1959 are Ray Sizem, chairman; Irving Frye, vice-chairman; G. E. Drake, secretary; R. T. Thomas, treasurer.

The church has 38 deacons whose terms rotate every three years. The long range planning committee of the church is now studying ways to meet the need for more men.

Group To Stump For Reapportion

TALLAHASSEE (UPI) — A committee of Florida House members will stomp the state to sell the 64-member Senate, 103-member House reapportionment plan to the voters.

Newspapers, television and the mails also will be utilized in the campaign to get voters to say "yes" to the plan in the Nov. 4 referendum.

"If the people are fully informed," said House Speaker Tom Beasley, "there is no doubt the amendment will be adopted in November."

Gov. LeRoy Collins also announced he will campaign actively in favor of the amendment. Collins has said the plan, proposed by

News Briefs

Eight Die On Roads

TALLAHASSEE (UPI) — The Highway Patrol said today at least eight persons were killed in automobile accidents in Florida during the weekend.

Steel Talks Resume

NEW YORK (UPI) — The top negotiating teams for the steel industry and the United Steelworkers Union and 12 subcommittees resumed their talks here today as the nationwide steel strike entered its 62nd day. The union also opens contract talks with the American Can Co. and the Continental Can Co., the nation's largest can manufacturers. The union represents 50,000 employees of the two towns.

Glass Union Idle

PITTSBURGH (UPI) — Some 2,000 skilled moldmakers were idle today following the breakdown of negotiations between the American Glass Molders' Union and the Glass Container Manufacturing Institute. Industry officials today were taking a wait-and-see attitude on whether an attack on the proposal by Sen. Olin D. Johnson (D-S. C.) He said it would be a waste of time and money to keep the commission going.

Press Head Heckled

HAVANA (UPI) — Unionists at the Havana Hilton Hotel are refusing to serve Jules Dubois, chairman of the Inter-American Press Assn. freedom of the press committee, because they consider him unfriendly to Premier Fidel Castro's government.

Graham At Rally

LITTLE ROCK, Ark. (UPI) — Evangelist Billy Graham wound up a two-day whirlwind crusade telling a racially mixed crowd and Gov. Orval Faubus that Little Rock would have no trouble if the people followed Christ.

Burns Encouraged

JACKSONVILLE (UPI) — Mayor Haydon Burns said today the encouragement and warm reception he has received throughout the state the past few days makes him an almost certain candidate for governor of Florida in 1960. "I have been tremendously encouraged by the reception I have received in all sections of the state—both rural and urban," Burns said.

40 Couples Here For Square Dance

Rain drove the Starlight Promenade street dance indoors Saturday night, but the square dance teams from all over Central Florida danced up a storm as more than 200 spectators came to watch.

Joe Curtis, Orlando, called the sets for the 40 couples of dancers, who came from Winterland, Winter Park, Winter Haven, DelBary, Daytona Beach and Sanford.

Cargo Plane Crew Presumed Dead

MIAMI (UPI)—Officials of Pan American Airways said three crewmen in a cargo plane, which crashed on the slope of a mountain in Honduras are presumed dead.

Aboard the four-engine DC-4 cargo plane were Capt. Calvin G. Frankin, 36, the pilot, of Coral Gables, Fla.; Sim L. Lett, 36, copilot, and Christopher E. Hillsheim, 35, second officer, both of Hialeah, Fla.

U. S. Sees Proof Of ICBM Danger

WASHINGTON (UPI)—Russia's rocket strikes on the moon was accepted by U. S. officials today as proof that Soviet intercontinental ballistic missiles could be fired with deadly accuracy against American cities.

The U. S. experts calculated that an ICBM, fired 3,000 miles with the same accuracy as the moon rocket, would strike within 374 miles of the center of its target. This still would be in the lethal

Sanford Woman To Tell Of Russia

Religion, children and sports in the USSR will get a Sanford housewife's appraisal on Bill Berry's "Digest" at 6:45 p. m. today.

Mrs. John Swope spent 18 months in Moscow with her husband Cdr. John Swope before the couple came to Sanford in April, Russian shopping and entertainment will also be discussed by Mrs. Swope who lived in the American Embassy. Cdr. Swope was assistant naval Attaché in Moscow.

4-Lane Florida Artery Proposed

LAKE WALES (UPI) — A four-lane U. S. Highway 27 from the Georgia state line to Miami was urged Sunday by the U. S. Highway 27 Act.

The highway, running 497 miles through Florida and passing through all of the state's road districts, already is four-lane for 47 miles. Next year's budget has authorized construction to make the highway four-lane for 138 miles.

The association re-elected R. P. Cochran, Clermont, as president.

Rooneys Have Girl

SANTA MONICA, Calif. (UPI) — Actress Barbara Thomason, 22, fifth wife of film star Mickey Rooney, gave birth Sunday to a six-pound, 10-ounce baby girl.

Junior High Opens Season Sunday

The Sanford Junior High League will open the season Sunday with a game against the Daytona Beach midlets at Daytona's Municipal Stadium.

Coaches report a good speed developing at the junior high level and urge fans to accompany the squad to Daytona for the game which will begin at 8:00 p. m.

The "heavy" squad, another junior high school team of larger boys, will open its season against Kissimmee Sept. 22.

Lake Mary Parent Night Tomorrow

There will be a Parents' Night in the auditorium of the Lake Mary School at 7:30 p. m. Tuesday. Floyd Richards, principal, will introduce the faculty and there will be a general discussion of how the children are graded, plans for the coming year, and the building program. This will be a short meeting and all parents are urged to be present.

Hearing Asked On Gas Rate Hike

MIAMI (UPI)—The State Railroad and Public Utilities Commission has asked to hold a public hearing on Florida gas rates of the Houston Corp.

The Miami Junior Chamber of Commerce called for the hearing Sunday, charging the company with "arbitrarily increasing rates" and "instituting unique rate policies."

The group said the corporation upped the minimum charge 100 percent to Miami consumers, to \$2 from the \$1 minimum charged by the Florida Power and Light Co.

It also said the minimum at Daytona Beach went from 55 cents to \$1.50, a 172 percent increase.

The Houston Corporation trapped the commission into granting the increase by waiting until the last minute to file their petition, said Jaycee President Johnson E. Davis.

Prof Says Shot May Be A Fake

ANN ARBOR, Mich. (UPI) — A University of Michigan astrophysicist said today he believed Russia faked its moon shot because it knew no one could dispute its claim.

"If the Russians did it, I will be the first to congratulate them," said Prof. Fred T. Haddock, an expert in astronomy and electrical engineering. "But I am still skeptical. I frankly doubt it."

"It would be quite easy to have a small mechanism installed in the rocket so the signal would shut off at about the time the Russians said it was to hit the moon.

"If they put dye on the moon or something so we could see it, I would be convinced. But they know we have no way of disproving their claim so I think they merely went ahead and made the claim for propaganda purposes."

Haddock was a member of the International Astronomical Congress group that visited Russia to inspect her rocket facilities last year.

"Unless they have equipment they concealed from us last year, they could neither track nor guide a rocket," he said.

At Washington the National Aeronautics and Space Administration said the moon rocket was no fake.

A statement in answer to inquiries said it would have been "extremely difficult" for the Russians to simulate the phenomena detected by trackers during the rocket's last five hours of flight. It would have been possible to have a timer cut off the rocket's transmitters, thereby simulating a lunar landing, the statement said, but it would have been hard to fake the acceleration.

Tightest Security Network Ever Set For Khrushchev

WASHINGTON (UPI) — President Eisenhower held a final top-level strategy session today for his historic meeting with Soviet Premier Nikita Khrushchev.

Eisenhower met for 45 minutes in his office with the nation's top diplomats and Russian experts. The White House said they conferred on the American viewpoints to be put to Khrushchev.

The capital was working feverishly to complete arrangements for greeting Khrushchev and his family when they arrive in a giant Russian turbo-prop plane at 10:30 a. m. Tuesday.

The first real chance for talks will come at 2:30 p. m. when Khrushchev makes his first call at the White House. Press Secretary James C. Hagerty said Eisenhower had blocked off 90 minutes on his calendar but there was nothing to prevent the conference from going longer if the two men so desire.

Federal agents, trained military teams, and metropolitan police spread a huge protective network today in the tightest security screen ever erected in the nation's capital. The grim purpose was to protect Khrushchev.

The far-flung precautions for Khrushchev's safety reached from the rooftops to the sewers. The most elaborate traffic restrictions in the history of Washington were ordered.

The principal fear of the security agents was that some aggrieved refugee from the Iron Curtain or irrational crank might try to bring physical harm to Khrushchev or create a mob scene to embarrass the Soviet leader and his host, President Eisenhower.

Grapefruit Moves

WINTER HAVEN (UPI)—Daily carloadings in boxes from the Citrus Vegetable Inspection Division:

By rail: 3,663 grapefruit; by truck: 18,110 grapefruit; total shipments, 21,773 boxes.

Shipped Sept. 5-10: 8,053 boxes grapefruit; total to date, 29,825 boxes.

Sanford Woman To Tell Of Russia

Religion, children and sports in the USSR will get a Sanford housewife's appraisal on Bill Berry's "Digest" at 6:45 p. m. today.

Russians Hail Moon Shot, Say Man To Follow Soon

MOSCOW (UPI)—The Soviet Union planted its hammer-and-sickle-marked rocket on the moon today. A top Soviet scientist said a manned flight to the moon was "a matter of the not too distant future."

The Soviet space rocket hit the moon at two minutes and 4 seconds after midnight Sunday in a feat that brought wild joy to this nation and admiration from the world.

Speaking at a press conference later, Soviet scientists reflected the view taken earlier by the Soviet press and radio in expressing hope for international cooperation in space along with greater achievements in the future.

Alexander Topchev, vice president of the Academy of Sciences, called the lunar rocket a "scientific laboratory." He said its successful performance should be followed by a manned flight to the moon.

"This is an extremely difficult task," he said, but it was a matter of the "not too distant future."

Topchev and other scientists gave their views at about the same time that the official Tass news agency carried a statement by Premier Nikita Khrushchev that they would give President Eisenhower a replica of a pennant placed on the moon.

Its accuracy was reflected by the fact the rocket traveled 236,875 miles in about 35 hours and Soviet scientists predicted its moment of impact within 84 seconds.

Topchev also confirmed that the "important requirements" of keeping the moon free of earthly germ contamination had been "fully complied with."

"If the Russians did it, I will be the first to congratulate them," said Prof. Fred T. Haddock, an expert in astronomy and electrical engineering. "But I am still skeptical. I frankly doubt it."
