

## Moroccan Officials Study Agriculture On Sanford Visit

**By Sarah Fischer  
Herald Staff Writer**

Florida agriculture caught the international spotlight Monday when Sanford played host to a contingent of government officials from Morocco.

Governors from five Moroccan provinces met with Seminole County Agricultural Services Manager Uday K. Yadav to learn about farming in the Sunshine State.

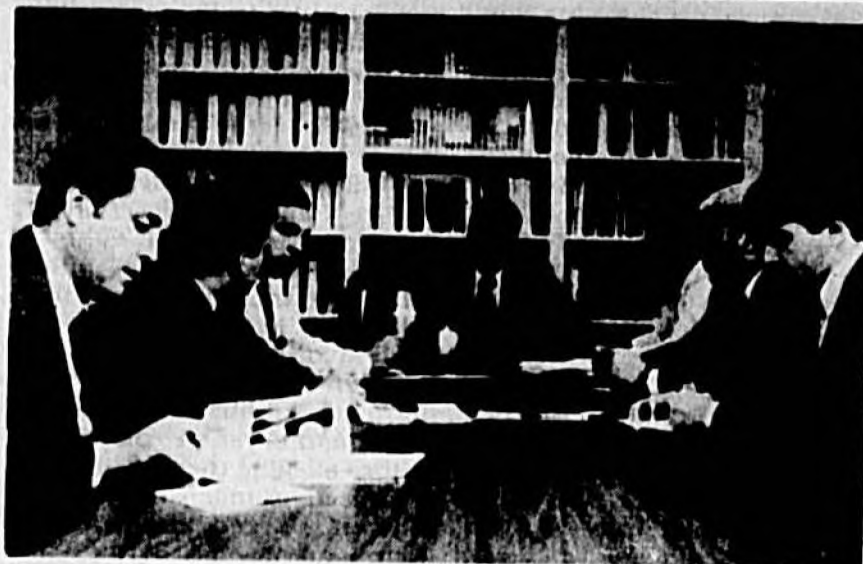

According to Yadav, the governors hope to take back suggestions and ideas with which to financially and technologically revolutionize their own country's farming practices.

Their stop in Central Florida

was part of a 25-day visit to the United States sponsored by the U.S. Department of Agriculture's Agency for International Development. U.S.A.I.D. assists Moroccan farmers with small scale agricultural programs, Yadav said.

The officials are also expected to visit Washington, D.C. and cities in Nebraska, California, New Mexico and New York during their U.S. travels. While in Central Florida, the governors viewed several farming operations and made an official visit to the Moroccan pavilion at Walt Disney World.

The officials, representing the Moroccan agricultural

Seminole County Agricultural Services Manager Uday Yadav, center, meets with Moroccan officials visiting Florida to study agricultural techniques.

provinces of Errachidia, Beushinaue, Kevitra, Safi and Settat, were in town to discuss topics ranging from irrigation to cooperative extension services and in general, how government helps private

farmers.

"We're listening and learning," said Ahmed Arafa, governor of the Province of Errachidia.

## Teacher Arrested

**By Paul Schaefer  
and Deane Jordan**

A suspended Lake Mary High School teacher was arrested and charged Monday with the sale of cocaine, possession with intent to sell cocaine and possession of cocaine.

Charged is Wilson Gordon Jr., 39, of 324 E. Highland Drive, Altamonte Springs. Gordon surrendered to authorities at the Seminole County jail around 4:30 p.m. Monday and was released from jail without bond.

The charges stem from an alleged sale of cocaine Gordon made to a Seminole County Sheriff's Department informant Dec. 1, 1984. The sale, which was videotaped by the sheriff's department, was the basis for the School Board's Wednesday decision to suspend the social studies teacher without pay and begin dismissal proceedings.

That alleged transaction, however, was supposed to have been kept secret in exchange for Gordon's cooperation with investigators, said Gordon's attorney, Chris Ray. Sheriff's investigators reportedly told Gordon that if he cooperated with them, neither the State Attorney's office nor the school board would learn of the incident.

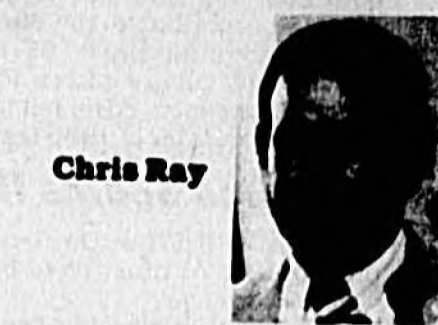

Why the sheriff's department apparently reneged on that promise will be investigated as part of Gordon's defense, Ray said. "I have got my theory, but it's speculation," he said.

If it was an agreement that fell apart because Gordon didn't cooperate, then "why did they wait a year to arrest him? If he did not live up to the agreement, they should have arrested him a year ago," Ray said.

Gordon is scheduled to appear in court May 12 to enter a plea and have a trial date set. Gordon will enter a "not guilty" plea, Ray said.

"He had no agreement with me," said Sheriff John Polk, who declined today to discuss specifics in the case.

"Everything is going to have

Chris Ray

...Sheriff's department reneged on deal to keep Gordon's involvement secret.

to come out in court," he said.

The surfacing of the alleged drug transaction is also under investigation by the school board.

"We have no additional comment on this action regarding this employee who is presently suspended without pay and is the subject of an ongoing investigation by the Professional Practices Service," said Superintendent of Seminole County Schools Robert Hughes. PPS is the investigative arm of the state Department of Education.

Gordon was suspended with pay by Hughes April 3 and charged by him with misconduct in office and immorality in connection with his job. The school board then voted unanimously to approve Hughes' recommendation to suspend Gordon without pay and begin dismissal proceedings on April 16.

Gordon, an 11-year teaching veteran, had been teaching in Seminole County for 10 years, according to school board records.

Professional Practices Service investigations into other alleged misconduct by the following educators continue:

• Lake Mary High School assistant principal Jay Stokes, 36, 2533 Iroquois Ave., Sanford, who quit his job Wednesday after being charged by Hughes with misconduct in office and immorality in connection with his employment. Statements

## Khadafy's Wife Wants Revenge

**By United Press International**

Moammar Khadafy's wife, Safiya, summoned foreign reporters to the Libyan leader's Bab al Azizia compound on the outskirts of Tripoli Monday.

"Look at what has happened to me and my children," she said, making a sweeping gesture toward her bomb-shattered home about 100 yards away. "If I could get the pilot from this airplane, I would kill him myself."

"You should tell Reagan's wife what has happened here," she said.

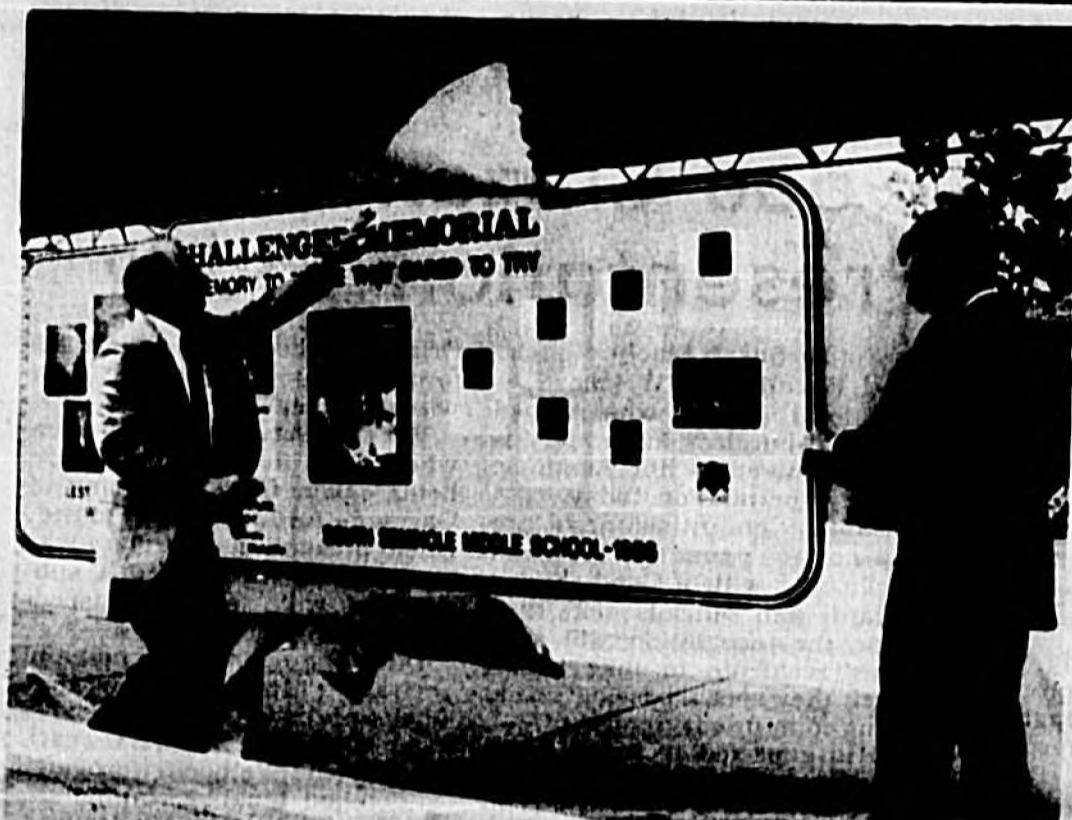

The Khadafys' 15-month-old adopted daughter, Hana, was killed and their two youngest sons were reported seriously wounded.

Officials said 45 people were killed in the U.S. attacks on Tripoli and Benghazi, though diplomats said they believed the death toll was closer to 100.

Khadafy, comparing President Reagan to Adolf Hitler, said he was not frightened by the U.S. attack on Libya and vowed, "The fight will continue and it will widen."

"Reagan is Hitler No. 2. He is even worse than Hitler. There is no possibility of cooperating with him as there was no possibility of cooperating with Hitler," Khadafy said in an interview Monday with Yugoslavian television.

"We want America to put up its hands and give up Palestine (Israel)," Khadafy said. "We want it to withdraw from the Mediterranean and Angola. ... The fight will continue and it will widen. We overcame fear and we are not afraid of America."

## Challenger Memorial Unveiled

U.S. Rep. Bill Nelson, right, and South Seminole Middle School Principal Sid Boyette unveil memorial to crew of the ill-fated space shuttle Challenger at dedication held Monday at the school

in Casselberry. Nelson, who went into space aboard the shuttle Columbia on Jan. 12, spoke to the students. Seven balloons were released while the Lake Howell High School Band played.

## Proposed Sewer Rate Hikes Pack Longwood Meet

**By Jane Casselberry  
Herald Staff Writer**

Residents of Skylark and Columbus Harbour subdivisions, concerned about the city's sewer system and proposed rate increases, packed Longwood City Hall Monday night.

The Longwood City Commission unanimously gave preliminary approval to ordinances setting development assistance fees for water and sewer, providing water turn on and turn off charges, and increasing sewer rates. Although a public hearing is not scheduled for the ordinances until May 5, the many of the residents spoke out during the public participation period Monday night.

At the request of Linda Ashley, a resident of Skylark, a work session with the commission was set for April 30 at 7 p.m. in city hall to explain the city's plans for expanding and improving the sewer system and why the increases are necessary.

In addition to the impending rate increase, Columbus Harbour residents expressed concern about pollution and odor from the treatment facility in their subdivision and the resulting lowering of property values.

Arthur Martin of Columbus Circle

World Photo by Jane Casselberry

Longwood Police Chief Greg Manning holds plaque he received for his work as acting city administrator Monday night as he turns the reins over to new City Administrator Ronald Waller, left.

said a washout in the berm around the percolation pond had resulted in polluted water spilling through into a private pond and from there flowing into Fairy Lake. Martin was concerned that when the rainy season starts the sandy berm will wash out and the situation will worsen.

Police Chief Greg Manning, who has been serving as acting city administrator, said that tests confirmed some of the pollution in the private pond is from the percolation.

"What is the city going to do?" he demanded.

## Liability Rally Exceeds Expectations

**By Paul Schaefer  
Herald Staff Writer**

State legislators may take action this session on bills designed to eliminate the perceived liability crisis, according to Sanford physician Luis M. Perez, and State Representative Art Grindie, R-Altamonte Springs. They made the observation following the Florida Coalition for Liability Reform's rally in Tallahassee Monday.

Also on hand Monday were representatives of the Florida Consumers Union, who say insurance industry regulation, not tort reform, is needed to solve the crisis.

According to booth, the coalition's message was brought to the state capital clearly, by over 3,500 of its members.

"Fantastic!" Perez, a co-founder of the coalition said at the end of the day's activities. "I didn't expect that many people," at the Tallahassee Civic Center rally. Perez is also President of the Florida Medical Association.

See RALLY, page 10A

## Telson Seeks 4th Term On School Board

Twelve-year veteran Seminole County school board member Pat Telson, 130 Aris Court, Winter Park, will seek re-election to her fourth term, she announced Monday.

She is the second announced school board candidate. Ann Newlander, the school district's Director of Personnel, announced recently that she would run for board member Joan Bryant's district five seat. Mrs. Bryant said she intends to run for re-election.

Mrs. Telson, the longest-serving member of the current board, Mrs. Bryant, and Pat Kroll are up for re-election this year. Mrs. Bryant, Kroll has indicated he intended to run, but has yet to declare his candidacy.

Mrs. Telson and her board members serve the district building and are on probation for coming to it at all times. Telson is said to be a great person.

She said she supports the state legislature's efforts to solve the liability crisis.

"I am confident that the state legislature will pass legislation that will solve the liability crisis," she said.

"I am confident that the state legislature will pass legislation that will solve the liability crisis," she said.

"I am confident that the state legislature will pass legislation that will solve the liability crisis," she said.

## European Foreign Ministers Vote To Restrict Libyans

LUXEMBOURG (UPI) — European Community foreign ministers voted Monday to reduce drastically the number of Libyan diplomats in Western Europe and cut their embassy staffs in Tripoli because of Libyan support for terrorism.

The Western European allies also agreed to make Libyan diplomatic travel subject to a regimen of official authorization and to toughen standards for

granting of visas and residence permits to Libyan nationals.

"Today's decision reflects our grave concern about state terrorism and our serious intention to fight it, not only in the diplomatic field, but also with concrete measures," said Dutch Foreign Minister Hans Van Den Broek.

The Western allies, under U.S. pressure to take steps against Libya, voted to reduce Libyan diplomatic and consular staffs in

Western Europe to a minimum and to cut the staffs of European missions in Libya.

The European Community foreign ministers, holding their third meeting on terrorism in a week, also agreed to close their borders to Libyan citizens who have been expelled from another nation for involvement in terrorism.

# NATION IN BRIEF

## Oil Price Collapse Causes March Consumer Price Dip

WASHINGTON (UPI) — Consumer prices fell 0.4 percent for the second consecutive month in March and the government's measure of inflation declined at an annual rate of 1.9 percent during the first three months of this year, the Labor Department said Tuesday.

The quarterly drop in consumer prices, due almost entirely to a collapse in oil prices, was the largest in 31 years. The last such fall was recorded in the third quarter of 1954.

The Consumer Price Index for all urban consumers, adjusted for seasonal variations, declined by 0.4 percent in both February and March following a 0.3 percent gain in January, according to the Bureau of Labor Statistics.

Gasoline pump prices fell a record 12 percent in March and overall energy prices fell at 6.5 percent during the month. Transport costs fell at annual rate of 14.1 percent in the first quarter of 1986 because of the oil price collapse.

## Scarface Scams IRS, Again

CHICAGO (UPI) — Up there in that great speak-easy in the sky, Big Al must have been laughing hard enough to swallow his cigar.

Days of drumbeating over the "Mystery of Al Capone's Vaults" reached its high points with a series of bangs but ended with a whimper on national television Monday night.

Geraldo Rivera, his elegant coif protected by a yellow hard hat, explained apologetically to a nationwide television audience which had waited through two hours of historical hyperbole that, well, Capone evidently didn't have any vaults after all.

The show has been ballyhooed for days. Speculation on the contents of the "vault" ranged from a treasure-trove of cash and jewels to a Stutz Bearcat. The Internal Revenue Service filed an \$800,000 lien in case there was something valuable inside. The Cook County medical examiner was on hand in case there was something dead inside.

## Outstanding Mothers All Work

NEW YORK (UPI) — TWA hijacking heroine Ulrike Derickson, golfer Nancy Lopez and sex guru Dr. Ruth Westheimer are among the 10 Outstanding Mothers of 1986, heading a list chosen to reflect the "dual role" of today's working mother.

The others selected as mothers of the year by the National Mother's Day Committee are opera singer Marilyn Horne, Olympic sprinter Valerie Brisco-Hooks, business executive Beatrice Coleman, actresses Carmen de Lavallade and Janet Leigh and newswomen Judy Licht and Marjorie Margulies.

Television personality Phyllis George, one of the outstanding mothers of 1981, was to present the awards at a luncheon today.

Judith Levan, president of the selecting committee, said this year's winners are being saluted for their ability to combine careers with motherhood.

## Banks Lower Prime Rate

NEW YORK (UPI) — Many of the nation's large banks Monday followed a clear signal from the Federal Reserve Board and lowered their prime rate for business loans to 8 1/2 percent from 9 percent, the lowest posting in eight years.

Chase Manhattan Bank led the way and was followed by Morgan Guaranty Trust, Citibank, Bankers Trust, Chemical Bank, all of New York; Bank of America, San Francisco; First National Bank of Chicago, Continental Illinois, and Harris Trust, Chicago; First National Bank of Atlanta, First National Bank of Boston, Wachovia Bank of Winston Salem, N.C., and others across the nation.

SunTrust Banks, Inc., Barnett Banks of Florida, Inc. and AmeriFirst Federal Savings and Loan Association were among central Florida area financial institutions announcing the reduction on Monday. Others are expected to follow suit today or Wednesday.

# FLORIDA IN BRIEF

## MADD Lobbies For Happy Hour Crackdown, 22 Other Bills

TALLAHASSEE (UPI) — Mothers Against Drunk Drivers endorsed a series of bills Monday that target drunken drivers, including one bill to do away with happy hours and a second to prohibit drinking alcohol in a moving car.

MADD, which actively supports 23 legislative actions, called upon several key legislators to present their case. Foremost among them was Senate Minority Leader Sen. Richard Langley, R-Clermont, who co-hosted the MADD news conference.

## Funchess Awaits Court Action

STARKE (UPI) — David Livingston Funchess, a decorated Vietnam War veteran, waited calmly today while the Supreme Court considered whether to delay his death in the electric chair, set for 12:01 p.m.

Funchess, 30, had been scheduled to die in Florida's electric chair at 7 a.m. for the murders of a man and a woman at a lounge 12 years ago. A three-judge panel of the 11th U.S. Circuit Court of Appeals in Atlanta rejected Funchess' appeal at 12:40 a.m., but delayed the execution for five hours to give the high court a chance to rule.

Michael Mellow, a lawyer for Funchess, said he had filed the appeal to the Supreme Court and was awaiting word from Washington on what action the justices would take.

## Hawkins Said To Be Doing Well

DURHAM, N.C. (UPI) — Aides to Sen. Paula Hawkins said Monday a second back operation for the Florida Republican in two weeks will not affect her tough re-election campaign.

Bill Hart said Hawkins was "doing very well" after Duke Medical Center doctors removed a ruptured piece of disc from her lower back. The 1 1/2-hour operation Monday morning was to relieve pressure on a nerve, which had been causing Hawkins chronic lower back pain, Hart said.

## Smith Back In Governor's Race

TALLAHASSEE (UPI) — Attorney General Jim Smith, whose year-long flirtation with the governor's race convinced some observers his political career was over, announced for the Democratic nomination Monday promising, "I'm going to prove a whole lot of political pros wrong."

# Court Refuses Orlando Appeal Hearing

WASHINGTON (UPI) — The Supreme Court refused Monday to meddle with a ruling that the city of Orlando cannot make protesters pay the cost of police services provided during a march.

The court refused to hear the case brought by Orlando seeking review of a ruling by the 11th Circuit Court of Appeals.

The appeals court in November 1985 ruled unconstitutional a city ordinance that required people wishing to demonstrate in city streets and parks to pay in advance an amount to cover the cost of additional police protection. The court said the ordinance violated First Amendment provisions guaranteeing freedom of speech and the right to assemble.

The case began in October 1983 when the Central Florida Nuclear Freeze Campaign applied for a permit to hold a rally and march in Orlando. Under the city code, the police chief determined that 21 additional police officers would be needed during the event and billed the group \$1,435.

The group sued and, although losing in district court, won on appeal.

Seeking high court review, the city argued the ordinance was

constitutional and necessary to cover the expense of such events.

"Parades, such as the event at issue in this case, whereby hundreds of marchers move for 2 1/2 hours through numerous city blocks in a busy downtown business section, blocking intersections and interrupting the orderly flow of both pedestrian and vehicular traffic, necessitate legitimate governmental concern and involvement," the city said.

The High Court announced actions in other matters on Monday:

—Ruled, in a 5-4 decision by Justice Sandra Day O'Connor, the First Amendment rights of newspapers engaged in public debate are more important than the rights of individuals. The case involved the Philadelphia Inquirer, which has been battling charges it libeled operators of a beer and beverage company in a story alleging they had links to organized crime. Chief Justice Warren Burger and Justices John Paul Stevens, Byron White and William Rehnquist dissented (Philadelphia Newspapers vs. Hepps, 84-1491).

—Ruled 6-3 that a judge is not required to award attorneys fees to the prevailing party in a civil rights suit when the suit is

settled by a consent decree. The case stemmed from a suit alleging deficiencies in the way mentally and emotionally handicapped youngsters are cared for in Idaho state institutions. Stevens wrote the opinion. Justices Thurgood Marshall, William Brennan and Harry Blackmun dissented (Evans vs. Jeff, 84-1288).

—On an 8-1 vote, ruled a federal appeals court went too far in reversing a decision denying federal overtime benefits to barge engineers on grounds they were seamen. The court said the appeals court wrongly conducted its own factfinding and remanded the case for more proceedings. Rehnquist wrote the opinion. Stevens dissented (Ice vs. Seafoods vs. Worthington, 85-195).

### Cases accepted

—Agreed to decide, in a case that could affect the rights of AIDS sufferers, if a person with a contagious disease is handicapped and therefore protected by federal anti-discrimination laws. A Florida school board is appealing a ruling that found tuberculosis was a handicap (School Board of Nassau County vs. Gene Arline, 85-1277).

—Agreed to decide, in a case involving Canadian film abut Bolkow Blohm vs. Walker, 85-999.

—Will define "political propaganda" in federal laws governing distribution of material in the United States by foreign governments (Meece vs. Keene, 85-1180).

—Agreed to decide if Missouri

violated the First Amendment when it denied unemployment benefits to a woman fired when she refused to work on her Sabbath (Wimberly vs. Labor and Industrial Relations Commission, 85-129).

—Accepted the appeal of an Ohio woman, who claimed self-defense but was convicted of murder in the death of her 68-year-old husband. The issue is whether Ohio law unconstitutionally requires people who claim self-defense to prove themselves innocent of murder (Martin vs. Ohio, 85-6481).

—Agreed to decide to what extent parties in a lawsuit must use the procedures of The Hague Evidence Convention to obtain evidence from nations that have ratified the agreement (Messerschmitt Bolkow Blohm vs. Walker, 85-999).

—Will decide the legality of agreements not to sue police officers in return for a prosecutor's promise to drop pending criminal charges (Town of Newton, N.H. vs. Rumery, 85-1449).

### Cases rejected

—Rejected the appeal of U.S. District Judge Harry Claiborne, who was convicted and sentenced to two years in prison for failing to report \$108,000 in income (Claiborne vs. USA, 85-1197).

—Let stand a lower court ruling that the Food and Drug Administration followed proper procedures in approving the use of aspartame, the artificial sweetener marketed as NutraSweet.

# Petitions Prompt Delay In Parking Discussions

Petitions with more than 100 signatures have prompted Sanford commissioners to hold off on determinations on the granting of parking variances at 10 multiple unit dwellings in an area the city rezoned from multi-family to single family residential in 1983.

The petitioners, who include Commissioner John Mercer, have called for the city to uphold the letter of the law, not only in regard to the parking requirements, but for "all the ordinances, codes and policies" pertaining to the licensing and conversion of single family residences to multi-family dwellings.

A local citizens' group is compiling a list of possible violations of these requirements and will present it to the city by May 12, said Mercer, who has termed the movement "a very, very positive thing."

"It's a measure to make sure that there are no exceptions to the rules that were adopted two years ago to upgrade that area and protect those people who rent apartments there," Mercer said.

The 1983 rezoning involved a nine block area lying between Sanford and Laurel Avenues and Fourth and 13th Streets. When

it was adopted, multi-family dwelling owners were given until October of 1985 to implement safety features such as fire walls, smoke detectors and lighting, as well as comply with parking requirements for 1.5 spaces for each unit in the dwelling. The rezoning also immediately prohibited area property owners from converting their structures into multi-family dwellings, although according to the petitioners, the conversions may have continued.

Commissioners have directed staff to hold all building permits for structures in the area until at least May 19, when they and the citizens group will meet to discuss the situation's status.

As matters presently stand, the city knows of nine properties that have not been brought into compliance with the rezoning's parking requirements. Prior to their receipt of the petitions, commissioners had been debating whether to grant considerations to these property owners. City staff had recommended the considerations due to the properties' having insufficient available area for off street parking as well as the trees that would have to be felled to create the lots.

—Karen Talley

# Lake Mary Considers Fees

Lake Mary city commissioners will consider adopting an Interim Voluntary Commitment resolution for impact fees at their May 1 meeting, based on a proposed fee collection schedule presented by Commissioner Buzz Petaos Thursday night.

The fees schedule will be used to assess developers within the city until a final recommendation is made by the city's impact fee committee, which is expected this summer.

Mayor Dick Fess supports the fees, because "Any new project decreases services to other areas in the city." He said fees should

be spent on capital improvements for the area of the developments.

According to the fee schedule developed by Petaos, the proposed fees are as follows: law enforcement—\$42 per dwelling unit, four cents per square foot for commercial developments; fire protection—\$100 per dwelling unit, \$82 per multi-dwelling unit, nine cents per square foot, commercial, seven cents industrial, and sixteen cents office; drainage/public works—\$150 per dwelling unit, twenty-five cents per square foot commercial.

# WEATHER

**NATIONAL REPORT:** A blast of frigid Canadian air stung the nation's midsection today, spreading record cold temperatures in the 20s from the Plains to the Great Lakes and threatening fruit crops in Ohio and Indiana. The temperature early today fell to 27 degrees in Chicago, snapping a record of 29 set in 1873. Readings in the 20s and 30s set new marks in Alabama, Ohio, Indiana, Iowa and Wisconsin, where it was only 21 degrees in Madison. Frost and freeze warnings were posted from eastern Kansas to western Ohio, and strong winds lashing the Great Lakes dropped wind chill readings as low as 10 degrees below zero. "It's just really cold Canadian air with nothing to stop it," said NWS meteorologist Scott Taney. Agricultural experts said the record cold threatened up to 90 percent of the apple and peach trees in Ohio and Indiana. "I'm not sure there is a whole lot they can do right now" to prevent damage, said Jeff Burbrink, agricultural extension agent in Elkhart County, Ind. Some fruit growers said they might hire helicopters to force warmer air down onto the trees. "The first thing I'm going to do in the morning is call the helicopter people and have

them on standby alert." Mitchell Lynd of Lynd Fruit Farms in Pataakala, Ohio, said late Monday, Snow dusted the Great Lakes, and rain reached from the Ohio and Tennessee valleys to New England and parts of the middle and southern Atlantic coast. Rain also doused the central and southern Rockies, the Plateau and the Northern Pacific coast. On Monday, cold and snow forced postponement of the Chicago Cubs' home game with St. Louis. Runners for the 90th annual Boston Marathon warmed up briskly in 57-degree weather. Snow and slippery roads greeted winter-weary motorists in Michigan, where 2 inches of snow fell at Marquette. Hurley, Wis., was hit with 1 inch. "We were definitely surprised to see the snow," said Lori Maki, a clerk at the Hurley, Wis., Holiday Inn.

**AREA READINGS (9 a.m.):** temperature: 69; overnight low: 54; Monday's high: 84; barometric pressure: 30.28; relative humidity: 68 percent; wind: West at 8 mph; rain: Trace; sunrise: 5:53 a.m.; sunset: 6:56 p.m.

**WEDNESDAY TIDES:** Daytona Beach: high, 6:50

a.m., 7:14 p.m.; lows, 12:27 a.m., 12:38 p.m.; Fort Canaveral: high, 7:10 a.m., 7:34 p.m.; lows, 12:47 a.m., 12:58 p.m.; Baysport: high, 6:30 a.m., 7:04 p.m.; lows, 12:31 a.m., 12:43p.m.

**EXTENDED REPORT:** Mostly fair through period. Rather cool Thursday warming to about normal for the season by Saturday. Lows averaging from around 50 extreme north 60s south but near 70 in the Keys. High averaging near 70 extreme north to upper 70s south.

**AREA FORECAST:** Today...partly cloudy with widely scattered morning showers. Not as warm with highs in the mid to upper 70s. West to northwest wind 10 to 15 mph. Rain chance 30 percent. Tonight...fair and cool. Low in the mid to upper 40s. Light north wind. Wednesday...mostly sunny and cool. High near 70. North wind 10 to 15 mph.

**BOATING FORECAST:** St. Augustine to Jupiter inlet out 50 miles — West to northwest wind around 15 knots becoming north 15 to 20 knots tonight and Wednesday. Sea 3 to 5 feet. Bay and inland waters choppy. A few showers today then fair.

# Order From Escort Service Results In Escort To Jail

## JOHN CHARGE

A 28-year-old Sanford man called an escort service, ordered a "date" and allegedly offered the woman who met him at a Sanford motel \$75 for sex. He got more than he bargained for. He was arrested.

The woman who met the suspect at the Cavalier Motel, U.S. Highway 17-92, was a confidential informant and two Orlando Metropolitan Bureau of Investigation agents who, because of a microphone in the woman's possession, overheard the man's alleged offer of cash for sex, arrested him.

Joseph John Proudfoot of 2408 Holly Ave., was charged with assignment to commit prostitution at 5:49 p.m. Saturday at the motel. He has been released on \$1,000 bond to appear in court May 30.

## BATTERED HOME & WOMAN

Lake Mary police reported charging a 26-year-old Longwood man with burglary, battery, aggravated assault and criminal mischief after he allegedly entered a Lake Mary home, punched and choked a woman, knocked holes in the wall of the home with his fists and tried to run over a neighbor who was coming to the aid of the woman and her children.

Deborah Rose Ohmer of 134 Fourth St., whose neighbor called police when he heard her and her children screaming for help Saturday, told police the man forced entry into her home, ripped out the telephones and attacked her. Police noted injuries to her face and throat. Damage to the home was estimated at \$800.

Her neighbor, Edlow Sasser, told police when he tried to aid Ms. Ohmer, the suspect, who was leaving, tried to run over him with his vehicle.

Ms. Ohmer gave police a suspect's address.

Thomas Lee Bushor of 224 Acorn St. was arrested at his home at 1:53 a.m. Sunday. He was being held in lieu of \$5,000 bond.

The reason for the attack was not reported by police.

## CHASED KID, JAILED

A 32-year-old Winter Springs man who reportedly chased a small boy from his home was arrested for possession of less than 20 grams of marijuana and drug paraphernalia after the boy's mother complained to police that her son had been scared by the man.

When police questioned the

## Action Reports

suspect about the confrontation with the boy at his home at about 12:30 a.m. Saturday they reported seeing a small quantity of marijuana and a smoking pipe in his home.

Robert Cutler, 32, of 1487 Casa Park Circle has been released on \$1,000 bond to appear in court May 5.

## WHEEL TOSS AT LAW

Two Orange County sheriff's deputies, who pursued a vehicle into Seminole County with the chase ending on Winter Garden Boulevard in Caselberry after wheels were tossed from the fleeing car at the deputies' vehicle, arrested a suspect.

When the 1967 Oldsmobile was abandoned, the suspect fled but was captured nearby by a Seminole County sheriff's deputy, an arrest report said.

The man was booked at the Seminole County jail at about 5 a.m. Sunday and has been charged in connection with an Orange County grand theft and traffic offenses. Robert Sterling Wilson, 24, of 202 Lincolnshire Road, Winter Park, has been turned over to Orange County authorities.

## KNIFEMAN

A man, who allegedly pulled a knife on another man who was using a payphone, fled into a wooded area when the victim ran into a nearby Chevron station and the attendant called Altamonte Springs police.

Police found the suspect in woods near Brantley Square, State Road 436, and subdued and arrested him at about 4:45 a.m. Friday. The man reportedly struggled with police and was armed with a pocket knife.

Rodney W. McElwain, 20, of 10 N. MacGee Ave., Apopka, has been charged with aggravated assault and resisting arrest. He has been released on \$1,000 bond to appear in court May 5.

## POWDERY BILL

Seminole County sheriff's deputies who searched two restrooms at Club 2 Spot, Brisson Avenue at State Road 46, east of Sanford, spotted a nervous man who dropped a partially rolled dollar to the floor.

Deputies retrieved the bill and reported it contained white powder. The man was arrested at about 11 p.m. Friday and deputies reported finding 13 small foil packets of cocaine in his pocket.

Willie Gaines, 22, of 2370 Gramby St., Sanford, has been charged with possession of cocaine and possession with intent to distribute. He was being held in lieu of \$5,000 bond.

## AUTO THEFT ARREST

A 30-year-old Sanford man who allegedly stole his father's truck from their home has been charged with grand theft auto.

Seminole County sheriff's deputies reported the victim called them to his home at 4731 Douglas Ave., and alleged that his son had stolen his 1968 GMC truck. He told deputies the suspect might be at the Waffle House on State Road 46, west of Sanford.

The suspect was located there at about 1:45 a.m. Sunday and arrested. Edwin Scott has also been charged with driving with a suspended license and was being held in lieu of \$1,000 bond.

## SPOUSE BITE

Seminole County sheriff's deputies called to settle a domestic dispute at 208 #2708 Dodd Road, Caselberry, reported charging a man with battery-spouse abuse after noting his wife apparently had been bitten and bruised.

Carl Edward Withrow, 27, was arrested at his home at about 12:50 p.m. Saturday. He has been released on \$500 bond to appear in court May 30.

## TRIO ARREST

Three Brevard County residents, including a woman wanted on a Brevard County warrant, were charged by Oviedo police in connection with the possession of marijuana, cocaine and drug paraphernalia.

The three were spotted in a car on State Road 419 at Lockwood Drive and police determined Jeanette Heiga Parrish, 27, of Cocoa, was wanted. Police reported spotting partially smoked pot cigarettes in the car and in a search reported finding a small quantity of pot and cocaine.

Randall William Behe, 25, and Randall Elliott Schultz, 25, both of Cape Canaveral, were also arrested. Behe, the only one charged in connection with possession of cocaine, was being held in lieu of \$5,000 bond. Ms. Parrish was being held in lieu of \$500 bond and Schultz has been released on \$500 bond.

## No Crime Stopper

This poster in the window of A & N Sports Shop, 301 N. French Ave., proved to be no deterrent to vandals as the small bullet hole

attests. BB gun snipers swept through Sanford last week leaving a trail of similar punctures through the area.

## DUI ARRESTS

The following persons have been arrested in Seminole County on a charge of driving under the influence:

—Ronald Smith, 33, 3182 Tibago Court, Apopka, was arrested at 5:30 a.m. Friday, after his car was in an accident on U.S. Highway 17-92, Fern Park. He was also charged with careless driving.

—Alvin Cornell Williams, 31, of 2470 Randolph St., Sanford, at 5:20 p.m. Friday, on Dogtrack Road, Longwood, after a woman alerted police to a possible drunk driver. He was also charged with driving without a license and failure to use due care.

—Maria Graciella Zavala, 22, of Astatula, at 1:14 a.m. Friday, after his car was seen crossing the centerline of State Road 436, Altamonte Springs.

—Michael Eugene Hermann, 33, of 2118 Deanna Drive, Apopka, at 9:04 p.m. Thursday after he was seen driving erratically on State Road 436, Altamonte Springs.

—Sean Michael Sharrow, 19, of 123 W. Coleman Circle, Sanford,

at 3:15 a.m. Friday after his speeding vehicle almost collided with another car on Airport Boulevard in Sanford.

—Thomas Anthony Been, 25, of 487 Dogwood Court, Altamonte Springs, at 6:15 a.m. Friday after his car was in an accident on Carlisle Ave at Clemson Drive. He has also been charged with leaving the scene of an accident and careless driving.

—Rickey Eugene Swift, 32, of 1808 Encino Way, Altamonte Springs, at 6:25 p.m. Saturday after his car was in an accident on State Road 46, west of Sanford.

## BURGLARIES & THEFTS

Two motorcycle helmets equipped with stereos and microphones with a value of \$546 were stolen from the home of Louis Robert Peatross, 50, of 1320 Windsor Ave., Altamonte Springs, on Friday, a sheriff's report said.

A necklace, about \$450 cash and an undetermined amount of coins were stolen from the home of Michael Cunningham, 33, of 5699 Deerpath, Lake Monroe, on

Friday or Saturday. Sheriff's deputies reported the total loss was estimated at about \$700.

Sheriff's deputies have the name of a suspect who may have stolen \$1,200 worth of items including a handgun, a cassette recorder, a television and a video recorder from the home of Irving E. Hamilton, 1191 Wekiva Springs Road, Longwood, on Saturday.

Caroline Ann Fox, 30, of 188 Washington Ave., Lake Mary, reported to sheriff's deputies that her 1972 Mazda valued at \$10,000 was stolen Sunday while parked on Grant Line Road, Paola, Ms. Fox told deputies she had left her purse and car keys in the unlocked vehicle. The purse and its contents were valued at \$65.

Robert Michael Block, 26, of Orlando, has given Seminole County sheriff's deputies the name of a woman he alleges picked his pocket and took \$160 as they sat together in his truck at Fern Park Station, Fern Park, at about midnight Sunday.

## FIRE CALLS

The Lake Mary Fire Department has responded to the following calls:

### FRIDAY

— 11:12 a.m., Seaboard Coastline tracks and Longwood-Lake Mary Rd, brush fire. About 15 acres of brush were burned. Seminole County Fire Department assisted in extinguishing the fire.

— 4:31 p.m., Lake Mary Blvd. and Rinehart Rd., reported brush fire was a controlled burn. No hazard was found, and no action was taken.

### SATURDAY

— 3:35 p.m., Stromberg-Carlson, Rinehart Rd., bomb threat. A bomb threat was called into Stromberg-Carlson security. Fire department was refused entry to property, but remained on standby until it was determined there was no danger.

### SUNDAY

— 3:17 p.m., 774 Pondview Ct., rescuers were unable to revive a 65-year-old man found in the bedroom of his home by his wife.

He was transported to the hospital.

— 4:46 p.m., westbound side of I-4 at 99 mile marker, accident clean-up. No injuries were reported in a minor two car accident, however the road was holed down.

The Sanford Fire Department has responded to the following calls:

### SUNDAY

— 11:04 a.m., 1101 Mangoustine Ave., rescue. A 68-year-old man suffering from chest pains was transported to the hospital.

— 3:11 p.m., 1903 Cedar Ave., rescue. A 57-year-old man who had suffered a possible seizure was transported to the hospital.

— 3:52 p.m., Seventh Street and Pecan Avenue, fire. A brush fire of undetermined origin was extinguished by firemen. No damage was reported.

— 10:35 p.m., 25th Street and Mellonville Avenue, rescue. A 15-year-old Oviedo girl suffering from abdominal pain received assistance from firemen.

## CALENDAR

### TUESDAY, APRIL 22

LIVE It Up Rally for volunteers, 4:30 to 7 p.m., Expo Center, Orlando. Entertainment, prizes and refreshments. Sponsored by Volunteer Center of Central Florida.

TOPS Chapter 79, 6:15-8:15 p.m., new CIA building, Lake Mary.

24-Hour AA group beginners open discussion, 8 p.m., Second and Bay Streets, Sanford.

17-92 Group AA, 8 p.m., closed, Messiah Lutheran Church, 17-92 and Dogtrack Road.

Overeaters Anonymous, open, 7:30 p.m., Florida Power & Light, 301 S. Myrtle Ave., Sanford.

## NCNB PERSONAL LOANS

If you really want fast answers on loans, ask a bank that really delivers: NCNB. We'll give you an answer in eight business hours or less, guaranteed. And if your loan is approved, we'll put the money in your hands in that same record time.

Fast service on personal loans. Just one of the ways we're working to be the best bank in the neighborhood.

Visit your neighborhood NCNB office at 3850 Orlando Drive, Sanford. Member FDIC.

# Merit Raises Approved

More than half of City of Lake Mary's employees will receive merit pay raises ranging from three to nine percent retroactive to April 1, according to Mayor Dick Fess.

The commission approved the raises at their Thursday night meeting.

In other action taken, the commission unanimously approved:

- the request for site plan review for the construction of a commercial building at Lake Mary Commerce Center by De-I-Air Centre;
- changed the zoning from

R-1A Single Family Residential to Professional Office, lot 13, Crystal Lake Park, at the northeast corner of First Street and Wilbur Avenue by Paul & Patricia Bibby (first reading);

- a request for conditional use for the purpose of using the existing pottery building as the site of a family owned-operated wholesale pottery business in an area zoned A1, located between Shealey Road and Rantoul Lane, by George & Donna McCarter;
- a request for conditional use for the purpose of constructing a drive up banking facility in an area zoned C1 and PO near Sun

Drive and Lake Mary Boulevard by Barnett Bank;

- an ordinance on the Public Projects Fund Budget on first reading.

Delayed until April 25 was a request for a hearing on the proposed Development Order for Timacuan Development of Regional Impact by Dr. Hubert Earley.

Delayed until May 1 was a request for site plan review for the construction of a commercial building in an area zoned C1 on the south side of Lake Mary Boulevard.

# Glenn Announces

Seminole County Commissioner Sandra Glenn has officially announced that she will seek re-election to the district four seat.

Mrs. Glenn, serving her second term on the county commission, served four years on the Altamonte Springs City Commission.

She was chairman of the county commission in 1983 and 1984. Among her activities, Mrs. Glenn represents the county on the State Association of County Commissioners board of directors, the East Central Florida Regional Plan-

ning Council board and the Metropolitan Planning Organization.

She also serves as the governor's appointee to the Health and Rehabilitative Services Regional Advisory Board, the Corrections Regional Advisory Board, the Criminal Justice Regional Advisory Board and as a member of the study committee of Substate District Boundaries for Growth Management.

Mrs. Glenn is chairman of the regional planning council's urban rural systems committee, member of the State

Sandra Glenn

Association of Regional Planning Councils, Seminole Community College advisory board and serves on various transportation committees.

# Mob War Feared In Wake Of Intense Prosecution

NEW YORK (UPI) — The unprecedented federal indictments against the nation's five most powerful organized crime families are having dire consequences for reputed mobsters — and could hurt innocent New Yorkers.

In the past four months, two top Mafia bosses have been slain, raising the specter of an all-out gang war on New York City streets that could trap innocent bystanders. Defense attorneys also worry that suspected mobsters cannot get a fair trial.

Ronald Goldstock, director of

the state Organized Crime Task Force, said the underworld has been turned upside down by federal prosecutors and resulting gang rubeouts, such as a car bombing that blew a Gambino family underboss to bits last Sunday.

"I don't think people should be afraid of walking down the street because a bomb will blow up," he said. "But with such instability, you will continue to see such random acts of killing."

Edward McDonald, chief of the federal Organized Crime Task Force in New York, agreed. "Law enforcement experts are

in accord that we should expect like kind of incidents to occur," he wrote in a letter to a federal judge presiding over one of the mob trials.

Goldstock explained. "The leaders of families are on trial or awaiting trial with large numbers of their crews. Voids are created by killings and incarcerations and the low-level people are moving up quickly."

He pointed to the gangland slayings Dec. 18 of Gambino godfather and underworld boss of bosses, Paul "Big Paul" Castellano and the car bombing

as evidence of mob uneasiness.

Castellano, 73, and his heir apparent, Thomas Bilotti, 47, were shot by three gunmen in trenchcoats outside Sparks Steak House in midtown Manhattan at the height of rush hour.

Authorities believe the Mafia chieftain was vulnerable because he was on trial with nine alleged cohorts for running a murderous auto theft ring.

Frank DeCicco, 52, the underboss of the Gambino mob, was blasted to death by a car bomb last Sunday that severely

injured a reputed high-ranking member of the Lucchese crime family.

Two passersby — a police officer and a woman — were slightly injured in the explosion.

Authorities speculate that DeCicco was rubbed out in revenge for the slaying of Castellano. Officials say the underboss may have set up his friend and godfather for execution to grab power.

John Gottl, who reportedly replaced Castellano as head of the Gambino gang, is said to have bestowed the title of un-

derboss on DeCicco as payment for services rendered.

But Barry Slotnick, whose law firm has among its clients many reputed Mafia, said the killings are being blown out of proportion and the hullabaloo was jeopardizing the chance defendants in the numerous trials of suspected mobsters have for a fair shake.

"The end result is people on trial in the so-called mob cases are being dealt with unfairly in that there is an inability to obtain a fair and impartial jury," he said.

## Likely Candidate For Next Ouster

Chile is a more likely candidate than South Korea for a rerun of the internal protests and outside pressure from Washington that helped boot Jean-Claude Duvalier out of Haiti and Ferdinand Marcos out of the Philippines. Which means that, for the moment, the Reagan administration should be pressing harder for democracy in Santiago than in Seoul. Here's why:

Chile's dictator, 70-year-old army Gen. Augusto Pinochet, is demonstrably unpopular and essentially a spent force after 12 years in power. He deserves credit for helping to overthrow the left-wing Allende government, a neo-Marxist regime that had ruined the Chilean economy and was flirting ominously with Fidel Castro. But the general and his fellow coup makers also deserve the moral disgrace attendant to the gross brutalities that followed, including the torture and murder of many hundreds and perhaps several thousand leftists, real and suspected.

Gen. Pinochet has justified his authoritarian rule as essential to reordering the economy, dismantling a communist underground, and preparing the way for a return to Chile's traditional democracy. It is long past time for this latter promise especially to be honored. Yes, communists still set off an occasional bomb or daub slogans on walls. But Chile's political spectrum is hardly less opposed than the generals to extremists of the left.

Things are less clear cut in South Korea. President Chun Doo Hwan, a tough former general, presides over a regime that is moderately repressive. But he has also delivered a booming economy and maintained a strong, effective military, essential for deterring attack by North Korea's unpredictable communist dictator, Kim Il-Sung. President Chun's government tolerates some forms of political opposition, including opposition parties and an anti-government minority in the national legislature. But the Chun regime, like its predecessor, keeps South Korea's growing movement for democracy well away from any real levers of power.

At the moment, the opposition's principal issue is its drive for direct, popular elections for president. Mr. Chun is promising presidential elections by 1989 but only through an electoral college system that favors the government. Direct elections would offer reform-minded South Koreans a chance to achieve power.

The Reagan administration should be, and in fact is, encouraging more democracy in South Korea; partly because it is the right thing to do and partly because those backing liberalization may well be in power within a few years. But circumstances in Korea call for considerable caution in pressing for democratic reforms. The great risk for Korea, and for American policy in Asia, is that too much pressure for liberalization might destabilize the Chun government. That, in turn, could tempt the aging Kim Il-Sung, who has long vowed to conquer South Korea before he dies, to send his Soviet-equipped armies south.

Forestalling this ultimate disaster requires that American pressure on President Chun's government be thoughtfully applied. This is not to argue against that pressure — indeed, America's long-range interests will best be served by an orderly evolution toward a true democracy in South Korea. In the meantime, there need be few restraints in letting Chileans know that Gen. Pinochet is not Washington's man.

## Slam-Dunk For Bradley In World Arena

I used to watch the New York Knicks play basketball. My favorite player was Bill Bradley. He wasn't the tallest, strongest or fastest Knick. However, he had assets. He could shoot the eyes out of the basket. He could pass magnificently, and the Knicks' strategy was always to "find the open man." Most of all, Bradley knew that individual skills in basketball could be boosted to an art form only when the players understood that the game was a team sport. Good players got headlines. Good teams won championships.

Bill Bradley is now a senator from New Jersey. His style hasn't changed. He's still no grandstander. He can still find the open target of opportunity. And he knows that politics, too, is a vocation that rewards creativity most when it is played as a team sport.

Enough metaphorical hoopla. Bradley spoke last weekend at the defense and foreign policy hearings of the Democratic Policy Commission. The meetings were put together by Rep. Les Aspin, D-Wis. It is Aspin's political goal to set the Democratic Party on a tough-minded course on international issues. He doesn't want it said again that the "Democrats are soft on defense."

Specifically, Aspin is looking for issues where Democrats, as a team, can be in favor of things in the international realm; they are usually portrayed as "aggressors."

Bradley delivered the goods. He proposes a strategy for dealing with the Soviet Union that is singularly Democratic and yet very tough.

Bradley says the Russians are in deep trouble. The falling price of oil has sharply cut their supply of hard currency. Economic productivity has been falling steadily for a decade. They have been forced to spend less money on health care.

Bradley spent time in Russia talking to economic officials. He says that the only way the Russians can internally solve their problems is by changing their economic philosophy. To do that right, says Bradley, they would have to move a long way toward a free market system. But, Bradley goes on, Gorbachev will probably only be able to tinker with changes. To do more would mean that communist bureaucrats would have to give up much economic and political control. That would endanger the very existence of the Soviet regime.

So the Soviets are in a box. Bradley notes that

Gorbachev's easiest way out would be to import technology from the Western nations. The imports would have to be bought on credit — alas, the Soviets don't have the cash.

Well, asks Bradley, should we help the Soviets? He says that many businessmen and bankers in America and the other Western nations, are always willing to pump out credit for the Russians. (With a nice partisan touch, Bradley notes that in America the banker-types are typically Republicans.)

But Bradley says giving credit to the Soviets is bad business — unless we can get concessions in return. He says the Western nations should try to get together and ration credit to the Russians. Thus, if the Russians stop fomenting insurgencies, if they get out of Afghanistan, if they negotiate reasonably on nuclear and conventional arms, if they behave themselves on human rights — then sure, says Bradley, let's help them. If they don't meet us, at least part of the way, let them stew in their own communist economic mess.

### SCIENCE WORLD

## Clogs Aid Some MS Victims

By Jan Ziegler  
UPI Science Writer

WASHINGTON (UPI) — A clog-style shoe that can help some immobile victims of multiple sclerosis, arthritis and stroke walk again has been getting a lot of publicity lately, but is not a cure-all, doctors and the clog's developer say.

The clog, called the "Clawson Rocker," is named after Carolyn Clawson, a cheerful 55-year-old multiple sclerosis victim responsible for its development over 18 years.

Clawson has appeared on network television, demonstrating dramatically that although she can hold herself upright, she cannot walk without the clog.

In fact, she had been using canes and for four months needed a wheelchair to move about because walking had become so exhausting before a friend brought her some clogs from Europe.

"This was an ordinary clog. The only thing that was unique was that it had a very unique dimension. I personally feel it was given to me (for a purpose), to tell you the truth," she said in a telephone interview.

Working with specialists, Clawson modified the clog to make its base more stable and fit it more closely to the foot. She set up a company called New Freedom, Inc., in her hometown of Rexford, Idaho, to market it.

Dr. Jacqueline Perry, an orthopedic surgeon at Rancho Los Amigos Hospital in Downey, Calif., published a study detailing how the clog works.

New Freedom has devised a questionnaire to determine whom the clog can help. Those most likely to benefit are people who have muscle tightening or spasticity and cannot use their ankles and knees, but who still have calf strength.

"You must be able to support your own weight and rock some, even though it may be difficult," she said.

In this category, besides multiple sclerosis victims, are some arthritics, stroke patients and victims of cerebral palsy.

Those who cannot benefit are people who have lost their sense of equilibrium and cannot feel the ground, she said.

Dr. Robert Slater, vice president for medical and community services at the National Multiple Sclerosis Society in New York, said, "Our opinion is that this shoe can clearly be of help in selected individuals who have really what is medically defined as a certain combination of weakness and spasticity."

### JACK ANDERSON

## Nixon Fiddled When Khadafy Couped

By Jack Anderson  
And Joseph Spear

WASHINGTON — In past reports, we have charged that Moammar Khadafy could not have gained power in Libya without the sufferance of the Nixon administration. Here's more of the hidden history:

Richard Nixon and his foreign policy whiz, Henry Kissinger, stood by while Khadafy, as boss of a tiny gang of young conspirators, seized power in Libya in 1969. The Nixon team also showed no particular concern when the usurper displayed all the symptoms of a deep hostility toward the United States.

From the first day, the Khadafy revolution acted out a progressively widening animus so blatant as to make the new regime's survival a distinct frontal challenge to U.S. interests. His attitude toward the United States was bellicose. He was clearly determined to shift the balance of power in the Arab world away from conservative, pro-Western, commerce-as-usual quick-

JEFFREY HART

## Shame In Shantytown

Though a professor at Dartmouth and therefore naturally in the midst of the shanty mess, I have refrained from writing about it lately for two reasons. First, because it has been so thoroughly covered, and on the whole covered reasonably well, in the national media, with Governor John Sununu and Senator Gordon Humphrey of New Hampshire castigating the college for its handling of the affair. And, second, because I wanted to probe beneath the unfolding events to grasp what is really going on here and on other campuses. A lot is going on.

To recap the surface events. One group of students last fall erected five plywood shanties on the Dartmouth common green, ostensibly to protest apartheid in South Africa. In doing so, they twice defied direct orders from the dean of the college. They twice occupied the office of the college president and the administration building. In the end, they resisted attempts to dismantle a remaining shanty, and were arrested, one of the students for fighting with a cop.

These students violated any number of college rules, not to mention local laws. Not only was no college action taken against them, the president agreed to their demand to cancel classes in order to discuss "racism" and what have you, also agreed to plant a tree to commemorate the shanties, and raised his baritone with the shantytites to the strains of "We Shall Overcome." Much of the Dartmouth faculty expressed "solidarity" with the shanty movement.

Meanwhile, 10 students who tried to dismantle the shanties on their own have been hauled before two disciplinary committees and suspended from the college, despite the cogency of their defense: the dismantling was equally a symbolic

action, designed to return the green to the whole student body.

Out at Berkeley, things got characteristically more violent, with shanties leading to 91 arrests, 29 injuries, firebombs and attempted arson.

The leaders of the campus anti-apartheid movement, however, have let on that it involves much more than South Africa.

Scott Nova, a Dartmouth junior from Greenwich, Conn., for example, says that "to limit the movement to one issue is to miss the point." And, what is "the point?" As others have made clear, the issue is U.S. "imperialism." U.S. policy in Central America, nuclear disarmament (ours), "imperialism," and, as always, "racism." That is, the more conscious students in the movement regard themselves as anti-Western revolutionaries allied with revolutionary movements in the Third World. They are also revolutionary in their intent on a whole range of domestic issues. In all of this, they have the backing and often the guidance of a substantial segment of the faculties on campuses across the country.

In domestic terms, of course, they are bitter about racism, sexism, elitism and homophobia. In practice, all of these terms are hate-filled buzzwords directed at their own society.

Taxonomically, these people are "vulgar Marxists," vulgar because they know nothing of the dialectic or the classic texts, but Marxists because of their hatred of everything that actually exists in their own society.

Call it what you will, "vulgar Marxism," "Liberal Fascism," "Stalinism" — the temper of the campus liberal mind is today increasingly totalitarian.

### WASHINGTON WORLD

## Congress Consulted Too Late

By Steve Gerstel

WASHINGTON (UPI) — Every time a president undertakes a military mission on his own — and there have been many since the last declaration of war — Congress is overcome with a sense of impotence.

This frustration exists even if the operation — the bombing raid on Libya and the invasion of Grenada are good examples — meets with overwhelming favor on Capitol Hill.

What grinds is the feeling, shared by some of the top leaders as well as the shock troops, is that Congress has only the most limited role in the process that leads to the use of America's military power.

As easy as it is to forget, the Constitution grants the power of declaring war to Congress — not to the president. Yet, the United States has not declared war since 1941.

During a long post-World War II period, which included the U.N. police action in Korea and the sending of U.S. Marines into Lebanon, Congress tacitly accepted its secondary status — and continued to do so until the realization sank in that President Johnson duped the Senate and House with the Gulf of Tonkin resolution.

That resolution, which was approved unanimously in the House and with only two dissenting votes in the Senate, gave Johnson carte blanche authority to wage war in Vietnam.

Out of that conflict came the War Powers Resolution, drafted to give Congress a greater say in conduct of military endeavors that fall short of war. A key provision of the resolution is that it requires substantive consultation, in advance, with Congress.

That provision was tested in last week's bombing raid on Libya. Whether the White House met the requirement is in question.

It was not until Monday at about 4 p.m. that congressional leaders from both parties went to the White House and were told that a fleet of F-111s was on its way from bases in England to bomb targets in Libya.

Senate Republican leader Robert Dole, backed by Lugar, said the delegation was told early enough so that the planes could have turned back. That may be true, logistically, but it is hard to believe Reagan would have aborted the mission.

Dole insists the White House was "substantially" in compliance with the War Powers Resolution. Senate Democratic leader Robert Byrd claims the leaders were told — not consulted.

ence to radical, anti-Western, commerce-be-damned agitation.

As a determined revolutionary and religious zealot driven at once by idealism and hatred, Khadafy was obliged to take steps that were dramatic, shocking and punitive. He outlawed the teaching of English in the schools, harassed American Peace Corps volunteers out of Libya, turned Christian churches and Jewish synagogues into mosques and decreed that all businesses must be owned by "Arab Libyans."

Then he began a campaign to expel Americans from their great air base at Wheelus. This was the home of thousands of U.S. airmen, training center for NATO bombing forces and bastion of Western security in the Mediterranean.

Khadafy was considered so vulnerable at first, according to a Pentagon assessment, that an invasion by two Marine divisions was considered more than enough to topple his revolution and secure the oil fields from sabotage. The CIA

contended that the Marines wouldn't even be necessary, that it would be simple to engineer a coup and replace Khadafy with a leader more friendly to the West.

Action against Khadafy, whether overt or covert, could also have been justified. We would have been acting not as an aggressor but as the defender of the lawful government, interceding at its request to oust a usurper.

Instead, Washington backed down every time Khadafy staged an incident to test U.S. resolve. In a matter of months, the United States began evacuating all military personnel from Wheelus without even contesting the matter. As the Americans departed, Khadafy triumphantly pledged "to put all my country's resources at the disposal of the confrontation states."

We have it from Henry Kissinger that the U.S. government debated whether to accept or reject the Khadafy coup and that Kissinger had analyses made of various ac-

tions that could be taken. What then, with the redoubtable Richard Nixon at bat, was the rationale behind the benign policy toward Khadafy?

The official State Department explanation, given to a Senate inquiry, was that there was a local intelligence failure. Here's what the Senate reported:

"The U.S. Embassy in Tripoli had not anticipated the Libya coup. The young military officers (who plotted the coup) were not known to U.S. government officials. The U.S. government therefore did not anticipate the radical changes which were to follow..."

In the months after he assumed power, Khadafy took additional steps to strengthen his hold on Libya, and each time the United States backed down. But for Washington's equivocation and tepidity, Khadafy would not have been stirring up trouble in the Mediterranean 17 years later.

## Brantley To Bank On Bats Tonight

### Ferrell 'Draws' Mixed Emotions

Mike Ferrell, who one would think would be on top of the world after his district draw, wasn't jumping for joy Monday afternoon when he found out his Seminoles would open the Class 4A-9 Baseball Tournament with Lyman.

"I've got mixed emotions," Ferrell said about his fourth meeting with the Greyhounds. "We've played three times and played pretty well against Lyman. That could be something in their favor. But it's tough to keep beating the same team."

The Seminoles have not just beaten the Greyhounds this spring, they have beaten them like a drum. Seminole ace Brian Sheffield shut out the 'Hounds on five hits in the first meeting and no-hit them the second time around.

Lyman finally scored in the third meeting against Mike Edwards. It came at 8:33 p.m. on Friday, April 4. Darren Boyesen tripled home John Bane in the bottom of the fourth inning. It broke a string of 17 1/2 innings of scoreless hurling.

Sheffield, who came on to shut down Lyman again with 2 1/2 near perfect innings, has pitched 16 1/2 innings against the 'Hounds. He has given up just five hits and struck out 23.

It will be Sheffield against Byron Overstreet again today at 2 p.m. — but Ferrell isn't counting it in the 'W' column yet.

"Our guys will have a definite positive approach," the second-year Seminole coach said. "But it will be a tough game. Overstreet will be tough as he usually is and hopefully Sheffield will be, too."

Lake Mary, of course, is an overwhelming favorite in today's 4:30 game against Daytona Beach Mainland. "We've played them twice and beaten them easily," Coach Allen Tuttle said. "But we haven't seen their best pitcher yet. They haven't hit much against us so far."

Tuttle said ace righthander Mike Schmitt (11-0) will pitch.

If Lake Mary wins, the Rams will play either Lake Howell or Spruce Creek. "If Lake Howell wins, we'll go with (lefthander) Steve Shakar," Tuttle said. "They have three pretty good lefthanded hitters (Ed Taubensee, Damon Mariette and Eric Martinez). If Spruce Creek wins, we'll probably go with Neal Harris."

Harris had been bothered by back spasms. Tuttle said he went to the doctor Monday to have it checked out.

Tuttle called a batting practice the other day and guess who showed up?

None other than Anthony Lazzaro, the Rams' fine shortstop and pitcher who was seriously injured in an automobile accident and has been lost for the season.

"Anthony stepped right in there and started swinging away," Tuttle said. "He hit every pitch except one."

People continue to marvel at Lazzaro's quick recovery. Although his physical skills are pretty much intact, the hope is that his speech and memory skills come back just as rapidly.

Lake Howell coach Berto Benjamin may not have the swiftest shortstop in the county, but he definitely has the tallest. Kevin Leonard, who plays short when David Martin pitches, is 6-4. He was the Hawks' center during basketball season.

Leonard swings a big stick, too. Normally a pitcher, in five games since he moved to the infield, the talented senior has batted .363 with two homers and five runs batted in.

Orlando coach Howard Mable said his game with the winner of Wednesday's Leesburg-Kissimmee Ocooca clash will be Thursday at 5 p.m., not 7:30 p.m. as previously scheduled.

There's a blockbuster matchup Wednesday in the Sanford Men's Softball League when Punta USA goes aluminum to aluminum with the Tim Rains Connection. Both teams have loads of powerful hitters.

By Sam Cook  
Herald Sports Editor

Lake Brantley's Patriots and DeLand's Bulldogs, teams who finished the regular season with a flourish, will conclude the busiest prep baseball schedule of the year tonight at 7 when they collide in the Class 4A District Tournament at DeLand's Conrad Park.

Earlier today, Lake Howell's Silver Hawks and Port Orange Spruce Creek's Hawks opened the tournament at 11:30 a.m. Seminole and Lyman battled at 2 p.m. while top-seeded Lake Mary opposed Daytona Beach Mainland at 4:30 p.m. Tickets are \$2 for the single-elimination tournament which picks up with the semifinals Thursday (5 p.m. and 7 p.m.) and the finals Friday (7 p.m.).

Although the tournament is

always highly competitive, DeLand Athletic Director Bill Anderson said the play on the field won't be any tougher than it was to determine the pairings.

"We ran into some real problems," Anderson said Monday. "The unplayed games were the biggest problems. I wish they'd go back to seeding them by percentage. It would be a lot easier."

This year's format for seeding included regular season games only. Each team called in its record Monday morning. Several, due to rainouts and failure to make up contests, did not have the 20 games necessary for seeding.

Lake Mary, which had to postpone a game with Winter Park, were tagged with a loss for not making it up. The Rams, ranked No. 1 in the Florida

### Baseball

Sports Writers State Prep Poll again this week, were an easy top seed with a 17-3 mark. They have won 10 consecutive games since back-to-back losses to Lake Howell and Apopka on March 21-22.

DeLand and Lyman each finished with 13-7 records. They split games during the regular season so Anderson said a coin was tossed "over the phone" and Lyman won the flip for No. 2.

The biggest mess involved Spruce Creek. The Hawks were just 8-9 with three games that were not played. Anderson said he conferred with Fred Rozelle, director of the Florida High School Activities Association,

Lyman Principal Carlton Henley, a vice-president for the FHSAA, and Lake Mary Principal Don Reynolds, FHSAA's District 4A-9 director, before reaching a decision.

It was decided to count Spruce Creek's first three games of the Apopka-Rotary Invitational Tournament to give the Hawks 20 games. The Creek was 2-1 in its first three games which gave it a 10-10 record. Lake Howell also finished at 10-10. Since the No. 4 and No. 5 seeds play each other, the coin toss was irrelevant.

The next decision involved Lake Brantley. The Patriots finished 8-11. Coach Mike Smith said they didn't play a scheduled game with Apopka because Apopka didn't want to play. It was ruled a forfeit and Brantley picked up another win to take

the No. 6 seed. Another tie developed between Daytona Beach Mainland and Seminole. Both were 8-12. Seminole won the coin flip for the No. 7 seed.

"I'm sure the decisions aren't going to make everybody happy," Anderson said. "But we did the best we could. We had a real mess."

With the messy part behind, tonight's final game is expected to match Lake Brantley's offensive firepower against DeLand's pitching and defense. Smith said senior Tim Smith would start on the mound while DeLand coach Jim Joiner said he would counter with righthander Tommy Hickox.

"Tim's a senior," Smith said Monday night. "He's been there

## De Castella Cashes In With Record Run

### Marathon

BOSTON (UPI) — Rob de Castella finished the Boston Marathon with a course record, the race's first-ever winner's check, and a lot of respect for the 90-year-old event.

"It's the type of course that really knocks you around a lot," said the muscular Australian Monday after finishing the Hopkinton-to-Boston run in 2:07:51. "My legs were aching quite a bit that last mile or so."

The pre-race favorite earned a total of \$60,000 and a new Mercedes. He picked up \$30,000 as the men's winner, a \$25,000 bonus for breaking the course record, and another \$5,000 in performance bonuses.

A distance runner of uncommonly powerful build, de Castella used his strength to conquer the dreaded hills, and his speed to keep the field at bay.

Steve Jones, the world's top-ranked marathoner who did not compete due to an injury, said of de Castella's victory: "He met the challenge of the hills with determination and courage. He attacked them and didn't let up. He ran a fantastic race."

The 5-foot-11, 143-pounder with broad shoulders led for all but two miles of the race, shaking off challenges at the four- and seven-mile marks before pulling away by the 10-mile point in pursuit of Alberto Salazar's course record of 2:08:52, set in 1982.

Art Bolleau of Canada was second in 2:11:15, and Orlando Pizzalato of Italy third in 2:11:43.

Ingrid Kristiansen, who before the race said her goal was to be the first woman to break 3:20,

struggled home in 2:24:55 in her first Boston Marathon.

The Norwegian world-recordholder afterwards lamented, "I don't feel my body was with me. I feel I was in good shape this morning and ready to run the race, but I was a little scared of the course."

She started aggressively, hitting the five-mile checkpoint 11 seconds faster than Joan Benoit's previous mark of 26:11. At the 9.3-mile mark, Kristiansen was 41 seconds ahead of her world-record pace of 2:21:06, then began to falter.

"I tried to run for winning the race and to break my old world record. I tried to relax ... I didn't feel any problems. I was running with some of the men and the pace was fine," she said.

In second place, 2:40 behind Kristiansen, was Carla Beurskens of The Netherlands, who did not think she could compete with Kristiansen.

"I knew I couldn't catch her because Ingrid is too fast for me," said Beurskens, who was followed by Lianne Bussieres of Canada.

Andre Viger of Canada won the wheelchair division in a world-best time of 1:43:25. He topped the 1:45:34 mark set here last year by George Murphy of Tampa, Fla., who finished second.

To reward Viger's record-breaking effort, race officials announced they had decided to boost the wheelchair winner's purse from \$2,500 to \$10,000.

## Underdogs Try To Stave Off Elimination At Home

### United Press International

In four NBA games Tuesday night the underdog is home in a bid to stave off playoff elimination.

At Chicago, the Bulls will need more than Michael Jordan's two-game total of 112 points to defeat the Celtics. They trail the best-of-five series 2-0. Their only hope may be Larry Bird's broken pinky.

Bird, who scored 36 Sunday, dislocated the finger on his shooting hand. It was taped to his ring finger for the rest of Game 2. "It's the finger he's dislocated several times before," said team physician Dr. Thomas Silva.

Before hurting the finger in the first quarter, Bird was 0-for-5. Afterward, he shot 14-of-22. Chicago has still not found a way to contain the frontline of Bird, McHale, and Robert Parish. "On Tuesday we will attack, attack and then we'll see who's standing when it's all over," Chicago coach Stan Albeck promised. The Bulls beat Boston once at home this season in three attempts.

At East Rutherford, N.J., the Nets, down 2-0, have a chance to show what they can do at home.

"It's very important to win at home in the playoffs," said Terry Cummings of Milwaukee. "You have the other team thinking when you win the first two games on your home court."

The Nets were uncertain about Darryl Dawkins' status. New Jersey had said that Dawkins, who missed 31 games because of a back injury, would not play against the Bucks in Game 2. But he came off the bench to score 10 points in 17 minutes.

At Detroit, one more victory by the Atlanta Hawks, who lead 2-0, will push the Pistons out of the playoffs. Detroit had a 2-1 edge over Atlanta on its home court during the season.

The Pistons have overcome the Hawks' height advantage. But Dominique Wilkins, who scored 50 points Saturday, and Randy Wittman, who had a career best 35, have

### NBA Playoffs

given Atlanta an inside-outside punch Detroit has been unable to match.

At Sacramento, about the only thing the Kings have going for them Tuesday night is the day of the week. The Kings were 11-0 at home in the Arco Arena on Tuesday nights this season.

Houston, ahead 2-0, thrashed Sacramento 107-87 in the opener but the Rockets struggled Saturday before winning 111-103.

In that game, with his team down 23 points in the second half, Sacramento coach Phil Johnson used reserve centers Rich Kelley and Joe Kleine and No. 2 point guard Larry Drew to shave the deficit to 4 points. The Rockets barely regained their composure to kill the rally.

Two best-of-five series are tied 1-1 entering Tuesday night.

At Philadelphia, Charles Barkley scored 26 points and grabbed 23 rebounds in his team's 95-84 loss in Game 1. He then delivered 27 points and 30 rebounds in Philadelphia's 102-87 victory in Game 2 Sunday.

"They are still in the driver's seat," Barkley said. "We haven't played a good game yet, and we just have to hope the momentum is changing. They didn't put too much emphasis on (Game 2). For us, it was a life-or-death situation. The whole season was riding on the game."

At Portland, Ore., the Trail Blazers lost the opener to the Denver Nuggets but came back to even it.

In that first game, the Nuggets' frontline of Calvin Nat, Alex English and Danny Schayes scored a total of 63 points. But in Game 2, the trio was held to 45 points on 17-of-48 shooting.

"That's what we have to do with them every game," said Portland center Mychal Thompson.

Dominique Wilkins takes it to the hole.

### District: Tracking Times

The Class 4A-9 District Track & Field Meet will be held at Lake Howell High School Friday.

Here's a rundown of the times and events:

4 p.m. — Boys and girls long jump, boys and girls discus, boys long jump followed by triple jump.

4:30 p.m. — Boys and girls shot put.

5 p.m. — Running preliminaries for 100 meters, hurdles, 200 dash, boys high jump.

5:30 p.m. — Girls high jump.

6 p.m. — Pole vault.

7 p.m. — Running finals.

## Pirates Want Out — Parker Breached Pact

### PITTSBURGH (UPI) —

Cincinnati Reds slugger Dave Parker had no comment on a \$5 million suit filed against him by the Pirates, alleging breach of contract because of his cocaine use while with Pittsburgh.

In the suit filed Monday, the Pirates asked for release from obligation to make deferred payments to Parker, based on a contract he signed with the club in 1979. Monthly payments, totaling \$5,312,475, are to begin in 1986 and run through 2007.

The Pirates did not ask for an award for damages.

The club contends Parker fraudulently concealed his "heavy use of cocaine" and "misrepresented his physical condition" to the team.

"I have nothing to say on it," Parker said Monday.

He signed with the Reds as a free agent after the 1983 season following more than 10 seasons with the Pirates.

"The basis for our lawsuit rests on the fact that during and after the signing of the contract that gives rise to our future payments, he was using cocaine that materially affected his ability to perform, and the Pittsburgh Pirates were deprived of that which he promised to provide," said Malcolm Prime, president of the team.

Parker testified during last summer's so-called baseball cocaine trials at Pittsburgh he used cocaine between 1979 and 1982. He said he was a regular user of the drug in 1979, when the Pirates won the World Series.

# Pats Dominate At State — Oliver Survives For Howell

Lake Brantley High's boys tennis team took a three-point lead in the Class 4A State Championships Monday and sent all five of its singles players to the finals.

The state tourney resumed today at the University of Florida in Gainesville with the Patriots in good position to win it all.

Twice each in the first round, Lake Brantley players knocked off opponents from Gainesville Buchholz and North Miami, the two teams that were supposed to be Brantley's chief competition.

Mark Mance, Dirk Hortian, Mark and Peter Palus and Craig Bourne all marched into the semifinals with two victories.

At division one singles, Mance, ranked 35th in the nation, trimmed Tampa Plant's Matt Hewitt 6-1, 6-7, 6-2 in the quarterfinals and dropped

Spanish River's Brian Schliefer 7-5, 6-1.

At division two singles, Hortian dumped North Miami's Mark Mager 6-4, 6-0 and Gainesville Buchholz' Les Blair 6-3, 6-3.

At division three singles, Mark Palus eased past Glenn Riddle of Fort Walton Beach 6-1, 6-2. He then came back to topple Charles Wheat of Buchholz 6-7, 6-2, 6-2.

At division four singles, Pete Palus dropped Tampa Plant's Andy DiCarlo 6-4, 6-2. He whipped North Miami's Harry Brunner 7-6, 6-2.

At division five singles, Bourne shook off North Miami's Steve Kaminsky 6-4, 1-6, 7-6 before disposing of Lenny Rosenbloom of Spanish River 6-1, 6-2.

Lake Brantley's number one doubles team of Mance and Hortian is also still alive and needs to win two

## Tennis

matches to win the title while the number two team of the Palus brothers was eliminated in the first round.

Meanwhile, on the girls side, the luck of the draw certainly wasn't with Lake Howell's Lady Silver Hawks as they ran up against a number of top seeded competitors. Lake Howell has just one singles player, Bonnie Oliver, remaining along with its number two doubles team.

Oliver, a sophomore, came from behind to win her first match, then pulled out a tiebreaker to take her second en route to today's finals at division four singles.

Oliver opened with a grueling

match against South Plantation in which she rallied from dropping the first set, 4-6, to win the next two, 6-2, 6-0. Oliver then downed Boca Raton Spanish River's Dawn Singman, 6-4, 7-6 (7-2 in the tiebreaker).

"Bonnie (Oliver) is playing really well," Lake Howell coach Mike Hargis said. "She played two completely different matches today and came through both times."

At division one singles, Lake Howell's Emmylou Dulce ran into the state's number one ranked 18 year old and last year's state champion in Shawn Stafford of Gainesville Buchholz who claimed a 6-2, 6-4 victory.

At division two, Lake Howell's Edie Dulce lost to Buchholz' Anna Bonilla in a disappointing three set match, 3-6, 6-1, 4-6.

At division three, Renee Elsasser

had to go up against last year's state champion, Andrea Askowitz of Miami Palmetto, and dropped a 6-1, 6-1 decision.

And, at division five singles, Lady Hawk Mindy Gardberg played defending state champ Pam Webber from Palmetto and lost by the score of 6-2, 6-2.

The Lady Hawks' division one doubles team also drew the defending state champions and lost a tough three-set match, 4-6, 6-4, 6-2 to Palmetto's Lanie Stern and Michelle Blum.

Lake Howell's number two doubles team won its first round match and advances to today's semifinals. The team of Edie Dulce and Gardberg claimed a first-round victory over Spanish River's Angela Gabbett and Manlea Botero, 6-3, 7-5.

# Andujar, Canseco Power Oakland Past California

## United Press International

Joaquin Andujar, who throws hard, and Jose Canseco, who hits even harder, Monday night combined to make things look easy for the Oakland A's.

Canseco backed Andujar's first American League victory with two home runs and four RBIs, giving the A's a 6-2 decision over the California Angels.

Canseco hit a solo shot to right in the third inning, then tagged starter Ron Romanick, 2-1, with a three-run shot in the seventh. The A's have won four in a row.

Andujar, 1-1, acquired from St. Louis in the off-season, departed after the sixth with a stiff shoulder.

"It's not going to be a problem," Andujar said. "The shoulder started stiffening in the fifth inning because I was opening up too much with my left shoulder on my delivery."

"This has taken a lot of pressure off him," said Oakland manager Jackie Moore. "He's been in the National League his whole career. I can see him settling in now, and positive things happening."

Three of Canseco's home runs

## A.L. Baseball

have come against Angels pitching.

"Maybe the organization wanted to take pressure off me," said Canseco, moved to third in the A's batting order. "But I like hitting higher. Hitting in front of Dave Kingman is good."

**Tigers 5, Red Sox 4**  
At Boston, Lou Whitaker knocked in two runs, and Dave Collins had three hits and scored twice to help the Tigers snap a four-game Red Sox winning streak in the traditional Patriots Day game at Fenway Park. Walt Terrell, 2-1, pitched six innings for the victory. Willie Hernandez posted his fourth save of the season. Al Nipper, 1-2, took the loss.

**Twins 5, Mariners 2**  
At Seattle, Frank Viola, 3-1, pitched a four-hitter, and Tom Brunansky drove in two runs to help Minnesota snap a three-game losing streak and hand the Mariners their fifth straight loss. Loser Milt Wilcox, 0-3, lasted 5-2-3 innings. Gorman Thomas homered for Seattle.

# Changing ID's: Giants Upend LA

The San Francisco Giants and Los Angeles Dodgers have swapped identities on the field and in the standings.

Getting overpowering pitching and timely hitting — two Dodgers trademarks — the Giants moved into another Los Angeles stronghold, first place in the National League West.

Roger Mason pitched a three-hitter, and Chili Davis drove in three runs with two homers Monday night to give the Giants their fifth straight victory, a 5-1 decision over the Los Angeles Dodgers.

Los Angeles lost for the sixth time in its last seven games to drop into the Giants' usual region — last place.

After 13 games last season, the Giants were ended a seven-game losing streak and were 3-10 en route to a 62-100 finish and last place. This season they are 9-4, a half-game ahead of Houston.

"We're starting to believe in ourselves," Davis said. "We're starting to think we're supposed to win instead of being surprised."

The major reason for the turnaround has been new manager Roger Craig, who has instilled his team with confidence, and his pitching staff with the split-fingered fastball. Mason, 1-1, struck out seven, walked two, and retired the last 14 batters

## N.L. Baseball

in a row. He lost his shutout when Ken Landreaux homered over the right-field fence with one out in the fourth inning.

"I'm a smart manager because we get good pitching, good hitting and good fielding," Craig said. "Mason was effective because he kept getting ahead of the hitters."

**Mets 6, Pirates 5**  
At New York, Tim Lincecum doubled home the tying run in the ninth inning and scored the winner on Gary Carter's single to rally the Mets. Carter earlier cracked a two-run homer. New York's Ray Knight hit his third homer. Mike Brown and Jim Morrison homered for Pittsburgh. Pat Clements, 0-1, took the loss and Roger McDowell, 1-0, was the winner.

**Braves 8, Astros 2**  
At Atlanta, Glenn Hubbard hit a three-run homer, and Bob Horner added a two-run shot to back Joe Johnson's eight-hitter and lead the Braves, Johnson, 2-0, struck out three and walked two in his first complete game. Nolan Ryan, 2-2, took the loss.

# Rotary, Moose Keep Unbeaten Records Intact

By Chris Fister  
Herald Sports Writer

Rotary and Moose kept their unbeaten records intact Monday night with victories in Sanford Junior League action at Chase Park.

In Monday's first game, Rotary, 3-0, scored four times in the top of the sixth and held on for a 9-8 victory over previously unbeaten Kiwanis. In the nightcap, Moose, 2-0, rode the pitching and hitting of Jeff Derr to a 9-4 victory over winless Smitty's Mower.

Kiwanis took the early lead on Rotary with five runs in the bottom of the first. Key hits included a two-run double by James Jackson, an RBI double by Julius Bennett and an RBI triple by Albert Anderson.

Kiwanis held onto a 5-1 lead behind pitcher Jackson until the top of the fourth when Rotary scored three times to pull within 5-4. Henry Williams and Tim Hampton had run-scoring doubles and Derrick Taylor an RBI triple in the inning.

Kiwanis went on to take an 8-5 lead going into the sixth when Rotary came through with four runs. RBI singles by Tommy Hampton and Tommie Mathis led the way with Mathis' hit driving in the eventual winning run.

In Monday's second game, Derr pitched a five-hitter and had a pair of hits in the Moose win over Smitty's. One of Derr's hits was an inside-the-park homer in the decisive fourth inning.

It was a three-run inside-the-park homer by Lewis Ray in the fourth inning that put Moose in control. Mike Merthie added three hits for Moose while Tony Chavers had two.

Ty Koke had a pair of singles for Smitty's while Blake Smith, Eli Grooms, and Calvin Donaldson had one hit each.

**ROBERTS SOCKS 2 HRS**  
Anthony "Redman" Roberts slammed two homers and two doubles and drove in six runs to power Cardinal Industries to a 15-4 victory over Seminole Petroleum in Sanford Little American League action Monday at Bay Avenue Field.

The win lifted Cardinal to 3-0 for the season and it is tied with Adcock Roofing for first place. Seminole Petroleum is 0-3.

Roberts got Cardinal rolling with an RBI double in the first inning then led off the third with a double, drilled a three-run homer in the fourth and smacked a two-run tater in the fifth.

Cardinal had 14 hits in the game with Leroy Kitt adding

## Baseball

three hits and Terry Williams and Willie Williams two each. Matt Wilkes was 1 for 2 with a solo homer and Jock Singleton also belted a solo homer.

Seminole Petroleum was held to two hits, singles by Doug Wilson and Tony Flieger, by Cardinal pitchers Britt Henderson and Roberts.

**SUN BANK WINS 1ST**  
Damion McIntyre drove in four runs and Tony Duncan was 4 for 4 to lead Sun Bank to its first win of the season as it out-slugged Seminole Ford, 24-18. Monday in Sanford Little American League action at Fort Mellon Park.

McIntyre's solo homer highlighted a five-run second inning and he smacked a two-run triple in the eighth-run third and added a two-run double in the fifth. Duncan was 4 for 4 with three singles and a double and scored four times.

Troy Chapman rapped out three singles and scored four runs while Eric Ingram added a pair of doubles and drove in four runs for Sun Bank.

Dallas Inman led Seminole Ford with a three-run homer and a single while Richard Ranson

smacked a double and triple and Jermaine Hartfield added a pair of singles.

McIntyre was the winning pitcher for Sun Bank as, in relief of Duncan, he allowed just one run over the final two innings.

**ADCOCK OUTLASTS BANK**  
Adcock Roofing built up 13 runs over the first three innings and survived a 10-run outburst by Atlantic Bank in the fourth to claim a 17-14 victory in Little American League action Monday at Westside Field.

Adcock took a 13-4 lead into the fourth when Atlantic Bank scored 10 times for a 14-13 lead. Atlantic Bank received nine consecutive bases on balls in the fourth and Marlon Knight

followed the nine walks with a three-run triple that tied the score. Knight scored on a groundout for the go ahead run.

Adcock Roofing reclaimed the lead in the bottom of the fourth with three runs on an RBI single by Dean Daniels and two-run double by Corey Williams. Adcock reliever Arthur Polk then held Atlantic Bank scoreless the last two innings to preserve the victory.

Williams had three of the seven hits in the game for Adcock Roofing while Daniels added two and Mick Maples and Al Holt one each. Atlantic Bank had four hits in the game with Knight, Tyrone Williams, Clarence Ferrell and Steve Lowery getting one each.

## IN BRIEF

### County Softball, Baseball Teams To Open District Tourney Play

Class 4A-9 and Class 3A-6 district softball along with Class 3A-6 district baseball for county teams gets underway Wednesday and Thursday at various tournament sites.

● In 4A softball Wednesday, top-seeded Lake Brantley hosts Lyman, No. 2 DeLand entertains Daytona Beach Mainland, No. 3 Lake Howell hosts Lake Mary and No. 4 Seminole takes on Port Orange Spruce Creek at Fort Mellon Park. All games begin at 4:30 p.m.

● In 3A softball Wednesday, No. 2 Oviedo, the defending district and region champions, plays the winner of today's Orlando Bishop Moore-Kissimmee Ocoola matchup. The game is set for 4:30 p.m. at Casselberry's Red Bug Park.

● In 3A baseball Thursday, No. 1 Oviedo, which won the Orange Belt Conference, plays the winner of Wednesday's Kissimmee Ocoola-Leeburg game. Coach Howard Mable's Lions play at 7:30 p.m. at St. Cloud High School.

### Odom Sparks Indians' Victory

Shane Odom drove in the tying run with a single in the bottom of the seventh and later scored the winning run on a passed ball as the Indians came back to beat the Padres, 6-5, in Altamonte Springs Little League Major Division play.

Odom had earlier smacked a solo homer while Charles Horne added a pair of singles and one RBI. Ben Hurst had two of the four hits for the Padres off winning pitcher Chris Lubinskas.

The Indians earlier picked up a 7-2 win over the Expos in which Tim Graham and Kevin Scott combined for a three-hitter. Scott came on in relief in the fifth and four of the five outs he recorded were strikeouts.

The Indians managed just three hits in the game as well with Horne getting a single and double, driving in one run and scoring two. Scott Davidson had a double for the Expos.

### Caps, Montreal Reassert Power

The Washington Capitals and Montreal Canadiens Monday night reasserted their power over a couple of playoff upstarts.

The Capitals and Canadiens, who both lost opening-game home-ice contests, moved to hostile arenas and won impressively for the second straight time. The victories gave them each a 2-1 lead in their Stanley Cup quarterfinal series, and grasped momentum from the surprising New York Rangers and Hartford Whalers.

At New York, Bob Carpenter and John Barrett scored two goals each, and Mike Gartner contributed four points to lift the Capitals to a 6-3 victory over the Rangers in the Patrick Division final.

At Hartford, Conn., rookies Kjell Dahlin, Stephane Richer and Claude Lemieux each scored goals, and goaltender Patrick Roy stopped 20 shots to lead the Canadiens to a 4-1 victory over Hartford.

## Six Flags Climbs Near Top

Six Flags Nursery climbed within a half game of first place in the Sanford Men's Softball League as it used a 14-run first inning to pave the way for a 25-9 rout of Prestige Imports Monday night at Pinehurst Field.

The win improved Six Flags Nursery to 6-1 while the Tim Raines Connection leads the league at 8-0.

In other games Wednesday, Panta USA, 5-1, stayed close to the Connection with a 24-7 rout of Brown Boveri and McKee Development thrashed Central Florida Hospital, 23-10.

In the 14-run first inning explosion for Six Flags, Ted Miller drilled a two-run homer. Bill Stoudenmire smacked a two-run double, Jim Clements rapped a two-run single and Buddy Stumpf and John Whigham had RBI doubles.

Rob Simpson had a pair of doubles in the first inning and ended up going 4 for 4 for the game with three doubles and a triple and two RBIs. Miller added a solo homer and a single for three hits while Whigham and Stoudenmire also had three hits each.

Robin Pannell drove in three runs for Prestige Imports with a two-run single and RBI double. Gary Dougman had two hits.

Panta USA opened things up early with seven runs in the top of the first then sewed up the win with six in the seventh. The first-inning rally was highlighted by three consecutive homers including a two-run blast off the bat of Carl Lee followed by solo shots by Joe Benton and Chuck McMullan. Don Causseaux added a two-run shot in the seventh.

Don Anderson was 4 for 5 with two doubles and three RBIs for Panta USA while Joe Irvin and Neil Miller had three hits each.

Russell Holloman, Bob Kunkle and Joey Santora had two hits each for Brown Boveri.

Cliff Reynolds had four hits to lead McKee while Peter Harrison ripped a pair of doubles and a two-run inside-the-park homer and Ray Mack added an RBI double and a two-run tater.

## ...Bats

Continued from 7A

(tournament) before. He's been working as hard as anybody on our team and he deserves the start."

Pitcher Smith's year has been one of ups and downs. Counted on as the stopper for the Pats' pitching-staff, the thin lefty dropped a sledgehammer on his pitching finger before the season started and was sidelined for two weeks. Later, he opted for the senior cruise over spring break and he was docked six games (the number he missed) when he returned.

Coach Smith said he has confidence his southpaw will do the job. "DeLand hasn't seen many lefthanders," he said. "Tim moves the ball around as well as anybody. He can change up on them and keep them off balance."

Coach Smith said it was an earlier strong effort by pitcher Smith which was the turning point in Brantley's season. "On March 19, we were 4-10," he said. "Tim beat Boone that night and we went 10-4-1 from that point on. Even in the four losses, we had the lead in three of them and just couldn't hold them."

Joiner, who had to replace his whole infield and stand-out center fielder Paris Hayden from last year, said pitching is the team's main strength. "We have six good pitchers and only one has an earned run average above 2.34," he said. "And five of those pitchers are juniors."

Hickox, a righthanded junior, has a 6-3 mark with a 2.10 ERA. Joey Mohr is 5-3 and 2.33. Tim Kraft is 3-0 and 2.24. "If we field the ball, we'll do pretty well," Joiner said. "Our pitchers will do the job."

"They'll have their work cut out for them against the Patriots' awesome hitting attack. Although all the big bats of the Pats have been vulnerable on occasion. Lake Brantley was no-hit by Lake Mary's Mike Schmitt, one-hit by Lyman's Byron Overstreet and five-hit by Lyman's Ross Urshan in his first start after being recalled from the junior varsity.

Still, the arsenal is awesome. "We hit 30 home runs this year and I don't think a bigger park will bother our hitters," Smith said about Conrad's large dimensions. "We drive the ball and finish off our stroke."

Mike Davis, Mike Beams and Mark Coffey, Brantley's tri-captains, will attest to that. The hard-hitting trio put together outstanding years to carry the Pats' late-season surge. Davis, a catcher-outfielder who has signed with the University of Central Florida, slugged 10 homers, drove in 34 runs and batted a healthy .440.

In a normal year, Davis may have been thinking triple crown. But it wasn't a normal year. Beams, who is considering a scholarship offer from Big Eight power Oklahoma State, led the county with 11 homers. The strong-armed center fielder drove in 32 runs and batted .383.

Coffey, meanwhile, went on a two-week rampage to win the county batting title with a .477 average. The smooth-stroking first sacker drove in 30 runs and slugged four "dingers."

Andy Dunn, a junior shortstop, batted .384 and stole 16 bases in 17 attempts. Dan Beatty, a fine defensive outfielder and .374 hitter, however, will miss the game due to chicken pox, according to Smith. Lefthanded hitting outfielder David Rabala, who contributed several clutch hits down the stretch, finished with a .383 average.

## Gastley Hurls 1-Hit Triumph

Andy Gastley pitched a one-hitter and was backed by a 10-hit offensive attack as Hughes Construction downed Seminole Suzuki, 9-2, in Seminole Pony Baseball Pony League action at the Five Points complex.

Gastley struck out 10 in the game and walked six and also added an RBI double to the offense. Greg Twigg blasted a double and drove in four runs for the game. Pete Arcomone had a two-run single and Mike Boyd rapped a double and triple.

In Bronco Division play, Kevin Twigg fired a no-hitter over four innings as Salvaggio's Boys romped past Barnett Bank, 15-0.

Jeff Bouley had three-hits to lead the 13-hit Salvaggio's attack while Davey Hudick and Twigg had two each.

Sanford Scale Company rallied for eight runs in the bottom of the sixth inning for an 11-6 victory over Dr. Gittes.

Richard Stewart's two-run homer ignited the late rally for Sanford Scale. Brian Albers added a pair of RBIs while Todd Carpenter and Ian Williams drove in one each and Jeremy Chnaut added a double.

Todd Carpenter was the winning pitcher for Sanford Scale in relief as he allowed one run on two hits and struck out six. Fred Engel had two hits for Dr. Gittes.

Joeh Carr, in his first start on the mound, tossed a two-hitter as Lake Mary Police Department upended Atlantic Bank, 10-2.

Carr struck out 10 and walked just four and Eric Lucia, making his first start at third base, made a diving stab of a line drive to help out Carr.

Offensively, David Schstein ripped three triples in four at bats while Tony Mills collected three RBIs and Sam Beckin drove in two runs.

In Pine Division play, Dan's Restaurant outscored Frank's Frozen Yogurt, 17-10, in a battle of two previously unbeaten teams.

Matt Knox had three hits for Dan's with Matt Thompson adding two. Joseph Jure rapped out four singles and Toney Richardson added two singles and a double for Frank's Yogurt.

Thompson also made the defensive play of the game when he made a spectacular catch of a pop up after it bounced off one of his teammates.

# WORLD IN BRIEF

## Disco Bomb Suspect Brother Of Arab Held In El Al Case

BERLIN (UPI) — A Palestinian arrested in connection with the West Berlin disco bombing that prompted the U.S. air strike against Libya is the brother of a man charged in London with trying to blow up an Israeli airliner, officials said today.

The West Berlin Justice Department identified the Palestinian charged in the La Belle disco bombing as Naa Ahmed Nawat Mansur Hasl — brother of Nezar Hindawi who was picked up in London after the foiled attack on the Israeli liner.

"According to the present status of our investigation he is the brother of the Palestinian arrested in London after the attempt to blow up an El Al airliner," Volker Kaehne, spokesman for West Berlin's justice department, said.

There was no immediate explanation of why the two Palestinian brothers had different last names.

In Washington, State Department spokesman Bernard Kalb said, "Part of the pattern of (Libyan leader Moammar) Khadafy's terrorist activities is to use non-Libyans such as individual Palestinians or groups."

## UN Condemnation Of Raid Vetoes

UNITED NATIONS (UPI) — An unusual triple veto by the United States, Britain and France blocked what U.S. Ambassador Vernon Walters called a "perverted" U.N. Security Council condemnation of the U.S. air strike against Libya.

In the 9-5 vote Monday, Australia and Denmark joined the Big Three Western powers in opposing a non-aligned resolution that condemned the U.S. air raid one week ago and terrorism in general. It did not specifically deplore Libyan terrorism.

Venezuela abstained.

The resolution won the nine affirmative votes required for passage in the 15-member council — Bulgaria, China, Congo, Ghana, Madagascar, Soviet Union, Thailand, Trinidad and Tobago, and United Arab Emirates — making the big-power vetoes necessary.

"The United States rejects this resolution as totally unacceptable," Walters told the council.

"This text is the product of perverted thinking that distorts logic, values and common sense," Walters said. "It equates the criminal with his victim."

"We deplore the failure of this draft to come to grips with the real issue before this council: Libya's blatant, unrepentant, continuing use of force."

## Damage In Benghazi Shown

LONDON (UPI) — Libyan officials displayed scores of fist-sized anti-personnel bombs they said came from cluster bombs dropped by U.S. warplanes on the port city of Benghazi.

Cluster bombs are designed primarily to kill people. Officials said the bombs hit a school and a rehabilitation center as well as military targets.

Television crews were taken to Benghazi Monday by Libyan authorities to see the damage caused by the April 15 air attack ordered by President Reagan in response to alleged Libyan involvement in world terrorism.

Benghazi officials said 24 people were killed in the area during the attack, bringing the official death toll for air raids on both Tripoli and Benghazi to 45. Western diplomats have said the death total from the attack was closer to 100.

The Libyans were selective in what they showed reporters visiting the port city 500 miles east of Tripoli. A British Broadcasting Corp. reporter said "a good number of the hospital casualties we saw were soldiers."

## Oil Prices Move Higher

GENEVA (UPI) — Oil prices rallied after OPEC ended a seven-day emergency meeting with a majority of the 13 oil ministers agreeing to reduce the cartel's production by an average 800,000 barrels a day for the rest of the year in a bid to stabilize the battered world oil market.

OPEC hardliners Iran, Libya and Algeria refused to accept the new production target on the grounds it was too high to restore oil prices to \$28 a barrel, a level that was abandoned in December.

"We think we reached a realistic compromise," OPEC President Arturo Hernandez Grisanti said.

On the New York Mercantile Exchange Monday, West Texas Intermediate — the key U.S. crude for immediate delivery — jumped 65 cents to \$12.57 a barrel.

Analysts said the fragile agreement could push up prices to the mid-teens, but would not achieve the stated \$28 per barrel goal.

## 2 Convicted As American Spies

MANAGUA, Nicaragua (UPI) — Two Interior Ministry officials, convicted of treason and espionage for regularly passing military secrets to the CIA, could each receive a maximum sentence of 30 years in prison.

A military court was expected today to sentence Lt. Reynaldo Aguado Monteleagre and Eduardo Jose Trejos Silva, along with Trejos Silva's wife, Rosalinda Soza, the official Barricada newspaper said Monday.

The report provided the first news of a court-martial Saturday that convicted the three defendants for treason, espionage and delivering military secrets to a foreign power.

The three were arrested in March and accused of spying for the U.S. Embassy. They each could receive Nicaragua's harshest prison sentence — 30 years.

## Fears Keep Tourists From France

PARIS (UPI) — Tourism officials predict as many as 1 million Americans will cancel vacations to France this year because of the threat of terrorism and the weakness of the dollar.

Tourism Minister Jean-Jacques Descamps Monday forecasted a 25 to 30 percent decline in the number of Americans traveling to France from an estimated 3 million who visited the country last year.

Concerns over traveling to France increased after the U.S. bombing raid on Libya a week ago and Col. Moammar Khadafy's threat of reprisals against American targets.

Paris has been struck by five bombings against civilian targets in the past three months.

## ...Rally

Continued from page 1A

"It was a great meeting, and one of the best jobs of organizing I have ever seen," Grindle said. "They got their message across. In an impressive way, that they have an issue that should be addressed." Grindle is one of the estimated 100 legislators the coalition had sought to meet Monday.

The coalition is seeking passage in this session of a bill in the house introduced by State Rep. T.K. Wetherell, D-Daytona Beach, placing a \$250,000 cap on tort (pain and suffering) awards, and a senate bill introduced by State Sen. Mattox Hair, D-Jacksonville, also placing a limit on non-economic damage awards. The coalition also supports State Rep. Al Lawson, D-Tallahassee, in his efforts to repeal mandatory insurance of doctors as a condition for licensure.

"I think we showed the crisis is there with all these people," Perez said. "I think the

legislators got the message."

Problems during the day were few, according to Perez, although he was fuming that Senate President Harry Johnston reportedly scheduled a luncheon Friday for the same time as today's coalition rally. "That was poor leadership," Perez said.

Perez also said at least two coalition banners were stolen and vandalized, "but we just ignored that," he said.

This was the best organized, well behaved group of people I have ever seen," Perez said, adding, "When everyone walked to the state capital to meet with legislators, it was a sight to see. We were told at the capital that this was the biggest gathering they have ever seen."

Of Rep. Wetherell's House Bill 627, placing a \$250,000 cap on tort awards, Grindle said, "I think it's going to pass, but it's not going to be easy. Because of the tremendous showing of strength by the coalition, it has a better chance of passing. Of course Tuesday, we'll be inundated with dissenters."

## ...Rates

Continued from page 1A

The package plan originally designed to meet the needs of the Columbus Harbour subdivision is not able to handle the additional sewage from the greyhound track, a restaurant, and a shopping center in spite of \$100,000 spent by the city for improvements required by the Department of Environmental Regulation. Plans call for eventually closing down the Columbus Harbour facility.

The city commission has okayed a plan submitted by the city's consulting engineer Dyer, Riddle, Mills & Precourt to reroute half of the effluent from Columbus Harbour treatment plant to the Skylark treatment plant, but the commission has delayed a decision on how best to finance this and other capital projects. Rerouting the sewage by way of a force main is expected to cost \$90,000.

The new city administrator,

Ronald Waller, who started work Monday, quietly observed Monday night allowing Manning to handle the agenda items. The commission has asked Waller to make a recommendation on whether to go with a bank loan (and which bank has the best package) or opt for a bond issue.

He said Monday night he has been studying the situation, but is not yet ready to make his recommendation having just arrived in the city.

Meanwhile, it is costing the city up to an estimated \$11,000 a month to have excess treated effluent hauled from Columbus Harbour to Skylark every two or three weeks.

Steve Rosenberg of Columbus Harbour asked, "Whose idea was it to annex Albertsons, and pipe the sewage from there and the dog track and the restaurant into Columbus Harbour overwhelming it. Whose idea was it to build the plant in the first place when it is higher than the Columbus Harbour pond thus contaminating the pond and Lake Fairy." He also said

## ...Ministers

Continued from page 1A

The measures approved by the ministers today bolstered a package of diplomatic sanctions passed just hours before the United States attack Libya in retaliation for Libyan support of terrorist acts against Americans.

Earlier Monday, British Foreign Secretary Sir Geoffrey Howe told the 12 ministers that Libyan-supported terrorism must not be allowed to drive a wedge between the United States and the European allies.

"Khadafy should not succeed in what the Soviets so far failed to achieve — splitting Atlantic solidarity," Howe told the European Community ministers who were meeting to discuss an allied response to Libyan-sponsored terrorism.

Except for Britain, the Western European allies were critical of the U.S. attack on Libya, saying it would only lead to more violence and leave Europe vulnerable to Libyan reprisals.

The U.S. attack on Libya was triggered by the bombing of a

West Berlin nightclub that killed a U.S. soldier and a Turkish woman. The United States said it had proof of Libyan involvement in the Berlin bombing.

"Whether we like it or not, Europe is likely to sit in the front line of international terrorism for some time," Howe told the ministers, according to a conference official. "It is no good for Europeans to sit wringing their hands about what the United States has done or might do."

West German Foreign Minister Hans-Dietrich Genscher said West Germany was the primary target of terrorism in Europe because of the more than 300,000 U.S. soldiers stationed there.

## Correction

A story in Sunday's (April 20) Herald regarding Seminole County's plans for a new library in Sanford incorrectly reported the structure would encompass 120,000 square feet. The new facility, to be built behind the city's present West First Street library, will encompass 12,000 square feet.

there have been several cases of unexplained salmonella poisoning in the subdivision.

Charles Heffner of 1503 Meadowlark St. spoke against the 100 percent increase in sewage rates for Skylark residents. "The plant is being overtaxed again because of Columbus Harbour," he said. "It's back again to a patch-up situation. Talk to Sanford and look at a regional facility for the city."

Manning and City Clerk Don Terry, who has served as city administrator and has filled in for the acting city administrator during the past year, were both presented with plaques of appreciation by Mayor Larry Goldberg.

## ...Visit

Continued from page 1A

According to Yadav, the Moroccans are particularly interested in the assistance American farmers receive at all levels of government, federal, state and local.

In their country, the governors said agriculture is becoming decentralized, as state and local governments gain more control.

Arafa said Moroccan governors are working to allocate aid and assistance to agricultural producers and develop regional farm policies.

"In Morocco, 90 percent of the land cultivated is within the private sector. The system is basically decentralized," he said. "We want greater autonomy for the provinces and regions to make their own management policies and take their own direction."

Some 85 percent of the Moroccan people are involved in agriculture, which is the country's second largest industry, Yadav said.

citation by Mayor Larry Goldberg.

In making Manning's presentation, Goldberg said it took "someone with a strong stomach and a lot of guts" to take on the problems the city has had and try to straighten them out. The plaque said Manning did an "outstanding performance during a particularly difficult and trying period."

Goldberg presented Sgt. Stephanie Ryan of the Longwood Police Department a plaque from the Longwood/Winter Springs Chamber of Commerce for her work in establishing the Neighborhood Watch in the city.

The Moroccan climate, comparable to that of the U.S., yields similar agricultural production, such as cereals, citrus, vegetables, rice, sheep and cattle, Arafa said.

Questions by the governors sparked talks on U.S. farming technology, use of pesticides, beef, dairy and sugar cane production, and in Florida, new varieties of citrus and vegetables, Yadav said.

The officials also expressed an interest in Seminole County's agricultural center and want to set up similar services within their provinces, he said.

Yadav said he felt the visit shed a positive light on this country's commitment to agriculture, both at home and abroad.

The Moroccan governors, he said, were "impressed" with how the U.S. helps its farmers.

"Their farmers are on their own, they receive no assistance," Yadav said. "They are interested in what we do and how well we do. We've been feeding the world, and they look up to American agriculture."

## ...Teacher

Continued from page 1A

presented to the school board alleged Stokes had purchased drugs from a Lake Mary High School student off campus in October 1985 and that he had an alleged "sexual involvement" with a former female student off campus, after she was graduated. The statements were made to PPS investigator David Worrell.

● Gale Barger, 46, 1211 Swan St., Maitland, a former South Seminole Middle School science teacher who resigned April 2 after being suspended by Hughes for misconduct in office

March 18. Barger is a 21-year teaching veteran who has been an instructor in Seminole County for nine years. School officials have not elaborated on the case, still under investigation.

● Stuart Fullerton, 46, 489 S. Central Ave., Oviedo, a science teacher at Jackson Heights Middle School since 1978 who resigned April 14, citing "personal reasons." School officials will not comment on the resignation, other than to say material on Fullerton has been turned over to PPS.

County schools' Director of Personnel Ann Neiswander said Monday that she knows of no other teachers in the district under PPS investigation.

## AREA DEATHS

### FRED W. SCHELL

Fred W. Schell, 96, 1161 New Jersey Ave., Altamonte Springs, died Monday at South Seminole Community Hospital. Born Aug. 23, 1889 in Warren County, Ohio, he moved to Altamonte Springs from Toledo, Ohio, in 1958. He was a retired automotive mechanic and a member of Highland Avenue Seventh-day Adventist Church, Apopka.

Survivors include his wife, Dorothy L.; daughter, Dorothy Clark, Toledo; stepdaughter, Hilda Duke, Winter Springs; stepson, Willard O. Taylor, Altamonte Springs; three grandchildren; five great-grandchildren.

Baldwin-Fairchild Funeral Home, Forest City, is in charge of arrangements.

### LESTER COOPER

Lester Cooper, 48, 103 W. 5th St., Sanford, died Sunday at his residence. Born Aug. 6, 1937 in Bainbridge, Ga., he moved to Sanford from there in 1947. He was a laborer and a Protestant. He was a veteran of the U.S. Army.

Survivors include his mother, Willie Mae, Sanford; sons, Germane, Sanford, Mark, Newark, N.J., Ceister, California, Odell, Lake Wales; daughter, Valerie, Newark; sisters, Madies Young, Guseie Hunter, both of Sanford; brothers, Willie James, Horace, both of Sanford, Levon, Charles, both of Rochester, N.Y.; five grandchildren.

Wilson-Eichelberger Mortuary, Sanford, is in charge of arrangements.

### LANDIS JENKINS

Landis Jenkins, 72, 144 Garfield Road, Deltona, died Thursday at Central Florida Regional Hospital. Born May 19, 1913 in DeLand, he moved to Deltona from there in 1930. He was a retired laborer and a member of St. Paul A.M.E.

Church. Survivors include his son, Merrill, New York City; daughter, Gloria, New York City; sister, Gladys Hayes, Sanford; numerous grandchildren.

Wilson-Eichelberger Mortuary, Sanford, is in charge of arrangements.

### MAMIE JUNE

Mamie June, 95, 819 Pecan Ave., Sanford, died Sunday at DeBary Manor. Born May 12, 1890 in Monticello, she moved to Sanford from there in 1930. She was a homemaker and a member of Free Will Holiness Church, Sanford.

Survivors include her son, Lewis Mack, Sanford; daughter, Rosemary Scott, Rochester, N.Y.; sisters, Julia Hanton, Martha Duval, both of Sanford; four grandchildren; one great-grandchild.

Wilson-Eichelberger Mortuary, Sanford, is in charge of arrangements.

### ELOISE ROBINSON

Eloise Robinson, 69, 485 Oakhill Drive, Osteen, died Sunday at Central Florida Regional Hospital. Born Dec. 24, 1916 in Madison, she moved to Osteen from Milton, Del., in 1961. She was a homemaker and a member of Macedonia Missionary Baptist Church, Osteen.

Survivors include her husband, Curtis; daughter, Betty Cook, Osteen; sister, Mable Wynn, Haines City; three grandchildren.

Wilson-Eichelberger Mortuary, Sanford, is in charge of arrangements.

### ANNIE B. VICKERS

Annie Ruth Vickers, 238, Hayward Avenue, Rochester, N.Y., died Tuesday in Rochester. She was the wife of the late Oselle Vickers.

Survivors include her daughters, Bertha Washington, Pasadena, Calif., Mary Ellen

Humphery, Rochester, Betty Vickers, Anchorage, Alaska; sons, Jimmie Leroy, Robert, Jerome, Rochester, Nathaniel, Anchorage.

Funeral services will be held 1 p.m. Wednesday at Central Church of Christ, Rochester. Millard E. Latimer and Sons Funeral Home, Rochester, is in charge of arrangements.

### LEROY JAMES

Leroy James, 50, 1108 Cedar Ave., Sanford, died Saturday at his residence. Born Aug. 12, 1935 in Monticello, he moved to Sanford in 1951. He was a retired worker from the Seminole County Road Department. He was a Baptist.

Survivors include two daughters, Shirley, Cassandra, Sanford; three sons, Milton, Shawn, Marcus, Sanford; mother, Mrs. Maggie J. Marshall, Sanford; sister, Mrs. Rosa L. Hudson, Winter Springs; brothers, Roosevelt, Sanford, Thomas, Hayward, Calif.; Andrew, Hynessport, Mass.; three grandchildren.

Sunrise Funeral Home, Sanford, is in charge of arrangements.

### GRACE E. TINKHAM

Grace Edyth Tinkham, 81, 208 Temple Dr., Sanford, died Saturday at Orlando Care Center. Born Feb. 17, 1905 in Kendall, Wis., she moved to Sanford from Baraboo, Wis., in 1947. She was a retired dietitian with Florida Health Spa. She was a Protestant.

Survivors include a son, Harley W. Slaback, Sanford; four sisters, Faye Groener, LeVern Knoop, Baraboo, Wis., Mildred Houghton, Eva Howard, Orlando; two brothers, Harold Harris, Orlando, Rocco Harris, Baraboo, Wis.; seven grandchildren including Douglas A. Slaback, Sanford, Carol Schlegel, Forest City; three

great-grandchildren.

Memorial services were held Monday at Gramkow-Gaines Chapel. In lieu of flowers, the family requests that contributions be made to the American Cancer Society or a charity of choice in Mrs. Tinkham's name.

Gramkow-Gaines Funeral Home, Longwood, is in charge of arrangements.

### JOSEPH A. SZUMSKI JR.

Mr. Joseph A. Szumski, Jr., 65, of 774 Pondview Court, Lake Mary, died Sunday at his residence. Born in Detroit, Mich., July 22, 1920, he moved to Lake Mary in 1982 from Casselberry. He was a retired truckdriver and was a Catholic. He was a U.S. Army veteran of World War II and a member of the 12th Armored Association, Godfrey, Ill.

Survivors include his wife, Irene M.; two sons, Joseph A. III, Palm Harbor, and Richard A., Farmington Hills, Mich.; a daughter, Nanette M. Kimball, Altamonte Springs; parents, Joseph A. Sr. and Mary Szumski, East Tawas, Mich.; sister, Virginia Barc, also of East Tawas; four grandchildren.

Oaklawn Funeral Home, Lake Mary/Sanford, is in charge of arrangements.

# Rose & Angela Open Full-Service Salon

Rose & Angela's Beauty Salon, Longwood's new full service salon, is located on State Road 434 east of Highway 17-92 in the Lakewood Center (next to Movie Gallery). It is a salon for men as well as women which does all kinds of curls and works on all types of hair. They offer precision cuts, colors, perms, relaxers, weaving, facials, manicures (including sculptured nails), and pedicures. Formerly of Green's House of Beauty, owners Rose Cantrell and Angela Carter realized a lifelong dream when they opened their own shop on Feb. 28.

Orlando, said "Working for others has given me the incentive to go on my own. I am thankful for the loving support of my family, which has made it possible for me to achieve."

Another hairstylist at Rose & Angela's is Glenda Lewis, also a Wilfred graduate. She is formerly of Green's House of Beauty and Arturo's of Altamonte Springs.

They are firm believers in reconditioning and with every chemical treatment they give a deep conditioning. They use Nexus, What-a-Curl and Carefree hair products.

Appointments are not necessary and walk-ins are welcome. Hours are 9 a.m. to 5 p.m., Tuesday through Saturday. They are also open after 5 on Thursday and Friday by appointment.

They welcome all their friends and former customers to visit their new salon.

For a beauty salon that offers for up-to-date styles and concern for your hair, Rose, Angela and Glenda say "We are the ones." Call 260-0922.

Nursery Owner  
Jean Norris  
With Some Of  
Her Nelson  
Florida Roses

## Jean Norris Ferns/Plants For Mother's Day Gifts

For a Mother's Day gift sure to please Mom or plants and trees for Spring gardening, come to Jean Norris Ferns and Exotic Plants, where quality counts.

Located at 601 Celery Ave., Sanford, Jean's has some great ideas for Mother's Day coming on May 11. Here are some suggestions: a large selection of African violets in pots and dish gardens, blooming orchid plants, Nelson Florida roses, colorful caladiums, and New Guinea impatiens or waxed begonias in hanging baskets and large pots.

Jean got into the retail nursery business several years ago as the result of her avid interest in growing and showing day lilies and African violets. She personally gives her plants tender loving care and knows them all by name.

She happily dispenses free advice to her customers on what grows best where, how to plant, the kind of fertilizers to feed your plants, how to get rid of garden pests, and when to prune.

Her customers come from around the state to get this kind of attention and because they can depend on the quality of the plants she sells.

If the citrus trees in your yard were frozen out during the last two winters, you may want to try

planting some of the cold-hardy fruit trees at Jean Norris'. In blossom or with fruit, they include apple, peach, and fig trees. She also carries grape vines and blueberry plants.

One of Jean's specialties is fern. She has a large selection including can-can (with its ruffled skirt), Ming, maidenhair, and footed varieties to name a few.

Jean has geraniums, bromeliads, hybrid day lilies, herbs, annuals, and perennials. It's still not too late to plant your gladiolus and caladium bulbs and Jean has the latest varieties.

You'll find the fertilizers, potting materials, insecticides and other products needed to have a beautiful healthy garden at Jean's. Master Card and Visa are welcome.

THE JUDGE IS HEARING CASES TODAY IN ENGLISH MAGISTRATE'S ATTIRE.

ONE MORE WHOP! LEAVE AND I'LL CLEAR THIS COURTROOM!

# Establish Diagnosis Before Treating Scale

**DEAR DR. GOTT** - A dry, scaly substance covers the outer parts of my ears, and the inside as well. The cream the doctor gave me makes it worse. Would a salve with cortisone help? What causes this?

**DEAR DR. GOTT** - Many different types of skin disorder, including seborrhea and psoriasis, can cause scaling. I think you need the attention of a dermatologist, because, although cortisone cream may be appropriate, it's a good idea to establish a diagnosis before using it for more than an occasional itchy rash.

**DEAR DR. GOTT** - I had to have a hysterectomy. Now my husband says that having sex with me is not like it used to be, and I don't have any feelings for it either. Please tell us what to do.

**DEAR DR. GOTT** - I am female, 77, and have been suffering almost constant pain for two years from the 30 percent deterioration of two vertebrae in the lower lumbar spine. Can surgery be done to correct this? My doctor has just given me exercises to strengthen the back muscles.

**DEAR DR. GOTT** - I believe you are suffering from a loss of bone mass called osteoporosis. After menopause, women tend to lose excessive calcium from their bones. Surgery is not indicated; exercises are usually not helpful. You may be helped - and the calcium loss arrested - by taking calcium and fluoride supplements, hormones or drugs that are available to correct the leaching of bone calcium. These treatments are

best prescribed by an endocrinologist, a specialist in metabolism.

**DEAR DR. GOTT** - Shortly after our daughter was born, my husband started to have a problem with premature ejaculation. Now it happens every time we have intercourse. Is it a physical or psychological problem, and what should we do to get help?

**DEAR READER** - Premature ejaculation almost always has a psychological basis. I suggest you talk to your doctor and ask that he or she recommend someone who can counsel your husband. This unfortunate sexual malfunction is usually curable.

## WIN AT BRIDGE

**By James Jacoby**

Here's another interesting lesson from the new book by Reese and Hoffman, "Play It Again, Sam" (Deyn Press). Against three no-trump, West leads the king and queen of spades, which you duck, but you have to win the third round of the suit. Of course you place West with the diamond ace for his opening bid, so you know not to play a diamond right away. But you have only eight top tricks, so where do you look for that ninth trick? Seems reasonable, doesn't it, to also give the opening bidder the heart king? OK, so you play a heart to the queen. What a disappointment! East wins the king and leads a diamond to his partner's ace. That sets you two tricks. Don't jump out of your chair now, but this is a contract that you really should make.

What is required is just a little bit of looking ahead. Upon winning the third spade, you discarded a heart from dummy.

Now picture what cards everyone will be left holding if you now run your six club tricks. Dummy will have the A-Q of hearts and the K-7 of diamonds. You will have four red cards, including the diamond queen. But what about opener West? If he ever lets a spade go, you can set up a diamond trick by forcing his ace, since he cannot then have two spades to set you. And so perforce West will throw the diamond jack and four small hearts as you run the club suit. It becomes easy after that to play the heart ace, dropping East's king and making the contract.

## HOROSCOPE

**What The Day Will Bring...**

**YOUR BIRTHDAY APRIL 23, 1986**

A project in which you have invested considerable time and effort will start bearing fruit in the year ahead. Something you didn't count on will open the floodgate.

**TAURUS** (April 20-May 20) Your instincts and perceptions regarding the way a tricky situation should be handled today are accurate. Follow your hunches. Know where to look for romance and you'll find it. The Astro-Graph Matchmaker set instantly reveals which signs are romantically perfect for you. Mail \$2 to Matchmaker, c/o this newspaper, Box 1846, Cincinnati, OH 45201.

**GEMINI** (May 21-June 20) The final word regarding a decision that affects others as well as yourself will be left up to you today. Do what's best for all concerned.

**CANCER** (June 21-July 22) A difficult objective can be accomplished today if you set your mind to it. You'll be quite ingenious in overcoming obstacles.

**LEO** (July 23-Aug. 22) A serious matter can be resolved in a convivial atmosphere today. If you want to work out a problem with a pal, do it over lunch or dinner.

**VIRGO** (Aug. 23-Sept. 22) Do not become discouraged today if things don't go your way initially. By the time the clock has run its course, you'll come out just fine.

**LIBRA** (Sept. 23-Oct. 23) Someone may bring you an interesting proposal today. Analyze it carefully, because it could contain advantages for you that it doesn't for your cohorts.

**SCORPIO** (Oct. 24-Nov. 22) Two possibilities for personal gain will present themselves today. One will be through a normal channel; the other could

come from left field.

**SAGITTARIUS** (Nov. 23-Dec. 21) Companions will find you delightful to be around today. Whether it's a young group or an elder one, you'll know how to raise everyone's spirits.

**CAPRICORN** (Dec. 22-Jan. 19) Your progress will be tallied in small measures today, but don't let that disturb you. A big victory can result from moving ahead a step at a time.

**AQUARIUS** (Jan. 20-Feb. 19) Today you may have an occasion to put a suggestion offered by a pal to practical application. It should work out quite well.

**PISCES** (Feb. 20-March 20) Your possibilities for adding to your material holdings are better than usual today. Be alert for opportunities that will seem to develop from out of the blue.

**ARIES** (March 21-April 19) If you honor your commitments to the letter today, you'll gain even greater respect from those you're involved with. Be a hero.

**ANNIE** by Leonard Starr

WHY'D YOU SAY, LADY?  
MY UM, NICE AND I ARE IN RATHER A MURK.

SO IF YOU COULD LOOT ONE OF THE OTHER CANS, WE'D APPRECIATE IT.

YEAH, WELL, WE ALREADY PUT A LOT OF EFFORT INTO PIPPING OFF THIS ONE.

SO GREAT IT!!  
YEAH!!
