3 Kinds Of Atomic Defense Are Named

ATLANTIC CITY, N. J., June 5 (AP)—Rear Admiral William S. Parsons, Navy director of atomic defense, declared today there were three kinds of defense against an atomic bomb.

In an address prepared for delivery at a luncheon meeting of the 15th annual convention of the Edison Electric Institute, Parsons said:

"The first defense, which would be positive against a surprise attack, is political and would be accomplished by operations under the Baruch plan.

"The second form of defense is the ability to retaliate.

"The third defense is passive and consists of taking steps to minimize the effect of atomic attack. The Bikini tests come in the third category of passive defense. The technical reports of these tests are now clearly complete and have been acted on by the joint chiefs of staff evaluation board."

they have following other wars they will not remain that low for very long. In that case prices of non-farm products are likely to rise still further.

The Department of Agriculture has authority to support prices through 1948 on about 70 percent of all agricultural production and this should have some effect on farm prices, naturally. Then, too, the government does its so large that it would be exceedingly difficult to pay off on a low general price level.

Marshall Speech

(Continued from Page One) Marshall said, "This is the business of the Europeans. The initiative, I think, must come from Europe." The role of the United States in such a program, Marshall said, "should consist of friendly aid in the drafting of a European program and of later support of such a program so far as it may be practical for us to do."

Russian Decree Lists New Penalties For Crimes Of Violence

LONDON, June 5 (AP)—A Moscow radio broadcast heard here last night by the Soviet Monitor outlined a decree fixing new penalties in Russia for crimes of violence which, it was said, aims at "strengthening the protection of private property of citizens." The decree was issued by the presidium of the Supreme Soviet of the USSR. In Russian quarters here it was recalled that the last session of the Supreme Soviet there was a complaint that penalties for crimes were not uniform throughout the country. It is believed that the new decree brings about standardization of the administration of criminal law.

Lessons Learned At Anzio To Aid Doctors In Atomic Warfare

By FRANK CAREY Associated Press Science Reporter WASHINGTON, June 4 (AP)—Lessons learned at the Anzio Beachhead, in saving precious time and blood-transfusion materials in treating wounded men, will be valuable in case of future atomic warfare, a Boston doctor said today. Describing how techniques introduced at Anzio allowed a 50 percent reduction in the amount of blood and plasma required and also allowed men to be operated on sooner than previously, Dr. Henry K. Beecher of Massachusetts General Hospital declared in an address prepared for an Army Medical Department symposium: "This economy of time and material, economy in the use of blood and plasma, so important in resuscitation, will be clearly necessary if military action ever takes place in difficultly accessible regions of the world, say, the Arctic or Antarctic, where problems of supply will always doubtless be great."

Anzio. He and Maj. Charles H. Burnett, another member of the board, found that surgery could be undertaken before a wounded man who had fully recovered from the initial physiological effects of "wound shock." Wound shock is the prostrating condition which results from loss of blood volume. When blood is lost, fluids are drawn unnaturally from body tissues into the blood system, and this causes shock. Plasma and whole blood are used to treat and cure this condition, but many of the severely wounded also require surgery for the repair of damaged blood vessels and organs if life is to be saved.

Indian Leaders Tackle Political Problems

By WALTER J. MASON NEW DELHI, June 5 (AP)—Seven Indian leaders who agreed to accept the British plan for settling the Indian political problems by partition buckled down with the Viceroy today to the job of ironing out some of the major administrative wrinkles which lie directly ahead. Official sources said there would be one and possibly two more meetings to straighten out such problems as the process for es-tablishing a commission to draw the boundaries of the new Hindu-Broadway with this train-and-Pakistan for setting up machinery of self-determination in such disputed regions as Pun-der Gull, always ready-elf to any reasonably-erend, has dropped its-ly "Carnegie" from 45 management of "A-Fancy" announced emiere that it would-ore than \$3 a ticket

job, Bengal, Assam and the like. Other immediate problems to be faced include, in the provinces which are to be split up between the new Hindu and Moslem states, the division of assets and liabilities, of police and other services and of courts and other provincial institutions. While Congress Party, Moslem League and Sikh leaders were meeting with Viceroy Lord Princes chose the Maharajah of Patiala (to the post of chancellor. The sympathies of Patiala, a Sikh ruler, appear to lie with the Hindus.

CORRECTION The Herald regrets an error in last night's paper in stating that "Polonaise Op. 53" was played by Elizabeth Flite. The name should have been Elizabeth White.

Truman To Attend 35th Division Reunion

KANSAS CITY, June 5 (AP)—Veterans of the 35th Division, who fought in some of the toughest battles of both World Wars, today began a three-day reunion which will be attended by the outfit's most famous member, President Truman. Mr. Truman is scheduled to arrive here at the top of a Saturday night at memorial services in honor of the Division's dead. In World War I the 35th fought at St. Mihiel and Meuse Argonne and in World War II it took part in the Normandy landings and the Battle of the Bulge. General Dwight D. Eisenhower will speak at a ceremony tomorrow night, observing the fifth anniversary of D-Day, the date of the Normandy landings. Georgia Pierre Lavelley, the mayor of St. Lo, France, also will participate in the ceremony. St. Lo, the breakthrough point of the Allied drive out of the Norman peninsula, was recaptured by the 35th division. The division is starting a fund to build a hospital for St. Lo, the break-through point of the Allied drive out of the Norman peninsula, was recaptured by the 35th division. 3 New 'Letter Bombs' Received By Britons

LONDON, June 5 (AP)—Scotland Yard said today that three more explosive "letter bombs" like those delivered to British cabinet members and high Army officers yesterday had been uncovered by investigators trying to stop the "murder by post" packets from Italy. One of three bombs was sent to a prominent person, while the other two were directed to persons less well known, a Yard spokesman said. He did not identify them. He declined to say whether they had been delivered to their intended victims or uncovered by the intensive screening of incoming mail instituted by British postal inspectors. Italian police said they had been unable to uncover any trace of the source of the explosive envelopes there and Scotland Yard denied it had sent detectives to Milan, which a morning newspaper said it had sent detectives to Milan, which a morning newspaper said it had sent detectives to Milan.
