SANFORD THE GREATEST VEGETABLE SECTION THE WORLD HAS EVER KNOWN

Salient Facts About the Crops Conservatively Given

FOR INFORMATION

PRESIDENT MILLER OF THE BOARD OF TRADE WRITES AT REQUEST OF SOME SANFORD VISITORS.

The following article about Sanford was written yesterday by Frank L. Miller, president of the Board of Trade at the request of some visitors who wished to carry back home the story of Sanford in which they have become greatly interested:

The 8th of February 1895 will always be remembered by Sanford people because it was on this date that all our resources were wiped out in a single night with the "big freeze" which swept over the entire State. We were left without anything to stand upon except the Railroad interest, which was not large enough to support our people. Many left never to return, to seek a living elsewhere; those who were forced to remain for lack of funds to leave, were staggered and did not know which way to turn to take up life anew.

During the years of 1898 and 1899 Mr. J. N. Whitner and Mr. J. E. Pace began an experiment with Celery and Lettuce growing in this section. The sub-irrigation idea had been advanced by a Methodist minister, the Rev. Dr. Moore, who by running a wooden trough down the center of the street caused the water to seep to the sides, thereby causing the ground to harden and make traffic more easily accomplished. This was the first sub-irrigation in this district. Since this time it has been improved until there is nothing in the world to equal the Sanford sub-irrigation and drainage system. Our flowing wells afforded sufficient water in dry weather and the tile used for irrigation furnished drainage during heavy rains; our people had to do something in order to make a livelihood. Hence, the same old reason: "Necessity the mother of inventions." From the largest Orange Shipping point in Florida prior to the freeze of 1894 and 1895, we have become, through hard work and application of our resources, the largest vegetable and car icing point in the United States.

In and around Sanford, there were many hundred acres of wild land that one would not pay taxes on for it, but this land was blessed from the fact that flowing wells could be secured at a small expense and thus a sufficient supply of water obtained to furnish irrigation which was needed to grow Celery. This land began to grow in value in proportion to the number of farms that were opened up and proved successful, until now improved farms in this section have sold within the past month for over One Thousand Dollars per acre. The same land in the beginning could have been bought for from Five to Ten Dollars per acre. The trucking business has grown from a mere project of a small parcel of land to very large and finely equipped farms. The time for experiments has passed—it is a business and a business well worth one's time to learn.

We have grown from the beginning of about one thousand crates to the handsome number of over three thousand cars during the season of 1919. This does not include Express shipments, which will run several hundred during the season. I know of two vegetable buyers here who will ship a car a day by express during the height of the season. As stated in the beginning, the application of our resources has caused Sanford to be the largest car icing point in this country, and this speaks considerable, as it is a matter of record and can be verified by the Armour Car Lines.

This is just a few of the things we have done. What we have really

done can only be seen by coming to Sanford and looking for ones self.

Where We Make Our Money.

Now, it would seem possible to one knowing nothing of the conditions, to be told that we take more from our land in the Sanford Celery Delta, than does any people in the United States or the world. It is a common thing for a farmer to have five acres and from this, support a good sized family, own an automobile and go away for the summer. I can refer you to many who have netted over One Thousand Dollars from one acre of land. This, however, is an exception. But when I tell you that you may average from Six Hundred and Fifty and Seven Hundred and Fifty Dollars net profit per acre, I am not enlarging upon it in any way. To prove this, I know when the entire banking resources of this section was a little over Four Hundred Thousand Dollars; now, in just a short time, they have grown to within a few dollars of Three Million Dollars. What has done it? Nothing but the farms. We have no oil wells—just our irrigated farms. (Continued on back page)

TROUBLES KENTUCKY MINERS

DETECTIVES AND COAL MINERS CLASH AND SEVERAL ARE KILLED.

Middlesboro, Ky. March 23 (By Associated Press) Several hundred armed miners are reported to be searching for private detectives who are alleged to have started a fight at Wallins Creek Saturday with miners in which three persons were killed and several wounded. The fight was the outgrowth of ill feeling because of the importation of detectives at the Kentucky Steam Coal Mine where a strike is on. The excitement extends throughout Harlan county.

Government Control On Coal Is Off

MAXIMUM PRICE WITHDRAWN AND PAVES WAY FOR INCREASED WAGES

Washington March 23 (By Associated Press) Government control over the maximum price of bituminous coal was withdrawn today by President Wilson effective April first. The president wrote the operators that a majority report of the coal commission was the basis on which the wage schedule agreements would be made. April first is the date on which these agreements normally become effective and the removal of the government control paves the way for an increased coal price to absorb the average twenty seven per cent wage increase recommended for the miners.

FIREMEN ARE INJURED IN ATLANTA FIRE

LADDER COLLAPSED AT \$100,000 DOLLAR BLAZE TODAY.

Atlanta March 22 (By Associated Press) Three firemen were injured in the collapse of a ladder and two negroes were seriously hurt in jumping from a third story in the hundred thousand dollar fire in the Georgia Woolen Company plant today.

OFFICIAL COPY OF TREATY

HAS BEEN SENT TO THE PRESIDENT AND THE FATE OF PAPER IS UNKNOWN.

Washington March 22 (By Associated Press) Official copy of the treaty of Versailles which the president brought from Paris was delivered to the President today. No word came from the White House as to the president's probable course in regard to the treaty since the Senate refused four times to ratify it.

CONDITIONS IN GERMANY VERY BAD

DESCRIBED BY MINISTRY OF DEFENSE AS BEING EXTREMELY SERIOUS.

Berlin March 22 (By Associated Press) Conditions in Germany are described by the Ministry of Defense officials as extremely serious. "We cannot paint the situation too black," the ministry officials declared today. Troops from Silesia are reported to have arrived in the Rhur district and are fighting with the Spartans army.

Attention
The Royal Neighbors will meet Thursday afternoon at 2:30. A full attendance is desired. Business of importance before the camp. Please be on time.
Recorder.

PULLMAN WANTS TO INCREASE

WOULD FILE SPECIAL TARIFF RAISING RATE ABOUT TWENTY PER CENT.

Washington March 23 (By Associated Press) Permission has been granted the Pullman Company by the Interstate Commerce Commission to file special tariffs increasing the berth rate approximately twenty per cent. Protests may be lodged against the ruling within thirty days.

Weather Report

For Florida Fair tonight and Wednesday, gentle to moderate northeasts winds.

Rear Admiral Benson Gave Sims Instructions About How to Behave

Said Would As Soon Fight British As the Germans

IS SIMS' TESTIMONY

REMARK WAS NOT IN REGULAR INSTRUCTIONS BUT MADE IN CONVERSATION.

Washington March 22 (By Associated Press) Rear Admiral William Benson then Chief of the Naval Operations was the official who told Rear Admiral Sims "not to let the British pull the wool over your eyes and he would as soon fight them as Germany." Admiral Sims testified today before the Senate investigating committee. He added that the remark was not made in the course of formal instructions but during the conversation in the office of Rear Admiral Palmer, chief of the Bureau of Navigation. After he had received final instructions from Secretary Daniels preparatory to his departure for England on the eve of the United States entry into war he said Benson had repeated the remark six months later in London.

AMERICANS WILL FLY ACROSS SEA

SAILORS WILL USE NEW ENGLISH DIRIGIBLE R-34 AND FLY ACROSS OCEAN.

New York March 23 (By Associated Press) Thirty enlisted men of the United States navy leave in a few days for London preparatory to attempting a trans-Atlantic flight with the R-34 sister dirigible of the R-34 which negotiated the flight last October. The R-38 is slightly larger than the R-34 and was purchased by the United States from England.

REPUBLICANS WILL SPLIT IN FUTURE

NEW PARTY OF LIBERAL VIEWS WILL ARISE OUT OF BOURBON ARISTOCRACY.

Washington March 22.—Warning that republican "liberals" might form a new political party to fight "bourbon autocracy" in an effort to restore individual liberty, was sounded in the senate today by Sen. France republican, Maryland.

With repeal of national prohibition and the espionage acts as planks of its platform, Sen. France said the liberals "need not hesitate to raise the battle cry against all of the reactionary forces of autocracy and un-American bourbonism."

"The democratic party, under autocratic leadership," he said, "ingloriously abandoned the sound doctrine of the sovereignty of the states voted without scruple huge powers to the chief executive, who has, in violation of the constitution and of every cherished principle of liberty created the most powerful despot in the world."

Charging that republicans joined with the bourbon reactionaries and connived in the setting up of this autocracy, Sen. France said, "both parties are as decadent as the issues which quickened them into being."

"If the republican party shall not become the party of liberalism and of liberty," he declared, "then there must be a new and liberal party which shall express the aspirations of the millions of America who now demand restoration of their liberty and their liberties."

Along with repeal of the prohibition amendment, Sen. France urged reconsideration of the whole subject with local option and "certain alcoholic beverages."

Some of the planks were: Operation of railroads by representatives of capital, labor and the public, under interstate commerce commission supervision.

Rejection of the "iniquitous" treaty of Versailles and immediate establishment of peace with Germany. Reduction of the high cost of liv-

WHOLE WESTERN INDUSTRIAL DISTRICT OF GERMANY IS HELD SOLID BY RADICALS

ing with economy in federal expenditures and decreased taxes.

A navy second to none and a military system of the best.

Police Station Is Chosen Scene For A Daring Swindle

Hoboken, N. J. March 23.—Police headquarters was chosen by two daring swindlers recently as the most convenient place to swindle Harold Bonnel, a Milbury, N. Y. merchant, out of \$1,000. The swindlers, posing as detectives, induced Bonnel to go to headquarters under the ruse that his money was counterfeit. Arriving at the station the "detectives" excused themselves on a pretext, Bonnel, after waiting an hour for their return, explored the building and finally unfolded his tale to the astonished lieutenant at the desk.

DeLand's memorial to the Volusia county boys who lost their lives in the great war consists of a beautiful memorial hospital, the cornerstone of which was laid with appropriate ceremonies on Sunday, February 22nd thus honoring the birth of the great Father of our country.

HEARING TO ADJUST R. R. RATES

INTERSTATE COMMERCE COMMISSION MEETS TO LOOK AFTER THE 5 1/2 PER CENT.

Washington March 22 (By Associated Press) The hearing to determine the basis for an adjustment of the railroad rates so as to yield the roads a return of five and one half per cent as provided in the new transportation law, began today before the interstate Commerce Commission. Representatives of virtually all the railroads and shippers organizations were present.

TWO STATES NEEDED FOR RATIFICATION

ANTHONY WOMAN SUFFRAGE AMENDMENT SEEMS LIKELY TO GO THROUGH.

Olympia March 22 (By Associated Press) With the ratification by only two states needed to validate the amendment a special session of the Washington legislature met to vote on the Anthony Woman Suffrage amendment today. There is virtually no opposition to the ratification that has so far developed.

WEEK'S WEATHER

Forecast For The Period March 22 to 27 Inclusive.

South Atlantic and East Gulf States: Generally fair, although some prospects of occasional rains second half; nearly normal temperatures FRANKENFIELD

High Rents Will Cause Bolshevism

AND 1800 RESIDENTS OF NEW YORK GO TO ALBANY TO MAKE PROTEST.

New York, March 23 (By Associated Press) Eighteen hundred residents of New York went to Albany on special trains to express their opinion on the rent bills, Chairman Hilly of the Hylan Committee on Rent Profiteering issued a warning that if relief was denied there was danger of Bolshevism with violence.

Disaster Said to Be Inevitable If Government Interfere

GOVERNMENT WORKERS

ARE MAKING SOVIET AND NOT WITH ASSISTANCE OF BURGEOIS.

Copenhagen March 23 (By Associated Press) The whole western industrial district of Germany is held solidly by radicals and disaster is inevitable if the government troops interfere there according to telephone information from Berlin Tidende Demokraten which learns that it is purely the workers of the government that are on the point of formation without the co-operation of bourgeois parties.

Copenhagen March 23, (By Associated Press) A Lepisic telegram reports fighting in Halle continues in undiminished violence and that both troops and workers are using artillery.

London March 23 (By Associated Press) The latest German reports show government troops are concentrating near Wesel to move against the extensive districts occupied by the communists the London Times Rotterdam despatch says The Communists mobilized after the method of the Russians with great speed and it is impossible to prophesy the issue of the coming battle or when it will be fought. Essen is now menaced by famine the correspondent adds.

OFFER PRIZE TO SCHOOLS FOR ESSAY

SALLIE HARRISON CHAPTER WANTS CHILDREN TO WRITE ON AMERICANISM.

The Sanford Herald-Gentlemen:

The Sallie Harrison Chapter of the Daughters of the American Revolution have offered prizes for the best essays written by the scholars of the Grammar Schools of Sanford. The subject for the White School is "What makes a good American Citizen?" and for the colored school "True Americanism".

These essays must be handed in at graduation time and a prize of Five Dollars will be given for the best on each subject.

The National Society of the D. A. R. has done much to interest the children and to aid and instruct them to become good American citizens for in a few years they will have to guide our nation and they want them to know what a good citizen and true American is. The Sanford Chapter offers these prizes to induce the scholars to study these subjects and in the future live up to their best ideals.

Mrs. H. L. De Forrest, Chairman of Committee.

The Soul of America
From the Seattle Post-Intelligence
Just to-day we chanced to meet
Down upon the busy street,
And he wondered whence I came
What was once my nation's name,
So he said me: "Tell me true,
Are you Pole or Russian Jew
English, Irish, German, Prussian,
French, Italian, Scotch or Russian
Belgian, Spanish, Swiss, Moravian
Dutch or Greek or Scandinavian?"

Then I gave him my reply,
And I raised my head on high:
"What I was, is naught to me
In this land of liberty.
In my soul, as man to man,
I'm just an American."

'IN SOCIETY'S DOMAIN

Mrs. R. A. Terheun, Editor
Phone 395

Mrs. H. C. Gerror spent the week end with Mrs. Vance Douglass on Lake Onoro.

Mrs. Charlie Marshall and little daughter Dorothy returned from Savannah, Ga., Saturday night.

Mrs. T. J. O'Connor left Sunday for an extended visit with friends in Baltimore, Md.

Mr. and Mrs. C. E. Smith who were called here by the death of their sister, Mrs. B. E. Eaton, leave for their home in Jacksonville today.

Mrs. J. Steed of Kissimmee was the week end guest of her parents, Mr. and Mrs. J. G. Ball.

Mrs. C. W. Forrester is spending a few days with her son Howard Forrester and family in Orlando.

Mr. and Mrs. Fred Walsman were the Sunday guests of Mrs. J. S. Wilson.

Mr. Fred Walsman were among the folks enjoying a "high fly" in the hydroplane, Sunday afternoon.

Misses Nell Lane and Annie James Morgan of DeLand are week end guests of Miss Norma Herndon at the Seminole Hotel.

Mr. and Mrs. B. W. Herndon, Col. and Mrs. Knight motored to Daytona Sunday and were the dinner guests of the Clarendon.

Mr. and Mrs. Ralph Roumillat and Mr. and Mrs. Carl Roumillat motored from Jacksonville on Sunday to the delight of their many friends.

Miss Sarah Wight came over from Rollins College to spend the week end with her parents, Mr. and Mrs. Henry Wight.

Mr. and Mrs. Carl Ferran and their mother Mrs. E. L. Ferran were Sunday guests of Mrs. D. L. Thrasher.

Miss Ruth Pulliman of Orlando spent Sunday here, the guest of Miss Clara Millen.

Mrs. H. B. Crowder is here from

Clearwater spending a few days with Mr. Crowder at the home of Mr. Langley. Mrs. Crowder will accompany his wife back to Clearwater for a few days visit later in the week.

Mr. and Mrs. Geo. Bishop and little daughter motored to Daytona on Sunday to spend the day with the latter's sister, Mrs. Bell.

Mrs. Allen left on Saturday for Crescent City to visit her son and family.

Mrs. Geo. Shipp and children and Mrs. Edling are expected home today from Tampa where they were the guests of the former's sister, Mrs. Querry.

Woman's Club Meetings

The social department will entertain with bridge and a sewing party, Tuesday afternoon at the Woman's Club with Mrs. John C. Smith hostess.

The Literature and Music departments will hold their regular bi-monthly meeting on Wednesday with Mrs. L. R. Philips presiding.

Wedding of Interest

A very cordial interest surrounds the wedding of Miss Helen Shelton and Ralph Roumillat which took place in Jacksonville last Monday evening. The marriage came as a surprise to their many friends here altho it is the culmination of sweet-heart days from childhood.

Both young people have grown up in Sanford where they have hosts of friends who wish them happiness. The bride is the only daughter of Mr. W. E. Shelton and is a charming lovely girl. The groom is the youngest son of Mrs. Junie Roumillat, a fine young fellow of sterling character and many qualities.

Mr. and Mrs. Roumillat will reside in Jacksonville with Mr. and Mrs. Carl Roumillat.

St. Patrick's Dinner

Among the charming events of last week was the St. Patrick's dinner given by Mrs. J. S. Wain at her home on Union avenue. The guests being Mr. and Mrs. E. B. Brown of Jacksonville and Mr. Frederick McGowan of Eustachus.

The table was lovely with its pretty appointments of silver and crystal and beautiful floral decorations; centered by white carnations and asparagus fern; carnations also marked the places, and the special was served in fern cups. A delicious menu was served in six courses, the color scheme of green being effectively carried out in the coloring of each and dainty and tempting dish. After dinner several friends came in for the evening and music whited away the happy hours.

SANFORD'S BIG PROSPECTS

(Continued from Page 1)

who return to their homes with the impression (and in most instances true) that they have been over-bought for, and make every inducement to bring in that class of people who intend building or making their homes there.

"Tear down the old shacks and use paint freely on all business buildings and residences. Clean up the streets and yards and put on air of prosperity, for prosperity will follow where there is genuine enterprise.

"Florida is not booming. It is simply beginning to come into its own. It is the garden spot, the paradise of America. It has a future such as no other state can equal, and those communities that do not join and take advanced steps in its up-building, will not deserve to prosper.

Gribble, West Liberty, O.

Hyman Will Have New Home

Dr. George Hyman pastor of the Baptist Temple has purchased from C. W. Laing, the house and lot on the corner of 6th St. and Magnolia Ave. and is preparing to build a home on the property immediately.

The present house fronting on Sixth Street will be remodelled and has already been leased. The new home to be built by Mr. Hyman is of the bungalow type and will be a neat addition to an already beautiful street. The location is one of the best in Sanford and the property joins the Baptist Temple property on the rear. Dr. Hyman and his family will occupy the new home as soon as completed and the present parsonage will be leased.

Big Day At Baptist Temple

Two large audiences were in attendance at the Baptist Temple on Sunday. The pastor spoke in the morning on "Initial Ordinance". In the evening on "What Others Say About the Baptist". There were eight additions to the church.

In the evening Mr. C. A. Whidden made a touching address on the "Supreme Sacrifice" of the Sunday morning Club's heroes. The heroes being Joe Laing, Arthur Lossing, Carl Malm and Walter Lovell. He unveiled a beautiful arrangement of photos of the young men and delivered the same to Judge Scheile Malm, president of the Club, who in response spoke eloquently of the lives and deaths of these young men.

The picture was veiled behind the American flag, presented to Dr. Hyman when chaplain in France. was used several hundred times in connection with funerals across the seas.

Will Play at DeLand

The fans of this city will no doubt be at DeLand next Thursday to see the Cincinnati World's champions when they tackle the Washington American League club in that city on that day. Already many of the lovers of the game have already arranged to motor over to see Pat Moran and his boys defeat the Chicago White Sox for the highest honors in baseball. This is an unusual attractant and the fact that the two clubs were secured to play at that city will give every one a chance to take a trip there with little expense.

YOUTH SACRIFICES LIFE IN MID-OCEAN TO SAVE MATES WHILE AGED MOTHER PRAYS.

Dramatic Drowning on Deck of Submerging Submarine a Griffith Master Stroke

The heroic sacrifice of an American

youth in permitting himself to drown rather than risk the lives of his fellow members of a submarine crew forms one of the most unusual and dramatic incidents in "The Greatest Question," D. W. Griffith's latest production which will be seen at the Princess tomorrow.

This most unusual occurrence however is but Griffith's method of leading up to the thought of his powerful drama which is a sweetly simple, yet profound inquiry into the study of Occultism and the nature of the universe.

Probably there is no more agitated and discussed question in the world today than the subject of mysticism. Griffith handles the subject in a manner that cannot be understood by Eschewing an involved detour into the scientific nature of his subject, he selected a story of farm folk who are deprived of the support of an oldest son.

The producing genius of film land has conceived a logical story. He explains clearly to an audience why a mother's faith in the Hereafter is shaking. Through the life-like development of his plot, he enables the audience to see destroyed a Father's confidence in a great guiding hand that rewards the good and punishes the evil. Then, with his master stroke, he brings the conclusion of his remarkable drama before the audience with a gratifying though amazing revelation.

One more reel also given.

Trammell Is Busy

Senator Park Trammell has introduced an amendment to the Agricultural Appropriation Bill providing for an increase in the appropriation for combating hog cholera and also for the eradication of pests that attack and damage the sweet potato. Senator Trammell says Florida is vitally interested in a liberal appropriation for these purposes.

Mrs. O. W. Malmes of Louise Florida is the guest of her son, Hon. Scheile Malmes.

Cardinal Manning

The middle of the nineteenth century saw a great movement in England toward the Church of Rome. Among the many well-known converts was Henry E. Manning, who had been a clergyman in the Church of England for over fifteen years. He entered the Roman priesthood and was ultimately made cardinal archbishop of Westminster. He died January 14, 1892.

Rights Conferred by Freedom.

In a free country every man thinks he has a concern in all public matters—that he has a right to form and a right to deliver an opinion on them.—Burke.

Gentlemen: It gives me great pleasure to state to you that I have been using and applying your S. A. W. Hair and Scalp Remedy ever since it was put on the market. I do not hesitate to say that it is the greatest remedy for the hair and scalp that I have ever seen in my life.

I want to further state that for itching scalp, dandruff and eczema, it will absolutely and permanently exterminate any of these diseases. I have since using it in the Temple Barber Shop, treated some of the worst cases of scalp diseases in the country and cured them of their troubles.

It gives me great pleasure to state to any man in the barber business that he should not be without the S. A. W. in his shop, for the reason where all other remedies fail you can get the results by using the S. A. W. Hair and Scalp Remedy. Therefore I unhesitatingly recommend it above all others for the hair and scalp.

Respectfully,

Early Vegetables in New York Market

New York, March 19.—Receipts of most lines of Florida vegetables this week were light. Lettuce showed up slightly burned due to the effects of the recent frost and cold, according to condition and quality from \$1 to \$3.50 per basket.

Tomatoes were in light offering early in the week and most of the stock was green. Prices ranged from \$2.50 to \$3 per carrier.

Cabbage was scarce and of fair condition and quality, and sold generally at \$3 to \$3.25 per basket.

Receipts of peppers were light and the quality and condition were good. Sales ranged from \$7 to \$8 per basket. Some "hold-overs" of Telephone peas sold early in the week at \$4 to \$5 per basket.

Scarcely any beans were available and prices ruled firm at \$6 at \$8.50 per basket on what little stock was here. Extra fancy beans would have commanded much higher prices.

Celery was the exception to the rule, as it was in heavy receipt. Stock generally showed good quantity and condition and moved out at \$3.50 at \$4 per standard crate.

Both chicory and escarol were scarce and firm at \$2.50 at \$3 for the former and \$3.50 at \$4.25 per basket for the latter.

Eggplants were in light supply and ranged from \$4 to \$6 per box for sound stock.—N. Y. Packer.

New Film Griffith Asks Great Question, At the Princess Tonight.

Will the prayers of American mothers whose boys were killed as a result of the world war be answered? Or will the bereaved motherhood of the world have offered up invocations to nothing more than a mere fancy?

This is the daring thought that D. W. Griffith, master motion picture producer of the world, presents in his latest creation, "The Greatest Question," distributed by First National Exhibitor's-Circuit and which will be seen at the Princess tonight only.

Never before in the history of screen or stage has this almighty problem been brought face to face with the public, and in a manner that cannot be misinterpreted. Weaving his thought through the meshes of a simple story about farm folk who are deprived of an oldest and favorite son through the War, Griffith calls for the answer of the greatest question.

Field Crops of Florida

Reports of March 1, indicate that Florida farmers have over five million bushels of their last year's corn crop left on the farms to that date. This is forty-one per cent of last year's production and shows a slight gain over preceding years both in the percentage and quantity remaining on the farms on March 1.

Last year's total production of corn was low in parts of the state on account of damage to the crop from flooding rains and the fact that a larger percentage than usual remains on the farms at present is due

to the substitution of other crops for part of the corn in feeding farm livestock. Another measure which is saving corn for our farmers is the rapidly growing protection of the crop against weevil damage by fumigating. For the United States, about 37.4 per cent of last year's crop remains on the farms.

It is estimated that eighty-two per cent of Florida's 1919 corn crop was of merchantable quality and that about nine per cent was shipped out of the county where grown.

For the United States, about 87 per cent was of merchantable quality (an unusually high figure) and over 16 per cent will be shipped out of the county where grown.

Florida has 16 per cent of her last year's oats crop left on the farms, amounting, if threshed, to about 181,000 bushels. This is much the largest amount of oats ever carried over to this date. For the preceding year the estimate was 141,000 bushels.

A very small part of the oats crop amounting to about two per cent, is shipped out of the county where grown.

The amount of wheat remaining on farms on March 1 for the United States is the largest for some years, being estimated at 165,539,000 bushels. For the preceding year the estimate was 136,703,000 bushels and for March 1, 1918, 107,745,000 bushels.

Barley stocks remaining on farms March 1 are low, on account of limited production last. It is estimated that 38, 010,000 bushels were left in farmers' hands on March 1 of this year, compared with 81,745,000

San Antonio Women Knock "H" Out H. C. L.

San Antonio Tex., March 16.—The housewives of San Antonio have dealt old man H. C. L. a body blow that has knocked the "H" right out of him.

Price investigations, commissions, reports—the male accomplishments—proved futile.

The women decided what was needed was a little real fair-price competition. They furnished it. San Antonio's 150,000 people are benefiting.

Small stores were opened by the Housewives' league, and just at the time the large bakeries were announcing an increase from 10 to 12 cents for a pound-loaf of bread, the league offered the best bread at 8 cents a loaf. Thirty thousand bread tickets at this price were sold in two days.

Coffee that was retailing for 65 cents a pound was sold by the league for 38. Fresh eggs were reduced, in the league booths, from 80 cents to 61. Milk was reduced, by degrees, from 20 cents to 13 cents a quart.

Dealers have hastened to join forces with the housewives, who willingly give their endorsement to the storekeeper who co-operates in cutting prices.

The league has standardized butter prices by petitioning the state department of weights and measure to compel the marketing of butter in full one pound packages.

WEEKLY CAR LOT REPORT

Movement Of Fruits And Vegetables From Florida And Market.

Jacksonville, Fla. March 19.—Florida, last week, shipped 634 cars grapefruit compared with 290 cars on the corresponding week last year. Also, there was shipped last week 687 cars of oranges, compared with 380 cars a year ago. Reports from growers are very flattering. Good prices are prevailing at all shipping points and that there is a good supply to take advantage of the high prices now prevailing is evidenced by the fact that the daily movement this season is about double what it was a year ago. The 8,000,000 box, carlot output, was passed early last week and as the movement now is running over a third of a million boxes weekly, the total output for the season is being looked upon as one of good and wholesome proportions.

The total vegetable and truck crop movement last week was close to 800 cars which cabbage, in point of number of cars moved, stood first place with 326 cars, tomatoes second 234 cars, and celery third with 170 cars. Market prices for all vegetables are exceptionally good. Growers who have the crops are receiving good value for their output.

The following tables set forth the movements of the various fruit and truck crops to date, with comparative tables, showing the movement to the corresponding dates last year.

—N. Y. Packer.

Just finished it. Have you ever read it?

Mr. Davis admitted that he had read it and began to discuss it in a most impersonal way. "But you know," he said "I don't think the character of Mendoza is so well drawn. He doesn't seem to ring true here and there; do you think so?"

"Nothing of the kind," responded the man who had started the discussion. "I think he is a most excellent character. Indeed, all of the characters are remarkably well drawn. Why, when I finished the book I felt as if I knew every person in it."

"Really?" said Mr. Davis. Then an interested listener across the table informed the gentleman that he was discussing the author of "Soldiers of Fortune."

The incident was characteristic of Davis. He always spoke of his books in the most impersonal way. Nobody ever suspect that he had written them. He would discuss passages and character frankly, always telling exactly what he thought.

This Reallart Picture "Soldiers of Fortune" an Allan Dwan Production will be shown at the Princess tomorrow.

IMAGINE LOVING A GIRL YOU'D NEVER MET!

He had never even corresponded with her—or as much as telephoned her. Yet he was madly, blindly, in love! Only Richard Harding Davis could describe such a situation. You'll find it in

—N. Y. Packer.

You'd Never Suspect He Had Written Them. "Soldiers of Fortune" At The Princess Tomorrow.

This story about Richard Harding Davis goes to show the kind of a man man this great novelist was.

It was at a dinner and after the cigars had been passed the man next to Mr. Davis, who did not even know his name (you know how some of these dinner parties are) turned to Mr. Davis and asked him what he thought of "Soldiers of Fortune."

"You know, I think it is quite a remarkable book," the man said.

MEMBER OF THE ASSOCIATED PRESS

THE BOARD OF TRADE

Col. Haines had a good article in yesterday's daily Herald about the benefits of the Chamber of Commerce or Board of Trade and what a body of men working together could accomplish for the benefit of the community. The Board of Trade has elected officers for the ensuing year, and made wise selection in these men to take care of the destinies of the Board of Trade.

The Board of Trade meets at the Hotel tonight to appoint committees and get ready for the work and every citizen of Sanford should be there and get right in this work. It makes no difference whether you are a member, have been a member or have never been one. It is your duty to be an active member now and cast aside all prejudice with regard to men and measures. Make a resolution to work for Sanford in the next twelve months you have never worked before. Petty jealousies should be forgotten, all political aspirations cast aside, all selfish motives buried when you enter a meeting of the Board of Trade and you should meet your fellow men on an equal basis. Being a member of the boosters club and nothing else when you sit on the board of trade. A real stand together by the men of this city who will give Sanford a population of ten thousand people in the next twelve months. This is not a dream or a phantasy or hot air but the real truth about the situation it exists today. A stand together in this city just now means more business, a cleaner city, real leadership, a better city, a bigger city, a financial gain for every business, a progressive city and honest government for all of these things are the result of the get together spirit.

BIG THINGS IN THE FUTURE

All things come to those who wait and the people of this city who have been doing things began to think that it would be a waiting game here without end to accomplish some of the things that seemed rather far off about getting here. However some of them have arrived and no matter how pessimistic they may have been dares to stand up and even intimate that Sanford is not showing speed toward that goal for which we have been striving for many years. This city is starting now that is the surprise of the people who were here several years ago and came back this winter. They probably note the many changes here because they are new to them and old to us for the city is changing fast and changing from an old order of things to the new and changing for the better in every way.

There are big things in the future this city—things that the Herald says about and yet cannot tell at this time. Our natural advantages that we have possessed so long and that we failed to push as a community are now coming to the surface having been unearthed by some people and by strangers and the natural growth of the state has freed this city to take steps that

Lumber
 Building Material
 of All Descriptions
 Lime, Cement, Plaster
 Brick, Drain Tile and

Hill Lumber Company

have brought to light the "Acres of Diamonds" in our very door yards and now we see them and see the wonderful opportunities here and visitors have seen them and will take advantage of them and this city will experience a growth, this fall that will astonish the natives. It behooves all of us then to work early and late in the great business of boosting our city in every way and become imbued with the idea that there should be no resting during the summer months. Baseball and other amusements should only take a part of our time. The greater part of that time should be devoted to getting ready for the biggest rush of new people that our city has ever experienced. They are coming and they are bringing people and money here to carry on the great work of making Sanford a real city.

Governor Stirs Up A Hornet's Nest In Brevard County

Governor Sidney J. Catts seems to have stirred up a hornet's nest in Brevard county, in appointing the son of Judge Minor S. Jones as sheriff instead of the gentleman slated for the office by the county executive committee and the board of county commissioners. At a recent meeting of the committee the following red hot resolutions were adopted:
 "We, the Democratic executive committee of Brevard county, assembled in regular session, do most sincerely and firmly repudiate and condemn, the action of Sidney J. Catts, governor of Florida, in appointing M. S. Jones, Jr., to fill the office of sheriff of Brevard county; over the recommendation of the Democratic executive committee, and the endorsement of the board of county commissioners, and without doubt a large majority of the people of Brevard county, as undemocratic and un-American, in that it tramples the principals of democracy in the dust, and is a travesty of justice.
 "We further denounce his action as ungentlemanly and base, in view of the fact that the said Sidney J. Catts, governor of Florida, did promise and assure the said Democratic executive committee and the said board of county commissioners and the people of Brevard county, that he would appoint L. W. Daolittle, the person recommended by the said Democratic executive committee and endorsed by said board of county commissioners and the people of Brevard county, to the office of sheriff of Brevard county."
 DeLand News.

Hawaiian Singers, Musicians and Dancers at the Princess Thursday

A special attraction extraordinary will be the offering at the Princess Thursday, when Vierra's Hawaiian Singers and Players appear at this popular playhouse, presenting "A Night in Hawaii". The witchery of fair Hawaii, Queen of the South Sea Isles, portrayed in beautiful melodies, weird and enchanting native songs and dances and the latest popular American songs and ragtime, all accompanied by the strumming Ukulele and the haunting steel guitar.

The Petersburg Va. Evening Progress of Nov. 26th, 1919 says: Vierra's Hawaiian singers and players, presenting "A Night in Hawaii" at the Columbia this week, have one of the most pleasing attractions witnessed by Petersburg theatergoers this season. Not only do they render their own dreamy Hawaiian music, as only the natives of the South Sea Isles can, but they have demonstrated that they are equally as good at handling American ragtime. Mr. Kalani, the steel guitar player, is recognized as one of the country's best and his performance on the instrument was one of the features of the show. Mr. Pikaki, a tenor singer from "The Bird of Paradise" has a good voice, as has the big basso.
 It will be remembered that this company played to capacity houses at the Tampa Bay Casino last season and they will appear at the Princess Thursday only, in connection with the regular picture program.

AIR POWER.
 An Italian inventor has produced a scheme by which vehicles of wheels and carriages and springs are to be propelled by air. According to the accounts, the scheme is to have huge tanks by the wayside holding vast quantities of compressed air. Locomotives and automobiles and tractors and motorcycles can run alongside and connect their tanks to the mother tank, get a lot of compressed air on board and run to the next stop.
Indians Made Salt.
 The Delaware Indians made salt from brine springs in New York state and sold it to settlers as early as 1670, making probably the first commercial production of salt in this country. The manufacture of salt by white people in the United States was begun near Syracuse, N. Y., about 1788. Salt is the most commonly used mineral in the world, and no useful mineral except coal, perhaps, occurs in greater abundance or is more widely distributed in the United States.

SATISFIED WITH DOG'S MEAL

Westerner in New York Proved He Knew a Good Thing When He Saw It.

A man and wife moved to New York from the West—a sane, conservative American man and wife, used to money and knowing the worth of it—and brought the family dog along, paying \$5 extra fare for the dog, by the way, on the train. They went to a large and gorgeous hotel and in the due course of time the dog needed sustenance.
 "Ring for a waiter," said the husband, "and we'll get the dog some scraps."
 The floor waiter came and when asked to bring some food for the dog explained with some hauteur that he was the floor waiter and not the dog waiter, but would inform the dog waiter of the desires of the dog. The dog waiter arrived in course of time and the predicament of the dog was explained to him. The dog waiter wrote down the order carefully and departed. Presently he returned bearing a silver tray on which were displayed daintily various articles of food—some vegetables, some meat and a cracker or two.
 "What's that?" asked the husband, examining the contents of the tray with interest.
 "The service for the dog, sir," the waiter replied.
 "How much is it?"
 "One dollar, sir."
 The husband took the tray.
 "Get the dog a bone," he said. "I'll eat this. It's the best-looking meal I have seen in the place, and the cheapest."—Samuel G. Blythe, in Saturday Evening Post.

MRS. JOSEPHINE PRESTON

Mrs. Josephine Corilla Preston of Olympia, Wash., member of the Republican women's national committee and regional chairman of the Northwest, who has been nominated without opposition and elected president of the National Education association. Mrs. Preston's work as an educator won for her the office of state superintendent of public instruction in Washington by a large majority in 1916.

And the Reverse?
 Bandages have been invented containing insulated wires to take current from storage batteries or lighting circuits so that they can be kept warm indefinitely.

True Forgiveness.
 It is the sweet and entire forgiveness of children, who ask pity for their sorrows from those who have caused them, who do not perceive that they are wronged, who never dream that they are forgiving, and who make no bargains for apologies.—It is this that men and women are urged to learn of a child.—Alice Meynell.

SEEKS TO SAVE SULTAN'S JOB

Indian Privy Councilor Asks Allies to Let Him Stay in Constantinople.

London.—Temporal authority is essential to the sultan of Turkey, and he should be allowed to remain in Constantinople, as caliph of the faithful, according to Emir Ali, Indian privy councilor, who for the last 45 years has held many offices in Bengal.
 "The proposal to drive the Turks out of Constantinople is a concession to religious fanaticism and if the Turkish administration is removed from the city the bitterest resentment will manifest itself in India and all Muslim countries," he says.
 About 70,000,000 Sunni Moslems and 12,000,000 Shia Moslems in India, he says, are in agreement as to the sultan's continued rule at Constantinople. "They kept quiet during the war," he continues, "because they believed that no attempt would be made to disturb the existing order of things in the Turkish capital."

WILL FIX DATE WAR ENDED

Great Britain to Name Board to Give Official Ruling for Legal Purposes.

London.—A committee of counselors has been named to decide the official date of the ending of the World war. It is declared that thousands of pounds are involved in legal proceedings which have been held up pending an authoritative decision on the point.
 Interviewed on the subject, a prominent barrister said recently:
 "So many war measures were passed, such as the rents restrictions acts and the orders in council that one must not trade with the enemy, or do this or that and the other, that the legal profession, generally speaking, is looking for guidance.
 "No one can possibly answer the question off hand. Some contracts used the phrase, 'at the termination of hostilities'; while others spoke of the 'duration of the war,' and in each case the parties probably intended the same thing."

BRIBE GERMANS WITH GIFTS

Berlin Writer Charges That Danes Are Using Sausages for Political Purposes.

Berlin.—Charges that Danes are using gifts of bacon, sausage, butter and clothing in connection with the campaign preliminary to the Schleswig plebiscite are made by the correspondent of the Tageblatt.
 He says several Germans who have recently announced they would vote in favor of Danish occupation have been dubbed "bacon Danes" by their compatriots.
 The rate of exchange enables the Danes to conduct a lavish propaganda, the correspondent says, and they are buying much real estate in the city of Flensburg. The correspondent, nevertheless, predicts the result will favor Germany "if all those eligible to vote report on election day."

"TANKS" USED IN LUMBERING

Whippets Bought From Government Displace Horses and Mules in Arizona.

Fingstaf, Ariz.—The whippet tank, which roared and banged and clanked its way to victory in the war against Germany, is putting horses and mules out of business in the great pine forests of northern Arizona. One big lumber concern here has just put two tanks to work, having bought them from the war department. Each tank has displaced 30 horses and 14 men, according to company officials. Using horses, it was impossible for the company to haul during the winter months. The tanks, however, take no account of weather conditions.

DEBT SLAVERY IN TRENGGANU

Children Taken for Parents' Obligations in Malay State, Says British Agent.

London, England.—"Trengganu, one of the unfederated Malay states, is the only state under British protection in which the abominable practice of taking children in pledge for what their parents owe still exists," says J. L. Humphreys, the British agent there, in his annual report. This debt slavery is to be abolished shortly, says Mr. Humphreys.

Girls' Strange Names.

Sioux City, Ia.—Girls, if you happen to be under the impression that yours is a queer name, just look the following list over to see what outlandish ones some of the Indian maidens at the Pine Ridge reservation school may have to bear, who knows, all through life. Here they are, look 'em over: Victoria Holy Rock, Julia Afraid of a Hawk, Mary Brown Ears, Julia Crazy Ghost, Mercy Yellow Shirt, Emma No Fat, Ella Red Eyes, Julia Stands Up. Dissatisfied now?

Profit in Coyote Pelts.

Pawnee Rock, Kan.—Due to the high prices being paid for coyote pelts, in addition to the benefit derived from lessening the marauders population, hunting coyotes has developed into a popular pastime in this vicinity this season.
 As the pelts sell for from \$8 to \$12 each and the state pays a bounty of \$2.00 for each scalp one "kill" a day is a good deal to the hunter.

Unless a Bank is MORE Than a Mere Commercial Machine

Unless it is more than simply an institution for paying dividends to stockholders; unless it is imbued with a real spirit of public service and a desire to be a CONSTRUCTIVE and UPBUILDING FORCE in the community—then it is falling far short of what a bank should be. While this bank, like all banks, must be operated for profit, it does not for a moment lose sight of its higher duties to its customers and to the public.

First National Bank
 F. P. FORSTER, President B. F. WHITNER, Cashier

INDIAN TRIBESMEN BALKY

Refuse to Pay Fines Imposed on Them by British.

An official statement from Delhi, British India, under date of January 21 says that in the Tochi district the Waziri tribesmen continue to refuse to bring in rifles in payment of fines imposed. The Mahsud tribesmen are incessantly sniping pickets, the statement asserts, and have been informed that there will be no cessation of hostilities until their fines have been paid.
 "The enemy force has been greatly diminished," the statement continues. "The enemy lost 30 dead in fighting on January 17 and 18, and the village of Nalkash was destroyed because the enemy mutilated one of the British dead."

Army Candy Being Sold to the Public.
 Ninety cartons of candy, 80 per cent of the army's surplus, has been sold by the government to the public through retail stores.

How Seeds Are Distributed.

Among the most curious methods of seed distribution are those seeds which are carried through the air on wings, such as the maple, which has two wings, and the catalpa, the elm, the ash and the pine. These seeds do not flap their wings like birds, but depend altogether upon the force of the wind to carry them along. Other floating seeds are the milkweed, thistle and dandelion.

Society Personal
Mrs. R. L. Caldwell of Greensboro Ga., is a guest of the Gables.
Mr. and Mrs. Q. B. Staten who have been visiting Mrs. M. M. Stewart have returned to their home in Florence, Ala.
Mrs. Flansburg of Jacksonville is the guest of her daughter Mrs. Zachry on Union avenue.
Mr. and Mrs. J. W. Eaton are here from West Palm Beach called by the death of Mrs. B. C. Eaton.
Messrs. E. J. and I. F. Rivers and Mrs. J. C. Roberts were called to Green Cove Springs Saturday by the serious illness of their brother Mr. Will Rivers.

Mrs. Edson Bates and two little folks, Edson Jr. and Ruth Francis of Waycross are the guests of Mr. and Mrs. W. R. Bates on Sanford Heights.

Mrs. Mosely has returned to Newport News after a pleasant visit with her sister, Mrs. L. B. Hollar.

Mr. and Mrs. Fred Flowers of East Palestine, Ohio, Miss Elmira Flowers and Mrs. W. L. Thomas of Youngstown Ohio arrived Saturday for a six weeks visit with the mother Mrs. G. W. Flowers and Mrs. Friend at the Palms.

Mr. and Mrs. Diamond who have been the winter guests of their daughter, Mrs. Leon, leave by steamer to-day for New York.

Dinner Dance Saturday Evening
In honor of her guests, Miss Nell Lane and Miss Annie James H. Morgan of DeLand, Miss Norma Herndon entertained with a dinner dance at the Seminole on Saturday evening. Six or eight couples enjoyed the hospitality of their gracious young hostess.

In Honor of Mrs. Julius Tackach
At the home of Mrs. Raymond Key, Monday afternoon a joint meeting of St. Agnes Guild and the Ladies Guild of Holy Cross Parish was held, the latter having the usual Lenten program with Mrs. B. F. Whitner presiding. At the conclusion of the program there was a miscellaneous shower in honor of Mrs. Julius Tackach, whose home was recently destroyed by fire with the loss of its contents. The "shower" had been planned by St. Agnes Guild of which Mrs. Tackach is a member, the older Guild soliciting the pleasure of joining the "girls" in their thoughtful courtesy. It was a complete surprise to the recipient who was overwhelmed by the kindness of her associates.

Varied beautiful and useful were the gifts presented, a large assortment of dainty lingerie, hosiery, crystal and china and kitchen ware an array that would delight the heart of a prospective bride. Among them was a bolt of Nainsook from the Woman's Club.

The charming home was most attractive with its decorations of pink roses and ferns in the living room and masses of yellow jessamine in the dining-room. Suspended in the doorway between the rooms was a partly closed umbrella of pink and white roses in which was concealed the smaller gifts while a huge basket prettily decorated in the prevailing colors held the larger packages. Fruit salad, date and pimento sandwiches was served at the refreshment hour.

Pipe Organ Club
The regular weekly meeting of the Pipe Organ Club was held at the home of Mrs. Forrest Gatchel yesterday afternoon, with a good attendance. Owing to the rapid sale of handwork and increasing orders for same the members have decided to call off the Easter bazaar which was included among their spring plans. The hostess served chocolate and cake for refreshments.

Rummage Sale for Hospital
Mrs. A. E. Hill requests that rummage be reserved for the rummage sale which will be given in two weeks for the benefit of the Fernald-Laughton Memorial Hospital. Anyone having same please notify Mrs. Hill Ochs and ends of all kinds can be disposed of, such as crockery, furniture, window shades clothing etc.

A Birthday Party
In honor of her tenth birthday, Luella Mahoney celebrated with a lovely party on Monday afternoon at the home of her parents, Mr. and Mrs. Andrew Mahoney on Tenth street. Twenty boys and girls added to the frolic and fun of the afternoon's pleasures and a happy time was enjoyed with old-fashioned games and new, so dear to the heart of childhood. Many beautiful gifts testified to the popularity of the young hostess. Assisting Mrs. Mahoney were Mrs. Sam Igou and Miss Nellie Keller of Savannah, Ga. Chocolate and vanilla ice-cream was served with devil's food and coconut cake.

B. Y. P. U. Reorganized
The Jr. B. Y. P. U. of the Baptist Temple is doing fine work. They re-organized Dec. 7, starting with a membership of twenty-four. Despite the flu epidemic, they have rallied together, increasing their membership to thirty-five.
They are beginning to realize the great work there is for them to do and they are doing it. In two weeks time they have raised a large sum of money for their donation to the new Auditorium. They have done this work themselves with only the aid of their leader.
If there is anything that others won't do, come to the Jr's. They are ready and willing. We would appreciate a visit from any of their par-

JOHN MEISCH JOE MEISCH
FRANK MEISCH
Three Successful Farmers, three successful business men and three of Sanford's finest citizens. They have gained their standing in our community through their honest efforts, their "stick to it" ways and Sanford should be well-proud of them like "the three Meisch Boys." We all want to be successful and the first step towards success is to throw a away our
EXTRAVAGANCE
In doing that remember that it is very extravagant to wear cheap, style clothes—you are placed in the same class with the clothes you are wearing and takes but one glance to get your classification. And then you have to buy when one good suit would do the trick. If every man knew how wonderfully good the clothes we are selling are the demand might embarrass us. We are prepared for the biggest season in history and we shall be happy if you will come in and see the new spring styles.
OUR GREAT BUSINESS HAS ATTAINED ITS PRESENT SIZE BY BEING BUILT ON A SOLID FOUNDATION OF VALUE GIVING AND COURTEOUS DEALINGS.
PERKINS & BRITTON
"THE STORE THAT IS DIFFERENT"

ents or friends at our weekly meetings every Sunday at 6:30, at the Baptist Temple.

GERMANS WANT TREATY REVISED
Propaganda Toward This End To Be Freely Distributed.

Paris March 23.—Germans are preparing for a world propaganda in favor of a revision of the Versailles treaty and the holding of a new international conference, at which vanquished nations might be represented as presenting objections and asking for changes of many clauses of the treaty between the allied nations and Germany, according to a Geneva dispatch.

A book entitled "The Greatest Crime of Humanity" has been prepared and 10,000,000 copies printed for free distribution, especially in America, England and France, and it is said that millions of other pamphlets along the same line will follow.

The reactionary revolt in Berlin put a temporary stop to the movement, it is said.

Capt. Andre Tardieu, one of the French delegates to the peace conference, has written an article which appeared in last week's edition of "L'Illustration," in which he declared himself as being opposed to any revision of the treaty.

"Let us first help our allies," he wrote, "and we will find this to be better than to dream of a movement in favor of benevolence to our vanquished enemies, which, instead of inspiring gratitude, fosters arrogance."

Fear to Tell Own Name.
Among the Kayans, a tribe of the Philippines, it is a breach of manners to ask a man what his name is. If a white man does so through ignorance the man will turn to a bystander and ask that the stranger, who does not know the customs, may be informed. If a man tells his own name the evil spirits will hear him and can more readily do him harm.

Achilles' Shield.
In early days some armor must have been very beautiful. Homer, describes the famous shield of Achilles, made for him, so the story goes, by Hephaestus, the smith of the mythical inhabitants of Olympus. It was covered with pictures of cities and the people in them, soldiers lurking in ambush, farmers working in their fields, a vineyard, and wild animals. If the shield itself was nearly as beautiful as Homer's description of it, it must have been a wondrous work of art.

PEOPLES BANK OF SANFORD

WORLD'S BIGGEST GOLD DREDGER AT WORK

This gold dredger, at Marysville, Cal., is the biggest in the world and has a record of taking \$300,000 worth of gold from the stony bottom of the American river in one week.

NOAH'S ARK AS MODEL FOR BOAT

Lake Erie Fisherman Had Faith Enough in Idea to Build One.

PROVED SAFE AS A HOUSE

New the United Fishing Company Has Built One and Will Build Five More—Successfully Combats Rougher Seas.

Sandusky, O.—Ed Lampe, a fisherman at Vermillion, a Lake Erie port town twenty miles east of this city, was reading a story about Noah's ark to his children one night several months ago, when it occurred to him that were the craft of Noah's time resurrected and modernized a little it might have a tendency to lessen the toll that storms take annually in the Great Lakes section. Lampe is a gillnetter of many years' experience, and in the picture of Noah's ark that embellished the story he was reading, he recognized wonderful possibilities. The storms of the Great Lakes section rage furiously in spring, following the opening of the navigation season, and again in fall, just before the season closes. Many men lose their lives and much valuable property is destroyed. The gillnetters, as those fishermen who fish with gill nets are known, are often the victims than are the members of any other body of men engaged in fishing; their work is more hazardous. When disaster comes it is usually the gillnetters' boat, or "tug," that is destroyed. Lampe designed a boat on the plan of Noah's ark. With the aid of several fishermen friends he brought his design to materialization. He tried the craft out and it met every expectation.

Extension Telephone Service In the Office

Extension telephones, for connection with your present service in office or home, are now available. There is still a shortage of switchboard and of cable which prevents the installation of new telephones in some sections of the city, but this does not affect extension telephone service, on existing lines. Many offices have expanded so that additional extension telephones are needed. The time saved more than pays the small monthly charge. In the home there is no greater convenience than an extension telephone on the other floor or beside the bed. Call the manager's office today and arrange for this service.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

It ploughed the most vicious billows, going out and returning when other boats had to be kept in port. Lampe's craft attracted the attention of the commercial fishing interests of the Lake Erie section and investigators were sent to Vermillion. If it were true that a Vermillion fisherman had invented a boat patterned after Noah's ark that would lessen the risk of spring and fall season fishing they wanted to give the fishermen the benefit of the discovery, they said. The Vermillion gillnetter would not listen to a proposition to sell his idea, nor would he talk of royalty. "If you can save some poor devil's life by using my style of boat, go ahead and use it," he said. The United Fisheries company, of this city, one of the largest organizations of its kind operating on Lake Erie, recently completed the first of six gillnet tugs of the type designed by Lampe, at a shipbuilding plant in this city. The other five are to be ready to be commissioned at the beginning of the spring fishing season of 1920.

Safe as Home. Lampe christened his boat Victory, for the reason that she is believed to have triumphed over the storm. With a hull like that of a battleship, and a body otherwise that resembles the conventional pictures of Noah's ark, she has been successfully combating the roughest seas that the Lake Erie nor'wester has been able thus far to kick up. Victory is fifty-five feet long, with a fifteen foot beam. She is equipped with two power plants, so that if one should happen to "go bad," the other will be available. Her upper works are so constructed that they can be made almost water tight, and her hull bears the weight required to right her immediately if she should happen to turn over. "I would as lief be sitting in the cabin of Victory as in my office or my home, no matter how severe the storm," said Charles F. Mischler, president of the United Fisheries company, discussing the new gillnetting craft. Fishermen say that boats of this kind will, in the near future, replace the obsolete gillnetting tugs now in use, and that a big saving in life and property will result.

British Divorce Crush Continues; War Blamed

London.—The post-war divorce crush is steadily increasing and it was declared that no diminution is in sight. There were 1,325 undefended cases in the January list of the divorce court, and a new list is being prepared to take care of the surplus cases. The big increase in divorce is attributed to the upheaval in social circles caused by the war.

Potash Supply Falls

Berlin.—The German potash syndicate announces that it is able to supply only slightly more than one-third the home demand, which this year is 15,000,000 double hundred-weights. The output is still seriously handicapped by lack of coal, which is forcing half the German plants to remain idle.

Woman, 81, Shoplifter

London.—Sarah Ann Bennett, 81, was convicted of shoplifting here. She stole silk stockings, a diary, perfume and post cards.

Speeds at High Altitudes

According to the experimental data in the possession of the technical sections of the air service it has been found that at a height of 20,000 feet an engine gives only 40 per cent of the power for which it is good at sea level. The great value of the surcharger now being used with some engines lies in its ability, to make a motor yield the same power at 20,000 feet that it does in flying at the lowest altitudes. Whereas the Lepere biplane, recently used by Maj. R. W. Schroeder in an altitude record flight of 31,800 feet, with one passenger, is capable of a speed of 130-137 miles per hour at sea level, at 25,000 feet, where most of the air fighting is expected to take place in the next war, the machine equipped with the surcharger has shown a speed of 134 miles.

Had a Good Reason

Thomas Logan, age three and a half, had been sitting stock still in his chair, as befitted a gentleman, while his family entertained company. This was unusual to those who know his active disposition. Finally the reason came out: "I am sitting still like this," he confessed to one of the company, "because my mother told me to." Thus having relieved his mind of the strain of perfect quiet as a voluntary act, he again relapsed into quiet and a rigid posture.

The Substitute

"How do you account for this sudden outbreak of interest in psychic relations?" "I suppose since spirits are now banished in this world we have to look for those in the other."

Qualified Help

Mistress—Can you exercise discretion? New Servant—Can I? Say, I've exercised everything from lap dogs, to society clippers.

John Barrett, who has been director general of the Pan-American union since 1907, has denied the report that he will resign that post at the November meeting of the union.

"Hall, Columbia" "Hall, Columbia," was written by Joseph Hopkinson, April, 20, 1798, when the United States was threatened with a war with France. It was composed to the air of the "President's March," for a young actor and singer in the Philadelphia theater, and became at once highly popular.

Seeking Information. Arthur, three years old, was watching his cousin milking a cow. This was the first time he ever saw anybody milking. He hesitated a while and said: "Are you milking the side that gives cream now?"

First Clockmaker Unknown. It is uncertain when the first clock was constructed. Its invention is claimed by many nations. There is a tradition that the first clock was invented by the Chinese in the year 2000 B. C. and another that it was invented in Germany in the eleventh century. The first clock of which we have any description is the one which was set in the tower of the palace of Charles V of France in 1370 by a man named Henry DeVick.

POLITICAL ANNOUNCEMENTS

For Representative. I hereby announce my candidacy for the position of Member of the Florida Legislature representing Seminole County, subject to the decision of the Democratic primary to be held on June 8th. J. LEE SMITH.

Superintendent Public Instruction. I hereby announce my candidacy for re-election as superintendent of public instruction for Seminole County, subject to the Democratic primary to be held June 8th, 1920. T. W. LAWTON

For County Commissioner. I hereby announce my candidacy for the position of County Commissioner of the 1st district of Seminole County and promise that if elected to do my duty as the servant of the people not only of my own district but of the entire county. JOHN MEISCH

For Clerk of Court. I hereby announce my candidacy for re-election as Clerk of the Circuit Court for Seminole County, subject to the Democratic Primary to be held June 8th, 1920. E. A. DOUGLASS.

For State Senator. I hereby announce as a Candidate for the State Senate from the 19th District, comprising Osceola, Orange and Seminole Counties, and I earnestly solicit the support of all Democrats in the Democratic primary to be held June 8th. I have served Osceola County in the State Legislature the last three sessions and I respectfully refer to my record there. If elected I will serve the district to the best of my ability. N. C. BRYAN, Kissimmee, Fla.

For State Attorney. To the Democratic Voters of the Seventh Judicial Circuit of the State of Florida: I hereby announce my candidacy for the office of State Attorney of the Seventh Judicial Circuit of the State of Florida, subject to the action of the coming Democratic Primary. Should I be favored with this nomination and subsequently appointed by the Governor, I will at all times endeavor to discharge the duties of this important office faithfully and to the best of my ability, without fear or favor to any person or persons. GEO. A. DECOTTES.

For The Legislature. I hereby announce my candidacy for the position of Representative for Seminole County subject to the decision of the Democratic primary. If elected to this high office it will be my duty to serve all the people of my county as their public servant. F. P. FORSTER.

For Tax Assessor. I wish to announce that I am a candidate for re-election to the office of Tax Assessor of Seminole County, subject to the Primary to be held in June. I shall appreciate your support. Yours very truly, A. VAUGHAN

For Tax Collector. I am a candidate for re-election to the office of Tax Collector of Seminole County, subject to the action of the Democratic Primary, and will appreciate your support. JNO. D. JINKINS

For County Judge. To the People of Seminole County. I beg to announce that I am a candidate for re-election to the office of County Judge of Seminole County Florida, subject to the Democratic Primary Election in June, and respectfully solicit your vote and influence in my behalf, which if given I assure you will be greatly appreciated. E. F. HOUSHOLDER.

For County Judge. I hereby announce that I am a candidate for the office I formerly held of County Judge of Seminole County, subject to the action of the June primary. I earnestly request the support of the citizens of Seminole County, and will greatly appreciate your influence in my behalf. GEORGE GRIFFIN HERRING

For Clerk of Circuit Court. I hereby announce my candidacy for the office of Clerk of The Circuit Court, Seminole County, subject to decision of the Democratic primary to be held June 8th, 1920. Respectfully, W. L. MORGAN

For Sheriff. I hereby announce my candidacy for the office of Sheriff of Seminole County subject to the decision of the Democratic Primary. W. P. CARTER

FOR SHERIFF. Having been urged by a large number of the voters of Seminole County to become a candidate for the office of Sheriff, I hereby announce my candidacy subject to the decision of the Democratic primary. 15-11c C. M. HAND

For Sheriff. I hereby announce that I am a candidate for re-election to the office of Sheriff of Seminole County subject to the decision of the Democratic Primary to be held in June, 1920. E. E. BRADY

FOR SHERIFF. I hereby announce my candidacy for the office of Sheriff of Seminole County subject to the decision of the Democratic Primary. If elected, I pledge myself to discharge every duty fearlessly, faithfully, and impartially. A. B. CAMERON.

REHER BROS. AUTO PAINTING and TRIMMING

When You Invite Her to Ride it's your duty to provide for her comfort and to see that she suffers no loss or damage to her apparel. If you let us put a first-class top on your car both provisions will have been attended to. She will be protected from both blazing sun and blinding storm.
