Alleged Conspiracy To Get Raise Big Election Fund To and local committees.

NEW YORK, June 18 .- Tale of an alleged conspiracy to sell whiskey in bond to raise an election fund for the Republican party was told by Charles W. Johnson, first witness for the state, at the opening of the trial Tuesday of Gaston B. Means, former special agent for the Department of Justice, and his secretary, Emil W. Jarnecke, under ndictment for prohibition law vioations. Johnson also testified that Means claimed he had been selected to crush the Ford presidential boom. The witness asserted Means had told him he received orders "to get something" on Ford and his publicity representative,

The names of Secretary of the Treasury Mellon, former Attorney General Harry M. Daugherty and Commissioner Blair of the Department of Internal Revenue were mentioned in connection with the alleged plot to withdraw liquor from government warehouse.

Mellon Gave Million Means had told him, Johnson testified, that Secretary Mellon had given about \$1,000,000 to the Republican party and that there was a scheme afoot to get it back. This would be done by charging \$200 a barrel for withdrawing whiskey Enough would be withdrawn, it was planned, to make the Republican campaign funds as large as needed,

PAY UP WEEK, June 16th to 21st 'KEEP Your Credit GOOD'

SANFORD has had a prosperous season. Farmers and growers have received big prices for their products. Business men have made money. Everybody is in better financial condition than ever before. Business conditions are better than in the history of the city.

THE individual who has the money to pay his bills and fails to do so is acting as a stumbling block to the growth of the city. He is holding back the wave of prosperity which should sweep this community. He is not contributing his part in building a really substantial city.

PAY-UP WEEK is for the purpose of urging people to straighten out their credit standing. During this week every person who owes money should put forth a big effort to pay up all bills and turn loose money.

THE leading business men of the city are backing the movement financially. They are co-operating for the purpose of making good business conditions better. Any of the concerns who are listed on this page will be glad to explain to you anything you wish to know regarding "Pay-Up Week".

ELP make it the success it should be and help make good business conditions better.

Credit Is A Commodity, Too!

There is a vast difference between using—and abusing—credit. Credit is a convenience. Credit is an element which even the bank uses to advantage. Credit is a service factor in our national life.

The man with unlimited credit has more than money—because credit is based on character. So the people who extend you credit give tangible evidence of their confidence in your character. Keep your credit good by meeting your obligations promptly. It's an asset for you—to do so.

Monday morning The Sanford Herald started a dollar bill going the rounds paying up bills. Up until three o'clock that afternoon it had paid fourteen different accounts. It has gone astray. Somebody must have put the dollar in his pocket for it has not been heard from since the first day of the campaign. As long as money continues being circulated it keeps paying bills, but as soon as some individual hangs onto it the good individ

Good Schools To Select Good Students

This is the time of year for schools and colleges to send out their recruiting agents for the fall enrollment. The older institutions of good standing and the new ones that have reputations for being high class do not have to advertise for students. They are confronted with the problem of taking care of all the students that apply for entrance, but there are numbers of excellent schools that are not as yet widely enough known to require no advertising nor soliciting.

Such schools—and unfortunately many inferior ones are seeking new students. They send out literature and agents; and often are in such need of money, they will accept tuition fees from eminently undesirable young men and
