# APPEAL TO BE FILED IN DOMESTIC INDICTMENT

## Dismissal of Charges Is Made Because A Clerk Of Attorney Was In Jury Room

### Severe Blow To Government Action By New Grand Jury Is Case Con- sidered Doubtful

WASHINGTON, Apr. 4.—The government suffered a severe blow in its criminal prosecution today when the grand jury returned an indictment returned last June against the central figures in the famous "millionaire orphan" case.

Alfred B. Fall, former interior secretary, and Harry F. Sinclair, Edward L. Doherty, and John D. Doherty, Jr., independent oil operators, were dismissed in the district of Columbia supreme court because of the presence in the grand jury room of an assistant to the attorney general.

Through District Attorney Gordon, special government counsel in the appeal, it was announced that an appeal would be taken to the district of Columbia court of appeals. Should the government finally lose in this fight, the way still would be open for presentation to a grand jury of the conspiracy charges in connection with the case of the Teapot Dome naval reserve to Sinclair and of California oil reserves to Doherty.

Whether a new grand jury could consider the bribery charges against Fall and the Dohertys is not so clear. Counsel for Sinclair contend that the three indictments will become effective next Tuesday, but government counsel are not convinced that the special act of congress in 1922 extending the limitation of six years in certain cases would not be applicable in this instance.

The bribery charges grew out of the delivery to Fall here while he was interior secretary of \$100,000 in cash. The fund was advanced by the elder Doherty and brought here from New York by his son in the now celebrated "Little Black Steamer."

Recovery Suits Not Affected. The indictment returned here ordered dismissal of Chief Justice Mc Coy's contempt proceedings from the civil suits which have been brought by the government in Wyoming and California for the recovery of the Teapot Dome and California naval reserves.

Not is there involved in today's decision the contempt indictment returned against Sinclair because of his refusal to answer certain questions put to him by the senate oil committee. A demurrer to that indictment has been filed and is pending in the district of Columbia supreme court.

## Injunction Against Dodge Estate Denied

DETROIT, Apr. 4.—Judge Harry Dingenman in the Wayne county Circuit court today denied a temporary injunction sought by attorneys for John Duval Dodge restraining Mrs. Matilda R. Dodge from selling, transferring or in any way disposing of the estate of Anna Margaret Dodge, posthumous daughter of John F. Dodge and half sister of John Duval Dodge. Judge Dingenman however ordered Mrs. Dodge to appear before him Wednesday to show cause as to why the injunction should not be issued.

## 90 Jap Girls Make Sacrificial Bobb

TOKYO, Apr. 4.—Miss Tazue Katsunoto, a maiden of Kuchikimura, recently offered herself as a sacrifice to be buried alive in the foundations of the new temple to be built near the imperial tombs in Momoyama. Tradition says that some 200 years ago a girl of Tokyo was at her own request interred in the central pillar of the temple. The sacrifice saved the office of the earthquake disaster of September, 1923.

Times have changed in Japan, however, and Miss Tazue's offer was refused, so she and 89 other maidens of the town offered their lives instead, and these will lie under the corner-stone.

## PETITION BLOCKS SHIP LINE SALE FOR TIME BEING

### Justice Hitz Issues Injunction Against the Shipping Board Stopping Sale of Dollar Interests in Cal-Orient

WASHINGTON, Apr. 4.—Conclusion of the sale of the Dollar interests of the Pacific Mail Steamship company's California-Orient line was blocked temporarily Friday in the district of Columbia supreme court.

Granting a petition of the Pacific Mail Justice Hitz issued a temporary injunction against the shipping board and set Apr. 13 for hearing arguments on making the order permanent.

Regardless of the outcome of this hearing, extended litigation is in prospect, with the probability that the supreme court of the United States will have an opportunity to pass upon provisions of the merchant marine act of 1920 before the case is ended. This will submit the act to judicial construction for the first time.

Operation is Continued. Meanwhile the Pacific Mail will continue to operate the five shipping board vessels at stake in the controversy. The contract with the shipping board is to terminate the operation contract entered into more than four years ago. Chairman O'Connor, of the board, declared today his opinion that the contract is not terminating that contract if the injunction was made permanent.

Commenting upon that statement former Senator George E. Chamberlain of Oregon, counsel for the Pacific Mail, interpreted it as a willingness to drive the Pacific Mail out of business in any case. He would not say what legal action if any, might be taken if the board should adopt such a course.

The action of the Pacific Mail in resorting to court proceedings was taken as the result of authorization of the sale of the ships to the Dollar interests by a 4 to 3 vote in the board, which had been reached over the question by one of the stormiest controversies it has experienced in years. The controversy has involved questions of government shipping policy and a fight between competing shipping interests, had been characterized by sensational charges that a monopoly was being developed on the Pacific coast.

### Coolidge May Intervene

The reverberations of the fight reached such a point that it was suggested that the White House might be called upon to take a hand but this became a remote possibility today when it was learned that President Coolidge feels that responsibility for the decision rested entirely with the board. He assumes that the board had acted as it best saw fit and has taken no part in the matter.

Pacific Mail officials made no comment after it had filed its injunction petition. Officials of the Dollar interests also had no statement to offer. Members of the shipping board who were named as defendants in the action with the fleet corporation, accepted service of the papers and referred the case to counsel for the board.

The controversy is now expected to rest in the hands of the court until arguments are heard on why the injunction should not be made permanent.

## MANY DEMANDS MADE BY PERU ARE FULFILLED

### Experts of State Department Are Now Studying Brief in Connection With the Arbitration Over Teana-Arica

WASHINGTON, Apr. 4.—The additional safeguards during the Teana-Arica plebiscite requested by President Coolidge by the Peruvian government are to a large extent already provided for in the proposed arbitration award, in the judgment of the president and his advisers.

The Peruvian memorial, which was transmitted to the president Friday, is now before the state department experts for study. It is a direct communication from the Peruvian government but bears the signature of one of its special representatives in Washington in connection with the Teana-Arica arbitration.

### Text Is Withheld

The text of the communication has been withheld from publication pending the drafting of the president's reply. Although he has contents yet from the department experts, the probable tenor of that response is indicated to some extent in his preliminary opinion that the memorial has not raised any point as to the conditions of the plebiscite that will determine the nationality of the provinces which has not already been provided for in the award itself.

The memorial declares the purpose of the Peruvian government to carry out the award but suggests six modifications in conditions of the plebiscite after pointing out what it regards as errors in the finding and calling attention to conditions in Teana-Arica since announcement of the decision.

### Coolidge Is Sympathetic

These modifications are in the nature of steps to insure the recording of the plebiscite of the strength of the Peruvian vote. A statement is appended declaring that without the proposed additional precautions, the right of Peruvian voters in the plebiscite would be destroyed.

President Coolidge feels that the situation is one in which the Peruvian government and people have a very natural anxiety as to how the sovereignty of the two provinces is to be determined since the plebiscite might permanently deprive Peru of possession of territories to which she has long asserted a claim.

Because of this sympathetic attitude and the need of making it clear that no irregularities or other incidents that would prevent a fair determination by popular vote will be permitted in the plebiscite by the arbitrator, it is to be expected the president's reply to the memorial will be formed in a spirit of patience and forbearance.

## Comes To Sanford From Blaine, Wash. To Make Residence

Traveling nearly 5,000 miles by automobile to make their future home in Sanford, Mr. and Mrs. J. L. Robertson and son, Arthur, arrived in this city Saturday from Blaine, Wash., the farthest point in the United States from Sanford could travel to and yet tread on soil over which "Old Glory" waves.

Blaine is the most northwestern city in the state of Washington, being located just opposite the British Columbian boundary. Mr. Robertson was "sold" the Sanford enthusiasm from a booklet published by the Sanford Chamber of Commerce, which he found in the library department of the Seattle Chamber of Commerce.

Following a survey of conditions in this city, Mr. Robertson proposes to enter the grocery business, he says. The family resided practically all roads from Blaine to Sanford in fairly good shape, the poorest stretch being encountered across the Arizona-Nevada desert.

## Secretary Weeks Is Reported Better

## SCORES IN FIRST MATCH ROUND OF GOLF ANNOUNCED

### Harry Ehle Cup Winner in Ringer Tournament, Getting Score 58 and Taking The Frank MacNeill Trophy

Scores for the first round of match play for the trophy donated by George K. Hollingsworth, which began about a month ago on the Municipal Links were announced Saturday morning by Mr. Voorhees, professional at the Sanford Country Club under whose supervision the tournament is being played.

Results of the Ringer tournament were announced showing Harry Ehle winner of the cup with a score of 58, which is declared to be one of the lowest ringer scores ever made in the state. The score represents lowest number of strokes made on the different holes during a period of approximately two months.

The trophy will remain in the possession of Mr. Ehle for a year after which the cup will again be played for in a similar tournament. The winning score is as follows: 3-4, 3-3, and 2-3-3, 4-3-3, and 2-4-3 for the remainder of the course.

In the match play George Babcock won from Harry Ehle by default, T. W. Jones from Dr. Alex Epps 3 and 2, H. H. Hund from E. H. Parker 3 and 2, A. C. Porte from P. S. Need 3 and 2, Thigpen from Brockmann by default, Edward Higgins from R. J. Holly 6 and 5, S. Puleston from from Faville 6 and 5, Hodgson Ball was matched up by F. H. Brown, but the match was not played.

### Condition of Victim Of Assault Critical

INDIANAPOLIS, Apr. 4.—Physicians today are hopeful that blood transfusion resorted to in an effort to save the life of Miss Madge Oberholzer who was said to be in a dying condition as a result of an attack by D. C. Stephenson, former grand dragon of the Klan will be successful. Much doubt was expressed in the recovery of the girl who was injured on Thursday night. Stephenson who is under indictment for assault and battery with intent to kill, malicious mayhem conspiracy to commit a felony and kidnapping, is at liberty under a bond of \$25,000.

## Seeking To Recover Floyd Collins' Body

CAVE CITY, Apr. 4.—Tents today again dotted the hillside near Sand Save as they had during the days when rescuers worked in vain to extricate Floyd Collins from the trap that closed on him while he was searching for a new cave. W. H. Hunt, a miner, who is directing an attempt to recover the body of the boy, said that the job would take from two weeks to 30 days.

## Local Librarian To Go To Capital To Work For State Library Body

The Florida Library Association expects to present at the next meeting of the organization a motion to establish a public library commission in the state. It was stated Saturday morning by Mrs. A. Van Ness Brown, librarian of the Sanford Library and president of the State Library association, Mr. Brown is planning to visit Tallahassee during period in which the bill will be under consideration of the assembly. In commenting on the bill Mrs. Brown said: "There is no central library agency in the state to whom library workers may go to get advice or exchange of information, since the state does not co-ordinate this feature of public service. There is no state library agency to which a community may go to borrow books and secure certain state documents other than a library of legal information, the entire state of Florida there are less than 400,000 books to meet the needs of the people.

## WHOLE COUNTY HELP IS URGED FOR ROAD ISSUE

### Co-operation In County Is Urged At Sanford Chamber Get-to-Gether Meeting In Altamonte Springs Friday

Seminole Bonds Sell For Premium  
County Tax For Publicity Is Said to Be Only Fair Way To Raise Advertising Fund

Support by the entire county of the \$1,750,000 bond issue which will be submitted on May 5 to the voters of Seminole county was urged by a number of speakers Friday night at a get-together meeting of the Sanford Chamber of Commerce held at the Hotel Altamonte in Altamonte Springs. The meeting was the third of a series of similar gatherings held at various points of the county and having as their object the bringing about of closer co-operation between civic bodies of the county.

The chief address, probably, in support of the bond issue was made by E. A. Douglas, Mr. Douglas declared that the bonds heretofore issued by Seminole county had always sold at a premium when they were sold and that there now was a sinking fund of more than \$100,000 to retire bonds which holders refuse to give up until maturity has been reached.

Mr. Douglas drew an analogy between Orange and Seminole counties. Four years ago, the bonded indebtedness of Orange county had "approximately 43 per cent of the assessed valuation. This indebtedness, he said, now has been reduced to something like 18 per cent of the assessed valuation. A large part of this comparative reduction had been brought about through increased valuations of the property, the improvements that have been made, and the practicality, the speaker declared.

Other speakers touched upon phases of the bond issue, dwelling upon the benefits that would accrue from the flotation of the issue and the necessity for co-operation in order to make the election and the road improvement program for which it is being voted on a success.

# Find Chapman Guilty First Degree Murder; Jury Is Out 11 Hours

### After Deliberating For Over Nine Hours Judge Orders Jury Locked Up for Night

### Jury Had Choice Of Four Verdicts

### Defense Attorney Attacks Shean, State's Witness, Bitterly

HARTFORD, Conn., Apr. 4.—Gerald Chapman's judges, the Connecticut jury which heard the testimony in the murder case against him remained deadlocked Friday night after more than a half dozen hours deliberation. Crowds lingered in the courtroom and corridors awaiting a verdict.

The jury was ordered locked up for the night at 10:10 o'clock Friday night.

Instructed by the court that it could under the law, return one of four verdicts—guilty of murder in the first degree, second degree, manslaughter or acquittal—the jury, before it had deliberated four hours, had returned to court twice for additional instructions.

In both instances their requests indicated that they were going over with minute care the alibi testimony introduced by a number of defense witnesses. For the first request was for a time table of trains running out of Springfield, Mass., for New York on Saturday. The second request that the testimony of two Meriden witnesses for the prosecution be read to them.

## SANFORD CLUB IS BEATEN IN FIRST TILT WITH MACON

### Two Bad Innings in Which Visitors Score 8 Runs Are Undoing of Locals; San- ford Shows Hitting Power

By RUSS WHITNEY  
Sanford's first appearance since entering the Florida State League, resulted in a 10-5 beating yesterday afternoon at the hands of the Macon Peaches in the Municipal ball park. With the exception of the first and second innings, the locals actually outplayed the Georgia team in every department of the game.

Macon played Campbell for eight tallies and five hits in one and a third inning and Weaver was called into the fray. Stanzac ended the inning when he caught Manager Burke's fly and doubled him to off third base.

Weaver tilled great ball during his stay of nearly six innings, allowing but three singles to the Macon team. Campbell pitched the two final innings and two runs scored. Burke later scored from second on Allen's single.

Sanford went on a hitting rampage in the second inning and scored three runs on four singles. Thompson started off by drawing a walk. Dean's single between first and second base and well-played singles by Kinsey and McLain brought in Thompson and Dean. A single through second base by Stanzac scored Kinsey while McLain was caught at third base by a throw to Hall from Anderson, ending the inning.

The locals tallied again in the fourth on Kinsey's down to left and successive singles by Weaver and Cawthon. Manager Burke of the Peaches gathered in Bailey's liner and beat him to first base with the Sanford fifth run in the ninth inning after he had walked with one down. Two successive wild pitches by Newberry advanced him with the final tally.

Manager Nick Carter tried out several ball players. In addition to the three pitchers, he placed Hall at second for Dean in the eighth, and Gomez at center field to relieve McLain in the ninth inning. Several new players will report in camp within a few days he announced and the regular lineup for the opening game of the season on Apr. 13 will be somewhat changed.

## Colorful Bandit Sentenced to Hang on June 25 in Connecticut State Prison

### Bandit Shows No Signs Of Emotion

### Convicted of Murder of New Britain Po- liceman Last Oct.

HARTFORD, Conn., Apr. 4.—Gerald Chapman today was found guilty of murder in the first degree for slaying a New Britain policeman last Oct. 12. The jury had been out a few minutes more than 11 hours when it announced it had arrived at a verdict, which means the gallows for the colorful bandit. Chapman, standing in the prisoners dock in the courtroom gave no evidence of emotion as the clerk read the verdict. An hour after the verdict was returned Chapman was sentenced to hang in the Connecticut state prison on June 25.

The ever vigilant guards pressed closely about Chapman as he was led before the judge for sentence. The prisoner was slightly flushed as he folded arms, head erect, and stared directly at the judge. To the customary question about a pre-sentence statement, Chapman said in clear tones: "Nothing to say."

After the judge read the sentence the prisoner's gaze fell. That, with the flash of his still mantled cheeks, was his only evidence of emotion.

Chapman, often called a modern Jesse James, first gained notoriety in his daring leadership of the sensational \$2,400,000 holdup of a government mail train on Lower Broadway in October, 1921.

Chapman and his band had watched the downtown Post Office for weeks. Learning of a rich shipment of registered mail, they followed the selected mail truck in an automobile when it started to the General Post Office uptown last before daybreak. Drawing alongside they crowded the truck to the curb. With both vehicles still moving, Chapman boarded the government van and covered the driver with a pistol. Then the robbers turned the truck toward Broadway and removed its wealth of cash and securities at their leisure.

Chapman was traced and caught a few months later in fashionable Gramercy Park where he was found living in a luxurious apartment. During his subsequent grilling on an upper floor of the Federal Building he confessed that he had followed the selected mail truck through an open window while his captors' backs were turned. He was cornered after crawling along a narrow ledge, high above Broadway and opposite the Woolworth Building. He had nearly reached a window in another office farther down which would likely have led to freedom.

Chapman and George E. (Dutch) Anderson, an accomplice were sentenced for the mail robbery in August, 1922, both receiving 25-year terms in the Federal penitentiary at Alcatraz, Cal.

Chapman made his own first successful dash in March, 1922. He recaptured two days later, bleeding from various wounds and placed in a hospital in Athens, Ga. Within a month, and still in the care of surgeons, he escaped mysteriously a second time. For months he eluded a nation-wide search in which some of the best man-trackers in the country took his trail. Various crimes and "jobs" meanwhile, which apparently could not be otherwise explained, were laid down as "M. P. Chapman." Amidst invariably, however, they proved to have been done by someone else.

Patrolman James Skelly, New Britain, Conn., was slain when he surprised two safe blowers in a department store Sunday morning, Oct. 10, 1924. He fell under the bullets of one vegg who shot his way out. The other was caught and proved to be Walter E. Shean, son of a Springfield, Mass. hotel owner. Shean said Chapman was the man who shot away.

Three months later, Jan. 13, last Chapman was finally run to earth in Muncie, Ind., by postal agents who had never released their two-year hunt. He was taken back to Athens, but was later brought to Connecticut for trial for the Skelly killing.

### Flitting Shadows Of Sun's Eclipse Caught By Camera

TUCSON, Ariz., Apr. 2.—Photographs of the shadow bands on the sun during the recent total eclipse, were made successfully in the east with an apparatus designed and built by Dr. A. E. Douglass, director of the Steward Observatory here. The Arizona astronomer recently received the first first-class exposures made by his shadow-band camera, used at Middletown, Conn., under the supervision of Dr. H. T. Stetson, head of the astronomical department at Harvard.

At the time the exposures were made weather conditions were perfect. The temperature was four below zero. As the recording of these shadow bands, a source of mystification to leading authorities, had never been achieved successfully in previous eclipses, the present attainment is regarded important to science. Dr. Douglass says the experiment proves beyond doubt that the waves are caused by irregularities in the density of atmosphere, a theory he has held for many years.

The prints show the shadow-bands distinctly. They were rendered visible to the camera lens by the smallness of the sun's crescent. The pictures were taken during the minute preceding and the minute following totality of the eclipse. Dr. Douglass points out that the same effect is seen from distant electric lights and on stars viewed through a strong telescope. The photographic outfit consisted of a 13 inch concave mirror, focusing a beam of light through a small opening on to a film six inches beyond the focus. This concentrated the light and enormously increased the contrast, thus bringing out in prominence these

### NORWAY REPORTS NEW DEVICE TO HELP THE RU SMUGGLERS

OSLO, Norway, Apr. 3.—An ingenious procedure whereby smugglers operating off the coasts of Norway have been successful in smuggling large quantities of liquor into the country, has been discovered by the Norwegian customs officers.

The device, known to be the cork-screw, consists of a long torpedo-shaped iron cylinder capable of holding a hundred cans of liquor, which is towed at some distance astern of the smuggling

vessel by a thin cable. The cylinder is so weighted that it remains hidden below the surface of the water. A ship engaged in rum running can thus be searched and nothing illicit found on board. In an emergency the cylinder always can be cast loose.

### Shipments of Citrus Fruit Show Increase

A total of 8,182 car lots of oranges, grapefruit and tangerines were moved during February, 1925 compared with 7,034 car lots shipped during the corresponding period last year of the same fruits, says the March business review of the Sixth District Federal Reserve bank, published today.

"Citrus groves in Florida are showing a good early bloom with growing conditions being very satisfactory," says the review. "The United States department of agriculture reports that production of oranges for the 1924-25 season is expected to fall short of the early estimate of 13,400,000 boxes because of small sizes." The review reports that 91 per cent of total for oranges, 90 per cent for grapefruit, 92 per cent of tangerines, 86 per cent for lemons and 82 per cent for satsumas.

### Specialists Making Education Survey Of Philippine Isles

MANILLA, Apr. 4.—The commission of five educators who have come here from the United States to make a survey of the educational system of the Philippine Islands, expects to assemble facts and not to outline policies, according to a statement made by Dr. Paul Monroe of Columbia University, chairman of the commission.

"We have come to survey the educational system of the Philippines," said Dr. Monroe. "We shall attempt to ascertain how much it costs per capita to send a child through the seventh grade and how much through high school, and compare its cost with that in the United States and other countries. We shall lay these facts before educational authorities, but we shall not attempt to say whether the expenditures for education should be increased or diminished. That will be up to the local legislative authorities. We have not come to decide, but to help the islands in educational work."

The commission expects to spend three or four months in the Philippines, visiting public schools and private institutions. Dr. Harold O. Rugg, specialist in tests and measurements at Columbia University, New York, was the first member of the commission to get down to actual work and, in the first few days after his arrival, he made many observations in Manila in connection with student deficiencies and in the curriculum system.

Regarding the scope of the commission's work, Vice Governor Eugene A. Gilmore, ex-officio secretary of public instruction, said:

"These educational experts will be charged with the duty of making an impartial, dispassionate judgment of what has been accomplished in nearly 25 years since the occupation of the islands by the Americans. The board is to make a careful consideration of what improvements, if any, should be made in order to have a more effective educational system. It will consider to what extent education has contributed and can contribute to the betterment of the islands and their inhabitants."

In the public schools only the English language is taught.

### Cat Loses Most Of Nine Lives In Auto.

MACON, Apr. 4.—A yellow cat with an unsuitable mechanical and parchant and a particularly piercing soprano voice, gave up a few of his reputed nine lives and a part of his tail yesterday to learn what makes an automobile auto mobile.

A chronological report of the events leading up to the tragedy is herewith presented.

When A. L. Jackson of this city purchased his automobile some time ago he was told that the motor would always "purr."

But it was with amazement yesterday that he heard it howling and screeching out loud when he attempted to adjourn from his park in place on Third Street.

Undaunted, however, he pressed the starter with persistency. Each time the motor emitted an eerie cry.

"The purring pussy must be ill, or something," Mr. Jackson mused and investigated.

Peering beneath the car he beheld the yellow cat concentrating its attention on the starting gears, in which he was involved more than mentally.

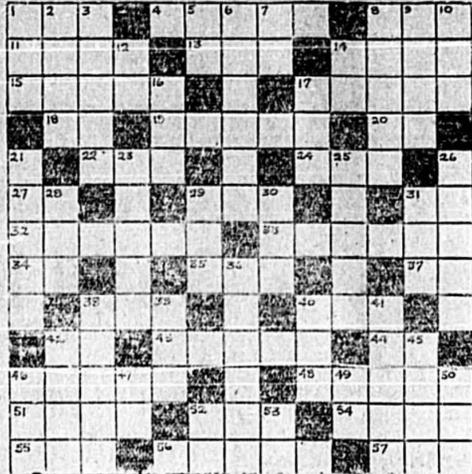

"That" declared Mr. Jackson, "is the cat's meow."

There were no nays and resolution was adopted unanimously.

Mr. Johnson summoned a mechanic and after thirty minutes the yellow cat was liberated and there was much rejoicing.

The yellow cat, after a stimulating dash of bootleg catnip, departed to make funeral arrangements for his late selves. His name could not be learned.

### ANSWER TO YESTERDAY'S CROSSWORD PUZZLE

# Three Million Dollar Hotel On The Ocean Beach HOLLYWOOD

## By-the-Sea Florida's Year-'Round Resort City

Preliminary work has started on the magnificent 500-room hotel—pictured above—to be erected on the ocean beach at Hollywood By-the-Sea at a cost of \$3,000,000.

The new hotel, to be finished January 1, 1926, will have an ocean frontage of 520 feet on the Broad Walk, and an approximate depth of 200 feet. To the west will be the Ocean Beach Highway, the Inland Waterway, and the two Hollywood Artificial Lakes—the largest in Florida—all contributing to the decorative beauty that is being built into that section.

A novel feature of the new building—one that will add much to the convenience of the guests, as well as to the motorists driving through Hollywood By-the-Sea—will be an arcade running through the building from east to west. On either side of the arcade there will be a series of exclusive specialty shops.

Above the grade or ground floor will be the lobby floor, approached by wide easy stairs, or by one of the three high-speed electric elevators with which the hotel will be equipped. On the lobby floor will be a lounge with large French windows on the north,

south and ocean sides, giving a wonderful view of the ocean and Broad Walk.

On either side of the lounge will be large porches, protected by bright colored awnings. A tea room will be provided directly adjoining the main lounge. A magnificent pipe organ will be one of the features of the main lounge.

The main dining hall will accommodate 800 at one time, and will be located on the lobby floor. The floors above will be devoted to the bedrooms—500 in all—every one a large outside room with private bath, and nearly all overlooking the ocean. Room service will be provided.

The building will be strictly fire-proof, and protected by every modern device used in hotel building.

The new beach hotel is but one unit of many that has made Hollywood By-the-Sea, the miracle city of Florida—the city that in three years has built its hotels, streets and boulevards, public utilities and business houses.

Hollywood By-the-Sea is generally proclaimed to be Florida's greatest development.

Complete information about the tour, together with Hollywood printed matter, illustrated will be sent to you on receipt of the Coupon in this advertisement.

BETTER PRICES ARE ASKED FOR LAND OF STATE

As Are Being Turned Down Because Of Inadequacy Of Prices That Are Offered

TALLAHASSEE, Apr. 4.—Trustees of the Internal Improvement Commission are receiving an increasing number of inquiries for information as to state lands that are for sale. Their regular weekly meeting last week they also turned down offers for tracts in various parts of the state because of inadequacy of the prices bid. It was stated by them, however, to add to a number of tracts secured through the state provided persons seeking them would make offers deemed worthy of consideration. In the list were the following: Thirty-one acres in Polk county, of which Winter Haven, provided by received an offer of not less than \$50 an acre. Two hundred acres of submerged land in Boca Ceiga Bay, Pinellas county, at \$100 an acre. Ten acres submerged in Caloosahatchee river at \$100 an acre. Another tract of submerged opposite Osprey in Sarasota county, \$125 an acre. Small island north of New Smyrna Volusia county, at \$100 an acre. Fifteen hundred and sixty acres Highlands county, south of Lake Wales, at \$17.00 an acre. Small tract of submerged land north of mouth of Alafia river, in Hillsborough county, at \$100 an acre.

CHAPMAN TO PAY WITH LIFE FOR KILLING POLICE

(Continued from Page One.) Up to 12:50 o'clock, when the notorious prisoner's case was given the jury. It was a day of vivid memory in which Frederick J. Groh, chief defense counsel and State Attorney Hugh M. Alcorn, made their final pleas to the jury, the one for acquittal and the other for first degree murder conviction. Centers Attack on Shean. Groh centered his attack on Shean, whom he characterized as "weakling," "this angel, Shean," "this 'Lobby' lawyer," "fascist" and associate of crooks. He cautioned the jury to withstand a possible appeal by Alcorn, who was to have the last word, to vote to hang because Chapman was a known dangerous criminal. He reminded the jury that freedom for Chapman in the Connecticut courts merely meant that the spectacle of mail toter would return to a federal prison to spend the rest of his 25 years mail robbery term. "Let him live to repent," he pleaded, for he is virtually a dead man as he is. He will die in prison. He is not strong physically and cannot live long.

AGED FIGHTER CHALLENGES WEST PALM BEACH, Apr. 4.

—Captain G. L. Gray of this city wants to enter the prize ring. So anxious is he to do so that he has issued a challenge to meet any one of his age for a side bet of \$100. He has just celebrated his seventy-ninth birthday. "Tell 'em I'm a hell of a fellow," he said in issuing his challenge. FOUND GUILTY PHOENIX, Ariz., Apr. 4.—The death penalty was pronounced on Will Lawrence, Muskogee, Okla., found guilty of first degree murder of slaying Patrolman Haze Burche here, in February.

Attorney General Says Only Way To Stop Race Gambling Is To Stop Races

TALLAHASSEE, Apr. 4.—"It is in my opinion the only practicable way to stop gambling on horse racing, or other racing, is to prohibit the racing," says Rivers H. Buford, state attorney-general, in submitting his recommendations to the legislature for amendments to the statute and suggestions for the passage of other acts. Accompanying the attorney-general's recommendations are those of circuit judges who suggest a large number of changes in present laws. Many of these follow the changes outlined by circuit judges in conference in September, 1922. The recommendations will be presented to the legislature when it convenes in biennial session here next Tuesday. In part they follow: Repeal present law requiring judge to charge jury before closing arguments of counsel. Give state same number pecuniary challenges as defense in criminal trials where two or more defendants. Bind over witnesses to appear first term of court. Give state right to writ of error or appeal in cases where indictment, information or affidavit in criminal proceedings is quashed. To clarify by defining aggravated assault. Prohibit persons from re-appearing within certain time after divorced. Leave to presiding judge and judge designated to sit in his place determination of whether proper grounds advanced for disqualification, affidavits or supported by at least two reputable citizens of the county. Creation of commission of two members appointed by the governor for selection of persons qualified as jurors. Empower judges to impose indeterminate or minimum or maximum sentences in criminal cases except capital cases, judge to fix sentence at whatever he may deem right, and conduct of prisoner to determine length of term. Amend Act of 1923 by striking words "and no dwelling occupied exclusively as such shall be searched in the night time under this act or under any other law of this state who may be entitled to relief under minimum and maximum penalty sentences." Passage of law that in trial of cases both civil and criminal, majority verdict shall prevail; that is to say, that in all capital cases requiring twelve, eleven shall be sufficient to find verdict, and in all other cases, five shall be sufficient. Relieve counties of expense in cases where prisoners transferred thereto for safekeeping. Included in legislation suggested by the attorney-general himself is the following: Give state same right of appeal as defense in trial criminal cases where statute under which defendant being prosecuted is held by trial court to be unconstitutional.

There will be a meeting of the Finance Committee at 10:15 o'clock.

## Saturday Evening Sermon

(Continued from Page Four) greatly with joy unspeakable and full of glory."—1 Peter 1:8. Yes, you do know people are happy who do not profess to name the name of Jesus, but you do not know them to have "joy unspeakable and full of glory." If you are true to your own conscience you will say that you do not know of any one who is not a Christ-like person who has that constant, deep, overflowing and satisfying joy, as those persons who are really and truly Christians. Those men and women who have accepted Jesus as their Saviour, and who are trusting him for forgiveness of their sins and that he can free them from the power of their sins and give them this joy unspeakable and full of glory. They believe that when he died on the cross their sins were placed on him, thus settling this sin question in their case, for all time. They have surrendered every corner in their hearts to Him and have given him possession of their thoughts, and actions and are willing to be led in pastures that are green and where the harvest is ripe, waiting for them to help garner in the sheaves. Yes, do the right thing with Jesus and get this "joy unspeakable and full of glory."

5. You will get Eternal Life if you do the right thing with Jesus. He that believeth on the Son hath eternal life; and he that believeth not on the Son shall not see life; but the wrath of God abideth on him. And listen to God's Word again, "And the witness is this, that God gave unto us eternal life, and this life is in his son. He that hath the Son hath the life; he that hath not the Son of God hath not to life."—1 John 5:11-12.

Can you fathom that statement: "Eternal Life" isn't that a wonderful phrase. Life Everlasting. Life that has no end. Life that is endless in its duration and perfect in its quality. Think of a life like God himself. Where can you find anything to compare with that Eternal Life. "God so loved the world that he gave his only begotten son that whosoever believeth on him should not perish, but have everlasting life." Don't you know dear friend that includes you. What is the wealth of a Rockefeller, a Ford, a Baker, or a Mellon, compared with eternal life. And what is the wisdom of all our great men to compare with eternal life. Yes, money and wisdom are nice to have, but not to be compared with having the assurance of eternal life. And we get eternal life by doing the right thing with Jesus Christ.

6. You become a child of God, an heir of God, and a joint heir with Jesus Christ, by doing the right thing with Jesus.

This is something that is even better than eternal life. Think of it. A child of God. An heir of God. And a joint heir with Jesus. And you get all this by simply doing the right thing with Jesus. The apostle John left these words for us: "As many as received him, to them gave he the right to become the children of God, even to them that believe on his name." "If children, then heirs, heirs of God, and joint heirs with Christ." Statement like these almost stagger the mind to comprehend them. When we stop to think what God is, all that he has done, all that he is able to do, all that he will do, all that he possesses, all that he governs, and then to think that we can be heirs to all this, and have part in all this, and that by simply doing the right thing with Jesus. How can you afford to not answer this question in the right way? After all, friends, isn't it worth while to do the right thing with Jesus Christ?

7. You will become just like Jesus some day if you do the right thing with Him.

Another startling statement of John 3:1. "Behold what manner of love the Father hath bestowed upon us, that we should be called the children of God, and such we are; Beloved, now are we the children of God, and it is not yet made manifest what we shall be.

## help garner in the sheaves. Yes, do the right thing with Jesus and get this "joy unspeakable and full of glory."

We know that when he shall be manifested, WE SHALL BE LIKE HIM; for we shall see him even as he is." What! you ask, be like Jesus. Yes, be like Jesus. We with all our shortcomings, our pettinesses, unworthy as we are, still we can become just like him, and that, too, by simply doing the right thing with him.

What is the Right Thing to Do With Jesus Christ?

1. The Right Thing to do with Jesus is to Receive Him as Your Saviour.

The most wonderful sentence ever written is, "God so loved the world that he gave his only begotten son that whosoever believeth in Him should not perish, but have everlasting life." So isn't it evident that you are duty-bound to receive Jesus as your Saviour if you expect to have a part in the many things that we have mentioned you would get by doing the right thing with Jesus? But more than that, God's Word says further, as we have already noted, "As many as RECEIVED HIM, to them gave he the right to become the children of God, even to them that believe on his name." I will admit that there are a few people living who say that they are not sinners, and have no need for a saviour, but the great majority of Christian civilization acknowledge that they are sinners. We are all sinners. Christ died for your sins and mine. He died for everyone's sins. He is your sin-bearer. "All we like sheep have gone astray; we have turned every one to his own way; and God hath made to strike on Him the iniquity of us all." Yes, friends, the right thing to do with Jesus is to receive him as your Saviour, and let him carry that great load of sin, instead of trying to do it yourself.

2. The Right Thing to do with Jesus is to Let Him Into Your Heart.

Listen to this, my friends, "Behold, I stand at the door and knock; if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me." Jesus is standing at the door of every heart. How can you refuse to open the door and let him enter, when so much has been promised you? Would you refuse to do as much for an earthly friend? Then why not be as friendly with Jesus who can do infinitely more for you than any, or all, your earthly friends.

3. Another Right Thing to do with Jesus is to Enthroned Him in Your Heart.

Jesus is the Lord of all, and as such, being your accepted Saviour, He has a right to sit on the throne of your heart, from which he can rule your thoughts, actions, deeds, yes, your entire self, so that you are no longer a slave to the old self that you were. Don't think that you can keep back some secret thing of your life that you wish to continue to enjoy. Oh, no, dear friend. Give Jesus the key to every room of your soul and ask Him to take complete possession of your life. Nothing short of

## enthroning Jesus in your heart, will get you the happiness that he has promised you. Peter says, "God has made Him both Lord and Christ, this Jesus whom ye have crucified."

4. Another Right Thing to do with Jesus is to Confess Him Before the world, as Your Lord and Master.

Jesus' own promise to us was, "Everyone therefore who shall confess me before men, Him will I also confess before my father which is in heaven; but whosoever shall deny me before men, Him will I also deny before my father which is in heaven." So you see that it is very important that we do the right thing with Jesus by confessing Him before men as our Saviour and Redeemer. Paul made mention of this very fact, too, when he said, "If thou shalt confess with thy mouth Jesus as Lord, and shalt believe in thy heart that God raised Him from the dead, thou shalt be saved; for with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation." This then is the right thing to do with Jesus.

5. Another Right Thing to do with Jesus is to Go and Tell Others About Him.

During Jesus' ministry here on earth he had occasion to cast thousands of demons out of a most wretched man. This man being so happy with his changed condition, naturally wanted to be with Jesus and go with Him wherever he went. But Jesus said, no, but rather, "Return to thine own house and show how great things God hath done unto thee." Yes, Jesus wants us to tell others what great things he has done for us, and we would not be doing the right thing with Jesus unless we do this.

So dear readers, at this Easter

## Time, the time when we are expected to be in the holy places to worship him, will you not answer this question, "What shall I do with Jesus which is called the Christ," by receiving him into your heart as your Saviour; listening to his voice and letting him into your heart; enthroning him before all the world as your Lord. Don't put off answering this question any longer. Tomorrow is Palm Sunday, make it the day you decide to do the right thing with Jesus.

**FATHER MICHAEL DEAD**  
JACKSONVILLE, Apr. 4.—After a prolonged illness from diabetes the Rev. Father Michael Maher, D. D., is dead here at the age of 58. He was pastor of the Church of the Immaculate Conception for many years. He was born Sept. 2, 1866, in Leigh, Ireland, was educated in his native country and later in Rome, coming to America in 1892. His first work for his denomination was at St. Augustine where he became assistant at the cathedral soon after his arrival there.

## DEMPSEY STATES WILL'S OFFER IS 'QUITE ALLURING'

Kearns Says He Is Sorry the Story Leaked Out But That the Offer Is Attractive; Seem to Be Near to Gotham

NEW YORK, Apr. 4.—Jack Kearns, before his departure for Chicago Friday, confirmed the story told setting forth that negotiations for a championship bout between Jack Dempsey and Harry Wills at a spot twenty minutes from Broadway were well under way.

"I'm sorry that the story of Jack Curley's plans have leaked out," said Kearns. "I did not want it to become public property just yet, especially as I first wanted to know how my champion stood with the boxing commission. However, I'll add this: The offer made by Curley is a corker, but I have not signed with him nor will I until I've heard the best terms that Rickard, De Forest and Henderson have to make. I'm going to pay a lot of attention to the highest bid if it isn't simply smoking through his hat.

"There must be something more substantial to an offer than mere talk. I know that Curley's proposition is an attractive one. I've been giving it plenty of consideration. Right off the reel I'd say the battle ground is the best yet."

And that is as far as Kearns, himself bound to secrecy in the matter, would go.

Curley was just as mum. He was a bit nettled that his project had hopped out of the bag.

"We've been working on this championship bout between Dempsey and Wills for some time," said Curley, "and we did not want it to become known until we had clinched every detail. I'm certain that there isn't a promoter in the country who can show the boxers a better proposition. I'm sure no more ideal location has ever been selected for a championship. I've had experience in these matters and I know what I'm talking about. I'll get the match without a question."

Articles of agreement for a featherweight title bout between Louis (Kid) Kaplan, of Meriden, Conn., recognized champion by the New York boxing commission, and Edouard Mascart, European titleholder, will be signed Saturday at noon. Tex Rickard announced Friday night.

Rickard proposes to hold the match on May 5 in Madison Square Garden. Fifteen rounds to a decision will be required by the contracts, Rickard said.

A conference between managers of the two boxers today resulted in the completion of many of the details for the bout. Lew Beraton represented Mascart, while Scotty Montieth negotiated for Kaplan.

Kaplan obtained recognition as champion in this state by his victory in an elimination title tournament.

Paul Carr, Jimmy Slattery's manager, is hunting trouble for his brilliant young buck.

He wants to challenge Greb for the title, but he realizes that the age ban will not permit of a bout between the two for the crown. Paul has an idea. He is going to place a challenge and a forfeit with the commission until August 25, when Jimmy will become 21.

"Then I don't see how Greb will be able to duck us," said Paul recently. "Money talks and it is only a question of Greb's signing for us to win the title. Jimmy will stop him."

# GOLDEN GROVE

Realizing the present lack of opportunity in Sanford for the poor man to reap the harvest of rapidly increasing values in real estate through lack of ready cash for investment purposes, the developers of Golden Grove are attempting to put on sale a large number of lots at an extremely low price which will allow everyone, no matter how limited his income or small his wages, to become a property owner, and have a share in this state's development which is bringing wealth to so many.

## *On the Main Highway to Orlando*

Golden Grove is located on both sides of the Dixie Highway between Sanford and Orlando and about two miles from the city limits of Sanford. It is high land and readily accessible for home sites. It is in the immediate vicinity of other large developments. It offers all the opportunities for enhancement in values of high priced properties closer in and entirely out of the reach of the working man of moderate means.

## *For the Investor of Limited Means*

The one object which the promoters have in offering these lots for sale at such extremely low figures is to bring them well within the reach of High School boys, who can by saving pennies from their allowances lay the foundation for their college expenses, and of family heads, who may find the cost of living exhausting all their modest incomes. Anyone can buy a lot in Golden Grove, which, situated as it is near Sanford and on the main route to Orlando and Tampa, is bound to increase in value by leaps and bounds.

## *\$10 Cash Will Buy a Lot*

As an introductory offer and for the purpose of acquainting the people with Golden Grove, twenty-five lots will be offered for sale on Saturday, April 11, at the extremely low price of \$95. A small cash payment of \$10 and the balance at \$5 per month, is all that is required. And only 25 lots can be sold at this price. They will be sold quickly. To buy at this price requires quick action.

# "I'll Make \$500,000,000," Says Saunders As He Starts Comeback

MEMPHIS, Tenn., Apr. 4.—One year ago, Clarence Saunders, deposed head of Piggly Wiggly, moved from his palatial home to a small apartment in a hotel. He was bankrupt after a legal battle lasting six months.

Clarence Saunders then made his now famous prophecy: "In three years I will have made three million dollars. I can make a million dollars easily."

He was laughed at. But today Saunders has completed contracts for stores in 70 cities. They will be scattered from Los Angeles to Miami, Dallas to St. Louis. He is operating stores in ten towns and cities outside of Memphis, where his eight parent stores are flourishing.

Independent of Others And he is not operating on borrowed money; the corporation bearing his name has not one penny indebtedness; he has not depended on any person for advice or counsel.

"In two more years I will have made that three million dollars," Saunders said.

"By the time I am 60 I will have made \$500,000,000."

He said it with all the calmness with which he had formerly negotiated \$5,000,000 deals for Piggly Wiggly. He seemed to believe he would do it.

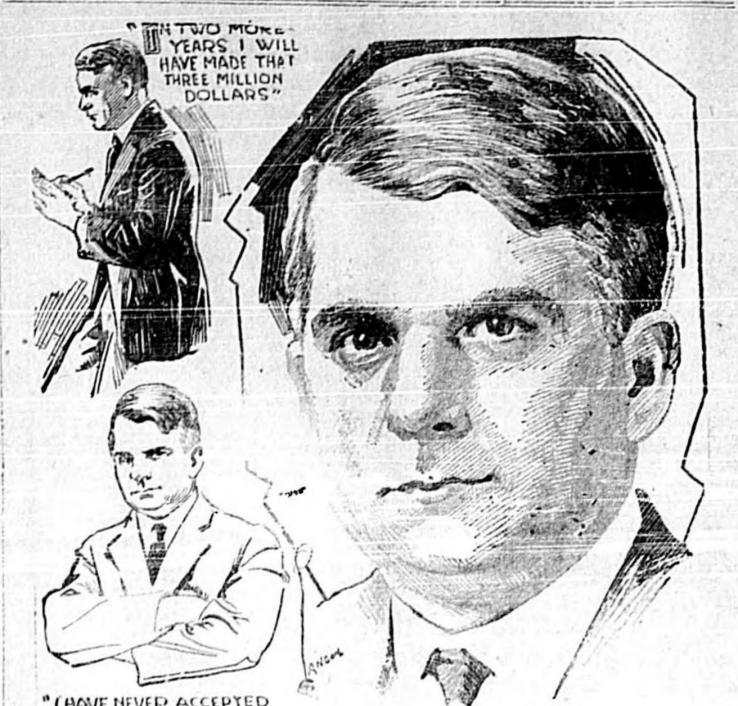

"It's easy," he said. "I am succeeding at a faster rate than I could ever I still head of Piggly Wiggly. By 1950 I will be ten times as great success as I would if I had not experienced reverses in my fortune."

A contest is Saunders' greatest delight. As a boy, he says, he was "against everything," although extremely sensitive. He is still combative. He loves football, wrestling, tennis, boxing and the other harder sports. His keenest delight is in meeting the other fellow on even grounds and outmaneuvering him.

Saunders says that he has never asked advice of anyone. He has not learned to be dependent.

He refuses to accept Christmas gifts or birthday presents. He never gives them. He has never written a Christmas card. He prefers to get for himself those things that he wants.

And yet he is not a money-seeker. He says he wants money, but he wants it for what money will

"I HAVE NEVER ACCEPTED A CHRISTMAS GIFT"

do rather than for personal pleasures. For pleasure he works. Night automobile rides of from 20 to 40 miles have been his main recreation since he started his "comeback." But he says his greatest pleasure is work.

Saunders is free from the complacent attitude of self-satisfied men. He often takes a broom from an employe and sweeps a entire floor, or rearranges fruit in a display case, or tells a customer the merits of a 10 cent can of vegetables.

Saunders' philosophy is largely a "roll your own" attitude toward things in general. He never accepts or rejects a man on another's recommendation. He doesn't read recommendations anyway, he says.

He silently "cusses out" himself eight consecutive weeks.

WITNESS my hand and the seal of the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for Seminole County, this 27th day of March, A. D. 1925.

### IF BACK HURTS FLUSH KIDNEYS

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's urinous waste and stimulate them to their normal activity.  
The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste so we can readily understand the vital importance of keeping the kidneys active.  
Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.  
Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of all your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.—Adv.
