

Hudson Hurls Lookouts To 7-1 Victory Over DeLand.

Locals Pound Out 13 Hits In Final Sunday Game Here

Billy Moore Leads Hitters With Three Safeties In Five Trips To Plate; Rice, Gill Pitch For Reds

Sidney Hudson, lanky Sanford right-hander, hurled six-hit baseball yesterday afternoon while his mates collected 13 blows to defeat the DeLand Reds by a score of 7 to 1 in the final Sunday game in this city for the season.

Hudson permitted the Reds to tally their one run in the second stanza but settled down for the remainder of the tilt to secure his ninth victory of the season.

Manager Harry Rice was on the mound for his club and was nicked for 12 hits during the seven innings he hurled. In the eighth, Rice sent young George Gill to the mound to pitch the final eighth. The Lookouts were humbled by Rice's "nothing" ball the initial three innings but they jumped on him in the fourth for three runs and again in the seventh for four.

Billy Moore, Lookout center-fielder, continued his spree as he pounded out three blows in five trips to duplicate his work in Gainesville Saturday night. Hudson did his part with two hits, one a single which tallied two runners.

The Reds counted first when Newell led off in the second with a long double to left field. He advanced to third when Jackson grounded out to Pitman, and he crossed the platter when Street lifted a single into short right field.

The Lookouts took the lead in the fourth when with one out, Bob Potman singled to left field. Ads hit to Rice in the box who threw to second to get Pitman to advance to third. Rutledge captured the ball and

threw to second to get Ads but the throw was "wasteful" to nab him. Hudson then came up with his second hit which went down the left field line scoring both Pitman and Ads.

Bobby Stith continued the parade with a smashing single to right to send Hudson around to third and Perk Fagner lifted a long lacy fly to Newell in center field to score Hudson with the third run.

In the fourth four runs crossed the pan when Moore led off with a bunt to center field and went on to second when Schmidt had down a bunt and beat the throw to first. Davis then smacked a two bagger into left-center field to score Moore and Ads singled to left field to score both Schmidt and Davis. Ads took second on the throw into the plate and tallied when Stith singled to left.

The game was DeLand's last appearance here this season and the Lookouts are on their last swing of the circuit before the curtain comes to a close a week from Saturday night in Palatka.

Gons Win Over Orlando 5-2 To Increase Lead

G-Men Lose Tilt To Palatka As Saints Nose Out Islanders

As teams in the Florida State League began the final swing around the loop, the Leesburg Gonsiders increased their loop lead to two games by defeating the Orlando Senators 5 to 2 while the Gainesville G-Men lost their contest with the Palatka Azaleas by a score of 3 to 2. In the other league game, St. Augustine nosed out the Daytona Beach Islanders 3 to 2.

Gons' triple paved the way for a three-run rally for the Gons in the fourth and a triple by Onis in the eighth gave the league leaders the other two runs.

In St. Augustine, Skilling's home run in the seventh with none on base gave the Saints a one-run margin over the slipping Islanders in a thrill-packed contest.

In the contest between the G-Men and the Azaleas the Palatka crew took a one-run lead in the fifth and made two more in the eighth while limiting the former league leaders to two tallies in the eighth. The second game of a scheduled double bill was postponed because of rain.

At a Florida State League Directors meeting in Leesburg, plans were perfected for the Shaughnessy system playoff beginning Sunday, Sept. 4.

The winner will meet the Georgia-Florida league champions in a post-season series.

League President Harry Gray of Gainesville announced Umpires Frantz Peters, Phony Smith, Al Harvin and Enos Vaughn will officiate in the playoff. Gray said the four first division clubs entering the Shaughnessy series will alternate as home teams until one wins a series. The two preliminary victors then will play seven games.

Stith, Shimer Take Lead In Field Day Contests

Fans Attending the Baseball Game Between the Lookouts and the DeLand Reds Sunday Not Only Had the Privilege of Watching the Local Crew Defeat the Reds by a 7 to 1 Margin but Also Were Given an Exhibition of the Field Day Program which Preceded the Game.

Bobby Stith of the Lookouts and Nick Shimer of the Reds were the outstanding participants in the contests, each winning two prizes.

In the 60 yard dash Joe Pinder and Bill Schmidt represented the Lookouts while Rufus Jackson and Shimer ran for the Reds. Shimer nosed out Pinder by approximately three inches in the event while Schmidt took third place and Jackson finished last. Pinder took small lead at the start but Shimer closed in on him in the final stretch. Schmidt fouled about one-half yard behind Pinder and Jackson about a yard in the rear of Schmidt. Billknop won the long distance

throwing with Pinder placing second in the event. Johnny Ads took the prize in the accuracy throwing and Bobby Stith took first for fungo hitting.

In the bunt and run contest Shimer stood out with a time of 3.2.5 seconds while Billy Moore and Pinder placed second with a mark of 3.3.5 seconds.

Bill Schmidt won the base running contest with a mark of 14.3.5 seconds. Bobby Stith won the wheelbarrow contest with Anderson of the Reds placing second. In the wheelbarrow contest the entrées were blindfolded, given wheelbarrows and told to go to second base.

In an added attraction, Bill Hoffmann, park announcer won a bet that he could hit a pitched ball blindfolded. Bill, with Pinder pitching, fouled the first pitch fanned at two more and then squarely lined a single into leftfield on the fourth pitch. Mr. Hoffmann won his bet and allowed the blindfold to be examined.

U.S. Swim Team Wins Over German Group

BERLIN, Aug. 22.—(AP)—By the narrow margin of two points a team of United States swimming stars shaded Europe's top-flight performers, 38 to 36, in a two-day meet at the Olympic swimming stadium.

A crowd of 10,000 sat under umbrellas in a downpour yesterday to watch the Americans preserve enough of the 24 to 18 edge they gained in the first six events Saturday to win. They won only two of six contests yesterday.

Lookouts To Visit DeLand For Final Contest With Reds

Bill "Raw Meat" Rodgers with his proteges will invade the hometown of the Reds in the final clash of the two teams this season under the lights at Central Park.

The locals yesterday won from the Reds by a wide margin and will seek to duplicate their feat in DeLand tonight in a final effort to exchange positions in the standings with the seventh place Reds.

Hurlers for the contest have not been named but fans can rest assured Rodgers will give the Reds the finest assortment of fast balls and curves available.

Water in which fine-shredded cabbage is boiled contains valuable vitamin C, and is excellent for soups.

The clank of armour and clang of the ancient cross-bow will be heard in Tampa next February when several hundred Tampanians, clad as soldiers of old Spain, represent the army of DeSoto, tramp city streets and take part in the mighty spectacle planned in celebration of the 400th anniversary of the famed explorer at the Pan American Hernando De Soto Exposition.

Loop Teams Have Little Time To Improve As Final Swing Begins

By PETER SCHAAL, League Secretary
ORLANDO, Aug. 22. In games around the league this Sunday Florida State League clubs began their final "swing around the circuit", and enter into final meetings with their Sunday opponents tonight except where the Shaughnessy play-off participants are involved.

With the season ending Saturday night, Sept. 3, the coming two weeks allow but little time to improve upon season's records which find the ultimate winners of the first four places in standings in doubt.

Holding a slim one-game league leadership Saturday night, Nellie Leach's Leesburg Gonsiders naturally were on top in games won and lost.

The Gonsiders, wide-margin winners in their series with DeLand, Sanford, Palatka and Daytona Beach, mainly are proud of the fact that in 18 meetings this season they have whipped Gainesville 13 times, an unheralded feat in the three year history of the league.

The Leesburg men also won 14 of 18 games from Sanford, 13 of 18 from Palatka, 11 of 18 from Daytona, 11 of 17 from DeLand, Only Orlando and St. Augustine outfits have provided opposition, for in 18 games, the Gonsiders had been able to eke out but nine victories against each team.

Gainesville, the current second-place team, unable to stop Leesburg, has taken it out on Sanford and Orlando, having won 15 of 18 games from each of the two clubs. The G-Men hold 13

Cone Shows Improvement, Doctor Says

Governor's Physician States Belief Chief Executive Will Be Passed Crisis Soon

Oxygen Tent Is Used By Patient

Glucose Injections Given As Pneumonia Danger Passes

JACKSONVILLE, Aug. 23.—(AP) Dr. Stanley Erwin said today Gov. Fred P. Cone "is much better and should pull through today, tomorrow and the next day" unless he has another heart attack or develops pneumonia.

Florida's 27th Chief Executive has been in a hospital here since July 29 when he suffered a heart attack (coronary thrombosis) while resting for a week in a downtown hotel. He took cold last Thursday or Friday and it developed into pneumonia.

Dr. Erwin visited his patient this morning and later said the Governor appeared to have rallied "very well" after a day and a night during which his condition was "very serious."

The chief executive is in an oxygen tent and has been given injections of glucose regularly. Dr. Erwin described this as "routine in such cases" and said it would be continued "as long as needed."

The Governor, he declared, has had a second heart attack and shows no signs of developing pneumonia. Relatives said after a morning visit to the hospital they felt "much more encouraged."

Yesterday Gov. Cone's relatives hurried to his bedside as Dr. Erwin reported he was "very seriously ill."

Silence about Cone's condition was broken first by Mark Byron of Miami, his son-in-law, who revealed the governor was under an oxygen tent and was receiving glucose injections.

Apparently freed from a family injunction for secrecy, Dr. Erwin then described Cone's ailment, but said he "has a good chance" of recovery.

Robson Returns To City After Sojourn At Coastal Resort

J. N. Robson, Jr. returned Tuesday from a week's vacation at Carolina Beach, North Carolina, bringing reports of improved business conditions and much building activity in the area visited and enroute.

Asked about politics, Mr. Robson declared the people were not interested in the affairs of state, a condition which he attributed to their apparent prosperity. He said the tobacco crop was exceptionally good and that everywhere he heard reports of better times.

Mr. Robson was enthusiastic about the Carolina beach resort, stating that it was in the midst of a busy season, and that every device imaginable was available for public amusement, and that the climate was very pleasant.

SERIOUSLY ILL

Gov. Fred P. Cone, who is seriously ill in a Jacksonville hospital was said by his attending physician, Dr. Stanley Erwin, to have rallied after a bad night. The Chief Executive condition during the night was "very serious" and relatives were summoned to his bedside. The Governor is in an oxygen tent and is being given injections of glucose regularly.

Judge Orders Georgian Held For Grand Jury

Clements Is Charged With Death Of Rival Suitor In 1925

ST. AUGUSTINE, Aug. 23.—(AP)—County Judge Charles C. Mathis, Jr., today ordered Math Lee Clements of Melrose, Ga., held under a \$2,500 bond for grand jury action on charges that Clements killed Clyde Crapps, rival for the hand of a Georgian girl, near here in May 1925.

Crapps body was found on a highway and the death has remained unsolved. Clements' wife, her father, S. J. Caldwell, and Tom Morris, all of Melrose, testified that Clements had boasted he had killed Crapps. They said both Clements and Crapps had kept company with Miss Caldwell and that Crapps was killed while enroute from Miami to Georgia to marry the girl.

City Heads Visit PWA In Atlanta To Expedite Project

Mayor Edward Higgins and members of the City Commission with the exception of Commissioner W. R. Dupree who is ill, left Sunday for the regional headquarters of the Public Works Administration in Atlanta to interview officials there in an effort to expedite approval of the PWA project for a pipe line from the City's wells to the water plant.

The City heads are expected to return to Sanford tonight or early tomorrow and will hold their regular meeting in the City Hall Wednesday night at 7:30 o'clock.

The Commission has applied to the Public Works Administration for a loan and a grant to pay the costs of purchasing and laying a cast iron pipe line to replace the present wood pipe which has deteriorated to such an extent as to be no longer suitable for conveying the water from the wells.

The City would repay the PWA loan from revenues of the water department over a period of years.

CHICAGO COPE SWING AX CHICAGO.—(AP)—The axe squad swung into action again yesterday and chopped up the fifth handbook wrecked during the past six days in the State's Attorney's war on gambling.

Hines Shielded Policy Empire, Weinberg Says

Ex-Convict Tells High Court He Paid Tammany Leader \$500 Weekly And Higher

NEW YORK, Aug. 23.—(AP)—Charles Weinberg, ex-convict, testified today in the Supreme Court that he paid Joseph P. Kamp, a Tammany leader, \$500 a week to shield his policy empire.

"I told him there were 'too many arrests' and 'too many prosecutions' and 'too many things going on' which would hurt the policy business," Weinberg testified.

Weinberg testified that he paid Kamp \$500 a week to shield his policy empire from prosecution.

High-handed methods employed by Kamp to shield his policy empire from prosecution were described by the witness stand yesterday.

Alexander Gomez, a tall, erect West Indian negro, whose prison record was one of those set forth by the Schmitt motorcycle in 1911, calmly told Supreme Court Justice Ferra and a blue-ribbon jury that the Schmitt gang could be his boss that he needed money when his bank was hit, refused to help him and he then defrauded him of \$36,000 profits.

"Did you quit the combination?" Charles P. Gomez, assistant district attorney, asked significantly as Gomez led up to his story of the losses.

"No they quit me," said Gomez, and then explained that it happened when his bank was hit.

Two Building Permits Are Granted By City

A permit has been granted to C. E. Gormley to make repairs to a building facing Nineteenth Street between Magnolia and Palmolive Avenues at an estimated cost of \$150.

E. L. Woodruff has also been granted a permit to make repairs to a structure facing First Street between Myrtle and Elm Avenues at an estimated cost of \$100.

City News Briefs

Elnis Dunbar, WPA supervisor of recreation, was a visitor at the Chamber of Commerce this morning.

The City Commission will meet in an adjourned session tomorrow night at 7:30 o'clock at the City Hall.

A meeting of the Seminole County Citrus Growers Association will be held in the Lake Mary Community House Tuesday night at 8:00 o'clock.

Deputy Collector of Internal Revenue J. L. Hurt will be at the Chamber of Commerce tomorrow for the purpose of aiding in filling out income tax reports.

BIBLE VERSE FOR TODAY

A HAPPY MARRIAGE: There-
fore shall a man leave
his father and his mother, and
shall cleave unto his wife and
they shall be one flesh. Gen. 2
24.

Florida imports 60 percent of
the beef sold in Florida house
wives. Now there's something
to beef about.

The Nazi salute is the extend-
ed palm. The communist salute
is the clenched fist. And the
American salute is the thumbed
nose.

In most states a "my good
friend" from the President was
all that was necessary to win an
election, but in Georgia the Sen-
ator was "my good friend" to
death.

There is always someone to
take the joy out of life. For in-
stance, there is the fellow who
tells you how much better paper
they got out while you were on
vacation.

As another indication of how
we have progressed since the
founding of this nation, Presi-
dent Washington was once hailed
far and wide for his prowess in
throwing a dollar across the Pa-
tomec.

It may be necessary to broaden
the income tax base, according
to Senator Pat Harrison, and
thus to levy additional taxes on
the poor man. The highway to
the "more abundant life" seems
to be paved largely with good
intentions.

Jim: "You know, Jerry—I talk
ways like to hear your wife talk.
Her diction is perfect."
Jerry: "Well, now—that's
something! But if you think her
diction is good, you should hear
her conversation! That's irrec-
oncilable."—Fort Pierce News-Tribune

If the New Deal high com-
mand keeps on reading folks out
of the Democratic party, we won-
der if there'll be enough Demo-
crats left to win the November
election. There's such a thing as
over-confidence in politics as
well as in football.

There is rumor current in Mi-
ami of a third daily paper. It
will not succeed if launched. A
third paper in a city the size of
Miami is generally a sign of
defeat in the history of newspaper-
dom in the United States; no
split paper ever has succeeded.—
Key West Citizen

Gripevine reports indicate that
Gov. Cline is a much sicker man
than those at his bedside care
to admit. His doctor has said he
has coronary thrombosis, a ser-
ious heart ailment, now compli-
cated by a cold in his chest.
Though in no immediate danger,
according to attending physici-
ans, some friends are greatly
concerned about his condition.

The Herald regrets the news
of the death of Jack Worthing-
ton, able editor of the Lake
Wales Highlander. Mr. Worthing-
ton was one of those big city
newspapermen who always wanted
to own and run a small town
paper weekly, with the slight
difference that in Mr. Worthing-
ton's case he finally did. After
a successful career on a number
of important southern newspapers
in Florida in 1931 and be-
coming editor of the
Lake Wales paper, he moved to
Lake Wales and started the
Highlander which he published
until the time of his death.

Amazing Changes

Yesterday The Herald celebrated its thirtieth birth-
day, thirty years of continuous publication in Seminole
County, thirty years of continuous service to the people
who live here, thirty years of successful operation in spite
of booms, depressions, and what have you. We who have
guided the destinies of The Herald for the last half of
this period, are proud of that record.

The reporter who wrote the story of our birthday an-
niversary yesterday, called attention to the remarkable
changes which have taken place in Sanford during the past
thirty years. He mentioned the fact that there were no
paved streets here then, that cows grazed in downtown
areas, that sulphur-smelling horse-drawings were common-
place. He pointed out that the population was less than
five thousand.

Hardly less significant are the amazing changes
which have taken place in the newspaper business itself
during this generation. Then, though linotype machines
were in use in the larger cities, they had not yet made
their appearance in the smaller communities, and the type
was set by hand out of cases. Even on the metropolitan
dailies the linotypes were clumsy rickety slow-running af-
fairs scarcely to be compared with the streamlined dust
proof Blue Streak models of today.

The problems of the newspaper have been immensely
complicated during these years by the march of progress.
Thirty years ago Sanford was an isolated community al-
most wholly without contact with the outside world. The
horseless carriage was an untried vehicle little used for
practical purposes. Roads were narrow, sandy, and wind-
ing, and the distance to Orlando or Daytona Beach was
interminable.

Even 15 years ago the Times-Union did not reach
Sanford until noon and then sold only a few copies making
no effort whatever to cover this county. Other out-of-
town newspapers never thought of trying to find circula-
tion here. The radio had not yet been perfected. If na-
tional advertisers wanted to reach the people of Sanford
and Seminole County, there was no competing medium
through which they could do it.

Probably the greatest change which has taken place
is in the frame of mind of the people themselves. They
demand their money's worth when they buy anything.
They want today's news today. They want pictures of
events happening in Paris, not next week sometime, but
immediately. They expect comics, cartoons, beauty hints,
household suggestions and recipes, prepared by experts.
And they want all the news that is fit to print, and then
some.

The Herald has struggled to keep pace with these
rapidly changing modes of our civilization and to give the
people of Sanford and Seminole County a paper on a par
with any published in any community of this size. We
appreciate the support both from the merchant and the
people at large which alone has enabled us to do this.

Less Work, More Play

The French government seems to be heading for a
crisis over the 40-hour week law. Premier Daladier has an-
nounced that this practice of limiting work in all factories
to 40 hours a week is undermining the government's pre-
paredness program and is a serious threat to the economic
life of the country. In protest against this state-
ment two cabinet ministers have resigned and a general
strike throughout the nation is threatened.

In one of his recent articles on European conditions,
Walter Lippmann explains how this labor legisla-
tion is bringing France to the point of virtual bankruptcy
and making her an easy prey for the highly efficient fascist
powers. The French workmen, in effect, are refusing
to work at a time when the very existence of their coun-
try depends upon increased production.

The decrease in working hours, accompanied as it was
by an increase in industrial wages, has practically elimi-
nated the possibility of making a profit in industry, a
profit upon which the government must depend for the ex-
orbitant taxes it must levy for adequate defensive mea-
sures and social legislation. Mr. Lippmann insists that the
only remedy for the present situation is lower production
costs or higher prices, both of which have been success-
fully resisted by organized labor.

"The French difficulty arises therefore," Mr. Lipp-
mann explains, "out of the fact that at a time when the
nation must spend enormous sums on the national defense,
the industrial workers insist on more leisure, and at the
same time upon more real income than the French eco-
nomic system is at present capable of providing. Though
France is a relatively rich country, it is not rich enough
to afford armaments, social services, a 200 percent in-
crease in hour wages, a short working week and many
holidays."

We wonder if there is anything which Mr. Lippmann
says here with regard to the French predicament which
applies to conditions in our own country. Here, too, we
have just adopted an experiment which the French have
tried for a number of years and found wanting—a wage
and hour law, which at the same time reduces the number
of hours men can work, and increases in its net effect the
income which they expect to receive.

Clearly the result of any such law is to reduce, or
destroy, the profits from business. And yet it is upon
these profits, that the government in the final analysis
must depend for its revenues. At the same time the
profits from business are being reduced, the people are also
making greater demands upon the government for social
services, for pensions, for free medical attention, for un-
employment compensation, and so forth.

That the profits of business have not for more than
eight years been sufficient as it was to support the contin-
ually rising costs of government is shown by the huge
deficits which the government has been running and the
enormous bond issues which of necessity have been float-
ed. With even less production, resulting from the smaller
amount of work caused by the maximum hour law, there
will be even less revenues with which to support the gov-
ernment.

The answer to the demands for a balanced budget, for
old age pensions, sickness and unemployment insurance
and all the other benefits of a highly social-conscious
order, is not less work, but more work. There can be no
"abundant life" for anyone unless those who are able to
work, do so. There may be a valuable lesson for us
in France's experience, a lesson which we should learn before
it is too late.

IN EUROPE, every woman is every other woman's in-
stinctive enemy. In America, women band together in
clubs, crowd happily to lectures and so forth as if they
actually seem to like each other.—O. E. M. Joad in The
London Mercury.

Chemical Method For Combating Root-Knot Given

Watson Says Disease May Be Eliminated By Sodium Cyanide

GAINESVILLE, Aug. 23.—
Florida truck growers who do not
have nematode-free land for
seedbeds must depend on chemi-
cals at this season of the year
to combat root-knot and protect
their seedling plants for fall
crops, according to J. R. Wat-
son, State Experiment Station
entomologist.

The cheapest way to rid land
of root knot is to grow Crotalaria
specialis on it during the
summer and keep it free of all
grass, weeds, and other plants,
but it is too late to employ this
method now for fall plantings.
Some growers solve the root
knot problem by using newly
cleared land for their seedbeds,
but some seedbeds are more or
less permanent and are equipped
with irrigation systems that are
not easily moved.

For quick action against root
knot nematodes in seedbeds, Mr.
Watson recommends the double
treatment of sodium cyanide and
ammonium sulfate. Directions for
using this method are as follows:
Plow or disk the land, dissolve
the sodium cyanide in water (at
rate of about 1,200 pounds of
cyanide per acre) and pour this
solution evenly on the soil; then
turn on irrigation water until the
solution is washed down to a
depth of about eight inches of
the water table. Immediately
following this treatment, apply
a solution of ammonium sulfate
to the soil in proportions 50 per
cent greater than the cyanide.
Then turn in enough water to
wash the sulfate down to the
same level as the cyanide solu-
tion. Cover seedbed with some
material such as old newspapers
to hold the hydrocyanic acid gas
in the soil. This method is ex-
pensive and is not practicable
for large areas. Seedbeds can be
planted within a week or 10 days
after treatment. The treatment
leaves the soil rich in nitrogen,
making it unnecessary to make
further nitrogenous applications
during the season.

Cyanamid is fairly efficient

Huge Wheat Crop Expected To Glut World's Markets

Continued from Page One
The government spokesman (taxpayer) of the farm belt, where the most serious drought has been, is expected to glut the world's wheat market. The great American wheat crop, but by and large, is a crop of wheat for the world, which market has been the No. 1 market. Between 1880 and 1930, American wheat growers had the inside track on a downhill pull. They had the world's richest, easiest to cultivate, and most extensive wheat lands. They developed the lands with machinery. In 1898 they were supplying 31 percent of the world's exported wheat. Our growing population required more and more wheat to make bread for the home-folks. But even so, America still had one fifth of the world's export wheat market in 1929. But all along Canada, Australia, Argentina, and Brazil's Danubian basin were closing in. For instance, Canada contributed a mere 20,000,000 bushels to the world in 1900. In 1936, she exported 12 times that much.

Mrs. John Ivey was the guest of Mrs. Joe Meisch at Daytona Beach Monday night.

Mrs. G. C. Fellows, Mrs. A. W. Stumpe and family are spending this week in New Smyrna.

Mrs. J. E. Harrison spent the past week end in Jacksonville as the guest of her daughter, Aldine.

Mrs. Joe Meisch and children, Mary Martha and Buddy, are spending several weeks in Daytona Beach.

Baxton Huntley, who has been spending the past few weeks with relatives in Palatka, was in Sanford Monday.

Friends of Miss Mary Nickle will be pleased to know that she is recovering from injuries received in a recent accident.

Mr. and Mrs. Ira Thompson have returned home from Coronado Beach where they enjoyed a short vacation.

Mr. and Mrs. B. G. Methvin, Mr. and Mrs. R. E. Pennington and Mr. and Mrs. Joe Jarrell spent the past week end in Plant City.

Mrs. Rosa Markwood and Mrs. W. M. McKinnon have returned home from Daytona Beach where they enjoyed a short vacation.

Mrs. Dought Parker of Daytona Beach is the house guest of Mrs. W. M. Dugger. Mrs. Parker is the former Miss Rebecca Scott of Sanford.

Mrs. V. T. Peters and daughters, Ruby and Annet, of Daytona Beach, formerly of this city, are spending a week at their Geneva home.

Mr. and Mrs. John Galloway and daughter, Mary Anna, have returned from Jacksonville Beach where they were the guests of Mr. and Mrs. J. M. Broadfield the past week.

Mrs. R. C. Maxwell will return home Wednesday morning after spending a six weeks' vacation in Texas and Mississippi as the guest of relatives.

Mrs. Andrew Carraway plans to leave Wednesday for Daytona Beach where she will be the guest of her mother-in-law, Mrs. J. J. Cameron for the remainder of the week.

Mrs. George Hatley Davidson, the former Miss Elizabeth Turner of this city, is recovering from an operation undergone recently at the U. S. Naval Hospital in Portville, Va.

Dr. and Mrs. Ben Hyman, who have been the guests of Mrs. Hyman's parents, Mr. and Mrs.

NAMES OMITTED

The following names were in yesterday's column in the staff of the only Friday night given by the Three O's Club, Miss L. C. Whigham, Miss Chapman, Miss Dunn and Donald Johnson.

Mr. M. E. Ivey Monday for their home in New York. They were accompanied as far as Jacksonville by Mrs. Ivey and Herbert Moore.

Mr. R. E. Ivey has arrived home from a visit with relatives in Jacksonville.

Mrs. Mary Magill has returned from Atlantic City where she visited her brother for several weeks.

Mrs. W. A. Leffler and family returned Monday night from Clayton, Ga. where they enjoyed a few weeks' vacation.

Mr. and Mrs. D. J. Lawson of Rockport, Ga. who are vacationing at Daytona Beach were the guests of Mr. and Mrs. J. M. Stenographer Monday.

Mrs. Harry M. Gomball and daughters, Peggy and Trenholm, and son, Harry, have returned from a two month's stay in Charleston, S. C. Mr. Gomball expects to join his family here about October 1.

Mr. and Mrs. F. E. Stenographer and children, Frank and Patty, and Mrs. Stenographer, were the guests of the week of Mr. and Mrs. J. M. Stenographer, where they spent some time.

Mrs. M. S. Wiggins and daughters, Dorothy and Mary, who have been spending a vacation in Clayton, Ga., and also Katherine and Ann, who have been attending Laurel Falls Camp, are expected to arrive home Wednesday night.

Billy Thigpen left Tuesday afternoon for Los Angeles, Calif., where he will attend the Pi Kappa Alpha fraternity national convention in which he is a delegate. Billy was president of the chapter at Emory University last year. He expects to be gone about two weeks.

The Reverend and Mrs. Martin Bram left Sunday morning for a two week's vacation in New Orleans, La., Amherst, Va., and Richmond, Va. They were accompanied as far as New Orleans by Mrs. W. A. Adams, Jr., who will visit Mr. and Mrs. J. S. Sloat in Stidell, La. Mrs. Sloat is the former Miss Naomi Scoggin of Sanford.

Lookouts Get 5 To 1 Victory In Final Game With Reds

Pitching Four - Hit Ball, Bazner Paven Way For Win

Smith Has Perfect Night To Lead 12 Hit Attack On DeLand Hurler; Nats Play Here Tonight

Pitching four-hit ball, Hank Bazner fanned 11 men Monday night as Sanford collected 12 hits to defeat the DeLand Reds 5 to 1 in DeLand.

Bobby Smith, Lookout second baseman, led the Sanford batting attack with three safeties in three trips to the plate while Bazner and De Ramus each got one base blow in four trips.

John Red first baseman, got two of the Reds four hits.

While Bazner was whiffing 11, Smith managed to have two hits fall out by the strike-out quota. Bazner walked three and Porter issued only one free pass.

The Sanford hurler had the game under control from the start. He was never in trouble and kept the four hits well scattered.

Tonight the Orlando Senators come to Sanford to engage the Lookouts in the first of the usual two-game series. Beginning with next week all games start at 8:00 o'clock instead of the usual 8:15 o'clock.

Monkey Catchers Are Aided By Gland Study

SINGAPORE, Aug. 23.—(AP)—Hundreds of itinerant monkey-catchers in British Malaya are getting employment through the rapid increase in gland research activities in the United States.

These catchers receive nearly 7 dollars for a good "rhinoceros," the most valuable type of animal.

Every steamer leaving Singapore for eastern ports in the United States is carrying several crates of fat, healthy monkeys.

LOUISIANA, Mo. — (AP) — A 75-year-old retired butcher, J. C. Sparks of New Castle, Colo., was awarded the grand sweepstakes prize at the National Fruit Show here, for discovery of a new red and gold peach variety.

Captain Jimmy Oxford Will Hold Key Position On 'Gator Eleven

THE STANDINGS

By FRANK WRIGHT

GAINESVILLE, Aug. 23.—In this first discussion of 1938 football prospects at the university, it seems fitting to begin with a review of that position on the team where Jimmy Oxford, the team captain, has played with definite credit for two seasons. Therefore, we look at the center position, indeed a key position in football, and the principals involved are Captain Oxford, Leesburg, who will be a senior; John Berry, from Nashville, Tenn., and Mike Bucha (pronounced Boo-ha), from Bridgeport, Pa. These are the three Coach Josh Cody has invited back for practice beginning Sept. 1.

Oxford told me recently that he had just learned to play real football at the close of this past season. Two years under Cody, a master of line play, and one of them with Sam McAllister aiding, brought Oxford into the forefront as a college football player. In the last five games last fall, Jimmy faced such widely known and acclaimed centers as Lumpkin of Georgia, Woods of Clemson, Chivington of Georgia Tech, Antley of Auburn, and Hinklebein of Kentucky, and a comparison of the play of the various men left Oxford with an exceedingly good reputation.

Jimmy was 23 just a few days ago. He weighs nearly 200 pounds, stands a good six feet, one inch. He looks like a football player, and he's been a good one. He should feel the inspiration of the honor of the captaincy, and mix with it the experience he has gained, and the natural zest which seems to be his to be the best possible player at his position, and come close to whatever one would want to consider as "tops" in 1938.

Behind Jimmy are the two sophomores; and one of them, Berry, while he's got to prove his mettle in variety competition, holds unusual promise. He has shown in high school ball and his freshman play here that he has exceptional ability in moving out of his position and being "down the field," where his blocking can be no significant. Berry is smart, and a born competitor. Bucha is a sturdy, hard-plugging sort of boy, whose defensive play has thus far been his strongest point.

The outlook at center is indeed encouraging, with Oxford moving into his final year, with the opportunity apparently before him of becoming a very fine center. And surely no one with John Berry and Mike Bucha behind him, can afford ever to be anything but at his best.

Captain Jimmy Oxford

CAPTAIN OF Florida's 1938 "Fighting Gators" is Jimmy Oxford, who some close students of football believe can be the outstanding center in Southern football... and that he will lead a Gator eleven this fall that will be tough to handle on anyone's gridiron.

6-4 Victory Over Leesburg Advance Senators To Third

G-Men Split Double Bill With Azaleas; Saints Down Islets

The Orlando Senators defeated the league leading Leesburg Gendollers 6 to 4 last night to advance into third place in the league's standings while the Gainesville G-Men split a double bill with the Palatka Azaleas and the St. Augustine Saints took a decision from the Daytona Beach Islanders by a 4 to 1 margin.

Staging a first inning scoring spree off the two walks given up by Hardee before he was yanked in favor of Travis, the Senators pushed across four runs and added two more in the second to take a lead that was never tilted by the hard fighting Gons who pushed across one run in each the fourth fifth, sixth and seventh innings. Hardee gave up six hits while Overstreet permitted the visitors seven.

In Gainesville, the Azaleas copped the afternoon affair from the second place side by a score of 6 to 4 but the G-Men came back in the nightcap to nose out the Palatka crew three to two.

At Daytona Beach, Carl Weigel led the Islets down with six scattered hits and drove in two runs himself to lead the Saints to a 4 to 1 victory over the coastal city outfit. The Saints trumped on the nine hit hurling of Pete Kamp in the fourth to drive in three runs which with the one run pushed across in the second gave the Ancient City crew the winning margin. The Islets took an early lead by pushing across their first and only run in the first inning but failed to rally after the visitors spree in the fourth.

"B" Squad Drills To Be Emphasized By Local Mentor

McLucas States Fed Eleven To Begin Training Sept. 6

With the opening practice of the football season just a couple of weeks away—Sept. 6 to be exact, Head Coach Leonard L. McLucas has announced that a great deal of emphasis will be placed upon training a "B" squad this fall.

The "B" squad will in all probability have an attractive schedule of several games. However, as yet no games have been definitely lined-up, it was pointed out.

Coach McLucas urged all sophomores and freshmen to come out for the "B" squad, declaring that every man who comes out will be thoroughly tried. He also pointed out his intention of providing uniforms for every man on the second squad.

It is Coach McLucas' intention to use mainly juniors and seniors on the varsity squad with perhaps two or three promising sophomores. In the main, though, the freshmen and sophomores will be trained on the "B" squad.

Asking that all men report in A-1 condition on Sept. 6, the Seminole coach said he expected all players to be ready for intensive training of two drills daily until school opens Sept. 12.

MONKEY CATCHERS ARE AIDED BY GLAND STUDY

SINGAPORE, Aug. 23.—(AP)—Hundreds of itinerant monkey-catchers in British Malaya are getting employment through the rapid increase in gland research activities in the United States.

These catchers receive nearly 7 dollars for a good "rhinoceros," the most valuable type of animal.

Every steamer leaving Singapore for eastern ports in the United States is carrying several crates of fat, healthy monkeys.

LOUISIANA, Mo. — (AP) — A 75-year-old retired butcher, J. C. Sparks of New Castle, Colo., was awarded the grand sweepstakes prize at the National Fruit Show here, for discovery of a new red and gold peach variety.

Australian Natives Get Special Court

MARBLE BAR, West Australia, Aug. 23.—(AP)—A court of native affairs—established as an experiment in dealing with native crimes—gave its first decision recently.

It sentenced "Smiler," an aged native, to two years banishment from his tribe for killing a fellow tribesman.

The court is composed of a special magistrate, a superintendent of native hospitals, a Crown law representative, the professor of native affairs, and "Sambo," headman of "Smiler's" tribe.

Indignant Wives May Picket Their Husband

CALCUTTA, Aug. 23.—(AP)—A number of women of South India, in the Punjab, have decided that one wife is enough for their husbands.

They have formed themselves into a "monogamy brigade" to force their husbands not to take second wives.

Should moral persuasion fail, peaceful picketing of the "panda"—the tent where the second marriage takes place—will be resorted to.

Finally, the weapon of social boycott will be used.

LEGAL NOTICE

NOTICE OF APPLICATION FOR TAX DEED

NOTICE IS HEREBY GIVEN, That H. W. KAY, holder of 1-11th Tax Certificate No. 1273, issued the 5th day of August, A. D. 1937, has filed same in my office and has made application for a tax deed to be issued thereon. Hospital Cost Cannot Be More Than \$127,000

\$95,000 Is Listed As Cost Of Building; Nurses Home To Be Built For \$6,500 \$68,850 Will Be County's Share

Voters To Decide On Bond Issue For Institution Sept. 27

The application in the Public Works Administration for funds with which to construct a County-owned hospital provides for an expenditure of an amount not to exceed \$127,000 for constructing and equipping the proposed three-story, fireproof institution, according to figures listed on a copy of the project application.

Construction of the brick building was estimated by Architect Elton J. Moughton at \$95,000 while the estimated cost of the nurses home to be built in connection with the institution is \$6,500. The cost of walkways and drives approaching the main building was listed at \$2,900 while the balance of the funds would be taken up by engineers and architect fees, liability insurance, performance bond, the cost of selling the bonds, project and other incidentals.

Mr. Moughton, who drew up the plans and specifications for the project stated that these estimates had been set high enough to care for any fluctuation in the price of materials, which is in accordance with the requirements of the P.W.A.

The hospital committee which has been appointed to expedite the project, pointed out that when contracts are let for construction of the building the cost is estimated at \$127,000.

Frank Hawks And Companion Die In Airplane Accident

EAST AURORA, N. Y., Aug. 24. (AP) Commander Frank Hawks and a civilian companion, J. Hazard Campbell of East Aurora, were killed last night in a flaming plane crash less than a year after Hawks gave up the speed flying which made him famous and took up "safety and comfort" flying.

The tiny Grinn Aircar they were flying smashed into a high tension wire and fell to the earth in flames.

Horrified farmers in the area pulled the two men from their burning craft but Hawks died a few hours later in a Buffalo hospital. The aircraft burst to a mass of twisted wreckage.

A fire extinguisher in the plane exploded, adding to the danger of those seeking to aid the two men.

"Hawks and his companion were" taking off from the polo field on the E. H. Rogers estate, J. M. Grinn, president of the Grinn Aircar corporation, said. "Hawks was demonstrating the craft to Campbell. Wind conditions were against them. They had to take off the long way of the field and apparently they were up in the air before they saw the wire and it was too late to avoid them."

The stubby biplane with its three landing wheels and similarity to an automobile in operation was designed for safety and simplicity in operation. Hawks was a vice president in the Aircar company.

M. E. Carlin, a transport pilot who flew from New York with Hawks yesterday, said Hawks had given up all speed flying about a year ago and had been concentrating on "safety and comfort" flying.

PARK PROJECT

WASHINGTON. (AP) — The National Park Service yesterday called a meeting at Harrogate, Tenn., Aug. 23 to consider creation of a national historical park monument or historic site at Cumberland Gap, pass thru the Appalachians in three days made famous by Daniel Boone.

EYSTON MAKES 347.155 MPH IN HUGE AUTO

Capt. George E. Eyston drove his Thunderbolt with lightning speed for the measure mile on the salt flats of Utah today to set the present record of 347.155 mph. The speed was recorded on the return lap of a 1.31-mile race. The British speedster of a new record. The 24-cylinder metal monster before he set the present record of 311.42 mph on the salt flats last year.

Kiwanis Club Is Host To Officers Of Local Guard

The Kiwanis Club was host to day at its regular weekly luncheon at the Valdez Hotel to several officers of the local national guards and heard a description of the recent maneuvers held in Mississippi.

Major George A. DeCottes spoke briefly and introduced the officers. Those present were Capt. D. G. Scott, Lieut. W. D. Hofmann, Lieut. W. Rung, Lieut. Karl Nordgren, Lieut. Peter Schirmer.

Major DeCottes declared that the maneuvers in Mississippi were the largest ever designed by the War Department, all state units to the contrary notwithstanding. He said that when during the World War there was never such a concentration of men for the purpose of conducting maneuvers.

There were, he asserted, five and one-half divisions in the field, which in war time would amount to approximately 175,000 or 200,000 men, but in peacetime strength the divisions totaled 29,000 or 30,000 men. He pointed out that it took about two and one-half years to prepare for these maneuvers and cost about \$1,500,000.

Capt. Scott explained the duties of the medical detachment, calling especial attention to the methods of keeping fit the thousands of men. He explained the way water was pumped into two huge canvas tanks and chlorinated to make it safe for drinking and cooking purposes.

There was not enough water for the soldiers to take baths of most of them "just didn't," he added.

Lieut. Rung explained the tactical maneuvers of the two armies engaged in the mock warfare pointing out that there were two forces the Brown force which was the attacking body and the Blue which was the defending.

There were about 18,000 men in the Brown force and about 9,000 in the Blue. They were situated along a 15-mile fighting front and, Lieut. Rung said, they took part in all the maneuvers such as would be encountered in actual warfare such as marching, retreating, forced marches, sleeping on the ground in the open, crossing rivers, and many other things.

Lieut. Hofmann spoke at length upon the communication system, declaring that without adequate communication systems nothing would have been completed on time. He lauded the system highly and those who took part in it.

Lieut. Nordgren brought the meeting to a close, relating some of the humorous incidents encountered by the huge massing of men, incidents which were not so funny at the time but which later called forth a great deal of amusement.

UNFRIENDLY ROBBERY

BALTIMORE. (AP) — Leroy Baker, a phone player down on his luck, was sentenced yesterday to five years in state's prison for robbing a man who befriended him by buying him three bowls of soup and telling him where he could get a part-time job. Henry Baynes, a florist, testified Baker returned after he had helped him and robbed him of his watch and a suit of clothes.

60 - Member Total Reached By Seminole Citrus Group

At an enthusiastic gathering of the Seminole County Citrus Growers Association Tuesday night at the Lake Mary Community House it was announced that 60 members of the group had been added to the total of 150 members since the meeting last week at Longwood.

In spite of a steady rain, 35 members of the recently formed organization met to discuss in detail the purpose of the organization and methods for carrying them out.

James McClelland, former sheriff who is a member of the group, pointed out that many growers hadn't joined the organization because they believed they had to ship their fruit through it. The group agreed to inform growers throughout the county that such was not the case. Members of the organization have the privilege of shipping when and where they please.

Seminole Fern Industry Will Be Publicized At Florist Convention

Delegates at the National Florist Convention in Portland, Ore. in September will receive first hand information regarding Seminole County's important industry, according to the Seminole County Chamber of Commerce, which today announced that an attractive fern diorama will be on display in convention headquarters through arrangements made by Hubbard Casselberry, president of the Winter Park Floreries at Fern Park.

The diorama was made by Byron Stephens, local commercial artist who is now affiliated with Florida National Exhibits. This display is owned by Benjamin F. Hames, fern and citrus grower of Almont, Spring.

It has been made available to the Chamber of Commerce for exhibit purposes for a number of years.

Soldiers Are Treated For Food Poisoning

MOBILE, Ala., Aug. 24. (AP) — Physicians at the United States Marine Hospital here treated 65 members of the seventh field artillery from Fort Bragg, N. C., for what was diagnosed as food poisoning.

Doctors said only a few of the men were seriously ill and all but three or four were expected to be able to leave the hospital soon.

The soldiers were enroute home from Camp Shelby, Miss., where they attended recent army maneuvers.

Cause of the poisoning had not been determined, but members of the company said they all ate sandwiches, salad and beans at noon and became ill soon afterwards.

Nurses' Home Named For Cary D. Landis

TALLAHASSEE, Aug. 24. (AP) — The cabinet voted yesterday to name the new nurses' home at the State Hospital in Chattahoochee in memory of the late Attorney General Cary D. Landis. The members ordered plates bearing the name "Landis Hall" to be placed on the new structure.

The attorney general died in office last May 16.

TOBACCO RECORD

ATLANTA, Ga., (AP) — Bright leaf tobacco auctions this year brought an all-time high income of \$19,388,212.19, to South Georgia growers, the State Department of Agriculture reported yesterday.

Family Reports Gov. Cone Has Held His Gains

Gillis Will Not Assume Duties Unless Asked By Executive

JACKSONVILLE, Aug. 24. (AP) — Family and friends here today reported that Gov. Cone had held his gains in the recent election.

Mr. Cone's victory was reported by family members here today. The governor's victory was reported by family members here today.

Eyston Drives 347.155 mph On Utah's Salt Flats

BUENAVISTA, SALT FLATS, Utah, Aug. 24. (AP) — Capt. George E. Eyston drove his big automobile through the measured mile at 347.155 miles per hour, the fastest time ever attained by a man on land, but failure of the electric eye timing device on the return journey robbed him of a new record.

The apparatus, which functioned smoothly on the first run, failed to register on the second lap as Eyston roared into the measured mile in an effort to better his mark of 311.42 MPH he established here last year.

City News Briefs

Certified relief clients were requested today to bring their certification cards and containers to the community distribution room on Palmto Avenue for their second allotment of potatoes.

A permit has been granted Irvin Gleicher to make repairs to a structure facing Tenth Street between Sanford and Palmto Avenues at an estimated cost of \$500.

Members of the Antlers will discuss the joint meeting with the New Smyrna group held on Aug. 5 at the regular meeting in the Elk's Hall tonight at 8:00 o'clock, officials announced. A full attendance of members was urged.

Graft Charges Against Hines Are Continued

Weinberg Testifies He Told Tammany Head \$3,000 For Dodge's Election Campaign

NEW YORK, Aug. 24. (AP) — George Weinberg, a former Tammany leader, today testified that he had told Tammany head Charles E. McGreevey \$3,000 for the election campaign of William Dodge, a Tammany candidate for the New York State Assembly.

Weinberg, under the scrutiny of the grand jury, testified that he had told McGreevey \$3,000 for the election campaign of William Dodge, a Tammany candidate for the New York State Assembly.

Weinberg testified that he had told McGreevey \$3,000 for the election campaign of William Dodge, a Tammany candidate for the New York State Assembly.
