

Come to Church Every Week

Dear Abby:

DEAR ABBY: Please save my sanity and spirit. Your opinion of the new dad parents are going along with to show their teenagers that they trust them. It seems that kids are talking their parents into inviting their "steadie"

DEAR MOTHER: I would say so, too. It's unfair to generalize, but very few teenagers can resist the inevitable temptations of excessive "togetherness."

DEAR ABBY: Why is it that when some people ask an organist to play at a wedding they think they are giving him a big hand-

my husband's business acquaintances were there, including his attorney and his wife, etc. Our daughter received gifts from everyone except one well-to-do couple who attended the wedding, dinner and reception. They are lovely people and we know they would never come to the wedding without having sent her a gift. Yet no gift was received from them. We feel they may have sent a gift and it went astray. Or perhaps they intended to send one and it hasn't arrived yet. How long should we wait before asking them what happened to their gift?

DEAR ABBY: I find myself in an awkward position. I would like to wear a suit to a luncheon at our local Country Club in August. I am 35, do not go out much and have no style. Change Of Heart

The removal of Gregor Mendel from the Kremlin's ideological blacklist is only one more sign that Nikita Khrushchev is loosening the reins that he has placed on the Russian people...

Though Mendel, the quiet Austrian monk who formulated the basic laws of heredity, had nothing to do with politics, Russian scientists in the past suffered death or exile for championing his "bourgeois" discoveries.

Prof. Albert Parry, chairman of Colgate University's Department of Russian Studies, reports that dialectical materialism is going through rough times in the Soviet Union under the impact of Western ideas that are flowing in by a number of channels—movies, radio, publications of all types, personal contact with fore-

WASHINGTON (NSA) — It remains to be seen whether Bill D. Moyers as White House press secretary will greatly help the press relation of President Johnson...

While House leaders confirm that Washington press staff is being reorganized, Moyers' appointment was a consolation prize for the President to upgrade the press job...

One of the President's old friends is nevertheless skeptical over Moyers' chances of altering materially the general news coverage...

It has been this way for at least 20 years. His press relations never have been good, and they never will be.

Panch Easy Winner In New York Race

WATKINS GLEN, N. Y. (UPI) — Marvin Panch of Daytona Beach today led the second grand national win of the NASCAR southern tour. Panch piloted a 1965 Ford to an easy victory Sunday in the 150-mile Glen Grand National in record speed. Mele Expecting Call From His Old Manager

MINNEAPOLIS — ST. MELE (UPI) — Sam Mele was expecting a telephone call today, but the conversation was not expected to be a social one. Mele, skipper of the Minnesota Twins, was faced with a suspension after a run-in with umpire Bill Valentine in Sunday's doubleheader with the Los Angeles Angels. American League President Joe Cronin was in the stands and witnessed the incident. Cronin, who was plotting the Boston Red Sox in 1947 when Mele broke in, said he would get the umpire's report today and make a ruling. Mele was ejected from the top half of the sixth inning, at the first game after Valentine called Jim Fregosi of the Angels out of play on a slow roller to shortstop. Twins' second baseman Rich Rollins stepped over to protest and Valentine told Rollins to get back to his position. At this point, Mele bolted from the dugout and after a heated verbal argument, he and Valentine began bumping chests. The Twins bench erupted and Mele, with right fist cocked, was restrained by plate umpire John Rice.

Long Time Between Shutouts For McCormick

By George C. Langford. United Press International. Four years ago a shutout was not expected for Mike McCormick. Today, it is a truism. At the age of 25, McCormick, a 285,000-pound pitcher for the Giants, already had pitched a total of 83 major league victories and was being mentioned in the same breath with other great leaguers such as Eddie Plank, Warren Spahn and Lefty Grove. McCormick was shut out for the first time in 11 innings. Cincinnati whipped Pittsburgh 8-4 after losing to the Pirates 6-5 in the sixth. Manager Sam Rice of the Twins, outraged by umpire's call, was involved in a shouting and fist swinging episode with umpire Bill Valentine and was ejected from the first game. Mele lunged at Valentine in the fifth inning and had to be restrained by plate ump John Rice. Fred Newman, stationed seven hits to win his 10th for the Angels in the opener, was ejected from the game. Paving Problem Up For Consideration

Seminole County Commissioners are expected to again take up the problem of what to do about the unimproved streets in St. Johns River Estates when they meet Tuesday. During the commission meeting last Tuesday, J. Davis Jr., attorney for residents of the area, said developers had failed to perform in the paving of streets, according to an agreement with the county and a performance bond in existence and they want the best street that can be built. Davis challenged the board that it take up the responsibility to take care of the unimproved streets in St. Johns River Estates when they meet Tuesday. During the commission meeting last Tuesday, J.
